

# THE ENTERPRISE

AND PECOS TIMES

PECOS, TEXAS, FRIDAY, OCTOBER 17, 1919.

YEAR, \$1.50; 6 MONTHS, \$1.00

The goings and comings of yourself and friends should have a place in these columns. Phone all items of interest to No. 223 or No. 18. Keep Pecos alive by showing it is on the map socially and otherwise.

No other method of telling the public what you want—to buy or sell—can compare with a classified advertisement. They attract attention by their very appearance. Results from them make the price negligible.

VOLUME XXXIX. NUMBER 9.

## ACTIVITIES OF WEEK EXTEND AREA OF THE PECOS OIL FIELD

### PECOS CITIZENS ORGANIZE TO FIGHT DISEASE

Pursuant to a call by City Health Officer Dr. O. J. Bryan and Mayor Ben Palmer for a mass meeting of our citizens to discuss the matter of a cleaner town and also to organize our forces that we may be prepared in case of an epidemic of any nature, a full representation of our progressive citizens met at the Baptist church Monday night.

After an address by Mayor Ben Palmer, in which he discussed the sanitary condition of our town and ways and means of cleaning up and the destruction caused by filth, Dr. Jim Camp was called upon for a talk. He took up the matter of sanitation, and in the course of his talk said that much of the local maladies was the direct result of uncleanliness and intimated that probably two-thirds of the doctor's bills and cases of sickness could be prevented by absolute cleanliness. Typhoid was almost completely wiped out in the large encampments of our soldiers owing to the more rigid sanitation. To bear his talk and then fail to make every effort to keep your premises absolutely clean is not much less than a crime.

Later, Dr. Bryan made a talk and the organization of our forces for the taking care of our sick in case of an epidemic was perfected. The following were duly appointed officers:

- Mayor Ben Palmer, superintendent.
- O. T. Norwood, secretary.
- W. W. Camp, chairman of finance committee.
- F. W. Johnson, chairman of committee on inspection.
- M. L. Roddy, chairman of committee on law enforcement.
- Mrs. Jas. F. Ross, chairman of committee on relief.
- Mrs. C. B. Finley, chairman committee on volunteer workers.

### ENTERS THIRD YEAR AS BAPTIST PASTOR

Rev. W. A. Knight is not only a pleasant gentleman but a good preacher and successful, and stands high in the estimation of his flock, as it is attested by the fact that next Sunday he will enter upon his third year as pastor of the First Baptist church of Pecos.

The following resume of the past year's work was read by his congregation by Rev. Knight last Sabbath morning:

During the past year 67 new members have been added to the church; by baptism 37, by letter 30.

The church has contributed over \$10,000 in the year just past. For home expenses over \$5,000, for missions, education and benevolence over \$5,000.

The pastor has made 485 visits during the year. Of that number 145 were to see the sick.

Rev. Knight is in Dallas this week on business, but writes the editor he will be home Saturday and ready to fill his pulpit Sunday.

### WILD DUCK SEASON OPENED YESTERDAY

The opening of the wild duck season yesterday was the signal for many in Pecos to oil up old Betsy, jump in their auto and hie to the river, the many water holes, and other haunts of wild duck. It was an ideal day for the sport, but having no reports from the hunters the Enterprise can not say just what luck they had.

### RAILROAD ACCIDENT PREVENTION DRIVE

By the afternoon of October 17 approximately 325,000 railroad men in the central western region will have resolved to go fourteen days without sustaining a personal injury to themselves or being the cause of another's injuries.

The fortnight beginning at 12:01 a. m. October 18, has been designated by the Director General of Railroads as the "National Railroad Accident Prevention Drive," and according to a statement issued today by Mr. H. A. Adams, Regional Supervisor of Safety for the central western region, the lines under his jurisdiction are endeavoring, through their officers and employees, to eliminate accidents to a greater degree than was shown in the June No. Accident Drive, when a reduction of over 78 per cent was effected.

Every individual employe has been reached by some member of the safety department, or representative from the safety committee which has some employe from its particular class of service as its representative in safety matters.

With the advent of the Zone Oil Company into the Pecos oil fields, and the possible activity of a company headed by Mr. Snell, the field of actual operations will be extended westward about five miles, and the contemplated tests by the El Paso-Sargood Oil Company will extend the field about twenty-five miles in a southerly direction from Pecos.

A brief summary of present activities are as follows:

The Laura well, according to Manager while the other is being used. The depth Biggs, is going good since coupling two boilers, which permits the cleaning of one of the well is withheld, but the formation is lime rock, which, according to Biggs, is favorable in every way.

Victory Well No. 1 is down about 500 feet, with plenty of oil and gas showings, but no water.

Victory Well No. 2, with but little delay, has been drilling since September 26. This site is near Quito, but no particulars as to depth were given.

Storms, rains and the river overflow has driven the crew from the King well, which is 500 feet deep, with an artesian flow of salt water on which float globules of oil. Work on this well will be resumed shortly.

The Zone Oil Company are getting ready to erect a derrick on section 22, block 4, and have arranged for derrick timbers with the Sunshine people. C. T. Savage, at the head of the company, arrived here today to make preparations necessary to start drilling.

The standard rig over the Bell well at Dixieland is about completed. Drilling heretofore was done with a star rig.

Heavy cable and drill bits were hauled to the Leeman well this week and installed. The hole is 300 feet deep.

A new feature in the Pecos field is the government's interest over the possible production of helium gas. Samples have been analyzed and favorable reports received, according to B. T. Biggs, who stated that he was expecting a government agent any day, who will look the field over and report to the government the feasibility of the field producing helium gas in commercial quantities.

To sum up, the present activities in the Pecos field are encouraging and the time is short until it will enter the ranks of proven fields.

### METHODISTS GLAD PASTOR RETURNED

In returning Rev. Fred B. Faust to the pastorate of the M. E. church, South, for another year, the conference voiced the desires of a great majority of his congregation—if not all of them. Brother Faust is not only a good thinker but a good mixer and hard worker. His sermons are always fine and some exceptionally so, and while he is in a way "one of the boys"—always taking interest in every clean amusement, he is equally active in every other movement for the good of the town, not only truly from a Christian standpoint, but morally and physically as well.

The editor suspects he will have a hard time explaining just why he is not in his place in the church every Sabbath during the year and will be roasted by the pastor for his neglect of duty, he may go so far as to have a verbal scrap with the preacher—in case he does he will be sure to get the worst of it—but nevertheless he is glad to have the opportunity to hear this man of God expound the gospel truths for another year.

### REGULATIONS OF WAR RISK INSURANCE

The bureau of war risk insurance wishes to emphasize the importance to service men of one of the provisions of the war risk insurance act upon the fulfillment of which may depend the validity of their claim to compensation under the act.

The war risk insurance act provides that "No compensation shall be payable for death or disability which does not occur prior to or within one year after discharge or resignation from the service, except that where after a medical examination made pursuant to regulations, at the time of discharge or resignation from the service, or within such reasonable time thereafter, not exceeding one year, as may be allowed by regulations, a certificate has been obtained from the director to the effect that the injured person at the time of his discharge or resignation was suffering from injury likely to result in death or disability."

Many discharged men are not familiar with or are inclined to disregard this provision of law and are allowing their rights thereunder to lapse.

Request for the certificate mentioned above should be made to the Chief Medical Adviser, Bureau of War Risk Insurance, Washington, D. C.

At a recent meeting of the board of directors of the Chamber of Commerce the club rooms, which have heretofore been furnished free to the club, was rented from the owners at \$20 per month. In turn, the Pecos Oil and Real Estate Company have rented from the board of directors desk room in the building. The board and secretary donated \$43.25 to finish paying the expenses of the barbecue.

## AROUND THE WORLD WITH THE AMERICAN RED CROSS.

The American Red Cross conducts its recreational work in hospitals through trained men and women, introducing a multitude of recreations suited to the handicaps of the men. The accompanying view of a hospital ward shows in operation a moving picture projecting machine, developed by a Red Cross recreational director, which throws the pictures on the wall so that the men do not have to stir from their cots.

### AMERICAN LEGION TO MEET ARMISTICE DAY

The local post of the American Legion, composed of discharged soldiers and sailors from the Great War, is contemplating the establishment of a regular meeting place, to be used as a gathering place for members—in the nature of a club room—and hope to have such a place fitted up in time for a get-together meeting on the evening of November 11—Armistice Day.

