SPECIAL INSTRUCTIONS ARE IS-SUED TO COUNTY AGENTS FOR HANDLING SHIPMENTS UN-DER NEW RULING

Arrangements have been made with the Ranfoad Administration by otherais of the U. D. Department U. Agriculture and the Extension belvice of the A. & M. Conege of lexas, for the ranroads to denver recu in car lot snipments for live stock in the arouth stricken sections Texas, under certain conditions, at one-half the regular freight rate from point of origin to destination, as published in the regular tariffs. The Railroad Administration has granted a great favor to the farmers and ranchmen of the Southwest. They further have left details of handling this matter entirely in the hands of the representatives of this Department. We are therefore, requesting you to study the following instructions carefully, so as to avoid making a mistake as this is a great responsibility.

Who May Take Advantages of Rates Only farmers and ranchmen are entitled to the special one-half rate on freight, who have been depending upon feed and grass grown on their farms and ranches for the major part of their feed supply for their cattle, work animals and other live result in a benefit to others than Monahans. those financially interested in the a man should not undertake to store morning, September 9th. months' supply should be sufficient These rates will probably be continued as long as the emergency lasts. In such event more feed may be ordered. Furthermore, no individual or group of men are allowed to receive shipments of feed under this special rate and sell it to others, either by retail or wholesale. These rates apply to all kinds of feed for live stock, but it does not apply to planting seed.

Special Charges

Our Weekly Letter From Camp Travis

SOLDIERS LACK NOTHING IN WAY OF DIVERSION WHILE IN TRAING-NEW DIVISION IS BEING ORGANIZED

There has grown up on the west ern edge of Camp Travis a mushroom village which in unique picturesqueness would do credit to the most imaginative writer of wild-west "movie" plays. The village consists of two rows of low frame buildings, all facing the east, toward Camp Travis, each row extending over about four blocks. The streets are not noticeable for the straightness, the builders seem to have been unable to come to an agreement as to any line or angle on which to ar range their buildings. Cooperation is in evidence to the extent that all are connected by a broad board walk but the height, size and angle of the walk was left to the individual taste ond streets. The religious organizations at the village are having a phenominal success and are helping the new men soon feel at home in the Camp. Practically everything a soldier desires can be bought at this village, and be it said to the credit of the proprietors, there is little evidence of profiteering. The young people from the city also entertain their soldier friends at the church buildings, and all in all "Parade Res" has become a very popular place with the men of Camp Travis.

An article in this issue of The Enrprise, relative to allowing stocken and others in need of feed to ve their herds, a reduction of onealf the freight rate on such feed, is keeping with the proper kind of lief needed in this section. It is ped that feeding will be unnecesry through the coming winter, but ould it become so, this feature will a big help.

One thing that disgusts this editor is the amount of space devoted THE FIRST NATIONAL BANK by reputable papers to the antics of a set of prize baby elephants, of the Williard-Fulton-Dempsey class, who seem to be "raring" to fight someone, but claim that a purse of thirty thousand is too small. Clean, stalwart men from every section of the country are fighting to the death for \$30. How the public can sanction and patronize these dog-fights under present existing conditions is simply a freak of psychology. To The Enterprise it denotes clearly that our mind, as a Nation, is not on the sacred cause to which our hands are set. The sport, so-called, has degenerated among this class of highpriced beauties, until the exhibitions are revolting, and as a diversionwell, you never get your money's worth like you do from War Savings Stamps or Liberty Bonds.

