**SOUTHERN CALIFORNIA** is a nice place to visit, although I wouldn't want to live there. Carol and I recently took a late "vacation," a five-day trip to visit our youngest son Richard (Rick).

**Star Lites**  
By Bill Ellis

We hadn't seen Rick in over a year, so his mother and I were anxious to see how he was doing, inspect his new place, and meet his roommates and current girlfriend, Gail. We had actually met one of his "roomies" (Burton) on our last trip out two summers ago, but hadn't met the second, Burton's cousin Billy.

These three are renting a house in Burbank, not too far from "Beautiful Downtown Burbank." Although he had assured us earlier, we just had to see for ourselves that he was in a safe location. Southern California's "safeness" can change in just a few blocks, we have learned.

Most of you doubtless know that Rick is working in the movie industry, behind the camera. He is usually a "grip," and sometimes a "best boy." If you had an hour, we would attempt to explain the difference.

We were glad to see that he was working fairly regularly, and getting some good experience in his field. His two roommates also work in the film industry, and the association of the three sometimes proves beneficial to one or more of the others. Rick's girlfriend also works in the industry.

For his first three years in the Los Angeles area, Rick lived with a distant relative, W.T. Savage III. "Doc" Savage has recently completed his residency at an L.A. hospital, and has earned his "Fellow" designation.

Their house (which is located on Maple Street, would you believe) is only about a block from the Warner Bros. back lot.

Doc's parents, Evelyn and Bill Savage, who have visited us in Friona, took the three of us to lunch at a seaside restaurant in Malibu our first day there. Enroute back to Burbank, we went down Sunset Blvd. Rick and Bill showed us points of interest on that historic street.

Rick had secured reservations for us and our California cousins to eat Saturday evening at Miceli's in Hollywood. Besides serving taste-tempting Italian food, one drawing card for the restaurant is that waiters, waitresses, cooks, etc., perform a musical review about every 30 minutes.

These performers are people "trying to be discovered," and some with film backgrounds. It's quite an experience, to say the least.

We had visited the Huntington Library and Art Museum two years ago, but Carol wanted to go back, as we had just scratched the surface on the Huntington Botanical Gardens on our last trip. We spent Sunday afternoon enjoying the marvelous trees, flowers, statuary, etc. The gardens are done in sections, with a Japanese garden being a highlight.

We were able to visit Rick as he was filming on location near downtown L.A. Afterwards, Gail offered to show us L.A.'s Chinatown. Carol and I had visited Chinatown in San Francisco when we lived out there.

Los Angeles' Chinatown is more modern than we remember San Francisco's. Of course, that was 38 years ago. After purchasing the obligatory souvenirs, we were headed back to our vehicle when we suddenly stumbled into an "arrest in progress."

A plain-clothes policeman motioned to us to come on through. He and a companion had five or six youngsters lined up facing a building's front, hands behind their heads. We thought for a minute we might be on the evening news. I told the girls I had had about all the shopping I could enjoy for one afternoon. Husbands will use any excuse!

Like I said, Los Angeles is a nice place to visit, but...! Those 14-lane freeways are another reminder of why I enjoy small town living. But thanks, guys, for showing us a great time—and it's your turn to come to see us.

## THERE FRIDAY

# Chieftains Wary Of Winless Roosevelt

There is good news and bad news about Friday's district opponent. The good news is that Roosevelt is winless for the 1999 season.

The bad news? Well, it's the same thing.

Coach Scott said he and his staff were approaching the game just like any of the others they have played this season. "We just need to maintain our focus. We need to try to improve each week. We have to continue doing what we've been doing. We can't have any weeks where we level off," Scott told us this week.

The Chieftain mentor said it was vital that the team "takes care of business" in the next two games. "If we can do that, and go 3-0 in district, then we have a good chance of making the playoffs," he said.

Coach Scott praised the performance of the Chieftains against Shallowater in winning their season opener.

"That was a big win for us. I thought overall it was perhaps our best game of the year. We moved the ball well, and played well in most areas," Scott said.

"Joseph (Bandy) had a real good game. He ran the sweeps well. He had some good blocking, which made him some good holes, and then he made people miss some tackles," Scott said.

Scott also lauded the Chieftains' special teams' play against the Mustangs. "They had another good night. We have stressed the play of our special teams, and we have been better than most of our opponents in that area. We

pressured them quite a bit, and it paid off," Scott said.

The Chieftain defense blocked a punt and had good pass coverage. "Defensively we had a good overall effort. The guys up front did a good job, and the linebackers made a lot of tackles. When that happens, the line is doing their job," the coach concluded.

The Chieftains should be in good physical shape, with only Colby Ingram being still sidelined.

Roosevelt is at a place with which most longtime Friona fans can relate. The Eagles were 1-9 a year ago, and returned just eight lettermen, which included just three starters. These are quarterback/defensive back Bobby Chiles, linemen-linebackers Joseph Grizzle and Jared Taylor.

Roosevelt, like Shallowater, may be hoping to drop back down to class AA when the UIL realigns early next year.

Shallowater had the lowest enrollment of a district school at the last realignment, at 359, and Roosevelt was next-lowest at 371. This was, however, just three students less than Friona's 374.

The Eagles come into Friday's game 0-6, with Friona, Littlefield and Muleshoe yet to play.

