The surroundings around the Laura well have a different atmosphere. Everything has been cleaned up, the cinders and ashes piled high before Mr. Rhoades came upon the scene have been scattered all around so that the wet weather will make no mud there. The boilers have been cleaned up and out and encased in a brick wall to hold heat. The engine roam and around the well have been everything put in its proper place. Each time a strong oder of gas, and a fine showing of oil visible, were the results. The unmistakable rainbow colors were there and could be seen plainly from almost any angle. Yesterday visitors were dipping the oil off the slush pit in tin cans, cups and in bottles, and today the citizens of Pecos are more certain than ever that the time is short when the Laura well will be flowing and gushing forth liquid gold over the derrick.

STRATTON GIVES OUT FIRST DOPE ON HIS OIL PROJECTS

E. L. Stratton, formerly of Porterville and Pecos, but for the last year general manager of the Toyah Valley and associated oil companies of Dallas, dropped off the train yesterday for a few days' stop before going on to El Paso and Los Angeles. On

many of his former and recent visits to the city when asked by the editor for some news regarding the operations of his companies he invariably eplied that his people did not brieve in brass band methods, that they had a very efficient force of field men who had secured over half a million acres of leases in Loving, Ward and Reeves counties, as well as filed petroleum location notices on 165,000 acres of U. S. Government lands in Southern and that the work of perfecting titles was a long and arduous task for their abstracters, attorneys, etc.; that supplies were hard to get and delivery uncertain, but that when the proper time came he would gladly give out for publication anything of interest Mountain formation, which, the geolto the community. WILL CHECK UP ON RENT PROFITEERING

TENANTS TO SHOW AMOUNT OF RENT AND TO WHOM PAID ON INCOME TAX REPORTS.

Washington .- From now until the night of March 15 the annual returns covering income for 1919 will be figured out and filed by citizens and residents, together with payments of tax due.

The burden of fulfilling this obligation is laid by law squarely on the shoulders of those who are American citizens or residents. Every person must determine for himself whether his net income for 1919, figured 'according to the revenue law, was sufficient in amount to require a return.

Through the collection of taxes on 1919 incomes, the government will wage war on profiteering landlords, with "sweet revenge" in prospect for "the tenant who has had to dig deep into his earnings to pay a high rental

First intimation of this new aspect came in announcement of Daniel C. Roper, commissioner of the bureau of internal revenue, that forms for making income tax returns, which are in the hands of all revenue collectors section providing that tenants shall amounts of rents paid and to whom Simultaneously Chairman Butler of it was paid. By gathering these reports from all of the Bill Browns who are running themselves ragged to pay their rent, the internal revenue bureau will have all of the information needed to see that the profiteering John Smiths pay proper tax or face prosecution."

While the work of collecting the income taxes will be just as heavy this year as it was in 1919, the government will receive less revenue. Instead of collecting 6 per cent on incomes between \$2,000 and \$4.000 from

DESCHANEL IS ELECTED PRESIDENT OF FRANCE

Receives 734 Votes Out of a Total of

Versallies.-Paul Deschanel has been elected president of France by the national assembly here. M. Deschanel received 734 votes out of a total of 889 cast.

A provisional announcement of the result made shortly after the ballot had been counted, while not chang ing the Deschanel total, accounted for only 866 votes in all. The vote: Deschanel 734, Charles Jonnart 66, Georges Clemenceau 56, Leon Bourgeois 6, Captain Jacques Sadoul 1, scattering 3.

Paul Eugene Louis Deschanel, statesman and author, is known as one of the most brilliant public speakers of France. He was born in Brussels in 1857, during the exile in Belgium of his father, Emile Deschanel, senator and professor of the College

The general sentiment is that while Deschanel has not won the presidency by such outstanding services as those rendered by Premier Clemenceau, he is a man adapted for the position, which requires careful tact, and is, above all, a safe man.

