PUBLISHER'S NOTICE

The Enterprise has purchased The Pecos Times and the two papers have been consolidated. With this issue we begin the publication of the consolidated paper under the sole ownership, management and control of John Hibdon, the former editor of The Enterprise. The new paper will be devoted to the upbuilding of Reeves County and this part of the State and all the country included in the Pecos Valley. Our sole aim is to build up, not to tear down. Our best efforts will be put forth to give publicity to all this part of the State, and to bring before the public the wonderful resources of the Pecos Valley and all the trans-Pecos country, including the live stock industry,

and farming and irrigation, and mineral wealth in all of their various branches. We shall also devote much time and space to the interest of our business enterprises, also to the advancement of education and religion. We are well equipped for running a real first-class country paper, possessing all the necessary machinery and supplies and modern appliances for this purpose. It is our intention to make the new paper the best and most serviceable county paper in Texas west of the Pecos River. We shall keep our columns clean and free from objectionable quibbles and quarrels. The paper is strictly a democratic paper, but we will not stoop to anything that will smack of dabbling in petty political disputes. We shall not favor any particular clan or faction, if there be any such, but our motto shall be a square deal to every one. We shall be kind and courteous to all, and try to treat all alike. This paper will not at any time run under any circumstances be run in the interest of any clique, clan or faction, but we shall strive to serve the whole public and it only, and by so doing we have every hope of accomplishing great good, and we further hope to be of lasting benefit to Reeves County and all this part of the State. We want the support of the public, in fact we must have the support of the

people in order to make a success of the paper. We propose to justly earn their support by giving the people the best newspaper service that a country paper can possibly give. We already have a large subscription list, but we want it to be much larger, in fact we want this paper to go into every home within the trade territory of Pecos, as well as to a vast number of non-residents in various parts of the state and to other states. If you have relatives and friends living away from here, why not pay a year's subscription in advance and send the paper to them. It will help materially to advertise this country, for everywhere the paper goes it will tell

us of the resources of this country. But we do not propose to send the paper free to any one. It is a bad policy to do this. Every subscriber must be a real bona fide subscriber. And we want our friends to remember that with the present high prices of paper and printing materials, that it takes money and a good deal of it to run a first-class county paper, therefore, we want a liberal patronage in the way of subscribers and advertisers both. This is what it takes to make it a real going proposition. Help us to make a great success of this new undertaking. Come forward and subscribe for the paper, if you are not already a subscriber. If you have any kind of business or anything to sell, if you are a professional man, or if you want to put anything before the public, give us your advertisement, and you will reap good returns from it. If you want job printing of any kind we are prepared to do this kind of work in first-class style and on short notice. We are fully prepared to print law briefs, circulars, booklets and pamphlets of all kinds, and guarantee that the work will be nice and neat and up to date in every respect. So here goes for a hard straight pull for the right, for the general uplift, for the good of all, for thrift, energy, development along all lines: Peace, good will to all.

Why Does Texas Wait, Asks Man Behind War Loan

J. W. Hoopes Wonders if Lone Star State Expects Others To Do It's Part.

Appealing to the citizens of the Eleventh Reserve Bank District, J. W. Hoopes, deputy governor of the reserve bank and executive head of the Liberty Loan branch, this morning issued an appeal, in which he quotes from Secretary of the Treasury McAdoo's statement to the press last night. The address follows:

"I regret to find that there is a disposition to stop the campaign for further subscriptions after a city has reached the tentative allotment. It is most important that there be no cessation of the work, even in those cities which have already responded so promptly and patriotically. It is imperative that the loan shall be largely oversubscribed.

"The wisdom of Mr. McAdoo's advice to the districts which have already secured their quota can not be questioned, for some one must make up for our lack of response in this district. Seeing that there is only one county in the Eleventh District which has secured 50 per cent of its quota, it will be necessary for people in other parts of the country to ac-

cept our responsibilities and to follow Mr. McAdoo's advice, namely, not to stop work because they have done their share. Why does Texas wait? Surely her people intend to subscribe to the Liberty loan. It is almost incredible that she will shift her responsibilities onto others, yet this appears to be the case.

"Recent German, French and English loans have been oversubscribed, notwithstanding the terrible drain on the finances of these countries.

"Surely Texas has more patriotism than a German province? But why does Texas wait? Germany is watching us. The world is watching us. Why does Texas wait?" he said.

A meeting was held at the Pecos Commercial Club rooms Thursday afternoon, and several thousands of dollars were subscribed to the Liberty Bonds.

A telegram from Dallas stated that Reeves County had so far subscribed for between three and four per cent of its quota of bonds, and added that we faced ignominy and shame.

Our people must be aroused in the next few days. It is idle to boast our patriotism unless we are willing to bear our part of the load. All that we have and are belongs to our country in her hour of need, and the

Presbyterians Hold An Open Meeting

Interesting Services are Combined With Very Pleasant Social Hour.

On Wednesday evening of this week the editor and family attended the regular monthly open meeting of the Presbyterians at their beautiful church. Dr. Moore made a splendid talk which is characteristic of that gentleman, explaining the real foundation of the Presbyterian church in America. He took up the work of Francis McComie, who was the real founder of the church in America, and gave that great man of God a just credit for the wonderful work he did for the cause.

At the conclusion of this service, those present were invited out on the lawn of the church and parsonage to partake of the most delightful refreshments of strawberries and cake, the strawberries covered with whipped cream—and the editor can attest to the fact that those who put up the "job" knew where to touch the palate of every one present.