The Lubbock area team does have some size on its small-in-numbers squad, with the 240-pound Grizzle, a 280-pound junior, Allen Jensen, and a 205-pound running back, Aaron Smith. The team also has four 190-pounders.

Going into Friday's game, new coach Butch Phillips' team had scored only 12 points, and had allowed 291 (48.5 per game).

This is only the second time ever for the two schools to meet on the gridiron. Last year the Chieftains prevailed, 58-7. It was Friona's highest grid score in 14 years.

# J. Field Tops Field In Football Contest

Sometimes it pays to let your 10-year-old son help you with picks in the football contest. Week Six winner Jon Field of Friona gave credit to his son for suggesting some of the upset winners last week.

It was easy sailing through high school and college games but uh-oh those pros. Most contestants stumbled and fell with the six pro contests last week.

Field's only two misses were the losses by Texas Tech and Minnesota. Since he was the only one to get 16, he wins the \$20.

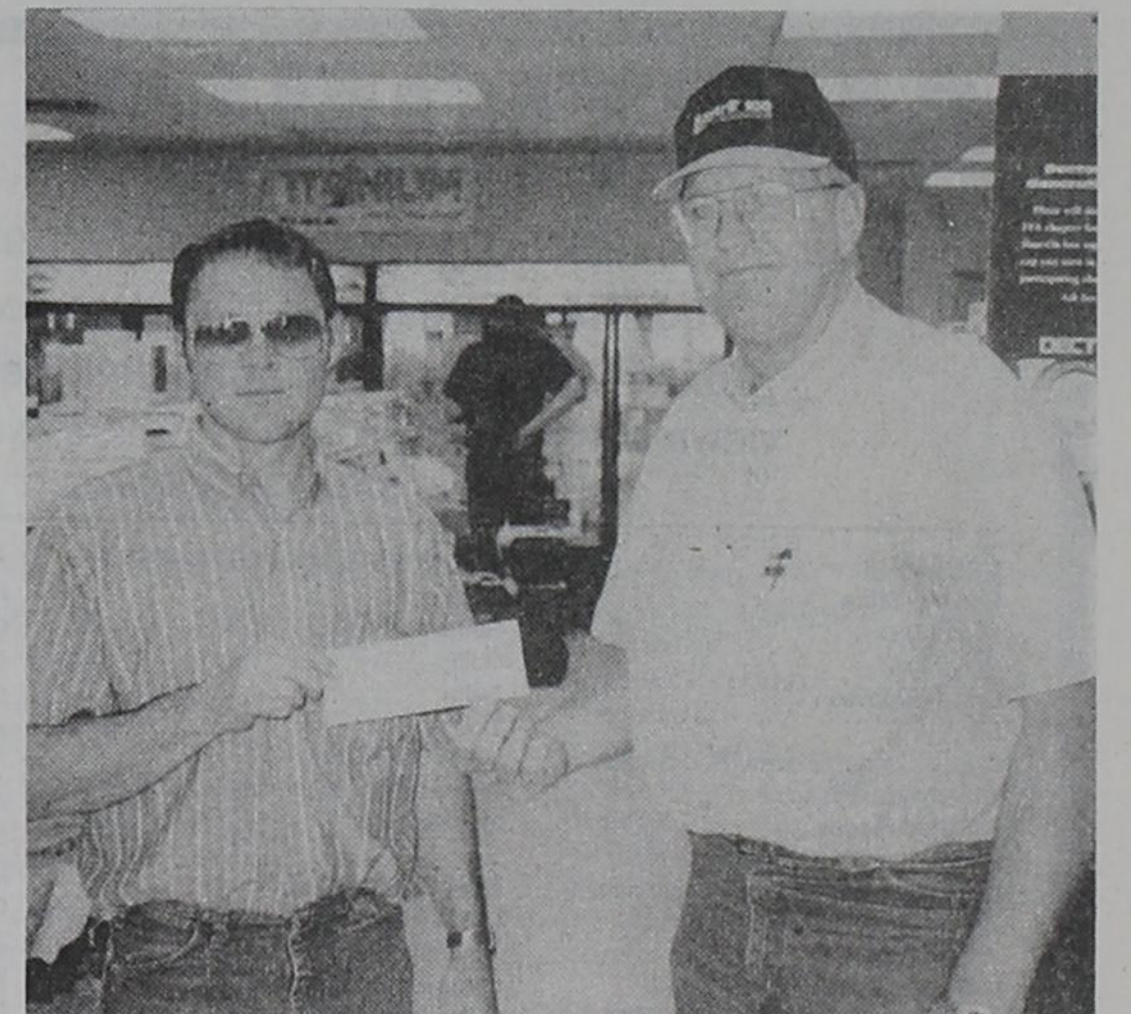

Second place went to Eddie Gauna of Friona who was the only player to pick 15 correct. He missed three pro-games: the Minnesota, Detroit and Oakland losses.

Third place tightened up as 6 contestants managed 14 correct. The tie-breaker score of Dallas 10, Philadelphia 13 gave a 3rd place tie to Don Max Vars of Canyon and Dean Sasser of Friona. Both were 17 points off.

Others with 14 correct and their points off the tie-breaker were: Mal Manchee (14); Jim Johnston (20); Joy Morton (23); and Wayne Amstutz (25).

