Masons Have Big Rally at Balmorhea

Saturday was a busy day in Balmorhea. On that date the people of Pecos, Barstow, Toyah and all the surrounding country gathered there to witness the public installation of the officers of the Masonic lodges of Barstow, Pecos and Toyah. The excursion over the P. V. S. was on for the early train Saturday and many went over on that train. At four o'clock in the afternoon a special left Pecos for that point loaded to the guards with people from Pecos and Barstow. When the train reached there there were awaiting at the school building the foremost ladies of the Creek country with the most delicious ice cream and cake which they served to those who desired to participate at a nominal price, the proceeds going to the repairing of the cemetery at that place.

When the rays of the hot sun began to disappear a feast of barbecued beef, bread and pickles was spread and all enjoyed one of the finest treats they had had in a long time. The bread was some of Coon's Sani-tary—the very best obtainable anywhere—and the beef was barbecued to perfection. It was well cooked, fat and tender, and the pickles were as fine as one could desire. While there was no time to spare all had as much as they could eat of everything except pickles which were soon gone although a full keg had been supplied. Some of the Toyah bunch, who were late on arrival on account of auto troubles were forced to eat from the table where it had been picked over but The Enterprise man heard no complaint from anyone. They were all filled to their hearts content.

After the feast had been disposed of the people were seated on the platform in front of the school building to witness the public installation and hear the addresses. Col. Waskom delivered the address of welcome which was in the nature of an elucidation of the good works and loyalty of the Masonic fraternity. It was a splendid address and was listened to with marked attention by the large audience present. Following this was the installation of officers, which was participated in by Judge E. C. Canon, Judge W. A. Hudson, and Mr. B. P. Van Horn of Toyah. The services were very impressive and held the attention of the crowd present.

After the installation of the officers Hon. E. R. Bryan of Midland, a Mason of high degree and standing in his lodge, made an address, the very best The Enterprise man has ever heard. Mr. Bryan took up Masonry from the start and told the people all about it, how it came about, what it means to be a builder and the objects of Masonry. It was a splendid address and every one in the large crowd enjoyed it to the fullest and loud was the praise he received. Following Judge Bryan's address Judge Isaacks,

Judge Hudson and Judge Ross made appropriate and well received addresses.

This latter closed the pleasures of the evening and the good people of Balmorhea hurried the great crowd to the station in their autos and soon they were on their way home in the special train provided for that occasion by the P. V. S.

Of course there were many candidates there to see the people and all had an opportunity to speak to those present. It was a splendid gathering of the best people of this section of the state and all was well and there was not, so far as The Enterprise learned, not a friction to mar the pleasure of any—except, possibly the friction caused by the automobiles of some of the Toyah bunch which caused them to be a little behind on the eats proposition.

The people of Balmorhea are a wholesouled, generous bunch of boosters and know how to entertain and know how to do it well and on this occasion certainly filled every hope of those present.

A CHALLENGE

To H. Clay Cooke and John B. Howard,
Pecos, Texas,

Sirs:—Friends of mine have recently called my attention to the character of campaign each of you are making against me in private and calling my attention also to inaccurate and untrue statements each of you are making about both my private and public life. Now in order that the record may be kept straight and that the people may have a fair and just statement of the case from my standpoint as well as yours I hereby challenge you both jointly or severally to meet me on the stump in a joint discussion of the issues involved in this campaign so that you may say in public and openly the things you are saying in private and give me a chance to answer you.

If the statements you both are making are true they are better said in public and if they are not true the public has a right to know that they are untrue. I therefore ask you both to come out of the bushes and fight me in the open like all brave and honest Texans should fight or acknowledge that you are cowards seeking to vilify and misrepresent a man without giving him a chance to answer.

If you are capable of upholding any side of a case against the best lawyers of the state before a jury of twelve men you should be capable of upholding your own case against what you call a half baked cowpuncher before a jury of the whole people. Meet me then on the stump in every county and precinct in this district. I will take you one at a time or both at once at such times as our friends may agree on. My friends are ready and rearing to go, so come on and let's get busy and let the race be to the swift and the battle to the strong.

