Narrow Escape From Death in Deep Well

CHILD WEDGES 20 FEET BELOW SURFACE AND RESCUED BY ROPE LOOPED OVER FEET

An incident which had but the thickness of tissue paper between the humorous and the tragic occurred the forepart of the week out from Toyah where the railroad is drilling a big well for their water supply.

The scene is an attraction for several small boys who are found there nearly all the time, one of them the three-year-old son of one of the helpers. This lad while looking into the 20-inch hole lost his balance and fell head first into the hole. Hanging in the well, near the top was the sand-bucket, and the lad's head wedged in it, and he carried it with him in his descent. The well is a deep one and had he fell to the bottom death would have been instant. Luckily, however, he or the bucket wedged at about twenty feet from the top, and those who hurried to the opening could see his legs kicking vainly. He was cautioned to keep quiet, as he might jar loose the hold of the bucket, and a plan of rescue was decided on. One of the other boys was asked to volunteer and let himself be lowered into the hole with a rope to put over the lad's feet. There was nothing stirring, however. Another lad volunteered, but being too large, could not get very far from the surface.

It was then decided to make a loop to lower over the boy's feet and trust to the gods of fate. This was done by Jess Williams, the driller, and after nearly two hours' of as patient angling as was ever performed he succeeded in looping the lad's feet and drawing the rope taut. Then began the pull upward. About ten feet were negotiated when the child stuck hard and fast. The men realizing the responsibility turned to the father, who instructed them to pull their best. It was the proper stroke for the lad came loose and was brought to the top, where the bucket was taken from his head, it being on pretty tight, and next morning he was around the works as if nothing had happened.

Training Camps Models of Cleanliness

ALL VISITORS ARE PLEASANTLY SURPRISED AT CONDITIONS SURROUNDING OUR BOYS

"I wish that all the fathers and mothers who have sons at Camp Travis could have the opportunity of seeing the camp as I saw it," Governor R. L. Williams of Oklahoma has written Major General Allen, commanding the 90th Division. The sentiments of Governor Williams have been expressed just as many times as have the parents or friends of men at Camp Travis been able to visit the cantonment. They have been surprised, pleasantly surprised, at the surroundings, environment and the training of the men. Every person has gone away satisfied that those they love or are interested in are being given advantages that many have not had at their own homes, and advantages that might not have been possible if Uncle Sam had not become actively interested.

There is a decidedly erroneous impression among many that a special permit is necessary to visit the camp here. This is not the case. The authorities at Camp Travis are very desirous that these persons interested in the camp and the soldiers visit when possible that they may see the true American soldier in the making. That they may see the benefits accruing to those persons who are citizens of a democratic country.

Owing to the crowded conditions of hotels, boarding houses and rooming houses in San Antonio, it is to the interests of those contemplating a visit to have their friends or relatives engage accommodations for them before they arrive. The soldiers at the camp are drilling every day with the exception of Wednesday and Saturday afternoons and Sundays. These are the best times to visit the camp.

The wish expressed in the letter of Governor Williams to Major Allen was made after a most careful inspection of the camp in every particular. He came to Camp Travis interested in the progress and welfare of the soldiers from Oklahoma. He looked into every detail of their training, into their food, their quarters, their personal condition and the environment, and he went away frankly surprised at what the United States was doing for its men.

Any person visiting Camp Travis can look into the kitchens, or the barracks. They can see the food as it is served to the men, and their friends are always at liberty to ask them for a meal. They can see the men at their arms and recreation. They can visit the camp library and can visit the men's I. M. C. A. S. about the camp where moving picture shows, talks, and church services are held for the men.

There is at Camp Travis a Hostess House. This building with its broad verandas and easy chairs offers an ideal meeting place and rest room for visitors to the camp. There is a canteen in connection with the Hostess House where light lunch is served.

Visitors at Camp Travis are welcome at any time.

In order that a maximum of service can be obtained from all knitted garments furnished soldiers by the Red Cross and other societies and to do away with trafficking in these garments by unprincipled parties, all of these garments previously issued to the men are to be checked and at the end of the cold weather they will be collected, fumigated, and packed away for service when the cold winds again blow. In the future the Quartermaster's Corps will handle the knitted goods for the soldiers, thereby insuring their safety and equal distribution. This does not mean that the soldiers will be deprived of them, but that with limited space for care and protection of them, many might otherwise be torn or injured.

The order is likewise to break down a bit of possible German propaganda work. That was the circulation of rumors that soldiers were selling broadcast the sweaters that willing workers had provided them, for amounts from twenty-five cents to fifty cents, far less than the cost of the yarn itself. Under the new plan there will be no chance for consideration of such a rumor.

To the Car Owners

One of the most troublesome and expensive parts about your car is the tires

You sometimes hesitate as to the kind of tires to buy and whether one is worth repairing or retreading

We are doing an Extensive Vulcanizing business, and we have the machinery and experience to Give You Firstclass Work

Drive on Third Loan Starts Tomorrow

REEVES COUNTY'S QUOTA IS \$79,800 A CONSIDERABLE DECREASE FROM SECOND

The following telegram to Judge Ross is self-explanatory, and shows a considerable decrease in our quota for the Third Liberty Loan which starts tomorrow.

Let's all do "our bit" and do it quickly and thereby show to the world that we are in the fight to the bitter end, not only with our men but our money also. The telegram follows:

Jas. F. Ross, Pecos Texas.
Your county's quota for Third Liberty Loan is \$79,800. Tell civilians to go over top first week.

HOOPES.

FATHER IS ELECTED MAYOR

Belton Short received a message Wednesday from his father in Cleburne, making known the fact that on Tuesday he was elected mayor of that city. Belton is a long way from mayor of a city of the proportion of Cleburne, but he is making good here and there is no telling just what he will be by the time he attains the ripe old age of his father.

CHILD SEVERELY BURNED

Mrs. Beard, a sister of Mrs. Poer ranching between Pecos and Fort Stockton brought her little three-year old daughter to town yesterday for treatment, the little one having been severely burned.

Pecos Fire Insurance Rate Lowered

A DEDUCTION OF 15 PER CENT FROM FINAL RATE ON POLICIES FROM APR. 1 TO DEC. 1

The Pecos fire boys are always on the job and their splendid work in fighting fires is having its effect, which will be seen by the following new rates sent out by the Fire Insurance Commission to agents in Pecos:

A statement showing that the loss ratio of Pecos for the years 1915, 1916 and 1917 is .286 has been filed with, and has been checked and approved by the State Fire Insurance Commission. Under the provisions for credit for good fire record of cities and towns shown on page 22 of the 1915 edition of the Texas General Basis Schedules, this record entitles Pecos to the maximum credit of 15 per cent which local agents are to deduct from the Final Rates on all policies written on, or after April 1, 1918, to December 31, 1918, only, and covering property located within the corporate limits of Pecos.

Policies taking effect prior to April 1, 1918, are not affected, or to be disturbed, except by cancellation in strict accordance with the terms and conditions of the policy.

This credit does not apply to policies written on or after January 1, 1919.

W. C. Cotton was in from his ranch Wednesday on business and spent some time shaking hands with Pecos friends.

RESULTS OF CITY ELECTION

As is generally the case, very little excitement marked the city election which was held Tuesday. The main opposition centered in the marshal's race, with signs of conflict in that of the secretary's office, which was filled this year, for the first time by election instead of appointment by the council.

The following will show that no change has been made in the official city family over that of 1917:

For mayor:

| | |
|--------------------------------|-----|
| J. E. Starley, re-elected..... | 167 |
| J. S. Johnson | 4 |
| C. S. McCarver | 1 |

For Aldermen (3 to be elected):

| | |
|------------------------|-----|
| Sam Prewit | 171 |
| B. T. Biggs..... | 165 |
| R. E. Williams..... | 169 |
| Chas. Fitzgerald | 4 |
| T. H. Beauchamp | 1 |
| E. L. Collings | 1 |
| Earl Collings | 1 |
| Jno. Hudson | 1 |

For City Secretary:

| | |
|---------------------|-----|
| Monroe Kerr | 123 |
| Max Krauskopf | 52 |

For City Marshal:

| | |
|-----------------------|----|
| M. L. Roddy | 95 |
| R. G. Middleton | 80 |

FREE EXHIBIT OF WAR RELICS

There is coming to Pecos on April 20th one of the most wonderful exhibits ever brought to this country. It will be an exhibit of war-relics fresh from the great battlefield of Europe.

The exhibit will consist of almost everything that is used in modern warfare that can be transported without difficulty, among which will be aeroplanes, Zeppelin bombs, hand bombs, helmets, cannons, trench periscopes, etc. A wonderful exhibition that you should see.

With the exhibit will be speakers who will explain everything. The exhibit belongs to the French Government and is free to all who wish to get a near view of the great war.

Meets With Commissioners Court

T. G. MARKS EXPLAINS RELIEF MEASURE.—WARNS AGAINST PINK BOLL WEEVIL PEST

Mr. T. G. Marks, who is representing the State in making loans to the different counties in the drought-stricken sections of Texas, met with our Commissioners' Court last Monday and explained how each county can get \$30,000 to help those who are in such condition that they cannot get help to buy seed to plant or feed for their teams. This help, however, can only be secured after the county has exhausted all of its general fund.

The Reeves county Commissioners decided that there was no one in such straits as to necessitate this loan. Mr. Marks gave some very sound advice as to the caution that should be exercised with everything that is shipped out of Old Mexico, especially cotton, on account of the pink boll worm. He said that a few oil mills shipped cotton out of Mexico last fall and introduced the pink boll worm in several places in Texas, and that all of these points in Texas were now quarantined. The grave danger, he stated was that the entire State may be quarantined against by all other states, and should this happen it would ruin the prices of our cotton, as it could not be shipped to any cotton mill of the South.

He stated that the pink boll worm lives in any climate where cotton is grown, and that it is something to be feared, and that our proximity to the border makes it all the more necessary for every one to be careful in shipping anything out of Old Mexico.

Mr. and Mrs. John Baker moved last week into housekeeping apartments at the home of Mr. and Mrs. John DeRacy.

