

## COLORADAN BUYS PLAINS LAND

IS EXTENSIVE HOLDER OF REALTY IN VARIOUS STATES.

**Buys 1,250 Acres in This County, and Considers It as Promising as His Best.**

Senator Drake, of Fort Collins, Colo., closed a deal this week whereby he became the owner of twelve hundred acres of land about eight miles north of this city, the deal being made through the Reeves Realty Co. Mr. Drake owns lands in Colorado, Florida, Canada, and this little slice of Texas. This country looks good to him, and he thinks his investment here is as promising as those in other localities.

He will find the soil of this country equal to that of the Cache-a-la-Poudre country, and better than in most sections of Colorado. The water will average better, of better quality, and the flow unaffected by the snowfall in the Rockies. He will find the soil free from rock, gravel, gypsum and alkali, and as productive as the valley of the Platte, the Boulder, St. Vrain, Thompson or the Poudre.

When he tells of the glorious promises of this country, we will expect other Coloradans to invest here. This country looks good to the average citizen of that country, and who live in a country second only to this great plateau. We have not got the streams of running water such as debouch from their mountain fastness to irrigate their lands, but at a shallow depth we have a boundless supply that is neither affected by drought nor rain, which, when pumped onto the land, makes it as productive as the famed delta of the Nile.

To see it is to believe. We want more of these fellows.

### THE PANHANDLE EXHIBIT.

The services of an expert Chicago decorator have been secured by the Texas Publicity Association in order that the color scheme and general artistic effect of the Texas Panhandle Exhibit at the land show may not only be unique but of such an attractive character as to take first rank among the many meritorious displays in the Coliseum. The background is in red and white and the middleground made fascinating with fluted columns.

White railings will constitute the uprights in a triangular effect that should lend itself admirably to the display of those products more particularly associated with intensive farming. The pergola effect has been carried out in the general scheme of decoration and there is no doubt about the strength of his creation as applied to the magnificence of the auditorium. Perhaps it is not generally known that the products which have been sent to Chicago from all over the Panhandle from Crosbyton and Memphis to Texline and from Higgins to Farwell, aggregate two tons of crop samples and include the best of everything that the fertile soil of the Panhandle can produce.

When the eager, earnest homeseekers, who will crowd the Coliseum for three weeks left their eyes rest upon the Texas Panhandle exhibit they cannot fail to be charmed with the manner in which the agricultural possibilities of the Panhandle have been visualized. The display is an object lesson to the men who have grown restless on the worn-out, fertilizer-hungry farms of the north and east and who crave the newer and grander opportunities of the great southwest in general and the Texas Panhandle in particular.—Amarillo Daily News.

### AT THE SCHICK.

Oscar Graham's company entertained at the Schick last Monday and Tuesday nights. On Monday night they rendered the "Circle C Ranch," a very beautiful and interesting comedy-drama, with Mr. Graham, the author, in the leading role. On Tuesday night they presented "A Prince of His Race," in which the author again appeared in the leading role. Neither night was there as good an attendance as this company and the plays deserved, but there were never more appreciative audiences than greeted the players on these two nights. Mr. Graham was ably supported by all the members of his company, including "Jess," the trained dog, who made a full hand when his services were required.

John F. Sander is spending a few weeks at Mineral Wells, to test the virtues of the water.

### A QUICK WEATHER CHANGE.

Reports from various points in the North chronicle high winds, with cold weather and loss of life and property, in Wisconsin, Illinois, Iowa, Nebraska and the Dakotas, and mercury below zero in Montana and Idaho.

This cold snap was right on the heels of a warm spell, and in some places the temperature dropped 50 degrees in a very few hours. This storm swept down from Western Canada, through Montana and the Dakotas, and on down into Texas. Some places on the route the wind is reported as making 40 to 50 miles an hour, and in some places demolished buildings.

In this section we had a pretty heavy wind and the weather was the coldest of the season, but no damage was done. It may seem strange to some that a 50-mile wind will wreck houses and do much other damage in many of the states, and including the lowlands of Texas, while a 70- or 80-mile wind will do no damage here to the same class of buildings, while a 40- or 50-mile wind is just considered a little dust-moving, profanity-provoking affair. Atmospheric conditions govern the loss both here and elsewhere. The excessive humidity in the atmosphere adds to the wind pressure in proportion to the degree of humidity, and vice versa.

### MAYOR APPOINTS DELEGATES.

Mayor DeLay this week appointed the following gentlemen as delegates to the 19th annual Irrigation Congress, which meets in Chicago, December 5 to 9: E. H. Perry, J. O. Wyckoff and J. E. Lancaster, of Plainview, and Robert Alley, of Hale Center, all of whom have declared they will be in Chicago on the date mentioned.

The mayor has made good selections all around, as these men are wide awake and highly interested in the irrigation problem in this country, and will take a lively interest in the proceedings of that congress, and will store up for future reference all the knowledge they may acquire that should have a bearing on our own irrigation proposition.

### LANCASTER FOR CONGRESS.

For the past few weeks there has been considerable said with regard to Judge Lancaster's name being used as a candidate for the office of Congressman-at-Large. Judge Lancaster has a large circle of friends in the State, and no doubt if he gets his claims before the people in the proper light that he will receive the nomination without any trouble. He is a Western man, has the reputation of being a thorough-going citizen, and would make the State a good representative should he succeed in pulling down the plum.—Lubbock Avalanche.

**LOST**—Large, black morocco note book, containing notes and valuable papers. Return either to Amarillo Hotel, Amarillo Texas; Baltimore Hotel, Canyon City, Texas; or Ware Hotel, Plainview, Texas, and get reward.

