

EFFORTS PUT FORTH TO SECURE FEDERAL HOSPITAL IN THIS COUNTY

The fame of the Davis Mountains as a health resort and the highly climatic conditions are relied upon by the Pecos Chamber of Commerce and the residents of the Toyah Valley in securing for the mountains the location of one of the five public health service hospitals which the government is to build for the use of former soldiers suffering with lung diseases.

An application has already been forwarded by the Chamber of Commerce to Washington, asking for the consideration of the mountains as a site. Secretary Walter N. Sutherland of the Chamber of Commerce visited the mountains early in the week and took a number of photographs of prospective sites which will be forwarded to Washington.

The valley farmers have promised complete co-operation in the efforts to locate the sanitarium there and last Saturday night appointed a committee to work with the Chamber of Commerce in the efforts to locate the hospital. This committee is composed of C. C. Kountz, Beau Bennett, McCutcheon, C. M. Honaker, William Kington, Charles Weinacht, Sol Mayer and County Judge James F. Ross, the latter of Pecos.

Mr. Honaker and J. W. B. Williams, the latter vice-president of the Farmer's Union, accompanied Mr. Sutherland on the trip to the mountains.

Transportation and water will be prime factors in determining the location of the hospital, according to word received from Washington, and with these points in mind, the committee visited the Carpenter place, the mouth of the Abuja (woohoo) canon, and the Kountz springs.

The Carpenter place which is but two miles from the railroad, Pecos Valley Southern tracks, and at the base of the mountains has a plentiful supply of soft water and supplies the railroad with steam water. This water comes from a comparatively shallow depth, and rises to within ten feet of the top of the ground in apparently inexhaustible quantities.

The Kountz Springs, which are about eight miles from the railroad are at the base of the mountains to the east of the Balmorhea reservoir and supply a heavy flow of soft water that is believed to be sufficient to care for all the needs of the government should the sanitarium be built there.

The mouth of the Abuja canyon, otherwise known as "The Cottonwoods" is about five miles from the end of the railroad at the end of a flat raise over which an extension of the road could be easily made and presents what is probably the most scenic beauty of the three sites.

This location is about two miles below the Seven Springs, where water pours out the side of the mountain, and where it is believed that water could be piped by gravity that would reach the second or third floor of a sanitarium building should the building be erected at or near the mouth of the canyon.

Other beautiful sites are available and will be submitted should the government express a willingness to consider a site further away from transportation.

An appeal for support of the Davis Mountain location has been made to the Texas & Pacific and the Santa Fe railroads and to the West Texas and Texas Chambers of Commerce and the American Legion.

Congress has appropriated \$13,500,000 for the erection of five of these hospitals with no geographical location, and prescribed that the location should be selected by the Secretary of the Treasury. The Public Health Service is part of the treasury department, and applications have been made to Hugh S. Cumming, the Surgeon General of the bureau. It is believed that Secretary Mellon will select a committee from the health department, from the army and perhaps the American Legion to consider the propositions and location.

A complete weather report for the past fourteen years has been prepared by the Chamber of Commerce, showing that the mean temperature for that period has been 64 degrees above zero, and that the mean humidity for the same period has been exceptionally dry, or 54 degrees. The average rainfall for that period has been 10.75 inches, and a average daily range of temperature of thirty degrees is shown. This dry atmosphere with the wide range of temperature assuring cool nights for sleep is regarded as ideal for tubercular sufferers.

DAIRY POSSIBILITIES FOR REEVES COUNTY

Dairy farming for the Toyah and Pecos Valleys as a good money crop is to get a thorough testing in the

Toyah Valley district this year and farmers of the vicinity and Pecos business men are watching the try-out with considerable interest.

Eph Conger and Charles Thorp have purchased ten head of milch cows and are shipping cream to El Paso. While they have operated for only a short time they report that the venture appears to be a financial success. Both are keeping books on the proposition, and will be able to tell at the end of the year just how the cows stand as money producers.

The favorable features of this country for dairy products have long been known. The high food value of the alfalfa grown here is purchased for milk purposes elsewhere and there appears to be no reason why the farmers here should not gain the advantage of the double cash profit that would accrue to them through getting the profit from the alfalfa and the milk by means of one sale.

The dairy proposition has many favorable features, while there is a strong possibility that capital could be interested in a creamery proposition in the Valley should the production of milk warrant it.

NATIONAL PETROLEUM DEVELOPERS MEETING

The regular semi-monthly meeting of the National Petroleum Developers was held in the Oil King Grill Saturday night and a good attendance was had and considerable business transacted which will be of benefit to the association.

The revised by-laws were read and held over for further revision and will probably be adopted at the next meeting.

Reports from operators in the territory was heard and most flattering reports were made of the different wells and the whole meeting was enthused over the outlook for the early coming in of several gushers. It is a live bunch of men who are spending their money to develop a real oil field and if there is any oil in this country and that is no longer a mooted question, these men will find it.

It was decided to make the next meeting which will be held one week from tomorrow night a social affair. Each member will bring his wife and daughters or sons as the case may be and those who have no wives here will be allowed the privilege of bringing someone else's wife provided he can persuade her to come. An entertainment committee of young oil men was appointed to prepare the program which is expected to be a good one and all the performers will be oil developers or members of the association.

REPRESENTATIVE

STEWART HOME

Representative W. W. Stewart returned from Austin Tuesday where he had been in attendance upon a session of the legislature, and hurried out to his alfalfa farm at Balmorhea.

One of the first bills put through the house was one presented by Mr. Stewart the past session. The irrigation bill which is now a law was Stewart's bill and is one of the best the State has ever had. Mr. Stewart was also instrumental in the passage of other bills which will be of great benefit to the State at large and this section in particular.

Mr. Stewart has made an enviable record as a representative and deserves the commendation and full confidence of his constituency. He is a credit to his district and we have reliable information from Austin that his advice and counsel in committee meetings carries more weight, and is of more benefit to the interests of the farmers and business concerns of his district than any representation the voters could have entrusted with their affairs at the time of his election. He works quietly and gets satisfactory results.

HOGS & GRAND OPERA MIXED

The Dallas Morning News of March 17th carried almost two columns devoted to Grand Opera and featured "Lohengrin" by a picture of that famous myth being drawn through the sea in a shell boat of exquisite design by a white swan.

The Enterprise commends the article and admires the picture but what upset us and made necessary the frantic working of a pulmotor on our prostrated body and what drove us finally into the insane ward of a local hospital was the fact, that immediately underneath the swan picture, in bold-faced type, was the following:—"Hog Prices On The Decline." Did it refer to the price of seats?

Judge J. A. Buck and family are again residents of Pecos. Judge Buck left a lucrative law practice here and has been operating his extensive ranch in the Panhandle. If oil conditions prove satisfactory, and he is an optimist along that line, he will resume practice here.

SPIRIT OF ST. PATRICK IS STILL WITH US

PREPARING FOR THE OIL BOOM IN PECOS

Many people seem to be of the opinion that a recurrence of the rush days of last spring are ahead for Pecos, and the oil men, who should have the best information on that subject seems to be spending their money on the strength of that belief.

Pecos is in a much better position to handle an influx of visitors now than was the case last spring. The erection of the New Hotel, and the needed repairs made on some of the old structures have made much additional room available. But there will undoubtedly be a heavy demand for rooms in the residence section when one of the wells comes in and the Chamber of Commerce plans to operate its room bureau as was done last spring.

In order to be prepared Secretary Sutherland requests that all households who desire to rent out rooms notify the Chamber of Commerce office in the Warn Building, just north of the Pecos Mercantile Co., either by phone, letter or personal call of the number of new arrivals they will be able to care for, and of the price and conveniences offered. The Chamber of Commerce phone number is 118.

The attention of the Chamber of Commerce has already been called to the action of one householder who has increased the rental price of the tenants on the strength of the expected rush. Such action has in the past worked to the detriment of the house owner, and there is no doubt of the truth of the statement that there would be many other permanent residents of Pecos as a result of the rush of last spring had not the rental cost soared too high. The old saying is to the effect that "a bird in the hand is worth two in the bush" and some landlords know that a tenant in the house paying a reasonable rent every month is better than a very high rental for a few months and a vacant house afterward. There is a great deal of room in the Pecos country for new arrivals to build homes, and unless reason is followed in placing proper prices some owners may find themselves high and dry. There is another old saying to the effect that "money is never lost by taking a reasonable profit," and that "a word to the wise is sufficient."

MOVEMENT OF CATTLE

Joe Hollebeke reports the movement of cattle this week as follows: Port Daggett a buyer from Fort Worth made the following shipments to the Daggett Keen Commission Co., of Fort Worth.

From Toyahvale—2 cars calves.
From Saragosa—6 cars calves.
From Riverton—3 cars calves.
From Saragosa—Popham and Popham 2 cars calves to Witherspoon Com. Co. Fort Worth.

From Saragosa Mrs. J. L. Moore—2 cars calves to Doggett Keen Co.
From Pyote Sam Ney—5 cars of cows to himself at Hix.

Mr. Top Heard of Seminale is in town with Mr. Haynes a Fort Worth buyer. He will look at several bunches of yearlings steers. Top is a well known cattleman and live stock commission man and is a brother of Jesse Heard of the Pecos Mercantile Co.

AIR PLANE VISITS PECOS.

A big three seat Lincoln standard air plane arrived in the city Saturday afternoon from El Paso. R. V. Thomas, pilot, president of the El Paso Royal School of Aviation and C. W. Gilpin chief mechanic.

They were house guests of Mr. Gilpin's parents, Mr. and Mrs. C. S. Gilpin, while here and left for Carlsbad Wednesday.

THE ROAD BOND ELECTION AND ROADS

Work must be started on the proposed system of hard surfaced highways in Reeves county before July 1, in order to participate in the big sum of Federal aid money appropriated to Texas, according to D. E. H. Manigault, district highway engineer for West Texas.

For that reason officials of Reeves county road district No. 1, are prepared to start operations with a rush immediately after the election on the \$100,000 bond issue to be held next Saturday, March 26. They are taking it for granted that the people of the Pecos district, which includes the east half of the county will grasp the opportunity to secure the expenditure in the county this year of three dollars for every one that they raise by means of bonds, and have a fine road system at the same time.

Bonds to the total of \$1,100,000 have already been voted by seven counties west of Big Spring in order to get their share of this big slice of state aid money. All these counties are along the Bankhead highway, and the completion of this system of roads will direct hundreds of tourists through this territory annually as the Bankhead Highway extends from Washington to San Diego, Calif, and strikes numerous big cities such as Richmond, Atlanta, Birmingham, Memphis, Little Rock, Hot Springs, Texarkana, Dallas, Fort Worth, El Paso, Douglas, Phoenix and Yuma.

The counties voting these bonds are as follows: Howard, \$300,000; Martin, \$160,000; Midland, \$125,000; Reeves, \$115,000; Jeff Davis, \$8,000; Hudspeth, \$50,000; and El Paso \$282,000.

The Toyah district in Reeves county has voted \$80,000 in bonds \$68,000 of which will be used on the Bankhead Highway.

To match this the state and federal funds have put up three dollars to one, and will give the Toyah district \$204,000. In the Balmorhea district county Judge James F. Ross has just secured the consent of the state attorney general to the issuance of the full \$35,000 in bonds voted at an election at last year, and the state is to match this with an equal sum for the purpose of building a road from Saragosa to the head springs.