Campaign for Good Roads Continues

BRANCH OF THE OZARK TRAILS ASSOCIATION IS FORMED IN PECOS WITH 16 MEMBERS

The Enterprise last week failed to make note of the visit to Pecos the forepart of the week of B. F. Bennett, secretary of the Chamber of Commerce of Seymour, who came here in the interest of the Ozark Highway from Lawton, Okla., to El Paso, via Seymour, Abilene and Pecos.

A meeting of the citizens of the town was held in the Commercial Club rooms at which Mr. Bennett laid the plans before the people, showing the advantages of such a highway, and making a strong appeal for the support of our people in the interest of this project. He made a splendid talk of some length which was listened to with marked attention.

Judge Ben Palmer, an old Erath county friend of Mr. Bennett, introduced the speaker in a few well-chosen words.

At the conclusion of Mr. Bennett's talk an organization was perfected of our forces with sixteen members. This is only a branch of the Ozark Trails Highway Association. T. Y. Casey was unanimously elected vice-president, the president being an Abilene man. Committees were also appointed to canvass the town and solicit additional members.

A. D. Linton stated that he wished the honor of being the first one in Pecos to join the association and placed his name at the head of the list.

'FATHER LIKES IT.' Miss Tullia A. Richmond, Home Demonstration Agent in Parker county, makes the following interesting report to the Extension Department of the A. & M. College: 'I talked on the necessity of conservation and made plans for a demonstration of substitute foods the next afternoon. This was the first demonstration work of this kind, I believe to be done in this county by our agents, and it was received with great enthusiasm. Notwithstanding the severe cold weather, I found twelve ladies from town, seven lady teachers and eighty school girls over ten years of age waiting for our first lesson, which was on the use of nuts as meat substitutes. The next afternoon it was much colder, yet eighty-seven girls and the teachers and sixteen ladies from town were present. Ten reported that they had tried the receipts of the days before at home, and said 'Father likes it.' That afternoon we had a few wheat and sugar substitute receipts.'

Self Defense DEFEAT BACKACHE AND KIDNEY TROUBLE WITH ANURIC. Many people in Texas, elsewhere, have suffered from rheumatism and kidney trouble and have found Anuric to be the most successful remedy to overcome these painful and dangerous ailments. The lucky persons are those who have suffered, but who are now well because they heeded Nature's warning signal in time to correct their trouble with that wonderful new discovery of Dr. Pierce's, called "Anuric." You should promptly heed these warnings, some of which are dizzy spells, backache, irregularity of the urine or the painful twinges of rheumatism, sciatica or lumbago. To delay may make possible the dangerous forms of kidney disease, such as stone in the bladder. To overcome these distressing conditions take plenty of exercise in the open air, avoid a heavy meat diet, drink freely of water and at each meal take Anuric Tablets (double strength). You will, in a short time, find that you are one of the firm indorsers of "Anuric." All druggists sell Anuric for 60c; or send Dr. V. M. Pierce, Invalids' Hotel and Surgical Institute, Buffalo, N. Y., 10c. for trial package. JACKSBORO, TEXAS.—"I am more than well pleased with the Anuric Tablets. I was disturbed five to eight times at night and sometimes more. I was so well pleased with the first supply of Anuric that I went to town and bought two bottles. It is the only thing that ever gave me any relief for the kidneys and I want the word of sufferers to know it. I think Anuric is the best medicine on the market to-day."—A. J. MILLER. Dr. Pierce's Pellets regulate and invigorate stomach, liver and bowels. Put up in 25-cent tins and sold by all druggists. They are tiny, sugar-coated. Contain May-apple, jalap—harmless but efficient.

Keep Well Do not allow the poisons of undigested food to accumulate in your bowels, where they are absorbed into your system. Indigestion, constipation, headache, and blood, and numerous other troubles are bound to follow. Keep your system clean, as thousands of others do, by taking an occasional dose of the old, reliable, vegetable, family liver medicine.

And so on, through vegetables, wheat, etc., down to zoology. All that is necessary to get information on any one of these subjects is to know just which one of Uncle Sam's offices in Washington one should address, but here a very real trouble arises. These departments and bureaus are so numerous that a close study of them is necessary in order to know just where to write for information on some particular subject. And thus it happens that the pamphlets are largely distributed by enterprising Congressmen who wish to be popular with their constituents. By this method of distribution, a man who lives on the twentieth story of a New York apartment house, perhaps gets a bulletin on how to raise cabbage, when what he needs is information on how to get rid of cockroaches, while the man on the farm gets a pamphlet suggesting a new system of bookkeeping for manufacturers. There are, of course, many intelligent and conscientious Congressmen who are alive to the needs of their communities, but on the whole, some better method of distribution should be devised than the one which requires that the attention of one man should be divided among over 200,000 constituent of different needs and tastes. It is a little too much to expect him to know just what young mothers there are in his community who would gladly welcome advice on how to care for the first baby. How can he know just which school teachers in his district would make an intelligent use of, for instance, the pamphlet "Farm Accounting" in connection with the lessons in arithmetic? It never occurs to Mrs. John Smith to write to the Hon. Cavendish Huntington Pratt, House of Representatives, Washington, D. C., asking how to make bread, or for recipes for making Welsh rarebit or other cheese dishes. Neither does Johnny Smith think of writing to such an august person when he is fired with an ambition to earn the money for Thrift Stamps and circus tickets, by raising a pig or Belgian hares. And when Susie Jones' white hen refuses to lay, she never dreams that a member of Congress could find out how Biddy should be fed and housed in order to start her off producing eggs. There should be some one whose sole duty it is to read the letters of Mrs. Smith, and Johnny, and Susie, with careful attention and real interest, and then send them on to that particular branch of the Government from which the information will be cheerfully sent. Uncle Sam is too busy fighting the Huns to appoint such a person. Therefore the Radcliffe Chautauqua System has seized the opportunity to render a patriotic service by supplying the need itself. It does this from motives of patriotism and to promote education. If any of the subjects enumerated in the foregoing interest any reader of The Enterprise he can be put in line to receive interesting Government Bulletins, by writing to the Radcliffe Chautauqua System, New Masonic Temple, Washington, D. C. Not more than two subjects should be asked for. Also, if the personal problem of any young man or woman is how to get an education, the Radcliffe System will be glad to help him or her find a solution. These services are entirely without charge. Piles Cured in 6 to 14 Days Your druggist will refund money if PAIN OINTMENT fails to cure any case of itching, bleeding or protruding Piles in 6 to 14 days. The first application gives Ease and Rest. 50c.

LEGAL BLANKS The following legal blanks are for sale at The Enterprise and Pecos Times office: Release to mortgage deed of trust. Transfer of Vendor's Lien Notes. Bills of Sale, large form. Warranty Deeds, single and Joint acknowledgements. Deeds of Trust. Quit Claim Deeds. Crop Mortgages. Bond for Title. Land Leases. Installment blanks—partial payment. Writs of Attachment. Affidavit to an Account. Chattel Mortgages, — short form. Chattel Mortgages — long form. Stock Bills of Sale, in books. Application to purchase additional land. Commission to take deposition in Texas. Installment Notes. Vendor's Lien Notes. Cattle Bills of Sale. Oil and Gas Leases. Contracts to sell cattle. Oil and Mineral Leases and Contract. Promissory Notes. School Land Deeds. Leases—City Property. Power of Attorney. Several others. Call around a look them over.

Everybody that is situated to do so should by all means hatch all the chickens they can possibly take care of. You will find that you can sell your surplus at a big price. The demand for poultry and eggs never was better. Next year the price of feed and eggs will be so related to each other as to make it possible to realize a fair profit. The past year the price of eggs and poultry did not increase proportionately with the price of eggs feed. Everybody who does not hatch and raise all the chickens they can this spring is not doing his or her full duty to the country—you are not the best citizen. Now is the time to hatch and keep on hatching. Early hatches are profitable. Now is the time to begin your spring drive against lice, mites, fleas, and blue bugs. Use sodium fluoride for the lice and Beaumont oil or wood preservatives for mites. It is important that you begin now. Sodium fluoride may be applied pure, as a powder by the so-called pinch method (all you can hold between two fingers) on ten different parts of the body close on the skin. Birds may be dipped into the following solution: 2 ounces sodium fluoride to 1 gallon water. Paint fixtures and all perches with Beaumont oil or wood preservative to kill mites. Do it now. Get a start with standard bred stock. Buy at least 100 eggs for hatching from standard bred variety. Standard bred stock is much more profitable. Join the ranks of standard-bred poultry raisers. Join the famous army of pure-bred chicken raisers that slowly but surely are marching onward and onward on their way to Berlin and to the everlasting destruction of autocracy. Let the HEN whip the Hun. She can do it, provided she is a standard-bred hen. The scrub cannot.—F. W. Kazmeier, of Texas A. & M. College.

Drives Out Malaria, builds Up System The Old Standard general strengthening tonic, GROVE'S TASTELESS CHILL TONIC, drives out Malaria, enriches the blood, and builds up the system. A true tonic. For adults and children. 60c. More than 1,600 tons of anthracite coal were condemned in Pennsylvania markets by representatives of the Fuel Administration recently in the campaign to compel the delivery of clean coal. Pecos People Have Good Reason for Complete Reliance Do you know how— To find relief from backache; To correct distressing urinary ills; To assist weak kidneys? Your neighbors know the way— Have used Doan's Kidney Pills; Have proved their worth in many tests. Here's Pecos testimony: Mrs. H. A. Clifton, Sixth St. says: "I have used Doan's Kidney Pills for weakened condition of the kidneys and from the good results obtained I know they are a good, reliable medicine. I gladly advise anyone to get a box at the Pecos Drug Co., if troubled by weak kidneys." Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the kind that Mrs. Clifton had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.—Adv.

You can do it by depositing your money with us, as we in turn keep part of it on deposit with our Federal Reserve Bank, where it will be ready for you when needed. In this way, without cost, you can strengthen the system and secure for yourself its protection. The First National Bank Pecos, Texas Send for Booklet, "HOW DOES IT BENEFIT ME?"

Send for Swift & Company's 1918 Year Book

It shows that Swift & Company sells the meat from a steer for less money than the live steer cost!

