CITIZENS TRAINING CAMP.

Fort Sam Houston, Texas, (Special)—The Commanding General Eighth Corps Area, has approved the application of Russell Whitfield Moore, and Macon Marlow Kilpatrick, both of Marfa, Texas, for admittance to the Citizens Military Training Camp for 1924.

These young men will be privileged to attend the Citizens Military Training Camp to be held at Fort Sam Houston, Texas, during the month of August all their expenses being paid by the government.

Mr. Kilpatrick was a member of the crack 2nd Company of Infantry at last year's camp and his record is a most excellent one.

Mr. Moore, a student of the Marfa High School, is attending the camp for the first time.

The quota for the camp is rapidly being filled and young men of Presidio county intending to apply should write Mr. Chas. Hernandez, of Presidio, County Chairman of the Military Training Camp Association, or the C. M. T. C. Officer, Fort Sam Houston, Texas, without delay.

It is assured that the Fort Sam Houston Camp will be the largest and best ever held in the Eighth Corps area.

NEW SENATORIAL DISTRICT.

The new senatorial district law is now effective. The new counties added are: Loving, Winkler, Ward, Ector, Midland, Glasscock, Upton, Crane, Real. Together with El Paso, Hildspeth, Culberson, Jeff Davis, Presidio, Brewster, Terrell, Val Verde, Kinney, Maverick, Uvalde, Medina, Edwards, Sutton, Crockett, Reagan and Reeves, they will constitute this, the 29th senatorial district. The counties taken from this district are: Kimball, Tom Green, Menard, Schleicher, Coke, Sterling, Irion, Zavala, Mason.

THOMAS J. CAMPBELL.

Last week Mrs. T. G. Crosson received a telegram from Mexico City, stating that her brother, Tom Campbell, was very ill, following an operation. She immediately left to be with him in his affliction. Soon after reaching Mexico City and finding him much better, she sent a telegram to her husband full of encouragement. The next morning (Thursday) another telegram was received from Mrs. Crosson, bearing the sad news: "Tommy is dead."

Arrangements are being made to have him brought to Marfa for burial, and as we go to press it is learned that in all probability the body will reach Marfa some day next week.

In our next issue will appear a sketch of the life of this brilliant young man, who leaves so many old friends in Marfa to mourn his untimely end. His was a fine character and none knew him well but loved him.

HOWELL LUMBER COMPANY.

The Alamo Lumber Company yard at this place is now doing business under the name of the Howell Lumber Company. A. J. Hanna, Jr., who has been local manager of the Alamo Lumber company, is retained, for the present at least, in charge of the new company's business, with J. W. Howell of Marfa as manager of the Marfa and Alpine yards. Success to the new management.—Alpine Avalanche.

TRESPASSING.

The Middleton pasture, now leased by me, is enclosed with a legal fence of wire, and all persons are notified not to drive cattle or other animals through said pasture.—E. P. MEANS.

Ladies wash frocks at Bailey's.

MARFA ROTARY CLUB TO ENTERTAIN BOYS.

Sunday afternoon, the Marfa Rotary Club will entertain a group of Marfa boys of the cottonwood grove on Limpia Creek, just above Fort Davis. In the neighborhood of one hundred boys have signified that they will accept the hospitality of the Rotary Club. The party will leave the high school immediately after lunch and return in time for the night services at the churches.

This is a part of the nation-wide celebration of Boys Week, the purpose of which is to impress upon our country the fact that its boys are the nation's greatest asset. The Boys Week movement was inaugurated by the Rotary Club of New York City in 1920. The idea has spread and this year more than 1000 cities will celebrate boys week.

A short program is planned with five minute talks on the various boy activities, their bearing on the boy's career, and the desire of the Rotarians to be of some help to our Marfa boys. Speakers will include Mr. Petross, Rev. Buhler, Judge Bogel, Dr. Church, Prof. Gregg and Col. Eltinge.

Col. Eltinge, commanding officer of Camp Marfa, will loan the band and Capt. Bass, Q. M. C., will provide trucks for transportation. A picnic lunch will be provided. The Rotary committee having charge of the affair is composed of Prof. Gregg, Capt. Bass and Rev. Buhler.

A. S. GAGE SELLS BIG STEERS.

On Tuesday, April 29th, A. S. Gage will ship 1,500 three and four year old steers from Marfa to John Huddleston, of Pomona, Kansas. These steers have been running on the Gage ranches in Brewster, Jeff Davis and Presidio counties. It will take 55 cars to haul this shipment.

CATTLE SHIPMENTS.

Friday, April 25th, 37 carloads of cattle were loaded out for Saint Joseph, Mo., where most of them will be offered to feeders at public auction. It is possible that a few loads will be sold prior to the sale on the open market.

The shipment consists chiefly of one and two year old steers and most of them carry a great deal of flesh, especially for this time of year. 25 cars will be consigned by W. B. Mitchell, 7 cars by T. H. Rawls and 5 cars by Joe Espy. The train will be routed by El Paso and the Rock Island. Eight cars will be shipped from Hovey by the Orient to the same point to sell in the sale. W. B. Mitchell and R. C. Williams, of Fort Davis, will each contribute four loads.

There is a keen demand for feeder calves and yearlings throughout the corn belt, and it is expected that this offering will be readily taken at satisfactory prices.

MEXICAN KILLED.

Near Candelaria, an old-harmless Mexican named Albino Lopez, charged with being a witch, was murdered last week.

I. O. O. F. BASKET PICNIC.

There will be a basket picnic at Paisano on April 29th.

All members and their families of Marfa lodge, Alpine lodge, Encampment, Rebekah's and visiting members are cordially invited to attend.

SHIPMENT OF CATTLE.

Friday, W. B. Mitchell and Tom Rawls shipped 1,000 head of cattle to the Kansas City market. For this season, the cattle were the fattest sent to market in years. So far this spring has been blessed with the pea vine, wild mustard, etc.

ODD FELLOWS AND REBEKAHS WILL OBSERVE 105th ANNIVERSARY.

Tuesday, April 29th, the I. O. O. F. and Rebekah lodges of Alpine, Marfa and Fort Davis will celebrate the 105th anniversary of Odd Fellowship in America with an old-fashioned basket picnic in the grove adjoining the Paisano Encampment grounds.

The ladies will "take the day" as they will be honored with the presence of their state president, Mrs. Bertie Davis of San Antonio, and grand warden, Mrs. Josephine Forbes of El Paso, both of whom are very able speakers and their remarks will be both entertaining and educational.

Past Grand Master F. E. Hunter of El Paso will deliver an address for the Odd Fellows.

All Odd Fellows and Rebekahs and their families are urged to be present with well-filled baskets and spend this enjoyable outing.

Mrs. Davis, assisted by Mrs. Forbes, will institute a new Rebekah lodge at Marfa on Monday night, and both ladies will be in Alpine on Tuesday night at a special meeting of the Rebekah lodge. Mrs. Forbes will probably remain throughout the week, assisting the officers and members in the "work" and boosting the team which Mr. Hopson is so ably getting into fine shape.—Alpine Avalanche.

LOVE SELLS 1550 CATTLE.

J. R. Love closed a deal Monday in which he sold to Scharbauer Bros. of Midland, 1,550 head of cattle. In the deal were 850 cows at \$41 per head, and 700 yearling steers at \$30 each.—Mountain Eagle.

See our brand new jewelry novelties—beads, bracelets, "Bobby combs," compacts and purses.

BAILEY'S STORE.

ROTARY CLUB ELECTS OFFICERS

At the weekly luncheon Tuesday, April 22, the Marfa Rotary Club installed the following officers for the ensuing year:

President, Henry Fletcher. Vice-President, Earl Petross. Secretary-Treasurer, Virgil Myrick.

Sergeant-at-arms, Clyde McFarland.

Directors: Henry Coffield, Buck Casner, Ernest Gregg, Fred Larkin, Hunter Metcalfe.

President H. T. Lletcher was elected delegate to the convention of Rotary International at Toronto, Canada, June 16th to 20th, inclusive.

CHURCH OF CHRIST.

We were delighted with the fine services last Sunday. The sunrise prayer service was interesting, helpful and spiritual. A nice offering was made for the aged in our homes. The Easter program given at the Sunday school hour pictured the needs of and responsibility to the orphan children. Their call was answered by a splendid offering.

The morning worship strengthened our appreciation and value of the open tomb of our Lord, and brightened our hope for eternal life. The C. E. conducted the music in a helpful way for the evening service, which was attended by a large crowd.

Sunday Services.

Sunday school 9:45 a. m.; morning worship 11:00 a. m., subject, "The First Persecution Against the Church of Christ;" evening service 8:00 p. m., subject, "Conversion."

We invite you.

M. A. BUHLER.

National Gingham Week - April 28 to May 3rd.

In order to stimulate "GINGHAM" buying, so that the mills may continue to operate, we are going to offer you Gingham at reduced prices for the week. We co-operate with every movement that has for its "AIM" better GOODS and LOWER PRICES.

Remember

IT IS NOT THE "ODDS" AND "ENDS" WE ARE GOING TO SELL, BUT EVERY PIECE OF GINGHAM WILL BE OFFERED AT THE REDUCED PRICES.

AND YOU CAN'T SAVE MONEY BY JUST LOOKING ON. GIVE YOUR \$\$\$\$ A CHANCE--YOU MUST PUT THEM TO WORK.

Buy the Better Gingham at the Price of the Cheaper.

Isn't there a reason for

Our receiving as many "OUT OF TOWN" orders for "EATS"? Our "OUT OF TOWN" orders justify our statement--That we sell the "BETTER GOODS" for a "LOWER" Price. Lay aside all prejudices once and give us a chance to "SHOW" you where to buy your "EATS."

Fresh-Sanitary-Food Stuffs-The Right Goods in the Right Season is our "HOBBY"

GARDEN SEEDS, TOOLS and HARDWARE Too.

IMMIGRATION BILL PASSED BY SENATE

The Japanese Exclusion Feature Was Retained in Measure. Goes to Conference.

Washington.—The immigration bill of 1924, carrying substantially the same provisions relating to Asiatic exclusion and other important changes in basic policy recently approved by the house, was passed Friday by the senate by a vote of 62 to 6.