Yours truly,
TOM T. GARRARD, JR.

FLAG WAVES OVER PECOS

On Friday night of last week the citizens of the town foregathered at the fountain to hear one of the weekly concerts given by the Pecos band and to witness the unfurling of the flag over the newly erected band stand. There was a big crowd present and the music furnished by the band was excellent and greatly enjoyed by the people present.

The band is purely a Pecos institution and gets and deserves the support of the people of the town. They are making rapid strides towards perfection under the able leadership of Mrs. Ada Cochran.

The band is entitled to the credit for the beautiful band stand over the fountain and also for the erection of the flag pole and the unfurling of the flag which is a constant reminder of the loyalty of the American people. The band stand is a model of beauty and would be a credit to a city many times the size of Pecos, but Pecos and her people are satisfied with nothing but the best of everything and would be satisfied with nothing less than what they have in the band stand.

A short talk by Secretary Eberstadt of the Commercial Club, and tags were offered for sale by the Pecos city band and a neat little sum of money taken in thereby.

ODD FELLOWS HAVE FEAST

The Odd Fellows and Rebekahs held their regular fifth Thursday social meeting and feast at their lodge rooms last night and from all accounts it must have been the very best one they have yet enjoyed. The speakers for the occasion were Messrs. Webster and Zimmer and the talks are said to have been very fine. The ladies had prepared a feast for this occasion consisting of chicken, pies, cakes, ice tea and almost a hundred other things that The Enterprise man was told about but cannot remember. It was a jolly crowd of friends. There were present on this occasion Odd Fellows with their families from Toyah, Barstow and surrounding country, and all report a most delightful time.

Dr. W. H. Moore returned Sunday afternoon from a trip of a month or more in Central and East Texas. He came in from Abilene and his last jump being from Pyote. He says he had to make the trip by degrees as he could not afford to fall in on Pecos all at once. Dr. Moore, The Enterprise is glad to state, is looking very much better than he did when he left here and looks as if he had been out with the boys on the range a good portion of the time. He has considerable of the tan and has a healthy glow in his cheeks.

C. W. Williamson and E. E. Dickie of Fort Worth, came in the forepart of the week to look after their interests here and have decided to close out their farm business and play quits, and have therefore sold out and are selling out everything preparatory to locking up the premises and leaving it to the mercies of the elements for a time.

Congressman Smith Speaks at Pecos

Congressman W. R. Smith was a distinguished visitor in Pecos Thursday and spoke to a very good audience in front of the Pecos Mercantile at 5:30 in the the interest of his candidacy for reelection. After the preliminaries he took up Blanton's platform by sections and informed the audience that he had already accomplished for his people practically everything Blanton proposes to do for them. He stated that during his fourteen years service for the people he had given them everything they had ever received through the government. He had given the people of Pecos a United States court and would later give them a United States building in which to house this court and the post-office. He promised if returned to Washington that the first thing given to any proposition in Texas would be given the people of the Pecos valley in the way of irrigation water.

Congressman Smith's speech was a good one and his promises were good, and plentiful. Of course he had done his full duty to the people and staid at his post of duty at all times, but he never had anything to say with reference to the seed distribution and franking of thousands of dollars worth of political dope to the people of his district through all these years for personal political favor. While he did not have time or the inclination to make an extensive speech his was a good one from his standpoint, but it was evident he took care to evade the strong points and changes proposed by his opponent.

Mr. Smith is a strong man, a good speaker and has done great good for our people, but The Enterprise is prone to believe that such a good thing as he has had for fourteen years is good enough to hand around. There are others just as brainy and just as capable as he, who has just the same right. The old story handed out by office holders that it is necessary to hold office for ten or fifteen years before they are able to accomplish anything, or have any power, is bosh, and if so now is a good time to bring about a change.

