DALLAS HUNTERS WANT DAVIS MOUNTAIN PARK CREATED

The following interesting letter was written to Jas. H. Walker of Balmorhea, by a Dallas friend who spent some time in the Davis Mountains this fall hunting, and was captivated by the wild scenery and game. He now wants it made a State Park and the wildness preserved. The letter was copied and handed The Enterprise and follows: Mr. J. H. Walker, Kind Friend:—

The flurry and hurry of holidays over I will write you the first letter of the New Year. We arrived in Dallas feeling good and well rewarded for the fine trip you and Mr. Lucky were so instrumental in arranging for us. The memory of the beautiful scenes in the Davis Mountains will always be a blessing in times of meditative moods. Vantress is back on the cafe job, Ed is grinding away at the postoffice. Hope we can find a good place to camp next fall. I am sending you some scenes from the Davis Mountains, the last stand of the Black-tailed deer, and black bear in Texas, to perpetuate their species. Last herd of buffalo, to preserve his as a final resort for safety, took to the high mountains of Idaho and Wyoming. Then, instinctive, as if led by a Moses of the species, they drifted into the Yellowstone Park to be incorporated under government protection. Self preservation the first law of nature. The big game and other wild life have heard the call of the Davis Mountains in Texas, and there among the Cyclopean marvelous, gigantic crags, big monolithic, ponderous caprocks, bald vastness of deep rugged canyons, hollows after hollows, heights and elevations that take you to the top of Texas, the great scenic park of Texas. Here you find the wild game playing checkers with fate. Deer, bear, panther, lynx, lion, and all small fur-bearing animals hiding from destruction of hunters and wishing for the cessation of hostilities, and the signing of the League of eternal peace by the Hughes Arms Conference.

Out on top of some big mountain, today, perhaps thousands of feet high, on the very pinnacle of some high peak, far above the habitations of civilized bipeds, stands the last one to appeal for the preservation of big game, a magnificent antlered deer, at his feet a docile, whimsical bear, the two unsocial species made friends through fear of extinction. Their common cause now is the preservation of their species. The

deer is looking east, his star of hope is shining over Austin, the bear has a searching look of fear, wondering who will be the next victim of the assassin's bullet. This is the picture that haunts me since my recent visit to the Davis Mountains. If I were a Remington, or an Olthaus, I would paint this mental creation of mine on canvas then I would make enough colored lithographs to send to every voter in the State of Texas, that they may be induced to help preserve wild life in Texas as a park. I would title this painting "The Hope of the Last Retreat." With these mountains we can have a miniature Yellowstone Park, in fineness of wild scenic beauty, immensity of mountain baldness, cannot be found any where else in Texas. The state should create a park for its citizens of the strenuous life, where they can watch the Fauna of our country live and exist as nature intended. On every portal of entrances to the park I would inscribe the legend "Thou shalt not kill." Let us hope that wild life shall not perish from the earth. The Davis Mountain Park; The State Park at the top of Texas, this shall be my slogan in the interest of tourists, vacationists and out of door life people. It would be the worst kind of vandalism on the part of the state not to protect the wildness of this mountain range.

By the way, I never did tell the real truth about the discovery of these bears, high at the base of the caprocks. On my first trip, mountain climbing, I was away up hanging off the side of an hollow, wondering how I would ever get back before dark, when about fifty feet below me out jumped a big bear. I first thought the mountain moved. It didn't, I know, but this is my secret. The day I took Percy and Ed over to the Willow Springs and showed them the tiny black specks, moving on the Castle Rock, so high up, they were puzzled to know how I ever located them so high up, with the naked eye. They don't know to this day how it happened.

My First-of-the-year resolution (whiskey run out since I started this letter, so I will have to close.) Now you understand the reason for this flizhty cranium.

I wish you the greatest prosperity for the 1922.

C. N. MARSHALL,
718 First Avenue,
Dallas, Texas.
Jan. 3rd 1922.

T. E. L. CLASS ENTERTAINED AT REV. GARNER'S

Last Friday night at the home of Rev. J. M. Garner, pastor of the Baptist church, the T. E. L. class gave an entertainment in honor of Mr. and Mrs. Horace I. Trout who left the following day for Breckenridge where they will make their home.

Mr. Trout had been doing reportorial work on The Enterprise for the past two months and resigned to accept the editorship of the Daily American at Breckenridge, and assumed his duties there last Monday morning.

Mr. and Mrs. Trout have been very active workers in the Baptist church since coming to Pecos some two months ago and it was with deep regret that the T. E. L. Class gave up Mrs. Trout, who has been the efficient teacher for some two months; and the entire church for efficient work done by Mr. Trout.

After various games the following program was rendered.

Readings by Mrs. Wm. Meyers.
Words of appreciation by Rev. J. M. Garner.

"The Efficiency of the Teacher" by Mrs. Trout.

"Building up a Sunday School," by Mr. Trout.

Violin Solo by Mrs. Trout.

A salad course was served to about forty guests and after an exchange of joy and regrets the crowd dispersed.

WEST TEXAS SECRETARIES TO MEET AT ABILENE

Ballinger, Texas, Jan. 9.—A meeting of the Fair secretaries of West Texas has been called by the West Texas Chamber of Commerce for January 23rd, at 10 A. M. to be held in the rooms of the Abilene Chamber of Commerce. Stuart L. Williams, secretary of the Rannels County Fair at Ballinger has been asked to act as chairman of the meeting.

It is expected that dates will be decided upon for all fairs, merchants' expositions, live stock shows, poultry shows, and other community celebrations scheduled for West Texas during the fall of 1922.

An agreement on dates by the fair secretaries will make it possible for amusement attractions, exhibitors and race horse owners to follow a well defined itinerary.

Mr. W. N. Sutherland of Pecos has been invited to attend the meeting, and it is expected that others from that city will be present. The secretaries and visitors will be guests of the Abilene Chamber of Commerce for the day.

RAMSEY NO. 1 BELOW 100 FEET

The Ramsey No. 1 well, which is the new well started recently by the Ramsey interests about five hundred feet from the Toyah-Bell No. 2, is being pushed rapidly downward and late Thursday afternoon had gone down below the 100 foot mark. A fifteen inch hole is being drilled.

WITH 1800 FEET OF OIL IN HOLE, THE BELL DISCOVERY WELL IS NOW LOOKING FINE

With expectations that the black-shale formation which the Bell No. 1 is now drilling is from thirty-five to forty feet in thickness, the management of the Bell No. 1, of the Dixieland Syndicate is confident that the drill will strike an oil sand some time early next week and bring in a big commercial production.

The drill has been making an average of from two to three feet per day through the black shale formation, and had on Thursday penetrated this formation below 2392 feet, and was working about twenty-four feet below the top of the shale.

The fact that the well is showing a strong gas pressure, and that 1850 feet of oil is standing in the hole with the drill not yet in the sand, is taken by oil men as an excellent sign that big production will be obtained below the shale.

At first it was believed that the shale formation would be found to be about sixty feet in thickness, but comparison of logs with that of the Toyah Bell brought forth the conclusion that the formation might be but thirty-five feet in thickness.

Conditions in the shale lend themselves to the theory that the drill has passed the core of the formation, for the shale for a few days showed a somewhat lighter tinge, but is now a dead jet black similar to that at the top of the formation.

The derrick is well covered with oil from the cables which have been run into the hole, and from the sprays of oil which have at times been sent well up into the derrick by the gas pressure working its way through the oil.

ANNUAL MEETING AND ELECTION OF OFFICERS OF CHAMBER OF COMMERCE TO BE HELD TUESDAY, JAN. 17

Three meetings under the auspices of the Pecos Chamber of Commerce are scheduled for the near future. They are: Annual meeting and election of officers of Chamber of Commerce, Tuesday, January 17.

Talks by Dr. William Bennett Bizzell, president of Texas Agricultural and Mechanical College and Dr. B. Youngblood, director of the Texas Experiment farms, Saturday, January 21.

Poultry-dairy-livestock meeting under auspices of West Texas and Pecos Chambers of Commerce Wednesday, January 25.

The election of officers was called at a recent meeting of the directors of the organization. The present officers are: W. H. Browning, Jr., president; D. W. Bozeman, vice-president; J. G. Love, treasurer; Walter N. Sutherland, secretary and director; J. A. Drane, T. Y. Casey, O. T. Norwood, Ira J. Bell, Tom McClure, I. J. Sims, and W. W. Dean.

Drs. Bizzell and Youngblood are to visit the Pecos country to decide on a new location for the State Experiment Farm here. It is proposed to put the farm under a gravity system of irrigation, and several sites in the territory are to be shown.

They have consented to address the Chamber of Commerce during their visit here.

