

The Twice-a-Week Hale County Herald

VOLUME TWENTY-FOUR

PLAINVIEW, TEXAS, FRIDAY, JUNE 27, 1913

NUMBER THIRTY

AUTOISTS OBJECT TO SUNDAY CLOSING

Many Opposed to Lid Being on Garages; Content Parallel to Livery Stables.

INCONVENIENT TO TOURISTS

Difference of Opinion as to Feasibility of Prohibiting Sunday Selling of Gasoline.

Whether the selling of gasoline comes under the ban of the State law on Sunday selling has caused quite a little commotion among automobile owners in Plainview since the recent resolution by the City Council relative to the enforcement of the State Sunday-selling law.

Lid on Tight Sunday.

B. L. Spencer, city secretary, told a Herald reporter, "I don't know what the law is, but the lid was on tight last Sunday."

No Ordinance Passed.

The City Council has passed no ordinance prohibiting the selling of gasoline on Sunday. They merely passed the following resolution on June 16, 1913:

"WHEREAS, it has come to the notice of the City Council that certain places of business in the city of Plainview have been disregarding the laws of the State of Texas in regard to the doing of work or sale of goods, wares, and merchandise on Sunday; therefore be it

"RESOLVED, That it is the sense of the City Council of the city of Plainview, Texas, that these conditions should not exist, and that the city officials co-operate in the enforcement and upholding of the laws of the State of Texas."

Garage Same as Livery Stable.

"A man in a car who needs gasoline can make you sell to him on Sunday just the same as a man with a team can make a liveryman sell feed to him. Three men came through last Sunday, and could not get gasoline. They phoned to Runningwater and got gasoline. Sunday closing will stop all traveling trade. The traveling men will go to other towns to spend their Sundays. A man who is traveling through the country, if he runs out of gasoline here, will have to stay over Monday to get gasoline. One-third of the people of Hale County have no other means of conveyance. A man would have to violate the law or stay all Sunday in Plainview, and many men who are traveling with their families have not money to pay hotel bills for the families," said B. A. Hubbard.

City Marshal's Viewpoint.

"Garages are not supposed to sell on Sunday. They are not exempted by the State law. Everyone except drug stores and meeting houses, restaurants, livery stables, etc., are under the ban. I guess that if in a case of necessity gasoline should be sold, no one would raise any great kick," is the opinion of City Marshal Watson.

Make Transients Knock Plainview.

E. N. Egge, of the Egge-Corlett Co., said: "We are not anxious to work on Sunday, but it makes it handy for a man coming through the country on a tour to fill up his tank here if he needs gasoline. It is rather hard to tell him that he will have to go to Hale Center or Kress to secure gasoline when you have a supply on hand and his might not hold out until he can reach one of those places. I think it is a very bad thing, in view of the activities of Plainview toward securing the Colorado-to-Gulf highway. It will have people knocking the town on account of being unable to get anything here."

"We never do any more than is necessary on Sunday, but a man coming across the country should be supplied if necessary, on Sunday the same as any other time."

"I have never made a practice and do not care to keep open on Sunday. I believe that if people traveling in cars cannot buy oil in Plainview, when necessary, on Sunday that the Gulf-to-Colorado prospects for Plainview will be lessened. As I understand the law, we can sell to transient people. This law will make a distinction between people, and will be hard to enforce, for it will be difficult to distinguish transient cars from others," L. P. Barker, of the Plainview Rubber Company, said yesterday.

Premature.

A. E. Harp said: "It is premature. As a matter of fact, we are law-abiding citizens, but when this was an open range it was perfectly legitimate to brand mavericks. Since it has been fenced up and we have brands and

CIVIC LEAGUE MEETS WEDNESDAY.

Works of Importance Is on Hand for Regular Meeting at City Hall, July 2nd.

Wednesday, July 2nd, at 4 p. m., is the time of the regular meeting of the Civic League. All meetings of this organization are now being held in the Club Room in the City Hall.

Mrs. L. Lee Dye, the president, is especially anxious that there shall be a large attendance upon the meeting Wednesday. Important matters are to be brought before the League. One that is justly claiming the immediate attention is the Fly Contest. The 1st of July closes the contest supported by cash prizes given by the Texas Land and Development Co. What shall we do with the "fly" after July 1st? The League will appreciate suggestions from the citizens of Plainview as to how this "Fly Campaign" may be kept going. Surely it must not stop! SECRETARY.

pastures designating and controlling cattle, we no longer brand mavericks. "The automobile business is a new business. Inter-state tourists are traveling through the country and, as far as I know, without warning of a Sunday law on gasoline."

"For us to set a precedent at this time, I don't think there is any question about its being out of line."

"My understanding of the State law is that any business—dry goods, grocery store—has perfect right to sell up to 9 o'clock Sunday morning."

TOURING PLAINS COUNTRY.

H. S. Dye and family, of Claude, Texas, were in Plainview Wednesday, after an automobile tour of the Panhandle and South Plains. Mr. Dye has been camping in the Palo Duro Canyon and seeing the Northwest Texas country. He says that the South Plains roads are the most natural automobile roads in the West, but as soon as the autoist gets off the cap rock into Northern New Mexico the roads are not as good.

Mr. Dye left Thursday afternoon in his Reo car for his home, via Spur. He is a big mule dealer in the Claude community.

NORTH PACIFIC GRADING BEGUN.

Wednesday morning the city began the work of grading North Pacific Street. That portion of the street immediately around the depot will be the first, and the work will be continued until the entire street is in good condition.

LANESA BEGINS ORGANIZATION.

Dawson County Road Enthusiasts Getting Ready for Highway.

Dawson County is the first to take definite steps toward putting the proposed Colorado-to-Gulf highway on the map. Clarendon Ions, of Amarillo, who attended the San Angelo meeting with the automobile party which left Plainview Tuesday, stayed in Lamesa last night in order to present the matter of organization by counties to the people there.

The following telegram just received from Mr. Ions explains the result of this first meeting: "Euthustastic mass meeting held Lamesa today. Temporary officers elected were A. H. Lindley, president; R. E. Simpson, secretary; to call general meeting Saturday, July 5, and organize Dawson County Good Roads Association, Colorado-to-Gulf Highway."

ELLERD BROTHERS BUILD.

A new building is being constructed on North Pacific Street by W. J. Mitchell for Ellerd Brothers. The structure will be 24 x 100 feet, and the front will be of brick and glass, the back wall of brick, and the sides and roof of corrugated iron. A concrete floor will be put in.

The building will be located between the Ellerd Building and the Majestic Theater. It will be used as a garage for Franklin automobiles, for which Mr. Ellerd is agent.

ANNOUNCEMENTS.

The Civic League will hold its regular meeting Wednesday afternoon, July 2, at the City Hall.

Will the trapping of the pesky fly stop when the present contest closes, July 1st?

LOCAL DELEGATES NAMED OFFICERS

Colorado-to-Gulf Highway Association Elects Brown Secretary-Treasurer at San Angelo Meeting.

ROOS ROAD OVERSEER

Work of County Organization to Begin at Once; Next Meeting at Trinidad.

"Your town—Plainview—if one may judge by the amount of noise made over you—I should judge Plainview is a town of 70,000 people," it was D. E. Colp, of San Antonio, speaking at the close of the Colorado-to-Gulf highway meeting at San Angelo, Wednesday, who said this.

There were 250 delegates at the meeting; they had come all the way from Trinidad, Colorado, to San Antonio, Texas, covering more than 1,000 miles of highway. Plainview's two representatives were elected to two of the five official positions in the Association. A. T. Jackson, of San Angelo, Texas was elected president; T. W. Conway, Raton, N. M., vice president; D. E. Colp, San Antonio, Texas, vice president; B. O. Brown, Plainview, secretary-treasurer; E. E. Roos, Plainview, road supervisor.

The road, as selected, beginning at Denver, Colorado, goes through Palmer Lake, Colorado Springs, Pueblo, Walsenburg and Trinidad, Colorado; thence over the Colorado Scenic highway to Raton, Des Moines and Clayton, N. M.; Dumas, Dalhart, Amarillo, Canyon City, Plainview, Lubbock, Tahoka, Lamesa, Big Springs, Sterling City, Carlsbad, San Angelo, Eden, Menard, Junction, Kerrville, Boerne, San Antonio, Floresville, Karnes City, Beeville, Sinton and Corpus Christi to the Gulf of Mexico.

The road will probably be extended along the Gulf coast to Galveston. The next meeting of the Association will be held the fourth Wednesday in June, 1914, at Trinidad, Colorado.

The plan of organization calls for county organizations, the president of the county organization to be a member of the board of directors of the central organization. The road will be logged by an official representative of the Blue Book just as soon as it is possible to secure such representative to go over the line. It will also be sign posted. The plan contemplates that each county organization shall keep up its own road in any method that it may see fit. Secretary Brown will begin the work of county organization at once.

OKLAHOMA PEACHES ARE RIPE.

The First Crop of the Fruit Was Marketed in Chickasha.

Chickasha, Okla., June 21.—The first crop of new peaches was marketed in this city today. The peach crop in this county will not be large, but the quality will be better than usual. Last year more than six hundred cars of peaches were shipped from here. Probably half that number will be marketed this year.

FOURTH OF JULY IN PLAINVIEW

Independence Day Celebration Will Be Made a Permanent Feature Here.

