NUMBER THIRTY-THREE

"NO COMPROMISE SAYS PREACHER

Rev. G. L. Yates Points Out Impossibility of Serving God and Mammon.

AT CHRISTIAN CHURCH, TOO

Rev. McCarty Says We Are Saved by Grace; but Must Obey the Gospel.

Rev. Mr. Yates spoke to a large crowd at the Baptist tabernacle last night on "The Compromises of Pharaoh." His text was taken from Exodus 10:26: "Not an hoof shall be behind." The speaker dwelt upon the preparation Moses needed for his life work and of his failure in a former attempt to deliver Israel before he had had sufficient preparation.

Mr. Yates told how the stubborn king had refused to let the Israelites go, and of the plagues which followed; how Pharaoh sent for Moses and offered to compromise.

"Wait and go tomorrow," the preacher said, was his first compromise. "There is danger in procrastination. Everybody expects to leave the Egypt of sin, but the devil always suggests waiting until tomorrow."

"Serve God in Egypt."

"The second compromise was 'serve God in Egypt.' Many to-day are making this kind of a compromise. They are trying to serve God in Egypt, thinking that they can live the Christian life without joining any church or making any profession of religion."

"The third compromise was, 'I will let you go provided you do not go far away.' The curse of our churches are the scores of people who are living under this compromise with the devil. 'I will be a Christian,' they say, 'but I won't go too deep into it, or too far away from Egypt. I will not go so far away from it but that I can come back to the ball room, the theater and the card party.'

"Pharaoh's fourth offer of compromise was, 'I will let you go, provided you leave the children behind.' This was the strangest compromise of all, and yet there are parents to-day living in Canaan while their children are still in the bondage of sin who seem perfectly satisfied."

Would Reform Dress.

The speaker here said that one of our greatest needs is old-fashioned mothers, who will see the menace to our civilization in the indecent dresses of the women on our streets.

"The old king's fifth offer of compromise was, 'I will let you go, provided you leave your crops and herds behind.' There are not a few in our churches to-day who have left all their substance in Egypt. They are the sort who are willing to ride and let the other man carry the burden and bear the expense. The expense of the Kingdom of God cannot be met by them, since they left all their goods in Egypt."

"Moses declined every compromise, saying, 'In the words of the text, 'Not an hoof shall be left behind, for there must we take to serve the Lord our God.'"

Services will continue, morning and evening, throughout the week.

Salvation by Grace.

"Salvation by Grace" was Evangelist McCarty's subject last night. His text was taken from Eph. 2:8. The evangelist showed that to be saved by the grace of God and to be saved by the gospel are one. The Great Apostle said, "The grace of God bringeth salvation and hath appeared unto all men, and it comes 'teaching us.'"

"The gospel brings salvation to all the world, and it comes teaching. 'Go teach all nations,' said Jesus in the great commission. The conclusion is that we are saved by grace."

"Corinthians 15:1-3 says, 'We stand in the gospel.' Romans 5:1-4 says 'We stand in the grace of God.'"

This argument was presented by the evangelist to show that, while we are said to be "saved by the grace of God," we are not saved by the grace of God without obeying the gospel. He stressed the fact that we cannot be saved by the "works of the law" nor any human works. The sinner must believe in order to be saved.

LICENSED TO WEB.

METHODISTS SUCCEED IN S. M. U. CAMPAIGN.

\$200,000 Gift from the General Education Board is Assured to University at Dallas.

Southern Methodist University won the \$200,000 gift proffered by the General Board of Education, on condition that the Methodists of Texas secure \$500,000. Contributions continue to come to the University headquarters, according to Frank Reedy, Bursar. It seems likely that the total amount given by the Methodists of the State will amount to nearly \$600,000. This, with the gift from the General Board, will enable Southern Methodist University to open with more than \$1,000,000 endowment.

To be classed as a University by the General Board of Education of the Methodist Church, an institution must have at least \$1,000,000 productive endowment. Southern Methodist University, at Dallas, will open September, 1914, with larger assets than any other institution of learning ever founded by any church in the South.

Plainview district contributed more than \$6,000 to the school.

SNYDER PEOPLE GO TO COLORADO IN AUTOS.

Mrs. George Smith and her son, Dixie, and his wife, of Snyder, Texas, were in Plainview today on their way to Colorado, where they will spend the summer. They are making the trip in an automobile. Other cars from Snyder will join Mr. Smith at Amarillo to-day.

WEALTH OF TEXAS SHOWS BIG GAIN

Gross Increase During June of \$72,180,000 Is \$11,730,000 Larger Than for Previous Month.

AGRICULTURE IS FIRST

Factory Production Is \$15,000,000; \$14,000,000 of Foreign Capital Invested—Demand Increases.

The gross wealth of Texas increased \$72,180,000 during June, a gain of \$11,730,000 over May, according to statistics compiled by the Texas Commercial Secretaries and Business Men's Association. The greatest factor in the wealth increase was agriculture, with a total of \$41,040,000. Factory production follows second, with a total of \$15,000,000.

Following is the different sources of wealth that go to make the June increase:

Agricultural production	\$41,040,000
Factory production	15,000,000
Foreign capital	14,250,000
Mineral production	1,890,000
Total	\$72,180,000

Agriculture.

June shipments of Texas farm products far exceeded the movements for any month in previous years, and it is conservatively estimated that over 8,000 cars of truck and grain were shipped to out-of-state points. The most prominent movements are reported from Temple, where the shipments of oats averaged fifty cars per day, and from points along the Frisco Railroad between Sherman and Carleton.

It is expected that the 1913 oat crop will reach 25,000,000 bushels and the wheat crop 12,000,000 bushels. Conditions are excellent for corn and cotton, and late reports indicate a yield of 200,000,000 bushels of corn, or a volume equal to home consumption. Truck shipments were heavy during June from all sections of the State, and especially so in East Texas. The Truck Growers' Association at Jacksonville reports a movement this year of 700 cars of tomatoes alone, valued at \$130,000,000. The daily shipment of tomatoes from this section will average twenty cars per day. Early shipments of peaches were reported from Mount Pleasant and other sections and approximately thirty-two cars have been shipped to date.

About sixty cars of cucumbers have been shipped from Texas this season, with a total value of approximately \$50,000. Watermelons and cantaloupes moved in small quantities during June. Prices on all farm products are keeping well to the front, and the quality of the fruit and grain is well above the average. Peaches are bringing eighty-seven and a half cents per bushel; tomatoes, seventy cents per crate; cucumbers, \$1.00 per bushel; oats, forty-three cents per bushel; wheat, ninety-five cents per bushel.

Live Stock.

Live stock receipts for June at the Texas markets show a decrease under the preceding month, but a large increase. (Continued on Page Four.)

BOTTLES OF KETCHUP FOR LOSING PLAYERS.

Eighty-five guests were present Saturday afternoon at the card reception given by Mrs. J. W. Longstreth, Mrs. C. C. Gidney, Mrs. J. C. Anderson, Mrs. R. S. Charles and Mrs. W. H. Mason.

The reception was given at the residence of Mrs. J. C. Anderson, 314 White Street.

There were eight tables at "42" and ten tables at "500." Pink and white were the favored colors in refreshments and decorations. A bottle of "ketchup" was presented by Mrs. C. C. Gidney to each player who did not win any games during the afternoon.

Mrs. R. R. White, of Temple, Texas, who is in Plainview spending the summer, was present at the reception, as guest of Mrs. J. C. Anderson.

MEISTERHANS SHIPS FIRST PARCELS POST C. O. D.

The first package registered at the Plainview post office under the new C. O. D. provision of the parcels post law, which took effect July 1, was a pair of boots shipped this morning to R. L. Bledsoe, of Abernathy. The boots were manufactured by John Meisterhans, of Plainview. No C. O. D. packages have been received for Plainview under the new law, according to Postmaster Keck.

PLAN CHAUTAUQUA FOR NEXT FOURTH

Plainview Band and Fire Boys Offer \$800 in Prizes for Texas Bands.