Plans are being made whereby an all-day farm program may be held for the poultry-dairy-livestock campaign being conducted under the auspices of the West Texas Chamber of Commerce. If plans initiated by the Pecos Chamber of Commerce are carried through, different programs will be given at Barstow and Pecos on the same day, so that the farmers of one county may attend a meeting at Barstow in the morning and at Pecos in the afternoon. The meetings are being held in the various county seats. Barstow being the county seat of Ward county, and Pecos the county seat of Reeves county. The two towns are but six miles apart.

The speakers are to be the following: C. C. French, Fort Worth, Stock Yards Co., live-stock; J. W. Ridgeway, Nissley Creameries Co., dairy; and Miss R. L. Murray, A. & M. College, Poultry.

Separate meeting for the women to be addressed by Miss Murray may be arranged. Ladies will also be invited to the main meeting, which will be held at the Court House at 2:30 p. m.

FINAL DOME BELOW 4350 FEET AND GOING

But little information could be obtained this week in regard to the Pinal Dome Corporation Loving county well, due to the absence of the officials of the company who are in California where they went for the Christmas holidays. However,

it was learned on reliable authority that the hole was down below 4350 feet, and it was understood that the drill was working in a grey lime formation.

But 950 feet of casing is in the well, and open hole has been carried from that depth. The drill is now working in a dark grey lime. There were numerous runoffs of gas which is in the hole but visitors at the well during the week reported that there was no gas smell in evidence.

THE PECOS DIVISION OF THE U. S. COURT NOT TO BE ABOLISHED

The article in Monday's El Paso Times which stated that the Federal court here would be abolished has caused a flood of Telegrams to pass between Pecos citizens and Congressman Claud B. Hudspeth in Washington. The article in question appears to be erroneous and the federal court will remain in Pecos as formerly with the one exception that Pecos county will be taken from the Del Rio division and added to the Pecos division.

The article in question from the El Paso Times follows:

One division will be eliminated from the western federal judicial district of Texas if a bill introduced by Congressman Claud B. Hudspeth and recently passed by both national houses is signed by the president.

A copy of the bill was received at the federal building yesterday from Mr. Hudspeth. It provides for the elimination of the Pecos division, which is one of the six embodied in the western district. The others are Waco, Austin, San Antonio, Del Rio and El Paso.

It is pointed out that the Pecos division included the city of Pecos, but not the county of the same name, which latter is in the Del Rio division. Pecos city is in Reeves county.

By the terms of the measure, Pecos county will be detached from the Del Rio division and attached to the El Paso division. Cases arising in the present Pecos division (Reeves county) will be triable in El Paso also. These are the only changes made.

One advantage of the proposed law will be a saving of expenses of court officials who heretofore have been forced to go to Pecos to try

federal cases arising there. The El Paso division includes now the counties of Brewster, Crane, Ector, El Paso, Jeff Davis, Loving, Presidio, Ward and Winkler.

As soon as the above article was read by our citizens a deluge of letters and telegrams were sent to Congressman Hudspeth by Major Ben Palmer, J. G. Love, Jno. B. Howard, Chamber of Commerce and others. Space is too limited to publish all the messages but this one to J. G. Love will suffice to explain just where you will find C. B. Hudspeth:

Washington, D. C. 10:40 a. m. Jan. 12, 1922.

Jack G. Love,
Pecos, Texas.

Your two wires received. Thank you for sending me copy of El Paso Times. Will thank you as my friend to please correct rumor that I have introduced bill to abolish court at Pecos. I assure you upon my word as a man and a congressman that I introduced no such bill, had no such idea and would not permit a bill of that kind to pass if introduced by someone else. Please have local paper publish statement to this effect. Best wishes to you and my constituents and friends in Pecos, I am,
(Signed)
C. B. HUDSPETH.

It will be of interest to know that the Pecos division of the federal court now consists of fourteen counties, and with Pecos county added will be fifteen. There is now located here in connection with this court an assistant clerk, Joe Caroline; an assistant U. S. Marshal, R. E. Johnson, and referee in bankruptcy, Ben Randals, all residents of Pecos.

WITH TOYAH-BELL FLOWING DAILY--WILL GO DEEPER FOR GREATER PRODUCTION

Daily flows continue at the Toyah Bell while efforts are being made to drill the well deeper, Ramsey, the president of the Ramsey Oil Company, owners, being convinced that the present production does not adequately represent the strength of the well. Considerable difficulty has been had in getting the drilling started due to the large quantity of sand which is carried into the hole by the rush of gas and oil. Progress was being made towards the last of the week, and Mr. Ramsey was confident that the tools would be pushing their way through the sand rock underlying the first sands, and would be searching out the second producing sands, which Drue D. Christner and other geologists, have predicted will be found seventy-five or 100 feet deeper.

No accurate estimate of the flows made by the well can be obtained, as many of them are allowed to run wild, and others are diverted into the storage tanks. The flow is generally believed to be at least fifty barrels per day. Difficulty in lowering the tools into the well early this week caused the swab to be again brought into play and the swabbing operations aided in removing the heavy gas pressure, and also some of the sand. The swabbing operations were rewarded by flows of from ten to twenty minutes in length.

G. H. SELLMAYER MADE CASHIER OF BANK AT LOVING

The Lakewood National bank is in process of liquidation. All of the deposits have been transferred to the First National Bank of Loving and its affairs will be handled through that bank.

G. H. Sellmeyer and F. W. Dauron have purchased an interest in the Loving bank and will be cashier and assistant cashier respectively. J. C. Wilson, who has been cashier at Loving since the bank was opened in 1919, has resigned and will return to the Pecos Mercantile Company at Pecos. He has a good record in Loving and leaves there with the best wishes of the Loving people.

Mr. Sellmeyer is well known in Eddy county and needs no introduction. The affairs of both banks are in excellent condition and the liquidation of the Lakewood bank was duly solely to lack of business in the vicinity.—Carlsbad Argus.

The many Pecos friends of Mr. and Mrs. J. C. Wilson are glad to have them back home.

WILLOUGHBY NO. 1 MAKING GOOD PROGRESS

Willoughby Petroleum Co. No. 1 well is making good progress, according to C. H. Willoughby who returned from the well yesterday. Reports on samples taken from 2 feet to 143 feet sent to the state geologist at Austin state that it is Comanche lime.

W. M. Hopper, the driller, has added to his drilling crew and is now running a day shift and well into the night. The progress made is very satisfactory as is also the showings.

A LITTLE BOOKLET EVERY TEXAS FARMER SHOULD HAVE

The Thirty-Third Annual Report of the Texas Experiment Station, A. and M. College, has recently come from the press and contains the very newest and best information for the farmers of Texas who are engaged in a business amounting to more than 725 million dollars annually. If one desires information about proper feeding and breeding of animals or treatment of animals suffering from diseases or insect pests, proper fertilizer and cultivation of field crops or their protection from the ravages of plant diseases and insects; what is best to do to provide ample fruits and vegetables for home or for market; how to study the fertility of soil or the value of feeding stuff and fertilizers; how different varieties of corn, of cotton and various other field crops compare with one another in production under fair tests in different sections of the State; how higher yielding strains of different crops are being developed and distributed by the Station; or, in general information on the economics of farming and ranching, he should, by all means, read this report, which contains eighty pages describing in a general way and in simple language, the diverse activities of the Experiment Station system.

As long as the supply lasts, this report will be mailed free to any person in Texas, if request is made to R. Yorn-wood, Director, College Station, Texas.

W. M. Hopper, who is drilling the Willoughby No. 1, well in the Cowen pasture, was in town today on business.

PUBLIC HEALTH INSTITUTE TO BE HELD IN DALLAS

Under the auspices of the United States Public Health Service, the Texas State Health Board, the Dallas County Medical Society, the City Health Department of Dallas and Baylor Medical College co-operating, a Public Health Institute will be held in Dallas, January 16th to 21st. This is one of a series of Institutes to be held throughout the United States, in 21 cities, and a number of eminent lecturers from various parts of the United States will be in attendance, such as Dr. C. C. Bass, Professor of Medicine, Tulane University, Dr. Joseph Goldberger and Dr. A. J. McLaughlin, U. S. P. H. S., Dr. John Hill Robertson, Commissioner of Health Chicago, and a number of lecturers from our own state.

The course of lectures extends throughout the entire week and among the subjects taken up will be tuberculosis, nutrition, communicable diseases, administrative problems, mental hygiene, child hygiene, clinics and health centers, industrial hygiene, syphilis and gonorrhoea.