On the final roll call, as upon every important test vote taken since the measure was first reported, the senate registered its decision by a larger majority even than in the house, where the vote on passage was 322 to 71.

The six senators opposing the bill in its amended form on the last roll call were: Chairman Colt of Rhode Island and Weller of Maryland, republicans, and Bayard of Delaware, Gerry of Rhode Island, King of Utah and Walsh of Massachusetts, democrats.

Washington.—A specific disclaimer of any intent to convey "a veiled threat" in the use of the phrase "grave consequences" in his recent communication to Secretary Hughes protesting against the Japanese exclusion feature of the immigration bill, is made by Ambassador Hanihara in a second letter to the secretary, made public Saturday, and characterized by Mr. Hughes as a "frank and friendly explanation."

The ambassador's letter and a reply by the secretary were made public by the state department, Mr. Hughes' letter saying that in the light of the context of the original letter and prevailing friendship and understanding between the two countries, he had no doubt that these words ("grave consequences") were to be "taken in the same sense you have stated, and I was quite sure that it was far from your thought to express or imply any threat."

Washington.—Japanese exclusion was written into the immigration bill Tuesday by the senate over the protest of both Secretary Hughes and the Japanese ambassador. There was neither a roll call nor debate on the exclusion amendment, action on which came unexpectedly late in the day. Only a few more than a score of senators were present.

Adoption of the amendment, which is almost identical with that approved last week by the house, was nothing more than a formality, as senate approval was made certain Monday with the refusal of that body to sanction by law the "gentlemen's agreement" with Japan on the immigration question.

Quarantine is Ample.

Washington.—Quarantine measures of the federal government to prevent spread of the foot and mouth disease among cattle in California and to adjoining states are ample to meet the present situation there and to protect the interests of all concerned, Secretary Wallace declared Monday. It was unfortunate, the secretary said, that the authorities of certain western states have thought it necessary to place drastic restrictions on the movement from California of commodities which never have been known to carry infection. Such action in some instances he added had resulted in great inconvenience without contributing to the safety of these states.

The Reparations Commission.

Paris.—The reparation commission at a plenary session Friday decided unanimously to take note of the reply of the German government adhering to the conclusions reached in the experts' report and to approve, within the limits of the commission's attributes, the conclusions, and to adopt the methods proposed therein.

Family Burned to Death.

Farmersville, Tex.—Four persons were burned to death at Copeville, a village seven miles south of Farmersville in a fire that destroyed the McSpadden home. The dead are: Mrs. William McSpadden and three of her children, two girls aged 10 and 16 years, and a 7-year-old boy.

May Reduce Live Stock Rates.

Austin, Tex.—Hearing on the application to reduce live stock rates in Texas was set Friday by the Texas railroad commission for June 10. The petition was filed by the Live Stock Traffic Associations of Fort Worth, which asks a reduction on carload lots of from 20 to 25 per cent.

Paper Rate Fixed.

Washington.—A rate of 41.5 cents per 100 pounds was fixed by the interstate commerce commission Wednesday on shipments of wrapping paper in carloads from Orange, Texas, to Jackson, Miss. A small reparation for overcharges was granted to a paper corporation in Jackson which brought the complaint.

Third Year of Dipping Begins.

El Campo, Tex.—The third and last year of the dipping of cattle has started at El Campo, and the work will be finished in July. By the time this year's work is finished it is expected that the county will be tick free.

International Bridge Again Open.

San Benito, Tex.—The International bridge and ferry connecting Brownsville with Matamoros, Mexico, is again permitted by authority from Mexico City to remain open all night.

Texas News

Approximately 2,000 divorces were granted in Harris County during 1923. This is said to be higher than the national ratio, in which every eighth girl gets the wrong husband and subsequently is divorced.

Governor Neff announced Monday the resignation of J. Q. Henry of Del Rio as district attorney of the Sixty-third district, composed of the counties of Val Verde, Kinney, Maverick, Edwards and Terrell.

City of Goose Creek bonds to the amount of \$100,000 for the purpose of building nine miles of paved streets within the corporate limits have been sold and bids for the street work will be opened April 28.

A permanent organization of the Central East Texas Fair Association was perfected at Marshall Saturday at a meeting held in the county court room by the board of directors.

The state convention of Business and Professional Women's Clubs of Texas will be in session at Brownwood May 15 and 16.

Roses in Central Texas are being attacked by mildew (a fungus disease) and aphids, according to J. M. Del Curto, plant pathologist of the state department of agriculture. Mildew is characterized by a powdery growth which saps the leaves and causes them to circle and wilt.

A recent survey of the situation reveals an estimated increase of 50 per cent over former years in the use of commercial fertilizers in Troup territory for the 1924 crops. The approximate number of carloads of fertilizers supplied to farmers at Troupe the past year was 22. Thus far this year 30 carloads of various kinds of fertilizers have been disposed of to farmers.

Hearing on application of the Gulf Coast Lines to purchase the stock of the International Great Northern Railroad was closed Friday at Austin after six full day and two night sessions. Oral arguments will be made before the interstate commerce commission in Washington by attorneys representing the lines and numerous protest interests on April 29. Both sides were given until April 29 to file briefs.

Highways generally within a 75-mile radius of Tyler are now reported to be in better condition than at any time since last summer. Particular progress has been made in the improvement of the Dixie Highway from Smith County west through Canton and Willis Point, in Van Zandt County. In the immediate vicinity of Tyler all state highways are in excellent shape and lateral roads are in fair to good condition.

Drastic action against so-called fire insurance "bootleggers" in Texas has been obviated through the plan adopted by Commissioner of Insurance John M. Scott in declining to relicense persons selling fire insurance as a side line. Some time ago an investigation into this practice was instituted by Commissioner Scott, which disclosed there were hundreds of persons having licenses as fire insurance agents, who were, in fact, not bona fide insurance agents, but only sold insurance as a side line.

Further quarantine of Texas against California, in an effort to keep the foot and mouth disease out of this state, has been proclaimed by Governor Neff. This is the most severe quarantine ever drawn in Texas, according to J. F. Boog-Scott, chairman of the live stock sanitary commission of Texas. Hay, grain, straw or similar fodder, trees, shrubs, vines, plants and flowers are prohibited from coming into this state from California. Fruit from California areas infected by the disease, also milk, cheese and other dairy products, dogs, cats, birds, wild animals and pet stock of every kind are excluded by the new order.

A report on activities of state rangers at San Antonio, covering a period of seven months, September 1, 1923, to March 30, 1924, declares that 226 cases were filed in the federal court, 137 stills were captured, and several thousand gallons of liquor destroyed. The report was received from Captain B. C. Baldwin, commander of the rangers there, and made public Friday by Adjutant General Barton. "We have made more than 200 arrests for other violations of law during this time," continued the report.

On the top of what a short time ago was a brush-covered hill near Kerrville the state of Texas has built one of the finest hospitals in the United States. This is perhaps the only hospital in the United States started by members of the American Legion for soldiers disabled in the world war. It was started by the legion, then taken over and completed by the state, and is now under lease by the United States government. The government a few weeks ago released the institution for another year at a rental of about \$67,000 per annum.

Five issues of bonds of the City of Marshall, aggregating \$410,000, bearing 5 per cent and maturing serially, have been approved by the attorney general's department. The bonds are: Sidewalk, \$10,000; street improvement, \$50,000; sewer, \$20,000; waterworks, \$70,000; school building, \$250,000.

Paving Bonds Approved.

Austin, Tex.—An issue of \$50,000 city of Texarkana street paving bonds bearing 5 per cent and maturing serially, was approved by the attorney general's department Wednesday.

REPORT OF MARKETS

Quotations on Fruits, Vegetables, Dairy Products, Live Stock and Cotton.

Latest report of markets, issued by United States Department of Agriculture, Washington, D. C.

Dairy Products.—Butter markets continue weak and lower with prices down to the lowest level of the year. Sentiment an important influence. Closing prices on 32-score butter: New York 36 1/2; Chicago 32 1/2; Philadelphia, 32 1/2. Boston 38c. Cheese markets very weak following price declines averaging a full cent on Wisconsin cheese brands. Trading light as usual on a falling market. Closing prices at Wisconsin primary markets April 15: Single A's 17c; double daisies 16 1/2c; young Americas 17c; long-horns, 16 1/2c; square prints, 17c.

GERMANY ACCEPTS EXPERTS' REPORT

Berlin.—The German cabinet Tuesday decided to accept the experts' report as a basis for negotiations and to inform the reparations commission to this effect. This is in line with the attitude taken by the conferees in Tuesday's meeting between the central government and the premiers of the federated states.

The government has instructed Dr. Fischer of the German war burdens commission in Paris to notify the reparations commission that Germany is prepared to resume negotiations on the basis of the experts' report. It makes no suggestion with respect to the manner in which the parleys are to be resumed, but it is assumed that they will be initiated through oral discussions.

Simultaneously with the announcement from Berlin that the German government has accepted the reparations experts' report as a basis for negotiations, Premier MacDonald informed the house of commons Wednesday that the British government was prepared to support the scheme in its entirety provided that all other parties concerned were willing to take the same course. Great Britain has thus taken the initiative and is recorded as the first of the allied powers to declare her position in the matter of acceptance of the plan.

"Diamond Joe" Sullivan, last of a trio of desperadoes who escaped from death cells in the Arkansas penitentiary February 1, after holding up the prison warden with a wooden pistol, was electrocuted at the state prison at Little Rock, Ark., for the slaying of Luther C. Hay, a Little Rock detective. Hay and another detective, George Moore, were shot to death when they attempted to arrest Sullivan and Emory Connell, companions of "Diamond Joe" in the escape.

Claim Harry Thaw Sane.

Philadelphia.—Six special jurors, who in 1917 declared Harry K. Thaw a lunatic, Wednesday testified he is sane, and entitled to freedom, at a jury trial in common pleas court to determine Thaw's mental status.

Orion Stars Are Hot.

