AND PECOS TIMES

VOLUME XL. NUMBER 33.

PECOS, TEXAS, FRIDAY, APRIL 1, 1921.

\$2.00 PER YEAR, \$1.25 FOR SIX MONTHS

TOYAH VALLEY SULPHUR CO. TO BEGIN OPERATING MAY FIRST

The Enterprise editor on Wednesday of this week had the pleasure of a trip with President M. J. Epley and Secretary, Dr. J. A. Daniel of the Toyah Valley Sulphur Company to their mining property near Orla and was surprised at the wonderful improvement since his last visit some months ago.

Upon reaching Orla R. N. McCarthy, in charge of the commissary, was on hand and showed the editor through. They have a nice building, well filled with a fine lot of goods such as are needed by those who are working for the company as well as the ranchers in that part of the country. The building not only contains room for a nice line of goods but under the same roof Mac has two nice bedrooms, and neatly kept kitchen and keeps every department in apple pie order. Besides this building there is a nice office building ready for occupancy, a warehouse of no mean proportions, stalls for two cars and a very commodious oil house.

At the station the editor viewed a lot of trucks or dump carts to be used on railroad tracks in hauling the ore to the crusher and many other parts of machinery which he does not know the names of and for what purpose to be used he will not venture to make a guess, only it is to be used at the mines.

Arriving at the mines, a bath and smoke proceed a sumptuous dinner which was enjoyed next to a banquet at the Oil King Grill. The cook knows how to serve as well as how to cook and the food was of the very best.

After dinner the party spent most of the remainder of the afternoon at the "mill" watching the installation of the massive machinery which will soon be converting the crude ore into pure sulphur and the by-products. At the entrance upon massive concrete blocks is the large Hardinge mill which will crush the ore and pass it on to the retorts which are placed in a row alongside it. These retorts are rather cone shaped and will be heated with a hot oil circulated with a pump. A 150 horse-power Fairbanks-Morse engine is being installed with a 90 kilowatt dynamo which will furnish power and lights for the entire plant. It is proposed to run all machinery with the power thus furnished. They have a large force of men who seem to know their business and to work about like men who are not afraid to go about it and they are making rapid progress and hope to have everything in readiness to begin actually turning out the real product by the first of May at the very latest.

They have expended about \$100,000 in machinery of the very best and designed by experts for the special work for which it is intended and is fully covered by patents by this company who own, according to best information obtainable, about 85 percent of the sulphur lands in this section of country.

Few if any of our people realize the magnitude of this proposition or the benefit to be derived not only by the owners but by this section of country. They firmly believe they will be able to produce the pure sulphur by their process at a maximum of not over five dollars per ton. They hope aside from this to make by-products from the refuse which will bring in heavy returns, and prove of vast benefit to the entire country.

They also have vast beds of gypsum in various forms will eventually prove a great asset to the company when it is understood that it is now being manufactured into a kind of brick and used as inner walls and partitions and as such is considered superior to any other material. According to Mr. Epley New Orleans has shipped in and used more than a million dollars worth of these gyp brick the past year.

A casual glance at the machinery this company are installing and the manner in which it is being installed will convince the most skeptical that they are in earnest and propose to make it a success.

AMERICAN LEGION

Members of the Richard Briscoe Post of the American Legion are to enjoy a free feed in observance of the fourth anniversary of the start of the World War next Wednesday evening April 6. The dinner will be held at the Oil King Grill at 8 o'clock and the Legion members are invited to bring their wives or lady friends. A general invitation is also extended to members of other posts of the Legion now making headquarters in Pecos. Under the arrangements, the plates served to local Legion members will be paid for by the post from the entertainment fund while the rest will be paid for the plates of their guests.

A program is being prepared by the committee composed of Charles McMan and Tom McClure. The subject of organizing an auxiliary to the local post will also be taken up at the dinner, and the ladies

present will be asked to appoint a committee to handle the organization.

Under the temporary regulation of the National Executive Committee of the American Legion the following are eligible to membership in the auxiliary: "Mothers, wives, daughters and sisters of the members of the American Legion, and the mothers, wives, daughters and sisters of all men and women who were in the military or naval service of the United States at any time between April 6, 1917, and November 11, 1918, and who died in line of duty or after honorable discharge and prior to November 11, 1920." An amendment to this regulation states that the grand-mothers and step-mothers of the men mentioned above are also eligible.

WHY THE CUT IN CRUDE?

The Standard Oil Company of California for the year ended December 31, 1920, reports net profits after depreciation, depletion and federal taxes of \$41,655,254, which was equivalent to \$41.92 per share earned on the \$99,373,311 capital stock in the previous year.

The net earnings for 1920 amounted to \$59,413,819 compared with \$48,566,327. There was set aside for depreciation and depletion last year a total of \$9,798,565 and federal taxes aggregated \$7,960,000, leaving the balance of \$41,655,254. Dividends paid on the capital stock during the year amounted to \$13,912,263, leaving a total of \$27,742,991 to be added to profit and loss.—New York Times of March 11, 1921.

Not satisfied with a net profit of better than 40 per cent, which was earned by the Standard Oil Company of California, the "powers that be" evidently decided it was not good business to "struggle along" on a margin of profit not more than 40 per cent, and not knowing of a more effective way of increasing their earnings they raided the operators of the Mid-Continent oil field.

In California there is not a great deal of opposition to Standard Oil, which probably accounts for California crude not being subjected to a cut in price in proportion to that of other fields.

Standard Oil Companies are not the largest producers, but they are the largest buyers and refiners of crude oil in the United States. The enormous profits earned last year by Standard were from the sale of the refined products, and this profit was made from refining and marketing of the refined products from crude while the high prices prevailed.

If supply and demand has one thing to do with prices of crude oil and refined products, Standard Oil certainly ignores such condition and arbitrarily sets the price.

Gasoline was selling for as high as 28 cents, while crude was selling at \$3.50 a barrel, has only been reduced to 23 cents in face of a reduction of 50 per cent in crude. By reducing the cost of gasoline to the wholesaler a trifle under 5 per cent Standard Oil was only throwing another of its fits of generosity. They were not complying with the laws of supply and demand when they deliberately cut the price of crude 50 per cent. There has been volumes written on the "supply of the world's oil," and government statistics tell us that consumption last year in the United States was greater than production by almost 100,000,000 barrels.

Standard Oil is entitled to a legitimate profit on its investment. So is the independent producer, refiner and jobber. By careful manipulation of prices governing crude oil and its refined products Standard has made it impossible for the independent refiner to prosper while crude was quoted as high as \$3.50, and now—after strangling a majority of independent refiners—they see fit, in order to do away with the independent producer, to cut the price of crude 50 per cent.

We do not believe in restraint of trade. Any legitimate business welcomes competition. We would like to know why Standard Oil so bitterly opposes it.

It is within the power of the people of this state to demand an investigation of Standard's subsidiary companies operating in Texas. The independent producers, refiners and jobbers can, and should back a movement on the part of the Independent Oil Operators' Association whereby evidence is being gathered in view of going before the Federal Trade Commission and demanding a thorough investigation of Standard's methods of operating its various subsidiaries; to go before congress and plead for legislation that will make impossible in the future the practices of Standard in the past; to ask for freight rates that are not discriminating to the industry in Texas that the operators, refiners and jobbers can compete with outside competition.—Texas Oil Ledger.

NATIONAL PETROLEUM DEVELOPERS BANQUET AT OIL KING GRILL

Covers were laid for 50 guests at the social meeting of the National Petroleum Developers at the Oil King Grill Saturday night. Families and friends of members of the Association were invited, nevertheless all the men present were either members, contemplated members, or those directly connected with the work. Business prevented some of the members—those on the program—from being present, and the Enterprise wishes to inform them that they missed a rare treat. It was a home talent affair and all participants with the exception of Misses Collings, Pruett and Stratton were members of the association.

Mr. G. D. McFarlan of the McFarlan company had charge of the affairs and proved himself fully capable and worthy the honor. President Alfred Tinaly, of the Sunshine Oil Corporation, made a very nice talk in which he stated that he hoped at an early date to have the same crowd at a similar gathering where turkey would be served, as his guests—and that would be "When the Laura comes in and that will not be many days hence." Judge Hubbard, Jno. B. Howard and others were called upon and made good talks which were to the point and well put before the following program was rendered:

The first number on the program was a recitation by Ira J. Bell but a wire from him from Fort Worth expressed his regrets that he was unable to get home in time to deliver it.

E. L. Stratton was the second and set for a recitation also. His was a masterpiece and brought down the house. Mr. Stratton was in El Paso a few days before and in company with Geo. B. Landrum visited Juarez a time or two and later had a dream which he related. The "dream" as related proved conclusively that he did not forget Pecos or the developers of the Pecos oil field either in his sane or insane moments, for he named practically every operator connected with the field in a rhyme which is worthy of reproduction.

B. J. O'Reilly, secretary of the association, was the next on the program, but pressing business detained him and those in attendance lost a treat is the opinion of the writer.

The guitar selection by President J. Van Clark, of the Federal Co., accompanied by Alfred Tinaly on a mandolin was so fine that they were forced to give several selections.

Myrtle Hufty and G. D. McFarlan sang their own composition which brought into the limelight many oil developers and as was intended drove away the "blues" and was highly applauded.

Miss Cecilia Stratton brought down the house in a most wonderful "solo dance" which brought her back the second time. It was one of the treats of the evening and was highly enjoyed by all.

The "Merry Zingarellas," duet by Misses Ora Pruett and Warren Collings was very fine—so fine indeed, that they were called back several times. They each have a very fine voice and are gracious and obliging enough to allow the public to enjoy their singing on many occasions.

The orchestra was very much enjoyed and received high applause.

One of the very hardest acts on the program to perform during this, the worst "drought" ever known in this section of the country, when it is absolutely necessary to prime before one can spit, was that of Myrtle Hufty, of the Hufty Oil Co., in his "eccentric dance," to the music on the victrola of "Moonshine." His performance was wonderful and without a flaw and the wonder is "how could he do it during

such a drought." That one act was worth the price of the dinner.

"All She'd Say Was Um Hum," a song by Donald S. Bell was very fine and highly enjoyed by the audience.

The Oriental dance, "Phepee Pook-pook" by Jack Jorgenson was a lullapalo and brought down the house. Jack is some dancer and is some artist in the oriental garb.

Mark Schafer was on hand and presided at the piano for the dance which followed the program and his performance was most excellent and highly appreciated. He is an artist when it comes "to pawing the ivory."

From first to last this was a splendid entertainment and proved without a question of doubt that those of the oil developers here in the effort to develop the oil industry in the Pecos field came from some real somewhere, have had shoes and been about and know something besides drilling for oil.