PICNIC AND CONTESTS

Entertainment in Hands of Plainview's Firemen and Band Boys.

Hereafter Plainview will celebrate the National birthday with a big fireman and band picnic. The success of the celebration last year and during previous years has led the two organizations to plan to make the Fourth of July celebration an annual event.

The vacant lots in front of the Ellerd Building have been selected as the place for holding the picnic.

The celebration for this year will eclipse anything of previous years. The band will furnish good music throughout the day. Events which will be of interest to everyone have been planned. Fire Chief Franklin says there will not be a dull moment for anyone who attends.

Everyone is expected to participate in some event of the day. All but two events are open to everyone who wishes to enter. Only boys under 16 years of age, on horseback, are eligible to enter the potato race. The fat man's race is limited to men weighing 200 pounds or over. A sack race, greased pole climbing and greased pig contests and hurdle races are among the events planned. These events are open to all.

Prizes have been offered ranging from \$2.50 in gold, for the fat man's race, to \$5.00 in merchandise from the most reputable stocks of the city. The full-page circulars advertising the celebration contain a detailed list of prizes. In the afternoon a baseball game will be played. The committee has not yet closed a contract for the game, but will do so in a few days. Neighboring teams, take notice. All the contests will be held on the picnic grounds.

Possibly the most spectacular event of the day will be the water fight between the hook and ladder and hose companies of the Plainview Fire Department. Ivey, Powell, Dunaway and Graham will probably handle the four-inch hose for the hook and ladder men, and Box, Otto, Wells and Cousineu will be the line-up for the hose company. In addition, there will be fire-fighting and competitive drills in scaling walls in the business section of the city. All Fire Department maneuvering will be held on the public square.

LAST CONGRESSMAN OF CONFEDERACY DIES.

Judge Henry C. Jones, 94 years old, the last surviving member of the Confederate Congress, died Saturday at the residence of his son, in Florence, Alabama, according to a dispatch in the Fort Worth Record.

Miss Carrie Boles, of Amarillo, is visiting Mrs. Johnnie Johnson this week.

HIGHWAY BOOSTERS RETURN NORTHWARD.

Raton and Clayton, N. M., and Amarillo Representatives to San Angelo Meeting See Plainview.

The "north end" party which went through Plainview Tuesday, en route to San Angelo to attend the Colorado-to-Gulf Highway meeting, returned today. The Trinidad car remained a day longer in San Angelo, and arrived in Plainview tonight.

Mr. Ions left the returning party at Tahoka; so that there were only the Raton and Clayton, N. M., cars and the Amarillo car.

Dinner was served to the visitors with the compliments of the Chamber of Commerce; then, while their automobiles were being overhauled at a local garage, Plainview machines took the visitors out to see Garwood, the demonstration farm of the Texas Land and Development Co. and Dr. Scott's well. The three cars left for Amarillo this afternoon. The Trinidad car will leave tomorrow morning early.

FLY WAR STILL WAGES.

Nearly 10 Bushels of Flies Have Been Burned in Contest to Close July 1.

Following is the standing of those entered in the Fly Contest of the Civic League as reported on June 24:

	Number	Number
	Pints.	Flies.
Herwin Galloway	248	744,000
Edward Kerr	136	408,000
Almina Strange	104½	313,500
Harold Baker	78½	235,500
James Otis Trulove	16	48,000
Lawrence Pendley	12	36,000
Tom Morrison	8	24,000
Coy Meyers	8	24,000
Vincent Tudor	6	18,000
John Thompson	5½	16,500
Wilbert Frye	4	12,000
Alma Hamilton	2	6,000
Allison Chambers	1½	4,500
Ruth Hamilton	1	3,000
Mark Galloway	1	3,000
Forrest Galloway	1	3,000

A total of 9½ bushels of flies have been caught and burned since the beginning of the contest.

MASONIC INSTALLATION WAS IMPRESSIVE.

About two hundred and fifty members of the Masonic Lodges and their friends attended the public installation of officers of the Plainview Chapter No. 228, Royal Arch Masons, and the Plainview Lodge No. 709, A. F. and A. M., Tuesday evening, at the Masonic Lodge rooms.

A delightful program, as announced in Tuesday's Herald, was highly appreciated by those present. The talks of Judge L. C. Penry, Col. R. P. Smyth and C. S. Williams, portraying the principles of Masonic brotherhood, were especially well received by those fortunate enough to be present.

Preceding the installation of Chapter officers, members and their guests were served punch and cake in the banquet hall of the lodge.

BAPTIST SOCIAL ENTERTAINING.

The church social given by the First Baptist Church Wednesday evening, on the church lawn, was an enjoyable affair. The song service by the senior and junior choirs, under the leadership of A. C. Hatchell, was a musical treat.

Miss Kathrine Duckworth, teacher of expression in Wayland College, gave a reading. R. C. Joiner spoke on "Amateurs in Religion." A quartet of young ladies sang two selections.

At the close of the program the large crowd assembled on the lawn and was served delicious ice cream and cake.

TEXAS CATTLE RECORDS BROKEN.

A car load of steers averaging 965 pounds sold at \$9 per hundredweight, or \$86.85 per head, in Kansas City last week. Two car loads of 877-pound steers brought \$8.85, and a car load of heifers averaging 889 pounds sold for \$8.85.

These cattle were raised on the Keiser Ranch from Texas cows and were fattened on silage, Kaffir corn and cottonseed cake, all products of that section. Late last fall, about the first of December, these calves were put on a ration of silage, with a little forage feed. On this ration they were fed until a few weeks ago, when they were finished on cottonseed cake and Kaffir corn.

\$40,000 FOR PHONE IMPROVEMENTS

J. F. Henderson Enthusiastic Over Installation of Common Battery System.

LONG DISTANCE CHANGES

Money to Be Spent Here Means Much for Plainview; Poles Will Be Removed from City Streets.

J. F. Henderson, Division Commercial Superintendent of the Southwestern Telegraph and Telephone Company, with headquarters at Fort Worth, Texas, is in the city. Mr. Henderson states that his company is ready to begin the construction of a modern and up-to-date telephone plant in Plainview. This plant will be what is known as the "common battery," doing away with all the present equipments and apparatus of the now-existing magneto plant. This means the installation of a new switchboard, the installing of new telephones for every subscriber, the placing of new poles, and the stringing of thousands of feet of cable. The poles and cables will all be placed in the alleys, thus removing all poles and open-wire construction from the streets of the city.

Every subscriber will be furnished with a copper metallic circuit. When this system is completed it will only be necessary for the subscribers to remove the telephone from the hook in order to call central. As a matter of fact, when this system is installed it will be the latest thing in telephone construction, and will be just as modern and up-to-date as it is possible for money and engineering skill to make it.

A new building is now being constructed especially for the telephone company, and will be modern in every detail. Retiring rooms, with every comfort and convenience possible, will be provided for the young lady operators. Mr. Henderson states that the construction of this plant will require the expenditure of approximately \$40,000. This will necessitate a slight increase in rates. District Manager M. J. Stimson and Joe Ryan, Local Manager, will call upon each subscriber personally and explain the plan in detail.

In addition to the construction of this modern and up-to-date system in Plainview, the Southwestern Company is now assembling material along the Santa Fe between Plainview and Amarillo for the purpose of constructing a modern pole line and copper circuit from Plainview to Amarillo; also from Plainview to Floydada. When this work is completed Plainview will be in direct telephoning touch, not only with all the cities and towns in this great State, but with the entire Southwest.

Mr. Henderson is very optimistic over the progress and development of the Plainview country, and states that his company is making this enormous investment upon its faith in the future development of the country. The policy of the Southwestern Company is to develop its business until there shall be a telephone in every home, or until the telephone shall become as common in the home as the ordinary looking glass.

MUST CONNECT WITH SEWERS.

Official notices are being served on owners of property in blocks 9, 10, 11, 12, 13, 16, 27, 30, 31, 32, 33, 34, 23 and 20 in the city of Plainview to the effect that they must connect with the sewer mains. This tier of blocks joins those which connected in compliance with the first order.

PROSPECTORS FROM NORTH.

R. L. Faulkner, who has been here visiting his brother-in-law, C. T. McClure, and piloting a company of prospectors from the North, returned Wednesday to his home, in Wichita, Kansas. He will bring another party down to prospect in the Littlefield community in the next few days.

AFTER FIFTY YEARS, RETURNS TO GETTYSBURG.

Tuesday Capt. R. A. Barrow left for Gettysburg, Pennsylvania, to visit the scene of the Battle of Gettysburg, 1863. He was in the battle and fought with the Southern forces.

Capt. Barrow will be gone about six weeks, and will visit in Winston-Salem, N. C., with relatives in the old home, before he returns.

ANNOUNCEMENT

You Can Secure \$7.50 in Cash by Studying Advertisements in The Twice-a-Week Herald of Today's Issue—"Who's Who" Among Plainview Merchants.

This issue of The Twice-a-Week Herald contains a series of small advertisements of the most prominent merchants in Plainview. No names are mentioned in any of the advertisements, but in each one will be found suggestions which will aid you in determining the name of the merchant or firm represented.

To the person furnishing the most complete and correct list of names the Herald Publishing Co. will pay \$5 in cash.

For the second best list \$2.50 will be paid. In the event that two or more persons are tied for the first prize, then the second prize will be annulled, and the total \$7.50 will be divided equally among the tying contestants.

