NUMBER THIRTY-SIX

## PANHANDLE FAIR BOOSTERS BOOST

Special Train Carried 68 Live Amateurs Over South Plains Yesterday.

### "CO-OPERATION IS KEYNOTE"

Judge Hall Says Plainview and Shallow Water Belt Will Receive Lion's Share of Benefits.

The Amarillo "Panhandle Fair Boosters" took Plainview yesterday. A special train carried them through our town at 11 o'clock. During the afternoon they visited Lubbock, and returned to the Shallow Water capital at 5:30 o'clock p. m. The party was 68 strong, and was accompanied by the Glenwood Park Band and the Panhandle Quartette.

Automobiles met them at the depot and a drive was taken around the demonstration farm of the Texas Land and Development Company. The visitors were given a convincing proof of our water supply when two or three of the big wells were turned loose. It was suggested that in previous years water didn't appeal to Amarillo. It's a dry town now, and they use water occasionally.

The visitors were given supper at the Ware Hotel.

### Band Makes a Hit.

The crowd which had assembled on the square went wild when the Glenwood Park Band struck up Dixie. The band led the way to the district court room. B. O. Brown, editor of the Twice-a-Week Herald, called the meeting to order, after the quartette had sung, and Judge H. C. Randolph welcomed the visitors for Plainview. Judge J. W. Veale responded for Amarillo.

Other speakers were Judge J. N. Browning and Professor Phillips, of Amarillo; Mayor Dorsett, Otis Trulove, L. G. Wilson, of Plainview, and Judge R. W. Hall, of Vernon.

"Co-operation is the keynote of progress," Judge Browning said. "No community has ever builded to greatness without the co-operation of its citizens, and communities must work together or they hurt each other." He pointed out that when our exhibits went to Dallas many people down there vowed that no such products grew on the Plains. Apparently intelligent people in Fort Worth and other towns said last year that the exhibits on which Hale County won 36 first and 16 second prizes at the State Fair last October (more than any other ten counties combined won) were shipped in from California and Oregon.

"Put these exhibits together in a fair up here and the folks must see them where they are grown. If you want a fair at Plainview," Judge Browning continued, "we will come and help you. We are going to have a fair at Amarillo, and we ask you to come in. It will be of inestimable benefit to Hale County."

The All-Panhandle Fair at Amarillo has been chartered. It will open in October, 1913.

### Water More Valuable Than Oil.

Plainview's speakers assured our visitors that we would stand with Amarillo for the upbuilding of Northwest Texas. Otis Trulove perhaps spoke general sentiment when he said "Even though we do not consider that Hale County is in the Panhandle, the people of the East and in South Texas speak of all the northwest of Texas as the 'Panhandle.' So that 'All-Panhandle Fair' is perhaps the best name."

"The fair is a good thing. We would like to have it in Plainview. But you take it, and if you make a success, then we may put on a South Plains Fair in Plainview. You will find our exhibits (we are counting on making it the best display you have) in their place when your fair opens."

Judge R. W. Hall, of Vernon, said: "Your wells are wonderful. Your inexhaustible supply of water is the key to your greatness. Water is the greatest thing in the world. The oil wells of Sour Lake or Beaumont or Electra can't compare with the wealth Hale County has in water. Go into this fair; show the people what you have; and Plainview and the Shallow Water Belt will get the lion's share of the benefit."

The Panhandle Quartette made a hit. Their original song on Plainview and their composition "Come to the Fair" were encored repeatedly. At 10:30 the meeting broke up, the band played Dixie again, and our visitors left for home, at 11 o'clock.

## GOING AFTER FIREMEN'S CUP FOR THIRD TIME.

Nine Men Will Attend Panhandle Association Meet in Sweetwater August 19-21.

The local fire boys are going after the Panhandle Volunteer Firemen's cup for the third time next month. Plainview's team won the cup two years ago at Dalhart. Last year they repeated this winning at Vernon. The local team took every first at last year's meet.

Nine men will go from Plainview to the Association meeting at Sweetwater, August 19-21. It will be a new team entirely, except for Linton Dunaway and Carl Wells. Chief Franklin says that he is going to run this time.

## MISSOURI VISITOR PLEASED WITH HIS SOUTH PLAINS LAND.

L. G. Clark Impressed with Irrigation Development; Will Drill Wells Later.

L. G. Clark, of Carrollton, Missouri, was in Plainview last week, looking over his property in Hale County. Several years ago Mr. Clark bought four sections of land 8 miles east of town. It cost him \$7.50 an acre.

Mr. Clark says that this land is as good as he has ever seen anywhere. It is worth nearly four times what he paid for it, and he thinks it can be made worth four or five times as much as it is now by digging some wells for irrigation. Mr. Clark says that he will perhaps drill two big wells next spring.

## "AS YOU LIKE IT" CLUB KEEPS LIBRARY DURING JULY.

The Plainview Public Library is in charge of the ladies of the "As You Like It" Club during the month of July. At the times during which the library is open, the following ladies will be in charge:

Monday, June 30, from 3 to 7 p. m.—Mesdames J. M. Adams and R. W. Brahan.

Friday, July 4—Mesdames J. J. Bromley and F. N. Catto.

Monday, July 7—Mesdames Jas. R. Delay and J. F. Garrison.

Friday, July 11—Mesdames W. L. Harrington and R. C. Joiner.

Monday, July 14—Mesdames Jackson and Mason.

Friday, July 18—Mesdames E. F. McClendon and H. C. McIntyre.

Monday, July 21—Mesdames E. F. Newton and P. Randolph.

Friday, July 25—Miss Rountree and Mrs. Clint Shepard.

Monday, July 28—Mesdames G. F. J. Stephens and Otis Trulove.

## NOT SO HOT.

Plainview has lived through only one day this summer when the thermometer went to 100, according to the local weather bureau. That day was not quite 101. The thermometer has registered 99 degrees twice. All of the balance of the time it has been well down toward 90 degrees. Several days have lifted the mercury to 94.

In comparison with Central and South Texas, Missouri, Kansas and Illinois, this is mild. In Kansas the thermometer went to 112 last week. In Missouri it has gone well over 100 degrees, and Central Texas has seen the mercury mount to 104 degrees. The humidity is greater in those sections and the heat more oppressive. Aren't you really glad that you are on the South Plains?

## CAME HOME FOR BATH.

Drs. J. C. Anderson, E. O. Nichols and W. H. Flamm returned yesterday from a meeting of the Panhandle Medical Association, at Amarillo. Our visitors pronounce it a very satisfactory meeting, but they were all glad to get back home, where there is an abundance of pure water. "We couldn't get a bath in Amarillo," one of them suggested.

## TOURING IN OVERLAND.

Mrs. P. R. McClelland and her son, Bill; Miss Shepard, of Cleveland, Ohio; Miss Lehigh and B. E. DeMaris left Wednesday for a trip to New Mexico in Mrs. McClelland's new 71 Overland.

## INSPECTING GARWOOD.

Dr. J. M. Woodson & Sons, of Temple, Texas, spent yesterday in Plainview, looking over Dr. Woodson's irrigated farm. Dr. Woodson is interested with J. F. Garrison in Garwood.

## MRS. B. T. JOHNSON IS PRESIDENT

Canyon City Woman Chosen Head of Baptist Women's Association for Northwest Texas.

## MRS. J. M. MALONE, SECRETARY

Representatives Present from Hereford, Stratford, Canyon, Amarillo, Lockney, Floydada and Abernathy.

Representatives from Hereford, Stratford, Canyon, Amarillo, Floydada, Lockney and Abernathy were present at the annual meeting of the Baptist women of the Northwest Texas District, which was held yesterday under the big tabernacle at Calvary Baptist Church.

After devotional services and preliminaries, Mrs. B. T. Johnson, of Canyon, spoke on "Our District Work—How Maintained; Our Purpose." This was followed by Mrs. J. E. Nunn, of Amarillo, who read a splendid paper on "How to Interest Our Women in Organized Work." Others who spoke in this subject were Mrs. C. W. Tandy, President of the Ladies' Aid of Calvary Baptist Church, Plainview, Texas; Mrs. J. M. Malone, Plainview, and Mrs. R. H. Baker, Floydada.

Miss Kathrine Duckworth, of Wayland Baptist College, gave a reading. Mrs. Arthur Lile, of Stratford, chairman of the "Personal Service" Committee, read a paper on "Personal Service."

Mrs. E. R. Williams, of Plainview, who had charge of the music, had arranged for a violin solo by Mrs. Grady Pipkin and a vocal solo by Miss Nell Webb.

Baylor College and Cottage Home, at Belton, were represented by Miss Julia Collier, of Lockney, and Mrs. E. R. Williams, of Plainview.

Mrs. T. D. Lipscomb spoke in the interest of Wayland College.

Mrs. B. T. Johnson, of Canyon, was re-elected President, and Mrs. J. M. Malone, of Plainview, was elected Secretary.

Meeting place for next year will be selected by the committee and reported at another time.

## GOING TO DENVER BY MOTORCYCLE.

H. A. Linke, J. B. Boyd, Charles Mayr, Jim Sedberry and Carl Lempe were in Plainview Wednesday, en route to Denver, Colorado, on motorcycles. The motorcycle army wore khaki suits and were fitted for their long trip, so far as material equipment is concerned. They left Waco, Texas, Monday noon and reached Plainview at noon of the second day following. Indian, Excelsior and Dayton motorcycles were being ridden.

## CARD OF THANKS.

We wish to express our appreciation to all who so lovingly administered to us during the illness and death of our loved one, Capt. J. L. Vaughn. To each neighbor and friend we extend our heart-felt thanks and appreciation. We appreciate the beautiful floral offerings, the many words and deeds of expressed sympathy. The sorrow is easier to bear because of your loving kindness.

MRS. MAY B. VAUGHN  
AND FAMILY.

## J. N. DONOHOO AND WIFE FROM YELLOWSTONE TOMORROW.

J. N. Donohoo and wife, who went with the Southern Methodist University party to Yellowstone Park, have wired that they will return to Plainview tomorrow. Rev. S. A. Barnes and Mrs. Barnes are expected at the same time. Brother Barnes writes that everything froze up in the Park Sunday night.

## THREE CARS THROUGH TO WATER CARNIVAL.

T. E. Fowler and family, A. W. Stockton and family and T. W. Talbot and family, all of Bartlett, Texas, passed through today, en route to the water carnival at Hereford. They were driving Stearns, Chalmers and Kissel cars.

## ANOTHER WELL GOING DOWN AT PIONEER PARK.

Layne & Bowler Company began operations today on a new well for the Texas Land and Development Company. The well will be used to irrigate alfalfa at Pioneer Park.

## EQUALIZERS RAISE 182 RENDITIONS

Plainview's Real Property Rendered for 1913 at \$1,711,207; Personal, \$692,089.

## BULL DOG RENDERED AT \$200

Board of Equalization Will Meet July 28 to Hear Why Increases Should Not Stand.

The Board of Equalization has increased 182 renditions by tax payers in Plainview. These increases vary from a few dollars to two or three thousand dollars, in one or two instances. They are now working on Plainview Independent School District. A meeting has been set for July 28 to hear complaints from individuals whose renditions have been increased. All persons whose taxable valuation has been raised will receive notice to that effect, so that they may appear before the Board.

Assessment on real property for 1913 is \$1,711,207, as compared with \$1,593,795 in 1912; personal property is assessed at \$692,089, against \$647,038 one year ago. The total taxable value was \$2,403,296, or an increase of \$152,463 for 1913 over 1912.

Harp and Wilkins are the heaviest individual tax payers. Their assessment for 1913 is \$76,065, as compared with \$68,050 last year. J. N. Donohoo and R. C. Ware pay taxes on \$74,000 this year, an increase of \$5,000 over 1912.

The First National Bank pays taxes this year on \$97,000, the Third National on \$75,000 and the Citizens' National on \$60,500. The Santa Fe Railroad pays taxes on \$75,000. Donohoo-Ware Hardware Company comes first among the business institutions of the town. Their assessment is \$30,000.

The tax rate is 65 cents. Mrs. Muncey's \$200 for his bull dog "Black Demon" is the only rendition of canine. "Black Demon" is two years old and is of the finest pedigree.

## TO BEGIN ACTIVE CAMPAIGN FOR SETH WARD ENDOWMENT.

Commissioner of Southern Methodist University May Take Field in Behalf of Local School.

Seth Ward must raise an endowment of \$50,000 before the college is accepted finally by the General Board of Education for the Methodist Church in Texas. About \$15,000 of this amount has been pledged. At a meeting of the Trustees yesterday it was determined to begin an active campaign at once.

President Pearce is in receipt of a letter from Frank Reedy, Bursar of Southern Methodist University, suggesting that Rev. J. T. McClure, one of the Commissioners who has helped raise \$500,000 for the University during the past year, may be available for Seth Ward for sixty days. The Board of Trustees will meet again next week and take definite action as to placing a man in the field.

The outlook for Seth Ward, according to President Pearce, grows brighter every day.

## TWENTY-FOUR UNITE WITH CHURCH OF CHRIST.

"There were twenty-four additions to the church and a general awakening of the church which is of inestimable value during the ten-day meeting at the Church of Christ which closed Tuesday night," R. M. Peace, an Elder in the Church, said yesterday.

"Evangelist A. J. McCarty, of Killen, Texas, did the preaching. He has been conducting meetings on the Plains for the past sixteen years. The Church of Christ called him here to hold this meeting, which is by far the best in the history of the church. The hearing all the way through was fine. "Brother McCarty will return next year for another meeting."

"The church has bought a fine piece of property, and with a live body of Christians the cause is now on the high road to success."

## TALLEY SUFFERS DISLOCATED ARM IN FALL FROM TRANSFER.

A. J. Talley suffered dislocation of his right arm at the elbow joint when the team to his transfer wagon became frightened about 6:30 yesterday evening. He is resting reasonably well to-day, Dr. E. F. McClendon says. The team did no other damage than to throw Mr. Talley from his wagon.

## ACTION ON MEXICAN SITUATION DELAYED.

Bryan Cancels Lecture Engagements for Conference with Ambassador Wilson.

The Administration will make no move regarding the Mexican situation and no announcement of its policy toward the Huerta government until after President Wilson and Secretary Bryan have a conference with Ambassador Wilson, now en route from Mexico, according to Associated Press reports from Washington. Upon his report concerning conditions and the advice of the Ambassador will depend whether he returns to Mexico. No answer will be given to any European power until the administration has an opportunity to learn the true conditions in the Southern Republic.