It was a most delightful occasion and all those who had the pleasure of participating were delighted, and well repaid for their "time and trouble."

Dr. Moore said in his talk that Mr. John Boyd, a kinsman of our Rev. W. L. Downing, was the first ordained minister in the Presbyterian church in America. Rev. Downing is

well known to most of the readers of The Enterprise and is a man of ability and fine personality and much beloved by those who know him best.

The Presbyterian Church of Pecos has grown under the administration of Dr. Moore from a membership of forty, six months ago, to ninety-one at the present time. This is positive proof of the efficient work of this man of God in this place.

Knights of Pythias Enjoy Fish Fry on Banks of Pecos

On last Friday evening the members of Pecos Lodge, No. 388, K. of P., with their families and a few invited friends enjoyed a fish fry on the banks of the Pecos River, near the Sullivan bridge.

Several attempts were made by the members last summer to have just such an affair, but their plans were frustrated in various ways. On this occasion the plans were laid with great care, and several groups of fishermen started out early in the week, being reinforced by others each day. The result was about 200 pounds of juicy cat fish, which were turned over to Hugh Roberson, and that he is an AI cook where fish is concerned can be attested to by all who were fortunate enough to be present last Friday evening.

It might be stated that it was not known for certain whether enough fish would be procured until the morning of Friday, so invitations to out of town members were impossible.

Henry Kerr returned Monday morning from a business trip to El Paso.

Germany Plans to Make U. S. Pay Cost of War

Peace Offer to Allies Turned Down.—Here Is Reason Why All Should Do Their "Bit".

That Germany recently offered the entente allies an indemnity of \$30,000,000,000 to end the war, and had planned to collect in turn from the United States, was told a Denver audience this week by Dr. Newell Dwight Hillis, speaking in the interest of the Liberty loan.

"Not long ago a tentative offer was made to the allies to end the war by Germany paying an indemnity of \$30,000,000," he said. "Germany to retain her army and navy and have the freedom of the seas."

"Back of this proposed plan was a purpose to send the German army and navy to the United States and collect this vast indemnity from this country."

The allies had refused this, Dr. Hillis declared, thereby preventing "the conquering of this country."

Lawrence Chamberlain, who is accompanying Dr. Hillis in a campaign for the Liberty loan, also spoke.

Mrs. C. B. McGoun and her daughter, Dorothy, of Los Angeles who has been here on a visit with her sister, Mrs. Sid Kyle, left Monday for a visit of a few days in El Paso, before returning home.

Supporting the Government

This is a time for every citizen to support the United States Government, and many are doing so at considerable cost or sacrifice to themselves.

We have joined the Federal Reserve Banking System established by the Government to give greater financial stability and strength to the member banks and protection to their depositors.

You can give your support to this great Government enterprise and also obtain its protection for your money by becoming one of our depositors.

The interior is arranged so as every inch of space is utilized—five rooms of comfortable size. Closets in both the bedrooms. Kitchen is equipped with drain-boards, cupboards, closets, etc. Screened rear porch adjoins kitchen.

For a small home this is one design which meets with instant approval of the critical.

Has Had Beneficial Results

A man is not treating himself fairly when he neglects a backache, rheumatic pains, dizziness, stiff joints, sore muscles, or other symptoms of kidney or bladder trouble. Isaac B. Turman, 1277 Washington Ave., Ashbury Park, N. J., writes: "I used Foley Kidney Pills and had the most beneficial results from same." For sale at Bozeman's Drug Store.—Advt.

Sour Stomach

This is a mild form of indigestion. It is usually brought on by eating too rapidly or too much, or of food not suited to your digestive organs. If you eat slowly, masticate your food thoroughly, eat but little meat and none at all for supper you will more than likely avoid the sour stomach without taking any medicine whatever. When you have a sour stomach take one of Chamberlain's Tablets, to aid digestion.—Advt.

You Are Not Exempt So Do Your Part

Help Support a Soldier at the Front By Buying a Liberty Bond.

The fact that you have not been selected to go to the front as a fighting unit for the defense of your country does not exempt you from patriotic service.

You may be over age, you may be under height, you may have a defective physique or imperfect health, but these do not disqualify you from being a man and doing your part at home where most of the work of winning the war is to be done.

Your earnings may be small, you may have few savings or none, but so long as you have any earning power whatever, you can serve your country best in this tremendous crisis by making a fresh effort at saving and investing in a Liberty Loan Bond.

Help support a soldier at the front. Back of each soldier must stand the dollars of the American people. The masses of the people must raise this \$2,000,000,000 loan or invite defeat in Europe and the dictation of terms of peace by Germany.

All wealth springs from the earnings of the people. And all the nation's activities must be paid for out of the purses of the people. You want peace and you will have to pay for it before you can secure it.

Either you will pay for it in defeat or in victory. A defeated nation would have to pay for defeat with indemnities in order to redeem its trade and its allies from the heel of the victor.

The successful flotation of the colossal Liberty Loan will help to ensure the early and fortunate conclusion of the war. The importance of subscribing to this loan cannot be exaggerated. It is the purchase price of victory.

The American people are not accustomed to investing in national bonds. Never was the occasion more apt for acquiring the habit. Thrift and national bond investment go hand in hand. The wealth of the French peasant, which now saves France from the jaws of death, was stored up in the bond savings of the workers.

The humblest man may buy a \$50 or a \$100 Liberty bond. He can pay for it as his savings accumulate. He need not use up all his present savings deposits. It is better that he should make a fresh effort at saving, perhaps a first effort.

