What Local Chapter Did During Past Year

FIGURES WHICH PROVE GREAT GOOD BEING DONE BY LOCAL RED CROSS CHAPTER.—APPEAL FOR YOUR SUPPORT

It will be of interest to the public to know what our ladies have done for our boys at the front this year, by their untiring efforts.

We report the following output from their needles from September, 1917, when the first garments were made.

The first work of the Reeves county Red Cross Chapter in July, 1917, was to raise the county's quota for the First War Fund, which was \$2400 and Balmorhea and Toyah raised their amounts of this quota.

The amount of material necessary for the comfort of our boys at the front and in camps, and for proper care of our sick and wounded, turned out by the Chapter follows:

195 small articles for military relief, such as bars of soap, tins of soap, games, pencils, writing paper, razors, etc.

209 suits of pajamas.
349 bed shirts.
79 knitted articles.
24 ice caps.
106 comfort bags.
24 hot water bags.
24 operating helmets.
44 operating leggings.
48 pairs of bed socks.
120 wash cloths.
6,600 gun wipes.
2,239 surgical dressings were made since the opening of the work room on January 28 of this year. This class began with 10 workers and now numbers over 60. They have made mostly the larger dressings, such as pneumonia jackets. They are to be complimented on their efficient work, and the good they have accomplished, together with every one who has helped in any way.

The Chapter wishes to thank you, and asks and urges your heartiest support in the future.

"We must put our hands on the shoulders of those boys in the trench—numbers over 60. They have made will hear what goes on in America; they will hear what we are talking about; they will learn whether our hearts are as stout as theirs." Let us call to them in clear and unmistakable tones—so that they may know we will not fail them. We cannot ask more than we are willing to give. And they are giving ALL. We have charged them, forsaking their own interests, their own careers, their own comforts—to dare and suffer all—for us. WE MUST KEEP OUR PART OF THE BARGAIN!

The Second War Fund Campaign starts Monday, May 20 to May 27. One Hundred Million Dollars is the goal!

RED CROSS REPORTER.

Wear a Red Cross tag Friday; show our soldiers you care.

Delegates Attend Road Meeting at Abilene

COUNTIES ALONG PROPOSED ROUTE OF BANKHEAD HIGHWAY MAKING STRONG EFFORTS TO SECURE ROUTE

Last week D. Wood Bozeman and Ralph Williams attended a meeting of the Bankhead and Ozark Trails Highway Association at Abilene.

The meeting was attended by good sized delegations from counties all along the proposed route, and the program, as published in The Enterprise was carried out practically in full.

Mr. Williams says, owing to the fact that Barstow was not represented an effort was made to turn the route via Grandfalls and on to the border in that direction, but owing to the fact that Curtis Hancock, chairman of the Texas State Highway Commission, came to the rescue, this move was not allowed to gain much force. It does show, however, the effectiveness of a strong representation from each and every town, and also the needs of such representation.

These gentlemen who represented Pecos and Reeves county at this meeting are high in their praise of Abilene and her people, and the visit has enthused them very much and caused the red blood to flow more swiftly through their veins. They are confident we will get these two great highways, but at the same time are impressed that we must not fall asleep.

The board which will select the routes for these great highways will make an inspection and selection some time in the fall, and our delegates promised, with the others along the proposed route, to see that proper sign boards are placed along the route from one side of the county to the other. This may prove a winning card in the selection. It will also be necessary for Reeves county to put her part of this road in the very best possible condition before fall that the selecting board may know that we are a live bunch and not afraid to do our part and to do it cheerfully.

—WSS—
PALMER TAKES STUMP IN BEHALF OF CANDIDACY

Ben Palmer, candidate for district attorney, has begun the prosecution of a vigorous campaign in all the counties of the district to the east of Reeves county. He is so well known in Reeves county that there is not much necessity of his campaigning in his home county—it is overwhelmingly for him. The greater part of his time will be spent in campaigning in the eastern part of the district.

The Enterprise understands that he is meeting with much encouragement in that end of the district, and will, no doubt, be elected.

He leaves this week for the east end of the district where he will work untiringly.

To the Car Owners

One of the most troublesome and expensive parts about your car is the tires

You sometimes hesitate as to the kind of tires to buy and whether one is worth repairing or retreading

We are doing an Extensive Vulcanizing business, and we have the machinery and experience to Give You Firstclass Work

If your casing is blown out or the tread worn off we can repair or retread it and Guarantee to Give You Satisfaction

Drive for Second War Fund Begins Monday

RED CROSS WEEK TO OPEN 20TH WITH MONSTER RALLY AT THE BAPTIST CHURCH ON TUESDAY EVENING AT 9

On Monday, May 20th, the Reeves County Red Cross Chapter, will launch the Second War Fund Campaign, featuring a whole week of canvassing, soliciting and swelling the funds to our required quota, of \$3742.00.

Two big days will feature the week's program.

Tuesday night at 9:00: The Big Red Cross Rally at the Baptist church where a most enjoyable programme has been planned, consisting of our very best speakers, with numbers by the members of the Junior Red Cross and our very best musical talent.

Each lady member of the chapter, of both town and county, is requested to attend this service dressed in the Red Cross regalia and occupy, en masse, a special tier of seats set aside for you.

The mothers and fathers of our soldier boys, we especially invite to be present and occupy seats reserved for you. We want to pay homage and a special tribute to our boys in the service—your sons—and you.

On Friday at the fountain, at two o'clock, a very large and handsome Service Flag for Reeves county will be raised with most fitting ceremony. Our Flag now contains 90 stars of

This Week Has Been High School Week

1917-18 TERM CLOSURES WITH APPROPRIATE EXERCISES BY STUDENTS.—TEN GRADUATED FROM SCHOOL

It is a curious fact that in passing judgment on events, the human race is prone to call the last event the best of all. It may have been inbred into us by the powerful instincts of mother-love, for all mothers lavish their affection on the last-born, not, however that they think less of the others before. It's a psychological mystery, and beyond us.

In witnessing the closing exercises of our splendid school in Pecos, The Enterprise's judgment is that is was the best, the most auspicious closing ever witnessed. If not the best, it certainly shared honors with any of the events gone before.

The week just ending was crammed full of fine entertainment, and all, from the lowly primary scholar to the laurel-crowned senior, deserve credit for their part in the programs. In this connection, The Enterprise would deem it unjust were it to fail to mention the fine work done by the teachers. It is doubtful if ever a corps of teachers contended with so many difficulties as did the Pecos school teachers during the term just closed. Many have been the changes in the personnel of the corps, from superintendent down. This phase alone was sufficient to check the fine progress during the first few months.

Our Weekly Letter From Camp Travis

MEN IN SELECT DRAFT ARE THE PICK OF COUNTRY. MANY PHYSICAL DEFECTS CORRECTED IN SERVICE

The newly drafted men now being received into the National Army at Camp Travis certainly ought to be the pick of the land if they pass all the examinations and inspections to which they are subjected. It doesn't make much difference whether the rookie has a prolapsed traverse arch in his foot or a decadent molar in his head, there's a specialist waiting for him to find it out and give directions for setting it right.

The first thing that happens to him after he gets here is the preliminary physical examination. This is more or less hurried, but in time past local boards have been known to send us men minus one foot or one lung—though these oversights are less common now that the draft machinery has been in operation for some time. The purpose of this examination is to cull out those who are hopelessly defective or contagiously ill.