Officials admit the embarrassment and difficulty of obtaining trustworthy information about changeable Mexican politics, but believe recent demonstrations in Mexico City against Americans were fomented by a small group of Mexicans trying to force recognition of the Huerta government. It has been suggested that some European diplomats in Mexico were misled to believe the chaotic conditions were the result of failure of the United States to recognize the Huerta regime.

Secretary Bryan will meet Ambassador Wilson immediately upon his arrival, cancelling lecture engagements, if necessary. The President hopes, after a talk with the Ambassador, to formulate a definite policy, but constant changes may produce new complications.

It is possible the United States may await the return of stable conditions, as the State Department reports indicate that the Carranza rebellion is growing rapidly, and Constitutionalists control a large portion of Mexico.

## MRS. MUNCEY GOES FREE ON \$10,000 BOND.

Ball of Horace Peters Is Placed at \$2,500; Young Muncey's Case Appealed.

Mrs. Birdie Muncey was allowed bail in the sum of \$10,000; Horace Peters' bond was placed at \$2,500. Both cases were tried at Floydada, consuming all week up to yesterday. Both Mrs. Muncey and Peters made bond this morning.

The case of young Muncey, who was remanded to jail because of refusal to testify last Monday, has been appealed to the higher court.

The trial of Mrs. Muncey and Peters will be called at Plainview, August 27.

The defense called none of their witnesses; they did place two or three of the State's witnesses on the stand.

## STORK SLIGHTLY PARTIAL TO BOYS.

"It's lucky that nobody wanted to be buried to-day," said E. R. Williams this morning. Flake is at home to-day. He is "papa" twice now. Mr. Williams says that Flake is becoming patriarchal.

A baby girl was born to Mr. and Mrs. Flake Garner this morning.

A 12½-pound boy was born to Mr. and Mrs. L. W. Stoneker this morning.

Baby boys were born to Mr. and Mrs. P. D. Box July 14 and to Mr. and Mrs. J. C. Arnett July 13.

A girl was born to Mr. and Mrs. J. C. Finley Friday night.

For the week the stork has favored boys three to two.

## SECOND CUTTING OF ALFALFA BRINGS \$14.75 AN ACRE.

Walter Day has recently cut and disposed of the second crop of alfalfa on his farm 9 miles south of Plainview. From seven and one-half acres of this land Mr. Day sold \$110.88 worth of alfalfa hay. He says that he does not have an accurate record of the entire 75 acres. Mr. Day irrigates from a big well.

## WILL MOTOR FROM SWEETWATER.

Dr. A. C. Scott, of Temple, Texas, passed through Plainview yesterday, en route to Sweetwater, Texas. At the latter place he met his wife and daughters, and will return to-morrow in two automobiles.

## BAND TO TULIA.

The Plainview Band spent yesterday in Tulia, furnishing music for the big picnic at that place.

## BUSINESS MEN GET TOGETHER

W. J. Kilinger Is Named President of Association Formed by Local Institutions.

## TO STUDY TRADE PROBLEMS

R. A. Long, H. J. Dillingham, J. W. Willis and B. O. Brown to Outline Policies.

A meeting of the business men of Plainview was called at the Court House this afternoon for the purpose of "getting together," as was suggested by W. J. Kilinger, in the matter of working out problems of the local business men.

The questions of making first Monday a real trades day, of indiscriminate advertising, of calls for charity, and other matters of local interest and general welfare, were considered. The members called attention to the fact that they are not trying to usurp activities which rightly belong to the Chamber of Commerce, but, as J. F. Duncan said, "to co-operate more fully with the Chamber of Commerce—a circle within a circle." While these men are glad that Plainview is doing things, they think that other things may be done which will benefit the town, and help business.

D. H. Collier, H. J. Dillingham, G. W. Graves, H. L. A. Frank, J. W. Willis and others made short talks about the value of organization and "keeping everlasting at it."

W. J. Kilinger was elected president, B. O. Brown, secretary, and J. W. Willis, treasurer. D. H. Collier and B. O. Brown were appointed to take up with the other merchants the question of "lining up" with the Young Men's Business League. R. A. Long, J. W. Willis, H. J. Dillingham and B. O. Brown were appointed to draw up a constitution and present to the meeting of the Association next Friday.

The Young Men's Business League voted to meet the first and third Friday in each month. However, a special meeting was voted for next Friday at 2:30 o'clock, and every business man in Plainview is invited to "get into the harness" for the good of Plainview.

The meeting Friday will consider the questions "What inducements can we offer to get more people to come to Plainview to trade?" and "What benefits are we to derive from the Young Men's Business League?"

The following firms were represented: Richards Bros. & Collier, Duncan's Pharmacy, Plainview Hardware Co., R. A. Long Drug Co., G. W. Graves, Saddlery, The City Bakery, Rucker Produce Co., S. L. Seay Grocer Co., Watson's Second-Hand Store, New Necessity Store, Warren & Scudder, Blasingame & Kilinger, J. W. Willis Drug Co., Hale County Herald.

ONLY SCRATCHES RESULT WHEN AUTO TURNS OVER.

Mrs. Hancock, of Silverton, ran off of a bank and turned her automobile over at Tulia yesterday. Dr. Crawford and family were in the machine. Mrs. Hancock was scratched up and bruised; the others of the party suffered minor bruises. No damage was done to the automobile, except that the top was torn considerably.

## SCHOOL BOARD ORDERES BUILDINGS OVERHAULED.

At a meeting of the Plainview School Board this afternoon J. M. Lockhart and J. M. Cook were appointed janitors. A purchasing committee, consisting of H. E. Skaggs, H. W. Knupp and Geo. Boswell, was appointed. The School Board ordered all buildings put in condition for the beginning of school.

## TWO HURT IN RUNAWAY AT TULIA YESTERDAY.

Bell Harp, the three-year-old child of Jodie Harp, living near Tulia, was run over and hurt when the horse hitched to a delivery wagon in Tulia ran away yesterday. Ike Shipman was thrown from the wagon and had his left arm broken.

## JOHN E. BROWN AND CLINT SHEPARD RETURNED SUNDAY FROM A TRIP THROUGH NEW MEXICO IN MR. SHEPARD'S HUDSON.

John E. Brown and Clint Shepard returned Sunday from a trip through New Mexico in Mr. Shepard's Hudson.

## SILOS MOST POPULAR CORRESPONDENCE COURSES.

More Than 500 Farmers Are Studying Better Farming Methods by A. & M. Mail Service.

College Station, Texas, July 16.—More than 500 persons in Texas who are interested in farming and gardening are studying agriculture and related topics by mail through the correspondence courses offered by the Texas A. & M. College. Unable to attend college these persons have enrolled as students in the correspondence courses and are receiving instruction along practically every phase of agricultural inquiry.

While correspondence work has been offered at the A. & M. College for several terms, enrollment had always been short until the last scholastic term. The work is intended for boys and girls who are not able to go

Branch Office, 225 F St., Washington, D. C.

to school; the farmer and his wife; men who are interested in some particular phase of agriculture; county demonstration agents and boys and girls club workers; teachers of agriculture and related sciences in the public schools, etc.

The work is carried on by the extension department, with O. H. Sellars in charge. The work of each course is directed by the college staff of experts of that particular department. For instance, dairying is taught by the head of the school of dairy husbandry.

In point of popularity, the courses on silos and ensilage lead, with more than 250 courses subscribed for. Soil study comes next, fertilizers next, and an elementary course in agriculture is next in line. Other courses offered are: Grain crops, hay and forage crops, dairying, farm management, plant propagation, vegetable growing, small fruits and orchards, citrus fruits, beef cattle, dual purpose cattle, sheep, hogs, horses and mules, feeding farm animals, breeding farm animals, poultry culture, elementary entomology, economic entomology.

The work is thorough, and after a student completes the courses and passes the required examinations he is given a certificate of merit. The cost is reasonable, barely sufficient to cover the incidental expenses. The smallest fee is that for the course on dual purpose cattle, fifty cents, while feeds and feeding course comes highest, at \$3.50. A booklet describing this work in detail has just been issued, and may be obtained by writing O. H. Sellars, at College Station, Texas.

To the Artists of Plainview: When in need or China for painting, don't forget that our stock is complete, both in Haviland and Bavarian Donatello shapes. **DONOHOO-WARE HARDWARE CO.** —Adv. 1f.

## WHAT A GIRL SHOULD LEARN.

Ability to Perform Home Duties Fits a Woman for Marriage.

A girl who cannot cook the food she eats, who cannot make even her simplest garments, who cannot wash and iron them, and who does not know anything about what to do in a sick-room, should not consider herself marriageable. She is cheating the man she marries and laying up heartaches for herself, says the Progressive Farmer.

God intended women to be homemakers, and we are robbing the girls when we do not provide suitable training for their life work.

Give the girl a literary education, and add accomplishments if you like, but should these be allowed to crowd out the really necessary training for her life work?

Domestic science can be made as interesting and attractive to girls as the practical studies and shop work are to boys, in their schools. Why is not the science of breadmaking as interesting to a girl as memorizing the distance of the heavenly bodies from the sun? Would not the members of her family enjoy eating one of her fragrant loaves quite as much as they would seeing her "do a sum" in algebra? Would she be any less a "lady" because she knew how to take an ill child's temperature?

## SILo ELIMINATES WASTE, SAYS BAINER.

Bulletin Issued by Agricultural Demonstrator of Santa Fe Is Proving Popular.

The silo practically eliminates waste. One ton of cured forage will make three tons of silage, so that on farms where the forage has heretofore been cut and cured the quantity has been increased three fold when handled through the silo. That is the way H. M. Bainer, Agricultural Demonstrator of the Santa Fe, states the case of the silo in his new bulletin.

That isn't all—the silo renders the three-fold increased volume of forage immensely more available as food; experienced feeders say the animal gets twice as much bone and muscle forming material from a ton of silage as from dry forage.

Mr. Bainer's bulletin discusses every phase of the silo in a practical manner. It contains instruction on building the silo and filling it with feed; upon feeding silage and how to balance it most successfully with other rations.

This bulletin is distributed free upon request by the Agricultural Demonstrator's office, in Amarillo, Texas.

Mr. Bainer came through Plainview yesterday in his automobile. He was distributing his bulletin all the way from Amarillo to Lubbock. "We received forty requests for the bulletin by this morning's mail," Mr. Bainer said.

## DENVER'S MAYOR MAY SELL VEGETABLES.

If Gardeners Fall, Colorado City's Chief Will Supply a Town Market Branch.

Mayor J. M. Perkins may go into the vegetable business. He will not sell vegetables for himself, but in behalf of the city of Denver. South Denver housewives are to have the opportunity to buy fresh beets, cabbages, potatoes, tomatoes and every other vegetable in season, if the mayor himself has to deal out the produce personally, according to the Rocky Mountain News.

The suburban branch of the city market was opened a few days ago, and only one gardener appeared to supply the demands of two hundred women.

"Unless the gardeners turn out better I'll buy a wagon load of produce and sell it. If that is necessary, I'll start the ball rolling," said the mayor. "I have received assurance that a number of growers will be out. If they are not I'll sell vegetables myself."

## THE HOME FIRST OF ALL.

Farming's Fundamental Object Is to Develop the Family.

Each farm must have its pigstye, but it need not be all pigstye. The fundamental fact of the farm is the home, not the barnyard. Herein lies the one great fault of American farming. The undaunted pioneer, blazing his way through the wilderness and carving a home site in its depths, has been so busy with feedyard and pigery and sheepfold that he has fairly overlooked the home. The convenience and refinements of the home and the ornamentation of its grounds have too often been left for the last and never reached in the lifetime of the founder of the farmstead, says the Breeder's Gazette.

We have farmed to raise more corn to feed more hogs to buy more land to raise more corn to feed more hogs to buy more land. It is not the be-all and end-all, however much we have made it seem so. The development of the American family is the fundamental object of farming. Roses may be raised in a weed patch, but they cannot approximate the glory of the American beauty in the rose garden. Environment means much. It is an essential of education. It is not enough that the farmer's stock should be sheltered. His family should be housed comfortably, amid a setting that will instill ideas of the beautiful.

DON'T use a cough medicine containing opium or morphine. They constipate the bowels and do not cure, only stifle the cough. Examine the label, and if the medicine contains these harmful opiates refuse it. Foley's Honey and Tar Compound contains no opiates, is healing and soothing. Frank Young, manager Wickshire Hotel, Cooper, Nebr., says: "I recommend Foley's Honey and Tar Compound for coughs and colds and lost voice. I used it myself and for my children, and it is the only medicine that always does the work." R. A. Long's Drug Store. —Adv. 39

## WILSON GIVES UP MOTOR TRIP AT ST. LOUIS.

Maple Wilson came in from Yale University last week, via the Santa Fe. Wilson and a classmate started from Yale two weeks ago on Indian motorcycles; they abandoned the wheels at St. Louis.

"It rained incessantly through the Pennsylvania mountains, and there was rain just ahead of us through Central Missouri and Kansas," Maple said yesterday. "That was too much. It took us 11 days from New Haven, Conn., to St. Louis, Mo. We put the motorcycles on the train and took a Pullman."

Maple Wilson graduated from Yale University this year.

## FIRE DESTROYS BARN AND CONTENTS NEAR TULIA.

Advices from Tulia say that the barn and contents of J. C. Glenn, situated on his farm about four miles west of Tulia were completely destroyed by fire Tuesday. The fire started from cigarettes which boys were smoking in the building.

A jack valued at five thousand dollars, a fine stallion, several head of hogs, ten sets of harness, besides a large amount of feed and considerable farming implements and tools were totally destroyed, making a loss of some two or three thousand dollars.

## MRS. SARAH E. LOWDER DIED AT LOCKNEY.

July 16, at 4:15 a. m., Mrs. Sarah E. Lowder, aged eighty-five years, two months and eleven days, died at Lockney, of chronic bronchitis. W. C. Wood and wife accompanied the remains to Granite, Oklahoma, for interment.

Mrs. Wood is a daughter of the deceased.