F. M. Bratton, an old friend of the editor, formerly of Dublin and owner and editor of Bratton's Journal, but later from Midland where he has been working in a shoe shop, came in this week and is now located here and has opened a boot and shoe shop across the street from the post-office. Mr. Bratton is a first class boot and shoemaker as well as being first class in everything else he undertakes and if you want the very best in the boot and shoe line you will make no mistake by calling on him. He and wife are located in one of W. F. Howard's houses for the present. The Enterprise intends to those good people a cordial welcome to Pecos and bespeaks for Mr. Bratton a good share of the boot and shoe trade of this territory.

The Pecos County Directory, by Ralph H. Everts, has been issued. From a typographical standpoint, it is a neat job. From an advertising view point, it has been liberally patronized. But when the Pioneer man looks over the ads given the publication and sees many from business men, who seldom if ever spend a dollar in the Pioneer columns, words are inadequate to express just what we think. Sometimes, we are prone to believe that the local paper that issued fifty-two times a year, filled with good local news and everything that is good for, of and about the town, is a useless game and that efforts to keep a burning light to reflect for the good of the town and country are in vain.

The above from the Ft. Stockton Pioneer expresses the sentiment of The Enterprise to a T. This same guy, probably, if not another of his ilk, has been in Pecos and received a good patronage. It is understood the job will be done out of the county and thereby several hundred dollars will be absolutely thrown away. The books will be looked over once, probably, laid aside

and the next time they are wanted will be lost. It is the honest opinion of The Enterprise that amount of money would have been better spent with Sears, Saw-buck, etc. Something out of the county would have been received in return, but as it is all but a measly few dollars spent with the hotel man, is gone—gone forever. It is purely a fake game and one which has been and will be practiced upon the American people as long as time lasts. Had this same job been undertaken by the commercial secretary or some home man where Pecos would really get some of the benefits, two to one he would not have gotten enough out of the job to have paid the printer.

We pay the highest prices for produce—Green's Grocery.

E. F. Fuqua of Saragosa was a business visitor in Pecos Thursday.

J. N. Levin was in from the Crystalwater ranch for a day or two this week.

C. W. Ruth and wife of Balmorhea, were guests at the Orient Monday.

P. G. Lane, a prominent citizen of Barstow, was a visitor in Pecos Sunday.

Good buggy and horse for sale cheap—Green's Grocery.

W. G. Howell of Carlsbad, New Mexico, was in town Thursday of this week.

Editor J. H. Walker of Balmorhea, was a business visitor in town today.

H. A. Cook, a prominent citizen of Colorado, was a business visitor in town Wednesday.

A. L. Eddins, a prominent stockman of Oria, was a business visitor in Pecos Wednesday.

A. D. Jamison, a prominent citizen of Grandfalls, was a business visitor in Pecos yesterday.

Theo Andrews of Toyah, and roadmaster of the Rio Grande Division, was a visitor in town this week.

W. A. King and son, Oliver, were here from Midland for a day or two this week looking after business affairs.

Miss Minnie D. Jordan, of Lampasas, came in Thursday for a visit with her brother Mr. C. B. Jordan and his family.

Sully Vaughan left this afternoon for Toyah to consult with the voters with reference to his campaign for county clerk.

Henry Clayton, sixteen year old son of Mr. and Mrs. E. W. Clayton, celebrated his birthday Thursday in a party and supper to his friends. His mother had prepared a feast for this occasion and a dozen or more guests were invited and they all came and enjoyed a feast of good things to eat such as they had not had before since they attended a similar occasion. Many games were indulged in and a genial good time is reported by all.

Mr. and Mrs. Ed Otto are the happy parents of a bouncing boy, born to them Tuesday afternoon of this week. This is the sixth son and there are four girls, making ten children to bless this happy home. May all prove a blessing to their proud and happy parents. Ed is the butcher at this place and has plenty of the very finest of fresh meats, and it is predicted he will be able to keep them in good flesh until they are able to get out and earn a livelihood for themselves.

Mrs. J. T. Hubbs has returned from a visit of a few weeks to Eastland and Dublin.

Mrs. Gardner of Barstow, mother of Taylor Gardner, was over for a day or two this week to pay the new grandson a visit.