In order to complete the Bankhead Highway from the river to Hermosa, which is the district line, to connect with the Saragosa highway and to put out feeder toward Fort Stockton in order to attract tourists from that direction and to do other road work the Pecos district officials are asking that the tax payers authorize the issuance of \$100,000 in bonds in the belief that the state will match this sum with three dollars for one for all work done on the designated routes.

The matter comes before the voters at a special election to be held at the court house next Saturday March 26. County Judge Ross says that it will entail a tax of approximately twenty-five cents on each \$100 tax valuation for the first year and about twenty cents for the next and succeeding years.

In payment for this cost the county avoids the necessity of collecting a tax estimated to cost fifteen cents per hundred dollars tax valuation as a road maintenance tax and has a permanent system of roads, that will attract many tourists here, while it will mean the expenditure of thousands of dollars in Pecos and bring employment to many.

DIGEST OF PAST WEEK'S WORK IN THE PECOS OIL FIELD

The purchase of the Zone well by H. A. McKinney of El Paso was also announced this week. The Zone is located three miles west of the Laura on section 22, and has a hole 800 feet deep under a standard rig. Mr. McKinney and associates in the new purchase are understood to also have heavy holding in the Sunshine Oil Corporation the part owners in the Laura well, and it is understood that they intend to form a company for the purpose of drilling down this well in the event that the showing at the Laura proves up to expectations.

C. A. Owens, president of the Arthur-Pitts Oil company of Texas returned to Pecos Friday morning after an absence of a week in Dallas. During his absence work has been started on the Valley well of the company on section 6, block 33, H. & T. C. railway survey, in Ward county, the rig of the River well of section 25, block 33, has been skidded over twenty feet to the north, and the Soda Lake well on section 197, block 34, has been filled up to the first showing of oil at 1863 feet, and new casing has been ordered for a cement bridge job at that point.

The Valley well has been idle for several months while the company concentrated their efforts on the other two wells. It was originally drilled to a depth of 1375 feet, but it has been necessary to drill out somewhat deeper before a new string of casing on the ground is set.

The breaking of some casing in the River No. 1 caused the decision to pull some of the casing and start a new hole. Secretary H. C. Crane went to Ranger earlier in the week and purchased a new string of casing for the Soda Lake well to be used in the cementing job.

In Culberson county the Owens No. 1 is reported to be down more than 500 feet, and the Owens No. 2, is reported to be shut down after drilling a few feet awaiting the completion of a water line, which will supply plenty of fluid for drilling and for the boilers. No word was received from the Lewis Jones well.

The Grogan well of the Sunshine-Federal interests is reported to have been drilling steadily for several weeks, and to have attached a depth that causes a belief that they are in position to pick up the Bell shallow sands in a very short time.

With ears to the ground oil men in Pecos are watching every whiff of wind which seems to carry news from the drilling field as reports from numerous wells indicate that these drills are working in formation which give hopes of a commercial strike in a comparatively short time.

The greatest attention is centered on the Laura, which has set a new string of casing and is prepared to drill on in the asphalt bearing formation at about 2,000 feet in the hope of finding a pool that may be rivaled only by the Tampico productions.

Reports from the Toyah Bell No. 2 are to the effect that every bailer seems to bring out "the best yet," and while some free oil shows on top of the water there is some doubt as to whether it comes from the formations in which the drill has entered, or whether it is seeping in from the formations above, in which some oil saturation was reported. The crew has been working daylight hours only on this well for the past two weeks, and have pushed the hole down to nearly 2800 feet.

Considerable gas has been apparent in the Bell No. 1, which was down over 1500 feet Thursday. Mr. Bell stated that the formation in which the drill was working that day was very similar to that in the Laura just above the asphalt showing.

Announcement that the Ranger-Hudson Oil Co., has taken over the Bell-Reeves lease was made on Wednesday on the arrival of George D. Livingston, the man who drilled for the Ranger-Hudson company in the Ranger and Desdemona districts. It will be remembered that the Bell-Reeves was purchased by the First National Bank on a deficiency judgment on their mortgage after the officers of the company had all departed and left the management up to the contractors who were working on a percentage basis. The latter did not pay the mortgage and the bank took over the lease.

The Ranger-Hudson company, which has many local stockholders, and which was organized in Pecos, took over the proposition when it was apparent that that was the best way to secure a thorough test of the sands reported to have been found in that well, at 1429 feet. The problem of the well is to secure a water shut-off and the directors of the new owning company have full confidence in the ability of Mr. Livingston to accomplish the purpose.

Materials have been steadily hauled to the Pinal Dome location in eastern Loving county during the past week and while the rig builders have not yet started operations it is

understood that they are prepared to start in a few days.

The Ellsworth & Reid well on section 12, block 55, township 5 has been pushed down to 319 feet, but is quiet for a few days while a new contract is made with another driller. Considerable gas was had in this well at the very shallow depth of 218 feet. The drill was in a blue formation, when work was stopped Wednesday. Mr. Ellsworth hopes to have another drill on the job in a few days.

President Alfred Tinnally of the Sunshine Oil Corporation, came in this morning from his home in Los Angeles, California, and will be here for some time. He has visited the Laura and says that it is his belief that it is now a real oil well and will be brought in within the next ten days. "If it is not a real oil well" said Mr. Tinnally, "then we are all fools and cannot tell anything about what is under the earth by the formations above or the showings beneath until the oil is gushing forth." Mr. Tinnally is the man who first started the oil game in the Pecos territory and has repeatedly told the editor of the Enterprise that he would see oil well derricks scattered all over this country and that he is a firm believer in the Pecos fields no one doubts.

Mr. A. W. Beisang, President of the Federal Service & Development System, Inc., and W. C. Heller, Treasurer for the same company with Henry Deutsch, the attorney arrived from Minneapolis Wednesday morning to look over the progress made by the company in the Pecos oil fields. The above gentlemen visited the Laura well and unfortunately the accident to the boiler prevented them from witnessing any active operations. The flues of the boiler, which had been used with Pecos Water for a long time before the Carlsbad water was furnished by the Santa Fe, blew out about ten o'clock yesterday morning. New flues were ordered by wire, to be sent from El Paso by express and are expected on every train. The flues will be placed on arrival as speedily as possible, and Mr. Van Clark thinks all casing will be set and drilling will be resumed by Tuesday night of next week. The visitors from Minneapolis will remain here for a week or more. They consider the showing at the Laura excellent and it is expected the well will be brought in shortly after drilling has been started.

BUG HUNTERS EMPLOY A LARGE FORCE OF MEXICAN LABORERS

What had the appearance of a Mexican insurrection occurred on our streets Wednesday morning. The government bug hunters were in need of two hundred men to clean up the boll weevils on some of the farms adjacent to the city, where the destructive bug had been found. The government officials were about to import this labor from El Paso when O. J. Green guaranteed to have 1000 experienced bug hunters in front of his store, ready for scientific research in twenty-four hours. About one hundred were there and were loaded on trucks and dispatched to the fields of operations. It will take about two months to complete the extermination and Pecos Mexican labor will be employed on the job. The McKnight, Woody, Johnson, Experiment Station, and Bryan farms will be the first places worked over. The Mexican laborers of Pecos spend their money here and the labor payroll will benefit the home trade.

KISTLER WRITTEN UP

The March number of the Oil Trade Journal, of New York and Houston, devotes two pages to a portrait and sketch of Frank E. Kistler, the Nestor of the Toyah oil fields. Mr. Kistler is now at the head of the \$25,000,000 Producers' & Refiners corporation of Tulsa and Denver. Unfortunately for the Toyah field nothing is said in the Oil Trade Journal's story regarding Mr. Kistler's part in bringing the oil prospects of Toyah to the attention of the public. Toyahns, however, will recall the particularly energetic young man who spent three or four years in this section of the country prospecting for both shallow and deep oil. Mr. Kistler frequently has expressed his faith in the field and his belief that someone some day would bring to light one of the greatest oil fields in the United States.—Toyah Basin Oil News.

Mr. and Mrs. J. B. Wilson who is connected with the Enterprise, force will move into their new home next week. Their furniture has arrived and Pecos will be benefited by the addition of this couple to citizenship.

LUCKY STRIKE

WOODMEN OF THE WORLD SPLIT DESCRIBED

Legal action to determine which faction shall control the machinery of the Woodmen of the World and the Woodmen Circle is expected to be taken in the Eightieth District Court at Houston next Saturday when injunction suits are brought up for hearing.

The convention at Houston, which began last Tuesday, ended Thursday in an apparently hopeless tangle. Charges of attempted fraudulent voting and switching of ballot boxes were freely made. The convention divided and two sets of officers were elected. Judge R. H. Buck of Fort Worth was elected head counsel of one set of officers. Buck has returned to Fort Worth and Saturday told the inside story of what happened at the convention.

High Rates Opposed
"There has been a good deal of opposition to what members of the W. O. W. believe are excessively high rates especially those charged to old members," Buck said. "It cropped out in the Houston meeting.

The opposition developed a fight when the election of officers and sovereign delegates was called and finally resulted in the imbroglio which put the lodge's affairs in court.

"The ballot box," according to Buck, "was placed in front of the stage in a theater where the convention was being held. It was there until 5 p. m. when the balloting was closed. Head Counsel Jerome B. Cochran ordered the escort of the box to place it on his head and carry the box through side doors into the wings and on the stage.

"There were cries of 'lift it over the footlights'. The secret started with the box. Sterling P. Clark, former sheriff of Tarrant County, got up and followed. He asked some of the younger men to go with him.

Boxes Are Changed.
"As they passed through the door, it is alleged the first box was put down and another substituted. Clark and the other men grabbed the original box and brought it to the floor of the convention. Cochran announced it was too late to count the votes and asked what should be done with them. I moved that a committee of four, two from each side, be named to take the box into custody. I didn't know there had been an attempt to switch and when some one asked, 'Which box,' I answered, 'Both,' thinking the first box had been filled to overflowing and another box used. Then the announcement was made of the switch. Pandemonium broke loose. A committee of ten was named to take charge. Both boxes were sealed and marked so as to identify the original and the substitute. Sheriff Binford of Harris County was with the committee.

"We agreed to meet the next morning at 9:30 instead of 10 o'clock. Cochran and the chaplain were there. The motion was made to appoint a committee of four to investigate. Cochran overruled the motion. An appeal was taken and Cochran announced he would leave held that it was almost unanimous. Cochran announced he would leave the hall and invited all who were loyal to him to follow. They held a convention in another hall and elected officers. They claimed to have 276 voting. We held an election and claim to have had more than 700 voting. Then we filed injunction suits to prevent the head clerk of the other convention from certifying sovereign delegates to the sovereign clerk and against the sovereign commander from affirming the notification."

DODSON KILLING CALOMEL HABIT

Don't sicken or salivate yourself or paralyze your sensitive liver by taking calomel which is quicksilver. Your dealer sells each bottle of pleasant, harmless "Dodson's Liver Tone" under an ironclad, money-back guarantee that it regulates the liver, stomach and bowels better than calomel without making you sick—15 million bottles sold.

DALLAS MAN TELLS OF LIFE IN MEXICO

HERBERT B. CARPENTER SAYS SOUTHERN REPUBLIC HAS GREAT RESOURCES.