Each advertisement is numbered. The contestants should set down the number of the advertisement, following that with the name of the firm to which he or she believes it applies.

The awards will be made by judges whose names will appear later. An official list of the names of the advertisers has been made out and will be used by the judges. No one connected with The Herald will be permitted to enter the contest.

Use only one side of the paper and make the list as legible as possible. Lists may be submitted to The Herald office, by mail or otherwise, until noon July 3.

The awards will be announced in The Twice-a-Week Herald of Friday, July 4, and a correct list of advertisers will be published at that time.

Be sure to read Herald ads every issue. They will save you more money than we can offer in prizes.

Don't Run Off After False Sales

Sales that if you read and think carefully for yourself, are sales only in name. Let us prove these statements to you. Test our 100 per cent guarantee. Remember there is a Day Coming when you will have an opportunity to buy at a Genuine Sale. We are making prices now on many lines of Merchandise that are Lower than the so-called Sale Prices.

A Hint to the Wise Should Be Sufficient

Look! Think!! Act!!!

for yourself and the result will be satisfactory. We never let our stock run down because of Dull Seasons.

New Goods are being received every day.

Plainview Mercantile Company

"The Best and Prettiest Dry Goods Store on the Plains"

W. A. SHOFNER, Manager

MARKET GARDENS OF THE TEXAS PLAINS.

By Z. E. BLACK, in "The Earth."

It should be of interest to the market gardeners of the world to know that the Plains of Northwest Texas, comprising an area greater than that of the State of Indiana, will have to be reckoned with in the future. This section is streamless, springless, and devoid of deep lakes. The rainfall ranges from 18 to 24 inches per annum. "How, then," might be asked, "can delicate garden vegetables be grown where the precipitation is so slight and where there is no obvious source of artificial irrigation?"

The answer is that the Staked Plains is only another portion of the great semi-arid West which the centrifugal pump, operating in subterranean water, is changing from an exclusive cattle country to a high-class irrigation district.

The pump always has been the chief figure in the development of the Plains of the Southwest. The suction pump, operated by a windmill, solved the problem of water for stock and made this one of the greatest beef-producing portions of the globe. When

the "dry-farmer" came to cowland he found that Kaffir corn, milo maize, wheat and oats might be grown by rainfall, but if he wanted to be certain of kitchen vegetables he had to depend on a small garden, irrigated by a windmill.

The plainsman says that under artificial irrigation vegetables grew luxuriously in the unleached soil, and he longed to be able to water a larger portion of his land. In some instances three or four windmills were set to pumping into a single reservoir. But the best of windmills seldom delivered more than twenty gallons per minute. If large areas were to be irrigated, some new means must be devised. It was then that the centrifugal pump, operated by an internal combustion engine, was introduced.

No "Dry Wells" There.

A "dry well" never has been bored on the Plains. Nature has blessed this country apparently with an inexhaustible underflow, supposed to have its origin in the snows of the Rocky Mountains of Colorado. The wells supplying windmills penetrated only the first stratum. The centrifugal pumps, severally, deliver from 1,000 to 2,000 gallons per minute, and, to obtain a sufficient head of water,

three and sometimes four strata are tapped. An average well will supply water for fully 160 acres of land.

The little kitchen garden, nourished by windmill, certainly has precipitated a mighty moisture-getting movement. Since the pioneer irrigation well was bored, less than three years ago, fully 300 others have been bored and pumps installed, at an approximate cost, severally, of \$3,000. In 1912, a company of English capitalists purchased 60,000 acres in the vicinity of Plainview, Hale County, and will irrigate the entire tract by pumps. Several wells already have been completed. The entire project it is estimated will cost \$3,500,000. Ten thousand acres will be planted in market gardens.

The average altitude of the Texas Plains is 3,000 feet. This makes the production of some tropical vegetables impossible. However, in 1912, a farmer planted 300 acres to a variety of beans brought from the warmest portion of Mexico, and the crop brought \$100 per acre. Hale County started farming by irrigation earlier than the major portion of the Plains, and in 1912 it captured the following premiums on market vegetables at the Dallas State Fair: First—Irish potatoes, pumpkin yams, white yams, any variety yams, string beans, dry beans, carrots, parsnips, cabbages, cauliflower, radishes, celery, winter squashes, pumpkins, cantaloupes, Bermuda onions, sweepstakes on vegetables, sugar beets; second—table beets, tomatoes, kershaws, watermelons, cantaloupes, onions, turnips. Indeed, Plains counties captured almost every vegetable premium, and Texas is a large State and has many old and successful market garden sections.

Naturally, it has not yet been ascertained what crops will pay best. However, it is the general experience here that celery, asparagus and strawberries produce from \$700 to \$1,000 per acre; cabbages, parsley and lettuce, from \$400 to \$700; cantaloupes, grapes, tomatoes, sweet potatoes and Irish potatoes, watermelons and cucumbers, from \$250 to \$500; beans, sugar beets and turnips, from \$75 to \$150 per acre.

Ideal Irrigation.

These figures may seem to be large, but it must be remembered that the Plains soil is of great fertility; that irrigation by pumps is ideal for gardens, since the plants may get water exactly at the time and in just the amount needed; and that neither the soil nor the water of the Plains contains alkali or other injurious substances. Experts, even from Califor-

nia, admit that the Plains is destined to affect the vegetable market of this country. Already hundreds of carloads of cantaloupes and watermelons are shipped out annually, many cars going so far north as New York. Co-operation is practiced in some thickly settled localities.

It is no disadvantage to the Plains that it does not raise market vegetables as early as does south Texas. The Plains virtually has a monopoly of mid-summer market vegetables, which come on when the gardens of South Texas have ceased bearing. And the prices are good.

Two garden crops can be produced by artificial irrigation on the same acre in a season here. For instance, R. P. Smyth, of Plainview, had ten acres planted to Bermuda onions last season. He harvested the onions in the early summer, and then immediately planted the ground to Mexican beans. He found a ready market in Fort Worth and other points for the "snap beans." When the snap bean season was over, and the beans ripened, the demand is widespread over the country. The lift of his centrifugal pump is forty feet, and the cost of pumping is less than \$1 per acre-foot. The total cost of pumping for the year was about \$2,500 per acre. Summing up his profits, he found that the ten acres had netted him (onions and beans) \$2,000.

The chief difficulty with market gardens on the Plains is in the problem of labor. Japs and Chinese have been tried, but not a sufficient number have been brought in for them to be neighborly and to feel at home and satisfied. The Germans are our best gardeners. It is hard for many of the former cattlemen and former wheat growers to become accustomed to intensive farming. They have been accustomed to broad areas rather than ten-acre tracts. They hardly realize that ten acres under artificial irrigation and planted in gardens usually will yield more profit than 160 acres in wheat or 640 acres under grass and stocked with cattle. But the enterprising Northern settler here is showing the way to profit, and the question of labor and all other problems which the new order has brought in will adjust themselves.

TEXAS LEADS ALL STATES IN BEEF CATTLE PRODUCTION.

For a generation or more Texas has led every state in the Union in the production of beef cattle. At the opening of 1913 there were over five million head of beef cattle in Texas.

Iowa came second, with two million six hundred thousand head of beef cattle. This shows how completely Texas out-distances the other states in cattle raising.

A marked feature of the cattle industry of the Lone Star State is the steady improvement in the quality of its herds. For the past ten to fifteen years ranchmen all the way from the Panhandle to the Lower Gulf Coast Country have purchased thousands of pure-bred bulls in the North, and as a result of this far-sighted policy the beef cattle that Texas is today sending to Northern markets are showing up better than ever before in the history of the State.

From 400,000 to 600,000 Texas cattle find their way each year to Northern markets. In fact, if it were not for Texas the consumers in the United States would be lamentably short of beef steaks and roasts.

For the purpose of encouraging the ranchmen of Texas to continue to improve the quality of their cattle, the St. Louis Live Stock Exchange has offered special prizes for Texas cattle at the Feeder Cattle Contest to be held at the St. Louis National Stock Yards September 1 to 26, inclusive. It will be possible for any Texas ranchman to win as high as \$200.00, including sweepstakes, on a single load of Texas steers. Secretary H. F. Parry of the St. Louis Live Stock Exchange says that he looks for an exceptionally strong exhibit of Texas steers at the coming Feeder Contest.

DON'T LET YOUR LIVER GET LAZY.

Dodson's Liver Tone Will Keep It Working and Make You Feel Well and Clean—No Bad After-Effects.

If you have allowed your fear of calomel to keep you from toning up your liver when it gets a little sluggish and lazy—try Dodson's Liver Tone, and note how quickly and harmlessly it starts the liver and relieves constipation and bilious attacks.

When you take Dodson's Liver Tone, you do not have to stay in the house all day. None of the weakening and harmful after-effects of calomel follow its use. Dodson's Liver Tone is a mild, pleasant vegetable liquid that cannot hurt either children or grown people. Yet it easily overcomes the most stubborn and inactive liver without making you quit eating or working.

These are not just claims. R. A. Long Drug Co.'s drug store backs up

every one of these statements and agrees to refund the price of Dodson's Liver Tone with a smile to any person who pays his 50 cents for a bottle and isn't satisfied that he got his money's worth.