Following is a partial list of notes and papers contained in said book: One note, payable to J. C. Laprade, signed J. T. Stitt and Tom Stitt; three shares Happy Telephone stock, \$50.00 each; some notes payable to Scott-Tracy Hardware Company, Tulla, Texas; some payable to Cantrell & Shows Tulla, Texas; all signed by various parties. One note payable to G. W. Smith for \$50.00; one payable to Hendrix & Smith for \$100.00, signed by Bert Hall, and a number of other notes by which same can be identified.

G. W. SMITH.

A. H. Gifford, one of our liveliest farmers living a few miles south of town dropped into our office yesterday. He says his crops are fine all round, and he expected to take out 4,000 sacks with him and he stated he would thresh 6,000 bushels of kafir and grain. This is a nice little pile of grain and will bring a nice little pile of money—something over \$3,000. Mr. Gifford has been here several years and we never knew him to make a failure, neither have we ever known him to grumble of hard times. It pays to farm in this country. Half-way farming don't pay in any country.

J. T. Williams, an erstwhile citizen of this county has been spending a few days with his sons, Eugene of this town and Luther of Olton. He was pleased with the condition of things in this country. He says we beat Montague on crops and in many other ways. He likes this country and left here only on account of his wife, who has been an invalid for many years.

### BLAKE-STEVENSON.

Realizing that it is not good for man to live alone, our fellow townsman, L. R. Blake, visited Amarillo last Saturday, when he led to the altar Miss Lillian Stevenson. The two hearts were made to beat as one at 8 a. m. Sunday morning, and he returned with his bride on the 11:40 train. This was pretty quick work, but Mr. Blake is a mover—he has to be as general manager for "Spot Cash" Seay.

The happy pair are now domiciled at 218 West Third Street. The Herald joins the friends of the happy couple in best wishes.

### PALO DURO A NATIONAL PARK.

Among other movements of the Trans-Mississippi Commercial Congress, now in session in Kansas City, Congressman Stephens introduced a resolution that urged upon Congress the purchase of the Palo Duro Canyon, under the law that provides for such purchases, and the conversion of the canyon into a National park.

The proposed park has an extent of 100,000 acres, and it is urged by Mr. Stephens that the conservation asked for will be a distinct aid to navigation of the Red River, as urged by the people along that stream, who hope to get authorization for improvement as far as Wichita Falls. The resolution of Mr. Stephens attracted much attention in the congress, and it is likely to be adopted.

### MRS. MATHESON FREED BY JURY.

Fort Worth, Texas, Nov. 14.—The jury which heard the case of Mrs. Lucy Matheson, charged with the murder of her husband on October 5, in Abilene, today returned a verdict of acquittal, after being out for only ten minutes. The crowd cheered when the verdict was announced.

"I'm glad I killed him," admitted Mrs. Matheson, whose age is only eighteen years, under cross-examination by County Attorney Baskin. Baskin had asked a half-dozen questions, when he suddenly inquired: "Are you sorry you killed your husband?"

John Oswald threshed his Kafir and maize crop the first of the week, running it through the machine in the bundle. The grain came out fast and clean, and the stalks shredded into fine forage. When cut at the right season, Kafir stalks treated in this way make excellent forage, and is eaten readily by horses, mules or cattle. Many people say they can harvest Kafir and maize cheaper by cutting and threshing in the bundle than by simply heading by hand, and waste less. Besides, in this way they can get the stalks off the ground and can start their plows earlier. They can also do all this work by machinery, and save much time. This mode of handling these grains will probably be followed by most of our farmers hereafter.

Last Saturday was a record-breaker in sudden changes of weather, when the mercury slid down from 74, at 1 p. m., to 14, at midnight. This was a regular Klondike wave, and we can get along very well without a duplicate. This was about the coldest snap for this time of year since 1893, at which time the McClelland lake froze over and furnished good skating for two weeks, when the ice left and we didn't have ice thick enough to skate on for the next two or three years.

The membership contest of the local lodge of the Woodmen of the World, which has been on for the past two months came, shrldu cmfwyp shrldu months, closed Thursday night, and resulted in a victory for the band of which Albert Allen was the head. The losers are due to treat the winners with an elaborate supper, but the date for same has not yet been set.

The City Council met Monday, in called session, to discuss matters demanding immediate attention. The ordinance pertaining to the closing of pool halls, billiard halls and bowling alleys, which closed them at 9:30 p. m., was amended, and the closing time fixed at from 11 p. m. to 5 a. m.

If the balance of the State does as well as the Panhandle in supporting Judge J. E. Lancaster for Congress-at-Large, he will have a walkover. The Panhandle will give him a solid vote and he has strong support in every section of the State.

Carl Roberts, of Lubbock, has been in Plainview for the past three or four days.

### HALE COUNTY WINS.

At the Dallas State Fair, which has just closed, Hale County captured more blue ribbons than any other county in the State. Hale County received nineteen blue ribbons and six red ones, a record we may justly feel proud of, and, in behalf of the Hale County Fair Association, I want to extend to Messrs. Dowden and Unger our hearty appreciation for the excellent work they did in handling our exhibit there.

J. F. GARRISON,  
President, Hale County Fair Association.

### SANTA FE OFFICERS VISIT US.

On Wednesday, a party of railroad men, on their route north from a tour of inspection of the road, made us a short call. The visitors were Messrs. Cox, vice president and general manager; Starkweather, general superintendent; Brinker, general freight and passenger agent; Jones, telegraphic superintendent; Druan, master mechanic; Felts, civil engineer. They were accompanied by Messrs. Roach and Wagner, of the Pecos Valley Line.

After an auto drive over our city, they expressed pleasure in the nice, healthy growth of our town, and were especially pleased with our good school and church edifices and the handsome business houses. They stopped but a short time, but long enough to know that our people do things.

### AGREES TO COURT DISSOLUTION.

New York, Nov. 15.—The board of directors of the Standard Oil Company gave the finishing touches to the process of dissolution of the trust decreed by the Supreme Court of the United States last May. The board voted unanimously for the scheme of exchanging shares of trust for shares of thirty-four subsidiary companies which constituted the combination found to be illegal by the tribunal of last resort.