Mexico is a land of child-like simplicity—a land where no one hurries, and a region whose untold possibilities make of it a potential bonanza, according to Herbert B. Carpenter of this city who returned to Dallas Saturday, after studying business conditions in the Southern Republic for the last three months. Mexico offers untold advantages to the business man of Dallas, according to Mr. Carpenter, whose familiarity with wholesale market conditions in the Southwest qualifies him to speak with authority on the subject of Mexico's commercial advantages to the business interests of this trade area.

"The most striking thing about Mexico," Mr. Carpenter said, "is the way in which the people go about their business. To an American it seems insufferably slow, and many an American has failed to put over the project which took him to the Southern Republic by simply misunderstanding this little inherent peculiarity of the Mexicans. They refuse to hurry. It is seen everywhere.

"The time to see a Mexican business man, if you want to see him in his office, is around 7 o'clock in the evening. From shortly after noon until well in the afternoon, the offices and all business houses, as far as that goes, are tightly closed and there is absolutely no business transacted in any way. Dinner is usually had late in the evening—in fact there are a lot of things that the American has to get used to that are different from the things which he has been accustomed to in this country.

Mexican Manners.
"There are all sorts of little usages and etiquettes that are to be met with. One of these is that no business must be intermixed with social activities. There is no such thing as inviting a Mexican business or professional man out to dinner for the purpose of discussing business of any sort with him. The time-honored custom of asking some man with whom you are associated on some big business deal out to dinner—warning him inwardly with the best the restaurant has to offer, and then signing him on your proposition before he has a chance to get out from under the influence of the warm afterglow of a good meal, accomplishes you nothing but an absolute and flat failure on the other side of the Rio Grande.

"Men have been known to be in Mexico for weeks waiting to see some particular man on some particular business—to be out on various social expeditions with him—even to be isolated with him at some social function, but his lips must remain sealed regarding his mission in Mexico until such time as the official appointment for the discussion of business can be made, and then the whole affair will be gone into. The other process is often considered something of an insult, and it never brings the desired results.

Plays Have Long Runs.
"Theatricals in Mexico are a peculiar proposition. Here some one asks you to go to a show, you may answer, 'I've already seen it.' One never does in Mexico. The bills are rarely changed, and the people keep on going just the same. The productions enjoy long runs that would make a Broadway success green with envy, and the entire populace goes to see them anywhere from twenty-five to 300 times. There seems to be some unwritten law against changing the bill, and the public seems satisfied. It is peculiar.

"The Mexicans are lavish entertainers. Their banquets are things to be remembered for a lifetime. They seem to have plenty of money and to spend it freely. Their decorations and the way their banquets are served prove that they are a very artistic people. They are great lovers of the ornate, as most of us know. Yet, with it all they have a wonderful sense of proportion that ends in artistry, giving their affairs just the right touch of effectiveness.

"Their buildings and parks are wonderful. Their climate is delightful, and their soil makes possible the cultivation of 90 per cent of all the agricultural products known to man. Their resources are unlimited. Their mines and other unexploited riches make them one of the wealthiest Nations, not only in the world today, but in the history of the world. The real Mexicans, the descendants of the old Spanish stock, are wonderfully intelligent people, eager aggressive and pleasant to associate with. The Indians are a passive element and are all right if let alone.

Trade Possibilities Good.
"There is a wonderful field for American business, and Texas and Dallas, business in particular, in Mexico. The possibilities are unbounded, and if the Government continues to make such rapid strides in the future as it has in the past, under the able and statesmanlike leadership of Obregon, Mexico will prove the economic balance wheel to Canada as far as the United States is concerned.

"There are several things that American business will have to recognize in Mexico, however, before it can hope to gain any sort of foot-

hold there. One of these is the fact already stressed that Mexico never hurries. Another is that most Mexicans are not familiar with American business methods.

"In such little things as the shipment of goods to Mexico, great care should be taken. Packages should be plainly marked. And all the rules in common usage in Mexico should be taken into consideration. One of these is the use of the metric system of measure in shipment going over the border. This is the established measure of Mexico, and is the only one they know anything about.

"Mexico holds a great future for American business, but it must be handled extremely careful. What it needs most is encouragement and help. Coercion will not help matters in the slightest. Mexico has had too much of that already."—Dallas News.

A. AND M. BILL PASSES

We take it for granted that Governor Neff will sign the bill creating the West Texas Agricultural and Mechanical College which was passed finally late Saturday by the adoption of a conference report reconciling differences between the House and the Senate. We have not a copy of the conference report before us, and in consequence do not know the particulars upon what basis the differences were reconciled, but the big thing is that the establishment of the governor signs it a definite start will be made toward building an institution that will adequately serve the needs of the great territory to the west of us.

We cannot but express regret that Mr. Curtis, one of the Tarrant county representatives, should have voted against the report by the adoption of which this bill passed. Mr. Curtis may have good and sufficient reasons, from his own point of view, for his action, and without adequate information as to what that view might be we have no desire to censure him. If, however, his position is that such an agricultural and mechanical college should not be established in West Texas, and his vote was based on that ground, we do not hesitate to say that he did not register the wishes of his constituents when he cast his vote. If his objection was to some particular feature of the bill or of the report, it seems to us that the fact that the representatives of the West Texas districts desired the bill to pass should have served to resolve his doubts in its favor. The establishment of this college has long been the need and the desire of the people of West Texas, and objections ought to be an extraordinary character, involving the interests of the State as a whole to warrant anybody from Fort Worth, ostensibly representing the sentiment of Fort Worth people, casting his vote against supplying such a need and gratifying such a desire. Incidentally, the establishment of such an institution has been one of the purposes of the West Texas Chamber of Commerce since its organization. The leading men of Fort Worth in all lines of business are members of that organization, and pay dues to the amount of approximately \$15,000 a year to its support. Their purpose is to accomplish just such things as the establishment of this institution, and these men are among Mr. Curtis' leading constituents. It is such considerations as these that should have induced Mr. Curtis to vote for the measure, in the absence of some extraordinary reason for contrary action. We regret very much that he did not do so.—Star Telegram.

NO. 172.

State Of Texas,
County Of Reeves.

By virtue of an order of sale issued out of the honorable Justices' Court, Precinct No. 2, Reeves County, Texas, on the 14th day of March, A. D. 1921, in cause Numbered 172 on the docket of said Court, styled W. H. Brokaw vs. J. W. Watkins, directed and delivered to me as constable. I will proceed to sell between the hours of ten A. M. and 4 P. M. on the 25th day of March A. D. 1921, at the office of the Justice of the Peace in Precinct No. 2, Reeves County, Texas, in the town of Toyah, Texas the following described personal property to-wit:—Thirteen joints 7-5/8 inch second hand inserted casing and twenty joints of five inch second hand inserted casing.

Levied on by me under a writ of attachment as the property of J. W. Watkins to satisfy a debt of Two Hundred Dollars and costs of suit.

Given under my hand this 14th day of March, A. D. 1921.

T. J. WORKMAN,
Constable Precinct No. 2, Reeves County, Texas. 31-1t

ASPIRIN

Name "Bayer" on Genuine

Warning! Unless you see the name "Bayer" on package or on tablets you are not getting genuine Aspirin prescribed by physicians for twenty-one years and proved safe by millions. Take Aspirin only as told in the Bayer package for Colds, Headache, Neuralgia, Rheumatism, Earache, Toothache, Lumbago and for Pain. Handy tin boxes of twelve Bayer Tablets of Aspirin cost few cents. Druggists also sell larger packages. Aspirin is the trade mark of Bayer Manufacture of Monoaceticacid-ester of Salicylicacid.

FINANCIAL REVIEW

Prepared For The Enterprise By The First National Bank In St. Louis.

According to the "Economic World," one section of the forthcoming annual report of Mr. R. L. Welsh, General Secretary and Counsel of the American Petroleum Institute, New York City, will be devoted to statistics of the 1920 production, distribution and consumption of petroleum, with special reference to the United States. The following figures given by the report are of interest:

The world production in 1920 was 689,000,000 barrels of oil as compared with 557,500,000 barrels in 1919, a gain of 131,500,000 barrels, or 23.6 per cent. (The average increase in the world production of oil in the ten-year period to 1919, was 6.5 per cent.)

In 1920 the United States produced 443,402,000 barrels as compared with 377,719,000 barrels in 1919, a gain of 65,683,000 barrels, or 17.4 per cent.

If we combine the United States production with Mexican imports we would obtain a total of 553,402,000 barrels of oil for 1920. This compares with 434,719,000 barrels in 1919, a gain of 118,683,000 barrels, or 27.3 per cent.

Export from the United States of petroleum and its products were in 1920, 73,821,657 barrels as compared with 59,351,285 barrels in 1919, a gain of 14,470,371 barrels, or 24.4 per cent.

The United States imported in 1920, 36,178,343 barrels of oil in excess of the exports, the excess of imports over exports being 49 per cent.

The year commenced with domestic production in the United States at the yearly rate 401,183,214 barrels and closed with production at the rate of 459,990,996 barrels; consumption commenced at the rate of 409,483,362 barrels, and closed at the rate of 432,068,856 barrels.

A TONIC

Grove's Tasteless chill Tonic restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

Grove's Tasteless chill Tonic is simply Iron and Quinine suspended in syrup. So pleasant even children like it. The blood needs QUININE to Purify it and IRON to Enrich it. Destroys Malarial germs and Grip germs by its Strengthening, Invigorating Effect. 60c.

SOUR STOMACH INDIGESTION

Thedford's Black-Draught Highly Recommended by a Tennessee Grocer for Troubles Resulting from Torpid Liver.

East Nashville, Tenn.—The efficiency of Thedford's Black-Draught, the genuine, herb, liver medicine, is vouched for by Mr. W. N. Parsons, a grocer in this city. "It is without doubt the best liver medicine, and I don't believe I could get along without it. I take it for sour stomach, headache, bad liver, indigestion, and all other troubles that are the result of a torpid liver.

"I have known and used it for years, and can and do highly recommend it to every one. I won't go to bed without it in the house. It will do all it claims to do. I can't say enough for it."

Many other men and women throughout the country have found Black-Draught just as Mr. Parsons describes—valuable in regulating the liver to its normal functions, and in cleansing the bowels of impurities.

Thedford's Black-Draught liver medicine is the original and only genuine. Accept no imitations or substitutes. Always ask for Thedford's. E. 88

GENUINE "BULL" DURHAM TOBACCO

HOW MUCH COTTON?

(By W. K. Whipple, Publicity Manager, West Texas Chamber of Commerce.)

For years past advocates of a union of farmers have gone over the country and especially the cotton growing states of the South in an attempt to organize the cotton planter in order that he may, through his united strength, control to some extent the price of his product. The need of such an organization is unquestioned. Until such is accomplished little can be done towards regulating either price or production. Unity is the key word of success in any form of enterprise, be it farming, manufacturing or civic development and only through such unity shall the farmer come into his own.

The cotton planting season is at hand and we are faced with facts that should make the cotton farmer, if he keeps posted, hesitate as to his course. Statistics show that we now have in this county about 9,000,000 bales of cotton without a market of any kind to care for it. By the end of this year's ginning season we will have nearer ten million bales. The price has dropped from over thirty-five cents to almost nothing. Where a market is to be found it is bringing for present grades around five or six cents. This decline is not, as many who are not posted believe, the result of speculation or manipulation of cotton market but solely the result of over production. True it is that there has been some manipulation in the cotton market just as there always has been and will continue to be; but the conditions we face in the long run are the results of the law of supply and demand and temporary fluctuations have no bearing on the results.