These Liberty Bonds are first mortgages upon the entire wealth of the United States, payable in gold. The banks will loan money on them as collateral security. They will always be readily saleable. They will bear interest at 3 1-2 per cent. They are a new form of savings deposit, a more secure form, a patriotic form.

Buy a Liberty Bond for your son, or your daughter, as a nest egg. Be shrewd, be thrifty; insure yourself and your country with Liberty bond investment insurance. And when you have performed this duty to your menaced country, tell your neighbor what you have done to help win the war for Democracy.

Good For the Little Ones.
 Every year sees a big increase in the demand for Foley Honey and Tar Compound for coughs, colds, and croup. J. A. Parker, of Lundgren, Ia., writes: "I gave my children, aged two and four years, Foley's Honey and Tar for severe colds, which gave almost immediate relief. I also took the same with good results." For Sale at Bozeman's Drug Store.—Advt.

Planting Beans in West Texas.

The bean is one of the best three food crops that can be planted this year to increase food production in the State. It has a large range of adaptability as regards the soil and climatic conditions than any other crop commonly grown in West Texas. Unlike the Irish potato it will grow from the lowest altitudes in the State to about 8,000 feet. It will grow on poor as well as fertile soil. The best soil, however, is a loamy or silty soil. The sandy soil is also good. The heavier or tight soil will require considerably more work in the preparation of the seed bed, as well as in tillage.

It does not require as much skill to grow beans as to produce many of our other crops, and in these rush times excellent use can be made of this crop.

It is a comparatively short season crop, maturing in from eighty to ninety days after it comes up. Under irrigation, where it receives considerable moisture, and where the soil is very rich it is liable to be a little longer in maturing, because of the larger growth that the plant makes under these favorable conditions; therefore, it is important that under irrigation the crop be not over irrigated. If there has been plenty of moisture in the soil for the germination of the seed as a rule two irrigations are enough to mature the crop, although sometimes three are required, depending upon the season: the dryer the season, the more frequent the irrigation.

Under irrigation 25 to 35 rounds may be planted in rows 2 or 3 feet apart, with the seed 6 to 12 inches in the row, and at a depth of from 3 to 4 inches if the moisture is deep in the soil.

Moisture is usually the limiting factor in the production of beans. The planting may be done in moist soil or in dry soil. In other words, the ground may be irrigated before planting and the beans planted in the moist soil; or they may be planted in the dry soil and "irrigated up." The former method has certain advantages over the latter, in that the beans can be planted deeper, less subsequent irrigation will be required, and the field will be freer from weeds.

Beans may be planted just as soon as the danger of frost is over, and from then to the middle of July. By planting as early as possible the damage done to the crop by the bean beetle and mildew may be materially reduced.

Cultivation is very important, and the bean grower, either under irrigation or dry farming, should cultivate thoroughly to conserve the moisture, and keep the weeds from choking out the bean plants.

A good many people, particularly the new farmers in the State, may think that any kind of a bean will do to plant. The best variety to plant under our conditions, both as regards adaptability to the climate and soil, as well as from a commercial viewpoint, is the Pinto bean. This is the variety that should be planted if grown at all extensively, as it does well, and with a reasonable amount of care ought to produce a fair yield. The bean grower should keep an eye on the bean beetle which is probably the worst pest that this crop has.

For detailed information on combating the bean beetle and on planting the crop, write to the Experiment Station for bulletins.

Probably Worth the Price

The discovery of America cost but very little more than \$7,000 according to documents found in the archives of Genoa. These documents record the value of Columbus' first fleet at \$3,000. Columbus himself was paid a salary of \$300 dollars a year and his two captains \$200, while the members of the crew were each paid at the rate of \$2.50 a month. It was a great investment fully justifying the expenditure.—East St. Louis Journal.

Bevo
 and a "cold snack"

How does this sound as a suggestion for a meal some day during this hot weather? Cold boiled ham, potato salad, rye bread, and ice-cold Bevo. Bevo was made with meals and "between meals" in mind. It's an all-round soft drink. Enjoyable and refreshing all by itself and of just the flavor to go with any food—hot or cold—and to make it taste better. Pure—wholesome—nutritious.

Bevo—the all-year-round soft drink.

Now is the time to clean up,
paint up, screen up, and swat
the flies.

Pershing has fought Indians,
Moros, Filipinos and Mexican
bandits, and now Uncle Sam is
giving him a chance to try his
hand with pirates.

Those of us who were dis-
qualified by age from signing a
registration card still possess
sufficient vitality to sign an ap-
plication for a Liberty bond.

Uncle Sam has just placed
an order for 3,450,000 pair of
shoes for his soldiers and sail-
ors. Those of us who are try-
ing to keep half a dozen grow-
ing boys and girls properly
shod will sympathize with Uncle
Sam.

Registration Day was gen-
erally observed as a holiday
throughout the country. Here
in Pecos most all places of busi-
ness were closed at 10 a. m. for
the day. Pecos people are loyal,
and always ready to do their
"bit" for the good of the State
and Nation.

Twenty-five thousand Fili-
pinos have offered their ser-
vices to Uncle Sam to fight in
France or any old place. Presi-
dent Wilson might appoint
Colonel Roosevelt to command
this division of eager fighting
men, all of whom are said to
be experienced veterans of
Philippine warfare.

America is in the war and
only one outcome can be con-
sidered possible by Americans.
That is victory. To achieve
victory the country must fur-
nish the sinews of war. With
victory will come peace and
therefore each purchaser of a
Liberty Loan Bond may be con-
sidered an agent for peace.