FIRST PRIZE \$500

Half of Money Already Subscribed; Crowd Enjoyed Races and Ball Game on Fourth.

A first prize of \$500, together with smaller prizes, will induce the best bands of Texas to come to Plainview next Fourth of July, is what the local band and fire boys believe. At any rate they are already offering \$800 in prizes, open to all bands in Texas, for next independence day; half of the money has been subscribed.

The boys plan a Chautauqua to last from June 29 to July 4, inclusive. They expect to secure the most attractive numbers for the Chautauqua offered anywhere and give a program which will appeal to the entire South Plains. An entrance fee of 10 per cent of first prize will be charged bands competing.

W. J. Klinger, J. M. Waller, O. C. Miller, J. A. Peret, C. Franklin and R. Dunaway have been appointed an executive committee to perfect and carry out plans for a great celebration next Fourth and for the Chautauqua.

Thank Contributors.

The boys have asked The Herald to extend thanks to all business men for contributions and premiums given by them for the events Friday. A large crowd witnessed the various events, and everybody seemed happy.

The water fight was called a draw. Neither side seemed willing to quit, although both were drenched within a moment after the water was turned on. Edwin Balu won \$5 for climbing the greased pole; Clyde Crawford won the egg race; the fat man's race was won by John Fawer, in record time; sack race went to Paul Wright; H. S. Hilburn won the hurdle race, and the state race went to B. Pearson.

No Score on Baseball.

Amarillo took the local Elks into camp Friday afternoon on Wayland College baseball field. The local men showed up well in the field. In fact, they played gilt-edge baseball except in pinches. Their arms just wouldn't place the sphere where the boys looked for it.

The Amarillo team scored four times in the first inning; once in the third; after that the score board seemed all blurred. Even the editor couldn't tell just what it read. The local team scored in the second inning.

Harp and Brashears were batteries for Plainview; Crotty and Hudginton for Amarillo.

MISS FAULKNER'S MUSIC CLASS DELIGHTS AUDIENCE.

The music-loving people of Plainview were again favored with an enjoyable musicale Thursday evening, when the music pupils of Miss Amy Faulkner entertained at the Schick Opera House.

A large and appreciative audience listened to the efforts of the pupils with interest and pleasure. Especially pleasing was the "The Pipers Play," a comedy played by the advanced pupils, and "The Teddy Bears' Picnic," played by the smaller pupils.

GOING TO COLORADO OVER NEW HIGHWAY.

Saturday at noon five large touring cars arrived in Plainview en route to Colorado Springs, Colo. The party in the cars were prominent merchants and capitalists from Whitewright and Sherman, Texas.

In the cars were: T. H. Sears and family, of Sherman; George Banha and wife, of Whitewright; Joe Hamilton and wife, Taylor Frigmore and family and R. S. Morehead and family, all of Whitewright, and Mr. Newell and wife, of Sherman.

WILL TOUR NORTHWEST IN HUDSON AUTOMOBILE.

John E. Brown, of the Brown Motor Company, left yesterday for Santa Fe, N. M. From Santa Fe he will go to Cheyenne, Wyoming, to see the big "round up." This is said to be the greatest event of its kind in the world. Mr. Brown drove a Hudson "37."

CUPID CAPTURES SETH WARD YOUNG PEOPLE.

Clyde Goodman Marries Miss Myrtle Fort; Both Will Attend Polytechnic College.

Cupid has played another college prank, which was consummated in the marriage of Clyde Goodman and Miss Myrtle Fort yesterday morning. Miss Fort is the daughter of Mr. and Mrs. J. G. Fort, College Heights. It was a home wedding, with immediate relatives and half a dozen close friends of the young couple present.

The ceremony was said by Rev. A. B. Roberts. Brother Roberts married the groom's father and mother, Mr. and Mrs. J. C. Goodman, who also live on College Heights, twenty-three years ago.

After the wedding the bride and groom and friends went to Mrs. Goodman's, where light refreshments were served. Mr. and Mrs. Goodman left on the Santa Fe train, via Sweetwater, for Merkel. They will make their home on Polytechnic Heights, Fort Worth, Texas. And both expect to pursue college courses this year.

Mr. Goodman graduated from Seth Ward College a year ago. He was a popular debater and athlete. Miss Fort was a student in Seth Ward. A host of friends wish the young people happiness and prosperity.

TO IMPROVE 40-ACRE TRACT WEST OF TOWN.

J. L. Smith, of Ohio, Will Put Down Well and Move Family to Plainview.

J. L. Smith, of Wintergreen, Ohio, county commissioner of Cochocton County, made his fourth trip to Plainview last week. He owns 40 acres of land on the west edge of town and 341 acres 28 miles northwest of Plainview.

Mr. Smith says that he will build on his 40-acre tract and expects to move his family here in October. He will put down a well for irrigation purposes. Twenty acres of this land will be seeded to alfalfa; the balance will be planted in truck and orchard.

MUNCEY TRIAL SET FOR AUGUST TERM.

Lockney Woman and Horace Peters Will Be Tried in Plainview Next Month.

Mrs. Muncey and Horace Peters were arraigned yesterday in Floydada in connection with the killing of J. M. Muncey, at Lockney, May 24. Attorneys for Mrs. Muncey and for Peters filed writs of habeas corpus. This was set for hearing at Floydada next Tuesday at 10 o'clock.

A change of venue has been secured for both defendants. The cases are set for trial in Plainview at the August term of court.

INSTALLING ELECTRIC SIGNS.

Busy Bee Cafe and Long Drug Co. Follow Example of Malone.

R. J. Gatlin and J. L. Nunn, of the Nunn Electric Co., of Amarillo, were in Plainview this morning talking electric signs. These gentlemen advise The Herald that they have closed contracts with the Busy Bee Cafe and R. A. Long Drug Company for electric signs. Mr. Gatlin made the electric sign which the Malone Light and Ice Co. has placed on the Ellerd Building.

Messrs. Nunn and Gatlin went south to Slaton in their automobile this afternoon.

"FOURTH OF JULY" PARTY.

Last Friday night Mr. and Mrs. Melvin Wasson pleasantly entertained a crowd of invited guests at their pretty home, in the northwest part of town.

Fireworks furnished the chief amusement for all. Games of various kinds also were played. At a late hour the guests took their departure, all declaring they had had a very pleasant time and hoping Mr. and Mrs. Wasson would again soon be host and hostess.

TWENTY PLUMS ON 16-INCH TWIG.

J. M. Graham brought to The Herald Friday a twig cut from one of his plum trees on which there were 20 plums growing. The twig measured 10 inches long. Mr. Graham thought this was the "Holochoer Wonder" variety. The plums were large and richly colored.

APPOINTS BOARD OF EQUALIZATION

O. M. Unger, James R. DeLay and W. A. Nash to Consider City Tax Renditions.

DEPOSITORY NAMED

First National Bank Offers 7% Cents for City Funds; Will Purchase Mower.

The City Council transacted routine business last night. In addition thereto, O. M. Unger, James R. DeLay and W. A. Nash were named as a board of equalization to take up tax renditions in Plainview.

Dr. E. F. McClendon, city health officer, reported that slaughter pens, dairies and butcher shops are in good condition. The Council ordered a mower and rake purchased for the purpose of cutting weeds on the streets.

The Council agreed to contribute \$10 toward the burial of L. B. Meadows, who died of heart failure Thursday. The county will also allow \$10 toward this funeral. The body is being held at E. R. Williams' undertaking establishment.

The Third National Bank offered 6% per cent for city funds. Bid of the First National Bank, offering 7% per cent a year on daily balances, interest to be credited monthly, was accepted. The First National Bank was city depository last year, and paid 3% per cent interest.

WACO PARTY CAMPS WHEN NIGHT COMES.

H. M. Minier and J. C. Kelley Stop in Plainview En Route to Colorado.

An automobile trip to Colorado—with your own chef and a special car to carry tents and baggage. Tempting idea, isn't it? That is the way H. M. Minier and J. C. Kelley and families, of Waco, Texas, are touring.