Ample arrangements have been made for the accommodation of all visitors. The Adolphus Hotel will be headquarters. Reservation may also be made at the Oriental Hotel, the Jefferson, or any other leading hotels of the city. Special reduced rates will be allowed by all roads on convention plan of one and one-half fare. Purchase one way ticket, securing convention receipt, and return ticket at one-half fare will be arranged from here. This also applies to attendants at the waterworks school.

The course is free. A number of entertainments have been arranged for all visitors, and it is the intention of citizens of Dallas to make the Institute both a pleasant and profitable one. Dr. Wilson T. Davidson, Director of Public Health of Dallas is Chairman of the Arrangements Committee.

GREAT PALESTINE PAGEANT BY METHODIST AND BAPTIST

D. Allen Moore, F. R. G. S., director of the Palestine Pageant, has planned to stop off at Pecos and present his programs in this city beginning Sunday evening, Jan. 15, at 7:30. The first program will be given at the Methodist church.

Some forty people in genuine Oriental dress, using implements and furnishing of the Holy Land will take part, dramatizing life, manners and customs of 2000 years ago.

On Sunday evening D. Moore will give a dramatic sermon on the 23rd Psalm, using a True or Good Shepherd. The Hiring, and the Porter or guardian of the night. Tens of thousands of people have declared this to be the prettiest illumination of Scripture they have ever heard. Over three millions of people have attended these lectures in different parts of the United States.

No charge is made, a silver offering is taken at the closing session.

Notice of special Masonic night will be made later.

THE TRANS-PECOS

On his return early in the week from the East where he has been detained for several weeks on account of the serious illness of his wife, B. J. O'Reilly, of the Trans-Pecos Oil Co., brought with him some repairs for the engine which were broken during his absence. Other repairs and parts needed at the rig on their way here arrived this morning and will be put in place and work resumed on the well.

The Trans-Pecos is down around 1500 feet and has passed up some fine oil sands because they were unable to shut off the water. They expect to strike pay sand almost any time now.

A TONIC

Grove's Tasteless Chill Tonic restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

IT PAYS TO ADVERTISE In The Pecos Enterprise. Rates 40 cents an inch or 10 cents a line for readers.

No Worms in a Healthy Child All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance.

SIXTY-EIGHT YEARS OLD, UNABLE TO WORK --LOOKING TO FUTURE

Mr. C. H. Willoughby of the Willoughby Petroleum Co., uses space in The Enterprise columns almost exclusively and gets results. The Enterprise puts the buyers and sellers in touch with each other. Read the following letter and Mr. Willoughby's answer and see how it is done: Sequin, Wash. Dec. 29. Mr. Willoughby. Dear Sir:--

With this I am sending you \$101.00 for 100 shares of your stock and one dollar to pay to register my five acre lease. Please have it registered and sent to my address. Now as I told you before I am 68 years old and not able to do hard work any more. I have got to find something to do in the spring or be destitute as I only have \$50.00 left. Now I believe you have the best prospect in the Pecos Valley or I would not part with \$100.00. As you say there is nothing to hard work. I don't expect to get rich from \$100.00 invested but if I could get enough to buy me a "little home" where I could make a living it would be fine. Yours Resp.

Pecos, Texas. 1-9-22. Mr. Willoughby. Dear Mr. Fish:-- I am inclosing certificate number 361 for 100 shares of Willoughby Petroleum company stock and the clerk's receipt for the five acre lease which was filed. The clerk will mail the assignment to you direct. The recording fee is paid and am returning the \$100.

Mr. Willoughby Petroleum Company stock will be valuable when our No. One well is completed and with half as good a well as I actually expect there is no reason why the stock alone should not give you a home and with the five acre lease which is not quite one mile from the well, you should also have the comforts of life. I expect a big well and why should your lease not bring \$1,000.00, or more per acre. It is on the structure, my "Magnet" records good production under your lease and everywhere. Always leases close to really worthwhile wells bring big money. God grant that before your next or 60 birthday we will have completed the well and made you what you need, a home.

You say you have but \$50.00 left and would not have put in this \$100.00 had you not thought that I had the best proposition in the Pecos field. It will do your old heart good to know that I take no promoter's commissions out of the money you sent me or that anyone else sends. I draw no salary, the wife and I pay our own expenses, put \$1,280.00 cash into the company, we furnish two cars which we own ourselves, no one draws any official salaries, we have no stenographers but do all the work ourselves since the first of the year, the office is in our own home and while many may scoff, we are working to have a home with all its comforts and friends, looking to old age and preparing for it instead of wasting our time and money on the frivolous things of life and if ours is not the best proposition in the field, we think it is, and are proud of what we have done on so little money. Be cheerful and guard your health and we will make you a home, for you know to do just that for you and our many friends is worth more than all the money any man ever gained unscrupulously in a lifetime.

This week I am going to run an ad showing the world just exactly how much money we have received, just what it was spent for and the bank balance. I will mail you a Pecos Enterprise. I am proud of the accomplishments, and Mr. ... we are much prouder of the way the small investors or the poor people have shown their faith in us and are furnishing the money to go right ahead with the work. We haven't made fast time, but everything is

paid for and the money is in the bank to pay for the drilling as fast as they are able to make hole and watch what I am telling you, we will get a big well and we have already planned on going to see you in your home. Yes, we mean it and believe we will get to come ere long.

Sincerely yours, C. H. WILLOUGHBY.

TEXANS HONOR MEMORY OF AUSTIN COLONIST'S LANDING

Writing from Washington, D. C., under date of December 31st to the Fort Worth Star-Telegram Silliman Evans says:

Commemorating the one hundredth anniversary of the landing of the Austin Colony at San Felipe de Austin, Texans in Washington gathered this morning in the Statuary Hall of the capitol before the statue of Stephen F. Austin. An invocation was pronounced by Rev. Herbert F. Rondolph, and Mrs. Cornelia Branch Stone of Galveston, whose father was a member of the Austin Colony, made a short talk, discussing the trials of the pioneer Texans.

Representative Lucian W. Parrish was the orator of the occasion, paying tribute to Austin and his compeers and the wisdom in founding, first the republic and then the State. The exercise was concluded with a solo by J. B. Bowie, said to be a lineal descendant of the famous Bowie who died in the siege of the Alamo. One of the features of the ceremony was the use of a Bible which was used by the Austin colonists.

It will be of interest to many to note that Pecos has the honor of entertaining as citizens direct descendants of those worthy heroes while the above is of no more than passing interest to but few Texans whose parents and grandparents came over at that time with Stephen F. Austin to colonize a grant of land obtained from the Mexican government by Moses Austin, father of Stephen F. Austin. At that time, it will be remembered, Texas was a part of Mexico.

Among the very few who can claim this honor is our fellowtownsman, James H. Stephen, and his sons, W. R. Stephen of Barstow, and Walter F. Stephen of Pecos, with whom he makes his home. "Uncle" Jimmie was the eldest son of Wm. F. (Uncle Billie) Stephen who died at his home in Dublin, Texas, in 1910, after having lived in Texas to the ripe age of almost four score and ten years, having been born en-route to the colonization. His father was the only physician and surgeon in the colony. The party traveled with pack-mule train and blazed their own trail and when necessary waited for swollen streams to run down that they might cross them safely. During one of these stops of six weeks' duration just across Red River "Uncle Billie" was born. He was a courier for General Sam Houston, carrying messages to the families of the colonists during the battle of San Jacinto in 1836.

As a young man "Uncle Billie" Stephen was closely associated with Gen. Sam Houston and was one of the first to receive personally from the hand of Houston a commission as Captain and arms for himself and his company as frontier guards, out of which grew our famous Texas Rangers, whose presence has terrorized the lawless element ever since that time.

The longest single span bridge in the world is to be completed in 1926. This bridge will connect the cities of Philadelphia and Camden over the Delaware River. The single span between towers will be 1,750 feet. The bridge will be 125 feet broad and will be suspended by two cables 30 inches in diameter. The cost is estimated at \$29,000,000.

PRESIDENT HARDING TO ATTEND MEET

Birmingham, Ala.—J. A. Rountree, Director General of the United States Good Roads Association and the Bankhead National Highway Association, after an absence of ten days in Washington, to meet a committee of 25 to present invitations to President Harding and Cabinet officers, inviting them to attend the annual meetings of these two associations which meet in Phoenix, Arizona, April 24 to 29, 1922, has returned to headquarters of the Associations in Birmingham. He is very much gratified and quite enthusiastic over the success of the committee securing the promises and acceptances of Cabinet officers and prominent men to attend these conventions.