Governor Ferguson has ve-
toed the appropriation for the
University of Texas with the
exception of the amount that
goes to the school of mines at
El Paso, and all because the
Board of Regents would not
discharge President Vinson, of
the University. The governor
had his reasons for the veto.

During the past week the
students and faculty of the Uni-
versity of Texas subscribed and
paid in more than \$1,000.00 as
their share of the \$50,000 be-
ing raised in Texas by the Y.
M. C. A. in order to provide Y.
M. C. A. buildings and secretar-
ies at every soldiers' training
camp in Texas. Judge John
C. Townes of the University of
Texas faculty gave \$100 to this
fund.

There is only one way to ad-
vertise, and that is to hammer
your name, your location and
your business so persistently, so
thoroughly into people's heads
that if they walk in their sleep
they will constantly turn their
steps toward your store. The
newspaper is your friend in
spite of criticism. It helps build
up the community that sup-
ports you. When the day comes
that the newspapers are dead,
the people are on the edge of
the grave with nobody to write
their epitaph.

In compliance with the new
law governing operation of
autos all owners of motor vehi-
cles must register cars, begin-
ning July 1, 1917, with the
State Highway Commission,
and pay a tax of 35 cents per
horse power, the tax on no car
to be less than \$7.50 per an-
num. Under the new law,
numbers will be issued by the
commission running from one
upwards, no two cars bearing

ty will get back fifty per cent
of the amount collected to be
used on the public roads.

NOTICE

We have this day bargained, sold and delivered to John Hibdon the entire plant, subscription list, good will and accounts of The Pecos Times. All accounts due The Pecos Times of any nature whatever are due and payable to John Hibdon, and any and all obligations due by the said The Pecos Times will be paid by us as trustees which may be due by said Pecos Times, as the said Hibdon assumes no prior obligations of said paper.

W. H. BROWNING, JR.,
J. G. LOVE,

Trustees for the Pecos Valley State Bank, F. W. Johnson and M. L. Stine.
Pecos, Texas, June 2, 1917.

Referring to the above I wish to state that I have purchased The Pecos Times and will consolidate it with The Enterprise, and will move the two offices into the building occupied by The Times next Monday, where I will be glad to meet friends and patrons of both papers, and where I will be in a better position to supply their needs in printing. I will have more to say about this change in next week's paper.

You will note by the above that all accounts due the Pecos Times are due and payable to me, and no one is authorized to collect any thing owing to the Enterprise or Times.

JOHN HIBDON.

There are many items of local news which will not appear in this issue of The Enterprise, but we are long on Liberty Bond News, which is now the absorbing question. By the help of friends and the people generally we will do better next week. If you know anything of interest phone it to No. 16 next week, and we will give you the proper notice. Help us make The Enterprise and Pecos Times the very best paper ever published in Reeves county. With the combined effort of the people of Pecos we can do this, and that will be going some, for Pecos has had some good newspapers in the past. Let's throw down the gauntlet and make a real newspaper and stand together for the better interests of Pecos and Reeves County.

Insure Against Ghastly Defeat.

The American people have plunged into the gulf of war, and they must fight their way out with sword and sinew.

The sword of victory will be forged from the dollars of the people. The Liberty Loan will help to win the war. The alternative is an overwhelming disaster for us.

We are at war, whether we like it or not. The groans of our wounded have not yet reached our ears. The casualty lists of our dead have not yet been posted. The full force of our sacrifice has not yet been felt. But these will come.

The United States has to fight its way to liberty by wading through blood and every American home will feel the solemn nature of the death-rattle. The world can be "made safe for democracy" only after a year or more of tremendous sacrifice in men and money.

Our 500,000 army of liberation will fight in Europe; but the real fight will be at home to back up that army with dollars. Every dollar that the people can save from current income and from additional economies will be needed.

No man is exempt. No man is too poor to do his bit by subscribing for a Liberty Loan bond, a \$50 bond, or a \$100 bond.

It is the duty of every man to make a solemn effort to save up for the purchase of a bond. In doing so he not only insures victory in place of defeat for the United States, he not only insures his own savings in a gilt-edged interest bearing convertible investment in a first mortgage on the United States, but he insures the continuance of business and industry and of his own occupation. Take out your war insurance today; buy a Liberty bond.

Judge J. F. McKenzie spent several days in Pecos among his old friends, coming down week. He is as jolly as ever and states that he is doing nicely in the Pass City.

The Fifty Dollar Bond.

In issuing Liberty Loan Bonds in a denomination as small as \$50 the Secretary of the United States Treasury has put it in the reach of almost every American citizen to do a real and actual service to his country.

Not all can fight, not all can render personal service in other ways, but those who are denied the privilege of serving their country in person, have the privilege of serving her by lending their money to win her victories.

But it is not patriotism alone that urges the buying of Liberty Loan Bonds. Thrift and a wise economy in investing small savings commend these Liberty Loan Bonds to small investors. They are safe, considering their tax-free quality—free from all federal, state and local taxes (inheritance tax excepted) and free from any war tax that may hereafter be levied, affording an absolutely net income of 3 1-2 per cent, they constitute an ideal investment for savings.

Nor is there any reason for waiting for a later bond issue in the expectation of a higher rate of interest being obtained, for the law provides that should bonds be issued later, Liberty Loan Bonds may be exchanged for them at par.