## A TOAST.

Here's to the things we would have said,  
Witty, satirical, farcical, neat!  
That bubble and sparkle and gleam  
in the head  
When the chance has fled on its  
light-winged feet!  
When the goblet and guest and the  
hour are gone  
And we're homeward bound on the  
road alone!  
—Chicago Inter-Ocean

## PEACE, PEACE!

The Great Spirit of Longfellow's "Hiawatha" might speak to his Balkan children:

"I am weary of your quarrels,  
Weary of your wars and bloodshed,  
Weary of your prayers for vengeance,  
Of your wranglings and dissensions;  
All your strength is in your union,  
All your danger is in discord;  
Therefore be at peace henceforward,  
And as brothers live together."

## Think of the Youngsters These Hot Days

See that their wants are carefully looked after.

The very little ones cannot express their needs in speech, and they must be constantly cared for.

Articles for the bath, toilet preparations, suitable food and reasonable clothing must be purchased, and the mother who makes it a practice to read the advertisements in The Herald will soon learn where she can buy to best advantage for the children when July days are hottest.

The advertisements in The Herald will tell you where to buy dainty dresses for the infants, cool and washable frocks for the girls of 2, 3 and 4 years, and pretty dresses for the bigger girls.

Also cool clothing for the boys—from rompers up to the nattily embroidered sailor suits.

July days permit you to dress your children comfortably, becomingly and inexpensively.

## STOMACH TROUBLE FOR FIVE YEARS

Majority of Friends Thought Mr.

Hughes Would Die, But

One Helped Him to

Recovery.

Pomeroyton, Ky.—In interesting advices from this place, Mr. A. J. Hughes writes as follows: "I was down with stomach trouble for five (5) years, and would have sick headache so bad, at times, that I thought surely I would die.

I tried different treatments, but they did not seem to do me any good.

I got so bad, I could not eat or sleep, and all my friends, except one, thought I would die. He advised me to try

Theodor's Black-Draught, and quit

taking other medicines. I decided to take his advice, although I did not have any confidence in it.

I have now been taking Black-Draught for three months, and it has cured me—haven't had those awful sick headaches since I began using it.

I am so thankful for what Black-Draught has done for me."

Theodor's Black-Draught has been found a very valuable medicine for derangements of the stomach and liver. It is composed of pure, vegetable herbs, contains no dangerous ingredients, and acts gently, yet surely. It can be freely used by young and old, and should be kept in every family chest.

Get a package today.  
Only a quarter.

## Are You Playing the Clothes Game Well?

Benjamin Franklin said: "Eat to suit yourself; dress to suit others."

AMERICAN WORKINGMEN ARE BETTER CARED FOR.

John N. Willys Declares Larger Output and More Efficient Employees Gives Us Advantage.

"Naturally, it takes distance to lend perspective, and my trip abroad has enabled me to look at the automobile industry in the United States from an entirely different point of view to that possible to one at home and constantly involved in the details," says John N. Willys, president of the Willys-Overland Company, Toledo, Ohio.

"I look upon the spirit among the manufacturers in Continental Europe as largely one of jealousy," Mr. Willys continued. "They are not accustomed to moving as we move, or employing machinery as we employ it, and when they learn of the wages paid to our employees they are simply staggered."

"While they have many things from a mechanical standpoint that we have not, they lack, in my opinion, what we consider the strongest feature in our own factories—and that is the personal interest evidenced by every man employed there. In Europe the workmen are automatons, who work at a speed that would be a joke in this country. Progressive European manufacturers are taking better care of their workmen, in the way of physical benefits, than they have ever done before, but they do not know such clubs as we foster—baseball, bowling, shooting, football, bands, glee clubs, etc.—nor do they realize the interest in their employment taken by men who spend some of their time at play, and who know that their employers appreciate what they are doing."

"There is an immense field abroad for American cars, as no manufacturer outside of the United States has attempted the quantity production such as we and one or two others have. Our cars are lighter, and, being made for American roads, will last indefinitely upon the European roads, which subject them to only a fraction of the wear they encounter here."

As to the progress in automobile building, Mr. Willys says "Europeans work along different lines to ourselves. They have different conditions to meet. Working along those lines, it naturally follows that they have individual ideas. I am so convinced that some of them are good that I am sending our chief engineer to Europe for a lengthy stay, in order

# Dull Months Are Out of Style

A dull month? Not On Your Cash Register!

Dull months are for *dull* people, not for *Live* Ones.

If you were a carpenter and your saw was dull, would you say, "I can't work this month, my saw is dull"?

Not for one blessed minute!

You'd get up in the morning and file that saw before breakfast. You'd put an edge on that saw that would make it eat its way through an oak board like a ten-year-old boy through a piece of pumpkin pie.

The live merchant or manufacturer does exactly the same thing. The minute he sees the first faint sign of approaching dullness, he sharpens up his *business tools* and goes after *more business*.

And he gets it, too.

He uses *more advertising* and *better advertising*. He uses *better illustrations* and *stronger copy*. He plans new campaigns while his competitors sleep. He uses The Herald's Display Columns, or the Classified Section, or both. He pulls every string. He does not leave a *single stone unturned*.

The man who expects trade to be dull and is willing it *should* be dull, *will have it dull*.

The man who leans back in his chair and says, "I'll take it easy now, for July will be dull anyway," will get just what he's looking for.

It's all in your mind.

The prattle about "dull seasons" is a mongrel theory sired by *mental weakness*, mothered by *indifference* and nursed by the universal tendency of human nature to *fight shy of work*.

Suppose there are a few people gone out of town on their summer vacations. There are *more visitors* than that come *into town every day*. And even with the few gone there are still many permanent residents left here who eat and drink and wear out clothes in July the same as in any other month of the year.

There is plenty of business to be gotten in July if you only make up your mind to go after it. We can have what we want in this world provided we're not afraid to *work and sweat and advertise*.

You can have dull months if you want them, but you'll be out of date if you do. *They're not in style any more*.

The Best Newspaper on the South Plains

### COMPULSORY CARE OF TEETH.

This Is a New Plan Which Works Well in Detroit.

The extent of the lack of care of the teeth is shown by data gathered when Detroit established dental examinations for school children, says the Kansas City Star. Only 10 per cent of the children used tooth brushes last September when the first examination was made, according to Dr. George F. Burke, chairman of the oral hygiene committee of Detroit.

The City Council appropriated \$8,000 for dental examinations of all grade and parochial school children. The examinations are made by competent dentists. A chart showing the defects of each child's mouth and teeth is given the parents. Most of them enlist a dentist's aid at once. The use of tooth brush and dental floss, the two articles necessary for clean teeth, according to Doctor Burke, are taught in the schools. Already there has been a decided improvement in the condition of teeth among Detroit children.

Six dental clinics are also maintained in the city. Five of these are in public school buildings, and are opened only on Saturday. One, in the board of health building, is kept open the entire week. The clinics reach all the children and are a decided advantage over clinics for the poor alone. Six dentists give all their time to this work. Each child's teeth are examined once a year. It costs the city three cents a child for the examinations.

Doctor Burke, who aided the Detroit school superintendents in establishing the examinations, says Kansas City is very negligent in caring for its children's teeth. Few cities, however, have dental examinations for school children.

that he may absorb their latest ideas in construction and embody those which prove of value in our cars."

### CAR TO EVERY FIFTY-TWO IN KANSAS.

Thirty Million Dollars Is Invested in Automobiles in Sunflower State.

There is a motor car for every ten Kansas families, with more than \$30,000,000 invested in automobiles in the Sunflower State, according to a report from the state capital. Charles Sessions, Secretary of State, has received 27,800 applications for motor car licenses, and he says the stream keeps coming every day, so that the total will go beyond 30,000 cars.

It is figured that the average value of the cars is \$1,000, so that the total investment runs about 30 million, and probably a little higher. According to the population figures there is a car in Kansas for every fifty-two persons, and, figuring five members for each family, gives a car to each ten families.

Thus far there have been 3,900 ap-

plications for motorcycles, and there is an investment of 1/2 million dollars in the pop-pops. There are also nine hundred dealers in motor cars and motorcycles in the state.

### OVERLAND WINS NEW MEXICO ROAD RACE.

"Red" Sperry Covers 130 Miles of Mountain Roads in 4 hours and 20 Minutes.

Pounding over the steepest mountain roads in New Mexico and covering a distance of 130 miles in 4 hours, 19 minutes and 58 3-5 seconds, "Red" Sperry, at the wheel of an Overland roadster, won the Albuquerque-Santa Fe road race on the afternoon of July 4, says Motor Age. This was the first contest of the kind ever held in the State of New Mexico.

Of the nine starters that were sent away in the morning, only three finished within the time limit. Emblem, driving a Buick, was second, 1 hour and 14 minutes behind the victor. J. Caldwell, in a Velle, trailed almost half an hour astern of Emblem for third place. J. Hesch, the Buick driver, suffered

the only accident of the race that might be termed serious. While descending La Bajada hill at a speed of 60 miles an hour, his car blew a tire and turned turtle, rolling down the mountain side to be crushed to pieces on the rocks below. Hesch was injured internally, but his mechanician was only slightly bruised.

Mr. Sperry piloted a party of road boosters from New Mexico to the Colorado-to-Gulf Highway Meeting at San Angelo, Texas, in June.

### BOYS WEAVING HAMMOCKS AT VACATION SCHOOLS.

Foreigners in Kansas City Have Made More Than a Hundred "Family" Size.

The boys at the vacation schools are making hammocks, not small toys for children or dolls, but large, woven-rope hammocks, strong enough to swing the whole family, says the Kansas City Star.

Small rope, big wooden needles and strong fingers and thumbs are the only implements employed. The work of weaving and knotting is tedious,

but the boys are enthusiastic, and more than a hundred hammocks will be made during the five weeks' term of school. The boys will take their hammocks home when they are finished.

In the Bethel Mission School there are fifty Croatian boys. Three were taught the hammock stitch the first day. Then these three were made instructors, and enthusiastically explained the work to their schoolmates.

The greatest need of the directors of the school have at present is for sewing materials for the girls. Anything that can be used in the sewing classes will help the schools.

The first week of the vacation Bible School in Independence showed 320 enrolled and an average attendance of 304. The sessions are held in the Stone Church. The boys there are weaving hammocks, also.

THE SILO A BOON.

Next to Good Co-operative Credit System Comes the Silo.

Under the caption "The Silo a Boon to the Farmer," the Texas Bankers' Journal for May gives the following interesting data on the silo:

"Next to a good co-operative credit system and interurban rapid transit, the silo comes as a boon to the farmer. Of all the problems in the life of the yeoman, that of how to husband his crops is of the greatest importance. Until of recent years he had no granary, and his harvest was only shielded by the dome of the universe. Now the silo has come, and in it his garnered treasures are being stored.

One of the greatest boons that has come to modern agriculture since the first reaper was manufactured has been introduced in Texas in the silo, and it has become an established fact

that the silo has secured a permanent place among the necessary equipment of a modern farm.

Reports received from commercial secretaries and farm demonstration agents in the Texas Commercial Secretaries and Business Men's Association show there are 214 silos now in use in Texas, having an aggregate storage capacity of 27,765 tons, or an average of 130 tons per silo.

Results show that the silo is offering the best possible solution of the perplexing problem of feed supply, and milk, butter and beef are being produced cheaper on a ration of ensilage than was possible on any other kind of feed except pasture grass.

320 acres of fine deeded land four miles from Melrose. Half section of land adjoining open to entry. Two good wells. Water at 12 feet. Ideal place for small ranch. A bargain. Write J. W. LEMON. —Adv. tf.

GREATEST POULTRY SHOW  
EVER AT TEXAS STATE FAIR.

Premiums Offered Are Richer Than Those of Any Other Fair, Director Silney Declares.

F. F. Silney, director in charge of the poultry department of the State Fair of Texas for the coming exposition, on Saturday, October 18, to Sunday, November 2, has made arrangement for a general overhauling of the poultry building, which assures hygienic and sanitary conveniences. Interest taken by fanciers in Indian Runner ducks has necessitated the adding of this class to the catalogue. With the improvements now under way completed, Mr. Silney says the State Fair of Texas will have the best-equipped show building in America.

Mr. Silney says: "The premiums offered are richer than those of any fair in America, and every variety of tame fowl appears in the classification list. Pen prizes are \$7.50 for first and \$4 for second. Single birds of every variety will compete for a first prize of \$2 and a second of \$1. Special prizes are \$25 for first and \$12.50 for second for the best pens of white birds, black birds, buff birds and parti-colored birds respectively.

"Prizes of \$10 for first and \$5 for second are offered for the best and largest display by any exhibitors, and for the largest and best display of any one variety. In awarding the special prizes each single entry is to count one point, pens count two points, first premium four points and second premiums three points.

Chickens are to be entered under their various classes—American, Asiatic, Mediterranean, Polish, Hamburg, French, English, Games and Bantams. The American varieties are the most numerous, including Plymouth Rocks, Wyandottes, Rhode Island Reds and Javas. In the Asiatic classes we have the Brahmas, Cochins and Largehans, and in the Mediterranean the Leghorns, Minorcas, Campines and Black Spanish. The English class is restricted to Silver Gray, Buff and Black and White Orpingtons."

Mr. Silney says that special provisions have been made this year to assure a big display of turkeys, a variety in which fanciers are taking more and more interest. Special prizes of \$7.50 for first and \$4 for second are offered for the heaviest turkey tom and the heaviest turkey hen. Premiums are offered for the White Holland, Slate, Buff, Black, Narragansett and Bourbon Red varieties.

Your Money's Worth

IS WHAT YOU GET EVERY TIME YOU TRADE WITH US

Anything from a 5c purchase to a complete housekeeping outfit. Trade with us once and you will come back again. We value a satisfied customer as one of our best assets. Our aim is to give you a little better service than the other fellow and more for your money. We are here to stay and as we believe among the best class of people in the U. S. and hope to build a business of which we can be proud by fair dealings and low prices. We now have the best assortment of new and second hand house furnishings of any house of its kind on the Plains, and can please you both in Quality and Prices. If you are going to take a trip and need anything in the trunk, suit case, or hand grip line don't fail to see us before you buy. We have them in all grades and for less money.

We will make you some interesting prices on Lawn and Porch furniture; something substantial that will last for years at a small cost. When you think of anything for the home think of Winfield, we buy or exchange new goods for the old. Our motto is "if it isn't good we make it good." Yours for fair dealings and close prices.

W. E. WINFIELD

Successor to Nash & Co.

GOOD ROADS RAISE LAND VALUE.

The Department of Agriculture Gives an Illustration from Alabama.

How good roads improve farm property values is specifically shown in a statement issued by the office of public roads of the Department of Agriculture. The department has gathered data that shows that where road improvement has been made values jump, says the Memphis Commercial Appeal.