President Harding was most cordial in receiving the committee, but he told them frankly that he could not go to Phoenix until later in the summer, when he expected to visit Alaska, but he assured the delegation that he would be pleased to ride over the Bankhead Highway at that time. In declining, he paid a beautiful tribute to Senator Bankhead, who was the first President of the United States Good Roads Association, and for whom the Bankhead Highway was named. He stated that if there was no other reason for attending these conventions, if it were possible, that he would do so on account of his deep friendship for the late Senator. President Cameron and Director General Rountree of the Bankhead National Highway Association, extended to him a cordial invitation to accept honorary membership on the board of directors of the association, which he accepted graciously, and stated that if he could be of any help to the organization or the highway, he would gladly accept.

RESOLUTIONS

Whereas, God in His divine and infinite wisdom, has seen fit to call Baby Richard Ora, age eight months, eleven days, from the home of his parents, Mr. and Mrs. G. C. Parker, January 6, 1922. Be It Resolved, First, That Pecos Chapter, No. 81, of the Order of the Eastern Star, of Pecos, extend to the bereaved parents and relatives, its sincere sympathy and abiding love in this dark Gethsemane they necessarily travel alone, save for the tenderest affection, the warm heart-beat and the sympathetic tear;

Second, That He who kisses down the eye-lids of little children, may, in His own incomparable way, bring peace to these recently troubled hearts;

Third, That we may all, in the course of timely consideration, become as God's Little Ones, and have our individual places at the feet of our Master;

Fourth, That a copy of these resolutions be spread on the Minutes of this Chapter, a copy sent to the sorrowing family, and one given to the local paper for publication. (Signed) BEAULAH J. WILSON, MARY B. MCKEE, BEULAH J. WILSON, Committee.

Pecos, Texas January 10, 1922.

HOMEY PHILOSOPHY FOR 1922

Comrade Debs is out of jail, pardoned, but Comrade Bill Smith—many Comrade Bill Smiths—who went to France to defend America and her honor, is still in jail somewhere or other for an infraction of an army rule. Comrade Debs advised American disrace; advised soldiers to be Benedict Arnolds, but he is free. Comrade Bill Smith offered his life to his country and took the supreme risk of humanity, but he is still in prison. This may not be very "homey philosophy" but it certainly is homey indignation. We wonder how long this discrimination against patriotic heroes and in favor of traitors will last.

Piles Cured in 6 to 14 Days Druggists refund money if PAZO OINTMENT fails to cure Itching, Blind, Bleeding or Protruding Piles. Instantly relieves Itching Piles, and you can get the sleep after the first application. Price 60c.

CALOMEL USERS TAKE AWFUL RISK

Very Next Dose of Tracherous Drug May Start Terrible Salivation.

The next dose of calomel you take may salivate you. It may shock your liver or start bone necrosis. Calomel is dangerous. It is mercury, quicksilver. It crashes into sour bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system. If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tone for a few cents which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

Don't take calomel! It can not be trusted any more than a leopard or a wild-cat. Take Dodson's Liver Tone which straightens you right up and makes you feel fine. No salts necessary. Give it to the children because it is perfectly harmless and can not salivate. (Advertisement)

TRUSTING CUSTOMER NETS HIM A FORTUNE

Chicago.—A few stitches taken thirty-four years ago in a pair of torn trousers netted Archibald Birse, a tailor, \$50,000. The money represents the residue of the estate of Ernest de St. Giles, insurance expert and author, who died last week.

According to the story by Birse, St. Giles came to Chicago thirty-four years ago and embarked upon his insurance venture. He found himself one day penniless and with a ragged rent in his trousers. He went to Birse and asked him to sew the rip and trust him for the money, Birse did so. The charge was 50 cents.

St. Giles returned a few days later with the money, thus beginning a friendship that culminated only in his death and resulted in the bequest. A niece, the wife of Prof. Achille Julian of Poursin les Morlaix, France, received a bequest of \$25,000. (Advertisement)

Many are claiming that goats milk and meat contribute a great deal toward health and long life. A noted authority asserts that the people of the Balkan States live to be from 125 to 140 years of age. Their country is particularly adapted to goat raising and their diet is largely composed of goat milk, meat, cheese, and butter. Milk, the national drink, get the habit. More milk, more health in the home.

Probably the most luxurious abodes of wealth in the world are the new apartments just opened in New York City on Park avenue. The apartments are really private homes, with gold-plated door-knobs, silver-plated chandeliers and a separate set of elevators running to each of the 16 floors. The yearly rentals range from \$10,000 to \$55,000. There are 90 apartments in all.

Radium is now used to remove tonsils by a New York surgeon, who has perfected a painless method of burning out the diseased issue. The radium is held in instruments placed in the mouth and the operation requires but 20 minutes.

LIFT CORNS OR CALLUSES OFF

Doesn't hurt! Lift any corn or callus off with fingers

Don't suffer! A tiny bottle of Frezzone costs but a few cents at any drug store. Apply a few drops on the corns, calluses and "hard skin" on bottom of feet, then lift them off. When Frezzone removes corns from the toes or calluses from the bottom of feet, the skin beneath is left pink and healthy and never sore, tender or irritated. (Advertisement)

Kellogg's Corn Flakes snap up fussy appetites something wonderful! No coaxing needed to tempt family folks and visitor folks to eat a-plenty—not when there's a big pitcher of milk or cream and lots of Kellogg's Corn Flakes—and, maybe some handy fresh fruit—ready to tickle fickle palates! Kellogg's are unlike any corn flakes you ever ate! They're the original kind—they ought to be best! No other corn flakes are so deliciously flavored; no other corn flakes retain such wonder-crispness till eaten! And, Kellogg's are never leathery or tough or hard to eat! Kellogg's are always a delight to serve—and a treat to eat at any meal! In fact, you'll never know how good corn flakes can be until you know KELLOGG'S! The difference is astounding! Do more than ask for Corn Flakes—say KELLOGG'S CORN FLAKES! The kind in the RED and GREEN package! KELLOGG'S Corn Flakes are made by the folks who gave you the JUNGLELAND Moving Pictures. Coupon inside every package of KELLOGG'S Corn Flakes explains how you can obtain another copy of JUNGLELAND. Kellogg's CORN FLAKES Also makers of KELLOGG'S KRUMBLER and KELLOGG'S BRAN, cooked and krumbled

STOVE COSTING \$240.00 BOUGHT AND PLACED IN CITY CLUB ROOM BY A KANSAS MAYOR

I want to know if the Mayor dug down into his jeans and paid for that stove? asked a taxpayer. The taxpayers and the investors are one and the same people. The time has passed when they are either going to pay taxes or make investments without knowing where their money is going. Business will flourish, the wheels of industry will hum, the unemployed will have work and prosperity and profits will reign when every man knows where his money is being spent and how.

WILLOUGHBY PETROLEUM COMPANY STOCKHOLDERS

Know we started with 1,280 acres of leases. Know we have more than doubled our lease holdings and now have over 3000 acres. Surveying done; leases abstracted; titles examined and passed by our attorney; complete equipment moved onto the lease; bunk house erected for workmen; twelve miles of road built; well spudded in and 300 feet of hole paid for. Every week puts us nearer the oil.

ALL TOLD WE HAVE RECEIVED

Just \$6,028.61. We have paid out just \$3,501.83 Bank Balance \$2,526.78

I challenge any man to show me wherein I have failed to get actual value out of the money I have had since coming into the Pecos Field. That bank balance of \$2,526.78 or 42 percent of the total received together with all that has been accomplished is the Secret to Success. A small bank account but behind it is the CONFIDENCE of my old friends and many new ones. The wheels of the Willoughby Petroleum Company are turning because every man and woman knows how his money is being spent.

SURVEY YOUR SURROUNDINGS

To the right a beautiful field of wild flowers. The Pleasures, Thrills and Adventures of Life. To the left a rocky road. Your Work Half Completed, Old Tools, Old Clothes, Old Hopes. Behind you the empty past. Years of Exacting Toil and Sacrifices. Ahead is the straight and narrow path; Broadening into Relief from the Daily Grind, Rest, Enjoyment, a Home, Family, Friends and Plenty.