Euzelian Class Makes Merry

The Euzelian Class of the Baptist Sunday school, of which Mrs. W. H. Browning, Jr., is president and teacher, gave a delightful mask party to their friends Thursday evening on the beautiful lawn at the home of Mrs. J. Y. Leavell.

An interesting feature was a mock wedding ceremony, the bride and groom were gorgeously dressed in antique attire. Bride maids and flower girl were in evidence, and were dressed and played the role in keeping with the occasion.

The girls shadowed their faces on a white sheet and the boys guessed who they were. The noses of the boys were placed through small openings and the girls guessed their identity. The girls were auctioned off in mask costume, and some of the best disguises brought fabulous prices. They then unmasked and their identity revealed. As a conclusion of this delightful occasion delicious refreshments were served in baskets in the class colors of rose and white. The menu consisted of sandwiches, olives, dressed eggs, fruit, and an ice course.

Prof. T. J. Yoe, wife and two children left this week for a visit of two weeks in Central Texas.

O. E. Reib, a former resident of Pecos, now of El Paso, was a visitor here this week.

King Key is the new assistant tinner at the Short Tinning shop.

Mrs. W. A. Hudson Entertains in Honor of Miss Wilson.

Miss Novella Wilson, who left Wednesday morning for her home at Fort Worth, was given a farewell party Tuesday evening at the home of Mrs. W. A. Hudson. Supper was served at seven o'clock, picnic style, on the lawn, and consisted of sandwiches, dressed eggs, pickles, iced tea, cream and cake.

The evening and night, until the early morning train, was spent in conversation of school day reminiscences, and in playing games. Miss Novella is quite a favorite with her friends, who will miss her during the summer, but wish her a pleasant sojourn at home and will be glad to see her return in September.

Those present on this occasion and who accompanied her to the train were, Misses Hazel Berry, Alice Hankins, Ora Pruet, Aileen Love, Irene Prewitt, Mary Lee Richburg, and Myrtle Bitingfield, of El Paso; Messrs. Joe Glover, Henry Floyd, Burette Hefner, and Hill Hudson, chaperoned by Mesdames W. A. Hudson and J. A. Drane.

Birthday Party

Wednesday, Brawley Mitchell King was one year old, and he celebrated the event by entertaining a number of his friends at the home of his parents, Mr. and Mrs. J. I. King, that afternoon. Delicious refreshments consisting of ice cream and cake were served, and a very pleasant occasion it proved. Those present were: Mabel Smith, Callie DeRacy, Helen, Edith, Della May and Francis Hudson, Mamie and Edna Moran, Charles Sparman, Harrison, Clara, Lo, Brawley, and Mrs. Beauchamp, Mr. and Mrs. W. B. Oates, Mrs. Dr. Moore and children, Nancy, Joseph and William, Josie and Letha Prewitt, Ruth Newell and Margarite Love. When it came time to depart each guest declared they had a most enjoyable time and wished Brawley Mitchell many happy returns of the day.

An Enjoyable Porch Dance

Miss Jane Looby and Miss Robbins were hostesses at an informal porch dance at the beautiful home of Mr. and Mrs. C. M. Wilson, Friday evening of last week.

Music for the occasion was furnished by the Victrola. Delicious ice cold punch was served throughout the evening.

Those present were: Mr. and Mrs. C. M. Wilson, Mr. and Mrs. Monroe Kerr, Mr. and Mrs. Walter Browning, Mr. and Mrs. Tom Levy, and Mrs. Looby; Misses Nell Kerr, Florence Johnson, Bynne Bozeman, Novella Wilson, Jane Looby and Miss Robbins, and Messrs. Burette and Charles Hefner, Charles Parker, Joe Glover and Henry Floyd.

German "Kultur" has resulted in the killing of women and children by deliberately standing them up and shooting them down. It has introduced liquid fire, poisonous gas, and the dropping of bombs on non-combatants and unfortified communities. It has brought about the sinking of passenger ships without warning and the murder of innocent thousands. It has brought about the systematic sinking of hospital ships and the destruction of unconquered country. It has deported the Belgians and the Poles. It has wrought misery and suffering and death wherever it goes. It was this system that forced America into the war.

Farmers and the Liberty Loan.

One aspect of the liberty loan of 1917, that the farmers of America may well consider, is that a very great portion of the money raised by the bond issue come directly into the pockets of the farmers of the nation.

All of the money advanced to our allies will be expended in the United States and as they are making all of their ammunitions practically all of the money advanced them will be spent for products of the farms—for cotton for clothing and high explosives, wool for clothing, and leather for shoes; but by far the greater part of the money loaned our allies will be expended here for food products.

In a few months the United States will have under arms, 1,200,000 men and 500,000 reserves in training; so including the Navy there will be 2,000,000 men that our Government will feed and clothe. This will make the United States Government by far the largest single customer the farmers of America have.

The Secretary of the Treasury is employing such methods in handling the loan that no community will be denuded of money by reason of liberty loan purchases. The money will be left in local banks and as the Government purchases food and supplies the money raised by the bond issue will pass back into the pockets of the people.

The farmers of the country should subscribe liberally to the liberty loan bonds. They get the safest investment in the world and their money supplies their best customer the funds to purchase their products. This is political economy, the wisdom of which is plain to everybody.