It is very easy for the average cotton grower to hope for better prices when he harvests this year's crop. He is not familiar with national and international conditions which effect every bale he raises, and if he is to prosper it is necessary for him to unearth the fundamental causes which spell success or failure in the raising of each year's crop.

Cotton is one of the most laborious and expensive crops raised in this country. It is one of the most complex crops we have. Weather conditions, humidity, soil conditions, world wide and national economic conditions and financial conditions all have their effect upon each crop and together with all this we have a crop that requires constant attention with a great amount of labor both in the raising and then in the handling. The possibilities in normal times of profit are not great and the probabilities of loss in a year like 1921 are great.

The World War caused an unprecedented demand for cotton. The value of money was going down which caused the price of cotton in accordance with other products and with the great demand, to score. This country was using tremendous quantities, new mills were built and old mills enlarged, the Government was buying, the people were buying manufactured products and the mills were sold up for months ahead. England, France and Italy were buying, the demand out weighed the supply and we saw forty cent cotton, but what about today? We are facing just the opposite, the low dip of the tide, as it were.

With the exception of the United States the world is broken. Our great cotton market, controlled by Liverpool, is gone. England cannot buy, neither can Germany, Italy, France, China or Japan. The American Mills are loaded with stock. Labor is still high and prevents efficient or profitable manufacture and we have on hand some nine to ten million of bales of cotton.

We read of the great corporations who control the country and make prices. Who are these great monsters? They are nothing but a collection of little men, just like you and me. The men who manage their affairs have a very small interest, financially, in them. They are owned by the public, the larger the company the greater number of owners. They are facing the same kind of a situation today that each cotton farmer is facing and what are they doing? They are cutting production.

They realize that there is no foreign trade and that we are a producing country and are already overstocked. It is just the same with the little cotton farmer who raises twenty-five to a hundred acres of cotton each year. If he is to prosper he must reduce his output not one but all, and unless all do make tremendous reduction, the 1921 cotton cotton crop will be the third to go begging.

In driving over the country we find on every side bales of cotton standing around the farms. Some are this year and some are last years. True it is that many had the opportunity to sell at relatively high prices put as is true with human nature waited for a little better price. When the high prices of this past season were being paid the country was still on that boom of inflation that lasted until the Federal Reserve System put on the brakes. We are now going through the deflation period. It may be years before we have another marked boom. This does not mean that we will not have good business conditions but it means that the prospects for a higher price for cotton in view of existing world wide affairs, would not encourage one in planting a very large acreage.

The future of the cotton market is solely dependent upon world conditions. There is no likelihood of any market improvement in the economic or financial conditions in the near future, at least in time to effect this year's cotton market. There is but one thing to do if we are to make West Texas prosperous, namely, cut your acreage and cut it heavy. Some counties report as much as 80 per cent reduction, others from 30 to 50 per cent. "King Cotton" is a high sounding name but unless it brings comfort to our homes, education to our children and wealth to our community, why waste the time and energy necessary to handle it? We who live in West Texas live in the land of opportunities. With our rich soil, our ideal climate and our blue blooded Americanism, why should we not prosper? The agricultural history of the world shows but one way, and that is "Diversification."

THOROUGH WORK

How a Pecos Citizen Found Freedom From Kidney Trouble.

If you suffer from backache—From urinary disorders—Any curable disease of the kidneys, Use a tested kidney remedy. Doan's Kidney Pills have been tested by thousands.

Pecos people testify. Can you ask more convincing proof of merit? Mrs. Lou Duncan says: "My kidneys were weak and I suffered much from inflammation. At times I was most uncomfortable. I had a dizzy, swimming sensation in my head when everything seemed to be dense in front of me. I had heard of Doan's Kidney Pills, so I started using them and they certainly helped me wonderfully. Doan's relieved the congestion and rid me of the disagreeable feeling in my head."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Duncan had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

THE DALLAS NEWS

THE NEWEST, THE BEST, THE MOST RELIABLE—THAT'S ALL JOHN T. McCLURE Circulator at PECOS, TEXAS

DALLAS MEN PLAN TO BUY COAL FIELD

Rockdale, Texas, March 12.—Pending since about Jan. 1 there now seems almost certain to be finally closed in a few days the most important and the largest industrial real estate and lignite coal deal, which has been negotiated in Rockdale in many years, with more than \$256,000 to be involved in the sale of the Dr. J. P. Sparks lignite properties known as the Big Lump Coal Company, with other smaller properties owned by Fred H. Graves, cashier of the Rockdale State Bank, and Attorney E. A. Camp and their associates, Mr. Camp being also president of the Chamber of Commerce.

Following several visits of inspection here by Hugh H. Tucker of Dallas, he was accompanied to Rockdale last Tuesday by J. W. Crotty of Dallas, also by civil engineers. Experts who are now on the ground checking up the properties, which comprise more than 1,000 acres among the best lignite and shallow oil acreage in Millam county.

It is said that \$25,000 has been placed on deposit in a Dallas bank to guarantee the sale once the checking is completed and title perfected, the payment of the deposit to bind the deal being subject to title.

It is also said that there will finally be involved in this deal, aside from the sum stated as the purchase price, fully \$3,000,000 to \$3,500,000 will be used in the development of the property.

NEW SCHOOL TAX LAW IN EFFECT

Austin, Texas, March 14.—An important ruling made by the Attorney General advises the State Superintendent of Public Instruction that taxes can be levied this year by school districts under the enabling act putting into effect the amendment to the Constitution raising the limit for school taxes. School districts are also advised that they have the same right to levy and collect taxes as heretofore existing except that the new law empowers them to levy taxes not exceeding \$1 on the \$100 of valuation for maintenance of schools and a tax not to exceed 50c in payment of school building bonds, but the maintenance tax, together with the bond tax, can not exceed \$1. The new law is now in effect, it having contained the emergency clause, received the necessary two-thirds vote and was signed by the Governor. School district may proceed to hold elections to increase their school taxes by a majority vote.

Assistant Attorney General W. P. Dumas wrote the opinion, and he points out how the taxes may be levied. He says that where a school district votes taxes or bonds under the enabling act and the order authorizing the issuance of the bonds, or levy of the tax, is passed before the tax rolls are completed, then the tax shall be levied for the current year, but if such bond order, or tax order, is passed after the final approval of the tax rolls, then the tax should be levied for the ensuing year.

No Worms in a Healthy Child

All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 60c per bottle.

5 ACRES FOR \$50

Section 4, Block B-20, one mile from drilling contract; has been cut into 5-acre tracts, which will be sold at \$50 each.

D. A. DODDS, PECOS

ELECTION PROCLAMATION

Notice is hereby given that an election will be held in the Town of Pecos City for the purpose of electing two aldermen for the said Town of Pecos City to serve for a period of two years. That said election shall be held on the first Tuesday in April, A. D. 1921, being the 5th day of said month, and said election is to be held at the City Hall, in the said Town of Pecos City, between the hours of eight o'clock A. M., and seven o'clock P. M., and none but the qualified voters within the Town of Pecos City are entitled to vote therein.

F. P. Richbudg is appointed presiding Judge; Fred B. Faust, Assistant Judge; J. W. Wadley and C. S. McCarver are appointed Clerks for said election; said election shall be held and due returns made thereof to the Council of said Town of Pecos City, as required by law.

Dated this the 28th day of February, A. D. 1921.

BEN PALMER,

Mayor of the Town of Pecos City, Texas.

Attest: EARL EASTERBROOK Secretary of the Town of Pecos City, Texas. 29-4t.

FRUIT TREES, BERRIES, FLOWERING SHRUBS AND ROSES

No better trees were ever grown than we have this year.

We have the sure-bearing varieties for the different sections in all fruits and berries, and the best shades, shrubs and evergreens.

Our LEONA Peach beats Elberta. Our SMITH Peach has missed but one crop in 25 years.

Our NONA and other Plums are wonderful.

Let us make your Home Grounds Forever Beautiful, comfortable and valuable with hardy climate-proof standard and native flowering shrubs, bulbs, etc., arranged in natural, informal borders, groups and masses.

Plant a background for your home, or a norther-breaker, of the glossy leaved Evergreen Japan Ligustrum, like those growing on our State Capitol grounds.

To still further improve our Landscape Department, we have associated with us Mr. F. W. Hensel, who for years has been the head of the Division of Landscape Designing and Engineering of Texas A. and M. College. He is a graduate of A. & M. College and Cornell University, and better still, a native Texan who knows Texas.

We want honest, energetic men and women to sell our stock. Local or general, temporary or permanent. Nursery established 1875. 325 acres. We pay express. Ask for free catalog.

Foreign Advertising Representative THE AMERICAN PRESS ASSOCIATION

When a deep test comes in and the National Petroleum Developers give a banquet in commemoration of the good wishes and persistent optimism of some of our citizens, Mr. W. A. Bennett should be entitled to a seat of honor at the right of the president. He never quit when the last boom collapsed and has preached the possibilities of the Pecos field ever since he came here from California over a year ago.

The American Legion has not had the pleasure of giving any free baths in the fountain to I. W. W. propagandist for some time. The last one interviewed the big cat fish for trying to circulate a petition for the pardon of Eugene V. Debs. Previous to this the foreman at the Laura derrick asked the rig builder to raise the American flag on top of the finished structure, and was met with refusal, accompanied by a choice vocabulary of damnable insinuations about the "disreputable rag" as he termed it. The foreman gave him what was coming to him, brought him to town, paid him off, made him kiss the flag he had disgraced, beat him up again and put him on the first train out of Pecos. The kissing took place at the Fountain before a select audience of loyal Americans. These occurrences are recorded to warn the birds of that stamp, a few of whom are with us, that their propaganda had better be kept under their hats.

The influx of strangers, some of whom may stay here permanently, makes it imperative that Pecos should have new and improved postoffice facilities. The merchants, professional men and private citizens have submitted to the present temporary distribution of their mail with patience and resignation, but the increased transient travel, to investigate the oil prospects, is the forerunner of an extra demand on the postoffice force. The business public want access to their mail on Sundays and holidays and it is now in order to show the authorities that some steps should be taken to relieve the situation. No doubt Congressman Hudspeth will take some immediate action in this matter if properly approached on the subject by our chamber of commerce or some one who can get in touch with him. The cramped and inadequate conditions of the office has put the very competent force of employees to a great disadvantage, and the distribution of the entire mail through the general delivery window should be dispensed with as soon as possible.

The Sunshine Laura well seems to be the best bet on a deep test producer as we go to press this week. This is a hard blow to the persistent knocker against this company. There are people in Pecos, who have never invested one dollar in money in the Sunshine operations but have stood on the streets and repeatedly spread propaganda against the company, and its organizers. They have in a few cases allowed themselves to be called on juries to try cases of lease recovery against the company when, in all probability they knew what their verdict would be before any testimony was offered in the case. Happily their verdicts have been upset in the Court of Appeals. They have brought itinerant attorneys into Pecos for no other purpose than to create trouble for the pioneer operators. They have brought suit to annul perfectly good contracts made in good faith. In one case a disgruntled litigant applied to the company for employment while his suit against the company was in court. For unmitigated and colossal nerve this has never been known to be equaled. If the Laura well proves to be a Tampico gusher it is in order for these disgruntled and unreasonable knockers to organize and amalgamated order of "Has Beens."