Pecos City is host to the teachers of Ward, Culberson and Reeves counties this week, convened in Annual Teachers' Institute, and a fine attendance, composed of some fifty teachers, has been present at each session. That reminds The Enterprise that next week marks the opening of our schools, and under abnormal conditions. As in every other channel, the war has left its mark upon our educational system, and in the country at large there is a dearth of material to fill the gaps left by the enlistments of men and women in the various military and Red Cross units. This means that patrons of the public schools must cooperate with the teachers in a marked degree if maximum results be obtained toward the betterment of their children. The farmers or ranchmen can, in some cases, arrange to unload the car themselves. In this case very little charge, if any, shall be made. In many cases the individual farmer or ranchman can order the feed himself upon approval of the County Agent, or group of farmers or ranchmen may select one member of their group to act as their secretary and order feed through him. This is a very desirable way to handle the matter, especially wherever we have community or farmers' organizations. Precaution in Placing Orders

Violations

The arrangements for this special rate have been made by the U. S. Department of Agriculture and Extension Service of the A. & M. College of Texas, and Railroad Administration, which is under Federal control, therefore, any violation of rules connected herewith will be a violation of the rules of the Federal Government and will be punishable by fine or imprisonment, or both. We do not expect any violations, however, we mention this as a matter of precaution and for your protection. We do not want to impose upon the railroads in any way in this matter. If any person should seem to be careless or should be inclined to take undue advantage of these rates, please call their attention to the above. This, I am sure, will prevent any imposition on either you or the railroad.

How To Locate Feed.

If you need assistance in locating feed for your people, have your banks or others communicate, either by letter or wire, with W. F. Craddock, Bureau of Markets, Room 216, Live Stock Exchange Building, Fort Worth, Texas.

We will send you report blanks on which to keep a record of the number of cars of feed shipped into your county. Keep a copy of all the certificates which you sign and deliver to the railroad agent. Later, this office will call for copies of these certificates and the reports.

M. T. PAYNE, State Agent. Farmers and stock men desiring information regarding the above will communicate with T. J. Sisk, County Agent, Reeves and Ward counties, at Pecos Texas.

What is a Branch House?

The Branch House is the place in the packing organization where what the packing plant does for you is put where you can use it.

Both are the natural result of growth and development in the living thing they belong to.

Swift & Company Branch Houses are located in distributing centers all over the country. They are fitted out with refrigerating equipment to keep meat cool, sweet and fresh.

Each one is in personal charge of a man who believes in what Swift & Company is doing for people and wants to help do it.

They are directed by men who have spent years learning how to get better meat cheaper to the places where it is needed.

Meat is shipped to the branch houses direct from the packing plants in Swift & Company's refrigerator cars, in such quantities that it can be disposed of while fresh and sweet.

Your meat dealer comes here to buy your meat for you—unless someone else can treat him better then we can.

So you need the branch house in order to live well; and the branch house and the packing plant need each other, in order to be useful to you.

26 carloads of merchandise were received during the month of July by the Bureau of Supplies of the American Red Cross for the Southwestern Division. The merchandise will be distributed among American and Allied soldiers and to refugees in France and Italy.

The shipments included 11,657,783 surgical dressings, 404,504 hospital garments, 18,055 hospital supplies, 16,501 refugee garments, 110,400 knit articles and 400,343 miscellaneous articles.

The merchandise received in July represents the largest shipment since the organization of the division office. The articles were made by Red Oross workers in Missouri, Kansas, Oklahoma and Texas. The greater portion of the merchandise received in July already has been shipped to stations abroad.

At a conference of Missouri Red Cross workers, held at the Statler Hotel in St. Louis, it was decided to merge Red Cross chapters in counties in which there are more than one. It was pointed out by Geo. W. Simmons, manager for the Southwestern Division of the American Red Cross.

The Importance of the New Selective Draft

AMERICA'S TRUMP CARD IN THE WORLD'S WAR-IT WILL RE-MOVE LAST DOUBT OF DE-FEAT OF THE HUNS

The next registration of America's man power will be watched with mixed feeling by our enemies. Of it's success there can enter not the slightest doubt, and it will be the trump card played by America in the war of the Nations. It's more, too; an answer to the challenge that Germany hurled against us in the beginning when, with Hunnish conceit she declared our army was "contemptible, and that our weight would never be felt in the conflict."

The Nation is aroused, our people are at the point where they realize that the world is unsafe just so long as even the enemy can wiggle, and at last there seems to be a unison of effort to the end that the sooner this spirit is crushed the bet-

Great is the stress placed upon the registration which takes place next Thursday, by the heads of this Nation, and in anticipation of its final success, brought forth expressions, reproduced below:

"This is the Nation's war. To register now for selection for military service is to list yourself as one of the Nation's man-power units. Every citizen owes it to himself and to his country to make this day a unanimous demonstration of loyalty, patriotism and the will to win.