Notice to the Public

Those of The Enterprise and Pecos Times readers are hereby notified that on and after July 1st, 1917, the subscription price of the consolidated paper will be \$1.50 per year, strictly in advance. There will be no deviation from this rule and all will be treated alike. The high price of paper has put many papers, all over the United States, out of business, and practically all the balance have increased the subscription price of their papers to \$1.50 per year, and many to \$2.00 and even more. It is the intention of the management of the consolidated paper to give its readers the very best, and this cannot be done without money. If you are behind on your subscription to either paper you will receive a statement in a few days of the exact amount through the mails, and you had better get busy and send in the wherewith to set your dates ahead. Until July the 1st you may pay as far in advance as you please at \$1.00 per year, but after that date the consolidated paper will cost you just \$1.50 per year, and that in advance. If not paid in advance your name will be taken off the list and you will then not get the paper again until you have "kicked in". This is strictly a business proposition and will have to be enforced in order that the readers may get their money's worth.

So get in line and bring or send in your pittance—do your "bit" and do it quickly that you may not miss an issue of the paper, for we cannot promise any back numbers.

President Subscribes For \$10,000 Liberty Bond.

A Treasury Department says: Secretary McAdoo has received President Wilson's subscription for a \$10,000 Liberty Loan Bond. Accompanying the subscription the President sent the following letter to Secretary McAdoo:

"The White House, Washington, May 31, 1917
"My Dear Mr. Secretary:
"May I not send to you personally my subscription to the Liberty Loan, which I make with great satisfaction and with the wish that it might be a great deal larger?
"Cordially yours,
"(Signed) "Woodrow Wilson."

Will Build Reservoir at Fort Stockton.

The long string of teams and equipment of W. E. Hamilton passed through town this week from the upper Pecos Valley, where they have been used for some time by the government, on their way to Fort Stockton, where Mr. Hamilton will use them in building a big reservoir. The teams and men appeared to be in fine condition and ready for the big task before them. Mr. Hamilton left later in the week with his family and they will remain there for the summer and return in the fall in time for the children to be matriculated in Pecos' most splendid public schools. Mr. Hamilton likes Pecos and will make this his headquarters. He left a dollar and a half with The Enterprise before leaving so he could keep posted on affairs in this part of the country.

The Kid Battalion.

Judge Harry MacTier requests us to state that he is desirous of organizing the boys of Pecos into a battalion and drilling them. He wants all the boys in town up to fourteen years of age and older to join, and meet at the Bottling Works at six o'clock, on the afternoons of Monday, Wednesday and Friday, and they will drill if there are only four present, but it is desirable to have more. This is not only wholesome exercise, but is something that will be valuable to a boy all his life, as it learns how to carry himself and appear well in any crowd.

Hats At Cost

I have a few more hats, ribbons, and flower novelties. I am closing out at a great reduction, selling same at cost. Come in and see. E. A. Farnum Millinery.

PERSONAL MENTION.

Mrs. Ira Jackson and daughter, Miss Lela Virge, of Van Horn, and their guest, Mrs. J. W. Bishop, of Buffalo Gap, arrived Wednesday and are visiting Mrs. Jackson's sisters, Mrs. Geo. K. Jackson and Miss Julia Padgett at Hoban.

Mr. and Mrs. C. W. Tudor left Wednesday for Ft. Worth, to attend the commencement exercises of the Texas Christian University, where their son David, graduates this year. Mrs. Tudor will go from there to Kentucky for a visit with relatives.

Ray Harrison came in on the Santa Fe Mohday, from Clovis, New Mexico, and visited with his parents, Mr. and Mrs. Tom Harrison until Tuesday, when he left for Chicago, and went on duty in the U. S. Navy, today (Friday). He will leave this month for France. His many friends in Pecos admire his courage and patriotism and wish for him a successful career and a safe return home when the war is over.

Mrs. Chas. Weinacht, her daughter, Mrs. Otto Renz, and her two children, Mrs. H. Heulster, Miss Clara Weinacht, all of Toyahvale, were in Pecos on business Wednesday, and made The Enterprise a pleasant visit, and watched the big linotype while at work. They are of the best and most prosperous citizens of the entire Toyah Creek country. Mrs. John Heulster left the wherewith for a year's subscription.

Mr. and Mrs. W. H. Browning, Jr., returned Sunday from Lampasas, and were accompanied home by their little daughter, Mildred, who had been visiting her grand parents, Mr. and Mrs. W. H. Browning, Sr., and by their niece, little Miss Margaret Mathews, who will visit in Pecos for awhile. Mrs. Harold B. Link, sister of W. H. Browning, Jr., who was also in Lampasas visiting her parents, accompanied the party, and will visit relatives and friends in Pecos.

Mrs. Ira Jackson and daughter, Miss Lela Virge, of Van Horn, were visitors in the city today and paid the editor and family a very pleasant visit. They are in Reeves county again on a visit to Mrs. Jackson's sisters, Mrs. Geo. Jackson and Miss Julia Padgett. Mrs. Ira Jackson is one of the old Toyah friends of the editor and family and no better people live in Texas or anywhere else for that matter. They were accompanied in Pecos by the two sisters who are always welcome visitors.

Mrs. J. H. Walker and little son, Charles Rueben, left Wednesday morning for a visit to home folks at their old home at Campbellville, Ky. Rev. Walker no doubt has already counted the days up to when they will return. Miss Margaret, the beautiful rose-bud daughter of Rev. Walker, will have full sway and get ample experience in housekeeping and cooking to develop into a practical housekeeper and chef as she already has inclinations in that direction. James Henry, Jr., will keep busy inventing and experimenting with various devices and in caring for that pair of beautiful sacred doves.

