Letter from Charley Martin an Aviator

GREAT SPORT FLYING LIKE A BIRD, BUT PILOT MUST KEEP WITS ACUTE AND ACTIVE

In a letter to Andy Hedblom, from Cadet C. A. Martin, of recent date, Charlie has the following to say: "I am now at Ellington Field, at Houston, Texas, learning to fly like a bird. Have been here since January 3rd, and am now flying by myself. It is great sport, too, I can tell you, but it keeps a fellow busy all the time like a hunting dog, keeping her balanced and going at the right angle. When you get in the air there is no sense of motion. You feel just like you were hanging in the air and the ground slipping away from you. You have a feeling of being on a ship with the wind trying to blow your head off. It is cold, and you nearly freeze to death. I thought it used to be cold driving old No. 1, without a windshield in the winter time, but that can't compare with air work. "We get pretty good feed and have nice quarters to live in but they sure keep us bus all the time. I will be here two or three months yet before I am ready to go over to the other side."

ILL WITH PNEUMONIA AT FORT BLISS, EL PASO

Judge and Mrs. Ben Palmer received a telegram from the chief of hospital physicians at Fort Bliss, El Paso, that their son, Frank, who is in training there, is ill with pneumonia. The judge left on the early morning train today for El Paso, to attend his son's bedside.

VISIT SON AT CAMP BOWIE

Judge and Mrs. Jas. F. Ross returned the forepart of the week from a visit "down in Texas." Mrs. Ross stopped off for a visit with her son, Jas. F. Ross, Jr., who is in training at Camp Bowie, Fort Worth, while the judge went on to Austin to be at the opening of the special session of the Legislature. Judge Ross says his son, James, is well and looking fine and dandy and is well satisfied with camp life.

Several additions have recently been made to the list of trains dis-

War Work Council is Operated by Women

\$50,000 TO BE RAISED TO PROVIDE RECREATION FOR SOLDIERS HERE AND IN FRANCE

Reports received this week at the office of Mrs. W. B. Sharpe, chairman of the War Work Council of the Texas State Federation of Women's Clubs, from the clubs over the State, indicate that the movement to raise \$50,000 among the 32,000 federated clubwomen of Texas is going to meet with the unanimous approval and assistance of the clubwomen. Twenty-five thousand of the \$50,000 will go to the National Federation Fund which is to be devoted to the establishment of recreational canteens in France for American enlisted men.

The other \$25,000 will be used for encouragement of canteens in the various cantonment and aviation towns and cities of Texas, assisting soldiers generally in whatever manner it may be done with advantage to the army and the men.

Recreational canteens have been established at Houston, in the Light Guard Armory on Texas and Fannin Streets, and in Dallas at the Fair Grounds, with a downtown canteen under consideration in Cleburne and a big canteen at San Antonio, soon to open.

These canteens, matronized, offer to the enlisted men pleasant places to spend their hours out of camp when they are off duty. Games, music, home-cooked refreshments, entertainment programs of various sorts lure the men to the "honey" surroundings.

One of the most important works undertaken by the War Work Council will be the registration of Texas men by county, through the assistance of the newspapers. Parents and other relatives will be asked to mail names and addresses of their relatives to the county chairman of the Texas Federation in order that the Texas boys may be followed throughout the war.

"Lost sheep" in the army, that is men who are not in their own state organizations, hence who are more or less overlooked by the women of the various states, who endeavor to remember their boys in the service, will be looked after by the War Work Council where traces of such men can be gotten.

Finally, the efforts of the War Work Council will be to try in some measure to stimulate the environment which the enlisted men have to give up to go into the service.

"Mothers of the Army" would be, perhaps, an appropriate title for the Federated clubwomen, if they were to have any title—which they are not.

The National Federation is working under the advice and in cooperation with the Fossick Commission in the establishment of recreational canteens in France, and the whole movement is to assist the government, the commanders of the army divisions, the Red Cross and other organizations which have undertaken to help win the war and save men.

CLASS IN SURGICAL DRESSING

In view of the fast increasing casualties of our noble soldiers in France a most urgent call for surgical dressings has just been received from across the waters. A plea for dressings by the thousands as rapidly as hands can possibly turn them out and to be sent with the greatest of haste.

