Euterpeans Honor Miss Vernon McCarver

The home of Mrs. H. H. Jones was the scene of an exceedingly pretty afternoon occasion Saturday of last week from four to six o'clock, when the Euterpean Club entertained with a reception and miscellaneous shower in honor of Miss Vernon McCarver, whose marriage to Mr. H. B. Cogdell of Ralls, will take place Saturday, November 25. The rooms were decorated in white chrysanthemums and violets.

The junior members of this club, who are Misses Ora Pruett, Nell Kerr, Warren Collings and Dorice Jones, met the guests on the porch and relieved them of their packages and wraps, then they were met at the door by Mrs. Jones who presented them to the receiving line, composed of Mrs. J. E. Starley, Miss Vernon McCarver and Mrs. C. S. McCarver.

Each guest brought a favorite recipe for a journal, decorated in keeping with the occasion, which was presided over by Mrs. C. B. Jordan and presented to the bride-elect by Mrs. J. E. Starley, president of the club, in a few well chosen words. Cards and pencils were passed and each asked to write a verse of advice to the bride-elect, which all the matrons knew exactly how to do, but fortunately for Miss McCarver, she has the privilege of accepting or rejecting, as she likes, this advice.

The gifts were showered on a table, where the packages were opened and displayed. There were many handsome gifts in silver, cut glass, crochet and embroidery. Probably the most appreciated gift was a set of solid silver spoons, the gift of the club.

The Victrola furnished a number of beautiful selections at intervals throughout the afternoon and Mrs. Sam Means sang in her characteristically charming manner "Tell Me Truly." As Mendelssohn's Wedding March was being played the guests marched into the dining room which was lighted with brightly burning candles and decorated in violets and lavender, the club color. The table was elegant in all its appointments, being lace spread, the center piece of which was the bride's cake in ring shape and decorated in lavender ribbon and violets. The cake was cut by Mrs. J. W. Moore and each piece contained decorations. As the loving cup was passed each offered an appropriate toast.

Miss McCarver was becomingly gowned for this occasion in Alice blue crepe and in a most pleasing manner to her friends responded at the proper time and in appropriate words to each felicitation extended.

An excellent two-course luncheon was served.

New County Officers Take Their Seats

The county commissioners met in regular session Monday, all the officers of this court being present. Besides the usual business of this body they officially counted the ballots of the late election and County Judge Ben Randals issued certificates of election to the winning candidates.

The newly elected officers who took the oath of office Tuesday and ushered into their official seats are:

County Judge, Jas. F. Ross.

County Clerk, S. C. Vaughan.

County Attorney J. A. Drane, who was reelected and holds that office for another two years, was reinstated by again taking the oath.

Upon Legrand Merriman taking the proper oath, Mrs. Middleton, the retiring county treasurer, turned the money, books and other things belonging to that office over to him.

Sheriff Tom Harrison was not present to take the oath, and likewise County Surveyor A. M. Randolph and the newly elected county commissioner, Sid Kyle. Eisenwein was on the spot and unseated Cocuh as commissioner.

The death of Col. Paul Waples in Fort Worth Wednesday removed from that city one of her most useful citizens and cast such a pall of gloom over that city as it had never before witnessed. Col. Waples was chairman of the state democratic executive committee, extensively interested in business institutions throughout the state and nationally known as a builder. All Texas will feel keenly the loss of this distinguished gentleman.

CELEBRATES ELEVENTH BIRTHDAY

The home of Mr. and Mrs. W. H. Drummond was the scene of a delightful children's party Saturday afternoon of last week, November 11, 1916, when their lovely little daughter, Jennie, entertained celebrating her 11th birthday. All manner of games so dear to the hearts of the children were played, and one would know from the hearty peals of laughter that a happy time was being had. Jennie was the recipient of many pleasing little gifts from her friends which attest to their love and appreciation for her, which she received with modest expression of thanks.

After the rounds of merry games, Jennie's mother served delightful refreshments of delicious cake and chocolate to the following:

Al McCarthy, Theodora, Lucile, Mildred, Myrtle and Baby Rublin, Ione and Nora Krauskopf, Mary Catherine Heard, Josephine and Riften Rodgers, Vivian Mulhull, Charles Walker, Opal and Vivian Palmer, Hettie Louis Randals, R. L. Brock, Milford Howard and Wallace Anderson.