Prof. E. E. Sisson says that the Orion stars are the most massive and hottest of all the stars. Their surface temperatures are believed to be at least as high as 20,000 degrees, as compared with the surface temperature of 11,000 degrees for our own sun.

Why Men Fail.

Men fail as a rule because they will not pay the price for what they want; they are not willing to work hard enough to put themselves heartily into what they are doing.—Hamilton Wright Mable.

ner secret.

A dear old lady of our acquaintance who manages to get through a tremendous lot of work said when asked how she could find time for it all: "The way to find time to do everything is never to let time find you doing nothing."—Boston Transcript.

Sighting for the good old days also includes a conviction that you could enjoy them twice as much, knowing what you do now.

SHORTEN TERMS FOR HOUSTON RIOTERS

Seventeen Negroes Sent to Pen for Life for Mutiny Receive Commutations.

Leavenworth, Kan.—Forty-five of the 220 military prisoners serving sentences in the United States military penitentiary at Leavenworth have received commutations and reductions of sentences as a result of the investigation conducted in March by Major James Stansfield and Major F. R. Ross, the specially appointed clemency board.

Twenty-five of the 45 commutations were given to life-terms, of whom 17 were Houston rioters. The sentences of the Houston rioters, in most of the cases, were cut to 30 years. The majority of the Houston rioters have been in prison seven years, and they will have to serve three more years before they are eligible to appear before the parole board. The ruling in this regard is that a prisoner must serve one-third of his commuted sentence before he is eligible to parole.

Houston rioters who have been given commutations from life sentences are: Ben McDaniel, cut to 19 years, three months; Ernest E. Adams, cut to 22 years; John Adams, cut to 30 years; Wash Adams, cut to 21 years, nine months; Grant Anderson, cut to 19 years; Fred Avery, cut to 20 years; James Coker, cut to 23 years; Charley Banks, cut to 30 years; Fred Brown, cut to 30 years; Walter Burkett, cut to 30 years; Alie C. Butler, cut to 30 years; Ben Cecil, cut to 22 years; William Burnette, cut to 19 years; Abner Davis, cut to 23 years, three months; Henry L. Chenault, cut to 20 years; William L. Dugan, cut to 30 years.

1,000,000 ASIATIC COLONIZATION MAY BE IN NORTHERN MEXICO

Washington.—Possible development of an "Asiatic colony" of a million persons in Northern Mexico as a result of ratification of the Colorado River compact was pictured Friday to the house irrigation committee by George H. Maxwell, executive director of the national reclamation service.

Ratification of the compact, Mr. Maxwell said, would assure Northern Mexico of a constant water supply and pave the way for such a colony.

Under questioning by Representative Baker, democrat, California, Mr. Maxwell said a man named Chester Allison made a trip to Tokio to confer with Japanese financiers in regard to promoting the colony. A group of Tokio financiers, he added, returned with Mr. Allison with a view of acquiring the land, if an assurance could be obtained of any adequate water supply from the river.

32 AWARDS GRANTED TO GERMAN WAR SUFFERERS

Washington.—Thirty-two awards, aggregating \$108,494 in favor of American claimants for losses suffered during the war with Germany were announced Monday by the mixed claims commission. Twenty-one claims were dismissed.

The larger awards follows: Janie B. Parker, New York, individually and as administratrix of the estate of Cornelius B. Parker, \$37,155; George L. Breeden, Baltimore, \$12,405; Marcella L. Pennea, Brooklyn, N. Y., \$10,000; William E. Ramsdell, New York, \$6,000; Thomas F. Ryan, Morton, N. Y., \$4,000; Marjorie Constance Anna Blake, Boston, \$4,000; Nathan F. Watts, Boston, \$3,517; Thomas I. Stephens, Chicago, \$3,000.

Negroes Bank Savings

Brenham, Tex.—Thousands of silver dollars and smaller ones, totaling \$3,982, were deposited in a local bank Friday by an old negro couple, John and Lizzie Vanness, who enlisted the aid of officers to dig up the treasure which had been buried in the chicken house at their little home in Watrousville, negro addition to this city. They said they also had about \$400 in bills in a little green box in their home, the bills being stolen last night, when they became frightened and told white friends of the fortune they had buried, adding to it from time to time.

Fort Worth Stock Market.

Fort Worth, Tex.—Small cattle and calf receipts sold readily Friday, the general market showing a fully steady trend. Around 1,500 head of cattle and 500 calves were an offer. Steers, heifers, yearlings and bulls were disposed of at a steady price. The cow market was a shade stronger, but not quotably higher. Calves were purchased at steady rates. Receipts of steers consisted of about six cars, most of which were in the Southern division. The best cattle here came from South Texas and brought \$7.

Motorists Storm Blockade Line.

Yuma, Ariz.—Quarantine guards on duty at Yuma to enforce the state's embargo against California vehicular traffic Friday night repelled an attempt to break the blockade. The vanguard of more than 700 motorists from California, barred from entry under the embargo against vehicular traffic, swept past some of the guards on the Colorado River bridge, but retreated when a cordon was formed on the Yuma side and fire hose brought up.

THE CHAUTAUQUA.

The Chautauqua has been with
us all the week, and closes a most
successful program this evening.
It would be impossible in a short
article to give in detail the many
fine lectures, songs and plays of the
very best enjoyed by Marfa in years.

The E-W Chautauqua grows
better in its high class entertain-
ments as each season passes, and
it is hoped that next year the citi-
zens of Marfa will bring it back.

In order that our little city each
year should be enabled to hear the
best, a few dollars spent is most
profitable.

HERE'S HOPING.

One of the El Paso papers on
Tuesday carried this item:

"Another Texas irrigated sec-
tion centering around Marfa and
Alpine in the Big Bend district
and a corollary Mexican irrigated
area south of this area is contem-
plated today.

International Boundary Com-
mission, American and Mexican sec-
tions, is taking steps towards this
ultimate object, possibly years
hence. That's what the \$6,000,000
congress appropriated for gaging
stations on the Rio Grande is for.

Tom's Kollyum

By Tom E. Childers

I never did like to quarrel with
a lady, more especially if said lady
is a "pretty little editress," but—

The "pretty little editress" of
that most excellent junior edition
of the Sporthorn indited a kollyum
under the caption "As in a Looking
Glass." Here's an excerpt from said
kollyum by which my beloved
kollyum readers may form an idea
of what that "As in a Looking
Glass" kollyum reflected of a cer-
tain lady teacher:

Charming personality, brown
hair and eyes, full of fun, artistic
tastes. We all love her.
—MISS MOORE.

Very good. Very good, indeed,
"pretty little editress." But now,
here's where my quarrel begins:

At the risk of having you pull
my nose till I'm plum cross-eyed,
I rise to remark that you good and
slighted Winnie Winkle entirely.
Not one word of her reflection "as
in a looking glass" did you indite
to her.

Though my knees knock together
until they make more noise than a
tom-tom; though my teeth chatter
till they make more noise than the
whirr of an airplane propeller,
—aye, though you fling bric-a-brac
at me, a la Maggie, till I'm too ex-
hausted to dodge more and you
eventually succeed in landing a
deadly blow, I must wield my pen-
cil in behalf of Winnie Winkle.
Here's her reflection "as in a look-
ing glass":

Black, hair—bobbed, soft and
wavy; blue eyes; lips slightly curv-
ed and free from contamination of

By a long series of tests the United
States and Mexico expect to find
out just how much irrigation water
there is in the Rio Grande to di-
vide. Tests are being made from
El Paso to Brownsville.

The Big Bend district presents
canyons the river runs thru, for
construction of an impounding
dam.

J. C. Bustamente will come here
as first engineer of the Mexican sec-
tion of the boundary commission
in charge of this work.

The lands in the valley of the
Big Bend are among the very rich-
est in the southwest, and it is de-
voutly to be hoped that it will not
be many years until something
more definite than is outlined above
is under way looking to the actual
building of an irrigation system in
the Big Bend.

a lipstick; disposition sweet as an
angel; slender figure; economically,
but neatly and becomingly dressed.

The sum total—

She is young.
She is fair—
She is, oh, so sweet.

And the climax—

She knocks me cold
With glances warm as gruel.
That sweet little Flapper
Is more deadly than my mud.

"Aw, gwan," growled the sta-
tion man when the motorist asked
for a quart of oil, "d'ye think I
wanna be called afore the senate
vestigatin' committee?"

I've always regarded pianos as
being grand and upright, but up
in St Paul the other day one was
found to be full of booze. Now,
what's the world coming to when
a piano gets full of booze?

I don't know anything about a
bee in a bonnet, but some chaps
whose wives appeared with new
hats on Easter day probably tho't
they got "stung."

I'm up a stump. Honestly, I am.
I have always regarded marriage
as a sacred institution, not to be
lightly considered. But Margaret
Mayo, noted author, play-right and
globe trotter, now in Los Angeles,
says marriage is being taken too
seriously these days. To my mind,
it isn't being taken seriously enuf.
My idea of marriage is that God
in Heaven means the man and
woman each to forever love and
cherish the other. But I'm no sage,
and I'm no preacher. My readers
will have to study it out for them-
selves. Says Margaret:

"Why should a man marry a wo-
man or a woman marry a man
with the idea that the thing should
last forever? It's incompre-
hensible to me. A man or a wo-
man should enter the married state
with the determination and the
mutual understanding that wedlock
should remain locked so long as
they are happy together, and no
longer."

It's impossible for me to agree
here. Seems to me that no man
and woman should ever marry
without first making sure, deep
down in their hearts, that they
have the love and reverence, each
for the other, that God doubtless
means they should have. If they
make sure of this, deep down in
their hearts, then, perhaps, there
would be little possibility of them
ever getting into the divorce courts.
However, should they eventually
chance to get into the divorce
courts, I can agree with this par-
agraph:

"The child question will take care

of itself. The woman will see to
that if she has the true maternal
instinct, and if she has not, the man
will possess it. And the children
should go to the one who loves
them the most, who has the ma-
ternal instinct to the greatest de-
gree."

But doesn't this last paragraph
of Margaret's bring an ache to your
heart?

