ALL WANT TO KNOW ABOUT PLAINVIEW AND IRRIGATION.

Sawyer and Mitchell Are Shown Street Improvements at Principal Cities in Northwest Texas.

City Aldermen T. W. Sawyer and B. E. Mitchell returned Saturday from a visit to Northwest Texas cities for the purpose of investigating the latest and most modern ways of building sidewalks, curbs and crossings, with a view of paving and parking Plainview's streets.

Mr. Sawyer said to a Herald reporter, "If the citizens of Plainview do not grasp the great opportunities that are now presenting themselves in our city, other people will reap the harvest; for every place you go Plainview is highly spoken of, and is destined to be one of the cities in which wealth will abound. Paint your homes, trim your trees high, fix a beautiful lawn; for the homeseeker is coming, and he will pay your price if you will keep your property up with the times."

"Sweetwater was our first stop," Mr. Sawyer said. "Here we were shown over the city by the Mayor and City Engineer. These gentlemen are boosters for their town, and they should be, for they are building miles of sidewalks and crossings, also doing lots of paving, which is a decoration for their city. But after these two kind gentlemen had shown all honor to Plainview's representatives, they said: 'You people have the coming city of the West. You have the soil, the water and a fine class of citizens, and we know you are soon to be a city, and we are coming to see what you have, and especially those wonderful wells.'"

"In Abilene we found a modern little city with the latest improvements in streets. They are now paving and building walks."

"Wichita Falls was our third stop. Here the Mayor, City Engineer and Treasurer received your committee and showed us the courtesy of a wide-awake city—and that is Wichita Falls. I think I would be safe in saying that in this city we saw more new, modern residences than you could find in any three towns west of Fort Worth. We found more paved streets and walks than in any town at which we stopped."

"The citizens of Wichita Falls are proud of their home town, and are keeping it in fine condition in the way of clean streets and alleys and well-kept lawns, and all shade trees along sidewalks are trimmed high, so that no one can lose his hat by coming in contact with low limbs. Yard fences are kept in good shape or removed and a nice walk and curb take the place of an old, unsightly fence."

"But after these gentlemen, through pride, showed us their city, they said: 'How about those wells we hear so much about? We understand that they send forth pure, clear water in volumes equal to the eruption of volcanoes, and that your soil is as rich as the Valley of the Nile. So, with these two material resources, you people will in the near future have the city of the Plains, with miles of walks and many streets paved. We want Plainview to look upon Wichita Falls as her friend; we will help each other.'"

"At Vernon, our fourth stop, the City Engineer, Mr. Robinson, took us in charge. This city has many walks and fine crossings. The engineer showed us their mistakes and then showed us the modern way to build walks, curbs and crossings—the way they are now building."

"Vernon is setting apart wide parkage, and they require the property owner adjoining same to keep it clean, for it adds as much to his property as it does to the beautifying of the city. Mr. Robinson promised us to come to Plainview and let us show him our city, fine soil and big wells."

"Amarillo was our fifth stop. Here Paul F. Miller, City Engineer, took pleasure in showing us their street and sidewalk improvements, and they have tried various kinds of crossings and paving, and this gentleman is in a position to help any new town start out in the right way, for he is a man of wide experience. The Mayor and City Clerk assured us that they are always ready to help us in any way, but said, 'You will not need much help, for that great water supply and rich soil will make you independent.'"

"Now, we, your committee, are proud we live in Plainview, and have resolved to do more for our new beautiful little city."

"T. W. SAWYER,
"B. E. MITCHELL,"

CITATION BY PUBLICATION.

THE STATE OF TEXAS, To the SHERIFF or any Constable of Hale County—GREETING:

You are hereby COMMANDED to SUMMON the heirs of W. H. H. Kilty, by making publication of this citation in some newspaper of Hale County, Texas, if there be a newspaper published therein, but if not, then in the nearest county where a newspaper is published, once in each week for eight successive weeks previous to the return day hereof, to be and appear before the Honorable District Court of Hale County, Texas, at the next Regular Term thereof to be held in the County of Hale, at the Court House thereof, in the City of Plainview, Texas, on the 4th day of August, 1915, then and there to answer a petition filed in said Court on the 23rd day of May, 1915, in a suit numbered on the docket of said Court, No. 960, wherein B. E. Crego is plaintiff and the heirs of W. H. H. Kilty, deceased, are defendants; the nature of the Plaintiff's demand as stated in said Petition being as follows:

STATE OF TEXAS,
County of Hale.)
IN THE DISTRICT COURT,
August Term, 1915.