On Thursday afternoon of this week Albert Pask, Tom Camp, Dewey Richburg and Toto Drummond loaded a wagon to the guards with grub, rifles, ammunition and bedding and started on a month's hunting trip to the Guadalupe Mountains. They will be joined at Kent tomorrow by Barney Hubbs, who will pilot the crowd to the very spot where the big antlered bucks range and where they hope to lay in a supply of venison for the winter. The Enterprise sincerely hopes they may be successful and have a safe return home.

Dr. W. F. Finley Victim of Auto Wreck

Dr. W. F. Finley of Menard, was almost instantly killed in an auto wreck near the Means home in Pecos Sunday afternoon and Lee Spring of the same place seriously injured. These gentlemen were immediately carried to the sanitarium and medical aid summoned but the injuries to Dr. Finley were such that he died almost immediately. Mr. Spring was badly smashed up and was confined to the sanitarium for several days, but is now at the home of a friend near Balmorea. The body of Dr. Finley was held two or three days awaiting the arrival of relatives, and was shipped to Menard Tuesday afternoon for interment.

These gentlemen arrived in Pecos Saturday and came for the purpose of going out in the Davis mountains on a deer and bear hunt, and Sunday afternoon started on their way to the mountains from Pecos, but from some cause or other an axle of the car broke and the car turned over several times with the result as above stated and a badly smashed up car.

Dr. Finley was a prominent physician of Menard, where he stood high in the estimation of his people as a man and a physician. His aged mother arrived from her home in Arizona and accompanied the body to Menard where it was laid to rest. Two brothers and a sister of El Paso were also here and accompanied the mother and body to its last resting place. Besides the above mentioned relatives the Doctor is survived by three daughters, his wife having passed on some time previous.

This sad accident is much deplored by the people here who condole with the loved ones in their bereavement.

MORRISON-CARD

Mr. Robert Morrison and Miss Sarah Card were married at the bride's home in Odessa Saturday evening and arrived in Pecos Sunday afternoon where they will make their future home.

Mr. Morrison is the eldest son of Mr. and Mrs. J. L. Morrison, and is a young man of exemplary traits of character and fine business qualifications. He now has employment at the Santa Fe station.

Miss Card is the daughter of Mr. and Mrs. Card of Odessa, where she is a favorite with her many friends. She is sweet and lovable in disposition, industrious, possessing many practical accomplishments. The Enterprise extends congratulations and wishes for this happy couple all the joys of a long and happy married life.

They are now at the parental home of Mr. and Mrs. J. L. Morrison.

The big tabernacle meeting continues with unabated interest. A good many of the old citizens are reported as desiring the ranks of the devil. The meeting will probably be continued, definitely.

Special Announcement TO OUR FRIENDS AND PATRONS

Commencing the first of January, 1917, and thereafter, we are going to change our methods of conducting our business.

We find that we can sell to our customers cheaper for cash than we can on a credit basis. Besides making a saving for ourselves in the way of purchasing merchandise for our store when we pay cash for same.

We will sell for cash, and strictly cash only, and thereby make a saving for our customers on purchases of merchandise, and thus avoid any bookkeeping and extra expense and trouble we would have when doing a credit business.

We thank all of our friends and customers who have patronized us in the past, in the way of credit and cash purchases, and solicit your further patronage for cash purchases. Merchandise will be sent out C. O. D. or for cash over the counter.

Reeves county is again without a female county officer and while The Enterprise has nothing "agin" either of the retiring ladies it is no suffragette and believes the county offices are men's jobs and believes there are plenty of men in Reeves county competent to fill them.

The past week has been the coldest in the history of Reeves county at this season of the year. It has been almost as cold as it gets in this country at any time. With the thermometer ranging around 18 and 20 the coal man has been very much in evidence and quite popular.

S. C. Vaughan steps into the office of county clerk as one of authority. He being thoroughly versed in the duties of that office and entirely competent, puts him in the proper attitude. It is the prediction of The Enterprise that the exceedingly large number of people who voted for him will have no cause for regret. The office of county clerk requires the attention of a full grown man who is big enough to be courteous from the beginning to the end of his term to all alike—that man is S. C. Vaughan.

TURKEY DAY AT PECOS.

The Pecos Valley Commercial Club has inaugurated Turkey Day which will be celebrated in the city of Pecos on November 18. They guarantee a buyer at the highest market price for every turkey brought to Pecos that day. And to encourage the bringing in of turkeys in great numbers there have been offered a great many prizes.

