New Era Moves to New Location with Business As Usual

The entire plant of The New Era Printing Company was moved from the former location to the old Stockmen's Garage building last week without interrupting the work of turning out the usual jobs and of printing the paper on time.

With the larger building and better facilities, including additional equipment which has just been purchased, The New Era expects to raise the standard of quality and prompt service in its job printing department.

The new equipment includes a Cranston newspaper cylinder press, which will also enable The New Era to give its readers an eight-page, all home print newspaper in the near future.

ORIGIN OF "THE OLD GUARD" OR THE TEXAS REGIMENT

The Third United States Infantry was organized under an act of March 5, 1792, as the third sub-division. In 1815 upon re-organization of the army the Third was consolidated with the Second, Seventh and Forty-Fourth to form the First Regiment of Infantry, and the present Third was formed by consolidation of the original First, Seventeenth, Nineteenth, Twenty-Eighth and Thirty-Ninth. The Third Infantry therefore includes the oldest organization in the United States army, the original First Infantry, which was organized under a resolve of Congress of June 3, 1784.

Under command of Zachary Taylor during the years of 1845-1846 the Third was the army of observation in Texas, and later participated in the capture of Monterrey, Mexico City and other cities in the various campaigns under command of General Scott during the war with Mexico in 1846. It was upon occupation of the City of Mexico by General Scott that, as the Third Infantry approached, he said "Gentlemen, take off your hats to the Old Guard of the army."

During the Civil War the Third participated in twenty-one battles and sieges, among which the most memorable were Bull Run, Gains' Mill and Malvern Hill, and it was after the first battle of Bull Run that the Third was reviewed in Washington by President Lincoln, accompanied by General McDowell. In their passage down the line they drew rein in front of the colors and the general turning to the president said, "Mr. President, these are the men who saved your army at Bull Run." The president, looking up and down the line replied, "Yes, I've heard of them."

Marfa Is Fast Becoming Modern Little City with Improvements Projected

The citizens of Marfa, acting as individuals and through the county and city officials and the Chamber of Commerce, are waking up to the necessity of keeping pace with the rapid growth of our little city. It is absolutely essential to a healthy and progressive advancement that a municipality formulate plans and take active steps in their execution which makes for the general good and which directly and indirectly serves the well being of the individual citizen.

Street Improvement
Already a force of men and machinery have commenced grading streets. This is only a beginning which it is hoped will lead to the permanent improvement, not only of the passageways of machines and vehicles, but of the pavements along the sides. In order to accomplish effective work along these lines it will take money and more money. The benefit to be derived from such improvement will not only benefit the inhabitants of the present, but also those coming after. The only practicable method of raising the necessary funds is by voting bonds, bonds maturing in 20 or 40 years.

Sewerage System
One of the first steps to be taken of a general improvement in cities either small or great is to take care of the health of the community. The good health of each individual, whether young or old, poor or rich, is an asset in dollars and cents to the community, and even outside of a cold business calculation the health of a people has a higher value. The life and happiness of the individual is but poorly measured by the dollar mark. Steps are being taken to have surveyed a complete drainage and sewerage system with the view of installing a proper system and to take off the flood waters which occasionally visit the town.

Water Works
Although we have partly completed our second class water works system, it is absolutely necessary, in view of the above mentioned improvements, that Marfa should have up-to-date water works. Without water mains of a certain standard it is impossible to have protection against fire, and impossible to adequately sprinkle and clean the pavements and streets when improved, likewise to keep the sewerage free from congestion and stagnation. It is a false argument and a selfish one to say that because A B C has already his own windmill therefore we can do nothing. Cities as individuals do not live unto themselves alone. The value of the increment in cities is given by the whole and not by a part of the people. X Y Z has no cattle to ship or sell, therefore he is not interested in the location of the stockpens. Put them in front of John Smith's front yard. However it is to be noted that the cattle pens are to be removed by order of the railroad commission on complaint of a number of our leading citizens, to a point east of the depot to be located not over a mile or a mile and one-half from said point. This is a step in the right direction, and everyone is pleased over the prospective early move.

Recent Improvements
Mr. Bean, the contractor, has recently made and is making the following improvements for the different parties:

Addition and repairs to Overland Garage, \$4,600; additions and other improvements to Mrs. T. A. Childers' residence, \$13,000; new residence for W. R. Ake, \$5,000; improvements to R. A. Lackland residence, \$1,600; bungalow, four rooms, for Mr. Rowark, \$3,000; Dr. Dagraccott, four room bungalow, \$2,700; R. S. McCracken, side walks, borders, fence, etc., \$800; Chas. Prewett, home general remodeling, \$700; Mitchell-Gillett, balcony in store; Long Horn Cafe, remodeling dining room, \$1,200; W. G. Young, building for bottling works, \$10,000; house for carpenter, \$600; Sample bungalow is near completion; Murphy-Walker Co., side walks and other improvements,

\$750; Marfa Manufacturing Company, addition to garage, \$800.

