

HOLD ROUSING RALLY

Clarence Nugent Speaks to Attentive Crowd

HE SCORES MR. TAFT

Other Prominent Democrats Make Short Talks—Good Cheer and Hopefulness In Evidence

A large and enthusiastic gathering of citizens met at the court house last Saturday afternoon to advance the cause of Democracy by providing new ammunition and much food for serious thought on the part of the Democrats was given in the talks made by three of the leading men of Plainview.

Judge Kinder made the opening speech in favor of Democracy in his usual happy vein, and introducing Hon. Clarence Nugent in a few well chosen words. Mr. Nugent, in his speech, unmercifully scalped the G. O. P. by speaking the truth and the whole truth about some of its leaders and principals. In the course of his remarks Mr. Nugent said that the labor and farming element should befriend Mr. Bryan, for the Republican party, having failed to put in their platform and injunction plank, and by so doing failed to support their wage earner who hitherto had been their most faithful friend in the northern states. He stated that Roosevelt and Taft believe more strongly in a centralized government than Alexander Hamilton did. Here he cited from the United States records where Hamilton did not believe in the interference of state courts by Fed-

eral courts except in matters of interstate commerce where such proceedings would be imperative.

Mr. Nugent also stated that the tendency of the Roosevelt-Taft policy is towards a moneyed oligarchy in which the common people have no part, while that of Bryan is to bring the government near to the people and to establish a social system whereby the principle of a government of the people by the people and for the people will be extended into economic relations. Mr. Nugent went on to say that Roosevelt and Taft are neither Republicans, Democrats nor true Americans as far as principle is concerned. The speaker went on to suggest two economic problems for solution, first the production of sufficient wealth to furnish food, clothing shelter and education for each member of society, and an economic distribution of that wealth. With the one advent of labor saving machinery, one man now produces as much as fifty men did forty years ago this fact has enabled society to provide sufficient wealth for its sustenance.

The second economic question Mr. Nugent thinks is yet to be solved, and can only be settled by such a system as will permit the farmer and wage earner to enjoy a just portion of the wealth they create and beautify. Mr. Bryan and the Democratic party are undertaking to solve this problem. The Republican party is in favor of learning this question alone and trusting to a "God of Gold" and the "Dogs of war"

Mr. Nugent's able address was two lengthy to give in full but the substance of it is given above. It goes without saying that it was a seathing denunciation of Taft and his power behind the throne and that the audience showed their appreciation of his eloquence by frequent cheering.

Judge Lancaster made the closing speech of the afternoon urging the Democrats to contribute to the campaign fund. The request was met with a generous response on the part of the Democrats present. During the afternoon the Praetorian band discoursed inspiring strains of music between the political talks. The ladies were kindly invited to be present and would have enjoyed it had they been there but for some reason or reasons they were conspicuous by absence. The time has come when when women should take an interest in the affairs of state and keep up to the mark with their husbands and brothers.

CAMPAIGN FUND

Neat Sum Forwarded to General Committee By the Plainview Democratic Organization

The Plainview Bryan and Kern Club has sent a contribution of one hundred dollars to the National Campaign Committee and is thereby entitled to a place on the honor roll.

Political Campaigns cannot be run without money and every patriot should lend his aid, for the National Committee is short of funds. The Democratic Committee is not in league with the trusts, and the people will have to contribute funds for a campaign in the interest of "The people should rule."

Three Dray Loads Of Products Shipped

A SPLENDID DISPLAY

Every Imaginable Farm, Garden and Orchard Product Finds a Place In County Exhibit

The Hale county exhibit which was sent this week to the Dallas Fair will attract attention in that bustling center. Three dray loads of fine fruit, farm products and other notable articles left Plainview under the care of men who know how to push things.

The enterprising business men of Plainview raised a sum sufficient to cover all expenses connected with the the display, and the merchants generously gave boxes for packing. Hale county has done a good thing in calling the attention of the visitors at the fair to this bright particular corner of the world. Some of the designs prepared for the exhibit were artistic and attractive, and are calculated to greatly enhance the beauty of the display.

B. E. Sebastian made a trip to Amarillo the fore part of this week. He returned Thursday evening and in conversation with a Herald representative he stated that he had just closed a deal for lots five and six on west side of the square. He purchased these lots from Mrs. M. L. Parish, of Bridgeport, Texas, at the consideration of \$6000.