You are at the fork in the road. You dare not look but straight ahead. To lay down and die would bring want and misery to some one. It is tommyrot to squall but it requires an heroic effort to "swallow that lump" in your throat, set your teeth and make good. Stand right where you are and think. Know where you are going and why when you leave the forks. You cannot live ALONE. The bread you eat was made by someone else. You cannot SUCCEED ALONE. You would not buy bread of a merchant or baker who gave you short weights, poor bread, YET TRIED TO MAKE YOU BELIEVE IT WAS "THE BEST ON EARTH". To succeed you must cut out investing where you are short changed, and deceived. Cut out the fellow who talks so much, promises everything but does nothing and BACK UP A MAN WHO IS SUCCEEDING BECAUSE HE GIVES ONE HUNDRED CENTS WORTH OF SERVICE AND A DOLLAR'S WORTH OF DRILLING FOR EVERY DOLLAR HE GETS. Yes, I am tooting my own horn. I have that right. I have made myself and am looking straight into the great promising future. All I have done since coming into the Pecos Field, every article I have inserted in this paper have been signboards pointing down the Highway of my Accomplishments. My work on the Toyah-Bell well done, almost on a "grubstake," paved the road with the confidence of my old friends and many new ones. The statement above is THE BRIDGE between Doubt and Decision, between Want and Plenty. Old friends and new ones, friends whose bony hands are failing them just as yours will, are going across that bridge with me leaving "The Empty Past, The Rocky Road, The Field of Wild Flowers" going into homes, into the realization of their hopes, into a life worth living. The road forks where you stand. Straight ahead is the smooth, paved boulevard to success. Which way are you going?

FIVE ACRES FREE WITH EACH \$100.00

Willoughby Petroleum Company, Pecos, Texas. City and Date

Inclosed find \$..... in full payment for shares of stock in the Willoughby Petroleum Company and a free acre lease. Or:

I hereby subscribe for shares of stock and inclose \$..... being first payment on my subscription. The balance will be paid to you before March, 20, 1922, when you are to assign me a free acre lease. Should I fail to pay this subscription in full before March 20, 1922, I will not expect free leases on amounts paid under \$100.00. You are to issue me certificate for each remittance.

Sign Plainly Address

Stock will be increased to \$1.25 a share on all subscriptions made after February 10, 1922.

Possibilities of a Ten Dollar Bill

Texas Oil Ledger, Jan. 7.—"L. B. Pruitt, broker and manager of the Main Oil Exchange, Dallas, the other day, told a very interesting story of the possibilities of a ten dollar bill invested in oil.

"Pruitt said that in September, 1917, when he was a resident of Marlow, Okla., he paid ten dollars for a one-eighth interest in a forty acre lease in 32-Is-8W, Stephens county. Two years later the Empire Gas & Fuel Company brought in a wildcat well in 33-Is-8W about one-quarter mile from the forty acre lease. A drilling contract was made shortly after that with Walter Gant and associates, whereby Mr. Pruitt received as a cash bonus \$1,000.00. A well was brought in on the property and the price began to soar. By April 1921, Mr. Pruitt had received about \$1,500.00 in oil runs and in the same month he sold his interest in the lease for \$27,500.00 cash, making a total of \$30,000.00 received from one \$10.00 investment."

Note that Mr. Pruitt owned a one-eighth interest in forty acres or the equivalent of five (5) acres. He received a total of \$30,000.00. B. W. Smith, Eldorado, Kansas, invested \$100.00 with E. A. (Trapshooter) Reilly. In seven months he was paid \$3,194.00 for his stock.

One hundred dollars with us gives you 100 shares of stock and a five acre lease, all your own right in the 3000 acre drilling block. You can subscribe for 100 shares, pay down \$25.00 and the balance to suit you, just so it is paid in full by March 20, 1922.

For those who cannot pay in a hundred dollars by March, 20, 1922, I have set aside one hundred and sixty (160) acres one mile south of the well. This will be given jointly to those who can subscribe Five Dollars (\$5.00) or more. You can make just one payment or pay some certain sum every fifteen days or once a month. Stock will be issued for each remittance and you will share the 160 acre lease as your total payments bear to \$3,200.00 which is giving you an interest in this 160 acres on the same basis as those who are able to pay \$100.00 or several hundred dollars and get the free five acre leases with each hundred. No more than \$3,200 will be accepted on this 160 acre lease on the payment plan and on the 10th day of February the stock will be advanced to \$1.25 per share where free leases are given. Protect yourself by subscribing now what you can. Make a payment and pay the same amount every two weeks or monthly and as long as you continue your payments you will get the stock at par value of \$1.00 and free leases as per the subscription blank, up to the day we hit oil or gas in commercial quantities.

One hundred dollars in stock paid \$3,194.00 in seven months and five acre lease or 1-8 of forty acres lease paid \$30,000.00. A total of \$33,194.00. Enough to make it worth while investing with us when you get both stock and leases.

DON'T BE TEMPTED BY "THE FIELD OF WILD FLOWERS"

Every stockholder will get a statement about the 10th of each month showing every dollar we have taken in, what has been spent and the bank balance. I am going to keep you on the road to success. Protect and provide for your future by subscribing something and make regular payments. Again I say: "You Must Not Only Work, But You Must Order Your Work With Intelligence. You Must Be Preparing The Way For What You Intend to Become, As Well As Do What Lies Before You."

Sincerely yours,

C. H. Willoughby, Pres., Willoughby Petroleum Co.

You Get an Undivided Interest in 160 Acre Lease Free NOTICE

On February 10, 1922, stock will be advanced to \$1.25 a share where you get an undivided interest in the 160 acre lease being given free to those who subscribe for less than one hundred shares. You must not expect to share in the free 160 acre lease after a total of \$3,200 has been paid in. I understand and agree to the above notice and am subscribing to pay \$..... for shares of Willoughby Petroleum Company stock at \$1.00 per share for which issue me a certificate and mail me at (City) St. No. State of I will, if possible make payments of the same amount on the day of and on the day of each month. It is understood that as long as I make my payments regularly as stated I shall be allowed to purchase stock at one dollar per share until oil or gas has been discovered in your Willoughby No. One well. The books of the company shall determine whether I have made regular payments on this my subscription.

Sign Plainly Make your subscription and first payment before February 10, 1922. Save the 25 percent.

Uncle John's Poem

THE JOY OF TRAVELIN'

Every bend in the road brings a vision of joy to the heart that's in tune with the ride; The reward measures up to the means we employ, as we treasure the things that abide. And the distance we go, as our vision expands, lends judgment with wisdom replete, if we pause not to wail at the uncertain sands, which cumber the way-farer's feet.

So onward and upward we travel each day, unconscious of shadder or tears. While the starshine of love adds its wealth to the way, and ripeness gives strength to the years. When wisdom encounters the bend in the road, no grim disappointments ensue,—'Tis only the weakling that bends from his load, or sinks in the sands of despair.

Former President Woodrow Wilson at one time was a conductor of a column in The Princetonian, published at Princeton University in 1877, according to a deliver in the files of The Princetonian of that date.

At the business meeting of the Womans Missionary Society of the Methodist church Tuesday afternoon it was decided to hold a Martha Washington tea, February 22. Invitations will be extended to all the ladies of Pecos.

INCOME TAX OFFICER ISSUES STATEMENT TO ENABLE CALCULATIONS

The following statement is issued by Collector of Internal Revenue, Austin, Texas, the First District of Texas:

With the approach of the period for filing income tax returns, January 1, to March 15, 1922, taxpayers are advised to lose no time in the compilation of their accounts for the year 1921. A new and important provision of the Revenue Act of 1921 is that every person whose gross income for 1921 was \$5,000 or over shall file a return, regardless of the amount of net income, upon which the tax is assessed. Returns are required of every single person whose net income was \$1,000 or over and every married person living with husband or wife whose net income was \$2,000 or over. Widows and widowers and persons separated or divorced from husband or wife, are regarded as single persons.

Net income is gross income, less certain deductions for business expenses, losses,

etc. Gross income includes practically all income, received by the taxpayer during the year; in the case of two wage earners, salaries, wages, bonuses and commissions; in the case of professional men all amounts received for professional services; in the cases of farmers all profits from the sale of farm products, and rental or sale of land.

In the making of an income tax return for the year 1921, every taxpayer should present to himself the following questions:

- 1. What were your profits from your business trade, profession or vocation?
- 2. Did you receive any interest on bank deposits?
- 3. Have you any property from which you receive rent?
- 4. Did you receive any income in the form of dividend or interest from stock or bond?
- 5. Did you receive any bonuses during the year?
- 6. Did you make any profit on the sale of stock, bonds, or other property, real or personal?
- 7. Did you act as a broker in any transaction from which you received commission?
- 8. Are you interested in any partnership or other firm from which you received any income?

Have you any income from royalties or patents?

Have you any minor children who are working?

Do you appropriate or have the right to appropriate, the earnings of such children? If so, the amount must be included in the return of income.

Has your wife any income from any source whatsoever? If so it must be included in your return or reported in a separate return of income.

Did you receive any directors' fees or trustees' fees in the course of the year? Do you hold any office in a benefit society from which you receive income.

Answer to all of these questions are necessary to determine whether a person has an income sufficiently large to require that a return be filed, and may be the means of avoiding the heavy penalties imposed for failure to do so within the time prescribed.