The Velvet tin is twice as big as shown here

"No Rheumatics" is a Mighty Poor Reason for Wearing a Wooden Leg

TO sting or hot burnin' is a mighty weak-kneed recommendation for tobacco. But when tobacco is mild and cool, and yet as full of "fun" as a barrel of monkeys-well, that's another story-that's Velvet.

And 'cause why?

'Cause Velvet is brought up-not jerked up by the hair. It's raised as carefully as a favorite child. It's cured in the big fresh air. And it mellows away for two years in wooden hogsheads 'til it's smooth and rich as cream. The wonder would be if Velvet wasn't a whacking good pipe smoke.

"Let Nature mellow yo' tobacco an' that tobacco will shore mellow yo' nature," says Velvet Joe. And he's pretty nearly right.

TATURE-AGEING in the wood does more to make tobacco friendly than any camouflage you can cover it with and don't you forget it. See, taste, smell, feel the "real tobacconess" in Velvet. Why, you can almost hear it. Velvet's the tobacco you can judge with your eyes wide open and specs on.

There's a whole lot in Nature's way of making good tobacco better. And it's all in Velvet.

Here's to a full pipe and a friendly one.

Should women be put on trial for their faults? And should they be tried by men? Are their so-called weaknesses due to the mediocre demands of men? Do women know how to stick to ideals that are not social assets? What is the type of girl that invariably becomes an old maid? Do men put a premium on virtue?

These are a few of the questions that are discussed and answered in a tremendously stimulating article called "Supply and Demand." Every woman in America owes it to herself to read it.

Stock Selling Rapidly

AND YOU'LL HAVE TO HURRY TO GET YOURS A Joint Stock Company Capitalized for \$10,000.00

Divided into 200 shares, with a par value of \$50.00 per share. All stock is forever non-assessable and carries no personal liability to any stockholder. Only one kind of stock and all stockholders have voting power and voice in the affairs of the company; and stockholders will share in the earnings. Permanent officers and directors will be elected from stockholders, at a meeting called for that purpose in the near future, and with a view to enlarging the business here and elsewhere.

Object of Organization

THIS COMPANY was organized for the express purpose of buying, owning, building, maintaining, and managing a first class Garage and General Auto Business at Balmorhea, Texas, located on the National Highway and in a very prosperous farming and stockraising community, in Reeves County, with the nearest competing town being Pecos-40 miles away.

The great need for a first class and up-tothe minute garage and auto company here is conceded by everyone. There is no argument by any one against this fact, and no better paying business on the investment could be established and greater return assured than this business when properly equipped and managed by competent automobile and repair

Plans

We will build at once a modern fireproof two-story building, which will be completely equipped with every modern device for the quick handling of all repairs and all business pertaining to the auto business. To have at all times a complete force of high class mechanics and expert tire men; to keep a full and complete accessory and tire stock and to have on hand at all times first class rent and service cars, with careful drivers, and maintain a 24-hour service at all times; to have a large waiting and rest room for women and patrons of the garage; to have a large lodge hall on the second floor, where a first class picture show will be run along with a large dance at least once each week. The returns from this alone will amount to no small figure; to maintain a complete gas, oil, and air

filling station, along with an auto sales agency. In fact, nothing will be overlooked to make this an up-to-date modern business maintained and managed by competent, reliable automobile and business men. A big advertising campaign will be carried on along the Highway from one end to the other.

My Offer to You

The entire capital of \$10,000 and more could be secured readily from private sources, but I have decided to make a popular offering of \$5,000 worth of this stock to my friends and acquaintances. The other \$5,000 worth has already been subscribed, thus insuring the carrying out of the plans in detail.

My object in offering these 100 shares to my friends and acquaintances is to have as many associates and boosters with me as possible. The more stockholders or partners with me, the more customers for the business, thus insuring one of the best paying concerns on the investment in the country. Besides the returns on your investment, a card will be issued to each stockholder, which will entitle the holder to a 10 per cent cash discount on every dollar's worth of business done or money spent with this company. This alone will be a big inducement in buying gas, tires, accessories, and having repairs done at this Garage, and you are entitled to and shall receive every one of these benefits-because you are one of the company.