SPECIAL EASTER MUSIC AT TOYAH

There were Easter services in all the churches on Easter Sunday morning in Toyah, and in the evening the church members of all denominations assembled at the Methodist church and were entertained with special music in commemoration of the Holy anniversary. The entire program of Anthems and religious, vocal and instrumental music was under the direction of Mrs. R. E. Wheelless whose tireless exertions in rehearsing the singers was fully rewarded by a perfect rendition of the different anthems, hymns and piano selections. The solos by Mrs. Claudia Seay, Miss Corinne Humphries and Miss Irene Andrews were effective and beautifully rendered. The quartets and duets showed intensive preparation and were well presented. The accompaniments were by Mrs. E. L. Harp, a highly accomplished pianiste. The offertory was played by Mrs. Harp assisted by Richard Lynn of Pecos with the violin.

The beautiful themes and harmony of this latter number deserves special mention as being a Toyah production. It is a Reverie composed for the piano by Mr. E. L. Harp, an accomplished musician in both vocal and instrumental lines. He is a typical Reeves county cowboy, and both he and his wife are highly educated in music and literature. The entire program which follows was given in a finished and successful manner:

"All Hail Immanuel"—Chorus.

"God Hath Sent His Angels"—Chorus.

Prayer by the Rev. W. A. Fulbright, pastor of the church.

Anthem, "Easter Day"—Chorus.

Piano duet, Miss Beatrice Scholtz and Mrs. R. E. Wheelless.

Vocal solo, "Beloved, It Is Morn"—Miss Corinne Humphries.

Hymn, "Christ Arose"—Chorus.

Quartette, "God Is Love"—Misses Irene Andrews, Mena Herrell, Sybil Jones and Fred Collins.

Piano duet, Misses Catherine Morton and Katherine Tinnin.

Vocal solo, "O! Mav My Walk be Close with Thee"—Mrs. Claudia Seay.

Anthem "Sing with All, Ye Sons of Glory"—Chorus.

Offertory, Vocal solo, "One Sweetly Solenn Thought"—Miss Irene Andrews.

Anthem, "Christ, The Lord, is Risen Today"—Chorus.

Hymn, "Now The Day Is Over"—Chorus.

TROXEL, LAURA OR BELL WELL EXPECTED IN ALMOST ANY DAY

With a feeling that the Troxel, the Laura or the Bell well may be "in" almost any day the Pecos oil fraternity is feeling pretty good.

Drilling and underreaming have taken up the time at the Laura. The drill has found a brown shale formation under the asphalt formation, and this is reported by J. Van Clark, the general manager of the Sunshine interests to be saturated with oil. Considerable oil has been bailed from the Laura well coming from the asphalt base formation and from the saturated formations underneath. Due to covey formation it has been necessary to resort to underreaming and carry the casing down to a greater depth. This has caused the new hole to develop comparatively slow.

Difficulties in getting deliveries of casing over the Texas & Pacific have again caused considerable delay to the Pecos field, this time with the Bell well. Casing was reported landed at Ranger Monday, but no report has been received of it up to Thursday morning, and the promise of the general freight agent's office that the car would be rushed through in less than twenty-four hours has apparently been broken.

The delay has caused a wire to be sent to the general freight office asking if it is now necessary to "cancel" the band of railroad men along the line in order to speed up the delivery of needed articles. It is general knowledge among local oil men that this method has been resorted to in the past, and oil men generally have recommended this resort to Mr. Bell if he desired to speed deliveries. During the last legislature a law was presented making it a crime to offer or accept bribes to obtain preferential deliveries.

Action at the Bell well is halted until the casing reaches Pecos, and a water shut off can be obtained before drilling through what is believed to be a can rock.

The nearness of the drill in the Troxel well to the old Texas sands has caused considerable interest in that territory. A great deal of mystery surrounds the operations at the well, but from the best information obtained Thursday the drill was down beyond 1759 feet and was expected to drop into the "pay" at almost any moment.

It will be remembered that in 1911 the Texas company drilled on the adjoining section and obtained some oil from a sand at 1810 feet. This oil is reported to have risen a considerable distance in the hole. The well was shot in an effort to increase the flow, but the general report is that the shot was fired above the sand, and that caveins spoiled the well.

C. A. Wilson, manager for the Texoil and Sundrite, has returned after refinancing his company. He announced that work would be started on the well in a short time. Casing is needed before drilling can be resumed. The well is down 800 feet.

The derrick of the Pinal Dome Oil Co. in eastern Loving county will probably be completed by the end of the present week, but rigging up activities may take up several days before drilling can be started. A great deal of supplies have been taken to this location for the construction of the camp. Guy Goodwin, who has superintended operation, left for his home in Santa Maria, Calif., Wednesday on a short business trip. Santa Maria is also the headquarters of the company.

Gas disturbances are reported to have prevented the proper setting of the cement bridge in the Soda Lake well of the Arthur-Pitts Oil Co., in Ward county, but the company is endeavoring to make a water shut off with bags full of alfalfa seed, and if they succeed will exploit the showing had at 1863 feet. Several accidents and a fishing job have delayed operations at the River No. 2, but a hole 200 feet deep has finally been put down according to C. A. Owens, president of the company. He states that operations are also continuing at the Valley well.

One of the best showings of the field has been had in the Malita well of the Trans Pecos Oil Co. This well was had in a lime rock showing considerable sand. A string of ten inch casing will be needed before the extent of this showing can be determined. The cuttings had a strong gasoline odor and are regarded as distinctly favorable.

It is understood that the Toyah Shallow Oil Co., John Lee manager is to start operations in the El Paso Saragosa territory within a few days time. He has a machine ready to move on the location in section 220, block 13, H. & G. N., as soon as all papers connected with the deal are completed and explore for the shallow oil sand reported by the El Paso Saragosa.

Cuttings from the Toyah Bell show that the well is operating in a cemented formation pronounced as shale by local oil men, carrying a petroleum odor.

The tools brought from this hole show unmistakable signs of free oil, but the consensus of opinion is that this oil is seeping into the well from one of the oil saturated formations located through above the present depth. A new 4,000 foot cable has been ordered for this well and operations have been stopped until its arrival as the condition of the old cable made it inadvisable to continue operations. The hole is down beyond 2875 feet.

The cement bridge placed in the Pioneer Hudson well, formerly the Bell-Reeves on section 19, block 2, H. & G. N., will probably be drilled out

Monday or Tuesday of next week after having been allowed to settle for two weeks.

Drilling has been resumed on the Pecos Angeles at 585 feet. F. M. Berry, field manager of the company has been here for several days making arrangements for the start, but was unable to get his tools together and the rig lined up until Wednesday. This is a standard rig.

In Culberson county the Lewis Jones is reported to be practically down to the depth at which the first well was abandoned because of a fishing job, and where an excellent showing of oil and considerable gas was encountered. This well is on section 24, block 101.

The Owens No. 2, is reported to have resumed drilling after having a water line. The Owens No. 1 is reported to still be engaged in a fishing job at 575 feet.

It is understood that the Dequense States Oil Co., north of Van Horn has discontinued operations after pushing their hole down to 1500 feet and finding quick sands almost all of the distance. This location is about 700 miles west of Pecos in a valley between the Delaware mountains and is reported to have found formations entirely different from those encountered in the main lands of the Pecos Valley and Toyah Basin.

A HISTORY OF THE PECOS OIL FIELD

The Enterprise receives mail daily enquiring more particularly about the Pecos Oil Field and information in reference to holdings of its subscribers. In all the Enterprise has a subscription list of 2300 and it is impossible to answer all the enquiries by letter, hence the editor has decided to get out an edition which will cover every phase of the Pecos oil field from its incipency to the present time and in this edition make an effort to answer all the questions asked and give the truth, the whole truth and nothing but the truth.

This edition will be published either on April 15th or the 22nd, and will contain sixteen pages, all home print and every line of type used in this edition, including all rules and borders will be cast on the Linotype machine—the No. 14, than which there is no better machine built and none in Texas better equipped.

This edition will consist of 16 pages as above stated, at least 10,000 copies will be printed and circulated and the price per single copy will be ten cents. It will be the first paper to be published giving a full history of the Pecos oil field without the flowery language and exaggeration usually found in such editions. Every item therein which has anything to do with the oil history of Pecos will be vouched for as truthfulness by the National Petroleum Developers and the Pecos Chamber of Commerce and will be absolutely accurate and can be depended upon as actual facts.

Owing to the high cost of paper The Enterprise will not print more copies than are contracted for before the first pages go to press on the 11th of April. There appears to be a good chance that at least fifteen thousand copies of this edition will be printed since the Mergenthaler Linotype Co. will probably use 5000 copies of this edition in order to show just what can be done with a first class machine and good equipment as The Enterprise has; hence it will be an unusually fine advertising medium. Those who want in on this proposition will have to sneak early for the space will soon be taken and those who delay will be left out. There will be just sixteen pages—no more, no less.

E. G. BOLES GETS IN TROUBLE

On Saturday Evy Boles hitched up Lizzie for a trip to town with his family but in persuading Lizzie to make a start he sprained his back but finally induced her to go. Of course Evy was suffering from the strain and his back was giving him particular fits and in an effort to get even he shot the juice to Lizzie and she took fire. A spade and plenty of sand which was close at hand was faithfully applied by Evy until the fire was extinguished but not until Lizzie was badly disfigured and disabled from further service until repairs could be secured.

This however, is not all of Boles' troubles, by a long shot, and it is suspected that he has failed to get in plenty of wood, build fires etc., else his troubles would not come in whole heaps. Sunday morning the posts got up bright and early and quit the drive and although he had been in the saddle and on their trail until repairs could be secured over-look them. Should anyone know anything of the whereabouts of this bunch of milk coats they will do Evy and the editor a great kindness by phoning to either of these gentlemen, or better still drive them in to Evy's ranch and rest winter receive a rich reward of a hind quarter for his trouble.

It is suggested that Evy be a little more considerate of home affairs and supply plenty of wood before other calamities befall him. Later—the Boles are at home.

LUCKY STRIKE cigarette. Flavor is sealed in by toasting

DEVELOPMENT REPORT OF THE PECOS FIELD

C. W. Williamson of El Paso, who was in Pecos last spring has recently written a resume of the development of the Pecos oil field...

Although the Pecos Valley for many years had shown strong indications of oil, it was not until March 1920 that the doubting oil prospectors realized it as worthy of extensive operations...

The boom was on, and Pecos, a mere farm and ranch town of 3000 inhabitants opened her doors to welcome the new industry...

Development had begun in earnest; the city's population was steadily growing; co-operation was the slogan; the Chamber of Commerce was re-organized so as to properly handle the new situation...

Situated on the main line of the Texas & Pacific Railroad, about 215 miles from El Paso, and 400 from Fort Worth, two points where all supplies necessary to the oil industry can be readily obtained...