Advances are due essentially to the decrease in the cost of hauling produce to market. The use of the motor car then becomes possible. It is probable, too, says the public roads office, that immigration is greater where road conditions are favorable.

The department cites the following illustration:

In Jackson County, Alabama, the people voted a bond issue of 1/4 million dollars for road improvement and improved 24 per cent of the roads. The census of 1900 gives the value of all farm lands in Jackson County at \$4.90 an acre. The selling value at that time was from \$6 to \$15 an acre. The census of 1910 places the value of all farm lands in Jackson County at \$9.79 an acre, and the selling price is now from \$15 to \$25 an acre. Actual figures of increased value following road improvement are shown.

SUCCESSFUL PEACH CANNING.

I never have trouble with canned peaches, and there is only one thing on which I lay particular stress—that is to thoroughly sterilize. Scald out the jars with boiling water and have the fruit at or near the boiling point when the can is sealed; then there will be no trouble with spoiled fruit.

Peaches are usually easily kept in almost any temperature, and may be moved without fear of consequences. When good clean cans are used, which are scalded immediately before filling and have the lids screwed on good rubber rings, the fruit will keep.

I have never found any advantage to be derived from placing the fruit in the jars cold and heating in a boiler of water, so I heat the fruit in an enameled vessel till it begins to boil, then pour into the jars at once, using a screw top fruit funnel, which costs a few cents. It is really not necessary that fruit come to a boil before canning. It being sterilized at 200 degrees. Yet it is difficult to tell the correct temperature without a thermometer. It should be allowed to boil but very little.

In order that peaches may have a good color they should be canned

shortly after they are peeled. The pits of clingstones are easily removed with a pitting spoon, which is really nothing more than a knife with a curved blade to fit the surface of the pit. So few of the paring machines can handle small peaches successfully, that we use a short-bladed paring knife.—Mrs. H. T. Grinstead, in Farm and Ranch.

RAIN WOULD HELP.

The Ellen community is just beginning to need rain, E. Callaway said yesterday. Mr. Callaway thinks that the Ellen neighborhood is not suffering, but a rain during the next week would be of immense benefit.

TULIA HAS NEW POSTMASTER.

W. B. Hutchinson has received his commission and was installed postmaster at Tulia Tuesday. He was formerly county surveyor of Swisher County.

WANTED—TO TRADE:

East Half of Section No. 28, Block A4, Hale County, in Shallow Water Belt, and ten acres or more about 8 or 9 blocks from Floydada's new Court House partly inside corporation. I wish to trade this property for a small, improved ranch, properly located. A. L. HAWKINS  
—Adv. tf. Hale Center, Texas.

SONG BIRDS

Yesterday we received a shipment of White Javas, beautiful white song birds. They are imported from Java, an island of the East Indies group. They rival the mocking bird for clear sweet notes.

Parrots and Parakeets

In the shipment were a half dozen Cuban Parrots. These birds are guaranteed to talk. If they don't talk, we will get you one that will. They are young and you can train them as you like.

The Parakeet is an Australian bird. This specie has been taught to talk.

In a few days we will build an addition to the greenhouse for the express purpose of keeping the birds in an attractive apartment. We plan to keep birds in stock at all times.

Our trade has been growing and we are going to increase our floor space over 1000 square feet. We appreciate your trade and are preparing to give you the most up-to-date service.

Cabbage Plants

In our beds are a large number of late Fall Cabbage plants now ready for transplanting. See us at once for them.

Plainview Floral Comp'y

"We Beautify Always"

"Another glass, please"

It is so delicious! Nobody can resist "just one more" when it is ice tea made with

White Swan Tea

Nothing could be more refreshingly welcome to the chance guest; no meal-time drink could be more cooling. No tannin taste to White Swan Tea—just the real tea taste with a palatable smoothness and refinement of flavor that belongs peculiarly to White Swan Tea.

#### APPROPRIATED \$13,000 FOR COUNTY'S MOTHERS.

Pennsylvanians Are Getting Ready for New Pension Law; Governor Must Name Trustees.

Commissioners of Allegheny County, Pennsylvania, have appropriated \$13,000 for the payment of pensions to mothers who have children dependent upon them. Before the money is available, however, Governor Tener, under the law enacted by the Legislature, must name a board of trustees, by whose direction the money, together with Allegheny County's proportion of the \$100,000 appropriated by the State, will be expended.

Only the mothers of children dependent because of the death or desertion of their fathers are eligible to pensions. The appropriation is in the nature of an experiment, and is to cover one year.

#### IS FIRST SENATOR BY DIRECT VOTE.

Bacon, of Georgia, Is Unopposed in Race Under New Amendment to Constitution.

Augustus O. Bacon was re-elected Tuesday to the United States Senate as a member from Georgia by the direct votes of his constituents. This counts as the first election held under the recently ratified Seventeenth Amendment to the United States Constitution, providing that voters of the several states shall cast direct ballots in senatorial elections. Senator Bacon was unopposed.

Reports from various parts of the

State indicate that the vote was light, many of the country precincts not opening polling places, as the result was a foregone conclusion. It will be several days before the total vote cast will be known.

#### SENATE IS SORRY FOR SECRETARY BRYAN.

"Great Commoner" Says That He Cannot Live on \$1,000 a Month; Must Lecture.

President Wilson was asked to inform the United States Senate what, in his opinion, the Government should pay William Jennings Bryan, Secretary of State, to enable him to stay on the job in Washington, instead of traveling around the country delivering lectures.

Senator Bristow, in a resolution offered in the Senate, called upon the President for this information. The Democrats, of course, objected and the resolution went over, not to be heard of again. But Senator Bristow succeeded in placing before the Senate and the country some pertinent facts, according to the Kansas City Star.

The request grew out of Mr. Bryan's statement that he could not live on his salary of \$12,000 a year, and that he must go out and lecture to earn his living. The Senate seems to want the "Great Commoner" "on the job" all the time.

#### Concerning Other Premiers.

The Bristow resolution, which was read when nearly every Senator was in his seat and to well-filled galleries, recited these facts:

From 1789 to 1799 the salary of the

Secretary of State was \$3,500 a year, during which period the office was occupied by Thomas Jefferson and Edmund Randolph. From 1799 to 1819 the salary was \$5,000, when such eminent statesmen as John Marshall, James Madison, James Monroe and John Quincy Adams held the office. From 1819 to 1853 the salary was \$6,000 during which period the office was occupied by Henry Clay, Martin Van Buren, Daniel Webster, John C. Calhoun and James Buchanan. From 1853 to 1911 the salary was \$8,000, when William H. Seward, James G. Blaine, Thomas F. Bayard, Walter Q. Gresham, Richard Olney, John Sherman, John Hay and Elihu Root held the post.

During this long period of time no one of these eminent statesmen was compelled to neglect the duties of the office because of the meagerness of the salary. In 1911 the salary of the Secretary of State was increased from \$8,000 to \$12,000 a year.

#### He's His Own Chauffeur.

Mr. Bryan is rated as worth between \$300,000 and 1/2 million dollars. He has a place in Florida, another in Nebraska, and he owns property in Texas. His expenses in Washington include \$4,000 a year for the Logan home, as compared with Secretary P. C. Knox's \$7,000 a year home; the cost of three servants and entertaining; saddle horse, \$30 a month, and the upkeep of a \$3,000 motor car. In Washington the Secretary of State has to pay practically nothing for livery, inasmuch as he can use the State Department carriages and servants. As for the motor car, Bryan drives it himself.

#### GREEN FEED IS MOST VALUABLE TO LIVE STOCK.

Superintendent of A. & M. Extension Division Points Out Value of Pasture and Soiling Crops.

The cheapest beef, pork or mutton that has ever been produced was grown on pasture. Fresh pasture grasses are almost a balanced ration in themselves. They have, however, a value in feeding beyond the amount of feed nutrients which they contain. This is because they are juicy or succulent, causing it to have a stimulating and at the same time a cooling effect on the digestive system. If sufficient pasture is not available, a small amount of green grass fed regularly acts as an appetizer and keeps the animals' bowels in good order, says C. M. Evans, Superintendent of Extension Work, A. & M. College of Texas.

There is always some native grass pasture available in Texas during the summer. In most parts of the State a better pasture can be secured by setting out Bermuda grass. Where pasture is not plentiful it is advisable to plant some kind of soiling crop. By soiling crop we mean some crop that can be cut while green and fed to the stock in the feeding pen or barn.

One of the best soiling crops for Texas is sorghum. A small patch of sorghum planted near the feeding pen can be cut green as needed and will be found a great help during the dry part of the summer. Other good soiling crops are oats, barley, cowpeas, peanuts, corn, Johnson grass, kaffir corn, and milo maize. Such weeds as lamb's quarter, careless weeds,

purslane, blood weeds, and crab grass can often be used to good advantage as a soiling crop.

For green pasture in the winter it is necessary to sow early in the fall either rye, wheat, oats, barley, speltz, or any mixture of these. Barley probably makes the heaviest yield of pasture, while stock seem to like oats the best. Where there is plenty of fall and winter rains, burr clover can be added to any of these to a good advantage. Fall sown oats are likely to freeze out in North or Northwest Texas. Any of these crops will do for a soiling crop in early spring, before the other soiling crops are ready.

For winter soiling crops, with value in the order named, may be mentioned turnips, stock beets or mangel wurtzels, and rape. In South Texas cabbage can oftentimes be used for a winter soiling crop to a good advantage.

Soiling crops and green pasture can be substituted with silage when it is advisable. A separate instruction sheet will be issued on silos and silage.

#### TO WARN SHIPS OF STORMS.

New Scheme Will Keep Boats Aware of Weather Conditions.

Wireless storm warnings and general weather forecasts for ships at sea covering conditions one hundred miles off shore all along the Atlantic Coast is the latest innovation of the Agricultural and Navy Departments, says a Washington dispatch. The plan was inaugurated Tuesday, and every night, a few minutes after 10 o'clock, bulletins will be sent broadcast from the great naval wireless stations at

Radio, Va., and Key West, Fla. The messages will reach marines hundreds of miles at sea, telling of conditions existing along the coast from Sydney, N. S., to Bermuda and Pensacola, forecasting the weather for forty-eight hours and giving special warnings of severe storms.

#### WHY BABIES CRY.

Because they are tired lying on one side and they are unable to turn over. Turn a baby once in a while.

Because they are thirsty. Babies must have water (boiled and cooled—but not iced) to drink.

Because they are too warm and possibly irritated by "prickly heat."

Because they are sleepy and wish to lie down and be let alone.

Because their clothes are too tight or perhaps a pin is sticking them.

Because crying is the only way they know to tell you something is wrong with them.

Of course, babies cry when in pain, but you should find out if it is not some of the above-stated facts before deciding that it is pain which is causing the crying.

Above all else, get rid of the notion that every time the baby cries it is hungry.—M. M. Carrick, M. D., in Farm and Ranch.

#### \$10 REWARD.

\$10 reward for delivery, or \$5 for information leading to recovery, of one Scotch Collie; female; sable (yellow) and white. Wearing collar with Plainview tag, 1913, attached. Deliver or write DR. J. V. GUYTON, Plainview.

Entered as second-class matter in the Post Office in Plainview, Texas, under act of March 3, 1879.

All communications, remittances, etc., should be addressed to THE HERALD PUBLISHING COMPANY, Post Office Box 368, Plainview, Texas.

NOTICE.

All announcements of any church pertaining to services are welcome to the columns of The Herald FREE; but any announcement of a bazaar, ice cream supper, or any plan to get money, is looked upon as a business proposition, and will be charged for accordingly.

Subscription Price ... \$1.50 per year (Invariably in advance)

Don't forget to vote!

Vote to-morrow for adequate education of the Texas youth!

Vote to-morrow for the Amendment. It means a more business-like method of handling Texas institutions.

TO KNOW THYSELF.

How can a man learn to know himself? Never by meditating, but by doing. Endeavor to do thy duty, and thou wilt at once know what in thee lies.—Goethe.

CONSERVATISM.

Conservatism is often nothing but mental or moral inertia, and measures one's unwillingness to readjust his living or his thinking to a new fact or a new idea.

Selfishness can never be completely dethroned in the individual, or in society, until love has been completely enthroned. It is at this point that the religious element enters in as essential to the realization of our social ideal.—Dr. Josiah Strong, in "Our World; The New World Life."

TO FARM INSTEAD OF JAIL.

Jackson County, Missouri, keeps all of its prisoners—young and old, first offenders and hardened criminals—locked up in a dark, poorly ventilated jail, says the Kansas City Star. They eat and sleep at the county's expense and give no return in labor.

The same might be said of more than 200 counties in Texas.

It is proposed that these men be given labor at farming, building roads, working out in the air and sunshine with the breeze whipping the taint of crime out of their souls.

In the words of Judge Latschaw—"There's more than a money-saving object to the proposition."

The prison environment is that of crime; the conversation is that of criminals. Enforced idleness in an atmosphere of crime cannot do other than breed criminal instincts.

Good, hard, honest toil out in the fresh air and sunshine would change all of that. It would give the man who is not wholly bad an incentive upward. It might bring out the manhood in some of the older criminals. It would be constructive, as opposed to our present destructive plan, of both manhood and wealth. Hard work makes men.

came. Their enthusiasm is infectious; they are town builders worth patterning after.

Amarillo is going to have an All-Panhandle Fair. Hale County ought to send the best exhibit shown at that exposition. Hale County might bring an excursion load of the fair visitors to see the big wells and irrigation fields of our South Plains.

The history of human progress is a story of co-operation. An All-Panhandle Fair will benefit every part of Northwest Texas. It will benefit Amarillo more than the rest. The people of Amarillo will bear most of the expense of the undertaking. Transportation facilities make Amarillo the logical point.

Later on we can organize a South Plains fair. It is a safe venture that Amarillo industries will have an exhibit on hand if we do.

Here's our hand to Amarillo. We are for Plainview first. But we are working for the same great end that you are—the building of an empire in the great Northwest. It is big enough for all. We won't advance over the prostrate form of a brother. Here's our pledge for co-operation.

This crisp comment is taken from the New York World and refers to ex-Congressman James E. Watson, of Indiana, and ex-Congressman William Hughes, of New Jersey:

"Mr. Watson, who served the lobby, is now in private life. Mr. Hughes, who resisted the lobby, is now a United States Senator!"