Next come the rigid examination at the infirmaries. By the time he has been thumped over and stethoscoped and poked into and inoculated for typhoid and paratyphoid and vaccinated, even the healthiest specimen feels like a confirmed invalid. But it is worth while, for as a result fivers of the type sought to be prevented

Lieut. Purdith Dies From His Injuries

WON FLYING HONORS AT OXFORD, ENG.—BUSINESS ASSOCIATE AND WARM FRIEND OF ALFRED TINALLY

Lieut. Chester A. Purdith, of 62 Longfellow Ave., died in Lincoln, England, Friday of injuries received in an aeroplane accident March 12, when his aviator companion, Lieut. Geo. O. Middleditch, also of Detroit, was instantly killed. The accident occurred just prior to their planned departure for the American sector in France and while the two were flying from Waddington to Lincoln.

The two boys had been at Camp Sheridan together and had won their wings as aviators with an American detachment training at Oxford University, England, and had decided to make one more visit to attend a frolic at a previous training quarters before leaving for France. Lieutenant Middleditch was driving the aeroplane, with Lieutenant Purdith as a passenger when in some inexplicable manner the machine dipped and before Middleditch could right it, it dived 300 feet to the earth. Middleditch was killed instantly and Purdith taken to a hospital in Lincoln. The announcement of Lieut. Middleditch's death was read in the Detroit newspapers by Purdith's parents but they did not know and did not learn until later that their son was a passenger in the machine and

PECOS PROOF

Should Convince Every Pecos Reader

The frank statement of a neighbor telling the merits of a remedy, Bids you pause and believe. The same endorsement By some stranger far away Commands no belief at all. Here's a Pecos case. A Pecos citizen testifies. Read and be convinced.

Robt. P. Tyler, real estate dealer, Eighth St., says: "I have used Doan's Kidney Pills off and on for several years for kidney weakness, lame back and bladder trouble, and they have always given satisfactory results. They act better on the kidneys than any other medicine I know of. I gladly advise anyone to get a box at the Pecos Drug Co., if in need of a kidney medicine."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Tyler had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.—Adv. 9 WSS

Raymond Livingston, who is working on the ranches of W. D. Hudson, was in town today. Mr. Livingston hails from Hamilton county where he and the editor were reared together in the same neighborhood.

B. F. Seay, Toyah's day and transfer man, and recently appointed town marshal, was over to Pecos this week and left a nice order for stationery with The Enterprise.

Women!

Here is a message to suffering women, from Mrs. W. T. Price, of Public, Ky.: "I suffered with painful..." she writes. "I got down with a weakness in my back and limbs... I felt helpless and discouraged... I had about given up hopes of ever being well again, when a friend insisted I

Take

CARDUI

The Woman's Tonic

I began Cardui. In a short while I saw a marked difference... I grew stronger right along, and it cured me. I am stouter than I have been in years. If you suffer, you can appreciate what it means to be strong and well. Thousands of women give Cardui the credit for their good health. It should help you. Try Cardui. At all druggists. E-73

H. K. Jones, prominent stockman and, until recently city marshal of Toyah, was a visitor in Pecos this week enroute to Oklahoma where he may locate if conditions suit him.

F. P. Richburg is rejoicing over the arrival at his home of a big red heifer calf from his splendid Jersey cow.

A Fight For Life

It has been fight or die for many of us in the past and the lucky people are those who are now well because they heeded nature's warning signal in time to correct their trouble with that wonderful new discovery of Dr. Pierce's, called "An-u-ric." You should promptly heed these warnings, some of which are dizzy spells, backache, irregularity of the urine or the painful twinges or rheumatism, sciatica or lumbago. To delay may make possible the dangerous forms of kidney disease, such as stone in the bladder.

To overcome these distressing conditions take plenty of exercise in the open air, avoid a heavy meat diet, drink freely of water, and at each meal take Doctor Pierce's Anuric Tablets (double strength). You will, in a short time, find that you are one of the firm indorsers of Anuric as are many of your neighbors.

TYLER, TEXAS.—"I am 53 years old, and for the last three years I have been afflicted with kidney trouble; no relief from the medicines I took. At last I took one small package of Dr. Pierce's Anuric Tablets and the very first dose helped me, and I continued to improve. I took in all six packages. I am very glad to testify."—DAVID VILCHEZ, 414 E. Social Street.

YOAKUM, TEXAS.—"After using different medicines for kidney and bladder troubles will say that I have given Dr. Pierce's Anuric Tablets a fair trial and was greatly benefited, and do hereby cheerfully recommend Anuric to all persons suffering from kidney and bladder troubles."—HENRY ROTH, Route 4, Box 153.

Ask the druggist for Anuric (60c), or send for a trial package, 10c. Sold by the Pecos Drug Co. and Special Institute, Buffalo, N. Y., 10 cents for trial package.

WHAT THE RED CROSS IS DOING AND WHAT YOU CAN DO

The first Red Cross War Fund was raised because the people realized, with the President of the United States, that the American Red Cross could play a great part in winning the war. The spirit of the people was further based on their knowledge of the traditions of the Red Cross, and their confidence in the men the President appointed to head it. But they did not know, nor did the leaders of the Red Cross know, what its full scope would be.

We face different conditions in the Second Red Cross War Fund Campaign. The vast amount of money entrusted to the leaders of the Red Cross has been largely spent. We have a record of performance and we now have a more definite picture of our future possibilities.

The public realizes that the Red Cross performs a very important work in co-operating with our army and navy in the care of wounded and the general comfort of the soldiers and sailors. They do not know as fully that the Red Cross is performing a great new task of vast importance in helping pay the debt we owe those nations who have for three years borne the brunt of this great struggle.

In a recent speech ex-President William Howard Taft reminded the people that there is no instrumentality more effective at this time to uphold and strengthen the morale of our Allies than the American Red Cross.

The fact that our Red Cross, by the broadest kind of relief work, is strengthening and heartening the Allies, is one which we must bring home to all our people in this campaign and we know that their recognition of it, added to their knowledge of its other work, will bring forth the fullest measure of support.

We intend, in this campaign, to bring home to our people in the most vivid manner the story of the help we are furnishing to those nations.

Below the question "What Did the Red Cross Do With the First One Hundred Million Dollars?" is answered:

France

Established infirmaries and rest stations along all routes followed by the American armies in France.

Built canteens for use of French and American soldiers at the front, also at railroad junctions and in the city of Paris.

Supplied the American troops with comfort kits and sent them Christmas gifts.

Established a hospital distributing service that supplies 3,423 French military hospitals and a surgical dressing service that supplies 2,000.

Provided an artificial limb factory and special plants for the manufacture of splints and nitrous oxide gas.

Established a casualty service for gathering information in regard to the wounded and missing.

Open a childrens refuge and hospital in the war zone and established a medical center and traveling dispensary to accommodate 1,200 children in the reconquered section of France.

Planned an extensive reclamation work in the invaded sections of France from which the enemy has been driven; this work now being carried out with cooperation of the Society of Friends and an alumnae unit from Smith College.

Established a large central warehouse in Paris and numerous distribution warehouses at the important points from the sea to the Swiss frontier for storing of hospital supplies, food, soldiers' comforts, tobacco,

blankets, clothing, beds and other articles of relief.

Secured and operate 400 motor-car vehicles for the distribution of supplies.

