Red Cross Drive for Cast-Off Clothing

WEEK OF MARCH 24 to 31 SET ASIDE BY ASSOCIATION AND PEOPLE ASKED TO DONATE 20,000,000 POUNDS

The Enterprise regrets that space does not permit to reproduce in full the plea to our people from Mrs. J. F. Ross, chairman of the campaign, pointing out the need of the peoples of Europe for clothing to cover their bare backs. Any man or woman, it strikes the editor, who is taking even a casual interest in events of the day should be alive to the suffering and great need to be supplied over there. You are asked to donate cast-off or unusable garments, hats, caps, and such like, and those who will be asked to make baby clothes.

Pecos people have not yet failed in their duty—this is a duty. So, bring or send all articles to the Carnegie library Thursday, March 27, and a committee will take charge of and see that your bundle gets there, where most needed.

COTTON GROWERS REQUESTED TO ATTEND MEETING

A public hearing will be held on the Act to prevent the introduction into the State of Texas of the destructive cotton pest, *Pectinophora Gossypiella Saund.* (Pink Boll-worm of Cotton) in Pecos on March 29th, 1919. All persons interested in the growing of cotton are urged to be present. The time and place at which the meeting is to be held will be announced later.

THE RICHEST OIL FIELD IS YET TO BE FOUND

Geologists say that the real source of the great West Texas oil supply—that the richest field—is yet to be found. Geologist Coyer has located it at Midland; so have two or three other geologists, while Dr. Hugh H. Tucker of Dallas, in a recent lecture at El Paso has located the great source of liquid gold at Pecos. We believe in Coyer, we think him a great man, a wise man, while we never heard of this Dr. Tucker before. Anyway Coyer beat Tucker to it, and the source is bound to be at Midland.—Midland Reporter.

It is to be hoped that Midland really has an oil field—the people out there have been sorely hit by the drouth and really need something to again put them on their feet before the balance of them go broke. Bro. Watson should read up and find out more of Dr. Hugh H. Tucker and his career. Don't let the geologist, Coyer, blind you to all others just because he has located an oil field in Midland. Hugh H. Tucker has located some producers in many other places besides Pecos, and the time is very short now when you will either know more of Dr. Tucker and his continued success in locating oil fields or you will have to stop your ears and stuff 'em good. Midland may have an oil field, and The Enterprise sincerely hopes she has, but Pecos has the real oil field as will now be proven in a very short while. Keep your ear on the ground, Bro. Watson, for one of these days you will wake up to the fact that Pecos is on the map to stay and unless you people get busy and bring in your oil well you will never hear of Midland outside of your own limits.

A. G. Barefield, trouble-fixer for the Western Union, was down from Toyah Monday looking after trouble with the wires of the company.

Adequate Waterworks System for Pecos in Near Future Discussed at Chamber of Commerce

BENEFITS TO ACCRUE IN LOWERING INSURANCE RATE AND BEAUTIFYING CITY WERE BROUGHT OUT IN SHORT TALKS BY SEVERAL OF OUR CITIZENS—MOVE FOR GOOD ROADS IS ALSO DISCUSSED

The meetings of the Chamber of Commerce continue to grow in interest with each succeeding meeting, and the session on last Wednesday night was no exception to this rule.

There is many problems, which, when worked out, will benefit Pecos people, but nothing short of a cooperative effort with the influence of an organization like the Chamber of Commerce behind it, will get the desired results. From the spirit manifested at the meetings of this body, The Enterprise is sure that the people realize this fact.

On Tuesday night the question of securing for Pecos an adequate supply of water by the installation of a waterworks system that will cover the entire city, was discussed. It developed that the City Council are favorable to such plan, but are entirely helpless in the premises, for the reason that the city is bonded to the limit. Otherwise the solution would be an easy one. In lieu of this, the suggestion comes from Mayor Starley that water users—200 of them—join in forming a stock company, the initial capitalization to be 25,000, and each take \$75 worth of stock, additional, bringing the total to \$40,000, sufficient to install the system. This plan, it was shown, will prove a real investment to the stockholder, and by a system of nominal charges for water used, will pay dividends. Mayor Starley's plan also brings out the fact that in three years, possibly, the city will be in position to purchase the plant entire,

which assures, at the least, that the stockholders are sure of getting back their original investment.

T. Y. Casey at the meeting, spoke in favorable tone of the plan, and stated it would supply a real need in the city, and pointed out many benefits that would accrue if the plan was carried to completion.

The result was the appointment of a committee to feel the pulse of the people generally, and, if possible, find out if the required number of stockholders could be secured.

That the people are interested in the movement for good roads was plainly seen, and this phase was discussed liberally, without a dissenting voice. Visitors at the meeting included A. W. Hosié, B. P. Van Horn and W. M. Chatham, all of Toyah. The two former are champion of the movement in their section and each made talks, the burden of which was a more energetic cooperation between Pecos and Toyah for an AI road between these points. It was pointed out how each town would be benefitted by the move.

The late action of the Legislature which proposes to issue bonds in the sum of \$75,000,000 for building and maintaining roads in Texas was endorsed at this session.

W. A. Hudson who was sent to Austin in behalf of legislation that would be a big benefit to development work in West Texas, reported at this meeting that the legislation sought was killed in the Senate. His report was full and bespoke painstaking effort on his part to carry out the mission entrusted to him.

ENTIRELY RECOVERED FROM WOUNDS OF BATTLE

Elliott Daniel of Toyah was a very welcome visitor at The Enterprise office this week. Elliott is one of the real heroes of the great war and is entitled to a wound stripe on his uniform. He was reticent about his service in France and said that the wounds received were part of the day's work. He was wounded at St. Mihiel by an explosive shell which burst close to him injuring the side of his head. To make matters worse, he was forced to lay many hours unconscious on the field and for several days his wounds received but first-aid attention. Blindness was his portion for over a week, and, from wounds and exposure combined, his was really a very narrow escape from a trip "west." The Enterprise is glad to state that when the real doctors did get to him they did as fine a job as the science permitted and Elliott is now as good as new, with full sight, and only close observation discloses the scars on his face. The Enterprise rejoices with the happy parents on his safe return.

PARENT-TEACHERS MEETING

The Parent-Teachers of Toyah held a very interesting and profitable meeting at the school building last Friday afternoon, which was attended by fifty patrons of the school.

A well-arranged program by the students was given, interspersed with short talks by several citizens, and the fine spirit of cooperation manifested will be a real incentive to better work by both teachers and pupils. A. H. Smith is the efficient superintendent and the year's good work in the Toyah schools is the direct result of his efforts and energy.

RETURNS FROM AUSTIN

W. W. Stewart, who has been in Austin for some time past, helping in the lawmaking process of the Lower House, arrived this afternoon, and his smile denoted that his colleagues had handled him gently on his first voyage to the Capital. W. W. says the life, for the last few weeks was strenuous as one could wish and he is glad of the chance to get back to the farm where he can plow, sow, and rest up generally.