As this organization is young, and has no funds, any help from the citizens to fit out this room will be welcomed by the boys—a few chairs, tables, some reading matter. There will be no trouble in decorating the walls of this room with war trophies, furnished by the Legion members themselves.

### COUNTY COURT CONVENES; LIGHT DOCKET

County court convened this week with Judge Jas. F. Ross presiding, and while the docket is comparatively light, it is expected that the session will hold throughout the coming week.

The following cases have been disposed of as the Enterprise goes to press:

Cherokee Land and Irrigation Company vs. J. A. Hardy & Son was met with a counter action by the defendants. The final result was judgment for both parties, the company for one auto, Hardy & Son in the sum of \$50.

This morning the session will be opened as a court of probate, several cases to come under this head.

### MESSAGE FROM "BLACK JACK" PERSHING

How many Pecosites were thoughtful enough to congratulate General Pershing on the splendid victory of his gallant troops in France? The Enterprise has found but one—Major, T. H. Bomar. For his thoughtfulnes the Major is the possessor of a letter, thanking him for his courtesy and wishing him continued good health and happiness. And the thing that makes the Major proud is the General's own signature at the bottom—genuine pen and ink—not a rubber stamp affair used by many of the mighty.

### HIGH SCHOOL WIN FROM FT. STOCKTON

'Twas a highly elated bunch of high school students that returned from Fort Stockton Saturday night, whither they went to meet the high school squad of that flourishing town. Though sore and bruised, they were genuinely happy and the burden of their gladness song was like unto that of the warrior of old: "Veni, vidi, vici." You have probably guessed by this time that they won from the Pecos county eleven. They did; score 13-3. But that's not the why of their joy. It was their first victory since they organized a team—that's the answer. A return game will be played here, probably next week, and while Pecos has the kindest of feelings toward Stockton folk, it is hoped our boys duplicate—it does them so much good.

Colds Cause Grip and Influenza  
LAXATIVE BROAD QUIDING Tablets remove the cause. These are only one "Towel Cabinet." E. W. GROVES signature on box. 25c.

### STATION TO TEST POISONOUS WEED

W. W. Camp recently took up the matter of the extermination of the goldenrod, which he believes has poisoned and killed so many stock in this country, with Congressman Hudspeth.

To prove that Mr. Hudspeth is active on his job and working for the interests of his clients, this week the Hon. C. Dwight Marsh, Ph. D., of the Bureau of Animal Industry, U. S. Department of Agriculture, was here, and in company with Mr. Camp visited patches of this weed near town.

The above gentleman assured Mr. Camp that within the next few days a station would be installed in Pecos and cattle enclosed and fed this weed and a thorough test made. The Santa Fe stock pens will probably be secured for this purpose.

### CONFIDENCE IN OIL AT PECOS FIELD

J. O. McFadin, president of the Texas-American Oil and Refining Company, has returned from Pecos, where he has been for the past few days completing arrangements for spudding in the well this company is drilling near Monahans, in Ward county.

Mr. McFadin came back more enthused than ever over the prospects of getting oil in the Pecos valley. "All the big companies are gathering up as much acreage as possible, and are just as confident as the small operators, that within a few months this will become one of the most important producing fields in the state," he said.

Some twenty-five companies are now drilling in this district and he believes the first well should be in shortly. The derrick of the Texas-American Oil and Refining Company is located on a perfect dome very similar to the country surrounding the "Texas Chief" well in Burkhardt, he asserts. The derrick is shown in the picture above.—El Paso Herald.

### RAIN COMMONEST OF THINGS HEREABOUTS

It's plain that, acting on the advice of the Enterprise, that none of our people have the temerity to cry "Enough," as far as rain is concerned. The pastime now, instead of trying to figure out when it was the last rain visited us, is to recall just what day of the week it didn't rain. It's evident that old J. Pluvius, notwithstanding his long siege of inactivity during the drouth, lost not a whit of his art, and though the natives slop backward and forward 'twixt home and office, all are happy. As for the stockmen, you'll have to see their faces to understand how they feel. Weeds and grass mat the ranges until the whole looks like a Kansas wheat field. Winter grazing is assured, and that means fat cattle and prosperity.

### MOTHER OF HOMER L. MAGEE PASSES AWAY

A message from H. L. Magee to home folk Monday night contained the sad news of his mother's death at the old home in Albany, Mo., where he has been for the past three weeks.

Mrs. Magee was well known to many Pecos people, the family residing here for more than a year, and since moving to Missouri had visited in Pecos. Burial was had from the old home Wednesday afternoon. The Enterprise joins in extending deepest sympathy to the loved ones surviving.

## PLAN EVOLVED THAT ASSURES EXTENSION OF WATER WORKS

### EXAMS FOR TEACHERS TO BE HELD OVER STATE

Special exams for teachers to be held all over the State November 3 and 4, at instance of Miss Annie Webb Blanton, superintendent of public instruction. Extreme shortage of teachers. Requests that any who can teach at all endeavor to qualify.

### NOTICE TO MEMBERS CHAMBER COMMERCE

Tuesday night, October 21, 1919, is regular meeting night for the club. Much business of importance to come before the meeting and it is very important that you be present.

### PERSONAL MENTION

Mr. and Mrs. C. B. Jordan are in Dallas taking in the fair.

B. A. Oden this week received a message from his son, Floyd, stating that he had arrived safely in New York and would be home as soon as he could confer with Herbert Hoover, with whom he has been connected since the armistice was signed. Floyd has seen some of the world, having traveled all over the war-torn country with Mr. Hoover. On his return to America he traveled from Paris to Marseille, from there to Naples, Naples to Algeria, thence through straits of Gibraltar to New York. He left New York for Dallas Monday night.

Porter Fancher, one of the prominent Reeves county stockmen, living at Toyah, was a business visitor in Pecos Monday, leaving the cash for job printing and subscription to the Enterprise.

R. M. Beere of the Toyah Drilling Company of Toyah, was a business visitor in the city Tuesday and made the Enterprise a pleasant visit, leaving an order and the cash for a nice lot of stationery. Mr. Beere is a hustler and goes out after the business. Read his ad in this issue of the Enterprise.

Mr. and Mrs. C. R. Troxel were over from Toyah Tuesday and called on the Enterprise, spending a pleasant while with the Enterprise family and leaving an order for stationery for the Troxel Oil Company, of which firm he is a prominent member. They are both looking well and were as happy as usual.

Mr. Lanier, contractor for the boring of the Troxel oil well, was a business visitor in Pecos Tuesday.

E. B. Daniel, cashier of the Citizens State Bank of Toyah, was looking after business matters in Pecos Tuesday.

Postmaster Henry H. Luckett of Toyah, was a business visitor in Pecos Tuesday. Mr. Luckett says the oil well near the public school, which was located by Barton Smith, has been abandoned for the reason that they could not shut off the water encountered. He says another well, also located by Barton Smith, will be started soon on the Jack Davis place just west of Toyah. Mr. Luckett is looking well.

A. J. Adcock was up from Grandfalls Monday and Tuesday looking after business matters and while here visited the Enterprise and added to his stock of stationery.

Nathan Slover came up from Ranger and spent Sunday with homefolk. Nathan, although hard at work all the time, is looking well.

Mr. and Mrs. Jno. B. Howard and Mrs. Jim Cox left Wednesday for a day or two in El Paso.

Mr. W. W. Hubbard spent the forepart of the week in Dallas, attending to business and incidentally visiting the fair.

Mrs. F. W. Piehler is the guest this week of Mrs. Clyde Garrison.

Mrs. Tom Harrison is in Clovis, N. M., this week, visiting her sons, Ray and Tommie.

Sid Lasley was occupying his accustomed place in the Pecos Mercantile Company Wednesday after a few days spent at the Dallas fair. He reports a splendid time, although he says it was raining all the time he was away.

Willie Kingston came in from the ranch in the Davis Mountains Monday to look after business matters.

Attorney W. A. Hudson returned Wednesday morning from a business trip to the lower plains country.

Mrs. H. H. Johnson and son have returned from a visit to relatives at Corsicana.

Rev. W. A. Knight left the early part of the week for Dallas, where he took his little daughter Bertie Mae for treatment by specialists.

Mr. and Mrs. Thos. J. Ashe and family moved in from the ranch this week and are now occupying the W. F. Howard rent house. They are in Pecos for the benefit of the public schools.