Knights of Pythias Entertain Guests With Most Sumptuous Banquet

The main feature, at least to the outsiders, of the district meeting of the Knights of Pythias was the reception and banquet given in honor of the visiting knights last Tuesday night. A large number were in attendance, including the knights of the local lodge, their families, their invited guests and the visitors from abroad. The opening address of the evening was made by Dr. G. W. Carter. His remarks were full of loyalty to the Pythian cause, and inspiring to those who heard them. He bade the guests welcome to which a response was made by R. L. Pickett of Lubbock.

Miss Mabel Wayland delighted the audience with a vocal solo,

which was rendered with rare sweetness and beauty.

R. M. Seward of Tullia made a witty and humorous talk stating, "Why we are here," in which he gave several good reasons for being in Plainview on this particular occasion. If he was glad to be here, everyone present was glad to listen to his remarks.

The crowning event of the evening was the banquet, and such a banquet! All honors be to the Pythian sisters for the dainty, sumptuous and abundant style of their menu. The tables were beautifully decorated with chains of color of crepe paper in the Pythian colors, red, blue and yellow, reaching from the table to the lights above. Cut flowers and pyramids of purple grapes surrounded by

golden oranges and scarlet apples, still further demonstrated the color scheme of the evening. Nut salad, sandwiches, olives, ambrosia, an infinite variety of cake, coffee and chocolate formed a bill of fare to suit the most fastidious.

After supper the crowd adjourned upstairs to the castle hall, where they had a "feast of reason and a flow of soul," furnished by those who were on the program. Miss Madge Hall read an original and interesting paper on "The Objects and Aims of the Pythian Sisters," in which she clearly and beautifully demonstrated the object of that order.

Dr. J. H. Wayland gave a good talk on the relation of the medical profession to Pythianism, he showed however, that however

that in some cases medical aid was entirely unnecessary, and that any Sir Knight might come to the aid of a forlorn damsel.

Miss Santa Wright, by her realistic reading of "Picketts Charge at Gettysburg," brought back the days of the civil war, and we held our breath as we saw in imagination, the deadly charge of the men in gray.

W. A. Parker, editor of the Plainview News, spoke in such a feeling and touching way on "A Woman," that it showed he is deeply interested in the subject.

W. A. Morter, in a well worded and timely address, stated "Why we asked you to come."

A quartette consisting of Mrs. Lloyd Mayhugh, Miss Lockie Mayhugh and Messrs. Hinn and

Hatchell gave the "Levee Song" in such a taking manner that it elicited much applause from the audience and a call for an encore.

A. C. Hatchell gave in a thrilling manner his experiences in riding the goat. Judging by the clear and concise manner in which he related his trials showed that the effort did not effect his mental quality.

Judge L. S. Kinder was the presiding genius of the evening, calling forth in his well chosen remarks the best that was in each speaker and making everyone feel at home. The entire evening was one of good fellowship and cheer; one of the occasions from which the guest goes home with more love in his heart for his fellow men and more charity for all.

WOMAN'S HOME MISSION SOCIETY

Written by W. H. M. S. Reporter

The initial service of the W. H. M. S. week of prayer was held Sunday morning in Bro. Barcus's sermon relating to our general subject for the week, the rescue work and our mission and training school at Dallas. Disagreeable weather and other causes have prevented the week day meetings from being as well attended as usual but the services are full of interest and instruction.

The missionary institute and rally for the Clarendon and Plainview Districts will be held at Amarillo next Saturday and Sunday.

It is expected that Plainview will send quite a large delegation from both home and foreign societies, and it is hoped that a good number of visitors will go also, as the meetings will undoubtedly be of much interest to others as well as members. Miss Davis of the foreign and Miss Head of the home mission society will be present and each is capable of giving the best instructions in her work. There will be no meeting of the society on account of the absence of so many of the members.

Letter to Warren & Reeves

Plainview, Texas

Dear Sirs: Ten years ago, there was one pure paint and 200 adulterated; there are now eight pure, 200 adulterated, about half of the latter sport-measure besides.

There is still but one best, and the difference is ten gallons Devoe goes as far as eleven next-best—\$5—in every ten gallons.

