BAPTIST REVIVAL PHENOMENAL SUCCESS IN EVERY RESPECT CLOSED LAST NIGHT

HOUSE CROWDED AT EACH SERVICE SINCE THE ARRIVAL OF DR. TRUETT OF DALLAS—ABOUT FORTY ADDITIONS RESULT OF HIS EARNEST PREACHING—BAPTISM OF CONVERTS SUNDAY NIGHT

The revival meeting at the Baptist church, at which the Rev. Geo. W. Truett of Dallas, has been doing the preaching for the past week, has been a most phenomenal success from every viewpoint. At each service, both morning and night, the house has been crowded and the interest displayed intense.

On last Sunday night there probably never was a preacher or public speaker ever greeted by a larger gathering in Pecos than came to hear the message of Dr. Truett on that night. Every seat in auditorium and galleries were filled and other seats provided proved inadequate, leaving numbers standing in the lobbies and outside the building.

By no means did this vast concourse represent residents of Pecos alone, but the number was augmented

by many who traveled long distances to hear the message. Nearly every community within a radius of 200 miles was represented.

About forty professions and reclamations are reported. Six additions by letter have been reported, and on Sunday night twenty-four will be received into the church by baptism.

Rev. Truett concluded his work here Thursday night and returned to his home. The meeting—or revival will be closed Sunday and there will be no more services until that time.

It was a most satisfying meeting and many from adjoining counties took advantage of the occasion to again hear Dr. Truett, who has a very warm place in the hearts of the people of West Texas.

JUDGE GIBBS ADJOURNS COURT UNTIL MONDAY, 26TH

After a rest of a week, the District Court met again Monday morning and, holding but two days, adjourned until May 26th.

The cases disposed of up until Tuesday afternoon was as follows:

Alphonse Kloh et al, vs. Estate of W. H. Woods, deceased, et al, suit on note. Judgment for plaintiff.

John Wendt vs. E. D. Balcom, suit for debt. Dismissed by plaintiff.

O. C. State vs. Fred Fitch, et al, foreclosure of vendor's lien note. A judgment for plaintiff.

T. Y. Casey vs. Jno. B. Howard and Amos Hourigan, breach of contract. Dismissed by plaintiff.

Annie Jackson vs. Lewis E. Jackson, suit for divorce. Decree granted as prayed for.

C. W. Tudor vs. J. L. Lancaster and Pearl Wight, et al, receivers, suit for damages. Continued by agreement.

Jas. Carswell vs. Mrs. D. A. Dodds in suit on contract. Continued by agreement.

P. E. Bowie vs. St. Louis Southwestern Ry. Co. of Texas and Pearl Wight, receiver for Texas & Pacific Ry. Co., suit for damages. Judgment for plaintiff.

J. S. Kirkpatrick et al, vs. St. Louis Southwestern Ry. Co. of Texas and Pearl Wight, receiver for the T. & P., suit for damages. Continued by agreement.

T. A. Ezell vs. Pearl Wight, receiver, suit for damages. Verdict and judgment for plaintiff.

Clay Cooke vs. M. L. Roddy, Tom Harrison, T. Y. Casey and T. J. Sisk, suit for damages. Continued by agreement.

A. J. Carpenter vs. C. C. Kountz, et al, injunction. Continued by agreement.

Barstow Town Co. vs. Ward County Irrigation District No. 1, suit for debt. Settled as per agreement on file.

D. S. Bone vs. Ward County Irrigation District No. 1, suit for damages. Dismissed by plaintiff.

Mrs. J. L. Moore et al, vs. Toyah Valley Irrigation Co., et al. Suit for damages. Continued by agreement.

C. K. McKnight vs. Pecos & Toyah Lake Irrigation Co. et al, injunction. Continued.

Thos. H. Bomar vs. Gulf, Colorado & Santa Fe Ry. Co., Garnishment of judgment. Continued on account of injunction.

Arno Irrigation Co. vs. Leslie A. Needham et als, attachment, suit for debt and damages. Continued pending result of Cause No. 13154 in the 41st District Court.

Ben Golson, who has been confined to his bed for several months, and who recently was sent east with the hope of recovering under treatment of a specialist, was brought back to his home at Toyah last week, his condition still critical. Ben is an old-timer in Reeves county, a fine man in every respect and his many friends in this section of the State regret to learn of his condition.

The condition of W. J. Woods remains unchanged according to last reports, and relatives state that the end may come at any moment.

Mr. and Mrs. W. M. Hopper and son, Joe, and Mr. and Mrs. Gus Hopper of Toyah were shopping in Pecos the fore part of the week.

FLOW OF OIL IN LAURA WELL BROUGHT IN FRIDAY

DRILL PENETRATES OIL SAND BUT FEW INCHES AND WELL NOW STANDS IN FORTY FEET OF OIL OF A VERY HIGH GRADE—STOCK OF COMPANY JUMPS TO \$5 PER SHARE ON EXCHANGE—ACTIVITY GREAT IN REAL ESTATE

Oil forty feet deep stands in the Laura Well of the Sunshine Oil Corporation, seven miles north of Pecos.

The approximate depth at which the flow was struck is 800 feet, and was unexpected by the drillers or members of the company. Work had been progressing steadily on the well for some time, but Friday a delay was occasioned by boiler trouble. Work stopped for a while, but finally a sufficient head of steam was raised to remove the tools from the well, and it was then that the discovery was made that the hole contained oil, the rope indicating that it stood forty feet in the well.

Words can hardly express just exactly what this news will mean to this section of the country—to Pecos especially. Realizing the tremendous import, the members of the company at Pecos kept the matter quiet until satisfied beyond a doubt that Reeves county's first deep well had justified the judgment of the geologists and the faith of those who risked their all on the venture.

Following is the telegram sent to the El Paso office of the Sunshine Oil Corporation yesterday:

Pecos, Texas, May 9, 1919. B. T. Biggs, Vice-president Sunshine Oil Corporation, 309 N. Oregon St., El Paso, Texas.

Announce to stockholders that Laura Well is standing in forty feet of oil. Grade of oil very high. Will bring samples on my return to El Paso. Tuesday or Wednesday. Have shut down few days on account of boiler repairs. Will case this oil off in Laura Well and continue deep test. Will start immediately eight-inch hole with Star Rig No. 8 down to 800 feet to develop this sand where we may get fifty to one hundred barrel well.

Alfred Tinally, President. In explanation of this telegram Mr. Tinally stated that they will shut this flow off, and go down, but in the meantime will erect a Star rig and drill to this oil with the prospects of developing it. He explained that he will take no chances on losing the hole already started. The wisdom of this move is apparent. Mr. Tinally and, in fact, all stockholders are elated over the strike. The oil, as stated, is of a high grade, heavy, and

has a fine color, and without refining may be used for lubricating purposes.

The following telegram from El Paso will explain the situation at that end of the line:

Alfred Tinally, Pecos, Texas.

Stock has jumped to \$5 per share, and still going up. Also wire us to call off all stock sales here.

B. T. Biggs.

Since the facts as stated above became generally known activity in real estate has been great and many acres have swapped hands.

The editor made a trip to the well Wednesday afternoon and while he was there was allowed to enter the derrick where he saw a well bucket let down to draw some of the oil. This oil stands about 50 feet from the surface of the ground, beneath it being the water. The oil itself stands about forty feet deep, as stated by the Sunshine people. A bucketful drawn was emptied into various containers for samples. The oil is heavier than that found in the shallow belt north of Toyah, and differs from it also in two other particulars: In the Toyah samples there is little or no sediment, or sand, that from the Laura Well is decidedly gritty to the touch; the Toyah oil, also, is highly impregnated with sulphur while the Pecos samples indicate little or no sulphur. This comparison of course has no other value, but to indicate that possibly another than the oil strata found in the Toyah field has been tapped here. The oil at Toyah is found at a few feet less than 200, while this oil sand was struck below the 800 foot mark.

