Bighty-Two Ribbons Awarded Plainview District at Panhandle State Fair.

**OVER ALL COUNTIES** 

HALE COUNTY WINS

#### **32 FIRST PRIZES**

Won at Oklahoma City Over Combined Exhibit from Five Northwestern States.

Hale County has won eighty-two ribbons at the Panhandle State Fair, from Hanby and Perry, in charge of the display at Amarillo. The Plainview district also won a special \$20

prize for the best exhibit from any irrigated district and purple sweepcounties. A letter from Messrs. Hanby and

Perry yesterday specifies 32 first Hale County displays up to that time. The exhibits from irrigated districts were divided from unirrigated displays. Of irrigated exhibits, Hale County won first on eighteen displays; Coldren Land Co. won first on two, and J. M. Boone, of Hereford, won two, according to the Amarillo News,

Hale County's exhibit at Oklahoma City won sweepstakes over the Great Northern Exhibit, which was assembled from the States of Montana, Washington, Idaho, Oregon, Wyoming and the Dominion of Canada.

At Amarillo Hale County won first and second on wheat, oats, spletz, broom corn, alfalfa seed, garden and field seed, peaches, Irish potatoes, ess plant, feterita and alfalfa hay; first on Indian corn, sheaf oats, best and largest display of manufactured products from wheat, sorghum seed, millet seed, red milo, white milo, sorchum hay, prairie hay, cow pea hay, peanut hay. Panhandle flour, wheat middlings, cotton stalks, plums, pumpteans and general vegetable display.

Second prizes were awarded to Hale County on cauliflower, winter squash, celery, radishes, four plates of peaches, eight plates of apples, best

**INCOME TAX HITS** FOR MONDAY'S MEETING. Chamber of Commerce to Select a Secretary and Arrange Exhibit for Dallas Fair.

IMPORTANT MATTERS

Monday night's meeting of the Chamber of Commerce will be extremely important to Plainview and Hale County. For that reason President J. C. Anderson is urging every man to come out to the Court House at 7:30 o'clock. The meeting was scheduled for Thursday night; many of the members were in Amarillo, and,

as Messrs. Hanby and Perry had asked for a meeting Monday night, to according to a telegram just received hear their reports, the meeting was postponed four days.

Upon the selection of a secretary depends the success of our auspicious beginning with the new movement. This matter will come up Monday stakes' ribbon for exhibit over all night. You are interested. It looks like you owe it to yourself to come out, doesn't it?

The matter of arranging an exhibit awards and 22 second prizes given to to go to Dallas will also be taken up at that meeting; and the matter of a sociability run to the State Fair.

Hale County's winning of sweepstakes at Oklahoma City and the winning of practically everything offered at Amarillo makes it more imperative that the exhibit which is sent to Dallas be high grade. Wouldn't you like to help with it? It means much to win at Dallas, as we have won at Okla-

homa City and Amarillo. Dr. Anderson says the meeting will be at the Court House, at 7:30 o'clock, Monday night.

#### J. O. BROWN WINS WAGON ON INDIVIDUAL EXHIBIT.

#### Moore County Man Gets Second and Potter County Third on Special Farm Display.

J. O. Brown, of Hale Ceunay, was awarded the wagon offered at the Panhandle State Fair for the best individual farm display. This makes kin, parsnips, carrots, kershaw, dried Plainview's winnings complete; the county display was awarded first over irrigated districts and sweepstakes over all displays.

B. Dore, of Moore County, won second prize on individual farm exhibit plate of apples, best display of kaffir and J. P. Yaeger, of Potter County, and maize, white kaffir, milo seed, third. Concerning these exhibits, the Amarillo News says: "These exhibits were of striking excellence, and have been since the first and seven second awards out of Fair's opening the centers of interested and inquiring throngs. "The winning exhibit includes 119 separate varieties, and is wonderful in range and quality. Similar assertions might be made with regard to the exhibits of Messrs. Dore and TEXAS CONFERENCES 4 YEARS. Yaeger. All show what may be accomplished on a single farm under intelligent cultivation, and prove obpect lessons of convincing worth." FURNITURE SCORCHES WHEN

for Cutting Lockney Man to Await Grand Jury Action.