A new word has come up in paint; it is strong. Strong paint goes further and wears longer; weak paint takes more gallons and wears-out sooner.

The proper cost of a ten-gallon job is \$50. Paint that takes 11 gallons makes it \$55. Paint that takes 12 gallons makes it \$60. Paint that takes 13 gallons makes it \$65. Paint that takes 20 gallons makes it \$100.

The \$50 job wears twice as long as the \$100. These figures are not precise; they are round. The ten-gallon paint is Devoe.

Yours truly

It Pays

Last month the Herald, through the agency of a small "want" advertisement, sold for one of its patrons two improved tracts of land. The little notice cost only a trifle to find a buyer for a deal of good proportions. The profit to the advertiser in either case was many hundred per cent on the amount invested in advertising.

Accident

While baling hay on L. A. Knight's farm near Runningwater last Friday afternoon, Shorty Reynolds had the misfortune to get his foot caught in the hay baler, cutting it severely. Dr. O. H. Judkins of Plainview dressed the wound and alleviated the sufferings of the patient to some extent.

Installation of Officers

At the regular meeting last Friday night of the Plainview chapter, of the Order of the Eastern Star, the following office bearers were elected: Colonel R. P. Smythe, Worthy Patron, Mrs. L. S. Kinder, Worthy Matron, Mrs. L. A. Knight, Associate Worthy Matron, Judge L. S. Kinder, treasurer, W. A. Todd, secretary, Mrs. E. C. Nelson Conductress, Miss Lena Cannan, Associate Conductress.

In addition to the business of the evening, light refreshments were served, and a pleasant social time enjoyed. The membership of this lodge has increased very rapidly during the past year, and that it is in a very flourishing condition is shown by the large attendance at every meeting, and the great interest manifested by the members.

Pleasant Evening

A merry party gathered last Friday night at the home of Mr. and Mrs. C. S. Ebeling, six miles west of Plainview. Dancing and games of various kinds occupied the fleeting hours. Lemonade and a variety of cake were served the large number of guests from the neighborhood and the following went out from Plainview.

Misses Hattie Bruckner, Minnie Sammann, Emmie Harsh, Cocke, Mageret Ulrich and Messrs. Elmer Anderson, Charlie Jueschke, Moritz Goebel, Walter Richter and G. W. Baker.

E. R. Williams has a licensed embalmer in his house and is ready at a moment's notice to answer all calls for embalming and undertaking.

Everyone cordially invited to attend both services.

Visiting Knights

W. E. Lair, A. S. Rollins and J. D. Gamble expect to leave for Plainview next Monday to attend the district convention of the Knights of Pythias. Mr. Gamble is on that program to make a speech in response to the address of welcome. The meeting will be held on Tuesday and Wednesday of next week.—Randall County News

"Some Potatoes"

N. W. Jones has the record on sweet potatoes. He had a row 80 yards long. Gathered six bushels. Counting fifty such rows per acre would make 300 bushels to the acre. At \$1 per bushel which is a reasonable figure the acre would raise \$300 worth of seed potatoes.—Lockney Beacon.

ADVANCE OF PRICES

An obvious and undeniable fact is the advance of prices in all lines, either actual or relative.

First we all notice the actual advances. Every lady knows her thread costs her more than two years ago. And so, ad infinitum, there is a uniform advance in the price of all manufactured articles.

Then, there is the relative advance of prices, which is even greater than the actual. For, with every possible reduction in the expense of manufacture by improved machinery and consolidation, prices stay up or rise higher. Now, all recognize this rapid this rapid advance, especially the actual, but who can account for it? Some say, "monopoly." Some say, "prosperity and the law of supply and demand."

A writer recently, in attempting to be humorous, said: The more the cost of living advances, the more labor advances, the more it will cost to live, and so prices go skyward with accelerated velocity.

Some say that if Bryan is elected all prices will go down. They evidently believe that Republican policies have much to do with the

wave of "prosperity" for it is difficult for the average mind to distinguish between a rise of wages to the level of other utilities and necessities, and a wave of actual prosperity. But what caused the present rise of prices?

Remember that when Mr. Bryan advocated "free silver" as the unlimited coinage was, there was a great cry raised about "inflated currency."