Beauty of the City
And let us remember that streets made smooth and useful, with concrete and asphalt, fine buildings and magnificent homes, are made more attractive and more beautiful by trees, plants and vines. In fact, a city without shade trees and blooming flowers is like a city of the dead, with bare and treeless plots of earth adorned with a marble monument or a bronze memorial. It takes the clinging fern, the cooling shade of trees, the bud and blossom of flowers, the carpet of green grass, to give life, the smile and joy of nature, the touch of color and life.

Again the question of waterworks. Water to quench fire, water for the garden, water for the parks, water for the flowers, water for the trees, the birds, autos, cattle and man.

**K. C. M. & O. PLAN TO RENEW
MEXICO CONSTRUCTION WORK**

Representatives of the Kansas City, Mexico and Orient Railway are negotiating with the Government with a view to the renewal of construction work on that line, which was suspended before the revolution. This is also known as the Stilwell line, from the name of its projector. It has been partially constructed, both in the United States and Mexico, but a gap remains to be completed between the states of Chihuahua and Sinaloa. Its Pacific coast terminus is the port of Topolobampo, one of the finest harbors on the Pacific coast of Mexico, being completely landlocked and affording protected deep water anchorage for a great fleet. From that port the line is in operation to the base of the Sierra Madre, while its ultimate connection on the Eastern slope has also been built well into the range. The remaining section requires heavy grading, tunnels, bridges, etc., and is very difficult and expensive. The railroad representatives are asking the aid of the government in the way of a subvention such as was granted at the outset of its operations but was suspended by the revolution. The matter has been referred by the President of the Republic to a commission which will study the plan and report thereon.

The section traversed by the survey of this line is rich in mineral deposits whose development has been hampered or entirely prevented by lack of transportation facilities. On the western side of the Sierra the line taps an exceptionally well watered fertile agricultural region, while a vast timber belt would also be rendered accessible. From the American boundary for a distance of a thousand miles there is no thoroughfare of any kind, except precipitous and dangerous trails, connecting the interior of the country with the Pacific coast, and it is believed probable that the requested assistance will be granted.—Mexican Review, Mexico City.

AUTOMOBILE SHOW

El Paso, Feb. 27.—The second Annual Automobile Show will be held in El Paso on April 22, 23 and 24, according to arrangements completed by automobile distributors covering the tri-state region of Arizona, New Mexico and Texas West of the Pecos. Present plans include the most complete display of all lines of cars used in the Southwest, with accompanying exhibits of truck and tractor displays.

Present plans contemplate the holding of a dealers' convention at the same time as the show, to which all automobile dealers in the Southwest will be invited to discuss the general condition of the industry and better business conditions. A banquet will be given the visitors by the local distributors, and the auto show will be thrown open to them. Thousands of dollars will be spent in decoration and entertainment, and from these standpoints it is believed the show will eclipse anything shown between Dallas and the Pacific coast.

BAPTIST SANITARIUM TO BE ERECTED AT ABILENE

The West Texas Baptist Memorial Sanitarium to be located at Abilene will be an institution welcomed by all of West Texas. The plans for this sanitarium call for three units, costing in all over \$1,000,000. Construction of the first unit will begin in a few weeks, and will cost \$250,000. Of this amount \$100,000 comes from the Baptist Seventy-Five Million campaign and \$150,000 is to be raised by the citizens of Abilene and Taylor County.

While the sanitarium will be under the direction of the Baptist General Convention of Texas, it will be open to every person in West Texas regardless of religious belief. It will be made possible for the rich and the poor, the small and the great, to take advantage of this great modern sanitarium if they so desire. It will be distinctly a West Texas institution, devoted to the welfare and uplift of the people of West Texas who have so long been without the advantages of a great institution of healing conducted along the principles of humanitarianism. The sanitarium will be a separate institution from Simmons College, controlled by a different board of trustees.

A Little Ad Has a Big Leverage in the New Era Columns

LOST—Eastern Star pin with a star in filigree circle. Reward for return to New Era.

This is the little ad that brought home the bacon with one insertion in The New Era. Two bits invested in printer's ink did what could not have possibly been accomplished otherwise without the expenditure of many times that amount and a probable delay much longer than the two days required to recover the lost pin.

The pin, one of those little things that cannot be replaced, was found by a soldier boy who was glad of the opportunity to return it to its owner.

A little ad has a big leverage in The New Era.

Marfa, Texas, Feb. 28, 1920

ANNOUNCEMENT

We are authorized to announce V. I. Cargile as a candidate for the office of representative of the 117th District, subject to the action of the primaries, July, 1920.

ANNOUNCEMENT

The New Era is authorized to announce that Mrs. Eda J. Hubbard will be a candidate for Treasurer of Presidio County, subject to the action of the Democratic primary on the 24th of July, 1920.

And it was even thought Bryan was a political corpse.

The gubernatorial race bids fair to become as interesting as the Hogg and Clark contest.