Ladies, Mrs. C. J. Charske will open, next week, to out of town and city ladies a class in surgical dressing, giving a complete course in every detail, teaching every afternoon in the surgical dressing rooms. This is indeed a rare opportunity and your country asks your help in this hour of great need. Our sick and wounded must be properly cared for, we will not neglect them. Come, do what you can—join the class next week. Deem it a rare privilege to serve your soldiers and your flag.

For further particulars see Mrs. J. W. Moore or Mrs. C. J. Charske.

Rev. W. A. Knight, pastor of the Baptist church, has sufficiently recovered from his recent operation to be up and around the place, which will be good news to his congregation and friends out of the church also.

Newsy Notes from Camp Travis Texas

GREATEST FIGHTING FORCE OF WORLD IS BEING BUILT OFFICERS ARE NEEDED

"The average of intelligence in our ranks is as high as that of the officers of any other army," says Brigadier General 'Fighting Patsy' O'Neil, commanding one of the infantry brigades at Camp Travis, and a man who has seen thirty years service in the regular fighting forces of the United States. Knowing this to be true, the General urges those men who have the natural qualifications as officers to train themselves unceasingly that they may be able to lead the armed forces of our country to victory.

"Are we amateurs? Today we are." "The foregoing," says the General, "is a fair statement and, looked at without sidelights, is a gloomy one. The condition is the fault of no one but the great American people. And unless we—especially the officers—rise to the occasion, grievously will the American people suffer."

"What have we? Unlimited resources; unlimited men! What is the Army today? As ex-president Taft aptly puts it: 'It is a cross section of the American people'. The son of an ex-president of the United States and the son of a bootblack, and every grade and walk of life are shouldering rifles in the ranks. Such material for fighting troops the world has never seen."

"And with this great army, what is required to whip it into an invincible fighting force? The only answer is officers—but not amateurs. The officer can select and make the non-commissioned officer; he can make the platoon, the company, the regiment, the brigade, but only God Almighty can make the officer; and, after He has done His part, the man so made must devote his brains, physique, energy and time in the cultivation of what God has given him."

"You may be an amateur now, but not always. American manhood has dominated the world in finance and in science. It can dominate the world in the science of war. But not without stripping from the body and the mind the habit of complacency and inertia—the ear-marks of an amateur—and clothing it with energy and work."

The Camp Travis Hostess House is the goal of a steady stream of mothers, wives, sisters and friends, who find the wide screened porch, the spacious social room, the hospitable open fires and rest room and the attractive dining room a veritable haven. Formal meetings, dances and program entertainments are not given, but here the wives come to spend the hours while waiting to see their husbands who are critically ill at the base hospital, or the mothers arrive, often accompanied by the fathers, to bid a last farewell to the boys who are soon going away. Sometimes a girl comes to the house to be married, depending upon the hostesses for chaperonage.

Since the Camp Travis house was opened, a week before Thanksgiving, over 50,000 visitors have been served in the lunch room. The house is centrally located, on Sixth Street and Avenue B, and is easily distinguished, as it is stained a soft green, the only building of that color in camp.

When visitors come unexpectedly, the boys are located for them by telephone and notified that they are wanted at the Hostess House. Information as to rooms in the city, train schedules, places of amusement, church services, etc., may quickly be obtained from the Information Secretary. Those in charge of the house are: Misses Lucy Moore, Director; Gertrude Keech, Business Secretary; June Milner, Cafeteria Manager; and Mesdames G. A. Reed, Hostess and Emma Felt, Information Secretary.

Mrs. Nellie Dean Nichols and Mrs. Lon Dean Nichols, daughters of Dr. Thos. L. Dean of Barstow, had a delightful seance with Dr. Magee in his dental office Wednesday afternoon. The pretty, little brown-eyed cherub, Louie Dean Nichols, accompanied her mother, but was not ready for dental work.

BROTHER WHO WAS ON THE TUSCANIA HEARD FROM

Prof. J. J. McCasland this week received a letter from his brother R. L. McCasland, who was on the Tuscania when the troop ship was torpedoed on sunk off the Irish coast.

This is the first communication he had received from his brother since the disaster, and the family concluded, on account of the long silence, he must be among those who went down with the ship.