By this exchange the combine is split into thirty-four parts and, in fiction of law, none of these parts hereafter are to be inter-related, but each is to "go it alone" in the future.

Each is to have its own board of directors and officers. Each is to keep its own accounts and declare and distribute its earnings to its stockholders. The board's order is for the distribution or exchange to be completed December 1. After that date, presumably, there will be no more oil trust.

### LOCKNEY LOSES INJUNCTION.

The Court of Civil Appeals last Friday rendered an opinion in the Floyd County injunction case, sustaining the action of the Commissioners' Court in the matter of their issuing warrants to build a new court house at Floydada. Of course, we Lockney folks were very much disappointed the way the matter was decided, but we have one more chance yet, and that is the Supreme Court of Texas. The case will go from the Amarillo court direct to the Supreme Court, at Austin, and there the matter will be finally settled. The action will be watched with the keenest interest, for in this decision it will be decided whether or not the Commissioners' Court of a county has a right to saddle a debt on the people without their consent.—Lockney Beacon.

### EIGHTH VENIRE REPORTS TODAY.

Los Angeles, Cal., Nov. 17.—With forty-five men drawn for jury service in the trial of James B. McNamara, charged with the murder of Charles J. Haggerty, alleged to have been committed through the explosion of The Times building, October 1, 1910, five jurors had been accepted and sworn for the final jury at the adjournment of court today. The eighth venire reports for inspection tomorrow.

John J. McNamara, from his jail cell, sent work to the court room to challenge C. A. Heath, an Englishman, because he feels that an Englishman cannot give an Irishman a fair trial. Heath was immediately excused by McNamara's counsel.

J. H. Lockhart, of Stephenville, was here the first of the week, prospecting. He has sold out all his holdings in that town and plans to move to the Plains country as soon as he can.

S. P. Brown and family, formerly residents of Henrietta, are now citizens of Plainview, arriving in this city the latter part of last week to remain permanently.

### NOT ENAMORED OF ALDRICH PLAN

Kansas City, Mo., Nov. 16.—Speaker Champ Clark tonight digressed from his set speech before the Trans-Mississippi Congress to express his disapproval of the proposed changes in the Nation's currency and banking system, as outlined by former United States Senator Nelson W. Aldrich, chairman of the National Monetary Commission.

United States Senator James A. Reed also spoke in opposition to the proposed plan.

"Laying no claim whatever to the character of a financier," Speaker Clark said, "I am utterly opposed to the creation, chartering or authorization of any institute which will deliver into the hands of a few men, I care not who they may be or where they may live, the powers of life and death, not only over the bankers of the country, but over every other business in the land.

"Even financiers of renown differ as widely as the poles on the Aldrich plan. Many great financiers indorse it, some emphatically, some mildly and some doubtfully and hesitatingly. Such eminent and successful business men as James J. Hill and Leslie M. Shaw, the latter Secretary of the Treasury under two Presidents, are openly against it on the grounds that the Aldrich plan is essentially a monopoly.

"Mr. Shaw says it would be so profitable to a few men who would really run it that they could well afford to pay the entire National debt for a perpetual charter, asserting that it would make them absolute masters of the American business world.

"Now, if such eminent financial physicians as Drs. Aldrich, Vreeland and Laughlin, on the one hand, and Drs. Hill and Shaw, on the other hand, disagree so radically on this subject, would we not be acting the part of wise and patriotic men to wait long enough at least to hear both sides in this important and far-reaching matter before making up our minds?

"So far it has been largely in the nature of an ex parte proceeding. Only the opponents of the plan have had an inning. Why, then, rush pell-mell into such an important matter? Why render a verdict prematurely?

"Why not take time—not too much, not too little, but ample time—to thoroughly investigate, to find out the sponsors, to discover the motive of this undertaking, to ascertain who are to be its beneficiaries, to learn with definiteness the powers to be concerned, to invite all with information to testify before committees of the House and Senate, vigorously to cross-examine, to discover 'jokers,' if any are in this plan; in short, to inform ourselves as we ought to be informed touching a problem of such intense interest to 93,000,000 of people now living and untold millions yet unborn?

"Individually, I am not enamored of the Aldrich plan. Quite the contrary. I will certainly vote against it if an attempt is made to rush it through under whip and spur. It should be thoroughly ventilated and the light let in. The safe rule, which I adopted a year ago, is to vote against any bill or resolution about which I have not had an opportunity to inform myself, thereby giving myself and my constituents the benefit of the doubt."

Senator Reed said: "I am against any currency scheme written by bankers for bankers. I do not mean to attack the banks or the financial centers of the country, but I protest against any plan that will lessen the control of the people over the finances of the country."

Arnold Shankling, Consul General to Mexico, representing the State Department, spoke on "The Panama Canal and the Development of Our Pan-American Trade."

### THANKSGIVING MARKET.

The ladies of the First Baptist Church will open a Thanksgiving Market on Wednesday before Thanksgiving day at Wright & Dunaway's Grocery. Dressed Chickens, Home-Made Candles, Baked Goods, etc., suitable for your Thanksgiving dinner will be on sale, beginning at 10:30 a. m.

J. E. Stephens boarded the north-bound train for Amarillo Thursday. We are informed that he is making preparations for opening up a new mercantile establishment in Plainview.

Joe Ryan, our genial telephone manager, made a trip to Amarillo this week.

Miss Willie May Hall left Monday for a visit to home folks, at McGregor.

## Citizens Endorse Lancaster

MASSMEETING CONSIDERS PLANS FOR ADVANCING HIS INTERESTS.

Resolutions Were Adopted Expressing Our Confidence in the Ability of Home Man.

At a mass meeting held at the court house on Saturday evening last, for the purpose of endorsing the candidacy of Judge J. E. Lancaster for congressman-at-large, JJdgc L. S. Kinder was elected to preside and F. W. Struve, secretary.