Opened a hospital and convalescent home for the repatrie children at Evian; also established an ambulance service for the adult repatries who are now returning from points within the German lines at the rate of 1,000 a day.

Organized a nurses' service for American Army use.

Established twenty dispensaries in the American Army zone to improve health conditions in that section before the coming of the American soldiers.

Total amount of money appropriated for Relief Work in France up to March 1st, \$30,936,103.

Belgium

Erected warehouses and stores to serve as centers of distribution.

Started reconstruction work in reconquered territory, supplying repatries with temporary dwellings, furniture, tools, farm animals and supplies essential to giving them a fresh start in life.

Appropriated \$600,000 for the relief of Belgian children, covering their removal from territories under bombardment, and the establishment and maintenance of them in colonies.

Provided funds for the operation of a hospital for wounded Belgian soldiers and for part of the equipment of a typhoid hospital. Total amount of money appropriated for Relief Work in Belgium to March 1st, was \$2,086,131.

Italy

Provided the Italian army with three complete motor ambulance sections, comprising sixty ambulances, forty trucks and 100 American drivers.

Contracted for ten complete field hospitals for use by the Sanita Militaire and the Italian Red Cross.

Supplied 1,000,000 surgical dressings.

Opened relief headquarters in nine regional districts of Italy.

Established a hospital for refugees at Rhimini.

Opened a canteen for soldiers at Milan.

Planned and made appropriations for extensive relief work among the refugees in all parts of Italy.

Total amount of money appropriated for Relief Work in Italy to March 1st, \$3,588,826.

United States

Organized and trained 45 ambulance companies, totalling 5,580 men, for service with the American soldiers and sailors.

Built and maintained four laboratory cars for emergency use in stamping out epidemics at cantonments and training camps.

Started work of eradicating malarial-bearing mosquitoes in the zones immediately surrounding cantonment locations.

Established camp service bureaus to look out for the comfort and welfare of soldiers in training.

Supplied two million sweaters to soldiers and sailors.

Mobilized 14,000 trained nurses to care for our men.

Established a department of civilian relief and opened training schools for home service workers.

Planned recreation houses at all cantonments and training camps. Increased the membership from a scant half million to approximately 23,000,000.

Total amount of money appropriated for Relief Work in the United States to March 1st, \$8,589,899.

PORTERVILLE RAISES OLD

GLORY AND HONOR FLAG

Friday, May 10th, was Flag Raising Day at Porterville, and the patriotic citizens met at the school house to witness this honored occasion.

Mr. Wilcox being the largest subscriber to bonds in Loving county, was selected to raise Old Glory and the town's Honor Flag, while the children of the school sang "The Star Spangled Banner." The Stars and Stripes now proudly waves to tell us of its glory, and the Honor Flag, to proclaim the fact that Loving county went "over the top" in the Third Liberty Loan.

The salute to the flags was given and Judge Ben Palmer made an enthusiastic speech, commending the people of Loving county for what they had done.

INTEREST ON LIBERTY LOAN

BOND WAS DUE ON THE 15TH

Another installment of interest on Liberty Loan Bonds became due on the 15th of this month, and J. G. Love, of the Pecos Valley State Bank, requests The Enterprise to state that that institution will be glad to collect that interest for all who desire, free of cost.

The bank will also take up and exchange for all who desire those former bonds, and secure instead bonds of the third issue, bearing 4 1-2 per cent. This will also be attended to free of charge, so those interested will hereby take note and act accordingly.

Don't fail to hear Judge Ross at the Baptist church, Tuesday night, May 21st, in his plea for Red Cross.

Ford THE UNIVERSAL CAR

Have you seen the Ford Model T One-Ton Truck Chassis? It is, we believe, the greatest servant ever offered the American people. A strong Vanadium Steel frame with the regular Ford motor, and a direct worm drive, this truck will be among motor trucks just what the Ford is among all motor cars: the supreme value from point of efficient service and low cost of operation and maintenance. The Ford One-Ton Truck Chassis is \$600 f. o. b. Detroit. We'll assist buyers on the body question. Come in and let's talk it over.

Pecos Auto Company FECOS, TEXAS

The Modern Spirit

of cooperation, the spirit which animates all successful business, prevails in the organization of our Federal reserve bank.

We own stock in it. We keep our reserve cash in it. We have a voice in electing its directors and through them in choosing its management. It is our bank, and its resources enable us at all times to meet the legitimate banking requirements of our community.

You, in turn, can cooperate with us in maintaining the Federal Reserve Banking System, and at the same time share in its benefits and protection, by becoming one of our depositors.

MEMBER FEDERAL RESERVE FIRST NATIONAL BANK

*"A great net of mercy drawn through
an ocean of unspeakable pain"*

YOUR Red Cross is an all-American, largely volunteer organization, authorized by Congress, headed by President Wilson, audited by the War Department, enthusiastically approved by your Army, your Navy, and your Allies.

The work covers both military and civilian relief in every war-torn Allied country and full reports of all expenditures are continually being published, or are available through the Chapters.

It stands beside our boys in training here or "over there."

It watches beside the pillows of battle-broken men, and offers rest and sympathy to war-torn fighters on brief respite from the front.

It carries food and clothing to hungered mothers and little ones in ruined villages.

It helps rebuild the scattered pile of brick and stone they once called "Home."

It brings back to the hopeless mother's arms her long-lost child.

It helps care for the orphans of the men who died that civilization might live.

It helps care for the thousands that have fallen prey to dread tuberculosis.

It nobly represents in deeds of mercy, relief, and restoration the more than twenty million members that have made its great work possible.

Will You Do Your Share to Keep This "Hand of Mercy" at Its Work?

Every cent of every dollar received for the Red Cross War Fund is spent for war relief. All administration costs, relief work for other than war purposes (such as the Halifax and Guatemala disasters) are taken care of out of membership dues, and the interest accruing from the banking of the War Fund has made available for war relief at least \$1.02 for every \$1 contributed.

FIRE BOYS STAGE SPECTACULAR WATER BATTLE

All business stopped at 6 o'clock yesterday afternoon to witness the water fight between companies 1 and 2 of the Pecos Fire Department. Four men from each division were selected to contest for the glory of their company in the fight. At the fire house before the fun, the captains of each company drew for position, No. 1 drawing the Bigg's pump, and No. 2 the depot pump. Both trucks then lined for the start and at the report of the gun made a dash for the pumps, and the people gathered to witness the battle saw one of the fastest runs ever made by a volunteer fire brigade. Each truck circled around the pump laying eight lengths of hose and met at the fountain, the water spurting by the time the nozzle-men were braced. The pressure was good and the battle royal continued for half an hour, and many times during the mix-up the nozzles were pressed against the backs of the boys necks. The crowd did their share cheering lustily for any old side, just so it showed an advantage. Many of them got a wetting, but never left their posts of vantage. The opposing teams were: Short, Turner, Miller and McMahan of Co. 1; Richburg, Slack, McDonald and Van Camp, of Co. 2. No decision was rendered, notwithstanding the fact that the boys suffered severe punishment, and they proved beyond a doubt that material for the fire department is of the best. Richburg, Short and Van Camp received pretty severe injuries to their eyes. Chief Kiser refereed the battle, but declared they must have had it in for him as several times he received the flow full force in the face and couldn't see much of what was going on, but as no one had quit their posts, declared the fight a draw, which decision pleased all concerned. A collection for the Red Cross netted \$11.50, which takes a whole lot of the sting out of the boy's face and arms. WSS Let your idle books help our soldiers—You can do your bit.