It is a story told, in a few words, of the passing of the era of the Golden Fleece, and the coming of the Golden Age of high ideals and lawmakers who place the man before the dollar.—Fort Worth Record.

TO NEW MEXICO IN AUTO.

W. L. Harrington and Scott Cochran and family left Wednesday in an automobile for a trip through New Mexico. Mr. Harrington has just purchased a new Hupmobile.

HAZEL SHOEMAKER HURT WHEN BAT IS LET GO.

Hazel Shoemaker was struck about the left eye by a bat which slipped from the hands of one of the players in the baseball game between Tulla and Silvertown at Tulla yesterday. Hazel was badly hurt, but it is thought will recover.

L. J. COOMBS BUYS OVERLAND.

L. J. Coombs, of Tulla, bought an Overland 69 from E. N. Egge yesterday. Mr. Egge had taken the band to Tulla by automobile. Mr. Coombs decided that he wanted an Overland car, so the sale was concluded at once. This makes 52 Overland cars sold by Egge & Corlett since September, 1912.

J. M. Janes, of Abernathy, was a visitor in Plainview to-day.

I have more money than I can loan at 8 per cent. My Company pays me to loan the money to you, instead of you paying me to get it for you. H. A. WOFFORD. —Adv. tf.

Call The Herald for job printing.

John Wayland, of Kansas City, is visiting his brothers, Doctors J. H. and Clarence Wayland and Jo W. Wayland.

Will and Lee Vaughn, of Brady, Texas; Frank Vaughn, of Lubbock, Texas; and Tom Vaughn, of Southeastern New Mexico, all sons of the late Captain Vaughn, have returned to their homes. They were in Plainview attending the bedside of their father, and his burial.

I write Life Insurance, but don't require a life insurance policy from any one in order that they may borrow money from me. H. A. WOFFORD. —Adv.

We had congratulated ourselves that the work of the League had received very little adverse criticism and that one branch of it—ridding the town of flies—met with universal approval. Now we are informed that one young man says, "Things are no better than before there was such a fuss made over flies, but there is always some one meddling." The added information is that he is an "educated, intelligent young man."

Opinions differ on many things, even on what constitutes intelligence, and it is quite probable that the work will go on as persistently as ever. However, it does seem too bad that even one young person (I think he must be very young) should fail to appreciate the unselfish public spirit that leads these INTELLIGENT women to perform this disagreeable task week after week. Two of them have children; all have the many duties incident to the care of a home, and could easily find an excuse for leaving the work to others. They realize, however, that under present conditions every citizen has a share in the work for the common good. He or she may refuse to accept the responsibility which is plainly theirs, in which case they are not living up to their privileges—some needed work must be left undone, or somebody must do MORE THAN THEIR SHARE.

In any case, refrain from destructive criticism. Sensible, constructive criticism will be received gladly.

FOR SALE—Two fresh young Jersey cows. G. M. JANES, Abernathy, Texas. —Adv. 37-pd.

My loan proposition is not a scheme to get Life Insurance, nor a commission from the people who borrow the money through me. H. A. WOFFORD.

Two-Inch Boards Best for Concrete Forms — Green Lumber Clear of Knots Preferred.

[National Crop Improvement Service.] Good lumber is necessary for good concrete work. Lumber free from knots should be used, but green lumber is preferable to kiln dry, as kiln dry lumber will warp when wet by the concrete. Two-inch boards should be used. Well surfaced lumber, matched, tongued and grooved, and free from knots is the best kind to get. The cement dealer frequently handles lumber, and where necessary to buy lumber, it is much more economical to get good material; which can be used over and over again for the forms for the concrete work. Before erecting the forms, paint the lumber with oil or soft soap. Never use kerosene oil for this purpose under any circumstances, but use linseed, black, or cylinder oil. This will prevent the cement from sticking to the forms and will give a much smoother finish and a better job.

COST OF RAISING WHEAT.

[National Crop Improvement Service.] It seems that the United States Department of Agriculture in computing the cost of raising a bushel of wheat states that 58 cents per bushel will cover labor, interest, marketing, depreciation, etc. This is based on an average production of about 15 bushels per acre. But Dr. Worst of the Agricultural College of North Dakota states that the loss of soil fertility is equal to 46 1/4 cents more.

According to this estimate every bushel of wheat costs \$1.05, and the farmer loses money on every bushel he sells for less than that price. A change in his method, however, and the introduction of proper diversification and soil building will allow him to grow wheat at a profit at regular prices.

This is a problem to be worked out by the Grain Club in each county, which are now being established in all the counties in the grain belt.

TRACTOR FOR DEEP PLOWING

By Raymond Olney. Power Farming Expert, LaPorte, Ind.

[National Crop Improvement Service.] Why is it that farmers do not plow deeper? Best practice considers it essential for increased yields. It provides a larger moisture reservoir by loosening up greater portions of the soil. This allows the water to enter the ground more easily and to a greater extent. The increased water storage insures the crops against drought. But deep plowing takes power. A farmer can plow as deep as he likes if he has the necessary power. The plowing season is short and the work hard. Extra horses are required, even more extra horses are needed than ordinarily. It is not profitable to keep more horses merely to furnish this increased power, which is needed for only a short time. During the rest of the year they are idle and it costs money to keep them. Unlike horses, it costs nothing to maintain a tractor when doing nothing. When it stops work, expense stops. Less power capacity is required, where a tractor is used, since by providing two crews, a tractor can be worked day and night, thus doing the work of twice the number of horses equaling it in power. A fifteen horsepower tractor will do the work of thirty horses, and it will also have the endurance of forty-five. When through work it requires no attention.

THE FUNCTION OF THE SPECULATOR.

By J. R. Pickell.

[National Crop Improvement Service.] Public opinion has failed thus far in the study of grain marketing to comprehend the principle that it is the function of the speculator to take a reasonable chance. At Washington, when the anti-option bills were being considered in committee, Representatives and Senators with uniformity of thought propounded this question: "If the speculator takes the hedge of the grain dealer or miller, thus protecting grain purchases or sales, and flour purchases or sales, who protects the speculator?"

The speculator asks for no protection. It's his business, based upon his experience, his training, his knowledge of supply and demand and the capital at his command, to take the chance the marketing of grain affords. If the speculator was absolutely protected in his trading as the grain dealer or the miller, then there would be no speculation, for it is no speculation to hedge grain or flour. It's insurance.

The producer takes his chance when he plants the grain. If he was absolutely certain that a specified amount of grain could be produced per acre, and that it could be sold at a fixed sum per bushel, then there would be no speculation in production, but the laws of nature which make production uncertain, make the grain business, by its very nature, a speculative proposition.

Speculation, as it is commonly understood, in the grain business, removes the business just as far as possible from the realm of uncertainty and reduces fluctuations in grain prices to the minimum. The speculator seeks no protection. Desires no protection. Could get no protection, and still be a speculator. Speculation is the natural desire of a normal man who is not afraid to take a reasonable chance.

Poems Asked For
OUT WHERE THE WEST BEGINS.
Out where the hand-clasp is a little bit stronger,
Out where the smile lasts a little bit longer—
That's where the West begins.
Out where the sun shines a trifle brighter,
Out where the snow falls a trifle whiter,
And the bonds of home are a wee bit tighter—
That's where the West begins.
Out where the sky is a trifle bluer,
Where friendships formed are a trifle truer—
That's where the West begins.
Out where a fresher breeze is blowing,
Where there's laughter in every stream that's flowing,
Where there's more of reaping and less of sowing—
That's where the West begins.
Out where the world is in the making,
Where fewer hearts with despair are breaking—
That's where the West begins.
Where there's more of singing and less of sighing,
Where there's more of giving and less of buying,
And a man makes friends without half trying—
That's where the West begins.
—Wilbur Chapman.

JOSEPH FOWLER, Assignee

#### LOCAL AND PERSONAL

E. E. Warren returned from Dallas Wednesday.  
J. W. Wells and family have moved to Rosenberg.  
J. M. Hughes returned from Lockney yesterday.  
J. A. Shepard, wife and baby arrived Tuesday for a visit to Charlie Brown.  
Miss Bessie and W. W. Harris, from Fort Worth, are the guests of A. E. Harris.  
Mrs. W. A. Brewster left today for Honey Grove, where she will visit her mother, Mrs. N. D. Leonard.  
J. G. Wayland, of Kansas City, arrived Tuesday for a visit to Jo W. Wayland and other relatives.  
Rev. G. F. Yates returned Wednesday to his home, in Tyler, Texas. He has been preaching in the union Baptist revival.  
W. D. and Miss Mabel Newell, of Floydada, were here Wednesday, en route for Hereford to visit their uncle, E. J. Newell.  
Miss Lois Daniel, of Farmdale, left Tuesday for a visit to relatives and friends in Waco, Granger, Houston, San Antonio and Galveston.  
Mrs. J. V. Matlock, of Runningwater, was here Wednesday to meet Misses Dot and Corine Harford, of Waxahachie, a sister and niece, respectively.  
Mr. and Mrs. W. T. Hunt were here today, on the way to their home, in Hillsboro. They have been visiting the family of their son-in-law, J. R. Collier, at Lockney.  
Mrs. J. J. Williams and children and Mrs. L. C. Haines, of McLean, Texas, have been visiting Rev. W. H. Carr, grandfather and father, respectively, at Plainview.  
W. H. Crain, who has been visiting the family of his daughter, Mrs. H. W. Krupp, left Tuesday for his home, in Ottumwa, Iowa. Mrs. Krupp accompanied him and will visit the old home.

Robert Sansom, of Fort Worth, is visiting here.  
C. M. Bayer, of Georgetown, is visiting in Plainview.  
J. K. Millwee left today for his Lynn County ranch.  
T. J. Bureson, of Abilene, has been visiting his father-in-law, W. C. Wheat.  
Mrs. J. R. Kerley and child left Tuesday for Tullia, to visit Miss Mary Tomlinson.  
Mr. and Mrs. Henry E. Hagood left Wednesday for a few days' visit with friends and relatives in Tullia.  
Mrs. R. L. Watson, of Amarillo, has returned to her home, after a visit to her sister, Mrs. H. C. Randolph.  
C. D. Cleveland, of Amarillo, and W. H. Gossney, of Kansas, have been at the Missouri Hotel, while prospecting here this week.  
Rev. Leon Henderson, of Lockney, was here Wednesday, on his way home. He has been conducting a successful revival meeting at Gause.  
Mrs. J. H. Stragley and mother, Mrs. S. A. Dameron, and niece, Miss Dollie Miller, of Matador, were here today, en route to Toyah to visit the family of H. K. Jones.  
T. A. Caldwell left today for Cameron. He has been visiting the family of G. W. Davenport. Before returning to his home, in Culberson, Montana, he will travel in Canada.  
Mesdames J. R. Manners, of Fullbright, and Henry Holt were here today, en route to Amarillo. They have been visiting Mrs. Manners' sister, Mrs. Finis Holland, at Floydada.  
W. L. Marshall, of the Air-Stop Supply Company, was here Tuesday, in the interest of his company. He established an agency in charge of W. E. Young at the Gouldy Realty Co.'s office.  
W. P. Boyd, of Castro County, and Frank Vaughn, of Lubbock, two old-time Plainview men, left Tuesday. The former went to Lubbock and the latter to Baylor County, where he will attend the bedside of his daughter, Mrs. Lillie Warren, who is ill. Both of these gentlemen lived in the Plainview country twelve years ago.

Mrs. Sam R. Merrell, of Houston, is visiting Mrs. Geo. C. Keck.  
Mrs. T. Z. Reed left for Mineral Wells today, for her health.  
W. A. Todd left Tuesday for a two days' visit to W. G. Nairn, at Lubbock.  
Mrs. J. Wilson Boyle, of Itasca, is a guest of Mrs. W. A. Todd and Mrs. L. W. Dalton.  
Mrs. W. C. Kindle, of Fort Worth, is in Plainview visiting her parents, E. L. Kerr and wife.  
Mrs. J. M. Daniel left Wednesday for Hereford, where she will visit the family of M. B. Daniel.  
C. O. Miller, who has been singing in the union Baptist revival, left Wednesday for Aubrey, Texas.  
Mrs. D. R. Boone has returned to her home, in Ogelsby, after a visit to Mrs. B. O. Downs, at Lockney.  
Mrs. M. L. Turner, of Chico, was in Plainview Tuesday, en route to Lockney to visit the family of B. R. Turner.  
Prof. E. C. Nelson, Jr., left Tuesday for Texico and other New Mexico towns in the interest of Wayland Baptist College.  
Mrs. R. M. Barton and children, of Amarillo, who have been visiting D. F. Payne, at Floydada, returned Tuesday to their home.  
Mrs. W. H. Gassaway met her sister, Mrs. L. B. Ewing, at the depot Tuesday. Mrs. Ewing was on her way to visit her father, Rev. B. F. Gassaway, at Anadarko, Oklahoma.  
James Palmer and wife left Wednesday for Albuquerque, New Mexico. Mr. Palmer is a water specialist. He has been with the Texas Land and Development Company here.  
A. Adderson Kidd, representing Swift & Company of Fort Worth, was here this week looking after the interests of the company. He was the guest of Mrs. W. A. Todd while in Plainview.  
Saturday W. R. Cope, in his livery car, made trips to the following towns, traversing a distance of about one hundred and fifty miles: Roaring Springs, Matador, Floydada, Plainview, Lockney, Petersburg, back to Floydada, Lockney and Plainview.

E. N. Egge went to Tullia yesterday, in his Overland.  
E. E. Roos drove to Tullia yesterday, in his Buick automobile.  
Otis Trulove made a business trip to Amarillo early in the week.  
Onie Yordy, of Amarillo, visited Mrs. O. E. Winslow this week.  
H. M. Bainer passed through Plainview, en route to Lubbock, yesterday.  
Miss Nell Holland left Tuesday for Sweetwater and Baird to visit her uncle, T. P. Holland.  
General Superintendent Elliott, of the Santa Fe, was in Plainview on special business today.  
Mrs. L. W. Denison, who has been visiting Mrs. J. Fitzhoff, at Olton, returned Tuesday to her home, in Los Angeles.  
Mrs. A. R. Webb and child returned Tuesday to their home, in Eldorado, Oklahoma. She has been visiting W. A. Cox.  
S. C. Stimson, of Terra Haute, Indiana, is staying at the Missouri House, while prospecting in the Shallow Water Belt.  
Mrs. Pauline Shackelford has moved here from Norman, Oklahoma, and will make her home with Mrs. Marshall Phelps.  
Mrs. Arthur Lyle, of Stratford, is here visiting Mrs. T. D. Lipscomb, and to attend the meeting of the Woman's Missionary Union.  
Mrs. M. B. Hill, of Lockney, was here today, on the way to Cisco, where she will visit Mesdames J. J. Winston and Arthur Johnston.  
Mrs. J. L. Stutts and son, of Meridian, who have been visiting the family of W. L. Sawyer, at Floydada, were here Wednesday, on their way home.  
Mrs. Otis Trulove returned today from a two weeks' visit to her parents, at Meridian, Texas. She was accompanied home by her cousin, Miss Katheline Alexander.

