S. R. Lobos And Mines In Football Classic At Alpine, November 5th

First Tilt Of Season On Home Field Of Teachers To Be Big Game Of The Year.

ALPINE, Tex., Oct. 25.—A real "Battle of the Century" will be staged at Alpine on Saturday, November 5, beginning at 2:30, when the Lobos of the Sul Ross State Teachers College will tackle the El Paso Miners. This game is an annual event, and the biggest game on the Sul Ross schedule. The Lobos have been playing the Miners ever since Sul Ross introduced football in 1923.

This game, the first to be played this year by the Lobos on their home gridiron, will go a long way in deciding the football supremacy of this part of the country. The Miners made an impressive fight against the University of Arizona team in El Paso a few weeks ago, and they held the University of New Mexico to a 6-6 tie last Saturday. The Sul Ross Lobos have already handed out a defeat to New Mexico A. & M.; they have played some of the best teams in Texas to a standstill, losing last Saturday to the Texas Tech team only through heart-breaking luck after gaining more yards and making more first downs than the victors.

Two real teams will tangle on November 5th—two teams that are as good as any in this part of the country. Both are pointing for the contest, but one of the teams must have its scalp lifted. It is expected here in Alpine—for the town is heart and soul behind the Teachers—that several hundred people from neighboring towns will pay a dollar apiece to see the lifting process go on in Jackson Field a week from Saturday.

Offer Scenic Drive For The Federated Clubs Delegates

Highland Communities Would Entertain Texas Social Leaders On Sunday 13th.

An invitation has been extended to the women who are to attend the State Federation of Clubs at El Paso, November 8th, to 12th, to take the scenic drive from Marfa through Fort Davis to Alpine. This drive will be given Sunday, November 13. There will be a barbecue dinner at Fort Davis, and probably a service at Skillman Grove. While the invitation has been extended in the name of the Davis Mountain Federation it will call for co-operation of the people of these communities to entertain these ladies in the credible

Yale in Fine Condition

Despite the fact that Yale was slow in getting down to hard practice this fall, Coach Tad Jones has straightened the team out and the players are now reported in fine condition. The photograph shows a close up of Tad Jones.

It's Politics Now

Rotary Governor In Marfa Tuesday 25th

Guy P. Harrington of Santa Fe, New Mexico, governor of the 42nd District Rotary International, visited Marfa, Tuesday and addressed the local organization at a morning session and at their regular luncheon meeting. The 42nd District Rotary International includes all of New Mexico and Texas west of the Pecos, and is composed of the following towns: New Mexico, Gallup, Santa Fe, Las Vegas, Albuquerque, Roswell, Artesia, Carlsbad, Alamogordo, Las Cruces, Deming, Silver city, Texas, Marfa, Alpine and Sanderson. While here Harrington was the guest of H. T. Fletcher, past governor of the 42nd district and members of the local organization. On his official visits, Harrington is instructing the various organizations on the aims and policies of Rotary International and outlining pro-

Officers Make Raid On Winkler Field Towns

According to Ranger Sergeant Bill Taylor of Capt. W. L. Wright's ranger force, stationed at Marfa, who today returned from the Winkler Oil Field, rangers raided that place Saturday night and arrested 75 men in a gambling house, all of whom paid fines of \$22.05 each except five house men who were put under five-hundred dollar bond each to await the action of the Winkler County Grand Jury. More than a hundred women were ordered out of town by the rangers, who also raided a still, captured two men in charged, a great quantity of liquor and nine hundred gallons of mash (Eighteen 50 gallon barrels). The men running the still were arrested and brought to Pecos and jailed. Capt. Wright of the Texas Rangers, stationed at Marfa, received orders sometime ago from Governor Moody to invest-

Secretary Of War Thanks Citizens Of Presidio County

Expresses Appreciation For The Use Of The Large Terrain On Which Maneuvers Were Held.

The following is the letter sent to the Marfa Chamber of Commerce by the Secretary of War:

October 18, 1927

The President,
The Marfa Chamber of Commerce,
Marfa, Texas.

Dear Sir:

I have read with interest the report of a War Department Observer at the recent Maneuvers of the 1st Cavalry Division near Marfa.

I understand that the extensive terrain over which these maneuvers were held was obtained without charge to the Government through the cour-

Marfa Chamber Of Commerce Hold Regular Meeting On 26

The C. of C. Has Under Consideration Many Needed Improvements To Make Marfa Better.

The Chamber of Commerce held their monthly luncheon Wednesday, which was largely attended, some forty members being present. R. E. Petross, vice president of the Chamber of Commerce presided as the President. Mr. J. C. Fuller was out of town. Co-operation was the topic of discussion. Mr. Petross stated that co-operation was the greatest present need of Marfa and at this time the spirit of co-operation was being manifested by Marfa citizens more than ever. Mr. Lee Glascock, a newly elected director, brought a message of much interest. Mr. and Mrs. G. C. Johnson, new members were speakers on the program.

Mr. Petross called for a round table discussion. Among those taking part in this discussion were: Ray Normond, Henry Coffield, Gus Raetzsch, J. W. Harris, Jimmie Yates. Mr. E. E. Share of Share's Photographic Studio, then gave a word painting of the need of Marfa as he visioned the city. Some of the outstanding needs of Marfa that the Chamber of Commerce have under consideration and to which are giving their support in every way possible: Orient Railway, Highway to Presidio, A federal building; paved streets; A new Hotel and a City Mail delivery.