Mr. and Mrs. Hardin Ross were in from their New Mexico ranch for a couple of days this week. They have many fat cattle, plenty of fine grass and are therefore happy.

W. W. Massey and C. D. Barlow of Balmorhea spent a short time in Pecos Tuesday. They report shorts pretty bad in some places.

At a regular meeting of the City Council held several days ago the question of extending the present waterworks system to cover every nook of the city and supply water adequate for every need was reopened, and, to all appearances, settled in a way that assures a triumphal success.

The council was unanimous in its vote to issue warrants in the amount of \$70,000, these to be sold at once, and, with the money thus obtained, extend the system. These warrants are payable in twenty years—payment to start in five years from date of acceptance, by which time a fund will have been provided to care for every phase of the transaction.

An offer to buy these warrants was received by the mayor from the Burton Company of Houston, agreeing to pay \$65,100. Another bid was received from the J. L. Arlitt Company of Austin, offering \$65,250 for the warrants. The latter bid was accepted and a representative of the firm will arrive in a few days and a deal that means as much or more than any one thing to Pecos will be closed. Comment on the proposition by the Enterprise is needless; the benefits of an adequate water supply are self-evident.

To the untiring efforts of Mayor Palmer is due much of the credit in putting the proposition over in such a satisfactory manner. In an interview he stated that it was the city's one outstanding need for its beautiful growth and to individual comfort, and he wouldn't let up until it was proven an impossible task.

with that part of the country. Mr. Wylie will join his family as soon as he can finish up his business here.

Jack L. Woods is a wide-awake dealer and a firm believer in advertising his wares. This accounts for his splendid business and success in selling oil leases, oil stock and real estate. Advertising coupled with a hustler will get the business and is the one to handle your stuff.

Attorney Frank Rives of Hopkinsville, Ky., is in Pecos this week. He is interested in oil lands.

E. J. Meyer, now editor and manager of the Alpine Avalanche, spent Sunday and Monday with homefolk. He is looking well and says he is well pleased with his new work, and that business is picking up.

Mrs. E. A. Farnum, who has been visiting relatives in East Texas for the past few months, returned home this week.

All Pictorial Review clubbing prices advance Nov. 10, 1919. Order now from Mrs. H. H. Johnson, phone 113. 9c

### SATURDAY SPECIAL IN LADIES' HATS

One dollar off on any lady's hat. Saturday only. New shipment just in. Come early for choice selection. On Balcony, at Pecos Bargain House.

9-11 LEWIS & GARRISON.

### AN ERROR CORRECTED

I have just received word from the Occidental Oil Company that I made a mistake in regard to their five wells drilling, as they have no well started yet, but contracts are let for wells in 90 days from time contract was let, and have production on all sides of them. I make this statement because this company will not stand for a statement that is not correct, and I merely misunderstood them.

Yours respectfully,  
JACK L. WOODS.

### CARD OF THANKS

We wish to sincerely thank the people of Pecos who have been so very kind to us during the illness and death of our husband and father during our stay in their city.

We thank them for using their cars for our accommodation, and for taking us into their homes, and for befriending us in many, many ways.

Very sincerely,  
MRS. GEO. E. BRIGGS,  
GEORGE E. BRIGGS,  
ZADA MAE BRIGGS,  
ETHEL ALLNUTT.

### NEW REAL ESTATE FIRM ORGANIZED

The Pecos Oil and Real Estate Company is a new firm recently launched out in Pecos and is composed of O. J. Green, O. T. Norwood, B. A. Toliver, Oram Green.

### WRESTLING NATIONAL SPORT OF JAPAN

Kwangju, Chosen, Korea, Sept. 11, 1919. Pecos Enterprise, Pecos, Texas.

Dear Sirs—Enclosed please find description of the national sport of Japan. Recently while crossing Japan I saw the advertisements for the coming events and thought it might be interesting to the friends at home to read about this sport, and so write the enclosed description, which you are free to use as you see fit.

With all good wishes, I remain, now and always, Faithfully yours,

M. L. SWINEHART.

The fat wrestlers of Japan, whose heavy paunches and large, puffy limbs, however

much they may be admired by their own country people, form a striking contrast to our Western idea of athletes and athletic training, have attracted considerable attention from travelers, and there are perhaps others who may care to learn something about them.

The first historical record of wrestling occurs in the sixth year of Emperor Suinin, in 24 B. C., when the Emperor took a certain large and powerful man at his word and matched others against him, that his strength might be put to the test.

In the year A. D. 850 the throne of Japan was wrestled for. The Emperor had two sons, both of whom aspired to the throne. Their claims were decided in a wrestling match in which each was represented by his favorite wrestler.

Contests were held and gradually the country was divided into two sections, consisting of the eastern and western provinces, which gave added interest to the events.

Forty-eight various falls were fixed upon as fair, viz: twelve throws, twelve lifts, twelve twists, and twelve throws on the back. All other throws not included in these were foul, and it was the duty of the umpire to see that no unlawful tricks were resorted to.

Each year, by competition, the winner for the province is selected to be judge of wrestling matches, and is presented as the badge of his office, with a fan, upon which are inscribed the words, the "Prince of Lions."

At the beginning of the seventeenth century (A. D. 1606) wrestling matches, as forming a regular part of a religious ceremony, of which they had become a part, were discontinued. They are still held at some of the principal shrines of Japan, however.

In the year 1623 a promoter by the name of Shiganosuke obtained warrant from the government to hold public wrestling matches in the streets of Yedo, then capital of Japan. It was not until 1644 that the first wrestling match was held for the purpose of raising a collection. The success of this venture proved so conclusive that the custom of holding such contests for the purpose of raising funds holds good to this day.

The following graphic description of a Japanese wrestling match is translated from the "Yedo Hanjoki":

"From daybreak till eight in the morning a drum is beaten to announce that there will be wrestling. The spectators rise early for the sight. The adversaries having been settled, the wrestlers enter the ring from the east and from the west. Tall, stalwart men are they, with sinews and bones of iron. Like the Gods Nio (the Japanese Gog and Magog), they stand with their arms akimbo, and facing one another, they crouch in their strength. The umpire watches until the two men draw their breath at the same time, and with his fan gives the signal. They jump up and close with one another like tigers springing on their prey, or dragons playing with a ball. Each is bent on throwing the other by twisting or by lifting him. It is no

### STARTLING ROAD FACTS

Texas State taxes are less than \$20,000,000 a year.

Texas pays \$30,000,000 a year more for new automobiles because of bad roads than would be paid if all roads were good roads.

Texas pays \$20,000,000 more for gasoline than the same mileage would require if all roads were good roads.

Texas pays between \$20,000,000 and \$25,000,000 more for repairs on cars due to bad roads than would be paid if all bad roads were good roads.

Texas pays \$40,000,000 more a year for tires because of bad roads than would be paid if all roads were good roads.

Texas pays \$5,000,000 more for wagons and buggies because of bad roads than would be paid if all roads were good roads.

Texas pays more than \$100,000,000 a year as a tax on bad roads.

Texas pays five times as much tax for bad roads as is collected by the Time, isn't it, to pay taxes for good roads and stop the taxes for bad roads.

Good roads are cheaper than bad roads.

Vote for the Constitutional Road Amendment.

### Notice the Nobs

They're scientifically placed to prevent skids and those dangerous side slips.

Their firm, sure grip means safety. And yet, they don't "fight the road."

Just the tires for our kind of roads.

There are four other United States Tires—every one of them a good tire.

No matter what your individual needs may be, we can fill them.

### United States Tires are Good Tires

### Reasons!

Why you should use Cardui, the woman's tonic, has been shown in thousands of letters from actual users of this medicine, who speak from personal experience. If the results obtained by other women for so many years have been so uniformly good, why not give Cardui a trial?

Take

### CARDUI

The Woman's Tonic

Mrs. Mary J. Irvin, of Cullea, Va., writes: "About 11 years ago, I suffered untold misery with female trouble, bearing-down pains, headache, numbness . . . I would go for three weeks almost bent double . . . My husband went to Dr.

for Cardui . . . After taking about two bottles I began going around and when I took three bottles I could do all my work." E-30

mere trial of brute strength; it is a test of skill against skill. Each of the forty-eight throws is tried in turn. From left to right, and from right to left, the umpire hovers about, watching for the victory to declare itself. Some of the spectators back the east, others back the west. The patrons of the ring are so excited that they feel the strength, tingling within them; they clench their fists and watch their men, without so much as blinking their eyes. At last one man, east or west, gains the advantage, and the umpire lifts his fan in token of victory. The plaudits of the bystanders shake the neighborhood, and they throw their clothes or valuables into the ring, to be redeemed afterwards in money; nay, in his excitement, a man will even tear off his neighbor's jacket and throw it in."