HEALTHY LIVER MAKES BEAUTY.  
Famous Actress Finds That a Healthy Liver Is Necessary to Good Looks and Youthfulness.  
One of the best-known women of the American stage is writing a series of articles on the preservation of beauty. She attaches great importance to keeping the liver active at all times, and she is right. Neither good looks nor happiness will stay long with any man or woman who lets the liver get lazy and sluggish.  
It is not always safe to take calomel, the old liver remedy. Doctors agree that it is a very uncertain drug. But R. A. Long Drug Co.'s drug store has a remedy for sale that they guarantee to take the place of calomel absolutely, and still be harmless, causing no restriction of habit or diet. This remedy is Dodson's Liver Tone.  
Dodson's Liver Tone is a pleasant-tasting vegetable liquid, but it starts the liver gently and surely and relieves constipation and biliousness so promptly that it has become a dependable remedy in thousands of homes in the United States. There are scores of families in this vicinity who will not be without it in the house and who would not think of starting on a trip without a bottle of it.  
R. A. Long Drug Co. has sold so much Dodson's Liver Tone that they are convinced of its merit and will give any person his 50 cents back who buys a bottle and does not find that it takes the place of calomel to perfection. —Adv. 36

### McCUMBER RISES FOR THE FARM.

The Democratic Tariff Will Rob Tiller of His Profits, Senator Says.

Senator McCumber, of North Dakota, opened the Republican assault on the Democratic Tariff Revision Bill in the Senate Monday, defending the farmers of the country against the free listing or great reduction in tariff rates on agricultural products, and charging the Democratic party with deliberately "kicking the American farmer into the gutter," says the Kansas City Star.

"In this year, 1913," said Senator McCumber, addressing the Democrats, "you are about to commit a greater crime against the American farmer than has ever been perpetrated by any political party against any class of people during any period of recorded history.

**Conceived in Animosity.**  
"With violent hands you are about to strip him of every advantage which the changed conditions of home supply and demand were about to yield to him. You have said that he is an outcast in the land which he has made, the only one of all classes of American people who is not entitled to any consideration at your hands. You have insulted his sense of fairness, slapped him in the face and kicked him into the gutter."

The Tariff Bill, Senator McCumber said, seemed to have been "conceived in animosity against every American industry that needed protection," with the American farmer as the "special object of his choler and hate."

"Is it because of his past political affiliation that you are heaping upon him the vengeance for all your previous defeats? Or do you consider yourself to be the instrument through which providence is to work its punishment because in the last political campaign he forgot the faith of his fathers and went chasing after a strange god, with cloven hoofs and branching antlers? You are the beneficiary of the farmers' infidelity to his own party last fall. And for you now to be his executioner for the offense of being misled strikes me as being one of the most cold-blooded propositions I have ever heard of."

It was the Democrats, Senator McCumber said, who told the farmer that he had been wronged by Mr. Taft because the former President sought to "trade off his protection for reciprocal tariff reductions by Canada."

**Market His by Right.**  
"The reciprocity proposition," he continued, "subjected the farmer to the free competition of Canada only. You subject him to the competition of the whole world—all of Canada, Australia, Venezuela, Argentina, Cuba, the Philippines and every other country on the face of the earth that may want to dump its products into the market that belongs by right to the American farmer."

"Your ears are closed to every appeal for justice for the tillers of the

soil," he told the Democrats. "You are reaching a point where your income is unable to keep pace with your extravagances, and you are asking the farmer to make good the deficit by reducing the price of his products."

"It never occurs to you that the proper place to begin economy is on the luxuries, the unecessaries of life. You tell him that the American people are paying 1,500 million dollars a year for meat, and you say that is too much. He answers: 'They are also paying 2 billion dollars a year for liquors.' You say they are paying 435 million dollars a year for flour. He replies, 'They are paying 800 million dollars for tobacco.' You say they are paying 225 million dollars a year for potatoes. He replies, 'They are paying 500 million dollars for theaters and amusements.'

**Prices Will Be Lower.**  
"You say they are paying 300 million dollars a year for butter and eggs. He replies, 'They are spending 500 million dollars a year for confectionery.' His replies are unanswerable."

The North Dakota Senator said that prices would be lower after the Tariff Bill becomes a law, but that it would be because of the inability of the public to pay higher prices and because of the "general stagnation of business," brought about by the Tariff Bill.

"The farmer may be slow, but he is quite sure," continued the Senator. "He may forget, but the hard raps of poverty can jog his memory."

"It took the farmer sixteen years to forget the last Democratic policy. Pass this bill, and the generation living will never forget you."

Lower than any previous Republican estimates of what wool duties should be, Senator Smoot's proposed substitute for schedule K was introduced on behalf of the regular element in his party. Virtually adopting the recommendations of the Taft tariff commission, the Smoot bill was a very sharp revision downward from the existing Payne-Aldrich rates, much lower than the Penrose schedule of last summer.

Raw wool, made duty free in the Democratic bill, is graded into three classes by Smoot and assessed at from seven to sixteen cents a pound.

### PLEADS FOR INSTRUCTION IN HYGIENE OF SEX.

Silence on Vital Facts of Human Life Is Wrong, Edmund Thomas Declares.

The great problem of America is the making of boys manly and of girls womanly. The Nation's hope is in the heightening of personal honor and individual purity, says Edmund Thomas in his little book, "What You Should Tell Your Boy," published by Platt & Peck, of New York.

The question of teaching sex hygiene in the schools is now before the parents of Kansas City. Do they know what the term means? What is

known as sex hygiene is among boys and girls what spraying is to trees and plants to protect them from noxious insects, what inoculation is in the case of epidemics and contagious diseases.

**One Topic Is Tabooed.**  
"Educators point with pride to the ever broadening scheme of popular instruction," Mr. Thomas writes, "and assert that never before has so much been taught of value to the child, to the man and to the woman, as today."

"Yet, while it is true that education is no longer restricted to the favored few, and that the curriculum of the public school, instead of being limited to a dry and arid cultivation of the three 'Rs,' has been so enriched as to furnish a cultural acquaintance at least with almost every branch of knowledge—an enrichment which some maintain threatens with mental dyspepsia those required to absorb it—it is equally true that the topic of paramount importance to the boy finds in it no place.

"In all the teaching, extending from

"This policy," says Havelock Ellis, "has been so firmly established that the theory of it has never been clearly argued out. So far as it exists at all it is a theory that walks on two feet pointed opposite ways; sex things must not be talked about because they are 'dirty'; sex things must not be talked about because they are 'sacred.'"

"Another author, writing more than thirty years earlier, says: 'In whatever concerns the subject of sex, customs are blindly considered sacred, and evils deemed inevitable. The mass of mankind seems moved with anger, fear or shame by any effort to consider seriously this fundamental idea. It must necessarily come forward, however, in the progress of events, as the subject of primary importance. As society advances, as principles of justice and humanity become firmly established, it will be found that the time has come for the serious consideration of this first and last question in human welfare; for the subject of sex in its complete

The Herald Publishing Co.

the playroom of the kindergarten to the gates of the college, absolute silence is maintained as to the origin of human life, and the processes underlying the reproduction of the human species.

"In zoology the boy learns something of the genital organs of fish; in botany, something of the pollenization of plants; but when it comes to human physiology, he finds man presented with no reference to this essential potentiality.

**Where the Instruction Stops.**  
"But grammar teaches him that boy, man, husband, and father are masculine; girl, woman, wife, and mother, feminine. Is it sufficient that here shall begin and end his instruction in sex?"

"The policy of silence on this important topic is not confined to the classroom. It has been consistently adhered to by public and press; while in the home, with few exceptions, the subject has always been either tacitly avoided or deliberately evaded.

human significance will then present itself as the great aid or obstacle to further progress."—Kansas City Star.

### LITTLEFIELD SUPPLY OFFICE CHANGED TO ABERNATHY.

Littlefield, Lamb County, Texas, July 15.—The supply office of the Littlefield post office is being changed today from Bartonsite to Abernathy. Bartonsite has been the supply office since the establishment of this office, but on account of a recent change of the star route between there and Hale Center is necessary to make the change to Abernathy, which route is to be a star route as soon as the necessary arrangements can be made by the department.

This new schedule gives Littlefield daily mail, the mail carrier making connection with the north and south bound trains each day at Abernathy. George W. Plummer is the carrier.

### EVEN RUN OF CATTLE BENEFITS PRICES.

Outlook for Corn Crop in Middle West Brings Out Country Buyers.

Kansas City Stock Yards, July 14.—Cattle receipts were better distributed through last week than usual, and dealers say it benefited prices. They would like to see cattle come in that way every week. Grass cattle, which have been selling at 75 cents to \$1.50 higher than a year ago, declined 15 to 25 cents last week, while fed cattle, both steers and she stuff, which have been selling 50 cents to a dollar lower than a year ago, got a seasonal advance of 15 to 25 cents.

Stockers and feeders lost their gain of the first of the week. Quarantine cattle acted independent of the general market, and sold 25 to 40 cents higher all around.

Killers have gotten a line on how the grass quarantines are killing, and are not afraid of them. Supply here today is 17,000 cattle, including 226 carloads of quarantine cattle, and receipts were liberal at other points. Fed cattle are about steady today, top steers \$8.85, grassers 10 to 20 cents lower.

Corn crop conditions are generally satisfactory, and country buying already shows signs of being heavy this fall. Illinois and Iowa buyers threaten to go around the markets this fall, and buy their cattle direct from owners in the country, hoping thereby to escape competition from the killers on the markets, which will be keen on all fleshy animals at that time.

Bulk of the fed steers today \$7.80 and upwards, grassers \$6.00 to \$8.25, quarantine steers \$5.60 to \$8.15, stock steers \$5.50 to \$7.60, feeders \$6.75 to \$7.75, cows \$5.00 to \$7.00, heifers \$6.50 to \$8.65, veal calves up to \$9.25.

Hog conditions justified a good rise last week, but packers managed to prevent all but a moderate gain. Most of the crop is required for fresh meat trade, Eastern demand being heavy.

Provision experts say strong hog prices may be expected ahead, particularly if receipts continue light. Runs are liberal today, and prices 5 cents lower, but it does not destroy the faith of most dealers, who are on the bull side of the market. Receipts, 7,000; top \$8.87½, bulk \$8.80 to \$8.87½.

Sheep and lambs sold higher last week, a little lower today. Receipts today, 7,000. Native spring lambs bring \$7.65 to \$8.00 today, of quality, ewes around \$4.25, New Mexico sheep, 87 pounds, \$4.80; goats worth \$3.25 to \$3.85.

### STATE FAIR ENLARGES CULINARY DEPARTMENT.

Superintendent Says Display in Various Divisions Will Be Best Ever Assembled Here.

Mrs. M. L. Robertson, superintendent of the ladies' culinary department of the State Fair of Texas, is busy making the final arrangements for what promises to be the most noteworthy display of textile and culinary work ever assembled at Fair Park, says the Dallas News. The domestic science class has been enlarged so as to take in school work of all kinds, such as manual art, drawing, arts and crafts, sewing and cooking.

### COST OF LIVING WAS NEVER CHEAPER.

#### A Lone Woman, Trying to Live Economically, Gives Some Interesting Observations.

"I am a lone woman, trying to live as economically as possible, and yet live well. I 'eat to live,' and wish to do my share of the world's work and also get all of the innocent pleasures out of life that are possible, which can not be attained without a healthy, well-nourished body. I have experimented considerably with different kinds of food, and have found that whole wheat well boiled—six hours at least—is one of the best and most palatable dishes. I usually have it for both morning and evening meals, about three-quarters of a cupful. Eaten with a little cream it is delicious and nutritious. Five cents' worth is more than enough to supply two meals a day for a week, even for a laboring man. Boiled corn makes a good change, and is even cheaper than wheat.

#### How to Prepare Meat.

"As to meat, I find that I get the best results for the least outlay from round steak cooked as follows: I put it through the meat chopper, form into little cakes, and flour them well. It keeps in the juice. Having rendered out some suet, have it sizzling hot, lay in the cakes, and cover tight. When nicely brown, turn. When the meat is a gray color all through, it is done. Season with salt and pepper and butter. This is appetizing and nutritious.

#### Dress Well on Small Means.

"As to the cost of dress, it seems to me that there never was a time within my recollection when one could dress as well on little means, and I am, alas! nearing the limit of three score and ten. It seems to me to be the greatest trouble now to know what not to buy. There are so many bargains always on every hand that one is apt to be tempted to buy things she does not need. If people only would pay less attention to what 'they say,' use common sense, good judgment and good taste, people of today ought to be able to dress well on moderate means.

#### TO AVOID HACKNEYED BREAKFASTS.

Try Cooking Cereal in Milk or Combining Cereal and Fruits.

Breakfast is always a difficult meal, and even more so in summer than in winter, says the Dallas News, for housewives cannot well fall back on the hackneyed sausages and cakes or bacon and eggs, which so often form the staples eight months in the year. It is an accepted fact that breakfast is usually a hurried meal and that the appetite is fickle; but, after all, breakfast often has much to do with making or marring the day, and poorly cooked cereal, weak coffee and eggs too soft or too hard are not conducive to either good temper or good health.

#### PROFITS FROM SMALL POULTRY BEGINNINGS.

In the summer of 1911 I sold all of my chickens, as I lived in a place where I could not keep many chickens. I just had the one rooster left.

In October I bought three young hens, giving 25 cents apiece, 75 cents for the three. In November they began to lay. I had eggs to use when Christmas came. I sold three dozen at 35 cents a dozen, making \$1.05.