To the Honorable District Court of Said County:
Now comes B. E. Crego, of Aurora, State of Illinois, hereinafter styled Plaintiff, and, complaining of the Heirs of W. H. H. Kilty, deceased, whose names and places of residence are to Plaintiff unknown, hereinafter styled Defendants, shows and represents to the Court:

That heretofore, on the 1st day of August, 1912, Plaintiff was lawfully possessed of the following described tract of land lying and being situated in Hale County, Texas, holding, owning and claiming the same in fee simple, to-wit: The J. L. King Homestead Pre-emption Survey, described by metes and bounds as beginning at the Northeast corner of the W. F. Addison Survey; thence east 950 varas; thence south 950 varas; thence west 950 varas, to the northeast corner of the J. McClinton Homestead Pre-emption Survey; thence north to the place of beginning, and containing one hundred and sixty acres of land; and that on the day and year aforesaid the Defendants unlawfully entered upon said premises and ejected the Plaintiff therefrom and unlawfully withhold from him the possession thereof to his damage in the sum of Three Thousand Dollars.

Plaintiff further shows to the Court that he claims and owns said land by chain of title as follows: 1st, Patent from the State of Texas granting said land to J. L. King; 2nd, Deed of General Warranty from said J. L. King and wife conveying said land to Herman Schulz, dated October 1st, 1908, and of record in the Deed Records of Hale County, Texas, Vol. 17, pages 203-4; 3rd, Deed from said Herman Schulz conveying said land to W. H. H. Kilty, dated May 27th, 1910, and of record in the Deed Records of said Hale County, Texas, Vol. 24, pages 623-4, in which deed of conveyance the Vendor's Lien was expressly retained to secure the payment of four notes of even date with said deed, each for the sum of \$425.00, and due respectively July 1st, 1912, 1913, 1914 and 1915, and each note providing that failure to pay any note or any installment of interest when due shall at the option of the holder mature all said notes; 4th, Transfer and assignment from said Herman Schulz of said notes to this Plaintiff, which transfer and assignment also conveyed to this Plaintiff all the right, title and interest owned or held by said Herman Schulz in or to said land, and which transfer and assignment was in writing, dated July 1st, 1910, and recorded in the Deed Records of Hale County, Texas, Vol. 25, page 357, and conveyed to this Plaintiff the superior legal title to said lands;

That the only title or interest in or to said lands or any part thereof held or claimed by Defendants, so far as known to this Plaintiff, is under said deed from Herman Schulz to said W. H. H. Kilty, above described. And Plaintiff says that said notes in said deed mentioned are long since past due and have never been paid, and are and remain wholly unpaid, and Plaintiff has rescinded said contract of sale, because of the failure on the part of Defendants and said W. H. H. Kilty to pay said notes. And Plaintiff further shows that said W. H. H. Kilty is dead.

Wherefore Plaintiff prays that Defendants be cited by publication as provided by law in such cases, and that upon a hearing he have judgment for the title, restitution and possession of said above described tract of land, and for all relief to which under the law and the evidence he may be entitled.

Studebaker

"Studebaker wagons certainly last a long time"

"I have had this wagon twenty-two years, and during that time it cost me only \$6.00 for repairs, and that was for setting two tires."

"And after twenty-two years of daily use in good and bad weather and over all kinds of roads, I will put this wagon against any new wagon of another make that you can buy today."

"Studebaker wagons are built of air-dried lumber and tested iron and steel. Even the paint and varnish are subjected to a laboratory test to insure wearing qualities."

"No wagon made is subjected to as many tests or is more carefully made than a Studebaker. You can buy them of Studebaker dealers everywhere."