Mark Neill still holds his grip on the point total lead with 77, followed by Don Max Vars at 75 and Jerry Hinkle, Mal Manchee and Mark Zachary at 74. Point standings are published elsewhere in the paper.

Good luck and good pickin'!

## Police Arrest Youths On Possession Charges

After midnight last Tuesday, Friona police officer Andy Stormes made a traffic stop and found drugs in the vehicle and on the person of the occupants.

The individuals had been under investigation by the department previously. Stormes called Friona Police Sergeant Mike Howard and his drug dog Arno.

The officers escorted the pair to a local residence where Arno located 28 grams of cocaine valued at \$2,000.

Arrested for possession with intent to deliver was Jeremy Ortiz, 19, of Friona. Charged with possession of less than one gram of cocaine was Eric Estrada, 17, of Friona.

Both posted bond and were released. The case will be referred to the November Parmer County Grand Jury.

## TCU Ag Students Visit Martin Ranch

A group of 33 students from the TCU Ranch Management Program visited on the ranch of Loren Martin Wednesday. Martin's ranch operation is between Friona and Bovina on FM 1731.

The students, traveling in a caravan of Suburbans, were on the third day of a five-day tour of ranches and feedlot operations throughout West Texas and the Panhandle.

They visited ranches in McCauley, Post and Plain-view and the WestTex Feed-yard in Muleshoe prior to their visit at the ranch of Loren and Jackie Martin on Wednesday morning.

Loren Martin and George Rushing led a discussion and tour of ranch operations, and gave advice on buying and selling cattle.

From Friona, the group visited Gossett's Inc., in Summerfield, Caviness Packing in Hereford, and the Texas Cattle Feeders Association in Amarillo.

After stops in McLean, Clarendon and Memphis, the group will return to Ft. Worth on Friday.

Represented among the group were students from South Africa, Mexico, Guatemala and Venezuela, as well as Texas, Nebraska, Oklahoma, Wyoming, Arkansas, Louisiana and Kansas.

## Letters To The Editor

Dear Editor:

The Friona High School Student Council would like to thank Excel for the meat donation for the pre-game meal before the first football game. Starting the season with a community meal was a great idea!

Excel's many contributions are greatly appreciated throughout our community. Sincerely, Sergio Pena Secretary, Friona High School Student Council

## To All Friona State Bank Customers:

We have all heard much about the coming changes in the year 2000. Friona State Bank wants to keep its customers informed regarding the bank's preparations for the new year. Is Friona State Bank ready for Y2K? YES! Over the past two years we have tested our computer systems extensively for Y2K compliance. We have state of the art systems which have passed continual testing not only for January 1, 2000, but for other critical dates as well. In addition, we also put into place contingency plans for various other types of emergencies as a by-product of the computer planning. The bank has been examined by our federal regulatory agencies several times over the past two years for compliance with Y2K contingency planning and have received excellent ratings.

**Robert Neelley**  
Chairman-President

Should you be concerned about your bank account? NO. What do you need to do to protect your account? Nothing. The bank will prepare a special year-end bank statement for you which will document your account balances at year end, and these statements will be available to you immediately. All computer records will be duplicated and backed up at year end before any new year transactions are started. The important thing to remember about the much talked about Y2K problem is that potential problems were in the dating of information, not the accuracy of the data itself.

Taking care of your banking is our business, and we will preserve the accuracy of your account at all costs. Remember that your account continues to be insured up to \$100,000.00 by FDIC, and that the safest place for your money is in the bank.

Thanks for being our customer.

# BANDY HAS RECORD GAME

## Chiefs Bounce Back; Whack Ponies, 32-7

by BILL ELLIS

The Chieftains bounced back from their first loss of the year a week earlier to score a convincing win over the Shallowater Mustangs in the district opener for both teams last Friday at Chieftain Field.

Friona High School was paced by a near-school record performance by senior Joseph Bandy, who rushed for 240 yards on only 18 carries, 13.3 yards per carry.