Proceeds from the sale of the hide, fat, and other by-products covered all expense of dressing, refrigeration, freight, selling expense and the profit of \$1.29 per steer as shown by Swift & Company's 1917 figures as follows:

| | |
|--|---------|
| Average price paid for live cattle per steer | \$84.45 |
| Average price received for meat | 68.97 |
| Average price received for by-products | 24.09 |
| Total received | 93.06 |
| This leaves for expenses and profit | 8.61 |
| Of which the profit per steer was | 1.29 |

There are many other interesting and instructive facts and figures in the Year Book.

We want to send our 1918 Year Book, to anyone, anywhere - free for the asking. Address Swift & Company, Union Stock Yards, Chicago.

Swift & Company, U. S. A.

DELICIOUS CORN MUFFINS.

Here's an old fashioned recipe for corn muffins that has recently been revived and used with unusual success in several of the larger New York hotels: To make three and a half dozen muffins take one quart milk, six ounces butter substitute, twelve ounces of light syrup or honey, four eggs, pinch of salt, two ounces baking powder, one and a half pounds cornmeal and one and a half pounds rye flour. The butter and syrup should be thoroughly mixed; then add the eggs gradually. Pour in the milk and add the rye flour mixed with cornmeal and baking powder.

\$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts thru the Blood on the Mucous Surfaces of the System thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, Ohio. Sold by all Druggists. Tc.

If You Want a good gas engine to run stock water pump see Hibdon at The Enterprise office. Two good ones and both Fairbanks-Morse make. Either one at a bargain.

NOTICE BY PUBLICATION

The State of Texas and County of Reeves

To John C. Swan, and all persons owning or having or claiming any interest in the following described land delinquent to the State of Texas and County of Reeves, for taxes, to-wit:

Taxes for year 1916 on Section No. 3, Block 56, Tsp. 7, T. & P. Ry. Company survey in Reeves County, Texas.

Which said land is delinquent for taxes for the following amount: \$17.32 for State and County taxes, and you are hereby notified that suit has been brought by the State for the collection of said taxes, and you are commanded to appear and defend such suit at the April term of the District Court of Reeves County, and State of Texas, to be convened April 22, 1918, at Pecos, Texas, said suit being styled The State of Texas vs. John C. Swan, No. 358a, and show cause why judgment shall not be rendered condemning said land and ordering sale and foreclosure thereof for said taxes and costs of suit.

Witness my hand and the seal of said court, at office in Pecos, Texas, this the 27th day of March, A. D. 1918. (Seal) S. C. VAUGHAN, Clerk, Dist. Court, Reeves Co., Texas By Maggie Glover, Deputy.

WHAT YOUR LIBERTY BOND WILL ACCOMPLISH

A \$1000 bond will buy six cases of operating instruments for a base hospital, or furnish pistols for a rifle company, or one motor kitchen.

One thousand five hundred dollars of Liberty Bonds will buy a motor ambulance, or a motor car for a machine-gun battalion.

Two \$1000 bonds will buy a motor truck; three \$1000 bonds will buy rifles for a Field Artillery battery, or supply horses for a Field Signal battalion.

Four \$1000 bonds will buy a tractor; five \$1000 bonds will buy one Liberty truck, or seven Lewis machine guns, or equip a rifle company with rifles.

Six \$1000 bonds will buy a Liberty motor; seven \$1000 bonds one training plane; nine \$1000 bonds one observation balloon.

Ten thousand dollars of bonds will fully equip three hospital wards of 50 beds each, with all linen, clothing and other necessities, or buy six large wholesale sterilizing outfits, or six motor ambulances.

FEDERAL LAND BANKS LOAN \$13,000,000 IN FEBRUARY

During February, with 23 business days, \$13,878,811 were loaned to farmers by the Federal land banks, according to a statement of the Farm Loan Board. This is \$2,091,294 more than the January total.

On March 1 the total amount of mortgage loans placed since the establishment of the Federal land banks is \$64,532,343, covering 28,495 loans.

WHAT IS A WAR PIE?

A war pie is made with one crust, an upper or a lower crust.

But a war pie goes one step further than dispensing with one crust. A war pie must give up its share of wheat to help the Food Administration send more wheat abroad.

After you have learned to make this potato pie-crust, you will hold on to the recipe even in peace times. For the pie-crust is both nutritious and delicious. The potato adds valuable mineral salts. And the use of the vegetable fats supply a share of body energy.

It is especially good for meat pies and turnovers and tarts. As crust made with potato shrinks in the baking, so be sure to allow for shrinkage by cutting a little larger than when white flour alone is used.

Recipe for the potato pie-crust: 1-2 cup cold mashed potatoes. 1 cup white flour. 1-4 teaspoonful baking powder. 1-4 teaspoon salt. 1-4 cup Cottolene. Ice water.

Cut mashed potato into the flour into which the salt and baking powder have been sifted. Then cut in the chilled Cottolene. After this is thoroughly blended add a little ice water to make stiff batter. Roll on slightly floured board. Fold over and chill. Then roll again and fit to pressed pie pan. This will make two pies with lower crust only.

MUST HAVE PERMIT TO CHANGE RESIDENCE PLACE

German alien enemies must obtain a permit before they can change their present place of residence. A circular from the Attorney General, addressed to United States Marshal, J. H. Rogers, which the latter requests The Enterprise to publish, is as follows:

A German alien enemy changing his place of residence to another place within the same registration district shall immediately report such change to the registration officers of the registration district and present to such officers his registration card for the purpose of having endorsed thereon by such registration officers the change of residence. The German alien enemy who desires to change his place of residence to a place within another registration district must obtain a permit. Such German alien enemy must present himself to the registration officer of the district in which he then resides and make application for a permit on a form supplied by the registration officer and present his registration card to the registration officer for the purpose of having his change of residence, if granted, endorsed on the registration card. If the registration officer denies the application there may be an appeal to the United States Marshals of the Judicial Districts for the final action under certain circumstances set forth in Article 13, Paragraph 3, of General Regulations. A change of residence in violation of the regulations subjects an alien enemy, among other penalties, to arrest and detention for the period of the war. The registration officers who acted in the registration of alien enemies shall continue to act as registration officers for the purposes set forth in respect to permits for change of residence. All necessary forms will be supplied to the registrars by the United States Marshal upon application for same. J. H. ROGERS, United States Marshal.

THIS COW YIELDS OVER 40 LBS. BUTTER PER WEEK

Minnesota has now the honor of having a forty-pound cow. The purchased Holstein, Bess Burke Ormsby, 203801, recently completed her test with the production of 42.31 pounds of butter in seven days.

With this record Bess Burke Ormsby becomes the twenty-eighth purchased Holstein cow that has yielded more than forty pounds of butter in a week.

Bess Burke Ormsby has a record of 21.39 pounds of butter in seven days as a two-year-old with a yearly record of 356.46 pounds of butter made from 17,935.7 pounds of milk. Her next record was made at the age of 4 years, 1 month, at which time she yielded 29.32 pounds of butter from 553.1 pounds of milk in seven days. This time she freshened at 2 months over 5 years and her figures for the first seven days were 42.31 pounds of butter made from 558 pounds of milk. She is running very nicely and will be continued for a yearly mark.

WHEATLESS BISCUITS.

Parched cornmeal is the feature of these excellent wheatless biscuits. First, the cornmeal—one-half a cup—is put in a shallow pan placed in the oven and stirred frequently until it is a delicate brown. The other ingredients are a teaspoon of salt, a cup of peanut butter and one and a half cups of water. Mix the peanut butter, water and salt and heat. While this mixture is hot stir in the meal which should also be hot. Beat thoroughly. The dough should be of such consistency that it can be dropped from a spoon. Bake in small cakes in an ungreased pan. This makes 16 biscuits, each of which contains one-sixth of an ounce of protein.

SUMMER CAMP FOR STUDENTS

The students at the University of Texas who are members of the University Reserve Officers' Training Corps, will be sent to Camp Mabry at the close of the present school session for a month's intensive training, according to an announcement recently made by General Luther R. Hare, commandant of the University R. O. T. C. The temporary buildings heretofore used by the State National Guard in their annual encampments will be utilized by the Corps. More than 600 men students of the University will go to the camp.

In order to meet the expenses of the camp the legislature just before the close of the special session appropriated \$20,000, and this amount will be supplemented with additional appropriations should it prove inadequate. The equipment will be supplied as far as possible by the War Department.

IT SHOULD MAKE A MILLION FOR HIM

Cincinnati Man Discovers Drug That Loosens Corns So They Lift Out

Good news spreads rapidly and the drug freezone, the recent discovery of druggists here are kept busy dispensing a Cincinnati man, which is said to loosen any corn so it lifts out with the fingers.

A quarter of an ounce costs very little at any drug store which handles drugs, but this is said to be sufficient to rid one's feet of every hard or soft corn or callous.

You apply just a few drops on the tender, aching corn or toughened callosities and instantly the soreness is relieved and soon the corn or callous is so shriveled that it lifts out without pain. It is a sticky substance which dries when applied and never inflames or even irritates the surrounding skin.

This discovery will prevent thousands of deaths annually from lockjaw and infection heretofore resulting from the suicidal habit of cutting corns.

A Cure for Pneumonia is Discovered

MAY BE LONG SOUGHT REMEDY FOR DREAD MALADY.—TRY IT IF YOU WISH

The following "cure for pneumonia" is going the rounds of the press. The "remedy" was written by Marcus A. Redding, of Los Angeles, California, and was first published in the Los Angeles Record. Here it is: "During my stay in Pasadena, in 1907-1908, I read in Los Angeles papers of deaths from pneumonia of from two to five persons every twenty-four hours. On the 27th of February, 1909, I got the following prescription inserted in four of the Los Angeles daily papers; the public read it, and the next day the high death rate dropped suddenly, the papers only recording one death a day.