The thing to rejoice over is that the strike of the Sunshine Company makes proven field of the east and west ends of the county, and no one doubts but that the other sections will be proven just as soon as those contemplating the drilling of wells get to work.

Pecos has had many visitors since the strike of oil in this well and the road between here and the Laura well has been kept red-hot by autos, loaded to the brim with visitors and local folk anxious to view this harbinger of prosperity.

OIL FLOW CAUSE OF MANY DEALS DURING PAST WEEK

J. P. Birmingham, one of the drillers for the Sunshine Oil Corporation, this week purchased of W. D. Hudson 951 acres of land, being Sections 14 and 19 in Block C-19, the consideration being \$4,750, plus about \$4 per acre due to the State. This land carries the mineral rights. Mr. Birmingham has sold one-half of this tract to R. J. Lowry, secretary and one of the owners of the Pecos Drug Co., Inc., and will hold the remainder for the development of oil.

This is a fine tract of land and is considered a most excellent purchase.

It is understood that many deals have gone through during the past few days, but for lack of details The Enterprise is unable to publish same.

SHIPMENTS OF NEW HAY COMING FROM VALLEY

Eight carloads of new alfalfa hay were shipped in from Toyah Valley. Five cars were loaded at Balmornea, and three at Saragosa.

Tuesday there were thirty carloads brought in, nine from Saragosa, the remainder from Balmornea. The larger part of the shipments went to Houston, Marshal and Longview, and one carload to Louisiana.

Haying conditions are ideal in the Valley this year, and though these shipments were three weeks late in comparison to normal seasons, the volume is much greater than for several years.

Judge Gibbs, Attorney Garrard, and stenographer Chilton left Wednesday for their home at Midland, but will return Monday, May 26th.

A CALL FOR AMERICANS

The Liberty Loan is many millions of dollars short of being subscribed, and nothing short of a great effort on the part of every man and woman can put it over.

The reputation of your country, your State, your county, your community, is at stake. Last, but not least, there is your own self-respect to be considered. If you have not done your utmost and pledged yourself for every dollar you can spare during the next six months, get in touch immediately with your Liberty Loan chairman or go to your bank and sign up. There is patriotism and good sense in notes of the Liberty Loan. The safest investment in the world—pays 4% per cent interest, and when you have bought you feel that you are an American.

F. M. SMITH, Federal Director of the War Loan, Dallas.

PECOS VULCANIZING CO.

Pecos, Texas

FLYING CIRCUS EXCEEDS EXPECTATIONS OF LARGE CROWDS GATHERED IN PECOS

LOOP THE LOOPS, NOSE DIVES AND TAIL SPINS BY ARMY MAN THRILL SPECTATORS—LECTURE BY DR. TRUETT IS PROMINENT FEATURE OF VICTORY LOAN RALLY—ABOUT \$60,000 RAISED TO DATE

The Victory Loan celebration yesterday was a glowing success, viewed from every angle. In the first place the lecture of Dr. Geo. W. Truett at the Baptist church is said by many to be the finest ever heard in Pecos, and that is going some, since Bryan, Hobson, and other world famous orators have spoken in our fair city. This lecture by this noted divine put the crowded church in the proper mood for buying Liberty Bonds, and County Judge Ross had little trouble in placing all that those present were able to buy, and maybe more than some were able to buy.

The appeals of Judge Ross were responded to promptly and quickly for the crowd was ready to go to the aero landing to see the flying machines and watch the stunts. The large crowd were well repaid for their time and trouble. Two planes were on the ground, but in alighting one of them lost its tail, but apparently nothing was lost to the sightseers, as the other did plenty of stunts. Right here it may be stated that the public was not disappointed in the aviators sent here—they outstayed all expectations. Soaring high in the air, the pilot sent a thrill through the crowd that could be felt when with apparent ease he looped the loop four times, then made the watchers start for the brush by a nose dive as a finale to the loops. Going a little distance to the west of the grounds he capped all with the famous tail-spin, and many there were who thought the machine would bore its nose deep in the ground but the pilot fooled them by straightening out and sailing away. Flying head down was another thriller that made the breath come in short gasps, but to the aviator it was just part of the day's work—still serving his country and risking his life daily that the Victory Liberty Loan go over the top.

Judge Ross, Albert Cooksey and Miss Jewell Anderson were the lucky

ones to get airplane rides; the former for selling the largest amount of bonds, Albert Cooksey was the second highest purchaser of bonds, which entitled him to a ride, and Geo. Coon was the highest purchaser which entitled him to a ride which he graciously proffered to Miss Anderson, who accepted without hesitation.

After this the planes flew over the city scattering Liberty Loan literature, some of which entitled the finder to a Hun helmet, but The Enterprise has not learned of anyone who has been awarded same.

The Flying Squadron was in command of Capt. Walter D. de Steigener, but his machine was put out of commission as above stated, so all stunts were pulled off by his fellow-flyer, Lieut. E. J. Sparling. Both are stationed at Carruthers Field.

Both flyers are perfect gentlemen, who answered all questions patiently and allowed the people privileges about the machines, which at times boded ill for the "boats", and the only regret was that they had to fly off and leave us. All repairs were made by noon today, and the aviators left for their base at Dallas.

It would not be amiss to compliment the directors of the Loan campaign on this feature of the drive. They gave more than the literature promised.

All told these have been sold in Reeves county, according to W. W. Camp, who is chairman of the Sales Committee, up to Thursday night, between \$55,000 and \$60,000, leaving a balance of about thirty thousand dollars worth of bonds yet to sell to round out our quota.

The committee yet hopes to place enough to put Reeves county over the top as heretofore, but it will take work to do it, as our people have been liberal in the past, and are the same today, but it is a great drain on this section, and, considering the conditions, the quota was rather high.

FINE RAIN FALLS OVER THIS SECTION YESTERDAY

A fine rain fell in this section yesterday evening, and this supplementing the fine rain that fell Tuesday makes the outlook here much brighter—if such could be.

The prospects for Reeves county generally, were never brighter than at the present time. Drouths are forgotten, and the cattlemen, who have been hardest hit here, are wearing broad smiles at the chance to recover their losses during the lean years. Our farmers, of course, are pro-

ected against drouths by reason of irrigation from the natural flow of the river and creeks, but the rains, except when the hay is down, is indeed a welcome sight to them.

Toyah Valley farmers are sending out heavy shipments of hay at the present time, the cutting season being delayed a little but the fine yields more than balance this.

The rains this week came from the South, and heavy floods are reported in some sections in that direction, but no damage. In this section we received all we care for at one time, while to the north the precipitation was lighter.

What About The Title TO YOUR LAND

DO you know that you have a good title? Many land owners think the title to their land is good, but you do not know unless you have it Abstracted down to date. The big oil boom is on in Reeves and Loving counties and you will be wise if you have your Abstract of Title ready for any emergency. Send us your order for Correct and prompt work.

Y. M. C. A. ON THE JOB WITH AMERICAN ARMY IN GERMANY

The Army Y. M. C. A. is operating ten large hotels in the city of Coblenz, the headquarters of the Army of Occupation. Each hotel is well equipped to give lodging to hundreds of soldiers, and in addition the restaurants that are attached serve thousands of meals every day. Frank Ober of New York City, who recently returned from overseas has brought back a very encouraging word concerning the Association over there. He tells of the enormous work that the Y. M. C. A. is conducting in France, in addition to the work in Italy, England and Belgium.