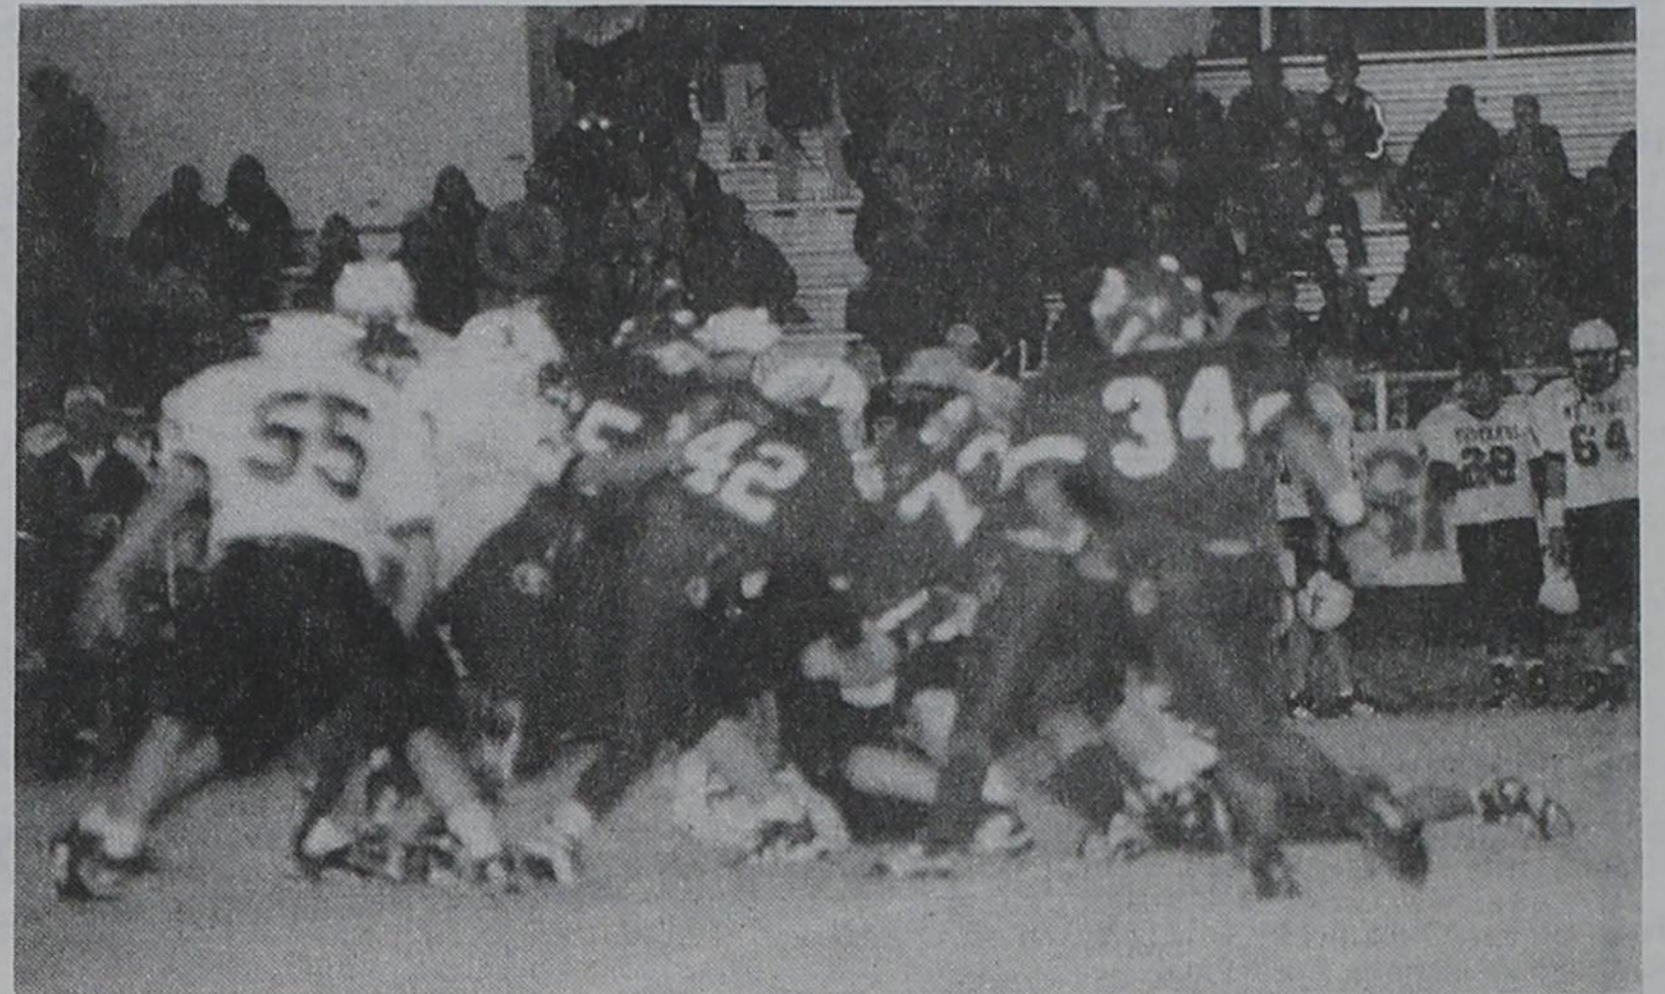

This was the fifth highest individual rushing total since such records have been kept for FHS. Bandy scored on runs of 69 and nine yards, and caught a pass from Nathan King on a 22-yard scoring play.

Bandy had eight runs of 15 yards or more, for a total of 201 yards, or 25 yards per play. On four straight carries in the second half, he gained 114 yards. This included the 69-yard TD scamper.

For all of their offense, it took a defensive play to get the team on the scoreboard in the opening quarter. Friona held the Mustangs on their own end and forced a punt. Landon Martin crashed through to block the punt, and recovered it on the Shallowater 19.

It took Friona just three plays to score, with Noel Grajeda carrying the ball all three times. The final one was for three yards and a TD. Trent Cook came in to boot the extra point, and the Chieftains led, 7-0 with 1:44 left in the first quarter.

Justin Stone sparked a 12-play drive by the Mustangs to knot the score. The visitors kept their drive going on a fourth down pass completion, and Stone got the final 14 yards. He had gotten around end for a 28-yard gain to get the drive started. Kiel Kitchens, the coach's son,

**NUMERO UNO....**Joseph Bandy's "Number 1" was seen quite often last Friday in the game with Shallowater, and a good part of the time, it was seen by the Mustang defense from behind. Bandy gained 240 yards rushing, caught a pass for 22 yards, and scored three TDs. In the bottom photo Bandy takes the handoff from Nathan King. Teammates shown throwing blocks include Abel Santiago (66) and Noel Grajeda (24). (ron carr photo)

kicked the point, to tie the score at 7-7.