We thought the Bailey question settled years ago, that it had been buried in the Gulf of Mexico. However, it seems he was only hibernating in Washington.

If the Bailey question is to be settled in 1920, and settled right, it will be absolutely necessary to concentrate our fire. Thomason is the strong man, even though living in West Texas. There is no question as to his citizenship, popularity and honesty.

Soda water and other soft drinks have been raised 33 and one third per cent, in some places 100 per cent. Sugar still rises and falls in price, but mostly on the rise. Cattle and hogs on foot are declining, but on the block refuse to decline. Surely someone has his stinger out. It must be the hogteer.

The census of 1920 has been taken. In this connection there may be made many unwise remarks about the daughters of Eve and the age question. However, the delicacy of the age question is no modern sensitiveness. In the Old Testament, although numbers of women are mentioned, the sacred writers refrained from giving the age of the ladies, and only one—Sarah, Abraham's wife, whose age is recorded.

Marfa needs a good old fashion revival—a get-together religious movement. Aforetimes it was said many times concerning Marfa that no place of its size in West Texas had a better class of citizenship and a more cultured society. And there is more wealth and nearly as much brains, too, in this small spot as can be found in most towns of even larger population, yet we are not pulling together just right. We must keep our eyes opened and looking towards the valley of the Rio Grande. Marfa is vitally interested in that land of fruitful promise. The Orient out from Chihuahua is being pushed and now comes the news that a railroad between Ojinaga and Juarez is being placed on the map of Mexico. If we do not look out the trade of the valley will go to Chihuahua and Juarez.

To date we have only heard of two candidates for lieutenant governor, J. D. Parnell of Wilbarger and Hon. J. W. Culp of Temple. The former is an oil operator and the latter an old newspaper man. From what we know of J. W. Culp from personal friends our vote will be cast for the "newspaper man." We want to see him put in a position where he can be "cussed good and plenty." He can stand it and the oil man could not. Besides, riches, untold wealth, now beckons with golden dreams the one, while the other, having served the public in a humble position so long, deserves the honors of official life.

MRS. MITCHELL ENTERTAINED THE HISTORY CLUB THURSDAY

Mrs. W. B. Mitchell pleasantly entertained the History Club Thursday afternoon. Mrs. H. M. Fennell was leader, the study Arthur Henry Jones' Saints and Sinners and Mrs. Dane's Defense. At the conclusion of the lesson the members and guests were invited into the dining room, which was attractively decorated with the club colors, purple and gold. A silver basket filled with yellow jonquils surmounting a cloth of linen heavily inset with lace was the artistic centerpiece. Mrs. Frank Rosson presided at the handsome silver tea service. Delicious sandwiches, cake and confections were on the table.

Club members present were Meses, L. C. Brite, A. M. Porter, Homer Colquitt, C. E. Meade, T. M. Snyder, K. C. Miller, E. Nichols, R. S. McCracken, Chas. Pruett, J. W. Pool, C. R. Sutton, Miss Jacobs, H. M. Fennell, Oscar Shipman, J. E. Conner. Visitors were Meses, W. J. Yates, Graves Bogel, McKee Mitchell, John Griffith, Ben Pruett, Crawford Mitchell, Ernest Mabry, Gwyn, Kitchen, Cook, Frank Rosson.

Mrs. Riley Smith will entertain the History Club in March.

STOCK NOTES

Monday the Peyton Packing Company through G. A. Howard purchased two carloads of cattle, one of calves and one of cows. Shipped to El Paso and Fort Worth.

Buys Heifer Yearlings

A deal was made last Saturday whereby Chas. Pruett purchased from the W. T. Jones Cattle Company four hundred head of choice yearling heifers which he will place on his ranch for breeding purposes. It is a well known fact that Mr. Jones is raising the very best of cattle. They are big boned, well colored, highly developed and always bring the top prices and Mr. Pruett is fortunate in getting such a splendid lot of young she stuff. The sale was made by A. C. Easterling, who has recently gone into the cattle and land sales business.

PATCHED PANTS

Since soda water has taken and bursted the fountain with its altitudinal flight, we have resolved to follow the example of a few of our advertising friends who, in view of their large profits in the sale of goods are cutting down their space one-half, and economizing by wearing patched pants. Joseph of old wore a coat of many colors, and why should we moderns be ashamed? Joseph became second ruler in all the land of the Egyptians. A few patches on our coat has been for some time fashionable in the editorial department, and we have tried not to use the shears and paste pot too freely, and now we are firmly resolved to try a few new reforms. On account of early piety we became in youth accustomed to patched knees. We will now proceed to sit down on them.

POST NEWS

The following account of the Keith-Simpson marriage will be of interest to the many local friends of Colonel Simpson:

Keith-Simpson
The marriage of Miss Lois Pickering Keith and Lieutenant Colonel Clyde V. Simpson, Fifth Cavalry, took place February 19, at four o'clock at "Wintersgreen," the winter home of the bride's parents, Mr. and Mrs. Boudinot Keith of New York, at Thomasville, Ga.

