

# The FRIONA STAR

VOLUME 67, NUMBER 39

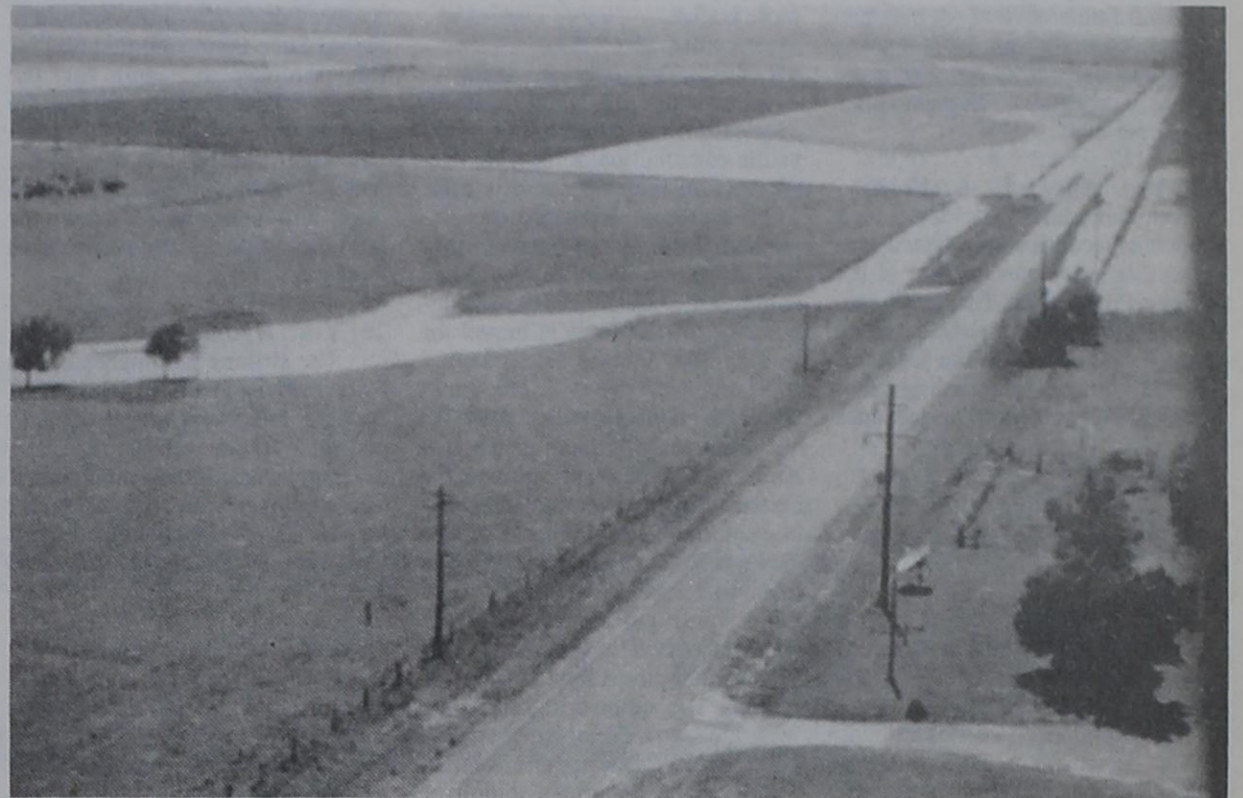

SATURDAY, JULY 4, 1992

50¢

TEN PAGES

**CROP DAMAGE....**Crops in the Friona area suffered severe damage following last Saturday night's rash of thunderstorms.

**BIRDSEYE VIEW....**This is a view of standing rain water west of Wilson's hill on FM 1731 west of town.

**MORE WATER....**The portion of Frio Draw which runs behind the Ralph Wilson home west of Friona seemed to be one of the locations with the swiftest running water.

## Turbulent Weather Threatens Friona

Another round with Mother Nature has left many area farmers with heavy losses.

Many wheat farmers squeaked by with a record harvest, with approximately 75% of the 1992 wheat crop in the elevators before Saturday evening's barrage of wind, rain and hail. But, cotton farmers, on the other hand, have little or no hope of seeing a crop this fall, causing morale to be extremely low in the cotton industry.

Numerous corn crops were battered and lost due to the various sizes of hail that were reported. The hailstones ranged from pea-sized to baseball-size in isolated cases.

Probably the least damaged of the local crops would be the sugarbeets, as they are much more resilient at this point and can take a beating without too much damage.

The heaviest damage was in the Bovina area and locations between Bovina and Hub, where several farmers saw total losses to both their corn and cotton crops.

The storms moved in early Saturday evening with funnel clouds being spotted northwest of Friona just before sunset. Before the night was over, the area was hit with torrential rainfall, hail, severe lightning, wind and was threatened with several tornadoes. There were three confirmed tornadoes, one unconfirmed sighting and most likely some went unseen.

Up to four inches of rain were received in some areas causing flooding northwest of Friona and north of Bovina. Travel proved impossible to several motorists whose vehicles were swept off the road or simply stalled out in the rapidly rising waters.

Local residents were hit with one severe cell after another until the early hours Sunday morning. However, considering the potential of the storms, Friona folks fared well, as very little damage resulted inside the city limits.

In talking with one local insurance agency, there had not been any claims from inside Friona. Most property damage was in the outlying areas.

All in all, sleep may have been the biggest loss to most of us, and we concede, that is an extremely small price, considering the losses of some of our neighbors and friends.

## Coaching Changes Are Made At FHS

James Morton has been elevated as the head football coach at Friona High School for the 1992-93 school year.

Coach Morton graduated from Eastland High School and played college football at Ranger Junior College and West Texas State University. He served as a graduate assistant at WTSU in the 1988-89 season before moving to the University of Richmond as an assistant coach in 1989-90.

He then returned to WTSU as an assistant coach for the 1990-91 season before coming to Friona as the offensive coordinator in 1991-92.

Coach Morton received his Master's Degree from WTSU and replaces Steve Williams, who has resigned.

Other coaching changes at Friona High School include:

\*Tonya Saul has been hired as assistant girls basketball coach and

head track coach. Ms. Saul is a native of Idalou, graduated from Wayland Baptist University and has been at Frenship the past two years.

\*Mario Martinez has been named the head tennis coach. He is a native of Hart and graduated from Panhandle State University. He served as the head tennis coach at Stratford High School five years and at Sunray High School eight years.

\*Curtis Cotten will serve as head baseball coach for the 1992-93 year. He is a native of Hereford where he was named to the all-district baseball and football teams his senior season. Coach Cotten served as the assistant baseball coach at Hereford High School the past two seasons.

\*Bob Ferguson is a new assistant coach. He is a native of Plainview and has been coaching at Dumas the past four years.

**FLOATING BALES....**These round bales of hay were washed away from where they were arranged neatly in rows near the Kregg Wilson home east of Bovina.

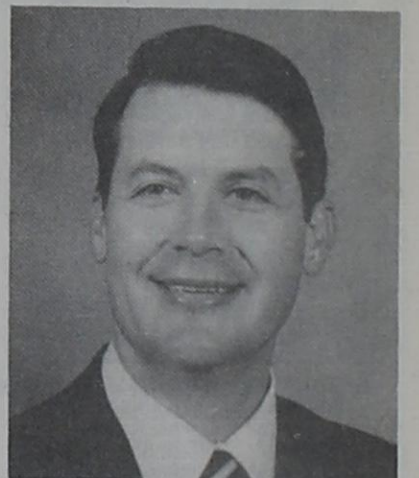

## K. Wiseman Is New Principal

At a special called meeting of the Friona ISD Board of Trustees on June 29, Kevin Wiseman was named the new principal at Friona Junior High School for the 1992-93 school year. Wiseman replaces Tommy Hancock, who resigned to become the principal of Aspermont High School.

Wiseman graduated from Friona High School in 1973. While at Friona High School, he served as president of his senior class and was selected Outstanding Young Person by the Friona Chamber of Commerce. He participated in football, basketball, ran track and was in Future Farmers of America.