MR. MONTGOMERY PASSES AWAY THIS MORNING

Mr. Montgomery, affectionately called "Daddy" by those who knew and loved him, passed away this morning at about three-thirty at the home of his sister, Mrs. E. A. Farnum.

Mr. Montgomery was a fine specimen of the true Southern gentleman, kind and loving to all, and that best characteristic of manhood, a lover of children. He was hale and hearty notwithstanding his advanced age, until stricken with influenza about five months ago while visiting relatives at Georgetown. He was carried back to Pecos, and had been bed-ridden ever since. During this time he lacked nothing in the way of care and attention from the loving hands of his sister, niece and nephew. Their grief is deep at his going, and The Enterprise extends sympathy to them in this sad hour.

The funeral will be deferred until Saturday afternoon, awaiting the arrival of relatives from East Texas.

SOLDIER AWAKENS AFTER NAP LASTING FIVE WEEKS

Clark Wright, a lieutenant in the army, who had an attack of what is called "sleeping sickness" awakened the other day after a nap of five weeks, during which time he knew everything that was being said and done around him but was powerless to speak or move.

Lieut. Wright is a son-in-law of J. H. Rowley, agent at the T. & P. in Pecos.

Oliver King was over from Monahans Wednesday visiting friends in Pecos.

L. N. Brown of Grandfalls, was a business visitor in Pecos the first of the week.

Bro. H. L. Magee went to Toyah yesterday to preach to those good people up there.

I. T. Pryor and Ben Boydston of Fort Stockton, were business visitors in Pecos Monday.

Col. S. E. Waskom and son, R. M., were up from Saragosa Tuesday seeing friends and attending to business matters.

REEVES COUNTY BOY RISKS LIFE FOR COMRADE

The following letter was written to Mrs. Pruesser, at the request of her son, Fran, by a comrade who recently landed in New York:

It seems that Frank and the writer were together in the army but by the unpopular method of discharging men in vogue in the army, he beat Frank home. The letter is dated March 8th, and follows:

I have been with your son, Frank, for the last ten months and saw him the day I left France, and he asked me to carry a letter home and mail it to you, as he had not heard from home in some time, as the mail service over there seems to be very poor. I have just mailed the letter and am writing this to make sure you get word.

Frank was well and doing O. K. He had a growth removed from his shoulder about Christmas time and was in the hospital about three weeks, but had completely recovered when I left, so there is no need to worry about that. I cannot give you any definite idea as to when you can expect him home, but surely do hope it will not be long. I was returned to the United States because of an operation on my knee.

Frank will have some very interesting things to tell you when he gets back. He had a very narrow escape when we went across the pond. He and four others were washed off the ship by a large wave and were in the water about one hour before being picked up by a submarine chaser. One poor fellow was drowned after Frank had risked his own life trying to save him. He had no bad effects from the escape and it seemed not to affect his good health in the least.

Hoping this reaches you and finds you well, is my sincere wish.

Earl Wilson Safe

After Trying Ordeal

RECEIVES THIRTEEN WOUNDS FROM ONE SHELL BUT SAYS HE CONSIDERS HIMSELF IN LUCK AT THAT

Earl Wilson arrived in Pecos the latter part of last week and is at the home of his mother, Mrs. A. J. Wilson.

Earl has had a hard time of it, being wounded to such a degree that the amputation of one limb above the knee was necessary to save his life. He is looking well, however, and, in his own words, is worth one thousand dead men yet.

Earl "got his" in the early stages of the great offensive that finally took the germ out of Germany and made the world a better place to live in.

It was on July 28th that Earl and a Hun explosive shell met. It tore him up considerable, but he is still in the ring, while the shell is damaged beyond all repair. The charge mangled the calf of his leg, and the shock rendered him unconscious for 48 hours. When he came to he tied injured member with an improvised tourniquet, and though weak from loss of blood, crawled 300 yards to the roadside where a passing ambulance picked him up and carried him behind the lines.

Examination disclosed that he sustained thirteen wounds from the one shell. Earl says he considers himself lucky, for many a poor fellow "went west" from one wound.

The Enterprise rejoices with all the loving ones over his return home.

C. C. Goss autoed up from Balmorhea and transacted business in Pecos the fore part of this week.

"I wonder," he whispered as he glanced out across the beautiful bay and saw the Statue of Liberty in the shadowy gloom, "why they have its light so small." The Doughboys Hang Old Kaiscr Wilhelm

IT WAS ONLY A STATUE BUT THE REAL VILLAIN HAS A SHUDDER OR TWO COMING WHEN HE HEARS OF IT

From Coblenz, by mail.—There is plenty of discussion back in a dozen different lands about the great moral issue of what ought to be done with kaiser Bill, whose rogue's gallery alias is Bill the Crook. A group of our American soldiers, in the little village of Mayen, Germany, settled the question summarily one night by hanging that arrogant ruler, without benefit of the clergy. When they had hanged him they went on to behead him, and they didn't even let it go at that. Nothing but dust was left of kaiser Bill when they were finished with him.

"Maybe we'll go to the guardhouse for this, but we'll tell the world it's worth it," they said, while engaged in the gory work.

It spoiled the fun a little that the kaiser they hanged was only an effigy. Still, they did the best they possibly could, and no one can blame them for that. If the real Wilhelm wishes to come around and make application through the proper channels they are perfectly willing to give him their best attention.

There had been at least two statues of Wilhelm in the village. One was nothing more than a bust found in one of the Y. M. C. A. huts opened in a former German saloon. No one new exactly what became of it. It simply went away from there, as the "Y" had no use for it.

The real monument remained an eyecore to the affronted gaze of the American soldiers on one of the village's prominent streets. It was one of the world's greatest incentives to profanity. No American soldier ever passed it without saying things, and when the boys were unusually blue, or when the commissary supplies were all out except sardines, or the mails from home hadn't come, they swore a little harder, that was all.

An American soldier who shall be nameless here, because no officer can prove it on him yet, stood on the corner the other evening telling the statue what he thought of it. An M. P. came along.

"Move on!" he directed. "Don't fraternize with the Germans."

He meant it as a joke, but it was the last straw in settling the fate of kaiser Bill. The American soldier called an indignation meeting of his mates. They procured a strong rope and a private who used to be with a wild west show, who threw it with unerring aim around the neck of kaiser Bill. That wily ruler, unused to the Western tactics, left his pedestal without a word. He was dragged ignominiously through the cobbled streets to his place of execution. A khaki handkerchief was tied around his eyes, the death noose was adjusted and he was hanged, after a brief service, opening with "The Star Spangled Banner."