Owing to the fact that there had been several recent deaths in the family the wedding was a very quiet event, only the immediate relatives being present. The ceremony was performed in Mrs. Keith's picturesque studio, which had been artistically decorated for the occasion by Mr. Loveless of Greenwood plantation. Greens were barked around the lower part of the room and Southern smilax was festooned from the walls and around the large United States flag. The ceremony was performed before an improvised altar of green, lighted with tall candles in cathedral effect.

The bride entered the room with her father, Mr. Boudinot Keith, who gave her in marriage and was met by the bridegroom with his best man, Lieut. Colonel Lawrence H. Whiting of Philadelphia. The bride's only attendant was her cousin, Miss Lucy Wheeler, who was gowned in lavender and carried lavender sweet peas.

Th Rev. Henry W. Nelson, D. D. of Marshfield Hills, Mass., performed the marriage ceremony, assisted by the Rev. W. H. Higgins, rector of St. Thomas church. The Episcopal ceremony was used with the ring service.

The bride wore a gown, the white satin brocade of which was designed by her grandmother, Mrs. Candace Wheeler, and woven for her mother's wedding dress. The embroidered veil and fan of old rose pattern were also used by her mother at her wedding. The bride wore a diamond and platinum pin, the gift of the bridegroom, and carried a bouquet of white roses and sweet peas.

Colonel and Mrs. Simpson left soon after the ceremony, and will be at home after March 1 at Camp Marfa, where Col. Simpson is at present stationed.

The bride is a lovely young girl whose charming personality attracted to her many friends and admirers during the winters she has spent in Thomasville. The bridegroom is an officer in the United States army, and served during the World War in France and was afterwards stationed in Germany. He made many friends during his short stay in Thomasville.

Will Move Into Barracks

In the very near future local camp U. S. troops will undergo a complete change of quarters. The cause of this is the removal of the troops from the old familiar tents to the spacious barracks. These barracks were erected as a part of the Mexican border project of the constructing quartermaster, and the work has progressed to such an extent that already the four troops of Fifth Cavalry stationed here have moved into their barracks. The infantry is expected to move in the near future.

New Radio Station

Work on the radio tower is progressing rapidly. With the coming of Jas. P. Dance, chief radio engineer of the Southern department, things have noticeably taken shape. As the result of his labors the possibilities of the local radio is second to none in the Southern department. The local signal company will soon feel the effects of the nation wide recruiting drive. Service in the signal corps dealing as it does with radio outfits, is intensely interesting. The local boys of the signal corps enjoy the unique privilege of listening at one minute to messages from radio stations in Germany and the next moment listening to Japan. Mr. Dance expects to complete his work in the near future and return to his proper station at Fort Sam Houston.

Music in Camp Life

Recent War Department orders received at district headquarters designate the week beginning February 22 as "National Music Week," to be observed by the army as such throughout the United States. Its purpose is to acquaint the country with army songs of the better sort—patriotic, home and folk songs, sentimental and classic. Next to the peace celebration the observance of the national week of song should be the most enthusiastic event of our current history. Not only in the army, but in the homes, churches, clubs, community organizations and theaters.

Beginning as it does the week in February of each year in which Washington's birthday occurs, with seven days of singing its inspiration should last all the year. There will be a contagious enthusiasm from the realization that all over this great land of ours literally millions of people are singing and helping to make America a singing nation. The movement is endorsed by United States Commissioner of Education Claxton and others of national reputation as educators in the largest sense of the word.

Its purpose in a word is first, to awaken the singing spirit and set all America singing.

To cultivate a taste for the good songs.

To bring people together and develop community spirit.

To strengthen the great American spirit needed at this crucial time.

To uphold its high ideals by songs of inspiration and uplift.

To amalgamate and give spectacular expression once a year.

The large association of the city could do much in the development of this national week of song. If

song was of so much value in the war, of much more value is it now in helping to keep up the morale of the country in these times of reconstruction.

It is believed that the celebration of the national music week offers an excellent opportunity for department and community music lovers to stimulate interest in army music, both by members of the military establishment and by civilians. If there are any celebrations held at posts or in communities adjacent to post within your department in which members of the military establishment participate, it is requested that a report of same be made.

Recruiting Drive

The nation wide recruiting drive continues to bear fruit for the Fifth Cavalry. During the past week several parties of recruits have been received from each of the following stations throughout the country: Fort Slocum, New York; Columbus Barracks, Ohio; Camp Dix, New Jersey; Fort Thomas, Kentucky; Jefferson Barracks, Missouri. The present policy of the War Department to give vocational and educational training with military training offers a rare inducement for young men of limited means to fit themselves for splendid positions in civil life after their tour of duty with the colors. With the discharge in the near future of many army trained telephone and telegraph operators, motor mechanics, chauffeurs, etc., many vacancies will be left for trained men. Almost without exception these army trained men are going back to civil life better men physically, and with earning capacity many times greater than when they entered the service.