"Don't listen to the dealer who wants to sell you a cheap wagon, represented to be 'just as good' as a Studebaker."

Farm wagons, trucks, dump wagons and carts, delivery wagons, buggies, surreys, depot wagons—and harness of all kinds of the same high standard as the Studebaker vehicles.

AMERICAN FLAG 136 YEARS OLD.

Standard Adopted by Continental Congress Has Changed Only Through Added Stars.

The one hundred and thirty-sixth anniversary of Flag Day was celebrated all over the United States Saturday, for it was on June 14, 1777, that the Continental Congress, assembled at Philadelphia, adopted the American flag essentially as it is today.

Incidentally, there is an unusual interest in the original flag in this year of 1913, for it had thirteen red and white stripes, just as it does now, and thirteen white stars on blue ground to represent the thirteen States then comprising the Union.

It speaks strongly for the patriotism of the American women than the designer of the Stars and Stripes was not a man, but Mrs. Ross, a loyal and enthusiastic lady of Philadelphia. Up to the time of the official adoption of this emblem, the American troops had been fighting under a variety of standards, but on August 6, 1777, the new banner was raised at Fort Mifflin, and within a short time it was in use by all of the patriot armies.

The first change made was in January, 1794, when two stars were added for Vermont and Kentucky. It was not changed again until 1818, when stars were added for Tennessee, Ohio, Louisiana, Indiana and Mississippi and the provision made that a new star should be placed on the flag for every State admitted to the Union.

Since that time State after State has been added, until there are now forty-eight stars, making indeed "a constellation," as one of the members of the Continental Congress termed the original little group of thirteen. It does not now seem probable that any changes will be made for some time to come, as, with the admission of New Mexico and Arizona, the last Territories within the main body of the United States ceased to exist as such, and took their places in the sisterhood of States.

Alaskans, however, are already beginning to ask for Statehood. Then there are the insular possessions, Hawaii, the Philippines and Porto Rico and the District of Columbia. And there are other portions of North America which might possibly, at some future day, become a part of the United States, although there are no present indications of any such occurrences.

All Nations have had their standards, but that of the United States was the first to be always essentially the same and yet subject always to change, that of more stars being added from time to time.

When the Stars and Stripes were first floated, they covered only a narrow stretch of colonies on the Atlantic Coast. In 136 years this territory has grown until it extends from Atlantic to the Pacific, from the Gulf of Mexico to the Great Lakes, and from merely representing a loose confederation of rebellious colonies it has come to be respected as one of the greatest Nations the world has ever seen.—Dallas News.

TEXAS INDUSTRIAL NOTES.

Corpus Christi.—Voters of Neuces County will vote on the issuance of \$750,000 in bonds for good roads improvements on July 19, and the erection of a modern court house in this city. Five hundred thousand dollars of the amount will be used in improving the roads, while two hundred thousand will be used in the erection of the court house.

Tyler.—That the immense Irish potato crop of this section may be preserved for future use and sale, the local ice factory has arranged to receive hundreds of bushels in one of its cold storage rooms. A charge of one-half of the advance in price of the potatoes, with the maximum charge of two and one-half cents per cubic foot per month, will be made. On account of their watery condition, a great many of the tubers decay before a suitable market can be found for them.

Linden.—A tax levy of 15 cents for the purpose of improving the roads in Cass County has just been voted. The proposition carried by a large majority.

San Angelo.—The scholastic population of this city has increased ninety-one for this year over that of 1912. The census just completed shows 1,963, against 1,872 in 1912.

Beaumont.—The third annual rice convention and the annual meeting of

It is time to cut your weeds!

Is your opinion of a live town one whose citizens let weeds grow in the streets?

The South Plains can do many things when the sun shines, but we make most of our hay when it rains.

FOR BETTER CHILDREN.

New York clergymen express diverse views on the "eugenic movement," just now attracting so much attention.

They are universal in their plea for marriages based somewhat more upon physical fitness and for intelligent rearing of children. Realizing that the child is the father of the race, these men speak out for more wholesome conditions of heredity and environment for the child.

There need be no whit less of love because there is increased intelligence in assuming the responsibilities of fatherhood and motherhood.