Before beginning their tussle, the wrestlers work up their strength by stamping their feet and slapping their huge thighs. This custom is derived from a tale brought down from the heroic or mythological age. This legend states that the first Empress of Japan, who was known as the Sun Goddess, was so annoyed by a younger brother, who insisted on doing things that defiled her dwelling, that she ran away from the Palace and hid herself in the cave called the Rock Gate of Heaven, and as her face was no longer seen, there was no difference between night and day. Then those who served her went out to seek her, but she had placed a large stone in front of the cave and would not come out. The heroes who had gone to seek and rescue her, found it impossible to move the rock away, and then tried dancing and all sorts of antics to lure her out, but she would not come. It was then that the hero, Tajik-arao, clasping his hands and stamping his feet, with a great effort grasped and threw down the stone door, and the heroes fetched back the Sun Goddess. Wrestlers, to this day, on entering the ring, still commemorate his deed by clapping their hands and stamping their feet as a preparation for putting forth their strength.

These wrestlers are attached to certain ranks during the rest of the season, who assign them yearly portions of rice. They take part in wedding and funeral ceremonies and escort princes on journeys.

The Japanese wrestlers appear to have no regular or fixed system of training; they harden their naturally powerful limbs by much beating and by butting at fixed posts with their shoulders.

### WASTED LIVES

Tuberculosis kills producers—chiefly men and women between the ages of 15 and 45. It claims workers—active men and women in the homes, the office and the shop. It causes 150,000 deaths in the United States every year.

It costs the United States in economic waste alone about \$500,000,000 annually. More than 1,000,000 persons in this country are suffering from active tuberculosis right now.

It menaces every community, every home and every individual.

And yet tuberculosis is curable and preventable.

It is spread largely by ignorance, carelessness and neglect.

The National Tuberculosis Association and its 1,000 affiliated state and local organizations wage a continuous, winning war on tuberculosis.

The work of these organizations is financed chiefly by the sale of Red Cross Christmas Seals.

Drive the menace of tuberculosis from your door.

Buy and use Red Cross Christmas Seals.

### NOTICE

I am hereby ordered by the Mayor and City Health Officer to inspect all business houses and residences and see that all back houses and yards are clean. Nobody will be notified but once and if they are not cleaned the law will be enforced.

M. L. RODDY,  
City Marshal.

**No Worms in a Healthy Child**

All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 50¢ per bottle.

LICENSED BROKER

## FOSSIL PLANTS FROM TRANS-PECOS REGION

The work of classifying the ancient plants whose impressions are found in the rocks studied by geologists no doubt lies far away from the active, stressful work of the everyday world, which today more than ever is directed mainly to the immediate human ends of obtaining food and clothing, of maintaining individual and general health, and of providing amusement or pleasure; yet the search and the study of the student of fossil plants is not one that is undertaken merely to gratify curiosity—it is part of the great work of understanding the history and the larger meanings of the things that once inhabited the world and of those that inhabit it today. No philosophy of life that ignores the past and that has no vision for the future can express the wisdom and the safety demanded by the modern world. In his study of the stratified rocks of the crust of the earth

the geologist has found that every age has its characteristic forms or groups of forms of living beings—animals or plants—which reveal the time when the sand or mud in which they were entombed was deposited. The paleobotanist, however, not only tells the geologist the age of the rocks in which he finds impressions of plants but is tracing out the genealogy of the plants that now exist on the earth, and is making large contributions to our knowledge of past geography and of the changes that have brought about present geography.

Studies of some fossil plants found in the rocks of the trans-Pecos region of Texas have been made by E. W. Berry, who has described and figured the plants in Professional Paper 125-A of the United States Geological Survey, Department of the Interior, has determined the geologic period during which they lived, and has drawn from them certain conclusions as to climate and the character of the country in that period.

The paper, which is purely technical, can be obtained by application to the Director of the U. S. Geological Survey, at Washington, D. C.

## SAYS ARDMORE HAS NOTHING OF WHICH TO BE ASHAMED

The News is harsh in its disapproval of Ardmore's methods of self-defense; it calls the action of 6,000 good men and true who dared to fight fire with "eggs," "hooliganism" and "despotism."

The News says, "It is because it is the manifestation of a mental malady of universal sweep that the disgraceful accident will not, in the estimation of the discriminating, be regarded as a stigma on the people of Ardmore, but rather as an infliction the causes of which exist in every community just now."

The News is high up and can see a long way and it must know that as long as Americans are Americans this sort of "manifestation" is likely to recur. We will not permit men to come into our communities and preach propaganda that we believe false and injurious.

Ardmore is not "disgraced," nor is she under any "stigma;" she need not blush that she knows her rights and, knowing, dares maintain them. She told Mr. Reed he was unwelcome; she warned him to remain away because he is "undemocratic, unpatriotic and un-American," and if every community in the United States would be as loyal to right principles and put a quietus on all unpatriotic propaganda the Nation would adjust itself to better conditions.

There is but one thing to do with rattlesnakes and Ardmore rolled up her sleeves and went to it.

Personally, I have been so schooled in the conventions and flaccid gentility that I may be too ladylike, too cowardly to throw eggs if Mr. Reed were to undertake to speak in Dallas to the injury of President Wilson's character, influence and policies; I may slyly hold his cloak "consenting" while he stonies the greatest leader in all history, while he wounds and bruises the soul of a man who is carrying the peace of the world on his wearied shoulders and whose gentle heart is filled only with good will toward his fellow men.

I may permit the Reeds and such ilk to "get by" because I am too cowardly to take a stand and hold it, but my sense of right and justice are still sufficiently alive to glory in Ardmore's refusal to have her public opinion debauched by such propagandists and her loyalty deflected by vipers which sting the bosoms which warm them.

Ardmore has nothing of which to be ashamed and it is to be hoped that when the State Attorney General essays to "investigate" he finds an inexhaustible store of eggs of the proper age and odor for the benefit of all the Reeds who shall come hereafter.

Down with all that is "undemocratic, unpatriotic and un-American!" Long live the Ardmore spirit!—Louella Styles Vincent, in Dallas News.

Zone Oil Co. will drill a well on section 22, block 4, eight miles northwest of Pecos. I have cut up this section in 5-acre blocks and selling it with a small payment down and balance when the well is spudded in. One 15,000-acre tract for sale. I. E. SMITH. 9tf

### Habitual Constipation Cured in 14 to 21 Days

"LAX-FOS WITH PEPSIN" is a specially-prepared Syrup Tonic-Laxative for Habitual Constipation. It relieves promptly but should be taken regularly for 14 to 21 days to induce regular action. It Stimulates and Regulates. Very Pleasant to Take. 60c per bottle.

## REAL ESTATE AND OIL AND GAS TRANSFERS

— and from there we went to Japan”

Talk about adventures!  
Men in the Navy come home with the kind of experiences that most chaps read of only in the books.  
Here's your chance!  
Uncle Sam has, as you know, a big Navy and gives red-blooded young fellows like you an opportunity to step aboard and "show off".  
What will you get out of it? Just this:  
A chance to rub elbows with foreign folks in strange parts of the world.  
The chance for good honest work on shipboard—the kind of work that teaches you something real; the kind of work that puts

beef on your shoulders and hair on your chest.  
You will get 30 care-free vacation days a year, not counting shore leave in home or foreign ports.  
You will have the kind of comradeship in travel that sailors know.  
You will have regular pay; over and above your meals, lodging and your first uniform outfit—good stuff all of it.  
You can join for two years. When you get through you'll be physically and mentally "tuned up" for the rest of your life. You'll be ready through and through for SUCCESS.  
There's a Recruiting Station right near you. If you don't know where it is, your Postmaster will be glad to tell you.

To any Father and Mother—  
In the Navy your boy's food, health, work and play, and moral welfare are looked after by responsible experts.