Imitations of Dodson's Liver Tone are another proof that it is a good thing. Nobody ever imitates a poor remedy. Be sure you get the genuine Dodson's Liver Tone—the kind that is guaranteed. —Adv. 30

FIFTY CENTS A WEEK FOR FLIES.

Blasingame & Klinger will give 50 cents each Saturday to the boy or girl who kills the most flies during the week. Do not bring the flies, but bring an order from the Fly Committee of the Civic League—Mrs. R. S. Charles, Mrs. L. D. Rucker and Mrs. A. W. McKee. This offer begins at once. —Adv. 31

A Very Fine Smoke A Very Small Price

Surprise yourself—right now. Step up to the nearest cigar case and exchange a nickel for one J. M. M. SMOKER. Smell it, taste, light it, smoke it. Delight yourself with a taste, fragrance and aroma just as delicious as you have been accustomed to in cigars costing from twice to five times as much.

If you'd rather pay a nickel for a cigar than a quarter for one that can't do better than get the J. M. M. SMOKER. You'll get your money's worth, and then some. You'll get a genuine, Cuban, hand made, clear Havana cigar and all the pleasure and satisfaction that only a genuine Havana cigar can give. It's a fact. One smoke will prove it.

J. M. Martinez Company, TAMPA, FLORIDA. Platter Tobacco Company Distributors

The car that's universal, the car for rich and poor. Is the Model T, constructed to triumph and endure. But the splendid thing about it, that makes it strong and light, is that marvelous Vanadium, the mineral of might.

Invisible and virile, it knits the molten steel. It toughens frame and axle, it strengthens shaft and wheel. It is the King of Metals, the tie that binds the whole. Construction of a Ford into the car that wins the goal.

Then "take a tip from father"—it costs you not a yen: The best are not the biggest in this great world of men; But he who coins a million, while others make no gains, Is simply he who carries Vanadium in his veins!

MORE MONEY FOR BETTER BABIES.

The Children's Bureau at Washington
Is Curtailed in Its Work Through
Small Appropriation.

Uncle Sam spends money pretty wisely, on the whole, says the Woman's Home Companion. The appropriation for the Department of Agriculture, which amounts to about 17 million dollars, is not one cent too large. It is building up the material prosperity of our most important class of citizens; it brings comfort and happiness and education and ideals to the door of the American farmer; it distributes information of incalculable value, expensive to acquire and disseminate; it gives a marvelous mail service; in fact, it provides the farmer with friendly and efficient aid in every branch of his business. And all this profits Uncle Sam hugely.

In an office building in a rather out-of-the-way part of the city is located the children's bureau, with Miss Julia C. Lathrop in charge. Miss Lathrop is the only woman at the head of a Government bureau; she secured her appointment through her efficiency and earnestness rather than through political influence.

The Children's Bureau.

As the chief of this bureau, Miss Lathrop is supposed to "investigate and report on all matters pertaining to the welfare of children and child life, and especially to questions of infant mortality, the birth rate, orphanage, juvenile courts, child desertion, dangerous occupations, accidents and diseases of children, employment, and legislation affecting children in the several states."

Miss Lathrop's salary is \$5,000 a year; she has fourteen carefully selected assistants, mostly college graduates, whose salaries aggregate nearly \$20,000 a year; for the rent of her office she is allowed \$2,000 a year. The appropriation for the child's bureau is about \$30,000 a year. Deducting salaries and rent, this leaves something over \$3,000 a year for supplies, postage, printing and the various expenses incident to an important Government bureau.

Hardly a Fair Chance.

Seventeen millions a year for better farms!

Thirty thousand a year for better babies!

Is this giving Miss Lathrop a chance to accomplish the purpose for which

the children's bureau was created? Miss Lathrop's bureau should have more money. We must all see that the ridiculous disparity between the 17 million dollars and the \$30,000 is promptly lessened.

Meanwhile the better babies idea is helping to do some of the things for which the children's bureau was created. The results of the series of competitive examinations of normally healthy children in the city, county, and state contests that have already been planned will provide statistics and standards of incalculable value. The better babies score-card, prepared on simple yet scientific lines, is being adopted as the standard throughout the Nation. The use of this uniform card in scoring, say, one hundred thousand American babies in all parts of the country, means accurate data on such matters as the pre-natal influences, food, environment, habits and conditions that result in the development of the standard child. Isn't this worth while?

FORMATION OF PANAMA GOVERNMENT DELAYED.

Secretary Garrison Says Plans Will
Not Be Carried Out Until Big Ditch
Is Formally Opened.

Plans for a permanent government on the canal zone will not be put into effect until the formal opening of the canal, in January, 1915, Secretary Garrison announced this week, says a Washington dispatch. In the meantime, the zone government will continue as heretofore, with such modifications as changing conditions may demand.

Secretary Garrison has conferred frequently during the past week with Colonel Goethals, chairman, of the Isthmian Canal Commission, and he has asked the colonel to submit from time to time recommendations of the organization of a permanent government.

It is practically certain that the Government will continue to operate the Panama railroad after the canal is completed, Secretary Garrison said, as it would be necessary to have the means for transportation of the troops and supplies in the event the canal should be out of commission at any time. The future of the railroad will be considered at a meeting of the directors to be held next Thursday.

Let L. D. RUCKER PRODUCE CO. handle your GREEN and DRY HIDES. —Adv. —Adv.

GETTING READY TO EVADE THE LAW.

On June 30th the new law prohibiting the shipment of liquor into dry territory from wet territory in the State of Texas goes into effect. Dealers in Fort Worth and Dallas are establishing branches in other states and seeking to supply their customers from these branch houses, according to a Fort Worth dispatch. Whiskey will be sold in this way, but nothing like the amount that is now sold. The man who must wait two or three days is not so likely to order as if he could get it in one day.

THE PANHANDLE STATE FAIR

AFTER Years of planning, a tangible business proposition has been shaped which practically assures the holding annually of a great Fair for all the Panhandle and Northwest Texas.

A Fair Association will be organized soon, chartered under the laws of Texas for a period of fifty years, capitalized for \$50,000. This fair will be chartered along the lines of Dallas, Texas State Fair.

An Annual Interest of 8 Per Cent

on the capital stock has been provided by which the stockholders will receive interest on their stock. This is the citizen's opportunity and the Panhandle's opportunity to develop this country. A representative of the Fair Association will call on you within the next few weeks to ask you to take stock in the fair association based on business principles. For advanced information, write

H. A. NOBLES, Amarillo, Texas

STAPLE FOOD PRICES SOAR.

Federal Statistics Show Big Gains in Cost of Meals.

Washington, D. C., June 23.—Nearly every principal article of food of the fifteen staples, representing approximately two-thirds of the expenditure for food by the average workingman's family, showed a decided increase in retail price on February 15, 1913, compared with the average price for the 10-year period, 1890-99, according to the latest investigations of the statisticians of the bureau of labor.

"Pork Chops" Went Up 89.4 Per Cent. Increases in some of the food articles were:

Article	Pct.
Sirloin steak	60.8
Round steak	84.5
Rib roast	62.7
Pork chops	89.4
Smoked hams	69.1
Pure lard	62.3
Hens	66.6
Wheat flour	27.4
Corn meal	58.1
Creamery butter	63.5
Fresh milk	40.1

The prices were collected in thirty-nine important industrial cities, in which live one-fifth of the total number of people in continental United States.

There was an advance of 3.2 per cent over February 15, 1912, in the relative prices, weighted according to the average consumption of the various articles of food in workingmen's families.

Where Prices Increased the Most. Retail prices of February 15, 1913, compared with those on that date a year ago in the principal cities, show:

City	Increase, per cent.

TO OUR PATRONS AND THE PUBLIC IN GENERAL.

We wish to announce that we have installed a sufficient number of fans to thoroughly cool our house and have a large exhaust that will change the air in the entire building every two minutes, thus assuring our patrons of pure, healthful air to breathe and a cool, comfortable place to enjoy an hour each evening.

We have also installed an excellent service, and our pictures are up to the highest standard of the world's greatest photo-play producers. We are presenting from time to time educational, scenic and industrial photo-plays, as well as popular dramas and stirring comedies.

We invite you to come and see for yourself. We ask only for a share of your patronage, on the merits of our performances. Come and see what we have.

The Last Touch of Deliciousness
—that delicate richness of flavor, that refreshing originality of taste that makes the salad a success, is attained by using this oil. Clear, pure, white, delicious, supremely good—

White Swan Olive Oil
made from the best olives at exactly the right time of ripening—still firm but turning from gold to purple. Worked quickly after gathering. No from the pits is included—not a drop of the cheaper grade of oil from the pressing—just the first flow of oil in the crushed (not pressed) fruit.

All olive oil must be pure, but there are a dozen degrees of richness, clarity and wholesomeness. White Swan Olive Oil is pure and modern—it is better than the law requires.

Your grocer will be glad to recommend it because he knows that you'll come back for more.

Subscription Price . . . \$1.50 per year (Invariably in advance)

A good road increases the happiness, earning power and self respect of each individual in a community; bad roads are a humiliating tax on every citizen.

The contrast between organized effort and individualism is just the difference between the rabble of the French Revolution and Napoleon's invincible legions; it is just the difference between success and failure.

Hon. Cato Sells will buy \$400,000 worth of cattle for the Wyoming Indians with the Indians' money. Judging by the price of restaurant steaks, he ought to be able to buy several head for that much money.