Now, after the terms of Republican administration we have this very thing without "free silver"—not by legislation, but by co-incidence. Since gold was discovered in the Klondike, that country alone has produced more gold than was known to exist in all the world's treasuries up to that time. Now that the dredging systems have been introduced whereby river beds are worked for gold, the supply is increasing more rapidly. Now, as visible gold multiplies, its value depreciates. Since all monetary systems are based on gold, if gold depreciates, other things must rise. Here is the principal solution of the rise of prices: Trusts, combines, high tariff, the Farmers' union, etc., may play their part on some commodities, to be sure, but Mr. Bryan's election or tariff revision could not stay the output of gold and its consequent depreciation.

During the past few weeks the scenes of the great political drama have shifted with bewildering rapidity. Charges and counter charges have been made; reputations have been tarnished, and political careers blighted. Above all the clamor and strife stands the only participant who has come forth from the battle unstained. His true worth and all the personality is made all the more striking by the contrast with the smaller natures around him. No shaft barbed with the venom of hate and

with the envy of baseness has been able to pierce the armor of his integrity. None of the slime of vituperation with which others have been defouled has clung to his garments, and today he stands as the greatest living example of the honest politician and honored citizen.—William J. Bryan.

Praetorians Award Membership Prizes

The Praetorians met on Wednesday night, the 7th instant, for a social time, and for the purpose of awarding the prizes won by the indefatigable workers for the cause of Praetorianism.

Mayor Delay made an address on the occasion and awarded the various prizes to the rightful winners. Mrs. Jeff Pippin won the first prize, a handsome gold watch; Mrs. F. B. Grant, the second, a beautiful center table donated by E. R. Williams; Mrs. J. D. Hanby, the third, a silver fruit stand, donated by Wilbert Peterson; Mrs. Billie Mitchell, the fourth prize, a solid gold ring given by C. A. Bowron.

The other prizes so generously donated by some of the business men of Plainview were distributed to the prize winners by taking a list of the presents, cutting each one separately, putting them in a hat and letting the contestants draw. This plan produced much merriment, especially when Mrs. Billie Mitchell drew the slip giving her the soup bone, donated by the West Side Market.

Refreshments were served and a most interesting talk made by J. J. Oxford, manager of the Alfalfa Lumber Company. Dr. J. D. Hanby was master of ceremonies, which goes without saying that the affair was a success.

The Herald failed to get this last week, but takes pleasure in publishing it in this issue.

ART DEPARTMENT

CENTRAL PLAINS COLLEGE CONSERVATORY

EVERY LADY will be specially interested in the study of Art. Nothing is so refining as well as fascinating and entertaining as this study. Ladies can soon be able to decorate their homes with a variety of beautiful paintings. We are very fortunate in having secured the services of Miss Lissie Bell Walker, a graduate of Southwestern Conservatory, as teacher of Art in Central Plains College.

Miss Walker is a woman of exceptional ability as an artist and we are enabled to offer very fine opportunities to students in this department.

We print here a few from a number of splendid testimonials to Miss Walker's ability as an artist and teacher. (These testimonials are from the best artists and teachers of art in the state and are of course to be relied upon.)

TO WHOM IT MAY CONCERN: It gives me great pleasure to recommend Miss Lissie Walker as an art teacher. She has proven herself a very able student while under me, and I am sure she will be as conscientious and thorough in instructing as she has been in her studies.
Respectfully, F. REAUGH, Southwestern Conservatory.

TO WHOM IT MAY INTEREST: It gives pleasure us to bespeak for the work of Miss Lissie B. Walker in terms of the very highest commendation. She has been in our art department during the entire season just closed, and is regarded by all of our teachers as a student possessing a very high order of talent; and in addition to this has pursued her studies with the conscientious application and intelligent understanding that is indicative of artistic success.

We heartily commend her services to anyone seeking a teacher, and believe that in her they will secure a most successful exponent of modern art.
Yours very truly, THE SOUTHWESTERN CONSERVATORY, Inc. (Per Clarence Magee)

PRICES

In order to introduce the work and build up this department in the College by securing as many students as possible, we have put the cost of tuition at the minimum. For work not nearly so good, the price is usually more than double our figures.

All work will be done at the College Art Studio under the immediate instruction of Miss Walker. She can take only so many pupils and those desiring instruction will do well to apply at once to the president of the college.