# Show off! - Join the U. S. Navy

**SHERIFF'S SALE.**  
The State of Texas, County of Reeves.  
By virtue of a certain alias execution issued out of the Honorable District Court of Reeves County, on the 13th day of August, 1919, by the clerk of said court against Henry H. Luckett, for the sum of Nineteen Hundred Forty-three and 33/100 (\$1,943.33) Dollars and costs of suit, in case No. 350, in said court, styled W. F. Youngblood versus Henry H. Luckett, and placed in my hands for service, I, John Baker, as Constable of Precinct No. 1 of Reeves County, Texas, did, on the 19th day of September, 1919, levy on certain real estate, situated in Reeves county, described as follows, to-wit: The east one-half (1/2) of section eighteen (18), in block fifty-nine (59), public school land, containing about 320 acres, and levied upon as the property of said H. H. Luckett. And on Tuesday, the 4th day of November, 1919, at the Court House door of Reeves County, in the city of Pecos, Texas, between the hours of 10 a. m. and 4 p. m. I will sell said property at public vendue, for cash, to the highest bidder, as the property of said H. H. Luckett, by virtue of said levy and said alias execution.  
And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Enterprise and Pecos Times, a newspaper published in Reeves county.  
Witness my hand this 4th day of October, 1919.  
JOHN BAKER,  
Constable Precinct No. 1, Reeves County, Texas

third Monday in November, A. D. 1919, the same being the 17th day of November, A. D. 1919, then and there to answer a petition filed in said court on the 4th day of August, A. D. 1919, in a suit, numbered on the docket of said court No. 1657, wherein Mrs. L. E. Dyer is plaintiff and Sam Sipeplch is defendant, and said petition alleging, in substance, the following: That on the 27th day of March, 1918, defendant made, executed and delivered to plaintiff three vendor's lien notes for the sum of \$233.53 each, payable to plaintiff, and bearing interest at the rate of 7 per cent per annum from date, and providing for the usual 10 per cent attorney's fees. Said vendor's lien notes being given to secure a part of the purchase money of section No. 11, in block No. C-1, public school land, in Reeves County, Texas, containing 640 acres. Which said land was conveyed by plaintiff to defendant on the above stated date. Plaintiff sues for the amount due upon said notes, including principal, interest and attorney's fees, and for a foreclosure of the vendor's lien upon the above described land.  
Herein fail not, but have before said court, at its aforesaid regular term, this writ, with your return thereon, showing how you have executed the same.  
Given under my hand and the seal of said court, A. D. 1919. S. C. VAUGHAN,  
Clerk District Court, Reeves County.

## WHY THE CHECK DIDN'T COME

The following will give you an idea of how some merchants are up in the air. The communication seems to offer a reasonable excuse:

DEAR SIR—For the following reasons I am unable to send you the check you have asked for:  
"I have been held up, held down, sand-bagged, walked on, flattened out, and squeezed; first, by the Government for Federal war tax, the excess profits tax, Liberty Loan Bonds, Thrift Stamps, capital stock tax, merchant's license, merchant's bond, and auto tax, and by every society and organization that the mind of man can invent, to extract what I may or may not possess; from the society of St. John the Baptist, the G. A. R., the Woman's Relief, the Navy League, the Red Cross, the Double Cross, the Children's Home, the Dorcas Society, the Y. M. C. A., the Y. W. C. A., the Boy Scouts, the Jewish Relief, and every hospital and church in town.  
"The Government has so governed my business that I don't know who owns it. I am inspected, suspected, examined and re-examined, informed, misinformed, required, and commanded, so I don't know who I am, where I am, or why I am. All I know is, that I am supposed to be an inexhaustible supply of money for every known need, desire, or hope of the human race; and because I will not sell all I have, and go out and beg, borrow, or steal money to give away, I have been cussed, discussed, boycotted, talked to, talked about, lied to, lied about, held up, robbed and nearly ruined; the only reason I am clinging to life is the insane desire to see what in hell is coming next."  
"AUGUST HEAT."

# We Can Now Cut Your Tire Bills

# 1/2

## And Give Puncture-Proof Service

We have joined the ranks of over 1,200 progressive dealers who are offering puncture-proof tire service and a 50% economy in tire expense to every motorist—and we are proud to announce it.

Less than three years ago Charles C. Gates, E. M., invented the tire which gives this service and economy and is now revolutionizing the whole tire business.

It is oversize—and sold under a stronger guarantee than the tires you have been using.

It is guaranteed puncture-proof.

It costs only 1/2 as much, compared with a corresponding size tire.

Over 500,000 motorists are now using

these tires and indorse them. No stronger testimonial could be offered.

These motorists are saving one-half on the original cost of their tires, and are getting 10,000 to 15,000 miles of service; puncture-proof service—guaranteed!

You, too, are entitled to this service and saving, and we are prepared to give it to you.

This tire embodies a scientific principle which is so simple that when you see it you will say just as hundreds of other motorists have, "Why didn't someone think of this before?"

Let us show you these tires—Gates Half-Sole Tires, that are oversize and puncture-proof, and yet cost you only one-half as much.

**You Do More Work,**  
You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, laziness, nervousness and sickness.  
**GROVE'S TASTELESS CHILL TONIC** restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.  
**GROVE'S TASTELESS CHILL TONIC** is not a patent medicine, it is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs Quinine to Purify it and IRON to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood.  
The Strength-Creating Power of GROVE'S TASTELESS CHILL TONIC has made it the favorite tonic in thousands of homes. More than thirty-five years ago, folks would ride a long distance to get GROVE'S TASTELESS CHILL TONIC when a member of their family had Malaria or needed a body-building, strength-giving tonic. The formula is just the same today, and you can get it from any drug store. 50c per bottle.

**CITATIONS**  
THE STATE OF TEXAS.  
To the Sheriff or any Constable of Reeves County—  
Greeting:  
You are hereby commanded to summon the unknown heirs of C. W. Smith, deceased, W. H. Browning Jr., as administrator of the estate of C. W. Smith, deceased, W. J. Jones, the unknown heirs of D. L. McDaniel, deceased, Mrs. Elizabeth Miller, a widow, and C. M. Watson, by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the District Court of Reeves County, to be holden at the court house thereof, in Pecos, Texas, on the third Monday in November, 1919, then and there to answer a petition filed in said court on the 13th day of September, A. D. 1919, in a suit, numbered on the docket of said court No. 1862, wherein William Morgan et al are plaintiffs, and unknown heirs of C. W. Smith, deceased, et al are defendants, and said petition alleging:  
"Your petitioners, William Morgan and H. N. Israel, who reside in Blackhawk County, in the State of Iowa, hereinafter called plaintiffs, complaining of the unknown heirs of C. W. Smith, deceased, W. H. Browning Jr., as administrator of the estate of the said C. W. Smith, deceased, who formerly resided in Reeves County, Texas, but is now a non-resident of Texas, W. J. Jones, whose residence is unknown to the plaintiffs, the unknown heirs of D. L. McDaniel, deceased, Mrs. Elizabeth Miller, a widow, whose residence is unknown to the plaintiffs, and C. M. Watson, whose residence is unknown to the plaintiffs, hereinafter called defendants, represent to the court as follows:  
1. That the said C. W. Smith departed this life on or about the 25th day of August, 1913, at which time he was a resident of said Reeves county; that thereafter the said W. H. Browning Jr. was duly appointed administrator of the estate of the said C. W. Smith, deceased, duly qualified as such administrator on or about the 15th day of November, 1913, and is

now the duly qualified and acting administrator of said estate; that the heirs of the said C. W. Smith, deceased, are unknown to the plaintiffs.  
2. That the plaintiffs were on the 1st day of August, 1919, and are now lawfully seized and possessed of the following described lands, holding and claiming the same in fee simple, to-wit: All of sections Nos. twenty (20) and twenty-six (26), block 54, township 4, T. & P. Ry. Co. survey in said Reeves county, each of said sections containing 640 acres, more or less.  
3. That the title of the plaintiffs to said lands consists of a regular chain of title from the State of Texas, an award duly made, through their grantor, J. W. McDaniel, to whom the State issued its muniment of title, viz: its certificate of occupancy; that the claim of the defendants the unknown heirs of the said C. W. Smith, deceased, consists of a conveyance to the said C. W. Smith, during his lifetime, of an undivided one-half interest in said two award was during his said lifetime duly cancelled and forfeited by the State of Texas acting through its land commissioner; that during the lifetime of the said D. L. McDaniel, since deceased, the said D. L. McDaniel obtained judgment against the said C. W. Smith, which judgment was filed for and appears of record in the Abstract of Judgment Records of said Reeves county.  
4. That said D. L. McDaniel is dead, leaving heirs unknown to plaintiffs.  
5. That on said 1st day of August, 1919, the defendants severally adversely asserted title or claim to said premises and are continuing so to adversely assert title or claim to said premises, and are thereby causing a cloud on the title of plaintiffs to said lands to plaintiffs' great injury.  
Wherefore, plaintiffs pray that defendants be cited to appear and answer this petition, and that on final hearing hereof plaintiffs have judgment for title and possession of said premises that their title be quieted and that the clouds cast on their title by the several claims of the defendants and each of them be removed, for costs of suit and for each other and further relief, special and general, in law and in equity, to which in the premises they may be entitled.  
W. W. HUBBARD,  
Attorney for Plaintiffs.