Two of these hens went to setting the latter part of January, 1912. In February I took off 24 chicks. I set the eggs I got from these three hens; did not have to buy any feed, as I fed scraps and sour milk. In April, the latter part of the month, I sold these 24 chickens at 35 cents apiece, or \$8.40. The other hens went to laying. I set one hen in August; only got four chickens. Sold these four chickens the last of November for 35 cents apiece, or \$1.40. Sold the two hens for 75 cents.

Have one hen and the rooster left, worth what I gave for the three hens. Now, you will see that I made \$11.50 on my 75-cent investment. These were the common mixed chickens, but large. Who can beat it?—Mrs. Ollie Jeffer, in Farm and Ranch.

Oh, you boys! We have a full line of Baseball Goods. DONOHOO-WARE HARDWARE CO. —Adv. tf.

CITATION BY PUBLICATION.

THE STATE OF TEXAS, To the Sheriff or any Constable of Hale County—GREETING: YOU ARE HEREBY COMMANDED, That you summon, by making Publication of this Citation in some newspaper published in the County of Hale, if there be a newspaper published therein, but, if not, then in any newspaper published in the 64th Judicial District; but if there be no newspaper published in said judicial district, then in a newspaper published in the nearest district to said 64th Judicial District, for four weeks previous to the return day hereof, W. V. Kennedy, Edward Kennedy and R. S. Lemons, whose residences are unknown, to be and appear before the Honorable District Court, at the next regular term thereof, to be holden in the County of Hale, at the Court House thereof, in Plainview, Texas, on the 4th day of August, 1913, then and there to answer a Petition filed in said Court, on the 7th day of June, A. D. 1913, in a suit numbered on the docket of said Court No. 963, wherein L. W. Elliott and M. J. Elliott, R. W. Elliott are plaintiffs and W. V. Kennedy, Edward Kennedy and R. S. Lemons are defendants. The nature of the plaintiffs' demand being as follows, to-wit:

STATE OF TEXAS, County of Hale. )

In District Court, August Term, 1913.

To the Honorable District Court of said County:

Now come L. W. Elliott and M. J. Elliott, who are husband and wife, and R. W. Elliott, all of whom reside in Hale County, Texas and are hereinafter styled plaintiffs, and, complainant of W. V. Kennedy, Edward Kennedy and R. S. Lemons, hereinafter styled defendants, and whose places of residence are unknown, show to the Court:

That heretofore, on the 1st day of January, 1913, plaintiffs were lawfully seized and possessed of the following described tracts of land lying and being situate in Hale County, Texas, claiming, holding and owning the same in fee simple, to-wit:

FIRST TRACT: Beginning at 4 pits and stake at the Southwest corner of the D. P. Goodwin Homestead Pre-emption Survey; thence North 1,456 feet a 3/4-inch pipe; thence West 1,320 feet a buggy boxing for corner; thence South 1,456 feet 4 pits and a cedar post at the Southwest corner of the S. A. White Homestead Pre-emption Survey; thence East 1,320 feet to the place of beginning, containing 44.13 acres of land.

SECOND TRACT: Beginning at the center of the D. P. Goodwin Homestead Pre-emption Survey, a wagon spindle; thence South 1,320 feet; thence West 1,320 feet to 4 pits and stake at the Southwest corner said Goodwin Survey; thence North 1,456 feet to a 3/4-inch pipe; thence East 1,170 feet; thence South 136 feet; thence East 150 feet to the place of beginning, containing 43.66 acres of land.

THIRD TRACT: Beginning at the Southwest corner of the aforesaid D. P. Goodwin Homestead Pre-emption Survey; thence West 1,320 feet a stake at the Southwest corner of the S. A. White Homestead Survey; thence South 531.7 feet, a stake and 3 pits; thence East 1,320 feet a stake; thence North 531.7 feet, to the place of beginning, containing 16.11 acres of the J. E. White Homestead Survey.

FOURTH TRACT: Beginning at Goodwin Homestead Pre-emption survey the Southwest corner of the said D. P. Goodwin Homestead Pre-emption Survey; thence East 1,320 feet; thence South 531.7 feet; thence West 1,320 feet; thence North 531.7 feet, to the place of beginning, containing 16.11 acres of the E. M. White Homestead Survey.

And that on the day and year aforesaid the defendants unlawfully entered upon said premises and ejected the plaintiffs therefrom and unlawfully withhold from plaintiffs the possession thereof, to plaintiffs' damage in the sum of Five Thousand Dollars.

Plaintiffs claim said lands by chain of title as follows: Patent from the State to M. E. Black, assignee of D. P. Goodwin, Patent No. 176, Vol. 28, recorded in Vol. 1, page 62, of the Patent Records of Hale County, Texas; deed from M. E. Black to A. E. White, dated Oct. 19th, 1906, recorded in Book 6, page 572, Deed Records of Hale County, Texas; Patent No. 282, Vol. 30, of Record Book 1, page 209, Patent Records, Hale County, Texas, to Ed M. White; Patent No. 570, Vol. 30, of Record Vol. 1, page 396, Patent Records of said Hale County, to S. A. White, who married T. J. Black; Patent No. 569, Vol. 30, recorded Vol. 1, page 395, Patent Records, Hale County, to J. E. White; deed from J. E. White et ux. to Ed M. White, dated Feb'y 6th, 1906, recorded Vol. 12, page 446, Deed Records of Hale County, Texas; deed from T. J. Black et ux. S. A. Black to R. W. Elliott, dated Oct. 17th, 1907, recorded Vol. 16, page 437, Deed Records of Hale County, Texas; deed from Ed M. White and wife, A. E.

White, to Mrs. M. J. Elliott, dated October 12th, 1907, recorded Vol. 16, page 438, Deed Records of said Hale County; deed from Ed M. White and wife to Mrs. M. J. Elliott, dated October 12th, 1907, recorded Vol. 16, page 439, Deed Records of said Hale County; deed from Ed M. White and wife, A. E. White, to Mrs. M. J. Elliott, dated October 12th, 1907, recorded Vol. 16, page 440, Deed Records of said Hale County; and that the only title under which defendants claim any part of said lands is the deeds herein-after mentioned.

And Plaintiffs show that on the 26th day of April, 1909, plaintiffs signed, executed and delivered to W. V. Kennedy a certain deed, in form a general warranty, dated said day, and now of record in the Deed Records of said Hale County, Texas, Vol. 23, page 43, which said deed purports to convey unto said W. V. Kennedy a one-half interest in the north 120 acres in the townsite of Petersburg as shown by plat of said town on file in the Deed Records, except Blocks 7 and 8 and one acre deeded to T. B. Phillips by L. W. Elliott and wife, M. J. Elliott, and 3 acres deeded by L. W. Elliott and wife to Chas. Schuler and ten acres to W. V. Kennedy, further described as 120 acres out of a survey transferred to M. J. Elliott and L. W. Elliott by Ed M. White et al. And that on the same day, April 26th, 1909, plaintiffs signed, executed and delivered to said defendant, W. V. Kennedy, a certain deed, in form a general warranty deed, dated said day, and now of record in the Deed Records of said Hale County, Texas, Vol. 20, page 470, which deed purports to convey to said W. V. Kennedy ten acres off of the south side of a 120-acre tract of land conveyed to us by Ed M. White et al., and more particularly described as a strip of land 2,463 by 180 feet, and includes the northwest part of Block 4 and north part of Blocks 15, 22, 33, 40, 51, 58 and 69 as shown by margin line east and west on Petersburg Townsite plat, Hale County, Texas. And plaintiffs say that both said deeds are invalid and not binding against these plaintiffs, and should be cancelled, annulled and held for naught, and that the record thereof should be cancelled, annulled and held for naught, because, as plaintiffs show to the Court:

That at and before the said day of the execution of said deeds these plaintiffs resided at the said Town of Petersburg, where said land is situated, and owned and possessed at and near said town other lands, and were desirous of having a railroad constructed into and through said town; and that said defendants, W. V. Kennedy and Edward Kennedy, at and just prior to the date of the execution of said deeds, came to said town of Petersburg, and acting together for the purpose of acquiring from plaintiffs the land in said two deeds described, and for the purpose of defrauding plaintiffs out of said land, represented to plaintiffs, and promised and assured plaintiffs, that they, said Kennedys, would build, construct, complete and equip a railroad from the town of Memphis, Texas, to and through the said town of Petersburg, within two years from said date, and would have such road completed and trains running thereover within said time of two years from the said date, if plaintiffs would make said deeds of conveyance; and represented to plaintiffs that they were financially and otherwise able to so build, construct, complete and equip such a railroad, and would do so within two years.

That plaintiffs had no knowledge of the matters about which said representations, promises and assurances were so made, and relied wholly on the said representations, promises and assurances so made by said Kennedys, and, so relying thereon, signed, executed and delivered said two deeds last above mentioned to said W. V. Kennedy; and plaintiffs show to the Court that they would not have made or delivered said deeds nor either of them but for said representations, promises and assurances so made by said defendants.

And plaintiffs further show to the Court that all and every of said representations, promises and assurances were falsely and fraudulently made by said Kennedys for the purpose of swindling plaintiffs out of their lands; that said representations, promises and assurances were made by said Kennedys without any expectation or intention of fulfilling them or any of them, and without any ability to perform or fulfill them or any of them. That said Kennedys were, in fact, mere adventurers, and had no financial ability or standing, and did not have the ability to construct any such railroad; and plaintiffs say that the execution of said deeds was procured by fraud.

And plaintiffs further represent and show to the Court that said deeds were signed and delivered by plaintiffs to said W. V. Kennedy, they, plaintiffs, relying fully and wholly on the representations, promises and assurances so made by said Kennedys as hereinabove set out; that no money or other thing of any value whatever was

given, paid to or received by plaintiffs for their said land or for the execution of said deeds, and that the only consideration for said land and for the execution of said deeds was the representations, promises and assurances so made to them by said Kennedys, as aforesaid; and plaintiffs further show to the Court that said Kennedys have wholly failed to perform or do any of the things which they so represented, promised and assured plaintiffs they would do; and have broken each and every of said representations, promises and assurances so made; that no railroad has ever been built into or anywhere near said town of Petersburg by said defendants nor by any one else; that plaintiffs have gotten nothing for their said lands; and plaintiffs said that said deeds are absolutely without any consideration to support them, and that the consideration for said deeds, if any ever there was, has wholly failed.

WHEREFORE, Plaintiffs pray that defendants be cited to answer this petition and that plaintiffs have judgment for the title, restitution and possession of the four tracts of land herein first described, for a cancellation and annulling of said two deeds and the record thereof, and that said deeds and the record thereof be hereafter held for naught, for costs of suit, and for all other relief in law and equity to which they may be entitled under the evidence.

Attorneys for the Plaintiffs.

HEREIN FAIL NOT, And have you before said Court, on the said first day of the next term thereof, this Writ, with your endorsement thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office, in Plainview, this, the 27th day of June, A. D. 1913. (SEAL) B. H. TOWERLY, Clerk District Court, Hale County, Texas. By W. H. BOX, Deputy. 40

CITATION BY PUBLICATION.

THE STATE OF TEXAS, To the Sheriff or any Constable of Hale County—GREETING: YOU ARE HEREBY COMMANDED, That you summon, by making Publication of this Citation in some newspaper published in the County of Hale, if there be a newspaper published therein, but, if not, then in any newspaper published in the 64th Judicial District; but if there be no newspaper published in said judicial district, then in a newspaper published in the nearest district to said 64th Judicial District, for four weeks previous to the return day hereof, W. V. Kennedy, Edward Kennedy and R. S. Lemons, whose residences are unknown, to be and appear before the Honorable District Court, at the next regular term thereof, to be holden in the County of Hale, at the Court House thereof, in Plainview, Texas, on the 4th day of August, A. D. 1913, then and there to answer Plaintiffs' First Amended Original Petition filed in said Court, on the 27th day of June, A. D. 1913, in a suit numbered on the docket of said Court No. 964, wherein Ed M. White and A. E. White are plaintiffs and W. V. Kennedy, Edward Kennedy and R. S. Lemons are defendants. The nature of the plaintiffs' demands being as follows, to-wit:

Ed M. White and A. E. White ) vs. ) W. V. Kennedy et al. ) No. 964. In District Court, Hale County, Texas.

To the Honorable District Court of said County: Now come the Plaintiffs, Ed M. White and wife, A. E. White, and file this their First Amended Original Petition in lieu of their Original Petition filed herein on the 7th day of June, 1913, and for such amendment and for cause of action, and complaining of the defendants, W. V. Kennedy, Edward Kennedy and R. S. Lemons, whose places of residence are unknown to Plaintiffs and to plaintiffs' attorneys, show and represent to the Court:

That heretofore, on the 1st day of January, 1913, plaintiffs were lawfully seized and possessed of the following described tract of land, situate and being in Hale County, Texas, holding, owning and claiming same in fee simple, to-wit: Beginning at an iron pipe 1,853 feet south of a wagon spindle driven in the ground at the center of the D. P. Goodwin Homestead Pre-emption Survey of 160 acres; thence south 990 feet; thence west 987.1 feet; thence north 990 feet; thence east 987.1 feet, to the place of beginning, containing 22.43 acres of land; and that on the day and year aforesaid the defendants unlawfully entered upon said lands and premises and ejected plaintiffs therefrom and unlawfully withhold from plaintiffs the possession thereof, to plaintiffs' damage in the sum of two thousand dollars. Plaintiffs further show that they hold, claim and have title to said tract of land by title as follows:

Patent from the State of Texas to plaintiff Ed M. White, No. 282, Vol. 30, of record in the Patent Records of Hale County, Texas, Vol. 1, page 209; and that defendants have no title to said lands or any part thereof, so far as these plaintiffs know, unless it be under the deed hereinafter mentioned. And for further cause of action against said defendants, W. V. Kennedy, Edward Kennedy and R. S. Lemons, these plaintiffs show to the Court that on the eighth day of January, 1909, plaintiffs signed, acknowledged and delivered to said W. V. Kennedy a certain instrument in writing, a general warranty deed, bearing date said day and year, and now of record in the Deed Records of Hale County, Texas, Vol. 20, page 280, by the terms of which deed plaintiffs conveyed to said W. V. Kennedy certain lands in Hale County, Texas, described in deed as follows: Beginning at an iron pipe 1,853 feet south of a wagon spindle at center of the D. P. Goodwin Survey; thence South 990 feet to stake; thence West 987.1 feet to stake; thence North 987.1 feet to stake, containing 22.43 acres of land. And plaintiffs show to the Court that said deed of conveyance is invalid and not binding against these plaintiffs, and should be cancelled, annulled and held for naught, and the record thereof should be cancelled, annulled and held for naught, for the following reasons:

1st. At and prior to the time of the making of said deed, plaintiffs lived at the Town of Petersburg, Hale County, Texas, and had and owned and possessed certain other lands besides the lands in said deed described, and were, together with many other persons residing in and about said town, very desirous of seeing a railroad constructed into said town, and of seeing said town and the community thereabout grow and develop; and that said defendants, W. V. Kennedy and Edward Kennedy, at the time of the executing of said deed and before then, came to said town of Petersburg and represented to plaintiffs and promised and assured plaintiffs that if they, plaintiffs, and other persons would do certain things, including the conveyance to said W. V. Kennedy the lands in said deed described, that they, the Kennedys, would build, construct and complete a railroad from Memphis, Texas, to and through the said Town of Petersburg, and would complete said railroad and have trains running thereover within two years from that time; and represented to plaintiffs that they, said Kennedys, were able financially and otherwise able to so build, construct and equip such railroad, and would so build, complete and equip same and have trains running thereover within two years from that date, if plaintiffs would execute said deed.