GEO. MACKAY HELD FOR LUNACY RELEASED

Geo. Mackey who was detained in the county jail on a suspicion of lunacy as noted in last week's Enterprise was released to the custody of friends in Toyah. He has partially recovered his right mind and is probably all right mentally by now, as his temporary insanity is supposed to be the result of an over-indulgence in tequila.

THE NEW OIL EXCHANGE

The partitions and offices in the old Rex Oil Exchange are being replaced by a force of carpenters. The compartments as a whole will be known as the Oil Exchange, Collings Building. Mr. Collings is an optimist and is not to be caught napping when a deep test comes in. The old Rex was often the scene of numerous transactions in leases and stocks and was the center of attraction for buyers and sellers of oil investments. The different apartments have already been rented to people who have interest in the Pecos fields and we may look forward to a repetition of the former boom if the Laura deep test comes in, as is confidently expected.

BOOTLEGGERS NABBED IN TOYAH

Information that booze was being sold openly, over the county, in the Mexican settlement at Toyah reached county Attorney Calhoun and Sheriff Kiser last week. They investigated four Mexican stores but were unable to unearth any contraband goods. Mr. Calhoun watched one of the stores while the sheriff assisted by deputy H. K. Jones made some further investigation. One store was occupied by a father and son and the son mysteriously left and in his get away he encountered deputy Jones who knew him, and took flight, followed by the officers. He was found secreted in a barn and upon further search 16 quarts of liquor were found in the barn. Earnest Peneda with the booze are safely stored away in the county jail.

NOTICE TO SCHOOL PATRONS. The census of the school children will be taken through the school this year. The amount allowed for taking the census is so little no will undertake it. The purpose of this notice is to ask that every person make an effort to see that every child of school age is enrolled. If a child is seven by the first day of September and not over eighteen he is entitled to draw money from the State. This amount is \$14.50 each. If we fail to get a child we lose that amount. Notify any teacher or myself of any child coming within the school age and the matter will receive prompt attention. P. J. RUTLEDGE, Superintendent.

UNCLE JOHN'S JOSH

Mother "California Syrup of Figs" is Child's Best Laxative

"California Syrup Of Figs" Is Child's Best Laxative. Beware! Say "California" or you may not get the genuine "California Syrup of Figs" which doctors recommend for babies and children of all ages. Nothing else cleans the little bowels and regulates the child's stomach and liver so gently, so thoroughly. Directions on each bottle. But you must say "California." Don't be talked into an imitation fig syrup which hasn't the delicious, fruity taste or the perfect "laxative" physio action.

MRS. COLLIE FATALLY HURT BY AN AUTO

Mrs. D. L. Collie of Polytechnic, died in a Fort Worth hospital Monday afternoon from injuries sustained last Friday when struck by an auto and knocked to the ground while she was crossing the street near her home. She never regained consciousness after the accident. Decedent was the wife of Rev. Collie, once pastor of the Methodist church here, and many friends in this city share in the sorrow which has thus come upon him and his children.—Stephenville Empire. Mrs. Collie is the mother of our esteemed fellow townsman, M. W. Collie, who was in attendance upon his mother during her last illness. The entire citizenship of Pecos and surrounding county extend to the bereaved their sincere sympathy.

CITATIONS BY PUBLICATION THE STATE OF TEXAS

To the Sheriff or any Constable of Reeves County—GREETING:

You are hereby commanded to summon Wm. B. Flynn by making publication of this Citation once in each week for 4 successive weeks previous to the return day hereof, to appear at the next regular term of the Justice Court of Precinct No. 1, Reeves County, Texas, to be holden at the Court House thereof, in Pecos, Texas, on the 18th day of April, A. D. 1921, then and there to answer a suit filed in said Court on the 16th day of March, 1921, in suit No. 1249, wherein G. B. Finley and L. W. Anderson, a partnership firm are Plaintiffs, and Wm. B. Flynn is defendant, and said petition alleging in substance that said Wm. B. Flynn did on May 17th, 1920, execute and deliver to Dixieland Syndicate a certain check drawn on The First National Bank of Pecos, Texas, for \$100.00 and signed by the said William B. Flynn said check being payable to the order of said Dixieland Syndicate; that same was endorsed by the said Dixieland Syndicate and sold to the plaintiffs for a valuable consideration; that when said check was presented to said bank for payment by the plaintiffs, payment of same was refused by said bank for the reason that said defendant did not have and has not at this time funds therein with which to pay said check, to plaintiffs' damage in the sum of \$100.00, with interest from January 1st, 1920, at 6 percent per annum. Plaintiffs sue for the amount of their debt as above alleged.

Herein fail not but have before said Court, at its aforesaid regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand, at office in Pecos, Texas, this 16th day of March, A. D. 1921. MAX KRAUSKOPF, J. P. Precinct No. 1, Reeves County, Texas. Issued this 16th day of March, A. D. 1921. MAX KRAUSKOPF, 31-4t. J. P. Precinct No. 1, Reeves County, Texas.

AFRICAN GOLF. Yesterday, about one o'clock Sheriff Kiser made a descent on a bunch of men who were indulging in a quiet game of craps or African golf at the Santa Fe Stook Pens. There were two onlookers, or "sweaters," and the other three pleaded guilty and paid their fines. One of the three had only \$1.10 towards his assessment and was loaned the balance by another one of the trio, which left the lender penniless. He found a place to borrow his requirements or would have been in jail this morning. The Enterprise refrains from publishing the names of these gamblers.

THE CHURCHES

CHURCH OF CHRIST. All the regular services Sunday. There will be something to meet the need of every human heart. Come and worship with us. A cordial invitation to all. HOMER L. MAGEE

METHODIST SUNDAY SCHOOL. The Enterprise has repeatedly been requested to print the report of attendance, etc. of the different Sunday schools of the town each week in a hope that it would create a further interest and boost the attendance in the different schools of the town. This paper would be glad to have such a report as the following from each Sunday school in Pecos every week, which is the calendar of the Methodist school for last Sabbath and is as follows: Officers present, 24. Pupils present, 163. Visitors, 3. Total, 192. Collection, \$13.27.

Insurance means protection. Protection means quick payment of losses. That is our motto. If you loose, we pay. For lowest rates see E. L. Collings, Insurance.

The Quinine That Does Not Affect The Head because of its tonic and laxative effect. LAXATIVE BROMO QUININE is better than ordinary Quinine and does not cause nervousness nor ringing in head. Remember the full name and look for the signature of E. W. GROVE. 30c

FOR SALE—Splendid Ford car, will sell cheap for cash. Tools and repairs go with it. See W. M. Woodie at Shoe Shop, one door North Enterprise. 1t*

For lowest rates and quick payment of losses insure with E. L. Collings. 29-2t.

Our Most Extravagant Predictions Coming True

We were saying it more than two years ago. They are all saying it now. Some of the world's foremost geologists have been in Pecos. All of them say that Pecos is destined to be another Tampico; that it will in all probability be the world's greatest oil field; that the LAURA WELL of the SUNSHINE-FEDERAL INTERESTS will flow over the top in another hundred feet; that it will be a gusher, and that there is no doubt of it.

WHAT ARE YOU WAITING FOR?

Are you waiting for more evidence to persuade you? If so you are likely to wait until it is too late.

WHAT HAVE WE FOUND?

The sample of oil at our office taken from the bottom of the Laura has been seen, handled and tested by hundreds, and all have the same opinion; Tampico formation and a gusher near.

THE GOLDEN OPPORTUNITY AT PECOS

We have thousands of Acres in the Pecos Field. We were here first and procured gilt-edge oil leases on lands selected by us before anybody else ever thought of Pecos. Wire us if you wish to make an investment. Make known to us how much acreage you want and what price you wish to pay. Better spend a few dollars on a wire and save money, do not wait for more news. The news is already as big as all outdoors.

PECOS IS THE BIGGEST OIL PROPOSITION IN THE OIL WORLD TODAY

We are answering many wires and we will answer yours. We are placing those who have confidence in us, in the cream of this great oil field. Our time is yours and no matter how large or how small your order we will give it the same careful consideration.

SOCIAL EVENTS

BRIDGE CLUB
 On Thursday, Mrs. Monroe Kerr very delightfully entertained the Bridge Club. A green color scheme was featured in shamrock score pads and in the tallies and sherbet. A delicious ice course was served at the close of five games and Mrs. Max Krauskopf and Mrs. W. H. Browning were found to be holders of first and second score. A number of guests were invited to join the members for the afternoon.

ENTERTAINS WITH DANCE
 Mrs. Lou Duncan was hostess to a bevy of pretty girls Friday evening, when she entertained them and their escorts with a dance. The affair was select and the young people enjoyed the occasion with all the enthusiasm which goes with such entertainments to make its social aspects congenial and appreciative. The following enjoyed the terpsichorian festivities: Misses Novella Wilson, Ora Pruet, Warren Collings, Evelyn Slack, Jane Luby, Buena Payne, Amy Langham and Mae Beauchamp. Among the gentlemen were: Messrs. Joe Glover, White, Erlenback, Von Rosenberg, Morris, Meyers, Johnson, Pryor, Woody Cowan and Floyd Oden.

ENJOYABLE BUNK PARTY
 A very enjoyable bunk party was given by Mrs. Weyer at the residence of Mrs. J. E. Starley, on Saturday night to a few of the young ladies of this city, who give a glowing account of the hospitality of the hostess. The party assembled at the Starley home, and proceeded to the picture entertainment. They spent the night with Mrs. Weyer and were elaborately entertained with a sumptuous breakfast in the morning. Those in the party were: Ora Pruet, Novella Wilson, Jane Looby, Warren Collings and Lucy Ligon.

FORTY-TWO PARTY
 Mrs. Lucy Mitchell gave an enjoyable forty-two party to a select coterie of friends last night in honor of St. Patrick. We have no account of the decoration and costumes but presume green predominated.

ST. PATRICK PARTY
 The honored Irish St. Patricks was drawn upon for the motif decoration of a beautiful forty-two party Thursday afternoon of which Mesdames John B. Howard, W. A. Hudson and Jim Cox were hostesses at the home of Mrs. Howard. Fourteen tables were arranged for the games. The shamrock and the Irish flag were used as decorations. The Irish colors were carried out in a delicious salad course which was served at the close of fourteen spirited games, and also in the costumes of the hostesses. The following ladies were the guests: Mesdames L. W. Anderson, Woody Browning, Walter Browning, O. J. Bryan, J. A. Buck, Glem Calhoun, John Camp, Jim Camp, T. Y. Casey, M. W. Collie, Earl Collings, E. L. Collings, Lillie Cole, H. T. Collier, Jim Cooksey, Albert Cooksey, Sid Cowan, Will Cowan, Lou Duncan, J. A. Drane, W. W. Dean, Geo. B. Finley, William Garlick, Oram Green, Tom Harrison, J. V. Hanson, Jesse Heard, Dorothy Heard, John Hibdon, Joe Hollebeke, Marion S. Hudson, H. H. Johnson, R. S. Johnson, Monroe Kerr, Max Krauskopf, H. N. Lusk, Geo. Littlefield, J. G. Loye, John Lilley, Tom McClure, Meredith, H. N. McKellar, Chas. Manahan, J. W. Moore, Add Owen, J. W. Parker, G. C. Parker, H. C. Roberson, Ratliff, W. W. Runnels, Ethel Reynolds, J. I. Sims, Albert Sisk, Walter Sutherland, Clay Slack, B. R. Stine, David Tudor, A. G. Taggart, R. C. Warn, E. G. Weyer, Ralph Williams, A. B. Wilcox, Roy Wilcox, Harry Woods, Young and Vickers.