HE HAD TO LAY OVER.

Harry Ridings had gone into a Central Texas city to secure work. He wasn't far away and everything moved well until a little fellow in blue hunted him up one afternoon with a message from the old home.

He was in time to catch the west-bound Texas & Pacific train as far as Sweetwater. Then there was nothing to do but wait—wait twenty-three hours, and his mother was dying! Her soul went into eternity while the boy waited for his train at Sweetwater. It was a matter of half an hour for the railroad. It was eternity for Harry Ridings.

Whether it be pleasure, or business, or the call of death, that brings one to the South Plains, it is a matter of simple justice to every individual from Sweetwater to Amarillo that reasonable train connections be provided.

AN EPOCH FOR TEXAS.

The opening last week of 200 miles of the inter-coastal canal which is to connect the Mississippi River with the Rio Grande marks an epoch in the development of Texas.

The canal makes possible the transportation of heavy freight at a rate which the railroads could not afford to accept. It tends to lower the cost to the ultimate consumer; and will develop a tonnage which the railroads never could develop, quickening in-

dustry all along the coast. With the opening of the Panama Canal trade routes will change to the southward. The development of empire shifts to the South.

It is a large opportunity which Texas offers to Texans. We hope that the glamour of distance will not call worthy sons to less fertile fields of endeavor among strange people.

You can build your fortune, young man, without the expense of accustoming yourself to new and less favorable conditions in some foreign state.

Texas has need of you. She offers you an empire for conquest.

PRIZES ARE BEGGING.

The Civic League has offered 23 prizes to the boys and girls in Plainview who will trap the greatest number of flies up to July 1.

There is a first prize of \$15; \$10 is offered for second prize; third prize is \$5; and twenty prizes of \$1 each. All of these are made possible through the liberality of the Texas Land and Development Company. M. D. Henderson, Manager of the Development Company, has offered an additional prize of \$25 to the winner.

Nine boys and one girl have entered the contest. These ten have trapped 5 bushels and 17 pints of the most deadly pest which afflicts the human race.

It is safe to say that during the next two weeks more flies will be brought in than have been during the two and one-half months of the contest thus far. The winner in the fly-trapping contest is yet to be named. And winning in that contest stamps the fortunate individual with a mark of larger value than the prize offered.

But about those remaining 13 awards—shall they go begging? Is there no boy or girl in Plainview with sufficient activity to go in and win? The service your fly-trapping will render to your town, your home and perchance to your own health will be incomparably larger than the prize. But the prize is worth while.

Girl, if the boys won't act, don't let these prizes go begging.

WINNING PAPERS IN THE HERALD'S "TEN BEST REASONS" CONTEST:

- "Because—
1. It's a white man's country; the wage-earner gets white man's wages.
 2. It's an undeveloped country; the man with money may invest his money in paying investments; the man without money may get money to invest.
 3. Money don't grow on trees, but comes directly from the soil. Land values have doubled in the last few years.
 4. Good schools, good roads, good churches and good people already here.
 5. Such a large per cent of the land may be utilized; a fertile soil, producing almost any kind of crop. Yet one does not have it to pay for: one crop in one season will pay for it.
 6. A country where horses and machinery may do man's work; with this help, one man may cultivate and gather such a large acreage.
 7. Oceans of water, fit for irrigating purposes, just beneath the surface, may be had—not for the asking, but for him who humps and pumps.
 8. There's good money as well as good sausage in hogs; climate well suited to poultry raising; money in beef, butter, pork and alfalfa.
 9. No wood to cut, no water to draw; eggs to eat, milk to drink and ham-bones to gnaw.
 10. A healthy climate, no lung troubles, few doctor's bills to pay, longevity of life.
- "L. B. HENDRICK."
- "Ten reasons for coming to Hale County:
1. Good health.
 2. Good water—unlimited supply.
 3. Good climate.
 4. Best and cheapest land in the United States in comparison to its real value.
 5. Good schools and churches here.
 6. Best opportunity for investments by the young man starting in life.
 7. All American people of the best class.
 8. You need no locks on your barns and stables.
 9. No saloons and dens of vice so common in many other localities.
 10. If you will get up and go you will grow.
- "W. E. WINFIELD."
- "People should come to the South Plains because—
1. Of the ideal climate. The summers are cool and the winters are mild.
 2. Of the healthful climate. Being 3,366 feet above the sea level, it is a fine place for weak lungs, asthma, etc.
 3. There are no saloons, and jails are scarcely ever needed.
 4. The natural good roads make traveling and marketing products easy and speedy and an actual pleasure.
 5. The country is large, at present the inhabitants are few, and there is plenty of room to be free, independent and happy.