The party come into Plainview Saturday, via Mineral Wells, Breckenridge, Albany, Abilene, Sweetwater, Snyder and Post City. They are driving a Chalmers, Michigan and Cadillac cars, and have a car with body removed fitted up specially for carrying tents and luggage. Whenever night comes the tourists stop for the night. They have three tents.

"This is a great country. I have visited it four times, and it looks better every time," Mr. Minier said this morning. He had intended staying in Plainview only a few hours. The country "got hold" of him and he stayed from Saturday until Tuesday, when they started for Colorado, via Amarillo.

Mr. Minier is in the farm loan business in Waco. He says that he hopes to "get into" the Plainview country sometime.

HERWIN GALLOWAY SELLS \$5.70 WORTH OF FLIES.

Boy Who Won Syndicate Prize Trapped \$42,000 in Week; \$16.70 Paid Out.

Herwin Galloway continues to win with flies. Incidentally, Plainview owes this boy a debt of gratitude for his fight against this pest. Last week he trapped 342,000 flies and received \$5.70 from the Civic League. He also won the special prize of 50c offered by Blasingame & Klinger. Herwin received 10c a quart for his flies. He brought in 57 quarts.

Other boys and girls turned over to the committee 50 quarts of flies. These young people are rendering large service to the community in their warfare against the fly.

FORT WORTH MAN PAYS \$5,000 FOR LOT ON SQUARE.

George Sharp Says He Will Erect Business House; Will Move Family Here.

L. A. Knight sold a lot in the middle of the block facing the Court House on the west to George Sharp, of Fort Worth. Mr. Sharp says that he will put up a brick building on his lot. He also purchased 10 acres 1 mile north of town from J. F. Smyer, and will move his family to Plainview. Mr. Sharp lived in Hale County 20 years ago.

Consideration for the lot was \$5,000.

\$20.00 Given Away

\$10 To the person who buys the Largest Amount of goods during our Sale.

\$6 To the person buying 2nd Largest

\$4 To the person buying 3rd Largest

The amount of your purchases to be shown by the Cash Register Tickets.

You are at liberty to get your friends to trade and get their tickets.

It's the person who gets the largest amount of Tickets together that wins.

Those entering the Contest will bring in their tickets, Monday morning, July 28th, after the Sale--you must be here by 12 o'clock---noon.

If you do not wish to compete for the money prize, save your tickets, they are good for other premiums.

STATE FAIR TO HAVE AUTO DISPLAY BUILDING.

Dallas Exposition Will Conduct Motor Show for Dealers All Over Texas.

Plans for the erection of a building at the Dallas State Fair grounds to be used exclusively for an automobile display were completed at a meeting Wednesday night of the fair and exhibition committee of the Dallas Automobile Dealers' Association.

The building will be 290 by 142 feet, and will cost approximately \$10,000. Decorations and furnishings will cost \$10,000 more.

Work of construction will begin this week, according to John F. Stafford, who will be in charge of the exhibit.

The show to be held during the fair will be for dealers in every part of Texas. Practically all of the floor space has already been reserved. It is expected that it will prove advantageous in every respect for the exhibitors.

FOR SALE—House with 7 good-size rooms, 5 closets, vestibule water room. Good cellar, well and windmill. Shrubbery, young trees, etc. House built on solid brick foundation. All in excellent condition. If you want a bargain, investigate. Southeast corner of block 36, lots 7 and 8, Highland Addition. I can give some terms. Address BOX 512, Plainview, Tex. 33

SPEAKERS TO TELL STORY OF THE HOG.

Midsummer Meeting of Breeders' Association at College Station July 28-30.

Welfare, Texas, July 4.—The complete program of the annual summer meeting of the Swine Breeders' Association to be held at College Station July 28, 29 and 30, has just been issued by Edwin W. Houston, secretary. The first day will be spent in getting acquainted. For the second and third days the program contains papers and addresses that, in view of the great amount of feed raised in Texas this year and the high prices hogs are bringing, should be more than usually interesting, says the Fort Worth Star-Telegram. The list of speakers is as follows:

- July 29, 8:30 a. m. Welcome Address. Response—Dr. A. E. Flowers, President Texas Swine Breeders' Association, Dallas.
- "Breeders vs. Feeders for Profits"—D. W. Bowser, Dallas.
- "How the Breeder Can Produce Economically"—R. L. Poe, Cisco.
- "Brain vs. Brawn in Hog Raising"—J. C. Hastend, Sherman.
- "Business Principles Underlying Success"—R. J. Nelson, Editor Texas Farm and Ranch, Dallas.
- "Benefits from Public Sales"—J. J. McLain, Anna.
- "Results from Bays and Girls' Hog Clubs"—C. L. French, Fort Worth.
- "East Texas, the Future Hog Country"—C. C. Scott, Chandler.
- "West Texas, the Future Hog Country"—Major W. J. Duffel, President Northwest Texas Swine Breeders' Association, Claude.
- "Close Breeding for Definite Results"—George P. Lillard, Seguin.
- "The Value of Uniformity in the Breeding Herd"—M. Hart, Grandview.
- "The Value of Uniformity in Market Shipments"—Mr. Kalthorn, Armour & Co., Fort Worth.

"The Worthy Appeal"—Colonel Ex-all, President Texas Industrial Congress, Dallas.

"Revenue from a Show Herd"—G. F. McCracken, Decatur.

July 30, 8:30 a. m.

"The Condition of the Texas Swine Industry"—Hon. Ed R. Kone, Commissioner of Agriculture, Austin.

"Benefits from the Feeding and Breeding Station"—Prof. B. Youngblood, director of Texas Experiment Stations, College Station.

"Rations for Hogs"—Prof. John C. Burns, professor of animal husbandry, College Station.

"Sanitation"—G. C. Templeton, assistant professor of animal husbandry, College Station.

"Field Development"—D. R. Murray, Murray's Swine Breeder, Fort Worth.

"Utility of Parts and Packers' Profits"—Mr. Guellich, Swift & Co., Fort Worth.

"The Packers' Assistance to the Producer"—Edgar L. Flippen, president Armstrong Packing Company, Dallas.

"The Necessity of Packing Plants"—Max Hahn, president Max Hahn Packing Company, Dallas.

"To Avoid Errors"—H. E. Singleton, McKinney.

"Why Exhibit?"—W. C. McKamy, secretary Texas State Fair, Dallas.

"Why Have Commission Men?"—Tom Frazier, Rhome-Farmer Commission Company, Fort Worth.

"Individual vs. Colony Hog Houses"—C. W. Plummer, Joshua.

"Why Bacon Breeds Are Beneficial"—L. C. Estes, Groesbeck.

"Things Essential to Feeders and Breeders"—Edwin Houston, Welfare.

There will be discussions after each paper, and all questions will be cheerfully answered by the speakers present.

R. A. Long Drug Co. will give, on July 9, 10 per cent of all cash sales to the Ladies' Aid of the Calvary Baptist Church.

CITATION BY PUBLICATION.

THE STATE OF TEXAS, To the Sheriff or any Constable of Hale County—GREETING:

YOU ARE HEREBY COMMANDED, That you summon, by making Publication of this Citation in some newspaper published in the County of Hale, if there be a newspaper published therein, but, if not, then in any newspaper published in the 64th Judicial District; but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest district to said 64th Judicial District, for four weeks previous to the return day hereof, W. V. Kennedy, Edward Kennedy and R. S. Lemons, whose residences are unknown, to be and appear before the Honorable District Court, at the next regular term thereof, to be holden in the County of Hale, at the Court House thereof, in Plainview, on the 4th day of August, 1913, then and there to answer Plaintiffs' First Amended Original Petition filed in said Court, on the 27th day of June, A. D. 1913, in a suit numbered on the docket of said Court No. 965, wherein T. J. Black and Alta Black are plaintiffs and W. V. Kennedy, Edward Kennedy and R. S. Lemons are defendants. The nature of the plaintiffs' demand being as follows, to-wit:

T. J. Black et ux.)
vs.) No. 965.
W. V. Kennedy et al.)

In District Court, Hale County, Texas.