Friona responded with a 14-play scoring march of their own. The drive covered 80 yards, but actually took 95 yards, due to penalties.

Bandy warmed up with a 19-yard gain, taking a quick pitchout around left end. Four plays later, the 175-pound senior raced into the end zone from 24 yards out for an apparent TD, but a holding penalty brought it back. On fourth and five from the SHS 22, King rolled out, found Bandy open at about the five, and hit him with a perfect strike.

This time no flags interfered, and after a low snap foiled the PAT, Friona had regained the lead for keeps at 13-7.

The Chiefs held the Ponies to three downs and out, and took over on their 48-yard-line after the punt.

The Chieftain offense then performed like a well-oiled machine. Bandy raced 18 yards on a nice run, and Grajeda picked up eight, as Friona moved to the Shallowater 26. Bandy kept it up with a 17-yard gain off a clearing block by Daniel Wiseman.

It took Friona two tries from the one, but Grajeda punched it in on fourth down. The Chieftains went for two points, but King was rushed on his passing attempt. He had men in the EZ, but had to throw too early. Still, Friona had a 19-7 lead with 29 seconds left in the half. That turned out to be the halftime score.

Friona received the ball

to start the second half.

For the sixth time this season, the team took an opening or halftime kickoff and drove for a score.

Bandy was in full stride by now. He had gains of 7, 6, 17 and five. He took turns with Grajeda, who also had some good gains. On third and seven from the Shallowater nine, Bandy took the pitch and headed left. He was spun completely around, but kept his balance and darted into the end zone before the befuddled Mustangs could stop him.

Cook's point-after made it a 26-7 game, with just 5:36 expired in the second half.

Bandy's used his speed for a defensive gem after Friona's kickoff. He ran down the elusive Stone after a 50-yard gain, saving a touchdown. The Chiefs then dug in and took over on their own 32.

On Friona's second play offensively, Bandy's number was again called. He took the handoff and headed right. Bandy turned the corner, kicked it in gear, and found himself in a footrace to the goal line. This was bad news for the Ponies, as Bandy won the race, 69 yards later.

The longest scoring play for the season gave Friona a commanding lead of 32-7.

Very shortly the Chiefs had regained possession. Bandy, already with 200 yards under his belt, carried three times out of five, and added gains of 15, 17 and 15, as Friona moved to the Shallowater 25.

Matthew Mata raced around end to near the goal-

line, but another holding penalty negated the gain, and the team couldn't score. Coach Mike Scott inserted the reserves at this point and let his starters rest.

Bandy became only the 10th Friona player since 1960 to gain over 200 yards in a game.

Tony Perea, who went on to star for UTEP and play for the Chicago Bears, is the all-time leader with his 258 yards against Crosbyton in 1968.

Perea, who carried the ball up to 43 times a game, set the standard which will be hard to beat when he notched six games over 200 yards in his senior season of 1968.

466 *Facts About The* **BIBLE** BY JOHN LEHTI

This is a dramatized version of facts taken from the Book of Judges, intending to show some of the customs of these ancient and traditional times.

**JEPHTHAH**  
ON THE DEATH OF HIS FATHER, JEPHTHAH, CAST OUT OF THE HOUSE BY HIS HALF BROTHERS BECAUSE HIS OWN MOTHER WAS NOT AN ISRAELITE, GOES TO LIVE IN THE LAND OF TOB, BORDERING ON THE DESERT...

...AND MANY OF THE CAREFREE YOUNG MEN OF ISRAEL JOIN HIM TO LIVE A WILD LIFE...

COME, JEPHTHAH, LEAD US IN ANOTHER RAID UPON THE AMMONITES!

WITH HIS FOLLOWERS, JEPHTHAH SETS OUT ON A RAID UPON THE AMMONITES...

THERE, IN YONDER AMMONITE TOWN, WILL WE FIND MANY RICHES AND SPOILS!

BUT THE GATES OF THE TOWN ARE TOO STRONG AND THE WALLS ARE TOO HIGH!

BEFORE WE COULD SMASH IN THE GATES THEY WOULD KILL US ALL WITH THEIR ARROWS!

NEVER FEAR! WE SHALL WAIT UNTIL NIGHT FALLS—THEN SHALL YOU SEE HOW WE WILL ENTER THE TOWN.

By Ron Carr

"Y6B in Y2K! Woes 'R Us!"

They say the population of the planet Earth is now 6 BILLION.

Truth is nobody really knows for sure but it makes good TV. They say some baby boy born in Sarajevo, Bosnia-Herzegovina was the 6 billionth person and the General Chairman of the United Nations Kofi Anan just happened to be standing outside the delivery room with a dozen roses.

We have reached 6 billion (Y6B) too fast some of the doom-sayers say. But that is what doom-sayer people do. They collect doom.

They never fix the doom, they just try to make everybody else feel as gloomy as they do. We've got global warming, La Nina and La Nino. We've got hurricanes like never before and earthquakes rattling every corner of the globe.