Mr. McCasland is a Texas boy, and had been in training at Camp Bowie, but later was transferred to the Telegraphic Corps in New Jersey, and from there was on his way to France. He is now in a hospital in France.

The many friends of the McCaslands will be glad to learn of this good news to them from their brother, that he is safe.

WILL PLANT LONG STAPLE COTTON IN REEVES COUNTY

Kenneth Palmer, as stated before in these columns, will farm this year on the McKee place. It is his purpose to put in forty acres of long staple cotton and the seed are already here.

The Experiment Farm and also Mr. McKee have tested this cotton here and find that it will produce as many pounds per acre as the common varieties.

The Pecos and Toyah Valleys are destined to become the Texas home of the long staple cotton.

BIBLE CLASS SOCIAL

"The Convention Bible Class" of the Baptist Sunday school held its monthly social meeting Tuesday evening at the home of Mr. and Mrs. M. A. Churchill, the hostesses for the occasion being Mrs. M. A. Churchill, Mrs. George Brooks, Mrs. J. W. Brooks and Mrs. Mary Bean. A number of unique and interesting contests were enjoyed, also music on the Victrola was appreciated. Refreshments were served to the following: Mr. and Mrs. Will Sparman, Mr. and Mrs. J. V. Hanson, Mrs. W. L. Ross, Mrs. J. B. Wright, Mrs. Will Cowan, Mrs. W. A. Knight, Mrs. J. W. Brooks, Mrs. Mary Bean, and Mrs. George Brooks, Mr. and Mrs. M. A. Churchill and Mrs. E. J. Moyer, who was a visitor.

V. V. BECK ON FURLOUGH

The following is among the news items sent out from Camp Travis:

"Quartermaster Sergeant Voyl V. Beck left on the 26th of February on a furlough to his home in Weatherford, Texas. He received a telegram to come at once as his brother was dangerously ill. From the impression he left with the boys, he might do a little 'wooning' in Pecos before he returns, if he finds his brother better."

Mr. and Mrs. A. Tinnally left Monday night for Detroit, Michigan, their old home. Mr. Tinnally went on business for the Standard Operating Co. of Texas, and Mrs. Tinnally for a visit.

ELEGANT BANQUET TENDERED REDS' COMMITTEE AT CLOSE OF STAMP SALE CONTEST

As will be remembered, in the contest for the sale of Thrift and War Savings Stamps which closed last week, the competing parties were divided into Blues and Reds. This was also the case with the whole town which was similarly divided.

The High School Reds which so ably managed the sale in that branch, culminated the happy event Monday night by giving a bountiful supper to the Committee of Reds of the town branch.

On this occasion hot biscuits, baked chicken and dressing, gravy, creamed potatoes, peas, pear salad, coffee and lemon pie were served. The supper was elegantly served, and cooked to a queen's taste by the following, composing the High School Committee of the Reds: Misses Jewell Cowan, Novella Wilson, Dorisse Jones, Ora Pruett, Alice Hankins and Miss Burnett, ably assisted by Mrs. J. J. McCasland and Mrs. Lou Duncan. But be it here remembered that the entertainment was tendered by the entire High School Reds, all of whom contributed to this feast.

The members of the committee who had the pleasure of enjoying this elegant feast were: H. H. Johnson, J. G. Love, S. W. Ward, L. W. Anderson, W. H. Browning, Jr., W. A. Hudson, I. J. Sims, Dr. Jim Camp, T. E. Hayden, John Hibdon, Supt. J. J. McCasland and M. W. Collie, the latter being the manager for the Blues, who were successful in securing the greater number of sales of stamps.

This feast was prepared in the kitchen of the domestic science department of the Pecos High School, and was served in the dining room, both of which are in the basement.

The Enterprise wishes here to state if there is a young man in Pecos who loves to eat good things well prepared and elegantly served he would make no mistake in finding out who conducted the Thrift Stamp sale for the Pecos High School Reds and selecting therefrom a helpmeet. They are the very best in the land and know how to do things.

On this happy occasion Prof. Hayden acted as toastmaster, and each gentleman present responded in an appropriate toast.

NEW FURNITURE AND FIXTURES FOR WESTERN UNION

The Western Union Telegraph office has gone through a wonderful change during the past week. The office has been treated to a complete new dress in the way of office furniture and fixtures and it looks very civilized and the Pecos office can now boast of as elegant and conveniently arranged office as any along the line.