Last week a Texas couple motored something like a hundred miles to be married in the Alamo, and now Kentucky announces a wedding in a cave. It's no use, folks, the hoodoo simply can't be broken. Next—come to Plainview and get married in the waters of the great wells.

A boy came home from school sobbing with all his might because his teacher had whipped him. His father inquired the trouble. "You know, when I asked you last night," said the boy, "what a million dollars was, and you said it was a hell of a lot of money?" Well, that ain't the right answer.—Exchange.

How often does the small boy who idolizes the father and accepts his every statement as truthful receive a curt, evasive or untruthful answer to his questions? Isn't the shaken confidence when the truth dawns upon the young mind something to be thoughtfully considered by the parent who is careless in his statements to his children?

WE NEED CULVERTS.

Hale County roads have been complimented highly by visitors. A comparison of our highways with those of any other community is favorable to Hale County.
Constant travel impairs the roads. If we would keep our highways up to their present standard a system of dragging is necessary. In many places the roads must be graded.
One urgent need is better culverts and somewhat more carefully constructed approaches to the few bridges in our county. These places are exceedingly rough, and in many places they are dangerous. The expense of

making these entirely satisfactory is small. Our commissioners will no doubt help to correct the defect.

A SUGGESTION GONE WRONG.

The Fort Worth Star-Telegram of Thursday puzzles the reader with its first editorial. Is this an effort to be facetious or has the writer honestly assumed to write upon a subject about which he knows nothing? In either case the editorial falls from the broad plane which the Star-Telegram has usually taken.

The practicability of schools of journalism has been so thoroughly demonstrated by a test of half a dozen years that a really progressive paper is entirely inconsistent when it endeavors to throw aspersions upon the establishment of such a school in our own State University.

The example of circumlocution given by the Star-Telegram as typical of the "cub" trained in one recognized school of journalism is typical of the ante-bellum classical graduate, and, to a less extent, of the present-day graduate. Our colleges are becoming more practical.

Such example is not well chosen with respect to the schools of journalism. It is unfair in that it is not true to fact. Accuracy, simplicity, conciseness are three rules upon which most stress is placed. Graduates from these schools have already made good in the field of the country editor and with the metropolitan press. The schools this year were unable to fill requests which the metropolitan press made for trained men.

The Star-Telegram might well take notice of the rules by which students in the schools of journalism are training and by which they are achieving success out in the world.

It is as practical to train newspaper writers as it is to train engineers, lawyers, physicians, farmers or teachers. Texas owes it to her young men and women, and no less to the press and the people of the Commonwealth, to train journalists, as well as men. It means more capable, more intelligent, more broad-minded editors.

The Star-Telegram's suggestion violates the cardinal principles of the newspaper profession.

WILL INTER REMAINS WITH ANCESTORS.

Skeletons of Six Thousand Chinese Will Form Cargo of Ship Bound for China.

Some time within the next six months a ship will leave San Pedro with the most curious and grewsome cargo that ever left Southern California. The cargo will consist of the remains of between 5,000 and 6,000 Chinese, who have died in this country during the last fifty years. It will be the largest single removal of human remains in the world's history, and the preparations have been carried forward so quietly that no comment has been occasioned.

Nearly a year ago the Chinese Consolidated Benevolent Association of San Francisco, sometimes known as the Chinese six companies, took out permits for the removal of the remains of the Chinese who were buried in California, and up to this time more than 5,000 skeletons have been exhumed and prepared for shipment.

The bones are carefully wrapped, each in a separate piece of soft cloth, in order that they may not be defiled by handling nor injured by undue friction, and are then placed in a tin box and carefully sealed. On the outside of the boxes are placed characters giving the name of the family of the deceased and the village, district and province from which he came.

When a Chinese leaves home to enter another country and seek fortune he goes in a totally different way than

CELEBRATE THE FOURTH IN Plainview

From our large stock of this Season's Ladies' Ready-to-wear we have yet quite an extensive line of Waists, a few coats, a good representative line of cheaper and medium priced dresses and about a dozen fine dresses.

We want to make a clearing of all these goods at once and to do it we will sell them at what is really Sacrifice prices. Can only quote a few items here:

Fine white Crepe dresses--sizes 16, 18 and 34 worth \$21.50 to \$27.50 reduced to \$12.75, \$13.75 and \$15.

White Embroidered Voile and Lace dresses--sizes 18 and 38 worth \$21.50 to \$27.50 reduced to \$12.80, \$13.50 and \$15.50.

Crepe De Chine dresses, colors, French Blue, Nell Rose and White, at reduced prices, \$8.25, \$10.50 and \$11.50.

Other good dresses at prices about the same as you would pay for the materials alone.

18 Ladies' Skirts in Voile, Serge, Panama and Fancy Materials worth \$6.50 to \$9, we offer any of the lot for \$4.65.

All Dry Goods Stores in Plainview Will be Closed July 4th

Richards Bros. & Collier
WHERE PEOPLE WHO DRESS BEST TRADE
102 North Pacific St. PLAINVIEW, TEXAS 107 West Main St.

does a man of any other nationality. There is in it the spark of adventure, and the average Chinese makes no effort to maintain his station in the country to which he goes. Scholars and poets sometimes work in kitchens and over laundry tubs in order to get the wealth necessary to return to China and hold their position there. Until late years there were no Chinese who did not fully intend to return, so their fellows feel that they are only doing their duty in sending the remains back to relatives and thus ending the pilgrimage.—San Francisco Call.

HENS FIGURE IN MURDER CASE.

Ottawa Detectives Believe Action of Chickens Is a Clue.

Ottawa, Kans., June 23.—The social and home life of the Kansas hen has entered into the solution of a murder

mystery in Franklin County. "Wolf" Holbert, a negro, who was a suspected chicken thief and was out on bond on such a charge, was found dead in a road last Wednesday. Two live hens were found in a sack beside him.
These hens were taken to the home of "Angie" Edwards, another negro, with whom Holbert had associated. The two hens found in the sack were liberated in the flock of chickens at the Edwards place, and immediately began to associate with the other hens and appeared to be familiar with their surroundings, so the officers say. All of which, the Ottawa Sherlock Holmeses say, indicates that possibly Edwards, who is in jail on a murder charge, placed the chickens beside Holbert to allay suspicion.—Kansas City Star.

Call The Herald for job printing.

EPWORTH LEAGUE.

Following is the program that has been arranged for the meeting of the Epworth League of the Methodist Church on Sunday afternoon, June 29, at 4 o'clock:

- Prayer.
- Song.
- Subjects—
 - (1) "The Revelation of Character"—Miss Willie Young.
 - (2) "The Permanent Kingdom"—Raymond Gibbs.
 - (3) "Forgotten Jesus"—Effie Gilliland.
 - (4) "The Strange Identities"—Miss Martilla Espy.

SCIENTIFIC NOTES.

Ages ago, scientists assert, before the melting of Okanogon glacier in the State of Washington, the Columbia River made Niagara insignificant by comparison. It had a sheer fall of 400 feet.

By the use of devices that retard the draft of heating tubes of their boilers two German trans-Atlantic liners have saved 10 per cent in fuel without impairing their speed.

According to an Italian scientist, a square mile of the earth in six hours of sunshine receives heat equivalent to the combustion of more than 2,600 tons of coal.

The experience of German railroads has been that the maintenance cost of electric locomotives has been less than that of cars fitted with individual motors.—Dallas News.

The man who sets the pace. It will pay you to see me before buying elsewhere.
 Coal weighed on public scales. "Phone calls answered at _____"

(17)

THE RETAIL STORE.—The farmers grow the products; the manufacturer packs it; the railroad hauls it; the jobber puts it in the store; the retailer—?—?—?!—?? What does he do? Oh, yes! He hands it to you from off the shelf. Should he get as much profit as the farmer or manufacturer? Some merchants want 30 per cent; some are satisfied with 20 per cent. WE say TEN PER CENT is sufficient, and put in practice our own belief. On account of their divergence of opinion there is a difference in the price. Is 10 per cent profit enough for the retailer? If YOU believe it, trade at _____ (You know.)

(18)

H. S. & M.

(19)

You know who calls most promptly for your clothes.

IMPORT CAMELS FOR U. S. DESERTS.

Texas Stockmen Bring Two Hundred from Orient to Go Where Autos Fall.

SCHEME TRIED BEFORE.

Jefferson Davis Built Caravansary in South, but War Ended the Experiment.

Pueblo, Colo., June 22.—J. H. Trimble, one of the leading stockmen of Texas, is at the head of an association which purposes to transport camels from the oriental deserts to those of New Mexico, Arizona and California and the semi-arid wastes of Texas. The association purposes to import 200 camels and place them on a ranch on the Rio Grande, about 150 miles south of Cape Verde.

The areas mentioned, although they offer great possibilities to the seeker after valuable metals, are little traversed, either by railroads or wagon roads, such as would be suitable for motor traffic, for the soil, which is largely drifting sand, makes the construction of durable roadways impossible.

The camel, with his thick-padded feet, seems to have been expressly designed by nature for just this sort of travel, and, added to its ability to travel over these sandy wastes without tiring, the animal's other characteristics, its swiftness, burden-bearing power and the fact that it can go long distances without food or water, makes it as available for these American desert regions as for those of the orient.