A shadow auction and box supper was held at the Methodist church last Friday night. The attendance was generous and the audience were entertained with a short play, music, recitations and pantomine. The opening was a skit by the girls junior Sunday School class and was cleverly acted. The subject was a burlesque on church auxiliaries in general and was true to the nature of some of these meetings and proceedings. Agreement as to the disposition of funds collected was impossible as is generally the case when every member talks at the same time and has different ideas.

The "Rock of Ages" was beautifully portrayed in pantomine by the Misses Effie Blake, Ha Lawson and Genevieve Ratcliff. This representation received deserved applause. Mrs. William Meyer recited in her usual effective method of expressing thought in language; exhibiting the spirit and faculty of an artist. She was enthusiastically encored. The violin and piano selections were by Mrs. Lucy Mitchell and Richard Lynn, and were appreciated. Applause called for repetition of these numbers.

The auction sale of boxes was the last on the program and the donor's profile and shadow could be seen on a screen. A neat sum was realized from the box sale which was voted a success by all interested.

POCKET BOOK LOST—On way home from picture show Friday night. Has T. G. on outside of book, and contains some receipt bills from Green Grocery Store, \$5.00 in currency and some silver. Will pay liberal reward. Mrs. John Grogan.

SARAGOSA NEWS

Mrs. Taylor Conger was a visitor in Pecos last Saturday. Bob Reed was a business visitor to Pecos Monday. Taylor Conger was a Pecos visitor Monday. Bryan Williams of Somerton, Ariz. is the guest this week of his uncle, J. W. B. Williams and family. Solomon Shellenburger and family moved to Stockton Monday. Mr. and Mrs. E. Conger are the happy parents of a fine baby girl. Miss Ivy Carpenter finished her school at the Crumbs ranch and returned home last Friday. Several cars of cattle were shipped from Saragosa last Saturday and Sunday. The farmers Union met last Saturday evening. After the meeting the ladies served coffee and all kinds of good eats. The school girls took their chaperons and went to the mountains Friday returning Sunday. A fine time was reported. Mr. Sutherland, secretary of the Chamber of Commerce of Pecos and wife, were out in the Valley the first of the week. Mr. and Mrs. M. A. Stamper from Hoban who have been the guests of Mr. and Mrs. Taylor Conger, left Monday for Mineral Wells where they will make their future home.

SOME VERY FINE PHOTO-PLAYS AT THE RIALTO NEXT WEEK
 Are all married men tempted at least once during their life-time to seek the society of another woman? Billy Sayer had been happily married for six years; he was successful in business; had a beautiful home and a wife who idolized him—when along came Vera, a former sweetheart. Vera was enough to make any man leave home—and if fate hadn't intervened, Billy would have been victim No. 846. There is a series of tremendously humorous situations in this society comedy. It is filled with dash and pep—and, withal, as clean as a breeze. The story, which recently appeared in Cosmopolitan Magazine, is by Albert Payson Terhune, and is the first of a series of special comedy dramas produced by the Rockett Film Corporation for release through the W. W. Hodkinson Corporation. If you want to forget your troubles; if you want to laugh as you haven't laughed in a long time,—see "The Truant Husband!" Monday and Tuesday. An Irishman's Point Of View. For three years from his cellar shop window William Grogan, journeyman plumber, had seen the same two shapely feet trip lightly by. Saturdays and minus the gap of July and August led him to the conclusion that she was a school teacher. He had never seen her face, and yet he fell in love with the girl whose feet twinkled past every day. In quest of adventure, he put himself aboard a ship for a trip around the world. The pair of feet was on the same boat. Mystery, adventure, trachery and love, with the strange luck of the Irish, make this story a thrilling romance indeed. "The Luck of the Irish" is an Allan Dwan screen adaptation of Harold MacGrath's most popular novel by the same name. It is the feature attraction at the Rialto Theatre, Wednesday and Thursday. Minnesotas' Dream. Will be presented by Pecos Camp Fire girls, Friday night, a portion of the proceeds going to the girls. Pecos' homtalent is always worth the money, and those who attend on this night will be certain to get their money's worth. Minnesotas' Dream is a great play and will be well presented. A Great Farce. The fame of "Officer 666" has echoed to the four corners of the continent. Fans everywhere know it as the farce that shook Broadway with gales of laughter and made a whirlwind success on the road. Here it is as a photoplay, with the sunny Tom Moore in the star part, and a cast of comedians that could not be excelled. In the screen version, the sharp corners of the play have been rounded off, scenes have been inserted that could not be shown on the stage, and the action slips along without the slightest hint of a break. "Officer 666" will be seen at the Rialto Theatre Saturday together with the 2nd episode of the Son of Tarzan and a Fatty Arbuckle comedy. MR. RANCHMAN. Do you like our business methods and the way the Toyah Bell No. 2 has been drilled? If so, and you have a block of acreage you will abstract and give for a test well drilled by us let me hear from you at once. I will personally inspect the ground as to its geology and prospects of producing oil. Best proposition gets well started as soon as we finish the Toyah-Bell No. 2 whether it is dry or a gusher. C. H. Willoughby, Field manager, Porterville, Texas. 1t.

Yardgoods

To Cure a Cold in One Day
 Take LAXATIVE BROMO QUININE (Tablets.) It stops the Cough and Headache and works off the Cold. E. W. GROVE'S signature on each box. 30c.

ARE YOU GUILTY?

OF

Increasing the death rate in your county?
 Increasing the amount of sickness in your community?

YOU ARE IF YOU HAVE

- A dirty back yard.
- An uncovered garbage pail.
- An open or broken sink drain.
- A neglected privy, exposing its contents to the flies, draining into any water supply or contaminating your garden vegetables.
- A fly-breeding manure heap.
- Uncovered barrels, buckets or tin cans containing water that provide mosquito breeding places.
- Weeds growing around your premises.
- Or an unprotected well.

LOOK AROUND AND SEE IF THERE IS NOT SOMETHING FOR YOU TO DO

Protect your family from disease and discomfort.
 Make your home more pleasant and beautiful.
 Make your community a safe and healthy place to live in.
 Be a good neighbor and a good citizen. Don't be responsible for sickness and death.

Bureau of County Health Work
 Texas State Board of Health
 AUSTIN

Colds Cause Grip and Influenza
 LAXATIVE BROMO QUININE Tablets remove the cause. There is only one "Bromo Quinine." E. W. GROVE'S signature on box. 30c.

To Stop a Cough Quick
HAYES' HEALING HONEY, a cough medicine which stops the cough by soothing the inflamed and irritated tissues.
 A box of GROVE'S O-PEN-TRATE SALVE for Chest Colds, Head Colds and Croup is enclosed with every bottle of HAYES' HEALING HONEY. The salve should be rubbed on the chest and throat of children suffering from a Cold or Croup.
 The healing effect of Hayes' Healing Honey in the throat combined with the healing effect of Grove's O-Pen-Trate Salve through the pores of the skin soon stops a cough.
 Both remedies are packed in one carton and the cost of the combined treatment is 35c.
 Just ask your druggist for HAYES' HEALING HONEY.

CITATIONS BY PUBLICATION

THE STATE OF TEXAS
 To the Sheriff or Constable of Reeves County—GREETING:—
 You are hereby commanded to summon E. P. Howard by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, to appear at the next regular term of the District Court of Reeves County, Texas, to be held at the Court House thereof, in Pecos, Texas, on the 25th day of April, A. D. 1921, then and there to answer a petition filed in said Court on the 31st day of August, 1920, in suit No. 2017, wherein L. E. Bell and M. M. Garvin are Plaintiff, and E. P. Howard is Defendant, and said petition alleging in substance that on and prior to March 9, 1920, the plaintiffs were the owners of an oil and gas lease on the SW 1-2 of Section 87, Block 33, H. & T. C. Ry. Co. Survey, in Loving County, Texas, on which day they assigned an undivided one-half interest in said lease to the defendant; that the consideration for said assignment was the defendant's promise to drill a well for oil and gas on said premises to be begun within 90 days from March 9, 1920, and to prosecute same in accordance with the terms of the agreement between plaintiffs and defendant; that the defendant further agreeing that in case said well was not begun within said 90 days the plaintiffs should have the right to cancel said agreement and defendant agreed to reassign, in such event, said undivided one-half interest in said lease to plaintiffs; that defendant failed to begin said well within said 90 days or at any time and the plaintiffs have cancelled said agreement and demanded of the defendant the reassignment of said undivided interest; that defendant has failed and refused to reassign same and that said lease is of great value, to-wit: \$54,000; and plaintiffs pray for judgment decreeing rescission and cancellation of said assignment, for costs of suit and for such other and further relief in law and equity as they may be entitled.
 HEREIN FAIL NOT But have before said Court, at its aforesaid regular term, this writ with your return thereon, showing how you have executed the same.
 Given under my hand and seal of said Court, at office in Pecos, Texas, this 9th day of February, A. D. 1921.
 S. C. VAUGHAN, Clerk.
 District Court, Reeves County, Texas.
 By—C. E. Allison, Deputy.
 Issued this 9th day of February, A. D. 1921.

LIFT CORNS OR CALLUSES OFF

Doesn't hurt! Lift any corn or callus off with fingers.
 It is therefore considered and ordered by the court that an election be held in said Road District No. 1, of Reeves County, Texas, on the 26th day of March, 1921, which is not less than thirty (30) days from the date of this order, to determine whether or not the bonds of said Road District No. 1, of Reeves County, Texas shall be issued in the amount of One Hundred Thousand (\$100,000.00) Dollars, bearing a rate of interest to be fixed by the Commissioners' Court not exceeding Five and One-half (5 1/2) per cent, and maturing at such time as may be fixed by the Commissioners' Court, serially or otherwise, not to exceed thirty (30) years from the date thereof; and whether or not a tax shall be levied on the property of said Road District No. 1, of Reeves County, Texas, subject to taxation for the purpose of paying the interest on said bond and to provide a sinking fund for the redemption thereof at maturity.
 Notices of said election shall be given by publication in a newspaper published in said Road District No. 1, Reeves County, Texas, for four successive weeks before the date of said election, and in addition thereto there shall be posted notices of said election at three public places in Road District No. 1, of Reeves County, Texas, for three weeks prior to said election.
 Said election shall be held at the Court House of Reeves County, at Pecos, Texas, and the following-named person is hereby appointed manager of said election, F. P. Richardson.
 Said election shall be held under the provisions of Article 627 to 641, inclusive, of Chapter 2, Title 18, Revised Statutes, 1911, and as amended by Chapter 203, Acts of 1917, and only qualified voters who are property taxpayers of said Road District No. 1, Reeves County, Texas, shall be allowed to vote, and all voters desiring to support the proposition to issue