J. A. Hardy and family returned Friday from a three weeks visit to relatives at Ft. Worth and other central Texas points. They went by auto and had a most delightful trip. This was Mrs. Hardy's first visit to her people in five years and she enjoyed the occasion very much. Mr. Hardy says everything looks fine from Abilene east and the crops, grass and stock are in the pink of condition, but this way from that point the country shows the lack of moisture.

J. C. Quezada and Miss Rosa Baeza were united in marriage at the home of the bride's parents in Pecos on Wednesday of this week, Father Leon Labbe of Stanton performing the ceremony. The groom is a clerk in the El Paso Store and is popular with his people as well as with the American population. A ball on Wednesday night in honor of the occasion, was pulled off at which prominent Mexicans of Toyah and Barstow participated.

Mrs. G. N. Gentry, wife of Postmaster Gentry, came in from Midland Monday where she has been teaching, and will spend the summer here with her husband. Mrs. Gentry has been teaching in the primary department of the Midland school and is considered one of the finest primary teachers in this section of the state. Her many Pecos friends will be pleased to have her home for a time, and George is more than delighted.

The Enterprise has a fine Durham-Jersey cow, one of the gentle and good kind for sale. The cow will be fresh the middle of July, bred to Joe Miller's Jersey and will be eight years old on the last day of next November. This cow is very gentle—raised a pet—an easy milker, has good teats and not a fault, and will give six gallons of milk per day. Will sell her at a bargain to the right party. Reason for selling, will have another in fresh at the same time and am not inclined to want to run a dairy, and afraid to flood the streets with sweet milk.

American Silo in Holland.

The first American ensilage tower in Holland, which was erected last year on the Johannhoeve farm at Oosterbeek by the Institute for Agricultural Improvements, has given such good results that two other towers are now to be built on the same farm, which will provide sufficient ensilage maize to keep the entire farm stock during next winter.