The Y. M. C. A. in Coblenz has an attendance of 36,000 men each night at the movie shows that are given the men free, and very frequently the best of talent in entertainment and educational work is provided for the men.

According to Mr. Ober the Y. M. C. A. is operating thirty-six canteens and, what may seem strange to some people on this side of the water who have accepted every criticism of the Association overseas, there is no complaint on the part of the men in Coblenz, but rather words of the highest praise for the Red Triangle.

LEMON JUICE IS FRECKLE REMOVER

Girls! Make This Cheap Beauty Lotion to Clear and Whiten Your Skin.

Squeeze the juice of two lemons into a bottle containing 3 ounces of orchard white, shake well, and you have a "quarter pint of the best freckle and tan lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of orchard white for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how clear, soft and white the skin becomes. Yes, it is harmless.—Advt.

Let your idle books help our soldiers—You can do your bit.

ELKS ORDER COOPERATES TO AID DISABLED SOLDIERS

The U. S. Government, and the Benevolent Order of Elks have entered into a cooperative arrangement through which every disabled soldier, sailor and marine of this country may be given full vocational education of whatever character may be necessary to fit him to become self-supporting and independent.

An Act of Congress makes this arrangement possible. The Elks War Relief Commission fund will be used for advancing money to men whose cases are still pending before the War Risk Insurance Board and for re-educating those technically outside the purview of the Vocational Act, including citizens of the United States who were wounded while fighting in the armies of the Allies.

Perhaps the most important thing to be done by the members of the Elk fraternity in this connection will be to personally interview the men who have been wounded and their families to insure their taking advantage of this opportunity for free vocational training.

invest V to-day—
A great deal has been heard from the opponents of prohibition regarding an appeal of the ratification of the new law by the various States. Perhaps the opponents are trying to blind the public by not giving out the full facts. As a matter of truth once ratified by a State it cannot be repealed so long as thirteen States of the Union desire it. People are confusing the new Constitutional amendment, which makes an absolute prohibition, with the law which will go into effect on June 30, to have prohibition until after the very uncertain date of "demobilization". The amendment has not been ratified by the necessary number of States, formally, and may not until a year from now. In order to have the ratification legal, the secretary of the State which has accepted the amendment must notify the Secretary of State at Washington that his State has ratified the amendment.

You Do More Work.
You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, laziness, nervousness and sickness.
GROVE'S TASTELESS CHILL TONIC restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.
GROVE'S TASTELESS CHILL TONIC is not a patent medicine, it is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs Quinine to Purify it and IRON to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood.
The Strength-Creating Power of GROVE'S TASTELESS CHILL TONIC has made it the favorite tonic in thousands of homes. More than thirty-five years ago, folks would ride a long distance to get GROVE'S TASTELESS CHILL TONIC when a member of their family had Malaria or needed a body-building, strength-giving tonic. The formula is just the same today, and you can get it from any drug store. 60c per bottle.

Unions in various States have recently been attempting to get legislation prohibiting bread-making and manufacture of other foodstuffs during the hours between 8 p. m. and 4 a. m. Many State attorneys have declared such legislation would be unconstitutional, but the labor union wishes night work stopped except in cases where absolutely necessary such as when certain machines are in constant use or where materials would be spoiled if manufacture was stopped.

Rigs and rumors of rigs. On with the work.

Well, the Allies have passed the buck to Germany.

The man that got off that stuff about how womankind is advancing by great strides evidently hasn't seen the new hobble-skirts. — Auburn Globe-Republican.

Referring to Wilson's fourteen points the Greenville (S. C.) Piedmont remarks that "Every time we start to swat Germany one of those blamed points gets in the way."

Italy sent her representatives back to the Peace Table after a play that would be ridiculous for school children. Things looked so bright for the Italians for a while that they forgot who was furnishing their pie-cards.

It is with dread that we, who dwell in a country infested with rattlesnakes approach the summer of 1919. The danger remains but the remedy is without our grasp. When the casualties from snake-bite begin to pile up the White Ribboners are going to be sorry, see if they don't.

A call comes from headquarters of our district that we lack millions yet to make up our quota for the Victory Liberty Loan. We have had war and carnage until everyone of us sighed for peace. The American Army brought this to pass. Now we sigh for prosperity. The bridge across the former state to this is the Victory Liberty Loan. Put it over and the goods will be delivered.

The flow of oil in the Sunshine Well has put new life into our people. Everybody was expecting oil to be found. The faith of the members of this company, that led them to invest their hard earned cash, and in the face of opposition, go forward with the work, is justified. Now that they have proven this field, not only they, but every man, woman and child will be the gainer. 'Tis a dead one surely, that will not reap his share of the golden harvest that is bound to follow.

It appears that the Philippines is and always has been a problem to Uncle Sam. We paid Spain twenty millions of dollars for them and the fact is that they have been a corn on the foot of Uncle Sam ever since. They have made us suspicious of Japan more than once. That the situation is clearing is apparent to the Nashville Southern Lumberman, which says editorially: "The outlook is not entirely dark. It now appears that there are improving chances of being able to foist off the Philippines on the Filipinos."

There is a tribe of Job-like comforters who, in the midst of adversity, offer it as a cheering assurance that the worst is yet to come. Doubtless they are unknown in West Texas and, doubtless, too, some of them had the courage to voice their philosophy in the midst of the drouth. West Texas was prostrate and they could hardly have resisted the impulse to predict that it would long remain prostrate. In fact, didn't all of us hear that it would take West Texas twenty years to recover? One who recalls that confident prophecy will read with heightened interest the dispatch from Stamford, which the News printed Sunday. West Texas has the biggest wheat acreage it ever had. The rains have come

makes its condition the best ever known. And there is the additional circumstance that the largest wheat crop West Texas ever grew is assured the largest price it ever received. It appears, too, that a large expanse of West Texas is plastered over with oil leases which will be highly remunerative even if the oil is not forthcoming. In the case of West Texas the worst is in the past and not in the future, as the pessimistic prophets said, and, instead of twenty years, it looks as if twenty months would be all the time West Texas will need to come back. —Dallas News.

And The Enterprise knows of no section of West Texas to which the above is not applicable. It's true that the long drouth hardly touched the farmers in this section, but the stockmen were hard hit. The snows and rains of the past few months, however, has brought forgetfulness, and, like Paul of old, the cattlemen are "forgetting the things behind" and are pressing on toward the light of a new dawn. As for the farmers—they are just biting off prosperity in larger chunks, that's all.

NOTICE TO THE PUBLIC

This is to announce that we have purchased from Sims and Jordan the National Highway Garage across the street from the Pecos Hotel. We will have only the best of trained mechanics and can therefore guarantee the best of workmanship and reasonable promptness, and ask for a share of your work.

In addition to car repairing and overhauling we will later add a lathe and also tinning and plumbing and, as in the garage proper, so in this latter business we will have only the very best of expert workmen. We earnestly solicit your patronage and are prepared to guarantee good work and prompt service.

JOHNSON BROS.

G. W. Dabney, one of the prominent business men of Toyah, was attending district court in Pecos the fore part of the week and dropped in on The Enterprise and had his name enrolled on its subscription list with a fully paid subscription for one year.

Mrs. O. F. Woods arrived home Tuesday evening from a month's visit with her daughter, Mrs. Oram H. Green and family. She reports a very delightful visit. It is understood that Mr. and Mrs. Green are en route to Pecos, via auto, to make this place their home again.

Mrs. Julia Ward left Wednesday for a visit of two months with her children, Joe Ward of Big Spring, Mrs. C. A. Arbutnot at Forth Worth and Mrs. Kirksey at San Antonio. She was accompanied by her daughter, Mrs. Bert Simpson.