Opened Music Class

Mrs. M. P. Kiker, who is a thoroughly accomplished musician, having been educated in the Conservatories of Cincinnati, Ohio, and Birmingham, Alabama, and who is an experienced and successful teacher, will open a class in music June 1st. Any one who contemplates studying this summer should see Mrs. Kiker, or telephone No. 74. 23Adv

These Parasites Are In Every Town.

A Kansas editor has noticed that when a man finds fault with his local paper the chances are ten to one he hasn't an advertisement in it, five to one that he never gave it a job of work, three to one that he is delinquent in his subscription, even money that he never did anything to assist the publication. Forty to one that he is most eager to see it when it comes out.—Exchange.

A BEVERAGE

Bevo is the one soft drink that goes perfectly with a meal—or a sandwich. The flavor is delightful—with just the touch of bitter from the Sazer Hops that adds zest to the meal.

A pasteurized beverage in sterilized bottles—sure to be pure—something one cannot be sure of in all water or milk. Grocers sell Bevo by the case. Yours can supply you—Bevo is served everywhere, 10 cents a

bottle, at inns, restaurants, groceries, department and drug stores, picnic grounds, baseball parks, soda fountains, dining cars, steamships and other places where refreshing beverages are sold. Look for the Fox on the crown top of every bottle.

Guard against substitutes. Have the bottle opened in front of you first seeing that the seal is unbroken and the crown top bears the Fox.

Don't Let Value Liberty Loans They Have to Fight For It.

It is the same with everything else in life.

We do not appreciate anything which comes too easily.

As boys, we did not appreciate our mother's care as we should have done. As men, we have not appreciated the education and protection which we have received from our country.

Things have come to us too easily. Now we must wake up to the fact that our liberty is questioned, our rights are questioned with an insolence never before equalled in the world's history.

The government must have money to keep our boys in the trenches and to keep the Germans out of this country.

The government asks you to lend them the money to do these things. It offers to pay you interest for the use of it. But again we say, they must have money and if you do not lend it, the government will take it from you in the shape of heavy taxation.

Which do you desire to be, a patriot and a sensible business man or a slacker to whom the government must send a man to take the money out of his pocket?

You must choose and choose quickly. Go to your bank and BUY A LIBERTY BOND today.

The Uses of the Liberty Loan.

To the American citizen who gives some consideration to features of his investments other than the mere money return from them, the uses to which the money raised by the sale of the Liberty Loan Bonds is to be devoted will prove a patriotic inducement to purchase such bonds.

The Liberty Loan is made by the United States Government to purchase arms and equipment for American soldiers and sailors, food and supplies for the American Army and Navy. The money is to be spent in America for those Americans who are fighting America's battles on land and sea.

Part of the money raised by the sale of Liberty Loan Bonds is to be loaned to our allies; this, too, is to be expended in America. It is to be spent for food and supplies for the Armies of our allies fighting on our side on the various war fronts in Europe.

It is billions for defense in the world-wide war Autocracy is waging against Democracy, but not one cent for tribute.

Has A Good Opinion of Chamberlain's Tablets.

Use "Gets-It," Lift Corn Right Off

Shrivels, Loosens—and It's Gone!
"Just like taking the lid off—that's how easy you can lift a corn off your toe after it has been treated with the wonderful discovery, "Gets-It." Hunt the wide world over and you'll find nothing so magic, simple and easy as "Gets-It." You folks who

"O-o-I" End Corn and Stop Pain Quickly With "Gets-It"

have wrapped your toes in bandages to look like bundles, who have used salves that turned your toes raw and sore, and used plasters that would shift from their place and never "get" the corn, and who have dug and picked at your corns with knives and scissors and perhaps made them bleed—just quit these old and painful ways and try "Gets-It" just once. You put 2 or 3 drops on, and it dries at once. There's nothing to stick. You can put your shoe and stocking right on again. The pain is all gone. Then the corn dies a painless, shriveling death. It loosens from your toe, and off it comes. "Gets-It" is the biggest selling corn remedy in the world today. There's none other as good. "Gets-It" is sold by druggists everywhere, 35c a bottle, or sent on receipt of price by E. Lawrence & Co., Chicago, Ill.

Capt. Lynn Friend of Orphans Visits Pecos

Has Three Weeks Old Baby With Him to Place in Home At Carlsbad.

An elderly man left Dallas Sunday morning with a three weeks old infant in his care. The baby was carried in a basket, and is to be placed in a good home at Carlsbad, N. M. The man and baby reached Pecos Tuesday afternoon and left on the Santa Fe train Wednesday afternoon for Carlsbad. He says the railroads aid him in this noble work for humanity by giving passes for nearly all long trips, which is a great help in the work.

Capt. J. T. Lynn, of Dallas, is the man. Without asking the permission or endorsement of any individual organization or sect he has for a number of years been going about the state locating friendless orphan children and placing them in good homes. In such work he has placed more than 200 children. His entire life is being devoted to this work. Showing the faith that he has in mankind, it may be mentioned, that when he left Dallas with the mite of humanity, that was to go and cheer a childless home, he had the sum of \$6 to pay his expenses to and from Corpus Christi.

Here is the creed of this man as he expressed it: "My aim and desire is to do good by placing dependent orphan children into substantial private Christian homes. I shun no child on account of where and how it was born. My work is non-sectarian and strictly charity; am never to make a charge for services I am in no wise connected, directed or controlled by any other charity organization. I have done work from the coast to the Panhandle and out of this state. When you give to support this work, you are a stockholder in same. My work is approved of by good people—opposed only by a few would-be controlling leeches who have drifted in from the north and east and struck some soft substance and stuck."