Indications are now that Will Rigden will recover from knife stabs he received in an encounter with Edwin McRae at Lockney Tuesday night. Rigden was brought to Guyton Sanitarium, from Lockney, by automobile Tuesday night. The run from Lockney to Plainview was made in thirty minutes. It is seventeen miles. He "Grow all you can; then if you canwas accompanied by Dr. Guest, of Lockney.

> The affair seems to have come up over a young woman with whom both men were keeping company. Rigden was stabbed a number of times in the shoulders and back. He knocked Mc-Rae down, according to testimony, bruising the young man considerably. Examining trial was held in the Justice Court at Floydada Wednesday, and McRae was placed under a \$750 bond to await the action of the grand jury in January. Mr. McRae is a son of W. T. McRae, of Plainview.

#### SANTA FE ENGINEER RECOMMENDS IMPROVEMENTS.

#### But Railroad Company Will Not Act Until City Raises Grade at Depot.

N. R. Cullings, engineer for the Santa Fe, advises Mayor Dorsett that he has recommended that his company grade up the grounds on this side of the depot and fill in the mud hole just as soon as the town raises the grade of Pacific Street adjacent to the stafeed will go a long way, Captain Til- tion 7 inches. He also wants a cement gutter to carry off the water.

Mayor Dorsett says that this grading will be done just as soon as the town can get to it. All teams are at work at places which the Mayor thinks are just as important as that, and he is not willing to change until the work now in hand is completed.

When Mr. Cullings was here last week he promised that the company would keep down the jungle of weeds which has grown this summer along Lake Plainview. He also thought that one electric light ought to be placed at the depot; he was not favorable to a light at the railroad crossing to Lake Plainview. The railroad company, he says, will not park its property along the lake front. The Santa Fe seems to think that Plainview and the Texas Land and Development Company are doing enough to beautify the town: it doesn't seem to matter that the road is taking considerable interest in parking its property in other towns; at present the company says it will not park its property in Plainview.

NUMBER SIXTY WEDNESDAY'S HAIL

## **CRUSHES WINDOWS**

Seth Ward College, Plainview Floral Company and Masonic Temple Lose Heavily.

#### **KILLS MANY CHICKENS**

Storm Area Is Less Than a Mile in Width; No Damage Done by Run-Away Teams.

It is a safe venture that more window glass was sold in Plainview Wednesday afternoon than has been any other day. The trouble was a result of the hail storm which struck town just after one o'clock that day. The hail seems to have covered an area of nearly a mile in width. It came from the southwest and passed on in about fifteen minutes.

Hale Center suffered considerably. and reports indicate that the storm continued for fifteen or twenty miles northeast. Some residents of Plainview say that some of the hailstoned were as large as hen eggs. The more conservative vouch for the statement that many of the ice balls were large as guinea eggs.

Hail this size must have formed nearly 5,000 feet above earth, according to the United States Weather Bureau. Hail falling 5,000 feet would have a velocity of nearly 600 feet a

second when it struck the ground. Four hundred windows were broken at the Plainview Green House: Seth Ward College lost about 200 glasses; practically every window on the south and west of the City Hall, Grant and Blueher's new building and the Masonic Temple was broken. Forty-6dd were broken at the Santa Fe depot. Every window on the south side of the passenger train was smashed. The Herald suffered a hundred-dollar loss in windows, roofing and stock.

When the storm began a drove of ducks on Lake Plainview rose into the air. Ten or a dozen of them dropped back into the water from effects of the hail. Mrs. J. H. Buntin says that she lost about 40 chickens, and a number of pigeons were killed at J. C. Wolverton's place, northeast of town,

kaffir or maize, sorghum and alfalfa. Capt. T. J. Tilson suggested that the best way for farmers to bridge over

their feed. It is a fact that the average American farmer loses from one-

posed to the weather, wastes it when

Economy and brains mixed with

E. A. Zollicoffer spoke on the "Past The country is all right, Mr. Zollicoffer said. There is no richer land anywhere. The country has grown from a frontier cattle ranch to a prosperous farming section.