"This simple remedy was discovered twenty years ago, and can be had at any drug store for 30 cents. I am ready to defend this remedy as an absolute cure for pneumonia, even in the last stages. "The remedy is: Saturate a ball of cotton one inch in diameter with spirits of grain alcohol and three drops of chloroform to each ball of cotton, place it between the patient's teeth (after first using vaseline to prevent burning) and let the patient inhale the fumes in long, deep breaths for fifteen minutes, then rest for fifteen minutes or more; inhale again, and repeat the above for 20 times. "The result will be the lungs will relax and expand to their normal condition, and in 24 hours the patient is out of danger, and in 48 hours cured, although weak. "Change the cotton every seven minutes, else the saliva will dilute the alcohol. "Doctors, try this for humanity's sake. "Cut this out and save it, as it may save a life."

WHEREFORE plaintiff prays that the defendants and each of them be cited to answer this petition, and that he have judgment for the title and possession of the above described premises and that the cloud on his title thereto by reason of the adverse claims of the defendants and each of them be removed, and for his damages and for costs of suit, and for such other and further relief as in the premises he may be entitled at law or in equity. Herein fail not, but have before said court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same. Given under my hand and the seal of said court, at office in Pecos, Texas, this the 20th day of March, A. D. 1918. (Seal) S. C. VAUGHAN, Clerk Dist. Court, Reeves Co., Texas. By MAGGIE GLOVER, Deputy. First insertion, March 22. Last insertion, April 12.

CITATION BY PUBLICATION

THE STATE OF TEXAS To the Sheriff or any Constable of Reeves County—Greeting:

You are hereby commanded to summon Chas. D. Lyon by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, to appear at the next regular term of the District Court of Reeves County, to be holden at the Court House thereof, in Pecos, Texas, on the 4th Monday in April, A. D. 1918, the same being the 22nd day of April, A. D. 1918, then and there to answer a petition filed in said Court on the 27th day of March, A. D. 1918, in a suit, numbered on the docket of said Court No. 1781, wherein J. G. Massie is plaintiff and Chas. D. Lyon is defendant, and said petition alleging that the defendant executed a certain promissory note bearing date of June 17, 1911, as follows: On the 17th day of each and every month after the 17th of June, 1911, the said Chas. D. Lyon promised to pay to John H. Wolf the sum of Twenty (\$20.00) Dollars, until the full sum of \$1320.00 was paid, with interest thereon at 5 per cent from date, interest payable \$20.00 per month after the principal of \$1320.00 had been paid, said note providing that failure to pay any installment when due thereon should, at the election of the holder, mature said note; said note providing for 10 per cent attorney's fees, and being signed by Chas. D. Lyon and payable to said John H. Wolf. That said note was given for a part of the purchase money of the following described land situated in Reeves County, Texas: The East one-half of Subdivision No. 2, in Section No. 1, in Block No. 2, H. & G. N. R. Company's survey, containing 20 acres. That said property was on said above named date conveyed by said John H. Wolf to said Chas. D. Lyon, and a lien was retained in said conveyance to secure the payment of the note described above. That said John H. Wolf has transferred and sold said note to the plaintiff, J. G. Massie, and that defendant has failed to pay the installment of \$20.00 due on January 1st, 1917, as well as a number of installments previous thereto and that he has paid none of the installments subsequent to said date. That the plaintiff has declared said note due and has placed the same in the hands of attorneys for suit, and prays judgment for the amount of said note, principal, interest and attorney's fees, and for a foreclosure of his lien on said above described land, and for costs of suit. Herein fail not but have before said court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same. Given under my hand and the seal of said court, at office in Pecos, Texas, this the 17th day of March, A. D. 1918. (Seal) S. C. VAUGHAN, Clerk Dist. Court, Reeves Co., Texas By Maggie Glover, Deputy.

NOTICE BY PUBLICATION

The State of Texas and County of Reeves

To M. V. Douglas and Mrs. M. V. Douglas, and all persons owning or having or claiming any interest in the following described land delinquent to the State of Texas and County of Reeves, for taxes, to-wit:

The West 83 feet or Lot 13, Block No. 6, in Pecos City, Texas.

Which said land is delinquent for taxes 10 years 1915 and 1916 for the following amount: \$219.18 for State and County taxes, and you are hereby notified that suit has been brought by the State for the collection of said taxes, and you are commanded to appear and defend such suit at the April term of the District Court of Reeves County, and State of Texas, to be convened April 22, 1918, at Pecos, Texas, said suit being styled The State of Texas vs. J. F. H. Lipscomb, et al, No. 412a, and show cause why judgment shall not be rendered condemning said land, and ordering sale and foreclosure thereof for said taxes and costs of suit.

Witness my hand and the seal of said court, at office in Pecos, Texas, this the 27th day of March A. D. 1918. (Seal) S. C. VAUGHAN, Clerk, Dist. Court, Reeves Co., Texas By Maggie Glover, Deputy.

CITATION BY PUBLICATION

THE STATE OF TEXAS To the Sheriff or any Constable of Reeves County—Greeting:

You are hereby commanded to summon Dallas Capps and D. J. Hunter by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in any newspaper published in the 70th Judicial District; but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest District to said 70th Judicial District, to appear at the next regular term of the District Court of Reeves County, to be holden at the Court House thereof, in Pecos, Texas, on the 4th Monday in April, A. D. 1918, the same being the 22nd day of April, A. D. 1918, then and there to answer a petition filed in said court on the 19th day of March, A. D. 1918, in a suit numbered on the docket of said court No. 1780, wherein E. N. Heath is plaintiff, and Dallas Capps and D. J. Hunter are defendants, and said petition alleging: That on the 18th day of January, 1918, plaintiff was and now

LEGAL NOTICES

is, at the date of filing this suit, lawfully seized and possessed of the tract of land, namely, Section Twelve (12) Block C-8, Public School Lands, in the County of Reeves and State of Texas, holding the same in fee simple title.

Second: That each of the defendants is setting up some pretended claim to said premises and that each and all of said claims constitute a cloud on plaintiff's title thereto.

Third: That the plaintiff, claiming said premises under deeds duly registered, has had peaceable, continuous and adverse possession thereof, using any enjoying the same, and paying all taxes due thereon, for a period of more than five years after the cause of action of the defendants each of them accrued and before the filing of this suit.

WHEREFORE plaintiff prays that the defendants and each of them be cited to answer this petition, and that he have judgment for the title and possession of the above described premises and that the cloud on his title thereto by reason of the adverse claims of the defendants and each of them be removed, and for his damages and for costs of suit, and for such other and further relief as in the premises he may be entitled at law or in equity.

Herein fail not, but have before said court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said court, at office in Pecos, Texas, this the 20th day of March, A. D. 1918.

... This paper has enlisted with the government in the cause of America for the period of the war ...

What do you do with you extra hour of daylight?

Of course you are doing your best to raise a war-garden. Most everyone is these days. It's one of the signs of where you stand today.

Will somebody please bring us a map of Europe. We haven't heard anything from our old friend Fritz in so long, we're afraid he absconded and took the empire of Russia with him.

Its very unpopular these days, in Pecos, to greet your friend by grabbing his arm, or hers, especially if it be the left arm. Remember that; so instead of this form of greeting, pat him on the back.

The Third Liberty Loan is with us, and our quota, though considerably less than at the second call is, considering conditions, a big bite. We feel sure that Reeves county will rise to the occasion and do its full duty regardless of the long drouth.

Preaching at nine o'clock at all the churches next Sunday. Well, it is a good thing that our present resident pastors are all sensible. If they were like many we have known, we'd be bidding each other good morning after the evening services were over.

There is something about a uniform, whether of the army or navy, that is irresistible. Every time one of our boys comes home on furlough it is the signal for two or three more to respond to the call to service. We said it was the uniform, maybe we are mistaken; there may be much weightier argument in the glowing tales that the wearers tell.

Ain't Austria the little peacemaker, though. After every setback the Huns receive out comes the little white rag, which is chewed until Germany gets its breath. From all accounts Czerin has tooted his last lullaby to the Allies. Victory first, peace as the result, is the line of least resistance, and our officers have come to that conclusion.

All eyes are centered on the big league melee in Europe, and have no

time to notice the minor stuff being pulled off on the border. Major Langhorne, however, will soon have the fear of the Lord beat into those greasers if they don't behave, and we are afraid that Uncle Sam will have to declare a closed season before very long, or the Major will clean up.

The withdrawal from the race for governor of Earl B. Mayfield, followed closely by that of Attorney General Looney, leaves only Governor Hobby and Clark of Erath in the race. Of course, Jim Ferguson is still running but the suffrage bill passed by the special session of the Legislature, just adjourned, will put a crimp in any hope he or his friends may ever have had, and as the matter now stands it would seem as if Hobby will have easy sailing.

The Enterprise is this week publishing a "cure for pneumonia." The "cure" is now going the rounds of the press and may be just the thing the people have been needing to know for all these years. Those who care to try it are at liberty to do so, but should the editor of The Enterprise or any of his family have the misfortune to contract this dreadful disease either Dr. Camp, Dr. Byan, or Dr. Lusk, or all of them, will be called, and thus they will be held responsible and not Mr. Marcus A. Redding.

The Nation will observe the anniversary of entry into the world-war tomorrow by giving its sons another chance to do their bit in the purchase of Liberty Bonds. The security of these bonds has been explained until even the children are familiar with every phase. Only the crack of doom can impair their value. Their underwriters are our brave men in the trenches of France, signing each bond with their life's blood. Every foot of the best land under God's shining sun stands behind the bond you buy.

A little confusion is encountered by some on account of the new time. This, it seems is uncalled for. If all clocks had been placed an hour ahead and our people went about their daily tasks as usual all would have been well. The fact of the matter is that the clocks were placed an hour ahead but many, institutions as well as individuals, adhered to the old hours, regardless of what the clock said. Hence confusion. For us to set the clock ahead and not adhere to the marked hour, defeats, absolutely the intent of the measure.

The words Hun and Hon should never be confounded. The first is the symbol of all that's unholly. It breathes of blood murder and rape. To the Hun is attributed the murder of babes as a nuisance in many instances, and their maiming in others. Motherhood means nothing to Huns, except to breed another horde for the future menace of regulated peace on earth. But Hon—short for Honey—is one of the dearest institutions of the South. It belongs rightfully to our wives and sweethearts, and is compatible with the best, the noblest and truest and springs from naught but the holiest of love.

