## DR. FINLEY KILLED IN AUTO WRECK

While Running At High Rate of Speed Wheel Snaps Off Turning Auto Over.

Dr. Bill Finley and L. E. Spring left Menard last Friday on a trip to Balmorhea, Sierra Blanco, and some springs near the latter place. They were accompanied by Bob Motley, chauffeur and car repairer, and Tony, a negro cook, coming via Sonora and Fort Stockton. They intended to take the road between Pecos and Fort Stockton that goes to Saragosa and Balmorhea, where they expected to stop a few days to visit and hunt with Bill Kingston and other friends before going on. They missed the road, as it was dim, and so came on to Pecos and passed without stopping.

Dr. Finley and Mr. Spring had nearly reached the school house grounds, and the Rev. Moore, driving an auto in which were Mrs. Moore, Mrs. Lloyd, and Mrs. Irby Dyer and baby, who had been visiting at the Pecos Sanitarium was coming North on Alamo street, and had just turned into Fourth street when the doctor's car was seen coming west on the main street at a high rate of speed; somewhat on the left side of the street, so Mr. Moore stopped close to the right side of the street. Apparently the doctor, who was driving, did not see them until nearly on top of them, and gave a quick turn, missing them about five feet, as they passed the tire on the left front wheel of the doctor's car had a blow-out, and Dr. Moore turned his head in an effort to see the car in the air at the act of turning over. The strain of the sudden stop and the tire giving way, caused the axle on the right side to snap in two, the wheel flying off and running up the road about 50 yards, and the car running into the ground, and the car completely over, and the doctor himself, facing east. The doctor was partly under the car, but was quickly released to the Pecos Sanitarium, where he lived only a short time. His bones were broken, he was injured internally. The doctor was badly wrecked.

Mr. Spring was badly bruised and scratched up, but no bones were broken. The main injury being to his right foot and arm. He is resting comfortably at the sanitarium, and will soon be able to be moved.

Rev. Moore stopped his car on perceiving the accident and he and Mrs. Moore went to the wrecked car and did what they could to help the injured men. The remains of Dr. Finley were taken charge of by J. E. Wells, the Pecos Mercantile Co.'s undertaker, who prepared them for shipment to Menard, where he was laid to rest by the side of his wife who but recently preceded him to the great beyond.

Surviving him are three daughters, aged 18, 14, and 12 years, besides other relatives. Mrs. S. Johnson, a sister from Sierra Blanco, and a nephew, A. Loyd, from the same place, and a brother, Joel Finley, of El Paso, were here and accompanied the remains, which were shipped Tuesday morning to Menard.

As far as we can learn by inquiry the real cause of the accident was the high rate of speed at which they sought to make the turn. Those who saw the car say that it was running close to 30 or 35 miles an hour, and several auto men with whom we talked said a car could not make the turn-over this one did unless going at high speed.

An accident of this kind is greatly to be regretted at any and all times and it is a wonder to us that more accidents do not happen on that street and also on Third street, for drivers are inclined, after they cross Plum street to open up and let their cars speed, and as it is close to the schoolhouse the danger is greater on account of the little children.

The Times joins in extending sympathy to the bereaved relatives, and trust that drivers of cars will hold down their speed until well out of town in future.

### Our First Real Norther Arrives—Reaches 16 Above.

The first norther of the winter reached Pecos last week, and lasted practically an entire week. A heavy frost fell Wednesday night and played havoc with some late vegetables and flowers, and on the following night a hard freeze finished things generally.

It remained cold all of the time and on Tuesday and Wednesday nights got down business proper, forming ice fully one-quarter of an inch in thickness, and the thermometer is reported as reaching a low as 16 degrees above zero.

It is slightly warmer now, and the chances are that we will have some more nice fall weather. We certainly trust so.

Howard Collier purchased a new Overland 4 this week from H. N. McKellar, who delivered it Wednesday. It is certainly a nice looking car.

## INTEREST IN THE MEETING AT THE TABERNACLE STILL ON THE INCREASE

Splendid Crowds at Each Service in Spite of Cold Weather—Lockett Adair at His Best the Last Few Evenings.—Many Are Being Saved, Others Being Reclaimed

The interest in the Lockett Adair meeting is still on the increase, nor did the recent intense cold snap break into it in the way of attendance, this, no doubt, being due to the systematic heating of the building during the day. The main factor, however, is the intense interest that is being manifested by our people, who are using every effort to bring about the conversion of their friends and loved ones, with the result that many are being saved and many reclaimed for God.

Scarcely a service but what there is from two to a dozen being brought to a realization of their lost condition.