The results of the Fifth Cavalry recruiting drive in Tennessee, North Carolina, West Virginia and Kentucky will be apparent the coming week. Splendid progress has been reported. Previous station of the Fifth Cavalry in that section of the country has made it well known, and the various members of the recruiting parties have met many old time friends who are nobly assisting in spreading the quality of the "Fighting Fifth."

Lieutenant Geoffrey Galwey, Fifth Cavalry, with the North Carolina recruiting party, has been busily engaged in the distribution of the War Certificates awarded by the French government to the relatives of those Americans who made the supreme sacrifice on the battlefields of France.

Big Bend in the Movies

Another phase bringing the Big Bend to the notice of the nation is seen in the appearance of O. A. Aultman of the Pathé News picture service and Mr. Kluever of the International Weekly picture news service. They are here on an extended stay and have made extensive films of the border, Rio Grande, Davis Mountains, etc. Mr. Aultman is no stranger in this part of the country, having worked out of El Paso for many years past. Mr. Kluever, however, has but recently arrived from filming extensive views in Hawaii. He was staff photographer for his firm during the trans-Atlantic flight of the NC-4 under Lieutenant Commander Read of the navy. The pictures taken by these gentlemen, it is claimed, will be seen by at least fifty million people throughout the world.

Band Concerts

The regular weekly band concert of the Fifth Cavalry band was held Sunday. These concerts are becoming more and more popular among the soldiers and civilians of Marfa.

Mr. Cain, the band leader, is an old time army musician who has returned to the Fifth Cavalry after resigning his temporary commission in the emergency army. He has been a member of the Fifth Cavalry since the Spanish-American War, and considers the Fifth Cavalry his home.

Mr. Cain's military experience is most interesting and one that is seldom met with, even in our old army. Born of British parents, his father being a well known band leader in the English army, he was taken at an early age to India, where he entered the Queen's service as a drummer boy at the age of ten. His musical education in the English army was a most thorough one, and associated him with several of the most famous regiments of the mother country.

Mr. Cain, like all musicians, delights in having a large audience, soldiers and civilians alike, and his program is usually well balanced, there being selections appealing to the tastes of all.

The camp extends a most cordial invitation to its civilian friends for all of its weekly concerts, starting at 7:30 sharp on Sunday afternoons.

Major and Mrs. John P. Wheeler and little son, John P. Wheeler Jr., have recently returned to the regiment. Major Wheeler is one of the oldest members of the Fifth, having joined it on the Punitive Expedition to Mexico in 1916. He was adjutant of the regiment prior to his promotion in 1918, and has returned to re-assume his duties of regimental adjutant, relieving First Lieutenant Unger. The return of Major Wheeler is a welcome addition to the army people of Marfa.

Colonel and Mrs. Hornbrook are enjoying a visit of Mrs. J. M. J. Sanno, who arrived the past week. Mrs. Sanno is the wife of the late General Sanno, a well known officer of the old army. She has been making her home with Mrs. Hornbrook's sister in San Antonio.

As a part of the singing program an enthusiastic song rally was held on the evening of the 24th at the Army Service Club. This "singsong" was ably conducted by Ensign Malloy of the Salvation Army. Mrs. Malloff, who assisted, was most enthusiastically received and appreciated.

Washington's Birthday was quietly observed at the local camp. The day was observed as a holiday, all work except the necessary guard and police duty being suspended. The Fifth Cavalry band rendered a concert of patriotic airs in the morning which was well attended.

What promised to be a small pox scare was nipped in the bud by A. E. District Surgeon Major G. A. O'Connell. As may have been noticed, the army camp was a busy place with everybody being re-vaccinated. Due to the illness of the regular district surgeon Major O'Connell was unexpectedly called on to assume the duties of district surgeon in addition to his own. His excellent and energetic work is the subject of much gratitude on the part of the local military.

Captain Lafferty, Fifth Cavalry, stationed at Lajitas, returned the past week from a leave of absence. He brought with him his wife and infant daughter.

Lieutenant and Mrs. Berry, Field Artillery, of El Paso, recently returned after spending a most enjoyable vacation with Colonel and Mrs. E. R. Van Deusen. They are greatly missed by the entire command, as they were a most welcome addition to the many camping and automobile trips sponsored by the Van Deusens.

There seems to be an epidemic of matrimony among the officers. The following having entered the blissful state in the order mentioned: Lieutenant Jensen, Captain Leland C. McAuley, Lieutenant Thomas Baine Locke and Lieutenant Colonel Clyde V. Simpson. Rumor has it that Lieutenant Geoffrey Galwey will be on the list with several others that follow, or hope to follow.

Lieutenant Colonel James B. Henry is a welcome addition to the local command. With the coming of Col. Henry is shown another indication of the War Department policy of returning to the pre-war conditions and of garrisoning important border posts with officers of long experience. Colonel Henry comes from duty at San Antonio and expects to be joined by his family in the near future.