He received his B.S. Degree from Wayland Baptist University in 1977 where he graduated with cum laude honors. He participated in track at Wayland and was selected to Who's Who in American Colleges and Universities. Wiseman received his Master of Education Degree from West Texas State University, Canyon, in 1981.

He served as a teacher and assistant coach in Plainview High School, Muleshoe High School and Snyder High School before being named as the principal of Petersburg High School in 1988. He has

**KEVIN WISEMAN**

been the high school principal at Petersburg for the past four years.

Kevin is married to the former Carolyn Murphree and they have three children: Sheila, Kyle and Brian. Carolyn will be teaching first grade in the primary school this fall.

Superintendent Hal Ratcliff stated: "We are very happy to have Kevin and Carolyn join our professional staff. Kevin is very articulate and with his broad base of experience, he will be an asset to the junior high campus."

## Warning Signals Are Explained

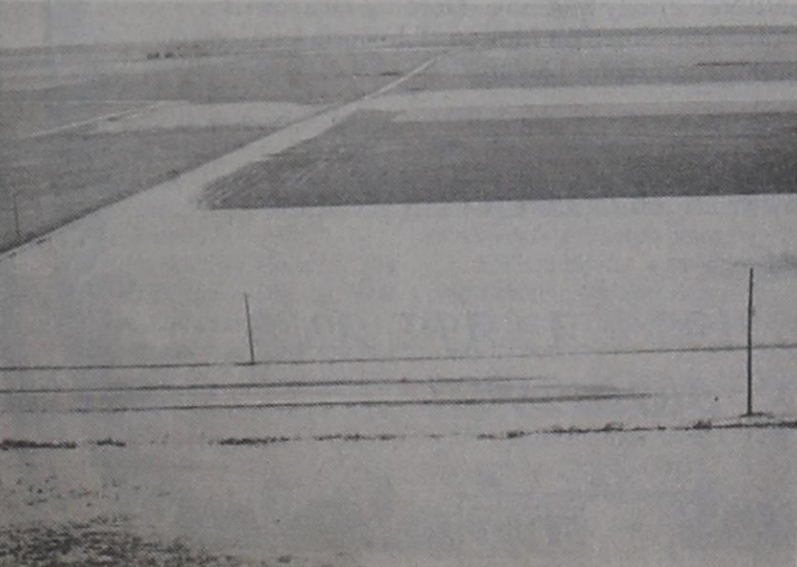

In light of last Saturday's severe weather, the city of Friona would like to update the citizens on the siren warning system.

The signal for a tornado is one long continuous blast. The all clear signal is three short blasts and the fire signal is one long and two short blasts. All of these signals will cycle two times. We realize that in some parts of town the siren is difficult to hear, especially in severe weather.

Please stay tuned to your television set where the warnings will also be sent out through the cable system. The warnings can be heard on any station. Some people had difficulty receiving the warnings Saturday evening if they were

### Thank You

We want to thank our photographer, Lisa McLellan, for getting out and taking all the storm pictures. Also, our thanks to Glen Herring, pilot, for taking Lisa flying and enabling her to get the aerial shots.

**WET VIEW....**Water could be seen standing everywhere after Saturday evening's thunderstorms. This shot was taken Sunday afternoon west of Friona.

**FRIO DRAW....**This photo shows the full draw as rainwater overflowed its banks following Saturday night's storms.

# Friona Flashbacks

....from the files of The Friona Star

**60 Yrs. Ago-July 8, 1932**  
Several weeks ago, Mayor Reeve called a meeting of any and all male citizens of Friona who would be willing to enlist in a volunteer fire department for Friona. It is painful to relate that not one man responded to the call, yet it appears that practically all of our people are strongly in favor of Friona having a fire department.

**50 Yrs. Ago-July 3, 1942**  
Sometime last Tuesday, a long and fairly comfortable bench was placed by someone in front of the Friona Post Office, for the convenience of those who have the spare time to loiter there. The ladies of Friona and the surrounding community are protesting the presence

## Letter To The Editor

Dear Bill,  
After the severe weather we had Saturday night, I think a lot of people need to be patted on the back.  
Our Volunteer Fire Department, Police Department, DPS, sheriff's personnel and emergency personnel - what a great job you did. Thankfully, we didn't get hit like Frith but we very well could have.  
I'm glad they were out there, most of them are volunteers, just to make sure we don't get blown away. We knew what was going on before the National Weather Service did. They didn't get much sleep that night, some none at all, just to make it safe for all of us.

There are too many to name, but you know who you are and I personally thank each and every one of them. So, if you see one of them, just shake their hand, pat them on the back and say "thanks".  
I am glad they are out there. It's a dirty job but someone has to do it. Keep up the good work guys and thanks again.

Sincerely,  
Jimmy Walker  
807 Prospect  
Friona, Texas 79035

of the bench, as during the busy harvest season many of the wives or daughters come for the mail and they claim that there are already too many men loafing there to stare at them. The bench, they feel, invites more loafers.

**40 Yrs. Ago-July 3, 1952**  
Early signing of the right-of-way easements is necessary to expedite construction of the rural telephone line mapped for this area, Leo Forrest of Hereford has explained. Miss Mary Reeve is working on the project in the Rhea community. Contract for the construction of the lines is hoped for by July 30.

**35 Yrs. Ago-July 3, 1957**  
Contracts were let this week to Kerr and Middleton of Lubbock for constructing additional farm-to-market roads in Parmer County. Two projects are involved. One is from FM Road 690 at Oklahoma Lane south and southwest to the Bailey County line, where it will join another paved road already existing. The other will link Rhea with the two FM pavements running north of Bovina and west of Friona. The combined length of the two projects is about 14 miles.

A rattlesnake struck Monday afternoon from its hiding place in wheat stubble, biting Pamela Ann Jones, 13. She was treated in Parmer County Community Hospital and reported in satisfactory condition by officials at the hospital.

**30 Yrs. Ago-July 5, 1962**  
There have been a lot of unconfirmed reports about fish being found in irrigation ditches, barrow ditches and the like, but H.G. Houston, who farms three miles southeast of Friona, has gone them one better. Houston captured one of the phenomenon in an irrigation ditch on the J.L. Stowers farm Monday morning and brought it to the Friona Star office for photographing. The specimen was about two and half inches long, and was sort of silvery colored, with flecks of gold.

**25 Yrs. Ago-July 6, 1967**  
The Friona Industrial fund drive brought in a total of \$104,164.94, according to a report this week from the Friona Industrial Development

Corporation. Members of the non-profit corporation said they were making the announcement in the response to many inquiries as to the amount the drive raised, and to the dispersal of funds. Only one check has been drawn from the account at Friona State Bank, and that was for the purchase of land for the Missouri Beef Packers' site, in the amount of \$95,000. This leaves a balance in the fund of \$9,164.94, which members of the corporation hope will continue to grow, for possible future use by prospective industries.

**20 Yrs. Ago-July 6, 1972**  
The striking employees of the Friona Division of Missouri Beef Packers, Inc. voted July 2, 1972 to end their five-month-old strike by accepting a new three-year contract. The employees are represented by local P-777 of Amalgamated Meat Cutters and Butcher Workmen, AFL-CIO.

**15 Yrs. Ago-July 3, 1977**  
Parmer County once again rated high in the 1977 Fed Cattle Production report for the High Plains, compiled by Sam Thomas and the Agricultural Development Department of Southwestern Public Service. Parmer County had to settle for fourth for total cattle fed among Texas counties for 1976, with 282,062 head of cattle. Parmer's one-time capacity is 273,500, just below Deaf Smith's capacity.

**10 Yrs. Ago-July 27, 1982**  
Union Congregational Church is 74 years old, and the United Church of Christ, their denomination, is 25 years old. A special service will be held on June 27 celebrating both the 74th anniversary of the local church and the 25th anniversary of their denomination.

**5 Yrs. Ago-July 4, 1987**  
The Great American Race, featuring 100 classic car entries, was slated to pass through Friona Friday (July 3) afternoon between 2:30 and 3 p.m.