To the Honorable District Court of said County:

Now come the plaintiffs, T. J. Black and Alta Black, and file this their First Amended Original Petition in lieu of their original petition filed herein on the 7th day of June, 1913, and for such amendment, and complaining of the defendants, W. V. Kennedy, Edward Kennedy and R. S. Lemons, whose places of residence are unknown to plaintiffs and to their attorneys, show to the Court:

That heretofore, on the 1st day of January, 1913, the plaintiffs were lawfully seized and possessed of the following described tract of land, lying and being situate in Hale County, Texas, holding, claiming and owning the same in fee simple, to-wit: Parts of the J. E. White Homestead and of the Ed M. White Homestead surveys, in and near the town of Petersburg, Texas, described by metes and bounds as beginning at the southwest corner of the said J. E. White Homestead Pre-emption survey; thence east 1,652.9 feet; thence north 2,108 feet; thence west 1,652.9 feet; thence south 2,108 feet, to the place of beginning, containing 79½ acres of land; and that on the day and year aforesaid the defendants unlawfully entered upon said premises and ejected the plaintiffs therefrom and unlawfully withhold from plaintiffs the possession thereof, to plaintiffs' damage in the sum of Three Thousand Dollars. And Plaintiffs further show that they have title to and claim said land by chain of title as follows: Patent from the State of Texas to J. E. White, No. 569, Vol. 30, of record in the Patent Records of Hale County, Texas, Vol. 1, page 395; deed from J. E. White et ux. to Ed M. White, of record in the Deed Records of Hale County, Texas, Vol. 12, page 446; patent from the State of Texas to Ed M. White, No. 282, Vol. 30, of record in the Patent Records of Hale County, Texas, Vol. 1, page 209; deed from Ed M. White et ux. to T. J. Black, of record in the Deed Records of Hale County, Texas, Vol. 16, page 63; and that defendants have no title to said land known to plaintiffs, and are setting up some claim to said land under the deed from plaintiffs to defendant W. V. Kennedy hereinafter mentioned.

And for further cause of action against said defendants, plaintiffs show to the Court that on the 5th day of January, 1909, plaintiffs signed and delivered to said W. V. Kennedy a certain deed in form a general warranty deed, bearing date the day and year aforesaid, and now of record in the Deed Records of Hale County, Texas, Vol. 22, page 109, which deed purports to convey unto said W. V. Kennedy a certain tract of land lying and being situate in Hale County, Texas, described as beginning at a point 9,871 feet south of a wagon spindle at center of the D. P. Goodwin Survey; thence south 990 feet a stake; thence west 1,652.9 feet a stake; thence north 990 feet a stake; thence east 1,652.9 feet to the beginning, containing 37.57 acres of land; and plaintiffs say and show to the Court that said deed is invalid and not binding against plaintiffs, and should be cancelled, annulled and held for naught, and the record thereof should be cancelled, annulled and held for naught for the following reasons: At and before the time of making said deed the plaintiffs resided at the town of Petersburg, Hale County, Texas, near which said land is situated, and owned and possessed at and near said town other lands, and were very anxious of having a railroad

constructed into said town; and that said defendants W. V. Kennedy and Edward Kennedy at and just prior to the execution of said deed came to said town of Petersburg, and, acting together for the purpose of acquiring said land from plaintiffs, and for the purpose of defrauding them out of said land, represented to plaintiffs, and promised and assured plaintiffs, that if they, plaintiffs, would convey said land to said W. V. Kennedy that they, said Kennedys, would build, construct, complete and equip a railroad from the town of Memphis, Texas, to and through said town of Petersburg, and would have trains running over such railroad within two years from that time, and would have such railroad completed into and through the said Town of Petersburg within two years from that time; and represented to plaintiffs that they, said Kennedys, were financially and otherwise able to so build, construct, complete and equip such railroad, and would so build, construct, complete and have trains running over such railroad within said time of two years, if plaintiffs would make such deed.

That plaintiffs had no knowledge of the matters about which such representations promises and assurances were so made, and relied wholly on the representations, promises and assurances so made by said Kennedys, and, so relying on said representations, signed, acknowledged and delivered said deed to said W. V. Kennedy; and plaintiffs show to the Court that they would not have so signed, acknowledged, delivered or executed said deed but for said representations so made by said Kennedys as aforesaid.

And these plaintiffs further show to the Court that all and every of said representations, assurances and promises so made by said Kennedys were false and fraudulently made for the purpose of swindling plaintiffs out of their said land, and made without any expectation or intention of fulfilling, complying with or performing them or any of them, and without any ability to perform, keep or fulfill them or any of them. That said Kennedys were in fact mere adventurers without any financial standing or ability, and had not the ability to construct any such railroad. And Plaintiffs say that the execution and delivery of said deed was procured by fraud.

And these plaintiffs further show that said deed was signed, executed and delivered by plaintiffs to said W. V. Kennedy, they, plaintiffs, relying wholly on the representations, promises and assurances of said Kennedys so made as hereinabove set out; that no money or other thing of value whatever was given to or received by plaintiffs for their said land, or for the execution and delivery of said deed, and that the only consideration for said deed and the land in said deed described were the said representations, promises and assurances and agreements so made by said Kennedys and hereinabove set out; and these plaintiffs further show that said Kennedys have wholly failed to perform or do any of the things which they so represented, promised, agreed and assured plaintiffs that they would do, and have broken each and every representation, promise, assurance and agreement so made; that no railroad has been built into, through or near said town of Petersburg by said Kennedys or any one else; that plaintiffs have gotten nothing whatever for their said land; and plaintiffs say that said deed is absolutely without any consideration to support it, and that the consideration for said deed, if any there ever was, has wholly failed.

Wherefore, plaintiffs pray that defendants be cited to answer this petition, and that upon a hearing they have judgment for title, restitution and possession of said lands, that said deed and the record thereof be cancelled, annulled and declared void, for costs of suit, and for all relief to which they may be entitled in law or equity.

Attorneys for the Plaintiffs.

HEREIN FAIL NOT, And have you before said Court, on the said first day of the next term thereof, this Writ, with your endorsement thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office, in Plainview, this, the 27th day of June, A. D. 1913. (SEAL) B. H. TOWERY, Clerk District Court, Hale County, Texas.

By W. H. BOX, Deputy. 46

\$1475 OVERLAND MODEL 71 T \$1475
F. O. B. Toledo Fully Equipped

Big Features--Complete Equipment

There have been as many Overlands delivered in the past five months as all of the factories of Germany can make in a whole year. There have been as many Overlands already contracted for this year as the combined factories of France can make in one year, and twice as many as those of England. And the combined factories of Italy, Holland, Russia and Sweden do not make as many cars as some of the individual Overland dealers handle in 12 months. How can such a demand be created by anything but the MOST car for the LEAST money? Be sure and see these cars at once if you wish an early spring delivery. We have new models ready on the floor now. Delay means disappointment.

the roads—that have been properly built will be made a part of the Lincoln Highway.

Some persons are bound to confuse the Lincoln Highway Association with the Lincoln Memorial road, planned some years ago to connect the capital at Washington with the Gettysburg battlefield, seventy-two miles away. That plan was abandoned last spring.

This Washington City memorial to Lincoln is to take the form of a magnificent building, where the Lincoln furniture, pictures, records, manuscripts and all other forms of Lincolniana will be suitably housed and preserved. There is now only one, the Lincoln Highway Association, and this will link the Atlantic and Pacific for the farmer, the merchant, the business man and the commercial traveler, as well as the automobilist and the tourist.

BURNING OUT OUR EYES.

Americans Are Becoming a Short-Sighted People, Optician Says.

Chicago, Ill., July 3.—America is developing a race of short-sighted people, was the warning of C. G. Fellows, of Chicago, in an address before the convention of the American Ophthalmic, Ophthalmological and Laryngological Society in session here. His assertions were backed up by speakers who declared office workers use too much light.

"It is astounding how many persons are short-sighted," said Doctor Fellows. "The development of short-sightedness or progressive myopia in adults is due to the manner in which they study in school in their childhood. The prevention is early and frequent examination of children for eye trouble."