Drive for Second War Fund Begins Monday

(Continued from page 1) honor on its field of service. Here, again seats will be reserved for those who have loved ones in the service of our country, and our most effective speakers will address the audience. There will be music too, to lend cheer to the occasion. All day Friday the Red Cross will serve lunch at the Elite stand to raise funds for the Second War Fund Campaign. This is not a work for the few, but a work for all. Every man, woman and child in the county is expected to do all that is possible. Let us go over the top with our quota. The Red Cross never says die! Fathers and mothers who have boys in the service, and have no way of attending these services will notify the Red Cross Chapter, and they will furnish transportation for them. The following program for the War Fund Rally Campaign, will be given at the Baptist church on next Monday night, May 20th, at 9:00 o'clock: Opening Red Cross Drill and Chorus, by the Pecos school. Reading—"A Query From Uncle Sam," Belton Short, Jr. Reading—"Allied Children," Besie Reynolds. Solo—"Will the Angels Watch Over My Daddy in France," Beatrice Sims. Address—"What the Red Cross Does With the War Fund Money," by W. A. Hudson. Reading—"When I Gave My Big Brother," Wylie Sue Cole. Reading—"Home Dominion," Virginia Bozeman. "We Are In the War to Win," Callie Ross. Address by F. W. Johnson. Address by Jas. F. Ross, who will select his subject to fit the occasion. Closing Chorus—"America," by the Audience. RED CROSS REPORTER. WSS FIRE BOYS TRIM TOWN'S STAR BASEBALL TEAM WSS The town baseball team sailing under the euphonious cognomen of "Green's All Stars," have, in the few weeks just passed met and routed all comers in the National pastime. So earnestly did it make them feel that a challenge to meet all comers was issued from their camp, which was heard and heeded by the members of the Pecos Volunteer Fire Department. A week prior to the game, saw players of each team hard at practice each day, and yesterday the clash came and the high hopes of the Green Stars went glimmering to the tune of 9 to 7. The problem of both teams was pitchers, as this breed seems to be in a stumping condition in Pecos. At the cry of "play ball" Green was on the slab for the Stars, and in the first stanza, before he got his soup bone unknicked, the fire boys touched his delivery for bingles that netted a trio of scores. Moran started the game for the fire boys, and succeeded in blanking the Stars, and it looked as if he would have them at his mercy throughout the game, but the farther he went the worse he got and the ninth inning saw the Stars leading by one run. Two tallies in the sixth, however put the fire laddies in the lead and Moran turned the job over to Jones, while Green was relieved by Palmer. The former pitched winning ball to the end, but Palmer was touched for five runs which cinched the game for the smoke eaters. Admission to the game netted a little over \$12 which was given to the local Red Cross. Next week a game will probably be matched with Barstow, the pick of Pecos to engage them, and should be interesting, to say the least. WSS Rev. A. A. Knight delivered the Baccalaureate address to the graduating class of the Toyah High School of the class of 1918, last Sunday evening.

FOR CONGRESS I am a candidate for Congress subject to the Democratic primaries. For Prohibition. For Woman Suffrage. Was Wilson delegate at Baltimore. Was Wilson Collector of Customs at El Paso. Resigned to run for Congress. PLATFORM—100 per cent. Americanism; Stand by the President; Help Whip the Kaiser. ZACH LAMAR COBB. (Political Advertisement)

This Week Has Been High School Week

(Continued from page 1) Nor was that all. Pecos has had a share of everything epidemical during the school year. Mumps, measles, whooping cough, and a thorough good scare from smallpox. The effect of these could be seen when the perfect attendance certificates were awarded at the close of school. The Enterprise cannot but feel that the patient teachers deserve the crowning glory for their perseverance and zeal. The week opened Sunday at the Baptist church with an appropriate program by the High School students. At this service Rev. W. A. Knight, pastor of the Baptist congregation, made the Baccalaureate address to the Seniors, which was full of good, sound advice to young people standing on the threshold of life's open door, gazing into the misty beyond. All who heard the address pronounced it a masterpiece, and many things said can be applied with profit by not only the student body, but every one on life's roadway. Tuesday evening Pecos people enjoyed a rare treat at the Baptist church when they listened to a recital by the pupils of Miss Mildred McCarver's piano class. The little folks covered themselves with glory which, of course, reflected the painstaking efforts of their tutor. An innovation in this program was a reading by little Wylie Sue Cole, who is a regular performer before Pecos audiences, and she never fails to catch the audience. On this occasion she was compelled to respond to an encore. All the children did well, and The Enterprise ventures to say their parents were proud of their performance. Wednesday afternoon the Seniors gave a farewell class performance at the school auditorium. At night, at the school building, the pupils of the Seventh grade rendered one of the most complete programs of the week. It was versatile, original, and carried out with snap and vim. One watching these young folks perform cannot but be impressed with the thought that the Pecos schools are molding men and women for the future that will reflect credit on the city. On Thursday the Senior class presented a four-act drama, entitled "Dorothy's Neighbors," the proceeds going to help in the expense incidental to the material necessary, such as invitations, cards, programs, etc. A good audience greeted the presentation of the play and a net sum realized for their needs. The event looked forward to with eagerness by every schoolboy and schoolgirl—graduation—took place at the Baptist church, and the building's seating capacity was taxed to accommodate those gathered to honor the students of the class of 1918. The evening's exercises were carefully planned, the services being opened by invocation to God by Rev. J. H. Walker. Then followed a chorus by the high school at the conclusion of which Miss Sybil Bowie, honor student among the girls, and winner of second honors in the class, stepped out with a salutatorian address, in which she gave a clear delineation of the word "Welcome." Synonyms of the word in various languages were analyzed and when all was said and done, the last analysis was that the good old Anglo-Saxon rendition of the word and all it meant to imply was the best, and so, on behalf of the class Miss Sybil bade those gathered "Welcome." Then followed a piano duet by Misses Irene Irewit and Ora Pruett. "Qui Vive," and it was very much alive, too, and these young artists were generously applauded at the close. Burette He'ner, Valedictorian of the class then delivered an address, which, if The Enterprise were asked to select a title for, would call it, "Democracy—the Basic Principle of the Earth's Peoples—It Must Triumph." It was a masterful oration, and well delivered, and the applause at its close proved the sentiments contained were the desires of all liberty-loving people. After a song by the class Mr. T. E. Hayden, principal of the High School made the commencement address. The major portion of his talk was to the Seniors, containing much sound advice, that will, if heeded, help much as they launch out on the unknown seas of life. He emphasized the fact that, so far as High School curriculum entered in, they were perfect, the start to really live was now theirs, their destiny, which he compared to the smooth, marble slab, was before them and their education they possessed; it was the chisel with which they must carve out a destiny, guided by character. Mr. Hayden, realizing that ere another term opens he will be in the service of his country, took the occasion to say good-bye to pupils and patrons. His