Butter for Table

Cottolene for Cooking

The Happy Go-Between

Cottolene

Cottolene is not for table use, but it is the best cooking fat for all shortening and frying. If you are using butter in your kitchen you are paying at least twice as much as necessary to secure the same results with Cottolene.

Another point of economy about Cottolene—use one-third less than you would of butter or lard

Cottolene is a clean, pure product, and makes wholesome, healthful, digestible food, because it is a vegetable and not an animal fat.

Made only by
THE N. K. FAIRBANK COMPANY

TRY THIS RECIPE:

FRIED FISH
Fry Trout, Perch, Herring and other small pan fish whole. Cut large fish in 1 inch thick slices, 2 or 3 inches square. Remove skin and bones from sliced fish, wipe dry, roll in bread crumbs or fine meal, then in beaten eggs, then in crumbs, and fry in deep Cottolene hot enough to brown a bit of bread while you count sixty. Drain well before serving, or simply cover with seasoned meal and brown on each side in hot Cottolene in frying pan.

DANGEROUS CALOMEL GOING OUT OF USE.

A Safer, More Reliable Remedy Has Taken Its Place in the Drug Store and in the Home.

A few years ago men, women and children took calomel for a sluggish liver and for constipation. They took risks when they did so, for calomel is a dangerous drug. Your family doctor will be the first to tell you this if he discovers you dosing yourself with calomel.

But the drug trade has found a safer, more pleasant remedy than calomel in Dodson's Liver Tone.

R. A. Long Drug Co. tells us that their drug store sells Dodson's Liver Tone in practically every case of biliousness and liver trouble where calomel used to be taken.

Dodson's Liver Tone is a vegetable liver tonic that is absolutely harmless for children and grown people. It sells for 50 cents a bottle and is guaranteed to be entirely satisfactory by R. A. Long Drug Co., who will refund your money with a smile if it does not give quick, gentle relief with out any of calomel's unpleasant after-effects.

USE ALL YOUR CELERY.

If you give twenty-five cents for a bundle of celery, cut out the choice white stalks and place them on the table, throwing the rest of it, the green stalks and leaves, into the garbage pail, are you not in reality paying twice twenty-five cents for the celery?

Take the choice centers for the table, and I willingly grant that they add greatly to its refined appearance, and every one would rather eat those tender and delicate looking pieces than the coarse, greenish stalks; but there are other uses to which the stalks may be put that are just as delicious and just as nourishing.

Cut off the leaves and put them in a pan of water and wash them thoroughly. Dry them and place them in a cool oven until thoroughly dry. Rub them through the hands until powdered, and then place in a jar and put aside until flavoring for soup is required.

Select the whiter parts of the stalks, cut them into quite small pieces, take the piece of a head of cabbage that was left from the dish of slaw, shred it fine and mix with the celery. Altogether you probably may have a pint. Chop fine one small onion, or half a large one, if you have a piece left from seasoning, a teaspoonful of salt, half a sweet pepper and half a green one, chopped, a teaspoonful of celery seed, some mustard seed and over all throw a cupful of vinegar, placing all in a jar for a few days to ripen. Use as a relish.

Boil the green stalks and from them make cream of celery soup. This is easily made, delicious and nourishing, and you have the comfortable feeling that there has been absolutely no waste in your house, as far as that bunch of celery is concerned, at any rate.—Philadelphia Record.

ASK YOUR DRUGGIST ABOUT IT.

There is a New Remedy That Takes the Place of Calomel; Recommended and Guaranteed by the Druggists.