Herein fail not, but have before said court, at its aforesaid regular term, this writ with your return thereon, showing how you have executed the same.  
Given under my hand and the seal of said court at office in Pecos, Texas, this 30th day of September, A. D. 1919.

**THE STATE OF TEXAS.**  
To the Sheriff or any Constable of Reeves County—  
Greeting:  
You are hereby commanded to cause to be published once each week for a period of ten days before the return day hereof, in a newspaper of general circulation, which has been continuously and regularly published for a period of not less than one year in said Reeves county, a copy of the following notice:  
**THE STATE OF TEXAS.**  
To all persons interested in the estate of L. W. S. Montgomery, deceased, Mrs. Eliza Ann Farman has filed in the County Court of Reeves County, an application for Letters of Administration upon the estate of said L. W. S. Montgomery, deceased, which will be heard at the next term of said court, commencing on the second Monday in October, A. D. 1919, the same being the 13th day of October, A. D. 1919, at the court house thereof, in Pecos, Texas, at which time all persons interested in said estate may appear and contest said application, should they desire to do so.  
Herein fail not, but have you before said court on the said first day of the next term thereof this writ, with your return thereon, showing how you have executed the same.  
Given under my hand and the seal of said court, at office in Pecos, Texas, this 27th day of September, A. D. 1919.

## THE FIRST THING

We earnestly desire to call your attention to the series of talks on banks and banking that will appear in this space regularly from now on. They are not musty statistics, learned theories nor complicated problems for "high brows," but just plain, honest, truthful, helpful talks to plain folks, talks that are worth while. They are written out of the ordinary stilted style, for a purpose, yet they are not flippant, foolish or frivolous, for each one carries a message. Watch this space regularly every week.

### AMERICAN COTTON WILL BE HELD FOR THE RIGHT PRICE

Dallas, Texas, Oct. 11.—According to the American Cotton Association, when England, the great cotton manufacturing center, becomes uneasy concerning the outlook for a supply of cotton it is time to take notice. One of the largest representatives on the Liverpool Cotton Exchange cabled asking that they be furnished with definite information concerning the indicated yield of cotton as shown by the American Cotton Association as follows:

"Please give us the benefit of your estimates as to the indicated yield from the growing crop. Also indications as to proportion of good and off grades, also your estimates to proportion of spinable cotton brought over on August 1. Give us also your candid judgment as to possibility of stabilizing production, so that there will be a vast variation in the size of the crop produced. At what price will farmers sell freely? Will all cotton be brought to the New Orleans meeting? Will the American Cotton Association control out at the minimum price named at the acreage to be planted next year? Will an attempt be made to reduce production below the pressing demands of the world for the purpose of forcing exorbitant prices?"

This inquiry shows plainly what way the wind is blowing. It has been pointed out to them plainly that the growing crop is the shortest in the last decade, that there will be a large proportion of off grades on account of the great shortage of labor; that there will be no possibility of stabilizing production. We have advised them that acreage will be reduced so as to furnish sufficient cotton to supply the actual demands of the world at remunerative prices, and under no condition would large crops be produced again for the purpose of furnishing surplus cotton to beat the price down.

Cotton is headed for 50 cents per pound, basis middling. The combined fight of the spinners and profiteers of the world is concentrated in an effort to beat the price down. The American Cotton Association with one million members, with warehouses under the control of the people of the South in every county or parish in the cotton belt will revolutionize the marketing of cotton. The producer will claim the right to sell his product, and will refuse longer to be profiteered upon by those who have long reaped where they have never sown and who have brought to him poverty and misery.

Organize the American Cotton Association; build warehouses; stand firm; be loyal; and success is certain. The world is bare of cotton goods; they need cotton. We need schools for our children; good roads; happiness and contentment; some of the good things of life. A reasonable price for our cotton will bring this.

The world must be clothed and fed. It will require every pound of our cotton, every bushel of our cotton seed to do this, and still the demand will not be filled. Of the 1,800,000,000 people in the world only 7,500,000 are sufficiently clothed; 500,000 partly clothed, and 550,000 are entirely naked. Nine-tenths of the clothing of the world is made from cotton. The world's consumption of cotton today is approximately 23,000,000 bales, and of this, during the last decade the American crop has averaged about 13,000,000 bales. It will require to clothe the entire world around 23,000,000 bales. To clothe those who now demand clothing it will require a larger crop than we have ever produced. The organization of the American Cotton Association means that we can and will control the situation.

The Texas membership campaign will soon be started.

#### Unrest Here and There.

"Labor unrest," said a banker, "was to be expected in Europe, for wages over there have been terribly low. In France, for example, good gardeners used to be content to work for 50 cents—three francs—a day. The European laborer was very much in the position of a boy I once saw hoeing potatoes on a Shawnee farm.

"Boy," I said to him, "what do you get for hoeing those potatoes?"

"Nothin' if I do," said the boy, "but a lot if I don't!"—Washington Star.

#### A MERCILESS JUDGE

One Who Shows No Favor.  
A merciless judge is Father Time. Before him the weak and the wanting go to the wall. Only the truth can stand. For years the following statement from a Pecos resident has withstood this sternest of all tests.

Mrs. R. E. Miller, says: "Several years ago my back was weak and lame and ached constantly. My kidneys acted too often and that annoyed me very much. It didn't take many boxes of Doan's Kidney Pills to cure me."

Mrs. Miller gave the above statement October 27, 1913, and OVER THREE YEARS LATER, on April 7, 1919, she added: "I still recommend Doan's Kidney Pills highly. They are fine. I use a few of Doan's occasionally and they keep my kidneys in good condition."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Miller had. Foster-Milburn Co. Mfgs., Buffalo, N. Y.—Adv. (43)

The "Ever Ready" battery carries an unconditional guarantee of 18 months satisfactory service. Try them once and you will use no other. Pecos Auto Company, exclusive agents, Pecos, Texas. 7t

### TEXAS COTTON CROP IS BADLY DAMAGED

Great losses have occurred in the condition of the cotton crop of Texas since the 25th of August, due mainly to insect ravages in the southeast half of the State, and to the effects of the tropical hurricane of September 14, which swept the entire south district, causing a total loss of about 100,000 bales of unpicked cotton.

A condition of 52 per cent of a normal crop in September 25 forecasts a total production for the State of about 2,950,000 bales, not including linters, of 500 pounds gross weight. Last year the production in Texas was 2,696,561 bales, two years ago 3,125,378 bales, three years ago 3,725,700 bales, four years ago 3,227,480 bales, and five years ago 4,592,112 bales.

This is the final condition report for the year. The next will be the usual estimate on yield, as of December 1, 1919.

Since the beginning of the season, except for the northwest half of the State, where conditions have been uniformly promising throughout, all hills possible have befallen the cotton grower, in that area so diversely affected. First, continuous and excessive rains delayed the planting and caused frequent replantings. Secondly, under the superabundance of moisture, cultivation was delayed, resulting in grassy fields and abandonment of acreage. In the last place, all known insect enemies of cotton have constantly increased in numbers and destructiveness, until only half a crop for the whole State is now in prospect.

There is a lateness, most unusual for the entire State, as evidenced by the comparatively small ginnings to date. Under the great amount of moisture, compared with the usual dry weather, the plant is rank in its growth, with heavy foliage, excluding the sunshine and air. This has augmented the lateness, particularly in the opening of cotton, rendering the picking a month or six weeks behind the usual.