F. C. Ewing was in from Loving, N. M. for a day or two this week in consultation with our physicians. He reports business good and the outlook for a splendid year most promising in his country.

T. A. and Rupert Ezell are in Pecos from their ranch today as busy as cranberry merchants. They report the range fine in their country and prospects for a most excellent year never better.

S. T. Hobbs, erstwhile storekeeper at Saragosa, but now devoting his time largely to the oil business, was a business visitor in Pecos Monday.

Max Krauskopf will leave Saturday night for Dallas to attend the meeting of the Grand Lodge Knights of Pythias.

Hez Kountz and family were in from Balmorhea yesterday attending the big Liberty Loan rally.

Ada Ritz and family have returned from Arizona and will again make Pecos their home.

E. O. Olds was down from Orla Wednesday looking after business matters.

A. F. Odell of Balmorhea, was a Pecos visitor Saturday.

Colds Cause Grip and Influenza

This spring Japan will deliver to this country nine million paper balloons for use in various ways. This order was sent in to a firm in Tokyo which sub-let the contract, so as to be able to make deliveries on time. This is the largest paper balloon order given at a single time.

Carbon Paper. Legal size for sale at The Enterprise office.

WEDDING BELLS

A wedding centered with affectionate interest, owing to the popularity of both parties, united Mr. Fenton Alley of Clovis, N. M., and Miss Gladys Prewit of Pecos, Wednesday at high noon at the home of the bride's grandfather W. D. Cowan.

The home was beautifully decorated in ferns, cut flowers and potted plants, an altar being one of the decorative features.

Mrs. Floyd Dyer of Barstow, becomingly gowned in black georgette with picture hat, sweetly sang "At Dawning" as a pre-nuptial, with Mrs. T. J. Hefner as piano accompanist.

Miss Irene Prewit, cousin of the bride, gowned in rose georgette with hat to match, played Mendelssohn's Wedding March as the bridal party entered. Miss Jewel Cowan, cousin of the bride, was bridesmaid. She wore a dress of white organdy. Miss Aileen Love, maid of honor, was dressed in pink organdy, each carried an arm bouquet of American Beauty roses and maiden hair ferns.

Little Miss Letha Prewit, sister of the bride, was flower-girl and Master Sidney Cowan, Jr., cousin of the bride, was ring bearer, the ring resting in an American Beauty rose. Each were dressed in white.

The bride, always pretty and attractive, wore a becoming gown of georgette crepe over white satin, with a veil of tulle caught up with orange blossoms in cap effect, and she carried a shower bouquet of American Beauty roses and ferns. She entered on the arm of her grandfather, Mr. W. D. Cowan, who gave her in marriage.

The groom entered with his best man, Mr. Jim Farrell of Carlsbad. Jim Prewit, cousin of the bride, was also an attendant.

The bridal party was met at the altar by the bride's pastor, Rev. W. A. Knight, who with the assistance of Rev. Geo. W. Truett of Dallas, performed the beautiful and impressive ring ceremony.

The bride is the oldest daughter of Mr. and Mrs. J. B. Prewit. She was born and reared in Pecos where she is universally loved. She is a graduate of our splendid high school and completed her education at Simon's College, Abilene. She has many accomplishments and is altogether lovely.

The groom, son of the late S. E. Alley, was reared in Pecos, and is well and favorably known to our people. He is now holding a position with the Santa Fe Railroad at Clovis.

Those present at the wedding were Rev. and Mrs. W. A. Knight and children, Rev. Geo. W. Truett of Dallas, Mr. and Mrs. W. D. Cowan, Mr. and Mrs. J. B. Prewit, Mr. and Mrs. S. M. Prewit and children, Mr. and Mrs. Chas. Manahan, Mr. and Mrs. J. G. Love and children, John Cowan and family, Will Cowan and family, Sid Cowan and family, Marvin Cowan and family, Mrs. Lou Duncan and children, Mr. and Mrs. Geo. Duncan, Mrs. T. J. Hefner and sons, Robert, Charles and Wycliff, Robert Christian, Mrs. Shannon of Clovis, Mrs. Jim Camp, Mrs. Chas. Tudor and son, David, Mrs. B. A. Oden, Mrs. Add Owen, Mrs. E. G. Weyer, Mr. and Mrs. Walter Browning, Mrs. T. Y. Casey, Mrs. C. J. Prewit, of Nogales, N. M., Mr. and Mrs. Floyd Dyer of Barstow, Mr. and Mrs. Hardin Ross, Mrs. Monroe Kerr, Misses Lennie Jeffords, Buena Mae Howard, Mary Lee Richburg, Mildred Obitz, Ollie Mae Murry, Warren Collings, Mabel Nold, Callie DeRacy and Mary McElroy of Kent.

Immediately after the ceremony a reception and luncheon was given to the bridal party by Mr. and Mrs. Sid Cowan at their beautiful home, which was decorated in pink and white, with wedding bells and sweet peas. The plates were outlined with wreaths of sweet peas in which nestled the place cards. The center piece was a beautifully embossed wedding cake. The luncheon was served in three courses, covers being laid for Mr. and Mrs. Fenton Alley, Mr. and Mrs. J. B. Prewit, Mr. and Mrs. W. D. Cowan, Rev. and Mrs. W. A. Knight, Rev. Geo. W. Truett, Mr. and Mrs. Floyd Dyer, Mrs. T. J. Hefner, Mrs. Shannon; Misses Mary McElroy, Aileen Loe, Irene Prewit, and Jewell Cowan; Messrs. Jim Farrell and Jim Prewit.

Mr. and Mrs. Alley left on the afternoon train over the Santa Fe for Clovis, N. M., here they will reside. Her traveling suit was navy blue with champagne hat.

The Enterprise joins the many other friends of this splendid young couple in wishing them bon voyage on the matrimonial barque of life.

B. C. Seeley arrived Thursday from Sweetwater where he visited a daughter, for a visit with his son in Pecos. His home is at Frankston.

How Much is 1¢

Suppose that for one cent you could insure the quality of your cake, biscuits, etc., wouldn't that be real economy?

Well, one cent is about the difference in the cost of a whole cake or a pan of biscuits made with Dr. Price's Cream Baking Powder as compared with cheaper baking powders made from alum or phosphate — a trifle, indeed, to insure the quality and wholesomeness of your baking.

DR. PRICE'S CREAM BAKING POWDER

Made from Cream of Tartar derived from Grapes

Contains No Alum—Leaves No Bitter Taste

AT THE CHURCHES.

CHURCH OF CHRIST

All the usual services both morning and night next Lord's day. Special attention is directed to the fact that May 11th is set aside for honoring Mother. Beginning with the Bible school hour every phase of a carefully arranged program will bear relation to this precious subject—Motherhood. Every member must be present at ten o'clock to enjoy the entire program. Parents, especially, are urged to be in attendance.

CATHOLIC CHURCH

During the month of May in St. Catherine's church, every Thursday low mass at 7 o'clock; every Saturday sermon, beads and benediction at 5 o'clock; every Sunday solemn high mass at 10 o'clock.

PRESBYTERIAN CHURCH

Sunday school at 10 a. m. Preaching at night by the Rev. B. T. Tenny of Barstow. Everybody invited.

METHODIST CHURCH

At the Methodist church Sunday morning the Sunday school at 9:45. The eleven o'clock services is given over to the Sunday School Day program. Much care and attention has been given to this program and the parents of the Sunday school pupils as well as the visitors will enjoy this bright hour. There won't be a gloom or a grouch in it. Come.

At the evening services there will be the fifth of the series of illustrated sermons. The pictures are up to the standard. Nothing will interfere this time with this program. Pictures of soldiers will also be thrown on the screen.