If the villagers missed the statue next morning they concealed their sorrow. As for the soldiers who passed the accustomed corner, they all expressed loud and spontaneous surprise that Bill was no longer in their midst. Resorting to the Y. M. C. A. hut they were quite unconsolable—they'd tell the world they are!

Caproni, the wonderful aviator, has completed a new commercial triplane which is equipped with twenty-one thousand horse power engines. It will carry a crew of four men, and can accommodate twenty-five passengers, besides taking a big tonnage of freight. In this machine will be accommodations, also, for buffet, luncheon, and "all the comforts of home" will be ready for passengers.

Neon, a rare atmospheric gas, is gained from liquid air by a process of distillation. When put in a tube, and a mild current of electricity sent through it, a golden and very soft light is produced, that scientists call "cold" light, because it gives out the least heat of any form of light yet known. In fact the heat from a tube of neon is so little that it cannot be sensed through the hand.

Looping the loop with planes at the present time, seems to be as much of a fad as skipping the rope used to be. A new record was recently made at Fort Worth, Texas, when an aviator made 144 consecutive loops. The former record was 126 loops, made at Lake Charles, La. Lieut. Plum, of Taliaferro Field holds the record.

GIRLS! WHITEN SKIN WITH LEMON JUICE

Make a Beauty Lotion for a Few Cents to Remove Tan, Freckles, Sallowiness

Your grocer has the lemons and any drug store or toilet counter will supply you with 3 ounces of orchard white for a few cents. Squeeze the juice of two fresh lemons into a bottle then put in the orchard white and shake well. This makes a quarter pint of the very best lemon skin whitener and complexion beautifier that is known. Massage this fragrant, creamy lotion daily into the face, neck, arms and hands and just see how freckles, tan, sallowness, redness and roughness disappear and how smooth soft and clear the skin becomes. Yes! It is harmless, and the beautiful results will surprise you.—Advt.

Some of the North Carolina banks have started a health-loan campaign. This is unique in the history of banking. The banks have found that a man whose property is surrounded by unhealthy conditions is not a good financial risk, and so the questions are asked: "Is your house screened against flies and mosquitoes?" "Are your buildings sanitary?" "Have the members of your family been vaccinated against smallpox and typhoid fever?" This is a big step toward the betterment of conditions, and one that could well be copied by banks of other States.

To the People of Reeves and Adjoining Counties

WHILE the people of Reeves County, in common with those of other counties, are being importuned to purchase the stocks of innumerable oil companies, it is obvious that they are afforded no means by which they may distinguish the good from the bad. Springing up, as they do, like mushrooms, who is equipped to pass upon the value of their assets or the financial or moral status of men of whom they have never heard—promoters who come without responsible endorsement and vanish with the day's decline? In the very nature of things, hundreds of our people are drawn into speculations which they can ill afford, and lavish their hard-earned money upon prospects of which they know nothing, to enrich men whose business it is to fleece the gullible and unsuspecting.

Because this is true, and because we are offering some of the stock of the Ranger-Hudson Oil Company for sale, we purpose a frank statement to our people, to the end that no man may fail to have such facts before him as will enable him to protect himself by the exercise of intelligent judgment:

First, then, do not buy oil stock unless you can afford to lose the money invested. Short of actual production there is no way of determining the existence of oil in any given locality.

Second, before you buy, investigate the moral, financial and business standing of the men with whom you propose to deal.

Third, investigate closely the character of the properties which form the company's assets.

The Ranger-Hudson Oil Company is composed of local men. You know them all. Their properties were purchased discriminatingly, paid for in full with actual money and transferred to the Company at their reasonable market value. No member of the Company is offering any part of his stock for sale, nor will he do so. Only Treasury Stock is offered to the public, the proceeds of which will be devoted entirely to drilling wells. As the stock is sold the proceeds are deposited in the Pecos Valley State Bank, at Pecos, and every dollar thereof will be expended in actual operations.

Will we secure oil? We do not know. But we think that we will. We could easily have doubled and trebled our money by selling our properties almost as soon as we had purchased them. We are after the big rewards, however, and prefer the chances for the large profits of oil production to the smaller returns of turning our leases. Fortunes have been and will continue to be made in the Ranger Fields. We expect, together with such of our people as invest their funds with us, to reap large returns in the near future by producing oil upon our own properties.

In calling your attention to our stock, we urge that you compare our properties with those of other companies whose stocks you are advised to buy. It was their location which induced us to buy them: As near as anything can be foretold, our first well, to be drilled only a mile and three-quarters from the 12,000 barrel Norwood, will prove a big producer. The Ranger production area is moving steadily westward, and we are in the direct line of the great development. One well producing even one-tenth of the Norwood's flow will be worth many times our entire capitalization. But one well will by no means exhaust our resources. We have ample territory for many wells.

Unless all our calculations are wrong, and unless the judgment of the shrewdest oil men in the world is at fault, our properties are immensely valuable and our stock will pay in dividends many times the price at which it is now offered—\$1.00 per share.

This article is not intended to induce our people to buy our stock. Our purpose is to give you an opportunity to compare our proposition with other offerings. Our stock is finding a ready market. We expect to begin drilling within a few weeks. We have nothing to gain by delay.

If, therefore, you contemplate the purchase of oil stocks, we invite your inspection of our Company, its officers and its trustees.

We do not and cannot guarantee our shareholders successful production, but we do guarantee the honest application of every dollar invested to a whole-hearted effort to make you money in a field that has made and will continue to make fortunes for those who choose investments with open eyes and candid minds.

Our agents will be glad to explain to you in detail. A letter or postal card addressed to the Ranger-Hudson Oil Company, Pecos, Texas, will bring you full information.

Our stock will be on the market for a limited time only.

Tuesday the Star-Telegram ran a story describing how a bootlegger smuggled booze into Fort Worth in a stack of hay in a box car that supposedly was transporting a racing stable. The Enterprise, in looking over the issue, arrived at the conclusion that the editor or the make-up man of that reputable sheet had clear insight into that "booze" shipment, for the front page carried the date-line of March 25 instead of the 18th. Or, coming on the heels of St. Patrick's day may account for it.

The proposed amendment which the people of Texas will be asked to vote on during 1919, that empowers the Legislature to issue bonds in the sum of \$75,000,000, should have the earnest support of every man who is interested in progress. The Enterprise will have something to say of this feature from time to time, in an effort to secure a unanimous vote in Reeves county for the measure. Interest in goods roads is a sure pulse of a community's life.

MERRY WIVES GUESTS OF TWENTIETH CENTURY CLUB

The patron saint of Ireland, the great Patrick, has contributed much to the history of the Irish people, but for many years the people of all nationalities have looked forward with pleasure to the 17th of March, when the "wearing of the green" is the order of the day.

The Merry Wives Club were the recipients of the honor, on this occasion, when the Twentieth Century Club invited them to partake of a luncheon at the home of Mrs. J. B. Heard, Wednesday afternoon.