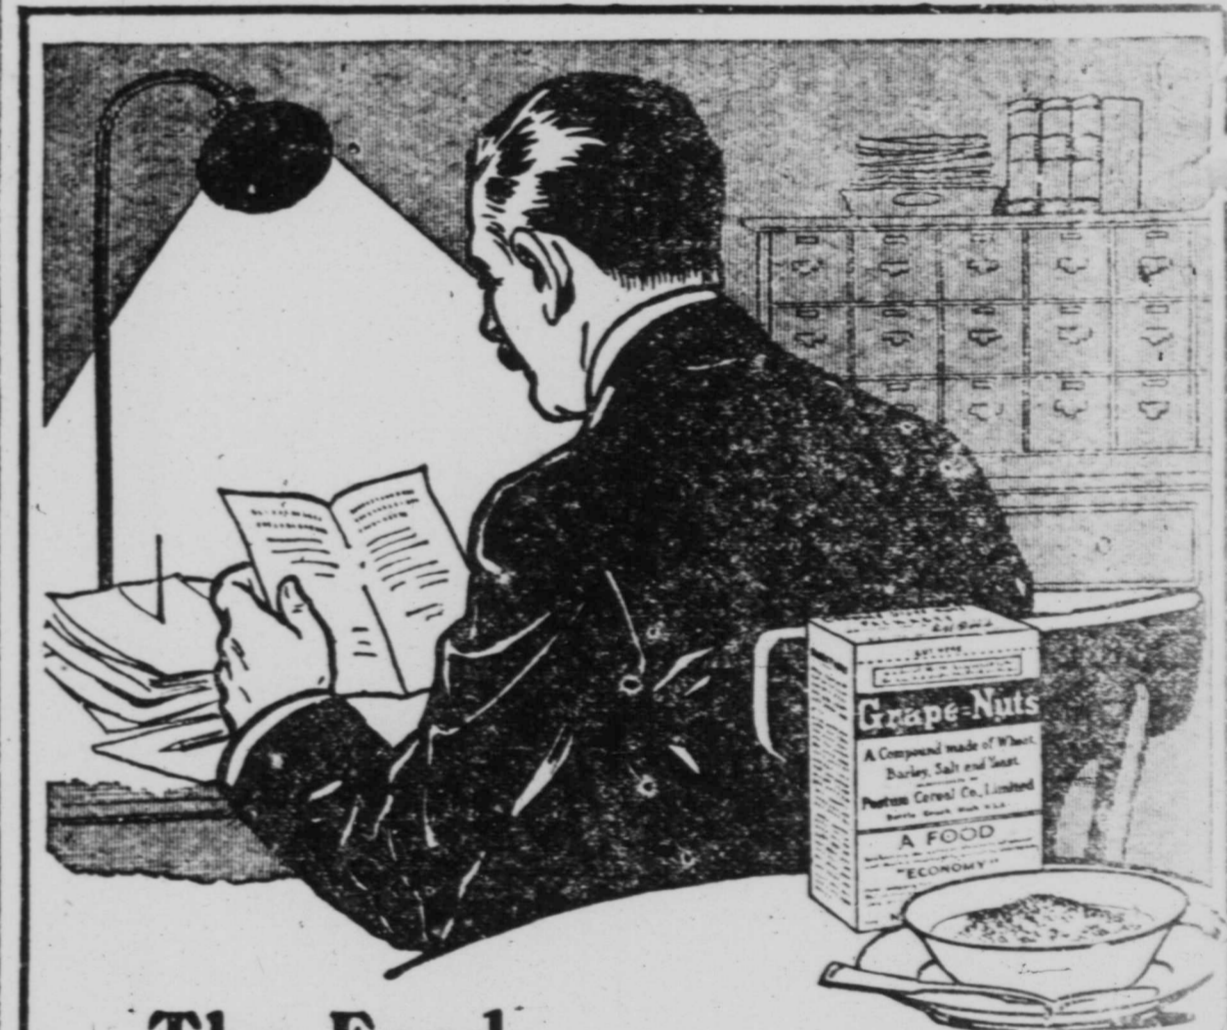

The head of the Johannhoeve project asserts that the American method is preferable to that hitherto in use there. An excellent fodder for all kinds of animals is thus produced, says, while the losses by fermentation are considerably less.

WOMAN AVOIDS OPERATION

Medicine Which Made Surgeon's Work Unnecessary.

Astoria, N. Y. — "For two years I was feeling ill and took all kinds of tonics. I was getting worse every day. I had chills, my head would ache, I was always tired. I could not walk straight because of the pain in my back and I had pains in my stomach. I went to a doctor and he said I must go under an operation, but I did not go. I read in the paper about Lydia E. Pinkham's Vegetable Compound and told my husband about it. I said 'I know nothing will help me but I will try this.' I found myself improving from the very first bottle, and in two weeks time I was able to sit down and eat a hearty breakfast with my husband, which I had not done for two years. I am now in the best of health and did not have the operation." — Mrs. JOHN A. KOENIG, 602 Flushing Avenue, Astoria, N. Y.

Every one dreads the surgeon's knife and the operating table. Sometimes nothing else will do; but many times doctors say they are necessary when they are not. Letter after letter comes from the Pinkham Laboratory, telling how operations were advised and were not performed; or, if performed, did no good, but Lydia E. Pinkham's Vegetable Compound was used and good health followed.

If you want advice write to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass.

CALOMEL SICKENS! IT'S MERCURY! DANGER

ful will clean your sluggish liver better than a dose of nasty calomel and that it won't make you sick.

You'll know it next morning because you will wake up feeling fine, your liver will be working, your headache and dizziness gone, your stomach will be sweet and your bowels regular. You will feel like working; you'll be cheerful; full of vigor and ambition.

Dodson's Liver Tone is entirely vegetable, therefore harmless, and can not salivate. Give it to your children. Millions of people are using Dodson's Liver Tone instead of dangerous calomel now. Your druggist will tell you that the sale of calomel is almost stopped entirely here.—Adv.

NEVER TO BE FORGOTTEN

Chauffeur Had Overlooked a Matter That Really Was of the Gravest Importance.