L. L. GLADNEY, D. B., President, Plainview, Texas.

KAFFIR CORN SYRUP

New Food Product Is a Recent Discovery

GREAT POSSIBILITIES

Another Probability of Enlarging Usefulness of Plains' Greatest of Crops—Kaffir Corn

An article commenting from Comanche, Texas, tells of a farmer in that country who finds kaffir corn a good producer of syrup. He believes that "with more care in its preparation it can be made to equal the famous ribbon cane." This view is almost too optimistic, yet there are many undiscovered sources of wealth in Texas productions, and it may be possible that a good commercial syrup can be manufactured from the kaffir corn stalk. If this proves true the Panhandle of Texas will contribute many train loads of the sweetness and reap a harvest of dollars, as kaffir corn grows more luxuriantly in this region than elsewhere on the globe.

The making of syrup from kaffir did not originate with the Comanche county man as tests have been made in the Panhandle and elsewhere, though the industry has not been pushed. Yet the work of the Comanche man is appreciated, as each endeavor along this line adds knowledge to a subject that may become an important one.

The article from Comanche says: "James B. Napers of this county has made an innovation in the use which he gets out of kaffir corn. Out of the stalk he has made some seventy-five gallons of syrup, which is much better than sorghum and which compares favorably with the best ribbon cane syrup.

Mr. Napers believes that with more care in its preparation it can be made to equal the famous ribbon cane. Kaffir corn can be grown so much more cheaply than ribbon cane, and this industry, if developed, might revolutionize the making of syrup.

Out of the head of the corn Napers made a splendid article of meal which produces good bread, as well as cakes."—Daily Panhandle.

When it comes to syrup this country can raise as much and as good cane as any on the globe and we don't therefore need to make syrup from kaffir corn stalks, but we do believe that if the experiment is ever tried the best and largest quantity of denatured alcohol can be made from these stalks than from anything else. By the way, this Panhandle country can raise more different kinds of stuff than any other place that we can find.—Randall County News.

LADIES' CIVIC LEAGUE

Fair Sex Organizes For City's Betterment

TOWN IS DISTRICTED

Organization Being Perfected—One Division Reports This Week Much Work Is Outlined

One of the best things that has come before the city of Plainview is the organization this week of a civic league for the beautifying of homes and streets of our city. The town has been divided into sections under the management of some of our leading ladies, who are the promoters of the league. They are working for the good of Plainview and deserve all the help they can get from the home makers of the city.

We publish a report in this issue from west Plainview. The east side will report next week.

THE REPORT

Plainview is rapidly developing into a little city. In view of this fact the ladies are eager for the co-operation of the citizen in organizing a club for civic improvement. If we all work together with this common interest, we can make Plainview one of the most beautiful cities of the west. We have this advantage over most other towns, in as much as the water is inexhaustible, making it an easy matter to beautify our lawns with vines and flowers, the object of this organization shall be to improve Plainview in general and to make attractive in every possible way all public grounds.

Successful Meeting

A communication has been received from Tahoka telling of the successful meeting recently held at that place by Rev. C. M. Shuffler former pastor of the Methodist church at this place.

Sixty conversions are reported during the meeting, forty joining the Methodist church, and the others uniting with the various churches in the town. Brother and sister Shuffler have endeared themselves to the people of that section during their stay in Tahoka and the words of praise said in their favor are heartily endorsed by their old friends in Plainview.

Mrs. L. S. Kinder and Mrs. R. A. McWhorter left last Saturday morning for Beaumont, where they go as delegates from the Plainview Chapter to the Grand Chapter of the Order of the Eastern Star, which convenes in that city on Tuesday of this week.

Special Bargains

Married

Last Wednesday morning as the earliest rays of the sun lighted up the world, Mr. Verner Talmadge Glenn and Miss Pearl Pearson were united in marriage at the home of the brides parents, Mr. and Mrs. H. S. Pearson of this city.