It may be of interest to our readers to know something of the good men and women who are assisting Bro. Adair in the good work, so we give a short sketch of each:

GEORGE WOOD.

George W. Wood is assistant evangelist and has had a wide experience in Gospel Team Work in the North and East, as a layman, before joining the Adair party. For several years he was prominently identified with the politics of Oklahoma while that state was a territory, and after admittance to the Union, having been a member of the Constitutional Convention, and has held positions of great importance.

He assists in all the regular preaching services, thus taking much of the strain off Brother Adair. He has charge of the men's prayer meetings, and, by his earnest, Christian work has done much toward making the meetings, wherever held, the great success they have been.

HEBERT WALL.

Herbert Wall, musical director, is a Texas product, his home being in Temple. Prof. Wall is a young man of splendid musical ability, possessing a fine, natural baritone voice

that has been trained and developed under some of the best instructors in the country. He has studied with Oscar Seagle, of New York and Larius Kreidler, of Chicago, who are both leading baritones of America.

Prof. Wall sings the most difficult Grand Opera roles, but prefers gospel work because he feels that he can accomplish greater good in the service of the Master in his present position. He is one of the best gospel singers and directors on the American platform today, a valuable addition to any evangelistic party. He also has charge of the children's work, which he seems to enjoy immensely, every ounce of his two hundred and ten pounds is a bundle of energy and pep. To see him in action is to smile, and then sit up and take notice, and begin to love yourself and others. He has the happiest knack of managing children. He had not been here but a few days when he had about two hundred at his 4:00 p. m. meeting for the children and every child was calling him "Uncle Buck," and following him around like he was their big brother. He believes the Bible, talks the Bible and laughs the Bible. You can hear that peculiar laugh of his two blocks, and at once you begin to smile and look pleasant, for he is filled with the spirit of God, and has been from the age of six.

When he was converted and joined the church it was a very splendid argument in favor of children becoming Christians, and spending their lives for God rather than sowing "wild oats," that must be reaped.

MR. AND MRS. CHILDS.

Mr. and Mrs. Childs, who have charge of the tabernacle, are experienced gospel workers and leaders. They know the Book, are filled with the Holy Spirit, and will doubtless be instruments used of God to win many to Christ.

Joel McGregor, soloist, and secretary to the evangelist, is a young man with a pleasing personality. He has a fine tenor voice of unusual sweetness and quality. As a gospel soloist, he is considered by those competent to judge, to be the peer of any gospel singer in the country. His solos at the tabernacle never fail to thrill his audience.

Another member of the party, that has by his quiet and unassuming manner won a place in their hearts is Col. J. C. Dudley, who has delighted the children with his character sketches. His most important work, however, has perhaps been with the district and the union prayer meetings, where he has been a real inspiration.

## NEW OFFICERS ARE SWORN IN

Bonds of Nearly All Newly Elected Officers Presented And Are Sworn In.

The newly elected officers of the county were duly sworn in at the court house Monday. They only exception being the sheriff, and surveyor, whose bonds were not quite ready and Sid Kyle, commissioner, who was absent.

At the last meeting of the old board of commissioners, a recapitulation of the different funds was compiled, and this will appear in the next issue of The Times.

The personnel of the new officers is well known to our people, so it is needless to name them, but we will take this opportunity of congratulating all of them and trust that they will manage the affairs of our county in a way that will be a credit both to the county and to themselves and to the satisfaction of those who showed confidence in them by their ballot.

### Appointed D. D. G. M. Of the Eighty-Third Dist.

E. L. Collings has just recently received his appointment as District Deputy Grand Master for the 83rd District, A. F. & A. M., and has duly qualified for same.

