AND PECOS TIMES

VOLUME XXXIX. NUMBER 43

PECOS, TEXAS, FRIDAY, JUNE 11, 1920.

\$2.00 PER YEAR, \$1.25 FOR SIX MONTHS

## PECOS-TOYAH FIELD COVERED WITH EIGHTY RIGS AND DRILLS; NOW READY FOR DEVELOPMENT

Eighty rigs are drilling or being erected now in the Pecos-Toyah fields. Twenty-five of these rigs have not yet spudded in but are waiting for more material, supplies and power. Nine wells have struck at least a good showing of oil. The Bell No. 1 is said to be a good producer, while the other eight showings were found in the Toyah shallow field. These drills cover an area of fully 100 miles east and west and 50 miles north and south.

Although several wells in the vicinity of the Bell well have passed the pay sand that the original well hit, none have been the producers that the Bell is rumored to be. Showings of gas and oil have been encountered at various depths, but not in paying quantities.

The Bell-Reeves has resumed drilling after a reorganization of the company, which was originally formed with the object of going down about 700 feet. The well will be put on down under the new company to a depth of 1,000 feet.

The Minerva and the Finley & Anderson have also found their first hard rock. The fact that the holes have found an under strata of rock makes it possible to reset the casing and thus avoid the trouble the other wells have had with water seepage.

The Minerva has had its most favorable showing since it passed the oil sand at 650 feet. It bored into a white rock identically the same as that found about 80 feet above pay sand in the original Bell well, and there is also a similar strong gas showing. No water was found below the white sandstone in the Bell well and so the Minerva drillers are encouraged.

### NEW LOCATIONS MADE.

The Bell No. 2, located 300 feet from No. 1, is being spudded in today.

S. C. Coulter moved in a new Armstrong rig from Irabell to section 32, block 54, township 4, this week and will spud in the first well of a series of five he expects to put down in his holdings in this section. Coulter came here from Stephenville, Texas.

L. M. White, Fort Worth capitalist, has made a location in section 2, block 55, township 3, six miles northwest of the discovery well. He is here with his geologist, Dr. Carpenter of Dallas, and together they will make a second location in the Toyah field in section 17, block 58, to be known as the Toyah-Bell No. 2. Mr. White has three big holdings in this section and plans to make extensive developments.

### Other Operations.

Cave-ins are still delaying the operations on the Troxell deep test well in the Toyah field. The well is being drilled with water in the hole due to difficulty in finding a rock sufficiently hard on which to reset their casing.

The Finley-Anderson well in section 10, block 2, H. & G. survey, had reached a depth of 750 feet Thursday. They expect to go down 1,000 feet if necessary.

### Report from Artesia.

C. Y. Koscoe, who has been here this week looking over the oil developments, returned to Artesia last Thursday. He reports the prospects around Artesia as good. The Kansas-New Mexico people are putting down a well seven miles southwest of Lake-wood. The Pecos River Oil & Gas Co. is drilling 15 miles west of Lake-wood, while the Illinois Producers are getting some production from their Lakewood well. The National Exploration is preparing to put down a well near Lake Arthur.

### Fisher County.

There is considerable excitement in Fisher county, where an excellent showing has been found in a brown, sandy limestone at a depth of 1,405 feet in the Serbing Oil company's test.

The Pyron company and the Mineloa company have both had a showing of oil in their tests at around 1,470 feet. Water has caused considerable delay, but the drills are again pounding away at the hole and Fisher county is waiting with expectation.

### Culberson County.

Thomas E. Purdy, banker of Gallup, N. M., is making his headquarters in Toyah while making an investigation of holdings in blocks 99 and 100, Culberson, in which, he with others, are interested. Mr. Purdy and associates own 16 sections and he is authority for the statement that oil development will be started as soon as tools and material can be moved to the drilling sites.

Owens & Scovell No. 1, Standard rig, section 2, block 91, down 700 feet.

Tom Owen well No. 2, Standard rig, section 16, block 92, rig up, waiting for stools and other equipment.

Ben Andrews et al., standard rig, section 35, block 60, township 5, down 300 feet.

Citizens Oil & Gas Co., standard rig, scrap section 71, block 2, H. & G. survey, down 650 feet.

In addition to the foregoing there are a score or more of companies who have secured leases and made locations for deep tests in this field. The Sully company has vast holdings in blocks 54 and 60, which will be developed as soon as material can be received.

## BELL NO. 3 EXPECTED TO COME IN NEXT WEEK

The Bell well No. 3, an offset of a few hundred yards to Bell No. 1, is expected to come in sometime next week. The Bell No. 1 continues to be more or less a mystery and first-hand data remains a secret with the directors of the company. Information has been held back until Bell No. 3 could be brought in. If it is a good producer then general information will be set with more veracity and the field cleared up.

That the Bell No. 1 is having trouble with the casing and water is true but the extent is not known. If No. 3 comes in as good as the original then the Bell company will probably be ready to give out exact information.

### Brewster County.

(Reported by Alexander Syndicate.)  
Well No. 1 Hargus, located on section No. 38, block 4, 5 1/2 miles west of Marathon; fishing for tools, now 2,100 feet.

Well No. 2, Skinner, located on section 65, block 2, six miles north of Marathon; drilling at 1,200 feet.

Well No. 3, Montgomery, located on section 6, block 1, 25 miles northeast of Marathon; drilling at 325 feet.

Well No. 4, Yarbrow, located on section 128, block 22, nine miles east of Marathon; spudding.

Oil scouts have thronged to Alpine since the discovery of oil in Wilson No. 1 well of the Presidio Oil company. They give out no information. Companies which have men on the ground include the Texas, Sinclair, T. & P., Magnolia, Hercules, Humble and Mohawk. Acreage in big blocks is being leased throughout Brewster county.

The Linder Oil corporation of Texas will drill on the Ben Pruett ranch near Alpine as soon as materials and tools can be put on the ground.

The setting of casing and cementing in Wilson No. 2 practically has been completed. The well is expected to be drilled in within ten days.

Hargus No. 1, drilled by the Alexander syndicate, is reliably reported on oil sand.

(Reported by Marathon Oil Co.)  
Gage well No. 1, located on section 1, T. F. Storey grantee, 20 miles southeast of Marathon; setting 1,000 feet 12 1/2-inch casing.

Gage No. 2 Hercules Development company, located 8 1/4 miles southwest of Marathon, on section 7, block 308, waiting for additional tools; drilling in black lime at 700 feet.

In addition to the above wells in Brewster county is the Wilson well of the Presidio Oil company, now reported to be 1,740 feet, waiting for material.

All of the above wells are equipped with standard deep well rigs capable of going 3,500 or 4,000 feet if necessary.

Also the Kokernut well at Hovey of the Twin Cities Oil company, reported as being 750 feet, casing.

The latest drilling report from the Brewster county territory in the Trans-Pecos region south of here is as follows:

Gage No. 1, 20 miles southeast of Marathon, drilling 12-inch hole at 112 feet.

Gage No. 2, eight and one-half miles southwest of Marathon, section 7, block 308, waiting for new tools at 915 feet.

Wilson No. 1 of Presidio Oil company, 53 miles south of Alpine, 300 feet in oil; setting casing preparatory to drilling in.

Kokernut well near Hovey, about 600 feet.

Skinner No. 1, section 65, block 2, six miles north of Marathon, drilling 10-inch hole at 1,185 feet.

Yarbrow No. 128, block 22, nine miles east of Marathon, spudding 20-inch hole at 161 feet.

Hargus No. 1, section 38, block 4, five and one-half miles west of Marathon, drilling 10-inch hole at 2,220 feet.

Montgomery No. 1, section 6, block 1, 25 miles east of Marathon, drilling 18-inch hole 540 feet.

Pays Record Price.  
J. G. Bates has closed a deal for acreage in section 9, block 59, at a price said to be a record payment for acreage in this field. Mr. Bates admitted that he had closed a deal and that he believed the price paid was at the top or close to it, but refused to give figures "for the present."

He added: "I am going to Arizona with a view of interesting some friends in capitalizing its development."

Garza Co. Well Hits Oil Sand.  
PYOTE, Texas, June 8.—Payne well No. 1, at Justiceburg, Garza county, entered the oil sand Friday at a depth of 2,945 feet. With the bit only a foot in the sand, the well is being drilled heavily and casing is being set before trying to bring the well in.

This is the first deep test to be drilled in Garza county, and is being drilled by the Post City Development company.

Boren No. 1 well of the Garza Oil Development company is casing off water at 200 feet.

## TOYAH CHAMBER OF COMMERCE HOLDS BIG BUSINESS MEETING

The meeting of the Toyah chamber of commerce, held Friday night, last, was one of the best attended and the most enthusiastic gatherings of the membership of the organization brought together since the organization of that body last April and more business of interest and importance to the community and the oil fields was transacted than at any other meeting ever held. Messrs. A. F. McGehee, C. P. Crawford and Max Weiler were added to the board of directors in order that that body might be brought up to the quota set when the chamber of commerce was organized several weeks ago, viz: 21 members.

E. B. Daniel, chairman of a special committee on good roads, reported that the committee, after consultation with County Judge Ross, in the

latter's office in Pecos, had sold the \$50,000 issue of road bonds.

W. B. Collins, chairman of the general committee having in charge the preparations for the three-day celebration of the Fourth of July, reported that 30 beaves had been contributed for the barbecue. None of the other committees were ready to report, many of the chairmen explaining that they were waiting for the report of the finance committee in order to know just how far they might go in the matter of incurring expense. Mr. Mace of the finance committee reported that he and Mr. Henderson had collected in cash or pledges \$465. Mr. Dues, chairman of the committee, said he had been asleep on the job but promised to wake up and get busy with Mr. Rutherford, in the morning.

## HOSE CART BATTERS FOUND HICKS FOR TWO RUNS IN NINTH; WHITE SOX STRING UP SEVEN

### DALLAS MAN BUYS 4000 ACRES IN TOYAH FIELD

C. B. Pierce of Dallas is reported to have bought 4,000 acres of land in the shallow field of the Toyah basin. Mr. Pierce left for Dallas to consult his associates in regard to developing the property.

Dr. W. M. Moberly, who has been in the field for several days, said he had bought several pieces of acreage in the shallow field, close to production, for an association of Oklahoma men.

### BAYLOR U. ANNOUNCEMENT COMMENCEMENT PROGRAM

WACO, June 10.—The program for the commencement exercises of Baylor university's diamond jubilee celebration to be held June 11-16, has been announced by Dr. S. P. Brooks, president of the institution. The baccalaureate sermon will be preached by Dr. George W. McDaniel of Richmond, Va., Sunday, June 13, and Dr. George W. Truett of Dallas will deliver the commencement address June 16. The Hon. Albert S. Burlison, postmaster general of the United States, will be present as the personal representative of President Wilson and will also deliver an address. Among others who will be on the program are, Hon. J. Hamilton Lewis, United States senator, from Chicago; Dr. O. H. Cooper, a former president of Baylor; R. C. Crane of Sweetwater, and R. A. Burlison of Dallas, both of whom will address the alumni association.

### MRS. HARRY HINKLE DIED SUDDENLY AT LUBBOCK

The sad news of the death of Mrs. H. W. Hinkle reached Pecos Sunday. Deceased passed away at her father's home in Lubbock, Texas, late last Saturday afternoon and interment was made the following day in the Lubbock cemetery.

Mrs. Hinkle was an invalid for many years and she has been steadily failing in health ever since her residence in Pecos. Mr. Hinkle is an employe at the Pecos Mercantile and the community extends its sympathy in this, his hour of sadness.