A call has gone throughout Methodism for every member to be present at morning worship on May 18. It is our Lord who summons us to meet Him in the place of worship. If every member throughout Methodism will be present on this day at the morning worship it will mean that much toward realizing the great Centenary goal. There will be no public collection for the Centenary. This will be done privately throughout the church.

SHOWER FOR BRIDE-TO-BE

Mrs. Ethel Reynolds, and Misses Irene Prewit and Aileen Love were hostesses Saturday afternoon at the home of Mr. and Mrs. J. G. Love at a linen shower for Miss Gladys Prewit who was married to Mr. Fenton Alley Wednesday. A variety of useful and handsome linens, both for household purposes and personal use were presented in a unique way, a journey on the "Rosy Road to Matrimony." A number of interesting contests in keeping with the occasion were enjoyed. Punch was served throughout the afternoon, being presided over by Misses Jessye Heard and Evelyn Slack. At the conclusion refreshments of brick ice cream and cake were served the following: Mesdames J. C. Prewit, G. B. Finley, Clay Slack, Chas. Manahan, Walter Browning, G. C. Parker, J. V. Hanson, Oscar Buchholz, John Baker, Mabel Beauchamp, Monroe Kerr, W. D. Cowan, Will Cowan, Sid Cowan, Marvin Cowan, Add Owen, Roy Wilcox, J. G. Love, J. F. Cavett, Holsey Glover, Harry Woods, and Lou Duncan; Misses Minnie Vickers, Grace Dunsan, Buena Mae Howard, Ollie Mae Murry, Linnie Jeffords, Jewell Cowan, Jessye Heard, Evelyn Slack, Ora Pruett, Carrie Wadley, Colon Prewit, Mildred McCarver, Mary Lee Richburg, Carrie Glover, Sadie Collings, Nannie Mae Collings, Warren Collings, Theda Mott, Mary Holmes and Mabel Nold.

PRE-NUPTIAL DINNER

Mr. David Tudor was host at the home of his parents, Mr. and Mrs. Chas. W. Tudor, Tuesday evening, at a six o'clock dinner in honor of Mr. Fenton Alley and Miss Gladys Prewit who were married Wednesday. The delightful dinner was served in four courses, and the following was the personnel of the party: The honorees, Miss Gladys Prewit and Mr. Fenton Alley, Mrs. Shannon, Mrs. C. W. Tudor, Miss Mildred Obitz, Miss Lucy Ligon, Miss Mary McElroy and Miss Jane Looby; Messrs. Phil Pryor, Jack Linton and David Tudor.

Mr. and Mrs. J. A. Klasner have moved from Douglas Arizona, to their home.

PECOS PEOPLE RETURNING TO OLD HOME IN SWEDEN

Mr. and Mrs. Andy Hedblom have sold their cottage in the west part of town, completely furnished, to Pat Wilson. They and their two children are going back to the old country—Sweden. The couple have resided in Pecos for the past ten years, having come here as bride and groom. In the interim Mr. Hedblom has built up a successful business in the garage industry, and he and his good wife have endeared themselves to the people of Pecos and surrounding country, and many there are who will regret their leaving, but wish them good speed on their overland and ocean voyage. They will spend three weeks in Chicago with relatives and when they leave there will be accompanied by Edward Edvinsson, a brother of Mrs. Hedblom, and his wife, who also are returning to Sweden. The party will sail from New York on the Swedish steamer Stockholm, May 28. Twelve days is the estimated time to make the trip, and the landing will be made at Gutenberg, Sweden. The Hedbloms will make their home with Andy's aged mother.

A farewell dinner will be tendered Mr. and Mrs. Hedblom tomorrow at Mrs. Randolph's home.

No Worms in a Healthy Child

All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC gives regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 60c per bottle.

POSTED AGAINST TRESPASSERS

All the U ranch range is posted Hunting therein or hauling wood therefrom is forbidden. Don't ask the management for permission to do either, it will not be granted.

E. P. STUCKLER.

JOHNSON BROTHERS BUY NATIONAL HIGHWAY GARAGE

Sims-Jordan have sold the National Highway Garage to Johnson Bros. of Cleburne, and the latter are now in full charge. The Johnsons are relatives of Mrs. Moorhead and have been in Pecos before, and are not strangers to our people.

They are all experienced mechanics, plumbers and tanners, and will also do plumbing and tin work in connection with the garage. They propose to do all work promptly and will employ only first-class mechanics, insuring first-class work and promptness. The Enterprise bids these gentlemen a cordial welcome to our city.

Grove's Tasteless Chill Tonic restores vitality and energy by purifying and enriching the blood. You can soon feel its strengthening, invigorating effect. Price 60c.

Let your idle books help our soldiers—You can do your bit.

LEASES FOR SALE BUT NO STOCK ON THE MARKET NOW

The Flow of Meat

Two-thirds of the live stock in the United States has to be raised in the West.

One-half of the consumers of meat live in the East.

In other words, most of the live stock is one or two thousand miles distant from most of the people who need it in the form of food.

Fifty years ago, when live stock was raised close to every consuming center, the country butcher could handle the job after a fashion.

But the job got too big.

Now millions of animals have to be moved hundreds of miles to millions of people. Somewhere on the way they have to be turned into meat.

The packers solved the problem. They set up plants where the "live haul" and the "meat haul" were in the right balance. They built up distributing systems—refrigerator cars, refrigerating plants, branch houses. They saved time, money and meat everywhere. The stockraiser benefited in better markets and higher prices; the consumer, in better meat and lower prices.

As the country grew, the packers had to grow, or break down. Because of its present size and efficiency, Swift & Company is able to perform its part in this service at a fraction of a cent per pound profit.

Swift & Company, U. S. A.

Only One Corn Peeler, "Gets-It"

Stop Corn Pains; See Corn Peel Off. It is just when a corn hurts that you want to feel sure about getting rid of it. Why take chances of keeping the corn and having the pain grow worse? You'll use "Gets-It"...

The Society for the Protection of New Hampshire forests has recently announced the acquisition of 535 acres of land in the famous Kearsage Mountains, in the town of Warner, containing sixty-five acres of the land scarred by the ice-sheet.

Weekly Health Talks

What Doctor Pierce Has Done For Humanity!

BY DOCTOR CRIPPS.

It has always seemed to me that Dr. Pierce, of Buffalo, N. Y., should be placed near the top when a list of America's great benefactors is written. He studied and conquered human diseases to a degree that few realize. Whenever he found a remedy that overcame disease, he at once announced it in the newspapers and told where it could be bought at a small price. He did not follow the usual custom of keeping the ingredients secret, so that the rich only could afford to buy the medicine, but openly printed the name of each root and herb he used. And so to-day the names of Dr. Pierce and his medicines are widely known, and they stand for better health and better citizenship.

One of this great physician's most successful remedies is known as Doctor Pierce's Pleasant Pellets. These are little, sugar-coated pills, composed of Mayapple, leaves of aloe, root of jalap—things that Nature grows in the ground. These Pellets are safe because they move the bowels gently, leaving no bad after-effects, as so many pills do. Very often they make a person who takes them feel like a new man or woman, for they cleanse the intestines of hard, decayed and poisonous matter that accumulates when one is constipated. If you are constipated, by all means go to your druggist and get some of Dr. Pierce's Pleasant Pellets. They may prove to be the very thing your system requires to make you well and happy.

The Maryland Court of Appeals has declared that the city ordinance allowing Sunday baseball games is invalid in that it conflicts with the general Sabbath laws of the State.

Women!