"Most people don't need half the light they use," said Dr. H. D. Schenk, of Brooklyn. "Clerks and bookkeepers will have a big burner right over the books they work on. They will tell you it is a beautiful light, but they are burning out their eyes. If we drop the excess light we decrease the danger of near-sightedness."

Thirty of the thirty-seven ophthalmologists present yesterday wore glasses.

THE SOUTH WINS.

The South has carried off the prizes in Congress. The chairmanships of the leading committees of the Senate and of the House have gone to members from the South.

Why not? This is a Democratic administration, and the South has been the anchor and the hope of the Democratic party ever since the close of the war between the States.

More than this, the South has given to the Nation some of its greatest Presidents, its ablest statesmen, its deepest thinkers.

No part of the country is richer in natural resources than what we call "the South." The greatest future development of the Nation, in a material way, will be in the Southern States. We predict, also, that the greatest industrial growth of the country will be in the South.

Its cotton mills, iron foundries, collieries and lumber and sugar mills are established on a basis that twenty years ago would have been thought to be almost impossible.

For more than twenty-five years the advantages to our great export trade offered by the ports on the Gulf and on the South Atlantic were loudly proclaimed and went unheeded, but today the tide of exports is running toward the South and establishing its superb harbors as commercial centers of the first rank.—Leslie's.

EASY RELIEF FROM CONSTIPATION.

The Remedy that Replaces Calomel; Causes No Restriction of Habit or Diet.

It is a mistake to take calomel when your liver is lazy and needs toning up. Hundreds of people in this section have discovered that Dodson's Liver Tone is a thousand times better and safer and its action is just as sure. There are none of the bad after-effects of calomel to Dodson's Liver Tone, and no danger of salivation.

For attacks of constipation or biliousness one or two spoonfuls of this mild, pleasant tasting vegetable liquid are enough, and R. A. Long Drug Co. gives a personal guarantee that every bottle will do all that is claimed for it. Money back in any case where it fails.

Dodson's Liver Tone costs only 50 cents for a large bottle. Remember the name, because there are any number of remedies sold in imitation of Dodson's claims. Some of them have names very similar to Dodson's Liver Tone—and are in same color package. These imitations are not guaranteed, and may be very harmful. Go to R. A. Long Drug Co. and you will surely get the genuine. —Adv. 33

FOR SALE.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, O. Sold by all Druggists, 75c. Take Hall's Family Pills for constipation.

NOW FOR COAST-TO-COAST ROCK AUTOMOBILE HIGHWAY.

Lincoln Highway Association Proposes Memorial to Great Emancipator at Cost of \$10,000,000.

"The Lincoln Highway Association" is the new name of what has been known formerly as the Coast-to-Coast Rock Highway Association, according to formal announcement made Wednesday at the headquarters established in the dime savings Bank in Detroit, Michigan, says a dispatch in the Fort Worth Star-Telegram.

It is declared that the object and purposes of this mammoth and daring undertaking have not been changed and of the \$10,000,000 necessary to carry the work through to completion, over \$4,200,000 has already been pledged. In fact, engineers of the Lincoln Highway Association are already at work mapping out the route of the highway.

Nation-Wide Memorial. As "the Lincoln Highway" it will be a Nation-wide memorial to the martyred President that will live forever. The name was changed at the request of Carl G. Fisher, father of the original idea, who has given much of his time in making this a successful patriotic venture.

The national headquarters just opened in Detroit have brought a number of prominent men into the project who heretofore have not been actively identified with it. Henry B. Joy, president of the Packard Motor Car Company, is the new president of the association, and Mr. Fisher is vice president. A. R. Pardington is secretary of the association, and is spending all his time in handling the numerous details which are so necessary in every undertaking having as wide a scope as this project. Mr. Fisher has personally met all the expenses of organization, and these have been considerable, up to the present time. Mr. Fisher will watch every detail as it develops in as keen and continuous a manner as heretofore.

Detroit is Headquarters. Detroit was chosen as headquarters for the Lincoln Highway Association for many reasons. Mr. Fisher has just purchased a home here, and he natu-

ally desired to be close to the association's affairs. The city is the center of the automobile industry, which will largely aid in the financial campaign in many ways. It houses from one to ten conventions every week of the year, which brings to the Michigan metropolis scores of men who are interested in the highway. The city is centrally located and easy of access so that business can be economically conducted.

The object of the association, despite the change in name, remains the same—"to procure the establishment of a connecting improved highway from the Atlantic to the Pacific and to raise \$10,000,000 by popular subscriptions for the same." This money to be used in co-operating with local officials and organizations in every way and thus providing either material or financial aid, whichever is found necessary.

Built of Concrete.

The road, wherever possible, is to be built of concrete, this material being found the best, and is to be patterned after the Wayne County roads of Michigan, which are conceded to be the finest in the United States, if not in the world. Concrete highways require the smallest maintenance cost of any, and, when the building is intelligently directed, will last forever.

Existing highways that have been improved, however, are to be used by the Lincoln Highway Association if their condition and construction meet with the approval of the engineers of the association, who will consider their permanency as well as other important details.

Reasons for the Change.

One of the additional reasons for the change of name from the Coast-to-Coast Rock Highway Association to "the Lincoln Highway Association" was the fact that in different sections of the country there have been various coast-to-coast highways planned, some of which have only stretched across townships, while others have become almost county or state affairs. It is hoped that these organizations will co-operate and help in the development of the Lincoln Highway Association, so that it may eventually be organized into a concrete and efficient whole. Wherever it is at all possible

Farm Telephone Saved Child's Life

One of the Children fell into a water tank and was rescued unconscious and apparently lifeless.

The frantic mother telephoned to the doctor six miles away, and he started at once. In the meantime his assistant telephoned instructions and the mother restored the child to consciousness before the doctor arrived.

The telephone service saved the child's life.

Subscription Price \$1.50 per year (Invariably in advance)

Constancy of purpose is the secret of success in business farming, war or love.

Let us have organized production instead of over-production, says Peter Radford.

Notwithstanding free wool, the present clip seems to be bringing satisfactory prices.

Civic development and improved roads are short cuts in the chase for commercial supremacy.

Isn't it true that commercial organizations represent the progressive spirit of any community?

Civic pride, as well as considerations of health, should induce every individual to cut the weeds along his fence and in the alley.

Our fire limits have proven inadequate a number of times recently. Considerations of finance perhaps make it impossible to extend water mains. The fact remains, it is unfortunate that a home should burn because the water pipe is a block away or half a mile away.

THEY ARE GETTING A START.

The weeds have grown rapidly during June—much faster, in too many instances, than the efforts made by the individual citizen to get rid of them. Have you cut your weeds?

Weeds are unsightly. They furnish a breeding place for insects; they harbor disease. A single half hour would be sufficient for you to cut the weeds around your home—along the fences and in the alleys, too.

A single half hour— isn't this little enough to contribute to the beautifying of your home town?

A single half hour— isn't this a small enough price to pay for health; for the removal of an obnoxious menace?

EARLY MORNING FIRE BURNS GARRISON HOME.

Defective Flue Is Responsible for Blaze Which Destroys Everything; Beyond Water Malus.

Dan Garrison's home, in West Plainview, was destroyed by fire early yesterday morning. It seems that Mr. Garrison built a fire in the cook stove and returned to his bedroom. A few minutes later the house was in flames. The fire boys responded to an alarm, but were handicapped because no water could be secured so far out.

Mr. Garrison carried \$2,500 insurance on the house and \$800 on furniture. He lost practically everything.

WEALTH OF TEXAS SHOWS BIG GAIN.

(Continued from Page One.) crease over the same month last year. During May a total of 294,213 head were received, as compared with 206,754 head for June. The receipts for June last year were 166,530 head. The value of the live stock receipts at the Texas markets during June was approximately \$5,168,850. Prices range about the same as last year on all live stock with the exception of hogs, which show an increase over the same month in 1912 of \$1.00 per hundred-weight. Hogs are now bringing \$8.90 per hundredweight.