There is a refinery at Toyah and as this place is only twenty miles from Pecos, it can rightfully be claimed the field possesses its own refinery, and with refineries in El Paso and Fort Worth good market conditions are assured...

Two sulphur companies operating in Reeves county use Pecos as their banking, trading and shipping point. And right here it is only fair to mention that Pecos has two strong banks—the First National and Pecos Valley State...

The Chamber of Commerce consists of 400 wide awake members—students of the business and social world organized to help Pecos grow and to render assistance to the visiting public...

The Enterprise and Pecos Times is an eight page weekly dedicated to the independent publication of news

condensed, but complete and accurate. It serves the public faithfully striving at all times to make its pages entertaining and instructive...

Pecos with an elevation of 2700 feet enjoys artesian water encountered at a depth of around 200 feet in such quantities as to meet all demands even of a much larger city...

Until the Bell well came in early in March 1920, there were only four drilling operations actually under way with the exception of those in the western part of the basin...

It is reported from reliable sources that the Consolidated Sulphur company has sold its holding in the Eastern part of Culberson county, consisting of 6000 acres to the British Oil Holdings Limited...

The purchasing company is believed to be a branch of the subsidiary companies of the Dutch Shell company, one of the greatest oil companies in the world...

Taking into consideration the number of wells drilling, at an average initial expense conservatively estimated to be around \$15,000.00 per rig, high operating costs and the number of men required we feel that this is in itself sufficient evidence of the field's merits...

While the development of oil is being energetically pushed much activity towards the improvement of farming conditions throughout the Pecos Valley can be seen. Preliminary surveys have been made for a proposed dam at Red Bluff near the New Mexico border...

Upon agriculture, stock raising and oil and their tributary industries the future of Pecos rests. Nature has supplied the foundation of these, and now it is up to man to apply his ingenuity for their completion and perfection.

A TONIC

Grove's Tasteless chill Tonic restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite...

The Hurry-Up Kind.—At the post-office a little girl deposited a dime in front of the clerk and said: "Please, I forgot the name of the stamp mamma told me to get, but it's the kind that makes a letter hurry up."

CITATIONS BY PUBLICATION THE STATE OF TEXAS, To the Sheriff or any Constable of Reeves County—Greeting:

You are hereby commanded to summon: W. J. Gillespie, Felipe Jaramilla, Chas. W. Erast, Edna F. Evans, Dorothea Gomez, W. A. Atkinson, A. Pask, J. M. Border, Juan Avary, Geo. Carasco, C. E. Peirco, W. N. Chrestman, Mary Z. Brown, E. L. Sargent, W. A. Dawson, W. S. Oberholtzer, C. A. Runciman, A. Sellinger, A. C. Roark, Marvin Reinhardt, and his wife, Mrs. Marvin Reinhardt, Hettie Reinhardt, Mary Reinhardt, W. L. Sargent, J. E. Starley, D. L. Stiles, Geo. H. Tucker, W. P. Toole, R. B. Thurston, Mrs. Mamie Townsend, J. S. Van Devere, H. J. Wade, J. J. Walker, W. H. Yates are defendants. And said petition alleging that it is a suit to enjoin the defendants and Ward County Water Improvement District No. Three, and all other defendants from diverting the waters of the Pecos river out of said river above the point of plaintiffs diversion thereof. Plaintiff alleges the ownership of the waters of said river to a continuous flow of more than six hundred second feet per second of time, that it has owned said waters since 1889 that the defendants have interfered with its use of said waters and have undertaken to convert same to their own use to the plaintiffs great damage, that the plaintiff heretofore was decreed a judgment in the Circuit Court of the United States for the Western District of Texas, El Paso Division, fixing and establishing its right to the said waters and the use thereof as against each and all said defendants, and that in cause No. 301 in the District Court of Ward County, Texas, the rights of said plaintiff to the use of said water as a superior right to any use thereof by defendants was established by judgment of said court. That the defendants are disregarding the said rights of the plaintiff and the said judgments and are attempting to take and are taking said water out of said river depriving the plaintiff of the use thereof to its great damage. Plaintiff prays for a decree enjoining the defendants and each of them from diverting said water of the Pecos River out of said river or in any wise interfering with the plaintiffs use thereof to the extent of a continuous flow of six hundred second feet continuous flow.

Herein fail not, but have before said court at its aforesaid regular term this writ with your return thereon, showing how you have executed the same.

Given under my hand and seal of said court, at office in Pecos, Texas, this the 23rd, day of March, 1921.

S. C. VAUGHAN, Clerk, District Court of Reeves County.

By C. E. ALLISON, Deputy.

Issued this the 23rd, day of March, 1921.

S. C. VAUGHAN, Clerk, District Court of Reeves County.

By C. E. ALLISON, Deputy 32-4t

No Worms in a Healthy Child

All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS chill TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a general strengthening tonic to the whole system. Nature will then throw off or dispel the worms, and the child will be in perfect health. Pleasant to take. 60c per bottle.

NATURALLY Father—You want to get your money's worth on fifteen dollars a week! What are you thinking of? Son—The girl.

FOR SALE—320 acres of land in Reeves county, 10 miles West of Pecos City. Four miles North of Hermosa—one half of section 36, block 55, T. & P. R. R. survey. Will some one make me a bid on it. Address box 238, Pecos, Texas, Hamilton county, Texas.

To Cure a Cold in One Day

Take LAXATIVE FROMO QUININE (Tonic) stops the Cough and Headache and cures the Cold. E. W. GROVE'S signature on each bottle.

Foreign Advertising Representative
THE AMERICAN PRESS ASSOCIATION

The vote to issue bonds was carried by exactly 9 votes to one against, or 99 to 11. This result is an optimistic anticipation and reflects the passing of the grouch, the chronic kicker against improvements and the trouble making element whose leanings are toward socialism.

The initial number of the Gail Gazette reached us this week. The editor, W. V. Ervin was an employe of the Enterprise both before and after it took over the Pecos Times. Mr. Ervin announces his purpose is to boost Gail and Borden county and perhaps incidentally it's congenial neighbor town of Big Spring. If the town and county get the advertising publicity given to an industry from which it gets its name i. e. Gale Borden's Condensed Milk, it will be going some.

THE INDIAN GOES TO WORK.

It certainly looks like we are pretty nearly through with the wild Indian on this North American continent.

There are plenty of middle-aged men who can well remember the wild alarms of uprisings in the West, who can recollect the country's dismay when Custer and his cavalry band were wiped out.

But that is a thing of the past. The braves are no longer brave. They yearn for the war path no more. Many of them are getting the white man's education into their systems and others are emulating the white man in his quest for the gold that glitters.

Then, too, there are some who are settling into the quiet ways of life and becoming real producers. For example, we hear that Canadian Indian cultivated 218,024 acres in 1920 and broke 4,500 acres of virgin soil. They are owners of considerable live stock, as was to be expected. Canadian Indians in 1920 held real and personal property to the value of \$68,000,000.00, or a per capita value of \$674.43, and per capita income of those who worked at all was \$107.13 for the year.

Lo, the poor Indian, is on the way to riches. We are glad of it because in some ways he was a blamed good fellow—when he was asleep!

GREATNESS OF OUR FOREIGN TRADE

The first government record of statistics showing Uncle Sam's foreign trade is for the year 1821. Of course, America had foreign trade before that, but so far as figures go, we have just completed a century of business with the other nations of the world.

In that century our population increased ten times. Our exports in 1920 were 185 times greater than in 1820 and our imports were 84 times as great.

American territory increased during the century from about 1,800,000 square miles to over 3,000,000 square miles.

Raw cotton held the first place in 1821 in our exports, the value being \$20,157,484. It maintained that position in 1920 with a value of \$1,136,408,916. But cotton comprised 46.16 per cent of our exports in 1821, whereas the percentage had fallen to 16.29 last year.

A hundred years ago the principal exports following cotton were tobacco, wheat, flour, rice, lumber, hog products, fish, and pot and pearl ashes. In 1920 iron and steel, which did not constitute 1 per cent of the 1821 trade, had climbed to a position second only to cotton. Breadstuffs came next, with wheat figuring as the largest single item.

A century ago piece goods, coffee, iron and steel were the leading imports. Today sugar, hides and coffee predominate. In the re-exports of 100 years ago coffee was the principal item, but today raw hides come first and coffee takes second place.

THANK YOU.

Did you ever stop and think how far politeness would go and how very little it cost. Perhaps it was not much they, he or she did, but don't you think it was worth "thank you." If we would try each day to show that we appreciate what someone does for us by the mere words "thank you," we will find that we will be happier.

As little as it cost and as far as it goes, there should be more of it—not only in our public life, but in our home as well. Let's try it anyway—what do you say?

GOOD MANNERS AT THEATRE

There is a large class of amiable people—people who would never be guilty of eating with their knives, or combining vocal exercises with their soup—who have what seems to be a sort of "knack" for bad manners when music is going on.

We will have a Ladies' Symphony Orchestra to give a high class program at the Rialto next week and it is to be hoped by the music lovers of Pecos, who attend, that the rough neck element of young men, who do not approve of any high grade entertainment, will be denied admission or summarily ejected if the performers are disgracefully interrupted in these numbers. An interruption occurred at the last concert given here, the culprits being four high school young men, who were well known to most of the audience and the embarrassed lady artist who was insulted bravely stared the ungrateful young men with enough scorn and contempt to force their exit before the entertainment was finished.

This conduct called for a rebuke on the following Sunday by one of our prominent preachers. He remarked in reference thereto, that "he had no idea there were so many rough necks in Pecos." Such conduct would hardly be admissible at a concert of hound dog howling where this creature belongs and if this element does not approve of good music let it stay at home and give our better class of people a chance to enjoy the entertainment.

Good manners at a concert are just as eloquent a tribute to the music, as is enthusiastic applause—a more subtle token of real appreciation at once of the lovely art, and of the comfort of one's fellow listeners.

Twenty miles from San Antonio on the Poteet road, Hugh Stanfield is conducting a dairy and is selling milk to San Antonio residents for fifty cents a quart. He doesn't even deliver to homes at that price. Customers have to go for it. But then this is goat milk and Stanfield finds the demand more than he can supply. Goat milk is declared to be of great benefit to sick persons—and is richer in butter fat and casein than cow's milk.

Clara Smith Hamon's father, mother, sister and brother and a coterie of servants, cooks, etc., in all a party of about seven, were in Pecos yesterday for an hour or so. They stopped the super Hudson sedan in front of the Enterprise office but across the street for half an hour when quite a crowd of folk gathered to see the woman now parading the country in an equipage fit for a king, getting all the free publicity possible before becoming a movie actress which will portray to the young generation one of the most miserable crimes in the history of the nation. Clara recently joined the church but she will have to perform that operation several times over before she can convince this editor that it is either christian or within the bounds of common decency for her to make an effort to keep ablaze the fires of such a disgraceful life she had led. The laws of common decency demand that she now take a back seat and be forgotten. She has certainly done a good and plenty already to the widow and orphans without trying to keep in the public eye through movie pictures her disreputable life with Jake Hamon. Every legislature in every State of this Union should forbid the exhibition of such films.