### DRUMMER F. M. PURCELL WAS IN PECOS TUESDAY ENROUTE TO EL PASO.

H. S. Thomas went down to Amarillo Wednesday on a pleasure trip.

### EL PASO LIVE STOCK DEALER HERE LOOKING FOR CATTLE.

J. H. Nations, the big livestock dealer of El Paso, was in Pecos Wednesday and Thursday looking for a chance to pick up some cattle and to investigate the West Texas range country.

### H. E. SAUL MADE A SHORT BUSINESS TRIP INTO NEW MEXICO THE MIDDLE OF THIS WEEK.

## PECOS IS RAISING \$2,100 TO FINISH RED BLUFF RESERVOIR; MAY SUE N. MEX. FOR WATER

### TO HOLD TEACHERS' EXAMINATION IN PECOS

Owing to the low salaries being paid teachers, Reeves county and in fact the entire state of Texas is having one of the greatest shortages in the history of the teaching profession.

County Superintendent Ross is making an urgent demand for teachers to fill the Reeves county schools during 1920. So far the contracts are few and unless something is done to alleviate the threatening shortage the country schools will be without instructors next year.

Miss Annie Webb Blanton, state superintendent of public instruction, has issued an order to county superintendents to hold teachers' examinations on the first Friday and Saturday in each of the summer months.

The Reeves county examining board is composed of Superintendent Ross, Mrs. Lillie Cole and Mrs. J. W. Brooks. And the examinations will be held in Pecos on the 11th date.

Miss Ella Frazer was over from Toyah Thursday and Friday on business and seeing friends. White here was the guest of Mrs. W. H. Drummonds.

## EIGHT-YEAR OLD BOY DROWNS IN PECOS RIVER; BODY FOUND 18 HOURS LATER AFTER DYNAMITING

Little 8-year-old Beasie Gentry fell from the pier at the swimming hole a mile east of town at 3 o'clock Wednesday afternoon and drowned immediately.

After an all night's search the body was found three miles down stream floating on the surface at 10 o'clock Thursday morning. The fire siren called out the department at 7 o'clock and in a short time over three hundred people had congregated on the banks to look for the missing body. Parties tramped up and down stream for miles all through the night.

### Dynamited Stream for Body.

At 12 o'clock p. m. dynamiting parties prepared and set charges for two miles down stream from where the lad fell in and again Thursday morning more charges were set and the river blasted. As a result it is believed that the body arose to the surface.

The river had risen five feet from the time of the drowning until the body was recovered and the swift

current had carried it far down the stream.

No Effort Made to Rescue.  
Whether Little Gentry tripped over the edge of the pier or was coaxed to dive in by other swimmers, isn't known. Frantic with fear, the other small boys watched the drowning, which was of short duration, without making an effort to rescue, and then raced to town and notified S. M. Gentry, father of the boy. A party was immediately made up and cars carried them to the river where the search was begun. As the news spread the crowd at the river increased until by nine o'clock both banks of the stream were lined with searching people.

After recovery the remains were taken to the Pecos Mercantile undertaking department. Funeral services were held at the home Thursday afternoon and interment made in the Evergreen cemetery. Mrs. Gentry is very ill and has been in hysterics since notified of the drowning of her son.

Mr. Gentry is an employe at the freight office.

## C. OF C. MEETS TO DISCUSS PLAN OF PUBLICITY CAMPAIGN; ADVERTISING PECOS VALLEY

The Pecos business men comprising the Chamber of Commerce, met at the commerce rooms at 3:30 Wednesday afternoon for the purpose of hearing the plan of the West Texas publicity campaign that will be presented in 18 states by the West Texas chamber of commerce during the late summer and early fall.

It is planned to take motion pictures of interesting sights in all territories participating in the campaign, and to exhibit these, as well as the products found in these territories, at 250 large and 125 small towns and 16 state fairs.

The campaign will cover the states of Kansas, Nebraska, Iowa, Missouri, Indiana, Ohio, Illinois, New York, Pennsylvania, West Virginia, Kentucky, Tennessee, Alabama, Mississippi, Georgia, Louisiana, Southern Minnesota and Southern Michigan. Stops will be made in 375 towns of these states where literature will be distributed and an exhibit of West Texas products displayed. Motion pictures will also be shown in these states in the hopes of interesting farmers, capital and business men into making investments in Texas.

The sensational part of the scheme will be promoted by an advance man

and two airplanes, which it is hoped will secure thousands of dollars worth of newspaper publicity that could not be purchased. A motor truck will follow the planes, carrying agriculture, mineral and products. A printed history, telling of Pecos and her possibilities will be distributed as a reference book to school teachers over the country.

### Dr. Lloyd Speaks to C. of C.

Dr. Lloyd representing the Western Texas chamber of commerce, spoke at length on the possibilities this advertising would have with the other states in bringing future settlers to the Pecos valley country.

Conferring with Dr. Lloyd and W. K. Whipple the Chamber of commerce members agreed to take the matter up more thoroughly with the absent members and to make reply at an early date in case Pecos joined the publicity campaign.

However, it is felt that owing to the expenditures in the publicity of the oil field and the funds that are to be raised this week for the Red Bluff irrigation dam project, that Pecos has about run her course financially and may decide to stay out of this educational tour of the east.

### M'CARVER-BECK.

The marriage of Miss Laura Mildred McCarver and Mr. V. V. Beck was solemnized on Thursday evening at the Methodist church, south.

An artistic arrangement of flowers and palms was effectively arranged against a background of white at the altar. Guests were seated by the numbers, Mr. Albert Sisk and Mr. P. R. Underwood of Amarillo, Texas.

The prenuptial solo "Because" was sung by Mrs. H. B. Cogdell and at 8 o'clock the strains of Lohengrin's wedding march, played by Mrs. L. G. Hagard, of Ector, Texas, led the professional, Little Miss Nell Anderson, dressed in a dainty white dress served sweetly as the flower girl. The bride entered dressed in Dutchess satin, court train, with a Juliette cap and white kid slippers and gloves. The lace creation was the heirloom of the marriages of the brides sisters and was a dainty affair that made a beautiful effect for the bride, with her long bridal veil falling to the edge of her gown. She wore a diamond lavaliere at the throat, a gift of the groom, and carried a bouquet of brides roses, entwined in green fern. Mrs. J. C. Wilson, matron of honor, wore white picturesque and carried a pink basket of flowers. The maids, Miss Mildred Obitz and Warren Collings wore white with pink veils and pink baskets of sweet peas, making an artistic picture with the white background. The effect was very beautiful with the delicate pastel shades of their gowns. The groom and his best man, Mr. J. C. Wilson, met the bridal party at the altar, where they knelt on a pillow of white satin, the ceremony being performed by Rev. C. S. McCarver, father of the bride.

Mrs. Hagard, sister of the bride, played Mendelssohn's as the recessional march.

Miss McCarver, the bride, graduated from the Pecos public schools in 1914 and afterward took up study of music in a Dallas conservatory. She is accomplished both in piano and voice and has taught music for several years. She is one of the winsome young ladies of Pecos and has a large circle of friends.

Mr. Beck is now employed in the hardware business at Ranger, Texas. He was an employe at the Pecos Mercantile several years and is well known in this city for his sterling ability.

A reception was given to the bride

party at the McCarver home at 9 o'clock last evening and the party left immediately for Ranger, where they will make their future home.

Many beautiful presents were received by the bride and groom.

The out-of-town guests were, Mrs. C. A. Bickley and son of Weatherford; Mr. and Mrs. L. G. Hagard of Ector, Texas; Mr. and Mrs. H. B. Cogdell of Llano, Texas; and Mr. and Mrs. P. R. Underwood of Amarillo.

### WELLS-ARANT.

One of the first of the June weddings was that of Miss Irene Wells, daughter of Mr. and Mrs. H. F. Wells of Toyah, Texas, and Mr. Arant of El Paso, Texas, which took place at the home of the bride's parents on Tuesday evening, at 6 o'clock. Rev. C. R. Teague, pastor of the First Baptist church, performed a very impressive ceremony. The bride had as her attendants, Miss Irene Andrews, maid of honor, who was gowned in white Georgette over taffeta with black lace hat. Miss Laura Bass of Longview, Texas, was gowned in blue Georgette over taffeta with white lace hat. The bride was beautiful in her handsome tailored suit of blue Duvelon with chic tailored hat. Mr. Jim Friend of El Paso, was best man and Mr. Alvin Crawford was groomsmen. The bridal party entered by the Mendelssohn wedding march, played by Mrs. William Robinson.

Many friends of the bride were present and the out-of-town guests were, sister and brother of the bride, Mr. and Mrs. H. McTier of El Paso, mother of the groom, Mrs. Betty Arant of El Paso, sisters, Mrs. L. C. Liddell of Midland, and Mrs. W. E. Cofer of Longview, brother, Mr. H. B. Savill, El Paso.

They were recipients of many beautiful and useful gifts.

They left immediately for their home in Delvan Court, El Paso.

### PECOS SHIPS OUT FIRST HAY CROP OF SEASON

An average of about ten carloads of hay are being shipped from the Pecos valley country every day as the first big cutting of the season is being sold and the second cutting is starting. These shipments have been going on for the past ten days and the prices have been averaging between \$28 and \$32 a ton.

## PECOS-TOYAH FIELD COVERED WITH EIGHTY RIGS AND DRILLS; NOW READY FOR DEVELOPMENT

Eighty rigs are drilling or being erected now in the Pecos-Toyah fields. Twenty-five of these rigs have not yet spudded in but are waiting for more material, supplies and power. Nine wells have struck at least a good showing of oil. The Bell No. 1 is said to be a good producer, while the other eight showings were found in the Toyah shallow field. These drills cover an area of fully 100 miles east and west and 50 miles north and south.

Although several wells in the vicinity of the Bell well have passed the pay sand that the original well hit, none have been the producers that the Bell is rumored to be. Showings of gas and oil have been encountered at various depths, but not in paying quantities.

The Bell-Reeves has resumed drilling after a reorganization of the company, which was originally formed with the object of going down about 700 feet. The well will be put on down under the new company to a depth of 1,000 feet.

The Minerva and the Finley & Anderson have also found their first hard rock. The fact that the holes have found an under strata of rock makes it possible to reset the casing and thus avoid the trouble the other wells have had with water seepage. The Minerva has had its most favorable showing since it passed the oil sand at 650 feet. It bored into a white rock identically the same as that found about 80 feet above pay sand in the original Bell well, and there is also a similar strong gas showing. No water was found below the white sandstone in the Bell well and so the Minerva drillers are encouraged.

### NEW LOCATIONS MADE.

The Bell No. 2, located 300 feet from No. 1, is being spudded in today.

S. C. Coulter moved in a new Armstrong rig from Irabell to section 32, block 54, township 4, this week and will spud in the first well of a series of five he expects to put down in his holdings in this section. Coulter came here from Stephenville, Texas.

L. M. White, Fort Worth capitalist, has made a location in section 2, block 55, township 3, six miles northwest of the discovery well. He is here with his geologist, Dr. Carpenter of Dallas, and together they will make a second location in the Toyah field in section 17, block 58, to be known as the Toyah-Bell No. 2. Mr. White has three big holdings in this section and plans to make extensive developments.

### Other Operations.

Cave-ins are still delaying the operations on the Troxel deep test well in the Toyah field. The well is being drilled with water in the hole due to difficulty in finding a rock sufficiently hard on which to reset their casing.