The Friona area has been sweltering in summer heat during the past week. The mercury hit a season high of 95 on Thursday. Making it even more uncomfortable was the higher than usual humidity.

## Prairie Acres Party Line

By Carol DeLeon  
We're very happy to announce that the repairs on the roof are sound. Saturday night was certainly a good test for finding any leaks. I'm sure that was an exciting night for everyone, but it sure was for the staff and residents here.

A big congratulation is in order to one of our staff members, Brandy Chaney, on the birth of a healthy baby girl.

We want to wish Susie Pruitt the best of luck and happiness. She has moved to Buffalo, Oklahoma to be closer to her daughter. Like I said we wish her well, but we will also miss her.

Thank you's go to: Friona Methodist Ladies for doing hair care last week; Bovina Church of Christ for hair care this week; Mr. and Mrs. Loy McRae, Otha Davis' brother from Sunray, for the coffee that he donated for the staff to enjoy; Lillian McLellan for the beauty shop supplies; Gladys Wilson for sharing her beautiful

flowers with us; Anna Mae Thomas for playing the piano and organ for the residents at noon; Don and Eva Kimbrough and Maxine Bolding for the flower arrangement they donated in memory of their parents, Mr. and Mrs. H.A. Hyde.

Now, I want to announce Elda Hathcock as being voted "Resident of the Month" and Sharon Craig, LVN as "Employee of the Month".

++++  
"The best way to pay for a lovely moment is to enjoy it."--Richard Bach.

## Boy Scouts Recognized

Boy Scout Troop 56 attended summer camp at Camp Don Harrington the week of June 7.

The troop members were recognized as the honor patrol, received the super troop award and several merit badges each. Jonas Hernandez was recognized as outstanding boy in the craft division.

The troop was given special recognition for their conservation project. They placed second in the Lost Duckmen Contest, showing some of the bigger troops that Friona is to be reckoned with.

Troop members are Jonas Hernandez, Nicholas Shrode, Tony Williams, Chad Stevick and Mac Fields. Roger Fields is Scoutmaster and Steve Shrode and Gary Williams are leaders.

## Phenomenon Of The West Texas Tornado

One of the strongest tornados we have had this year was an F2 strong tornado that occurred in Parmer County, just northeast of Farwell. On the early evening of March 26, strong thunderstorms began to develop along a dryline in extreme eastern New Mexico. Remember, the dryline is a boundary between dry and moist air and is often a trigger for thunderstorm development. As the dryline moved into the Texas Panhandle, one of the storms developed into a strong thunderstorm.

Damage was reported at 6:35 p.m. and there was still daylight at this time. Based on a lack of visual confirmation and initial reports of damage, it was not clear whether the storm had produced a strong downburst or a tornado.

The mystery was solved very easily with an on-site damage survey. During the drive to Farwell, it was quickly evident that the thunderstorms had produced heavy rainfall. Water had ponded in fields and ditches. Jim Curtis (Farwell Emergency Manager) and Rex Williams (Parmer County Sheriff), were quite nice in providing details on the damage and taking us on an inspection of the damage.

The inspection revealed damage to two residences just northeast of Farwell. At this time the tornado was confirmed based on two pieces of evidence. First, large trees were found to be completely uprooted. Second, a large wooden beam traveled 200 yards and smashed into a brick home.

Generally, damage caused by large missiles is produced by a tornado. One of the strangest things found in the damage was that one end of a large tin metal structure had been lifted completely off the ground and very little damage occurred to the heavy machinery inside.

Still, there was the mystery of why no one really saw the tornado. One reason was that luckily, no one was at the residences that experienced damage. A couple of people did see the roof fly off the building they were in, but initial thoughts were of downburst winds. As it turns out, the roof was probably torn off by the outer winds of the tornado.

The large amounts of rain and lack of visual tornado confirmation, indicate the thunderstorm was a Heavy Precipitation (HP) supercell.

This type of storm produces very heavy rainfall and makes tornado spotting quite difficult. Also, many times the wall cloud can develop on the right front side of the thunderstorm. Therefore, even if a spotter is on the right rear side of the storm, rainfall can obscure the view under the normally rain-free base.

The following information are excerpts from preliminary Storm Data Tornado reports that are prepared at the National Weather Service in Amarillo.

Strong thunderstorms developed along a dryline in extreme eastern New Mexico March 27. As the storms moved east into Texas one of the thunderstorms developed into an HP supercell. A tornado (F2) developed in the thunderstorm and touched down just northwest of Farwell. At this location the tornado damaged two residences. A NWS survey revealed evidence of small to large missiles.

West facing windows were completely blown out from both residences. In one of the homes, the wind moved through the attic areas and pushed out through a ceiling located in the garage. At this same residence, a large tree was uprooted and a travel trailer was upended and destroyed.

As the tornado continued northeast, it destroyed power lines and power poles. Seven miles northeast of Farwell, the tornado completely totaled an old wood constructed home. Further to the northeast the tornado lifted a quonset type barn completely over and to the west of its foundation. Several pieces of heavy machinery inside the structure were left unharmed.

The tornado lifted just south of Bovina, but before doing so, outer winds tore the roof off the Caprock Feeders building just south of Bovina. Throughout the 10 mile path length, wheel type irrigation systems were overturned.

As the thunderstorm continued moving northeast, quarter size hail was reported in Friona. Then, a second tornado (F1) developed and touched down briefly just west of Friona. Power lines were downed and a grain storage facility was destroyed. One of the tin metal silos was lifted into the air across a major highway and came down to rest some 400 yards to the northeast.

## Mia Jennings To Compete

Mia Jennings, daughter of Mr. and Mrs. Joe Bryan Jennings of Lazbuddie, will compete in the Miss Texas Scholarship Pageant July 5-July 11 in the Tarrant County Convention Center in Fort Worth.

Mia won the title of Miss Lake Meredith by competing in the Miss Texas Preliminary last November in Borger, Texas.

The Miss Texas/Miss America Pageant involves four areas of competition. A 10-minute private interview with the judges composes 30 percent, talent provides 40 percent, and evening gown and swimsuit comprise 15 percent each.

For talent, Mia will perform at the piano "Rhapsody in Blue," by George Gershwin. Mia's first piano teacher, Dr. Cecil Bolton of Oxford, Mississippi, edited the piece for her, and Bob Wood of Nashville, Tennessee, recorded a background orchestral accompaniment tape. Mia will perform her talent competition on Friday evening, July 10,

at the pageant. Mia will be a junior at Baylor University where she is a Dean's Honor Roll student majoring in accounting with a piano performance minor. At Baylor, Mia is a member of Delta Delta Delta, Gamma Beta Phi, Alpha Lambda Delta, Mu Phi Epsilon, BSU Big Brother-Big Sister Program, Greek Council for Christ, and various intramural athletics. This past spring she was selected Baylor Beauty and elected Phi Gamma Delta Sweetheart.

In the Miss Texas Pageant, Mia is sponsored by the Borger Chamber of Commerce. Her director, Mrs. LaRona Maxwell, encourages all friends who wish to send best wishes to call the Forget-Me-Not Florist & Gift Gallery in Fort Worth at 1-800-1234-MARY. Cards may be mailed to Mia Jennings, Miss Lake Meredith, Radisson Plaza Hotel Fort Worth, 815 Main Street, Fort Worth, TX 76102. The pageant finals will be telecast on Saturday, July 11, 1992.

## Lyme Disease Cases Are On The Increase

Researchers this week announced the discovery of a vaccine effective in protecting lab animals from Lyme disease. Human clinical trials on the new vaccine however, will not begin until later this year. "Until the vaccine is available to the general public, it's still extremely important for people to

be aware of, and protect themselves, from the disease," said Lowell Johnson, M.D., a family physician on Methodist Hospital's medical staff.

Second only to AIDS, Lyme disease is the fastest growing infectious disease in the country-cases of the disease have been reported in all states, with the exception of Hawaii, Alaska, and New Mexico. A greater incidence of Lyme disease is found during the summer months, when people tend to be outdoors.