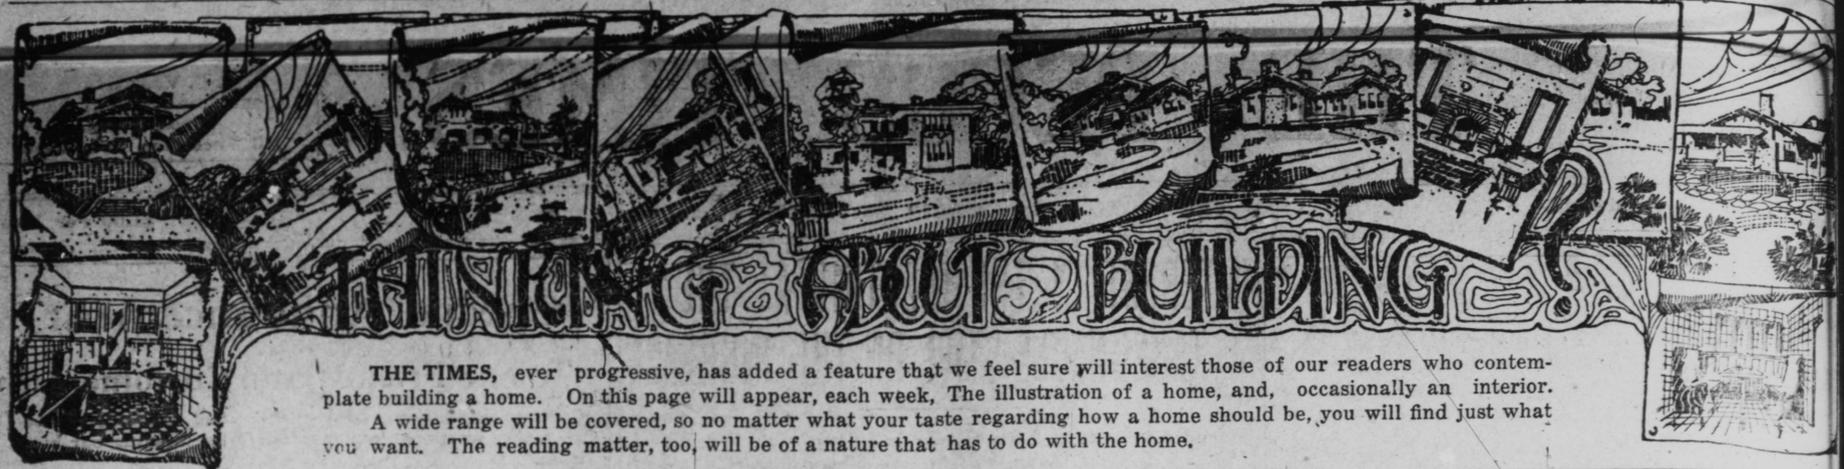

He made his first visit of inspection to the lodge at Monahans last Friday night, and he found them in splendid condition in every respect.

Mr. Collings is well versed in Masonry and will make visits to other lodges as soon as possible. We predict that he will have a fine report to turn into the Grand Lodge at the close of the year.

took seats reserved, and before the service gave several yells, singling each member of the Adair party for special honors. The spirit must have caught hold of the evangelist, for he delivered one of his best sermons that night, at the close of which several members of the student body, partly influenced by the sermon, partly by the pleadings of their Christian teachers, gave their hearts to God. Pecos should be proud of the corps of teachers employed in its schools.

Up to and including Thursday night there have been 60 conversions and 15 reclamations. May the Lord continue to give his blessings on these meetings until all are brought to Him.

The Ladies Will Serve Turker Dinner Tomorrow---Benefit of Your Children---Come!

THE TIMES, ever progressive, has added a feature that we feel sure will interest those of our readers who contemplate building a home. On this page will appear, each week, The illustration of a home, and, occasionally an interior. A wide range will be covered, so no matter what your taste regarding how a home should be, you will find just what you want. The reading matter, too, will be of a nature that has to do with the home.

**Modern Homes Create and Maintain Civic Pride.**

Modern home building is an incentive to civic pride. The success of any civic attractiveness movement depends upon the co-operation of the people as a whole.

Noticeable has been the lack of interest displayed by those whose homes were unattractive and antiquated, just as noticeable has been the change displayed when one built a new modern home. It was the building of that home which created the desire to have the whole town look like the surroundings of their homes.

In former days no attention was paid to making the low or medium priced homes attractive and harmonious. Only the very rich was privileged to have homes. All of the rest existed in mere houses—four walls with a roof. There was no intermediate between palace and hovel.

With the advent of the cozy bungalow and the attractive 2-

**ECONOMICAL TWO-STORY HOUSE.**

This house will appeal to a man who wants to build a two-story house economically, lumber cuts to even sizes and is all carried in stock.

Balcony in rear of second floor affords airing space for bedding which is very essential for two-story houses. Two bed rooms upstairs, both having in them large closets. Well lighted sewing room well protected from sun by projecting gable.

Living and dining rooms in beam ceiling. Living-room has built-in window seat in alcove and wide colonade opening leads into dining room which has a commodious built-in buffet. Bath room easily accessible from first floor bed room. Built-in cupboards and sink make kitchen work a great deal handier. Screen porch adjoining kitchen gives convenient access to back yard.

story homes the minds of the masses naturally turned to the beautifying of their own surroundings. When this was accomplished the contrast between their domain and the streets, public square, and the grounds of the Court House, City Hall, etc., were so great that they took it upon themselves to make the whole town look like a park. Thus modern home building has accomplished a miracle in a few very short years.