The following resolution was presented and adopted by a unanimous vote:

"To the Democrats of Texas: Judge J. E. Lancaster having announced his candidacy for the Democratic nomination for the office of congressman-at-large for the state of Texas, we, his home people, being desirous of assisting his candidacy, recommend him to you and say that he is worthy of your support; that he is honest and progressive; faithful to his convictions of right and loyal to his party and state. He is a man of ability, and, while not a man of many words, is an earnest worker, and capable of securing the best results for the people of this state. He is thoroughly acquainted with the needs and conditions of the state as a whole, he having resided in Ellis county for many years before coming west, and having been in public life for many years.

"Therefore, be it resolved by the citizens of Hale county that we earnestly recommend this, our fellow citizen, to you as such a candidate, and ask that you vote for him and give him your cordial support."

### NO GAME WITH POLYTECHNIC.

It was announced in last week's issue that Polytechnic College, of Fort Worth, was to play Wayland Baptist College, on the latter's grounds, on Monday, Nov. 20.

Since then the "Poly" bunch have decided that the climate might not be good for their health, and, that being the case, they will not venture further than Clarendon (where they play Saturday). So, there will be no game on Monday, as advertised.

Following is the substance of the correspondence carried on with Manager H. M. Buttrill: He offered to come here for \$150, which we accepted by writing him on the day following the receipt of his terms, which was on October 29th, and the following telegram was received:

"Fort Worth, Texas, Nov. 11, 1911.—W. T. McCasland, Plainview, Texas: I received both your letters today, Nov. 8th. I had decided that you did not want the game, and have gone ahead and made other arrangements; so, it will be impossible to play the game. "H. M. BUTTRILL, Manager."

So, we see there is something wrong with Fort Worth's postal service, as it took ten days for one letter, and four days for another, to reach Mr. Buttrill.

In answer to the telegram, we asked why he made other arrangements before hearing from us, and told him that, as we had advertised the game, to come on anyway. In answer, the following telegram was received:

"Fort Worth, Texas, Nov. 11, 1911.—W. T. McCasland, Plainview, Texas: The Athletic Council has disapproved of the arrangements made with you; so, it will be impossible to play the game. H. M. BUTTRILL, Mgr."

They need co-operation between the manager and the Athletic Council.

So, in plain speaking, the "Poly" boys would like the trip, but they would not like to go home defeated. We hope to try them next season.

Don't forget the Thanksgiving game with our rivals, Clarendon, for the Panhandle championship.

Respectfully,  
W. T. McCASLAND,  
Manager.

### OBSERVES THE SABBATH.

The Amarillo Daily News gives the anxious public the following interesting information: "The Indian Runner duck, which lays an egg every day of the year, is being introduced in the Panhandle. It is understood, however, that this duck, in its new-home laying, will conform with the strict Panhandle Sunday observance, and will also take advantage of the many Texan legal holidays."

NOTICE.

Notice is hereby given that by virtue of the authority vested in me as City Marshal of the City of Plainview, Texas, and for the purpose of satisfying the impounding fee of \$9.00, I will proceed to sell to the highest bidder for cash one bay mare about four years old, no marks or brands, weight about 1,050 pounds, 5 hands high. Said sale will occur at the public pound of the said city of Plainview, on Wednesday, November 22 at 2 o'clock, p. m.

Plainview, Texas, November 12, 1911.

J. F. WATSON, City Marshal.

CAUSE FOR ALARM.

Loss of Appetite or Distress After Eating a Symptom That Should Not Be Disregarded.

Appetite is just a natural desire for food. Loss of appetite or stomach distress after eating indicate indigestion or dyspepsia. Over-eating is a habit very dangerous to a person's good general health.

It is not what you eat but what you digest and assimilate that does you good. Some of the strongest, heaviest and healthiest persons are moderate eaters.

There is nothing that will cause more trouble than a disordered stomach, and many people daily contract serious maladies simply through disregard or abuse of the stomach.

We urge all in Plainview who suffer from any stomach derangement, indigestion, or dyspepsia, whether acute

or chronic, to try Rexall Dyspepsia Tablets, with the distinct understanding that we will refund their money without question or formality if, after reasonable use of this medicine, they are not perfectly satisfied with the results. We recommend them to our customers every day, and have yet to hear of any one who has not been benefited by them. We honestly believe them to be without equal. They give very prompt relief, aiding to neutralize the gastric juices, strengthen the digestive organs, to regulate the bowels, and thus to promote perfect nutrition, and eradicate all unhealthy symptoms.

We urge you to try a 25-cent box of exall Dyspepsia Tablets, which gives 15 days' treatment. At the end of that time, you money will be returned to you if you are not satisfied. Of course, in chronic cases length of treatment varies. For such cases, we have two larger sizes, which sell for 50 cents and \$1.00. Remember, you can obtain Rexall Remedies in this community only at our store—The Rexall Store. The J. W. Willis Drug Company.

BALKED AT COLD STEEL.

"I wouldn't let a doctor cut my foot off," said H. D. Ely, Bantam, Ohio, "although a horrible ulcer had been the plague of my life for four years. Instead, I used Bucklen's Arnica Salve, and my foot was soon completely cured." Heals Burns, Boils, Sores, Bruises, Eczema, Pimples, Corns, Sore Feet, etc. Twenty-five cents at all Druggists.

NOTICE.

Notice is hereby given that by virtue of the authority vested in me as City Marshal of the City of Plainview, Texas, and for the purpose of satisfying the impounding fee of \$9.00 I will proceed to sell to the highest bidder for cash one black horse, about 5 years old, no marks or brands, weight about 1,050 pounds about 15 hands high. Said sale will occur at the public pound of the City of Plainview, on Wednesday November 22 at 2 o'clock p. m.

Plainview, Texas, November 12th, 1911.