"In case that instinct of protec-
tion of the children shouldn't ex-
ist in either parent at separation
time, then it is better that the
state should care for them. Better
that than to have them perpetually
upset mentally over the wrangles
of their parents, who may be try-
ing to live happily together."

The thought of dear little child-
ren cast upon the bounty of the
state—or upon the bounty of the
charities—while the parents are
yet in the land of the living is
truly heartbreaking. Did you ever
pause as you drove past an orphan-
age and feel how sad it is for those
little children whose parents have
children to grow up and never
knowing the tender caress of a
mother or the loving consideration
of a father? I have. And to me
it would seem far more sad for
children to grow up and never
know these while their parents
are yet in the land of the living.

While lying in my room Sun-
day, whiling away the lonely hours
by reading different things, I came
across the following lines by Mi-
riam North:

EARLY SPRING.

There is no dream that is so sweet
As that when toil and work are o'er,
When the long day is done once
more—

Glad lovers meet.

There is no thought so pure, so
blest,
As that when life's great race is
run.

When love and hope are dead and
gone—
Tired pilgrims rest.

Flutter of petals on the grass!
The old sad world is young again,
Spring is the laughing bride of
Pain—
Gray shadows pass!

Stay with us, bridal crown of
flowers,
Bloom in our hearts through emp-
ty years!
God whispers comfort through our
tears,
Sunshine in showers!

Some of us are living lives of
pain and unhappiness—the will of
our God in Heaven and the rea-
son for which only He knows—
but how many of us cannot truly
appreciate these lines?

Big Investment Necessary for Utility Service

The biggest single investment in a commu-
nity is generally its utilities. To give a com-
munity electric service it is generally necessa-
ry for the Company to put about five dollars
of the investors money in plant and equipment
for each dollar of gross annual revenue.

No other business is run on so slow a turnover.
This is because the electric business is an essential
public service and is operated in the interest of
the people who use the service. But it is to the
people's interest to see to it that the company is
able to grow to keep up with the needs of the
community.

 George Randolph, Post Commander.

FOUR BIG NIGHTS IN MARFA HIGH.

The seniors after holding various class meetings, have decided on their program of activities for "senior week." There are to be four big nights, two of which will be devoted to the exercises of those who have reached the goal of graduation.

On Wednesday night, the seventh grade students will receive their diplomas which will carry them safely into the "promised land", where they leave off their grammar school ways and adopt those fitting to a high school student. There will be a valedictorian and a salutatorian here, as well as in the senior class.

Thursday night will be class night, when the usual clever class exercises will take place. This is the night which folks remember always, and we are sure we will enjoy the program which the seniors will put on.

Friday night will be to the graduates, the grandest night of all, when the girls in their white dresses and the boys in their dark suits receive their diplomas which pass, some on to a higher education and others to live their lives as men and women.

Miss Duckworth will give a re-

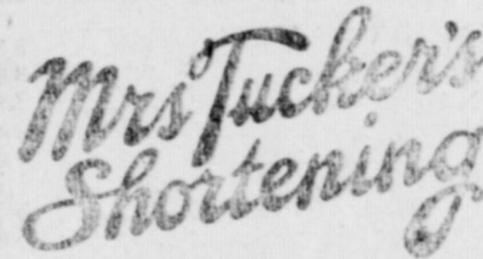

Hot Biscuits that melt in your mouth!

TRY making hot biscuits with Mrs. Tucker's Shortening. You will like them! They are so light and flaky and tender. That is because Mrs. Tucker's is a pure vegetable shortening which is neither heavy nor greasy. It is more easily digested than lard.

You need only try Mrs. Tucker's Shortening once to notice the improvement in your baking. It lends the richness of butter to good things to eat, yet is much more economical. And another thing you will appreciate about Mrs. Tucker's is that it comes to you always fresh, for it is made right here in the South.

You'll like the air-tight, sanitary, easy-opening container for

Made exclusively of choice Cotton Seed Oil. The South's own cooking fat.

ital on Saturday night, featuring her pupils in expression and dancing. Her recitals are always enjoyed and this one will be the final for the year.

The seniors have secured Mrs. Warner to deliver the address to the graduates. Mrs. Warner is a noted club-woman, a member of the state park board, and a writer of note. She comes highly recommended, and the address will without doubt be a rare treat to all, and especially to the graduates.

Brother Buhler has been selected to deliver the baccalaureate sermon. Bro. Buhler is the pastor of the Marfa Christian church and is

SLIGHTLY EXAGGERATED.

In last week's New Era appeared an account of a severe accident, hold-up, etc., which was suffered by Kirby Aiken in Chicago. In fact, the report on which the story was based, left Kirby "unconscious in the hospital. A few days ago Kirby wrote his homefolks that he was well and said nothing about any trouble of any kind whatsoever. As Mark Twain once observed, on reading his obituary in some newspaper, "the account of my death is slightly exaggerated." So it seems that the story of Kirby's misfortune was "slightly exaggerated."

SECOND BEST.

Marfa Hi came out second best in points in the interscholastic meet at Alpine last week.

WANTED—A small cottage in good repair, furnished or not.—J. HUMPHRIS.

Guy Combs of San Antonio was a Marfa visitor Friday.

In the notice of the I. O. O. F. basket picnic to be had at Paisano the name of the Fort Davis lodge was omitted. This was unintentional. Odd Fellows and their families are invited.

J. J. Kilpatrick, Jr., was in the city Wednesday. He was accompanied by his wife and daughter, Hilda. He reports the revolution in Northern Chihuahua has about died down.

A very intelligent speaker. Knowing of each pupil of the class personally, he can speak with more feeling and interest than a stranger could.

So we now have the program and plans for the week and shall look forward to each night and to the Sunday morning with pleasant anticipation.

—The Shorthorn

Graduate in University's First Class Will Come 5,500 Miles to Address 1924 Class.

Austin, Texas, April 21.—J. H. Cobb, member of the first graduating class of the University of Texas, who resides in Juneau, Alaska, has accepted an invitation to deliver the annual address of the Ex-Students' Association, during commencement week this year. The address will be delivered in May 31, in Austin. Mr. Cobb will celebrate the fortieth anniversary of his graduating class, of which Albert S. Burleson, former postmaster general, was also a member. Mr. Cobb served for a number of years as attorney general of Alaska.

CURE ILLEGAL DRUG TRAFFIC. Government Will Increase Force of Anti-Narcotic Agents.

Washington, D. C., April 20.—The Civil Service Commission states that the Federal government will add, as soon as they are available, 125 to the present 175 agents employed in the suppression of illicit traffic in narcotic drugs.

The commission will receive applications for these positions until May 20. The entrance salaries range from \$2,040 to \$2,490 a year, with allowance for traveling expenses. The rating will be based on training, experience in the investigation of major criminal activities, and physical ability.

Full information concerning the examination, and application blanks may be obtained from the United States Civil Service Commission, Washington, D. C., or the secretary of the local board of civil-service examiners at the post office or customhouse in any city.

The commission states that the present force of anti-narcotic agents made the remarkable record of 7,201 criminal cases during the year 1923, of which number 4,479 have already been tried, resulting in 4,194 convictions, the prison sentence imposed aggregating 4,692 years, and the fines reaching a total of \$428,643.

WILL DO AWAY WITH TOWN THAT GOD FORGOT

Duck Lake, "the town that God forgot," a settlement only 20 miles from St. Louis, will disappear in a few days.

The little collection of flimsy shacks in which 114 people have been living in primitive style for 25 years, must be moved. The Illinois Terminal railroad has purchased the ground for its tracks.

The passing of Duck Lake will not be a thing to be mourned, according to the report of its condition made public recently by the Alton Red Cross. Appalling physical and moral conditions have been there. Six couples were found to be living together without having

LOOK; WHO'S WHO.

Who is responsible for that child. Is his physical and mental condition what you would like for it to be. Is he normal in every way, listen they do not out grow these conditions they only change in form and more difficult conditions rise later in life after it is too late and YOU are responsible for not having that child's spine analyzed and the condition corrected before it becomes a disease.

Prevent these abnormalities by taking CHIROPRACTIC adjustments.

CHIROPRACTIC reaches successfully a larger number of so-called chronic diseases, and is so much superior to the drug method that it is truly laughable to compare them."—Alfred Walton, M.D., Phila., Pa.

CLINIC records show there is hardly a recognize form of disease that cannot successfully be cured by the Chiropractic adjustments"—D. T. Krudrop, M.D., in "Technical Magazine."

THE Chiropractors are working marvels, so wonderful as to astonish even the members of the Medical Fraternity."—John A. Fisher, M. D., Phila., Pa.

J. E. GUYTON, Chiropractor
 Big Bend District.

FROM ARGENTINA.

To C. D. Hubbard,
Buenos Aires, March 21, '24.
Dear Brother:
Received your letter several days ago, but as the next mail boat does not sail for several days, delayed answering.

Today has been a very busy day for me. Bought 1510 head of cattle, and it took me most of the day to get them off. There were 68 cars in two trains, so you know I had something to do, but like it better all the time.

It is difficult to keep the cattle separated into classes as required, this is done by having the different bunches numbered in cars. However, the manner of loading cattle here is more convenient than in the States. Here the cars open at the end, generally ten cars to the sling. You cut out the desired number and commence to drive into one end. Generally, after the first animal enters, the rest will follow. The shipper here also makes out his own bill of lading and takes all car numbers. Tomorrow being Saturday, do not know whether there will be much buying or not.

Today is the first day of fall and already much shorter and cooler.

Your brother,
Gid.

I will pay you 8c a pound for dry hides 4c a pound for green hides.—
Davis Market.

SENIOR CHRISTIAN ENDEAVOR.

The Senior Christian Endeavor will again meet at the Christian church Sunday evening, April 27, at 7:00 p. m.

As the time has been set up half an hour, I hope that many more will have an opportunity to be with us.

Our program for Sunday evening will be a missionary program on the subject of "What Great Opportunities do Missions Offer for Life Service" and group No. 1 will have charge. As a result of a meeting of this group last Monday evening, plans were made for an interesting program, so, don't fail to be on hand if you want to help your side out.