The entire membership, fifteen strong, anticipating the good time in store for them, wended their way to the appointed place, not one minute late, where they were greeted with true Irish hospitality by the house party, each daintily attired in white, with shamrock aprons and hair ornaments.

Everywhere the harp, shamrock, and Irish emblems were used to good effect in the house decorations, while dainty Irish maidens presided over the place cards at the tables, where the shamrock served as centerpieces.

After much seeking and searching every one found places and hungry appetites were soon appeased by a three-course luncheon, consisting of the following palatable viands: fruit cocktail, roast goose and all the usual delicious accompaniments, followed by cake and cream, further carrying out the decorations. The passing of a score-card and the announcement of the fact that a few games of the ever popular 42 were to be indulged in, was hailed with delight, judging from the zest and zeal with which every one entered into the game and the continual laughter and happy conversations to be heard on all sides.

The Merry Wives are indebted to the Twentieth Century Club for many pleasant afternoons, but not one will linger longer in the memories nor be the inspiration for more happy thoughts than this St. Patrick party of 1919. Mrs. Albert Sisk, president of the Merry Wives Club, in appropriate words thanked the entertaining club for the hospitality.

DANCE AND 500

Mr. and Mrs. Sidney D. Smith kept open house Wednesday evening from eight to twelve o'clock, at a St. Patrick's party. The tastefully arranged decorations of Irish harps and shamrocks in green, were in keeping with the occasion. The diversions were dancing and games of 500. The Victrola furnished beautiful music throughout the evening.

The delicious refreshments of salads and ices were served buffet style.

The occasion was in honor of the corps of men connected with the Entomology Society of the Department of Agriculture who are here assisting Mr. Smith in the eradication of the pink bollworm, which has been discovered in this section.

The following was the personnel of the party: Mr. and Mrs. J. Horton, Mr. and Mrs. H. M. Cely, Mrs. Tom Bromley, and Misses Jane Looby, Ora Pruett, Irene Prewit, Jewel Cowan, Irene Carson, Annie Mae Murray, Aileen Love, Mary Lee Richburg, Sadie and Warren Collings, and Misses Haughton and Spikes; Messrs. Dr. I. E. Smith left Saturday for a business trip to Snyder, returning Wednesday afternoon. Dr. Smith says the sand storms have been so bad in that section that the sand had to be shoveled off the railroad track. The storms have been very severe there this week and yet some of the ladies complain of the sand storms in Reeves.

UGH! CALOMEL MAKES YOU DEATHLY SICK.

Stop Using Dangerous Drug Before It Salivates You! It's Horrible! You're bilious, sluggish, constipated and believe you need vile, dangerous calomel to start your liver and clean your bowels.

Here's my guarantee! Ask your druggist for a 50 cent bottle of Dodson's Liver Tone and take a spoonful tonight. If it doesn't start your liver and straighten you right up better than calomel and without griping or making you sick I want you to go back to the store and get your money. Take calomel today and tomorrow you will feel weak and sick and nauseated. Don't lose a day's work. Take a spoonful of harmless, vegetable Dodson's Liver Tone tonight and wake up feeling great. It's perfectly harmless, so give it to your children any time. It can't salivate, so let them eat anything afterwards.

AUCTION SALE

Government Horses and Mules
There will be sold on March 28th, 1919, at 9 a. m., at public auction, to the highest bidder, Remount Depot, Fort Bliss, Texas, 2,500 surplus Government horses and mules. These animals were bought by the Government for overseas service and are now in excess of the present requirement. Twelve hundred and fifty horses, and twelve hundred and fifty mules will be offered for sale. This stock is in good condition. Mules range in weight from nine hundred to fourteen hundred pounds, and the horses will weigh from one thousand to sixteen hundred pounds. Both horses and mules will be offered singly, in pairs, fours, tens, and car lots. Buyers will be permitted to select and classify stock and have them presented in auction ring according to their selection. Arrangements have been made with railroad to have cars placed at Remount Depot loading pen so that there will be no delay in shipping stock.

A leather halter will be furnished with every animal sold. Lunch will be obtainable on the grounds. Sale will be held regardless of weather. check. Do not forget the date, March 28th, and the place, Fort Bliss Remount Depot, El Paso, Texas. This is an unusual opportunity to secure horses and mules at your own price.

There will also be a sale of Government horses and mules at Camp Cody Remount on March 31st, 1919. This will enable out-of-town buyers to attend both sales on the one trip.

For further information, wire Major D. M. Speed, Commanding Officer, Remount Depot, Fort Bliss, Texas.

PRINCE ALBERT

the national joy smoke

NEVER was such right-handed-twofisted smokejoy as you puff out of a jimmy pipe packed with Prince Albert! That's because P. A. has the quality!

You can't fool your taste apparatus any more than you can get five aces out of a family deck! So, when you hit Prince Albert, coming and going, and get up half an hour earlier just to start stoking your pipe or rolling cigarettes, you know you've got the big prize on the end of your line!

Prince Albert's quality alone puts it in a class of its own, but when you figure that P. A. is made by our exclusive patented process that cuts out bite and parch—well—you feel like getting a flock of dictionaries to find enough words to express your happy days sentiment.

Tippy red bags, tidy red tins, handsome pound and half-pound tin humidors—and that classy, practical pound crystal glass humidor with sponge moistener top that keeps the tobacco in such perfect condition.

CATHOLIC CHURCH

The following is the order of Lenten sermons, Thursday of every week in St. Catherine's Catholic church:

"Fast of Christ and Fast of Catholics."

"Prayer of Christ and Prayer of Catholics."

"Faith, Hope and Love; Three Divine Virtues of Christ and His Followers."

"Lift of Christ—a Model for Our Life."

"Death of Christ—Model for Our Death."

"The Sacrifice of the Cross Renewed by the Sacrifice of the Mass."

"Resurrection, Renewal of Life in Nature; Symbol of Renewal of Spiritual Life."

METHODIST CHURCH

Special music at both services Sunday. In the evening will be the fourth of the series of Biblical pictures giving a splendid conception of the times and conditions in which Samson, Samuel, Saul, David and Solomon lived.

The response of good congregations have been beyond expectations at these services. The program will be helpful, interesting and inspiring.

THE BAPTIST CHURCH

Sunday was a good day at the Baptist church. There were 140 at Sunday school and fine audiences at both morning and evening services.

We took a collection for Association missions which will reach \$400.

The first sermon on "Popular Amusements," was heard by a good crowd. The show going habit will be the subject for next Sunday evening.

Don't fail to hear our choir. It has been reorganized with Mrs. H. H. Johnson as director. Come and bring your friends with you.

W. A. KNIGHT, Pastor.

CHURCH OF CHRIST

All the usual services will be held at the regular hours next Lord's day. On April 6th we shall begin a revival meeting. J. T. McKissick of Midland, will do the preaching, and C. M. Prater of Lindale, will lead the singing. The singer is a stranger to us but comes well recommended.