Conclusion

Will say that I do not need any introduction to the citizens of Reeves County, having lived here for many years and having been in busi-

ness for years in Reeves County, and known by nearly everyone as a first class automobile man in every respect, but for the benefit of those who are not acquainted with and know me: I can cheerfully refer you to any bank, banker or business man in Reeves County.

An accurate and authentic set of books will be maintained and kept by competent bookkeepers and a financial statement will be mailed every three months to each stockholder and dividends will be declared and paid on the first day of January, each year.

Therefore, I am offering for a short time only an opportunity to associate with me in this business. This small amount of stock will last but a short time and in order to take advantage of this offer you must act at once. Should all stock be sold before your application reaches me it will be returned. All stock will be promptly returned by registered mail, along with your discount card, in the same order as received. Fill in the enclosed coupon for all the stock you can carry - at \$50.00 per share. STRONG LINE-UP OF 1920 CANDIDATE

Texas will have at least five candidates for Governor, all of whom promise to be real candidates. Mr. Neff of Waco, Mr. Looney of Greenville, Mr Thomason of El Paso, Mr. Bailey of Gainsville, and Mr. Hobby of Beaumont, are apt to entertain the people with a show that will be worth the money. Already rumor has it that Senator Bailey will establish three daily papers in Texas, one at Fort Worth, one at Houston, and a third at San Antonio. Texas stands for a good shake-up and we say turn on the power and let her grind. It seems to us that every one of the candidates are able to take care of themselves.

In national politics it seems that the Democrats will have the opportunity to select from a list including Mr. McAdoo, Mr. Underwood, Mr. Owen, Mr. Clark, Mr. Bryan, Mr. Palmer, et al. The Republicans will select a candidate, perhaps, from a group consisting of Mr. Wood, Mr. Coolridge, Mr. Lowden, Mr. Johnson, Mr. Taft, and Mr. Hughes. The race will be one of the keenest in the history of the United States.—Colorado Record.

LEASES FOR SALE BY THE F. P. RICHBURG LAND AND RENTAL COMPANY

No. 1.—160 acres in section 28, block C-1, public school land, Reeves County, Texas, as follows: 20 acres for \$25, 40 acres for \$50, 80 acres for \$85; the whole tract for \$160. This is on lands with good title. Have sold all of two sections except 160 acres.

No. 2.—Half of section 37, block 50, Tsp. 7, T. & P. Ry. survey, Reeves County, Texas. This land is situated within two miles of the land described in No. 1, and will sell on same terms and prices. That is, the whole tract, 320 or 160 acres at \$1 per acre, and in 20-acre tracts for \$25; 40-acre tracts for \$50; 3-year lease from Sept. 3, 1920. This is balance of two sections I have left. If you want any of this send me a draft to pay cash and will send lease right away. This is a little higher than have sold some a short time ago. Leases are advancing and I am yet way below what should be asked for this stuff. I closed a dear last week on 160 acres at \$1 per acre and the purchaser has already sold 80 acres of this tract for \$2 per acre, and he is holding the other 80 acres for \$3 per acre.

No. 3.—I yet have about half of the 10-acre tracts in section 19, block C-17, public school land survey, at \$4 per acre for tracts in west half and \$4.50 per acre for tracts in east half of this section. Have during the last six days closed out ten tracts, eight of them at \$4.50 per acre. This is 5-year lease and only \$1.50 per section annual rental.

All of above leases are assigned by the original lessee and title O. K.

No. 5.—160 acres in section 33, block 28, public school lands in Loving County, Texas. This is 5-year lease. Price \$3.50 per acre cash and 25 cents annual rental. This is near the No. 3 well of the Sunshine Corporation. Would sell all of tract at \$3.25 and 40 acre tracts at \$3.50. Title good. Lease dated January, 1920.