The future of the Plains, Mr. Zollicoffet believes, depends upon the individual. The farmer must study conditions, select the best seed and grow such crops as are best suited to this the railroad's right-of-way adjoining country. Intensive farming, with irri-

and bran.

These winings are in line with Hale County's consistent record of nineteen twenty-six entries at the State Fair, in Dallas, two years ago and thirty-six first and sixteen second awards at the State Fair last year.

BISHOP ATKINS HAS HELD

#### Father of Southern Methodist Uni versity to Preach in Plainview Sunday Morning and Night.

Rishop James Atkins, of Waynesville, N. C., has held annual conferences in Texas for four consecutive years, including the series this fall. It is a remarkable record, says Rev. S. A. Barnes, pastor of the Methodist Church. Bishop Atkins is one of the one of its most eloquent pulpit orators.

#### TEACHERS ASK MOTHERS TO HELP WITH CHILDREN.

**Meeting Next Friday to Elect Officers** for the Year; an Opportunity for Service.

We, the teachers of Plainview public schools, are vitally interested in the organization of a Mothers' Club. At our first meeting only two mothers were present, but this, we believe, was due to the inclement weather. At our second meeting we didn't have enough mothers present to elect officers. Our next meeting will be held at the High School Building, Friday, Oct. 17, at 3:30 p. m.

We want the Plainview Mothers' Matthewson won his own game, in the Club to be the best in Texas, and with the co-operation of the mothers we can accomplish great good. Are you interested in the education of your child? Of course you are. Then, be sure to be present at the meeting next AND GIRL THIS WEEK. Friday. The teachers are interested, and are willing to co-operate with the mothers in making the club a success.

The following is our program for

STORK BRINGS BOY

# Goods Damaged by Rain

We had just finished uncrating and placing a full car load of new Fall Furniture when the rain and hail came and damaged our roof to such an extent that some of our big stock of Tables, Chairs, Beds, Rockers, Settees, Dressers, Chiffoniers, Kitchen Cabinets, Etc., was wet by the rain. Most of the damage was but slight, in no way effecting the usefullness of the article, in fact in some instances you will have to search to find the damage. No matter,

## OUR LOSS IS TO BE YOUR GAIN and you will be given the opportunity during the

Next 19 Buying Days Beginning Saturday, Oct. 11th and Continuing Thru Saturday, Nov. 1st

to buy new slightly damaged household necessities at big discounts for cash.

Don't understand that our entire stock has been damaged--far from it. In fact there were comparatively few pieces injured but they must be moved and the plans and prices we have made to dispose of these pieces will make it greatly to your interest to come to see us.

Now some of the biggest bargains in the least damaged pieces will go in a hurry so don't put off your inspection but be on hand the morning of Saturday, October 11th and take advantage of our misfortune.

Remember this sale is for Cash only so please don't ask us to extend credit on articles we will lose money on. There are also many undamaged lines in our stock which we have decided to move during this sale if liberal discounts will move them. You can come prepared for bargains in all lines both in slightly damaged and undamaged goods.

Also remember our policy, "If it isn't good we make it good."

NUMBER OF SPECIAL SUNDAYS F.&B SMALLER THAN SUPPOSED, Rev. William T. Demarest, Secretary

Committee to Churches Outlines Plan for 1914 Campaign Against All Social Evils.

A suggested calendar of social Sundays has just been completed by special conference committee appointed to study this subject. In the calendar sixteen Sundays of a National character are indicated, of which six are for the furtherance of social propaganda. The full report is made public from the office of The National Association for the Study and Prevention of Tuberculosis to-day.

The committee which has studied the subject consisted of Philip P. Jacobs, Assistant Secretary of The National Association for the Study day; June 28th, Independence Day and Prevention of Tuberculosis; Or- Sunday; September 6th, Labor Sunlando F. Lewis, Secretary of the day; October 25th, Prison

#### NOTICE.

All annozesements of any church pertaining to services a: . welcome to the columns of The Herald FREE; but any announcement of a bazaar, ice cream supper, or any plan to get money, is looked upon as a business proposition, and will be charged for secordingly.