The Finley-Anderson well in section 10, block 2, H. & G. survey, had reached a depth of 750 feet Thursday. They expect to go down 1,000 feet if necessary.

### Report from Artesia.

C. Y. Roscoe, who has been here this week looking over the oil developments, returned to Artesia last Thursday. He reports the prospects around Artesia as good. The Kansas-New Mexico people are putting down a well seven miles southwest of Lakewood. The Pecos River Oil & Gas Co. is drilling 15 miles west of Lakewood, while the Illinois Producers are getting some production from their Lakewood well. The National Exploration is preparing to put down a well near Lake Arthur.

### Fisher County.

There is considerable excitement in Fisher county, where an excellent showing has been found in a brown, sandy limestone at a depth of 1,400 feet in the Serbing Oil company's test.

The Pyron company and the Mineloa company have both had a showing of oil in their tests at around 1,470 feet. Water has caused considerable delay, but the drills are again pounding away at the hole and Fisher county is waiting with expectation.

### Culberson County.

Thomas E. Purdy, banker of Gallup, N. M., is making his headquarters in Toyah while making an investigation of holdings in blocks 99 and 100, Culberson, in which, he with others, are interested. Mr. Purdy and associates own 16 sections and he is authority for the statement that oil development will be started as soon as tools and material can be moved to the drilling sites.

Owens & Scovell No. 1, Standard rig, section 2, block 91, down 700 feet.

Tom Owen well No. 2, Standard rig, section 16, block 92, rig up, waiting for stools and other equipment.

Ben Andrews et al., standard rig, section 35, block 60, township 5, down 300 feet.

Citizens Oil & Gas Co., standard rig, scrap section 71, block 2, H. & G. survey, down 650 feet.

In addition to the foregoing there are a score or more of companies who have secured leases and made locations for deep tests in this field. The J. Sully company has vast holdings in blocks 54 and 60, which will be developed as soon as material can be received.

## BELL NO. 3 EXPECTED TO COME IN NEXT WEEK

The Bell well No. 3, an offset of a few hundred yards to Bell No. 1, is expected to come in sometime next week. The Bell No. 1 continues to be more or less a mystery and first-hand data remains a secret with the directors of the company. Information has been held back until Bell No. 3 could be brought in. If it is a good producer then general information will be set with more veracity and the field cleared up.

That the Bell No. 1 is having trouble with the casing and water is true but the extent is not known. If No. 3 comes in as good as the original then the Bell company will probably be ready to give out exact information.

### Brewster County.

(Reported by Alexander Syndicate.) Well No. 1 Hargus, located on section No. 38, block 4, 5 1/2 miles west of Marathon; fishing for tools, now 2,100 feet.

Well No. 2, Skinner, located on section 65, block 2, six miles north of Marathon; drilling at 1,200 feet.

Well No. 3, Montgomery, located on section 6, block 1, 2 1/2 miles northeast of Marathon; drilling at 325 feet.

Well No. 4, Yarbrow, located on section 128, block 22, nine miles east of Marathon; spudding.

Oil scouts have thronged to Alpine since the discovery of oil in Wilson No. 1 well of the Presidio Oil company. They give out no information. Companies which have men on the ground include the Texas, Sinclair, T. & P., Magnolia, Hercules, Humble and Mohawk. Acreage in big blocks is being leased throughout Brewster county.

The Linder Oil corporation of Texas will drill on the Ben Pruett ranch near Alpine as soon as materials and tools can be put on the ground.

The setting of casing and cementing in Wilson No. 2 practically has been completed. The well is expected to be drilled in within ten days.

Hargus No. 1, drilled by the Alexander syndicate, is reliably reported on oil sand.

(Reported by Marathon Oil Co.) Gage well No. 1, located on section 1, T. F. Storey grantee, 20 miles southeast of Marathon; setting 1,000 feet 12 1/2-inch casing.

Gage No. 2 Hercules Development company, located 8 1/2 miles southwest of Marathon, on section 7, block 308, waiting for additional tools; drilling in black lime at 700 feet.

In addition to the above wells in Brewster county is the Wilson well of the Presidio Oil company, now reported to be 1,740 feet, waiting for material.

All of the above wells are equipped with standard deep well rigs capable of going 3,500 or 4,000 feet if necessary.

Also the Kokernut well at Hovey of the Twin Cities Oil company, reported as being 750 feet, casing.

The latest drilling report from the Brewster county territory in the Trans-Pecos region south of here is as follows:

Gage No. 1, 20 miles southeast of Marathon, drilling 12-inch hole at 112 feet.

Gage No. 2, eight and one-half miles southwest of Marathon, section 7, block 308, waiting for new tools at 915 feet.

Wilson No. 1 of Presidio Oil company, 53 miles south of Alpine, 300 feet in oil; setting casing preparatory to drilling in.

Kokernut well near Hovey, about 600 feet.

Skinner No. 1, section 65, block 2, six miles north of Marathon, drilling 10-inch hole at 1,185 feet.

Yarbrow No. 129, block 22, nine miles east of Marathon, spudding 20-inch hole at 161 feet.

Hargus No. 1, section 38, block 4, five and one-half miles west of Marathon, drilling 10-inch hole at 2,220 feet.

Montgomery No. 1, section 6, block 1, 2 1/2 miles east of Marathon, drilling 18-inch hole 540 feet.

Pays Record Price. J. G. Bates has closed a deal for acreage in section 9, block 59, at a price said to be a record payment for acreage in this field. Mr. Bates admitted that he had closed a deal and that he believed the price paid was at the top or close to it, but refused to give figures "for the present." He added: "I am going to Arizona with a view of interesting some friends in capitalizing its development."

Garza Co. Well Hits Oil Sand. PYOTE, Texas, June 8.—Payne well No. 1, at Justiceburg, Garza county, entered the oil sand Friday at a depth of 2,945 feet. With the bit only a foot in the sand, the well is gassing heavily and casing is being set before trying to bring the well in.

This is the first deep test to be drilled in Garza county, and is being drilled by the Post City Development company.

Boren No. 1 well of the Garza Co. Developing company is casing off water at 200 feet.

## TOYAH CHAMBER OF COMMERCE HOLDS BIG BUSINESS MEETING

The meeting of the Toyah chamber of commerce, held Friday night, last, was one of the best attended and the most enthusiastic gatherings of the membership of the organization brought together since the organization of that body last April and more business of interest and importance to the community and the oil fields was transacted than at any other meeting ever held. Messrs. A. F. McGehee, C. P. Crawford and Max Weiler were added to the board of directors in order that that body might be brought up to the quota set when the chamber of commerce was organized several weeks ago, viz: 21 members.

E. B. Daniel, chairman of a special committee on good roads, reported that the committee, after consultation with County Judge Ross, in the

latter's office in Pecos, had sold the \$50,000 issue of road bonds.

W. B. Collins, chairman of the general committee having in charge the preparations for the three-day celebration of the Fourth of July, reported that 30 beebes had been contributed for the barbecue. None of the other committees were ready to report, many of the chairmen explaining that they were waiting for the report of the finance committee in order to know just how far they might go in the matter of incurring expense. Mr. Mace of the finance committee reported that he and Mr. Henderson had collected in cash or pledges \$465. Mr. Dues, chairman of the committee, said he had been asleep on the job but promised to wake up and get busy with Mr. Rutherford, in the morning.

## HOSE CART BATTERS FOUND HICKS FOR TWO RUNS IN NINTH; WHITE SOX STRING UP SEVEN

### DALLAS MAN BUYS 4000 ACRES IN TOYAH FIELD

G. B. Pierce of Dallas is reported to have bought 4,000 acres of land in the shallow field of the Toyah basin. Mr. Pierce left for Dallas to consult his associates in regard to developing the property.

Dr. W. M. Moberly, who has been in the field for several days, said he had bought several pieces of acreage in the shallow field, close to production, for an association of Oklahoma men.

### BAYLOR U. ANNOUNCEMENT COMMENCEMENT PROGRAM

WACO, June 10.—The program for the commencement exercises of Baylor university's diamond jubilee celebration to be held June 11-16, has been announced by Dr. S. P. Brooks, president of the institution. The baccalaureate sermon will be preached by Dr. George W. McDaniel of Richmond, Va., Sunday, June 13, and Dr. George W. Truett of Dallas will deliver the commencement address June 16. The Hon. Albert S. Burleson, postmaster general of the United States, will be present as the personal representative of President Wilson and will also deliver an address. Among others who will be on the program are, Hon. J. Hamilton Lewis, United States senator, from Chicago; Dr. O. H. Cooper, a former president of Baylor; R. C. Crane of Sweetwater, and R. A. Burleson of Dallas, both of whom will address the alumni association.

The Browning benefit, to be given June 14, will include on its program the noted poets, Edwin Markham, Vachel Lindsay, Amy Lowell, Harriet Monroe and Judd Mortimer Lewis, poet laureate of Texas.

### EL PASO LIVE STOCK DEALER HERE LOOKING FOR CATTLE

J. H. Nations, the big livestock dealer of El Paso, was in Pecos Wednesday and Thursday looking for a chance to pick up some cattle and to investigate the West Texas range country.

H. E. Saul made a short business trip into New Mexico the middle of this week.

Playing a slow game in the mid-afternoon sun, the Pecos White Socks took the long end of the string in a 7 to 2 score Monday evening at the ball park, against the fire department team.

The only feature of the game was the fact that Pat Moran was again found playing a come-back game between the second and third sack.

With the exception of the first two innings, Prewitt pitched a good game for the department and succeeded in striking out the first three batters up the sixth. Hicks was on the mound for the White Socks and had the fire-eaters at his mercy throughout the game, allowing only a few scattered hits. His delivery was slow with many teasers to the hose cart batters.

The fire department scored their two runs in the ninth inning with one man down.

Ross made a sensational running fly-out at centerfield in the fifth, otherwise the game was unusually slow, with short hits and scattered runs.

Batteries—For Pecos, Hicks and Rosgeb; for the fire department, Prewitt and Rosgeb.

### MRS. HARRY HINKLE DIED SUDDENLY AT LUBBOCK

The sad news of the death of Mrs. H. W. Hinkle reached Pecos Sunday. Deceased passed away at her father's home in Lubbock, Texas, late last Saturday afternoon and interment was made the following day in the Lubbock cemetery.

Mrs. Hinkle was an invalid for many years and she has been steadily failing in health ever since her residence in Pecos. Mr. Hinkle is an employe at the Pecos Mercantile and the community extends its sympathy in this, his hour of sadness.

Drummer F. M. Purcell was in Pecos Tuesday enroute to El Paso.

H. S. Thomas went down to Amarillo Wednesday on a pleasure trip.

H. C. Canfield, a member of the Canfields so closely associated with the oil history of California and Mexico, is in Pecos this week while preparing for developing his holdings in the Toyah basin.

Dr. and Mrs. Joseph A. Daniel leave Sunday for a visit to Los Angeles, Cal. In El Paso they will be joined by Mr. and Mrs. M. J. Epley of New Orleans.

## PECOS IS RAISING \$2,100 TO FINISH RED BLUFF RESERVOIR; MAY SUE N. MEX. FOR WATER

### TO HOLD TEACHERS' EXAMINATION IN PECOS

Owing to the low salaries being paid teachers, Reeves county and in fact the entire state of Texas is having one of the greatest shortages in the history of the teaching profession.

County Superintendent Ross is making an urgent demand for teachers to fill the Reeves county schools during 1920. So far the contracts are few and unless something is done to alleviate the threatening shortage the country schools will be without instructors next year.