As compared with last month, the excellent conditions in the northwest and west center districts are practically unchanged. In the south district, where the picking season had been delayed fully six weeks because of lateness in planting, practically two-thirds of the crop remaining unpicked before the storm was a complete loss, being blown from stalks, rotting or sprouting upon the ground under conditions of continuous rains thereafter. In other districts, notably in the center, representing usually 31 per cent of the crop, boll worms, boll weevil and leaf worms have wrought great destruction. In the upper part of the State, a group of counties composed especially of Hill, Erath, Johnson, Hood, Ellis, Dallas, Rockwall, Hunt and Collin, have suf-

fered severely from the second attack of boll worms and the development of weevils in great numbers since last report. Where leaf worms have prevailed the stripping of the foliage to admit sunshine, has in a great many instances saved much of the early matured bolls from rotting and thus proved beneficial. But, when the crop was young in growth, they also have been quite destructive in eating the stems and the tender

## PRINCE ALBERT

...makes a whale of a cigarette!

YOU certainly get yours when you lay your smokecards on the table, call for a tidy red tin or a tippy red bag of Prince Albert and roll a makin's cigarette! You'll want to hire a statistical bureau to keep count of your smokestunts! Why, you never dreamed of the sport that lies awaiting your call in a home rolled cigarette when it's P. A. for the packing!

Talk about flavor! Man, man, you haven't got the listen of half your smokecareer until you know what rolling 'em with P. A. can do for your contentment! And, back of P. A.'s flavor, and rare fragrance—proofs of Prince Albert's quality—stands our exclusive patented process that cuts out bite and parch! With P. A. your smoke-song in a makin's cigarette will outlast any phonograph record you ever heard! Prince Albert is a cinch to roll. It's crimp cut and stays put like a regular pal!

Prince Albert upsets any notion you ever had as to how delightful a jimmy pipe can be! It is the tobacco that has made three men smoke pipes where one was smoked before. It has won men all over the nation to the joys of smoking.

R. J. REYNOLDS TOBACCO COMPANY, Winston-Salem, N. C.

Awaiting your say-so, you'll find tippy red bags, tidy red tins, handsome pouch and half pound tin humidors—and that classy, practical pound crystal glass humidor with sponge moisture top that keeps Prince Albert in such perfect condition!

**THE STATE OF TEXAS.**  
 To the Sheriff or any Constable of Reeves County—  
 Greeting:  
 You are hereby commanded to summon John A.  
 May by making publication of this Citation once in  
 each week for four successive weeks previous to the  
 return day hereinafter named, in the newspaper pub-  
 lished in your county, if there be a newspaper published  
 therein, but if not, then in any newspaper published  
 in the 70th Judicial District; but if there be no news-  
 paper published in said Judicial District, then in a  
 newspaper published in the nearest district to said  
 70th Judicial District, to appear at the next regular  
 term of the District Court of Reeves County, to be  
 held at the court house thereof, in Pecos, Texas,  
 on the 2nd Monday in November, A. D. 1919, the  
 same being the 17th day of November, A. D. 1919,  
 then and there to answer a petition filed in said  
 court on the 26th day of September, A. D. 1919, in  
 a suit, numbered on the docket of said court No.  
 1864, wherein V. H. Lusk is plaintiff and T. A.  
 Ezell and wife, Mary J. Ezell, John A. May, Toyah  
 Valley Oil Company, and E. F. Turner, T. J. Carter  
 and J. D. Rose, individually and as trustees, are de-  
 fendants, and said petition alleging that on or about  
 the 7th day of April, A. D. 1916, the defendant T.  
 A. Ezell executed and delivered to the plaintiff his  
 certain note in the sum of \$8,645.00, due six months  
 after date, and at the same time executed a deed of  
 trust upon sections 8, 38, 42 and 16, in block 57,  
 Twp. 1, T. & P. Ry. Co. survey, in Reeves County,  
 Texas, being approximately 2500 acres, and upon the  
 same date executed a certain chattel mortgage upon  
 certain horses, mares and cattle ranging in Reeves  
 and adjoining counties, to better secure said note;  
 that the said John A. May was trustee in said deed  
 of trust upon said land, for the use and benefit of  
 said plaintiff, and that said defendant John A. May  
 is now without the State and after diligent inquiry  
 by plaintiff, his residence is unknown. Plaintiff prays  
 for foreclosure of said trust deed, said mortgage, and  
 that the property both real and personal be sold to  
 liquidate said note, together with certain sums paid  
 by him as taxes and interest to the public school  
 fund, and for the cancellation of a certain mineral  
 lease executed by defendants T. A. Ezell et ux, Mary  
 J. Ezell, to the said Turner, Carter and Rose. For a  
 more particular description of said suit reference is  
 made to plaintiff's original petition now on file  
 in said cause.

Herein fail not, but have before said court, at its  
 aforesaid regular term, this writ with your return  
 thereon, showing how you have executed the same.  
 Given under my hand and the seal of said court,  
 at office in Pecos, Texas, this 27th day of Sep-  
 tember, A. D. 1919.

**THE STATE OF TEXAS.**  
 To the Sheriff or any Constable of Reeves County—  
 Greeting:  
 You are hereby commanded to summon Mrs. Blanch  
 Watson and A. C. Watson by making publication of  
 this Citation once in each week for four successive  
 weeks previous to the return day hereof, in some  
 newspaper published in your county, to appear at the  
 next regular term of District Court of Reeves County,  
 to be held at the court house thereof, in Pecos,  
 Texas, on the third Monday in November, A. D.  
 1919, the same being the 17th day of November, A.  
 D. 1919, then and there to answer a petition filed in  
 said court on the 8th day of October, A. D. 1919,  
 in a suit, numbered on the docket of said court No.  
 1868, wherein W. D. Hudson is plaintiff and Mrs.  
 Blanch Watson and A. C. Watson are defendants,  
 and said petition alleging that on the 6th day of  
 April, 1918, one Mrs. Blanch Kiser made and deliv-  
 ered to the plaintiff four promissory vendor's lien  
 notes in the sum of \$945.00 each, payable to the or-  
 der of plaintiff, at Pecos, Texas, due in one, two,  
 three and four years from date, respectively, bear-  
 ing interest at eight (8) per cent per annum from  
 date thereof; said interest payable annually, provid-  
 ing that a failure to pay any one of said notes, or  
 the interest thereon when due, should, at the elec-  
 tion of the owner and holder, mature all of said  
 notes, and providing for 10 per cent attorney's fees if  
 placed in the hands of an attorney for suit. That  
 said notes were given for a part of the purchase  
 price of the following described tracts of land, situ-  
 ated in Culberson County, Texas, to-wit: Section  
 No. 9, containing 640 acres; the W½ and N½ of the  
 E½ of section No. 10, containing 560 acres; the  
 E½ and N½ of the W½ of section No. 11, contain-  
 ing 560 acres; all of section No. 21, containing 640  
 acres; the E½ and S½ of the W½ of section No. 18,  
 containing 560 acres; the W½ and S½ of the E½  
 of section No. 19, containing 560 acres; the S½  
 and NW¼ of the W½ of section No. 22,  
 containing 560 acres; part of section No. 23, con-  
 taining 560 acres, and all of section No. 25, all in  
 block No. 115, public school land in Culberson  
 county, Texas. That said property was on the 6th  
 day of April, 1918, conveyed to Mrs. Blanch Kiser,  
 by the plaintiff, by his deed of writing of that date,  
 in consideration among other things of the four  
 notes herein described, and that a lien was reserved  
 in said conveyance and in said notes to secure the  
 payment of said notes. That after the execution  
 and delivery of said notes the said Mrs. Blanch  
 Kiser married the defendant, A. C. Watson, and  
 that said Mrs. Blanch Kiser and Mrs. A. C. Watson  
 is one and the same person. That thereafter one  
 Mrs. Roadless placed an instrument of record in  
 said Culberson county, Texas, tending to cast a  
 cloud upon the title to said lands; that the said  
 Mrs. B. Roadless and the said Mrs. Blanch Kiser  
 and Mrs. Blanch Watson is one and the same per-  
 son; that that portion of said section 23 contain-  
 ing said conveyance as "part of section 23" is in  
 truth and in fact the S½ and NE¼ of the E½ of  
 NW¼ of said section 23, block 115, public school  
 land, Culberson county, Texas, containing 560 acres.  
 That the first of said notes described is past due  
 and unpaid and the interest on all of said notes is  
 past due and unpaid, and plaintiff has declared all  
 notes due and payable and placed same in the hands  
 of an attorney for suit and contracted to pay the at-  
 torney the ten per cent attorney's fees for bringing  
 same. Plaintiff prays for judgment for amount due  
 on all of said notes, for foreclosure of his vendor's  
 lien, for costs of suit and removal of cloud from  
 title to said lands.

