## Large Part West Texas to Have New Time

**AFTER JANUARY 1ST THIS SECTION OF TEXAS WILL KEEP WHAT IS NOW KNOWN AS MOUNTAIN TIME**

New and official boundaries for time zones in the United States unifying existing lines and moving them slightly westward, have been announced this week by the Interstate Commerce Commission to become effective at 2 a. m. January 1st, next. This order is pursuant to the daylight saving act, which in addition to authorizing an advance of the clock during the summer, provided for a permanent United States standard time and required the commission to define the limits of the standard time zones, which previously had been fixed only by custom of cross-continent railroad or by local law.

The line fixed by the commission designating the Eastern and Central time zones beginning at the Great Lakes runs through Toledo and Columbus, Ohio, Huntington, W. Va., Bristol, Va.-Tenn.; Asheville, N. C.; Atlanta and Thomasville, Ga.; the north boundary of Florida to River Junction and the Apalachicola River to the Gulf of Mexico.

Between Central and Mountain time the line begins at the Canadian boundary at Portal, N. D., running through Minot, N. D., and following the Nihanumi River to Pierre, S. D.; then through Long Pine, N. Platte, McCook, and Republican Junction, Neb.; Phillipsburg, Plainville, Ellis, Dodge City and Liberal, Kansas; Waynoka, Clinton and Sayre, Okla.; Sweetwater, Big Spring and San Angelo, Texas, and the Hundredth meridian to the Rio Grande River.

Between the Mountain and Pacific time zones the line is fixed following the eastern boundary of the Blackfoot Indian Reservation in Montana, and the Continental Divide to Helena and Butte, Mont.; Pocatello, Idaho, and the Oregon Short Line to Ogden and Salt Lake City, Utah; thence to the Los Angeles and Salt Lake railroad and the west and south boundaries of Utah and the 113th meridian; thence to Parker, Ariz., and along the Colorado River to the Mexican boundary. All of Alaska is left within a single time zone.

## The United States is Asked to Give Thanks

**PRESIDENT URGES THAT PEOPLE REJOICE OVER TRIUMPH OF RIGHT—THURSDAY, NOV. 28TH IS DESIGNATED**

Washington, Nov. 18.—President Wilson in a proclamation yesterday designated Thursday, November 28, Thanksgiving and said this year the American people have special and moving cause to be grateful and to rejoice. Complete victory, he said, has brought not only peace but the confident promise of a new day also, in which "justice shall replace force and jealous intrigue among the nations."

The proclamation follows: "Thanksgiving, 1918.

"By the President of the United States of America.

"A Proclamation.

"It has long been our custom to turn in the Autumn of the year in praise and thanksgiving to Almighty God for His many blessings and mercies to us as a nation. This year we have special and moving cause to be grateful and to rejoice. God has, in His good pleasure, given us peace. It has not come as a mere cessation of arms, a mere relief from the strain and tragedy of war. It has come as a great triumph of right.

"Complete victory has brought us not peace alone, but the confident promise of a new day as well, in which justice shall replace force and jealous intrigue among the nations. Our gallant armies have participated in a triumph which is not marred or strained by another purpose of selfish aggression. In a righteous cause they have won immortal glory and have nobly served their nation in serving mankind. God has indeed been gracious. We have cause for such rejoicing as revives and strengthens in us all the best traditions of our national history. A new day shines about us in which our hearts take new courage and look forward with new hope to new and greater duties. While we render thanks for these things let us not forget to seek the divine guidance in the performance of those duties and divine mercy and forgiveness for all errors or act of purpose and pray that in all we do we shall strengthen the ties of friendship and mutual respect upon which we must assist to build the new structure of peace and good will among the nations. Therefore, I, Woodrow Wilson, President of the United States of America, do hereby designate Thursday, the 28th day of November, next, as a day of thanksgiving and prayer and invite the people throughout the land to cease upon that day from their ordinary occupations and in their several homes and places of worship to render thanks to God, the Ruler of Nations.