"This registration is America's announcement to the world that we are ready to complete the task already begun with such emphatic success."-WOODROW WILSON.

"A great war is not won by half measures. Relentless pursuit of the enemy, blow upon blow, until he cries quits, is the task of the United States, in conjunction with its Allies. The enemy is staggering under his first large defeat. His colossal conceit is jarred. The thing to do now is to hit again, each time harder than before. This requires man power. This is the reason we have called for the registration of more men to the age limit in both directions. We have the money, the men, the tools and the courage necessary to win, and I am sure it is the will of the Nation to use all four without stint. To the men who are overseas we owe enough new men to crown their valor with decisive triumph as quickly as possible."-PEY-TON C. MARCH, Chief of Staff.

"The extension of the Selective Draft Act has, I am sure, met with general approval. The arrival of more than a million American troops in France increased the confidence of our Allies, as it strengthened the allied forces by fresh and fit new fighters. The knowledge that these are but the vanguard, and that millions more—as many as are necessary-will be poured across in an unending stream, removes the last shadow of doubt, if any existed, of Germany's speedy defeat and the early defeat and the early triumph of the forces of democracy.

"That is the meaning of Registration Day."-JOSEPHUS DANIELS, Secretary of the Navy.

"Registration Day will be America's final demonstration of military officiency. The selective service system has proved itself the most efficient method of raising an army that will bring about the prompt and final "It has been the law since the be- defeat of our national enemy. On

All men subject to draft should begin their preparation now, for the task is a monstrous one for the Government. Those who are in doubt on any point should seek the light on that particular phase. The information is available; you have simply to ask. Ring up the county clerk's office and the point is settled. For information The Enterprise publishes the following:

> The Selective Service Law means "That every man who has not reached his 46th birthday on the Selective Draft Registration day (September 12th) must register.

> "That every youth who reaches his 18th birthday on Selective Draft Registration Day must register.

That any man between these ages who has previously registered in U. S. Army Registrations (not State registrations), or men who are in actual U. S. Army or Naval service need not register.

regular subscription price is only \$1 per year, and this pays for 156 papers. We offer this unequalled newspaper and The Enterprise together for one year for \$2.50.

Practically a daily at the price of a weekly. No other newspaper in the world gives so much at so low a price.

The value and need of a newspaper in the household was never so great as at the present time. We have been forced to enter the great world war and a large army of ours is already in France. You will want to have all the news from our troops on European battlefields and 1918 promises to be the most momentous year in the history of our universe.

No other newspaper at so small a price will furnish such prompt and accurate news of these world-shaking events. It is not necessary to sav more.

Music Lovers Amazed by Edison's Daring Test

All told 2,000,000 music lovers on more than 1500 different occasions have gone to one of their local theatres filled with curiosity regarding a startlingly novel mustcal recital which they were about to witness,

In each case they have come away amazed at the almost unbelievable demonstration which had taken place before their very eyes, and ears-the most daring test of a phonograph or talking machine ever made. They saw a noted Edison artist stand beside

The NEW EDIS "The Phonograph with a Soul"

They heard the instrument sing in the artist's voice-in other words, Re-create her voice. Presently the artist herself began to sing note for note with the instrument. Musically trained ears strove in vain to distinguish the faintest shade of difference between the actual voice and the Re-Creation. Then, suddenly and without warning, the artist ceased singing, leaving the instrument to continue the air alone. Only by watching the artist's lips did the audience know that she had ceased singing and that they heard the instrument alone. This is the famous Edison Tone Test.

Only Edison makes this test. Only Edison can make this test, because only the New Edison actually Re-creates the human voice and the music of human-played instruments with every tone quality and every shade of expression. Ordinary phonographs, and talking machines, merely reproduce,

If you have not been fortunate enough, to witness an Edison Tone Test, you may at least hear Edison's avonderful new phonograph at our store. Make the time to suit your convenience.