Following is a comparative statement of the receipts at the Fort Worth market for June, 1912, and June, 1913:

Table with 2 columns: 1912, 1913. Rows: Cattle, Calves, Hogs, Sheep, Horses and Mules.

Table with 3 columns: Cattle, Calves, Hogs. Rows: 1913, 1912.

Increase .. 114,867 6,048 49,912

Mineral Production.

The value of the minerals from the mines and wells in Texas during June was approximately \$1,890,000, of which \$110,000 consisted of coal and lignite, while gas and oil make up the balance of the value. The mines produced about 98,000 tons of fuel and the oil production was about 2,375,000 barrels. During the month twelve new wells were brought in at the Electra and Burkburnett fields, adding 1,500 barrels to the daily production. The daily production from that section of the State is now around 25,000 barrels.

A 5,000-barrel well was brought in at the Saratoga field in June. Oil was struck at the 2,400-foot strata, and the new well is located near the Christian well, which was brought in during May. The Christian well at first produced around four or five thousand barrels per day, but has dropped to 250 barrels.

Oil men are very optimistic over the prospects in this section.

It is reported that gas has been struck near Texas City by the Pierce-Fordyce Company at a depth of 800 feet.

The demand for Texas-made products suffered no abatement during

June, but increased sales to out-of-state markets were reported from several quarters. Texas-made vehicles and farm implements especially are enjoying a brisk foreign trade. The value added through the process of manufacturing is estimated at \$15,000,000.

During the month of June nine factory fires were reported, entailing a loss of approximately \$156,000.

On Sunday Mr. and Mrs. J. C. Wolverton and family pleasantly entertained the following guests: Mr. and Mrs. E. D. Duncan and family, Mr. and Mrs. G. E. Duckwall and family, Mrs. Terry and family, Mrs. Snow, Misses Mary Shipley and Sibyl Jordan and Mr. Fred Gillie.

JUNE WEATHER BREAKS ALL RECORDS FOR HEAT.

Chicago Victims Number 46; More Than 100 Prostrated; Thermometer Registered 102 in Shade.

Forty-six persons are known to have died in Chicago Monday, June 30, as a result of the intense heat. This number indicates only the cases reported by the coroner and the police, and it probably will be increased by reports of private physicians, says a Chicago dispatch.

Of these deaths, thirty-two were the direct result of heat strokes, five persons committed suicide directly traceable to heat, and two deaths were of children seeking relief.

Monday was the hottest June day recorded in Chicago since the establishment of the Government records, in 1872. The Government thermometer on street level showed a temperature of 102 degrees.

More than 100 cases of heat prostration were reported to the police. Reports indicate that more than 75 persons died in the Central West Monday as a result of heat.

The day was warm in Plainview, but not at all oppressive.

MAY ERECT NEW BUILDING.

For a consideration of \$1, the dedication of a ten-foot alley way and partnership in a future wall, the City Council voted to deed A. E. Harp, the donor of the lots upon which the City Hall stands, a partnership in the east wall of the City Hall. It is expected that a new brick building will be erected on the vacant lots adjoining the City Hall.

At any time the city wishes to extend the City Hall, by the pending contract Mr. Harp agrees to build a wall and allow them partnership in it.

W. A. SHOFNER, Manager

LOCAL AND PERSONAL

Mr. Dunn, of Waco, was here this week, prospecting.

L. Thacker, of Kress, was here, on business, Saturday.

B. A. Hubbard was in Dallas on business last week.

E. N. Egge made a trip to Littlefield on the Fourth.

Bob Luttrell was among the Fourth of July visitors in Plainview.

C. A. Hillon, of Abilene, arrived Saturday to visit his daughter, Mrs. J. E. Connor.

C. M. Houser, of Kress, attended the Fourth of July celebration in Plainview.

Lexa Wagon returned Saturday from Portales, N. M., where she has been visiting her father and mother.

J. T. Dowson, of Floydada, was here Saturday, en route to Stephenville. Mrs. Dawson and her son will go to Galveston for a few days' outing.

N. W. Jones, of Lockney, is a visitor in the home of Judge W. B. Lewis. He is generally known as "the man who can't laugh, but who smiles occasionally." He will lead the singing in the Christian revival.

J. A. Bell, who lives eleven miles southwest of Plainview, was in the city Saturday. He said the crops were in good shape in his community. Rains have been plentiful and a good season is in the ground.

B. E. Rushing has returned from Nebraska.

Dr. R. R. White, of Temple, returned home yesterday.

W. H. Ragland, of Abernathy, visited here on the Fourth.

Miss Lucy Richards, of Amarillo, is the guest of T. E. Richards and family.

F. J. Vannerson, of Tulia, was in the city yesterday, on his way to Floydada.

Miss Earl Shook, of Hillsboro, is visiting her sister, Mrs. Elmer Sanson.

Mrs. Ben Golding and children have returned from a visit to relatives at Burleson.

Mrs. E. W. McLean is attending the meeting of the National Educational Association.

Miss Rebecca Longmire is at Palacios, where she will attend the B. Y. P. U. Encampment.

Walter Posey, cashier of the First State Bank, Lubbock, was a visitor in Plainview Saturday.

Miss Louie Fletcher is visiting friends at Hillsboro. She will go from there to Atlanta, to visit home folks.

R. H. Keasler and wife, of Floydada, are visiting in North Carolina, Georgia, Tennessee and Arkansas. They will be gone a month and a half.

J. Y. Johnson and wife, of Tulia, were in Plainview Saturday.

Miss Abbie Hughes, of Roby, Texas, is visiting relatives in Plainview.

C. I. Williamson, wife and child visited friends here Friday and Saturday.

Ray Haggard, of Plano, Texas, came in today to visit his brother in Plainview.

L. P. Landrum was here from Hereford Monday, representing the Hereford Nursery.

Miss Ada Hatchell left Saturday for an extended visit with relatives at Quanah, Texas.

W. E. Gibbs, who is attending the Normal at Canyon, spent the week-end with home folks.

Mr. and Mrs. Henry Darden, of Abernathy, have been visiting J. S. Hamilton and family.

Mrs. C. L. Gass, of Ringgold, who has been visiting her cousin, Mrs. Ben Gardner, left Monday for Tulia for a visit.

Mr. and Mrs. J. W. Sanford, who have been the guests of their son, B. O. Sanford, returned to their home, in Covington, yesterday.

T. T. Shipworth reports that the recent rains did not reach the Kress community. The rains have been lighter there than here. Farmers in that community have finished planting their forage crops.

Carl Gilliland, attorney from Hereford, was in Plainview yesterday.

Miss Scott, of Waco, is visiting Miss Bess Wilson, on West Moreland St.

O. L. Ashlock, of Frisco, was in Plainview Monday, en route to Tahoka.

Rev. Jewell Howard, of Amarillo, filled his regular appointment at Floydada Sunday.

Thomas McGannon, of the Richler Store, is spending his vacation at Humbolt, Kansas.

Mrs. T. E. Webb, of Kress, and her sister, Mrs. Hampton, were visitors here Saturday and Sunday.

E. Dowden and Joe Hess, of the Texas Land and Development Company, went to Littlefield for the big round-up on the Fourth.

Conductor Thompson, on the Floydada branch of the Santa Fe, reports that crops are in good shape in the Floydada community. Rains have been plentiful. The farmers are busy.

Mrs. R. R. White came in the latter part of last week from near St. Louis, to join her husband, Dr. R. R. White, of Temple. The heat in the Middle West was too oppressive for Mrs. White. Dr. White has been in Plainview several days.

We please the most exacting in Painting and Paper Hanging. All work guaranteed. PLAINVIEW DECORATING CO., W. D. Jordan, Mgr Phone 459. --Adv. tf

Mr. and Mrs. John Jeffries and Frank Jeffries made a flying trip to Littlefield during the latter part of last week. They made 120 miles in four and one-half hours. E. N. Egge was driving. Miss Cora Silsby returned with them for a few days' visit.

\$10 REWARD.