U. S. SHIP PECOS

That the government has recognized the importance of Pecos as an oil field is verified by the following clipping from the Chicago Evening Post of March 28th. The selection of Pecos as a name for the new naval fuel ship is appropriate and the navy department is to be congratulated for the preference displayed. Over one thousand names were submitted to the department. It will only be a few short months until the U. S. Ship Pecos will be coming up the Pecos river and loading fuel oil from the Pecos fields at the City of Pecos: "Naval vessels at sea may take on their supply of fuel oil while under way thru a device installed on the fuel ship Pecos that is to be launched at the navy-yard in Boston April 23. The Pecos is designed for a speed of 14 knots and a displacement of 14,000 tons. She will be armed with four 5-inch guns and two 3-inch anti-airplane guns."

CARD OF THANKS

The committee of the National Petroleum Developers wants to express its thanks for the way people inside and out of the association gave their sincere co-operation.

COMMITTEE.

Jesse William and wife came in from Saragosa this morning to shop and visit friends.

WHETHER I'M BLESSED OR NOT THERE'S A LOT OF COMFORT IN THINKING I'M GOIN' TO BE BLESSED.

METHODIST CONFERENCE AT TOYAH

An elaborate and interesting program was prepared by the Conference management, held the week at Toyah, Texas. The preliminary or get together meeting took place Monday and the regular scheduled exercise commenced Tuesday evening. Wednesday evening Bishop H. M. DuBose preached an instructive sermon to a large, appreciative audience. A collection was taken for the benefit of Rev. W. H. Duncan, formerly of Toyah, and now lying helpless in a San Antonio sanitarium. Each district in the conference guaranteed a certain amount to be made up in their different charges, about \$350.00 was collected. Rev. P. R. Knickerbocker of El Paso was obliged to alter the hours of his sermon from 7:30 p. m., yesterday to 2:15 in order to return to El Paso. The meeting Wednesday evening was favored with a selection of anthems by a large choir. The people of the town entertained the visiting preachers at their homes and in other ways extended the best of hospitality for which Toyah is noted.

The regular program follows in detail:

TUESDAY

7:30 P. M.—Address of welcome. A. H. Smith, superintendent of public schools.

8:00 P. M.—Sermon by the Rev. J. H. Walker of Deming, N. M.

WEDNESDAY

8:30 A. M.—Administration of the Lord's supper. The Rev. J. M. Glazier of Fort Stockton the Rev. W. A. Belcher of Sanderson, the Rev. T. A. Covington of Buena Vista.

9:00 A. M.—Pastors' reports. 10:00 A. M.—Christian literature. "The General Organ a Fine Family Paper," the Rev. J. L. Henson, El Paso; "Putting the Conference Organ in Every Home," the Rev. L. B. Ellis, Marfa; "The Methodist Review the Preacher's Intellectual Pabulum," Bishop H. M. DuBose, Berkeley, Cal. "Brierly's Essays a Mental Stimulant," the Rev. W. S. Huggott, El Paso; "Boreham's Essays a Sermon Suggester," the Rev. P. R. Knickerbocker, El Paso; "A Literary Love Feast—a good Book I Have Read," one minute testimonials from each pastor.

11:15 A. M.—Sermon, "Life Service," the Rev. H. M. Smith, Alpine.

2:00 P. M.—Devotions, the Rev. F. B. Faust, Pecos.

2:15 P. M.—Missions, "The Ship of Zion Cruising in Many Waters," the Rev. J. W. Hendrix, Clint, "The Centenary," the Rev. W. E. Lyon, Abilene, Tex.

3:15 P. M.—Financial Set-up of the Christian Education Movement, explained by Bishop H. M. DuBose.

7:30 P. M.—Sermon, Bishop H. M. DuBose.

THURSDAY

8:30 A. M.—Devotions, the Rev. C. B. Brooks, Sierra Blanca.

9:00 A. M.—Greetings from the women, Mrs. L. B. Westerman, Balmorea, Tex.

9:15 A. M.—Lay activities, W. U. Carre, El Paso, conference lay leader.

9:35 A. M.—Business reports. 11:15 A. M.—Sermon, the Rev. M. O. Williams, Lordsburg.

2:00 P. M.—Devotions, the Rev. J. W. Rayner, Fort Bayard. 2:15 P. M.—Sunday school period program arranged by the Rev. B. L. Nance, El Paso; pastors' Sunday school reports giving data concerning cradle roll, home department, Wesley classes, teacher training, enrollment, attendance.

7:30 P. M.—Sermon, the Rev. P. R. Knickerbocker. Report of resolutions committee. The meeting broke up at 3 P. M., yesterday.

THE CHURCHES

CATHOLIC CHURCH

Mass celebrated every second and fourth Sundays as follows: 8:30 for English speaking population and ten a. m. for Spanish speaking people of Pecos.

Rev. J. R. Campos.

DUBOIS SUNDAY SCHOOL

Sunday School is held every Sunday afternoon at 2:30 at the Dubois school house, up the river.

There are between forty and fifty in attendance each meeting. People from Pecos are cordially invited to meet with them when they can.

DUBOSE SUNDAY SCHOOL

Mrs. R. N. Couch reports about 50 percent at Sunday School on Easter egg hunt at DRubose last Sabbath. The ladies of the community had prepared a delicious lunch of sandwiches, etc., after the services. On next Sabbath after the Sunday School hour in the afternoon Rev. Faust will preach and Prof. Rutledge will make a Sunday School talk.

Those good people of that community are making every effort to build up a good Sunday School and are succeeding beyond their most sanguine expectations.

Rev. Jas. H. Walker, formerly pastor of the Deming church, was here shaking hands with friends Tuesday. He is attending district conference in session at Toyah this week, and came down a little ahead of time in order to run over to see his Pecos friends.

Insurance means protection. Protection means quick payment of losses. That is our motto. If you loose, we pay. For lowest rates see E. L. Collings, Insurance.

The Quinine That Does Not Affect the Head Because of its tonic and laxative effect, LAXATIVE BROMO QUININE is better than ordinary Quinine and does not cause nervousness nor ringing in head. Remember the fact that we took for the signature of E. W. GROVE.

Our Most Extravagant Predictions Coming True

We were saying it more than two years ago. They are all saying it now. Some of the world's foremost geologists have been in Pecos. All of them say that Pecos is destined to be another Tampico; that it will in all probability be the world's greatest oil field; that the LAURA WELL of the SUNSHINE-FEDERAL INTERESTS will flow over the top in another hundred feet; that it will be a gusher, and that there is no doubt of it.

WHAT ARE YOU WAITING FOR?

Are you waiting for more evidence to persuade you? If so you are likely to wait until it is too late.

WHAT HAVE WE FOUND?

The sample of oil at our office taken from the bottom of the Laura has been seen, handled and tested by hundreds, and all have the same opinion; Tampico formation and a gusher near.

THE GOLDEN OPPORTUNITY AT PECOS

We have thousands of Acres in the Pecos Field. We were here first and procured gilt-edge oil leases on lands selected by us before anybody else ever thought of Pecos. Wire us if you wish to make an investment. Make known to us how much acreage you want and what price you wish to pay. Better spend a few dollars on a wire and see the money, do not wait for more news. The **ST. Pecos** is already as big as all outdoors.

PEGOS IS THIS BIGGEST OIL PROPOSITION IN THE WORLD TODAY

We are answering your questions and we will answer yours. We are placing those who are in the cream of this great oil field. Our time is money. Section 4, flow large or how small your order we will give it to you. No contracts, which will be a burden. I had occasion to feel so sore and backdrilling contraction. I was so dizzy, every convenience by the taking Doan's Kidney Pills entirely. I have

SUNSHINE D. A. DAL INTERESTS

No Worms in Texas. All children trouble with althy color, which is more GR-OVE'S TASTELES for two or three weeks. Tonic to the who through off or dispel the perfect health. Field

A. B. Bryant has recently had erected a new garage on his property next door to the Methodist parsonage, purchased from Mrs. Avant. Mr. Bryant will move into this property soon and rent his home next door to the residence of Sam Prewitt.

Piles Cured in 6 to 14 Days
Druggists refund money if PAZO OINTMENT fails to cure itching, blind, bleeding or protruding piles. Instantly relieves itching piles, and you can get restful sleep after the first application. Price 60¢.

PECOS HI 6, WHITE SOX 5

For the first time this season Pecos Hi triumphed over the White Sox, in a poorly played seven inning game Tuesday. Most of the White Sox showed that they lacked practice both hitting and fielding, while their lack of team play was evident. Pecos Hi, on the other hand showed marked improvement from some of their earlier games. After game had seemingly been "anchored" for the Sox who had three runs lead in the 6th the school boys started a savage attack on Johnson which coupled with some ragged infield work netted them four runs and the game. The showing of the Sox, while not impressive in this game, gave hopes for better things in the near future. Batteries: Pecos Hi, Biggs, Murray and Ross White Sox, Johnson, Cox and Slack. Umpires, Moran and Parker

MISTAKES WILL HAPPEN

A story is told of a versatile and fairly dressed hobo who alighted from a side door pullman in the Toyah yards during the Methodist conference this week. Cold and hungry he found the church and seated himself among the visiting ministers. He was a very devout listener and frequently uttered his "amens" with what appeared to be practiced fluency. At the end of the service he was accosted by one of the committee on hospitality and asked if he had been assigned to any home for entertainment. He courteously replied he had not, and the good brother escorted him to the hotel paid for his supper, lodging and breakfast and invited him to make a few remarks at the meeting to be held next day. He hit a freight in the yards the next morning and went west.

RITTER AGAIN IN TROUBLE

Dr. Ritter, well known to Pecos business men and sulphur operators, is again in jail in El Paso. It is not generally known here that Ritter was arrested in Ohio and served an indeterminate term in the Ohio penitentiary. According to the testimony of his own brother he had been hired at one time to kill President Wilson with a liquid fire which he had invented. The Ohio court record shows that he was paid \$8,000.00 by the Hungarian general consul at Cleveland for giving information that the Lusitania had ammunition stored in her cargo. He was arrested in Ohio on a concealed weapon charge and because he made the remark about Wilson in open court. He served three years in the Ohio pen.