"Sis and I went to the show. But when we started home; She simply walked out with her beau And left us all alone."

SHERIFF'S SALE

The State of Texas, County of Reeves. By virtue of a certain Order of Sale issued out of the Honorable District Court of Reeves County, on the third day of January, 1922, by S. C. Vaughan, Clerk of said Court, against Jack Cassidy, C. O. Lund, and D. A. Bertrand, for the sum of Twenty-three hundred thirty-nine and 37/100 (\$2339.37) Dollars and costs of suit in cause No. 2209 in said Court, styled B. F. Wylie versus Jack Cassidy, C. O. Lund and D. A. Bertrand, and placed in my hands for service, I, E. B. Kiser, as Sheriff of Reeves County, Texas, did, on the 3rd day of January, 1922, levy on certain Real Estate, situated in Reeves County, Texas, described as follows, to-wit:

All of Block No. Forty-four (44), of the West Park Addition to the town of Pecos City, Texas, in said Reeves County, Texas, according to a map or plat of said Addition of record in the Deed Records of Reeves County, Texas; and levied upon as the property of said Jack Cassidy, C. O. Lund and D. A. Bertrand, and on Tuesday, the seventh (7th) day of February, 1922, at the Court House door of Reeves County in the town of Pecos City, Texas, between the hours of ten A. M. and four P. M. I will sell said real estate at public vendue for cash, to the highest bidder, as the property of said Jack Cassidy, C. O. Lund and D. A. Bertrand, by virtue of said levy and said order of sale.

And in compliance with law, I give this notice by publication, in English language once a week for three consecutive weeks immediately preceding said day of sale in the Pecos Enterprise, a newspaper published in Reeves County.

Witness my hand, this 3rd day of January, 1922. E. B. KISER, Sheriff Reeves County, Texas. R. G. MIDDLETON, Deputy. 22-4t

The Quinine That Does Not Affect the Head Because of its tonic and laxative effect, LAXATIVE BROMO QUININE is better than ordinary Quinine and does not cause nervousness nor ringing in head. Remember the full name and look for the signature of E. W. GROVE, Inc.

SHERIFF'S SALE

The State of Texas, County of Reeves.

By virtue of a certain execution issued out of the Honorable District Court of Reeves County, on the 22nd day of November, 1921, by County Clerk of said county against Sunshine Oil Corporation for the sum of one thousand eight hundred seventy-nine and 62/100 (\$1879.62) dollars and costs of suit, in cause No. 2220 in said Court, styled W. A. Hudson versus Sunshine Oil Corporation and placed in my hands for service, I, E. B. Kiser, Sheriff of Reeves County, Texas, did, on the 12th day of January, 1922, levy on certain leases on Real Estate, situated in Reeves and Loving Counties, described as follows, to-wit:

All the right, title, and interest of the Sunshine Oil Corporation in and to the Oil and Gas, or other mineral, lease or the following described lands to-wit: Sub-divisions 1, 2 and 3 of Block No. 8, also Subdivision 3 of Block No. 4, and all of blocks Nos. 9 and 10, all of said tracts being out of Brown's Subdivision of 425 acres of Section 4, Block 4, H. & G. N. R. Co. Survey in Reeves County, Texas, and containing 131 acres more or less.

The Southeast 92 acres in Section 96 Block 4, H. & G. N. R. Co. Survey in Reeves County, Texas.

Section 32, Block 4, H. & G. N. R. Co. Survey in Reeves County, Texas.

Southeast one-fourth of Section 75 Block 4, H. & G. N. R. Co. Survey in Reeves County, Texas. (160)

North three-eighths of Section 68, Block 4, H. & G. N. R. Co. Survey in Reeves County, Texas. (236 acres)

Section 72, Block 4, H. & G. N. R. Co. Survey in Reeves County, Texas.

The West one-half of Section 75, Block 4, H. & G. N. R. Co. Survey, in Reeves County, Texas.

Section 20, Block 54, Township 4, T. & P. R. Co. Survey in Reeves County, Texas.

West 560 acres of Section 26, Block 4, H. & G. N. R. Co. Survey, Reeves County, Texas.

North one-half of South-west one-fourth of Section 69, Block 4, in Reeves County, Texas. (80 acres)

Section 28, Block 4, Abstract No. 1892 H. & G. N. R. Co. Survey in Reeves County, Texas.

West 120 acres of North one-half of Section 5, Block 4, H. & G. N. R. Co. Survey in Reeves County, Texas.

North-west 480 acres in Section 23 Block C9, Public School Land, Reeves County, Texas.

570 acres of land in Section 43, Block 4, H. & G. N. R. Co. Survey, in Reeves County, Texas. Description reference being Vol. 1 of the Mineral Lease Records of Reeves County, Texas, page 38 (38)

Twenty acres in Section 69, Block 4, H. & G. N. R. Co. Survey, in Reeves County, Texas. Description reference being Vol. 24 of the Deed Records of Reeves County, Texas, page 464.

Southeast 166 acres of Section 77, Block 4, H. & G. N. R. Co. Survey in Reeves County, Texas.

West one-half of Section 205, Block 13, H. & G. N. R. Co. Survey, in Reeves County, Texas.

Undivided one-half interest on mineral rights on Sections 9, 10, 14, 15, 16, 17, 18, 19, 20, Block 56, Public School Land in Reeves County, Texas.

West 250 acres of Section 14 and all of Section 17, both in Block C-18, P. S. Land in Reeves County, Texas.

Sections 15 and 16 in Block C-18, Public School Land, in Reeves County, Texas.

Section 6, Block 4, H. & G. N. R. Co. Survey in Reeves County, Texas.

135 acres in Section 29, Block 4, H. & G. N. R. Co. Survey in Reeves County, Texas, being the same premises conveyed to J. W. Curtis, deceased, by W. H. Howerton and H. Bird and W. E. McAnely by deed duly recorded in the office of the County Clerk of the County of Reeves, State of Texas.

Section 12 and the North one-half of Section 13, both in Block 3, H. & G. N. R. Co. Survey in Reeves County, Texas.

Section 2 and the E. one-half of Section 3 in Block 4, H. & G. N. R. Co. Survey Reeves County, Texas.

And levied upon as the property of said Sunshine Oil Corporation. And on Tuesday, the 7th day of February, 1922, at the Court House door of Reeves County in the town of Pecos, Texas, between the hours of ten A. M. and four P. M. I will sell said leases on lands at public vendue for cash, to the highest bidder, as the property of said Sunshine Oil Corporation by virtue of said levy and said execution and in compliance with law, I give notice by publication, in English language once a week for three consecutive weeks immediately preceding said day of sale in the Pecos Enterprise, a newspaper published in Reeves County.

Witness my hand, this 12th day of January, 1922. E. B. KISER, Sheriff Reeves County, Texas. R. G. MIDDLETON, Deputy. 22-4t

IT PAYS TO ADVERTISE In The Pecos Enterprise, Rates 40 cents an inch or 10 cents a line for readers.

CARD OF THANKS

We take this means of expressing our thanks to our many friends for their help, kindness and sympathy extended during the illness and death of our darling Baby Richard Ora, and for the many beautiful floral offerings.

To Drs. Camp and Lusk for their untiring efforts we offer grateful thanks.

When such trials come to you may you have the help and comfort of such true hearted friends. May God in His infinite wisdom bless each and every one of you.

MR. and MRS. G. C. PARKER, T. H. BEAUCHAMP, RUBY MAE BEAUCHAMP, MRS. J. S. SHARP.

SHERIFF'S SALE

The State of Texas, County of Reeves.

By virtue of a certain Order of Sale issued out of the Honorable District Court of Reeves County, on the 14th day of January, 1922, by S. C. Vaughan, Clerk of said Court against E. W. Sparks for the sum of Three Thousand One Hundred Fifty-five and 32/100 (\$3155.32) Dollars and costs of suit, in cause No. 2115 in said Court, styled Citizens State Bank, Toyahvale, Texas, versus E. W. Sparks, and placed in my hands for service, I, E. B. Kiser, Sheriff of Reeves County, Texas, did, on the 4th day of January, 1922, levy on certain Real Estate, situated in Reeves County, described as follows, to-wit:

Five acre out of survey No. 10, D. W. W. Survey, beginning at the S. E. Corner of Block No. 27, Town of Toyah, Texas; Thence S. 37 deg. 35', E. 660 feet; Thence S. 52 deg. 25', W. 320 feet; Thence N. 37 deg. 35', W. 660 feet to point in the south line of the Town of Toyah; Thence N. 52 deg. 25', E. with said line 320 feet to a place of beginning.