going will leave a gap in the Pecos High School faculty hard to fill. W. A. Hudson, president of the Board of Trustees followed Mr. Hayden in a short talk, after which he presented the graduates with diplomas, giving to each a well-earned word of commendation as he did so. At this point Superintendent McCasland arose to state that medals won by pupils in the Interscholastic Meet had arrived, and no more auspicious occasion than the present could be found to award them. Gold medals, were accordingly awarded to Julia Magee, winner in the Junior girls' declamation; to John Gill, the winner in Junior boys' declamation; to Estelle Durdin, winner of Senior girls' spelling. Bronze medals for honors won in athletic events were to be awarded, but did not arrive. Scholarships awarded to honor students by Texas colleges were next given to Seniors. Ellengreene Sullivan, the girl winning second honors, and Wynne Goode, the boy winning second honors, were each given a free scholarship, donated by Texas Christian University. The boy with highest honors was given his choice of scholarships in four of the state's leading institutions of learning: T. C. U., C. M. U., A. & M., and Texas University. These were awarded to Burette Hefner to choose from. Miss Sybil Bowie, winning highest honors among the girls also received four scholarships, from which to make a choice: T. C. U., S. M. U., C. I. A. and Texas University. Then came the awarding of perfect attendance certificates, and it is safe to say that many of the tots receiving them prized them as highly as did the Seniors their diplomas. Thus passes another year in the history of our school. Ten students, seven young ladies and three young men, have reaped the full benefit of a splendid school system, and now start a new life. Their futures may be bright, they may be dim—the future is mystery—but The Enterprise ventures that often along life's uncertain pathway, they'll pause and, looking backward, yearn for days as happy as those spent in the public schools of Pecos. The Enterprise's last word is "Godspeed Class of '18." WSS

HAVING BIG TIME ON TRIP TO OLD TENNESSEE HOME Mrs. Sid Cowan entertained her Sunday school class of the Baptist church Wednesday afternoon at her home. It was a very pleasant party during which delightful games were enjoyed and refreshments of fruit, nuts, cake and lemonade were served to the little fellows. The following is the personnel of the class: Jack Camp, Boone Goode, Jack Payne, Jesse Hardy, W. D. Priest, W. D. Cowan and Sidney Cowan. WSS E. P. Stuckler, manager of the U. ranch, was in Pecos Wednesday and Thursday visiting friends and attending to matters of business. N. E. Fielding was in Pecos last Sunday greeting friends and reporting that things in general over at Monahans were in fine shape. F. C. Bruce and Henry Lavelle of Balmorhea, were circulating among their friends in Pecos yesterday and today. For Sale—Have a fine buck kid, half Toggenburg and half Nubian—both pure milk goat breeds—at a bargain. The Enterprise office. If You Want a good gas engine to run stock water pump see Hibdon at The Enterprise office. Two good ones and both Fairbanks-Morse make. Either one at a bargain.

*"A great net of mercy drawn through
an ocean of unspeakable pain"*

WE'LL WIN

What does it mean to you to know that your American Red Cross:

Is supporting 50,000 French children.
Sends supplies to 3,423 French military hospitals.
Provides 2,000 French hospitals with surgical dressings.
Is operating thirty canteens at the front line.
Is operating six other canteens at French railway junctions, serving 30,000 French soldiers a day.
Operates a movable hospital in four units, accommodating 1,000 men.
Is operating a children's refuge in one part of the war zone; and in another a medical center, and traveling dispensary, both capable of accommodating more than 2,000 children.
Has opened a long chain of warehouses stocked with hospital supplies, food, soldiers' comforts, tobacco, blankets, etc., all the way from the seaboard to the Swiss frontier.
Has warehouse capacity for 100,000 tons.
Has 400 motor cars and operates 7 garages, making all repairs.
Had shipped 46 freight car loads of assorted supplies to Italy from France within two weeks after it began operating in the former country.
Had a battery of motor ambulances at the Piave front four days after the United States declared war on Austria.
Started a thousand different activities in Italy at the time that nation was in its most critical condition.
Has established 5 hospitals in England and operates a workshop for hospital supplies employing 2,000 women.
And that 120,000 cases of supplies have been received at the Paris headquarters of the American Red Cross from your various chapters scattered throughout the United States.

What does all this mean to you? And that is but a fraction of the work your Red Cross has done and is doing. It means that without this ceaseless, heroic work of the American Red Cross we could never win this war.

Without your Red Cross quick, vital help to keep Italy in the fight for Liberty would not have been possible.

Without your Red Cross thousands of French soldiers now gallantly fighting for you at the front would have died of wounds, exposure and lack of food.

And great and wonderful as has been the work of the American Red Cross in the past, still greater and more wonderful must it be in the future—for now *your* boy is in the fight.

Your Red Cross cannot neglect France, England, Italy, Serbia, Roumania and little Belgium. It must give them all constantly increasing help, for the men of these countries have been fighting our battles.

But now we must all redouble our efforts and sacrifices for our Red Cross because a million mothers' sons are going to carry the stars and stripes to the greatest victory God has ever given to men fighting for honor and liberty.

With the help of your Red Cross your boy will win.

MC KELLAR SELECTED AS
PECOS' NEXT POSTMASTER

News reached Pecos yesterday, through the daily papers that President Wilson had sent to the senate for confirmation, the name of H. N. McKellar for postmaster at Pecos.

While this was quite a surprise to many it is firmly believed he will make a splendid postmaster. McKellar was county and district clerk for a number of years and in that capacity gave most excellent service and it is believed he will do as well as postmaster. He is a good man, a splendid citizen, courteous and accommodating to all alike, and The Enterprise joins his many friends in congratulating him on securing this government position.

Our Weekly Letter

From Camp Travis

(Continued From Page One)

ed are as rare in an army camp as leprosy or cholera infantum.

The new soldier is then taken in hand by the personnel of the office and quizzed about everything imaginable, so it seems to him. He tells his birthplace and age, of course, that is simple, but when he happens to have a foreign name with about five consonants where vowels ought to be, it takes a patient soldier to make the clerk understand aright. Down on the record he goes, whether he is a steam-fitter or a minister of the gospel, whether he is married or single, whether he can do a song-and-dance act in the local talent entertainments that soldiers are encouraged to stage at the "Y" buildings, whether he prefers the artillery to the quartermaster corps and why—in short, a pretty fair word picture of the man gets on to the cards the personnel force prepares for each soldier in the army. And he gets his name thus, "Hiram J. Harrison, No. 33245321", and the name goes with him through all his army life. It must always be Hiram J.—H. Junius won't go.

There is a special tuberculosis board. When a man get by these keen-eyed gentlemen he is pretty likely to have a sound chest. If they are suspicious of any soldier, that soldier gets special care and observation with only such work as is suited to his physical condition. The dental board looks after the army's mouth, and the army has a clean and capable mouth as a result. Each of the soldiers gets a toothbrush along with other toilet articles, and he is expected to use it.

The psychiatric and psychological boards have their inning too, on the theory that a prospective "shell-shocker" or malingeringer, discovered before the terrific strain of trench warfare proves too much for him, is just that much man-power saved to the nation. Such men are placed in some line where their work is suited to their capabilities.

Feet are looked over and after by the orthopedists. It has been found that not all cases of flat foot are disqualifying by any means. The foot specialists decide upon the individual cases and prescribe exercises or appliances where such measures seem necessary. Then there are the hook worm specialists—but why continue the list? If you have a soldier in the army he is going to be looked after as never before in all his life. If there is anything wrong with him that is going to be looked after, too. You may be sure of that, for it pays the government to keep its fighters in condition to be able to fight.

Benjamin Frank Posey of the 27th Company, 165 Depot Brigade, is looking fine and dandy, and one more trip to the hospital would make a regular good-looking man of him.