(Why is it we say "from the four corners of the globe" when the globe is round?)

Not to mention the biggest man-made disaster of all lurking at midnight on December 31. Repent now before Y2K sweeps you away.

Anyway, the population is now 6 BILLION. China has 2 of those billion and India has a billion. The U.

S. is lagging behind with a paltry one-third of a billion and Pat Buchanan is trying to keep it at that by doing away with immigration.

Scientists are wringing their hands. They say with so many people on Earth we are going to run out of everything and the world will be so crowded there won't even be enough room to lay down.

Maybe that's the secret. If nobody could lay down then maybe there wouldn't be so many babies. See, there is a silver lining in every gloomy cloud.

They say we are going to run out of water and food and jobs and air and space. Think I will set up a chain of psychiatric clinics and call them "Woe's R Us." Our slogan could be "We make your glooms come true."

Of course there might not be 6 BILLION people on Earth. We can't even agree on the U. S. Census. I think they have probably counted many people twice.

For example, the people of Rwanda have been walking from one end of the country to the other for years. First they are refugees then they get to walk 100 miles back home.

I think the U. N. population patrol has counted the Hutu's and Tutsi's every time they have walked by and seriously skewed the official count.

And who can count the Chinese? They have a rule in their country that families can only have one child. Often, if the family has a girl, they kill the baby or it ends up in an orphanage.

If they can only have one baby, they prefer a boy. That will stop the population doom-sayers. A nation of all boys sure can't procreate very exponentially now can they?

What I don't understand is that it seems the most impoverished nations grow the fastest. Wouldn't ya' think they could figure it out by themselves that their miserable lives would be easier if they did not have 15 kids to starve along with them.

"Well, Jambojam, here we are without clean water, adequate food, decent housing, basic education, full employment or health care. What can we do?"

"Well, Mollybojam, let's go out there to our favorite spot behind the elephant grass and make another baby. We'll worry about clean water, adequate food, decent housing, basic education, full employment and health care later."

At a prayer service in Amarillo this week, Sue Cohen, a Planned Parenthood

board member, said that in 1994 the U. S. funds for overseas family planning were drastically reduced. I'm not sure why the United States should be using tax payer money to encourage foreign citizens to stop having babies.

Maria Stickel, director of community relations for Planned Parenthood, said "We are very engaged in the process of preparing women to welcome wanted babies, to provide them with a happy childhood."

We should be glad that there are people like Planned Parenthood who are concerned with human health and happiness and the entire framework of human morality.

We should hope that our ingenuity and faith and future planning will be able to handle the next 6 BILLION. Somebody does need to worry about it.

I like what Louise Adelman, president of Temple B'Nai Israel said in closing the Amarillo prayer service. Louise is not a doom-sayer. She read this from a Jewish prayer book:

"We cannot merely pray to you, O God, to end hunger, for you have already given us the resources with which to feed the entire world if we would only use them wisely."

AMEN! (Sorry about praying in public. Hope you are not mad.)

## G. Hromas Buried At Oklahoma Lane

Funeral services for Gladys Hromas, 77, of Farwell, were held Tuesday, October 12, 1999 at First Baptist Church of Farwell with the Revs. Richard Laverty and Jimmy McGuire officiating.

Burial was in Oklahoma Lane Cemetery under the direction of Steed-Todd Funeral Home of Clovis, New Mexico.

She died Saturday, October 9, 1999 at Muleshoe Area Medical Center.

Mrs. Hromas was born

March 12, 1922 in Motley County. She was a Farwell resident for most of her life.

She married Charlie Hromas. He died June 27, 1993. She was a housewife and a member of First Baptist Church of Farwell.

Survivors include a daughter, Darlene McManigal of Hereford; a brother, Sterling Donaldson of Farwell; five sisters, Margaret Terry and Army Hromas, both of Bovina, Beulah McWilliams and Avis Carpenter, both of Farwell, and Ruth Boone of Clovis; three grandchildren; and four great-grandchildren.

The family suggests memorials to the Oklahoma Lane Cemetery Association.

## Cannon To Host Retirees

Retirees, spouses and surviving spouses are invited to attend Retiree Appreciation Day October 29 at Cannon Air Force Base west of Clovis.

Registration is from 8:30-9 a.m. (Mountain Time). The day's events are scheduled to include welcoming comments, and briefings about TRICARE, Dental, V.A. Clinic, Agency on Aging/Social Security, Legal and Casualty Affairs issues.

The base collocated club will provide a buffet-style lunch free to those who are members or who join the club that day.

After briefings, ID cards and DEERs can be updated. A four-person scramble golf tourney is also being scheduled for 1 p.m.

If you are interested in participating in the golf tourney or eating lunch at the club, call base Retiree Affairs Office at (505) 784-4679 or e-mail at 27FW/RAO@cannon.af.mil.

## City Folks' Sister Dies In Hereford

Services for Robbie Stephan, 95, of Hereford were held Thursday at Hereford Church of the Nazarene with the Reverend Ted Taylor officiating.

Burial was in West Park Cemetery under the direction of Gilliland-Watson Funeral Home.

She died Tuesday, October 12, 1999, at Hereford Care Center.

She was born June 2, 1905, in Gatesville. She married Moody Stephan on February 16, 1928, in Gatesville. He preceded her in death on October 17, 1986. She was a homemaker.