The largest turkey will be bought for ten dollars. The man bringing turkeys in greatest number will receive a dozen or more prizes aggregating nearly twenty dollars in value. Another lot of prizes will go to the man bringing turkeys the longest distance. The thirty-five turkeys of greatest weight will get for their owner some prize money. And there are prizes for a number of other turkey raisers.

Pecos is going to make a turkey country out of the Pecos valley and her business men are approaching the task in a right way. Just now Pecos has the best

nearby market for turkeys in the world. Along the border Uncle Sam's men will use 50,000 turkeys in the holidays that are fast approaching. That means at least \$100,000 of United States gold that will go into the pockets of the turkey raisers directly. And a hundred thousand is a pretty good pickup even in these days of 20-cent cotton.

The above editorial is from the Houston Post and those who are familiar with the writing of Upshur Vincent will recognize it as his work. The Post has been giving Texas some of the most helpful editorials during recent months that have ever been published in a Texas paper. They are editorials that are widely read and widely quoted. Scarcely a Texas paper comes in exchange to The Enterprise that does not contain one or more of the well known Vincent brand. For the industrial betterment of the State nothing has been published in recent years that has been as efficient. And Texas papers everywhere are showing their appreciation of The Post's efforts for agricultural and industrial growth by reprinting these editorials with utmost regularity.

An Associated Press dispatch from State College, Pennsylvania, relates a story of fully matured tomatoes growing on a potato vine and a fine assortment of potatoes growing underneath the vine in the ground. Farm and Ranch, one of the very best farm papers in the country, says this is not uncommon but impracticable. Better stick to the old way of raising tomatoes on tomato vines and potatoes on potato vines if you want the best with the least work.

CITATION

THE STATE OF TEXAS.

To the Sheriff or any constable of Reeves county—greeting: You are hereby commanded to summon Emma White by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in any newspaper published in the 70th Judicial District; but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest District to said 70th Judicial District, to appear at the next regular term of the District court of Reeves county, to be holden at the court house thereof, in Pecos, Texas, on the third Monday in November 1916, the same being the 20th day of November 1916, then and there to answer a petition filed in said court on the 7th day of July 1916, in a suit, numbered on the docket of said court No. 163, wherein Mitchell White is plaintiff, and Emma White is defendant, and said petition alleging that the defendant is an actual bona fide inhabitant of the State of Texas, and that he has resided in Reeves county for at least six months next preceding the filing of this suit, and that on the 7th day of January, A. D. 1907, plaintiff was lawfully married to defendant, that they continued to live together as husband and wife until about July 1st, 1913, when by reason of the cruel and harsh treatment, and improper conduct of defendant toward plaintiff, he was forced to permanently abandon her, and since which time they have not lived together as husband and wife. Plaintiff alleges that during the time he and defendant lived together as aforesaid, he was kind and affectionate to her, and always provided for her support and maintenance, but defendant, unmindful of the duties and obligations of her marital vows began a course of unkind, harsh, outrageous treatment toward plaintiff, which continued until plaintiff was forced and compelled to abandon her, as aforesaid. That defendant was insulting and violently abusive in her treatment toward plaintiff, and negligent of her marital duties in every respect, and did so without any cause or provocation on the part of plaintiff. The defendant became addicted to the immoderate use of intoxicating liquors, and became a drunkard, and also became a lewd woman, and lived for many months with other men, which men were drunkards and vagabonds and gamblers; and defendant was arrested, indicted and convicted in the District court of Lawrence, Massachusetts for the offense of lewdness and also for drunkenness and was sentenced to serve a term of three months imprisonment upon the State Farm of the said state of Massachusetts, and did serve same, all of which occurred after her marriage with plaintiff. That the defendant has not reformed, but is still living a life of shame and disgrace. That such conduct upon the part of the defendant is unbearable to plaintiff, and renders their living together as husband and wife insupportable. Therefore plaintiff prays that the defendant be cited to appear and answer herein, and for judgment dissolving said marriage relations, and for costs of suit and all other and further relief, to which he may be entitled.

Herein fail not, but have you before said court, at its aforesaid next regular term, this with your return thereon, showing how you have executed the same.

Witness Willie-de Woods clerk of the District court of Reeves county. Given under my hand and the seal of said court, at office in Pecos, Texas, this the 19th day of October, 1916.

OFTEN LOST SIGHT OF

We call attention to a few of the points that are often overlooked when selecting a school to attend.