The disease is caused by a tiny infectious spirochete which lodges in ticks. These ticks (which usually feed on forest and marsh animals, such as deer and mice) can then bite and infect humans.

"In the majority of cases, a bulls-eye shape rash appears anywhere from three to 32 days after the bite," Dr. Johnson said. Other symptoms of the disease include fatigue, fever, headache, chills and painful joints and muscles.

Prompt treatment with antibiotics is successful in most cases. "But, if left untreated, the disease can lead to arthritis, irregular heart-beat, meningitis, facial paralysis and other nervous system complications," Dr. Johnson said.

Dr. Johnson suggests the following tips to protect yourself against Lyme disease:

- \* Stay away from mice habitats, such as tall grass, wood piles, stone fences and scrub pines.
- \* When hiking, wear light-colored clothing, which makes it easier to spot ticks. Tuck long pants into socks or boots.
- \* Spray repellent on clothing to repel ticks on contact.
- \* After outings, check clothing, skin and pets for ticks.
- \* If you should discover a tick, grab it close to the skin's surface with tweezers. Pull it out straight back, slowly--crushing it could disperse the infectious spirochete.
- \* Wash hands, and disinfect the area with alcohol or hydrogen peroxide.

*Facts About The* **BIBLE** *BY JOHN LEHTI*

**THERE WERE GIANTS IN THE LAND**

THROUGHOUT THE OLD TESTAMENT THERE ARE SEVERAL REFERENCES TO GIANTS AS INDIVIDUALS AND AS A RACE. ONE RACE WERE THE ANAKIMS WHO HAD CITIES IN CANAAN. WHEN HEBRON WAS CAPTURED BY THE HEBREWS THE ANAKIMS ESCAPED DESTRUCTION BY FLEEING TO THE CITIES OF THE PHILISTINES. BUT UNTIL THAT TIME THEY RULED THE LAND, TAXING THE OTHER INHABITANTS AND, IN GENERAL, CONTROLLING THEIR LIVES. THE NOTORIOUS GOLIATH OF GATH, WHO WAS KILLED BY DAVID, WAS ONE OF THE ANAKIMS. AFTER THIS INCIDENT WE HAVE NO FURTHER RECORD OF THE GIANTS.

## Emergency Farm Loan Applications Accepted

Applications for emergency farm loans for losses caused by early freeze, low water temperature, and heavy rainfall are being accepted at the Farmer Home Administration office located at 109 3rd Farwell, FmHA Acting County Supervisor Edward C. Luebken said today.

Parmer County is one of seventeen in Texas recently named by Secretary of Agriculture Edward Madigan as eligible for loans to cover part of actual production losses resulting from the early freeze, low water temperature, and heavy rainfall.

Edward C. Luebken said farmers may be eligible for loans of up to 80 percent of their actual losses or the operating loan needed to continue in business or \$500,000.00 whichever is less. For farmers unable to obtain credit from private commercial lenders, the interest is 4.5 percent.

"As a general rule, a farmer must have suffered at least a 30 percent loss of production to be eligible for an FmHA emergency loan," Edward C. Luebken said. Farmers participating in the PIK or Federal Crop Insurance program will have to figure in proceeds from those programs in determining their loss.

"Applications for loans under this emergency designation will be accepted until February 2, 1993 but farmers should apply as soon as possible. Delays in applying could create backlogs in processing and possibly over into the new farming season," Edward C. Luebken said.

FmHA is a credit agency of the U.S. Department of Agriculture. It

is authorized to provide disaster emergency loans to recognized farmers who work at and rely on farming for a substantial part of their living. Eligibility is extended to individual farmers who are U.S. citizens and to farming partnerships, corporations or cooperatives in which U.S. citizens hold a majority interest.

The FmHA office in Farwell is open from 8 a.m. to 5 p.m. Monday through Friday.

## C. Russell Is Buried Here July 3

Funeral services for Charles D. Russell, 91, of Friona, were held Friday, July 3 at 4 p.m. in Friona's First United Methodist Church.

Rev. Henry Salley, church pastor, and Rev. Archie Echols of Levelland performed the funeral services.

The burial service will be held Monday, July 6 at 3 p.m. in Fairmount Cemetery, San Angelo, Texas.

He died Wednesday, July 1 in Parmer County Community Hospital. Born in Cromo, Colorado on January 18, 1901, he married Martha M. Miller on July 30, 1925 in San Angelo, Texas. He had lived in Friona since 1945, moving here from Washington, D.C.

Russell was a member of the First United Methodist Church in Friona, was a lifelong member of the Masonic Lodge #32 Masons, Shrine and Eastern Star and American Legion for 72 years. He has been distinguished as being "Friona's last surviving World War I veteran," having served in the United States Army.

He was a retired farmer and had worked as an aircraft inspector for Parks Air College in Cahokia, Illinois and for TWA from 1934-1945.

He was the son-in-law of Mr. and Mrs. Lem Miller, an old pioneer San Angelo family.

Survivors include his wife along with several nieces and nephews. He was preceded in death by one sister and three brothers.

Pallbearers were Owen Drake, Larry Rector, Jerry Hinkle, Billy Joe Mercer, Jay Neff and Gerald Wyly.

**ROAD DAMAGE....Approximately two miles of caliche was washed away on the new stretch of Highway 60 east of Bovina.**

**FLOOD WATERS....One of the heaviest concentrations of high water was at the ten mile corner intersection of FM 1731.**

**APPARENT DAMAGE....Water apparently overflowed this culvert causing part of the asphalt to wash out as Frio Draw raged for the first time in several years.**

## Longhorn Cub Scout Day Camp Is Success

The Friona Community Center and the Reeve Lake area were the scene of 1992 Longhorn District Cub Scout Day Camp, June 10, 11, 12 and 13.

There was a total of 58 Cub Scouts who participated in addition to ten Small Fry and 16 Junior Staff plus fifteen staff members, for a total of 119 scouters in attendance.

The camp theme this year was "Scouting Olympics" and the Cubs had a very good camp and lots of fun.

There was six areas set up, with the following adult staff: Sports-Becky Perkins and Pat Randolph; Crafts-Mercedes Williams, Brenda Gamez, and Tamela Bandy; First Aid-Santos Rando and Dawn Murray; Water-Cristy Allen, Bambi Brethour; BB's-Terri Lynn Cox, Jason Slagle and Rodney Rhyn; Archery-Richard Fabela and Kyle Moody; Nature-Ara White, Darla Clark, Alfonso Gamez and Small Frys were coordinated by Sherrie Stanberry, along with Melodee Lamb, Alicia Smith, Brandi Stokes, Carrie Cox, and Shonda Bentley.

The different groups of boys were divided into different olympic groups: Skiers-Den Chief Cory Bentley; Bobsledders-Den Chief Jeremy Bentley and the Jumpers-Den Chief Chad Henry.

Awards designated by the Den Chiefs and staff members went to the following boys: most spirited Cub for the skiers went to Adam Bandy; most spirited for bobsledders was T.J. Randolph; most spirited for the jumpers was Corbin Neill.

The area staffers chose the following for special awards from their areas: sports-Sean Campbell; crafts-Dusty Clark; nature-Adam Bandy; BB's-Calvin Shields; archery-Michael Ramirez; water-Jacob Murray.

Outstanding Webelos awards went to: Mattison Cross, Jesse Allen, Randy Evans and Clifton Harris.

Outstanding Den Chief was awarded to Cory Bentley. All the staff members want to say a special "thank you" to all of the Den Chiefs: Jeremy Bentley, Chad Henry and Cory Bentley. This was a hard decision to make. All three were winners!

Special events were coordinated by Rhonda Bentley Cub Master of Pack #56. Officer Steve Jones came one day and showed the campers different firearms, and talked on gun safety. The campers (and staffers) were impressed at all the different types of hand guns, and were full of questions. Thanks Officer Jones for helping make our camp better and more enjoyable for the boys!