It was expressed the hope as the spirit of Co-operation would become larger and larger grew stronger and stronger.

POULTRY HINTS

The Chicken Business
By F. W. Kazmeier,

After you have read this perhaps you will agree with the writer, that the chicken business now may be called by the more dignified name, "The Poultry Business."

In the United States each year over 568,000,000 chickens are raised. More than one and one quarter billion hatching eggs are required annually in the United States to produce the above number of chickens.

At least 30 million breeding hens are necessary to lay the hatching eggs of the United States.

The total capacity of commercial hatcheries in the United States is placed at one hundred million eggs at one setting.

At least 250 million baby chicks are reproduced each year for sale by commercial hatcheries. A total of one billion baby chicks are hatched each year. Comparing this with other figures, shows that about 50 per cent of all baby chicks die, each year. What a terrible financial loss? What a wonderful field for improvement?

In the State of Ohio there are over 700 commercial hatcheries, with a total egg capacity at one time of 17 million. Forty six of these hatcheries have capacities above one hundred thousand eggs.

In Texas, also we have been making rapid progress. Today we have a commercial hatchery egg capacity of over 8 million at one time. We have over 400 commercial hatcheries in Texas, and more going in every week.

Community Hatcheries

In every town there is a need for one or more community hatcheries. Towns and cities not having these public hatcheries or community incubators can well afford to look into the question looking forward to their establishment. There is nothing that will develop the poultry industry as rapidly as a commercial hatchery.

Breeding Farms

In every community there is a wonderful field for the establishment of from a half dozen to two dozen and more, specialized poultry breeding farms. It takes 1,000 hens to supply a 12,000 egg incubator with eggs. In communities in which public or commercial hatcheries are being established, there is at once created a market for high class hatching eggs. In every community there is a need for trapnested breeding farms, in such varieties as Plymouth Rocks S. C. R. I. Reds, S. C. White Leghorns, Mottled Anconas and others too numerous to mention here.

Specializing

The commercial hatchery is the first step in the specializing of the poultry industry. The trapnested breeding farm is the second step. In communities with such commercial hatcheries and trapnested breeding farms, there positively does not exist one good reason for the presence of mongrel, dukes mixture, crazy quilt, cross bred, just eating chickens. In such places, farmers can buy well-bred baby chicks from trapnested and bred to lay hens at reasonable prices, and when they want them. The nearer home chickens are produced and the less distance they have to be shipped the better.

In such communities farmers can keep 200 or 300 hens, can replace half of them each year, by buying baby chicks from bred to lay stock. In such communities commercial egg farms, also soon make their appearance.

Poultry Schools

The very fact, previously mentioned, that about one half of the baby chicks hatched die, that an egg production at this time of year of 25 per cent is the exception rather than the rule, all is evidence, that poultry information may be available but most certainly is not being taken advantage of. What do you think of a two day Poultry Short Course for your community? If interested, get in touch with your County Agricultural Agent or your County Home Demonstration Agent. These people are in a position to provide this kind of a school of instruction for you. In such a school, such topics as making hens lay, raising baby chicks, building houses and poultry diseases are discussed.

If you are not fortunate enough to have a County Agricultural Agent and Home Demonstration Agent maybe you can interest the Secretary of your local Chamber of Commerce.

If you have not any of these, then it is high time to have a public meeting and bring about a great change in your community.

Orient Completion Will Make U. S. Far East Gateway

Presidio's geographical position makes it the strategic gateway to Mexico, and the Far East, and it is from the Mississippi Valley to the West inevitable that the flow of commerce Coast of Mexico and to the Asia must pass through Presidio to the Pacific port of Topolobampo, in Sinaloa, by way of the completed Kansas City, Mexico and Orient Railroad.

With the completion of the Orient Railroad, the Asiatic markets will thus be brought 1,600 miles closer to the Mississippi Valley producers and eastern and northern manufacturers.

Door to Mexico's Treasure.

The railroad from Presidio in to the enormously rich Chihuahua mining district, is likewise the key to Mexico's treasure vault, where an aggregation of precious and base metals offers tempting inducements to prospectors.

A careful reconnaissance of the territory tributary to Presidio within a radius of 150 miles, up and down the Rio Grande from east to west, and northward on the Texas side, and southward in to Mexico, suffices to establish the conviction that right here is being opened to intensive exploitation one of the most highly mineralized zones on earth.

The diversity of the mineral resources around Presidio is perhaps the most attractive feature of this remarkable region. The great deposits of silver, quick-silver, lignite coal, and koaline (which is used in ceramics), vie in interests with dry placers on level grounds, extending over large tracts, which run assays around \$3 to the ton in gold alone.

The country east of Presidio just across the county line in Brewster county, indubitably carries the largest and most concentrated deposits of quick-silver on the globe. One mine in the infancy of development has already hung up a record production mark of \$8,000,000, and is

pronounced a greater quick-silver property than either the famous Almaden in Spain or the Italian in Italy—which are both comparatively old, and rapidly becoming exhausted which the Big Bend district of Texas is just starting.