Joe Nelson, who is at Camp Travis, writes to The Enterprise to say that the boys are encouraged to write to their home papers and tell of army life in the different camps. Joe writes: "Though I didn't come from Pecos I count it as my home as my folks all live near there. I like the army life fine; I believe it will make a man out of anybody if they will give it half a chance. The camp is quite a large place. You can walk nearly all day and pass nothing but barrack after barrack. It is real interesting and fascinating to watch the aeroplanes from Kelly Field. We have some daring aviators down here. "As it is about time to get ready for drill I will have to quit for this time.

"With best wishes for all the Pecos people, I am,

"Yours truly,
"JOE NELSON."

CALOMEL DYNAMITES
A SLUGGISH LIVER

Crashes Into Sour Bile, Making You Sick and You Lose A Day's Work

Calomel Salivates! It's mercury. Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with sour bile it crashes into it, causing cramping and nausea.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a 50 cent bottle of Dodson's Liver Tone, which is a harmless vegetable substitute for calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

If you take calomel today you'll be sick and nauseated tomorrow; besides it may salivate you, while if you take Dodson's Liver Tone you will wake up feeling great, full of ambition and ready for work or play. It's harmless, pleasant and safe to give to the children; they like it.

If Swift & Company Made No Profit

The cattle raiser would receive only 1/8 cent a pound more for his cattle

So small is Swift & Company's profit on any single transaction that if it were turned over to the cattle raisers of the country, they would receive only 1/8 cent a pound more for cattle than they receive now.

Swift & Company pays for live cattle about 90% of the amount received for dressed meat and by-products. The remaining 10% pays for packing-house expense, freight to market, operation of distributing houses and profit. Swift & Company's actual figures per head for 1917 on over two million cattle were as follows:

Receipts		Payments	
From By-products	\$24.09	Profit	\$1.29
	26%	Selling	2.55
		Freight	4.20
		Dressing	2.55
From Meat	\$68.97	Paid for Live Cattle	\$84.45
	74%		91%
Total	\$93.06	Total	\$93.06

* This net profit of \$1.29 per head averages 1/8 cent a pound live weight.

And out of this small net profit dividends must be paid to shareholders.

Year Book of interesting and instructive facts sent on request.
Address: Swift & Company,

R. P. HICKS

PHONE NO. 42

You Need Music NOW

Music was never more needed in the American home than it is to-day. Home has never meant more to Americans than it does to-day. With some of our boys at the front and many preparing to go, the tenderest and deepest emotions surge through our souls. It is then that we feel the need of a song to cheer, to comfort and encourage.

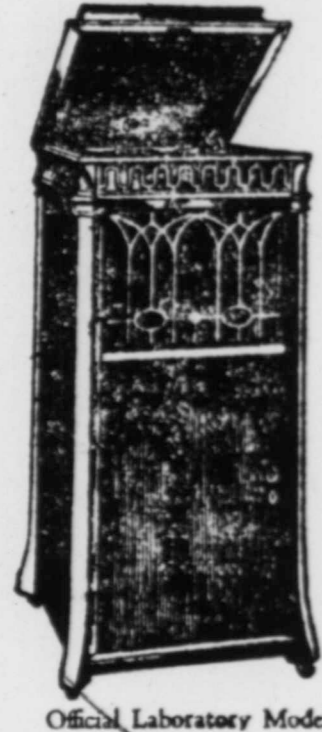

The St. Louis Republic says:

"The problem of music in the home is solved when the singing of the greatest artists is made possible by an instrument that does not betray itself in the very presence of the artist herself."

That instrument is

The NEW EDISON

"The Phonograph with a Soul"

The wonderful Edison invention that Re-Creates all kinds of music with such fidelity that the voices of great artists and the performances of great instrumentalists cannot be distinguished from the New Edison's Re-Creation of them. The Edison tone test proves this. Nearly 2,000,000 music lovers and upwards of 1500 of the leading music critics of America who have witnessed these tests have admitted their inability to distinguish an actual voice, or instrument, from the New Edison's Re-Creation of it.

You are cordially requested to call at our store and be convinced

CAMPBELL-BURKE

Seth Campbell, a prominent young stockman of Winkler county, and Miss Neva Burke of Plainview, a teacher for the past year in the public schools of Winkler county, were married at the ranch home of Fred Leek last Sunday.

Mr. Campbell is known all over this section of the country and while a bachelor of mature years, has good judgment not only in the manage-

ment of a West Texas ranch, but in the selection of a helpmeet to work in double harness for the remainder of his earthly career. He, as well as the bride, are quite popular and the wedding was quite a surprise to their many friends all over the country.

The Enterprise joins with their many friends in wishing them a most happy and prosperous voyage along the matrimonial sea, and hopes it may be a lesson to all other old bachelors who have seemingly lost all hopes of such a blissful career.

WRIGLEY'S

Six reasons

WHY it's a good friend:

- 1—Steadies nerves
- 2—Allays thirst
- 3—Aids appetite
- 4—Helps digestion

JUNIOR RED CROSS EXERCISES AT PORTERVILLE

Last Friday evening, May 10th, beginning at 9 o'clock, the Junior Red Cross pupils rendered a very interesting program at the school building.

Patriotic speeches were made and several patriotic and Red Cross songs were sung. Mrs. M. C. Noble and Miss Ruby Henson furnished the music for the occasion.

Mrs. J. W. Moore, chairman of the Reeves county Chapter made a talk to the Auxiliary at Porterville on Red Cross work, stressing the fact that everything should be done just as Uncle Sam wants us to do it.

Mrs. F. W. Johnson of Pecos, gave a talk on the new way of knitting. Both talks were beneficial to those who are engaged in Red Cross work.

A very touching, patriotic speech was made by Judge Jas. F. Ross, our county judge, making us feel proud of our country and flag.

F. W. Johnson of Pecos, made a "win the war" talk, urging us all to sacrifice and in so doing will help greatly in winning the war.

In addition to the Red Cross program the school work was exhibited. Melba Evans and Cecilia Stratton sent telegrams at the rate of ten words per minute for the benefit of the Red Cross. Jimmie Evans, Irma Prindle and Stella Evans presided at the intermediate table, charging a fee which went to the Junior Red Cross. Orpha Henson and Louise Prindle presided over the primary table.

From the savage mode of living and their crude implements to the latest inventions were seen at these tables. The Porterville school was highly complimented on the progress made in the past two years.

Mrs. Floyd Goodrich, Misses Veda Prindle and Maggie Wright served sandwiches, from which a nice sum was realized.

Most all the people of Porterville were present besides the speakers mentioned; also Miss Ima Morrison, Mrs. Higgins and three daughters of Pecos. Porterville citizens were indeed glad to have these people with them.

The rural school at Porterville will close next Friday and Mrs. G. F. Williams has the honor of teaching two of the most successful terms of the school.

MRS. JOHN BELL DIES AT HOME OF DAUGHTER HERE

Mrs. John W. Bell, born May 20th, 1847, died Thursday, May 16th, 1918, at the home of her daughter, Mrs. S. E. Ligon, in Pecos, at the ripe age of 70 years, 11 months and 26 days.

Mrs. Bell had been in poor health for several months and her passing, though not unexpected was, nevertheless a severe shock to the family. She had lived a life of usefulness in doing good to those with whom she came in contact, and now receives the well-deserved plaudit of the Master. "Well done, good and faithful soul."

She was a consistent member of the Presbyterian church, having become a member in early life, remaining ever faithful.