RED CROSS CHAPTER MAKES FINE SHOWING IN WORK

The Reeves County Chapter of the American Red Cross, Pecos, Texas, have shipped to the Bureau of Supplies, at St. Louis, Mo., for military relief, the following:

- Nov. 1: 24 suits pajamas. 24 operating caps. 24 hot water bags. 24 operating helmets. 24 ice bags. 30 comfort bags. December 1st: 1 safety razor. 5 pairs pajamas. 2 comfort kits, filled. 12 pencils and pads. 1 pack playing cards. 1 box dominoes. 8 tins of soap. 20 cakes of soap. December 31st: 5 grey sweaters. 6 khaki sweaters. 1 pair wristlets. 1 helmet. 3 mufflers. January 16th: 30 suits pajamas. 48 pairs of bed socks. 75 bed shirts. January 25th: 6 sweaters. 1 pair socks. 1 muffler. 1 helmet. February 7th: 25 pairs of pajamas. 40 bed shirts. 7 dozen wash rags. 19 sweaters. 3 helmets. 1 pair of socks. 2800 gun wipes. March 2nd: 25 pairs of pajamas. 95 bed shirts.

The above includes the output of Pecos and Hoban work rooms, and the sewing and knitting units. In addition to this Toyah's branch has made large shipments of hospital and knitted garments.

The surgical dressing unit, in charge of Mrs. Charske, works regularly on Mondays and Fridays. The regular class for surgical dressings convenes Tuesday, March 12, at 1 o'clock. All who are interested and desire to take the work are invited.

Everybody is cordially invited to work with any and all of these units at any and all times. We need your help, so do our brave boys at the front.

The above shipments represent an expenditure of some \$700 which has been raised by the ladies and loyal helpers of Reeves County Chapter.

Cincinnati authority tells how to dry up any corn or callus so it lifts right off

You corn pestered men and women need suffer no longer. Wear the shoes that neither killed you before, says this Cincinnati authority, because a few drops of freezone applied directly on a tender, aching corn stops soreness at once and soon the corn loosens so it can be lifted out, root and all, without a bit of pain.

A quarter of an ounce of freezone costs very little at any drug store, but is sufficient to take off every hard or soft corn or callus. This should be tried, as it is inexpensive and is said not to inflame or even irritate the surrounding tissue or skin.

If your wife wears high heels she will be glad to know of this. (Advertisement.)

THEY ALL DEMAND IT Pecos, Like Every City and Town in The Union, Receives It

People with kidney ills want to be cured. When one suffers the tortures of an aching back, relief is eagerly sought for. There are many remedies today that relieve, but do not cure. Doan's Kidney Pills have brought lasting results to thousands. Here is Pecos evidence of their merit: Mrs. R. E. Miller, Second & Elm Sts., says: "My back was weak and lame and I had a constant ache through the small part of it. My kidneys showed signs of weakness and annoyed me greatly. I did not take many boxes of Doan's Kidney Pills before I was cured and I have never found it necessary to take any since. I got Doan's Kidney Pills at the Pecos Drug Co."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Miller had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.—Advt. 10

SOLDIERS CIVIL RIGHTS ACT NOW GOES TO PRESIDENT

Washington, March 5.—Giving a sweeping protection to Uncle Sam's fighting men, the so-called soldiers and sailors civil rights bill was approved Monday night by Congress. President Wilson's signature is expected within a day or so.

Under the provisions of the bill the fighting men and their dependents are protected against eviction for the non-payment of rent, loss of life insurance through delayed payments, the execution of mortgages against their property; loss of their homes on which part payment has been made; count of absence or non-payment of taxes, or loss of contestants on account of absence or non-payment of fees.

All this protection is given on the condition that a man's personal ability to meet his obligations has been "materially affected" by his military service.

Whenever You Need a General Tonic Take Grove's.

The Old Standard Grove's Tasteless Chill Tonic is equally valuable as a General Tonic because it contains the well known tonic properties of QUININE and IRON. It acts on the Liver, Drives out Malaria, Enriches the Blood and Builds up the Whole System. 50 cents.