Almost at the portals of these mines, one can actually see widespread exposures of high-grade lignite coal, some of the beds ranging up to 18 feet in thickness, and over section after section of land the prospector walks across crumbling fields of becciated coal which has been broken up by the forces of erosion on the surface. Deep mining probably will develop other coal beds.

Natural Home For Smelters.

At Presidio one sees what is perhaps the only natural home for big smelters, for the handling of ores in gigantic quantities, to be found anywhere on the Western Hemisphere. In other districts, mining entails high overhead charges for transportation of the raw ores, to some distant smelter, and the carrying of coal and lime and other fluxing materials from coal mines and quarries in other regions to the smelter.

In the Presidio district, the coal, the limestone and the ores are practically next door to each other, and hard by the inexhaustible waters of the Rio Grande and the Terlingua and other tributaries, thus embracing all necessary factors in smelting and refining. Expensive tram systems and branch railroads are not necessary, nor do steep-grade roads have to be built up high mountains in order to get the ores out on the mines, because in this district the deposits are at extremely low altitudes, and in many cases the shafts can be sunk from an almost level surface in a practically flat country, already traversed by good roads on which auto-trucks now operate at a minimum hauling cost.—Tri County Record.

New Type Delco-Light
a scientific marvel
Does Everything but Think!

All the advantages of an automatic Delco-Light

combined with

All the advantages of a storage battery Delco-Light

Operates from battery on small loads. Automatically switches to power for heavier service. Uses smaller battery—thus costs less. Requires less fuel. Demands practically no attention. This amazing achievement the result of 15 years' research by Delco-Light engineers. Approved by General Motors after 7 years of gruelling field tests.

Now comes a new type Delco-Light Plant that astounds even those scientists and engineers who are in daily contact with the epoch-making achievements of electrical science.

Write—or 'phone—and get full information about this new achievement of Delco-Light and General Motors. Or call on me personally and see the evidence with your own eyes. And remember—if this newest model doesn't exactly suit your needs, there are many other Plants to choose from, now priced as low as \$225. Don't wait. Write or 'phone or call today.

When you see this amazing Delco-Light Plant, you will agree that it is a decade ahead of everything heretofore conceived by any manufacturer of farm electric plants.

PIONEER PASSES AWAY

Again we are called to the sad task of recording the passing of one of the few remaining characters of the "Old South." On Wednesday morning at 12:15, in Wichita Falls, Allen Parmer, affectionately called "Uncle Allen" by the people here, departed this existence for the great unknown world beyond.

Uncle Allen though 79 years old had always been active and on the present trip drove his own automobile from here to Wichita Falls where he was visiting, and the end came almost without warning.

Up to the time of going to press no particulars can be secured regarding funeral arrangements, but it is believed he will be buried at Wichita Falls beside his first wife. The following is the report published by the Wichita Falls Eagle:

"Allen Parmer, 79, member of Charles Quantrel's famous Civil War Brigade, and a West Texas pioneer, died here Tuesday night after a short illness. He was visiting here.

"Coming to Texas in 1870, Parmer settled in Grayson county and engaged in cattle raising. Three years later he moved to this section of the state and remained until 1905, when he became a railroad contractor working in Missouri, Arkansas and Mississippi. He moved to Alpine in 1920.

He is survived by his widow, Mrs. Kittie Parmer, two daughters, Mrs. B. Rose, of Fort Worth and Mrs. G. R. Edwards of Alpine and a brother Tom Parmer of Alpine."

The sympathy of all is extended to the relatives in their hour of sorrow.

STATEMENT

of the ownership, management, circulation, etc., required by the Act of Congress of August 24, 1912, of The New Era
Published weekly at Marfa, Texas for October 1927.

State of Texas,
County of Presidio, ss

Before me, a notary public in and for the State and County aforesaid, personally appeared W. B. Kilpatrick, who, having been duly sworn according to law, deposes and says that she is the publisher or general manager of the New Era, and that the following is, to the best of her knowledge and belief, a true statement of the ownership, management (and if a daily paper, the circulation) etc., of the aforesaid publication for the date shown in the above caption, required by the act of August 24, 1912, embodied in section 443, Postal Laws and Regulations, printed on the reverse side of this form, to-wit:

1. That the names of the publisher, editor, managing editor, and business managers are:

Publisher, M. M. Kilpatrick,
Marfa, Texas.

Editor, Managing Editor, Business Manager, W. B. Kilpatrick, Marfa, Texas.

2. That the owner is (if the publication is owned by an individual his name and address, or if owned by more than one individual the name and address of each, should be given below; if the publication is owned by a corporation the name of the corporation and the names and addresses of the stockholders owning or holding one per cent or more of the total amount of stock should be given.)

M. M. Kilpatrick, owner.

3. That the known bondholders, mortgagees, and other security holders owning or holding 1 per cent or more of the total amount of bonds, mortgages, or other securities are: (If there are none, so state).

H. H. Kilpatrick.

W. B. Kilpatrick,
Mgr.

Subscribed and sworn to before me this 28th day of October, 1927.

E. F. NICCOLLS

(Seal) My commission expires June 1st, 1929.

**THE
GOAT COAT
Had to Come!**

**GOATS
MUST HAVE
PROTECTION**

Disaster continually threatens any shorn flock of uncoated Goats, because the need of sheltering their naked bodies from a cold rain is imperative.

