

CITATION BY PUBLICATION.

THE STATE OF TEXAS, To the Sheriff or any Constable of Hale County—GREETING: You are hereby commanded, that you summon, by making Publication of this Citation in some newspaper published in the County of Hale, if there be a newspaper published there in, but if not, then in any newspaper published in the 64th Judicial District, but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest district to said 64th Judicial District, for Four weeks previous to the return day hereof, Frank Sevasin, whose residence is unknown, to be and appear before the Honorable District Court of Hale County at the next regular term thereof, to be holden in the County of Hale, at the Court House thereof, in Plainview, on the 27th day of November, A. D. 1911, then and there to answer a Petition filed in said Court, on the 9th day of October, A. D. 1911, in a suit numbered on the docket of said Court No. 658, wherein James W. Johnson is Plaintiff and Frank Sevasin is Defendant. The Nature of the Plaintiff's demand being as follows, to-wit:

Now comes James W. Johnson, who resides in Adair County, Iowa, hereinafter called Plaintiff, complaining of Frank Sevasin, whose residence is unknown, hereinafter styled Defendant, and for cause of action Plaintiff represents to the Court that heretofore, on or about the 26th day of January, A. D. 1909, defendant made, executed and delivered to John W. Campfield and E. E. Winn his two several promissory notes for the sum of One Thousand Six Hundred and Fifty (\$1,650.00) Dollars each, and each bearing date on day and year aforesaid, and due on or before January 26, 1910, and January 26, 1911, respectively, and payable to the order of John W. Campfield and E. E. Winn, bearing interest at the rate of 7 per cent per annum from February the first, A. D. 1909, and further stipulating that all past due interest should bear interest at the rate of 8 per cent per annum, and stipulating an additional 10 per cent on both principal and interest as attorney's fees in case of suit or if placed in the hands of an attorney for collection: And plaintiff further shows to the Court that on or about the 15th day of November, A. D. 1909, E. E. Winn duly transferred, for value, in writing, to John W. Campfield his undivided interest in said notes, and that later, to-wit, on or about the second day of September, 1911, John W. Campfield duly transferred, for value, in writing, to plaintiff herein said notes: And plaintiff further shows to the court that on or about the 27th day of March, 1909, defendant and plaintiff (with plaintiff as surety) made, executed and delivered to The First State Bank of Adair County, Iowa, their certain promissory note in the sum of One Thousand Four Hundred (\$1,400) Dollars, payable to said Bank or their order, at Orient, Iowa, on or before the 27th day of March, 1910, with interest at the rate of seven per cent per annum from date until paid, and at the time of the execution of said note defendant executed and delivered to plaintiff his certain Mortgage or deed of trust, which said deed of trust is of record in the deed of trust records of Hale County, Texas, in Book 3, page 337, to secure this plaintiff against the payment of said note; that on or about the 28th day of February, 1910, plaintiff paid said note and said note was turned over to plaintiff; whereby, by reason of the matters and facts set forth above, defendant became bound and liable to pay and promised to pay plaintiff the sum of Money in said notes specified, together with all interest thereon according to their face and tenor thereof. That the said first two described notes were given for a part of the purchase money of the following described real estate situated in Hale County, Texas, to-wit: The South One-Half of Survey No. 10, in Block R, surveyed for the public free school fund of Texas, by virtue of Certificate No. 599, E. L. & R. R. R. Co., and containing 320 acres of land; That said property was heretofore, to-wit, on or about the 26th day of January, A. D. 1909, conveyed by John W. Campfield and E. E. Winn to defendant, by their deed of writing of that date, in consideration, among other things, of the first two notes herein described, and in said deed of conveyance a lien was reserved there-