NOTICE OF ELECTION
 State of Texas, County of Reeves.
 On this the 21st day of February, 1921, this court being in regular session, came on to be considered the petition of T. Y. Casey and seventy-two (72) other persons praying that bonds be issued by Road District No. 1, of Reeves County, Texas, in the sum of One Hundred Thousand (\$100,000.00) dollars, bearing a rate of interest to be fixed by the Commissioners' Court not exceeding Five and One-half (5 1/2) per cent, and maturing at such times as may be fixed by the Commissioners' Court, serially or otherwise, not to exceed thirty (30) years from the date thereof, for the purpose of constructing, maintaining and operating macadamized, graveled or paved roads and turnpikes, or in aid thereof.
 And it appearing to the court that said petition is signed by more than fifty of the resident property taxing voters of said Road District No. 1, of Reeves County, Texas, said Road District No. 1, having been established by an order of the Commissioners' Court of Reeves County, Texas, dated the 8th day of December 1913, of record in Book two (2), Page 15, of the Road Minutes Records of Reeves County, Texas, within the following metes and bounds, to-wit:
 Beginning at a point where the south boundary line of the State of New Mexico intersects the Pecos River; thence down said Pecos River with its meanders, to the boundary line between said Reeves County and Pecos County; thence in a south-westerly direction along said boundary line to a point where said line intersects the north line of Section No. 37, Block 50, Tsp. 8, T. & P. Ry. Co. Survey; thence west with the said north line of said Section 37 and its continuation to a point where the North line of Section 38, Block 52, Tsp. 8, T. & P. Ry. Co. Survey, intersects the west line of Section 299, Block 13, H. & G. Ry. Co. Survey; thence up the west line of Section 299 to its northwest corner; thence in a westerly direction with the Section lines to the southwest corner of Section 107, Block 13, H. & G. Ry. Co. Survey thence up the west line of said Section 107, to a point where said line intersects the line between Sections 12 and 13, Block C-10, Public School; thence west with said line to the southeast corner of Block 55, Tsp. 7, T. & P. Ry. Co. Survey; thence north with the east line of said block to its northeast corner; thence west with the north line of said block to the southeast corner of Section 8, Block C-8, Public School; thence north to the southeast corner of Block 72, Public School; thence north with the east line of said Block 72, to the northeast corner of Section No. 22, Block C-17, Public School; thence west with the north line of Section 22 and 23, said Block C-17, to the southwest corner of Block 55, Tsp. 5, T. & P. Ry. Co. Survey; thence north following the east line of Blocks 58 and 57, Public School, to the northeast corner of Block 57 aforesaid; thence along the north line of Blocks 57, 56 and 53, Public School, to the County line between Reeves and Culberson Counties; thence in a northerly direction following said County line to a point in the south boundary line of the State of New Mexico where said County line between said Reeves and Culberson Counties intersects said State boundary line of said State of New Mexico east to the place of beginning.
 It is therefore considered and ordered by the court that an election be held in said Road District No. 1, of Reeves County, Texas, on the 26th day of March, 1921, which is not less than thirty (30) days from the date of this order, to determine whether or not the bonds of said Road District No. 1, of Reeves County, Texas shall be issued in the amount of One Hundred Thousand (\$100,000.00) Dollars, bearing a rate of interest to be fixed by the Commissioners' Court not exceeding Five and One-half (5 1/2) per cent, and maturing at such time as may be fixed by the Commissioners' Court, serially or otherwise, not to exceed thirty (30) years from the date thereof; and whether or not a tax shall be levied on the property of said Road District No. 1, of Reeves County, Texas, subject to taxation for the purpose of paying the interest on said bond and to provide a sinking fund for the redemption thereof at maturity.
 Notices of said election shall be given by publication in a newspaper published in said Road District No. 1, Reeves County, Texas, for four successive weeks before the date of said election, and in addition thereto there shall be posted notices of said election at three public places in Road District No. 1, of Reeves County, Texas, for three weeks prior to said election.
 Said election shall be held at the Court House of Reeves County, at Pecos, Texas, and the following-named person is hereby appointed manager of said election, F. P. Richardson.
 Said election shall be held under the provisions of Article 627 to 641, inclusive, of Chapter 2, Title 18, Revised Statutes, 1911, and as amended by Chapter 203, Acts of 1917, and only qualified voters who are property taxpayers of said Road District No. 1, Reeves County, Texas, shall be allowed to vote, and all voters desiring to support the proposition to issue

bonds shall have written or printed on their ballots the words: "For the issuance of bonds and the levying of the tax in payment therefor."
 And those opposed shall have written or printed on their ballots the words: "Against the issuance of bonds and the levying of the tax in payment therefor."
 The manner of holding said election shall be governed by the laws governing the elections in this State.
 A copy of this order signed by the County Judge of said County, shall serve as a proper notice of said election, and the County Judge is directed to cause said notice to be published in a newspaper published in said Road District No. 1, of Reeves County, Texas, for four successive weeks next preceding said election and cause to be posted a notice thereof at three public places in Road District No. 1, Reeves County, Texas, for three weeks prior to said election.
 JAS. F. ROSS, County Judge Reeves County, Texas. 29-4t.

 By virtue of a certain Order of Sale issued out of the Honorable District Court of Reeves County, on the 28th day of February, 1921, by Clerk of said Court against C. W. Easton for the sum of Seventy-one and 73/100 (\$71.73) Dollars and costs of suit, in case No. 2055 in said Court, styled The Town of Pecos City, Texas, versus C. W. Easton, as Sheriff of Reeves County, Texas, did, on the 7th day of March, 1921, levy on certain Real Estate, situated in Reeves County, Texas, as follows, to-wit: Lots Nos. 4 and 5, in Block No. 31, and Lot No. 15, in Block No. 44, in the Town of Pecos City, in Reeves County, Texas, and Lot Nos. 3 and 6, in Block No. 31, in West Park Addition to the Town of Pecos City, in Reeves County, Texas, and levied upon as the property of said C. W. Easton. And on Tuesday the 5th day of April, 1921, at the Court House door of Reeves County, in the Town of Pecos, Texas, between the hours of ten A. M. and four P. M. I will sell said Premises at public vendue, for cash, to the highest bidder, as the property of said C. W. Easton by virtue of said levy and said Order of Sale.
 And in compliance with law, I give this notice by publication in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Enterprise, a newspaper published in Reeves County.
 WITNESS my hand, this 7th day of March, 1921.
 E. B. KISER, Sheriff Reeves County, Texas.

SHERIFF'S SALE
 The State of Texas, County of Reeves.
 By virtue of a certain Order of Sale issued out of the Honorable District Court of Reeves County, on the 11th day of February, 1921, by Clerk of said Court against McReynolds Oil Co. for the sum of One Thousand Six Hundred Fifty Four and 40/100 (\$1,654.40) Dollars and cost of suit, in case No. 4141 in said Court, styled McReynolds Oil Co. versus McReynolds Oil Co., and placed in my hands for service, I, E. B. Kiser, as Sheriff of Reeves County, Texas, did, on the 11th day of February, 1921, levy on certain Personal Property situated in the State of Texas, described as follows, to-wit: One Star Wall Rig, together with all tools, gauges, wires, steel cables, hoses, drills, pumps, and drill bits, rigs, rope sockets, etc., belonging to and used by McReynolds Oil Co. as the property of said Star Wall Rig, Refining Co

CREATING A "DOC- TORS TRUST"

Farm and Ranch will concede that the public health must be conserved and protected; that citizens should be guarded against impostors in the profession of medicine and other forms and methods of healing. Farm and Ranch does not, however, sanction any legislation which will limit the right to minister to the sick and afflicted to any one school of practice, nor does it endorse any move to draft our laws along the narrow lines dictated by the rules of ethics adopted by certain exclusive medical associations.

The practice of the art of healing has been chief among the professions almost from the beginning of time. Of late years the progress made in discovery has been the means of saving thousands of lives. Yet one must harken back but a few years to remember the time when members of the medical profession refused to give a fever patient a drink of water and cautioned the person suffering from pneumonia to keep the windows down. In those days a doctor's prominence and standing in the community were judged largely by the amount and degree of bitterness of the drugs prescribed, and when the Homeopaths came along with their "sugar pills," the Allopaths fought them energetically both in public and in private. Later the Homeopaths and Allopaths combined to fight the Eclectics, and finally, when the Osteopaths put in an appearance with methods of healing which dispensed with drugs almost altogether, the three combined and succeeded in making outlaws of them in many States for many years. At last the success of Osteopaths in the treatment of many ailments developed a public sentiment which forced their recognition, and at last made the Osteopathy legal. Now comes the fight against the Chiropractors and the practitioners of this school of healing are dragged into the courts almost daily, notwithstanding the living evidence of hundreds who claim they have either been fully cured or benefited by Chiropractic treatment.

Under the pretense of making the present medical practice act enforceable, the State Medical Association of Texas has prepared amendments to the law and seek their passage for the purpose of completely eliminating the Chiropractors from practice in Texas. This same bill would put all Optometrists out of business and more than treble the practice of the medical eye specialist who is licensed to practice under the act drawn by the State Medical Association.

Active lobbying by the State Medical Association is a feature of every session of the Legislature in Texas and other States. It is disguised as an effort to surround the public with safeguards against unscrupulous impostors, but many are beginning to doubt that that is the real motive. There is a growing sentiment among the people that these efforts to restrict, by legislation, practice of the art of healing and ministering to the sick to certain select schools of medicine, are conceived in either ignorance or selfishness or both. It is common knowledge that the average doctor hesitates to concede any merit to any theory, practice or doctrine not taught in his own school. Therefore, his antagonism to any new thought, idea or practice not originating in his own circle is explained.

The public understands and agrees that the prescribing of drugs, poisonous and otherwise, should be confined exclusively to those who thoroughly understand their nature and effects, but why apply the same rules to practitioners who do not use drugs? Why should Texas refuse to recognize schools of healing that have already received the sanction of other States? Will the Texas Legislature lend its assistance to the creation of a "doctors' trust," or will it grant the citizens of the State the right to choose the treatment they have the most confidence in?—Farm and Ranch.

The Enterprise editor has always believed that every doctor, of whatever sect or method, had something over the other. In fact it is a matter of history that the each and every sect have made absolute cures when others have failed to do any good whatever. Physicians have failed to effect even an improvement in members of Reeves county families while the Osteopath or Chiropractors are now making a wonderful improvement which would probably cause a combat should one undertake to minimize the ability of these practitioners to either of two of our county commissioners—A. W. Hosie of Toyah and Julius Eisenwine of Pecos. The above is a splendid article and well worth the careful thought of our people.

DANDRUFF MAKES HAIR FALL OUT

WEEKLY PRICE LIST

OF THE

GREATEST BARGAINS IN OIL AND GAS LEASES EVER OFFERED FOR SALE IN ANY OIL FIELD

The Big Standard Rig which I spudded in February 12 on Section 25, Block B-19, Public School land, Ward County, is in all probability the biggest outfit in the field and possibly the best as everything is new and of the latest and best makes.

The consulting driller M. M. Garvin, who brought in the Bell Discovery Well that made Pecos famous in oil history, is of the opinion we will reach the oil sand in ninety days. The best investments in the field are leases about that well. See those described below and buy them quickly before the prices advance.

Every acre described below has been geologized by reliable men having state and national reputations and pronounced PRIME PROSPECTIVE OIL LANDS.

Original leases were all written for 5 years on 88 form producer's blanks, abstracted and titles approved by my attorney the Hon. W. W. Hubbard of this city.