The true spirit of our people was exhibited as the news of the tide of the great battle last week flashed across the country. Many showed signs of anxiety as our lines gave way a little. We want to remember that ours is a waiting game. The fury of the Hun will soon spend itself. Its going to be a great victory for us in the end, and the price is going to be great. Let us meet our duty like the boys in the trenches are meeting their: Buy bonds, buy war stamps, conserve food, yes and fight the Hun if he shows up with his leerling remarks, and pray, not for peace, but victory.

The war in Europe has taken a turn the tactics of which many believe will continue until the end. It is the hopeless battering of the Allied line by the war-crazed Huns, who after each onrush is left weaker. It is true they outnumber us, but in men only. Coolness never was overcome by desperation, regardless of odds. The support and encouragement from home has much to do with keeping up the splendid spirit of our men. Let's keep it up. We feel at this stage of the game that it will take but one more strong pull to put them over the top. An immediate response to the Third Liberty Loan will put the needed punch into the present battle. Let's take to it and hand the Hun a hay-maker.

The recent law passed by the Texas Legislature making it a felony to speak disrespectfully of the Government or the Flag meets our hearty commendation. It should be enforced

to the letter, and every American with red blood should help in its enforcement. We have nothing but unspeakable contempt for a man who thinks he can impose on long friendship by criticizing the policy of the Government, when that same individual wouldn't dare open his trap were he in a strange town away from these long-suffering friends. So if you should hear any remarks along the lines laid down in the new law, made by anyone, it is your bounden duty to report it to the authorities. Alien enemies are registered and are known. Those who did not register implied that they were Americans, and they had better act the part. We have a great deal more respect for the registered class than for the breed afore-mentioned.

CALL FOR YOUR WAR STAMPS

Anyone holding orders on the Pecos Valley State Bank for War Savings or Thrift Stamps purchased from the ladies during the campaign will confer a kindness if you will call at that bank and get your stamps, at your earliest convenience.

MRS. CASEY,
Chairman War Savings Committee.

HOBBY MAKES MANY OF THE NEW BILLS INTO LAWS

Austin, April 3.—Governor Hobby today signed the bill which provides for the teaching of the English language only in the public free schools. He also signed a number of other bills, including: Authorizing investment of sinking funds of counties, cities, towns and school districts in government certificates of indebtedness; providing for allotment of state highway funds and registration of motor vehicles; appropriating \$100,000 to complete the hospital for negro insane at Rusk; create corporations to prevent pollution of streams; authorizing payment of the penitentiary system debts incurred prior to January 7, 1915; providing for conservation and reclamation districts; providing for protection of female factory workers and providing that only citizens of the United States shall vote in primaries.

EASTER PARTY

Easter is apt to cheat us with chill winds and slowly leaf-buds and flowers, but Mrs. G. T. Williams of Porterville made everyone present think of it as a time of promise and beautiful things by giving an Easter party Saturday evening, March 30th, beginning at 8 o'clock. Miss Willie Deering helped entertain. The hostesses and Miss Deering greeted everyone in that lovely way that both attain, making each guest feel at their best to enjoy Easter eve.

The parlor and dining room were artistically decorated and Bunny, in a number of places, gave his welcome smile.

Slips of paper in the shape of half rabbits were passed to the girls with half a verse of the 14th chapter of St. John written on it. This was to get partners for the evening. Other slips of paper with the other half of the verse were passed to the boys, and when matched all had partners.

An egg hunt began the party. The eggs being hid in the rooms. The guests were given an attractive cardboard basket, richly decorated in delicate spring colors. Miss Maggie Wright, finding the most eggs, was given a prize of a large Easter egg.

The egg race followed the egg hunt. The guests divided into two divisions, passed eggs in a spoon from one to another. This afforded much fun for all.

The last and most interesting of all was the Easter millinery shop. Each guest was provided with the materials, such as tissue paper, crepe paper, needle, thread and scissors and each one made an Easter hat or bonnet. They were all shapes: some were Merry Widow, sun bonnets, dance caps, poke shipes, military models, and some so queer that it would take a Paris expert to classify them.

Delicious refreshments of stuffed eggs in bird nests made of salmon salad in lettuce leaves were served. The invited guests were: Messrs. and Mesdames George Benz, Bird Henson, Will Meyer, Floyd Goodrich, M. C. Noble, Gus Raich, Everett Stratton, Young Bell, Sylvanus Kennedy, George Prindle, Captain and Mrs. B. A. Marshall, and Rev. and Mrs. B. A. Evans; Misses Ruby Henson, Melba and Jimmie Evans, Cecilia Stratton, Veda and Irma Prindle, Stella Raich, Anna Ferguson, and

Maggie Wright; Messrs. Descome Newton, Si Pace, Jason Chappel, J. B. Howe, Hugh McGuire, Hubbard Evans, J. B. Deering, Ance Oates, Elmer Jones, J. M. Lawson, Claude and Tom Wright, Everett Stratton, Jr., Marvin Prindle, Bob Ferguson and W. S. Newton.

—WSS—
A GUEST.
FREE FERTILIZER

Mr. T. O. Walton, Acting Director of the Extension Service A. & M. College of Texas has received the following communication from E. A. Peden, Federal Food Administrator for Texas, which is self-explanatory:

"In a conference today with Major W. C. Gardenhire, Quartermaster at Camp Logan, Telephone Camp Logan No. 70, I learned that he is in position to furnish free of charge, considerable stable manure, f. o. b. cars Camp Logan, at the rate of approximately 400 tons per day. He states that he is anxious to receive orders and will load cars promptly. All he asks is that the person or persons wanting manure will arrange with the railroad companies to have the cars furnished and as soon as loaded pulled out and shipped to destination.

"Orders sent to Major Gardenhire in accordance with the address previously given will have prompt attention.

"As the farmers will have nothing to pay except the freight, it seems to me the above proposition will appeal to many farmers in this territory needing fertilizers quickly."

—WSS—
ENGLAND SAVES \$650,000,000 A YEAR.

The working people of Great Britain are doing their utmost to help win the war by denying themselves every luxury and loaning the money saved to their Government. The English plan of War Savings Stamps is very much like ours. In the past eighteen months the English people have not only bought \$650,000,000 worth of stamps, but the new spirit of thrift has caused savings bank deposits to increase over 100%. There are great signs up all over England, reading, "It is not good form to dress extravagantly," and a woman or man who appears on the street whose dress indicates extravagance, is not only subject to criticism, but in many cases has been attacked and beaten.

\$5.00 BILLS SELLING AT \$4.12.

"The United States Government is selling \$5.00 War Savings Stamps at \$4.12 in January, \$4.13 in February, raising the price one cent per month throughout the year," said Louis Lipsitz, State Director of the War Savings Committee. "and I want to impress the fact that a \$5.00 bill today will not buy as much or as many of the pleasures of life for which we save money as will a War Savings Stamp when it matures January 1st, 1925. The war cannot be fought with paper money; we cannot wad up a \$5.00 bill and shoot it at the Kaiser and do any damage; that bill is merely a demand for wheat, or wool, or gasoline, or some other material which our Government actually needs to successfully win the war, so the wise thing for us to do is not to spend money now but loan it to our Government, get 4% interest compounded quarterly for it, and then five years from now, the Government will cash the stamp and we will have the money to spend—then it will buy more of the things which we want than it will today so that we can spend later. It is not only good sense but it is patriotic as well to buy War Savings Stamps."

—WSS—
In Canada they give until it hurts and then they give until it quits hurting. All we are asked to do is to lend at an excellent rate of interest. Buy War Savings Stamps.

WAR SAVINGS SCHEMES.

In Amarillo, each boy who pledges himself to buy Thrift Stamps, receives a poster to hang up in his window, reading, "Thrift boy here, I am working for Uncle Sam."—then he gets a card signed by Mr. Mayer, Chairman of the Potter County Division which shows he is a member of the army of boys in Amarillo who are ready and anxious to work; who need everything they can get to do and who have promised to save that money for Uncle Sam.

Abe Sobel, a twelve-year-old newsboy at Beaumont, Tex., won the \$5.00 prize offered by County Chairman Jas. F. Weed, in the Thrift Contest there last week. In five days he earned \$3.79. The only requirement stipulated in Mr. Weed's prize was that the winner must earn the money and submit a statement showing how he earned it. Abe was the first boy to turn in his results, and as a consequence, he now owns two Government bonds that in 1925 will be

"Patriotic" Muffins

2 tablespoons COTTOLENE (melted) 1 cup graham flour 1/2 cup white flour 4 level teaspoons baking powder 1/4 cup molasses 1/2 teaspoon salt 1 cup milk 1 egg 1/2 cup rye flour 1/2 level teaspoons baking powder

The melted COTTOLENE and molasses must be thoroughly mixed. Add the well-beaten egg gradually; pour in the milk, then add the flour thoroughly sifted together with the baking powder and salt. Beat mixture thoroughly. Bake in hot well-greased gem cups 25 minutes in hot oven.

*—makes delightfully light cooking. *—delights light purses.

Cottolene "The Natural Shortening"

At grocers in tins of convenient sizes

HERE ON FURLOUGH

Toto Drummond, now in the naval service of Uncle Sam at San Diego, California, came in on a furlough the forepart of the week and is busy telling his friends what a delightful time he is having. He is well pleased with his job. He says Mose Jones of Toyah, is in the same service at San Diego, and is making good, and is also delighted at the fact that he joined the Navy.

Let your idle books help our soldiers—You can do your bit

CARD OF THANKS

I wish through The Enterprise to most heartily thank my friends and all who supported me in the city election Tuesday. I shall never cease to appreciate to the fullest extent the confidence reposed in me and wish to here state that my every effort will be to see that the dignity of the law is upheld and violators of the law are brought to the bar of justice. All will be treated alike, as they have in the past. Again thanking one and all for the splendid vote which again named me City Marshal of Pecos, I am, sincerely,

M. L. RODDY.

BAPTIST LADIES AID

The Baptist Ladies Aid Society held an unusually pleasant and profitable meeting Tuesday afternoon at their regular monthly social meeting at the pleasant home of Mrs. T. J. Hefner. Mrs. W. B. Oates, Mrs. O. H. Beauchamp and Mrs. Hefner being joint hostesses for the occasion.