He once made a trip to the land office in Austin and presented all the clerks with gold watches. He is said to have given away \$100 bills to "the girls" at an all-night party in a local hotel and earned for himself the title of "emperor" by demanding that everybody who passed his office salute him. In Galveston he met a party of friends. Ritter chartered a boat for \$3,500 took them out beyond the three-mile zone and there was "some party". He walked into a store, priced a nifty-looking cigar holder. It was something like \$2.50. Ritter bought a gross of them, all the store had, and distributed them among "the boys".

The above testimony given in evidence in the El Paso courts knocks us off of the Christmas tree. Pecos people looked up to the venerable doctor as a learned savant who knew more about chemistry than the books, but if all the El Paso Times and his own brother says about him is true we can only believe he was a "helluva feller."

T. & P. EATING HOUSE, TOYAH
The Texas and Pacific railway expect to open their new eating house on or about April 1st, which will facilitate the feeding of passengers on trains number twenty-five and twenty-six, and will also fill a long felt need in that community. The building is of a hollow tile construction and of a Spanish mission type, is two stories in height, the second story containing rooms for trainmen and others. The cost of the building and its very modern equipment will total approximately \$45,000.00.

Pecos may feel that they have had some part in the construction of this building as the interior decorating and painting was contracted for by Mr. A. L. Oliver, a resident of this city. The Mayfield Construction company of Eastland and El Paso are the general contractors.

SCHEDULE OF PECOS HIGH SCHOOL BASEBALL TEAM
The following is the schedule of the Pecos High School baseball team for the season as given The Enterprise by the manager, Judge W. P. Brady:
April 1st, Balmorhea at Pecos; April 2nd, Barstow at Pecos; April 3, Pecos Town Team; April 8th and 9th, Carlsbad at Carlsbad; April 9th, (afternoon) Artesia at Artesia; April 12, Pecos Town Team; April 15 and 16th, Midland at Pecos; April 26th, Pecos Town Team; April 29th and 30th, Midland at Midland; May 3rd, Toyah at Toyah; May 6 and 7th, Carlsbad at Pecos; May 10th, Pecos Town Team; May 13th, Barstow at Barstow; May 14th, Balmorhea at Balmorhea.

P. H. Solomon came in this morning after a week spent in El Paso on business.

Pecos, Texas

SOCIAL EVENTS

EASTER PARTY

Miss Julia Magee gave an Easter party last Saturday afternoon to the children of her Christian church Sunday school class. The table was beautifully decorated, and bounteously supplied with good things for little tots to eat and the favors were colored candy Easter eggs and little chicks. Those in attendance were: Beverly Vaughan, Gladys Lewis Nell Turner, Jack Oglesby, Murel Moran, Josephine Green, Robt. McMahan, Roscoe Hoeff and brother, Florence Johnson, Willie Fay Starley, Aileen and Mildred Porter and Joe Bob Kelton. The children played games and in other ways enjoyed their teacher's hospitality.

SARAGOSA NEWS

Mrs. Martha Adams motored to Pecos Wednesday.
E. Conger has his dairy in good condition and is shipping the cream to El Paso where he gets the top prices.

The Farmers Union held its regular meeting last Saturday evening. Mrs. Sol Mayer left Monday for Denver, Colo.

Otto Hoefs and son, Edwin, motored to Pecos on business Tuesday. Two cars of cattle were shipped from here Saturday. One car of calves was shipped by the Oats Bros. to Fort Worth, the other by J. C. Camp of Pecos to El Paso.

Six cars of last years' hay are being loaded. It won't be long until the farmers will be busy in the hay field.

Raymond Honaker returned home Thursday from Parks, Texas, where he has been for the past few months. He was employed in the express office by E. R. Cox, our former depot agent and postmaster.

THE RIALTO THEATER

Pecos has in the Rialto Theater a playhouse of which she feels justly proud. There are few if any towns in Texas of the same population which can boast of as fine or anywhere as near as fine a structure. The managers are pleasant, accommodating and careful to get the best pictures and talent. Right here it might be well to state that the few who may be complaining of the high rate charged for admission certainly do not understand the situation. In the picture business, as in the printing business, there has been no material decline in the service of films, help or anything which goes into the expenses of running the business. Prior to the war the price of films for a week would not cost more than does one film for a single night now. The plant is equipped with the best machines on the market, including its own light plant. The man to run the machine costs \$3 per night now when before the war 50 cents could have secured half a dozen.

Give the Rialto a better support and the managers will give you a service and prices second to none in the State.

BRIDGE CLUB

A very smart affair was the luncheon with which Mrs. John Howard entertained the Bridge Club on Thursday. The Easter motif was featured in the attractive tablecover, napkins and score pads, candles softly lighting the rooms.

At the close of the afternoon Mrs. Donald Bell held high score and Mrs. Max Krauskopf second.

Members present were: Mrs. J. E. Starley, Mrs. E. J. Weyer, Mrs. Hugh Robertson, Mrs. Max Krauskopf, Mrs. Donald Bell, Mrs. Arch Bell, Mrs. Guy Ratcliffe, Mrs. W. N. Sutherland, Mrs. Edith Cassaday, Mrs. G. C. Parker, Mrs. Clay Stack, Mrs. Jim Cox, Mrs. O. J. Bryan, Mrs. W. W. Dean, Mrs. Dorothy Heard and the hostess. Additional guests were: Mrs. Marian Hudson, Mrs. W. M. Collie and Mrs. W. A. Hudson.

EASTER PARTY

Mrs. F. J. Billingslea, Mrs. J. J. Pope, Mrs. H. H. Luckett and Mrs. C. C. Cargill, prominent social leaders and popular hostesses of Toyah entertained at the pretty and spacious home of Mrs. Billingslea Thursday night of last week from two-thirty to six o'clock at a forty-two party. The decorations were simple yet elegant and suggestive of Easter. The day was ideal for such an occasion and the party was well attended. The ladies were gownned in gladsome and becoming Easter frocks. Fifteen tables were arranged for the games which were played with much enthusiasm. Delicious refreshments of ice cream and cake were served. The following were the guests:

Mrs. A. B. Tinnin, Mrs. Theo. Andrews, Mrs. Dug Coalson, Mrs. J. B. Young, Mrs. C. R. Troxel, Mrs. Adams, Mrs. Harp, Mrs. Smith, Mrs. Bernard, Mrs. Walker, Mrs. Morton, Mrs. Finley Holmes, Mrs. Henry Derrick, Mrs. H. N. Lusk, Mrs. Wm. Garlick, Mrs. Monroe Kerr, Mrs. J. W. Moore, Mrs. Clyde Cargill, Mrs. Vinson Andrews, Mrs. Mac Savles, Mrs. Hayes, Mrs. Sam Koen, Mrs. Tom Roberts, Mrs. B. F. Powell, Mrs. Dunlan, Mrs. Hibdon, Mrs. Walker, Mrs. M. A. Grisham, Mrs. M. McAine, Mrs. George Daniels, Mrs. Lou Duncan, Mrs. W. B. Humphries, Mrs. Campbell, Mrs. W. Leavell, Mrs. Frank Seay, Mrs. W. M. Hopper, Mrs. Jack Seay, Mrs. Bye Johnson, Mrs. Claudia Seay, Mrs. Vancycle, Mrs. V. Van Geison, Mrs. Guy Powell, Mrs. Felix Scholz, Mrs. D. Clark, Mrs. H. K. Jones, Mrs. Mary Tinnin, Mrs. Paul English, Mrs. Carothers, Mrs. Brown, Mrs. Gus Hopper, Mrs. H. F. Wells, Mrs. Harry MacTier, Mrs. Tom Henderson, Miss Helen Ruhup, Miss Corinne Humphries, Miss Elba Bruce, Miss Laura Jarrell, Miss Beatrice Scholz, Miss Irene Andrews, Miss Ila Lou Holman, Miss Jones, Miss Green, Miss Roberts, Mrs. Bert Harris, Mrs. Wm. Robinson, Mrs. A. J. Hart, Mrs. Orville Crow, Mrs. Ed Crow, Mrs. Clyde Morris, Mrs. E. Scott, Mrs.

Charming New Blouses

TO COMPLETE THE SPRING COSTUME
\$1.50 to \$6.00

Of appealing daintiness—delightful in their simplicity—charming in the perfection of their hand workmanship—models of originality and distinction as indicated by the diversity of styles pictured below which are typical of the new Spring display.

The newest originations of Paris, and the best from American designers, are here—ready for this Spring season, when the right blouse is so important to the new suit.

Crepe de Chine, Georgette crepe, in overblouses and tuck-in models; some heavily beaded, others embroidered in contrasting colors and trimmed with filet lace.

Smart sport blouses of imported dimity, crepe de Chine, Jap silk, pongee, button trimmed, with high or low collars.

Lingerie blouses of sheer batiste, voile and organdie, in fascinating frill effects; also many other models with tuxedo collars, round necks.

A new and charming net blouse has a smart vest effect with Peter Pan collar; another is made tuxedo style. Nothing is more effective to wear with tailored suit.

PARLOR PICNIC

Mrs. A. E. Wilcox, the retiring president of the twentieth Century Club was hostess Wednesday afternoon at the home of Mrs. Roy Wilcox to the members of the Merry Wives Club and of the Twentieth Century Club at a parlor picnic. A number of picnic games were played and thoroughly enjoyed after which a delicious buffet luncheon was served. This very pleasant occasion marks the close of the Twentieth Century Club for the current year.

RECEPTION

Mesdames J. E. Starley, W. W. Dean and E. J. Weyer were hostesses Tuesday from three to six o'clock at the home of Mrs. Starley in honor of Mrs. H. R. Hudson of Dallas and Mrs. H. B. Prickett of El Paso, recent brides of Pecos. In the receiving line were the hostesses and honorees daintily and becomingly gowned. The hostesses were assisted by Mrs. H. N. Lusk, Mrs. W. A. Hudson and Mrs. B. R. Stine who presided at the registration table. Mrs. T. Y. Casey and Mrs. Monroe Kerr, mothers of the honorees passed tea at the prettily decorated table. The plates with the dainty and delicious refreshments were passed by Mesdames Elmer Jones and Dorothy Heard and Misses Jane Looby, Evelyn Stack and Mattie Lee Wilson. Miss Lucy Lyon presided at the Victoria. Misses Aileen Love and Novella Wilson distributed the favors which were generous bouquets of sweet peas. The rooms were attractively decorated with easter lilies, sweet peas and vases of easter lilies. This was another of the many very delightful social occasions held in Pecos and will long be remembered as one of the most pleasant.

AMY LANGHAM ENTERTAINS

A very enjoyable forty-two party was given by Amy Langham Tuesday night at her home. Refreshments consisting of fruit salads, chicken sandwiches, cakes and cocoa were served. Victrola music enlivened the party and the guests voted Amy a very generous and hospitable entertainer.