The illustration herewith is a true portrayal of a modern story and a half bungalow. Attractive, distinctive and a retention in interior arrangement, yet medium priced and within the reach of the home builder. It would do credit to any of the streets in your city. It represents the dawn of a new era in home building. It's contrast to the average home is so great that one decision could not fail to be "Let's build a modern home and enjoy comfort and convenience together with the beauty."

**DON'T WAIT.**

Take Advantage of a Pecos Citizen's Words.

When the back begins to ache, Don't wait until backache becomes chronic;

'Till Kidney troubles develop; 'Till urinary troubles destroy night's rest.

Profit by a Pecos citizen's advice.

John F. Grogan, Oak St., Pecos, says: "One of the family suffered for a long time with kidney weakness. The kidney secretions passed too frequently and often could not be controlled. There was also a lot of complaint from a weak and sore back. I had heard so much about Doan's Kidney Pills that I got a box at the Pecos Drug Co. The first box seemed to help and continued use made a cure. There has not been any complaint for quite a long time. I can sincerely advise anyone to get Doan's Kidney Pills for weak kidneys.

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Grogan recommends. Foster-Milburn Co., Props. Buffalo N.Y.

"My son Edwin is subject to croup," writes Mrs. E. O. Irwin, New Kensington, Pa. "I put in many sleepless hours at nights before I learned of Chamberlain's Cough Remedy. Mothers need not fear this disease if they keep a bottle of Chamberlain's Cough Remedy in the house and use it as directed. It always gave my boy relief." Obtainable everywhere.—Advt.

Jewis students in the University of Texas, through the University Menorah Society, are attempting to raise a loan fund for the purpose of assisting worthy students of Jewish parentage through the University.

At the first meeting of the society this year, Prof. H. E. Ettlinger outlined the plans for interesting prominent Jews of the State in the loan scheme.

The Menorah Society which has the plan in charge is composed of about fifty Jewish students and a few others who are interested in the aim of the society to "encourage the study of Jewish History, ideals and spirit."

**Men Feel Tired, Too.**

While much has been said about tired women it must be remembered that men also pay the penalty of overwork. **Texas To Have the Prohibition Referendum**

The proposition to submit a constitutional amendment for state-wide prohibition received a favorable majority of 1784 votes in the Texas primaries. About seven-eighths of the entire area of the state is already dry, and about three-fourths of the population live in dry territory. The question was submitted once before—in 1911—and it was found that the white vote was largely in favor of prohibition.

**EVER SALIVATED BY CALOMEL? HORRIBLE!**

Calomel is quicksilver and acts like dynamite on your liver.

Calomel loses you a day! You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashes into sour bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

When you feel bilious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel just remember that your druggist sells for 50 cents a large bottle of Dodson's Liver Tonic which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without stirring you up inside, and can not salivate.

Statistics made on the Educational survey of Travis county have just been compiled by E. E. Davis of the University Department of Extension, and will soon be ready for distribution in bulletin form.

The results of this survey are considered to be very important in view of the scarcity of such material. The gathering of statistics is very costly and requires the services of specialists.

Questions of attendance, expenditures, and general school interest in the rural schools of Texas are sought to be answered by actual figures. To what extent farm tenancy is responsible for the lack of progress, lax enforcement of the compulsory attendance law, and other such questions of interest to educators in Texas are also sought to be answered in the light of actual conditions.

A young girl living in Bristol Tenn., wrote to the University of Texas, stating that a friend of hers in Gerogia told her the University offered a course in Spanish by correspondence, and she wished to take the course if possible. ### An Apology Is Due The Ladies of Pecos.

In writing up the report of the raising of the balance of the bonus for the soft water proposition at the Tabernacle last week, we failed altogether to mention the part that a large number of our Pecos ladies took in helping when it came to the last trial.

They responded in splendid shape and if we are not mistaken, subscribed nearly one-fourth of the amount.

There is not a town in any man's country where the ladies are as ready to help in every good cause as they are in Pecos. In numberless instances they have gotten out and taken the lead.

We gladly, humbly, beg pardon of them for the omission and will in the future watch things closer and not miss giving them what is due to their efforts.

### Late Trains on T. & P. Caused By Wrecks and Fires

Nearly all trains on the T. & P. have been very late for the past several days, caused by a freight wreck near Fort Hancock and a freight and passenger wreck near Mingus, and a baggage car burning at Abilene.

The day trains have been arriving at night and the night trains in the day time. They have been very fortunate in one respect, and that is that no persons have been seriously injured or killed.

C. L. Ness, of Saragosa, arrived Wednesday morning on No. 1, and was in the passenger wreck. He informed us that he was in one of the sleepers that left the track, that his car was first thrown on one side then upon the other and then righted itself, but that a person in the car was injured, only one man had a knee very slightly scratched. His only complaint was that his "somfort" was lost or destroyed.