Every Texan is expected to save \$20 this year and invest it in Baby Government Bonds.

TRY IT! SUBSTITUTE FOR NASTY CALOMEL

Starts Your Liver Without Making You Sick and Cannot Salivate

Every druggist in town—your druggist and everybody's druggist, has noticed a great falling off in the sale of calomel. They all give the same reason. Dodson's Liver Tone is taking its place.

"Calomel is dangerous and people know it, while Dodson's Liver Tone is perfectly safe and gives better results," said a prominent local druggist who sells it. Dodson's Live Tone is personally guaranteed by every druggist who sells it. A large bottle costs 50 cents, and if it fails to give easy relief in every case of liver sluggishness and constipation, you have only to ask for your money back.

Dodson's Liver Tone is a pleasant-tasting, purely vegetable remedy, harmless to both children and adults. Take a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid stomach, or constipated bowels. It doesn't gripe or cause inconvenience all the next day like violent calomel. Take a dose of calomel today and tomorrow you will feel weak, sick and nauseated. Don't lose a day's work! Take Dodson's Liver Tone instead and feel fine, full of vigor and ambition.

USE THE NEWSPAPER

No business man in any town should allow a newspaper published in his town to go without his name and business being mentioned somewhere in its columns. This applies to all kinds of business—the general stores, dry goods, groceries, furniture dealers, manufacturing establishments, automobile mechanics, professional men, and in fact all classes of business men. This does not mean that you should have a whole page, or even a quarter page ad in every issue of the paper, but your name and business should be mentioned if you do not use more than a two-line space. A stranger picking up the paper should be able to tell just what business is represented in the town by looking in the paper. This is the best possible town advertiser. The man who does not advertise his business does an injustice to himself and to his city. The man who insists on sharing the business that come to the town, but refuses to advertise his business is not a valuable addition to any town. The life of any town depends upon the live, wide-awake and liberal advertising business men.

Every Texan is expected to join a war-savings society before March 15. Let's all be there when the noses are counted.

The U. S. Food Administration says: "Save Fats"

AND IT ADDS: "To save does not mean to do without. Use vegetable fats instead of lard and butter in your cooking."

THAT is the direct appeal of your Government. It calls for no sacrifice on your part.

—No sacrifice of nutriment because vegetable fats are rich, wholesome and pure.

—No sacrifice in economy because vegetable fats cost less than butter or lard.

The only change you are asked to make is a slight change in the way you cook—the shortening you use.

Fortunately, the country has right at hand an abundant supply of nutritious vegetable fats—of which Cottolene is a well-known and dependable example.

The change from lard and butter to vegetable fats is both simple and patriotic. Cottolene meets the needs of wholesome cooking, the requirements of economy, the wishes of the Government.

And what is the reason for the Government requirements? Simply this:

"Pork, ham, bacon, lard, condensed milk and butter can be shipped in concentrated space"—to feed the under-nourished women and children in stricken countries—to feed our own fighting men and the men of our Allies who are fighting in our defense.

WITH these compelling facts in mind, is it not a clear duty to put patriotism above cooking customs and use the nutritious, economical vegetable fats which nature has abundantly supplied?

Make your kitchen a patriotic kitchen and remember as you cook—every ounce of vegetable fat you use instead of lard and butter may mean saving the life of someone somewhere in the world.

UNSIGNED ARTICLES AND POETRY SENT PAPERS

The Index is continually receiving unsigned communications. These under the newspaper's ruling cannot be published. It is not that it is needful to publish the name, but all articles thus handed in must be signed that the staff may have the name. This is very important; thus unsigned articles need not be sent to the office, for they will not be published.

It has been necessary to make a ruling regarding the publishing of poetry for the present. It isn't that verses copied or of original composition are not worthwhile, beautiful or full of fire and noble sentiment, but just now war needs and war activities require the publishing of so many articles from various sources, all of which are most important, and as the setting up of poetry in type requires more time than ordinary copy, it has been found advisable to discontinue the publishing of poetry for a time, even in the social notes.—Mineral Wells Index.