The following guests were present: The Misses Carrie Wadley Aileen Love, Jane Looby, Warren Collings, Buena Payne, Annie Wright, Corrine Miller, Vivian Grison, Novella Wilson, Emma Clyde Stewart, Mrs. Carl Smith and Mrs. Vernon Hicks. The gentlemen present were Earl Easterbrook, Phil Pryor, Joe Glover, Joe Patterson, Tom Arnold, Herman Morris, Reuben Johnson, Wm. Denny, Burette Heffner and Edwin Vickers.

LITTLE KENNETH COREY PASSES
Kenneth, the little five months old son of Mr. and Mrs. V. C. Cory of the Experimental Farm, passed away last night and the body will be laid to rest in Fairview cemetery at 3 p. m. today after a service at the Methodist church conducted by the pastor, Rev. Fred B. Faust. The little fellow had been a sufferer practically all his life and the God who gave it took it unto Himself before it was contaminated by the sins of the world. The deepest sympathy of the entire community is extended to the bereaved in their great sorrow.

NATIONAL MEETING GOOD ROADS ASS'N.

Greenboro, N. C. March 20.—Wonderful interest has been aroused in the coming meeting of the U. S. Good Roads Association, the U. S. Good Roads Show and the Bankhead National Highway Association, in Greenboro, N. C. April 18-25. These three events promise to be the greatest gathering of good roads enthusiasts that have ever assembled in America, according to a statement of Mr. J. A. Rountree, Director General of the U. S. Good Roads Association, who opened temporary headquarters in Greenboro, N. C., 30 days ago for the purpose of promoting and arranging details of these organizations. The leading incentive of the meeting of the U. S. Good Roads Association is to formulate plans, and appoint a committee to go to Washington and urge Congress to pass the bill appropriating one hundred million dollars annually for the next five years to aid the states in building a system of highways in their respective states, also to make an appropriation and adopt a plan for a system of national and transcontinental highways. Failure of Congress to reenact this appropriation has aroused good roads advocates and they are coming to this meeting. The meeting of the Bankhead Highway Association is for the purpose of permanently settling the main line and branch lines of this road from Washington to San Diego, Calif., also to arrange for permanent signs, to build and beautify this highway. The U. S. Good Roads Show will be the most complete exhibit of road machinery and road material, of operating machinery and demonstrating road building that has been assembled in this country. Director General Rountree announces the acceptance of the following governors, senators, and distinguished men who will attend this convention and participate in the program: Governors Chas. H. Eough, of Ark., Cameron Morrison, of N. C.; R. L. Cooper, of S. C.; T. W. Hardwick, of Ga.; W. D. Denny, of Del.; Jas. Haxtrness, of Vt.; Westmoreland Davis, of Va.; and Lee Russell, of Miss. Among the senators and congressmen who have accepted invitations are Senators Lee Overman, of N. C.; Oscar Underwood, of Ala.; F. M. Simmons, of N. C.; T. L. Odde, of Nev.; Claud Swanson, of Va.; and Chas. E. Townsend, of Mich.; Congressmen Stedman and Ward, of N. C., and W. B. Bankhead, of Ala. Several other congressmen, senators and governors have promised to attend if they can arrange their affairs, they will give positive answer at a very early date. Director General Rountree states that assurances have been received that there will be over 1000 state, county and city commissioners and engineers in attendance. More than 5000 delegates have been appointed from over 40 states to attend and many of them have sent in their acceptances. It is expected that there will be at least 5000 from the 40 states, not including the great crowds that will attend from the state of North Carolina.

J. A. ROUNTREE, Director General. COME TO WEST TEXAS. Luke McLuke says West Texas girls bathe in Sweetwater and dress in Plainview. Excursion rates from all points. To Stop a Cough Quick take HAYES' HEALING HONEY, a cough medicine which stops the cough by healing the inflamed and irritated tissues. A box of GROVE'S O-PEN-TRATE SALVE for Chest Colds, Head Colds and Croup is enclosed with every bottle of HAYES' HEALING HONEY. The salve should be rubbed on the chest and throat of children suffering from a Cold or Croup. The healing effect of Hayes' Healing Honey inside the throat combined with the healing effect of Grove's O-Pen-Trate Salve through the pores of the skin soon stops a cough. Both remedies are packed in one carton and the cost of the combined treatment is 35c. Just ask your druggist for HAYES' HEALING HONEY.

LIFT CORNS OR CALLUSES OFF. Doesn't hurt! Lift any corn or callus off with fingers.

Don't suffer! A tiny bottle of Freezone costs but a few cents at any drug store. Apply a few drops on the corns, calluses and "hard skin" on bottom of feet, then lift them off. When Freezone removes corns from the toes or calluses from the bottom of feet, the skin beneath is left pink and healthy and never sore, tender or irritated.

ELECTION AT TOYAH. There will be an election for members of the School Board to-morrow and an election for members of the New City Council on April 5th. A mass meeting was called for March 31st to discuss candidates. The women voters were especially invited.

The Cut Direct.—Kitty, aged four, had been naughty and her father had had to administer vigorous correction before going to business. That an impression had been made was apparent when, on his return from business that evening, Kitty called upstairs with frigid politeness:—"Mother, your husband's home."—The Argonaut (San Francisco).

CITATIONS BY PUBLICATION THE STATE OF TEXAS. To the Sheriff or any Constable of Reeves County—GREETING: You are hereby commanded to summon Wm. B. Flynn by making publication of this Citation once in each week for 4 successive weeks previous to the return day hereof, to appear at the next regular term of the Justice Court of Precinct No. 1, Reeves County, Texas, to be held at the Court House thereof, in Pecos, Texas, on the 18th day of April, A. D. 1921, then and there to answer a suit filed in said Court on the 16th day of March, 1921, in suit No. 1249, wherein G. B. Finley and L. W. Anderson, a partnership firm are Plaintiffs, and Wm. B. Flynn is defendant, and said petition alleging in substance that the said Wm. B. Flynn did on May 17th, 1920, execute and deliver to Dixieland Syndicate a certain check drawn on The First National Bank of Pecos, Texas, for \$100.00 and signed by the said William B. Flynn said check being payable to the order of said Dixieland Syndicate; that same was endorsed by the said Dixieland Syndicate and sold to the plaintiffs for a valuable consideration; that when said check was presented to said bank for payment by the plaintiffs, payment of same was refused by said bank for the reason that said defendant did not have and has not at this time funds therein with which to pay said check, to plaintiffs' damage in the sum of \$100.00, with interest from January 1st, 1920, at 6 percent per annum. Plaintiffs sue for the amount of their debt as above alleged.

Herein fail not but have before said Court, at its aforesaid regular term, this writ with your return thereon, showing how you have executed the same. Given under my hand and seal of said Court, at office in Pecos, Texas, this 24th day of March, A. D. 1921. S. C. VAUGHAN, Clerk, District Court of Reeves County, Texas. By C. E. ALLISON, Deputy.

S. C. VAUGHAN, Clerk, District Court of Reeves County, Texas. By C. E. ALLISON, Deputy. SHERIFF'S SALE. The State of Texas, County of Reeves. By virtue of a certain Order of Sale issued out of the Honorable District Court of Reeves County, on the 28th day of February, 1921, by Clerk of said Court against W. T. Ezell and B. E. Kiser as Sheriff of Reeves County, Texas, did, on the 7th day of March, 1921, levy on certain Real Estate, situated in Reeves County, Texas, described as follows, to-wit: Lot No. 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100, 101, 102, 103, 104, 105, 106, 107, 108, 109, 110, 111, 112, 113, 114, 115, 116, 117, 118, 119, 120, 121, 122, 123, 124, 125, 126, 127, 128, 129, 130, 131, 132, 133, 134, 135, 136, 137, 138, 139, 140, 141, 142, 143, 144, 145, 146, 147, 148, 149, 150, 151, 152, 153, 154, 155, 156, 157, 158, 159, 160, 161, 162, 163, 164, 165, 166, 167, 168, 169, 170, 171, 172, 173, 174, 175, 176, 177, 178, 179, 180, 181, 182, 183, 184, 185, 186, 187, 188, 189, 190, 191, 192, 193, 194, 195, 196, 197, 198, 199, 200, 201, 202, 203, 204, 205, 206, 207, 208, 209, 210, 211, 212, 213, 214, 215, 216, 217, 218, 219, 220, 221, 222, 223, 224, 225, 226, 227, 228, 229, 230, 231, 232, 233, 234, 235, 236, 237, 238, 239, 240, 241, 242, 243, 244, 245, 246, 247, 248, 249, 250, 251, 252, 253, 254, 255, 256, 257, 258, 259, 260, 261, 262, 263, 264, 265, 266, 267, 268, 269, 270, 271, 272, 273, 274, 275, 276, 277, 278, 279, 280, 281, 282, 283, 284, 285, 286, 287, 288, 289, 290, 291, 292, 293, 294, 295, 296, 297, 298, 299, 300, 301, 302, 303, 304, 305, 306, 307, 308, 309, 310, 311, 312, 313, 314, 315, 316, 317, 318, 319, 320, 321, 322, 323, 324, 325, 326, 327, 328, 329, 330, 331, 332, 333, 334, 335, 336, 337, 338, 339, 340, 341, 342, 343, 344, 345, 346, 347, 348, 349, 350, 351, 352, 353, 354, 355, 356, 357, 358, 359, 360, 361, 362, 363, 364, 365, 366, 367, 368, 369, 370, 371, 372, 373, 374, 375, 376, 377, 378, 379, 380, 381, 382, 383, 384, 385, 386, 387, 388, 389, 390, 391, 392, 393, 394, 395, 396, 397, 398, 399, 400, 401, 402, 403, 404, 405, 406, 407, 408, 409, 410, 411, 412, 413, 414, 415, 416, 417, 418, 419, 420, 421, 422, 423, 424, 425, 426, 427, 428, 909, 910, 911, 912, 913, 914, 915, 916, 917, 918, 919, 920, 921, 922, 923, 924, 925, 926, 927, 928, 929, 930, 931, 932, 933, 934, 935, 936, 937, 938, 939, 940, 941, 942, 943, 944, 945, 946, 947, 948, 949, 950, 951, 952, 953, 954, 955, 956, 957, 958, 959, 960, 961, 962, 963, 964, 965, 966, 967, 968, 969, 970, 971, 972, 973, 974, 975, 976, 977, 978, 979, 980, 981, 982, 983, 984, 985, 986, 987, 988, 989, 990, 991, 992, 993, 994, 995, 996, 997, 998, 999, 1000.

And in compliance with law, I give this notice by publication in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Enterprise, a newspaper published in Reeves County. WITNESS my hand, this 7th day of March, 1921. E. B. KISER, Sheriff Reeves County, Texas.