It is impossible to pass on without complimenting the Easter program that was given last Sunday evening. If there was anyone present who did not enjoy it, the fault must have been theirs, for it was indeed an interesting and helpful program, and group No. 3 must be congratulated for their efforts in getting it up.

Again, Endeavorers, I want to remind you of the state convention in June (11-16). If you cannot be there, send in your registration if possible. We do not want to be left out of this convention, so, let's work hard and try to send at least one representative.

We receive new Brunswick records weekly. Brunswick records are the best for dance and popular music. Bailey's Store.

AUNT JEMIMA'S DENATURED POEM.

I'm sick and tired of reading of dishonesty and graft. It seems our grand old ship of state is a crippled, sinking craft. We ought to fumigate the house and senate of our land, and kill the germs of dirty oil, oust the whole mud-slinging band. We should purify our politics with ruthlessness and zest, and show our national disgust with crooks and all the rest who try to murder character and make us blush with shame as they strive to ruin statesmanship and America's fair name. What must the other countries think as they read of our disgrace. Do they still believe that the U. S. A. should lead in the big world race? We must realize ere it is too late, that we cannot afford to lose our leadership in the modern world over oil, impeachment and booze.

AUNT JEMIMA.
—The Short-horn.

Have a few 50-pound cuts of pure hog lard, nice, clean and white, am going to sell for 16c a pound.—Davis Market, Phone 87.

G. O. P. LEADERS PLAN PLATFORM

BELIEVE IT MUST SHOW PARTY HAS LEARNED LESSON FROM RECENT HAPPENINGS.

By EDWARD B. CLARK

Washington.—While the Republicans here still are trying to figure out the effect on the party of the forced resignation of Attorney General Daugherty, they are also thinking on the subject of the platform to be adopted at the national convention. The leaders seem to think that on the platform this year the chance of victory may depend.

Some of them say that a lesson ought to be learned from recent happenings, and that the lesson has been learned they declare ought to be shown in the platform to be framed and put into use next June.

The basis of this belief of course is that a great many progressive Republicans cannot be held loyal to the party if they know in advance that old-line Republicanism still is to rule the roost, old-line Republicanism being the polite name for reaction.

The Republican party, the progressives here claim, swung back to the old-time moorings after 1920. There was promise of progress, they say, but it did not materialize. A good many Republicans in Washington admit that many of the things which have been done by the appointed officials of the party in the last three years would not and could not have been done if the size of the victory in 1920 had not made some of the old-timers believe they could get away with murder or something close to it.

Poor Appointments Resented.

The real trouble, some old Bull Moosers here say, was the appointment to high office of men chosen because they were personal and political friends and perhaps also because they were of reactionary tendencies, little or no thought being given either to their ability or to the certainty that progressive Republicanism would resent their being named to high places.

It is a striking thing, perhaps, that the recent and most insistent demand for removals or resignations of certain high officials of government has come from the leaders of the most extreme conservatives in the Republican ranks in congress. Three years ago there wasn't a murmur from any of them because of the seeming reactionary nature of some of the appointments. They thought the country was tired of so-called progressivism and that all would go well. Now it is the old-timers of Republicanism who are demanding that the next platform shall be made so insistent progressive that its meaning cannot be misunderstood.

It was thought, old Bull Moosers here say, that the Republicans had learned their lesson in 1912. They did learn it, but as the thought of progressives here runs, they later forgot it. It is about as sure today as anything can be that President Coolidge will be nominated and that he will write his own platform, write it with progressive ink, and for the text of his pronouncements in the name of the party he will have the ready endorsement of old-time conservatism which, whatever its thoughts may be about the dangers of radicalism, certainly desires to keep its party in power.

Rely on Coolidge's Wisdom.

The Republicans here seem to think that the President can be depended upon to propose platform planks that will be so nicely balanced between a proper conservatism and a proper progressivism that all elements of the party can view them without alarm. This sounds as if evidences of trimming will be found in the next Republican platform. The President's New England friends, however, say that he is not a trimmer and that if his influence is paramount in platform-making the expressions of party intention will be explicit and that, furthermore, if he is elected he will carry out every promise provided congress will help him along.

The task that will confront the Republican platform makers will be hard because one endeavor will be to make the pronouncements sufficiently progressive not only to satisfy the pupils of the milder schools of progressivism, but to satisfy the radical Republicans who are threatening a bolt. The one thing that the party managers desire is to keep the northwest in line for the ticket.

While Republicans seem to be convinced that the people are getting fed up on the oil scandals and some other things noxious and to believe a reaction favorable to Republicanism has set in, the fact remains that not one of them but knows and says the party has been hurt by the doings that have been disclosed in certain of the departments.

Women Flock to Washington.

Woman is coming to town, and let it quickly be said none of them are in rags, but most of them in the velvet gowns of the nursery rhyme or in the equivalent of such. During the month of April there will be thirteen conventions to which delegates representing as many different organizations of American women will hold credentials.

Confession is made that one is glad he can put first and foremost the convention of a highly patriotic body of American women representing every state of the Union, the Daughters of the American Revolution. The Daughters not only are patriotic but they

are militant in the proper sense. They are for peace and they say so, but they do not believe if their country shall become involved in war it is its duty to take it lying down and to depend upon palaver and turning the other cheek to keep the enemy from striking a defenseless land.

Some representatives of an international peace and liberty society or something with a name like that will hold a convention in Washington. This society largely represents that element in the community which wants peace at any price. Some of its members are engaged in the daily occupation of preaching down the nation's heart and of declaring that whatever any other country on earth may attempt to do to this good country of ours, there should be no resistance.

These women preach the abolition of the army and navy, and some of their members have gone so far as to indorse the slacker's oath.

No D. A. R. Election This Time.

The Daughters of the American Revolution will meet through the week in which occurs the anniversary of the battles of Lexington and Concord, April 19. Longfellow's poem, "The Ride of Paul Revere," pictures him as waiting on the night of April 18 to get the signal which would start him on his ride to rouse the countryside.

This year there will be no election of officers at the convention of the Daughters. They are glad of it, for it gives them a chance to lay plans for constructive service to their country without the accompanying disturbance of electioneering and balloting.

Mrs. Anthony Wayne Cook of Pennsylvania is the president general of the Daughters of the American Revolution. A few days ago she was the honor guest at lunch of the Women's National Press club of this city, an organization composed of working newspaper women. She promised them plenty of news at the coming convention of the Daughters, and so apparently there are to be some doings this year of high importance.

The Daughters have been much disturbed by the various signs of advanced radicalism in the United States, a radicalism which includes the evident desire of the Red leadership to communize these United States of America. These daughters of America apparently are awake to the situation, while some of the sons of America seemingly have been asleep.

Fine Women in Beautiful Setting.

Washington puts on its best clothes in which to receive the Daughters of the American Revolution. By the middle of April spring is well advanced in the capital. The Oriental magnolias are in full bloom, the tulips are opening to the sun, and the hundreds of Japanese cherry trees which line the Potomac drive are budding into a really glorious bloom.

The Daughters of the American Revolution are good to look on. There is no sign that either in spirit or in physique there has been any deterioration from the days of the forefathers and the foremothers. The officers of the Daughters of the American Revolution work hard throughout the entire year. The organization has a large membership, and it steadily is growing. There is no yellow in their flag and they are not afraid to let the world know it.

There is a proposal today in the New York legislature to turn over the homestead of old Gen. Nicholas Herkimer in central New York to the joint care of the Daughters of the American Revolution and what is known as the Steuben society, the latter being the successor of the German-American alliance. The Daughters are not friendly to the proposition. They do not think that any society which suggests the hyphen should as such be the custodian of anything that is purely American.

Slight Improvement

"Good day, Mrs. Brown. How is your husband this morning?" asked one country woman of another whose husband was ill.

"Well, I think he's a bit better," was the reply. "He sat up for an hour yesterday, and had a little appetite. He ate a couple of chops, a veal and 'am pie, two helpings of apple pudding, and a snack of cheese. I think by tomorrow he'll be able to swallow something substantial."

Busy Bobby

Little Bobby came crying into the house, rubbing the places where he had been bitten by a pet sheep.

"But what did you do," his mother demanded, "when the sheep knocked you down?"

"I didn't do nothin'," Bobby declared protestingly. "I was gettin' up all the time."—Onward.

Intrepidity

"There's a man outside who says he wants you to secure him a government position."

"A government position, when we're in the midst of all this agitation?"

"Yes. He says he's hunting work." "He isn't hunting work. He's looking for trouble."—Washington Star.

Dumb-Bell Is Right

T. C. reports overhearing the following:

"He (rather literary)—What is your opinion of Keats?"

She (a dumb-bell)—I think they have grand vaudeville shows there.

Reducing the Rates

"Could you help a poor, blind man with 50 cents, lady?"

"But you're blind in one eye only."

"Yes, that's right, lady; let's make it a quarter then."

VIVACIOUS SPORTS FROCK; SPRING HATS ARE WONDERFUL

SPORTS FROCK WITH SHIRT BOSOM

There is something new in sports frocks this spring—it is the pretty and vivacious two-piece affair made of dependable fabrics, and in a casual style, that just suits our up-to-date women. When the wind is from the south and the sun shines, out come these frocks for out-dooring. They are interpreted in several different kinds of materials, including some alluring novelties, with French flannel, alpaca, wash silks, wool crepe and the always-good pongee or linen, offering choices that cannot be anything but good.

In many of these frocks a plain material is used alone, or two colors, in the same goods, are used together, as when white is used with green, brown, blue, or other color, in French flannel. But more assertive patterns are well represented, in which plaids, stripes and cross-bars are cleverly used, very often in combination with plain goods. Designers are distinguishing them-

milliners entrancing establishments—and joyfully departs therefrom lighter of heart and of pocketbook. But if there is one excuse in the world better than all others for being a bit extravagant that excuse is—a becoming hat. This spring is rich in wonderful millinery; there are innumerable variations of the several style inspirations now established as the mode, and any representative collection of new hats is made up of shapes that adroitly flatter the different types of faces. There are hats that add dignity—or take it away—hats that add piquancy, hats that make the commonplace look distinguished, hats that lend color, hats that rescue one from tameness and hats that take off a decade or so from one's age. It is marvelous what hats and hair dressing can do to and for us mortals.