### Was Here Looking After The Purchase of Land.

George Gurlach of Woodward, Okla., was here Tuesday, looking over some land in the Toyah Valley which he wishes to purchase. He is in company with E. L. Collings autoed out to the Herrington lands and Mr. Gurlach was much pleased with it, and will probably finish a deal for it. He was astonished to see the amount of improvements down in that section of the country as well as the large acreage of lands in cultivation.

### Wedding—Lowe-Ramsey.

Mr. Charley Lowe and Miss Katie Ramsey of Imperial, drove up to the Methodist parsonage Tuesday afternoon and were united in marriage by Rev. J. H. Walker.

They left Wednesday morning in the Ford touring car, to take a bridal trip to points in Arizona.

The Times joins their many friends in extending congratulations and wish them a long, happy prosperous journey thru life.

### The Youth's Companion Calendar for 1917.

The publishers of Youth's Companion are presenting, as always at this season, to every subscriber whose subscription is paid for 1917, a Calendar for the new year. It is decidedly unusual, and strikingly artistic. The colors are well-chosen and richly blended. It was made primarily, however, for actual use, and is well named the Practical Home Calendar.

Call at The Times office and see a sample of the Calendar, and leave your subscription for The Times and The Companion.

### PECOS SCHOOL NOTES.

Last Saturday the Pecos High School football team visited Big Springs and played an exciting game with the Big Springs team the result being 103 to 0, in favor of the Big Springs squad. Owing to the lack of a sufficient number of boys for a first and second team, the defeat of the High School warriors may be attributed largely to bad team work, but this deficiency may be remedied. Did we say defeated? Our team was beaten, but not defeated.

The enthusiastic members of the High School celebrated a High School Night at the Tabernacle, Tuesday night. They met at the Christian church at seven o'clock and marched in gay, color-decked procession to the Tabernacle which was tastefully decorated with the colors of the different classes. Here they seated themselves, each class by itself, and before the service yells were given by all, some in honor of the High School and others applying to members of the evangelistic party.

The seventh grade also joined in the celebration, giving a yell to the effect that "they would be High School, too." Bro. Adair preached a splendid sermon on "American Manhood and Womanhood," which touched the hearts of all present and several High School students gave their hearts to God.

The Parents-Teachers Association will give a turkey dinner on Turkey Day, in the old Mathis Building, and many of the school girls have promised to contribute cakes or pies to the association. Let us hope that our first High School Bake Day will be a success.

## Announcement

About a month ago we shortened the length of our loaf one inch and on account of the soaring prices of flour and all other supplies, we will be compelled to take off another inch.

Eggs and sugar are so high that it will be necessary for us to raise the price of cookies to 15c a dozen, or at least to a penny a piece.

On account of judicious buying, we have been able to give our customers as much for their money as any baker in the state and much more than some. We are sure you know this, and will not blame us for the rise in price.

Yours truly,

# Geo. D. Coon

## A PENNY A DAY

### IMPORTANT NOTICE!

With the exception of black ink, all raw materials used in manufacture of a newspaper have advanced in cost during the past twelve months approximately 100 per cent. This means that it will cost your publisher practically double to supply you with a newspaper the coming year.

Under stress of these unusual conditions, The Star-Telegram has been forced to increase its "Bargain Days" rate from \$2.25 to \$3.65, an increase of 40c per year (3 1-2c per month) or 12 per cent. Based on the conservative estimate increase in production cost of 100 per cent, under this price the division of added expense will be as follows:

Increased expense to The Star-Telegram ..... 68c  
Increased expense to The Reader ..... 12c

This situation means that after "Bargain Days" the regular rate of \$6.00 per year must be strictly enforced. We have battled the price to the very bottom in order to protect our Annual Subscribers. Cheap Rate Period, which has been in effect since the establishment of The Star-Telegram.

Do not take chances, save the \$2.35, by ordering before Bargain Days expire. Take advantage of the \$3.65 rate.

The high standard of The Star-Telegram will be maintained as long as there is a Star-Telegram regardless of any war burden.

### Wedding.

Mr. Robert Morrison and Miss Sarah Card were happily married at the home of the bride's parents, Mr. and Mrs. W. L. Card, at Odessa, Texas, on Saturday last.

The groom is a young man of sterling worth, holding a responsible position with the Santa Fe Ry.

The bride is a young lady of sweet and amiable disposition and already has a host of very warm friends in Pecos. Her former home was at Hermosa, where the romance had its beginning three years ago.

Mr. Morrison is to be congratulated upon winning so winsome a young lady and we bespeak for them a most happy future.