Rev. T. S. Barcus, pastor of the Methodist church, pronounced the solemn words which made them one. An elegant three course wedding breakfast was served the immediate family of the bride, the officiating clergyman and the following invited guests, Misses Rosa Cole, Mae Hall, Rosella Brashear, Lucile Johnson and Messrs. Hunt, Yates, Keck and Carter. Many handsome and costly presents were received by the young couple in token of the esteem and affection of their numerous friends. Mr. and Mrs. Glenn left on the 8:40 train for Wellington, Texas, their future home. Mr. Glenn was formerly employed at this place by the Santa Fe and is well known and liked by those who knew him, during his sojourn in Plainview. The bride has lived in this city for the past eighteen months and is one of the most popular of the social set.

The novelty of the early nuptial hour the beautiful floral decoration and the cutting of the brides cake, all combined to make the occasion one long to be remembered by those who were so fortunate as to be present.

In the latter ceremony, Earl Keck was the happy recipient of the ring, Miss Cole won the dime, Miss Hall, the needle, and Mr. Hunt the button.

COLLEGE NOTES

Nice Batch of Dots About Things Going On at That Institution By the Official Reporter

Many automobiles have passed the college recently filled with prospectors. It is to be hoped that they like the country, bought land and will settle here to help make this beautiful country better.

The good breezes and fine winds make one feel much invigorated.

The sunrise and sunset are mystically beautiful to the easterners. The golden tints and hues are something they have not seen before, there are no trees and hills to obstruct the sight and the rays of the sun-light fall directly upon us. This indeed is a good country.

The Rev. Mr. Harmon filled the college pulpit Sunday in the absence of Dr. Gladney.

Mrs. Davis, the new teacher in voice, has just arrived. We are glad to see her among us.

We have not ask Mr. J. Robinson whether it is cold up where he lives or not but the wind makes it rather col for us down here.

There are some "sharp" students in school. There are also some dull ones.

Band director W. J. Murdock seems to be very proud of the new band instruments that have just arrived. They are new costly and pretty. A fine band is expected.

The reading on last Saturday evening was much enjoyed by all. "The night ride of the over-land" almost threw some into ecstasies. Another would be welcomed and appreciated.

Our college literary society meets on next Saturday evening. Leaps forward are planned.

Onward, upward, higher and higher, is the students motto.

Everything good to eat at Irick & Fairris, north side of square. Buy your groceries from them, they will treat you right.

I have my store now filled with all kinds of new and second hand goods at the lowest price ever sold in Plainview.—W. A. Nash.

We want to see all the freighters in, near and around our store when they are in need of anything in our line.—Hammer & Marrs.

Mr. and Mrs. G. M. Phelps and little son left on Thursday for their home at Dayton, New Mexico. Mrs Phelps states to a Herald reporter that things were blooming now at Dayton, oil having been recently found there.

Free-Will Offering

Last Friday afternoon at the home of Mr. and Mrs. Hal Wofford, Mrs. Marshall Phelps and Mrs. Hal Wofford were hostesses at a very pleasant social given under the auspices of the Mystic club for the benefit of the public library fund.

Tea coffee and cake were served in the dining room from a table prettily decorated with the club colors and bowls of white cosmos and yellow nasturtiums.

An informal program was rendered during the afternoon, consistinu of piano solos by Mrs. E. R. Williams and Miss Emma Mayhugh, several songs by Miss Mabel Wayland and a reading by Miss Santa Wright. Quite a nice little sum was realized for the library and a most pleasant afternoon was spent by those who called.

The club intends having these socials upon an avrage of one a month during the coming winter and the members of the club hope that the ladies of Plainview will patronize them as often as they can

East Side Social Club

On Wednesday afternoon at three o'clock the doors of the beautiful home of Mrs. W. N. Wardlow were open to the members of the East Side Social Club and a few invited friends. Tables were arranged for the popular "42" and after a few minutes of merriment dainty score cards were passed preparatory to the fun following. Seven games were played and all were enthusiastic as this was the first meeting after a vacation of two months. Dainty refreshments of cake and chocolate were served. Mrs. Rogers and Miss Lochie Mayhugh were winners of the favors for progression, Mrs. Rogers winning the pink ribbon, Miss Mayhugh the blue. Mrs. S. W. Meharg won the club pin for high score. All were loath to leave but each departed pronouncing her hostess unsurpassed in entertaining. All members of the club are requested to meet in business session with Mrs. J. H. Slaton, Tuesday afternoon, October 20th, at three o'clock. Let all be present. Reporter.