LEMONS BEAUTIFY AND WHITEN THE SKIN.

Make This Beauty Lotion Very Cheaply For Your Face, Arms and Hands

At the cost of a small jar of ordinary cold cream one can prepare a full quarter pint of the most wonderful lemon skin softener and complexion beautifier by squeezing the juice of two fresh lemons into a bottle containing three ounces of orchard white. Care should be taken to strain the juice thru a fine cloth so that no pulp gets in; then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan and is the ideal skin softener, whiteners and beautifier.

Just try it! Get three ounces of orchard white at any drug store and two lemons from the grocer and make up a quarter pint of this sweetly fragrant lemon lotion and massage it daily into the face, neck, and hands. It is marvelous to smoothen red, rough hands.—Adv.

The artificial cherries on Miss Flutie Belcher's hat have caused quite a stir among the jaybirds of this section the past week.

Several from Hogwallow will go to Tickville next third Sunday to witness the unveiling of the town pump.

The Blind Man of the Calf Ribs neighborhood was about to be talked into buying a heating stove from Slim Pickens the other day, but the trade was knocked in the head by some of Slim's enemies, who told the Blind Man that the winter was over.

Next week Isaac Hellwanger will start speaking to everybody whether he likes them or not, as he has learned that it pays, and will also help him out a lot if he ever wants to run for office.

Young Folks Here's Your Opportunity to Economize.

Pick scraps of time from the waste basket, turn them into dollars; earn while you learn by taking a money back guaranteed course of Bookkeeping, Shorthand, Steno, Business Law, Business English, Business Arithmetic, Salesmanship, Advertising or Business Writing through our correspondence department. We secure satisfactory results or refund tuition. All tuition paid on a correspondence course is credited on a personal course if the student desires to finish in our school. In other words, the instructions received in the correspondence department costs you absolutely nothing where a scholarship is bought later for personal work. Many find it to their advantage even where they intend to take personal work later, to first enroll for correspondence work and utilize their spare moments until they are ready to enter since it costs nothing extra. This often saves them a couple of months' time and board in school on personal work and enables them to leave college and accept a good position 2 months earlier. Others take the correspondence course, finish and accept a position without entering school. We use our original copyrighted methods. We make every subject practical and interesting from start to finish; give every lesson personal attention and a personal reply. Our courses are practical and interesting by correspondence. We have taught hundreds successfully, and know we can teach you or we would not guarantee to refund your money. Why continue wasting your spare moments? Turn them into knowledge and make them earn your dollars and serve YOUR country. You can't afford to idly dream your time away while your country is calling for help to handle the increased office work caused by this world war. For full particulars and a free trial lesson fill in and mail to Correspondence Department, Tyler Commercial College, Tyler, Texas.

Different—But Satisfactory.

Indigestion causes worry and sick headaches, biliousness bad breath and constant distress. W. A. McRae, Raleigh, Ga., writes: "Foley Cathartic Tablets cleanse my system thoroughly and do not gripe nor hurt at all. I find them entirely satisfactory and wonderfully different and more pleasant than any other pill." For sale at **Bozeman's Drug Store—Adv.**

THE CHEERFUL CHERUB
I've done a lot of naughty things I hope I never stoop to crime. My conscience can't do much with me. It never seems to start in time.

YES! LIFT A CORN OFF WITHOUT PAIN!

Cincinnati authority tells how to dry up a corn or callus so it lifts off with fingers

You corn-pestered men and women need suffer no longer. Wear the shoes that nearly killed you before, says this Cincinnati authority, because a few drops of freezone applied directly on an aching, tender corn or callus stops soreness at once and soon the corn or hardened callus loosens so it can be lifted out, root and all, without pain.

A small bottle of freezone costs very little at any drug store, but will positively take off every hard or soft corn or callus. This should be tried, as it is inexpensive and is said not to irritate the surrounding skin.

If your druggist hasn't any freezone tell him to get a small bottle for you at his wholesale drug house. It is fine stuff and acts like a charm every time.—Adv.

THE THRICE-A-WEEK EDITION OF THE NEW YORK WORLD.

IN 1917.

Practically a Daily at the Price of a Weekly. No other Newspaper in the world gives so much at so low a price

The value and need of a newspaper in the household was never greater than at the present time. The great war in Europe now half-way into its third year, and, whether peace be at hand or yet be far off, it and the events to follow it are sure to be of absorbing interest to many for months to come. These are world-shaking affairs, in which the United States, willing or unwilling, is compelled to take a part. No intelligent person can ignore such issues. THE THRICE-A-WEEK WORLD'S regular subscription price is only \$1.00 per year, and this pays for 156 papers. We offer this unequalled newspaper and The Pecos Times together for one year for \$1.65. The regular subscription price of the two papers is \$2.

Cholera Morbus
This is a very dangerous and painful disease. In almost every neighborhood someone has died from it before medicine could be obtained or a physician summoned. The right way is to have a bottle of Chamberlain's Colic and Diarrhoea Remedy in the house so as to be prepared for it. Mrs. Charles Enyhart, Huntington, Ind., writes "During the summer of 1911 two of my children were taken sick with cholera morbus. I used Chamberlain's Colic and Diarrhoea Remedy and it gave them immediate relief."—Adv.

Women!
Here is a message to suffering women from Mrs. W. T. Erice, of Public, Ky.: "I suffered with painful... she writes: 'I got down with a weakness in my back and limbs... I felt helpless and discouraged... I had about given up hopes of ever being well again, when a friend insisted I