Mr. C. C. "Shorty" Bonner and wife have recovered from their recent illness to such an extent as to be up and out. After a much needed rest, "Shorty" will again assume his duties at the Service Club, where he is a great favorite with all with whom he comes in contact.

The recruits in the local camp are making great progress in learning the various duties of a cavalry soldier. As a special measure they have been placed under the personal supervision of Captain Hood, Fifth Cavalry, with a selected corps of assistants. The results attained to date speak well for the selection. A recent moving picture taken after only four days training was shown.

Among the recent receptions enjoyed locally was a delightful Washington's Birthday dinner given by Mr. and Mrs. Britte to about twenty of their friends.

IN MEMORIAM

It is with a sad heart we chronicle the death of Mrs. Alma Caldwell, nee Alma Hay, which occurred on the 12 inst. at Clint.
Her remains were brought to Sierra Blanca on the 13th, and funeral services were held at the residence of Mrs. R. C. Love on Saturday the 14th, after which they were conveyed to the Sierra Blanca cemetery, followed by a large concourse of sorrowing relatives and friends; and all that remained of beautiful Alma Caldwell was laid to rest beside that of her first husband, R. W. Love.
Mrs. Caldwell was the daughter of Len Hay, who lost his life in a railroad accident at Valentine, and Mrs. Laura Oden of Clint. She passed her girlhood at Marfa and Valentine, and was considered one of the most beautiful and attractive girls in the entire country. In early maidenhood she gave her heart and life into the keeping of R. W. Love, one of nature's noblemen. To this happy union four children were born: Robert, Alonzo, Edith and Joe, all living, and all bright and promising children. R. W. Love died at Clint on July 14, 1917. Mrs. Caldwell had for years been a devoted member of the Christian Church, and was one of the charter members of the little congregation organized a few weeks ago at Fabens.

Deceased was married a little over a year to Lieut. Sidney Caldwell, connected with the reclamation service at Clint. To them was born a little girl baby, who was only a few days old when the mother passed away.
It is inexpressibly sad that the four older children should have been deprived of the loving care and protection of both father and mother. While the Love family have seen after them with the greatest tenderness, solicitude and care, and will continue to do so, still none can take the place of father and mother and although the little one has a father to love and care for her, it is exceedingly sad to think that she will never know the tender care and loving ministrations of a mother.
Besides the five children, she leaves a loving husband, a mother, one brother, two sisters, and many other relatives and friends to mourn her loss. It is hard to understand why this loving wife and mother should be cut down in the full bloom of a splendid womanhood, leaving the hearts of her dear ones aching and desolate; why rather away from those who need her love and tender watch-care. We know only that it is His will, and He knoweth best. Let the sorrowing and heartbroken ones remember that the call for her to come up higher was from above; the blow inevitable.

"Tis the voice of thy God
Saying 'I love thee, I love thee,
Pass under the rod.'
and obediently, trustingly, though with aching hearts, pass under, having the assurance that He doeth all things well; and that some day, somewhere, somehow, His purposes will be revealed. His recompense be given.—Sierra Blanca Eagle.

A Round-up
Last Saturday night Officers Ira Cline, A. M. Porter and Chas. Coughlan made several round-ups among the crap shooters and monte dealers. Several were caught in the act and conducted before his honor where they entered pleas of guilty. Someone asked Mart Terango, one of the dealers, who won the pot. He said "The judge got all of it."

Gather Round The NEW EDISON

The young people belong around the living-room fire. Get them into the habit of enjoying their evenings at home.
Just put the job up to the New Edison.

Do the young folks want to dance? All right—here's the newest fox-trot. Sing?—here's the song that's got all Broadway humming. Learn?—all opera opens its pages.
Not mere talking-machine music, mind you! But RE-CREATED music! The very music which, given at some notable concert, draws people miles through any weather. The New Edison gives the life, the spirit, the enthusiasm, the soul of the music, gives you everything the living artist can give, excepting his physical presence.

If you'll stop in for a few minutes, we'll show you what a New Edison really is, and how you can have it sent right out to your home.

Well, here I am again, folks—your old friend, Maud Purina. You know me, with the kettle on my tail and the lightning in my heels. Here is a way for you to make some money and have a Barrel of Fun. Study what is happening here and tell the story in your own words. Lots of things COULD happen, and all you need is a little "mule sense" to figure it out. You don't have to be a story-writer—it's the thought behind the story that counts. Use pencil or pen, postal or anything, and don't be afraid to try because I am going to pay cash for ideas, as follows:

- \$100.00 for the best one
 - \$25.00 for the next best
 - \$15.00 for the third best
 - \$10.00 for the fourth best
 - \$5.00 each for the next 20
 - \$1.00 each for the next 50
- Anyone may try who is interested in horses and mules—who either owns them, feeds them or knows someone else who does. You don't have to buy anything and you only need to do three things.
- Make it short—not over 100 words—even a picture might win.
- Mention Purina O-Molene, my favorite feed.
- Tell the name of a dealer who keeps O-Molene.
- Remember that Purina O-Molene is a real discovery in the feeding of horses and mules. It isn't a medicine, but only a wonderful way of preparing the good, wholesome grains, so that they go further than raw corn or oats. It keeps stock healthier and costs less to feed.
- HURRY UP because the contest closes soon. Your story must be mailed by March 10, 1920, and the awards will be made about March 25th. Everyone who tries will get a dandy little book soon after, containing the judges' report and some of the best and funniest answers. You can have a lot of fun over it some evening with your friends. The judges will be:
- Wm. H. Danforth, Pres. Ralston Purina Co., St. Louis.
 - H. S. Gardner, Pres. Gardner Adv. Co., St. Louis.
 - L. F. Smith, American Educational Society, St. Louis.
- Don't wait, but send your idea in at once to reach the judges in time.
- SEND IT TO MAUD PURINA, PURINA MILLS, St. Louis, Mo.

Washington Dinner Party

Mr. and Mrs. L. C. Brite entertained last Monday evening at 7 o'clock with a George Washington dinner party. The reception hall and drawing room were decorated with American beauty roses in cut glass vases tied with red maline. The dining room was fragrant with white and red carnations in silver baskets. The table was centered with the famous miniature cherry trees and tiny statues of George and Martha, along with the Colonial-ladies and laddies, the old cannon with the drum and the drummer boy furnished the warlike spirit of '76. Crimson candles in silver holders tied with bows lent their brightness to the scene of beauty. The favors were red baskets tied with red, white and blue bows mounted with U. S. flag and the eagle, filled with red, white and blue hatchets, almonds and pecans. The patriotic colors were everywhere in evidence.

A sumptuous repast of five courses was served interspersed with speeches, toast, etc. Afterwards the guests were conducted upstairs to the spacious hall where a contest testing one's knowledge of historical events by naming properly pictures on the tables was had, also on the walls were spread the flags of fourteen nations, the naming of same was included in the game. Mrs. P. F. King and Col. Hornbrook carried off the prizes in the guessing game, while Mrs. J. W. Pool won the prize for the most original poem on George Washington.

The guests present were: Colonel and Mrs. J. J. Hornbrook, Mr. and Mrs. Thos. Crosson, Mr. and Mrs. H. M. Fennell, Mr. and Mrs. J. W. Pool, Mr. and Mrs. Karl H. Ward, Rev. and Mrs. P. F. King, Mr. and Mrs. H. H. Kilpatrick, Mrs. J. M. Sanno, Mrs. F. A. Mitchell and Mrs. M. R. Mahon.

The Maxwell people can show a "bill of rights" for the increase in the price of their cars; some advance in the price was due to come had labor and material conditions remained what they were a year ago. All vital parts have been greatly strengthened, such as heavier gears, larger bearings, and the strongest rear-end assembly that has ever been deemed necessary to use in a light car. The Maxwell of today is not the Maxwell car you have known of in the past. Competition has been forced to reckon with this new car seriously, for it's making automobile history. A thorough inspection and comparison is solicited.

OUR CHURCHES

Christian Church

Sunday morning the pastor will preach on the Interchurch World movement. A brief history of this twentieth century crusade will be given, the management will be explained and the benefits coming from it will be stated.

At seven in the evening the subject is "The Superiority of the Christian Conception of God."

Our meeting will begin March 21. Mr. Shields will be here on time. Make your plans to give the meeting your heartiest support.

Junior Christian Endeavor

Place, Christian Church.
Time, 3 o'clock.
Leader, Addie Davis.
Program:

Subject, Encourages and Discourages.

Scripture, Acts 27:22-25; Nu. 32:9.
Song.

Song.
Prayer.
Roll call.

Scripture reading by leader.
Clippings.
Questions.

Bible hunt.
Talk by superintendent.
Benediction.

Baptist Church

A large crowd heard the pastor's discussion on "Humanity's Battle Against Disease" Sunday night.

He took the position that medical science, the state and Christianity are to be allies in this battle against disease.

The well rendered violin solo by Miss McNeil added greatly to the interest of the service.

Next Sunday night the pastor will discuss the question "What Is the Present Moral Trend and Where Is It Leading Us." Some things will be said that ought to be said.

We had two additions Sunday. There are many others whose duty it is to unite with us. Every Baptist who moves into a town ought to unite with the church as soon as it is at all practicable.

Services at 11 a. m. and 7 p. m.
C. S. HARRISON, Pastor.

Saint Paul's Episcopal Church

Services tomorrow in St. Paul's Church will be as follows: Holy communion at 8 a. m., church school at 10 a. m., morning prayer with sermon at 11 a. m. Topic of sermon, "God's Call to Holiness."

Question to be answered, "What are the leading elements of Protestantism?" "Quiet hour" and spiritual healing mission at 7 p. m. Topic of the "quiet talk," Prayer, its difficulties and how we can overcome them.

All are invited to attend these services.