Miss Annie Webb Blanton, state superintendent of public instruction, has issued an order to county superintendents to hold teachers' examinations on the first Friday and Saturday in each of the summer months.

The Reeves county examining board is composed of Superintendent Ross, Mrs. Lillie Cole and Mrs. J. W. Brooks. And the examinations will be held in Pecos on the above dates.

Miss Ella Frazer was over from Toyah Thursday and Friday, transacting business and seeing friends. While here she was the guest of Mrs. W. H. Drummond.

After trying for many months to get the government to investigate the Red Bluff dam project across the boundary line in New Mexico, the Pecos valley water users have finally reached a point where the project may now get some action.

The government has agreed to work over the reservoir providing Pecos valley will furnish \$10,000 with which to carry on the work. The quota from all the surrounding districts has been raised and Pecos is busy this week raising \$2,100 dollars which will complete the required amount.

With the Red Bluff dam as a storage tank 150,000 acres of land along the Pecos river can be irrigated and turned into a fertile producing area.

It is claimed that New Mexico has held up the water supply until the Pecos valley water users have decided to enter suit in the United States supreme court against the state of New Mexico, in the determined effort to obtain a flow of water in to the Pecos and other streams which they say, being held back for irrigation purposes in New Mexico.

If the government findings are to the effect that the Red Bluff dam will hold water, then it will only be a matter of a short time until congress will take action to make this a reservoir for irrigation projects along the Pecos river.

## EIGHT-YEAR OLD BOY DROWNS IN PECOS RIVER; BODY FOUND 18 HOURS LATER AFTER DYNAMITING

Little 8-year-old Beasie Gentry fell from the pier at the swimming hole a mile east of town at 3 o'clock Wednesday afternoon and drowned immediately.

After an all night's search the body was found three miles down stream floating on the surface at 10 o'clock Thursday morning. The fire siren called out the department at 7 o'clock and in a short time over three hundred people had congregated on the banks to look for the missing body. Parties tramped up and down stream for miles all through the night.

### Dynamited Stream for Body.

At 12 o'clock p. m. dynamiting parties prepared and set charges for two miles down stream from where the lad fell in and again Thursday morning more charges were set and the river blasted. As a result it is believed that the body arose to the surface.

The river had risen five feet from the time of the drowning until the body was recovered and the swift

current had carried it far down the stream.

### No Effort Made to Rescue.

Whether Little Gentry tripped over the edge of the pier or was coaxed to dive in by other swimmers, isn't known. Frank with fear, the other small boys watched the drowning, which was of short duration, without making an effort to rescue, and then raced to town and notified S. M. Gentry, father of the boy. A party was immediately made up and cars carried them to the river where the search was begun. As the news spread the crowd at the river increased until by nine o'clock both banks of the stream were lined with searching people.

After recovery the remains were taken to the Pecos Mercantile undertaking department. Funeral services were held at the home Thursday afternoon and interment made in the Evergreen cemetery. Mrs. Gentry is very ill and has been in hysterics since notified of the drowning of her son.

Mr. Gentry is an employe at the freight office.

## C. OF C. MEETS TO DISCUSS PLAN OF PUBLICITY CAMPAIGN; ADVERTISING PECOS VALLEY

The Pecos business men comprising the Chamber of Commerce, met at the commerce rooms at 3:30 Wednesday afternoon for the purpose of hearing the plan of the West Texas publicity campaign that will be presented in 18 states by the West Texas chamber of commerce during the late summer and early fall.

It is planned to take motion pictures of interesting sights in all territories participating in the campaign, and to exhibit these, as well as the products found in these territories, at 250 large and 125 small towns and 16 state fairs.

The campaign will cover the states of Kansas, Nebraska, Iowa, Missouri, Indiana, Ohio, Illinois, New York, Pennsylvania, West Virginia, Kentucky, Tennessee, Alabama, Mississippi, Georgia, Louisiana, Southern Minnesota and Southern Michigan. Stops will be made in 375 towns of these states where literature will be distributed and an exhibit of West Texas products displayed. Motion pictures will also be shown in these states in the hopes of interesting farmers, capital and business men into making investments in Texas.

The sensational part of the scheme will be promoted by an advance man

and two airplanes, which it is hoped will secure thousands of dollars worth of newspaper publicity that could not be purchased. A motor truck will follow the planes, carrying agriculture, mineral and oil products. A printed history, telling of Pecos and her possibilities will be distributed as a reference book to school teachers over the country.

Dr. Lloyd Speaks to C. of C. Dr. Lloyd representing the Western Texas chamber of commerce, spoke at length on the possibilities this advertising would have with the other states in bringing future settlers to the Pecos valley country.

Conferring with Dr. Lloyd and W. K. Whipple the Chamber of Commerce members agreed to take the matter up more thoroughly with the absent members and to make reply at an early date in case Pecos joined the publicity campaign.

However, it is felt that owing to the expenditures in the publicity of the oil field and the funds that are to be raised this week for the Red Bluff irrigation dam project, that Pecos has about run her course financially and may decide to stay out of this educational tour of the east.

### M'CARVER-BECK.

The marriage of Miss Laura Mildred McCarver and Mr. V. V. Beck was solemnized on Thursday evening at the Methodist church, south. An artistic arrangement of flowers and palms was effectively arranged against a background of white at the altar. Guests were seated by the ushers, Mr. Albert Sisk and Mr. P. R. Underwood of Amarillo, Texas.

The prenuptial solo "Because" was sung by Mrs. H. B. Cogdell and at 8 o'clock the strains of Lohengrin's wedding march, played by Mrs. G. Hagar, of Ector, Texas, led the professional. Little Miss Nell Anderson, dressed in a dainty white dress served sweetly as the flower girl. The bride entered dressed in Dutchess satin, court entrain, with a Juliette cap and white kid slippers and gloves. The lace creation was the heirloom of the marriages of the brides sisters and was a dainty affair that made a beautiful effect for the bride, with her long bridal veil falling to the edge of her gown. She wore a diamond lavaliere at the throat, a gift of the groom, and carried a bouquet of brides roses, entwined in green fern. Mrs. J. C. Wilson, matron of honor, wore white picturesque and carried a pink basket of flowers. The maids, Miss Mildred Obitz and Warren Collings wore white with pink veils and pink baskets of sweet peas, making an artistic picture with the white background. The effect was very beautiful with the delicate pastel shades of their gowns. The groom and his best man, Mr. J. C. Wilson, met the bridal party at the altar, where they knelt on a pillow of white satin, the ceremony being performed by Rev. C. S. McCarver, father of the bride.

Mrs. Hagar, sister of the bride, played Mendelssohn's as the recessional march.

Miss McCarver, the bride, graduated from the Pecos public schools in 1914 and afterward took up her study of music in a Dallas conservatory. She is accomplished both in piano and voice and has taught music for several years. She is one of the winsome young ladies of Pecos and has a large circle of friends.

Mr. Beck is now employed in the hardware business at Ranger, Texas. He was an employe at the Pecos Mercantile several years, and is well known in this city for his sterling ability.

A reception was given to the bridal

party at the McCarver home at 9 o'clock last evening and the party left immediately for Ranger, where they will make their future home.

Many beautiful presents were received by the bride and groom.

The out-of-town guests were, Mrs. C. A. Bickley and son of Weatherford; Mr. and Mrs. L. G. Hagar of Ector, Texas; Mr. and Mrs. H. B. Cogdell of Llano, Texas; and Mr. and Mrs. P. R. Underwood of Amarillo.

### WELLS-ARANT.

One of the first of the June weddings was that of Miss Irene Wells, daughter of Mr. and Mrs. H. F. Wells of Toyah, Texas, and Mr. Arant of El Paso, Texas, which took place at the home of the bride's parents on Tuesday evening, at 6 o'clock. Rev. C. R. Teague, pastor of the First Baptist church, performed a very impressive ceremony. The bride had as her attendants, Miss Irene Andrews, maid of honor, who was gowned in white Georgette over taffeta with black lace hat. Miss Laura Bass of Longview, Texas, was gowned in blue Georgette over taffeta with white lace hat. The bride was beautiful in her handsome tailored suit of blue Duvelon with chic tailored hat. Mr. Jim Friend of El Paso, was best man and Mr. Alvin Crawford was groomsmen. The bridal party entered by the Mendelssohn wedding march, played by Mrs. William Robinson.

Many friends of the bride were present and the out-of-town guests were, sister and brother of the bride, Mr. and Mrs. H. McTier of El Paso, mother of the groom, Mrs. Betty Arant of El Paso, sisters, Mrs. L. C. Liddell of Midland, and Mrs. W. E. Cofer of Longview, brother, Mr. H. B. Savill, El Paso.

They were recipients of many beautiful and useful gifts.

They left immediately for their home in Delvan Court, El Paso.

### PECOS SHIPS OUT FIRST HAY CROP OF SEASON

An average of about ten carloads of hay are being shipped from the Pecos valley country every day as the first big cutting of the season is being sold and the second cutting is starting. These shipments have been going on for the past ten days and the prices have been averaging between \$28 and \$32 a ton.

OH, DEAR! MY BACK!

Merciful Heavens, how my back hurts in the morning! It's all due to an over-abundance of that poison called uric acid. The kidneys are not able to get rid of it. Such conditions you can readily overcome, and prolong life by taking "Anuric" (anti-uric-acid). This can be obtained at almost any drug store, in tablet form.

When your kidneys get sluggish and clog, you suffer from backache, sick-headache, dizzy spells, or twinges and pains of lumbago, rheumatism or gout; or sleep is disturbed two or three times a night, get Dr. Pierce's Anuric, it will put new life into your kidneys and your entire system. Send Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., ten cents for trial package.

STROUD, OKLA.—"I suffered for a year with kidney trouble. I saw Dr. Pierce's advertisement and wrote for a trial package of 'Anuric.' It helped me so I went to the drug store and bought a supply of Dr. Pierce's medicines. The 'Golden Medical Discovery' and the 'Pleasant Pellets' cured me of bowel trouble, and the 'Anuric' of the kidney trouble and rheumatism. I am cured—can do my work and it does not hurt me at all."—Mrs. MARY JANE FISHER, Route 5.

ASPIRIN FOR HEADACHE

Name "Bayer" is on Genuine Aspirin—say Bayer

Insist on "Bayer Tablets of Aspirin" as a "Bayer package," containing proper directions for Headache, Colds, Pain, Neuralgia, Lumbago, and Rheumatism. Name "Bayer" means genuine Aspirin prescribed by physicians for nineteen years. Handy tin boxes of 12 tablets cost few cents. Aspirin is trade mark of Bayer Manufacture of Monoacetic-acidester of Salicylic acid.

COULD HARDLY STAND ALONE

Terrible Suffering From Headache, Sideache, Backache, and Weakness, Relieved by Cardui, Says This Texas Lady.

Gonzales, Tex.—Mrs. Minnie Philpot, of this place, writes: "Five years ago I was taken with a pain in my left side. It was right under my left rib. It would commence with aching and extend up into my left shoulder and on down into my back. By that time the pain would be so severe I would have to take to bed, and suffer usually about three days. I suffered this way for three years, and got to be a mere skeleton and was so weak I could hardly stand alone. Was not able to go anywhere. I had to let my house work go. I suffered awful with a pain in my back and I had the headache all the time. I just was unable to do a thing. My life was a misery, my stomach got in an awful condition, caused from taking so much medicine. I suffered so much pain. I had just about given up all hopes of our getting anything to help me.