System of Shorthand: Most schools teach the old Pitman system which was published in 1832. The Tyler Commercial College teaches the famous Byrne Simplified, which is a modern system that produces greater speed and accuracy than any other system and in less than half the time. We give the student the choice of writing the Byrne Simplified Shorthand with a pencil or on the typewriter. When written on the typewriter we call it steno typewriting. Steno typewriting is the stenographic marvel of the age. It is printed shorthand.

Systems of Bookkeeping: Most schools teach a theory course; the student reads about what someone else has done, and posts his work theoretically. The students of our school have to transact every item of business for which

they make an entry; they learn to do by doing; they buy and sell goods, write deeds mortgages, drafts and all kinds of commercial papers, ship goods just as they would in actual business life. They not only learn a thorough course of Bookkeeping, but they obtain a practical business training as well; this business training is worth as much to them as a course of bookkeeping, and it costs nothing extra.

Positions: We secure positions for every worthy graduate; we fully realize that practically trained students, placed in good paying positions are the strongest advertisement a school can put out, and that this kind of advertising brings in over 75 per cent of our new enrollments.

Write the Tyler Commercial College, Tyler, Texas, for large free catalogue, giving facts and figures that will convince you of the wonderful cash producing education given by this, America's largest business training school.

W. A. Hudson was in Fort Worth and Dallas this week on business.

John DeRaoy is in from the ranch this week paying his respects to the madam and the children.

Mr. and Mrs. E. G. Bowles and baby son were in from the ranch Thursday, the guests of Mr. Bowles' sister, Mrs. Seth Lewis.

The many friends of Rev. Homer Magee are glad to see him out after a seige of several weeks illness. Rev. Magee is one of Pecos' strong ministers.

Mr. J. M. Harris and Miss Rosa Thomason were married in San Antonio on the eighth inst. They will make their home in El Paso.

Charles Lowe and Miss Katie Ramsey of Imperial, were married in Pecos at the Methodist parsonage Tuesday, by Rev. J. H. Walker.

Mrs. C. C. Colwell returned Thursday from Louisiana, where she was called a few weeks ago because of the illness of her father. She left him improving.

Judge Ben Palmer was a business visitor in Midland this week and was on the train when the tender flew the track and caused them to lay out on the prairie for several hours before proceeding.

The many friends of Mrs. Williams will be glad to learn that she will remain in the clerk's office, assisting S. C. Vaughan in the work of that office. Mrs. Williams is a lady and thoroughly competent, reliable and courteous—just the proper kind for the place she occupies.

Mrs. I. N. Davis of El Paso, arrived the latter part of last week and is visiting her sisters, the Misses Grace.

Rev. W. L. Downing of Barstow was over and attended the big meeting Thursday night.

Collier and Love moved a bunch of cattle this week from the Hoban ranch to the ranch near Monahans.

Mesdames Geo. K. Jackson and Howard Collier are in from the ranch this week attending church and visiting.

Flowing Wells country sausage, hams and bacon are famous. Ask your grocer or phone 96—3 rings.

Mr. and Mrs. Cox and Mrs. C. M. Honaker of Saragosa, were in Pecos Thursday attending the big meeting at the tabernacle.

Roy Wilcox arrived from El Paso Thursday for a visit with his parents, Mr. and Mrs. A. E. Wilcox.

BORN.—To Mr. and Mrs. Sam Nolan, Thursday, twin boys, weighing eight and nine pounds. Mother and babies are doing fine. The father has about recovered.

W. B. Pybus, an aged gentleman of Saragosa, passed away at his home Tuesday and was laid to rest in the cemetery at that place on Wednesday. Mr. Pybus was very old and it is said died from that cause, he having been in ordinary good health at the time of his death. He had been a useful citizen in his day.

Mrs. Sheldon Spent \$1900 for Treatment Without Benefit. Finally Made Well by Lydia E. Pinkham's Vegetable Compound.

Englewood, Ill. — "While going through the Change of Life I suffered with headaches, nervousness, flashes of heat, and I suffered so much I did not know what I was doing at times. I spent \$1900 on doctors and not one did me any good. One day a lady called at my house and said she had been as sick as I was at one time, and Lydia E. Pinkham's Vegetable Compound made her well, so I took it and now I am just as well as I ever was. I cannot understand why women don't see how much pain and suffering they would escape by taking your medicine. I cannot praise it enough for it saved my life and kept me from the Insane Hospital."—Mrs. E. SHELDON, 6657 S. Halsted St., Englewood, Ill.