"In witness whereof I have hereunto set my hand and caused the seal of the United States to be affixed.

"Done in the District of Columbia this 16th day of November, in the year of Our Lord, 1918, and of the Independence of the United States of America the 143rd.

"WOODROW WILSON,  
By the President,

"ROBERT LANSING,  
Secretary of State."

**BUT THE LITTLE OLD FORD RAMBLED RIGHT ALONG**

A serious accident was narrowly averted—it may be said miraculously averted—when the car in which Trav Hairston and Troy Hicks, both in Uncle Sam's navy and home on leave, and Mrs. Bromley and Miss Carr, two of our school teachers, were enjoying a ride and getting the full benefit of the brisk November air, turned turtle. A moment before the accident the car was headed west but a moment after it was headed east, the wheels in the air and the top cover underneath, with a wriggling mass of humanity under that.

Several who saw the accident ran to their assistance, expecting to find a corpse or two, but on righting the car, all were found to be safe and sound, and the car was cranked and the ride continued. The only damage worth mentioning was to the top cover and windshield, which were to-

## Expert Secured to Put Up the Big Derrick

**WORK ON OIL WELL EXPECTED TO BEGIN IN WEEK OR TWO AND RAPIDLY PUSHED TO COMPLETION**

A. L. Hunt, the expert well driller who has been here with A. Tinally for some time, ran down to Ranger the forepart of the week to get another man to assist in putting up the derrick and machinery and, returning, brought back with him Del Gray who is not only an expert driller, but an artist in the putting up of derricks and installing well machinery.

Mr. Gray has worked in the great oil fields of Pennsylvania, Oklahoma, California, and in fact in the greatest oil fields of the world, and knows the game from start to finish.

Mr. Gray started in this morning with all men needed for assistants, to building the derrick and installing the machinery for the Laura Well, which Tinally and Biggs are promoting. Mr. Tinally informs The Enterprise that the work will be pushed to completion and actual drilling will be started at the earliest possible moment.

Work on this well has been delayed through the "flu" epidemic and the inability of the owners to secure expert help in building the rig. Mr. Tinally has exerted his every effort to secure the help and failing to make connection by letter or wire, sent a man down in the person of Mr. Hunt, who brought back with him a man whom he recommends as being as good as the best.

It is hoped that there will be nothing further to delay the work and that actual drilling will begin within the next two weeks.

Both Hunt and Gray will be retained by the company and the drilling when once begun will be carried on without cessation until the well is completed.

Mr. Tinally very much regrets this delay but it was unavoidable and the expense went on just the same which has been very heavy for some time.

**GOVERNMENT ASKED TO COLONIZE SOLDIERS IN TEXAS**

Wichita Falls, Texas, Nov. 18.—Following an inspection of the proposed Wichita Valley Irrigation District by P. A. Welty, engineer of the United States Department of the Interior, this week, J. A. Kemp announced Saturday that there was a possibility that the government will take a hand in developing the district, to reclaim farm lands and make the district part of its plans to furnish farm lands to returned soldiers for colonization and development.

Mr. Kemp left today for Washington to confer with Secretary Lane of the Department of the Interior, and Dr. Elmore Meade, who it is understood will write the bill to provide for the buying of lands for reclamation and colonization by the soldiers. Dr. Meade assisted in the Australian colonization and also water the California Land Colonization Bill and has otherwise been interested in similar schemes. He visited Wichita Falls a number of years ago and went over the proposed irrigation district with Kemp who has been working for the irrigation and reclamation district for twenty years.

Kemp will put the result of his surveys and also the survey being made by V. L. Sullivan, the engineer of the Pecos Valley Irrigation scheme before Secretary Lane.

B. M. Whitaker of Haskell, was in Pecos Saturday. He was on his way to El Paso and is marking the Ozark Trail. Posts are being set in every mile and a white stripe painted around each post. Upon his return he will complete the marking of this trail by placing upon the white stripe the data necessary to complete the markings, as is the custom of the Ozark Trail Association. Mr. Whitaker is a pleasant gentleman and stated to The Enterprise that he was traveling in his own car with camping equipment and puts up for the night wherever dark overtakes them.