"One day a Birthday Almanac was thrown in my yard. After reading the testimonials I decided to try Cardui, and am so thankful that I did. I began to improve when on the second bottle. I am now a well woman and feeling fine and the cure has been permanent for it has been two years since my awful bad health. I will always praise and recommend Cardui." Try Cardui today. E 78

You Do More Work.

You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, laziness, nervousness and sickness. GROVE'S TASTELESS CHILL TONIC restores Energy and Vitality by Purifying and Enriching the Blood. When you feel this strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

GROVE'S TASTELESS CHILL TONIC is not a patent medicine, it is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs Quinine to Purify it and IRON to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood. The Strength-Creating Power of GROVE'S TASTELESS CHILL TONIC has made it the favorite tonic in thousands of homes. More than thirty-five years ago, folks would ride a long distance to get GROVE'S TASTELESS CHILL TONIC when a member of their family had Malaria or needed a body-building, strength-giving tonic. The formula is just the same today, and you can get it from any drug store. 60c per bottle.

SEVEN CONVICTS LOG CHAINED IN PECOS

Bound, seven abreast, with log chains around neck and hands, five Mexicans, an ex-soldier and an Indian stopped off in Pecos last Saturday enroute to the state prison. Two of the prisoners were recruited from Fort Stockton where they were held under charges of robbery and the other five came from El Paso, also held on charges of burglary.

Two of the prisoners had received gunshot wounds in their efforts to escape and another of the gang was an ex-convict who had broken jail three times. They were as hardened a lot of criminals as have been assembled in Pecos for many years.

The ex-soldier attempted to hold up a taxi driver in El Paso last week, and in the fight that ensued, the driver chewed the soldier's finger off, the taxi ran over an embankment and both men were found unconscious.

The prisoners were being taken to Huntsville to the state penitentiary to serve from two to five year sentences. The prisoners and their term are: David Bueno, four years; Vincente Rogers, two years; Antonio Lopez, two years; Daniel Garcia, two years; Glenn Phillips, four years, and Manuel Vega, five years.

ED. HIBDON TO HOUSTON FOR STATE PRESS ASS'N

Believing that there must be some way of getting a few pointers on the shortage and high price of print papers, John Hibdon, editor of The Enterprise, left Monday for a week's pleasure and business trip to Houston, Texas.

While there the editor will attend the State Press association and mingle with the other editors of the state.

Many interesting trips have been planned out of Houston and the association will take up an entire week discussing the paper situation, the country press and problems of the printer. Some of the finest speakers in the country are on the program and Houston will probably be the rendezvous for a record meeting this week.

ASKS SUPPORT FOR SCHOOL ENDOWMENT

Editor Enterprise—The public school system of the state is in a critical condition. Owing to the decrease in the purchasing power of the dollar and the constitutional limit of local tax upon the districts, the school boards throughout the state are unable to maintain the schools during the ensuing year.

Besides the increased cost of incidentals, it is imperative that salaries be increased. There will be a surplus in the state treasury to the credit of the general account on August 21 of about \$7,000,000 and a bill has been introduced in the special session of the legislature appropriating \$5,000,000 to be apportioned upon a per capita basis to all school districts. This would increase the per capita apportionment about \$4.

As a friend to education, I am sending this appeal to you to write or wire your representative and senator urging support of the measure. Interest your local school board in the proposition; get promptly, as this bill will be considered next week. Sincerely yours, S. M. N. MATRIS.

I. N. BRISTOE DEAD.

Word was received last Saturday of the death of I. N. Bristoe, brother of J. B. Bristoe of Pecos.

The deceased passed away at his home at Caddo Mills, Hunt County, Texas, at 1 o'clock Saturday, June 5, aged 77 years. He has been a resident of Texas for 75 years, served with his brother in the Confederate army and is one of the old pioneers of the west.

Pecos friends and neighbors extend their sympathy to those left to mourn, in this hour of sadness and bereavement.

We have new alfalfa hay, all kinds of feed. Get our prices. O. J. Green & Co. 43-2t

ENTERPRISE IS 10c A COPY. Copies of the Pecos Enterprise for sale for 10 cents per copy. The Enterprise has been charged with profiting and for that reason we are making the following explanation:

Two and a half years ago we bought print paper for 2 to 3 cents a pound; before the oil boom the highest salaried man in the office drew \$35 a week—the lowest salaried man draws \$50 a week, while print paper costs 15 cents a pound and then the supply can only be kept about two issues ahead of requirements.

Since the oil boom The Enterprise has printed several hundred extra copies each week, not to make money, but to encourage the circulation of the oil news and boost Pecos. Some weeks almost every copy is sold and others only a few are sold, leaving a large number on hand.

The Enterprise loses money on every paper that it prints extra, and our one object has been to save all the paper we could, as the supply at present is limited. The Enterprise does not solicit a sale nor put a paper on the street and those desiring a copy will have to come to the office and get it at not less than 10 cents a copy—if the paper isn't wanted at that price, your patronage is not solicited and any kicks won't be tolerated.

All accounts not paid promptly we will close just as promptly as you fail to pay. O. J. Green & Co. 43-2t See Hayes for Oil Leases—1-acre tracts and up to 10,000. Write Postoffice Box 147, or phone 44, Pecos. 12-1f

Get Goodyear Tire Economy for That Smaller Car. Just as owners of the highest-priced automobiles get greater mileage and economy out of Goodyear Tires, so can the owners of smaller cars similarly enjoy Goodyear advantages. The 30x3, 30x3 1/2, and 31x4-inch sizes of Goodyear Tires are built to afford a money's worth in performance and satisfaction which only the utmost in experience, resources and care can produce. This extraordinary money's worth begins not only with the merit of these tires, but also with the first cost, which in most cases is no greater, and sometimes actually is less, than that of other makes of the same types of tires. Go to the nearest Goodyear Service Station Dealer for Goodyear Tires for your Ford, Chevrolet, Dort, Maxwell, or other cars taking these sizes. He is ready to supply you Goodyear Heavy Tourist Tubes at the same time.

30x 3 1/2 Goodyear Double-Cure Fabric, All-Weather Tread	\$23.50
30x 3 1/2 Goodyear Single-Cure Fabric, Anti-Skid Tread	\$21.50

Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casings properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30x3 1/2 size in water—\$4.50 proof bag

# GOODYEAR

RIALTO AERODOME NOW READY FOR BUSINESS

The Rialto Aerodome, the latest amusement house to open in Pecos, has a seating capacity of 450, its own Universal power plant, two Simplex machines and full equipment for a first class movie show.

They are on the Paramount Artcraft and Fox National circuit, which is a guarantee of good pictures for Pecos movie fans. The theater will be named after the summer to its new Nancy building, where it will be located after the metropolitan style and the finest of fixtures installed. Wasserman Davis, the proprietors, have also taken over the construction of the Nancy building and will finish it within the next six weeks.

Compare our prices; you'll be surprised at what you save by trading here. O. J. Green & Co. 43-2t

TO THE PUBLIC

This is to notify the public that as stated by Mr. E. B. Kiser three weeks ago in this paper, I am not now and have never been a deputy under him. I wish to further state that I have never asked him for a deputyship and would under no circumstances accept one under him. I am now working for Pecos City as night watchman and am ready and willing to meet any and all who come who will always find me on the job. (Signed) J. S. CHANDLER. (Adv.—Pd-1t)

UNANIMOUS FOR GIN.

Long before the rest of the United States was beset with prohibition, Kansas was a dry state. A negro parson from Texas came into Kansas to take a charge and they tell this one on him: Hearing that the mayor could issue a permit for wine the parson called at his sanctum: "I is de Rev. Dr. Phinas Jones, D. D., an Ah wants dis yere wine for sacrilegious purposes, Ah done been tol dat you can git it for dat." The mayor said that he could but that it was for sacramental purposes. "What kind do you prefer?" said the mayor. "Well, de congregation have done taken a vote an da is unanimous for gin," said the dusky parson. If your account is past due please settle, as we need the money. O. J. Green & Co. 43-2t

## GEOLOGIST REPORTS ON AREAS FROM EL PASO TO PECOS RIVER

By E. B. LATHAM.  
(Former chief geologist of the Southern Pacific Railroad.)

The Toyah field has been of special interest for many years because of the occurrence of a shallow pool of oil, used as a lubricant, and encountered at a depth of from 125 to 180 feet. The fact is that this shallow oil occurs over 1,000 square miles and is in reality a seepage from a reservoir of oil occurring at a considerably greater depth. It arises from this great depth through fractured zones in the limestone floor of the Toyah basin and is absorbed in the sand which has been laid near the surface.

It is obvious that the greater production in the Toyah field will lie at this greater depth in other words from the original reservoir, and our problem is to deduce in what strata the oil occurs, and the most favorable place for it to be segregated in commercial amounts.

The surface of the ground is about the middle of the Permian, and geological deduction shows that the big oil must occur above the middle of the Pennsylvania formation.

In this it is different from the Ranger field, where the big oil occurs at the base of the Pennsylvanian.

This assurance that the big oil can not occur below the middle of the Pennsylvanian is arrived at from the observation of the country around Van Horn, where the base of the Pennsylvanian rests on the pre-Cambrian.

Assuming that this deduction is correct, which undoubtedly it is, it remains for us to ascertain where the most favorable place would be for the deep oil to collect and this of course, is where the major fields occur.

Of course there are two, the greatest one being the Delaware mountains, the next the Rustler hills. As a matter of fact, the Rustler hills and the Delaware mountains are connected at their southern extremity and these two folds form a sort of "U" in shape.

I have made, for various clients within the past 18 months, a careful geological examination of the Toyah field and of all the country between El Paso and the Pecos river, and it is my conclusion, based upon extensive field work and careful study of all the literature and reports published by both state and federal agencies, that the east flank of the Delaware mountains and the east flank of the Rustler hills comprise the really areas in which deep oil can be secured at the really shallowest depth and in the greatest amount.

Representing various clients and working in conjunction with them, three areas have been leased, which I will designate as A, B, and C. Area A consists of 13,000 acres upon the east flank of the Delaware mountains and I believe it to comprise about 20 per cent of the very cream of the best territory in the Delawares. Area B is a part of the Rustler hills, or rather of the connecting link between the Rustler Hills and the Delaware mountains, and consists of 10,000 acres picked from a tract of 14,000 acres and both areas A and B are so situated that either of the two deep test wells now drilling will prove them if those wells strike oil. Area C comprises about 5,000 acres in the very heart of the Rustler hills. We hold an option on the fee of area C at a specified price. A and B are held on a one-eighth royalty basis.

Considering the property on the east flank of the Delawares, there is the Casey ranch, which is not for lease at all; the Savles ranch which is divided into two parts, one of which consists of 14,000 acres and has been recently leased to Houston people who I know are to drill a deep test well. The other and better part comprises area A, heretofore mentioned.

Passing southeast along the Delawares the next tract is owned by people who are drilling the Owens deep well and is not on the market and will not be on the market until this well is completed.

We are headquarters for the Falls Casings and the Ever-Green inner tubes, the best on the market. Get our prices; all sizes. O. J. Green & Co. 43-2t

### LIFT OFF CORNS!

Apply few drops then lift sore, touchy corns off with fingers

Doesn't hurt a bit! Drop a little Freezone on an aching corn, instantly that corn stops hurting, then you lift it right out. Yes, magic!  
A tiny bottle of Freezone costs but a few cents at any drug store, but is sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation.  
Freezone is the sensational discovery of a Cincinnati genius. It is wonderful.