The Bible study was conducted by Rev. W. A. Knight, after which an interesting program on Home and Foreign Missions was given, led by the president, Mrs. T. Y. Casey, who made a splendid talk on the work. An especially interesting number was a paper on Missionary Work by Mrs. W. A. Knight.

Delightful refreshments of strawberry ice cream and cake were served at the close.

BIDS WANTED

Contractors are invited to furnish bids for the construction of coal bunkers and shipping station for the Standard Operating Company of Texas, to be erected at Orla, Reeves County, Texas, on the Santa Fe Railroad. Plans and specifications of said construction work may be obtained upon application of the office of the Standard Operating Company, Pecos, Texas. Bids should be filed on or before April 15th, 1918. Right reserved to reject any and all bids.

AT THE CHURCHES.

THE BAPTIST CHURCH

At last the pastor is able to be in all the services and other activities of the church. He is very grateful to all the good friends for their sympathy, forbearance and helpfulness in his recent illness.

The pastor will occupy the pulpit at both hours and craves a large attendance of the church at both hours.

Don't fail to be on hand promptly at the Sunday school hour, 10:45. Church services at 12 a. m. and 9 p. m., respectively.

If you do not worship elsewhere we extend a most cordial invitation to worship with us.

W. A. KNIGHT, Pastor.

METHODIST CHURCH

Sunday school at 10:45 a. m. The contest continues to be a success in securing enthusiasm and good work among the pupils. We hope to see the attendance continue to increase.

Preaching by the pastor at 12 a. m. and 9 p. m.

Junior League at 4 p. m. Young People's meeting, 8 p. m.

Attention is called to the hours for each service. This is given in the new time. All services begin promptly at the time announced.

You are given a most cordial invitation to these services.

J. H. WALKER, Pastor.

CHURCH OF CHRIST

That was a good day Sunday, considering the amount of sickness among us. Crowell also had a special offering for the Orphans' Home, but they were far in the rear. We led them by 5096 points. However we must not sleep, for there are two long months ahead of us.

All services as usual next Sunday. Bible school at 11 o'clock, preaching and communion at 11, and preaching in the evening at 9.

Junior at 6 p. m. Seniors at 8:15 p. m. All invited.

SENIOR C. E. PROGRAM

At Christian church, Sunday evening, April 7th: Subject, "Christian's Duty and Privilege."

Leader, Julia Magee. Song, No. 32. Bible Lesson, Ps. 119:9-16, to be read by the leader.

Song, No. 29, "I Am Thine O Lord." Prayer, Van Camp. "What is the Christian's Food?" Uncle Jerry.

"What is the Best Safeguard Against Temptation?" Miss Dyer. Bible references.

Reading of the Pledge, by Mary Lee Richburg. Roll call, with scriptural responses. Payment of dues. Business and Benediction.

Hush little Thrift Stamp don't you cry, You'll be a war bond bye and bye.

INTERSCHOLASTIC EXERCISES

The Porterville school rendered a very interesting program to a large audience at the school building last Friday evening, March 29th, in order to choose representatives for the contest of county schools at the Reeves County Interscholastic Meet, to be held at Pecos April 6th.

Patriotism was the predominant theme of the evening's exercises and the contestants were complimented for reciting so well.

The contestants in the primary and kindergarten division were given a school pin; they were: Primary girls, Louise Prindle, primary boy, Sherman Evans. Kindergarten girl, Annie Elizabeth Williams. Those who will go to the Reeves County meet to speak are: Senior girl, Cecilia Stratton; Junior girl, Jimmie Evans; Junior boy, Homer Henson; and the Rural division, Melba Evans and Everett Stratton, Jr. Those who go to Pecos to contest in spelling are: Junior, B. A. Evans; Senior, Cecilia Stratton.

In addition to the exercises Mrs. M. C. Noble's music pupils gave a recital which was enjoyed by all. Mrs. Everett Stratton sang a beautiful patriotic solo.

The school and community are indebted to Mrs. Williams, the teacher, for the efforts she has put forth in trying to make Porterville school one of the best of its kind. The enthusiasm she exhibits tends to make the pupils put forth their best efforts to equip themselves for the future, assures us of her eagerness for their benefits, and this not only helps the school but the community as well.

THE GREAT WAR HAS MADE CIGARETTES A NECESSITY.

"Our boys must have their smokes. And them cigarettes!" This is a familiar appeal now to all of us. Among those most in demand is the now famous "toasted" cigarette—LUCKY STRIKE. Thousands of this favorite brand have been shipped to France. There is something home-like and friendly to the boys in the sight of the familiar green packages with the red circle.

This homelike, appetizing quality of the LUCKY STRIKE cigarette is largely due to the fact that the Burley tobacco used in making it has been toasted. "It's toasted" was the "slogan" that made a great success of LUCKY STRIKE in less than a year. Now the American Tobacco Co. is making 15 million LUCKY STRIKE Cigarettes a day.

A good part of this immense production is making its way across the water to cheer our boys.

AMERICAN ARMY RIFLE SUPERIOR TO GERMAN

American troops are armed with a faster firing and more accurate rifle than is used by the Germans, according to our expert designers, manufacturers, and marksmen, says a statement by the Bureau of Ordnance. One military critic and writer claims that the German Mauser does not permit the most skilled user to get more than 50 per cent of the firing speed of the modified Enfield adopted for the United States service.

The superiority claimed for the American weapon is supported on three counts: Quicker firing as a result of bolt-handle design; easier and quicker sighting as a result of sight design; greater accuracy of bullet flight resulting from bullet design and greater mechanical accuracy of chamber and bore.

"See 'Gets-It' Peel Off This Corn."

Leaves The Toe as Smooth as the Palm of Your Hand.

The corn never grows that "Gets-It" will not get. It never irritates the flesh, never makes your toe sore. Just two drops of "Gets-It" and presto! the corn-pain vanishes. Shortly you can peel the corn right

It's Wonderful to See "Gets-It" Peel Off Corn! off with your finger and there you are—pain-free and happy, with the toe as smooth and corn-free as your palm. "Gets-It" is the only safe way in the world to treat a corn or callus. It's the sure way—the way that never fails. It is tried and true—used by millions every year. It always works. "Gets-It" makes cutting and digging at a corn and fussing with bandages, salves or anything else entirely unnecessary. "Gets-It" is sold by all druggists (you need pay no more than 25 cents), or it will be sent direct by E. Lawrence & Co., Chicago, Ill.

WHAT THE RED CROSS IS DOING AND WHAT YOU CAN DO

We must get ready for the big drive that is now raging on the Western front. With our own American braves just now entering the very thickest of that battle, we must be ready with garments and dressings for their broken and wounded bodies. The larger towns and cities have already received calls for tens of thousands of dressings. We will have a call, too—we are expecting it any hour. Don't let us have to get ready. Let us BE READY and WAITING to serve.

Our Secretary of the Navy, Josephus Daniels, says: "The women of America will decide the war; not by driving ambulances, or driving aeroplanes, or becoming truckmen or laborers, but by keeping up the courage of our men." In what better way can we keep up their courage and show our appreciation of what they are doing for us than by supporting and working for our American Red Cross—that stands over there as an Angel of Mercy, administering to them in their hours of need and suffering. Let us put our very best into this worthy cause. Let us

work and never rest until this land with peace is blessed.

A word to the knitters: The yarn is yet unobtainable, and it is very necessary that you assist the surgical dressing class until your material arrives.

Following are the reports of the units:

Surgical Dressing—Monday and Friday. On Friday, March 29, with 5 present, 20 many-tailed bandages were made. On Monday, April 1st, with 13 present, 45 bandages were made and 75 8x4 compresses.

Merry Wives Club, Wednesday.—14 present, 17 garments.

Twentieth Century Club.—Seven present, 6 garments completed.

Glover Unit, Thursday.—6 present and 5 garments.

Thursday at Red Cross rooms under Mrs. Wells, 8 present and 7 garments completed.

Friday, at Red Cross rooms, under Mrs. Collier, 7 present, 8 garments.

Porterville, under the direction of Miss Deering, 6 hospital shirts with 3 seamstresses.

RED CROSS REPORTER.

FRENCH BOOKS NEEDED

A call for language romance text books, especially those of the French, Spanish and Italian languages, has just been issued by Otto F. Bond, M. A., instructor in Romance Languages at the University of Texas. The books are wanted for the different army camps in Texas and Oklahoma. Especially urgent is the demand for French texts, including French grammars, dictionaries, and instruction books. Classes in French have been established in all training camps, and much trouble has been experienced in securing a sufficient number of books. Those who have texts either in French, Spanish or Italian, whether new or second-hand, and are willing to donate them to the army camps should communicate immediately with Mr. Bond, at the University of Texas, Austin.

GERMAN FACTORIES MAKE WOODEN SOLES FOR SHOES

There are now 180 firms in Germany employed in the manufacture of whole wood soles for new footwear, with an output of 400,000 pairs weekly. Beechwood has been chiefly used, but any hardwood, with the exception of oak, will serve the purpose equally well.

Of the German boot and shoe factories which were in existence before the war only 400 are now at work; of these 25 per cent are working for the army administration alone; 25 per cent are employed in connection with the manufacture of gloves and similar articles, and the remaining 50 per cent have the task of meeting the civilian boot and shoe requirements.

FACE the FACTS

LET us face the facts. The war situation is critical. Unless the Allies fight as they never yet have fought, defeat threatens. Hungry men cannot fight at their best; nor hungry nations. France, England, and Italy are going hungry unless we feed them.

Wheat Savings—They must have wheat. It is the best food to fight on. It is the easiest to ship. We alone can spare it to them. By saving just a little—less than a quarter of what we ate last year—we can support those who are fighting our battles. And we can do it without stinting ourselves. We have only to substitute another food just as good.

The Corn of Plenty—Corn is that food. There's a surplus of it. Providence has been generous in the hour of our need. It has given us corn in such bounty as was never known before. Tons of corn. Trainloads of corn. Five hundred million bushels over and above our regular needs. All we have to do is to learn to appreciate it. Was ever patriotic duty made so easy? And so clear?