Having resigned my official positions with the Toyah Valley Oil Company, I am now transacting a general oil investment business and offer a service which I believe unequalled by any other dealer in the entire Trans-Pecos region.

10 acres or more will be sold from any tract described, and at the price named. All cash, or three equal monthly payments, as desired.

Some attractive drilling propositions open to reliable parties who are prepared to immediately drill either shallow or deep wells.

LANDS IN WARD COUNTY, TEXAS

Section 37, Block A, G. & M. M. B. & A. Survey, 640 acres at	\$3.00 Per Acre
Section 38, Block A, G. & M. M. B. & A., Survey, 480 acres at	\$4.00 Per Acre
Section 39, Block A, G. & M. M. B. & A. Survey, 320 Acres at	\$5.00 Per Acre
Section 40, Block A, G. & M. M. B. & A. Survey, 160 acres at	\$6.00 Per Acre

88 Form, 5-year producers' lease, dated April 8, 1920, with annual rental of \$1.50 per acre paid to April 8, 1922. Title derived from an estate owning the lands for over forty years, known by all lawyers here to be good and approved by our attorney.

These lands lie 1, 2, 3 and 4 miles northeast of Monahans along the marvelous structure traced by the famous scientist and geologist of New York City, Dr. R. M. Holden, whose report has been corroborated by other eminent men since he examined the field.

THIS WEEKS LEADER

400 acres out of Section 13, Block B-29, \$10.00 Per Acre

This land lies less than three miles from the big drilling outfit located on Section 25, Block B-19, and on the apex of the same structure. Dr. R. M. Holden of New York City, the locating geologist, speaking of this oil structure said:

"You have traversing these lands both shallow and deep oil streams and pools of greater magnitude than any field I have ever had the privilege of examining. The first oil sand should be penetrated at 900 feet and will be found to be of unusual depth, capable of being developed into one of the greatest oil fields in the world."

Last week I accompanied C. H. Willoughby over all lands in the vicinity of this drilling outfit. Especial attention was given to the lands lying southeast of the big derrick. Mr. Willoughby is a geologist and oil operator of Arkansas City, Kansas, and with his associates claims to have consecutively located 183 successful oil wells. He works principally with a scientific instrument which he says is infallible for it instantly indicates oil streams and oil pools, and quickly tells the probable depth to production and the amount when reached. His demonstrations in this vicinity have caused considerable excitement because of their accuracy in numerous instances where development was under way, or completed. Mr. Willoughby said:

"I have been in this vicinity the last two months and believe I am now familiar with all oil structures in Loving, Ward and Reeves Counties. The derrick on Section 25, Block B-19, Ward County, is, in my judgment, surrounded by the largest body of land having the strongest oil indications of any I have ever investigated outside of the Proven Oil Fields of Oklahoma and will unquestionably develop into the greatest producing portion of the entire Pecos Field."

Section 73, Block N, G. & M. M. B. & A. Survey, lands immediately north from derrick	\$30.00 Per Acre
Section 22, Block B-19, lands less than one mile from derrick	\$25.00 Per Acre
Section 21, Block B-19, lands less than two-miles from derrick	\$20.00 Per Acre
Section 18, Block B-29, lands less than four miles from derrick	\$15.00 Per Acre

88 Form, 5 year commercial lease dated February 12, 1921, with annual rental of 50 cents per acre paid to February 12, 1922.

LANDS IN LOVING COUNTY TEXAS

The wonderful Bell well was brought in on the lower end of an oil structure in Reeves County, (the derrick standing exactly two miles from the Loving County line), that runs to the northwest through Loving County. The greatest oil structures in the entire Trans-Pecos region are in Loving and Ward Counties and unquestionably those counties will develop into the hub around which production will thin out as distance increases.

Sections 32, 40, 42, and 48, Block 55, Tsp., 1, T & P. Survey, 80 acres of each section at \$5.00 Per Acre
All of the above lands are 88 Form, five years producers' lease, dated June 3, 1919, with annual rental of 25 cents per acre.

These lands are along the Santa Rosa structure, on which several wells are drilling in Texas and fifty or more in New Mexico.

Section 16, Block C-24, public school land, 60 acres at \$4.00 Per Acre

This section is on the apex of the Bell structure and a most excellent buy.

Section 20, Block C-24, public school land, 90 acres \$6.00 Per Acre
88 Form, 5 year commercial lease, dated September 27, 1919, with annual rental of 25 cents per acre paid to September 27, 1922.

This section lies close to the apex of the Bell structure, east of the deep test location of the Pinal-Dome Company, and three miles north of the Leeman well of the Sunshine Oil Company, which commenced drilling about a year ago. Probably no better purchase at the same price was ever offered in this field.

West one-half Section 33, Block 54, Tsp 2, 320 Acres or less at \$10.00 Per Acre

This is what is known as a Texas and Pacific Railway Company lease, demanding a rental of 50 cents per acre each six months.

Rental paid to Sept. 1, 1921. Requires no abstract, but will furnish attorney's opinion showing good title. Land lies due north of the Bell well and due west of the Toyah-Bell No. 2, the deepest test in the field whose drill for two weeks has been passing through rich oil bearing limestone. A gusher is expected any day.

SOME UNUSUAL OFFERINGS

Section 44, Block 56, Tp. 1, T. & P. Survey, 465 acres at \$2.50 Per Acre

This Land is not only on the Biggest Oil Structure in the Entire Field, on which the Toyah Valley Standard Derrick for their Well No. 1 is located, 6 miles to the north, but they lie in the Pecos River Valley and are shown on the geological maps issued by the State of Texas as the best Permian Oil Lands in the entire field.

Section 4, Block 57, Tp. 1, T. & P. Survey, 160 acres at \$10.00 Per Acre

Five year commercial lease, dated August 18, 1920 with annual rental of 25 cents per acre.

This land lies one mile from the biggest and heaviest standard derrick ever erected in Loving County, and on top of the greatest and best defined structure in the State of Texas. Never before in the history of oil development were such bargains offered.

PERSONAL

Mrs. Joe Pervis of Fort Worth is the guest of Mr. and Mrs. B. A. Toliver for the week-end.

Mrs. J. C. Wilson of Loving, N. M., arrived Wednesday for a visit to her parents, Mr. and Mrs. E. L. Collings.

Mrs. C. C. Colwell has returned home from Houston where she went to attend the State Woodmen Circle convention.

Mrs. Lora B. Pence of El Paso, district deputy matron of the order of Eastern Star, met with the local lodge in an official capacity Wednesday morning.

Mrs. E. B. Daniel of Toyah was over Saturday in consultation with Dr. Magee who sent her back home better prepared to masticate the good food furnished her by that most amiable and business like husband of hers.

Mr. and Mrs. J. V. Hanson and children left yesterday for their new home in Indio, California. Mr. and Mrs. Hanson are fine people and have endeared themselves to our people as few families have, and they will be missed from Pecos, both in church and social activities. Mr. Hanson is also a splendid business man and one in whom our people have the utmost confidence and respect. It is with regret that the Enterprise chronicles their departure but they are recommended to the good people of Indio as all wool and a yard wide.

Mrs. D. A. Dodds received an invitation to the winter Cerimonial Session of the White Shrine of Jerusalem, to be held this month at Freeport, Ills. Mrs. Dodds is one of the charter members of this Shrine, an important connection with Masonry, and has always been active in the Eastern Star circle in Illinois and Iowa.

TOM MOORE IN

"OFFICER 666"

Helping to rob his own house is one of the screamingly ludicrous situations in Tom Moore's latest gloom-chaser. It is crammed full of clean, clever humor, even better than the stage version, which had all Broadway laughing for months. This film is a REAL TREAT.

Also Second Episode of "THE SON OF TARZAN"—Every Episode a Story in Itself—The Most Thrilling Serial Ever Made

ALSO FATTY ARBUCKLE COMEDY

R. L. Wigly and Henry Hicks of Balmorhea, were in the city transacting business Wednesday and report that every thing is flourishing out in the creek county.

H. F. McKinney one of the largest stockholders in the Sunshine Oil Co., was in Pecos the latter part of last week. He inspected operations at the Laura well, and returned to his home in El Paso, Sunday.

Mr. Norwood of the firm of Toliver and Norwood visited Barstow Tuesday in the interest of their Ward county establishment and reports conditions flourishing, and farmers preparing their fields for 1921 crops.

The Misses Ligon, Earl Ligon and family, Aston Lloyd and Eddie Ligon motored to a fishing creek about 30 miles west of Fort Stockton and came home with an abundant catch. Earl Ligon is drilling an oil well in the vicinity of the fishing ground.

Mrs. W. L. Ross made a trip to her ranch, transacted some important business in reference to the sale of a bunch of cattle to Port Daggett of Fort Worth and returned to Pecos a round trip distance of eighty miles within four hours. She made the trip alone.

J. A. Lee of Toyah, was a business visitor in Pecos Tuesday. He represents an oil company which is now drilling in section 44, block 56, Tp. 7. They are now down over 200 feet and after a shut-down for some time expected to resume work today.

P. H. Solomon of Springfield, Ill., came in last week to look after business matters here. Mr. Solomon is a wealthy farmer and interested in the Pecos oil fields and it is needless to say he believes that it is only a short time until the field is proven a producer and one of the best fields in the county.

Mr. and Mrs. J. C. West and children are here on a visit to Mrs. West's parents, Mr. and Mrs. Sam P. Keenan. They live at Hurley, New Mexico, and read The Enterprise each week with much interest and say half a dozen neighbors call for it weekly to get the oil news of the Pecos field first hand.

D. H. Hart, clerk of U. S. Court will be in Pecos next week to attend the regular session to be held here commencing Monday 21st. Mr. Hart was appointed Clerk of the court by Hon. T. M. Maxey, thirty-three years ago and has rendered efficient service since his appointment. He has held this office longer than any one in a similar capacity.

Julius D. Ramsey of El Dorado spent Tuesday evening in Pecos, on his way home from a tour in West Texas and New Mexico. Mr. Ramsey is inspector for one of the large Loan Companies of St. Louis, and reports that he finds every thing in this section of the country in very good shape, and a better range than he really anticipated.

W. A. Hudson received a telegram from his partner, Judge J. E. Starley, Wednesday reporting progress on the irrigation bills recently introduced in the legislature. The main irrigation bill has been passed and approved by the governor and the other is now in his hands. Judge Starley has been in Austin during all of the last term of the legislature in the interest of our irrigation systems and that he has met with beneficial results will be appreciated.

Jack Jarguson and wife motored to the Toyah Valley well in Loving county and spent Tuesday night with Young Bell and family on their way home.

We are glad to see our enterprising photographer, F. W. Howard on the streets again. He is on crutches and is rapidly recovering the use of his foot, which he tried to shoot off.

Hon. J. F. Ross our genial County Judge, whose entire library and extensive office equipment was destroyed in the Cowan building fire, is now moving into suit 2 of the Syndicate building.

Mrs. Keese and her two sons, of Chicago who have been motoring through California and Colorado arrived in Pecos this week. Mrs. Keese has land interests in the vicinity of Porterville and will remain in Pecos for some time. They are registered at the New Hotel.

Mrs. Steve Ward, who has had, probably more physical trouble within the past six months than any one we have heard of, had another operation performed this week. She had an affliction of one of her limbs, below the knee and an operation was advised. From last report she is doing nicely.