## AMARILLO CO. DRILLS 2 WELLS IN WARD CO.

The Guaranty Oil Lease association is the latest concern to let a contract for drilling in the Toyah basin. The deal was closed this week with the Amarillo Petroleum company to drill two wells on sections 14 and 24, block F, Gunter & Munson survey, Ward county.

This company has its headquarters at Amarillo and it will interest the oil fraternity of Pecos to know of this addition of new capital into the field.

The drilling company will haul out the tools and material to begin the work of drilling this week and the bit will be pushed down as fast as possible after the wells are spudded in.

### FACT

Local Evidence.

Evidence that can be verified. Fact is what we want. Opinion is not enough. Opinions differ. Here's a Pecos fact. You can test it. Ask your neighbor. George C. Berger says: "About three years ago my back was in bad shape. I had to do heavy lifting and such pains would catch me in the small of my back that I had to lay off work for a few days. My back was very lame and sore and when I bent over to pick up anything everything would get black. I would be so dizzy I would have to catch hold of the first thing I could reach to keep from falling. The kidney secretions passed freely and were highly colored. A friend of mine told me about them. Doan's took the soreness and lameness out of my back and rid me of the dizzy spells; in fact they entirely cured me of kidney trouble." Get it at all dealers. Foster-Milburn Co. Mfrs., Buffalo, N. Y.

We are growing every day, there is a reason. O. J. Green & Co. 34-2t

We want your business and offer the inducement of "more goods for less money." Strictly cash. Pecos Bargain House. 35tf

**RENT PROFITEERING.**

The City of Pecos is making the same mistake over again that all other oil boom towns have made.

With the advent of oil also came the advent of rent profiteering, abnormal land and real estate values on town property, high rates for board and all other commodities. A money-mad, get-rich-quick-Wallingford aspiration laid siege to the town. The time had come when many new residents would have bought property and settled here; new business buildings would have adorned the main sections and the city would have enjoyed a regrowth that would have remained long after the oil boom became history.

But instead, prices have been made prohibitive with the result that new business firms and new residents are only here temporarily; everything has been done with a view to moving as soon as things die down a little; labor is transient and in fact no one expects to stay in the city any longer than their business calls on them to do so.

It is to the interest of Pecos, her people and her business men to discourage this profiteering as much as possible. If we are to have an eye for future business and future growth, now is the opportune time to encourage this influx of new business the settle and become permanent fixtures of the town. The good business man never tries to take all the money you have in one bunch and after all it is the constant income that is the first harbinger of true industry and growth.

In trying to chase down the profiteer, the restaurant man, the office man and the hotel man and other business firms say that they are paying all the way from \$100 to \$300 a month for small building rentals and must get high prices to meet their mental obligation.

This rent profiteering is sending people away from the town daily and weekly, who are giving us a black eye as soon as they get outside of the city limits. We are gaining nothing by it, except a few paltry dollars at the expense of visitors. We would be far more wealthier in the end if we were to offer a more charitable homing to this new trade that is now in our city.

It is hard to confess, but the foundation of the present high prices in Pecos lies with the native rent lords. There are other instances where this isn't true, but most of it can be traced directly to rentals.

It is well that the Chamber of Commerce think this over as well as the people of Pecos, and endeavor to strike a medium where we will eventually get the largest returns out of our present prosperity.

**SUGAR TO GOLD DUST.**

The beet is in for a tight squeeze if sugar continues to advance in price. Gold dust will soon be an unpopular mineral compared with it.

Since the first of the year when the government loosened its control of the trust, sugar has been on a continual advance and there seems to be no hope for it to stop unless Uncle Sam again ropes in the monetary kings who have a corner on the market. We are now advised by anti-profiteering societies to quit eating the sweet until the prices come down but what would be still more to the public's turn of mind would be to bring home one of the Armenian relief investigating committees and set them on the trail of the sugar trust bounds.

**PURPOSES OF AMERICAN LEGION.**

The American Legion has come up for considerable criticism of late at the hands of politicians, I. W. W.'s and other radical organizations, because they have taken steps in favor of a bonus bill and sent various recommendations to congress in the forms of requests for legislation.

It is to be remembered that the preamble of the Legion's constitution reads: "For God and Country We Are United." That so long as there is an American Legion and loyal posts the people need never fear of outside aggression; neither will the country be overrun with Bolsheviks

**BRAZORIA COUNTY**

**FEE LANDS**

INCLUDES

**OIL-GAS-SULPHUR RIGHTS**

Several full 640 acres sections and larger tracts in fee. Must be sold to close estate. In heart of greatest oil producing areas near Angleton, Stratton Ridge oil dome and Hoskins Mound. All oil, gas and sulphur rights goes with land. One section within four miles of Hoskins Mound controlled by Texas Company, where 1,000,000 barrels of shallow oil taken out to date and sulphur deposits appraised over \$130,000,000. Governor of Iowa and New York capitalists interested in oil lands nearby. Drilling carried on all around these tracts by Texas Company, Humble Oil and Refining Company, Standard Oil Company, Sinclair, Gulf Production Company and other large legitimate oil interests. Fine soil. Big cotton and other crops.

ADDRESS:

**EDWARD SMITH**

P. O. BOX 1303 FLAGSTAFF, ARIZONA

or anarchism. The name of the American Legion is protection for any outbreak and the organization stands ready at a moments notice to battle for American ideals.

**ONE USEFUL INVESTIGATION**

The effectiveness of congressional investigation has become a common jest. Like most jests it has been based on exaggeration of per vision of the truth but is not without basis in facts. There is one investigating committee that has really been of service to the government and to the people. The committee recently appointed to investigate the expenditures for presidential aspirants.

**TOO MUCH LUXURY.**

American people are suffering from a peculiar disease—an insatiable craving for the luxuries of life. Time was when if we had a good home, plenty to eat and to wear, and means of recreation and enjoyment, we were contented and happy. But not now! The more we get the more we want—the more feverish our efforts to get it. We never have enough and are never satisfied.

If our neighbor has a car we long for one just a little better. If Jones has a house of beauty, Smith wants one of grandeur and magnificence.

If Mrs. Smith is at the head of a social whirl, Mrs. Jones is not satisfied until she has surplanted her. If one man is termed our leading citizen, a dozen others aspire to the honor.

If Mrs. Smith has a \$100 silk dress Mrs. Jones must have one that cost \$150 or more.

An abundance of the necessities of life is not enough any more. It takes a cool head to stand prosperity and it is about time that America gets wise and knuckles down to brass tacks again and pray for the good old days when old fashioned mothers made biscuits three times a day and men worked 18 hours for a living.

With the treaty of peace on the bench and the national convention to bat, it is said that the end of all wars is about in sight. But, say boy, the home brand will continue as long as man is man and woman is woman.

In Mexico the center of discussion continues to be whether Carranza

suicided or was slain. In America, remembering the death of Villa that proved to be such a temporary affair, the only interest is whether or not Carranza is really dead.

It rained in southwest Texas the other day and of course it was felt that the Pecos river would overflow its banks. The matter was discussed pro and con and after some messages had been sent to and fro, the state weather man issued a report that there would be no flood.

**HOUSE PARTY.**

They are making merry at the Michigan this week. The four lovely daughters of Mr. M. Some are having a house party in the delightful red sandstone home of their father. Sumptuous dinners, music, dancing and merry making of various kinds are the diversions. The personnel of the party are: M. Some, Mrs. Tatum Moore and children of Brogado, Mrs. Hardin Ross, and Misses Dorothy and Evelyn Some, who have recently arrived from Waco.

Mrs. McBurny of Twin Falls, Idaho, spent a few days with Mrs. Wren this week.

**On the Sick List**

Georgia Johnson, daughter of Mr. and Mrs. R. E. Johnson, had her tonsils removed this week.

Mrs. J. W. Gandhorn is reported by her physician to be steadily improving.

Mrs. J. H. Miller of Barstow, who has been in Pecos for the past week for medical treatment, was able to return to her home Tuesday.

Dr. N. H. Lusk returned from Oklahoma City after a few days visit with Mrs. Lusk, who is there attending the bedside of her brother.

Miss Helen and Johnson Charney had their tonsils removed at a local physician's office this week.

George F. Williams arrived home Wednesday from Rule, where he has been teaching the past year.

**VOTERS, NOTICE.**

To the citizens of Commissioners precinct No. 4:

I would like very much to be your commissioner for the next two years and in this week's paper am asking for your support.

I realize that it is an important place to fill and should you honor me with this trust, I assure you that I will do my very best to prove that your confidence is not misplaced.

I know that in the conduct of the county's business there are many things to be considered, but there are a few things that I think are of very great importance, among them that we have the very lowest tax rate that is possible to properly conduct the county's business; that special attention be given our public roads, that they be improved and extended where necessary, and that our public schools have every help that can be given them for our schools stand next to our churches.

That nothing be left undone that will improve and upbuild our town and country. I will appreciate any consideration that may be shown me. Very truly, R. N. COUCH.

**The Quinine That Does Not Affect the Head**  
Because of its tonic and laxative effect, LAXATIVE BROMO QUININE is better than ordinary Quinine and does not cause nervousness nor ringing in head. Remember the full name and look for the signature of D. W. GROVE, 30c.

**Catarhal Deafness Cannot Be Cured**

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure Catarhal Deafness, and that is by a constitutional remedy. HALL'S CATARRH MEDICINE acts through the Blood on the Mucous Surfaces of the System. Catarhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing may be destroyed forever. Many cases of Deafness are caused by Catarrh, which is an inflamed condition of the Mucous Surfaces. ONE HUNDRED DOLLARS for any case of Catarhal Deafness that cannot be cured by HALL'S CATARRH MEDICINE. All Druggists 75c. Circulars free. F. J. Cheney & Co., Toledo, Ohio.

**AN ANNOUNCEMENT.**

To the Voters of the 70th Judicial District:

I hereby announce my candidacy for the office of district attorney, subject to the action of the democratic primaries July 24.

I feel that my ambition to serve you in this office is not out of line with my experience and training for the performance of its duties. I have been actively engaged in the practice of my profession for the last 12 years and for the last seven years I have been a resident of this judicial district, first at Barstow and later at Midland, where I now live.

I make the simple promise that in the event of my nomination and election I will give my best energy and ability toward a satisfactory performance of the duties imposed by the office and will render the best service of which I am capable.

(Signed) B. W. BAKER.

FOR SALE BY

**PECOS MERCANTILE COMPANY**

**It'll soon be in Museums**

Calomel loses you a day! You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashes into sour bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

**Take "Dodson's Liver Tone" Instead!**

When you feel bilious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel, just remember that your druggist sells for a few cents a large bottle of Dodson's Liver Tone, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without stirring you up inside, and can not salivate. Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tone straightens you right up and you feel great. Give it to the children because it is perfectly harmless and doesn't gripe.

PECOS VALLEY FARMERS SEEKING COUNTY AGENT

Farmers in the Pecos valley country are renewing their efforts to secure the appointment of a county farm agent and to secure a federal cotton classifier. Residents in New Mexico are making an effort to have the headquarters of this agent located at Carlsbad, while the farmers of the lower valley in Texas are asking that the headquarters be located in Pecos. John Verhalen is leading the movement in Reeves county to locate this office in Pecos.