Survivors include a son, Weldon Stephan of Hereford; two daughters, Rose Wright of Hereford and Linda Moore of Portland; a brother, Bob Clark of Friona; three sisters, Jessie Claunch of Everman, Jean Baize of Friona and Jewel Cheatham of Lincoln, Arkansas. Seven grandchildren and eleven great-grandchildren also survive.

### Computer Training Coming to Bovina

An "Essential Computer Skills" class will be presented in Bovina on Tuesday, October 19, 1999 by Dan Cowan of Accelerated Learning Center of Amarillo.

"This three hour class covers computer skills that everyone needs," says Mr. Cowan. "For reasons I fail to understand, very few computer users are learning the latest techniques developed by Microsoft to handle routine tasks such as downloading files from the internet, copying files, and organizing your files into folders and subfolders. That's what we teach, plus a whole lot more."

Accelerated Learning Center has taught thousands of computer students in over a dozen states. "We offer a full satisfaction, money-back guarantee. We provide hands-on training of important skills that few students learn elsewhere."

"Computer competency is so simple," Cowan claims, "it all boils down to understanding about a dozen easy to learn techniques."

Our class cuts to the core and teaches material that will take most computer users years to learn on their own. In just one session students learn techniques that they will use for a lifetime."

Two classes will be held in Bovina, an afternoon class and an evening class, at the First Bank Community Room, 101 N. 3rd St. The cost is \$69 per person, payable at the door. Group discounts are available. Call (888) 320-5552 to reserve your seat.

The class is suitable for all beginning and intermediate computer students. Each student will be given a laminated reference guide that will probably be the student's constant companion for all Microsoft applications. This permanent guide gives the simple keystrokes that separate the computer competent person from the person who lacks computer skills.

For more information about this class, call (888) 320-5552. Full details will be faxed or mailed to you about Tuesday's class.

## Antonio Diaz Is Marketing Edu. Student

By ANTONIO DIAZ  
 I am the son of Antonio and Esther Diaz. I am now a senior in high school.

This is my second year in the Marketing Education program and this year I'm serving as the president for the DECA program. I am now employed at Millard Refrigerated Services.

The Marketing Education program has helped me in having a job and receiving my education all at once. I would really encourage people to join this program because it helps you become more disciplined in your life.

I would like to thank Alan Fairweather for providing my occupation. I would also like to thank Mr. Field for providing this program to us and for providing a flexible schedule for me.

## McCathern Book Is Available Locally

Gerald McCathern, author of the exciting historical western novel, *Horns* has completed his latest novel, *Dry Bones*. The book is currently on sale at the Friona Star for \$24.95.

*Dry Bones* is the continuing story of early days in the Texas Panhandle, with the same characters and setting as *Horns*. Beginning in 1875-1881, it covers the seven year period when hundreds of thousands of longhorn cattle were brought into the Panhandle and the huge cattle ranches, the JA, LS, LE, Turkey Track, Quarter Circle T, Matador and many others, were born.

It has been said that buffalo bones were so thick on the plains when the first cattle were trailed in, that it was difficult to ride across the prairie without walking on or over the bones left by the buffalo slaughter.

At a time when the Llano Estacado remained unorganized and lawless, the towns of Mobeetie and Tascosa sprang up, with buffalo hunters, outlaws, gamblers, cattle rustlers and prostitutes being the principal residents. The two towns became known as the Sodom and Gomorrah of the Plains, with thirteen saloons and five hundred prostitutes in Mobeetie alone.

It was in this atmosphere that one-armed ex-confederate colonel, Jim Cole, and his young side-kick, Ned Armstrong, principal characters of *Horns*, fought to build their Ceebara Ranch. New characters are introduced such as Billy the Kid, Dutch Henry, Charles Goodnight, Deacon Bates, George Littlefield, Tom Bugbee, Casimiro Romero, Frenchy McCormick and William Lee.

## Legal Notice

**NOTICE TO BIDDERS**

Sealed Proposals addressed to the Honorable Galen Hromas, Mayor, City of Bovina, P.O. Drawer KK, Bovina, Texas 79009-1228, for the construction of 2 water wells, approximately 2,900 linear feet of 6" and 8" water main, fencing, chlorination facilities, controls, and associated appurtenances entitled:

**WATER SYSTEM IMPROVEMENTS WATER WELLS 7 & 8**

will be received by the City of Bovina, in the City Council Chambers at City Hall, 205 North Street, Bovina, Texas, until:

October 26, 1999  
4:00 p.m.

A cashier's check, certified check or acceptable bidder's bond, payable to the City of Bovina in an amount equal to not less than five percent of the bid submitted, must accompany each bid as guarantee that, if awarded the contract, the Bidder will, within fifteen days after receipt of Contract Documents, enter into a contract with the City of Bovina and will execute bonds on the forms provided in the Contract Documents. Any bid received after the time and date listed above will be returned unopened and will not be considered.

Attention is called to the fact that not less than the federally determined prevailing (Davis-Bacon and Related Acts) wage rate, as issued by the Texas Department of Housing and Community Affairs and contained in the contract

documents, must be paid on this project. In addition, the successful bidder must ensure that employees and applicants for employment are not discriminated against because of race, color, religion, sex, age, or national origin.