J. F. WATSON, City Marshal.

We are authorized to announce J. F. Watson as a candidate for re-election to the office of City Marshal of Plainview. Mr. Watson is serving the city on his third term in this capacity, and has given good and satisfactory service, we believe, in every way. He is vigilant and active in the discharge of duty, and we feel sure, if re-elected, he will continue to serve in his present capacity as faithfully in the future as in the past.

Under the head of announcements will be found the name of H. A. Wofford, who asks the people of Plainview to confer on him the office of City Secretary. Everybody knows Hal, and know that he has the ability and all-round qualifications requisite for the proper handling of this important office. He is a man of strict integrity, is an industrious hustler, and our people will make no mistake if they elect him.

MANY SAVED FROM DEATH.

W. L. Mock, of Mock, Ark., believes he has saved many lives in his 25 years of experience in the drug business. "What I always like to do," he writes, "is to recommend Dr. King's New Discovery for weak, sore lungs, hard colds, hoarseness, obstinate coughs, la grippe, croup, asthma, or other bronchial affection, for I feel sure that a number of my neighbors are alive and well today because they took my advice to use it. I honestly believe it's the best throat and lung medicine that's made." Easy to prove he's right. Get a trial bottle free, or regular 50c or \$1.00 bottle. Guaranteed by all Druggists.

Beware of Ointments for Catarrh that Contain Mercury.

Mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure, be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Sold by Druggists. Price, 75 cents per bottle.

MISSOURI VS. HARVESTER TRUST.

Jefferson City, Mo., Nov. 14.—The Supreme Court of Missouri, in an opinion by Justice Graves today, sustained the decision of Theodore Brace, special commissioner, in his finding for the ouster of the International Harvester Company of Wisconsin.

The court not only ousted the company from its right to do business in Missouri, but imposed a fine of \$50,000, conditioned that if the company pays the fine, separates itself from the International Harvester Company of America, files a statement of its business and shows to the court that it will obey the laws in the future, it can be permitted to continue to do business in the state.

The court gave the harvester company until January 1, 1912, to pay the fine of \$50,000 and until March 1, 1912, to withdraw from the New Jersey company and show the court that it is an independent company and will comply with the Missouri laws. Failing in this, the ouster will be signed by the court immediately after March 1, 1912.

OVERHAUL THE TRUST LAWS.

About the first hard work that Congress should do at its next term should be to overhaul, revamp and renovate the Sherman anti-trust law, rid this law of ambiguities, and make it so plain that any school boy could understand its meaning; wipe out "reasonableness" and "unreasonableness," and leave no doubt as to the meaning of every clause. If the law must be in the interests of the trusts, let it so be declared in unmistakable terms. If the law is in the interest of the public, and in the restraint of combinations in trade or manufacture, let the verbiage be clear and within the comprehension of the average citizen, and leave no room for quibbling.

It looks a little as though the interpretation of law is a sort of graft, and the construction of the meaning depends on the interpreter. This, or any law, should be so plain, and couched in such language, that judges would be forced to agree on the interpretation of its meaning.

Miss Ross, of Tullia, has been a visitor in Plainview this week, the guest of R. E. Cochrane and family.

A FATHER'S VENGEANCE

would have fallen on any one who attacked the son of Peter Bondy, of South Rockwood, Mich., but he was powerless before the attacks of Kidney trouble. Backache, Tired Feeling, Nervousness, Loss of Appetite, warn of Kidney trouble that may end in dropsy, diabetes or Bright's disease. Beware: Take Electric Bitters and be safe. In Society's Realm

Mesdames G. C. Keck and J. R. Kerley entertained this afternoon (Friday) with a large party complimentary to Mesdames Emil Roos of Sweetwater and Mart Merrill of Lubbock. An extended account will be given next week.

Dance.

After the Minstrel Show at the Schick Saturday evening, the gay younger set enjoyed an impromptu, but most delightful dance. The eight-piece orchestra played by the dusky minstrels, furnished excellent music. Those who enjoyed the occasion were: Misses Mae Kinder, Jo Keck, Allie Ware, Edna and Florence Harrington, Vera Newton, Eula Mae Alley; Messrs Austin Anderson, Ethelbert Dowden, Frank McGlasson, Guy Jacobs, Bob, Tom and Dutch Malone.

L. F. E. Girls.

The L. F. E. girls met Friday afternoon with Miss Allie Ware, 120 N. Eureka street. In place of the usual merry game, the afternoon was pleasantly and profitably spent by hostess and guests with embroidery. While needles passed in and out of the dainty articles their tongues kept time in sprightly conversation.

At five they were invited to the dining room, where salad, coffee and other dainty viands were served the industrious maidens.

Those present were: Miss Eula Mae Alley of Hale Center, who has lately returned from Dallas, and Miss Alice Harrell, Bertha Hinn, Edna and Florence Harrington, Jo Keck, Mae Kinder, George Alice May, Celestine Harp, Annie Maud Davidson.

Church Tea.

At the home of Mr. and Mrs. E. B. Hughes, 700 Restriction street, Circle No. 1 of the Ladies Aid Society of the Presbyterian Church, U. S. A., gave one of their pleasant monthly socials last Friday afternoon. A most excellent program was rendered beginning with a vocal solo by Miss Mildred Buchheimer. Several songs by Miss Gwendolyn Hanby and vocal medley by Miss Gwendolyn and her little sister, Adrian was received.

Miss Ruby Barrow, who is a recent graduate in music from the Winstler-Salem School in North Carolina gave some instrumental numbers in a way that evidenced talent and skill. The program was concluded with two readings by Mrs. R. E. Cochrane and Miss Virginia Kerr.

Mesdames J. D. Hanby, E. B. Hughes and Miss Effie Casey, who comprised the circle served a delicious hot lunch which added a round little sum to the treasurer of the aid.

St. Mark's Guild.