on to secure the payment of the said two notes; that in the transfer of said two notes above described the lien against the land was also transferred: And Plaintiff further shows to the Court that the mortgage or deed of trust above referred to was given on the above described land and premises as a second lien subject to the vendors lien above described, and to secure plaintiff against and in the payment of said note for one thousand and four hundred (\$1,400) dollars: That each and all of said notes are due and unpaid, and defendant, though often requested, has failed and refused to pay said notes, each or either of them, or any part thereof, but the same remains still due and unpaid: That said notes have been placed in the hands of Geo. L. Mayfield, an attorney, for collection, and Plaintiff has contracted to pay him the ten per cent attorney's fees stipulated therein. Wherefore, Plaintiff prays the Court that defendant be cited by publication to appear and answer this petition, that he have judgment for his debt, interest, attorney's fees and cost of suit, and for the foreclosure of his liens on the above-described land and premises, and the same be decreed to be sold according to law, that the sheriff, or other officer, executing said order of sale, shall place the purchaser of said property sold under said order of sale in possession thereof within 30 days after the day of sale, and for such other and further relief, special and general, in law and in equity, that he may be justly entitled to, etc.

Plaintiff has contracted to pay him the ten per cent attorney's fees stipulated therein. Wherefore, Plaintiff prays the Court that defendant be cited by publication to appear and answer this petition, that he have judgment for his debt, interest, attorney's fees and cost of suit, and for the foreclosure of his liens on the above-described land and premises, and the same be decreed to be sold according to law, that the sheriff, or other officer, executing said order of sale, shall place the purchaser of said property sold under said order of sale in possession thereof within 30 days after the day of sale, and for such other and further relief, special and general, in law and in equity, that he may be justly entitled to, etc.

Plaintiff has contracted to pay him the ten per cent attorney's fees stipulated therein. Wherefore, Plaintiff prays the Court that defendant be cited by publication to appear and answer this petition, that he have judgment for his debt, interest, attorney's fees and cost of suit, and for the foreclosure of his liens on the above-described land and premises, and the same be decreed to be sold according to law, that the sheriff, or other officer, executing said order of sale, shall place the purchaser of said property sold under said order of sale in possession thereof within 30 days after the day of sale, and for such other and further relief, special and general, in law and in equity, that he may be justly entitled to, etc.

the first Tuesday in November, 1911, the same being the 7th day of said month, at the Court House door of Hale County, in the town of Plainview, Texas, between the hours of 10 a. m. and 4 p. m., by virtue of said levy and said Order of Sale, I will sell said above-described Real Estate at public vendue, for cash, to the highest bidder, as the property of said F. F. Faulk et al. And, in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in The Hale County Herald, a newspaper published in Hale County.

County Herald, a newspaper published in Hale County.

Witness my hand this, the 11th day of October, 1911.

G. A. LONDON, Sheriff, Hale County, Texas.

SHERIFF'S SALE.

THE STATE OF TEXAS, County of Hale.

NOTICE IS HEREBY GIVEN, That by virtue of a certain Order of Sale issued out of the Honorable District Court of Hale County, on the 9th day of October, 1911, by the Clerk of said Court, for the sum of Two Hundred and Eighty-seven Dollars and Fifty-five Cents (\$287.55), and costs of suit, under a judgment, in favor of A. E. Harp, in a certain cause in said Court, No. 636, and styled A. E. Harp vs. J. D. Hanby and Eva Hanby, placed in my hands for service, I, G. A. London, as Sheriff of Hale County, Texas, did, on the 20th day of August, 1911, levy on certain Real Estate, situated in Plainview, Hale County, Texas, described as follows, to-wit: All of Lots Nos. 7 and 8, in Block No. 20, in the original Town of Plainview, Hale County, Texas, and levied upon as the property of J. D. Hanby and Eva Hanby. And on the first Tuesday in November, 1911, the same being the 7th day of said month, at the Court House door of Hale County, in the Town of Plainview, Texas, between the hours of 10 a. m. and 4 p. m., by virtue of said levy and said Order of Sale, I will sell said above described Real Estate at public vendue, for cash, to the highest bidder, as the property of said J. D. Hanby and Eva Hanby.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in The Hale County Herald, a newspaper published in Hale County.