Bidders are expected to inspect the site of the work and inform themselves regarding all local conditions.

Contract Documents are on file and may be examined in the office of the City of Bovina, 205 North Street, Bovina, Texas, 79009, telephone (806) 238-1116.

Plans and Specifications may be obtained from the Engineers, Brandt Engineers, Inc., 4537 Canyon Drive, Amarillo, Texas 79110, phone (806)353-7233 in the following manner:

Cost: Fifty Dollars (\$50.00), non-refundable, for each set of plans and specifications.

Performance and Payment bonds shall be set forth in the Contract Documents.

The Owner reserves the right to reject any or all bids or to waive any informalities in the bidding. In case of ambiguity or lack of clearness, the Owner reserves the right to adopt such interpretations as may be most advantageous or to reject the bid as informal. No bid may be withdrawn until the expiration of 30 days from the bid opening date.

## Cathy Spencer Celebrates 20 Years At Friona State Bank

The employees of Friona State Bank recently celebrated the 20th anniversary of employee, Cathy Spencer. She was hired August of 1979 to be relief teller and bookkeeper. That lasted two weeks when she was offered the job of drive through window teller. She worked in the window for ten years before she was moved to inside teller.

Mrs. Spencer was born in Muleshoe and graduated from Bula High School. After graduation, she moved to Sudan where she held various jobs, including working at the Dairy Bee where, she says, she learned to count money. She soon started to work at the bank in Sudan and was a teller there. She met and started dating Raymond Spencer who was working for Wesley Barnett in Friona.

They soon married and was hired at Friona State Bank.

Cathy and Raymond have two children, Tammy, who is a sophomore at Lubbock Christian University, and Logan, a Junior at Friona High School. The Spencers enjoy being outside and they mow lawns, but they really enjoy being with their family. They are members of Calvary Baptist Church. Cathy has been involved with Boy and Girl Scouts and Kids, Inc.

Cathy worked in the drive through window with Margaret Wilshire, Lou (Fields) Keith, and Cherlyn (Koelzer) Pruitt, before moving inside in 1989. Inside tellers were Vernell Cunningham, Doris Sears, Katherine Blackburn, Cynthia Bishop, Shirley Ferguson and Delphine Wied.

Friona State Bank is proud of Cathy Spencer and what

she has given to the bank. She has proven to be a loyal and dedicated employee and you can always count on her giving you a friendly greeting and a cheery smile. Stop in and congratulate Cathy on her anniversary and let her know how much you appreciate her.

**YOUR EYES**

**Eye Trouble  
In Children**

Your child may have a vision problem without you knowing it. Look for any signs of possible eye trouble. Does your child, for example, constantly rub his or her eyes, cover one eye, have difficulty reading, complain about not seeing the school blackboard, or squint when looking at a distance? Other signs include itchy or burning eyes, blurred vision, dizziness, and headaches or nausea from eyestrain.

The appearance of the eyes is also important. Be aware of crossed or misaligned eyes, red-rimmed, encrusted or swollen eyelids, or watery eyes. You should see your eye doctor about any abnormalities in the appearance of your child's eyes or vision. Start at an early age to provide your child with a regular schedule of professional eye examinations. These exams are important since some eye problems have no signs or symptoms.

**Get The Right  
ADVICE From Your  
Investment Professional**

Like most people, you probably have some important goals you want to achieve. You may want to pay for your children's college education. You may want to purchase a vacation home. And you certainly want to be able to enjoy a comfortable retirement. To achieve these and other objectives, you will need to create a solid, long-term financial plan. And you may well want to enlist an expert to help you.

How can you find the right financial professional for your individual needs? Start by asking your friends and relatives whom they use. Then, after you've collected a few referrals, conduct some interviews. Ask the professionals how they work, what they specialize in, and if they've had experience helping people in situations similar to yours. It's extremely important that you feel a good rapport with the person you choose--after all, he or she will be helping you make some very important decisions that have a major impact on your life.

Once you have selected a financial professional to work with, what can you expect from that person? The Forum for Investor Advice (FLA), the national association of the financial services industry, has some suggestions. To make them easy to remember, the FLA has developed the acronym ADVICE, which stands for the following traits:

**Accountable**--Financial professionals should make suitable recommendations based on their knowledge of the investment world and on the information they've gathered about your financial needs and goals. Furthermore, your financial consultant should suggest ways you can adjust your portfolio in response to changes in the financial markets and in your personal situation.

**Dependable**--A financial professional should provide advice based on the knowledge and judgment that result from training and experience. Professionals' skills should also be supported by current technology.

**Valuable**--Your financial consultant should add value by providing information and expertise that you might otherwise not have access to.

**Individualized**--All recommendations coming from a financial professional should be tailored to your individual circumstances. Your financial consultant should recommend only those products and your services that fit within your tolerance for risk, your investment preferences and your time horizon.

**Caring**--A financial professional must be sensitive to your family situation, your investment personality and your preferred methods of interaction.

**Educational**--A financial professional should provide you with clear, comprehensive, objective and timely information to help you understand your investment choices. And your financial consultant should be able and willing--to take the time necessary to explain anything that is unclear to you.

Remember, when you're working with a financial professional, you're not just buying an investment--you're building a relationship. That's why it's important that you select a professional who will provide you with the right ADVICE.