## All In Readiness for The Big Celebration

**CITIZENS OF COUNTY TO JOIN IN BIGGEST EVENT OF YEAR —BARBECUE WILL BE THE DAY'S FEATURE**

At a public meeting of the citizens of Pecos and some from other portions of the county on Tuesday of this week, it was finally decided to have a big Thanksgiving celebration and barbecue on Thursday, the 28th of this month. It was decided that it be a county affair and the people of Ward, Loving, Winkler and Reeves counties join in the big celebration of Thanksgiving.

F. W. Johnson was elected chairman of the meeting and as his usual custom he proceeded with the business in hand with but short preliminaries.

It was the sense of the convention that only the chairmen of committees be elected and these chairmen to select as their staff helpers those of their own choice and as many as they could use to advantage. The following chairmen were elected by the convention:

F. W. Johnson, chairman of the committee to secure the beeves, sheep and goats for the barbecue and to see to the barbecuing and getting same ready for the carving table.

T. B. Pruett chairman of the committee to see after tables, seats, etc.

S. W. Ward and Monroe Kerr were selected to head the service committee.

John Hibdon chairman of the publicity committee.

B. G. Smith chairman of the committee on finances.

Judge J. F. Ross chairman of the entertainment committee.

A. D. Linton chairman of the dinner committee, whose duty it is to see after the furnishing of cups, plates, and other paraphernalia necessary in the carrying out of a well-regulated barbecue.

H. H. Johnson chairman of the order committee, whose duty it is to see that order is kept on the ground during the religious Thanksgiving service which is to precede the serving of dinner.

It was the sense of the meeting that the preachers of the town have full charge of the Thanksgiving service which is to be held at the court house yard, where dinner will also be served.

## Work of Red Cross is Greater in Peace

**CESSATION OF WAR OPENS UP BIGGER FIELD FOR ACTIVITIES OF SOCIETY—NO OTHER CAN DO THIS WORK**

George W. Simmons, manager of the America Red Cross for the Southwestern division pointed out that the ending of the war will increase the work of the Red Cross. He told of the thousands of civilians who must be cared for and the work among the soldiers.

"Armistice and peace does not by any means signify that the Red Cross work will cease. Our obligations as a nation have been increased rather than decreased by our victory. The peoples of our Allies have suffered indescribably during the war, while we have sacrificed and suffered comparatively little. No other power in the world can aid in physical and human reconstruction as can the American Red Cross. We would be unworthy of the high ideals in which the world holds us if we now fail in this responsibility.

"It has been our war all along and now is our opportunity as civilians to do our big share for those who have been fighting our fight for us until we could get into it ourselves. We have shown the world that we are a nation united in war. We will show the world that we are a nation united in peace for all time to come."

While the Red Cross must have large sums of money to relieve the war sufferers it has not announced a date for a campaign to raise funds, but subscriptions may be asked in the spring. From December 16 to 23 the organization will have a membership campaign, when it is hoped that all Americans in the world will join the American Red Cross.

Only One Corn Peeler, "Gets-It". Stop Corn Pains; See Corn Peel Off. It is just when a corn hurts that you want to feel surest about getting rid of it. Why take chances of keeping the corn and having the pain grow worse? You'll use "Gets-It". The Only Peel-It-Off Way Is "Gets-It". It's anyhow, sooner or later; might as well use it sooner. Then you are absolutely sure that the corn will loosen from your toe so that you can peel the whole thing off painlessly with your fingers, in one complete piece—just like peeling a banana. It takes a second or two to apply "Gets-It". There's no fussing or putting. Corn-pains will vanish—that'll keep you sweet while the "Gets-It" does the rest. Nothing new for corns has been discovered since "Gets-It" was born. Follow the judgment of the millions; use "Gets-It" and be sure to be corn and pain free! You'll say it's magic and pain free! You'll say it's magic and pain free! You'll say it's magic and pain free! You'll say it's magic and pain free! Mfg. by E. Lawrence & Co., Chicago, Ill.