The ladies of St. Mark's Episcopal Guild met Monday afternoon with Mrs. P. J. Woodriddle, 506 Washington street. After making a number of pretty garments for the bazaar, the ladies enjoyed the dainty lunch provided by Mrs. Woodriddle, consisting of individual molds of fruit gelatin with whip cream and wafers. The bazaar is scheduled for the 15th and 16th of December and promises to be a large and varied display of pretty and useful articles.

500 Club.

The Five Hundred Club met with Mrs. Joseph Buchheimer Tuesday afternoon at her home on Alexander street. At the usual three tables of this popular club were the members and Mesdames George Bethel and H. W. Herrell as substitutes. An elaborate hot lunch in two courses was served by the hostess.

Highland Club.

A special meeting of the Highland Club was held Tuesday afternoon with

PETERSBURG PARAGRAPHS.

We dare not prophesy Petersburg's future; it's already great.

There is no question as to the size of this place. It's growing now.

That Petersburg will have a railroad is now an undisputed certainty.

There is considerable improvement in the appearance of the stores, new goods, fixtures, etc.; in fact, you can hardly find a place where there is a more city-like appearance.

To date there has been 435 bales of cotton ginned, and it is believed by those who are familiar with the crop condition that it is not more than half out. It is believed 1,000 bales will be ginned at this place.

There is one thing dead sure, people will be flocking here in a few weeks, and they must have some place to live. Not a vacant house in town! Build residences and business houses. We need and must have them if we expect people to come here to stay.—Tribune.

H. C. Randolph, 515 West Second St. The parlors were filled with merry guests, including Miss Mary Hinn and Mesdames Emil Roos, T. P. Whittis, H. W. Harrell and the members of the club.

Assisted by friends, Mrs. Randolph favored her guests with salads and sweets served in a tempting and dainty manner.

Mystic Club.

The Mystic Club met last Saturday afternoon in the beautifully furnished club room in the court house.

With Mrs. T. E. Richards as leader, the study hour was spent in an interesting study of Milton, Bacon, Bunyon, Dryden and some of the lesser literary lights of that period. Mrs. T. P. Whittis read a well prepared paper on Shakespeare and also took part in the general discussion.

Mesdames Dye, Brahan and Tandy took part in the lesson for the day, having been assigned special characters for the afternoon.

The next meeting will be on the 18th with H. C. Randolph as leader. Show for Buckner Orphan's Home.

The ladies of the Calvary Baptist Church gave a linen and hose shower Friday afternoon and night for the Buckner's Orphan's Home at the home of Mr. and Mrs. A. C. Hatchell, 400 Jones street. The afternoon was given to the children who brought contributions for those less fortunate than themselves and who were rewarded by the good cheer and merry games which furnished them entertainment and amusement.

In the evening, those of older years brought their quota of clothing and spent the hours pleasantly in contests of various kinds. Chocolate and wafers were served to those who attended and a goodly store of clothing provided for the orphans.

Farewell Party.

As a farewell courtesy to Miss Grace Murray who leaves in a few days to spend the winter in Colorado, her school friends gathered last Friday evening at the home of her grand parents, Mr. and Mrs. Phillip Flamm, for an evening of fun and pleasure. Games and music occupied the time until the hour for goodbyes and good wishes which were many and heartfelt as Miss Grace is a favorite with those who know her.

Brilliant Party.

Mesdames R. W. Otto, R. E. Burch and R. A. McWhorter entertained Thursday afternoon at the home of the latter, 310 East First street.

The approaching festive season of Thanksgiving was remembered and the crimson shaded light and vases of red and pink chrysanthemums, also the score cards which were emblazoned with the noble bird of the season, in all his outspread dignity.

Fourteen tables were arranged for forty-two in the suite of rooms thrown open for the gay assemblage, whose pretty autumn gowns and bright faces made a moving picture of brilliant color under the rose-red lights. At five a delicious lunch was served, the menu including salads, jellies, sandwiches, cakes and cafe au lait.

Assisting in serving and entertaining were Mesdames Byron Hale, T. W. Lillius and Miss Forbus of Abilene.

Among the sixty ladies present, Mrs. W. L. Harrington was undoubtedly the guest of honor as he was the only gentleman present, and was for the time "the only young man in town," but he bore his honors bravely and after lunch especially seemed equal to the occasion.

The party will long be remembered by those who attended for the gracious hospitality and bountiful entertainment afforded the guests.

MOUNTAIN LION KILLS COWBOY.

Denver, Colo., Nov. 11.—That a cowboy has been killed and eaten by a mountain lion within a few miles of Denver was revealed tonight in telephone messages from Platte Canyon. Although very near Denver, this section is extremely wild and infested with cougars.

A ranch woman of the canyon today went out in search of a colt that had strayed away, and she came upon a freshly-made mound of earth, and, digging, found the head and shoulders of a cowboy of the neighborhood, known as "Andy." The rest of the trunk had been eaten away. Trails in the vicinity indicated that the cougar, after killing "Andy," had devoured part of the body and then had hidden the remainder of the corpse for some future repast.

LET ME MOVE THAT HOUSE

Mr. Wilder and my self have dissolved partnership in the house moving business. I will contract or trade some way to move your house. I have had eighteen years or more of experience and will give for reference Mr. McGlasson, Curtis and Nash as to my ability in the business.

I HAVE SOME GOOD STEEL TRUKS TO MOVE WITH.

## BIG THANKSGIVING SALE OPENS AT 9:30 SATURDAY MORNING, NOV. 18th

DESIGNED BY  
CUNEO, MICHAEL & SON  
NEW YORK

It is just the Sale you have been waiting for, but you are surprised that it is coming so early--well we are too. But we knew there must be a lot of fixing before the big Turkey is ready. And now we are making preparations for the Grandest Bargain Feast that you have had the opportunity to attend this season.

It is going to be a real Thanksgiving Sale from start to finish and right now we must tell you, our customers, that we thank you for the trade you have given us and for every consideration we have received at your worthy hands.