Richard Sammaron, and Lou

Sarono were scheduled for the special event hour for one day, but were unable to be there except for a very short time on a different day, resulting in all the boys not being able to see them. They demonstrated the proper way of weight lifting, and talked to the boys about Mr. Sammaron's trip to Russia. Thank you for being our guest; you are appreciated.

Mary Nava, Jesse Nava, Jeanette Fowler and Cindy Maldonado were in charge of the Webelos group of 22 boys. The boys built Cub Mobils, using lawn mower wheels donated by Mr. Leo Reed. They held their own Mini-Olympics and earned their athlete badge and the handy man badge.

The following Cub Scouts from Hereford attended camp: Michael Ramirez, Anthony Ramirez, Tommy Barrett, Jacob Murray, Joseph Murray, Michael Claudio, Joe Wilson, Sean Bradley, Mark Harrell, Brandon Clouse, Dusty Clark, Philip Curtis, Wayne Milam, Michael Rhyn, Quintin Gamez, Justin White, Brent Brethour, Michael Callaway, Andrew Carnahan, Jerry Coronado, Webelos from Hereford attending were: Joshua Briones, Brandon Brethour, Justin Ward, Kristoffor Hammarbeck, Daniel Carnahan, Seth Laing, Randy Evers.

Friona Cubs attending were: T.J. Randolph, Michael Stanberry, Sean Campbell, Eric Shields, Calvin Shields, Nathan Shrode, Andrew Cabrera, Steven Gustin, Adam Bandy, Corbin Neill, Daniel Perkins, Clint Cox, Lucas Diaz, Christopher Ureste, Riley Rector. Friona Webelos were: Derek Allen, C.A. Carrera, Cass Perkins, Jesse Allen, Tyson Neill, Logan Spencer, Dale Williams, Willie Barron, Matthew Mata.

Bovina Cub Scouts: John Paul Guzman.

Lazbuddie Webelos attending: Clifton Harris, Mattison Cross, Bobby Martha, Brandon Randolph.

Junior Staff Members: Austin Aycock, Hereford; Jason White, Hereford; Eric Garcia, Hereford; Jay Harrell, Hereford; Bryan Matthews, Hereford; Jay Crawford, Hereford; Tommy Evans, Hereford; Jesus Mata, Jr. Friona; Jesus Nava, Friona; Michelle Mendoza, Friona.

The Small Fry Group, which is the younger brothers and sisters of the Cubs were: From Friona: Stefan Allen, Michele Stanberry, Britney Maldonado, Beth Nava, Christy Nava, Jonathan Nava, Matthew Stanberry and Adam Perkins. From Lazbuddie: Candice Randolph.

Tammy Richards, Camp Director and Bobbie Evans, program director wish to thank all of the staff members for their time and hard work. You are appreciated, and

without you, we couldn't have a camp each year.

The following businesses and individuals donated their time and services toward the camp: Mary Rose Brito and Darla Bracken, Friona Public Library; for candy, Steve Jones for certifying leaders in BB's; Leroy Cox Hometown Hardware for plexiglass; West Side Allsupps for furnishing ice; Gebos Hereford, Potting Soil; Sally Walker Hereford for candy; Leo Reed, Friona for lawn mower wheels; and Dr. Robert Alexander for donating wood, and gourds for crafts. A special "thanks" to Paula Wilson, city manager and the city crew for the use of the community center, and for cutting the grass in the Reeve Lake area, making ready for the camp.

"Just a footnote from the Cub Scout committee: We would like to say how much the staff members are appreciated. We know how hard all these people work, coordinating, and planning, and getting ready for this camp. The actual work begins many weeks before the actual camp. Thank you so much for your time and hard work!"

## Production Opened In Amarillo

Amarillo Summer Arts Festival opened its sixth season July 1, with a revival of "The Best Little Whorehouse In Texas." This revival (the show opened the second season in 1988) is a musical comedy based on the historic closing of the Chicken Ranch in La Grange, Texas. Larry King and Pete Masterson (Angleton, Texas) have drawn on small-town Texas life and created some very bold, rich characters.

Janice Perkins-Easterday will appear once again as the proprietor of the Chicken Ranch, Mona Stangley. Robert Boyd, speech instructor at Amarillo College, will recreate his role as Sheriff Ed Earl Dodd.

Tal Lostracco of Dallas appears as a guest artist for the Summer Arts Festival and will once again play the role of Melvin P. Thorpe, who is instrumental in closing the whorehouse. Kelly Russell, speech and theatre arts director of Dumas High School, will play the Governor, based on the life of Preston Smith.

"The Best Little Whorehouse" runs July 1-12, with matinees on Sundays at 2 p.m. and evening performances at 8:15 p.m. There are no Monday performances. Tickets are \$6 each and season tickets are \$20 for four. Tickets may be purchased by calling the box office at

## Mailbox Vandalism-- Everyone Is A Loser

Through rain, sleet, snow, or dead of night the U.S. Mail gets delivered to postal customers across the nation. The elements of nature don't stop letter carriers from getting mail into a customer's mailbox, but sometimes mailbox vandalism does.

Mailbox vandalism comes in a variety of shapes and sizes from the

placement of objects inside the mailbox to the actual theft or destruction of the mail receptacle. Letter carriers and customers have reported finding bottles, snakes, snails, food, trash and even small animals inside their mailboxes. These items are usually easily removed and do not disrupt the delivery of mail. On the other hand, firecrackers, shotgun pellets, baseball bats, rocks, and even an occasional pickup truck usually do enough damage to cause an interruption in mail service until the box is repaired or replaced. Beyond

### Friona Woman's Father Buried In Raymondville

Funeral services for Isaac Alvarado, Sr., 89, were held June 30 in Our Lady of Guadalupe Catholic Church with burial following at Raymondville Memorial Park Cemetery in Raymondville, Texas.

Funeral arrangements were under the direction of Duddleston Funeral Home.

He was a lifelong resident of Immokalee, Florida. He was preceded in death by a brother, Magadaleño Alvarado, in 1975.

Survivors include his wife, Guadalupe Alvarado of the home; three sons, Isaac Alvarado, Jr. and Ilario Alvarado, both of Immokalee, and Julio Alvarado of Fort Myers, Florida; six daughters, Heronilda Madrigal and Maria Garcia, both of Immokalee, San Juana Hernandez of Groveland, Florida, Frances Gonzales of Friona, Estella Payton of California and Guadalupe Cruz of Raymondville, Texas.

He was also survived by 47 grandchildren and 39 great-grandchildren.

Pallbearers were Jessie Gonzales, Ray Cruz, Sr., Ray Cruz, Jr., Leroy Cruz, Rudy Cruz and Rohelio Cruz.

the damage to the boxes, which costs the postal customer time and money to repair or place, mailbox vandalism sometimes causes the loss or destruction of valuable and important mail.

U.S. Mail receptacles and the mail inside are protected by Federal law from theft, damage, and destruction. The violations are felonies which carry penalties of between three to five years imprisonment and/or fines between \$1,000 and \$2,000 per incident.

Through the year it has been discovered that the vast majority of incidents of mailbox vandalism are the result of juveniles playing pranks. Juveniles, those under the age of 18, cannot be prosecuted in Federal court, so frequently, even though vandalism is a Federal offense, the local sheriff or police are called upon to investigate. They can respond quickly and usually have a good idea which individuals are most likely to be involved. In addition, juveniles can be prosecuted for vandalism of mailboxes under the State law concerning criminal mischief.

The best way to prevent the destruction and vandalism of mailboxes is through education. Parents with young children should take a few moments to explain the importance of an individual's mail to them. They should also let their older children know that what may be intended as harmless prank is actually against the law and that everyone involved loses; the prankster who can end up in jail; the customer who has to pay for the repair or replacement of the damaged mailbox and mail; and the community who pays the local sheriff or police to investigate the incident.

It's your mail-protect it. Any act of vandalism or information concerning vandalism of mailboxes should be immediately reported to the local sheriff or police, your local postmaster, and the Postal Inspectors at 806-762-7821.