Herein fail not, but have before said court, at its  
 aforesaid regular term, this writ with your return  
 thereon, showing how you have executed the same.

Given under my hand and the seal of said court,  
 at office in Pecos, Texas, this 8th day of Octo-  
 ber, A. D. 1919.

**The Whole Family Likes  
 the Lenord Hi-Oven Range**

Isn't the kitchen, where Mother spends more of her time than in any other room, is not this the room where the youngsters make a rush for when they come home from school—the room where Father goes to look for the rest of the family when he comes home from work?

The kitchen deserves to be the coziest, cheeriest, most convenient room in the house. You will find it so in most well-planned homes where the LENORD HI-OVEN RANGE has a place, for it is the range, after all, that makes the kitchen the heart of the home.

The oven is just the right height for convenience—no back-breaking stooping as with other ranges,—this range takes the ake out of bake. The oven begins to heat the moment the fire is lighted; no wasted heat up the chimney while the fire is getting started. A great fuel saver.

The heater type body keeps the kitchen cozy; holds fire over night.

See this wonderful Range in our show window.  
 Call in and let us tell you more about it.

A man's  
best pal  
is his smoke

"Nothing goes with me like a good story"  
—Ches. Field

EVERY Chesterfield you light begins and ends with *satisfy*. For Chesterfields set no limit on your smoking enjoyment. Their smooth, rich, even flavor keeps right on pleasing your taste down to the last half-inch.

And no wonder.

The great buying organization we maintain in the Orient makes it possible for us to obtain the pick of the finest Turkish leaf. Experts blend these tobaccos with the best Domestic leaf; not in any hit-or-miss fashion, but by our own *exclusive* process that never varies.

And actually this process brings out hidden flavors and new delights that give to this cigarette a *satisfying* quality all its own. We don't care what cigarette you've been smoking, you'll like Chesterfields better.

Prayer.  
Memory verses—Obera Lawson, Auline Stephens.  
Reading—Eva Lewis.  
Story—Hettie Lois Randale.  
Piano solo—Janice McKellar.  
Story—William Adams.  
Reading—Alfred Stephens.  
Closing song.  
Benediction.

### LIFT OFF CORNS!

Apply few drops then lift sore, touchy corns off with fingers

Doesn't hurt a bit! Drop a little Freezone on an aching corn, instantly that corn stops hurting, then you lift it right out. Yes, magic!  
A tiny bottle of Freezone costs but a few cents at any drug store, but is sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation.  
Freezone is the sensational discovery of a Cincinnati genius. It is wonderful.

**No Difference!**

Only after you have heard the New Edison Re-CREATES a song or an instrumental selection you will realize that there is absolutely no difference between

**The NEW EDISON**  
"The Phonograph with a Soul"

and the living singers who record for it. Two thousand representative music critics say that the same voice flows from the world's most wonderful instrument exactly as it does from the throat of one of the world's great opera stars.

Be convinced by hearing the only instrument that Re-CREATES music, the New Edison.

**Why Rural Press is a Power**

The average man can live in a big city all his life and never see his name in the paper, but the farmer and the average man and woman in any small town will see their names in their local country newspaper at least ten times a year, and always connected with some worthy cause, some faithful service, something that brings joy all through life. The country newspaper is the paper that spreads happiness and content.

Don't you always want to read about the ball game you saw the day before? If you witness a fire you read the details of that fire with double interest. If you hadn't seen the blaze perhaps you would not read the story at all? Why is this? asks the Oelwein (Ia.) Iowan. It is because the things you know about are the things you like to read about. That is why country newspapers have such a tremendous hold on their readers. They tell him about the comings and goings of their friends and neighbors, the people they know. Nothing on earth is as interesting to the farmers and people living in the town as the news of their babies, the marriage of their boys and girls, their social and church events, the illness and the deaths among their friends. Year after year the country newspaper records the history of its community.

Is it any wonder the country newspaper is the most powerful advertising medium on earth? Just as its power is great in holding its readers' interest, so is it helpful in shaping thought and powerful as an advertising medium. It turns the printed word almost into the spoken word. No metropolitan daily, no magazine, no billboard, no farm journal—good as they all are—rings the bell with farmers and small town people as does their home newspaper. It is an integral part of the community that cannot be filled by any other medium.—The Publishers' Auxiliary.

**RELIEF COMING**  
By Walt Mason.

Be patient yet a little while, and winter will return; the blasts will come in arctic style, the blasts for which you yearn. A little more of ardent heat, that heat which is a crime, and we may all exult in sleet, and have the hangedest time. What though all night we toss and roll, and slumber does not come? 'Twill soon be time to shovel coal, and make the furnace hum; then life will be one round of bliss without a carking care; remember it, on days like this, and cease to sigh and swear. Be patient, for it's always wise to bravely stand the gaff; so boil the germs and swat the flies, and at hot weather laugh. The geese will soon be flying past, to dodge the polar storms, and following, the eager blast will cool our fevered forms. And all our cares will disappear when winter brings its snows, and we have frostbite in the ear, and chillblains in the toes. How merrily we'll pay for coal that costs twelve bucks a ton, the precious knowledge in our soul, that summer days are done.

**"Gets-It" Peels Your Corns Right Off**

Two Drops Will Do It Without Fuss or Trouble. Never Fails.

There's only one way to get rid of a corn, and that is to peel it off as you would a banana skin. There is only one corn remover in all the world that does it that way, and that

There's No Corn "Gets-It" Will Not "Get." is "Gets-It." It is because of this fact that "Gets-It" is today the biggest seller among corn-removers on this planet. It means the end of "corn-bidding." For hard corns, soft corns, very old corns, young corns, corns between the toes and calluses, it means a quick, certain finish. "Gets-It" is applied in 2 or 3 seconds. All you need is 2 or 3 drops. As easy to do as signing your name. It does away forever with tape, plasters, bandages, knives, corn-diggers, blisars, files and blood-bringing razors. Ease your corn-pains, be corn-free at last. "Gets-It," the only sure, guaranteed, money-back corn-remover, costs but a trifle at any drug store. Mfg'd by E. Lawrence & Co., Chicago, Ill.

**AROUND THE WORLD WITH THE AMERICAN RED CROSS. On German Soil.**

In the City Square of Treves, Germany, headquarters of the allied military forces, an ancient cross surmounted monument marks the city's center of traffic. For this reason American Red Cross officials converted it, as shown by this picture, into a directory of all Red Cross activities in the city.

**AROUND THE WORLD WITH THE AMERICAN RED CROSS. At Saloniki.**

The veritable mountains of relief supplies turned out by the millions of chapter workers during the war made the American Red Cross one of the biggest "manufacturing concerns" in the world, with great warehouse space at scores of strategic points all around the globe.

One of the biggest distribution centers was at Saloniki, Greece, and in this picture Bulgarian prisoners of war are seen there unloading a Red Cross cargo of 2,300 boxes from a French transport. At the right is seen one of the American Red Cross camions, fleets of which were used in rushing relief to points where the suffering was greatest.

**AROUND THE WORLD WITH THE AMERICAN RED CROSS. In Roumania.**

Soon after the entrance of the United States in the war the successes of the Central Powers in Roumania had reduced that country to a most tragic condition and in the summer of 1917, the American Red Cross despatched its first Roumanian relief contingent. Two hospitals were at once taken over and operated by the Red Cross, a canteen for the starving refugees established and food and clothing distributed over a large area. Transportation was one of the toughest problems with which the Red Cross workers in Roumania had to deal. Here is seen an oxcart used by the Red Cross to carry its relief supplies up into the mountains.

The Quinine That Does Not Affect the Head Because of its tonic and laxative effect, LAXATIVE BROMO QUININE is better than ordinary Quinine and does not cause nervousness or ringing in head. Remember the full name and look for the signature of E. W. GROVE. 30c.

**Livable Tenant Houses for Farm Help-**

Farm help is now more of a problem than ever before—harder to get and harder to keep. The farmer who wants to be sure of his help must offer extra good inducements. The best possible inducement is private, attractive, and comfortable quarters—in other words, livable tenant houses. The farm laborer has the same desire as the farmer for a home of his own. A modest, moderate priced home for your help is the wisest and surest form of farm labor insurance and, when lumber is the building material used, it will prove to be the most economical. BUILD NOW and be assured of permanent farm help.