Witness my hand, this 9th day of October, 1911.

G. A. LONDON, Sheriff, Hale County, Texas.

SHORT ON COTTON PICKERS.

This country is short on cotton pickers, consequently cotton is not coming in as fast as it should. Our gins are turning out bales as fast as the seed cotton is delivered, and doing its work fast and good. In fact, the gin is up-to-date in all its appointments.

Jupiter Pluvius is now wasting a lot of rain on this section of the country. Whenever we have more of anything than we can use to advantage or dispose of, we count it waste.

Our streets are sloppy and muddy, some of our crossings are uncrossable, and none of them any too good. Old Jerry (Sockless) Simpson, while attending a cattle convention during a wet spell like this at Amarillo, in a speech said that "mud and civilization go hand in hand." If Jerry was correct, we ought not grumble, as our streets will gage over 100 proof. If Old Jerry could look down upon us now, he would see that we are in the swim.

ANNOUNCEMENT

Readers of THE HALE COUNTY HERALD will be pleased to learn that for their benefit we have made an arrangement by which each may receive, on making application, a complimentary copy of

UNCLE REMUS'S HOME MAGAZINE

which, since it has been enlarged and greatly improved, has been aptly called "Dixie's Great Monthly." Uncle Remus's is now one of the most noteworthy and attractive of American magazines. It is made for Southern readers and throbs with the heart-beat of Dixie.

Fill out this coupon with your name and address, send it to this office, and we'll see that you receive a copy of this magazine.

Publisher, HALE COUNTY HERALD, Plainview, Texas.

In accordance with your announcement, please have a copy of Uncle Remus's Home Magazine sent to my address.

Cottolene

A friend of Appetite and Digestion

Cottolene agrees with the stomach because it contains no indigestible hog fat. It is made from choice, refined cotton oil, which modern physicians recommend as being fully as healthful as olive oil. Goes one-third farther than butter or lard.

For shortening or frying there's nothing to equal Cottolene—

"Nature's Gift from the Sunny South"

Made only by THE N. K. FAIRBANK COMPANY

THE STATE OF TEXAS, County of Hale.

NOTICE IS HEREBY GIVEN, That by virtue of a certain Order of Sale issued out of the Honorable District Court of Hale County, on the 10th day of October, 1911, by B. H. Towery, Clerk of said Court, for the sum of Eight Hundred and Ninety-Three Dollars and Thirty-Five Cents, and costs of suit, under a Judgment, in favor of George Merriweather, in a certain cause in said Court, No. 632, and styled George Merriweather vs. F. F. Faulk et al., placed in my hands for service, I, G. A. London, as Sheriff of Hale County, Texas, did, on the 11th day of October, 1911, levy on certain Real Estate, situated in Hale County, Texas, described as follows, to-wit: Being 200 acres of Survey No. 80, in Block A4, Certificate No. 958, described as beginning at the S. W. Corner of said Survey No. 80; thence North 950 varas; thence East 1187.5 varas; thence South 950 varas; thence West 1187.5 varas, to the place of beginning, and levied upon as the property of F. F. Faulk et al. And that on

THE INTERNATIONAL FAIR.

San Antonio's Great Exposition Will Be in Progress Nov. 3 to 12.

This great fair opens today (Friday) and closes on Sunday, the 12th inst. Reports from the arrangement committee inform us that every foot of space in every building has been taken, and they have contracted for more and better entertainments this year than ever before. There is every prospect for the fair being the best in its history. They furnish us the following data:

- "The main exposition building is completely filled with exhibits;
 - "Two hundred and fifty thousand square feet appropriated for Land Show exhibits;
 - "Five days devoted to harness and running races;
 - "Over 500 entries in the Kennel Show;
 - "Biggest poultry exhibit ever collected in the South;
 - "Three days of automobile racing;
 - "State encampment of Boy Scouts;
 - "Over 2,000 boys coming to Boys' Corn Club Day;
 - "Great civic and military parade in honor of the Governor;
 - "Two-million-dollar automobile parade on Nov. 10;
 - "Fine band concerts and other attractions day and night;
 - "Pain's great pyrotechnic display, 'Last Days of Pompeii,' at night;
 - "Great show of all kinds of live stock;
 - "Big exhibits of all sorts from Mexico and Cuba.
- "These are just some of the good things we have to promise your people when they come to the Fair this year, but you can take our word for it that there will be more, and that no one will be disappointed in this year's Fair."