Here is a message to suffering women, from Mrs. W. T. Price, of Public, Ky.: "I suffered with painful..." she writes. "I got down with a weakness in my back and limbs... I felt helpless and discouraged... I had about given up hopes of ever being well again, when a friend insisted I

Take CARDUI The Woman's Tonic

I began Cardui. In a short while I saw a marked difference... I grew stronger right along, and it cured me. I am stouter than I have been in years. If you suffer, you can appreciate what it means to be strong and well. Thousands of women give Cardui the credit for their good health. It should help you. Try Cardui. At all druggists. E-73

ABOUT THE MEN AT THE PEACE CONFERENCE

They are having a great time at the Peace Table. At times it looks to The Enterprise that the ultimate conclusion will be anything but the longed-for peace. The jolt among the members has led to much surmise as to who is the best fighter among the peace-makers. Opinion differs, but one fact is prominent—those who thought to see Wilson cringe at the fiery charges of Clemenceau, the "Tiger of France," or be disarmed by the tactics of that past-master of frenzied politics, Lloyd George, were disappointed. Wilson has more than held his own, and the only Americans not proud of their leader are a few Republicans who are fearing for their party's welfare, and can see nothing good in a thing tagged "Democrat."

Sizing up the peace-makers, a writer in the Atlantic Monthly says: Handsomest man—Hymans of Belgium, who on February 25 led the fight of the little nations against the Big Five; all, slim, thoroughbred, with a fighting face and the most eloquent hands imaginable. Liveliest man—tie between Clemenceau, with body, muscles, arms and tongue always in play, and Lloyd George, who reveals himself in the jump of ironic eyes under heavy brows, and frequent half-mischiefous smiles and whisperings to Balfour on his left.

Most worried man—Sonnino of Italy. Most bored man—tie between Foch and Balfour. Best poised man—the chief Japanese representative, of course. Most patient and far-seeing man—Venizelos, I am inclined to believe. Most picturesque figure—if you dismiss the outward trappings of the delegates from Hejaz and native India, then, by all odds, Louis Botha, a massive, silent hulk, with eyes burning out of a short, thick jungle of whisker, mustache and eyebrows. Hardest worker—Clemenceau. Most dignified—Woodrow Wilson. Best all-round athlete—Lloyd George, probably. Best student—House. Best poet—Smuts. Best orator—Woodrow Wilson. The one who has done most for his class—?

CANNEL COAL IN TEXAS

What is possibly the largest body of cannel coal in the United States, if not in the world, lies on the Rio Grande, about 25 miles above Laredo, Texas. The outcrop can be traced for many miles in the bluffs along the river in Webb county to a point at which it swings northward into Uvalde county. The coal has been mined for many years at Santo Tomas and more recently at Darwin, or Cannel and Dolores. It occurs in two principal beds about 90 feet apart, both of which are being mined. The beds range in thickness from about two feet to two feet six inches and are fairly consistent. For many years they have supplied the larger part of the coal used on the railroads in southern Texas and the adjacent part of Mexico.

This coal is of geologic interest because, although it lies in rocks which elsewhere in Texas contain only lignite, it is a bituminous coal. It has the qualities of a cannel coal; it contains a large amount of volatile matter, or gas, and it yields by distillation, about 50 gallons of oil to the ton of coal. It contains more nitrogen than any other coal in the United States.

At most places the roof of the coal is poor and requires considerable timbering, and as no trees grow in Webb county this requirement adds considerably to the cost of mining. At each of the mines in this district there is a huge dump of clay, either removed in mining the coal or derived from the shale that forms the roof. This clay may be of value in making brick or other clay products.

The coal of this field is described in a bulletin entitled "The Cannel Coal, Webb County, Texas," by Geo. H. Ashley, issued by the U. S. Geological Survey of the Department of the Interior, as Bulletin 691-I. This can be obtained by request to Director of Geological Survey, Washington, D. C.

Financial experts have suggested the possibility of a national moratorium as the best plan for financial relief at this present time.

Every country owes the others something, and it is almost impossible for any of them to conveniently pay their debts. They need time to make the payments and if an international moratorium were to be established between the various governments it would give all a breathing spell, and payments of debts could be more easily handled in the future.

THE QUININE THAT DOES NOT AFFECT THE HEAD... THE QUININE THAT DOES NOT AFFECT THE HEAD... THE QUININE THAT DOES NOT AFFECT THE HEAD...

BOOKS FOR SOLDIERS

To care for the American forces in France and the Army of Occupation in Germany the American Library Association is planning to deliver an additional 750,000 books in France before July first.

To meet the need, the Association has found it necessary to call upon the American people for half a million books. The balance—250,000 books is expected to come from the libraries in American camps which are closing.

Why the call is made when already two and a quarter millions of books have been shipped overseas is disclosed by the fact that books in military service undergo extraordinary hard usage. It is estimated that a book in war service wears out seven times as fast as a book in use in a public library. A popular book of fiction in camp or in the field is practically fit for the discard when it has been issued to four men, whereas the same books in a public library would not show the same degree of wear until it has been issued about thirty times.

A good book is passed from hand to hand. An exciting western novel is read by a score of men in an incredibly short time, and is ready to fall to pieces when the man who borrowed it returns it to the library.

The men must have books. "How can men idling the time away be expected not to gamble and get into other forms of evil?" declared one of the chaplains writing to the Association for more books. "Send me everything you can—as fast as you can. I now have five towns and some 2000 men—just raise the sluice gates and let the flood come."

The shooting of wild fowl with machine guns from airplanes has been prohibited, so that pot-hunting will not become a popular sport, as was feared by bird and game lovers. Before such prohibitions were made reports were made of wholesale slaughter of flocks of wild birds by gunners who could keep abreast with these birds in the fast-moving planes.

ON WAY TO CAMP BOWIE TO BE MUSTERED OUT

Capt. L. C. Smoot was in Pecos Thursday, on his way from Camp Kearney, California, to Camp Bowie, to be mustered out of the service of Uncle Sam.

Capt. Smoot was a citizen of Reeves county for a year or so several years ago, living at Toyah, where he was bookkeeper in a bank at that place. He has many friends here who will be glad to know that he has just finished up three years in the service and is just back from France, looking the picture of good health and unscathed from the conflicts.

Capt. Smoot is a fine fellow and is beloved by all who know him. In conversation with The Enterprise he stated that he had recently seen a copy of the paper and found it as much alive and interesting as of yore, and placed \$1.50 with the editor for a year's subscription. He also stated: "Don't say that I am in the oil game." He is visiting in Toyah today and while he is not in the oil game now his maneuvers indicate that he cannot say as much in a very short while.

CITY CAFE PURCHASED BY MRS. T. Y. MOORHEAD

Mrs. T. Y. Moorhead has purchased the City Cafe and she and Otis, her son, have closed same and are making a thorough clean-up of the premises and expect to reopen for business on next Tuesday.

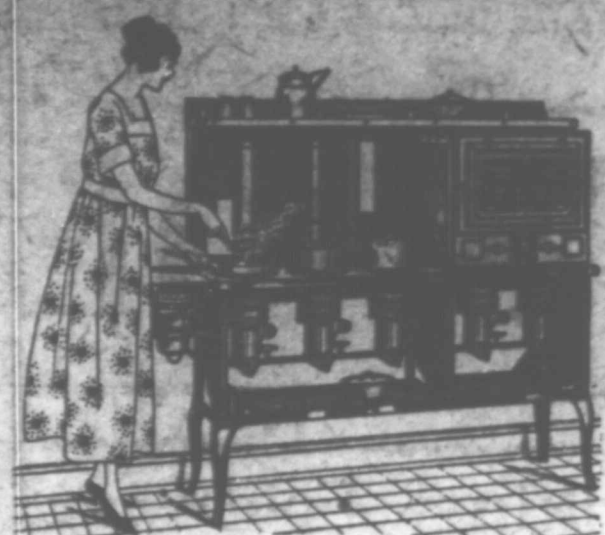

Mrs. Moorhead has made a success of the restaurant business by virtue of the fact that she has friends all over the country, and also spares no money or pains in securing the best in the market and serving it in a manner pleasing to the public. She supervises the cooking and serving and knows that everything is clean, sanitary, and that her customers have the very best she can get.