That plaintiffs had no knowledge of the matters about which such representations, promises and assurances were so made by said Kennedys, and relied wholly on the said representations so made by them, and, so relying on said representations, signed, executed and delivered to said W. V. Kennedy said deed; and that they would not have so signed, executed or delivered said deed to said W. V. Kennedy but for said representations, promises, agreements and assurances so made by said Kennedys.

And these plaintiffs further show to the Court that all and every of said representations, promises and assurances so made by said Kennedys were falsely and fraudulently made by them for the purpose of swindling plaintiffs out of their said land, and were made without any expectation or intention of fulfilling them or complying with or performing them, and without any ability to perform or keep them. That said Kennedys were, in fact, mere adventurers, without any financial standing or ability. And plaintiffs say that the execution and delivery of said deed was procured by fraud.

And these plaintiffs further show that said deed was signed, executed and delivered by plaintiffs to said W. V. Kennedy, they, plaintiffs, relying on said representations, promises and assurances so made by said Kennedys, as aforesaid; and that no money or other thing of value whatever was given to plaintiffs or received by them for said land in said deed described or for the execution and delivery of said deed, and that the only consideration for said deed, and for said land in said deed mentioned, was the said representations, promises, assurances and agreements on the part of said Kennedys, as above set out, and to the effect that they, said Kennedys, would build, construct, complete and equip a railroad into and through said town within two years from the said date of said deed, and have trains running over said railroad within that time; and plaintiffs further show the Court that said Kennedys have wholly failed to perform or do any of the things which they so represented, promised and assured plaintiffs that they would do, and have broken each and every representation, promise and assurance so made; that no railroad has ever been built into or anywhere near said town of Petersburg by said defendants or any other person; and

that plaintiffs have gotten nothing whatever for their said land; and plaintiffs say that said deed is absolutely without any consideration to support it, and that the consideration therefor, if any there ever was, has wholly failed. And Plaintiffs further say that said W. V. Kennedy and Edward Kennedy were acting together in all said matters.

Wherefore, plaintiffs pray that defendants be cited to answer this petition, and that upon a hearing hereof that plaintiffs have judgment for the title, restitution and possession of the lands hereinabove described; that said deed and the record thereof be cancelled, annulled and declared void; that plaintiffs have judgment for costs of suit, and that they have all other and further relief both in law and in equity to which, under the evidence, they may be entitled.

Attorneys for the Plaintiffs.

HEREIN FAIL NOT, And have you before said Court, on the said first day of the next term thereof, this Writ, with your endorsement thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office, in Plainview, this, the 27th day of June, A. D. 1913. (SEAL) B. H. TOWERLY, Clerk District Court, Hale County, Texas. By W. H. BOX, Deputy. 40

CITATION BY PUBLICATION.

THE STATE OF TEXAS, To the SHERIFF or any Constable of Hale County—GREETING:

You are hereby COMMANDED to SUMMON the heirs of W. H. H. Kilty, by making publication of this citation in some newspaper of Hale County, Texas, if there be a newspaper published therein, but if not, then in the nearest county where a newspaper is published, once in each week for eight successive weeks previous to the return day hereof, to be and appear before the Honorable District Court of Hale County, Texas, at the next Regular Term thereof to be holden in the County of Hale, at the Court House thereof, in the City of Plainview, Texas, on the 4th day of August, 1913, then and there to answer a petition filed in said Court on the 23rd day of May, 1913, in a suit numbered on the docket of said Court, No. 960, wherein B. E. Crego is plaintiff and the heirs of W. H. H. Kilty, deceased, are defendants; the nature of the Plaintiff's demand as stated in said Petition being as follows:

STATE OF TEXAS, County of Hale. )

IN THE DISTRICT COURT, August Term, 1913.

To the Honorable District Court of said County:

Now comes B. E. Crego, of Aurora, State of Illinois, hereinafter styled Plaintiff, and, complaining of the Heirs of W. H. H. Kilty, deceased, whose names and places of residence are to Plaintiff unknown, hereinafter styled Defendants, shows and represents to the Court:

That heretofore, on the 1st day of August, 1912, Plaintiff was lawfully possessed of the following described tract of land lying and being situate in Hale County, Texas, holding, owning and claiming the same in fee simple, to-wit: The J. L. King Homestead Pre-emption Survey, described by metes and bounds as beginning at the Northeast corner of the W. F. Addison Survey; thence east 950 varas; thence south 950 varas; thence west 950 varas, to the northeast corner of the J. McClinton Homestead Pre-emption Survey; thence north to the place of beginning, and containing one hundred and sixty acres of land; and that on the day and year aforesaid the Defendants unlawfully entered upon said premises and ejected the Plaintiff therefrom and unlawfully withhold from him the possession thereof to his damage in the sum of Three Thousand Dollars.

Plaintiff further shows to the Court that he claims and owns said land by chain of title as follows: 1st, Patent from the State of Texas granting said land to J. L. King; 2nd, Deed of General Warranty from said J. L. King and wife conveying said land to Herman Schulz, dated October 1st, 1908, and of record in the Deed Records of Hale County, Texas, Vol. 17, pages 203-4; 3rd, Deed from said Herman Schulz conveying said land to W. H. H. Kilty, dated May 27th, 1910, and of record in the Deed Records of said Hale County, Texas, Vol. 24, pages 623-4, in which deed of conveyance the Vendor's Lien was expressly retained to secure the payment of four notes of even date with said deed, each for the sum of \$425.00, and due respectively July 1st, 1912, 1913, 1914 and 1915, and each note providing that failure to pay any note or any installment of interest when due shall at the option of the holder mature all said notes; 4th, Transfer and assignment from said Herman Schulz of said notes to this Plaintiff, which transfer and assignment also conveyed to this Plaintiff all the right, title and inter-

est owned or held by said Herman Schulz in or to said land, and which transfer and assignment was in writing, dated July 1st, 1910, and recorded in the Deed Records of Hale County, Texas, Vol. 25, page 357, and conveyed to this Plaintiff the superior legal title to said lands;

That the only title or interest in or to said lands or any part thereof held or claimed by Defendants, so far as known to this Plaintiff, is under said deed from Herman Schulz to said W. H. H. Kilty, above described. And Plaintiff says that said notes in said deed mentioned are long since past due and have never been paid, and are and remain wholly unpaid, and Plaintiff has rescinded said contract of sale, because of the failure on the part of Defendants and said W. H. H. Kilty to pay said notes. And Plaintiff further shows that said W. H. H. Kilty is dead.

Wherefore Plaintiff prays that Defendants be cited by publication as provided by law in such cases, and that upon a hearing he have judgment for the title, restitution and possession of said above described tract of land, and for all relief to which under the law and the evidence he may be entitled.

MATHES & WILLIAMS, Attorneys for the Plaintiff.

HEREIN FAIL NOT, and have you before said Court on the first day of the next term thereof, this WRIT, with your return endorsed thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at my office in Plainview, this the 23rd day of May, 1913.

QUEER NAMES OF TEXAS TOWNS.

"What's in a name? A rose by any other name would smell as sweet."

Those are the words of the great bard whose name is known throughout the civilized world, and for many purposes they make a statement which is substantially correct.

There are hundreds of smaller towns in the State of Texas which have the queerest names, and every name has a meaning.

Take, for instance, Razor, in Lamar County. This is undoubtedly the little village where the barbers come from, or at least the name would imply as much.

The quiet, peaceful ones come from Placid, McCullough County; the jolly, jovial, funny fellows from Jolly, in Clay County, and those religiously inclined would be found to have lived in Blessing, Paradise, Angeles, Eden, Glory, Grace, Bishop, Elysian Fields or Sublime.

Some of the happiest persons in the State were no doubt born at Happy, Joy, Sweet Home, Gay, Bliss, Blythe, Holiday or Lark, and it is reasonable to suppose that those matrimonially inclined came from Ringgold, True, Comfort, Bliss, Bells or Reno.

Possibly some one has been wondering where all the successful men came from, but the problem is easily solved when it is remembered in Texas are the towns of Worthy, Industry, Energy, Grit, Ginger, Thrift, Merit and Rising Star.

Perhaps, too, the clothiers came from Coats, in Taylor County; the

POEMS ASKED FOR.

You Kissed Me.

You kissed me; my head Drooped low on your breast, With a feeling of shelter And infinite rest; While the holy emotion My tongue dared not speak Flushed up like a flame From my heart to my cheek. Your arms held me fast; Oh! your arms were so bold; Heart beat against heart In their passionate hold; Your glances seemed drawing My soul through my eyes, As the sun draws the mist From the sea to the skies; And your lips clung to mine Till I prayed, in my bliss, They might never unclasp From that rapturous kiss.

You kissed me; my heart And my breath, and my will, In delicious joy For the moment stood still. Life had for me then No temptations, no charms, No vista of pleasure Outside of your arms; And were I this instant An angel possessed Of the glory and peace That are given the blest, I would fling my white robes Unrepiningly down, And tear from my forehead Its beautiful crown, To nestle once more In that haven of rest, With your lips upon mine And my head on your breast.

You kissed me; my soul In bliss so divine Reeled and swooned like a foolish man Drunken with wine; And I thought 'twere delicious To die then, if death Would come while my mouth Was yet moist with your breath; 'Twere delicious to die. If my heart might grow cold While your arms wrapped in around In that passionate fold, And these are the questions I ask day and night: Must my heart taste but one Such exquisite delight? Would you care if your breath Were my shelter as then? And if you were here Would you kiss me again? —Josephine E. Hunt.

COMMUNITY CORRESPONDENCE

CORRESPONDENTS WANTED.

The Herald wants correspondents in every community on the South Plains. The news items of your community are of considerable interest to all of our readers. If you are willing to act as correspondent, write The Twice-a-Week Herald for further information.

ABERNATHY.

July 17.—The farmers are very busy with their crops now, but it is getting pretty dry.

Miss King, of Cleburne, Texas, is visiting her sister, Mrs. M. Z. Holland, of this place.

Mrs. Mac Mahon, of Lambkin, Texas, and Mrs. Vernon, of Cleburne, Texas, are visiting their sister, Mrs. S. E. Stanfield.

Mrs. Emma Hoagland, of Amarillo, has been in Abernathy for several days, working in behalf of the Royal Neighbors.

Mr. Andy Pettitt returned to Floydada yesterday, after a several days' visit with friends and relatives.

Nearly a hundred friends and neighbors gathered at the home of J. M. Turner last Friday evening, where they enjoyed themselves until a late hour. They were served with refreshments of ice cream and cake.

Misses Susie Ragland and Nina Farris returned from Plainview Monday, where they had been visiting a few days with friends and relatives.

Mrs. L. Kaap is quite sick at this writing.

Mr. J. C. Atwood, who has been quite sick, is reported some better.

Mr. John Yarbrough gave a party to the young people last Saturday evening, in honor of his niece who is visiting him.

Mrs. Stoddard and Mrs. Lizzie Hart, of Lubbock, assisted Mrs. Hoagland in organizing the society of Royal Neighbors of America Wednesday evening. They have twenty-four charter members.

Mr. S. W. Jones, of Bryson, Texas, is visiting his brother, J. W. Jones.

Mr. S. R. Merrill has been threshing this week. He has threshed a nice lot of grain.

Mr. and Mrs. R. M. Hester entertained their friends last Monday evening in honor of Mr. Andy Pettitt. They were entertained by out-door games, forty-two, music, and Miss Farris gave several readings which were very much enjoyed by all. Dainty refreshments were served, after which they departed, at a late hour, wishing Mr. and Mrs. Hester would soon give another entertainment.

PRAIRIEVIEW.

July 17.—The little son of Grover Lemaster is on the sick list.

The singing school here is progressing fine.

The young people from here went to Price Sunday evening, to the preaching.

Mrs. W. A. Waddell was in Plainview last week.

Mrs. Woodrow, of Plainview, was the guest of Mrs. J. A. Pullen last week.

Crops are growing nicely in this locality at present.

# Just Seven More Days of Money Saving for the People of Plainview and Surroundings

**MANY LINES STILL PRACTICALLY COMPLETE**

We Must Reduce and that Quickly so we've Cut and Slashed Prices Regardless of Wholesale Cost. Everything in Stock Cut to the Quick. Goods received during this sale have immediately been priced at near cost and included in the slaughter. Many things we wont carry over even if we have to give them away.

## Shoes! Shoes!! Shoes!!!

We have never knowingly misrepresented anything in our advertising. Read the following statement about Shoes.

**732 Pairs of Fall Shoes Were Received Yesterday**  
**Every air Goes in This Sale at Reduced Price**

These are not samples, or odds and ends but our fall stock received at a time when we have to make good our statement that everything in stock is included in this sale. They represent the picked styles from the Roberts, Johnson and Rand "Star Brand" Fall Showings.

An opportunity to buy your Fall and Winter Shoes at quite a saving.

### Further Reductions on Clothing

\$35.00 Suits now	<b>\$23.75</b>	\$22.50 Suits now	<b>\$13.50</b>	\$15.00 Suits now	<b>\$10.00</b>
30.00 Suits now	<b>19.75</b>	20.00 Suits now	<b>12.50</b>	Still have a few suits in small sizes at one-half price.	
25.00 Suits now	<b>15.00</b>	18.00 Suits now	<b>11.50</b>	This positively represents a loss to us in many instances.