All our people who attend this fair can be sure of having a good and profitable time. The railroads are giving rates and expect a big haul. The attractions will be worth seeing. Mexico and other countries will be represented. And, besides all this, a sight of old "Santone" in gala attire will be worth the trip itself—and then some.

LOCKNEY LOCALS.

Mr. Howard, living nine miles east of town, living on a rented place, lost home and all contents Wednesday, by fire.

J. W. Morter, of Plainview, has been here this week assisting Mark Hardin in preparing the abstract for the Callahan lands. Mr. Morter informs us that the land is to be abstracted up into forty-acre tracts.

Carl McAdams began this week the erection of a nice residence in the west part of town. The building will be strictly up-to-date, and will be an ornament to that part of the city. Messrs. Allen, Holland and Middleton are the contractors.

A. E. Harp and Messrs. Morris and Simmons, of Chicago and Des Moines, respectively, were in the city Tuesday on business connected with the abstract of the Callahan ranch, which is being made by the Rectigraph Abstract office, at this place.

John Kendrix, manager for the Cobb & Elliott people at this place, informs us that his firm has already paid out over sixty thousand dollars for grain since this year's crop began to be marketed. This only represents a small portion of the maize and kaffir that will be shipped from here this fall. Only a small amount of the feed stuff has been gathered.—Beacon, Oct. 27.

A WELL-BALANCED JURY.

Clarendon, Texas, Oct. 30.—The District Court entered upon its third week of work this morning, the Cowser suit against the Denver Railway being on trial. The case was begun Friday, and will probably end tomorrow. Several minor cases have been decided.

An incident of court last week was that of a jury which was tied up, the voting on the case being even six and six. During the dinner hour, the sheriff had the men out walking, and, in passing some scales, one side of six men challenged the other ones to weigh with them, saying they might be out-talked and out-argued, but they could not be out-weighed. In weighing it was found that the scales balanced exactly with each side of men. This incident probably could not be duplicated with another set of twelve men in the country, without picking over and over to balance the weight.

BEST SOIL FOR FRUIT TREES.

H. Ness, horticulturist of the Texas Experiment Station at the A. & M. College Station, Texas, says:

"The best soil for fruit trees and vegetables is a so-called loam. Loams, however, may be of two kinds, the principle ingredient present in each kind being vegetable matter such as frequently accumulates along creek bottoms and where the vegetable matter is washed in or is due to crops blown on the land decaying. A sandy loam has for the other ingredients fine sand. A clay loam is where clay is mixed well with this vegetable mat-

ter. The soils especially suited to vegetables and fruits are those in which the vegetable material and sand are well mixed. Soil of this kind has the advantage of being easily worked, and thus retains moisture to the greatest extent, especially when underlain by moderately porous clay, which readily allows the surplus water to pass down and freely gives its own moisture to the top strata of loam. When such loamy soil is as much as two feet or more deep, it is excellent soil for fruit and vegetables. It can also be easily enriched by plowing under cowpeas and by stable manure, and retains fertilizers well when the subsoil is neither too porous nor too compact. Another advantage in such soils is that the chemical components of it are varied; hence the land is adapted to a much wider range of plants than the black waxy, and many other types of soil that are really richer, but much less suited to a wider range of plants. This kind of soil is generally the class that produces the earliest vegetables in Texas, and, although not as rich as the black waxy, very large crops can be obtained by applying a comparatively small amount of fertilizer.

THE HOE AND THE DOUGH.