The group of five hats shown here is made up of what may be classed as

"EVERYTHING IS GOOD IN MILLINERY"

selves in these frocks that put their resourcefulness to the test in combining utility with chic style and durability with quaintness. The color combinations in plaids, or in the striped and barred materials, prove an incentive to the introduction of matching accessories in ties, scarfs, pippings or buttons. The shirt-bosom vest is a new style note, allowing the introduction of white or a color in the blouse that is eloquent of this particular spring. But sometimes the shirt bosom is merely hinted at, by means of "braided" or of tufts as in the frock pictured here. Any of the fabrics mentioned might be used for this model which has a plain skirt and a slip-over blouse that is tied toward the back. This simple-seeming dress is a masterpiece of good designing—furnishing a perfect equipment for joyous spring and summer days.

Hopefully the procession of woman-kind takes its way toward the

semi-dress models, which fashion has seen fit to approve for wear with either tailored or afternoon dress. Even with severely tailored, mannish suits the mode is indulgent as to the type of hat one may wear. The shops present plain, tailored hats, but when these are less becoming than the trimmed variety, the decision is for becomingness above all else. Women are not contenting themselves with a single hat, but find it necessary to have a sports hat at least in addition to a trimmed model. The sports hats of this season are approved for street wear, unless they are too assertively intended for sports wear.

Something of the variety in shapes and trimmings in semi-dress hats may be gathered from the group pictured, but this is a season when "everything is good" in millinery and therefore there is a becoming hat for every face. JULIA BOTTOMLEY, (©, 1924, Western Newspaper Union.)

MAYFIELD-PEDDY BALLOT RECOUNT

Senate Committee To Consider Alleged Defective Votes, Makes Report.

Washington.—Official tabulation of Texas ballots submitted for the Peddy-Mayfield recount has just been completed by Senate Statistician Turner and when the result is announced it will show a variation of 12,000 votes from the official figures given out after the 1922 senatorial election. The variation from official figures which developed in the recount of votes preliminary to the Newberry contest, the only other in which a recount was undertaken, was 1000, with approximately the same number of ballots submitted.

With the recount completed and the results tabulated, the senate committee on privileges and elections will proceed at an early date to consideration of testimony for and against the seating of Senator Earle B. Mayfield.

In calculating what the senate will consider the official figures, the tabulation is taken first of the specific precincts throughout the state whose ballots were sent to Washington for the recount. Where the actual ballots had been destroyed the committee utilizes the official figures recorded for these missing precincts by the county court, acting as canvassers of election, and which figures subsequently were transmitted to the secretary of state.

The report of Statistician Turner, who is an expert from the census bureau, shows there were 223,000 ballots of all classes credited for Mayfield, and these have been classified as follows:

Mayfield's name pasted—168.
Mayfield's name typewritten—314.
Mayfield's name stamped—4417.
Mayfield's name printed—159,603.
Mayfield's name written by some other than voter—16,961.

Mayfield's name written apparently by voter—41,770.
Total—223,239.

Turner's tabulation shows there were 117,865 votes of all kinds credited under the recount for Peddy. These were classified as follows:

Peddy's name pasted—1.
Peddy's name stamped—4.
Peddy's name written by same hand—1870.
Peddy's name apparently written by voter—115,990.
Total—117,865.

The compilation shows that out of the 223,239 ballots credited for Mayfield there were found a total of 219,107 defects based on alleged irregularities and violation of the Texas election laws. In some instances there was more than one defect on a single ballot. These are classed as follows:

Ballots without serial numbers—1723.
Ballots without judges' signatures—30,209.
Ballots not marked as "voted"—187,175.
Total—219,107.

In addition to these, there were challenges made in behalf of Peddy against 21,860 ballots credited in the Mayfield column because it was alleged they also were in violation of the Texas law and so characterized in the stipulation under which the recount was made. These are in addition to the general challenge against all ballots on which Senator Mayfield's name was printed and are ballots on which Mayfield's name was typewritten—314.

Ballots on which Mayfield's name was stamped—4417
Ballots on which Mayfield's name was pasted—168.

Ballots on which Mayfield's name was written by someone other than the voter—16,961.
Total—21,860.

Out of the 117,865 credited in the Peddy column, there were 108,845 charged as defective, being violative of some provision of the Texas election law, as follows:

Peddy ballots without serial numbers—1022.
Peddy ballots without judges' signature—14,638.
Peddy ballots not marked as "voted"—92,185.
Total—107,845.

Deposed Bank Head Dies.

Kansas City, Mo.—John M. Moore, deposed president of the Fidelity National Bank and Trust Company, who died at his home Thursday without making any statement as to a discrepancy of \$600,000 which had been found in his accounts, left property valued at approximately \$250,000, records show. Deeds to a 10,000-acre ranch in Texas and to property in Excelsior Springs, Mo., are recorded, the rest of Mr. Moore's known property including 355 shares of Fidelity stock, being in the bank's possession.

Ships \$125,000 Worth of Mulifrogs.
Estherwood, La.—More than 75,000 edible Jumbo bullfrogs have been shipped out of Acadia parish to markets in New Orleans, St. Louis, Kansas City and Chicago and other points, representing a total value of approximately \$125,000.

La Pryor Well Shows Good.

La Pryor, Tex.—Hadley & Harmon test well, two miles north of La Pryor, are drilling at a depth of 1,750 feet. Prospects look good for success in this well.

WRIGLEYS

after every meal

Cleanses mouth and teeth and aids digestion. Relieves that over-eaten feeling and acid mouth.

Its l-a-s-t-i-n-g flavor satisfies the craving for sweets.

Wrigley's is double value in the benefit and pleasure it provides.

CORNS

Lift Off—No Pain!

Doesn't hurt one bit! Drop a little "Freezone" on an aching corn, instantly that corn stops hurting, then shortly you lift it right off with fingers.

Your druggist sells a tiny bottle of "Freezone" for a few cents, sufficient to remove every hard corn, soft corn, or corn between the toes, and the foot calluses, without soreness or irritation.

KEEP EYES WELL!
Dr. Thompson's Eye Water will strengthen them. At druggists or 1117 River, Troy, N. Y. Booklet.

PATENTS Send model or drawing for examination. Highest reference. Best results. Promptness assured. Watson E. Coleman, Patent Attorney, 604 N. Washington, P. O. Box 100.

Old-Fashioned

He—Yes, I come of old-fashioned parents; my mother had only one husband.—Wisconsin Octopus.

One 50-cent bottle of Dr. Peery's "Dead Shot" will save money, time, anxiety and health. One dose expels Worms or Tapeworm. 373 Pearl St., N. Y. Adv.

Whatever ails a man, he thinks spring will cure it.

Mothers, Do This—

When the Children Cough, Rub Musterole on Throats and Chests

No telling how soon the symptoms may develop into croup, or worse. And then's when you're glad you have a jar of Musterole at hand to give prompt relief. It does not blister.

As first aid, Musterole is excellent. Thousands of mothers know it. You should keep a jar ready for instant use.

It is the remedy for adults, too. Relieves sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of back or joints, sprains, sore muscles, chilblains, frosted feet and colds of the chest (it may prevent pneumonia).

To Mothers: Musterole is now made in milder form for babies and small children. Ask for Children's Musterole.

35c and 65c, jars and tubes.

Green's August Flower

The remedy with a record of fifty-seven years of surpassing excellence. All who suffer with nervous dyspepsia, sour stomach, constipation, indigestion, torpid liver, dizziness, headaches, coming-up of food, wind, or stomach, palpitation and other indications of digestive disorder, will find GREEN'S AUGUST FLOWER an effective and efficient remedy. For fifty-seven years this medicine has been successfully used in millions of households all over the civilized world. Because of its merit and popularity GREEN'S AUGUST FLOWER can be found today wherever medicines are sold. 30 and 90 cent bottles.

W. N. U., HOUSTON, NO. 17-1924.

Condensed Austin News

Judge Marcene Johnson of Galveston, who has arrived in Austin, will present in the Court of Criminal Appeals a memorial to the late Judge John C. Walker of Galveston. A similar memorial will be presented in the Supreme Court.

By a recent order the Railroad Commission extended from May 1, 1924, to April 10, 1925, the special differential rates accruing to the Kansas City, Mexico & Orient Railroad on shipment of livestock to, from and between points on that line. These are in addition to the regular tariff charges.

J. S. Myers, Commissioner of Labor, has returned from Amarillo, where he held a conference with the executive committee of the Wheat Growers' Association of Texas, with regard to establishing a free employment office in the wheat belt to furnish laborers during the grain harvest. Mr. Myers said this office may be opened at Amarillo.

J. Q. Henry of Del Rio has resigned as District Attorney of the district composed of Val Verde, Maverick, Kinney, Edwards and Terrell Counties. Mr. Henry gave as his reason that he had announced as a candidate for District Judge. The vacancy has not yet been filled by the Governor.

Dr. H. H. Harrington, member of the State Board of Control, is seriously ill here with an old complaint. His condition has been critical, but is slightly improved. He has been a member of the Board of Control for three years and at one time was president of the Texas A. & M. College. His wife is a daughter of the late Gov. L. S. Ross.

Bids have been opened by the State Board of Control for \$25,000 worth of tires for trucks used by the Highway Department in construction and maintenance. No award of contract has yet been made. Should it be made it probably will be the largest single contract ever made in Texas for purchase of tires, amounting to about three carloads.

The State Board of Education at its last regular monthly session voted to invest \$290,000 of the permanent fund of the University of Texas in fourth issue of Liberty bonds. This money now is in depository banks scattered over the State and has been drawing 4 per cent interest. The Liberty bonds, which are to be bought below par, bear 4-3/4 per cent interest and mature in 1938.

Following the announcement of John W. Hornsby, County Attorney of Travis County, that he will ask the grand jury at its June term to indict all delinquent County County Tax Collectors in Texas, Comptroller Lon A. Smith has renewed his appeal to Tax Collectors for a prompt settlement of taxes due the State. The notices have been sent by registered mail, the Comptroller announced.