Physicians undoubtedly did their best, battled with this case steadily and could do no more, but often the most scientific treatment is surpassed by the medicinal properties of the good old fashioned roots and herbs contained in Lydia E. Pinkham's Vegetable Compound.

If any complication exists it pays to write the Lydia E. Pinkham Medicine Co., Lynn, Mass., for special free advice.

"Kidded" the Inspectors.

The other day two sanitary inspectors were making a round of the cottages in a certain English village. During their visit they came to one where lived three adults. On being admitted, after waiting about ten minutes, one of the inspectors said, angrily:

"How many persons are there in this house?"

"There are five," answered the man of the house.

"Five!" exclaimed the inspector, "there'll have to be two less in it."

"So there will when you two get out," was the sarcastic reply.

BRITISH MAKE BREACH IN GERMAN TRENCHES

ADVANCE ON FIVE-MILE FRONT AT ONE POINT AMOUNTS TO MORE THAN A MILE.

MET WITH WEAK RESISTANCE

Attack on Both Sides of the Ancre River in Mist and Darkness Apparently Surprises Teutons.

London.—What may become known as the battle of the Ancre opened Monday, when the British forces struck a fresh blow against the German front in the region of the Ancre river. There had been no serious fighting in this sector since the opening of the British push on the first of July, when the British line of attack extended five miles north of the Ancre to Gommecourt. But after a few days, no progress being made in this region, efforts were henceforth concentrated further to the south.

Frequent trench raids during recent weeks indicated that some new move was contemplated, but the bad weather, which has prevented any serious operations since Oct. 21, when the last big attack was launched on the Schwaben Le Sars sector, delayed the blow.

Offer Little Resistance.

Apparently the Germans were taken by surprise, and they offered no serious resistance except before Serre. The attack was carried out over a front extending five miles on both sides of the Ancre against positions which the Germans had held for two years, and which they considered impregnable. It resulted in the capture of Beaumont-Hamel and Saint Pierre Division with a gain of new ground of a maximum depth of one mile and a large number of prisoners, between 3,000 and 4,000, with 70 officers having been reported.

Positions Exceptionally Strong.

The positions north of the river are described as of extraordinary strength, Beaumont-Hamel equalling Thiepval in the extent and security of its dugouts.

Von Mackensen in Retreat.

London.—The Russians have crossed the Danube into Dobrudja at two points south of Tchernavoda and the Russians' fleet has renewed the bombardment of Constanza, according to Petrograd advices.

Field Marshal von Mackensen is reported continuing his retreat with demoralized forces and with one-third of his effectives lost. The ravages of disease and the military reverses are declared in Petrograd advices to have seriously affected the morale of von Mackensen's army.

Sink German Ships in Finland Gulf.

Petrograd.—An official statement says that a majority of German vessels, which took part Friday in a bombardment in the gulf of Finland, were sunk. The German warships, the statement says, were 36-knot torpedo craft. The gulf of Finland is an arm of the Baltic sea between Finland and the Russian Baltic provinces. At the eastern end of the bay is Kronstadt, the outer port of Petrograd. The entrance to the gulf is guarded by the fortresses of Hel-singfors, Hango and Reval.

Women and Children Slain in Raid.

Rome.—Sixty women and children were killed in an air raid carried out by an Austrian squadron, the war office said. The statement says: "On Saturday afternoon a squadron of enemy aeroplanes dropped bombs on Weadova. A building in which numerous women and children had taken refuge was destroyed. The greater part of the inmates were killed. The number of dead already accounted for is 60."

Pink Boll Worms Worse Than Weevil

Washington.—The pink boll worm recently discovered in the cotton-growing Laguna district of Coahuila, Mexico, within 200 miles of the Texas border is comparatively a new cotton pest, spreading from India to Egypt about eight years ago, according to a bulletin recently issued by the United States department of agriculture, and has spread to practically all the cotton-growing countries save the United States. The department statement says: "The presence of the pink boll worm in Mexico presents one of the greatest menaces which has come to American cotton culture in its history. This insect in India, Egypt, Hawaii and other foreign cotton-producing countries has shown a capacity for damage exceeding that of the boll weevil."

CONGRESS HAS A BUSY SHORT TERM AHEAD

President Would Clear Slate in View of Possible Republican House.