## AT THE CHURCHES.

### METHODIST CHURCH

The subject for the morning Sunday service, "Paul the Pastor," and the evening service, at 7:30, "To Whom Shall We Go?"  
The physicians tells us that we may hold public services now with safety. Our church is sanitary, as much so as any home or business house in town and perhaps better sometimes for they are used only a few hours out of every 168, while other places are used continuously. The building is well ventilated before every service by throwing open all windows and doors for several hours before the time to begin. What we are trying to say and the point we are trying to make is this: We want to see you at the services both hours next Sunday.  
Sunday night the stereopticon picture of the first Reeves county volunteer will be shown.  
FRED B. FAUST, Pastor.

### THE BAPTIST CHURCH

The flu is passing; the stoves are up; all of us are better; so come to church and Sunday school Sunday.  
The pastor is anxious for a large attendance of the church Sunday. He is in the second year of his pastorate here and will have something to say about it. Come and bring your friends.  
W. A. KNIGHT, Pastor.

### PRESBYTERIAN CHURCH

Our new minister, Rev. Foster of Midland, will preach for us Sunday morning at 11, and in the evening at 7:30. Subject, morning, "The Formative Power of Faith;" evening, "The Basis of Service."  
Our Sunday school meets every Sunday at 10 a. m. Had a good attendance last Sunday. We cordially invite everyone that does not attend some other Sunday school to come and join one of our classes and study with us.  
H. A. WREN, Supt.

### CHURCH OF CHRIST

All the regular services will be held on the coming Lord's day. What a feast it was last Sunday, after the long epidemic, to be again in the Lord's house. Come to the meetings next Sunday. You will enjoy them.  
HOMER L. MAGEE.

### YOUNG PEOPLE'S PROGRAM

To be held at the Methodist church next Sunday evening at 6:30:  
Week of Prayer and Self-Denial Service.  
Subject—"Blazing the Trail."

## Information Bureau Open at Sanatorium

### INFORMATION GIVEN TO THOSE SUFFERING FROM TUBERCULOSIS WILL BE GIVEN UPON APPLICATION

For the benefit of those who have tuberculosis, and for agencies interested in the stamping out of the disease, the State Tuberculosis Sanatorium located at Carlsbad, Tom Green County, Texas, maintains a Bureau of Correspondence and Information for the dissemination of knowledge on the prevention and further spread of tuberculosis. The control of tuberculosis, its elimination, if possible, is now considered to be the prime necessity. The matter is primarily one of education, and recognizing this, the Thirty-fifth Legislature has made an appropriation of \$20,000 to be used by the sanatorium "for lecturing in colleges schools and public gatherings, publishing pamphlets, books, and literature to be circulated including general work to educate the public, and prevent as much as possible the spread of tuberculosis."  
The bureau obtains names of tuberculous persons from physicians, anti-tuberculosis organizations, and from ex-patients and others. To the tuberculous and others interested are mailed pamphlets bearing on the treatment and prevention of the disease. This matter is not uninteresting reading and it would be a blessing to the State if every school teacher, every minister, every public speaker and the head of every family in the State would read it. A special effort has been made to get in contact with Texas soldiers who were discharged from the army on account of tuberculosis. These are supplied with literature and application blanks so that they may apply for entrance into the sanatorium if they so desire.  
It has been said that if all children could be protected from infection tuberculosis would be stamped out in a decade. This somewhat exaggerates the truth, but it is now believed by competent authorities that tuberculosis is rarely, if ever, contracted in adult life. The infection takes place in childhood and later, usually in young manhood at a time when the system is weakened either through disease, excesses, mental or physical strain, the breakdown will come. It follows then, if children could be taught to avoid infection or if their mother and teachers could be taught to protect them from infection, a great deal would have been done towards doing away with the disease.  
Fortunately it is not a difficult matter to protect the young. To do so requires only that those who have active cases of tuberculosis be required to avoid infecting others. Practically the only way of spreading tuberculosis is through the sputum; therefore, one of the main sources of infection would be destroyed if the sputum of consumptives is carefully collected and destroyed. Spitting at all is an unnecessary and disgusting habit. It is an easy matter for one to spit in paper cups and later to burn them. Those consumptives who fail to protect the public in this way should be placed in special institutions just as are lunatics or criminals. Other common ways of infecting others are: through kissing and coughing and sneezing without covering the face. Kissing by consumptives should be prohibited, and spread of infection by sneezing prevented by covering the face with a paper napkin or muslin cloth, this napkin or cloth later to be burned.  
A careful consumptive is not a danger to anyone and if this fact is borne in mind much mental anguish and much persecution of those who can least stand it would be avoided. This unreasoning fear of the consumptive is known as phthisophobia. Quite often it proves to be the case that the consumptive who realizes his condition and takes proper precautions to protect others is subjected to annoyance or ostracized, while a careless consumptive or one ignorant of his condition, without knowledge of protecting others, is permitted to mingle with well people and pursue his usual course of life, merely because he has never been "labeled."  
If, as has been estimated, the loss, economically, to the State is ninety million dollars per year, this alone should prove cogent reason for active steps being taken to control the disease. However, the monetary loss is the least consideration in a proposition of this kind, because human lives and human happiness cannot be estimated in dollars and cents. With five thousand deaths per annum and more than fifty thousand lives blasted and ruined—an idea of the ravages of the disease is given. The