**KANDACE FRYE.....Kandace Frye won first place in the Hereford YMCA Tumbling and Trampoline Meet held Saturday, May 16. She is the 4-1/2 year old daughter of Kirk and Annette Frye of Friona.**

# Cynthia Coyier, Jeffrey Trimmell Exchange Wedding Vows In Dallas

**CARI JOAN HAND and JEFFREY SCOTT HAMILTON...** John and Billie Jo Hand of Friona announce the engagement and approaching marriage of their daughter, Cari Joan, to Jeffrey Scott Hamilton, son of Don and Jan Hamilton of Amarillo. The couple will exchange wedding vows Saturday, September 19 at 7 p.m. in the 6th Street Church of Christ in Friona. The bride-elect is a graduate of Friona High School and Texas Tech University and is currently employed by Sunbelt National Mortgage Corp., Dallas. The prospective bridegroom is a graduate of Hereford High School and West Texas State University, Canyon. He is employed by Imperial Holly Corporation in Hereford.

Cynthia Elizabeth Coyier and Jeffrey Lee Trimmell of Dallas exchanged wedding vows at 2:00 p.m., Saturday, May 23, 1992 at Prestonwood Baptist Church in Dallas with John West officiating.

Parents of the bride are Ray and Peggy Coyier of Yukon, Oklahoma. The groom's parents are Roy and Carolyn Trimmell, Friona, and Jim and Leah Carter, Moline, Kansas.

Debbie Sandoval of Arlington was the matron of honor. Bridesmaids were Lisa Bledsoe, Amarillo, Susan Vermeulen, Irving, and Gaye Stackhouse, Houston.

The bride's attendants wore identical full length drop waisted peplum gowns of fushia satin with oval dropped backs accented by double strands of pearls draped from pearl and sequin appliques on each shoulder. They carried identical hand tied bouquets of star-gazer lilies and alstromerias accented with ivy and fern.

Raynie Delforge of Fredericksburg, Texas, niece of the groom, was the flower girl. She wore a fushia satin gown matching those worn by the other feminine attendants.

Jason Delforge, also of Fredericksburg and nephew of the groom, was the ring bearer.

Gene Coday of Carrollton was the best man. Groomsmen were David Hamilton, Garland, Robert Moore, Dallas and Doug White, also of Dallas.

Guests were seated by Shawn Coyier, Dallas, brother of the bride,

and Barry Trimmell, Republic, Missouri, brother of the groom.

Kay Chaffin, Dallas, was the organist. Soloists were Michele Coday and Brian Johnson, both of Dallas.

As the bride was escorted and presented in marriage by her father, she wore a formal length gown of white satin designed with "V" front and back neckline highlighting the fitted bodice, which was enhanced with lace appliques, pearls and sequins. The full length sheer sleeves were detailed with white lace motifs with the pouf of the sleeves adorned with satin ruffles. Her straight line skirt was bordered with lace and detailed with matching appliques, pearls and sequins. Her chapel length train was trimmed with satin ruffles and detailed with lace appliques and sequins.

The bride's custom veil had an elaborate headpiece with pearls, iridescent beaded leaves and lily of the valley. The double layer of bridal illusion cascaded softly from the headpiece. She carried a cascade bouquet of star-gazer lilies, white roses, white stephanotis and white larkspur accented with ivy and fern.

Dawn Brodsahl of Thornton, Iowa, cousin of the bride, presided at the guest book.

She was assisted at the reception tables by Kay Huddleston, Flowermound, Texas; Carla Coday, Carrollton, Texas; Cheryl Moore, Dallas and Jane McCallister, Plano.

After a seven day Western Caribbean Cruise aboard Majesty of the Seas, Mr. and Mrs. Trimmell are at home in Dallas.

Mrs. Jeffrey Trimmell

## Fourth Of July '92 Has Special Meaning

When Boris Yeltsin stood before a historic joint meeting of the U.S. Congress, as the first elected president in the history of Russia, he proclaimed that his country "has made its choice in favor of liberty and democracy."

"It is a great honor for me to address the Congress of the great land of freedom," he said.

That's quite a change from the rhetoric of the Cold War when bellicose Soviet leaders vowed to spread communism through the world. Instead the opposite has happened; communism isn't spreading, it's on the run. Democracy is on the march.

We celebrate the Fourth of July by recalling the first historic steps the world took toward democracy. Back in 1776, democracy and liberty were ideas that were not widely applied to government. The American Revolution and the formation of the United States were daring experiments that brought those ideas to life and changed the world.

Unlike the democratic movement in Russia, which looks to the United States and other countries for its example, the leaders of the American Revolution built democracy without a working model or an instruction manual.

Instead, they placed their faith and trust in certain ideals which they set forth in the Declaration of Independence. "We hold these truths to be self-evident that all men are created equal, that they are endowed by their Creator with certain unalienable Rights, that among these are Life, Liberty, and the pursuit of

Happiness." On this anniversary of the signing of that document, those words ring just as true as they did 216 years ago.

Today the American experiment continues. It is by no means a perfect product, we're still working on it. As Winston Churchill said, "Democracy is the worst form of government, except for all those other forms which have been tried from time to time."

For 216 years, people thirsty for democracy have been inspired by the United States as a model of what a free society can achieve. The student protesters in China's Tiananmen Square even went so far as to make the centerpiece of their demonstration a replica of the Statue of Liberty.

For generations people have been willing to leave their homes and families, braving new challenges in this country, just for the chance to pursue their dreams. Dreams of a step up in life were what brought my grandfather from Denmark to a sod hut on the plains of South Dakota.

Our nation's greatness lies in the freedom and opportunity that it offers. Hope brings people to this country and hope drives our nation forward--it fuels our economy and our culture. As long as the United States continues to be a land of hope, there are not limits to the possibilities for our people or for our country.

On the Fourth of July we rededicate ourselves to the promise of hope for all citizens of the United States. So long as this flame burns brightly, the United States will look forward to a future as proud as its past.

## Town Talk

By June Floyd

Call 247-3681 With Your News Items

Probably the most asked question in Friona Sunday morning was "How much sleep did you get last night?"

Although the answers varied to some degree, most of them really meant "Not Much." However, there were a few like me, who could honestly answer "About the same as usual."

I was busy preparing food for the annual McCown family picnic in Yoakum County Park on Sunday when the first "Take Cover" signal sounded. I immediately turned the oven off, grabbed a key to the house next door and headed straight towards the nearest basement.

As I walked across the front yard, I could see Joe and Audrey Murphree standing in their yard looking at clouds, which were churning up and down in every direction.

They appeared calm and I couldn't see anything that really looked threatening, so I joined Kassie Weatherly on the front porch of her home and we just watched and waited for half an hour or so.

Soon after I returned home and resumed my cooking, the electricity went off. The flashes of lightning were close enough together to furnish enough light for me to find my way around inside the house.

When I located my flashlight, I didn't have any light because the batteries were dead so I had to resort to finishing my cooking and cleaning up the kitchen by candlelight. As I was doing this, I thought about how the early American homemakers had to do all their after dark chores by candlelight; it made me appreciate the electricity move when it came back on.

Later I heard sirens blowing and wondered what was happening but went to bed about the usual time and slept until morning totally unaware that we were in any potential danger.

Opal Baxter and one of her granddaughters, Misty Baxter, returned home late last week after spending several days visiting kin in Oklahoma.

These two visited in the homes of Carolyn and Sonny Pipes in Oklahoma City; Donnie and Sharon Adcox and children, Danny and Tegan, who live Owassa; Sue and Allen Piercy and daughters, Sheena and Alisha of Elk City and Jewel and Curt Seigrist of Sayre.

Other guests in the Adcox home were Sharon's parents, Steve and Willene Baxter Grundy of New Caney, Texas.

The Grundys, formerly of

Friona, accompanied Opal and Misty to Friona and spent a few days visiting other kin and kin before returning to their home.

Four of my fishing neighbors, Ruth and Roy Miller and Ruben and Ollie Pearl Taylor, are home again. These four recently spent about ten days fishing at El Vado Lake, which is in northwestern New Mexico.