Bro. McKissick has had much experience in evangelistic work, and is one of the most successful men in soul winning. Besides this he has been in pastoral work enough to know the problems of local fields.

Let each one now plan his affairs in order to receive the greatest help from these meetings.

CALDWELL OIL STOCK

To my friends who bought Caldwell oil stock, my advice is to hold. Don't sell at any price for the present.

I am now agent for the Ranger-Hudson oil stock which I know to be the best buy in the Ranger Field. Organized by home people who you all know. Don't let this slip. Act at once for it will not last long at par.

Special attention is called to the advertisement of the Episcopal church to be found on the front page of this paper. There are many people in the community who have misunderstood the position of the Episcopal church on many points and others who desire to know the whys and wherefores of the church. The Rector is making clear many points at the monthly service and is always willing to answer any question concerning the position of the church. Come out Thursday evening and hear the discussion. Many have said "the Episcopal church is a very formal church and appeals more to the 'select few'." It is not the church of the people." Dr. McClellan will answer this charge in a convincing manner. "When in doubt go to the sources."

The Strong Withstand the Winter Cold Better Than the Weak

You must have Health, Strength and Endurance to fight Colds, Grip and Influenza.

When your blood is not in a healthy condition and does not circulate properly, your system is unable to withstand the Winter cold.

GROVE'S TASTELESS CHILL TONIC

Fortifies the System Against Colds, Grip and Influenza by Purifying and Enriching the Blood.

It contains the well-known tonic properties of Quinine and Iron in a form acceptable to the most delicate stomach, and is pleasant to take. You can soon feel its Strengthening, Invigorating Effect. 60c.

J. C. Short was up from his Borilla Draw farm this week looking as happy as could be. He remarked that a farm which would produce \$500 to \$600 per acre in melons and two tons of cane per acre for feed was entitled to a name and asked the assistance of the editor in selecting one for his farm.

HANDS, ARMS, LIMBS ASLEEP

And Was Run-Down, Weak and Nervous, Says Florida Lady. Five Bottles of Cardui Made Her Well.

Kathleen, Fla.—Mrs. Dallas Prime, of this place, says: "After the birth of my last child... I got very much run-down and weakened, so much that I could hardly do anything at all. I was so awfully nervous that I could scarcely endure the least noise. My condition was getting worse all the time... I knew I must have some relief or I would soon be in the bed and in a serious condition for I felt so lousy and was so nervous and weak I could hardly live. My husband asked Dr. — about my taking Cardui. He said, 'It's a good medicine, and good for that trouble', so he got me 5 bottles... After about the second bottle I felt greatly improved... before taking it my limbs and hands and arms would go to sleep. After taking it, however, this poor circulation disappeared. My strength came back to me and I was soon on the road to health. After the use of about 5 bottles, I could do all my house-work and attend to my six children besides.

You can feel safe in giving Cardui a thorough trial for your troubles. It contains no harmful or habit-forming drugs, but is composed of m^d, vegetable, medicinal ingredients with no bad after-effects. Thousands of women have voluntarily written, telling of the good Cardui has done them. It should help you, too. Try it.

Don't be ashamed to plan your life after another's example, but be careful of the example you choose to follow.

Be a Joy-Walker. "Gets-It" for Corns

3 Drops, 3 Seconds—Corns Is Doomed!

"My Corns Peel Clean Off, With 'Gets-It'!"

of the world's magic and only genuine corn-peeler, "Gets-It." Then, and then only, will you be sure that your corn will loosen from your toe so that you can peel it right off gloriously easy with your fingers. Take no chances of continued pain and soreness—why use greasy, irritating salves, plasters that shift and press into the "quick," razors and "diggers" that make corns bleed and also grow faster? Use painless, "Gets-It." Millions have tried and O. K'd it for years. It never fails. "Gets-It," the guaranteed, money-back corn-remover, the only sure way, costs but a trifle at any drug store. Such has been the mildness of the winter in late December and January that in Massachusetts violets and pussy-willows were found on Christmas and New Year's Day. Bird lovers also have noticed ducks and wild geese, that are usually not found until late February or early March.

Weekly Health Talks A WORD ABOUT THE KIDNEYS BY DOCTOR WATSON.

People are easily frightened when they think something is the matter with their lungs or heart, and well they may be; but few people understand the dangers of diseased kidneys. These organs have a duty of vital importance to perform, and if they are diseased, there is no telling how or where the symptoms may appear. The kidneys are filters, and when they are healthy they remove the poisons from the blood and purify it. When the kidneys are diseased, the poisons are spread everywhere, and one of these poisons is uric acid. Uric acid is carried all through the system and deposited in various places, in the form of urate salts—in the feet, ankles, wrists and back—often forming bags under the eyes. Sometimes the resulting trouble is called rheumatism, lumbago, sciatica and backache. Finally, come stone in the bladder, diabetes and Bright's disease.

Dr. Pierce, of Buffalo, N. Y., in recent years, discovered that a certain combination of remedies would dissolve uric acid (urate salts) in the system. He found this combination to be harmless, so that he made it up in tablets, of double strength, and called them Anurie Tablets. They dissolve uric acid in the human system as hot coffee dissolves sugar. If you have uric acid troubles, don't delay in taking Anurie Tablets, which can be secured in the drug stores. You can write Dr. Pierce, too, and he will tell you what to eat and how to live so that more uric acid will not form in your system. Dr. Pierce will not charge for this advice.

INTERSCHOLASTIC WORK BEING PERFECTED BY STUDENTS AT PRESENT—PRIZES ARE OFFERED FOR WINNERS

Junior-Senior Entertainment

The lovely home of Mr. and Mrs. L. W. Anderson was thrown open to the Junior Class of the Pecos High School for entertaining the Senior Class of '19. The date being set on St. Patrick's Day, the house was decorated in green and white. The dignified Seniors were received in the Juniors inimitable manner. A large bow of rose and white ribbon was suspended over the hall doorway, being the Senior Class colors.

Passing through this beautifully-decorated doorway into the living-room, the Seniors beheld their past, present and future life. Especially interesting was the future of Caroline Glover and Jim Prewit.

The happy party were then given tally-cards, of St. Patrick design, for games of Bunco. Musical selections, chosen by the talented musicians of the Junior Class, were furnished by the Edison.

After many games, delightful refreshments of rose and white ice cream and green and white cake were served to the dignified Seniors and Juniors.

The following received lovely Shamrock invitations: Aileen Love, Caroline Glover, Irene Prewit, Ora Pruett, Estelle Durdin, Annie Wright, Jewel Cowan, Ruth Day, Dell Huggens, Jim Prewit, Edward Warn and Therman Bryan.

Current Events

The English classes in high school had some memory work to bring-up and every one was interested in it.