institution of this Bureau of Correspondence was for the purpose of arousing the people to actively combat the disease. There was no idea of hindering or supplanting other well established agencies. The service is at the disposal of all; to physicians, anti-tubercular societies, to the tuberculous, particularly. One of the main functions of the bureau will be to encourage the establishing of county sanatoria and preventoria, to furnish sputum cups and supplies to the tuberculous at cost, and to give information on the subject of tuberculosis, its prevention and treatment, to anyone who will receive it. To obtain such services address R. E. Luhn, Jr, Director of the Bureau of Correspondence and Information, State Sanatorium, Carlsbad, Texas.

CHRONOLOGY OF MAIN EVENTS OF WAR FOR LIBERTY

Battles That Have Marked the Greatest Struggle in the World's History.

DEMOCRACY'S TRIUMPH COMPLETE AND FINAL

Four Years of Bitter Warfare Before the Defeat of Autocratic Attempts to Rule the World Could Be Assured—Progress of the Titanic Contest Practically as It Went On From Day to Day.

From June 28, 1914, when the assassination of Archduke Ferdinand of Austria and his wife, at Sarajevo, Bosnia, gave Emperor William of Germany his excuse for beginning war which he believed would result in his gaining practical control of the world through military domination, the main events of the struggle are told in the following chronicle:

1914

June 28—Archduke Ferdinand and wife assassinated in Sarajevo, Bosnia. July 28—Austria-Hungary declares war on Serbia. Aug. 1—Germany declares war on Russia and general mobilization is under way in France and Austria-Hungary.

1915

Jan. 1—British battleship Formidable sunk. Jan. 8—Roumania mobilizes 750,000 men; violent fighting in the Argonne.

Jan. 11—Germans cross the Rawka, 30 miles from Warsaw. Jan. 24—British win naval battle in North sea. Jan. 29—Russian army invades Hungary; German efforts to cross Aisne repulsed.

March 15—Czar Nicholas of Russia abdicates. March 17—French and British capture Bapaume. March 18—New French ministry formed by Alexander Ribot. March 21—Russian forces cross Persian border into Turkish territory; American oil steamer Healdton torpedoed without warning.

April 1—United States senate passes resolution declaring a state of war exists with Germany. April 6—House passes war resolution and President Wilson signs joint resolution of congress. April 8—Austria declares severance of diplomatic relations with United States.

April 20—Turkey severs diplomatic relations with the U. S. April 25—Congress passes selective service act for raising of army of 500,000; Guatemala severs diplomatic relations with Germany.