ZIMMER HARDWARE COMPANY

**The United States Government
Cooperates**

with the 7,600 member banks in maintaining the Federal Reserve Banking System for the protection of the business interests of the country. Through the Federal Reserve Board in Washington it supervises the twelve Federal reserve banks; it appoints one-third of their directors; it deposits its funds largely with them; it guarantees the currency they issue.

This cooperation greatly increases the value of the system to us and our community.

If you are not already linked up with this new national system as one of our depositors you should delay no longer.

FIRST NATIONAL BANK
Pecos, Texas.

John Hays Hammond, one of this country's youngest and most successful scientific inventors, has just had a wonderful invention accepted by this Government. It is known as a radio control for surface craft that are sent against enemy and submerged vessels with wireless antennae only showing above the water. The Government experts have been giving this invention a most thorough test, and have been so satisfied that they have recommended an appropriation of \$417,000 for the construction of an experimental submerged boat to be controlled by wireless from either an airplane or a shore station. Mr. Hammond has spent more than four hundred thousand dollars and ten years' labor on his new invention, and first experimented with a small boat controlled from his home on the shore of Gloucester Harbor. He had a boat that would dart here and there when the surface of the water was smooth, completely fooling yachtsmen and steam craft who tried to pick up the stray boat, only to have it go away faster than they could pursue it. Hammond had a great deal of sport with this toy (this was long before the war), and after war was declared he put his energies into making such a craft practical.

invest V to-day—
A new use has been discovered for old tin cans. Many small concerns have been making toys from the tin and it is said that plans have been formulated whereby returning soldiers may be given profitable work in making various simple things from tin thus salvaged. Dolls' houses, tin soldiers, railroad cars, little auto-trucks, and many other things can be easily made, for the tin from cans is easily worked.

invest V to-day—
CALOMEL DYNAMITES
A SLUGGISH LIVER

Crashes into Sour Bile, Making You Sick and You Lose A Day's Work / Calomel Salvates! It's mercury. Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with sour bile it crashes into it, causing cramping and nausea.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a 50 cent bottle of Dodson's Liver Tone, which is a harmless vegetable substitute for calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

If you take calomel today you'll be sick and nauseated tomorrow; besides it may salivate you, while if you take Dodson's Liver Tone you will wake up feeling great, full of ambition and ready for work or play. It's harmless, pleasant and safe to give to the children; they like it.

COTTON ACREAGE FOR 1919

Farmers seemed in a quandary as they approached the 1919 cotton planting season. Cotton has had its ups and down during the past year, which led many alleged experts to circulate petitions to the farmers of the country, some pleading for a reduction of cotton acreage, others advising an increase. The result of the campaign, if it can be so called, has been an average decrease of 15 per cent over the acreage planted during the year 1918. The following information is compiled from replies received from 1500 correspondents located at various points in the Cotton Belt, all actively interested in cotton:

Tennessee—Acreage last year was 926,000; this year, 796,260. A decrease averaging 14 per cent. Crop 15 days late.

N. Carolina—Acreage in 1918 was 1,609,000; for 1919, 1,432,000. Average decrease of 11 per cent. Seven days late with crop.

Louisiana—Acreage in 1918, 1,553,000; acreage for 1919 1,087,100, decrease of 30 per cent. 25 days late planting crop.

S. Carolina—Acreage last year, 2,995,000; for 1919, 2,845,000. Decrease of 5 per cent. 12 days late.

Alabama—Acreage in 1918 was 2,622,000; for 1919, 2,176,260. Decrease of 17 per cent. 29 days late.

Oklahoma—1918 acreage 3,161,000; 1919, 2,465,580 acres. A decrease of 22 per cent. 7 days late with crop.

Mississippi—Acreage in 1918 was 3,264,000; 1919, 2,643,840. Decrease of 19 per cent. 26 days late.

Georgia—1918 acreage 5,432,000; for 1919, 4,617,000. Decrease of 15 per cent. 25 days late planting.

Texas—11,910,000 acres planted in 1918; for 1919, 10,044,100. Decrease of 15 2-3 per cent. 20 days late planting crop.

Arkansas—679,000 acres for both years, and 15 days late with crop.

Total acreage for Cotton Belt in 1918 was 31,013,000; for 1919 it is 31,484,440. Average decrease for the year, 15 per cent.

**F. P. RICHBURG
Land and Rental Agency**

If you own vacant grazing land and wish to lease it, list with us and give definite description so we can locate it. If you want to lease, see us and tell us what you want and where you want it.

In your description of lands be sure and give Section No. and what Survey, that is, whether Public School Land, T. & P. Ry., H. & T. C. Ry., etc., and sometimes it is designated by Townships. Be careful to give full description.

We have vacant lots for sale or trade. See us when you want any kind of city property.

We have several cheap residences we can sell on almost any terms you might mention.

When you want a large ranch call and see or write to us.

We have a number of cheap houses that we can give special bargains in. If you want a little home call and see us. If you have any property to trade let us hear from you.

We have two 10-section and one 20 section ranch for sale in Reeves county. Now is a good time to buy. Write about these ranches.

No. 106—4-room house, 100 feet front, artesian well in yard. Grass, and shade, small barn, chicken pens, etc. All up in good shape. Price \$1000 cash.

No. 110—A good place on 1-4 block. Good house, garage, well and waterworks. Pretty fair barns. A good bargain. Price \$3000, with terms.

No. 280—300 acres situated at Patrol on the Santa Fe Ry., 10 miles north of Pecos. Situated on the Pecos River; about all under cultivation and irrigation from the Pecos River. 94 acres in alfalfa. The entire tract is drained. One 3-room residence and 2 or 3 Mexican shacks. This is a splendid River Valley farm. Price, \$40 to \$100 per acre. The purchaser to assume \$4 per acre due the State at 3 per cent interest.

No. 286—A well located 4-room house, close in. 50-ft lot, east front, on good terms. Price \$1000. Part can be paid in monthly installments. If you want a nice little home ask us about this.

No. 281—160 acres, 3 miles northwest of Pecos, 1 miles northwest of the State Experimental Farm. All in good state of cultivation, watered by large pumping plant. This entire tract is fenced with hog-proof wire. \$3,000 residence and a tenant house on property. An extra good irrigated farm that will net large profits. Only \$100 per acre on good terms.

No. 288—Good 5-room house with a screened porch and bath; garage, barns, poultry yards and pens, and garden. East front. This is a weather-boarded house and in good shape. Lot is 100x115 feet. Located in good neighborhood. Price, \$2000.

No. 290—Four sections in square block; 5-room house, well and windmill. All fenced with 2 or 3 cross-fences; within one mile of the Troxel oil well which now has a derrick already, and now drilling for oil.

No. 291—Corner lot with two four room houses on it. This property is in fairly good shape and good rent property for colored people. Close in, and is almost always occupied by renters. Owner lives in Illinois and wishes to dispose of it. Price, \$700.

No. 293—One section of land 8 miles south of Pecos. This section borders on the Pecos River which makes it riparian land. Most of it is agricultural land. Price \$10 per acre.

No. 300—Section No. 24, H. & G. N. Ry. Survey. A splendid river section. Part has been cultivated. Lies 10 or 12 miles from Pecos on the Pecos River. Price \$10 per acre, with good terms.