The Juniors entertained the Seniors Saturday night with a St. Patrick's party. Nothing was left off that would have made it less enjoyable.

Every one is interested in the spelling contest; we will have a try-out this week to see who will represent us at the Interscholastic Meet of the county.

Rela Kiser returned to our class Monday after an absence of about two weeks on account of sickness.

The Seventh Grade had a meeting of the Wilson Club Friday evening. The following was the program:

Roll call, answered with a current event.

Debate—"Resolved, that we should feed the Germans." Affirmative, Estelle Hicks and Cap Weyer. Negative, Erma Brown and Herbert Bryan.

Students of the Sophomore Class acted as judges and decided in favor of the negative side.

Jokes—Callie DeRacy. Biography of Henry Wadsworth Longfellow—Fern Biggs.

The Fifth Grade had a picnic Friday evening. They have the spelling class of their room divided into two parts—Reds and Blues—the Blues won in a contest and were treated by the Reds to the picnic. Miss Prewitt, Miss Heard and Mrs. Cole chaperoned the party. They went to the Mitchell Place in a large truck, and every one enjoyed the outing very much.

The Fourth Grade enjoyed a picnic Tuesday evening and all of the teachers were invited. They also went out in a truck to the Mitchell Place, where they enjoyed a bounteous lunch and had a fine time generally.

Plans are being formulated to add to the relief fund to help the poor of all Europe, except Germany. Mrs. Ross, chairman of this part of the Red Cross work, has asked the Pecos school for its aid. The drive will begin next Monday and will close Friday. Any clothing or shoes that the pupils do not need will be given to this fund.

The Senior girls sold home-made candy at the Mercantile Tuesday evening. The money that was made was put in the treasury of the Senior Class and will be used for school purposes.

The Senior Class has finished Solid Geometry and taken up Trigonometry. This is the first year the school has had this study and the students seem very interested in it. The standard of our school is being raised and more credits will be required for graduation in 1920.

A Table Talk

Tuesday morning the Sophomore Class had a very interesting table-talk on great philanthropists of the United States. Among the few who were mentioned and discussed were, Henry Ford, who is trying to better

the conditions of the working classes, and who shows partiality to those who have served prison sentences. Helen Gould, daughter of Jay Gould, proved herself a benefactress in equipping hospitals during the Spanish-American War, also in the founding of the Y. M. C. A. for the railroad men. Billy Sunday, the noted evangelist, has fought liquor with his talents and with his means. Margaret Olivia Slocum Sage gave one million dollars to the Rensselaer Polytechnic Institution, one million dollars to the Female Seminary at Troy, and ten million dollars to establish the Russel Sage Foundation for the betterment of social conditions in the United States. And, last of all, Mr. Breckenridge, who established Breckenridge Hall in the University of Texas, and who gave San Antonio that attractive spot known as Breckenridge Park, and who did much to restore the Alamo, was a favorite in the class discussion.

HAZEL BIGGS.

The Assembly

Last Wednesday morning Homer L. Magee conducted the assembly at the Pecos High School. The program opened with the song "Onward, Christian Soldiers," sung by the student body and was followed by an earnest prayer.

In his talk on what are considered the three very important words, he enumerated Steadfastness, Courage, and Equipment. He said success in the life work of any boy or girl in the High School depended on these qualifications. The talk seemed to impress every pupil present.

The Interscholastic League

After some delay, which was caused by the irregularity of school, the different phases of the Interscholastic League have been taken up and are now being pushed with great determination and energy. Teachers of the High School and the Intermediate department have been assigned and are taking charge of the different parts to help and encourage the students. This year the school is taking up debating. We have never before taken part in a debate but hope to make a good showing. The business men of Pecos, also, are taking an interest in the League and the following have offered cash prizes:

First place in the debate, \$5.00, by the Pecos Mercantile Co.

Second place in debate, \$2.00, by A. D. Linton.

Senior spelling, \$5.00, by First National Bank.

Junior spelling, \$5.00, by Pecos Bargain House.

Senior boy declamation, \$5.00, by Pecos Valley State Bank.

Senior girls' declamation, \$5.00, by Sims-Jordan Hardware Co.

Junior boys' declamation, \$2.50, by O. J. Green & Co.

Junior girls' declamation, \$2.50, by Pecos Dry Goods Co.

Essay, \$5.00, by the Leader Cash Store.

30-yd dash, junior girls, \$1, by Dr. Bryan.

30-yd dash, senior girls, \$1, by Senior boys of High School.

50-yd dash, junior boys, \$1, by H. H. Johnson.

100-yd dash, senior boys, \$1.

Running broad jump, senior boys, \$1, by J. A. Drane.

Running broad jump, junior boys, \$1.00.

Teachers chosen to direct certain phases of the work are: Mr. Rutledge, director of athletics in district, debate and boys' athletics; Mrs. J. W. Brooks, director of essays in the county and spelling in High School; Miss Carson, senior girls' declamation; Miss Carr, senior boys' declamation; Mrs. Cole, junior boys' declamation; Miss Heard, junior girls' declamation; Miss Colon Prewitt, the spelling in the grades; Miss Shaw and Mrs. Bromley, girls' athletics.

The boys' athletics are coming fine and some are already practicing. The events are: 100 yd dash; 50-yd dash; 440-yd run; 1 mile relay; 1/2 mile run; 1 mile run; running broad jump; running high jump; putting 12 pound shot.

The junior girls declamation and spelling contests to select the representatives for the county will be held in the school house auditorium March 28th. Every one is asked to some. Admission 10 cents.

The G. A. B. Club

Miss Alice Morrison was the charming hostess at a lovely party given to the G. A. B. Club at the Pecos Opera House, Friday, March 14, after which the party went to the City Pharmacy and enjoyed a lovely ice course. Those who enjoyed the party were, Mozelle Bryan, Evelyn Slack, Zara Sims, Ruby Mae Beauchamp, Jesye Heard and the lovely hostess, Alice Morrison.

FOR RELIEF OF PAIN

Few people realize the enormous loss from fire in this country, during a single year. The reports of the fire-marshals of America say that last year the total was just a little more than \$250,000,000. One of the most encouraging features of the fire-fighting of 1918 was the fact that 93 per cent of the fire-prevention orders issued from the various States have been obeyed.

A report from the United States Treasury Department shows that in circulation in this country, in higher denominations, 21,000 \$1000 bills, 88,000 \$500 bills, and 34,116,500 \$100 bills.

SENATE JOINT RESOLUTION NO. 13

A resolution to amend Section 5 of Article IV of the Constitution of the State of Texas, as follows: Strike out the words "Four Thousands" found in the third line of Section 5, and insert in lieu thereof the words "Ten Thousand," and adding after the word "furniture" the words "and this clause shall be self-enacting," and making an appropriation to pay necessary expenses hereof.