Two 2-year-old mules disappeared from my place, 6 miles northeast of town, since Friday night, June 20. Branded X on left jaw; small wart on left shoulder of one mule. Notify SHERIFF OF HALE COUNTY or J. A. COX, Plainview, Texas. --Adv. tf

TEXAS INDUSTRIAL NOTES.

Jacksonville.—There was recently sold in this city, at auction, 103 cars of tomatoes in two days. The product brought around seventy-five cents per crate, or approximately \$80,000 for the 103 cars.

Dallas.—The Dallas Union Terminal Company is preparing to apply to the Railroad Commission for authority to issue \$2,000,000 in bonds for the purpose of constructing a union station here.

Snyder.—The Snyder Free Press, a weekly publication, has been purchased by F. F. Townsend, a well-known leader in Farmers' Union matters. Mr. Townsend says it is his purpose to make it an agricultural journal devoted to the farming interests of West Texas.

Taylor.—The new concrete and steel freight depot erected by the I. & G. N. Railroad, at a cost of \$30,000, is completed and ready for occupancy.

Sabinal.—The fifth annual session of the Texas Dry Farming Congress will be held at this place, commencing July 15 and lasting until July 17. Several prominent men will deliver addresses.

College Station.—Dr. G. S. Frapps, State Chemist at A. & M. College, has just completed a treatise on agricultural chemistry. The book deals with soils, fertilization and other problems of vital interest to the farmer.

Cleburne.—Practically all the survey work on the Dallas, Cleburne & Glen Rose interurban line has been completed, and the committee in charge of the work has returned to Dallas.

Sherman.—Over 200 cars of the 1913 wheat crop have been shipped from stations between this city and Carrollton this year. The harvest is now well under way and a large yield is expected.

Mineral Wells.—Final arrangements have been made for the entertainment of the Texas Commercial Secretaries Association, which will meet here in annual session July 15th to 19th, inclusive. Every secretary and editor in Texas has been invited to the meeting.

Fort Worth.—With the location of the Burtonconcrete Silo Company in this city, the total silo factories here number six. The silo business is reaching remarkable proportions in Texas, and Fort Worth will soon be the leading silo center of America.

Waco.—The Young Men's Business League will raise \$6,000 for the purpose of holding a farmers' jubilee here the early part of August. Amusements will be furnished, as well as suitable prizes for farm displays.

Matador.—Grading has commenced on the Matador & Northern Railroad, and the work is expected to be finished by the first of September. It is believed that Motley County will lead the State in railroad construction this year.

Richardson.—Voters of this school district have decided in favor of bonds to the amount of \$16,000 for the erection of a new school building.

Barry.—Good roads bonds to the amount of \$75,000 will be issued in this precinct of Navarro County, as a result of the election June 28th. The result was 178 to 85.

Corpus Christi.—The first barge loaded with freight made its way through the newly-constructed inter-coastal canal a few days ago. The boat had a draft of four feet, and the trip was made in five days from Houston, without a mishap.

Waco.—The last span of the steel bridge that is being built across the Brazos River here for the accommodation of the Waco-Dallas interurban is being erected. It is thought the bridge will be completed in about three weeks.

Hillsboro.—Building improvements to the extent of about \$300,000 are under way in this city. This includes the Methodist Church, Masonic Temple, five store buildings and flats, a rooming house, interurban station and offices, remodeling of the Bond Drug Store and the Farmers' National Bank and many other similar building changes.

Temple.—The old frame school house is being abandoned in Bell County; new and modern brick structures are taking their place. The voters of Willow Grove school district have voted a school maintenance tax of 25 cents and bonds to the sum of \$8,000 for that purpose. Other enterprising neighborhoods are rapidly falling in line.

College Station.—A campaign to en-

courage the organization of local Dairymen's Associations in towns and cities has begun by the State Association. The dairymen submitting the largest number of members will be given valuable prizes at the association meeting July 28 at A and M. College. Every member of the local association must become a member of the State organization.

San Angelo.—The sale of more than 200,000 pounds of long wool was reported here last week. March Bros., local commission men, sold the fleece to Eastern buyers at prices reported as ranging from 18 to 20 cents per pound. More than 2,000,000 pounds of twelve-month clip remains here unsold.

CREW'S BRAVERY SAVES WARSHIP LOUISIANA.

Quickness Prevents Dangerous Mishap When Valve Bonnet Blows Off.

Newport, R. I., July 2.—Bravery of the engine room crew of the battleship Louisiana helped the vessel out of a dangerous predicament today when a valve bonnet blew off, flooding the starboard engine room. Incidentally, the accident gave Capt Templin M. Potts, who yesterday was dismissed by the naval "plucking board" and retires tomorrow, a memorable experience at the closing of his service.

The rush of water through the passage opened by the displacement of the bonnet carried men off their feet and forced them against the machinery, but they stuck to their work.

Captain Potts sounded the call for collision drill, bringing men to quarters and automatically closing the bulkhead doors. A collision mat was put overboard, mattresses and blankets were brought into use and waste was jammed into the hole, but to no avail. Finally the pump began gaining on the water and the battling engine room force was able to cram into the hole a waste can. This was jacked securely and the flow of the threatening water was stopped.

When the accident occurred the battleship was without steam, only one boiler being in use for minor purposes while the engines were being overhauled. As a result tugs had to be called upon to tow the Louisiana to a position well in shore. So close was the battleship to the beach it was reported that the battleship had been run upon the sand.

Through the efforts of a driver, a new bonnet was placed on the auxiliary overboard discharge valve, through which the water had rushed. The engines were started and the battleship steamed back to her station without help.

RESOLUTIONS OF RESPECT.

WHEREAS, The Angel of Death has invaded the home of our esteemed brother L. C. Penry and stilled the heart-beats of his precious daughter Lucile; and,

WHEREAS, Brother Penry, his good wife and their children are bowed down in grief over the loss of one so sweet and dear to them all; and,

WHEREAS, We, as loyal Elks, are not only bound by ties of brotherly love to one another, but to all the members of one another's families; be it

RESOLVED, That in their sorrowful experience we assure Brother and Sister Penry and all others of the family of our deep sympathy for them in the passing of their daughter Mrs. Thornton Jones, Jr., on Saturday, June 28th.

She was a household queen in the truest sense of the term, being a true and loyal helpmeet to her husband and a kind and loving mother to her two little children.

May the Grand Exalted Ruler of the Universe, whose dispensations must be met by all, although we cannot at times understand them, be nearer and dearer than ever to our friends and help them bear up under the grief which has come to their hearts and home.

J. O. WYCKOFF,
J. W. PIPKIN,
W. J. KLINGER,
Committee from the Benevolent and Protective Order of Elks.

PLAINVIEW DRUGGIST DESERVES PRAISE.

J. W. Willis, druggist, deserves praise from Plainview people for introducing here the simple buckthorn bark and glycerine mixture, known as Adler-I-ka. This simple German remedy first became famous by curing appendicitis, and it has now been discovered that A SINGLE DOSE relieves constipation INSTANTLY relieves sour stomach, gas on the stomach and constipation INSTANTLY. —Adv. 33

Why Have "Nerves"?

This is the reason why women have "nerves." When thoughts begin to grow cloudy and uncertain, impulses lag and the warnings of pain and distress are sent like flying messages throughout limbs and frame, straightway, nine times in ten, a woman will lay the cause of the trouble to some defect at the point where she first felt it. Is it a headache, a backache, a sensation of irritability or twitching and uncontrollable nervousness, something must be wrong with the head or back, a woman naturally says, but all the time the real trouble very often centers in the womanly organs. In nine cases out of ten the seat of the difficulty is here, and a woman should take rational treatment for its cure. The local disorder and inflammation of the delicate special organs of the sex should be treated steadily and systematically.

Dr. Pierce, during a long period of practice, found that a prescription made from medicinal extracts of native roots, without the use of alcohol, relieved over 90 per cent. of such cases. After using this remedy for many years in his private practice he put it up in form of Dr. Pierce's Favorite Prescription, that would make it easily procurable, and it can be had at any store where medicines are handled.