**LAST YEAR'S
LOSSES PROVE IT**

Unfortunately this is again emphasized by the severe losses throughout Texas during the rains of late September and early October. Death losses to some extent were suffered on nearly all ranches, while here and there, whole flocks were wiped out.

**40,000
GOAT COATS
NOW IN USE
PROVE THEM
SATISFACTORY**

Where flocks were handled CONTINUOUSLY after shearing, death losses were perhaps largely averted, but that insurance was bought at the price of damage. For so great is the damage in eaten out traps, with endless handling, that flocks merely live, producing much less than they are capable of earning. And any business that cuts down its income is certainly losing money.

**GOAT COAT
BENEFITS
MORE THAN
PAY FOR
THE COATS**

Forty thousand GOAT COATS in use have unquestionably proven them to be AN ABSOLUTELY SAFE SHELTER UNDER ANY EXTREME WEATHER CONDITION. They never fail. They are always there when needed, wherever and whenever they care to—uncrowded and unhurried—and then to rest undisturbed. This EVER PRESENT SHELTER conserves and husbands their bodies so that more hair is grown (and hair of a better quality) more milk for the kids—hence better kids—and these benefits going beyond insurance from death losses, ARE MORE THAN SUFFICIENT TO PAY FOR THE COATS.

**AUTOMATICALLY
LIGHTEN YOUR
WORK AND
INCREASE YOUR
PROFITS**

The benefits of GOATS COATS come automatically and WITHOUT LABOR. You are relieved from constant care, work and worry. You will be delighted when you use them.

**INVESTIGATE
NOW**

It is a blessing, that man naturally forgets his troubles, yet in business, he must force his memory backward to the unpleasant things in order to better provide for the future, so that you may be sure to obtain sufficient GOAT COATS for your spring needs, it is suggested you write us NOW for any information you wish, and book your order for future delivery.

An Inquiry will not oblige or embarrass you in any way. Write Today.

Hallowe'en will soon be here, and lost spirits will for one night arise and walk about in many forms. And many will be pranks in mischief played, but Hallowe'en gives no excuse for destroying property nor the display of Malice.

Needed Whiskey As Medicine.

Because he suffered last winter when he was unable to get all the medical whiskey he needed, James L. Baird, World War Veteran, bought a supply here in preparation for the coming winter, he said, in federal district court yesterday.

Baird, who is suffering with a tubercular spine, pleaded guilty to a liquor charge and was fined \$30.

He was arrested as he was about to take a train for Silver City. A number of pints of Whiskey were found in his baggage, the judge was told.

The liquor was for his own use, Baird said, adding that it helped him sleep. When he was at the Fort Baird army hospital doctors gave him drugs, the veteran said, but not wanting to become addicted to drugs he found that whiskey often enabled him to sleep without narcotics.—El Paso Herald.

Mining. First-Aid To Progress.

As late as 1855, aluminum sold for \$90 a pound. In 1880, Professor Jewett of Oberlin College told his class that the man who could produce cheap aluminum would be a public benefactor. One of his students, Charles M. Hall, took up the challenge, and five years later was given his first patent for cheap methods of aluminum production. The price has gone down as low as 15 cents a pound, and cheap aluminum has revolutionized living.

Radium was discovered less than third of a century ago. Helium gas was isolated a few years earlier, but the cost was almost in the aluminum or radium class until the last decade. Nobody knows the elements are still undiscovered; there are as important discoveries to be made, as aluminum or radium.

The business of mining is essential to civilization. It offers a career, employment, adventure, life. The community that has mine prospects of any kind, is committing industrial suicide if it fails to encourage mining as a first-aid to community progress and social uplift.

Lookout For The Law.

The State Highway Department has inaugurated a state wide campaign for the rigid enforcement of motor traffic laws. The action was prompted by reports that many motorists were using cars at night without head lights or a tail light.

State and county officers and highway patrolmen have been requested to enforce the law in this respect. The State also received many complaints of motorists who acquired second-hand cars and have failed to file with the tax collector a copy of the bill of sale and application for a transfer of license, \$1 fee. This failure entails a fine of \$5 to \$25 for the first offense and \$25 to \$200 for subsequent offenses.

Attention is called to the fact that all cars, no matter how old or worthless, in 1928 must have perfect lighting system. It is recommended that all motorists have a lighting system inspected before the rush period begins.—Van Horn Advocate.

Presidio Will Push Incorporation Move

The Border Times of October 21st in reporting the meeting of the Presidio Chamber of Commerce held on October 18 says:

The Chamber of Commerce met in regular session last Tuesday night and after transacting routine business, Judge Mead, a Marfa lawyer, was called upon to discuss the question of incorporating the City of Presidio. While his discussion was principally confined to legal questions and procedure still he made a very able and interesting talk upon the material advantage of being an organized municipality, instead of just an aggregation of so many people. He showed the assembled audience that it was almost an impossibility for a town to control proper health, police and sanitary conditions unless it was incorporated into a city government.

He stated that if we have as many as 500 inhabitants in the area proposed to be incorporated that upon proper petition to the County Judge, signed by at least 10% of the qualified voters of the proposed City and accompanied by a plat of the area proposed to be incorporated (not exceeding 2 square miles), the County Judge will order an election to be held within 30 days to vote upon the proposition which must carry by a majority vote. At the same time officers

for the Town would be elected so that if the incorporation proposal carried the City Government could be speedily put in motion. While there are several methods of incorporating Judge Mead suggested that the Commission form was preferable in that it had the fewest number of officers and ought to be operated more economically than the older Aldermanic system.