As he buttoned up his overcoat before setting off on a motor tour, Jones asked his chauffeur a few questions. "Car all ready? Have you put the spare inner tubes in the tonneau?" "Yessir." "Are the repair tools in the box, and plenty of petrol in the tank?" "Yessir," replied the man again, patiently. "Oiled it thoroughly?" "Yessir." And this time he reeled off a list of places to which he had applied the oil can. The motorist's face grew black when he finished. "Why, you fool," he broke in, "you have forgotten the most important place of all!" The chauffeur stared at him in surprise. "You've forgotten the number plate at the back," snapped Jones. "Take the can and squirt some oil on it. Then the dust will stick to it. Never forget to oil the number plate!"

Browning's Peculiar Eyes.

Browning's eyes were peculiar, one having a long focus, the other very short. He had the unusual accomplishment (try it and prove) of closing either eye without squinting and without any apparent effort, though sometimes on the street in strong sunshine his face would be a bit distorted. He did all his reading and writing with one eye, closing the long one as he sat down at his desk. He could see an immense distance. He never suffered with any pain in his eyes except once when as a boy he was trying to be a vegetarian in imitation of his youthful idol Shelley.—Boston Transcript.

Of a Fighting Race.

"What's the matter with Dubwaite? He looks as if someone had given him a terrible thrashing." "Poor Dubwaite made the mistake of trying to pick on a man who wore a wrist watch and a soft collar." "Well! Well!" "Yes! Well!" "Yes! Dubwaite called him 'Elizabeth,' but soon found out that his right name was 'Mike.'"

Surprisingly Ungracious.

"Germany's reception of President Wilson's last note was ungracious." The speaker was Joseph H. Choate, diplomat and lawyer. "Germany, in this instance," he continued, "reminds me of the chap whose office a beggar entered. 'I ain't had nothing to eat for two days, boss,' said the beggar. 'Can't ye help me out?' 'I'd like to, my man,' was the reply, 'but I sprained my foot on a bill collector yesterday.'"

"How was the table of the Aviation club's dinner decorated?" "With air plants."

DON'T GAMBLE

that your heart's all right. Make sure. Take "Renovine"—a heart and nerve tonic. Price 50c and \$1.00.—Adv. There is a limit to everyone's capability, but few have reached their limit.

Plenty.

"Did you go in for oratory when you were at college?" "Not much, but I've been let in for a lot of it since I got married."

A REMARKABLE DISCOVERY

For thousands of years consumption has been considered as incurable. Yet, in the past few years there has been discovered a treatment, which if we are to believe the statements of patients, is proving effective. Here is what one lady, Mrs. J. A. Kippy, 703 North 18th Ave., Nashville, says: "For four years I have had a terrible cough and suffered with tuberculosis. In less than two years I had a number of hemorrhages, and had tried all kinds of remedies with very poor results. Since taking the first dose of Lung-Vita I have not had a single hemorrhage. I am able to do my own work, eat and sleep well, better than I have in many years." Lung-Vita is proving equally as effective in cases of asthma. Try Lung-Vita now. Send \$1.75 for thirty-day treatment. Nashville Medicine Co., No. 10 Steger Bldg., Nashville, Tenn. Adv.

None are so ignorant as those who think they know it all.

Little Nonsense Now and Then.

"I think it's very unkind the way some of those politicians make fun of the 'favorite sons,'" remarked Mrs. Twobble.

"Oh, I don't know about that," answered Mr. Twobble. "The average political convention is a nerve-racking affair and I presume the delegates feel that they are entitled to a certain amount of relaxation."

THIS IS THE AGE OF YOUTH.

You will look ten years younger if you darken your ugly, grizzly, gray hairs by using "La Creole" Hair Dressing.—Adv.

Its Meanness.

"I don't wonder they give fate a woman's sex, for she's so mean to other women." "How so?" "Here it's leap year, and in half the world all the men are off to the war where the women can't get at them to propose." Mirth is sometimes wisdom.