This is not the first occasion on which an effort has been made to start camel culture in the United States. Jefferson Davis, when he was Secretary of War in President Pierce's cabinet, was the originator of a project for the raising of camels by the Government. That experiment also was made in the neighborhood of Cape Verde, and the old buildings, modeled after a caravansary in Asia Minor, are still in existence, although in a dilapidated condition.

With the idea that camels would be useful in Indian warfare because they could carry dispatches more swiftly than horses, and that in other ways they could be made useful in the deserts, the Government imported forty camels, with twelve Armenian drivers and their families, in 1856.

But just when the camels were about to demonstrate their ability to be of service in the new land, the breaking out of the Civil War and the election of Davis to the Presidency of the Confederacy interfered.—Chicago Tribune.

The front truck of the engine tank on passenger train No. 94 left the rails between Plainview and Hale Center Saturday, causing a delay of forty minutes. It required only eighteen minutes' time to place the trucks back on the rails.

DON'T YOU OWE YOURSELF SOMETHING!

BETTER THAN SPANKING

Spanking will not cure children of wetting the bed, because it is not a habit, but a dangerous disease. The C. H. Rowan Drug Co., Dept. 1913, Chicago, Ill., have discovered a strictly harmless remedy for this distressing disease, and, to make known its merits, they will send a 50c package, securely wrapped, absolutely free to any reader of The Hale County Herald. This remedy also cures frequent desire to urinate and inability to control urine during the night or day in old or young. The C. H. Rowan Drug Company is an Old Reliable House; write them today for the free medicine. Cure the afflicted members of your family, then tell your neighbors and friends about this remedy.

FEDERATED MISSIONARY SOCIETIES TO MEET.

Program Arranged for Monday, June 30: Meeting at First Christian Church.

Following is the program arranged for the meeting of the Federated Missionary Societies of Plainview to be held at the First Christian Church Monday, June 30th:

Director of Music—Mrs. A. C. Hatchell.

Prayer—Mrs. J. F. Watson.

Scripture Reading—Mrs. J. C. Anderson.

Paper—"The Religions of the Foreign-Born Population of the United States"—Mrs. W. E. Armstrong.

Paper—Discuss Missions Established for the Foreign-Born in the United States—Miss Elinor Coppage.

Paper—Name and Give Brief Outline of the Life Work of Some of Our Home Missionaries—Mrs. J. W. Longstreth.

"Could More Be Accomplished by a Universal Church?"—Mrs. Hal Wofford.

Quiz—Mrs. H. C. Randolph.

1. How many foreigners come to the United States each year?

2. In what parts of the country do these different nationalities live?

3. What are the principal religions represented among these peoples?

4. Give some characteristics of the leading religions.

5. How many heathen temples in our country?

6. How many people in the United States without any religious affiliations?

7. How many Protestant church members?

8. What specific work is the Presbyterian Church doing among the foreigners?

9. In what centers is this church working?

10. Name some pioneer workers?

11. Where is the Cuban mission of the Southern Presbyterian Church located?

12. Where is the foreign and home work so closely interlocked that it can hardly be separated?

13. What foreigners are reached by the Ensley, Alabama, kindergarten? Who are reached by the New Orleans Presbytery?

14. What work is being done by East Hanover, Virginia, Presbytery?

15. What is being done by the Woman's Missionary Society of the Methodist Church, South, for the Italians of the Gulf Coast?

16. What is being done for the foreign-born people by Methodist city-mission boards?

17. What are the Methodists doing for the Negro?

18. What are the Methodists doing for the Japanese on the Pacific Coast?

19. How many workers does the Baptist home board maintain among the foreigners?

20. How are they divided?

21. Does the home board furnish the entire support of these workers?

22. How few port missionaries reach the foreigners?

23. Name some leading cities in which are the board's missionaries for foreigners.

24. How many home missionaries does the Woman's United Offering of the Episcopal Church support in the United States?

25. In how many states is this work carried on?

26. How many missionaries are supported abroad by the United Offering?

27. In what foreign countries are these located?

28. What is the special work of the Christian Church, and when begun?

29. Where are the missions located, and how many schools have we among these people?

30. What other important work have we?

31. What is the Missionary Educational Movement?

32. Where and when was the last conference held, and where will the conferences be held this year?

33. Give number of delegates at last conference representing your denomination. Give total number present.

34. Do all home mission boards of the great denominations do co-operative work?

35. Is co-operative home mission work successful?

DON'T BLAME THE HEAT.

A few grown persons may die of heat this summer. A considerable number will be described as dying of heat who only happen to die during hot weather. The babies, who furnish a majority of hot season victims, will die, not of heat, but of filth, and mainly of filth carried by flies.

If flies could be abolished the digestive troubles which scourge children during the summer would show a remarkable decline.

Hot weather is unavoidable. Flies can be dispensed with. Do your swatting now.—Chicago Journal.

Sweet Potato Plants, \$3.00 per thousand. C. E. WHITE SEED CO., Plainview, Texas. —Adv. 11

CITATION BY PUBLICATION.

THE STATE OF TEXAS. To the SHERIFF or any Constable of Hale County—GREETING:

You are hereby COMMANDED to SUMMON the heirs of W. H. H. Kilty, by making publication of this citation in some newspaper of Hale County, Texas, if there be a newspaper published therein, but if not, then in the nearest county where a newspaper is published, once in each week for eight successive weeks previous to the return day hereof, to be and appear before the Honorable District Court of Hale County, Texas, at the next Regular Term thereof to be holden in the County of Hale, at the Court House thereof, in the City of Plainview, Texas, on the 4th day of August, 1913, then and there to answer a petition filed in said Court on the 23rd day of May, 1913, in a suit numbered on the docket of said Court, No. 960, wherein B. E. Crego is plaintiff and the heirs of W. H. H. Kilty, deceased, are defendants; the nature of the Plaintiff's demand as stated in said Petition being as follows:

STATE OF TEXAS, County of Hale.)
IN THE DISTRICT COURT, August Term, 1913.
To the Honorable District Court of Said County:

Now comes B. E. Crego, of Aurora, State of Illinois, hereinafter styled Plaintiff, and, complaining of the Heirs of W. H. H. Kilty, deceased, whose names and places of residence are to Plaintiff unknown, hereinafter styled Defendants, shows and represents to the Court:

That heretofore, on the 1st day of August, 1912, Plaintiff was lawfully possessed of the following described tract of land lying and being situated in Hale County, Texas, holding, owning and claiming the same in fee simple, to-wit: The J. L. King Homestead Pre-emption Survey, described by metes and bounds as beginning at the Northeast corner of the W. F. Addison Survey; thence east 950 varas; thence south 950 varas; thence west 950 varas, to the northeast corner of the J. McClinton Homestead Pre-emption Survey; thence north to the place of beginning, and containing one hundred and sixty acres of land; and that on the day and year aforesaid the Defendants unlawfully entered upon said premises and ejected the Plaintiff therefrom and unlawfully withhold from him the possession thereof to his damage in the sum of Three Thousand Dollars.

Plaintiff further shows to the Court that he claims and owns said land by chain of title as follows: 1st, Patent from the State of Texas granting said land to J. L. King; 2nd, Deed of General Warranty from said J. L. King and wife conveying said land to Herman Schulz, dated October 1st, 1908, and of record in the Deed Records of Hale County, Texas, Vol. 17, pages 203-4; 3rd, Deed from said Herman Schulz conveying said land to W. H. H. Kilty, dated May 27th, 1910, and of record in the Deed Records of said Hale County, Texas, Vol. 24, pages 623-4, in which deed of conveyance the Vendor's Lien was expressly retained to secure the payment of four notes of even date with said deed, each for the sum of \$425.00, and due respectively July 1st, 1912, 1913, 1914 and 1915, and each note providing that failure to pay any note or any installment of interest when due shall at the option of the holder mature all said notes; 4th, Transfer and assignment from said Herman Schulz of said notes to this Plaintiff, which transfer and assignment also conveyed to this Plaintiff all the right, title and interest owned or held by said Herman Schulz in or to said land, and which transfer and assignment was in writing, dated July 1st, 1910, and recorded in the Deed Records of Hale County, Texas, Vol. 25, page 357, and conveyed to this Plaintiff the superior legal title to said lands;

That the only title or interest in or to said lands or any part thereof held or claimed by Defendants, so far as known to this Plaintiff, is under said deed from Herman Schulz to said W. H. H. Kilty, above described. And Plaintiff says that said notes in said deed mentioned are long since past due and have never been paid, and are and remain wholly unpaid, and Plaintiff has resigned said contract of sale, because of the failure on the part of Defendants and said W. H. H. Kilty to pay said notes. And Plaintiff further shows that said W. H. H. Kilty is dead.

Wherefore Plaintiff prays that Defendants be cited by publication as provided by law in such cases, and that upon a hearing he have judgment for the title, restitution and possession of said above described tract of land, and for all relief to which under the law and the evidence he may be entitled.

MATHERS & WILLIAMS, Attorneys for the Plaintiff.

HEREIN FAIL NOT, and have you before said Court on the first day of the next term thereof, this WRIT.

"Blue" Feeling

When you feel discouraged and all the world seems to be against you--that's your system's way of telegraphing you that something is WRONG and needs HELP.

It may be that your liver is tired and refuses to work, or your digestive organs have had too much to do and need care. Perhaps you have been eating the wrong kind of food, and your blood is too full of impoverished. What you need is a tonic.