Three acres out of Sec. 10 D. W. W. Survey, beginning at the S. E. corner of tract deeded to T. E. Gibbons, June 29, 1908; thence S. 37 deg. 35' E. 4.8 feet for S. E. corner; Thence S. 52 deg. 25' west 320 feet; Thence N. 37 deg. 35' W. 408 feet; Thence N. 52 deg. 25' E. 320 feet to place of beginning.

Nine acres of land, beginning at a point in the N. E. boundary line of a tract sold to T. & P. Ry. Co., May 1st, 1905, from whence S. W. corner of block No. 29, of the Town of Toyah bears N. 52 deg. 25' E. 50 feet. Thence S. 37 deg. 35' E. 1069 feet with said T. & P. boundary line for S. W. corner; Thence S. 52 deg. 25' E. 370 feet for S. E. corner; Thence N. 37 deg. 35' W. 1060 feet to a point in the S. E. boundary line of the Town of Toyah, Texas; Thence S. 52 deg. 25' W. 370 feet with said Town line to place of beginning all of said land in Reeves County, Texas, and levied upon as the property of said E. W. Sparks. And on Tuesday, the 7th day of February, 1922, at the Court House door of Reeves County, in the Town of Pecos, Texas, between the hours of ten A. M. and four P. M. I will sell said premises at public vendue, for cash, to the highest bidder, as the property of said E. W. Sparks by virtue of said levy and said Order of Sale.

And in compliance with law, I give this notice by publication, in the English language once a week for three consecutive weeks immediately preceding said day of sale in the Pecos Enterprise and Times, a newspaper published in Reeves County.

Witness my hand, this 4th day of January, 1922. E. B. KISER, Sheriff Reeves County, Texas. 22-4t

CITATION BY PUBLICATION The State of Texas To the Sheriff or any Constable of Reeves County—Greeting:

You are hereby commanded to summon Woolf Teitel, Lottie Teitel, J. Buel Warren and J. W. Ganzhorn by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, to appear at the next regular term of the District Court of Reeves County, to be held at the Court House thereof, in Pecos, Texas, on the fourth Monday in April, 1922, then and there to answer a petition, filed in said Court on the 6th day of January, 1922, in a suit, numbered on the Docket of said Court No. 2227 wherein Mrs. Mary Young, joined by her husband, E. W. Young, is Plaintiff, and E. G. Doty, C. W. Croom, Woolf Teitel, Lottie Teitel, J. Buel Warren and J. W. Ganzhorn are Defendants.

The same being a suit brought by Mrs. Mary Young, joined pro forma by her husband, E. W. Young, to cancel and set aside a certain Oil and Gas Lease and certain Assignments thereof, which lease was made by Mrs. Mary Young and husband, E. W. Young, to E. G. Doty dated October 1, 1919, covering certain subdivisions of Section No. 25, in Block No. 4, H. & G. N. Ry. Co. Survey in Reeves County, Texas, said subdivisions aggregating 240 acres, which is all the land covered by said lease. But that part of said land upon which said lease is sought by this suit to be cancelled is better known and described as tracts Nos. 9, 11, 15, 17, 18, 19, 21, 23, 25, 27, 29, 30, 31, 32, and 33, and being subdivisions of said Section No. 25 in Block No. 4, H. & G. N. Ry. Co. Survey in Reeves County, Texas, said last mentioned fifteen subdivisions aggregating 170 acres of land, being only a portion of the land covered by said original lease. Said suit is brought to cancel said lease, and the assignment thereof, held by the defendants, for the non-payment of rentals and also for failure to commence a well upon any part of said land covered by said original lease as specified and stipulated in said original lease, whereby the said lease became void as to all parties. Plaintiff in said suit also prays for judgment not only cancelling said lease, but also quieting her in her title and removing cloud from her title.

Herein fail not, but have before said Court, on the said first day of the next term thereof, this writ, with your return hereon, showing how you have executed the same.

Witness S. C. Vaughan, Clerk of the District Court of Reeves County. Given under my hand and the seal of said Court, at office in Pecos, Texas, this 6th day of January, 1922. (SEAL) S. C. VAUGHAN, Clerk, District Court, Reeves County. By H. P. KERR, Deputy. Issued this 6th day of January, 1922. S. C. VAUGHAN, Clerk. H. P. KERR, Deputy. 22-4t

OBITUARY

Mrs. Juan Flatt, mother of Mrs. Jim Hicks, was born April 6, 1846, near Livingston, Tenn., and departed this life January 8, 1922 at the residence of her daughter in Pecos, Texas, being 75 years, nine months and two days of age. She was converted and joined the Free Will Baptist church at the age of about twenty years. Her husband preceded her to the world beyond twenty-seven years ago. Besides her daughter, Mrs. Hicks, she is survived by a son, Arthur H. Flatt, of Musphysborough, Ill., and other relatives.

Mrs. Flatt had been sick only a few days, but the illness was serious from the beginning. The malady was pneumonia. There was a peculiarly strong and endearing attachment that was marvelously beautiful, between the daughter and her aged mother, whose life doubtless was prolonged many years, for she was frail, by the patient and kindly ministrations of the devoted daughter.

Funeral services were held at the residence of Mr. and Mrs. Ollie King, Monday afternoon at 3 o'clock in the presence of a large concourse of sorrowing and sympathizing friends by Rev. L. L. Thurston of the Methodist church who was assisted by Rev. J. M. Garner of the Baptist church. Interment was made at Fairview Cemetery to await the resurrection morn.

The Enterprise joins the many other friends of the family in deepest sympathy for the bereaved.

A SAFE TEST

For those who are in need of a remedy for kidney troubles and backache, it is a good plan to try Doan's Kidney Pills. They are strongly recommended by Pecos people. Ask your neighbors.

Mrs. John DeRacy, Pecos, gave the following statement October 28, 1915: "I was troubled for a long time with my kidneys. My back was weak and lame and a dull constant ache hurt me. I was tired and languid and had dizzy headaches when black spots seemed to float before my eyes. I was bothered with my kidneys acting irregularly, too. I heard a lot about Doan's Kidney Pills and decided to try them. I got some at the Pecos Drug Co. Two boxes of Doan's cured me and I haven't been bothered since."

LASTING RESULTS On April 7, 1919, Mrs. DeRacy said: "I haven't needed Doan's Kidney Pills since I recommended them before for the cure they gave me has lasted."

RICHARD ORA PARKER

Richard Ora Parker, the eight months old son of Mr. and Mrs. G. C. Parker died Friday, January 6, in El Paso where they had gone with him for treatment. He had been sick for several weeks and all that loving and tender hands and skilled physicians could do was done to save the precious little life, but to no avail and the God who gave him took back to himself.

Funeral services were held at the family residence in Pecos Sunday afternoon at 3 o'clock by the pastor of the Baptist church, Rev. J. M. Garner. Burial was made in Fairview cemetery beneath a mound of beautiful flowers.

The Enterprise extends condolence and deepest sympathy to the stricken parents and other relatives.

Ramsey Oil Company Plans Big Development In Pecos Field

In order to raise funds for the immediate execution of important development plans in the Pecos field, we are offering some of the stock of Ramsey Oil Company for sale at \$1.00 per share, par value, for the next few days.

This company owns the major interest of the Toyah-Bell No. 2 and all the oil lease rights in the land immediately surrounding this well, which is a recognized commercial producer. We have a standing offer of \$3.00 a barrel on this oil, f. o. b. Arno. Ramsey Oil Company also owns over a thousand acres in the Pecos field and is already starting to drill another well, just 500 feet northwest of Toyah-Bell No. 2, and has plans for still further development in this territory. It also has its own pipe line constructed to the Arno switch. It KNOWS there is abundance of the liquid gold under this area and its plans call for getting it out in large quantities. These plans take money and lots of it and we will sell some of this stock to our friends to help carry out these plans.

This stock entitles you to a share in Toyah-Bell No. 2, which is flowing daily. It is increasing daily both in oil and gas. It is a rare opportunity that one has to buy interest in a producer but our reasons are as stated above.

As everyone in this territory knows, the Ramseys and their dealings have been on the square all along. They are after the oil and did not enter this field as promoters but as reliable business men who have put their money back of their drilling activities. Everyone knows that the freakish sand cavings and other trouble have cost thousands upon thousands of dollars to cope with in making the Toyah-Bell a paying producer. They have also demonstrated unusual patience. Their money and their patience together have held on until they have convinced themselves and others that there is plenty of high grade oil and that it will pay to drill still other wells to enlarge the production of that pool.

Not less than ten shares of Ramsey Oil Company's stock will be sold to any individual. The right is also reserved to reject any or all acceptances of this offer after they are received and if the stock is oversubscribed we reserve the right to return remittances of any who may be late in getting their acceptances to our office.

