TIME—Afternoon and Evening of a Midsummer Day

Year Nineteen-Eighteen

PLACE—A Summer Resort on the Atlantic Coast

SYNOPSIS

ACT L.-A Tea Room.

-A gallant Captain who scorns a lady love; a bride and groom of two weeks; an impulsive Shirley who picks a name at random, announces an engagement and brings complications upon herself. A mysterious signaling, a mysterious Jeanne Dupriez, a mysterious waitress who faints-without warning.

ACT II-A Deserted Cabin Seven Thirty in the Evening.

-Rain, thunder and lightning. An unexpected entrance of Captain Calhoun just as the game of "Hunt the Envelope" proves a bit strenuous, results in the desided documents changing hands. A signal is flashed-and a revolver is pointed "in the name of the law."

ACT III .- A Reception Room on Towards Midnight.

-The entering guests are greeted with a remarkable story. The slacker disappears-forever-and Jennie becomes Jeanne. Bettina's interview with the "soldier man" results in further complications, but Cupid is victorious over Mars.

PURPOSE

Proceeds to be given to the Hospital Fund of the State Auxilliary of the American Legion for the aid of ex-service men and women who have as yet received no Government aid and also to purchase markers for the graves of the men who served in the World War, and who are buried in the towns of Marfa, Ft. Davis, Shafter and Valentine.

and as ripe fruit contains less of it, housewives were obliged to use under-ripe, under-flavored fruit. More .. over, they had to boil it from 1/2 to 3/4 of an hour, thus destroying both color and flavor. Failures were frequent and the cost high.

By the CERTO Process, jells, jams and marmalades can be made from any fresh fruit as well as from canned or bottled fruit juices, canned fruits and dried fruits. Only one minute's boiling is required, thus saving color, flavor and time. Every batch is a success, thus saving needless worry and loss. Moreover, you get 50 per cent more jam or jelly from the same amount of fruit because you save the juice formerly boled away, thus saving money.

Jams, Jellies, and Marmalades are healthful, appetizing and strengthening foods; and when made by the simple easy CERTO Process are inexpensive.

Get a bottle of CERTO and book of CERTO Process Recipes today; also some grape juice, canned pineapple, some oranges, grapefruit or strawberries today, and get the economical habit of serving CERTO Process jams, jellies and marmalades with every meal.