CITATION BY PUBLICATION

THE STATE OF TEXAS. To the Sheriff or any Constable of Reeves County-Greeting:

You are hereby commanded to summon H. E. Lemer by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, to appear at the next regular term of the District Court of Reeves County, to be holden at the Court House thereof, in Pecos, Texas, on the 3rd Monday in November, A. D. 1918, the same being the 18th day of November, A. D. 1918, then and there to answer a petition filed in said Court on the 15th day of August, A. D. 1918, in a suit numbered on the docket of said Court No. 1796, wherein W. O. Mathis plaintiff, and J. N. Johnston, H. E Lemer, W. R. Hunt and wife, S. E. Hunt, are defendants, and said petition alleging that heretofore, to-wit, on or about the 11th day of July, 1913, the defendant, H. E. Lemer executed and delivered to the defendant J. N. Johnston his four certain promissory notes bearing said date, each for the sum of \$250.00, numbered 1, 2, 3, and 4, respectively, and due 6, 12, 18 and 24 months after date, respectively, and payable to the order of J. N. Johnston, with interest from date at the rate of 8 per cent per annum, and signed by the defendant H. E. Lemer and further providing among other things, that if placed in the hands of an attorney for collection or collected by legal proceedings, 10 per cent additional of the principal and interest due thereon would be paid by the maker as collection fees, whereby on. This can be accomplished in a the said defendant H. E. Lemer promised and became bound to pay to the plaintiff the amount of said notes according to the terms and conditions thereof. That simultaneously with the execution of said notes and as a part of the consideration therefor, the said defendant J. N. Johnston executed a deed conveying to the said H. E. Lemer that certain tract or parcel of land lying and being situated in the County of Loving, State of Texas, known and described as Section 42, in Block 54 Tsp 2, Certificate 4945, T. & P. Ry. Co. Survey, in Loving County, Texas, and in said deed expressly retained a vendor's lien to secure the notes above described upon said land, which said notes on their face acknowledge said lien; that the said defendant H. E. Lemer failed and neglected to file the deed aforesaid for record in Reeves County, Texas, and the said defendants and each of them are notified to produce said deed on the trial hereof or secondary evidence thereof will be offered.

That the defendants W. R. Hunt and wife, S. E. Hunt, are claiming some right, title or interest in and to the said land above described, through plaintiff alleges that any such right, title or interest is inferior to the lien of plaintiff securing the notes aforesaid.

Plaintiff further alleges that the said defenedant J. N. Johnston prior to the maturity of any of said notes and for a valuable consideration transferred and assigned said notes to the plaintiff, together with said vendor's lien securing same, and said notes are now the property of the plaintiff; that same are past due and unpaid, and have been placed in the hands of Howard & Cooke, attorneys, for collection and this suit instituted thereon, whereby the said defendant has become liable for 10 per cent additional on the prinicipal and interest as attorney's fees.

WHEREFORE, premises considered, plaintiff sues and prays that the defendants each be cited to ap- CALOMEL DYNAMITES pear and answer this petition; that the the defendant H. E. Lemer be cited by publication as required by law, and that on final hearing, the plaintiff have judgment for his debt, principal and interest and attorney's fees, for all costs of suit, and for forclosure of the said vendor's lien upon said premises, for order of sale, writ of possession, and such other and further relief as plaintiff may be entitled to in the premises, and plaintiff will ever

Herein fail not, but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Man Power of U.S. to Register Sept. 12th

THIRTEEN MILLION EXPECTED TO REGISTER, FROM WHICH ARMY OF FIVE MILLION WILL BE COMPLETED

Wanted! Thirteen Million Register in One Day! This is what will happen if the plans of Provost Marshal-General Crowder are carried out to the letter. Under the provisions of the new Selective Draft, all males from 18 to 45 years (both inclusive) will be required to register in their home communities.

It is especially desired that quick registration be the order of the day, which is the best evidence of American patriotism, for the quicker things overtake the Huns.