It seems a hard matter to get the average newspaper correspondent to understand that he or she must sign their names to articles sent in for publication. Another thing, were the average publisher to publish all poetry that is handed in from time to time (and much not poetry at all) it would be "blown up." The fact of the matter is that there is hardly a week passes that someone does not hand in a batch of stuff "just to help fill the paper," when the editor is worrying fifteen hours a day in an effort to cut out. The one who hands in the stuff "just to help fill the paper" evidently knows very little of the trouble of the editor in getting room for the real live stuff which he can hardly afford to leave out.

The first installments of essays on "Why We Should Buy Thrift Stamps" was received this week, but too late for publication in this issue of The Enterprise. We will begin them next week and they will be interesting reading for all of us.

What we would like to know is where some of the older citizens kept themselves when they were kids, putting off taking mumps and measles until this late in the day.

Don't think for a minute because the several contests for sales of War Stamps have closed that you should let up buying them. The contests kind of drove the lesson of thrift into our minds, and showed us a safe and sane place to invest the pennies, nickels and dimes we were wont to waste on non-essentials. The sale of stamps will continue throughout the year 1918, according to the present program of the Government, so it behooves parents to see that the germs of thrift incubated during the past few weeks are nurtured until they mature, and thus open for the children the gates of a prosperous future.

The Sims-Jordan Hardware Company are patriotic to the core and have never failed to respond when called upon to pay for or assist in paying for a Liberty Bond, Thrift or War Savings Stamp ad. This week Mr. Sims called the editor to task for not placing the firm name at the bottom of the Thrift Stamp ad appearing in the Enterprise's issue of last week. The order now stand: "Put us in very time" as doing our full share towards every patriotic cause." That is the kind of instructions which not only makes the editor happy, but makes it possible for Reeves County to do her full share toward taking care of her obligations to the Government which is furnishing the people full protection from Prussianism.

The Enterprise has never yet fallen out with a man just simply because they could not believe alike. There are a few, even in Pecos, who not only do not believe in contributing a cent toward advertising Liberty Bonds or War Stamp sales. These same parties do not see the necessity of advertising their own wares. These are probably as patriotic citizens as others, but they need education in the matter of advertising. The Enterprise is too big to "get mad" with a fellow who does not see the benefit of advertising. He needs pity rather than censure. The most successful men in the world today, or yesterday, are the great advertisers. Uncle Sam knows the value of advertising, else he would not be spending thousands of dollars each month in an effort to get free advertising in the country press.

There are very few people in Pecos who are not patriots of the first class. There are only two or three who at any time when approached have refused to assist in paying for Liberty Bond, Thrift and War Savings Stamps ads running in The Enterprise. It has been the purpose of The Enterprise to make the cost to each as small as possible and, therefore, in order to keep from calling upon all at once and each time an ad was run, to call on only part of the business men at one time. Last week The Enterprise called on none but placed the names of those as contributing the space that the editor knew would "stand for it." The campaign has in a way just started and all hands will have to continue to contribute to this cause if we raise our quota—and Pecos and Reeves County have never yet failed to do their part.

This is one campaign year in which the Star man expects to be absolutely independent and we intend to let the politicians and office seekers fight their own battle and if they scalp each other it is none of our affair. It will be rather a novel experience for us if we can remain out of the scrimmage, but for over forty years we have taken an active part in each campaign, fought, bled and died, so to speak, for our man, but the thing is getting old with us and the love of political scapping has lost most of its charm for us.—Baird Star.

Same way over here, Bro. Gilliland it will be some relief to be out of a political scrap for a season, besides the usual politician is too prone to forget the cost to the editor for these scraps. If defeated they usually drop down and out, and if they take the paper at all are usually the last ones to pay for it and then would not take it if they could get along without it. Those who pay for what they get are usually the ones who appreciate the paper.

McFARLAND OF ALPINE FOR STATE SENATOR

In this issue of The Enterprise appears the announcement of Hon. M. M. McFarland of Alpine, as a candidate for the office of Senator of the 25th Senatorial District, subject to the action of the democratic primaries.

As to his qualifications and fitness for the office The Enterprise can probably not do better than copy from the Marfa Town Talk, which has the following to say of this gentleman:

"Mr. McFarland has been a member of the lower branch of the Legislature for the last two terms, and his record is well known to the people of this Representative District.