Dr. Pierce's Golden Medical Discovery

will give the required aid. Tones the entire system. The weak stomach is made strong. The liver vibrates with new life. The blood is cleansed of all impurities and carries renewed health to every vein and nerve and muscle and organ of the body. No more attacks of the "blues." Life becomes worth while again, and hope takes place of despair.

Insist on getting Dr. Pierce's Golden Medical Discovery. Sold by dealers in medicine. President, World's Dispensary Medical Association, Buffalo, N. Y.

with your return endorsed thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at my office in Plainview, this the 23rd day of May, 1913.

B. H. TOWERY, Clerk District Court, Hale County, Texas. By W. H. BOX, Deputy.

PATHFINDER SEASON BEGINS NEXT MONTH.

Indiana-to-Coast Tour Leaves Indianapolis July 1; Survey of All-Southern Route Will Include Dallas.

Official pathfinding by the American Automobile Association during the 1913 season will begin with the Indiana-to-the-Pacific-Coast tour, which starts from Indianapolis July 1. It was originally planned to start the A. A. A. routing from New York to Indianapolis via Buffalo, Lower Canada and Chicago, but owing to the fact that W. O. L. Westgard will supersede his brother, A. L. Westward, in the field service of the A. A. A., an eleventh-hour change in the original plans were made, says the Dallas News.

A resurvey of a part of the Midland trail, which will be followed approximately by the Indiana makers, is necessary on account of last year's notes being lost somewhere between Oakley, Kans., and St. Louis, Mo.

This is the only link in three transcontinental trails routed in 1912 that is not mapped and ready for publication by the A. A. A. Supplementary data will be gathered by Pathfinder

W. O. L. Westgard during the progress of the tour-to-the-coast, and at the completion of the run the official pathfinder will extend its investigation in the West and at the end of its second active season will make the first actual survey of an all-southern route across the continent.

This trail will run from Los Angeles to San Diego and thence east through Yuma and Phoenix over the famous desert route, then through El Paso, Texas; Fort Worth and Dallas, Texas; Little Rock, Ark.; Memphis, Tenn.; Nashville, Tenn.; Roanoke, Va.; the National Capital, at Washington; Baltimore, Philadelphia and New York.

PEANUTS FOR CATTLE FAT.

This Is New Substitute for Corn in Oklahoma.

Peanuts for fattening live stock—that is the latest from Oklahoma. In the last decade so many new feeds and combinations of feeds have been used successfully in fattening live stock that, with other crops good, corn is not absolutely required in the fattening process. Peanuts now add to that list.

In the West the favorite feeds other than grain are products of cotton seed, cake meal, hulls, all derived from crushing and grinding cotton seed. In the sugar beet districts of Kansas and Colorado, cattle are fattened on beet tops and the refuse of the beets after the sugar is extracted, known as sugar beet pulp. Such cattle generally are fed in the vicinity of the sugar mills, to save the long hauls of the feed. At markets they are known as "beet pulp cattle."

Cowpeas for Colorado Sheep.

Montana, Wyoming and Utah feed their cattle nothing except grass—hay in winter and green forage in summer. They are "hay feds." In the San Luis Valley in Colorado, a valley some two hundred miles long and fifty to sixty miles wide, between two hundred and fifty thousand and five hundred thousand lambs are fattened yearly on cowpeas. The market name of this stock is "pea fed lambs."

A good many feeders in the corn belt use ground alfalfa, sweetened with molasses, enough of the latter to hold the ground feed together. They, too, have a market name, and are known at market as "molasses steers."

Beef a By-Product of Beer.

In the distillery and brewery sec-

tions of Illinois, Kentucky, Pennsylvania and other states a large number of cattle are fattened each year from the refuse of hops, rye and other grain. This feed comes to the cattle, which are quartered in large barns, in mash form. Between 160,000 and 200,000 such cattle were marketed in Chicago and the East in the last two months, under the description of "slop steers."

But now comes Stephens County, Oklahoma, with peanuts, vine and all, and, according to B. T. Leonard, of Duncan, cattle, hogs, sheep and horses fatten as well on peanuts as on grain. Mr. Leonard, who was at the stock yards last week, said:

The First Shipments This Year.

"Stephens County has a large area planted in peanuts this year, and they are a sure crop. Cattle will eat the nuts and vine and fatten quickly. A number of bunches will be ready for market this winter. Hogs fattened on peanuts have sold as high as those fattened on grain."—Kansas City Star.

COMPLETES FLIGHT FROM PARIS TO ST. PETERSBURG.

St. Petersburg, Russia, June 17.—A 1,000-mile trip by aeroplane—from Paris to St. Petersburg—was completed at 11:25 o'clock this morning by the French aviator Marcel G. Brindejonc des Moullinais, who covered the last 300-mile lap of his journey in three and a half hours in the face of a strong head wind. The Russian aero club presented the aeronaut with a silver vase.

Brindejonc will return to Paris in an aeroplane via Helsingfors, Stockholm and Copenhagen.—Fort Worth Record.

TO THE COW:

(The following tribute to the cow is from a toast written by the late H. C. Adams for the Breeder's Gazette seventeen years ago. Mr. Adams was then State Dairy Commissioner of Wisconsin.)

The civilized world pays tribute to the cow. She is the one thing that man can always get something out of. She is one of the few stock concerns of the country that the bondholders have little chance to milk. She runs a business college and teaches men to keep accounts and figure profit and loss. She is the symbol of contentment, the one thing useful in American life.

She is life itself to countless children stranded upon the barren bosoms and hollow hearts of degenerate modern motherhood.

She comes in at evening, bringing with her the sweet breath of the meadows, whose velvet turf and crimson clover mingle their fragrance in the dear old summer days.

You lean over the fence as she comes into the yard and stands quietly chewing her cud in the afterglow of the sunset which touches lightly the hills, and suddenly you drop out of yourself, your pains, your disappointments, your hopes, your pride, and become a boy again, barefooted, with the chores to do. You hear the faint tinkle of the cowbell upon a neighbor's farm. It is the keynote of memories of days of steady work, of nights of rest, of pleasures that had no sting, of a world small but clean, with the light of heaven upon it. It was a simple, wholesome kind of a life, and in the picture the cow, "the mother of men," was a central figure, and always, whether dainty Jersey or lordly Shorthorn, she brings back the golden days of boyhood and girlhood.

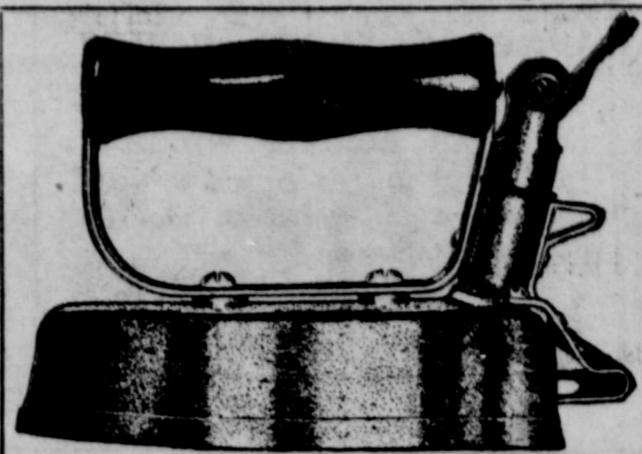

For the best Rockvale Coal, see the ALFALFA LUMBER CO. Adv. 17

For Weakness and Loss of Appetite The Old Standard general strengthening tonic, GROVE'S TASTELESS CHILL TONIC, drives out Malaria and builds up the system. A true tonic and sure Appetizer. For adults and children. 50c.

Saved Girl's Life

"I want to tell you what wonderful benefit I have received from the use of Thedford's Black-Draught," writes Mrs. Sylvania Woods, of Clifton Mills, Ky.

"It certainly has no equal for la grippe, bad colds, liver and stomach troubles. I firmly believe Black-Draught saved my little girl's life. When she had the measles, they went in on her, but one good dose of Thedford's Black-Draught made them break out, and she has had no more trouble. I shall never be without

THEDFORD'S BLACK-DRAUGHT

in my home." For constipation, indigestion, headache, dizziness, malaria, chills and fever, biliousness, and all similar ailments, Thedford's Black-Draught has proved itself a safe, reliable, gentle and valuable remedy.

If you suffer from any of these complaints, try Black-Draught. It is a medicine of known merit. Seventy-five years of splendid success proves its value. Good for young and old. For sale everywhere. Price 25 cents. (1-24)

QUININE AND IRON—THE MOST EFFECTUAL GENERAL TONIC

Grove's Tasteless Chill Tonic Combines both in Tasteless form. The Quinine drives out Malaria and the Iron builds up the System. For Adults and Children.

You know what you are taking when you take GROVE'S TASTELESS chill TONIC, recognized for 30 years throughout the South as the standard Malaria, Chill and Fever Remedy and General Strengthening Tonic. It is as strong as the strongest bitter tonic, but you do not taste the bitter because the ingredients do not dissolve in the mouth but do dissolve readily in the acids of the stomach. Guaranteed by your Druggist. We mean it. 50c.

There is Only One "BROMO QUININE" That is LAXATIVE BROMO QUININE. Look for signature of E. W. GROVE on every box. Cures a Cold in One Day. 25c

Only 6 more days of the 10 per cent cash discount--every article a bargain, and some exceptional bargains in nice second hand goods. If it isn't good we make it good.