No. 301—318 acres about 3 1-2 or 4 miles from Laura Oil Well. Carries mineral rights and not leased. \$20 gets this land and all. The oil lease is worth half this price. If you want this send a forfeit at once. Title is guaranteed.

No. 378—A 5-room one and one-half story house on 115-ft. lot. Northeast corner, with good shades. Good location for a good house. Price \$1500, one-half cash, balance in three annual payments.

No. 379—4 sections—Nos. 2, 4, 24, and 26, Blk 57, Tsp 2, T. & P. Ry. Co. Survey. This land is in the sulphur belt between Orla on the Santa Fe Ry., and the Standard Operating Company's mines. Price \$5.00 per acre, bonus.

No. 380—One section, No. 183, lying on the north side of the Pecos Valley Southern Ry., joining the Verhalen farms. Splendid land. Price \$10 per acre.

No. 385—A nice little home on good street and in good neighborhood. East front, good lawn, nice hedge and some fruit trees. \$2000.

No. 400—A 6-room house and 100 ft. lot, with barn, poultry yards and garden. Lots of nice shade. This place is situated in the best part of town. Artesian well in back yard. A good bargain. Price \$2000, two-thirds cash, balance on easy terms.

No. 401—A splendid home just outside the corporate limits of Pecos. 2 1-3 acres of land and half interest in flowing well. 2 acres in alfalfa. All fenced with rabbit and poultry wire. Good barns, considerable other outhouses. This is a special bargain. Price \$3000.

No. 402—40 acres, Water Tract No. 14, under Barstow Ditch, all in cultivation, all fenced. 2-room shack. Water rent only \$1 per acre per year. Price for land including mineral and water right only \$75 per acre, 1-3 cash, balance on good terms. Will furnish abstract to date and warranty deed. The land is situated within 2 1-2 to 3 miles of the Laura Oil Well which is now being drilled. All in Section 37, Blk. 4, H. & G. N. Ry. Co. Survey, in Reeves County, Texas.

No. 403—63 acres as follows: Water Tract No. 16—40 acres and scrap land—23 acres in cultivation with hog-wire fencing all around tract. About 10 acres in alfalfa. A two-room house. Under Barstow Ditch, water rent only \$1 per acre per year. Also under two pumping plants, one 6-inch in well and a 12-inch pump in River, with a capacity of about 2500 to 300 gallons per minute. In Section 37, Blk 4, H. & G. N. Ry. Co. Survey in Reeves County, Texas. Price \$100 per acre.

No. 404—40 acres—Water Tract No. 1—and scrap land. 13 acres. All in cultivation. Fenced all around with hog-wire. Watered from Barstow Ditch, water rent \$1 per acre per year, and under two pumping plants, same as No. 403. A four-room adobe house. In Section No. 38, Blk. 4, H. & G. N. Ry. Co. Survey in Reeves County, Texas. Carries all mineral rights and not leased for oil. This tract is situated within about 3 miles of the Laura Oil Well which is now being drilled. Pumps and all the engines go with tracts Nos. 403 and 404. Price for land with all mineral rights, \$100 per acre. One-third cash, balance good terms.

We expect to make Oil Leases and Oil Royalties a Specialty. We would like to get the names of as many as possible of those who own land that carries the mineral rights. If you don't find what you want in this list call and see us, on Westside of Cedar Street. We want to be ready for the BIG OIL RUSH. If you have property to sell, list it with us.

LIST WITH US

We want a brand new list of land and resident lots that are for sale. It has rained and things look good. Let's try to sell your ranch land.

We can handle your oil leases and royalties

Paint

3 Paint Pointers

Paint is DECORATIVE; it gives the finishing touch of beauty to the property.

Paint is PRESERVATIVE; the properly painted building is longer lived than one that is left to the ravages of wind, sun and rain.

Paint is RESTORATIVE; it is the one thing that can "bring back" the appearance of that run-down place.

Our paints are noted for these three characteristics, and the range of colors will meet every wish you might have for your particular purpose.

This is "painting time"; take advantage of it for your own benefit.

RENEWED TESTIMONY

No one in Pecos who suffers back-ache, headaches, or distressing urinary ills can afford to ignore this Pecos man's twice-told story. It is confirmed testimony that no Pecos resident can doubt.

J. S. Johnson, oil business, Cherry Street, gave the following statement October 28, 1915: "About two years ago my kidneys were bothering me and my back was weak and lame. I had a steady ache in the small of my back. The kidney secretions passed too frequently. I knew of many people who had used Doan's Kidney Pills with good results so I tried them and it only took a few boxes to cure me."

On April 7, 1919, Mr. Johnson added: "Doan's Kidney Pills are a wonderful remedy. I take a few occasionally and always get the same good results."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills.

Mr. Johnson had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.—Adv't.

Standard Mowers at Zimmer Hardware Co. They are the best. 36-t4

Rev. L. R. Millican of Allamore, was down this week visiting with his many Reeves county friends and attending the revival. Rev. Millican is one of the best known and most beloved Baptist divines in this section of the State.

Look at our Gingham, a nice assortment. Price is lower.—Green's General Mds.

Mrs. W. H. Browning, Sr., of Lampasas, is here on a visit to her sons, W. H., Jr., and Walter, and daughter, Mrs. J. W. Brooks. She is returning to her home from a visit to her daughter, Mrs. H. B. Link, at Santa Rita, N. M.

Phone 84 your grocery and feed wants. Our prices are lower. A trial will convince you it's so.—Green's General Mds.

Judge Ben Randals, who has been in the Y. M. C. A. work for some months, was here for the first time since he enlisted in that work this week. He is looking fat and fine and says he will probably remain in that work for a month or two yet. He is now stationed at El Paso.

LOST, STRAYED OR STOLEN

Black Horse mule branded H Triange Bar on left thigh; shod all around. Reward of \$10 to any person finding him and notifying me. R. C. HARBERT, Saragosa, Texas. 38-t4

W. E. Gould and George Davis, two of Balmorhea's enterprising and prosperous citizens, were Pecos visitors Wednesday. The former made The Enterprise a very pleasant visit and complimented the editor on the Balmorhea news appearing in these columns.

NOTICE OF RANCH TRANSFER

The firm of John Z. Means & Co. has transferred its livestock interest in Culberson, Ward and Loving counties, to Evans Bros., with headquarters at Pecos, Texas, and they will appreciate being notified of all works. 36*t4

Judge Ben Palmer was this week duly inducted into the office of Mayor of Pecos City. He has already gotten busy and placed a five dollar fine upon the head of one speed fiend. The judge informs The Enterprise that he has sent in his resignation as Referee in Bankruptcy to take effect at once.

OIL LEASES FOR SALE

In Pecos and Toyah Fields, in from 5 to 1000 acre tracts, near Laura and Troxel Wells. Buy now, they are going up.—I. E. SMITH, PECOS, TEXAS. 38t2

The offices of the late Judge J. W. Parker are being re-calculated and freshened up, and as soon as ready will be occupied by Judge Ben Palmer. Judge Palmer has purchased the law library and office equipment of the late Judge Parker and that, added to his own library, will give him a most excellent library and one of the best suite of rooms in town.

NOTICE TO JURORS

All jurors summoned to appear at Pecos before the District Court on the 12th, are hereby notified not to appear until Monday the 26th, as the court has adjourned until that date. 38-tt

Uncle Alex Hines arrived this week for a visit to relatives in Pecos, after an absence of about one year. Mr. Hines is an inmate of the Old Soldiers' Home at Austin. Age is telling on Uncle Alex, but his interest in life and things about him is as keen as ever. He says his visit has a double purpose: "to visit the old stamping ground of 40 years and to find out who of his friends are worshipping the Golden Calf."