R. A. Long Drug Company's drug store never sold a remedy that gave more complete satisfaction than Dodson's Liver Tonic—a mild vegetable remedy for constipation, sour stomach and lazy liver.

Folks who have suffered for years rather than resort to dangerous calomel have found after one trial that this pleasant-tasting vegetable liquid gives them a long-sought relief without bad after-effects.

Dodson's Liver Tonic is guaranteed by R. A. Long Drug Company to be a safe liver stimulant and to be absolutely harmless—without bad after-effects. You will find many persons in this locality who have tried it, and every user will speak a good word for Dodson's Liver Tonic. It livens up a torpid liver and makes you feel fresh, healthy and clean.

The price of a large bottle is 50 cents—money back if not pleased. The success of Dodson's Liver Tonic has brought many medicines into the field that imitate its claims, and some have name very similar and package same color, but remember Dodson's Liver Tonic is guaranteed by R. A. Long Drug Co., who will give you back your money if you want it. —Adv. 27

BLACKBOARD ERASER FOR YOUR STAIRS.

I have hardwood stairs finished with a wax finish in my home, and I have found that one of the felt blackboard erasers to dust down the stairs not only takes up all the dust and holds it so that it can be carried to the door and cleaned with a few strokes, but it polishes the waxed surface as well. The square corners of the eraser clean well in the stair corners, and it is a quick and easy way to keep the stairs in good condition.—E. R., in The Delineator.

LAWN HINTS.

To have a good lawn, as the grass begins to grow, mow it often. Abandon the notion that mowing grass will kill it; it will do nothing of the kind.

Frequent mowing, two or three times a week, will keep down the thick places and allow thin places to assert themselves.

Lawn clippings are splendid green feed for poultry confined in pens, but when they are taken from the lawn an equivalent fertilizer should be returned—at some time.

When the lawn mower gets dull do not take it to the shop to be sharpened, but adjust and tighten the bolts or tension at the bottom on either end of the bar, so that the revolving blades ring sharply against the bottom horizontal cutting blade. This will make the mower sharpen itself in turning. Almost all lawn mowers are constructed for self-sharpening. When the tension is tight it requires just a little more force in pushing, but it cuts; it can't help it.—H. H. Shepard, Allendale, Ill.

HUSBAND RESCUED DESPAIRING WIFE

After Four Years of Discouraging Conditions, Mrs. Bullock Gave Up in Despair. Husband Came to Rescue.

Catron, Ky.—In an interesting letter from this place, Mrs. Bettie Bullock writes as follows: "I suffered for four years, with womanly troubles, and during this time, I could only sit up for a little while, and could not walk anywhere at all. At times, I would have severe pains in my left side.

I had gotten so weak I could not stand, and I gave up in despair.

At last, my husband got me a bottle of Cardui, the woman's tonic, and I commenced taking it. From the very first dose, I could tell it was helping me. I can now walk two miles without its tiring me, and am doing all my work."

If you are all run down from womanly troubles, don't give up in despair. Try Cardui, the woman's tonic. It has helped more than a million women, in its 50 years of continuous success, and should surely help you, too. Your druggist has sold Cardui for years. He knows what it will do. Ask him. He will recommend it. Begin taking Cardui today.

The doctor was called in, and his treatment relieved me for a while, but I was soon confined to my bed again. After that, nothing seemed to do me any good.

The Cheerful Life

It is the right of everyone to live and enjoy the cheerful life. We owe it to ourselves and those who live with us to live the cheerful life. We cannot do so if ill health takes hold of us.

The wife, mother and daughter suffering from hot flashes, nervousness, headache, backache, dragging-down feeling, or any other weakness due to disorders or irregularities of the delicate female organs—is not only a burden to herself, but to her loved ones.

There is a remedy. Forty years experience has proven unmistakably that

DR. PIERCE'S Favorite Prescription

will restore health to weakened womanhood. For 40 years it has survived prejudice, envy and malice. Sold by dealers in medicine in liquid or tablet form. Dr. Pierce's Favorite Prescription Tablets can be had of druggist or mailed on receipt of one-cent stamps—for \$1.00 or 50c size. Address R. V. Pierce, M. D., Buffalo, N. Y.