The man with the hoe has been recognized by every age and nation as a fundamental source of prosperity, and, while our literature abounds with encomiums in his praise, the half has never been told.

But the man with the dough is equally as important to Texas at this period of our growth and development as the man with the hoe. Attempts have been made to discredit him, but when it comes to building factories and railroads and large industrial enterprises, which are necessary to our prosperity, we must face the man with money, and our destinies as a nation of influence and power are largely in his hands.

It takes the man with the hoe and the man with the dough combined to make civilization, and one is interdependent upon the other.

RAILROADS AND DIRT ROADS.

The demonstration train of the Santa Fe on exhibition at the Dallas Fair created wide-spread interest, and was by far the leading attraction of the Fair. The old and the new type of engine—the later ten times the power of the former—carries with it a message of progress in a manner that commands the attention of thoughtful citizens, and it impresses upon the mind in an unforgettable manner the advancement made in railroad transportation. Comparing the progress in road beds, equipment, etc., of the railroad with that of our public highways, we find that, as road builders, we have not kept pace with the railroads in development. We are using the same old dirt roads the same old way, and our equipment and power show very little change. We can learn a lesson in progress from the demonstration train of the Santa Fe that, if applied to road building, would greatly promote our prosperity.

HALE CENTER.

W. D. Anderson saw the show at Plainview yesterday.

Miss Harrington, of Plainview, visited friends here yesterday.

About 175 bales have been turned out at the Reed & Ferguson gin.

Several real estate transfers are under way, and we may be able to report them next week.

Reed & Ferguson are, this week, shipping the first cotton seed ever shipped from this point. The shipment consists of three cars, and was sold to the Snyder Cotton Oil Mills.

Twelve or fifteen cars of maize and kaffir have already been shipped, and, as threshing has only begun, it would be impracticable to make an accurate estimate of the number of cars that will be shipped during the season. However, a conservative estimate has placed the number at 500.

Mr. E. J. Harrison, of Ohio, who recently purchased a farm near Hale Center, was in The Live-Wire office Thursday morning, and stated that he had just let the contract for an up-to-date, 8-room dwelling house on his farm. His home will be modern in every particular—gas lights and hot and cold water in all parts of the house. He says there is no reason why we, here, can not have modern conveniences as well as city folk.—LiveWire, Oct. 27.

AT WORK ON SEPTIC TANKS.

The city has had men at work the past two weeks making some improvements on their septic tanks. Quite a great deal of complaint has been made in the past by residents in the east part of town on account of a stench that the tanks have been throwing off. Additional pits and filter beds are being dug, and it is thought that this will remedy the matter.

The City Council has tendered the M. E. Conference the Mayor's Court Room and Firemen's Assembly Hall to be used as committee rooms.

NEW AUTO FACTORY.

With the first of the month, an automobile factory started in Wichita Falls. The capacity is claimed to be ten cars a day. This factory will use what is known as the "unit control," something new in motor car manufacture. Instead of side levers, spark levers and other control parts, a light wheel is substituted. This wheel is inside and above the steering wheel and, when revolved in proper places controls spark, throttle, gears and clutch. The manufacturers claim many advantages in this control over the methods so long in use.

The plant is fitted up for a big business, occupying a house 500x100 feet, with glass roof, and an office in connection 100x100 feet, two stories high. We are glad to chronicle the establishment of this industry in this good old State.

BIG YIELDS ARE SHOWN.

Dallas, Texas, Oct. 30.—The Texas Industrial Congress will hold its third annual convention in Dallas on December 20. The big feature of the meeting will be an exhibit of samples of the corn and cotton raised by the men, women, boys and girls who have competed for the \$10,000 in prizes offered for the best yields of these crops.

The prizes are divided as follows:

For the best combined yield of corn and cotton on ten acres of each, first prize \$2,500; second \$1,500; third \$750; fourth \$500; fifth \$250; and ten prizes of \$100 each for the ten next best results. For the best combined yields from two acres of corn and two acres of cotton, first prize \$1,000; second \$750; third \$500; fourth \$250; and ten prizes of \$10 each for the next ten best results. All of these prizes will be paid in gold.