Under the Commission form of government there would be a Mayor and two Commissioners, while under the Aldermanic form there would be a Mayor and five Aldermen. All administrative officers under the Commission form would be appointed by the "Board of Commissioners" and most of them could be held by one person thus simplifying the work and rendering the public more efficient service. After Judge Mead's address he was given a vote of thanks for his instructive talk and, upon motion of Judge Estes the Chamber of Commerce went on record for favoring immediate incorporation.

OLD MINE STARTS UP

Mr. Cecil Smith, of Sherman, Texas, who has been associated with a mining company at Joplin Missouri, has secured the old Bird silver mine near Altuda, and is starting active work on the property this week. This property was worked to some extent in former years, but has been idle for some time now, like so many of the silver-lead mines over the country, until now the conditions seem more favorable and there is a general revival in the mining of the white metal. Mr. Smith has a force of men at work on the property now sinking a shaft with a view to tapping the ore body at a point where it can be worked to the best advantage.

Mr. Smith has moved his family to Alpine and will be located here while engaged in the mine work.

Officer Dud Barker of Alpine was in Marfa Thursday looking out for violators of the State Game laws.

Judge J. P. Weatherby of Fort Davis was a visitor to Marfa Tuesday.

BIRTHDAY PARTY

A very enjoyable birthday party was held Wednesday afternoon from 5 to 7 at the home of Sgt. and Mrs. Kennedy in honor of their little daughter Bernice's eleventh birthday. The decorations carried out the Hallowe'en motif, and many spooks and witches were seen in dark corners. The honored guests on this occasion were the Sunday school class of Bernice of the Christian church. Some 12 were present with their teacher Mrs. J. H. Roark who assisted Mrs. Kennedy in entertaining the little folks. The little honoree received many birthday remembrances and good wishes. A dainty refreshment course was served.

SHIPMENTS FROM MARFA

J. H. McIntyre of Fort Stockton, shipped this week 2 cars of stocker cattle to Fort Stockton. Courtney Mellard shipped 6 cars of cattle to Letts, Iowa, and 1 Car to Villisca, Iowa. W. B. Mitchell and Sons shipped 1 car load of calves to Smith-Grove Ky., J. R. Love shipped 3 cars of cattle to the market at Ft Worth. Ben Pruitt shipped 2 cars of cattle and 2 cars of calves to Peyton Packing Company of El Paso. Two cars of fine horses were shipped from Camp Marfa to Fort Bliss for the Horse Show. Lee Sproul of Fort Davis shipped 6 cars of apples to Del Rio and Larado. Cotton shipped to date this year, 1,427 bales. Cotton shipped to date last year 1,694 males. Marfa Oil Mill shipped 2 cars of oil to San Antonio and 5 cars of cake to various places in Missouri and Kansas.

LAWN PARTY

Last Monday afternoon on the beautiful lawn of Mrs. Thos. C. Crosson, Mrs. J. R. Jacobs and Mrs. Crosson complimented the Primary department of the Presbyterian Church with a lawn party. Each child dressed in the costume of the countries to which they send their missionary boxes. The Queen of Siam dispensed favors to each child as Mrs. Jacobs told interesting stories about each country presented. Many happy games and dainty refreshments were enjoyed on the spacious lawn. Mrs. Kenneth Smith was ready with a Kodak and caught a picture of these little foreign subjects. The children are looking forward to the next missionary party, which has become a permanent part of the primary work.

Wm. Duty has been this week in El Paso attending Federal Court as a juror.

STUDEBAKER COMMANDERS

Stock cars, fully equipped, and run under the supervision of the American Automobile Association

Break 11 more records

1000 MILES 24 HOURS
 at 75.365 miles per hour at 75.623 miles per hour
 (also 5-mile, 10-mile, 50-mile, 100-mile and 500-mile records) (also 1, 3, 6 and 12 hour records)

TWO Commander roadsters were started at the Atlantic City Speedway October 6, 1927, under supervision of the American Automobile Association. Not one, but both of them, established new stock car records for 1000 miles, for 12 hours and for 24 hours. Neither of them required any mechanical attention during the entire run. After finishing the 24-hour grind the winning Commander sputtered 15 miles at 82.62 miles an hour.

The Commander now holds all stock car records for periods up to 24 hours and distances up to 1000 miles.

Other Speed and Endurance Records Set by The Commander This Year

5000 miles in less than 5000 consecutive minutes—April, Culver City, Calif., under A. A. A. supervision.

New York Harbor to San Francisco Bay, 77 hours and 40 minutes—new coast to coast record set in September.

First and second places in 75-mile stock car race at Atlantic City under A. A. A. supervision on Labor Day.

First, second and third places in 75-mile race for stock cars listing below \$2000—Charlottesville, N. C., September 20th, certified by A. A. A.

Climbed Pikes Peak in 22 minutes, 47 seconds—new record for stock cars priced below \$3000. Supervised and certified to by A. A. A.

The Studebaker Commander, "greatest achievement of post-war automotive engineering," is the creation of the finest research and engineering organization ever assembled by one company.