#### Subscription Price .... \$1.50 per year (Invariably in advance)

Had it ever occurred to you that a town knocker is a community parasite.

Even T. R. is overshadowed by Matthewson and Bender. The "mighty one's" proposed hunting tour of South America is attracting scant attention.

#### FOR ANOTHER MILLION.

Announcement is made that Rev. J. T. McClure will go to New Mexico in November to begin a campaign for another million dollars for Southern Methodist University. Texas raised the first million. This time the Methodists of sister states are coming in. Southern Methodist University's campaign during the last year is without a parallel. With another million added to its endowment the school will be better equipped for beginning work next September than any other Methodist institution has ever been.

The Methodists of Texas have cause for gratulation at their success in this movement-for it is the people's crowded, jostled, shoved. The old institution.

At a time when millions of dollars harm. are being poured into the coffers of A scoutmaster observed all of this, Texas), it is gratifying that the church that she suffered no inconvenience. great majority of the men who have lestation. And the boys were happy

#### DENTISTRY FOR TREES.

Whether it is a shade or a fruit tree, little judicious treatment of a cavity will often save the tree for many years of usefulness. Whether it be a branch or the main trunk the treatment will be the same. First, all decayed or apparently decaying or diseased wood should be removed with a sharp chisel or knife until perfectly sound heart-wood is exposed. Immediately wash the wound with a solution of copper sulphate, in the proportion of one pound of sulphate to five gallons of water.

As soon as this has been done fill the cavity with a thin mortar made by mixing one part of cement with three parts of clean sand. When it has become stiff, but not hard, face it on the outside with thin cement, using a trowel to smooth the cement over all parts that have become injured. If a cavity or split should occur near a fork of the tree it would be an additional safeguard to put a long bolt through both branches, so as to hold them together. When the cement hardens in a cavity the trunk will be perfectly solid and decay will be arrested.-Farm and Fireside.

ALFALFA LUMBER CO. handles best Rockvale Coal and Niggerhead PIG CLUBS FOR BOYS AND GIRLS. -Adv. tf.

Training in Growing and Fattening Hogs Is the Purpose.

Training the boys and girls on the farms in the fine art of growing and fattening hogs is one of Uncle Sam's latest applications of the club idea. This work is being carried on by Bradford Knapp's farmers' co-operative department, through the bureau of animal industry.

It has been in progress only about two years, but during that time remarkable results have been achieved by the young members of these clubs, particularly in the South. In Louisiana last year there were ninety-seven hogs at the State Fair, and the grand champion Duroc sow in this lot was raised by one of the boy members of a pig club. At one county fair in that state last year all the prizes for hogs were taken by club members.

This year the bureau has started the club work in Alabama, ten counties entering and offering prizes in addition to those regularly given by the state and county fairs. In a short while the bureau will have issued bulletins dealing with the progress of this work and, according to the experts, will have some striking examples of what can be done by the youngsters on the farm when their efforts are properly directed and encouraged .-- Country Gentleman.

#### HOME-KEEPING WOMEN NEED HEALTH AND STRENGTH.

The work of a home-keeping woman makes a constant call on her strength and vitality, and sickness comes through her kidneys and bladder oftener than she knows. But if she There is something in the air at this time of the year that has a very drydemulcent remdy that gives prompt

Ted School Shoes-made to stand the racket.

These hats are in a various colors and # very attractive. Without the shoe purchase the hats sell for 25 cents each.

## Mothers, Listen!

You know from experience how quickly a boy wears out clothes -- a month of play and healthful exercise and a new suit generally looks like an old one. Have you ever examined the famous

Hercules All Wool Shower Proof Suits for Boys They cost the same but they wear longer. "Seeing is believing." Come in and look. Each reinforced seam speaks for itself--even the linings of special made Herculone show the strength that characterize the make of the suit all the way through.

We have a nice line of simple, well made washable colored dresses for the school girls. The fabrics are tough, well sewed and attractive and best of all the prices are moderate.