SHERIFF'S SALE. The State of Texas, County of Reeves. By virtue of a certain Order

NOTICE

All Land Lease, Permit Holders and Royalty Owners

who are interested in development of the field in the vicinity of Section 8, Block C-20, public school lands, Reeves County, communicate with ARROHEAD OIL COMPANY, Pecos, Texas.

Permit Holders

If you want to block in your acreage and prove it up thru a well to be drilled in above vicinity advise us fully in your first letter what you have, give full description first letter.

ARROHEAD OIL COMPANY

OIL NEWS OF THE UPPER PECOS VALLEY

From Artesia Advocate.

Well No. 2 of the National Exploration Co., at Orchard Park, was shot on three different days last week.

On the night of the 18th a heavy charge of nitroglycerine was placed on a bridge in the well opposite the vein of sand to be shot with the intention of firing it next morning. During the night the bridge, nitroglycerine and all, slipped to the bottom of the well. As it could not be fished out, it had to be fired off to get rid of it.

The next morning two more shots were fired at different depths, somewhere around 1,024 feet. A good deal of mud, sand and debris was thrown out, and there was a strong odor of gas, but not much oil. Another shot was decided on, which left Cisco, Tex., in time to arrive next morning—Saturday. This shot was set off in the sands between the depth of 976 and 1024 feet. Considerable oil came out of the well with the water but the hole immediately became filled with rock, dirt and other debris.

The cleaning process is going on and will continue until the result of the shooting can be ascertained. This will require perhaps a week. From inside sources comes information that it is very doubtful if the well will yield enough oil to pay for pumping, and in that event drilling will be resumed.

There is no cause for discouragement over the result of the shooting. The contract between the drilling company and the Roswell Oil and Gas company, requires it is understood, that every oil sand encountered in drilling shall be tested out and the shooting last week was simply a compliance with the terms of the contract.

A depth of only 1105 feet which the well has reached is not great enough to be considered a deep test or for the fulfillment of extravagant expectations. Even the so-called Red-field sand is not reached at this depth.

If our information is correct the drilling will be resumed, if it has not already been, and continue until the deeper strata of sand are found and tested. The contract under which the drilling is being done calls for a depth of not less than 2500 feet.

The situation is not looked upon unfavorably by anyone who understands all the conditions.

LATER:—Since the above was written, baling of the well has continued and the prospects have materially improved. The baler is bringing up considerable oil, and the amount is increasing.

The men in charge of operations begin to feel almost certain that they have a well, and that they will not be obliged to go any deeper. It will require a considerable more time to get the well thoroughly cleaned.

When nearly ready to quit work for the night on Tuesday a big casting on the Dayton well machinery was broken through some mishap or other and the whole drilling apparatus put out of commission. A wire was immediately sent for a new casting, but a week or more will be required in transportation and as much or more time will be required to adjust it after it arrives. It will probably be three weeks before drilling is resumed.

Up to the time of this breakdown, the drill was working steadily. The depth was near 3,900 feet. The character of the formation is unknown.

The Chaves-Eddy, East Eddy and Kansas-New Mex. No. 2 wells, known on the street as the wood pecker wells, so called because they are being drilled with Star rigs, are going right along and are down all the way from 250 to 400 feet.

A new derrick is being erected at the Carlsbad well in place of the one which burned, and it is announced that the drill will be going again inside of ten days.

Same Effect—"Did you buy that ninety-dollar hat you were raving over?"

"Yes."
"What did your husband think of it?"
"Why—er—he raved over it, too."
—Boston Globe.

ASPIRIN

Name "Bayer" on Genuine

Beware! Unless you see the name "Bayer" on package or on tablets you are not getting genuine Aspirin prescribed by physicians for twenty-one years and proved safe by millions. Take Aspirin only as told in the Bayer package for Colds, Headache, Neuralgia, Rheumatism, Earache, Toothache, Lumbago and for Pain. Handy tin boxes of twelve Bayer Tablets of Aspirin in cost few cents. Druggists also sell larger packages. Aspirin is the trade mark of Bayer Manufacture of Monoaceticacid-ester of Salicylicacid.

SHORT DIRECTIONS FOR BUSY PEOPLE

- To find a needle in a haystack—sit down on it.
- To remove stains from a character—Marry money.
- To enjoy yourself at your wife's dinner party—stay away.
- To keep creases in your trousers—Remove the girls from your lap.
- To plant a garden—Hire a planter.
- To rest quietly—Close the windows and turn on the gas.
- To accumulate money—Work hard and spend nothing.
- To beat the early bird to the worm—Stay up all night.
- To become famous—Write a naughty story.
- To be president—Go to sleep and dream it.
- To get arrested—Let your wife drive the car.
- To be thought a liar—Always tell the truth.
- To see better times ahead—Drink a quart of hooch.
- To be happy though married—leave home.

DODSON KILLING CALOMEL HABIT

Don't sicken or salivate yourself or paralyze your sensitive liver by taking calomel which is quicksilver. Your dealer sells each bottle of pleasant, harmless "Dodson's Liver Tone" under an ironclad, money-back guarantee that it regulates the liver, stomach and bowels better than calomel without making you sick—15 million bottles sold.

ELECTION NOTICE.

Notice is hereby given that an election will be held in Pecos Independent School District on Saturday, April 2, 1921, for the purpose of electing three trustees for the said district.

The court-house is hereby designated as the polling place and the poles will open at 8 o'clock and close at 5 o'clock P. M.

Mr. F. P. Richburg is appointed presiding officer of said election.

By order of board of trustees,
P. J. RUTLEDGE,
Secretary of Board.

Members of Board whose time expires. Dr. Camp, M. W. Collie and H. H. Johnson.

DRILLING REPORT

Corrected to March 29, 1921

The following drilling report was compiled and furnished The Enterprise by W. A. Bennett, and is accurate, according to best information, and will be of much interest to the public.

Company	Well	County	Sec.	Township	Block	Depth	Remarks
Arrohead Oil Co.	1	Reeves	11	Public School	54	1000	Will drill deeper.
Alexander Oil Co.	1	Pecos	8	G. C. & S. F.	1	1650	Shut down.
Arthur-Pitts Co. Soda Lake	1	Ward	197	H. & T. C.	34	2000	Drilling cement bridge.
Arthur-Pitts Co. River	2	Ward	25	H. & T. C.	33	1700	Drilling rig to new hole.
Arthur-Pitts Co. Valley	3	Ward	6	H. & T. C.	33	1375	Drilling.
Bower, Lamb & Hale	Pecos	Pecos	24		26	309	Artesian water.
Blockshire Oil Co.	Pecos	Pecos	19		140	175	Drilling.
Bardman-Shannon Oil Co.	Pecos	Pecos	55		C-4	600	Drilling.
Beendum & Trees	Pecos	Pecos	28	H. & G.	10		Will spud in soon.
Bomer, Hale, Lamb & Findles	Pecos	Pecos	8		59		Drilling, struck artesian water. Pumping 4 wells.
Clawson Lubricating Co.	Reeves	Reeves	12	5	55		Erecting Rig to drill at once.
Cox, L. R., Davenport, Ia.	Reeves	Reeves	102		10		Financed for big operations.
Detroit Oil Co.	Reeves	Reeves	12	5	55		213 8 feet of oil sand, gassing.
Ellsworth, O. W.	Reeves	Reeves	18	H. & G. N.	2	1429	Drill bridge April 5.
Bell-Reeves	1	Reeves	13	5	60		2800 Moving rig to new location
Ben Andrews Oil Co.	1	Culberson	51	H. & G. N.	2	3185	Drilling, good showing.
Bethlehem-Texas Oil Synd.	1	Reeves	73	H. & G. N.	13		Rig on ground.
Balmorhea-Racine Co.	1	Reeves	4		54	600	New shut down.
Bozeman-Bryan	1	Reeves	41	Public School	56		Drilling.
Crawford Oil Co.	1	Culberson	26	Public School	111		Temporarily shut down.
Consolidated Sulphur Co.	1	Pecos					Starting on new hole.
Circle Oil Co.	1	Reeves	46		53		Spudded in.
Cleveland-Texas Oil Co.	1	Reeves	71	Scrap H. & G. N.	2	1243	Shut down.
Citizens	1	Culberson	16	4	56		1200 Drilling.
Duquesne Oil Co.	1	Reeves	20	H. & G. N.	2	1707	Heavy Gas.
Dixieland (Bell)	3	Reeves	30	Public School	53	341	Sulphur water.
Davis, Abner	1	Reeves	221	H. & G. N.	13	600	Shut down temporarily.
El Paso-Saragosa	2	Reeves	221	H. & G. N.	13		Drill for best sand so far found.
El Paso-Saragosa	1	Pecos		Fall Survey		1093	Drilling.
Fort Stockton Syndicate	1	Reeves	10		46	550	Drilling.
Tatum Well	1	Pecos	19	T. & S. L.	147	57	10-barrel, pumping.
Grant Oil Co.	4	Pecos	19	T. & S. L.	140	93	Pumping, 40 barrels.
Grant Oil Co.	5-7	Pecos	19	T. & S. L.	140	102	10-barrel well.
Grant Oil Co.	6	Pecos	19	T. & S. L.	140	100	Oil near top of casing.
Grant Oil Co.	2,3	Pecos	19	T. & S. L.	140		Contracted for.
Grant Oil Co.	10	Pecos	19	T. & S. L.	140	96	Estimated production 35 to 50 bbls
Gulf Production Co.	1	Pecos	39	T. & P.	43		A number of wells to go down
C. W. Gossett	1	Culberson	7	Public School	100		[Rotary rig; shut down for water.
Gable & Fitch	1	Reeves	34	Public School	58	210	Drilling at last report.
Hawkes-Pecos	1	Reeves	9		55	700	To resume drilling.
Homer Drilling Syndicate	4,30	T. & S. L.			140		To drill several wells.
Jourdan Oil Co.	1	Reeves	22	Public School	58	367	Oil pumps arrived.
Los Pecos Syndicate	1	Reeves	20	H. & G. N.	2	620	Drilling.
Louisiana Oil Co.	1	Reeves	26	Public School	57	100	Drilling at last report.
Lubbock Oil Co.	1	Reeves	16	Public School	72	450	Drilling at last report.
Leonard Syndicate	1	Reeves	25	4	55	150	Drilling at last report.
Lewis-Jones Syndicate	1	Culberson	24	Public School	101	200	New hole.
Magnet Oil Co. (Tatum)	1	Culberson	14	8	59	750	Cave in; shut down.
Menzie Oil Co.	1	Pecos	51	Public School	C-4	3755	Going deeper.
Menzie Oil Co.	2	Pecos	51	Public School	C-4	110	Shut down temporarily.
Martin Syndicate	1	Reeves	10		59	8	1-4 inch casing set.
Momence Oil Co.	1	Reeves	23	Public School	58	600	Drilling; oil showing.
Monroe Slack Oil Co.	1	Reeves	220	H. & G. N.	13	80	To resume drilling soon.
Montezuma Oil Co.	1	Pecos		Fall Survey			Spud in soon.
New York Syndicate	1	Culberson		Public School	101		Rig on ground at last report.
Owens-Scoville Oil Co.	1	Culberson	2	Public School	91	575	New Hole.
Owens-Scoville Oil Co.	2	Culberson	16	Public School	140		Laying water pipe.
Oregon-Texas Oil Co.	1	Pecos	19		92	775	Good showing of oil.
Pecos Valley Oil Co.	1	Pecos	86	H. & G. N.	8		Drill on arrival of tools.
Pinal Dome Oil Co.	1	Pecos	208	Burleson Survey		1400	In redbed.
Pinal Dome Oil Co.	2	Pecos	308	H. & G. N.		406	Drilling.
Penny Oil Co.	2	Reeves	29		59		New well begun.
Penny Oil Co.	3	Reeves	29		59		Bailing oil; pump coming.
Penny Oil Co.	1	Reeves	29		59		Bailing oil; pump coming.
Penny Oil Corporation	4 to 10	Reeves	29		59		To be started soon.
Parker & Hancock	1	Reeves	11	P. & S. L.	57	450	Shut down temporarily.
Parker-Hancock (Troxel)	1	Reeves	8		59	1675	Drilling.
Pecos-Angeles	1	Reeves	68	Scrap	2	700	To resume drilling.