Be it Resolved, by the Legislature of the State of Texas:

Section 1. That Section No. 5 of Article IV of the Constitution of the State of Texas be so amended as hereafter to read as follows:

Section 5. ARTICLE IV. GOVERNOR'S SALARY AND MANSION. He shall at stated times receive as compensation for his services an annual salary of ten thousand dollars, and no more, and shall have the use and occupation of the Governor's Mansion, fixtures and furniture (and this clause shall be self-enacting).

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors for members of the Legislature at an election to be held throughout the State of Texas on the fourth Saturday in May, A. D. 1919, same being the twenty-fourth day of May, A. D. 1919, and the Governor of this State is hereby directed to make the necessary proclamation for said election and to have the same duly published as required by the Constitution and laws of this State. Said election shall be held under and in accordance with the general election laws of the State and the official ballot shall have printed or written thereon in plain letters the words, "OFFICIAL BALLOT," and also the words, "For the amendment to Section 5 of Article IV of the Constitution of the State of Texas," and also the words, "Against the amendment to Section 5 of Article IV of the Constitution of the State of Texas in regard to the salary of the Governor of the State of Texas."

All voters favoring such amendment shall erase, by making a mark through the words "Against the amendment to Section 5 of Article IV of the Constitution of the State of Texas in regard to the salary of the Governor of the State of Texas," and all voters opposing such amendment shall erase by making a mark through the words "For the amendment to Section 5 of Article IV of the Constitution of the State of Texas in regard to the salary of the Governor of the State of Texas." If a majority of votes cast shall be "For the amendment to Section 5 of Article IV of the Constitution of the State of Texas in regard to the salary of the Governor of the State of Texas," said amendment shall be declared adopted. If a majority of the votes cast shall be "Against the amendment to Section 5 of Article IV of the Constitution of the State of Texas in regard to the salary of the Governor of the State of Texas," said amendment shall be lost and shall be so declared.

Sec. 3. There is hereby appropriated out of the funds in the State Treasury, not otherwise appropriated, the sum of Five Thousand Dollars (\$5,000.00), or so much thereof as may be necessary to cover the necessary expenses attached to the proclamation and publication of this amendment, and the Governor shall issue the necessary proclamation and cause the same to be duly published.

GEORGE F. HOWARD,
Secretary of State.

A Proposition to the People of Pecos

PECOS WATER SYSTEM

Many of our citizens are anxious to have a city water system, and many of our citizens are installing individual systems at a considerable cost for installation and for upkeep.

These individual systems are not satisfactory because of the cost, the trouble of maintenance and the loss through fire cost.

A city system would eliminate the individual cost, save a large per cent paid in insurance premiums, give fire protection, result in parking and beautifying our city, result in a great improvement in health conditions, save the danger of the loss and replacing a sewer system with an investment of \$35,000, remove the great menace and dread of a great fire that, once under headway, would wipe out our homes and business houses and cause deaths and distress.

We all agree that such a water works system is desirable and demanded.

HOW CAN IT BE CONSTRUCTED?

Under present conditions the City cannot issue bonds to build it. Under proposed changes in the laws of the State that may or may not become effective, there is a prospect of being able to issue bonds within two or three years.

IT CAN BE DONE NOW

Organize a corporation with a capital stock of \$15,000. Divided into 200 shares, \$75.00 each. Each water user takes one share, \$75.00. The corporation will issue bonds in the sum of \$25,000. Cost of system, \$40,000.

THE STOCK WILL BE VALUABLE

200 connections are contemplated each to use a minimum of 166 gallons per day, being 5000 per month, total, 1,000,000 per month. Present tank capacity, 100,000. Fillings required, ten per month.

Charge against each user:

- 50 cents per month, pumping plant.
- 50 cents per month, upkeep.
- 50 cents per month, salary of engineer.
- 50 cents per month, interest on stock.

\$2.00 charge for use of water by City.

Each water user will pay a charge of \$2.00 per month for minimum water service.

Each individual will save out of that amount:

- 15 to 50 cents per month now paid on insurance excess rates.
- 50 cents per month dividend on stock.

65 cents per month.

The fifty cents per month from each user will pay six per cent interest on the stock and pay the principal back in twenty-five years.

Hence, the \$75.00 of stock purchased by each individual will not be lost, but will have a par value.

PAYMENT OF BONDS

To take care of the bonds at an interest rate of six per cent and retire same so much annually, paying same off entirely by annual payments will require \$2,500.00 per annum.

CONTRACT WITH CITY

The corporation will make a contract with the City to rent to the City the waterworks system constructed for an annual rental of \$2,500.00. This will pay off the bonds.

The contract will provide that when the bonds are paid, and the original capital stock of the corporation is paid, that the system shall become the property of the City.

The contract with the corporation and the buyers of its bonds will provide that the City may purchase the plant at any annual payment date. This contemplates that within three years the City will be in position to issue bonds at five per cent interest and take up the outstanding bonds and stock.

PROBLEMS TO DECIDE

For the City: Can the City afford to pay \$2,500.00 per year for fire protection and purchase price of plant?

In my opinion the City can.

Normal cost of fire hydrant rental if plant was privately owned.....\$1,500.00

Actual cost to City under this plan is the average interest payment.....664.00

Saving to City per annum.....\$836.00

Total annual payments by City.....\$3,310

Amount saved on hydrants.....\$ 836.00

Amount paid on principal.....2,664.00

Amount received on rentals.....1,200.00

.....\$4,702.00

The City by virtue of an annual payment of \$3,310.00 is receiving an annual benefit of \$4,702.00. The actual cash outlay in addition to the \$1,200.00 income being \$2,500.00. Can the City then afford to pay out \$2,500 per annum and have fire protection at an actual cost of \$664.00, and to own its complete water system in fifteen years at an actual cost of \$1,836.00 per annum?

In addition to this the City protects its sewer system in which there is invested \$35,000.00, and as soon as connections are made would receive a monthly income of \$66.00 per month, or \$783.00 per annum to take care of same. At the present time a considerable part of this is paid out at a dead loss, and no benefit is received from sewer system, besides deterioration from non-use.

PROBLEMS FOR THE INDIVIDUAL

Can 200 subscribers or users be secured to take \$75.00 each in stock? The stock being an investment, bears interest at six per cent per annum and not a donation.

Can 200 users afford to pay \$2.00 per month, or a net cost of about \$1.75 per month for water service?

This would give all the water really required. Of course, those using an excess of water would have to pay for the additional amount.

Can the home owner afford to do this?

Can the rent-house owner afford to do this?

You will understand that I am not advocating this plan, but it is one that has occurred to me, and I am proposing same for consideration and suggestions.

We believe this plan can be carried out without any increase in the tax rate, provided the business of the City is handled as economically as during the past.

This proposition will be considered at the meeting of the Chamber of Commerce Tuesday night, March 18th.