Washington.—President Wilson, back in the White House for the first time since the campaign began two months ago, plunged into work Monday in an effort to clear his desk of accumulated business.

Taking for granted that he has been re-elected, he asked no questions about electoral votes, but did display anxiety over the political complexion of the next house of representatives.

Through an interview with Secretary Lansing the president got in touch with pressing foreign problems, including the submarine, Mexican and British blockade issues; and in a talk with Henry Morgenthau, chairman of the finance committee of the Democratic national committee, he became acquainted with the latest developments in the political situation. State department officials make no secret of their belief that dangerous possibilities are presented by recent developments in both the Mexican and submarine questions.

To Finish Legislation.

On domestic questions Mr. Wilson has told his friends that as soon as congress convenes he will press for the remainder of the legislative program already outlined. He has begun the preparation of his message to congress. Because of the probability of the next house being Republican, he will seek to get through as much general legislation as possible during the short session, ending March 4.

Percival Lowell, Astronomer, Dies.

Flagstaff, Ariz.—Dr. Percival Lowell, founder and director of the Lowell observatory here and an astronomer of international reputation, died from a stroke of apoplexy. Dr. Lowell apparently was in good health when he arrived here recently from a lecture trip. For ten years much of Dr. Lowell's effort had been devoted to the study of the planet Mars. Several astronomical expeditions were organized by him.

British Would Sell Rail Securities.

New York.—It has become known here that negotiations are under way for the purchase by J. P. Morgan & Co. from British capitalists of all the securities of the New Orleans and Northeastern railroad, which is a subsidiary of the Alabama, New Orleans Texas & Junction Railways company. The latter is a British corporation, organized in London in 1881, and has been conducted since that time in the interests of British capital.

Cotton Ginned in Texas in October.

Austin, Texas.—The state department of agriculture has made public its monthly report of cotton ginned in Texas for October, 1916, which shows the total number of bales ginned to be 684,079, which is a decrease of 624 bales for the same month last year. Some of the larger counties ginned the following number Ellis 30,306, Williamson 18,662, McLennan 26,506, Hunt 14,457, Dallas 15,488, Grayson 15,575, Navarro 12,472 and Hill 15,017.

Rosenwald Gives \$500,000.

New York.—Julius Rosenwald of Chicago, a trustee of the university of Chicago, announced here he had given \$500,000 toward the \$3,300,000 fund that university is to raise toward an \$8,000,000 endowment for the establishment of a new medical school. Mr. Rosenwald came here to confer with representatives of the Rockefeller foundation and the general organization board, which announced an appropriation of \$2,000,000 toward the endowment.

Plot Uncovered in Costa Rica.

Managua, Nicaragua.—The Nicaraguan minister of foreign affairs has telegraphed to the Costa Rican foreign office that a plot has been discovered in Costa Rica to assassinate Emiliano Chamorro, the president-elect of Nicaragua. The minister requested that an investigation be made and that the execution of the plot be prevented.

Big Lumber Demand After War.

Washington.—Estimates prepared by officials of the federal trade commission and of the department of commerce indicate that following the European war the countries will be in the market for \$1,000,000,000 worth of lumber, and it is expected that the lumber producers of the United States will be called upon to fill the largest percentage of orders. In a recent speech Dr. Edward E. Pratt, chief of the bureau and foreign and domestic commerce, gave figures to support the estimate indicated.

GAVE HIS WIFE A SURPRISE GREAT ACTOR ON HIS DIGNITY

Indiana Man, Dressed for Festive Occasion, Was Taken by Spouse for Bold Burglar.

A member of the degree team of the Columbus lodge of Eagles was getting himself ready to go to Greensburg, where the Columbus team was to give the work to a class of candidates, relates the Indianapolis News. Each member of the Columbus team was to wear a dress suit. This member did not have any evening clothes, so he borrowed an outfit, including a boiled shirt, high collar and white tie. He got home rather late and found his wife in bed, asleep. He wished to try the thing on to see just how he looked. So, after dint of much nervous expenditure, he had everything in shape and rather admired himself in the mirror. He felt it was a shame for his wife to miss the great sight, so he went into the bedroom, shook her gently and waited for her to awaken. The woman opened her eyes and looked into the face of a strange man attired in fashionable evening clothes. She gave one scream and ducked under the cover. "Go away, go away," she begged the supposed gentleman burglar, "we haven't any money." "Nobody knows that any better than I do," her husband retorted, "but that's no reason why you should carry on like this." Then she recognized his voice, came from under the covers and admired him to his heart's content.