Yours for business,

W. E. WINFIELD

Successor to Nash & Company

French Fried Potatoes "Cottolened"

DID YOU ever eat French Fried Potatoes made with Cottolene? If not, you've never eaten French Fried Potatoes at their best.

Cottolene makes them rich and crisp and appetizing, but never greasy.

If you have been frying and shortening your food with butter, try

Cottolene

It is every bit as good, at less than one-third the price.

If you are using lard for shortening and frying, we would simply suggest that Cottolene is recognized and recommended by leading physicians, domestic science authorities, and culinary experts generally, as being more wholesome, digestible and producing better food.

Cottolene is a vegetable product—pure in source and making—and is bound to be better and safer than lard.

Try this Recipe

Pare the potatoes, shave in very thin slices, or cut in straws, 1/2 in. strips, dice or crescents. Soak in cold water, drain dry on a napkin, and cook few at a time in basket in deep hot Cottolene. Drain and season with salt.

Made only by THE N. K. FAIRBANK COMPANY

school here in July, commencing July 9th. All wishing to attend can do so by making arrangements with Mr. Williams.

W. G. Williams has purchased a new header, and will soon commence on his 300 acres of small grain.

A number of young people spent Sunday at the Lemaster home.

J. A. Pullen and wife were guests of W. G. Williams and family Sunday.

Mr. Kennedy and family have moved into our midst, coming here from College Heights, in Plainview.

The three children of Frank Hudgens have been quite sick, but are reported better at this writing.

Jas. Pullen and wife visited at Mr. Palmer's, in Plainview, Monday.

Mr. and Mrs. Jim Bagget spent Sunday at the Carter home.

in Tulla Tuesday.

The missionary society will meet Tuesday afternoon.

Misses Johnnie and Eunice Estes, of Auburn, came to Kress today to meet their sister, Margaret, who has been visiting at Canyon and Hereford.

DRY WEATHER AFFECTS

CATTLE MARKET.

Kansas City Stock Yards, June 23.—

Dry weather talk was general last week, and resulted in a break of 15 to 50 cents on stock cattle and feeders.

The withdrawal of country buyers gave killers a chance to insist on concessions, and thus a part of the bloom recently acquired by killing cattle was dissipated. It was done without the actual appearance of any dry-weather rains have fallen in the last few days, and there is less drouth talk today.

The run of 11,000 cattle here today contains a few that have been forced in prematurely, on account of dry weather.

The market ruled steady to 10 cents lower on killing cattle today, and fully steady on stock grades, at the recent decline. Heavy steers sold best today, contrary to custom, natives reaching \$8.65 and \$8.75, not quite the full limit of the market, and mixed yearlings up to \$8.75 also, bulk of the natives at \$7.85 and upwards, fed westerns \$7.50 to \$8.50, quarantine fed steers \$7.35 to \$8.00, grass steers \$6.00 to \$7.00.

Some low-grade Panhandle killing steers sold down to \$5.85 in the last week. Good stock steers may be had at \$7.00 to \$7.50. Cows bring \$5.25 to \$7.25, heifers \$6.75 to \$8.50.

Hogs sold strong to 5 cents higher today; receipts, 6,600. All kinds sell close together, bulk at \$8.60 to \$8.70, top \$8.72 1/2. Reports indicate a good many hogs in the country, and dealers regard present prices as not to be counted on as a permanent institution.

Sheep went to pieces last week, due to unexpected heavy supplies of natives. Receipts today 8,700, market stronger, with some spring lambs at \$7.50, Arizona lambs \$7.00, Texas muttuns today \$4.80, others at \$4.00, some good black-face breeding ewes to the

country today at \$3.75.

J. A. RICKART,
Market Correspondent.

OVERLAND BAND IN MEMORIAL CELEBRATION.

As the only musical organization thoroughly representative of the automobile industry in this section of the country, the Overland 50-piece band, all members of which are employees of the Willys-Overland Company, Toledo, Ohio, was invited to help the city of Indianapolis celebrate Memorial Day and the 500-mile motor car races held there on Friday, May 30. The band made the trip to the Hoosier city in the special Pullman train which carried 75 Willys-Overland factory representatives and many members of the local Overland staff and the Toledo automobile dealers, leaving Toledo at 11:50 p. m., Thursday, May 29, after the Hotel Secor banquet which the company gave its representatives as a closing feature of their annual convention.

The Toledo factory musicians led the big Memorial Day parade which the city of Indianapolis had arranged for Friday morning at 8:30 o'clock, and occupied a special bandstand within the big Speedway track all during the race. A program of popular and classical music had been arranged to entertain the crowd throughout the contest of the speed kings. The return trip was made Friday night.

The trip was planned by President John N. Willys, as the first of the summer outings for the band members. Last year the musicians were given a trip to the Pacific coast as guests of Mr. Willys, in recognition of their services in furnishing music for various Overland entertainments during the winter. At the time they traveled nearly 10,000 miles and gave free concerts in the parks of 27 of the principal cities of the South, West and North, carrying the name of Toledo and its principal product to the millions of people who saw and heard them.

Our work has stood the test. Ask W. D. Jordan, Mgr. Phone 459. Ad. 11. any one. PLAINVIEW DECORATING CO., Painting and Paper Hanging.

KRESS.

June 24.—Mr. and Mrs. L. Knight drove to Plainview Wednesday.

An embroidery club west of Kress had its first meeting Friday, at Mrs. George Rousser's, and will meet again next week at Mrs. J. Bush's.

A good rain fell Wednesday and three inches Friday night, and some lakes are quite well filled.

Kress will have a Children's Day program on Sunday, June 29, at 11 o'clock a. m.

Mr. and Mrs. George Rousser visited Sunday at Mr. Bert Bagley's.

Mr. and Mrs. Beck visited Sunday in Kress, at the home of her mother, Mrs. Gaylor.

Mr. E. E. Overly was a caller in Plainview Monday.

Mrs. J. Walker and children, of Auburn, were callers in Kress Monday.

Mr. Jimmie Durrett and Miss Mayme Ford were married last Wednesday, at Dr. Ford's. Rev. Robison performed the ceremony. They took the train at 11:30 a. m. for Savoy, Texas, to visit his parents.

Mr. Robert F. Ormsby and Miss Lucia Askew were married, at Rosebud, Texas, on the 22nd, and are now visiting Mr. Ormsby's parents, at Tulla.

The Immunity Singing School continues in Kress.

Mr. J. Bush was a business caller

Messrs. Jesse Lovvorn, R. C. Montgomery and Charlie Moore and Misses Lola and Nola Stark and Oda Francis were guests of Mrs. Neta Hoffer Sunday. All had a nice time.

Mr. H. M. Simpson was a Sunday School visitor Sunday at Price.

Lightning struck Mr. H. H. Blackerby's barn last week, killing three of their fine hens.

Mr. and Mrs. H. P. Walling spent Tuesday night at the Taylor home.

Mr. and Mrs. Bybee were guests of Mr. Will Williamson Tuesday. Mr. Bybee is an agent for buggies.

Mr. and Mrs. Harrison, of Aspermont, Texas, are visiting their son, Mr. Joe Harrison.

Mrs. Hilda Tate is visiting Miss Lorraine Askey this week.

Mrs. Formway and daughter, Miss Maud, went to Plainview Tuesday.

Crops are looking fine in our locality; also grass and weeds.

Mr. B. C. Clark went to Plainview Tuesday.

Mr. Pet Walling is sowing millet this week.

PRAIRIEVIEW.

June 25.—Some good rains have visited us the past few days.

There will be a 20-day singing

the store. Miss Prudence Bower, of Olton, has begun teaching a class in music here, and we hope it will be to our profit as well as hers.

WHITFIELD.

June 25.—A fine rain fell here last week.

A fine crowd attended Sunday School at Price Sunday.

Mrs. J. H. Bell left here Sunday for her home, in Alpine, Texas.

Mr. and Mrs. H. H. Blackerby and son went to Plainview Monday.

Mrs. H. P. Walling and Miss Leona Walling were the guests of Mrs. Chas. Merick, Jr., Monday. Both had a nice time.

Mr. and Mrs. Lun Pendley were out from Runningwater Saturday, visiting Mrs. Pendley's mother, Mrs. T. J. Gomer.

Mrs. T. R. Alexander returned home Wednesday.

The party at Mr. Will Lovvorn's which was to have been held last Saturday night was put off on account of bad weather.

Miss Grace Stark was the guest of Leona Walling Tuesday.

Mrs. T. J. Gomer was the guest of Mrs. H. P. Walling Tuesday afternoon.

COMMUNITY CORRESPONDENCE

HALFWAY.

June 26.—Since the good rains last week the people all seem greatly encouraged, and every farmer is busy in his field.

Mr. J. W. Dye and his daughter, Miss Mollie, attended a debate at Tahoka last week between Dr. W. A. Jarrell, of Dallas, and Dr. Newman. They returned home Monday, and reported an enjoyable trip and an instructive discussion between the two gentlemen.

Mr. W. W. Pinkerton lost a very fine mare Monday evening.

Miss Chlora Sanderson, of Plainview, came out Tuesday evening for a visit to Mrs. R. L. Hooper.

Mrs. L. O. Hamilton and Miss Vera Sanderson, of Plainview, came out Tuesday evening to visit the former's brother, Rev. W. R. Triplett, and family, returning Thursday.

W. R. Triplett has put a phone in