COMMUNITY CORRESPONDENCE

NEWS FROM PETERSBURG.

Petersburg, Texas, June 15.—Hale County Herald: I thought perhaps a few lines from Petersburg might not be amiss, as it has been some time since we have seen anything in the Plainview papers about our quiet little town.

We have had good rains in the last few days. Crops of all kinds are doing nicely, and, with the exception of wheat, I never have seen crops more promising.

Since the advent of a new bank and a splendid system of rural and outside communication by telephone, and the addition of several new autos, the people generally are putting on an air of new life and general thriftiness all over the community.

Dr. Gilliam and wife are making quite an extensive visit to Denver, Colorado Springs and other important points.

Mrs. J. W. Armstrong and children are visiting in Fort Worth, Dallas and other points in Central Texas.

J. W. Allen has just returned from El Paso, to which town he went in the interest of his cattle business.

A. C. Yoakum and wife, of New Mexico, are visiting the former's mother, Mrs. J. C. Hassell.

J. W. Roberson, Commissioner from this precinct, has gone to farming, after attending the Board of Equalization at Plainview.

The Misses Rena and Ruby Ford and Miss Mamie Phillips report quite a pleasant time at the Crosbyton picnic.

Miss Clara Wise is visiting in Chickasha, Okla., and from there will visit friend in Iowa.

Mrs. Ed Reagan, Miss Evelyn Claitor and several others from Petersburg are attending the Normal at Canyon.

Miss Vida Mae Stalcup has finished a successful term of school at Turkey, and is spending vacation with her sister, Mrs. Nora Boyd, two miles north of Petersburg. Miss Vida is 17 years old, and we venture there is hardly another girl in Texas so young that can command ninety dollars per month for teaching. She has contracted for the next session at the same place.

The health of the community is generally good, and Petersburg is prospering.

PRAIRIEVIEW.

June 14.—Miss Hilda Richter, of Midway, is visiting at the home of

Mrs. J. A. Pullen this week. Mrs. R. Houston, of Liberty, was the guest of Mrs. W. C. Ooley Thursday.

Mrs. T. J. Shelton and Mrs. M. E. Nations were visitors at the Providence Ladies' Circle meeting, at Mrs. W. C. Ooley's, Thursday.

Miss Hazel Ooley returned home from school at Fort Worth last Saturday.

The party at Mr. Carter's Saturday night was well attended.

There will be an ice cream supper at Providence Saturday night, June 21, given by the Providence Ladies' Circle, and everybody is invited to come, as the money will be used for a good cause. We want everybody to come. There will be plenty of cream and cake there.

WHITFIELD.

June 19.—The party at Mr. Blackerby's Thursday night was fine. A big crowd of about forty was present. Also the ice cream supper Saturday night at Mr. Randolph's was a successful event, there being as many present as at the party, if not more. All had a good time.

There was preaching at New Hope Church Sunday and Sunday night, by Rev. Mr. Bagwell, of Plainview.

A large crowd of young people took dinner with Miss Loreane Askey Sunday. Miss Askey's visitors were Messrs. Hollie Francis, Jesse, Ernest and Wes Lovvorn and Carl Bell and Misses Lola and Nola Stark, Leona Walling and Oda Francis. All had a good time.

Miss Minnie Lemaster was the guest of Maude Formway Sunday.

The Sunday School at Price will be held at the usual hour, 3 o'clock p. m., next Sunday. Everybody is invited.

Mr. H. P. Walling is quite sick this week.

Mrs. Will Lovvorn was hostess to Misses Leona Walling and Lola and Nola Stark and Messrs. R. C. Montgomery and Wes and Ernest Lovvorn Sunday night.

Messrs. Jesse Lovvorn, Elmer Bass and Carl Bell and Misses Oda Francis, Ruth Taylor and Loreane Askey were guests of Mrs. T. J. Garner Sunday night.

Mrs. T. R. Alexander, of Plainview, is visiting her daughter, Mrs. Bell Lovvorn, this week.

Mr. and Mrs. Bell, Carl Bell and Miss Leona Walling went to Plainview Saturday.