SHERIFF'S SALE

THE STATE OF TEXAS, County of Reeves. By virtue of an alias execution issued out of the Honorable District Court of Reeves county, Texas, in the case of Frederick Findsen versus Dixie Irrigation company, there are for sale at first meeting of Clell Q. Thorpe and Charles H. Thorpe, and to me, as sheriff directed and delivered, I will proceed to sell, within the hours prescribed by law for sheriff's sales, on the first Tuesday, July 19, 1920, it being the sixth day of said month, before the court house door of said Reeves county, in the City of Pecos, the following parcels of land and real estate: Situated in Reeves County, Texas, known and described as follows, to-wit: Subdivision No. 11 of the Dixie Irrigation Co.'s plat of Section 19, in Block 2, in H. & G. N. R. Co. survey, Reeves County, Texas, on file in the office of the county clerk of Reeves County, Texas, and recorded in Vol. 10, of the deed records of said county, at page 455, said subdivision No. 11 containing 81 acres, more or less, and being that proportion of said section 19 aforesaid lying and being situated north and west of the Arno Co-operative Irrigation Company's right of way of its main canal. Also lots 1, 2 and 4, of A. C. Binder's Subdivision of Subdivision No. 12 of said Dixie Irrigation Co.'s plat of Section 19, in Block 2, in H. & G. N. R. Co. survey, Reeves County, Texas, according to the plat of said Binder's Subdivision on file in the office of the county clerk of Reeves County, Texas, and recorded in Vol. 1 of the plat records of said county, at page 24, said lots 1, 2 and 4, of A. C. Binder's subdivision aforesaid, containing 160 acres, more or less. Also all that part of Subdivision No. 5 of Dixie Irrigation Co.'s plat of Section 19, in Block 2, in H. & G. N. R. Co. survey, in Reeves County, Texas, according to plat thereof on file in the office of the county clerk of Reeves County, Texas, and recorded in Vol. 10, of the deed records of said county, at page 455, situated and lying south and westerly of the right of way of the Arno Co-operative Irrigation Company's main canal over and across said subdivision No. 5 aforesaid, and containing approximately 12 acres, more or less. All of said lands being situated about 25 miles northerly from the City of Pecos in the vicinity of the J. Bell discovery of well and generally known as a portion of the lands of the Dixie Irrigation company. Letted on, on the 29th day of May, 1920, at 11:10 o'clock a. m., as the property of Dixie Irrigation company, Thorpe Brothers, a firm composed of Clell Q. Thorpe and Charles H. Thorpe, and Charles H. Thorpe to satisfy a judgment amounting to \$6722.44 together with interest thereon at the rate of six per cent per annum from October 18, 1907, to the date of sale, and costs of executing this writ, less than three credits thereon and interest on said respective credits at the rate of six per cent per annum from the date of said respective payments or credits until the date of said sale, to-wit: January 8, 1908, \$237.32; November 2, 1909, \$491.00; and January 7, 1913, \$964.00; said judgment being in favor of the plaintiff, Frederick Findsen, and by him sold and assigned to and now owned by John B. Dandridge. Given under my hand this 29th day of May, 1920, 43-41 E. B. KISER, Sheriff.

THE CHURCHES

TOYAH METHODIST CHURCH. The ladies of the First Methodist church gave an ice cream social and a lawn party yesterday evening for the benefit of the church. The receipts were big and a general good time was enjoyed by the assembly.

B. Y. P. U. PROGRAM. "Johnathan, the crown prince, who gave his throne to his friend." Leader—Balsen Hefner. Scripture—1 Sam. 18:1-4. Song. Prayer. Introduction talk by leader. Talk on paragraph I, II, III. Elements of Friendship—Jarn Preuit. Song. Bible study: First, Ministry Begun, by Mr. Simpson; second, the Great Sermon, Mark 4:1-20, by Miss Blackmon.

CHURCH OF CHRIST. Every Christian should be familiar with the teachings of Jesus. We are presenting in our morning sermons, "What Jesus Taught," about some of the most important things of life, Next Sunday we shall discuss His teachings about "Hatred and Envy." Studies of the most prominent persons of the Bible are being made at the evening service. This should interest all. The Bible school and Christian Endeavor meetings are held at the usual hours. You are welcome to all our meetings. HOMER L. MAGEE.

BIRTHS. Born, to Mr. and Mrs. W. F. Piehler, June 1, a fine baby girl. Born, to Mr. and Mrs. J. W. Eawy, June 7, a daughter. Born, to Mr. and Mrs. Kenneth Palmer, Wednesday, June 9, a daughter. All are getting along nicely.

MARRIAGE LISENCES. C. W. Tucker and Miss Linnie Bowers, both of Reeves county. Jose D. Lujas and Giradalupe Torrez, both of Reeves county.

SIX nice office rooms for rent cheap. Above O. J. Green & Co. 43-3t

Have you tried the Luncheonette served at the Elite? Nice fresh sandwiches, hot coffee, chocolate, butter-milk or sweet milk. 43-1t

STOCKHOLDERS MEETING. Notice is hereby given that the regular annual meeting of the stockholders of the Pecos Mercantile company will be held on Monday, June 12, 1920, at 2 o'clock p. m. at the company's office in Pecos, Texas. Immediately following said stockholders meeting there will be a meeting of the directors elected at said meeting. A. G. TAGGERT, Secretary. 43-3t

Hoffman's chocolates kept on ice at the Elite; fresh and fine. 43-1t

BIG ENGINE FOR TOYAH POWER PLANT RECEIVED. The new 80 horse power engine, which is intended to drive the generators of the Panhandle Light & Power Co's, has arrived and will be installed as soon as the foundation, which has been laid, has had time to settle and harden. According to Mr. Knight, manager of the plant, the new engine is large enough to supply electric light and power for a city of more than 5 000 inhabitants.

Let us furnish your table; we furnish hundreds of the best homes in Reeves county; why not yours? O. J. Green & Co. 43-2t

Druggists and Manufacturers Holding Alcohol Permits. All druggists and manufacturers holding alcohol permits under the National prohibition act are requested by D. M. Poe, federal prohibition inspector, to co-operate with him and save both themselves and the department unnecessary trouble and letter writing by sending in monthly reports promptly. These reports are due in the office of the federal prohibition director, Hon. Clifford G. Beckham, at Austin, Texas, not later than the fifth of the month, following that for which the report is made.

All kinds of work shoes at less than wholesale prices. At O. J. Green & Co. 43-2t

C. S. Gilpin has a large assortment of fine cigars at the Elite. Also a good line of cigarettes and tobaccos. 1

160 Acres for Sale or Lease. I am authorized to sell in fee simple or lease as a whole, or in small tracts, one hundred and sixty acres of land in block 20, section 103, Culbertson County, Texas. If reader is interested, see or address Mrs. J. I. Clark, Room 6, King Palace Hotel, 203 1-2 Main Street, Fort Worth, Texas. Phone L. 4173 30-1f

Down on the corner at the Elite is the place to go these hot afternoons. Ice cold drinks of all kinds, the best of ice cream, sherbet, fresh fruits, etc. 43-1t

Don't forget to stop in at the Elite after the show and try some of that delicious cream. 43-1t

AN ORDINANCE For the protection of Public Toilets, and to keep the same clean, decent and sanitary; and prescribing a penalty for the violation of said ordinance. Be it ordained by the City Council of the Town of Pecos City, Texas, that it shall be unlawful for any person to place any effete matter, filth, dirt or urine upon the floor or walls of any public toilet within the corporate limits of the Town of Pecos City, Texas; or to create any mal nuisance in or about any such public toilet; or to write anything upon the walls of any such public toilet containing any vulgar, indecent or obscene language or words, or to draw or place thereon any vulgar or indecent pictures of any kind; or to place or deposit anything in or about any such public toilet that is erected, affixed or unsanitary; or to place any newspaper or any thick or heavy paper or any substance of any description whatsoever in any stool in any such public toilet, which paper or substance is calculated to be liable to stop up, clog, obstruct, injure or choke such stool or the pipe or sewer with which said stool is connected; or in any way to deface, damage or injure any such public toilet.

Art. 2. Any person violating any of the provisions of Art. 1 of this ordinance shall be deemed guilty of a misdemeanor and upon conviction therefor shall be fined in any sum not less than Five Dollars nor more than One Hundred Dollars.

Art. 3. A public toilet, within the meaning of this ordinance, is any toilet within the corporate limits of the Town of Pecos City, Texas, which has been erected, or hereafter to be erected, or which is owned, maintained or operated by the Town of Pecos City, or by Reeves county, or by said City and County jointly, for the benefit, use or convenience of the public.

Art. 4. This ordinance does not repeal any other ordinance or ordinance whatever relating to toilets, sewers, waterworks, sanitary ordinances or sanitary rules and regulations or any ordinance relating to nuisances, but this ordinance is cumulative and additional to all such ordinances, rules and regulations.

Passed and approved this 8th day of June, A. D. 1920. BEN PALMER, Mayor of the Town of Pecos City, Attest: E. EASTERBROOK, City Secretary. 43-2t

THE STATE OF TEXAS. To the sheriff or any constable of Reeves county, greeting: You are hereby commanded to summon the Western Bank of Denver, Henry M. Beatty as assignee of the Western Bank of Denver, and the unknown successors, stockholders, officers and legal representatives of said bank, W. G. Bowers, George A. Black, Oscar A. Sears, Henry M. Beatty, Aaron Helms, Cora M. Shackelford and the unknown heirs, devisees and legal representatives of each of said persons, Oscar A. Sears, assignee and Mr. Beatty, the hand of Cora M. Shackelford, by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in any newspaper published the 7th judicial district, but if there be no newspaper published in said judicial district, then in a newspaper published in the nearest district to said 7th judicial district, to appear at the next regular term of the district court of Reeves county, to be holden at the court house thereof, in Pecos, Texas, on the 4th Monday in November, A. D. 1920, the same being the 22nd day of November, A. D. 1920, when there to answer a petition filed in said court on the 9th day of June, A. D. 1920, in a suit, numbered on the docket of said court No. 2000, wherein the Wa-Keeney Land & Investment Company and Day Monroe, Trustee, are plaintiffs, and S. V. Biggs, Della A. Biggs and Della A. Biggs are all defendants, and said petition alleging in substance that said S. V. Biggs and Della A. Biggs on the 21st day of June, 1911, executed and delivered to the Wa-Keeney Land & Investment Company, aforesaid, 25 principal promissory notes for \$1,000 each, maturing July 1, 1916, with 10 interest coupons for \$50 each affixed to each note, of which notes six with 7 coupons affixed to each remain unpaid, and to secure the payment of said notes said S. V. Biggs and Della A. Biggs also executed and delivered to Day Monroe, trustee, and said Wa-Keeney Land & Investment Company, as co-trustee, a trust deed upon certain real estate including the following: A tract forming a part of Section No. 3 in Block No. 4, H. & G. N. R. Co. Survey in Reeves County, Texas, beginning at a stake on the boundary line between the said Section No. 3 and Section No. 2 of same block and survey distant 498 and 3-10 varas North 56 and 2-4 degrees east from an iron pipe marked 2,3 9 4, said pipe being distant 2822 varas north 56 and 3-4 degrees east from the northwesterly corner of said section No. 3; running thence south 33 48 degrees and 15 minutes east 245 and 1-2 varas; thence north 56 degrees and 45 minutes east 460 and 7-10 varas to a point on the bank of the Pecos river; thence up said river with its meanders which are fully set forth in said petition, to a stake at the common corner of said sections; thence south 56 and 3-4 degrees west, 701 and 7-10 varas to the place of beginning containing 50 acres more or less.