Fill out the coupon below and mail to me at once.

Coupon form for Lee Garrett, Agent Ramsey Oil Company, Pecos, Texas. Includes fields for Name, Address, Date, and a statement: 'I hereby subscribe for _____ shares in RAMSEY OIL COMPANY stock at \$1.00 par value per share, which stock I understand to be fully paid and non-assessable. Herewith I enclose \$_____ in payment for this block of RAMSEY OIL COMPANY stock.'

LEE GARRETT, Agent Ramsey Oil Co. PECOS, TEXAS

GREATEST STRIKE IN HISTORY; THIRTEEN MILLION FARM FAMILIES CANNOT BUY GOODS

AND THAT IS EXACTLY THE CAUSE OF ALL THE HARD TIMES IN AMERICA TODAY. THE FARMER'S NOW GETTING PRE-WAR PRICES, BUT HIS DOLLAR IS ONLY WORTH 38 CENTS AS COMPARED WITH PRE-WAR PRICES OF THINGS HE MUST BUY.

WHAT THE FARMER RAISES (Average Prices)		WHAT THE FARMER MUST PAY (Average Prices)	
1921	1913	1921	1913
Corn, per bu. \$ 40	\$ 70	Farm Wagons	\$146.60 \$77.00

WHAT THE FARMER IS UP AGAINST

By S. T. HUGHES
Special Correspondence

Washington, D. C.—The American farmer never strikes. Paradoxically, he is on strike now. But it's a strike that he has not "called," that he is against, that has been forced on him. It's no riddle at all. The farmer's strike is a buying strike, and he doesn't buy for the plain, simple reason that he can't. And because the more than thirteen million farming families in the United States cannot buy, the business of the whole country is suffering.

What's going to be done about it? Well, the great financiers of the country are beginning to see that the farmer must have money so that he can go to the stores and the factories and big dealers and buy goods. They are beginning to see that there will be no prosperity for themselves and for manufacturers and business men generally until the members of those thirteen million families can buy the necessities, and more. They are beginning to wake up to the fact that closed factories and idle workmen in the cities are only an effect of the inability of the farming folks to buy the products of shops and of mechanical labor.

A YEAR'S WORK OF THE AMERICAN FARMER; NO STRIKE THERE!

By special arrangement, this newspaper is able to print the above diagram-picture from the coming month's issue of the SCIENTIFIC AMERICAN. It shows at a glance the enormous production of food-stuffs on the farms of America in one year, and which in terms of trade sells for only 38 cents on the dollar this winter.

The government is beginning to see it, too, as witness the loaning of tens of millions by the U. S. War Finance Corporation to hundreds of country banks for the sole purpose of lending that money cheaply to farmers. As witness President Harding's urgent advice to congress to get things going.

And so, in New York and Washington, find captains of finance and captains of government putting their heads together to find the way out.

The farmer is on a forced buying strike, but he never strikes against work. He is always producing—always—year in and year out, good times or bad, good weather or bad, even though he knows that he will lose money on his crops.

This winter he is losing five billions of dollars on the 1921 things he produced in toil and sweat.

The purchasing value of his dollar is only 38 cents.

He must spend \$2.59 for the necessities he bought in 1913 for \$1.00, or 159 per cent more.

The year before the war he got 70 cents a bushel for his corn; now he gets about

40 cents. But—and here's the brutal rub—before the war he paid \$7.75 a ton for his coal (on the average). This winter he pays about \$10.50 a ton. So the purchasing value in coal of the 40 cents he gets this winter for his corn, is only about 21 or 22 cents.

Before the war, the farmer got \$7.60 per hundred pounds for his hogs; now he gets about \$7.30. For a wagon to haul the hogs to the railroad, he paid \$77 in 1913—and here's that dirty rub again—now he pays \$145 to \$150 for the same wagon!

The cotton farmer, it is true, gets \$34 for a hundred pounds of cotton, where he got \$26 before the war. But the majority of cotton growers are small farmers raising only a few bales and it takes a huge pile of that light, fluffy stuff to make 100 pounds. How much good does the \$8.00 raise do him when he has to pay about \$75.00 more for his wagon than he did before the war—must pay out almost his total profit on a thousand pounds of that same light, fluffy stuff?

I could cite instance after instance like these—it works on almost everything the farmer produces and buys.

Look at the table that accompanies this article. That tells the story in figures.

Then look at the pictures and see what the farmer does when it comes to working and sweating to produce the necessities for a hundred million of people.

Now, what is your congress going to do to change the situation? What is the country going to do to start the farmer buying again and return prosperity not only to him but to all business and all workmen?

That's a question that must be answered during the next three months. From all I can hear down here in Washington they are going to do something. Just what it is hard to say at this writing.

Watch 'em!

MECHANIC NOW RICH IN OIL.
At Mexia, the center of Texas' latest great oil field, is a young farmer, who with his mother, two brothers and sister, is enjoying a daily income of \$1,400 in royalties from two wells. Until the middle of 1919, he was a mechanic in San Angelo for Buck & Cox, distributors for the Dodge, Hudson, Essex and National cars, working for \$21 a week.

J. Curtis Mills is the man. Forty acres comprising the Mills farm was leased at \$500 an acre—a neat melon itself—and workmen are now tearing away the front porch of the farm house to make room for a derrick.

Peak of Wealth Not Yet Reached.
The many possibilities on the Mills farm are almost unlimited, reports Walter Buck of Buck & Cox who spent the first half of December at Mexia. The tract is about one mile northwest of Mexia and is in the center of production. The Magnolia Petroleum Company about a month ago brought in the first producer, a 10,000 barrel-a-day well and about a fortnight ago, another company struck oil that is amounting to 8,000 barrels a day. The royalty from the first and largest well is \$800 a day, while the revenue from the second pool is \$600 daily. If the wells hold up—and oil men see no reason why they should not—there will probably be a dozen rigs running on the Mills farm by February.

Mr. Mills came to San Angelo early in 1918 because he was not making enough money to support himself and family by farming. He began working as a mechanic for Buck & Cox for \$20 a week, residing on North Magdalen street in North Angelo. His salary was increased a dollar a week before he returned to Mexia to care for his mother's farm. That was before the oil boom came.

Family is Saving Money.
So sudden has good fortune enveloped the family that little of the wealth that is rolling in has been expended. The money is going into the bank in a lump sum and no division of it has been made. The Mills' farm house has been painted and some new pieces of furniture has been bought. Though Christmas and Santa Claus were a month away, Mr. Buck saw numerous toys for the entertainment of Mr. Mills' child when he visited the home.

Curtis Mills still drives the Ford he owned when he was a \$20-a-week mechanic in San Angelo. His mother has purchased a Dodge sedan. Otherwise, the big fund that increases daily by \$1,400 is piling up undisturbed for a rainy day—if the family should ever have one

following such unprecedented prosperity.

Many somewhat similar stories are heard on the streets of Mexia, says Mr. Buck. One man who before the boom barely made ends meet in the drug business now has several producing wells on his land, drives a big car and lets his employees open the store each morning and do the late night work. Automobiles costing \$5,000 and \$6,000 are not uncommon on the streets and are driven by persons who two years ago contented themselves with a flivver or walked.

Mexia Quadrupled in Size.
Mexia before Colonel Humphries brought in his gushers was a town about the size of Ballinger. Today its population is estimated at 20,000. The streets are thronged with people and the sidewalks every week day are jammed like they are in San Angelo during Fair week.

A number of substantial business houses are going up, but most of the structures are frame. They have to be erected hurriedly to meet the demand. With all the boom, exorbitant prices for lodging and meals do not prevail, says Mr. Buck. Citizens have opened their homes and a room can be secured for \$2 a day.

While in Mexia, Mr. Buck saw a number of San Angelo people who were there on missions of various kinds. An oil field is a great place and makes some folks rich almost overnight, as J. C. Mills will attest. —San Angelo Standard.

ASPIRIN

Name "Bayer" on Genuine

Take Aspirin only as told in each package of genuine Bayer Tablets of Aspirin. Then you will be following the directions and dosage worked out by physicians during 21 years, and proved safe by millions. Take no chances with substitutes. If you see the Bayer Cross on tablets, you can take them without fear for Colds, Headache, Neuralgia, Rheumatism, Earache, Toothache, Lumbago and for Pain. Handy tin boxes of twelve tablets cost few cents. Druggists also sell larger packages. Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidester of Salicylicacid. (Advertisement)

Farmers, attention!

We have just received notice that our car of Swift's Red Steer Fertilizers will arrive in a few days. We can save you some money if you will haul your fertilizer from the car. Get in touch with us at once so we can reserve what you want.