She is survived by her husband and several children.

Burial will take place tomorrow afternoon May 18, at four o'clock in Fairview Cemetery, the funeral services will be conducted by the Rev. C. S. McCarver.

The Enterprise joins with the families' many friends in extending sympathy in this sad hour.

BISHOPS OF M. E. CHURCH SOUTH ARE ELECTED

Atlanta, Ga., May 15.—The election of Dr. F. N. Parker of Emory University, as bishop of the Methodist Episcopal Church, South, as a result of the third ballot cast here yesterday, was announced at the opening of today's session of the general conference.

Dr. H. M. Dubose of Nashville, and Dr. W. N. Ainsworth of Savannah, Ga., were elected bishops on the fourth ballot, completing the six additional members of the college of bishops to be elected at this conference.

The three bishops elected yesterday are: Rev. John M. Moore, of Nashville, Tenn.; W. F. McMurray of Louisville, Ky.; and Rev. H. V. W. Darlington of Harbour, W. Va.

The college of bishops has vetoed the action of the general conference of the Methodist Episcopal Church, South, in granting laity rights to women, and in changing the ritual from Holy Catholic Church to "Christ's Holy Church", it was announced on Tuesday. The bishops held that a two-thirds vote of the annual conference was necessary to make such action legal.

HUDSPETH VISITS PECOS.—SPEAKS AT BALMORHEA

Hon. Claude B. Hudspeth, candidate for Congress, was here in Reeves county for two or three days this week looking into his political interests. Mr. Hudspeth visited Balmorhea where he spoke to those people. He was accompanied to the Valley by E. P. Stuckler and Judge Harry MacTier.

Mr. Hudspeth, formerly a West Texas cowboy, but for the past sixteen years our representative at Austin, is well known to all our people as a tireless worker for the interests of his people. His record in the senate at Austin is a fair sample of what his work will be in the halls of congress should the people see fit to elect him. Of course, there are those who do not approve of his every act, but no sensible man or woman could hardly hope for that.

Senator Hudspeth did not speak in Pecos this time for the reason that the time and minds of our people were filled with the closing exercises of our splendid schools. He will return and speak to our people on the night of the 30th inst. at the Music Hall, at which time he hopes to have not only the people of Reeves county, but of the adjoining counties.

Mr. Hudspeth is a man of pleasing personality, a large mind as well as physique, and will entertain all who come to hear him with clean, wholesome campaign thunder.

NEED OF MEN FOR Y. M. C. A.

Forced by the decision of President Wilson and Secretary Baker to increase the Nation's military establishment "to the limit", the Y. M. C. A. has doubled its machinery for recruiting workers in the camps of America and overseas and has organized a committee to tour the South and present the appeal of the National War Work Council to men who are beyond fighting age, with the opportunity for patriotic service in providing recreation and keeping up the morale of the troops.

The recruiters began their tour in Richmond, Va., on Wednesday, May 8th. Their itinerary for the Southern Department includes Houston, Thursday, May 16; San Antonio, Friday, May 17; Waco, Saturday, May 18; Dallas Sunday, May 19; Little Rock, Ark., Monday, May 20. Hundreds of enlistments are expected as a result of these direct appeals. Local recruiting committees will continue the work started by the travelers.

One of the most important features of the appeal to be made in the South is a cable message received from France last week. Both President Poincare and Premier Clemenceau, it read, "emphasize in strongest terms the need of cooperation, and many of our American generals insist that our work keep pace with our military expansion."

The message was signed by Dr. Jno. R. Mott, secretary of the War Council, and he adds: "After close study of the present requirements and careful forecast, I am convinced that we must have in each month from May to September, inclusive, 700 hundred workers for the American troops in France and England, 50 for the French army and 10 for the Italian army. Making allowances for expiring contracts and casualties will swell the total to considerably over 800.

"Of this total 140 should be women for American work, and five for French work. Because of the difficulty of recruiting in July and August I recommend a double output in May and June."

As workers are not enlisting fast enough to satisfy these war needs, the Y. M. C. A. is going to recruit as men are recruited for the army and navy. A recent tour of the Middle West produced large returns; and it is expected the South will do as well.

How great Y. M. C. A. expansion has been since the United States entered the war is shown by a comparison of figures. The original estimate called for 1,500 workers in the American army. Already more than 7,000 are wearing the uniforms with the Red Triangle either in this country or overseas. 650 were sent to France in April, 57 of them reaching their posts in spite of the fact that the vessel on which they sailed was torpedoed and sunk. More than 200 workers are now at Princeton for intensive training before going overseas.

As the military forces of the nation increase, this stream of Y. M. C. A. workers must increase if the Association is not to falter in the duties which have been entrusted to it by the government. There is need for hut secretaries, athletic directors, automobile drivers and mechanics, and numerous other workers.

The committee which is being sent into the South includes Douglas L. Ellman, A. G. Knebel, executive secretary of the War Personnel Board; Franklin Kirkbride and James Whitmore, members of the National War Work Council, only recently returned from France.

Lieut. Purdith Dies From His Injuries

(Continued from page 1)

seriously injured.

His father had finally made arrangements to go to England to see his son and intended to sail early next week when he received the announcement of his son's death Friday. The young lieutenant succumbed to an operation which was intended to relieve internal injuries.

Purdith and Middleditch were close friends, both 23 years of age. They entered the officers' training camp at Fort Sheridan early in May of last year, and were later transferred to an aviation school at Champaign, Ill., and then to Mineola, L. I.

Both young men were sent to England last September with an American detachment of fliers to receive further training with the Royal Flying Corps at Christ Church College, Oxford, England.

Young Purdith was one of the most popular men in his class at Dartmouth University, from which institution he was graduated in 1916. For four successive years he was chosen president of his class, was a versatile athlete, being on the college varsity football and track teams and a member of practically all of his class teams.

In his last year at college he won the John Barrett medal awarded for all-around achievement and athletic prowess. He was a member of the Beta Theta Pi fraternity. Previous to attending college he was graduated from Central High School, where he was prominent in athletics.

Since graduation from college he acted as secretary of the Albert F. Purdith company, owned and conducted by his father. He was a member of the Detroit Boat, Town and Holmes clubs.—Detroit Free Press.

The company referred to above is the Standard Sulphur Corporation, of Delaware, and has a branch office in Pecos, being represented by A. Tinally, whose activities in the development of Reeves county's mineral resources are well known to our citizens. This fact gives Pecos more than a passing interest in Lieut. Purdith's death, and The Enterprise takes this opportunity to extend its sympathy to both the relatives and friends in their loss.

Doings at Saragosa

Neill Wilson has moved his family back to the ranch.

P. A. Harbert made a business trip to Marfa this week.

E. C. Ballou and wife who lived at the U ranch for some time, have moved to Pecos.

Hal Crenshaw went to Hoban Monday and has contracted to do some carpenter work there.

Bud Harbert and Lee Watt from Weatherford, are here this week visiting friends and relatives.

George Teague returned home last Tuesday from Amarillo, where he had been visiting relatives.

Thelma Cox returned last week from Cisco where he had been at the Milling Sanitarium for treatment.

R. T. Davis shipped two cars of beef cattle to Kansas City last Saturday via Pecos and the Santa Fe.

John Oates returned last week from his trip to Stratford, where he had been to take his cattle to pasture.

Hay in this section of the Valley is moving very slowly, only about seven cars have been shipped this season.