Richard Mansfield's Rebuke to Subordinate Who Spoke Lightly of Theatrical Production.

With reference to fine discrimination in the use of the well-known English language, it is possible to overdo the thing. Diving into the trunk of recollections for the suitable illustration to adorn this remark and point the moral, we find it in Richard Mansfield's occupancy of the Garrick theater in New York days of hilarity on that stage. To Mansfield this theater was a temple. He tolerated no lightly spoken references to it. One day, when an attache reported, Mansfield gave instructions and started for his dressing room. "I'll see you after the show," said the business lieutenant in parting. "After the show?" repeated the actor-manager, with dignity. "Are we acrobats?" "After the performance," replied his associate, humbly. "The performance!" exclaimed Mansfield. "Are we ants?" "I'm very sorry," mumbled the crushed manager; "I'll see you after the play, sir." "I shall be pleased to see you then," answered Mansfield. A woman is always ready to admit a man's superior intelligence if he'll admit that she knows more than he does.

Feel Achy All Over?

To ache all over in damp weather, or after taking a cold, isn't natural, and often indicates kidney weakness. Uric acid causes many queer aches, pains and disorders of the organs. Well kidneys keep uric acid down. Tired, dizzy, nervous people would do well to try Doan's Kidney Pills. They stimulate the kidneys to activity and so help clear the blood of irritating poisons.

A Texas Case
Mrs. J. W. Hefton, 302 W. Tennessee St., Sherman, Texas, says: "My back ached constantly and I had sharp pains in my sides. I suffered from nervous headaches and had very dizzy spells. I didn't rest well nights and mornings got up, feeling tired and dull. Sometimes the kidney secretions passed too freely, then again not often enough. Doan's Kidney Pills put my kidneys in good shape, strengthened my back and corrected all these other ailments."

HOME MADE CHRISTMAS PRESENTS

Pretty Cap for Christmas

Boudoir or breakfast caps are among the pretty luxuries that women delight in and every year at holiday time they flourish anew. It seems that they are more captivating than ever this year and it is certain they were never shown in so great a variety of designs. There is no end to the original and beautiful combinations of ribbon and lace and tiny flowers, made of ribbon or chiffon, that go to make up this most fanciful headwear.

Two of the prettiest of the new caps are shown in the picture and it is evident that they are easy to make. At the top a cream-colored, silk lace is made into a small puff which is mere-

ly a circular piece gathered about the edge to fit over the top of the head. A frill of the same lace is sewed to the puff. Over this little lace cap a shaped piece made of ribbon or silk or satin is slipped. It is made of two pieces wide at the top and narrowing to a bridle under the chin, and is lined with silk. A narrow, corded piping finishes the edges, set between the outside and the lining. The bridle fastens with snap fasteners under a prim little bow of two loops. Millinery flowers are tacked on at the sides.

The cap below is made of two wheels of fine net joined by a gathered band of satin ribbon, about five inches wide. The wheels are made of straight strips of net shirred together and edged with narrow val lace. This lace extends around the cap.

Baby ribbon is gathered and set about the wheels where the strips of net join and inside the lace edging. At the back a bow with long loops and ends is made of narrow ribbon matching the cap in color.

Pretty Table Decorations

Table decorations ought to come in for much attention as Christmas gifts this year, for there is a fad for artificial flowers as centerpieces. And the dining room is not the only one boasting beautiful touches of color in wonderfully life-like flowers made of ribbon or paper or bought from the milliner.

As a centerpiece for a luncheon table a little basket of ribbon roses sets in the midst of rose petals scattered over the cloth. Each rose petal, made of satin ribbon, is a tiny sachet.

In the picture three chrysanthemums are shown with sprays of preserved maidenhair ferns. These chrysanthe-

mums are in yellow and saffron colorings and are made of paper. They have wire stems wound with green paper. At a little distance they cannot be told from the gorgeous real flower.

At the right a small dark willow basket bears asparagus fern and a half-blown rose, together with two buds made of satin ribbon. This is the most

elegant of artificial flowers for the table.

A basket made of rose petals and a lace paper doily (as shown at the bottom of the picture. The foundation is of pasteboard, with a handle of green silk-covered wire. The petals, which may be of either satin ribbon or paper, are glued to the foundation, which is a circular piece of cardboard. Millinery rose foliage and two buds either of paper or satin ribbon trail over the handle. The heart of every housekeeper will rejoice over such gifts as these.