Areas in West Texas infested with pink bollworms include Ward, Reeves, Presidio, Pecos, El Paso, Hudspeth and Brewster Counties, according to R. E. McDonald, chief entomologist, Texas Department of Agriculture, who has returned from a trip of inspection. While the department feels alarmed on account of the heavy infestation, the pest has not gained any more territory in the last three years.

An opinion by Assistant Attorney General Carl F. Gibson holds that the statutes do not give the Governor unquestioned authority to issue manuscript bonds for investment by the State Board of Education for the University permanent fund, since such bonds are authorized only for the purpose of "supplying casual deficiencies in the revenue." Also that the proceeds of such bonds, if issued by the Governor, could not be used to retire the bonds held by the permanent school fund, since there is no legislative authority to issue such refunding bonds.

Further quarantine of Texas against California in an effort to keep the foot and mouth disease out of this State has been proclaimed by Governor Neff. This is the most severe quarantine ever drawn in Texas, according to J. F. Boog-Scott, chairman of the Live Stock Sanitary Commission of Texas. Hay, grain, straw or similar fodders, trees, shrubs, vines, plants and flowers are prohibited from coming into this State from California. Fruit areas infested by the disease, also milk, cheese and other dairy products, dogs, cats, birds, wild animals and jet stock of every kind are excluded by the new order.

The State Board of Control will receive bids on April 24 for remodeling the buildings of the former State Blind Institute and School of Military Aeronautics at Austin, to be used as an auxiliary asylum for senile insane, there being \$90,000 available for that purpose and \$30,000 for furniture and equipment. This will take care of 200 patients.

The Highway Commission has asked the Board of Control to purchase an emergency order of \$60,000 of road graders.

MEXICAN LABORERS MASSING ON BORDER

About 30,000 Families Seek Entrance to United States For Employment.

Laredo, Tex.—Mexican and American officialdom turned this week to the problem of excluding a large percentage of 30,000 Mexican families of the laboring class who are massing at the border cities in preparation for immigration to the United States in search of employment.

For the United States Secretary of the Interior Hubert Work has issued instructions that the strictest regulations shall be enforced in admitting the immigrants, while on the Mexican side officials have notified the executives of the National Railway lines to do everything in their power to hinder and avoid transporting would-be immigrants. This in the hope that the difficulties encountered would dissuade many of the dissatisfied ones from leaving their homes.

Literature also has been printed hurriedly and is being distributed in the larger centers and at railroad stations pointing out the risks the travelers will assume in coming to the United States. The difficulty of obtaining work is shown, together with the many inconveniences if the workers find themselves stranded in the United States without money, work or friends.

A portion of the literature also is given over to discussion of the strictness of the American immigration regulations and official notice is served that those entering the United States clandestinely will receive no help from Mexican consulates.

Despite these efforts hundreds of families are arriving in the Eagle Pass and Laredo districts, declaring they are tired of turmoil in Mexico and propose hereafter to make their homes in the United States.

SENATE PASSES MILITARY BILL.

Washington.—An "omnibus" military bill, designed to correct a number of inaccuracies or inadequacies in present laws was passed Monday by the senate with only brief discussion. It provides for:

Relieving the president of the necessity of reviewing minor cases of infraction of regulations.

Authorizing equal subsistence and other allowances for the Philippines scouts as now made for the regular army.

Permitting the purchase of secret apparatus by the secretary of war without public advertisement of specifications.

Establishing a department of economics, government and history at the military academy at West Point.

Protecting government employes from loss of pay when called for training as reservists.

Placing army field clerks in the list of those eligible for retirement.

Authorizing payment of nearly \$1,000,000 in admiralty claims against the war department.

Authorizing sale of military equipment to the Cuban government.

Authorizing the detail of officers on request of South and Central American governments as instructors.

Giving Philippines scouts all retirement rights after 30 years service at three-quarters of the base pay plus \$10.50 for allowances.

Rebel General Killed.

Washington.—Provisional President Davilla of Honduras advised his personal representative Saturday that the counter revolution in the west had been completely routed and the entire country, except for Tegucigalpa, brought under control. The rebel general, Romualdo Figueroa, was said to have been killed in an encounter at Ocotopeque.

San Jacinto Day Celebration.

Houston, Tex.—Five thousand persons gathered at San Jacinto battleground Monday to celebrate the victory which 88 years ago gave Texas her freedom from the Mexicans. Judge Nelson Phillips of Dallas delivered the address of the day. W. E. Kendall, grandson of General Sherman, who commanded the Texans' left wing during the battle, read General Sam Houston's report of the battle.

Marie Corelli, Novelist, Dies.

Stratford-Upon-Avon, England.—Marie Corelli, English novelist and author of a score of popular romantic tales, died Monday from heart trouble at her home here. She had been ailing for some weeks, but was apparently recovering when the fatal seizure occurred.

Three Postmasters Nominated.

Washington.—Arthur E. Davis was nominated as postmaster for Blue Ridge, Texas. Other Texas nominations are: Duane Scarborough, Oakwood, and Mrs. Othello Lewin, Remlig.

Eleonora Duse, Actress, Dies.

New York.—The body of Eleonora Duse, Italian actress, who died in Pittsburg Monday was brought to New York Tuesday and sent to Genoa, Italy. Twenty members of Mme. Duse's company went with the casket.

Crops to Be Late.

Luling, Tex.—Farmers are quite busy plowing and planting cotton and forage crops. Crops will be late this year.

FIGHTING BOLL WEEVIL

Thousands of Bugs Destroyed Last Year by Following Instructions.

Death to thousands by poison last year was the result of the working of a comparatively small group of men who were relentless in their efforts to bring disaster to the objects of their fury, according to reports which also indicate that the number of "desperadoes" in this band will be substantially increased.

The general plan of attack of this group indicates that the work was done in a methodical manner and was only carried out after careful study over a long period of time. They not only brought death to their victims but information from reliable sources has it that they collected thousands of dollars that otherwise would have gone to the poisoned.

"It is indeed fortunate," declared one of the leaders of the poisoners who is endeavoring to enlarge his band, "that our efforts were directed at the boll weevil instead of human beings for we accomplished success wherever instructions from our experts were followed and we wrought havoc in the ranks of the insects in our territory. Our operations are to be on a larger scale than ever this year and every cotton farmer who enlists with us can rest assured that he will reap the same benefits provided conditions are normal.

"It will not be necessary for the farmers to notify us of their intention to join the crusade against the weevil, but for the sake of their own bank account they should apply calcium arsenate in dust form to weevil-infested cotton according to the instructions of the Association of Southern Agricultural Workers, which is an organization composed of scientists and experts of the United States Department of Agriculture and the state colleges of agriculture. Farmers also should adopt the slogan, 'More cotton to the acre, not more acres to cotton,' and apply intensive cultivation."

Boll weevil control experts of the Department of Agriculture say that it will pay to poison—

"If the weevils are really injuring your crop seriously and if your land is sufficiently fertile to yield at least one-third of a bale per acre with weevil injury eliminated.

"If your farming organization is such that you feel assured that the poison applications will be made at the right time and in the right manner.

"If you are willing to spend the full amount necessary to provide an adequate supply of dusting machinery and poison."

The use of calcium arsenate in the form of a dry powder is recommended and this should be applied only in dust form in late season applications.

"Calcium arsenate should be purchased to conform to the following specifications: Not less than 40 per cent total arsenic pentoxid; not more than 0.75 per cent water soluble arsenic pentoxid, and density not less than 80 or more than 100 cubic inches to the pound."

The only case in which the experts recommend a deviation from the rule of using only the dusting method is in pre-spray treatment of cotton. Then, they say, satisfactory results may be obtained either by dusting or by the application of home-mixed molasses-calcium-arsenate mixture. This mixture usually contains one pound of calcium arsenate, one gallon of molasses and one gallon of water. With extremely heavy infestation and frequent rains, a stronger and more expensive mixture of two pounds of calcium arsenate, one gallon of table sirup and one-half gallon of water may obtain quicker killing and better control.

In sirup mixtures the sirup should always be sweet or unfermented and the mixture should be applied within twenty-four hours after mixing. The usual application required is about one gallon per acre and it is applied by using a homemade mop to sprinkle a few drops into the tip of the plant.

When the dusting method is used in the pre-square stage the calcium arsenate should be applied either by machine or the dust may be shaken from a bag with equal effectiveness while weevils are feeding in the tips of the plants. The bag treatment is not effective on large, fruiting cotton.

Further information on boll weevil control can be obtained from the county agent or the state college of agriculture.

Where Corn Crop Goes

More than 85 per cent of the United States corn crop is fed to live stock and somewhat less than 10 per cent is used for human food, according to recent data compiled by the United States Department of Agriculture. The hog is the largest consumer, 40 per cent being fed to swine on farms. Horses and cattle are next, using 20 and 15 per cent, respectively. The exports of corn, as grain, have never been large.

Good Start for Lambs

Lambing time is harvest time. Provide a dry place for the ewes that are to lamb and be on hand to see that each lamb is dried and that it suckles as soon as possible after birth. If a lamb gets a good start immediately after birth it requires but little more attention. Castrate and dock the lamb the first sunny warm day after he is two weeks old, feed him liberally, and get him off to market weighing around 70 pounds before June 15. Such lambs make big money.

"IF ANYONE WANTS TO KNOW ABOUT TANLAC LET THEM SEE ME"

Says Joseph Baker of Memphis in Praising World's Greatest Tonic—Tells of Recovery.

"If anybody wants to find out about Tanlac, just let them see me," is the hearty suggestion of Joseph H. Baker, 650 North Third St., Memphis, Tenn. Mr. Baker went overseas with the famous Thirtieth Division during the World War and participated in the St. Mihiel, Valley of Vovres and Argonne drives, having been cited for bravery in action in the Argonne. He is now a popular member of the Memphis Fire Department.

Made Shoes by Hand
Up to the middle of the Nineteenth century the manufacture of shoes in the United States was done entirely by hand.