We extend our heartiest congratulation to Mr. and Mrs. Morrison, who will be at home for the present with his parents, Mr. and Mrs. J. B. Morrison.

### Pre-Nuptial Shower.

The Euterpean Club, presided as hostess, Saturday afternoon, at a very delightful miscellaneous shower, at the home of Mrs. H. H. Jones, complimentary to the season's bride-to-be, Miss Vernon McCarver.

The attractive parlors of the Jones home were beautifully decorated in the club colors of lavender and white, cut flowers of handsome white chrysanthemums and violets, the club's flower, were used in profusion. Lavender shaded candles illuminated the entire reception suite.

The guests were met on the porch by an attractive group of young ladies, who compose the "student members of the High School—Misses Warren Collings, Dorris Jones, Nell Kerr, and Ora Pruett—who relieved the guests of their packages and wraps.

Mrs. H. H. Jones in her very pleasant manner, stood at the door and presented the callers to the honoree, who looked charming in a becoming reception gown of Alice blue crepe, with silver trimmings, with a large picture hat, and accessories to match.

Next in line was the mother Mrs. C. S. McCarver, and Mrs. Cap Wilson. Mrs. Woody

Browning escorted the guests to a flower bedecked registry table, presided over by Mrs. C. B. Jordan, where one recorded her tried, true and favorite recipe, the book, when completed, was most fittingly presented to the honoree by the club's president, Mrs. J. E. Starley.

Dainty cards were then presented to each guest, with the request to write a bit of valuable advice for the bride-elect. Quite a lot of wit and humor followed, for she was compelled to answer, whether or not she would accept the advice, before it was read to her.

Then to the lovely Mendlesohn's Wedding March, Miss McCarver led the way to the dining room taking her stand under a large crepe parasol. Mrs. Jordan pulled the ribbon, showering her with enumerable lovely gifts. Mrs. Sam Means untied each gift and presented them to the honoree who, in her sweet and gracious manner, thanked each one present for their remembrances.

The Club's gift was a set of handsome silver tea spoons elaborately engraved with the monogram. There was the daintiest of lingerie, rare laces, cut glass, silverware, beautiful hand-painted china, and finest of linens among the collection.

Appropriate love ballads were played throughout the entire party on the Victrola.

The dining table was dream, its decoration being suggestive of "the bride," being spread with handsome lace, and gracing the center was the lovely bride's cake, beautifully embossed, decorated on top with a nest of violets, while hovering over it were the love doves all veiled with lavender tulle, resembling a beautiful cloud or mist. Lavender shaded candles in silver candlesticks, tied with love knots of lavender tulle, lighted the table, and from the cake in the center, lavender ribbons ran to the edge of the table, where sweet and fragrant buttonieres of violets, tied with love knots of tulle, awaited each guest, each ribbon drawing a slice of cake. Mrs. J. W. Moore cut the cake.

Gathered around this beautiful festive board Mrs. Woody Browning presented the president, Mrs. Starley, with the handsome loving cup, who toasted both the bride and groom, the cup being passed to each guest and very soon it was filled to overflowing with the dearest of wishes for this happy couple.

Mrs. Sam Means sang most beautifully "Tell Me Truly."

A very lovely two-course luncheon was faultlessly served, consisting of chicken salad on a nest of lettuce, wafers, coffee, bread and butter sandwiches tied with lavender love knots, baked apples cups filled with raisins and garnished with parsley. Ice cream, angel food cake, lavender mints. Each plate bore a corsage of violets tied with love knots of lavender tulle. Just the members of the club and Miss McCarver's most intimate friends were guests at this lovely pre-nuptial party.

At The FOUNTAIN At The CITY PHARMACY

Mr. and Mrs. Jess M. Harris At Home 3616 Bliss Street El Paso, Texas.

The above handsomely engraved cards were received by the numerous friends of the bride last week.

The announcement is not a surprise, however, as cupid has been slyly working for some time to transplant this charming young lady to a new home.

Miss Thomason, who is better known to her intimate friends at "Little Rosa," was reared in Pecos and with the exception of the past two years spent with her parents in San Antonio, where she attended and graduated from Mulholland's College, Pecos can truly claim her as its very own, and

here as elsewhere she counts her friends by the scores.

While a guest last summer, of her grandmother, Mrs. Julia Ward, and her aunt, Mrs. Bert Simpson, she was a delightful edition to the social circle of our little town, and was the recipient of numerous lovely social courtesies while here.

Knowing her as we do, we feel sure that this sweet young girl will prove a "pearl of great price" to the splendid young man who has won her.