BUY LAND IN FEE!

Will sell for cash, or on terms, 5 and 10 acre tracts, or more, in Section 237, about two miles from the El Paso-Saragosa well;

CARRIES ALL MINERAL RIGHTS

Also, 5 acres, or more, in Section 5, Block C-21, between the Bell and Troxel Wells; with all mineral rights. Either Cash or Terms.

OIL AND GAS LEASES

In small or large tracts, at prices to make you good money; near Bell, Toyah-Bell, Laura, El Paso-Saragosa, and Ellsworth Wells.

BUY NOW, BEFORE ONE OF THESE WELLS COME IN

R. C. WARN, PECOS, TEXAS

PERSONAL

Max Gordan has rented the South Side Hotel.

Attorney J. A. Buck is on a visit to his mother in Mississippi, but will be back for the oil boom.

S. N. Genty of Pecos and G. W. Shedham of Marfa have rented the H. H. Jones farm.

Mrs. Dodds has just returned from Fort Worth and Dallas where she transacted important business.

J. E. Garrison came in the early part of the week from his home in Lubbock, bringing with him others interested in the Pecos oil field.

Mrs. E. L. Stratton is suffering from a sprained ankle caused by a fall at her home the latter part of last week and is having to go about on crutches.

Mrs. Harry F. Woods and son, Wm. Wright returned last week from a very delightful visit of two weeks to relatives at Rosco and Roby.

E. A. Roberts, manager of the Public Utilities Co., of Carlsbad, N. M., was in Pecos Wednesday to meet his family returning home from Arizona points.

George Overman who has been confined to his home for the past several months with rheumatism is still suffering and showing little if any improvement. He is desirous of trying the Hot Springs in New Mexico.

An operation was performed by Drs. Camp and Lusk this week upon Mrs. R. G. Middleton. She has been confined to her bed for the past two months, but is now doing well under the care of a competent trained nurse.

Mrs. E. P. Bujac of Carlsbad, N. M., visited with Mrs. W. W. Dean, between trains Saturday. Mrs. Bujac was on her way to El Paso to spend Easter Sunday with her daughter who is in the Episcopal school for girls in that city.

Jas. H. Walker and family spent Sunday on Toyah Creek, going as far up in the mountains towards the Maderia camping grounds as the road would permit, and then spreading a feast of good things to eat under the shades of the big trees.

Mr. and Mrs. R. E. L. Kite were Waco visitors last week as delegates from the local lodges here to the Grand Lodge I. O. O. F. and Rebekahs, which met there. While in Waco they visited Judge and Mrs. Canon who were well and made many enquiries about Pecos people.

A recent letter from Arthur King, brother of J. I. King and a former Pecos citizen, states he has moved to Wichita Falls and that they are all well and prospering. He states that The Enterprise is a welcome weekly visitor in his home and that they "could not keep house without it."

The death at Deming, New Mexico, recently of I. A. Hanna, news of which was received here last week brings sorrow into the hearts of many of our people. Mr. Hanna was identified with business interests in Pecos for several years before moving to Deming and he and the family left many friends who extend deepest sympathy to the bereaved.

Clem Calhoun has gone to Carlsbad on legal business.

John Howard is at Stanton making a motion for an injunction.

Mrs. Carl Smith and Miss Lucy Ligon spent several days with Mr. and Mrs. Elmer Jones at their hospitable ranch home last week.

H. K. Jones, one of Toyah's prominent and upright citizens, was a business visitor in Pecos Tuesday.

Mr. and Mrs. Addison Owen returned Tuesday from a few days visit with the mother of Add at the J. B. Heard ranch.

Mrs. H. B. Prickett left yesterday for her home in El Paso after a short visit with her parents, Mr. and Mrs. Monroe Kerr.

Miss Aileen Love came in Saturday for a week's visit with homefolk and will return to her studies at the Southern Methodist University at Dallas today.

Mr. and Mrs. W. F. Stephen are the happy parents of a fine baby boy born to them Sunday morning arriving on Easter morn. Congratulations.

Mrs. Bob Hairston is the mother of another son, born Tuesday morning. The father of this boy passed over the Great Divide about six months ago.

Mrs. Chas. Stock returned to her home in El Paso Thursday after a two week's visit with her mother, Mrs. P. B. Smith, and sister, Miss Marie Smith.

Prof. A. H. Smith of the Toyah Public School, was a business visitor in Pecos Saturday.

Mrs. Lou Duncan spent a good part of the week with Mrs. F. J. Billingslea in Toyah.

A. D. Linton was in town for a day or two this week from his home in Abilene. Linton has many friends in Pecos who will be glad to hear that he is still prospering.

Dr. Lusk, Mr. and Mrs. C. B. Jordan, Mr. and Mrs. Aibert Sisk, Mr. and Mrs. A. G. Taggart, Mrs. Wildie Runnels, Mrs. Kerr and Richard Lynn motored to Toyah yesterday to hear Bishop DuBose preach.

Mrs. K. R. Jagers came in this morning from Dallas and will open an office here. She is representing the Toyah Valley Consolidated Oil Co., of which E. P. Turner is president. Mrs. Jagers is a pleasant lady and is welcome to Pecos.

Mr. and Mrs. F. J. Billingslea, of Toyah were here Friday in attendance upon the home talent play at the Rialto Theater.

E. B. Daniel of the Citizens State Bank of Toyah, was over Saturday having an interview with Dr. Magee and the oculist. He visited The Enterprise and was agreeably surprised to see such a splendidly equipped printing plant.

Hon. R. B. Humphries of Dallas, came in the early part of the week to again look over the oil field. It will be remembered Mr. Humphries was a candidate for lieutenant governor in the late election. He is a prominent attorney of Dallas, and was in Pecos last spring. He is offering some bargains in oil leases near Soda Lake well. See his ad in another place.

THE HIGH COST OF LUXURY

What American women will spend on jewelry, "beautifiers," and feminine foibles generally during 1921 would pay either half the interest on the national debt or the entire appropriation for the navy, including new ship construction.

More than \$462,000,000 was spent for candy during 1920, the larger part of it from the pocketbooks of women.

During 1920 the number of cigarettes sold in the United States was 50,400,000,000; in 1913 the number was 14,000,000,000.

During 1920 the government received \$25,000,000 in taxes on women's cigarette cases and other articles of jewelry.

During 1920 the importations of precious stones were valued at \$72,000,000; the valuation of pearls being \$7,000,000.

Face powder, during 1920, was sold to the extent of \$50,000,000, enough money to build the greatest dreadnought afloat, and a good sized fleet of submarine chasers also.

Citizens, no doubt including burglars and hold-up men, spent \$46,447,934 in 1920 for firearms, upon which the tax item was more than \$4,500,000.

More than \$23,117,000 was spent for tennis racquets, golf clubs and other sports articles in the first six months of the present fiscal year, as compared with only \$29,500,000 for the entire preceding year.

In the last fiscal year \$152,112,142 was spent for articles made of fur, mostly apparel for women.

HELD FOR BURGLARY

Thurman Bryan and Dave Barton, both residents of Pecos, were arrested Monday last for burglary and held under bond for the action of the next grand jury. Both young men confessed to the crime and the auto tires stolen from the Pecos Mercantile Co's store were recovered at the residence of Bryan. The latter has held a position of trust in our postoffice, was a member of the church and people of Pecos were somewhat shocked to hear of his incarceration in jail. Bryan made the following confession under oath, after being warned by the county attorney that any statement he might make would be used against him.

"I went into the Pecos Mercantile store about 6 o'clock Saturday p. m. March 26th 1921. I took two auto tires from the store and hung them on a telegraph pole near the store and a window on the second floor. I later, about 6 o'clock the following day took the tires to my home.

Little is known of the character of Bryan's accomplice, Dave Barton, but it will be thoroughly investigated. It is believed by the authorities but denied by the alleged thieves that one of them, possibly Bryan entered the store before it was closed and hid. His accomplice was then admitted and they both hid among some mattresses.

The tires were discovered on the telephone pole and two men were hired to watch them. The alleged thieves returned and took the tires while the diligent watchers were on guard. Sheriff Kiser is responsible for both arrests and the recovery of the stolen property.

Spring time is here and with it the usual big demand for

Perfection Oil Cook Stoves

We have just received a large shipment and we invite you to come in and let us demonstrate their superiority. There are years of satisfactory service in a Perfection. Convenient and economical. No smoke, no soot or odor. Easily lighted. Always ready and efficient. Don't delay but investigate before the hot weather begins. We also have a complete line of "Pyrex" transparent glass cooking ware. Every piece guaranteed against breakage from heat in oven use. Come in and let us show you the many new articles we have added to make your house work lighter.

Pecos Mercantile Co.

HARDWARE DEPARTMENT

THE BEST BUY IN REEVES COUNTY

The El Paso-Saragosa well is drilling in the center of Section 221, Block 13 and found a good oil sand at 220 feet, but is going down to bigger production. A contract has been let to develop this shallow sand. I offer for the next ten days the Southeast quarter of Section 220, Block 13, just one-half mile from the El Paso-Saragosa well for only \$10 per acre, straight 88 form. Leases in this neighborhood have recently sold for \$25 per acre. A chance for someone to buy this 160 acres and sell it out in smaller tracts. Phone 16 or call for Walker at the Enterprise office, Pecos Texas.