Mrs. Will Williamson was a guest of Mrs. Blackerby Tuesday.

SPRING LAKE.

J. V. Linville spent last week in Plainview.

Spring Lakelites are planning to see the first train run through Lamb County, on July 4, 1913.

H. L. Harris made a trip to Plainview Tuesday and Wednesday for a load of merchandise for M. E. Cleavenger.

Mr. and Mrs. S. H. Roush were visiting friends in Hereford the first of the week.

P. D. Vore returned from Canyon Saturday, to which place he took his family, in order that his children may attend the State Normal.

M. W. and O. C. Axtell are turning over the dirt at a very rapid rate at the Sod House ranch.

Mrs. Pearl Gardner, of Plainview, is visiting her parents, Mr. and Mrs. B. Barnertson.

W. A. Singleton has entertained sheep shearers for the past week.

Children's Day was celebrated here Sunday. The church was very prettily decorated with potted plants, roses, etc. The first part of the program was occupied by the primary department. At this time five of the little ones were promoted to the beginners' class. They were Goldie Frederick, Florence Shifflet, Edna Linville, Beulah Cleavenger and Glen Frenzell. The rest of the program

was rendered by the older children, and the exercises were thoroughly enjoyed by all.

We are very proud of our Sunday School, and we extend an invitation to all who will to come and join us.

HALFWAY.

June 18.—Rev. W. R. Triplett filled his regular appointment here Sunday, and the Baptist Church decided to hold a revival beginning the third Sunday in August.

The Halfway Sunday School will give Children's Day services the fifth Sunday. Dinned will be served on the ground, and all are invited to come.

Mr. Wheeler, of Plainview, and his father-in-law made a short but pleasant visit here Monday, and expressed themselves as being favorably impressed with the neighborhood, and we would gladly welcome a number of such enterprising men into our midst.

The weather is a little dry, but we still hope for rain, and our people are pressing on with their work as if it were raining plenty.

The grasshoppers seem to come and go, and then come again, but so far we have not heard of any damage

they have done more than to eat a little grass. We understand that some of our people have turned hogs on the grasshoppers, and find them to be fine food for hogs.

Messrs. Hooper and Pinkerton were in Plainview Monday.

STONEBACK.

June 18.—BORN—To Mr. and Mrs. Nathan Morton, June 16, a girl.

Miss Irma King, of Plainview, has been visiting Mrs. M. S. Hudson.

Mrs. Calvert, of Plainview, visited with her daughter, Mrs. Robert Matlier, one day last week.

Mrs. M. S. Hudson entertained the Embroidery Club on Wednesday afternoon of last week.

Mr. Meister's family and Mr. and Mrs. Stewart visited with Mr. Ball's, west of Hale Center, Sunday.

Rev. Brown preached at the school house Sunday, morning and evening. Sunday School was changed from 10 o'clock a. m. to 3 o'clock in the afternoon.

Mr. and Mrs. Hozier and Mr. Will West and best girl, of Hale Center, visited with Mr. and Mrs. John Warner Sunday.

Mr. Hozier, of Iowa Avenue, expects to leave Thursday for Iowa with

Mrs. Hozier, as her health has been falling fast lately. They hope a lower altitude will help her.

The people of this community were shocked Monday afternoon when word came that the aged father of Mr. Joe Landers had committed suicide, by shooting himself. He was ninety-seven years of age. Burial took place at Strip Tuesday afternoon. The family has the sympathy of the entire community.

KRESS.

Margaret Estes, of Auburn, took the train Saturday for Canyon, to make a visit.

Mrs. Weidner and son, of Des Moines, Iowa, are visiting here this summer with relatives.

Rev. J. F. Nix, of Plainview, will preach at the Baptist Church here next Sunday.

A meeting was held at the church last Tuesday.

Mr. W. Walker, of Auburn, was a caller in Kress Monday.

Mr. F. L. Overly and bride, of Ames, Iowa, are visiting at his father's, Mr. E. E. Overly's.

Mrs. Joe H. Thompson and Miss Irene Jordan, of Tulla, are visiting Mrs. Arch Jordan, in Kress.