Mrs. LILA B. HAWKINS, of Zeus, Va., writes: "I had been falling in health for two years—most of the time was not able to attend to my household duties. Female weakness was my trouble and I was getting very bad but, thanks to Doctor Pierce's medicines, I am well and strong again. I took only three bottles of 'Favorite Prescription,' and used the 'Lotion Tablets.' I have nothing but praise for Doctor Pierce's wonderful medicines."

TAKE DR. PIERCE'S PLEASANT PELLETS FOR LIVER ILLS.

THE PANHANDLE STATE FAIR

AFTER Years of planning, a tangible business proposition has been shaped which practically assures the holding annually of a great Fair for all the Panhandle and Northwest Texas.

A Fair Association will be organized soon, chartered under the laws of Texas for a period of fifty years, capitalized for \$50,000. This fair will be chartered along the lines of Dallas, Texas State Fair.

An Annual Interest of 8 Per Cent

on the capital stock has been provided by which the stockholders will receive interest on their stock. This is the citizen's opportunity and the Panhandle's opportunity to develop this country. A representative of the Fair Association will call on you within the next few weeks to ask you to take stock in the fair association based on business principles. For advanced information, write

H. A. NOBLES, Amarillo, Texas

SENSATIONAL WASHINGTON EXPOSE SEEMS LIKELY.

Mulhall's Confession Promises to Implicate Men High in Government Service.

Congress took its first step Monday in what promises to be an expose of one of the greatest political machines in the history of the Nation. When Chairman Overman of the lobby investigating committee called an executive meeting of his committee to consider the confession of Martin M. Mulhall, agent for the National Association of Manufacturers, Senator Overman announced that a subpoena for every witness directly connected with Mr. Mulhall's narrative would be issued, according to Associated Press dispatches.

Mulhall's confession promises to implicate a remarkable number of men high in Government service. President Wilson has let it be known that he is squarely behind a thorough investigation.

TEACHERS' PAY TOO LOW.

N. E. A. Makes Protest Against Wage Scale.

"Salaries paid school teachers are by far the lowest paid to any class or profession. Teachers must be paid more or the public must be content to see the quality of the teaching force undergo progressive deterioration."

That was the contention of Carroll G. Pearce, superintendent of Milwaukee schools, Saturday at the opening session of the fifty-first annual convention of the National Educational Association, says a Salt Lake dispatch.

At the afternoon session President James H. Baker, of the University of Colorado, presented a report on the "Economy of Time in Education," in which he said school and college courses should be shortened so that the student might be graduated from college by the time he was 20.

For the best Nigger Head Coal see the ALFALFA LUMBER CO. etc.

USES FOR OLD NEWSPAPERS.

The Housewife Can Make Discarded Sheets Serve Many Purposes.

Old newspapers may not seem like a promising subject on which to base helpful suggestions, but, nevertheless, the papers will prove time and labor savers in so many ways that only a few from the list may be mentioned. A few of them caught together to form a "sheet," and placed just under the upper covering of a bed, will furnish as much warmth as a quilt, and be much lighter. A folded paper slipped between the coat and overcoat, or between coat and vest, across the shoulders and chest, will prove comfortable when driving in cold weather. A couple of thicknesses wrapped around the front of the foot before putting on overshoes will prevent frosted toes in even the severest weather. A piece crumpled up and put in the heel of the rubber or overshoe, under the side of the shoe heel that is worn off or run over; will keep the rubber from crushing at every step and breaking through at the heel before worn at other places.

Spread on the table when working with vegetables, when arranging flowers or even when dressing poultry, they save a lot of cleaning up after the job is done. Spread on the floor when sewing or ripping, they catch the threads, that are so hard to sweep from the carpet; and one slipped under the treadle of the freshly-oiled sewing machine, may save the trouble of cleaning a bad grease spot from the carpet.

One or two spread on the floor near the baking table will catch the bits of flour that often call for a mop when cleaning up after a big job of baking. The papers that are stitched, like magazines, are fine for use on table, or near sink, where kettles and hot dishes are to be placed. When one or two leaves are soiled they can be torn off and clean ones are left ready for next use.

Every housewife knows that printer's ink is hated by moths, and so makes use of newspapers when packing away woolen clothes and furs and for putting under carpets. Whatever use the papers are put to or however soiled they may be, they are quickly burned and every vestige of litter done away with.—Rural New Yorker.

NEW ALPINE TUNNEL.

The length of the Lotschberg tunnel, soon to be opened to international traffic, is about nine and one-quarter miles, and thus it ranks third among

Alpine tunnels, being surpassed only by the St. Gothard, which is 430 yards longer, and by the Simplon, which measures rather more than twelve and one-quarter miles from portal to portal.

It passes under the Lotschberg or Lotschen Pass in the Bernese Alps, between Kandersteg in the Bernese Oberland and Goppenstein in Valais, and it may be regarded as the natural complement and continuation of the Simplon tunnel. Work was started in October, 1906, and progress was rapid until July 24, 1908, when operations were stopped by an unfortunate accident. It was supposed on geological grounds that the detritus forming the floor of the Gastern Valley ended well above the line of the tunnel, which in consequence would be bored in solid rock. This expectation, however, proved wrong, and at a point nearly one and three-quarters miles from the north portal a dynamite charge opened a cleft containing sand, gravel and water, with the result that 250,000 cubic feet of debris burst into the heading, filling it for nearly a mile, and causing the death of twenty-five Italian workmen.

Operations had to be suspended for several months while the question was considered whether an effort should be made to clear the existing heading or whether a new course should be selected for the tunnel. Finally the latter alternative was adopted, and a new heading was started about three-quarters of a mile from the mouth. In this way not only was the length of the tunnel increased by half a mile, but a wide curve was introduced into its course.

The traffic is to be worked by electric traction, single phase current at 15,000 volts and fifteen cycles being employed. The new line provides a substantially straight route through Switzerland to Italy, from the Franco-Swiss frontier station of Delle to the Italo-Swiss frontier station of Isella.—Indianapolis News.

SOME SHORTER SLEEVES.

It must not be inferred because all the talk and discussion is of full-length sleeves that they only are to be countenanced. They are the novelty of the season, and from that point of view, perhaps, most fashionable; but much that is interesting is being done with shorter sleeves. The more abbreviated lengths are more capable of diversity in treatment, and the dressmakers are not slow to take advantage of the fact to give their imagination free play. In many gowns the sleeves are depended upon to give

the one note of unusualness, or even of eccentricity. There are certain frocks in which long sleeves would appear positively inconsistent. A shirred yoke of chiffon.

The tunic skirt is short in front, but runs down into a point considerably longer in the back, falling in graceful folds from the girdle of pink satin. A pink rose lends a delicate finishing touch to the corsage at one side of the front.—Kansas City Star.

UNIQUE TRADES DAY AT ORANGE.

The Orange Commercial Club has arranged for a trades day that has many unique features in its program, says Texas Commercial Secretaries. The plans have been laid on an elaborate scale, and a large attendance is expected from that and adjoining counties. The Commercial Club will furnish an auctioneer free who will sell at auction any live stock or produce the farmers may offer for sale. The Boys' Corn Club will be given an

automobile ride over fifty miles of newly constructed public highways and athletic sports will entertain the youngsters during the afternoon.

Remember that everything in the stock of the PLAINVIEW MERCANTILE COMPANY goes in their big sale which began on Saturday of last week. Nothing is withheld, and many articles are priced below wholesale cost. —Adv.

Any 50c article in the store for 35c Many 25c articles for 15c	Ladies' Ready-to-Wear Our ladies' ready-to-wear lines are being slaughtered. Many pieces at Half Price	Men's Ties-- Big stock of up-to-date 50c ties at 35c; Wash ties worth 15c and 20c at 10c
We are trying harder than we ever did in our lives to prove to the people that when we do put on a sale it means a great saving to them. Come and let us show you what it means to buy good merchandise at cost or less than cost.		Everything in our stock is included in this sale. Think about it--\$45,000.00 worth to select from. Not Bankrupt, Mill End, or Old Shop Worn Stuff but Good Dependable Merchandise.

Remember Everything in the Store is Reduced--Nothing Reserved