America's Own Food—Corn! It is the true American food. The Indians, hardest of races, lived on it. Our forefathers adopted the diet and conquered a continent. For a great section of our country it has long been the staff of life. How well the South fought on it, history tells. Now it can help America win a world war.

Learn Something—Corn! It isn't one food. It's a dozen. It's a cereal. It's a vegetable. It's a bread. It's a dessert. It's nutritious; more food value in it, dollar for dollar, than meat or eggs or most other vegetables. It's good to eat; how good you don't know until you've had corn-bread properly cooked. Best of all, it's plentiful and it's patriotic.

Corn's Infinite Variety—How much do you know about corn? About how good it is? About the many delicious ways of cooking it? And what you miss by not knowing more about it? Here are a few of its uses:

There are at least fifty ways to use corn meal to make good dishes for dinner, supper, lunch or breakfast. Here are some suggestions:

- HOT BREADS: Boston brown bread, Hoecake, Muffins, Biscuits, Griddle cakes, Waffles.
DESSERTS: Corn-meal molasses cake, Apple corn bread, Dumplings, Gingerbread, Fruit gems.
HEARTY DISHES: Corn-meal croquettes, Corn-meal fish balls, Meat and corn-meal dumplings, Italian polenta, Tamales.
The recipes are in Farmers' Bulletin 565, "Corn Meal as a Food and Ways of Using It," free from the Department of Agriculture.

WASTE THAT EVERY WOMAN SHOULD PREVENT

Keeping quality of vital importance in these days of high costs, and low supply of food products.

No matter how high the quality of an article purchased, if it lacks keeping quality it represents so much certain waste.

This is noticeably true of Baking Powders. A Baking Powder that is effected by time and climatic conditions—one that deteriorates is bound to cause bake-day loss. Such a powder not only necessitates using larger amounts but invites failure through its uncertainty. These powders you should avoid. No matter how big a quantity you obtain—no matter how cheap they may seem because of low price they are expensive as they will waste in materials many times more than saving of cost. Calumet Baking Powder is a quality Baking Powder with the greatest of keeping quality. It retains its wonderful leavening power—regardless of how long it may stand on your pantry shelf. You use but a level teaspoonful when the can is first opened and you continue to use the same amount to the last teaspoonful. This means economy in Baking Powder—and what is more important it means economy in bakings. Its moderate price combined with superior quality and dependability marks the greatest of buying economy. You save when you buy it. You save when you use it. And you save the materials it is used with. Its economy, purity and unapproached keeping quality keep millions of women buying Calumet in preference to any and all other brands.

Let your little books help our soldiers—You can do your bit.

Whenever You Need a General Tonic Take Grove's.

The Old Standard Grove's Tasteless Chill Tonic is equally valuable as a General Tonic because it contains the well known tonic properties of QUININE and IRON. It acts on the Liver, Drives out Malaria, Enriches the Blood and Builds up the Whole System.

RABBIT SKIN SHOES

If the price of leather keeps on climbing it is inevitable that some foot wear that is a substitute for the cattle hide now used, must be found.

At present in Annonay, France, an earnest effort is being made to introduce rabbit skin leather in shoe making. Annonay is in the valley of the Rhone, just south of Lyons. It was there, about 75 years ago, that a chemist devised a tanning process in which the hair was removed from the pelt of a rabbit without damage to the skin. Previously no one had been able to remove the hair without injuring the pelt.

The chemist had this process tried out for a short time, but it did not prove to be a commercial success and the rabbit skin shoe came to be only a memory. Less than ten years ago some Germans got hold of the old chemist's formula and began the manufacture of rabbit leather.

At one of the industrial exhibitions in Germany in 1909 there was a display of 250 styles of shoes made of rabbit skins. The exhibition won first prize in the department of footwear. Now the French have taken up the work of the old chemist of Annonay and are manufacturing soles out of rabbit pelts.

It was said at the time of the exhibition in Germany that excellent shoes could be made for \$2 a pair in which the manufacturer could make 33 1-3 per cent profit, says Financial America.

LEMONS MAKE SKIN WHITE, SOFT, CLEAR

Make This Beauty Lotion For A Few Cents and See For Yourself.

What girl or woman hasn't heard of lemon juice to remove complexion blemishes to also whiten the skin and to bring out the roses, the freshness and the hidden beauty? But lemon juice alone is acid, therefore irritating, and should be mixed with orchard white this way: Strain through a fine cloth the juice of two fresh lemons into a bottle containing about three ounces of orchard white, then shake well and you have a whole quart pint of skin and complexion lotion at about the cost one usually pays for a small jar of ordinary cold cream. Be sure to strain the lemon juice so that no pulp gets into the bottle and then this lotion will remain pure and fresh for months. When applied daily to face, neck, hands and arms it should help to bleach, clear, smoothen and beautify the skin.

Any druggist will supply 3 ounces of orchard white at a very little cost and the grocer has the lemons.—Adv.

F. P. Richburg Land & Rental Agency

We Give a Few of Our Best Bargains

If you own vacant grazing land and wish to lease it, list it with us and give definite description so we can locate it. If you want to lease, see us and tell us what you want and where you want it.

In your description of lands be sure and give Section No. and what Survey, that is, whether Public School Land, T. and P. Ry., H. and T. C. Ry., etc., and sometimes it is designated by Townships. Be careful to give full description.

No. 106—4-room house, 100 feet front, artesian well in yard. Grass, and shade, small barn, chicken pens, etc. All up in good shape. Price \$800 cash.

4-room house on 75 ft. lot. East front and S. E. corner. This place is well situated on Oak Street, and up in good shape. Pretty good out buildings. Entire lot fenced, a galvanized 30-barrel cistern and house gutted. Price \$1000. Half cash, balance on easy terms.

We have two 10 section and one 20 section ranches for sale in Reeves county. A good time to buy while it is yet dry. Think it will raise some day, then land will be higher.

No. 281.—A small 4 section ranch 25 miles south of Pecos. Four sections in solid block and 5 sections leased for 5 years, making 9 sections in all. All fenced and all lying in block. Good soft water, 4-room new house, barn, garage and good corral made of 2x8 lumber. The four sections, Nos. 35, 36, 37, and 38 bought at \$2.01 from State. 5 1-2 sections leased on five-year lease. This is a splendid little ranch with soft water and good soil to grow fruit, vegetables, etc. Price \$3.50 cash or \$4.00, 1-2 cash, balance in one year.

No. 274.—160 acres 3 miles northwest of Pecos, 1 mile northwest of the State Experiment Farm. All in good state of cultivation, watered by a large pumping plant. The entire farm is fenced with hog-proof woven wire. Has a \$3,000 residence and 1 tenant house. This is an extra good irrigated farm. Only \$100 per acre. Good terms.

No. 282.—1 sections, No. 10, 630 acres, and S 1-2 of section 6, Block No. 54, twsp. 7, 276 acres. \$1.50 to State, at 3 per cent. Has good well. Lies 3 miles west of Hoban, and joins the H. H. Jones farm on the north. Think this can be bought for \$5.00 bonus.

5-room house on 100 ft. lot and S. E. corner. Weatherboarded and painted. Considerable out buildings, house nicely painted and screened porch. Plenty shade trees and good garden place. Price \$900; \$250 cash, balance monthly or in 2 or 3 annual payments, 8 per cent interest.

No. 286.—A well located 4-room house close in; 50-ft. lot, east front and good terms. Price \$800. Part can be paid in monthly installments. If you want a pleasant little place don't fail to see us.

Good time now to lease grass land; it is not going to stay dry always. F. P. RICHBURG LAND & RENTAL COMPANY.

No. 288.—Good 5-room house with screened porch and bath; garage, barns, poultry yards and pens and garden. East front. This is a weather-boarded house and up in good shape. Lot 100x115 feet. In good neighborhood. Price \$1500.

No. 290.—4 section ranch about 4 miles west of Arno. Sections No. 4, blk 54, and Nos. 8, 10, and 12, blk No. 55, Twp. 4, T. & P. survey. Well on section No. 4, blk 54. This is good grazing land. Other land around it can be leased. Price \$1000 per section bonus.

No. 291.—Corner lot with two 4-room houses on it. This property is in fairly good shape and is good rent property for colored people. Close in, almost always rented. Owner lives in Illinois and wants to dispose of it. Price, \$600 cash.

No. 293.—One section land 8 miles south of Pecos. This section borders on the Pecos River which makes it riparian land. Most of it is agriculture land. Price \$10 per acre.

No. 300.—1 section, No. 24, H. & G. N. Ry. survey. A splendid river section. Part has been cultivated. Price \$10 per acre. Good terms. Lies 10 or 12 miles from Pecos on the Pecos River.

No. 301.—E 1-2 of section 59, blk No. 4, H. & G. N. Ry. Co. survey. Situated between Experiment Farm and Sand Lake. Price \$5.00 per acre.

No. 302.—Sections Nos. 21 and 38, price \$3.00 bonus. \$2.00 due to the State at 3 per cent. 2 other sections joining that can be leased.

No. 375.—We have several small ranches for sale, ranging from 4 section to 50 sections. Price from \$1.00 to \$3.00 per acre, most of it \$1.50 to State at 3 per cent interest. If you want a small ranch come to see us.

No. 376.—800 acres in Ward County, just across the Pecos River from Pecos City. 160 acres of this tract lies on the south side of the T. & P. R. R. track and borders on the river. There are some 150 or 160 acres of this tract in cultivation. A grain ditch and a canal pass through it. Will sell it in a body or in tracts. Price \$40 to \$80 per acres. We can make satisfactory terms. This tract lies on the Pecos and Barstow road for 1 mile or more.

No. 378. A 5-room one and one-half story on 115-foot lot. Northeast corner, good shades. A good place for a good house. Price \$1500, 1-2 cash, balance in three annual payments.

An 18-room Hotel for sale or rent. Will sell furnishings and rent the building or sell all.

We want a section of good land near railroad. If you have one let us know.

No. 379.—4 sections, Nos. 2, 4, 24 and 26, block 57, twsp. 2, T. & P. Ry. Co. survey. This land lies in the sulphur belt, between Orla on the Santa Fe and the Tinala sulphur mines. Price \$5.00 per acre, bonus.