"Mr. McFarland has lived in West Texas for many years and has traveled over every county in West Texas. He probably knows more representatives in this section of the state than most any other man. His general knowledge of the great West, its needs and its possibilities, together with his experience and acquaintance in the Legislature, make him peculiarly qualified for the position to which he aspires.

"Mr. McFarland is a working man and knows and appreciates the life and needs of the working man. He knows the ranchmen of West Texas, and his life and his sympathy are with them. If he is elected to the Texas Senate, the interest of West Texas and of cattlemen in particular will be well cared for. We know Mr. McFarland personally, and know him to be honest, upright, capable and worthy. We commend him to the consideration of the voters of West Texas."

WSS FOR COUNTY JUDGE

In this issue will be found the announcement of Judge Jas. F. Ross as a candidate for reelection to the office of County Judge, subject to the action of the democratic primaries.

There is a lot of work for the Government attached to the judge's office on account of the war, which will have to be done gratis. Judge Ross has, in the past, done this work well and will continue to do so in the future, when necessary, neglecting his own private business. He has made an efficient officer and will probably have no opposition for this is his second term—and The Enterprise believes he should have none.

WSS GIBBS FOR DISTRICT JUDGE

Judge Chas. Gibbs announces in this issue of The Enterprise as a candidate for the office of district judge, subject to the democratic primaries. The judge has made a record for disposing of business which has not been excelled in this district for years. He has made a splendid judge and carries the endorsement of practically the entire bar of his district. He will probably not have an opponent—at least The Enterprise has heard of no prospective opponent for him.

WSS DRANE SEEKS REELECTION

Judge J. A. Drane announces this week as a candidate for reelection to the office of County Attorney of Reeves County, subject to the action of the democratic primaries. Judge Drane is a faithful worker, a good citizen, attentive to business and will make the fellow who opposes him a race which he will not soon forget—should he have an opponent. He solicits your support in his behalf.

WSS ELECTION PROCLAMATION

Whereas, the law provides for the holding of a general election on the first Tuesday in April, 1918, for the election of a mayor, a marshal and three aldermen for the town of Pecos City.

It is therefore ordered that such election be held in the town of Pecos City on April 2nd, 1918, as provided by law, for the electing of a mayor, a marshal and three aldermen for said town.

The polling place will be at the Fire Hall, and the officers appointed to hold such election are:

- E. L. Collings, presiding judge. C. S. McCarver, judge. R. E. L. Kite and T. H. Bomar, clerks.

This order and proclamation issued this March 1st, 1918.

J. E. STARLEY, Mayor.

Toyah News Items

Mr. J. L. Furr has moved to a place 3 miles below Pecos.

Dr. H. N. Lusk of Pecos, made a professional visit to Toyah Saturday. H. K. Jones left Monday for New Mexico to attend the Cartmen's Convention.

Dug Hart is now in the employ of the Reeves County Mercantile Co., as delivery man.

Mr. and Mrs. Gus Hopper have moved in from the ranch and will be regular acquisitions to Toyah.

George Bruce is now in town after a serious operation, made necessary by an accident and performed at the Hotel Dieu in El Paso.

Gus Hopper has bought the blacksmith shop from H. T. Mitchell. All of Gus' friends wish him the best of luck in the enterprise.

Chas Daniel, Mr. Felch, Miss Helen Ruhrop and Miss Maydell Birdwell made a trip over to Pecos Tuesday night to taken in the picture show.

Mrs. Wright, and Mrs. Reno, sister and niece of Mrs. E. B. Daniel, are here to spend the summer, at their summer home three miles from here.

Charles Louis Rupp very agreeably entertained the younger set last Friday night. Sandwiches and chocolate were served. Various games occupied the minds of those present until a move was made to disperse.

Prof. Gregory and his physics class made a trip to the old picture show building Wednesday, where they examined everything that looked like a motor or dynamo. Why can't Toyah have a laboratory for experimental work? It needs it bad enough.

Mrs. Ruth Dixon returned Sunday morning from a trip to Dallas where she went to study millinery. She spent Sunday at home and returned to Pecos Monday morning where she will be in the millinery parlors of Miss Poe for the season.

The Red Cross Society met Wednesday at the Baptist church. A talk on the war and what we can do to help, given by Mrs. Wright, was very much enjoyed. A first-aid class was formed, with Mrs. Wright as the leader, and will meet at the school house real soon for their first lesson.