Your trade whether much or little has been the means of enabling us to better establish a store that is known far and near for quality of merchandise and for fair dealing. We want our customers to feel that our store is their store, that Richards Bros. & Collier's store is an institution through which every customer

receives an honest consideration.

Now the ten days just prior to the nation's Great Thanksgiving day are to be given over to Bargain Offering such as will afford the Buying Public a handsome Cash Saving. Offerings for which each and all customers may well be thankful that it was their privilege to accept.

Waxahatchie had a \$75,000 fire Sunday morning. The fire started in a tailor shop and in a short time 14 buildings were in ashes.

The city of Decatur, Wise county, is negotiating a purchase of the water, light and power plant, consideration \$10,000, and improvements costing \$8,000, will be made if the deal is consummated.

Last Saturday was the coldest day for Ada, Oklahoma. The temperature dropped from 85 in the afternoon to 14 in the evening.

Nearly a score of people and several million dollars in property were destroyed in Wisconsin and Illinois in the cold storm of last Saturday.

Last Sunday Aviator Rodgers started from Pasadena on his last twenty-three miles flight from coast to coast. About midway of his flight his machine from some mishap fell 125 feet head-on to the ground completely wrecking the machine and badly bruising and scratching the aviator, and rendering him unconscious. No bones were broken but it is feared he sustained internal injuries.

Lewisburg, Alabama, by keeping everlastingly at it, has established an unenviable reputation by its eighteen murders in a little less than eight months. A record that no other town would particularly take pride in.

Houston Bartlett and Gainesville each had a fire last Sunday. Houston's loss was about \$35,000; Bartlett's about \$3,000, and Gainesville several hundred dollars.

The Chinese rebels are not having everything their own way. Once in a while the Imperialists get up their courage and massacre a few hundred non-combatants.

**BRICKS TAKE A TUMBLE.**

Today, at 12:05, the workmen placed the last brick in position on the new school building, while the wind was blowing a very stiff gale, especially at the altitude of the third story. The last section to be placed was a span of some 25 feet resting upon a steel T-beam over the upper windows of the north front, and extending upward about four feet above the beam.

The masons and their helpers remarked, while working, that the column was very unsteady in the wind, on account of the mortar not being set.

Five minutes after the last man was off the scaffold, and as they were preparing to depart for their rooms, a mighty tumble, roar, noise and crash occurred, and the net result of

the morning's work was zero, for every brick lay at the bottom.

This is the first accident since the building was started, and, luckily, no one was injured in the least.—Briscoe County Herald.

**WHITFIELD.**

**WHOLESALE BUTCHERY IN CHINA**

The revolution in China is a bloody affair. The rebels seem to be the most humane, if there is any difference. Friday, the 10th, is said to have been the reddest day in China. On that day the rebels made an attack on Nanking, where they were repulsed with heavy losses, and driven back. As soon as the imperialists felt sure of their victory they turned their attention to the slaughter of all the rebels within their gates, including women and children, and all persons wearing white, or any kind of white badge. A thousand or more women and children were slaughtered in that one day. The revolutionists moved out of reach, and are helpless, as they are out of ammunition. It is pretty certain that, with the arrival of ammunition and reinforcements, they will capture what is left of the city and reap a terrible vengeance on the Manchus.

The following healthy sentiment is clipped from the Roswell Morning

News, and will find an echo in the heart of all who love their fellow man: "I have more respect and admiration for the little Salvation Army lassie, helping a drunken vagabond steady his footsteps on the bottom rung of the ladder—encouraging him to exert the small moiety of manhood which his devilish alcohol obsession has left him—than I have for any bloated 'pillar of society' whose ostentatious philanthropies and obtrusive charities are a stench in the nostrils of those who understand the methods by which he attained his present eminence.

"Some time, not far distant, the query, 'How much has he?' will be changed to 'Where did he get it?' The present hideous worship of Mammon is but a temporary mania."

"How fast this issue is coming to the front is shown by the fact that a majority of the delegates to the Constitutional Convention to be held in Ohio next year are pledged in advance to the inclusion of a provision for the use of initiative, referendum and recall. They will become a part of the constitution to be submitted to the people for their ratification. Then it will remain to be determined whether a majority of the people of that state favor the use of this direct power. Ohio is one of the oldest and greatest states of the Union, fourth in point of population and ranking equally high in commercial and industrial importance. It is not in the longitude of radicalism; its historical traditions are in tune with those of the conservative East; and, that therefore the question of adopting the initiative, referendum and recall has come up for determinative consideration in that state shows that this demand for a more direct control of government is something more than a sectional whim that will be forgotten if ignored. It is not to be ignored however much a multitude of fair-minded men wish to have it ignored. It will soon demand an unequivocal answer everywhere, and for the reason all literature on the subject has already become pertinent.—Dallas News.

Guy Jacobs, R. M. Ellerd, W. B. Lewis and G. A. London were in attendance on the Bob Mullin case at Canyon this week.

W. A. Shofner returned from Amarillo Monday, and had in his custody a prisoner by the name of Levitt, who is charged with forgery.

J. D. Kendrick, after spending a month in Plainview returned to his home in Stamford Monday. We opine things here looked good to him.

**A TEAM OF OXEN.**

A team of oxen, owned by Mr. Evans, a farmer living near Spur, was driven on the streets Saturday, with a load of wood. The sight was so novel that a great crowd of people, many of whom had never seen a yoke of oxen before, followed the wagon down the street, where Bragg, the new photographer, photographed it beside an automobile, showing the contrast of our fathers' mode of conveyance with that of our present day.

The few hoary-haired spectators stood gazing on the scene almost reverently, their minds thronged with memories of the past, when, behind a Georgia stock plow, they trudged in the field of waving corn, and to mill, behind the docile oxen, they went with their turn of corn.