Other family members joining them for various lengths of time were Art and Joyce Jones of Fort Sumner, New Mexico; Kathy and Cecil Cunningham and children, Farah and Tanner of Aztec, New Mexico and Randy and Renee James and children, Matt, John and Tom, who live in Muleshoe.

Joyce is a sister of Ruth and Ruben; Kathy is the Miller's daughter and Renee is the Taylor's daughter.

The group did a lot fishing, swimming, outdoor cooking and sightseeing in the Chama area.

Ruth reported, "The fishing was great."

As a result of their "good catch" I'm enjoying some very good home canned salmon. Sometimes these neighbors bring frozen fish, but this time it was home canned.

Surely a miniature twister or a giant whirlwind travelled down the alley between the Tatum and Millican residences late one afternoon last week.

Carrie Tatum laundered several pieces, including one two-piece dress, placed them on hangers and hung them on her patio to dry.

Later, when she looked out, one skirt was missing--hanger and all. She went out, looked all around and grew more and more puzzled.

Thinking it could possibly have blown over the fence into the backyard of the home of Margaret and Baker Duggins, she went over to see if they had seen the missing skirt.

They hadn't, but went out to assist their neighbor. Someone sighted the skirt--still on the hanger--resting on the roof. Baker like the good neighbor he is, climbed up and retrieved the garment and a very puzzled Carrie returned to her home. She's still wondering how a skirt could get from her patio to the roof without assistance.

We have four new down the street neighbors. John and Kathy Horton Gurley, who have been living in San Antonio, recently purchased the former house of Jack and

Peggy Hamil and family at the corner of 16th and Columbia and have moved in.

The couple has two children, Hollis and Alex, who were two in February. Kathy isn't really new to Friona. She's the oldest daughter of Hollis and Lunell Horton and grew up here.

However, since she graduated from Friona High School about 20 year ago, she's been gone most of the time. During this time she has acquired a degree in pharmacy and a law degree--also a husband and a daughter and a son.

John, who grew up in the Sherman, Texas area, will be involved in the cattle business. He has been an engineer on the railroad but has had some experience with cattle. This is the first time he has ever lived in the Panhandle of Texas.

Welcome to our neighborhood, folks!

Jim and Jane Dixon have been entertaining grandchildren for the past two weeks. Mollijane Woosley of Amarillo and Sasha Dixon of Canyon were here the first week.

Then, when they went home Dallas Dixon of Canyon, spent the second week with the grandparents. Jane's mother, Ella Collier, also of Canyon, is also a guest in the Dixon home.

Saturday of last week Milton and Karla Dixon and children, Sasha and Trapper, came down and took Dallas home.

Incidentally, Karla received her Bachelor of Science in Nursing Degree from West Texas State University in May and is employed by High Plains Baptist Hospital.

Jim Peterson of Lamesa, Texas visited in the home of his sister and brother-in-law, Sue and James Procter last week.

Weekend visitors in the homes of Lydia and Bob Wyly and John and Debra Baxter and children were Gay Henderson and Heather Short, both of Plainview, Texas.

After hearing so much complaining about the inconvenience of blockades, barriers and other traffic nuisances necessary for highway construction, it was a real pleasure to hear a remark one older Frionan made upon leaving the Dairy Queen recently.

Orma Flippin, a long time Friona resident who has been interested in horses, rodeos and such like

for many years remarked, "Well, guess I'd better see if I can run these barrels and find my way home."

Isn't it wonderful that some people can see the humor in just about any situation they find themselves in?

Mendan and Kim Dixon, who are newlyweds, are new residents of the Rhea Community. Mendan, the youngest son of Jane and Jim Dixon, who live nearby, grew up in that community, so really he isn't a newcomer. However, Kim is. She's employed at Friona Texas Federal Credit Union and he's an employee of Excel.

Out-of-town visitors in their home last week were John Aguirre of Arlington, Texas and Shannon Wortham, who lives in North Richland Hills, which is near Fort Worth.

Roy and Carolyn Trimmell and two of their grandchildren, Raynie and Jason Delforge, who live in Fredericksburg, Texas, met some other members of the family who spent last weekend at Quartz Mountain Lodge.

Quartz Mountain is near Altus, Oklahoma. Others there were Mr. and Mrs. Kevin Trimmell and son, Levi, of Oklahoma City and Mr. and Mrs. Glen Trimmell of Weatherford, Oklahoma.

Mr. and Mrs. Gary Holcomb and sons, Adam and Austin, who live in Toowambia, Queensland, Australia, are visiting friends and former neighbors.

The Holcombs moved from Friona to Toowambia about one year ago and plan to be here about a month before returning for another year.

Nelda Bengel returned home Monday of last week after spending a long weekend visiting in the home of Mr. and Mrs. Kendall Burton and daughters, Ellen, Jenna May and Haley Beth, who live in Edinburg, Texas.

This was the first time Nelda had seen little Haley Beth, who was born June 5.

Pearl Holliday of Turlock, California left last Wednesday after spending several weeks visiting in the home of Alta Collier. She was accompanied to Friona by a son, Jerry Holliday and his wife, Veda, of Modesto, California.

This couple made a trip through several southern states before returning to Friona to take Mrs. Holliday back to her home.

While at WTSU, he was active in the Newman Club and the Herdsmen. He was a resident assistant for Gunther Hall two years and was selected R.A. of the Year in 1990. His parents are Greg and Mary Lou Venhaus of Friona. He is a 1987 graduate of Friona High School and is currently employed in management for Loves Country Stores of Amarillo.

# Glenda Ellis, Craig Kitten United In Church Ceremony

Glenda Lynn Ellis and Craig Anthony Kitten, both residents of Wilson, Texas, were united in marriage Saturday, June 13 in a 2 p.m. ceremony at Union Congregational Church in Friona.

Bill Devers, minister of the church, officiated at the double ring ceremony.

The bride is the daughter of Mike and Nelda Ellis of Friona.

The bridegroom is the son of Roger and Janice Kitten of Slaton.

Musical selections were presented by Charles Turner of Friona, organist, and Eva Miller of Friona, pianist. Bill Devers presented vocal selections and pre-recorded selections were sung by the bride.

The bride wore a white brocade satin tea length dress. The skirt

was straight with embroidered lace and pearls outlining the hemline. The bodice featured a sweetheart neckline, puffed sleeves and a key-hole back. The bodice was also embroidered with pearls and lace. She wore white satin shoes.

She carried a cascade arrangement of white satin roses and pearls accented with red roses.

Sarita Reeve of Pampa served her sister as matron of honor. Brenda Kitten of Lubbock, sister of the groom, served as the bridesmaid.

The feminine attendants wore red satin dresses with tea length skirts. They carried bouquets of white satin roses with pearls and red roses.

Jeffrey Kitten of Slaton, brother of the groom, served as best man. Darrell Taylor of Ropesville was the groomsmen.

Serving as ushers were Joe Kyle Reeve of Pampa, brother-in-law of the bride, Guy Ellis and Gavin Ellis

of Friona, brothers of the bride, and Nicholas Kitten and Timothy Kitten of Slaton, brothers of the groom.

The reception was held in the Fellowship Hall of the church following the ceremony.

Serving at the reception were Mika Maddox of Lubbock and Trudy Reeve of Friona.

A dance was held following the reception at the VFW Hall in Slaton.

The bride is a graduate of Friona High School, South Plains College and Texas Tech University. She is currently employed as a lab technician at Furr's Distribution Center, Lubbock.

The bridegroom is a graduate of Slaton High School and Texas Tech University. He is employed as a crop consultant and farms near Lubbock and Wilson.

Following a wedding trip to San Antonio, New Braunfels and Corpus Christi, the couple will reside in Wilson.

**REHEARSAL DINNER**  
The groom's parents hosted the rehearsal dinner at K-Bob's Steakhouse in Hereford.

## Girl Born To K. Coopers

Kevin and Sharlet Cooper of Friona are the parents of a baby girl born Saturday, June 20 at 6:55 p.m. in Northwest Texas Hospital, Amarillo.