LEAVING TOYAH

Before Leaving I Will Sell at a Sacrifice:

Wheel barrow, picks, shovels, hoes, 1-horse garden rake, tinner's tools, a 2-horse Fairbanks Morse gasoline engine, 3 heating stoves, 2 cook stoves and numerous other household articles and furniture.

If I have anything that you want, don't make me an offer unless you expect to buy, for I am going to sell.

WAR SAVINGS STAMPS

Thrift Stamps cost 25 cents each and draw no interest. You can buy them from your letter carrier, either city or rural route at the post office or your bank. You will be given a card to paste them on. This costs nothing. There are spaces for 16 Thrift Stamps on this card. When your card is full, take it to your post office or bank any time, with a few cents additional and your card will be exchanged for an interest-bearing War Savings Certificate worth \$5 on Jan. 1, 1923. This gives you 4 per cent interest compounded quarterly. You can buy 20 War Savings Certificates at one time. They will cost you \$2.40, and their face value at the time of redemption, January 1, 1923, will be \$100. War Savings Certificates may be registered at any post office of the First, Second or Third Class. War Savings Certificates may be converted into cash at the post office where issued if you need the money. You will get interest, too, at about 3 per cent.

STAY the Hand That Would Hoard the Pennies—

Guide It to Patriotic and Profitable Investment

The childish instinct tends usually toward saving. But to this instinct must be added a purpose in the saving. The mere hoarding of coin pleases a child's fancy, but it does not teach the lesson of thrift. Teach your child his first lesson of patriotism by making him a factor in aiding the government, and his first lesson of investment by placing his money where it earns interest. Thrift Stamps furnish the government with money for carrying on the war. They earn 4 per cent interest. Replace the penny bank with a Thrift Stamp Book.

FULL HOUSE GREET'S "LANDING OF IMMIGRANTS"

The Landing of the Immigrants as presented by home talent under the management of Mrs. J. H. Walker, at the opera house last night, drew a full house. The play portrayed the landing of immigrants from foreign countries at the port of Galveston, showing the examination of those entering. Sid Lasley as the doctor in charge of the department searching for microbes, and Earl Collings, specialist in the eyes and teeth, as well as Prof. Hayden, as clerk, did splendidly and deserve more mention than The Enterprise has time to give them this week.

The different nationalities were dressed in their native garbs and each did good acting, but Miss Irene Prewitt appeared to come in for the greatest praise. The Christian workers were there, too, to look after the soul's welfare.

It was a good play, well set and greatly enjoyed by the large house which greeted the players.

TWO TRACTS PURCHASED BY STEWART FOR \$6000

The northwest quarter of section 56 and the southeast quarter of section 94, both in block 13, on Toyah Creek, sold this week at sheriff's sale. The two tracts were purchased by W. W. Stewart for \$6,000.00.

There were no other bidders, and the wonder is why this land brought such a price. Mr. Stewart, however, knows the value of this land and was not asleep when he made the purchase. He has been in the Toyah Valley too long to be fooled.

40,000 POUNDS OF FLOUR DIVERTED TO GENERAL USE

SUPPLY FOR FARMERS CO-OPERATIVE ASSOCIATION IS COMMANDEERED BY FOOD ADMINISTRATION.

Forty thousand pounds of flour, consigned to a farmers' co-operative association at Groom, Texas, has been subject to a slight change in shipping directions and will instead be delivered to the retail merchants in the Groom territory so that the whole community will have the advantage of an abundance of flour instead of a comparatively few persons. The flour will be distributed by the retailers to the consumers on the fifty-fifty plan of one pound of flour for every pound of substitutes.

The farmers' associations, when advised by the Federal Food Administration of Texas, that although bought prior to the ruling on sales of flour, the shipment of flour comes under the ruling as to distribution, agreed to surrender its interest in the carload.

In cases where the government recommends that flour be distributed to the retail stores and not to consignees the Food Administration may commandeer the flour. The action of the Texas administration in disposing of this special case of 40,000 pounds of flour is a positive proof that nothing is being left undone to prevent concentrating in the hands of a few the nation's foodstuffs, but that all commodities needed for the public welfare are being distributed fairly and justly to rich and poor alike.