D. G. Roos, chief engineer, and W. S. James,

research engineer, have not only splendid new laboratories and a million-dollar proving ground to work with, but also a staff of experts in every phase of automotive design.

Studebaker cars are engineered, built and broken in to run 40 miles an hour from the day you buy them.

And with ordinary gasoline they will excel the performance which other makes attain only by the use of high-compression engines and high-priced fuel.

Let us loan you a Commander—America's champion motor car—to tell you its own story of thrilling performance and luxurious comfort.

New Low Prices

The Dictator.....\$1165 to \$1295
 The Commander..... 1495 to 1625
 The President..... 1795 to 2250
 Erskine Six..... 895 to 965

All prices f.o.b. factory, including front and rear bumpers and 4-wheel brakes.

Halowe'en Entertainment

The Rebekahs on Manday night October 31st will give a Halowe'en party in the Odd Fellow's Hall to the Rebekahs and their families.

FAILS TO AGREE

In the suit of Mrs. Nell Gunn against the G. H. & S. A. Ry., on trial in El Paso this week the jury being unable to agree was discharged. Suit was for \$40,000 asked on account of the death of her husband killed near Sierra Blanca on June 7 while crossing the railroad track. At the time of the accident two other men were killed. At the time of the killing Gunn was residing on the river in Presidio County.

MRS. HARRIS ACCIDENTALLY KILLED AT PRESIDIO

Mrs. Nellia Harris of Presidio last Sunday while handling a pistol accidentally shot herself. She died almost immediately. The body was brought to Marfa Monday, and Tuesday taken to El Paso for interment.

RED CROSS SUNDAY

Commencing November 13th Red Cross Sunday—the annual nation-wide enrollment of members by The American National Red Cross and will end on Nov. 24.

Buy Now For Christmas

A very small payment will hold one of these for you until Christmas. Under our convenient deferred payment plan you can easily have it paid for by December 15.

CHURCHES

CHRISTIAN CHURCH PASTOR RETURNS FROM NATIONAL CONVENTION

The pastor reported a splendid program of simple, gospel messages delivered with spirit, power and conviction by master pulpites. Among some of the special features on the program were as follows:

Wallace Tharp, Tuscaloosa, Ala., the key-note man with the key-note message on "The Deity of Jesus."

Small on "The Authority of Jesus" delivered a masterly address.

J. H. O. Smith, Kansas City, on New Testament Baptism, was an outstanding spokesman with a plain, simple address with power.

W. N. Briney, of Louisville, Ky., on "What Must I Do To Be on an 'old time theme' with power and conviction.

T. H. Johnson, of Kansas, tho a young man, delivered a great message with telling effect, on "The Office of the Holy Spirit."

"Pentacost" by Chas. Scoville, was a master piece of pulpit oratory.

Edwin S. Sweeney, of Charlottesville, Va., brought a message of power on "The Autonomy of the Local Church."

Jesse R. Kellems, on "The Origin and Growth of the Restoration Movement," brought another outstanding message.

There were many other speakers with strong and powerful messages; but Wallace Tharp, Chas. R. Scoville, and Jessie R. Kellems were perhaps the most outstanding message bearers of the entire convention.

Another outstanding feature was the celebration of the Lord's Supper on Sunday afternoon. There were some eight thousand participants waited upon by some three hundred officers consisting of elders and deacons from the churches represented.

The entire program was built around the central thoughts of the redeclaration of the New Testament plea, the exaltation of the local church, and the recognition of Christ as the supreme head of the church, on which all His followers can unite. The program was only one of those outstanding features of the Three and a half years of celebration of the Nineteen hundredth anniversary of the work of Christ and the baptism of the Holy Spirit, the latter to occupy the last great program in Nineteen Hundred and Thirty.

Father Sage Says:

The ideal wife and the ideal husband are two of a kind that never make a pair.

DIPPING INTO SCIENCE

Our Most Valuable Food

One of our most valuable foods is the skin that forms on top of milk when it is heated. This substance is lactalbumin, and is composed of tiny clots which have formed under heat and floated to the top. It is possible for babies and invalids who are unable to take any other protein to digest lactalbumin.

In a Bad Fix from INDIGESTION

"I had suffered with indigestion for 6 years," says Mr. H. C. Dove, R.F.D. 4, Chester, S. C. "I had gotten to the place where I could hardly eat a thing—everything hurt me. I had smothering spells and fell off 20 pounds. I was in a bad fix.

"I read of Black-Draught and decided to try it. I do not believe that I would have been living today had it not been for Black-Draught. I had gotten to where I only ate milk and crackers, but after taking Black-Draught I began to eat and gradually got my appetite back. I gained in weight and felt better. I have not had a bad spell of indigestion in ten months."

Thedford's Black-Draught is prepared in a powder from medicinal roots and herbs. In use over 85 years.

Sold everywhere. 25 cents.

WILL PAY

I will pay Ten Dollars each for approved articles on each of the following subjects each article to contain not more than five hundred words, and to be submitted by January 1st 1928.

"Why the United States should pay the SOLDIERS BONUS Bill in Cash now."

"Why Each State should pay a Special Bonus to World War Veterans."

Why the Soldiers should have their present pay raised."