WOMEN NEED SWAMP-ROOT

Thousands of women have kidney and bladder trouble and never suspect it. Women's complaints often prove to be nothing else but kidney trouble, or the result of kidney or bladder disease. If the kidneys are not in a healthy condition they may cause the other organs to become diseased. Pain in the back, headache, loss of ambition, nervousness are oftentimes symptoms of kidney trouble.

Don't delay starting treatment. Dr. Kilmer's Swamp-Root, a physician's prescription, obtained at any drug store, may be just the remedy needed to overcome such conditions.

Get a medium or large size bottle immediately from any drug store. However, if you wish first to test this great preparation, send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing, be sure and mention this paper.—Advertisement.

Suited to His Need

Mr. Bald Knob—Give me a shampoo and no talk about it. The Barber—How about a little scalp fertilizer? I got some I put on myself. It'll grow hair on an egg.

Smarting, scalding, itchy eyes relieved by morning if Roman Eye Balsam is used when retiring. 372 Pearl St., N. Y. Adv.

The Measure of a Man

Not— "How did he die?" But— "How did he live?"

FIRST AID TO BEAUTY AND CHARM

Nothing so mara an otherwise beautiful face as the inevitable lines of fatigue and suffering caused by tired, aching feet.

ALLEN'S FOOT-EASE
The Antiseptic, Healing Powder insures foot comfort and is an everyday Toilet Necessity. Shake it in your shoes in the morning. Slip all day—Dance all evening—then let your mirror tell the story. Address **ALLEN'S FOOT-EASE, Le Roy, N. Y.** For Sale at All Drug and Department Stores.

About Time

"I tied this knot in my handkerchief a week ago and I can't for the life of me remember what it was to remind me of."
"Perhaps it was to remind you that it's time to send it to the laundry."

WOMEN! DYE FADED THINGS NEW AGAIN

Dye or Tint Any Worn, Shabby Garment or Drapery.

Each 15-cent package of "Diamond Dyes" contains directions so simple that any woman can dye or tint any old, worn, faded thing new, even if she has never dyed before. Choose any color at drug store.—Advertisement.

Among the Girls

Femme Une—"Mary isn't the least bit afraid of a mouse." Femme Deux—"She ought not to be with her catty disposition."—Colgate Banter.

DON'T OFFER EXCUSES

The boy or girl who is always conscious of their pimply, blotchy, inflamed or rough skin, and really drawing more attention to it when they keep making excuses for not looking good, don't get any sympathy because folks now know that it is not necessary to keep putting up with this sort of thing.

Since the wonderful Black and White Ointment was introduced in this country a short time ago, thousands of people who had been troubled with these skin ailments for years are now happy, because they find it gets rid of them so quickly.

Black and White Ointment is economically priced, in liberal packages. The 50c size contains three times as much as the liberal 25c size. All dealers have it.—Advertisement.

Onward and upward, never give an inch, take every ail; that is the way to win success.

"Bottle Books"
About a century ago "bottle books" were made in the south of France. They were used to carry liquid refreshments and were popular, with judges, lawyers and the learned folk generally. The legal profession was given to carrying its authorities back and forth under the arm. Hence these bottle books, which were made of lustrous, decorated dark blue falence, were in appearance not unlike tooled levant leather. The contents were wholly liquid or partly literary, with a liquid compartment. When the owner felt the need of a nip he opened his little book.—Detroit News.

The Superior Intellect
"I am never comfortable in his company."
"What's the trouble? He's a delightful conversationalist."
"I know that, but he always makes me feel so small and insignificant."
"In what way?"
"He's always mentioning some old book which he knows I haven't read."

STAYING HOME FROM WORK MEANS MONEY LOST

Many Women Know This by Experience

Let Lydia E. Pinkham's Vegetable Compound Help You As It Helped These Women

Mrs. McDole's Experience

Ludington, Michigan.—"I suffered every month and was very irregular, had headaches all the time, was thin and pale, with no appetite. I had taken all kinds of medicines, and every doctor told me I would have to face an operation before I would be well again. I was doing factory work, and I had to stay at home so much that I was getting discouraged. My mother advised me to try Lydia E. Pinkham's Vegetable Compound, and I did so with good results. I am now feeling fine. I have advised all my girl friends, who have such troubles as I had, to take your wonderful medicine."—Mrs. THERESA MCDOLE, 426 S. Rath Ave., Ludington, Mich.

Los Angeles, California.—"I was in such a condition that I was scarcely able to walk, even to do my household work. I had no energy, was depressed and often wished to die. I am a chef, but was totally unable to do any cooking. A friend recommended Lydia E. Pinkham's Vegetable Compound and I have taken it with success. After the fourth bottle I felt much better, and after the tenth I never felt better in my life, as it resulted in a complete recovery. I certainly recommend it to all I hear complaining and you can use this letter as a testimonial."—Mrs. MARY SULLIVAN, 923 E. 46th Street, Los Angeles, California.

Greatly Relieved
Jersey City, N. J.—"I took Lydia E. Pinkham's Vegetable Compound for cramps and fainting spells. I do office work, and have been in this condition four or five years, having to stay at home from work a day or two at a time, quite frequently. I have taken about ten bottles of it, and have been greatly relieved. I recommend it myself and you may print these facts with my full address."—LOUISE SCHOENFELDER, 112 Woodlawn Ave., Jersey City, N. J.

No matter what your work is, a great deal depends upon your health. It is discouraging to be obliged to stay at home frequently on account of sickness. Your trouble may be caused by some female weakness, and Lydia E. Pinkham's Vegetable Compound has brought relief to many women just as these letters state. For sale by druggists everywhere.

Whales Face Extinction

So many whales are now being killed off the coasts of South Africa that appeals have been made to the Union government to restrict their taking to the larger size males. A total of 700 whales in a year were killed by companies operating out of South African ports and in the nearby waters. Whales are becoming scarcer and smaller as a result of unrestricted slaughter and it is now proposed to prohibit the killing of females and of all whales below a certain size, dependent on the species.

Kith and Kin

"What were you and Mr. Smith talking about in the parlor?" demanded Miss Blushes' mother.
"Oh, we were discussing our kith and kin," replied the young lady.
"Yeth, you wath," interposed her little sister. "Mr. Thmith asked you for a kith, and you said 'you kin.'"

Even the brilliant mind has to work to keep its luster.
Man was born for two things—thinking and acting.

CHILDREN CRY FOR

We undersell everybody on electric globes and lamps.

BAILEY'S STORE.

G. C. Robinson, a former prominent citizen of Marfa and Presidio county, has bought and taken charge of the lumber company formerly known as the Alamo Lumber Co., but now, as the advertisement in the New Era shows, will be operated under the name of the G. C. Robinson Lumber Co. Cal Robinson is an old lumber dealer, and a successful one, having formerly owned the yard which he has just purchased. He cordially invites his old friends to call and make themselves at home. His family, now in Georgia, will soon be out to keep him company, and become again social favorites in Marfa.

Wonderful line of handkerchiefs—the 5c and 10c kind as well as the finer ones, at Bailey's.

J. F. Fisher, former manager of the Alamo Lumber Co., expects to remain in Marfa a short time, settling up the old business of the company. All those indebted to the company will please call at the office of the G. C. Robinson Lumber Company and make arrangements with him to settle said accounts. Mr. Fisher, since his residence in Marfa, by his uniform courtesy and fair business dealings has won the friendship and confidence of the citizens of Marfa and adjacent territory, and he desires through the New Era to thank the people for their kindness and generous patronage, and hopes they will extend to his successor the same generous treatment.

ANNOUNCEMENTS.

The New Era is authorized to announce the following candidates for office, subject to the action of the Democratic primaries July 26, 1924.

For Sheriff:
J. E. VAUGHAN (re-election)
BEN PRUETT
For Tax Assessor:
ROBT. GREENWOOD (re-election)
For Tax Collector:
O. A. KNIGHT (re-election)
For County Treasurer:
SAM WOOLEY
W. A. KERR (re-election)
For District Clerk:
MISS ANITA YOUNG (re-election)
For County Clerk:
J. H. FORTNER (re-election)

UNION DRUG COMPANY

We notified our friends in the last issue of the New Era of our intentions. So many have asked why, we are going to advise all our friends the reasons we are making the change.

We want more business—we need more business. We are in a position to handle more business, and we are going to get more business.

You ask how and we say the solution is simple. We find we are confronted with the fact that our patrons, in many instances, are buying from out-of-town houses for two reasons: One is they can buy cheaper, and the other is, we haven't exactly what they want. When one buys away from home he does so because he owes it to himself to save what he can, and we do not blame him a bit, but when he does, he pays CASH and doesn't mind it, because he gets real value for his money.

Isn't that correct?

It is, and we can and will sell cheaper.

But, like them, we must sell for CASH.

By selling for cash we are able to put much more into stock, thus giving you a better selection and at the same time making you a present, every time you buy, of the overhead and interest it takes to keep books. We give you the cost of mailing statements, keeping books, possible lost accounts and many details that it takes to keep us going on a credit basis. The cost of keeping books amount to more than one would think, and by selling for CASH we give that to you and likewise a discount on all goods we can.

We sincerely appreciate the trade you have so willingly given us. With your trade we will thrive, and without it lose.

Help us win and save money.

We will quote you some of our cash prices in the next paper to give you an idea of why we say:

PAY LESS AND STILL GET THE BEST

Trade at the Cash Drug Store

Help Us and Save Yourself Money

THERE was so much talk about town regarding which tire dealer sold the best tires, that we decided to handle a few of each make in order to take care of everybody that came in.

Since we put our business on a cash basis April 1st, we have had a steady increase over our previous business. There must be a reason. **HERE'S THE REASON. READ OUR PRICES:** We don't believe that First-class, Standard Tires have ever been sold as low as these prices.

FAIR PLAY---

THERE are wholesale grocery houses in West Texas that are selling tires direct to the consumer at wholesale prices, and we don't blame the people for buying them if they feel like they are saving money. BUT—If you will compare our Goodyear, Goodrich and Racine Cords with them in price, you will find both practically the same. AND—We give more than that. We give free air, water and service from 7 a. m. till 9 p. m. We do this because it is our desire to serve the public when they need our services. **We will save the public thousands of dollars every year.**

CASNER MOTOR COMPANY