No. 380.—1 section, No. 183. This section lies on the north side of the P. V. S. Ry., joining Verhalen. Splendid land. Price \$10 per acre.

Don't forget to list your pasture land with us.

We have a 200-acre Clay county farm to trade for a small ranch. Will trade all farm implements and teams and take cattle on the ranch.

No. 400.—A 6-room house and 100 foot lot, with barn, poultry yards and garden and lots of nice shades. This place is situated in the best part of town. An artesian well in back yard. A good bargain. Price \$1500, two-thirds cash, balance easy terms.

We have a number of cheap houses that we can give special bargains in. If you want a little home call and see us. If you have any property to trade let us hear from you.

TO SELL OR TRADE

No. 280—164 acres, 5 miles west of Pecos, on T. and P. Ry., 80 acres in cultivation, and fenced with rabbit-proof wire. 3 room house in good shape, good barn and other sheds. A good well of about 1500 gallons per minute, 5 inch pump, 45 horse power crude oil engine. This land is suitable for growing cotton, maize, alfalfa, sweet potatoes, melons, etc. Price, \$50 per acre. If this interests you, write us for full particulars. Would consider trade for farm in the Lampasas country, at the right price. This same kind of land this year has made an average of \$375 per acre on 7 acres in melons.

WRIGLEYS

Six reasons

WHY it's a good friend:

- 1—Steadies nerves
- 2—Allays thirst
- 3—Aids appetite
- 4—Helps digestion
- 5—Keeps teeth clean
- 6—It's economical

Keep the soldiers and sailors supplied!

Three Flavors

Chew it after every meal

The Flavor Lasts!

A division of "betterments" and additions" has been added to the railroad administration in charge of Judge Robert S. Lovett. The division will have jurisdiction of betterments and additions to railroad lines throughout the country.

Massachusetts and Michigan chapters of the Daughters of the Revolution are establishing "mending rooms" in cantonments. These departments are opened for hospitals, where hundreds of garments are to be mended each week.

EVERY TEXAN SHOULD JOIN SAVING SOCIETY

FOR EACH COMPANY OF FIGHTERS THERE SHOULD BE A THRIFT ORGANIZATION AT HOME.

That Texas shall not be classed among the lagging states, all forces are now being concentrated upon the organization of war savings societies. Washington has set March 15 as the day for the count and it is desired that every Lone Star dweller be enrolled as an active war savings club member by that date.

"For every company of soldiers on the battle field or in training there should be a war savings society here at home," says Louis Lipsitz, State Director of the National War Savings Committee. "Let's make every fighting man know and feel that he has this country behind him, backing him up to the last ditch. Only by becoming a war savings club member and investing regularly and intelligently in the little Government bonds will we be performing in part our duty as true, patriotic Americans."

"By enrolling ourselves as active members of war savings societies we will be helping the men in the fighting ditches of Flanders, making it possible for them to do their job thoroughly, quickly and with greater safety to themselves. Every household should be a thrift center, every citizen a saver and a society member. It's time to quit talking and get down to business. The job of the stay-at-home is to increase the efficiency of the fighting machine and aid the Government in winning the war. It's the least they can do."

"That Texans shall not be classed as slackers it is our personal duty to see that we have joined a war savings club and have gotten someone else to enroll. The Idea of March must not find Blue Bonnet State residents classed as non-Americans."

War savings societies may have as few as ten members and as many as desired. There are two officers for each society, a president and a secretary. When it is desired to organize a society the County Chairman of War Savings, or the State Director, Dallas, Texas, should be asked to supply a sufficient number of postcard pledges to enroll the members and a war savings society application. In joining a society the sole requirement is that the applicant shall sign a pledge to be thrifty and save as he can.

The purpose of war savings societies are:

1. To awaken a realization among men, women, and children of America that in their hands lies the key to the successful prosecution of the war; that they can render the most far-reaching patriotic service through refraining from the purchase of unnecessary articles, confining themselves to the use of such things as are necessary for health and efficiency, thus releasing labor and materials for the support of our armies in the field; that there is not enough labor in the United States to produce the great variety of articles needed to support our soldiers and at the same time provide all the comforts and luxuries we enjoyed before the war.
2. To lay the foundation for thrift and economy throughout the United States and to bring home to the people the fact that intelligent and consistent saving is not a dry problem in economics, but is the most vital step toward personal success.
3. To obtain for the Government a large amount of money through the sale of Thrift Stamps and War-Savings Bonds — little Government bonds — the safest and best investment in the world, and at the same time provide a method by which the small investor may put his savings at the immediate service of his country.

SWISS BREAD RATION REDUCED

Commenting on the decision to reduce the consumption of bread in Paris by means of tickets, reference is made by some of the Paris newspapers to the success of the bread card in Switzerland, where bread has been rationed for several months, resulting in economy of 45 per cent of the amount consumed previously.

The average amount allotted per person per day is 250 grams (which will be reduced to 200 grams). Each individual card contains a number of coupons for 200, 100, 50, and 25 grams of bread, amounting in all to the total monthly allotment. These coupons may be used whenever the holder desires, either at the baker's or at a restaurant; in fact, guests in private families are expected to detach from their individual bread card the coupons equivalent to the amount of bread consumed.

NATIONAL PARK OPENINGS

According to an announcement of Secretary Lane National Parks will be open to tourists this year on the following dates:

Yosemite, California, May 1 to November 1; Rocky Mountain National Park, Colorado, May 1 to November 1; Sequoia National Park, California, May 15 to October 10; General Grant National Park, California, May 15 to October 10; Mesa Verde National Park, Colorado, June 1 to September 30; Mount Ranier National Park, Washington, June 1 to September 15; Glacier National Park, Montana, June 15 to September 15; Crater Lake National Park, Oregon, July 1 to September 30; Yellowstone National Park, Wyoming, June 25 to September 15.

For Indigestion, Constipation or Biliousness

Just try one 50-cent bottle of LAX-FOS WITH PEP-SIN. A Liquid Digestive Laxative pleasant to take. Made and recommended to the public by Par's Medicine Co., manufacturers of Laxative Bromo Quinine and Grove's Tasteless Chilli Tonic.

BASEBALL FOR CAMPS

Plans for the organization of camp baseball teams and leagues are being formulated by the general director of athletics in camps and cantonments. According to the commission on Training Camp Activities, within a month soldiers will have company, regimental and divisional teams and these teams will form company and regimental leagues. No divisional leagues are contemplated because of the distance between camps, but where traveling conditions permit, inter-camp games will be arranged.

Major league officials and amateur baseball associations have volunteered their assistance in promoting baseball in the camps.

CALOMEL DYNAMITES A SLUGGISH LIVER

Crashes Into Sour Bile, Making You Sick and You Lose A Day's Work. Calomel Salivates! It's mercury. Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with sour bile it crashes into it, causing cramping and nausea.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a 50 cent bottle of Dodson's Liver Tone, which is a harmless vegetable substitute for calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

If you take calomel today you'll be sick and nauseated tomorrow; besides it may salivate you, while if you take Dodson's Liver Tone you will wake up feeling great, full of ambition and ready for work or play. It's harmless, pleasant and safe to give to the children; they like it.

THE THRICE-A-WEEK EDITION OF THE NEW YORK WORLD IN 1918

Practically a daily at the price of a weekly. No other newspaper in the world gives so much at so low a price. The value and need of a newspaper in the household was never so great as at the present time. We have been forced to enter the great world war and a large army of ours is already in France. You will want to have all the news from our troops on European battlefields and 1918 promises to be the most momentous year in the history of our universe.

No other newspaper at so small a price will furnish such prompt and accurate news of these world-shaking events. It is not necessary to say more.

The THRICE-A-WEEK WORLD'S regular subscription price is only \$1 per year, and this pays for 156 papers. We offer this unequalled newspaper and The Enterprise together for one year for \$2.50.

Carbon Paper—Legal size, for sale at The Enterprise office.

From June 5 to December 1, 1917, only 5,870 arrests were made or reported to the Department of Justice for failure to register under the selective-service act. Of these 2,663 were released after having registered and prosecutions were begun in the cases of 2,059, of which about 1,500 are still pending.

The Quinine That Does Not Affect the Head Because of its tonic and laxative effect, LAXATIVE BROMO QUININE is better than ordinary Quinine and does not cause nervousness nor ringing in head. Remember the full name and look for the signature of E. W. GROVE, 30c.

The Eastern Star Chapter of Pecos is making arrangements to entertain the twenty chapters in this district, which includes those from El Paso to Colorado City, and south to Fort Stockton, on May 3 and 4. More extended notice will be given in The Enterprise later. Many Grand Officers of the Order will be present.

L. A. Curtis, brother of our fellow townsman, A. J. Curtis, who for the past sixteen years has been foreman and general repair man for a big gin and oil mill in Birmingham, Ala., has been here for more than a week sharpening the saws and giving the Pecos gin a complete overhauling from top to bottom. Mr. Couch, of the Pecos gin, says that he considers himself lucky in securing the services of a man who so thoroughly understands his business as does Mr. Curtis, and that he is going to have his gin put in first class condition at this time to be ready when the cotton season opens.

A WORD TO MEN ABOUT CLOTHES

and for every process in its making, we assume full responsibility. Upon its ability to satisfy the wearer we stand or fall."

No eye—not even the eye of the expert—can detect a slight mixture of cotton in an unworn fabric. Nor can it tell from the surface of the suit whether the inner and unseen details have been well or badly done.

Your certain protection, and ours, is a label which identifies the garment as coming from a maker whose name is a guarantee of all-wool, and the excellence of workmanship that belongs with all-wool—the Kirschbaum label.

EXPERIENCE has taught the public to look with suspicion upon clothing which comes from unknown and hidden origins—particularly with wool growing scarcer—prices going higher—the temptation to cheapen and adulterate becoming stronger and stronger.

The clothesmaker who has no reputation at stake—no fixed pledges to bind him—may decide it is more profitable to give way to the pressure than to resist it.

An unlabeled garment is an evasion of responsibility.

In affixing their label to a garment, on the other hand, the Kirschbaum clothes-makers say, "For this garment