Why Law Should be passed that would prevent repetition of the conditions following the World War, whereby our soldiers were compelled to Beg and Patronize Bread and Soup Lines.

The winning articles, with name of Author, will be published in my booklet, "A Plea for the American Soldier," and all publication rights must be Assigned to Me.

My intentions are to put this Booklet in the hands of all the United States Senators and Representatives, State Governors and Congressmen, Soldier Camps and American Legion Posts, as it is for the benefit of the American Soldier.

Al G. Barnes Circus To Stop Here Nov. 13
 Famous Wild Animal Show Will Water Animals Here Sunday And Give One Performance.

The Al. G. Barnes Circus will be through Marfa, Sunday, November 13th, and in the afternoon of that day, will give a performance. The object of the Circus stopping over here on Sunday is not to force its presence on the community, nor does it want to conflict with any church observance in anyway. But according to law, the animals must be watered and fed so often, and on the long journey from San Antonio to El Paso, a distance of 620 miles, the watering and feeding places are Del Rio and Marfa, the Stop at Marfa falling on Sunday while the circus is en route to El Paso for a two or three day performance. There will be no street parade in Marfa, and only one performance in the afternoon, especially for the benefit of children to whom the display of so many wild animals will be interesting and educational.

This circus, not so large as Ringling Brothers, is equal to it in merit, carrying about five hundred horses and five hundred other animals, among them, the largest elephant in the world, whose name is Tusco. Jumbo owned by Barnum and Bailey, as everyone knows was the largest elephant until killed in a wreck in Canada several years ago, his weight was 6 tons. The stop-over in Marfa, as stated is compulsory for purpose of feeding and watering animals and to assure an

early arrival in El Paso the following Monday; and the performance which will be given in Marfa, will be isolated from the main part of town, and there will be no night performance according to the advance agent, who was in Marfa, Thursday.

LOST—Female Fox Terrier Dog, white, small brown diamond shaped mark on top of head. Answers to name of Di. Communicated with Mrs. F. B. Moore, Box 31, Presidio, Tex.

HEREFORDS TO MEXICO

Jackson and Harmon sold ten fine young Hereford bulls, to ranchmen from Mexico and they will be taken into that country to improve the stock of cattle on those ranges.

This will be another good mark for the Highland Herefords as the stock of the southern republic will bear the mark of this improved stock in a few years and will proclaim the superiority of the Highland Calf where ever they are seen.

The Topic Of Conversation By Telephone Or Otherwise Seems To Be Rogers Sale

It's The Talk Of The Town -- And We've Just Started

ROGER'S "STORE WIDE SALE"

Taking El Paso - By Storm

They are Coming from every Direction

Not only are the benefits - of "Roger's Store wide Sale" going to the people living inside the City limits of El Paso - but they are coming from miles and miles around.

They are coming from Hatch on the North - from Chihuahua City - across the border line on the South -- from Sanderson on the East and far as Oil Fields to the West.

Why wouldn't they come? We are giving the same service to our customers living one hundred miles and more away--We give to the people living inside the City limits of El Paso.

We make you the same prices. Open wide our Credit Books to those

wanting to open a Charge Account-to the Man or Woman who want to pay "Spot Cash" we want your business too and we're giving the limit to get it--Yes we give a "Special Cash Discount" on Sale Prices-- so we repeat--is it any wonder Roger's Store Wide Sale is the Talk of the Town?

You Know This Is A Repetition Of Our Sale Of Six Months Ago?

Do You Remember Our Store Wide Sale last April?

Do you remember how we marked down everything in our Store for that Big Selling Event? Do you remember how we opened up wide our Credit Books, so that everybody Rich and Poor alike might take advantage of the Sale? Do you remember how we said we want the name of every honest Man and Woman living in the Great South West on our Books.

We repeat-- Don't you remember that Sale? With us it was a "Never to be Forgotten Sale"-- and encouraged by it's wonderful Success we decided to repeat that "Never to be Forgotten Sale" again this Fall -- It's now in Progress.

As we say above--it's just started and the people are coming from far and near-- And well they may for it's the best opportunity you've had in many a day to buy Furniture, Rugs, Linoleum, and Draperies, You'll find many things reduced in price.

We Are Not Quoting Prices Today

It would be almost useless - We are Doing a wonderful Business - What you find on our Floors in One Hour may be gone The next

You can't guess- Furniture values by Newspaper prices, furniture is one of the things you must see before you buy, so price quoting don't mean anything- we want you to come to "Roger's Store Wide Sale" expecting to find the best values--we want you to come expecting more from us than from anyone else--You'll not be Disappointed.

 ENTERTAINMENT HERE**

First Lyceum Number Enjoyed By All
 George Emerson Frances, Will Be
 Next. On November 17th.

Thursday evening the First Lyceum number, sponsored by the Marfa Civic Club, was given at the Opera House to a large and appreciative audience. The program rendered was one of the best, if not the best lyceum program ever presented in Marfa. Each member is truly an artist of the highest type in his or her part. Mr. Dickson has a rich baritone, resonant voice of exceptional volume, and his personality is attractive, his manner unaffected. His songs were in a variety of dialects. For two years Mr. Dickson was bass soloist in the Second Presbyterian Church of New York City, and has had advantage of the very best training, having studied with Percy Rector Stephens, teacher of Reniald Werrenrath, Royal Dadman, and Paul Althofse. His wife Martha Dickson is a most impressive pianist, with a wealth of artistry and a charming personality. She displayed the highest type of entertaining ability in her selections. She was student at Damroch Conservatory of New York City, and also, studied with Francis More. Miss Stanley proved a real concert violinist and is well known in New York City where she has given many concerts. Her beautiful tones and her fine conception of technique won the admiration of all.