Mr. Harris is a promising young lawyer of El Paso, in which city the romance had a beginning some two summers ago, and the happy culmination is the marriage of these young people, both members

# Talks With the Boys

By J. L. HARBOUR, IN THE VISITOR.

## The Boy Who is Friendly.

"A man that hath friends must show himself friendly." There is a truth in these lines that every boy in the country would do well to keep in mind. No one can hope to have any friends without himself having the fine quality of friendliness. I do not know of a more agreeable or a more helpful quality. One day in the spring I was visiting at the home of one of my friends who had as his guest his sister and the sister's son, a boy of about twelve. His aunt did not have any children and the boy was a stranger in the town, and he had no one to play with. When he asked a question that any boy naturally would have asked: "What shall I do?" His aunt thought for a moment and then she said, "I know what I will do. I will telephone for Earle Robbins to come over and play with you. He is one of the most friendliest boys in the world, and I know he will come right over if he has nothing else to do."

I had never seen Earle Robbins, but I knew that I would like him as soon as I heard my hostess say that he was one of the most "friendliest of boys." I have always noticed that a great many other qualities go with the boy who is friendly. I have never known a genuinely friendly boy who was not kind of heart, with a certain frankness one likes to see in a boy. I never knew a friendly boy who had any of the qualities of a sneak. I have never seen a boy who is friendly lapse into moods of ill nature. I think that the friendly boy is always on the whole, a very good sort of a boy.

I think that you will discover that the really friendly boy always has a certain desire to be helpful in the world, and that he finds a real pleasure in making others happy. He is free from selfishness and he is always willing to go even more than halfway in making his friends. Some people go thru life without friends because of the fact that they hold themselves aloof from others and make no attempt to be agreeable and friendly. Under no circumstances will they make the first advances, and they are more or less reserved when others try to make friends with them.

I do not know of any position in life in which it is not desirable to have friends. It is particularly desirable to have, to a large degree, a ca-

capacity for friendliness when one enters the world of business and must meet a good many people and secure their good will.

A few years ago a young man in the neighborhood in which I lived opened a place of business. It was a locality in which there was no store of the kind he had opened and I feel sure that he would have succeeded had he not lacked the capacity of friendliness. In his manner he was always cold and when customers entered the store his manner was almost as if he were saying mentally: "Well, what do you want here. Get what you want and clear out!"

He lacked a very valuable business asset because of his total lack of the quality of friendliness. Sham is always a disagreeable thing no matter where or when it is found, but a sham friendliness is more agreeable than downright cold unfriendliness. One day recently I was on a train and in front of me sat a man who gave one the impression that he was a farmer. The car became crowded, and at one station a very elegantly dressed and pompous-looking man got on the train and sat down by the man apparently from the country because there was no other vacant seat in the car. While the train was waiting at a small junction our car stood near a great field of unusually fine corn. The man from the country turned to the elegantly dressed city gentleman by his side and said: "Mighty fine field of corn, that. It's one of the finest I've seen this year. Looks fine, doesn't it?"

No reply. Ignoring the direct snub, the man from the country said: "Corn pretty good where you come from?"

Then the other said haughtily: "I don't think that I happen to know you, do I?"

Now that was a disagreeable case of pure unfriendliness and cheap snobbishness as one ever would discover in a long journey. It was unfriendliness cropping out in a most disagreeable way. The boy who always has pleasant things to say and finds kind things to do is the boy who is sure to have many friends, and he is also sure to get a great deal more out of life than the boy who is unfriendly and who meets the kindly advances of others coldly. Of a truth, a man who would have friends must show himself friendly.

## November Weather.

Early cold snaps, storms and sleet, snow and slush, cause coughs and colds. Foley Honey and Tar acts quickly, cuts the phlegm, opens air passages allays irritation, heals inflammation and enables the sufferer to breathe easily and naturally so that sleep is not disturbed by hacking cough. For sale by Pecos Drug Co.—Adv.

This action was taken by the students in mass meeting, and their action is binding upon the Athletic Council to the extent that no tickets for grandstand seats will be sold to students or members of the University faculty.

**Took the Hurt Out of Her Back**  
Mrs. Anna Byrd, Tusculumbia Ala., writes: "I was down with my back so I could not stand up more than half the time. Foley Kidney Pills took all of the hurt out." Rheumatic pains, swollen ankles, backache, stiff joints and sleep disturbing bladder ailments indicate disordered kidneys and bladder trouble. For sale by Pecos Drug Co.—Adv.

## Presbyterian Ladies Bazaar.

The Presbyterian ladies arranged with the ladies of the Christian church to hold their bazaar on the same dates, December 8th and 9th, in order that the shoppers can save trips to town. They will have many useful as well as fancy things on sale.