Their wrinkled, care-worn old faces and dim eyes lit with a smile at the memories of a blushing bride driven in an ox wagon to the modest home.

Their reverie was shattered by the honk of an automobile.

Their sweet dreams of the past turned to thoughts of the present, the age of invention and progress, which has gone so far as to change this land from a wilderness into fields of waving grain.—Texas Spur.

**SUFFERINGS OF WAR.**

President Taft, in Woman's Home Companion: "The evil of war, and what follows in its train, I need not dwell upon. In our Civil War the death roll in the Union army alone reached the appalling aggregate of 359,000. But the suffering and perils of the men in the field, distressing as they are to contemplate, are slight in comparison to the woes and anguish of the women who are left behind. The hope that husband, brother, father, son, may be spared the tragic end which all soldiers risk when they respond to their country's call, buoys them up in their privations and heart-breaking loneliness. But theirs is the deepest pain, for the most poignant suffering is mental rather than physical. No pension compensates for the loss of the husband, son or father. The glory of death in battle does not feed the mouths of orphaned children, nor does the pomp and circumstance of war clothe them. The voice of the women of America should be for peace."

**NO USE TO GRUMBLE.**

K. Lamity's Harpoon (Austin): It's no use to grumble about the high price of living. The cities and towns are running over with good strong men looking for an easy job, who are living from hand to mouth the year round. They produce nothing, but must eat every day and wear clothes. Put these men on a farm, and independent living, and they should produce enough surplus to feed a dozen or more people. The man who leaves the country to merely do odd jobs in town is simply a fool for lack of sense. In the country he is free and independent. In the city he is slave of some red-nosed boss, or is a mere street walker. This may sound hard, but it's the truth.

**J. N. JORDAN FOR TAX ASSESSOR.**

We this week place the name of J. N. Jordan in our announcement column as candidate for the office of Tax Assessor of this county. Mr. Jordan has spent several years on the Plains, the last five or six in this town having run a gin here until it burned down, and he is too well known by most of our people to need any words of commendation from us. But for the perusal of those who are not acquainted with him we will say that he is a worthy gentleman, conscientious in the discharge of his every duty as a citizen, and we cheerfully recommend him to your consideration in the selection of a man to fill this important office.

**S. S. SLONEKER FOR TAX ASSESSOR.**

In this issue of The Herald will be found the announcement of S. S. Sloneker, as a candidate for the office of Tax Assessor for Hale County. Mr. Sloneker has been a resident of this county for several years, a goodly portion of which he spent in teaching school, and was well liked as teacher by both pupils and patrons. He has been farming for the past few years, and, by thrift and integrity, has made good in this line. He is well qualified for the office to which he aspires, and, if elected, will discharge his duties to the satisfaction of the public.

To those who do not know him personally, we take pleasure in introducing him as a thorough gentleman, and worthy of your careful consideration of his candidacy.

**W. B. LEWIS FOR COUNTY JUDGE.**

In our announcement column we this week place the name of Hon. W. B. Lewis, as a candidate for County Judge of Hale County. Mr. Lewis is a good lawyer, and well qualified for this important office. He has been in this county some years, devoting his time to the practice of law, in which he has been successful. He is industrious, studious, and would make a good County Judge. We cheerfully recommend him to the consideration of the voters of this county, feeling sure that if elected he will fill the office with credit to himself and to the best interest of the county.

We learn from The Tulla Herald that Hon. R. M. Ellerd will be a candidate for District Attorney of this District in the coming campaign.

Bob Mullens, formerly of this city, and whose trial for statutory rape resulted in a hung jury at Amarillo last spring, was tried at Canyon this week, on a change of venue. It took the jury about five minutes to decide and return a verdict of "Not guilty." The defense was represented by R. M. Ellerd.

A Money Saving for Those Who Purchase Now

¶ We want to give Santa Claus a grander and more hearty reception this year than he has ever had before, and we are going to start Monday to make room for him.

¶ In order to do this we are going to make sweeping prices on many articles in our store. The majority of the people of Plainview and Hale county have not bought all their winter wearables yet. No better opportunity than this will be offered you this season to buy them. We haven't the time to quote you a list of prices, but we mention below a few articles that you can get choice bargains in.

## To the Men and Boys

On all our Kuppenheimer Suits and Overcoats there will be a sweeping reduction in prices, and considering the quality, the values offered will be unusually attractive. Big reductions on Boy's Hercules Suits. Prices on all our Men's Pants will be slashed. Manhattan Shirts at money saving prices.

## Millinery at Big Reduction

Our Millinery Department is full of the finest creations of the season and you can get just what you want by calling and inspecting this line. Beginning with next Monday everything in this department will be sold at a Big Reduction.

## To the Ladies

We want to clean up on our Palmer Coats and Coat Suits, and if you are thinking of buying one of these this season, your best opportunity to save money is now. We have the swellest line of Ladies' ready-to-wear ever shown in the city. We mean to save you money and will. It will be to your advantage to come.

## Dr. Pierce's Favorite Prescription

Is the best of all medicines for the cure of diseases, disorders and weaknesses peculiar to women. It is the only preparation of its kind devised by a regularly graduated physician—an experienced and skilled specialist in the diseases of women.

It is a safe medicine in any condition of the system. THE ONE REMEDY which contains no alcohol and no injurious habit-forming drugs and which creates no craving for such stimulants.

THE ONE REMEDY so good that its makers are not afraid to print its every ingredient on each outside bottle-wrapper and attest to the truthfulness of the same under oath.

It is sold by medicine dealers everywhere, and any dealer who hasn't it can get it. Don't take a substitute of unknown composition for this medicine of KNOWN COMPOSITION. No counterfeit is as good as the genuine and the druggist who says something else is "just as good as Dr. Pierce's" is either mistaken or is trying to deceive you for his own selfish benefit. Such a man is not to be trusted. He is trifling with your most priceless possession—your health—may be your life itself. See that you get what you ask for.