J. E. STARLEY, Mayor.

Several aviation schools have recently sprang up in our midst and the average general price for lessons is \$1.50 per minute, with an extra \$25 or \$30 for every time the loop-the-loop is made. At such prices it seems that aviation teachers would starve to death from lack of pupils, yet hundreds of ambitious young men, disappointed that they could not get into Government aviation schools, are willing to pay those sums to learn to fly.

Protests have arisen in the West against importing potash from Europe, inasmuch as the Nebraska potash fields have yielded an abundant supply. Not since the Yukon gold strike has such a rich field of work been opened, and thousands of dollars have been realized from land that hitherto had been considered almost worthless. The only question that arises is as to the stability of the Nebraska "crop".

The "caterpillar" scheme, that has been so successful with the big armored tanks in Europe, has recently been adapted to use by ships. This is not, however, the first case of a crawling ship, for in 1872 the first ship, caterpillar was made by Desblancs, and operated by steam.

KEEP THE KIDNEYS WELL

Health is Worth Saving and Some of The Pecos People Know How to Save It.

Many Pecos people take their lives in their hands by neglecting the kidneys when they know these organs need help. Weak kidneys are responsible for a vast amount of suffering and ill health, but there is no need to suffer nor to remain in danger. Use Doan's Kidney Pills—a remedy that has helped thousands of kidney sufferers.

The following leaves no ground for doubt: F. N. Brown, railroad conductor, 111 Scurry St., Big Spring, Texas, says: "I think the drinking water here is what affects my kidneys. My back gets weak and lame and the kidney secretions become irregular in passage. I get Doan's Kidney Pills and they never fail to relieve me."

Price 60c, at all druggists. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Brown had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.—Advt.

Sewell, et al, for the sum of Three Thousand Six Hundred and twenty-four and 97-100 (\$3624.97) Dollars and costs of suit in cause No. 1566 in said court styled Charles T. Franks vs. R. N. Sewell, et al, and which said judgment, after being assigned to Byron D. Wilcox bears a credit of \$368.38, of date March 1st, 1918, and placed in my hands for service, I, E. B. Kiser, as sheriff of Reeves county, Texas, did, on the 4th day of March, 1919, levy on certain real estate situated in Reeves county, described as follows, to-wit:

The west one-half (W1/2) of Section No. Three (3), in Block No. Four (4), H. & G. N. R. R. Company's survey, less the right of way of the Pecos River Railway Company across said land, containing 6.6 acres.

And levied upon as the property of said R. N. Sewell, and on Tuesday, the 1st day of April, 1919, at the court house door of Reeves county, in the town of Pecos, Texas, between the hours of ten a. m. and four p. m. I will sell said real property at public vendue, for cash, to the highest bidder, as the property of said R. N. Sewell by virtue of said levy and said alias order of sale.

And in compliance with law, I give this notice by publication in the English language, once a week for three consecutive weeks immediately preceding said day of sale in the Pecos Enterprise a newspaper published in Reeves county.

Witness my hand this 5th day of March, 1919.

E. B. KISER,

Sheriff, Reeves County, Texas.

By H. P. KERR, Deputy.

CITATION BY PUBLICATION

THE STATE OF TEXAS To the Sheriff or any Constable of Reeves County—Greeting:

You are hereby commanded to summon Fred Fritsch by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in any newspaper published in the 70th Judicial District; but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest District to said 70th Judicial District, to appear at the next regular term of the District Court of Reeves County, to be holden at the court house thereof, in Pecos, Texas, on the third Monday in April, A. D. 1919, the same being the 21st day of April, A. D. 1919, then and there to answer a petition filed in said court on the 12th day of March, 1919, in a suit, numbered on the docket of said court No. 1832, wherein Mrs. Augusta Reynolds, a widow, is plaintiff, and Wm. G. Yates and John Yates are defendants, said petition alleging that said plaintiff conveyed to Wm. G. Yates all of Sec. 40, Block 6, H. & G. N. RR. Co. Survey, in Reeves County, Texas, on or about December 20, 1916, in consideration among other things of two certain notes bearing said date, in the sum of \$1000 each, signed-by said Wm. G. Yates, payable to the order of the plaintiff at Pecos, Texas, due, respectively, in two and three years after date, with interest thereon from date until paid at the rate of 8 per cent per annum, interest payable annually at Pecos, Texas; the said notes providing that at the election of the holder, that default in the payment of either of said notes or of any installment of interest due thereon, should mature both of said notes; that thereafter on or the said Wm. G. Yates conveyed said said Wm. Yates conveyed said above described land to John Yates. Plaintiff sues and prays that the defendant Wm. G. Yates be cited by citation as required by law, and that the defendant John Yates be cited by publication, to appear and answer her petition, and upon final hearing that she have judgment against the said Wm. G. Yates for her debt, interest and attorney's fees and costs, and for judgment against both defendants foreclosing the vendor's lien upon the above described property, for order of sale and general and special relief. For a more particular description of said suit, reference is hereby made to the plaintiff's original petition now on file in the above court.

Herein fail not, but have before said court on said first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

Witness S. C. Vaughan, Clerk of the District Court of Reeves County.

Given under my hand and the seal of said court, in the City of Pecos, Texas, this 13th day of March, A. D. 1919.

LEGAL NOTICES

A. D. 1919, in a suit, numbered on the docket of said court No. 1826, wherein O. C. Slate is plaintiff, and Fred Fritsch and W. C. Key are defendants, and said petition alleging that on the 13th day of April, 1917, defendant executed and delivered to one Mattie Alderson his promissory note in the sum of \$500.00, bearing date the year and day above written, due Dec. 1st, 1917, bearing 5 per cent interest per annum from date and 10 per cent attorney's fee if placed in the hands of an attorney for suit. That said note was part of the consideration of the purchase price of Lots Nos. 1 and 2, in Block 9, of Clark's Addition to the town of Pecos, Texas, in Reeves County, said property being on said date conveyed by W. C. Key to Fred Fritsch and said note being made payable to said Mattie Alderson and the lien in said deed and in said note being reserved (as said described property in favor of said Mattie Alderson. That there afterwards the said Mattie Alderson, for a valuable consideration, sold and transferred said note and the lien on said property to the plaintiff. That said note is past due and unpaid, and plaintiff sues for the amount of same, and for a foreclosure of his lien on the above described property.

Herein fail not, but have before said court, at its aforesaid next regular term, this writ, with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said court, at office in Pecos, Texas, this the 28th day of February, A. D. 1919.

Tin Pan Alley

There's one little section in New York they call Tin Pan Alley—the "home of a thousand pianos." It is the district of the popular-music publishers—the birthplace and the nursery of the nation's song-hits. Here the vaudeville singers go to be taught the latest songs, which they in turn spread over the country.

From Tin Pan Alley the songs go direct to the Edison Recording Laboratories, and soon they are locked in the hearts of the little black discs.