Several from this place attended the recital given by Miss Marcia Waskom's music class at Balmorhea on Monday night.

Claud B. Hudspeth candidate for congress, was here Tuesday night, speaking to a large crowd at the Saragosa school building.

A large crowd from Balmorhea and several from Pecos, Hoban and Brozard attended the flag-raising here last Sunday afternoon.

Mrs. J. B. Woolfolk was in Pecos this week having her arm treated. A few weeks ago, in falling, she sustained a dislocation of bone in her wrist.

Jesse Williams and wife attended the funeral of Mr. Lilley at Pecos last Friday, Raymond Honaker being boss of the store during their absence.

Rev. Beauchamp, former pastor of the Methodist church at this place, but now located at Lovington, N. M., was here last Thursday greeting his many friends.

Taylor Conger came in from Pecos Monday for a short visit with home folk and left Tuesday for Clint to take charge of a bunch of cattle for Finley & Anderson.

Word was received here that Harold Forbess, well known to most every one in the Valley, is now in the Burlington Washington Hospital, ill with a severe case of pneumonia.

The paint having arrived, work repainting the school building will begin immediately. This was held very much to the appearance of the building.

The contest between the Reds and Blues of the Saragosa Sunday school to a close last Sunday with the Blues in the lead. Wednesday night the Blues will entertain the Reds at the church with ice cream.

The Baptist executive board of the association, commencing next Monday, will visit each church in the main for the furtherance of the missionary work and financing. One of the ministers will preach here Wednesday night, May 22nd, and Thursday, May 23, there will be an all-day meeting.

The Farmers' Agricultural and Social Society held their regular monthly social meeting at the school building last Saturday night. A nice program was rendered consisting of several talks by various members on pertinent subjects, a vocal solo by Mrs. L. Baker, a reading by Miss J. Conger and a violin solo by Mrs. T. T. Tetter. A large crowd was present and all had an enjoyable time.

As per schedule, on last Sunday afternoon at 4:30 o'clock, a crowd gathered here for the raising of a flag pole having recently erected near Hoban.

Judge R. E. Erwin was master of ceremonies. Invocation was by C. A. Dickson. Patriotic songs were sung and addresses were delivered by Judge Erwin and Col. S. E. Wagoner of Saragosa and Judge Harry Baker of Pecos. S. T. Hobbins solo. While the "Star Spangled Banner" was being sung Old Glory was unfurled to the breeze with the Loan Honor Flag beneath it.

part of the "Fighting Valley" and "over the top" by the Liberty drive.

The Saragosa-Balmorhea branch of the Red Cross have been doing their bit for the boys at the front. Since September they have shipped to the headquarters, the Southwestern Division, at Louisville, 691 pieces, which included hospital bed shirts, pajamas, gaiters, cent robes, bed socks, operating comfort and protection, bandage socks, helmets, mufflers, gloves and wash rags. The Saragosa furnished comfort bags for those who went from the Valley, containing talcum powder, waste, tooth brush, tooth powder, pencil, scissors, needles, thread. A small testament of Miss Marcia Waskom was in each bag.

PECOS PEOPLE FAVORABLY IMPRESSED WITH DUBOISE

Hon. R. M. Duboise, candidate for the legislature from this district, was in Pecos last week, and he made no speech, but met with the people, who were favorably impressed with him. He is considered a strong man and there is no question but that this election will be well represented by Austin in his election.

LEGAL NOTICES

SHERIFF'S SALE

The State of Texas, County of Reeves.

By virtue of a certain execution issued out of the Honorable Court of Reeves county, on the day of May, 1918, by the said court against Leslie A. Needham, Leslie A. Needham, trustee and stockholders of the Trans-Pecos & Irrigation Co., a corporation, and Spencer B. Pugh, for the sum of Hundred Sixty-six and 00/100 (\$166.15) Dollars and costs of and in cause No. 1882 in said court, do hereby give notice that I, Sheriff of said county, will execute the same on the 14th day of June, 1918, at the house door of Reeves county, in the town of Pecos, Texas, between the hours of 10 a. m. and 4 p. m. I sell said land at public vendue, cash, to the highest bidder, as property of said defendants by virtue of said levy and said execution.

And in compliance with law, I hereby give notice by publication in the English language for three consecutive weeks immediately preceding the day of sale, in The Enterprise, a Pecos Times, a newspaper published in Reeves county.

Witness my hand this 8th day of May 1918.

TOM HARRISON, Sheriff Reeves County, Tex.

First insertion May 10, Last insertion May 31.

LEMONS MAKE SKIN WHITE, SOFT, CLEAR

Make This Beauty Lotion For A Few Cents and See For Yourself.

What girl or woman hasn't heard of lemon juice to remove complexion blemishes; to also whiten the skin and to bring out the roses, the freshness and the hidden beauty? But lemon juice alone is acid, therefore irritating, and should be mixed with orchard white this way: Strain through a fine cloth the juice of two fresh lemons into a bottle containing about three ounces of orchard white, then shake well and you have a whole quarter pint of skin and complexion lotion at about the cost one usually pays for a small jar of ordinary cold cream. Be sure to strain the lemon juice so that no pulp gets into the bottle and then this lotion will remain pure and fresh for months. When applied daily to face, neck, hands and arms it should help to bleach, clear, smoothen and beautify the skin. Any druggist will supply 3 ounces of orchard white at a very little cost and the grocer has the lemons.—Adv't.

Mrs. Jim Sharpe, who had been in Pecos for the past three weeks visiting her father, T. H. Beauchamp, left this morning for her home at Medill, Texas, accompanied by her sister, Miss Ruby Mae Beauchamp.

Buckie Boyle of Toyah, was looking after business matters in Pecos for a day or two this week. Buckie and Howard Yost are among the oldest bachelors in Toyah and with Sid Flory and Terry Downes have been carrying the old bachelor's banner there for a long time. One phase of the business to be looked into by Buckie on this visit was to see Sheriff Harrison and it must be conceded he had just cause for action. It is claimed that Mr. Harrison had written to almost every lady in Toyah, in a campaign for votes, including the wives of Howard Yost, Terry Downes and Sid Flory, but Buckie says his wife failed to get a letter from our high sheriff, and this caused Buckie much concern. However, Buckie says Tom had a very satisfactory explanation and Buckie went his way looking for a wife at the first opportunity.

Mrs. S. H. Smith of Toyahvale, was visiting in Pecos yesterday.

L. B. Westerman, and son, L. B., Jr., of Fort Stockton, were visiting in Pecos yesterday.

IT SHOULD MAKE A MILLION FOR HIM

Cincinnati Man Discovers Drug That Loosens Corns So They Lift Out

Good news spreads rapidly and the ing freezone, the recent discovery of druggists here are kept busy dispensing a Cincinnati man, which is said to loosen any corn so it lifts out with the fingers.

A quarter of an ounce costs very little at any drug store which handles drugs, but this is said to be sufficient to rid one's feet of every hard or soft corn or callous.

You apply just a few drops on the tender, aching corn or toughened callous and instantly the soreness is relieved and soon the corn or callous is so shriveled that it lifts out without pain. It is a sticky substance which dries when applied and never inflames or even irritates the surrounding skin. This discovery will prevent thousands of deaths annually from lockjaw and infection heretofore resulting from the suicidal habit of cutting corns.

Wm. E. Brit of Loving, N. M., was a business visitor in Pecos yesterday.