Shafter News

The ladies of this place met last week at the home of Mrs. Edwin F. Hill for the purpose of organizing a Club. It was decided that the Club should be called the "Shafter Study Club". A constitution and By-Laws were written and officers were elected as follows: Mrs. Edwin F. Hill, President; Mrs. Jack Little, Vice-President; Mrs. Fred Grey, Corresponding and recording Secretary; Mrs. H. W. Brooks, Treasurer; and Mrs. W. Goebel Ikard, Parliamentarian and Press Reporter.

The Club is to meet the second and fourth Thursdays of each month in the club rooms for study only. Mrs. Little is chairman of the program committee. It was also decided that one afternoon each month would be devoted to a social meeting of Bridge to meet at the homes of different members and once a month there will be a bridge dinner for men and women at the Ladies Club. After the business meeting Mrs. Hill served dainty refreshments to the ladies.

Misses Allie Runyon and Glenna Herring accompanied by Mrs. Henry Brooks and daughter June motored to Alpine and spent the past week-end with Miss Runyon's mother.

Mr. and Mrs. Edwin F. Hill were week-end visitors to El Paso.

Manuel Jiminez is a business visitor in El Paso this week from Shafter.

Mrs. W. B. Brinkman is entertaining the afternoon Bridge Club at her home this afternoon. There will be two tables of players and prize for high score will be awarded.

"Costume Jewelry will be a most popular item this winter. We have an excellent assortment of smart pieces which we would suggest that you select now and let us lay away for Christmas."

tesy and patriotic generosity of your citizens and ranch owners.

Such maneuvers are the only means through which the training of one of our largest units can be brought to a proper culmination, and their good effect on the Army is widespread.

It gives me great pleasure to express to you the appreciation of the War Department for the use of this terrain, and I would like you to convey my appreciation to all the ranch owners who contributed thereto.

Sincerely yours,
 DWIGHT T. DAVIS
 Secretary Of War.

**THE MARFA HISTORY
 CLUB MET TUESDAY**

The Marfa History Club held its regular October meeting Tuesday the 25th in the home of Mrs. W. Y. Yates with 16 members present. Plans for the State Federation which meets in El Paso, 7-12 of November, were discussed. Mrs. Fischer was elected delegate to this meet while Mrs. Yates was made alternate. Plans were made for the entertainment of some of the delegates of this convention who will stop off in Marfa on their return trip.

Reports, from the several committees who are arranging for the entertainment of the Sixth District on Nov. 18, were given in full. These plans are working out nicely.

After a very profitable business session the program as follows was given:

Subject: "Christianity And The Race Problem."

Paper—Race Distributions, Mrs. Wheeler.

"How Long Ago Was It Proclaimed A Self Evident Fact That All Men Are Created Equal," Mrs. Hill.

"Do People As A Rule Cherish An Opinion of Their Own Superiority", Mrs. Sutton.

Paper—"Partition and Colonization of Africa", Miss Jacobs.

Paper—"Sketch of the Life of Gandhi",

Paper—"The Hindu Race Study", Mrs. Miller.

"Can The Government of Backward Nations by Those More Advanced Be Justified."

"What Can Be Said of the Immigration of Africans and Orientals Into Our Homeland," Mrs. A. Kerr.

OFFICERS MAKE RAID
 (Continued from page 1.)

tigate conditions in the oil towns of Winkler County. Obeying instructions, Capt. Wright first went to the County seat of Winkler County, where he was directed to Wink, the six months old oil town of five-thousand population. On arriving at Wink Capt. Wright and his men were shown the best part of the town by the Sheriff and officers. There was nothing suspicious looking about the place except its complete ordiliness so the ranger captain and his men came away, but after returning to Marfa, unable to return himself, Capt. Wright decided to send his men back to the town unexpectedly to its citizens and officers of the law, and these men, under Sergeant Taylor, arriving as planned, were able to capture three gambling houses, 73 gamblers, a large still, a large quantity of whisky and nine hundred gallons of mash. This is one of many similiar raids made by Capt. Wright and his men, the outcome of which on gambling and bootlegging proves the value of the Texas Rangers to the State and country at large. Those making the raid on the Winkler Oil field under Sergeant Taylor, were: Capt. J. T. Laufflin, Pvt. Seerest, J. C. Parker and two Custom officers.

The next Lyceum number will be on November 17th. A lecture by George Emerson Frances, who will give an interesting talk on Jazz Jungle but it is not a criticism on Jazz.

The Civic Club is to be congratulated on their splendid efforts in bringing these high class artist to our town and we hope every one will appreciate what they are doing for our town, and come out and give them their undivided support in all they undertake, and especially patronize this lyceum course.

N. F. Work, of El Paso, Dep'ty U. S. Marshal was in Marfa Tuesday. He returned with Silverio Quistano who had ben bound over to the Federal Court by Judge Metcalfe, charged with having in possession 64 pints of liquor.