The average yield of the fifty leading contestants is 40 37-100 bushels of corn and 15-12 bales of cotton per acre. Some of the contestants have secured a yield of over 100 bushels of corn and of more than two bales of cotton per acre.

OPPOSE UNIFORM DIVORCE LAW.

New York, Oct. 28.—"Until the enfranchisement of women, we call upon all women to oppose the idea of a uniform divorce law," reads a section of the platform adopted by the Woman's Suffrage party of New York at its third annual convention here. The clause adds that such legislation at this time is opposed because such a law inflicted "would be made by men only, and would, therefore, necessarily discriminate against women."

RULING WILL AFFECT RAILROADS

Washington, D. C., Oct. 30.—Complete control of the railroads of the country by the Interstate Commerce Commission and elimination of state commissions from such control was foreshadowed today by the Supreme Court opinion in the case of the Government vs. the Southern Railway Company, holding that all equipment on railroad highways of interstate commerce must comply with the Federal safety-appliance act.

EXECUTIVE COMMITTEE MEETS.

The Executive Committee of the Commercial Secretaries' and Business Men's Association met at the rooms of the Chamber of Commerce in Dallas on October 16th. No stronger assembly of business men ever came together in Texas for the discussion of the upbuilding of the commonwealth. Heads of the most important business and industrial enterprises of the State were present at the meeting and discussed with the enthusiasm that is usually manifested only in private business the questions that would lead to the development of Texas.

The following committee was appointed to select the members of the Welfare Commission, which was launched at the annual meeting of the association, October 5th: R. C. Duff, Houston, chairman; Captain B. B. Paddock, Fort Worth; E. S. Hughes,

Abilene; O. E. Dunlap, Waxahachie; E. A. Lindsey, Tyler; W. H. Featherstone, Henrietta; F. S. Hastings, Stamford; J. Hirsch, Corpus Christi; and B. B. Cain, Dallas.

Although a cordial invitation to move to Dallas was extended by the Chamber of Commerce of that city, it was decided to continue the headquarters in Fort Worth. J. A. Arnold was unanimously elected Secretary-Manager for the coming year, with an increase of \$500 per annum in salary.

The report of the Secretary-Manager showed that the association had expended last year \$32,000, and plans were outlined for an expenditure of \$52,000 this year, with a general broadening of the work along all lines. Twenty-eight thousand dollars of the outlined expenditure was pledged, as follows: Fort Worth, \$5,000; Dallas, \$4,000; Houston, \$4,000; Beaumont, \$1,250; and Corpus Christi, \$500; the remainder by smaller towns represented.

ROUGH ON THE PLAY HOUSES.

The inclement weather for the past several days caused a considerable shrinkage in the gate receipts at the play houses. The moving pictures and vaudeville has been slimly attended, and the opera house with good attractions could not induce the devotees to leave their comfortable firesides to witness a good play.

Clothes You'll Like!

Better Than Any You've Ever Had

It Isn't the Price--
---though the fairness of prices has been cause for unusual comment.

It Isn't the Variety--
---though the variety of new fall materials that are being shown is unusually large and richly attractive.

It Isn't the Quality--
---though their strength of character---their splendid quality is a strong feature of these new stylish cloths.

It Is All Three Coupled Together
that places Kuppenheimer garments where they are to-day ---
The Recognized Standard of Dress for Men Who Demand a Stylish Yet Refined Dress Supported by Quality in Both Material and Workmanship and Sold at a Medium Price

Big Line of Men's and Boys' Winter Hats, Caps and Gloves Just Received.

The Palmer Garment for Women Occupies the Same Position in Regard to Ladies' Dress as Does Kuppenheimer Clothes to a Gentleman's Wardrobe.

Just now we are showing a wide range of styles and patterns in these beautiful Palmer Garments and suggest that you step in and select your suit and coat while the sizes are unbroken.