A Most Regrettable Accident

Tuesday evening about 4 o'clock near the high school there happened a serious and most unfortunate accident. Thelma Mitchell, the eldest daughter of Mr. and Mrs. Crawford Mitchell, was preparing to ride with a friend who had driven up to take her home just after school. It appears just before getting into the machine, which was still moving slowly, she started playfully to run in front of it, when she stumbled and fell. The auto passed over one side of her head, fearfully tearing the scalp, but it is hoped without crushing the bone. Friends rushed to her aid, Dr. Mahon being instantly called, and as soon as possible she was taken home where every possible aid was rendered. She was taken on the next train to El Paso.

No blame is attached to anyone on account of this lamentable accident. Thelma is one of the most beautiful and popular young girls of Marfa, and an especial favorite with all her school companions.

It is the sincere hope of her many friends that she will soon recover and be back with them again and none the worse for her most painful experience.

BRITE LOCALS

Mr. and Mrs. Brite spent two days at the ranch last week and Mrs. Anderson, Mrs. Brite's mother who has been visiting Mrs. Neill for several weeks, returned to Marfa with them.

Everybody in the progressive little town of Brite is busy and full of enthusiasm. Spring is near, the song birds are already overflowing with music, and thus far we have all escaped the flu.

The pupils of Brite school spent Friday afternoon in finishing the many nice Valentines and having their Valentine post office all under the direction of their teacher, Miss Thomas. Everything on the program was very much enjoyed and a great success.

OLD SPANISH TRAIL DIRECTORS TO INSPECT FORT DAVIS ROUTE

The directors of the Old Spanish Trail meeting at the Gunter yesterday voted to support the present method of Federal aid for roads and decided to oppose the Townsend bill as it now stands. C. S. Fowler, State Highway Commissioner, was present and condemned the Townsend bill as detrimental to the State highway system.

The directors adopted an annual expense budget which will amount to \$25,000, and will be used in beautifying the highway and in publicity work. A committee was appointed to visit the Fort Davis country and decide the Balmorhea-Fort Davis contest for the highway.

The action on the Townsend bill came as a result of a telegram from the Federal Highway Council at Washington asking the endorsement of the bill. Mr. Fowler spoke in defense of the present system of Federal aid, declaring it was functioning well, and that a passing of the Townsend bill would be detrimental to the road development of the state.

"The success of our road building plan depends upon Federal and state aid to meet the efforts of the counties that are constructing roads," he said. "If the Townsend bill passes it will mean that about twenty counties in the state will get one road built free of charge for them, and that the counties that really need the aid will not get one cent."

Mr. Fowler made it clear to the directors that the highway department will co-operate thoroughly with all counties westward with Federal aid, and will help to develop good all weather, all year round highway.

The budget of expenses that the last convention ordered to be made was presented at the meeting and adopted. Forty per cent of the money will be under the control of the local organization, H. B. Aires, managing director, said, and will be used in beautifying the road. The remaining part will be used by headquarters in publicity work for it is agreed by the directors that if the people of the North know nothing about the road after it is finished the purpose of building the historic highway will not have been accomplished.

Dr. R. L. Irving of Fort Davis told the directors of the beautiful scenery of the Davis Mountains, and expressed the opinion that the Old Spanish Trail should be built through that country "whose grandeur is equal to that of Colorado." The cost of building the road through the mountains would not amount to a large sum, he said.

A committee composed of H. B. Aires, Walter Schreiner and R. L. Windrow will leave Tuesday night for Marfa, where they will be met by citizens of the Fort Davis country and carried over the country in automobiles. While there the contest between Fort Davis and Balmorhea will probably be settled. The regular proposed automobile trip to the country was postponed on account of the bad roads and the fact that the San Antonio Automobile Show is scheduled for next week.

It was pointed out at the meeting that when Texas gets her 960 miles of the Old Spanish Trail built the states on the west that have had a long start on Texas, will have their portion finished. Indications are that the states on the east will also be ready.—San Antonio Express.

BAPTIST DECLINE PART IN INTERCHURCH WORLD MOVE

The Southern Baptist Convention, while in session at Atlanta, Ga., last May, gave a most courteous hearing to an eminent representative of the Interchurch World movement, and after careful and comprehensive consideration declined, by unanimous vote, to participate in either the counsels or programs of this movement.

The Baptist General Convention of Texas in its session at Houston last December likewise voted to decline to take any part in the movement.

This action was taken because it was the belief of the Baptist people that the highest efficiency in the propagation and conformation of the gospel can be attained by preserving a complete autonomy at home and abroad, unembarrassed by entangling alliances with other bodies holding to different standards of doctrine and different views of church life and church order.

The statement has gone out through the South that a part of the Baptist Seventy-five Million Dollars recently raised by Southern Baptists is to be used in the Interchurch World movement.

This statement is misleading, and Baptists everywhere are asked to correct it wherever the statement may reach.

Respectfully,
C. S. Harrison, Baptist Pastor.