Also the following described tract situated in Brewster County, Texas, to-wit: Survey No. 35, Block G-5, on the waters of the Live Oak river, land patented to Spring Shackelford by patent 116, volume 162, recorded in Book 4 at page 56 of the records of Pecos County, Texas, and dated March 10, 1862, but by mutual mistake said first described tract was described as being in Block No. 1, instead of Block No. 4; that thereafter said S. V. Biggs and Della A. Biggs conveyed said first described tract and other lands to George Easton by deed, retaining a Vendor's lien against all land described in said deed, to secure the payment of \$1,200 of said principal debt with interest thereon from January 1, 1913, at 10 per cent per annum and said Easton thereafter conveyed the premises to O. A. Sears, trustee, said first described tract and another tract of land situated in Reeves County, Texas, viz: The south 1-2 of Section No. 30, in Block 55, Township 8, T. & P. R. Co. Survey, and by the terms of said deed reserved a Vendor's lien upon all the lands therein described to secure the payment of the aforesaid lien of \$1,200 and of interest as aforesaid, by reason of which facts plaintiffs have acquired a Vendor's lien against the said last heretofore described tract of land in said sum of \$1,200 with interest as aforesaid; that said Sears as trustee thereafter conveyed each of the three aforesaid tracts of land to said George H. Black; that said S. V. Biggs owned said tract in Brewster county and said Della A. Biggs owned said tract in said Section No. 3 in fee when said deed of trust was given; that each of said defendants claim some interest in said lands or some part thereof but that all such interests, if any there be, are junior and inferior to the lien of said deed of trust, and praying judgment decrees that the deeds of trust be reformed to correctly describe said first described tract in said section No. 3, that plaintiffs recover judgment on said unpaid principal notes and interest coupons for \$6,400 with interest thereon from July 1, 1916, at the rate of 10 per cent per annum and be adjudged to have a valid and subsisting Vendor's lien against said south 1-2 of said Section No. 30 in Block 55, in Township 7, T. & P. R. Co. Survey in Reeves County, Texas, for \$1,200 of said debt with interest thereon from January 1, 1913, at the rate of ten per cent per annum; that said Vendor's lien and said deed of trust be ordered foreclosed and the right title and interest of said defendants and of each of them if any they have, in said premises or any part thereof be determined and forever foreclosed, barred and cut off for costs of suit and for such other relief as may seem to the court to be just, equitable and proper.

Herein fail not but have before said court, as to aforesaid regular term, this writ with your return thereon, showing how you have executed the same. Given under my hand and the seal of said court, office in Pecos, Texas, this 9th day of June, A. D. 1920.

S. C. VAUGHAN, Clerk, District Court, Reeves County. By VANNIE INGLE, Deputy.

## DEPRECIATION IN LIBERTY BONDS CAUSES ALARM WITH INVESTORS

Some alarm has been caused to owners of Liberty bonds by the steady depreciation in their value and there has been considerable inquiry as to why this steady dropping value is possible. The following, from the Christian Science Monitor, is a timely explanation:

Although the further sharp decline in the market prices of Liberty bonds and Victory notes may be disquieting to the large number of holders of these United States government securities, no one should be induced to dispose of them at the present quotations if it is at all possible to retain them. The bonds are as safe as they ever were as investments and are far more attractive by reason of their high yield, than they were when first issued. When it is realized that the small investor can buy a bond, issued by the United States government, that will yield approximately 6 per cent on the investment, entirely exempt from taxation, the real merit of the security can be the better appreciated. Although it is not at all certain that the 20,000,000 investors in these issues to see the market value of their investment depreciated to the extent that is apparent today, it is far better to buy than to sell them at the present quotations.

There are various potent reasons for the price decline of these bonds. The one underlying cause is the continued high cost of living. Many small holders of Liberty bonds have been compelled to dispose of them because their income have not expanded with the increasing cost of living. Others have found it necessary to change their Liberty bonds into investments yielding a higher return in order to meet increased expenses. Many investors, which were large subscribers to the various Liberty bond issues, have been obliged to sell their bonds in order to obtain money for carrying on their business. They have found this course more advantageous than borrowing from the banks. Corporations whose credit is first-class are obliged to pay 7 and 8 per cent for money borrowed from banks, and in some instances it has been hard to get funds even at those high rates. The new issue of United States treasury certificates bearing interest of 5 and 5-1/4 per cent also had a depressing influence upon the market prices of Liberty bonds. Another factor which, bond dealers say, plays an important part in the matter is the soldiers' bonus bill, which they think may lead to another large government bond offering.

When it is remembered that many billions of dollars of bonds were floated by the government during the war, and these are now in keen market competition with those issued by other nations as well as by corporations, all of which bear much higher rates of interest, it should not seem strange that price depreciation of the United States government issues should have extended so far. How much further the prices may decline no one knows, but the day is certain to come when they will start upward again. The present time offers a wonderful opportunity to the farsighted investor.

We own our own leases; better buy now before it is too late. O. J. Green & Co. 43-2t

## No More Corn Suffering

"Gets-It" Never Leaves a Corn On Any Foot For Very Long.

The hurting "pep" goes right out of that corn the moment a few drops of "Gets-It" lands thereon. It is through, and "for keeps."

Corns and "Gets-It" Can't Live Together

You'll have no more pain but will notice the corn getting loose and wobbly. In a day or so, you lift it right off without any feeling. That's the end of the corn and of your troubles. Millions have proved "Gets-It" to be the one and only unfailing, common sense corn remover. Why not you?

"Gets-It" costs but a trifle at any drug store and carries a money-back guarantee. Mfg. by E. Lawrence & Co., Chicago.

Sold in Pecos and recommended as the World's best Corn Remedy by Pecos Drug Company.

We want your business. Try us once. O. J. Green & Co. 43-2t

## REDUCTION IN CLOTHING WILL NOT AFFECT THE COTTON MARKET

ENNIS, Texas, June 10.—The recent movement to deflate cost of living has been the cause of considerable uneasiness to holders and growers of cotton during the past several days, which uneasiness is altogether groundless, according to A. H. Wicker & Co. of Ennis. There is little relationship between the high prices of the finished product, and the raw material in either wool or cotton, and there are several reasons for this. The price of the finished product is the result of both speculation and heavy taxes. Just for example, suits of clothing which cost from \$50 to \$150, in either case would have \$5 or \$6 dollars worth of raw material in the goods, and should raw wool decline 100 per cent to nothing, does it look reasonable that any great decline in the finished product could thus be effected?

As applied to prices on cotton, the comparison is equally as effective, for in reality, the world is literally facing a cotton famine, and unless almost a miracle is performed, in the production of cotton this year this means a crisis and very likely much higher prices than we have yet seen.

The labor situation, which is as bad as could be deemed possible, will be augmented by deflation of living costs, so far as our field labor is concerned. We all know that our field hand, on the average, works of necessity, and if he must work six days in the week to provide himself with the necessities of life, he will do so, but if prices decline to where three days work would bring him the same net results, then the producer would be able to get only three days' work out of him, instead of six, and a corresponding decrease in production of cotton, thus a deflation of living costs however accepted by the public, means almost to a certainty, a deflation in the production of cotton. Great apprehension is felt in the wheat sections that scarcity of labor will mean much grain wasted and \$5 wheat. The same condition must inevitably effect cotton, which has a larger percentage of labor in its making, than any other farm product, and while at the moment the mills have ample stock and owing to the rail congestion are unable to finance more cotton at present, the need of it will inevitably be felt at an early date, and those who are sacrificing their holdings, under fear of deflation in prices will find later a veritable scramble for the cotton they have been almost giving away under the present method of blind marketing.

Get our cash prices on that bill we. We will save you money. Green's Grocery. 34-2t

# REAL DRILLING FOR OIL

---

---

The Sunshine Oil Corporation announces the beginning of two more deep test wells in the Pecos field.

This company is now drilling three deep test wells in the Pecos field.

These are the Laura No. 1, the Leeman and the Victory.

Tinally No. 1 will be drilling within thirty days.

Laura No. 1 is about six miles north of Pecos; the Leeman is drilling in Loving County, northwest of Pecos; the Victory is drilling in Ward County, about twelve miles east of Pecos. Laura No. 2 will be drilled on Section 69, Block 4, immediately north of Pecos, and Tinally No. 1 will be drilled on Section 20, Block C-6, south of Pecos.

All will be deep test wells, drilling with fully equipped standard rigs, capable of drilling more than 4000 feet, and constitute a thorough test of the famed Pecos oil fields. The locations of these wells give an adequate idea of the vast acreage controlled in the Pecos field by the Sunshine Oil Corporation.

The Sunshine Corporation is the Pioneer Oil Company in the Pecos field. This company began the first deep test well ever started in this field. This well, the Laura, is now nearing the second oil sand and competent oil men believe it will be a producing well very shortly. The Laura is drilling night and day.

The company's two new wells, soon to be started, are fully equipped with steel crown blocks and steel shafts. They are among the best equipped drilling outfits ever erected in the State of Texas.

There is oil in the Pecos field, and the Sunshine Corporation is prepared to get it and will get it. Pecos is already a proven field, with flowing oil, and we have no doubt whatever of striking oceans of it when we have reached the deep sands with our five deep test wells. We prophecy, as do all experts, that Pecos will be the biggest oil field on the North American continent.

The development being done by this company is a conclusive evidence of our faith. If we have so much faith you will be justified in having at least some faith. Your faith, whether great or small, will bring you big returns on money put into Sunshine leases. We think you cannot possibly fail. If we win you will win, and we are certain that we shall win. Write us for information concerning leases. There is big money in Pecos for the men who put in with us. Fortunes have already been made; more and much larger fortunes remain to be made.

I am prepared to do hemstitching and picotting at reasonable prices at my home in Pecos and will appreciate the patronage of the Pecos and out-of-town people. Mrs. Tom Harrison. 43-4t

What is the use of working for money unless you BANK a part of it so that it will some day work for you?

He who spends ALL has nothing; he who banks a part of his earnings regularly MUST prosper.

That's arithmetic.

Let our bank have your spare money on deposit. Money piles up fast if you leave it in the bank and keep on adding to it.

Try it. It pays!

We invite YOUR banking business.

PECOS VALLEY STATE BANK

### WHAT IS THE TITLE TO YOUR LAND GOOD OR BAD?

Ninety Per Cent of Titles in Reeves and Loving Counties Are Bad.

During the recent boom in oil leases, thousands of dollars were lost on account of bad titles. Better have the title to your land abstracted now, and be ready for the next boom. The Reeves County Abstract Company, the oldest and best-equipped plant in the county. Everything up to date, and ready to do your work promptly. Don't wait for the rush; if you do, you may have to wait weeks to get your work, and lose your sale.

### H. & G. N. RY. LANDS FOR SALE

IN REEVES COUNTY

Surveys Nos. 45, 47, 53, 55, E. half of 61, and 63, in Block 4; and Nos. 45; 47 and W. half of 27 in Block 5. The surveys in these blocks are situated from 5 to 8 miles from Pecos City, in the artesian belt of the Pecos River country and will be sold only in whole sections. Also, surveys No. 49 in block 6 and Nos. 9, 13 and 15 in block 7. Also, surveys Nos. 1, 3, and 5, fronting on the Pecos River, in Reeves county, and Nos. 19 (a river survey) and 31, block 8, Pecos county.

Also 16 surveys in block 11 and 3 surveys in block 12. None of these are river lands. All are in Pecos county.

All these lands are under lease for oil, gas and mineral purposes and any sale of same will be made subject to such lease.

J. G. LOVE of Pecos is agent for the sale of all these lands situated in Reeves County and application should be made to him for the purchase of same. There is no local agent for the sale of the lands in Pecos County, and parties desiring to purchase any of same should apply to the undersigned.

IRA H. EVANS, Agent and Attorney in Fact, AUSTIN, TEXAS