Gifts Every Woman Likes

A lemonade and a water server are among the pretty and easily made gifts that every woman will like to receive.

At the top of the picture above, an attractive lemonade server is made of an ordinary set of tin muffin rings, to which the tinsmith has added a handle.

The server is painted with white or blue or other colored paint and allowed to dry. Flowers or leaves cut from printed paper napkins are then glued to it at each corner, at the sides and along the center. Finally a coat of shellac is brushed all over the server. When this dries the server is ready for a set of thin glasses.

A small basket makes the water server, which carries a water bottle

with a glass turned over its neck. The basket is first painted white and allowed to dry. Then it is decorated with a festoon of roses and leaves made of white sealing wax and tinted with paints—the roses pink and the foliage green. Finally the basket is varnished with shellac.

Set for My Lady's Desk

Just how attractive a desk set may be when it is made of heavy, delft-blue paper and ornamented with white flowers and black foliage, may be gathered from the picture above.

An oblong the size of an ordinary desk blotter is provided with two pockets extending across each end. They are fastened to it by means of black passepartout binding which extends along all sides of the oblong. Two smaller oblongs are cut from the heavy blue paper, to cover an address book and two white blotters. Narrow

blue satin ribbon is used for fastening, the leaves of the address book to its cover, and the two blotters to their cover. Then the covers are lettered.

The flowers and foliage are cut from printed paper napkins and pasted down. They look exactly like stencil painting. This is a convenient and pretty set, which costs next to nothing to make.

CALOMEL MAKES YOU SICK, UGH! IT'S MERCURY AND SALIVATES

Straighten Up! Don't Lose a Day's Work! Clean Your Sluggish Liver and Bowels With "Dodson's Liver Tonic."

Ugh! Calomel makes you sick. Take a dose of the vile, dangerous drug tonight and tomorrow you may lose a day's work.

Calomel is mercury or quicksilver which causes necrosis of the bones. Calomel, when it comes into contact with sour bile crashes into it, breaking it up. This is when you feel that awful nausea and cramping. If you feel sluggish and "all knocked out," if your liver is torpid and bowels constipated or you have headache, dizziness, coated tongue, if breath is bad or stomach sour, just try a spoonful of harmless Dodson's Liver Tonic.

Here's my guarantee—Go to any drug store or dealer and get a 50-cent bottle of Dodson's Liver Tonic. Take a spoonful tonight and if it doesn't

straighten you right up and make you feel fine and vigorous by morning I want you to go back to the store and get your money. Dodson's Liver Tonic is destroying the sale of calomel because it is real liver medicine; entirely vegetable, therefore it cannot salivate or make you sick.

I guarantee that one spoonful of Dodson's Liver Tonic will put your sluggish liver to work and clean your bowels of that sour bile and constipated waste which is clogging your system and making you feel miserable. I guarantee that a bottle of Dodson's Liver Tonic will keep your entire family feeling fine for months. Give it to your children. It is harmless; doesn't gripe and they like its pleasant taste.—Adv.

Drinking of Water

(By V. M. PIERCE, M. D.)
The general conclusions of the latest Medical Scientists proves that drinking plenty of pure water both between meals and with one's meals is beneficial to health. It has now been proven by means of the X-rays and actual tests upon many healthy young men that the drinking of large amounts of water with meals is often beneficial. Therefore if you want to keep healthy drink plenty of pure water (not ice water), both with your meals and between meals. If you ever suffer from backache, lumbago, rheumatism, or any of the symptoms of kidney trouble—such as deep colored urine, sediment in urine, getting out of bed at night frequently and other troublesome effects, take a little Anuric before meals. These Anuric Tablets can be obtained at almost any drug store.

A PROMINENT MAN

Seagoville, Dallas, Co., Texas.—"I wish to state to those who may have rheumatism that I am 45 years old and have had rheumatism most all my life. In executing my duties as a peace officer of this state in the winter of 1910, I was exposed to some very bad weather, which brought on a very severe attack, in fact, it was so bad that I could not ride horseback, and I was compelled to abandon my duties for awhile. I then began a search for a permanent cure, which I did not find until I learned of Dr. Pierce's Anuric Tablets. I began taking them about 10 months ago and am satisfied that I am cured.

"I wish to say in conclusion that I cannot be loud enough in my praise of Dr. Pierce's Anuric."—MR. T. J. ALLEN.