## Lies for the Public Truth for the Trade.

Statements found in the liquor journals are hardly consistent with the claims put out by the liquor publicity bureaus. In their free plate matter they attempt to show that prohibition increases the consumption of alcoholic beverages. Bonfort's Wine and Spirit Circular is not of that opinion. This is what it says:

"There will naturally be apprehension in the minds of the dealers generally, until the elections are over in Michigan, South Dakota, Montana, Nebraska, California and Texas. And this apprehension will no doubt develop extreme conservatism in the matter of anticipating wants."

## Now Lookout.

When a cold hangs on as often happens, or when you have hardly gotten over one cold before you contract another look out for you are liable to contract some very serious disease. This succession of colds weakens the system and lowers the vitality so that you are much more liable to contract chronic catarrh, pneumonia or consumption. Cure your cold while you can. Chamberlain's Cough Remedy has a great reputation. It is relied upon by thousands of people and it never disappoints them. Try it. It only costs a quarter. Obtainable everywhere.—Adv.

Mr. and Mrs. Earnest Lee, and the baby, came down from Toyah Sunday afternoon for a short visit with Mrs. Lee's parents, Judge and Mrs. J. W. Wadley and family. Mr. Lee says that he is getting along splendidly up there in the barber business. Their friends in Pecos were glad to see them.

W. D. Paddock was a Pecos visitor this week and made our office a pleasant call while in. Before leaving he planked down a dollar for another year's subscription to The Times. He believes in keeping posted on the doings in this section, but could hardly do so without The Times' weekly visit. Thanks.

of prominent families in their respective towns.

We extend our heartiest congratulations to both for future prosperity and happiness.

The San Antonio Express contains the following account of the wedding:

An interesting home wedding was solemnized in the home of Mr. and Mrs. S. F. Kirksey last evening, when Jesse Martin Harris of El Paso and Miss Rosa Thomason were united in marriage, Rev. S. J. Porter of the First Baptist Church reading the ceremony. Just prior to the ceremony Miss Ruth Taylor sang "At Dawning" by Cadman, accompanied on the piano by Miss Mildred Johnston. At the conclusion of the song Miss Lula Lovelady the maid of honor, descended the stairs just in advance of the bride and groom, who entered the living room where the ceremony took place. The bride was given in marriage by her father, and was gowned in a handsome costume of ivory duchess satin, made boufant, over a deep founce of silk marse lace. The draped tunic was caught by sprays of valley lilies; the bodice was in short waist effect, the high girdle over a baby waist of silk lace, the half length sleeves fashioned of the lace.

The long court train was of satin caught at the shoulders with sprays of the orange blossoms; the veil caught to the coifure in coronet effect, was of tulle, edged with real lace, the coronet of inpearls. The bride carried a shower bouquet of orchids and lilies of the valley. High silver boots completed the costume. Miss Lula Lovelady wore a dainty frock of white maline made of white satin and wore

a corsage bouquet of pink Killarney roses. Miss Ruth Taylor was in blue silk tulle over blue taffeta, wearing pink Killarney roses, and Miss Mildred Johnston was attractive in a white silk net made boufant, over white taffeta, also wearing the pink roses.

At the conclusion of the ceremony there was an informal reception for the immediate family and the bridal party. The living room where the ceremony took place, was adorned in numbers of bride's roses and ferns, while the library was in ferns and giant yellow chrysanthemums and the dining room was in white bride's roses and numbers of ferns and palms.

The cutting of the wedding cake afforded its big share of amusement for the occasion. Mr. and Mrs. Harris left soon after for El Paso where they will make their home, Mr. Harris being a member of the El Paso bar. Mrs. Harris wore a going-away suit of dark green broadcloth trimmed in Hudson seal collar and cuffs, and carried the muff to match.

W. R. Black of Saragosa, drove his brother, W. R. Black and a cousin, A. L. Black, both of Oakhurst, Texas, into Pecos Monday to catch the train for their homes. They had a big deer hunt in the Davis mountains, and were lucky to get a couple of big bucks. W. E. is general manager of the Brazos Valley Railroad, and enjoyed the outing immensely. W. R. is one of the foremost raisers of the celebrated "Pea Green Alfalfa Hay" in the Valley, and while in Pecos called at this office and ordered a supply of business stationery. He realizes where he can always get a first-class job. "The Kind That Pleases." Thanks.

Dug Coalson, one of the best hunters in the entire west with a speciality of bears, was down from Toyah Wednesday on a business trip. He was with our friend, Jno. Howard on a recent quest for bear, and Dug vouches for the tale that he single handed, with the aid of a 35-cent barlow, dispatched a bear. If Dug says so, that all there's to be said.