Named Debra Michelle, the new arrival weighed eight pounds, twelve ounces and was twenty-one inches long.

The Coopers have one other daughter, Sara, twenty months old.

Grandparents are Mr. and Mrs. Harry D. Cooper of Broadview, New Mexico and Mr. and Mrs. J.B. Taylor of Texico, New Mexico.

Great-grandparents are Mr. and Mrs. J.B. Wilson of Clovis and Mellie M. Cooper of Tucumcari, New Mexico.

## Shane Hand Receives BA Degree At Tech

School of Applied students graduating in the class of 1992 were honored during spring commencement exercises at the Texas Tech University Health Sciences Center.

Twenty-six students in occupational therapy, 21 in clinical laboratory sciences and 22 in physical therapy were recognized during the ceremonies.

Michael Shane Hand of Friona received a bachelor's degree in clinical laboratory sciences.

**LA RUE JEWELRY & MFG.**  
Doyal G. LaRue

## Clinics Are Set

Immunization clinics offering vaccines that give protection against several childhood diseases are scheduled for July.

Protection is against polio, diphtheria, lock jaw (tetanus), whooping cough (pertussis), measles, rubella, mumps and HIB (Haemophilus Influenzae Type B).

The Texas Department of Health is charging money to help with the cost of keeping the clinic open. The amount of money charged will be based on family income and size, and the ability to pay.

Clinics will be held in Hereford at the Texas Department of Health Office, 205 West Fourth, Suite B, on July 2, 9, 16, 23 and 30 from 9-11:30 a.m. and 1-4 p.m.

Mrs. Craig Anthony Kitten

## M. Williamses Have Baby Boy

Mr. and Mrs. Mike Williams of Fieldton, Texas, became parents of a baby boy at 10:58 p.m. Friday, June 26, 1992 at St. Mary's of the Plains Hospital in Lubbock.

He weighed seven pounds, eleven ounces and was named Jathan Lavoy. He is the first child for the couple.

His mother is the former Robin Wyly.

Grandparents are Kenneth and Renee Williams of Olton and Bob and Lydia Wyly of Friona.

Thelma Williams, Hale Center, Texas, and D.L. and Enid Givens, Olton, are the great-grandparents.

## Bobby Tagle Joins Army

Bobby Luis Tagle, son of Carol A. Tagle of Friona, has joined the U.S. Army for four years. After basic training, he will train as a single-channel radio operator at Fort Gordon, Georgia.

Tagle qualified for the Army College Fund program by scoring high on the military entrance test and choosing a critical job skill. After an initial soldier contribution of \$1,200, the Army will provide \$25,200 in educational funds for college or vo-tech at the end of the four-year enlistment.

He is a graduate of the 1992 class of Friona High School. Tagle leaves for active duty on September 8.

## Notice Of Public Hearing On Parmer County Appraisal District Budget

The Parmer County Appraisal District will hold a public hearing on a proposed budget for the 1993 fiscal year.

The public hearing will be held on Thursday, July 9, 1992 at 7:30 p.m. at the Parmer County Appraisal District Office Board Room, 305 3rd Street, Bovina, Texas.

A summary of the appraisal district budget follows:  
The total amount of the proposed budget is \$186,900.00.

The total amount of increase over the current year's budget is \$16,576.00.

The number of employees compensated under the proposed budget will be 4.

The number of employees compensated under the current budget is 4.

The appraisal district is supported solely by payments from the local taxing units served by the appraisal district.

If approved by the Parmer County Appraisal District Board of Directors at the public hearing, this proposed budget will take effect automatically unless disapproved by the governing bodies of the county, school districts, cities, and towns served by the appraisal district.

A copy of the proposed budget is available for public inspection at the Parmer County Appraisal District Office.

**Parmer County Appraisal District**

# Church Ceremony Unites Wendy Hinkle, J.B. Hixson

Wendy Renae Hinkle and J.B. Hixson exchanged wedding vows Saturday, June 6 at 3 p.m. in the First Baptist Church of Friona. They both reside in Dallas, Texas.

Charles Broadhurst, pastor of the church, performed the wedding ceremony.

The bride is the daughter of Jerry and Lucy Beth Hinkle of Friona.

The bridegroom is the son of Jerry and Judythe Hixson of Houston.

Prelude music was presented by pianists, Eva Miller and Sherri Taylor, both of Friona. Vocalists, Michael Griffin, Heather Griffin and Brent Hinkle, brother of the bride, sang "Somewhere In The World Today," "I Will Be Here," "Together," "Household Of Faith" and "Seekers of Your Heart."

Wedding vows were composed and recited by memory by the couple before a brass center arch, flanked by the banisters of the church. The banisters were decorated with hurricane lanterns containing mauve candles. Large

mauve bows circled the lanterns. Silk greenery, intermingled with baby's breath and ribbon roses, completed the banister decorations. Large potted plants and bridal wreath embellished the choir loft.

As the bride was presented in marriage by her father, she was attired in a formal length Versailles brocade cotton gown featuring silk venice lace. The bodice featured a sweetheart neckline with a wedding ring collar. The fitted basque waistline was a dropped waist style. Full long sleeves were tapered with silk venice lace and pearls at the cuff. The bodice was accented with silk lace appliques, featuring seed pearls and iridescent sequins. The full long ball gown style skirt featured many gathers at the waistline. The back was accented with a large bow and bustle.

She carried a white silk rose corsage consisting of stephanotis, lilies of the field, freesia, greenery and strands of pearls.

The bride wore pearl and diamond earrings and matching neck-

lace, a gift of the groom. She carried a Bible topped with an heirloom handkerchief which the groom's mother had carried in her own wedding.

Rhonda Heddins of Garland served as the maid of honor. Bridesmaids were Rachele Dowling of Houston, Teresa Snyder of San Antonio, Sara Miller of Denton, sister of the groom, and Stephanie Hixson of Houston, sister of the groom.

The attendants wore polished apple floral pink and black tea length dresses. The fitted waistlines featured off-the-shoulder necklines with gathered skirts. They carried lanterns with mauve candles. Greenery, baby's breath and ribbons encircled the lanterns.

Patrick Foye of Houston served as best man. Groomsmen were Ben Henderson of Shreveport, Louisiana, John Cilia of Houston, Brent Hinkle of Garland, brother of the bride, and Wade Hinkle of Friona, brother of the bride.

Serving as ushers were Rob Catalani, Mark Johnson and Ted Weiss, all of Dallas.

Brenda Murphree, daughter of Jim and Rhonda Murphree of Friona, was the flower girl. Christopher Igo, son of Tony and Jo Igo of Friona, served as the ring bearer.

Wade Hinkle, brother of the bride, lit the candles.

The reception was held in the Fellowship Hall of the church.

Special wedding guests were Lois Miller of Friona and Claudia Adams of Amarillo, grandmothers of the bride, and Marchita Hixson of Austin, aunt of the groom.

Karen Worley of Fort Worth presided at the guest registry.

The three tiered wedding cake was decorated with a fountain featuring heart shaped cakes on each side inscribed with the couple's names. In the center front of the cake, was an open book cake inscribed with the couple's favorite Bible verse, Psalm 37:4. Finger sandwiches, cookies,

tarts, fruit and cheese were served from the groom's table.

Gena Hankins of Clovis, New Mexico, Michelle Turner of McAllen, cousin of the bride, and M'Lynn Miller of Amarillo, cousin of the bride, served at the reception.

Others in the houseparty were Karen Wright, Virginia Moyer, Judy Rhodes, Barbara Maynard, Joy Osborn, Jane Dixon, Luann Hough, Gertie Murphree and Kitty Gallman.

For a wedding trip to New Hampshire and the surrounding area, the bride wore a multi-colored broomstick skirt with royal blue t-shirt.

The couple resides in Dallas.

The bride graduated from Friona High School and Texas A&M University and is currently employed by Andersen Consulting, Dallas.

The bridegroom graduated from Cypress Creek High School in Houston and from Houston Baptist University. He is employed by First Baptist Church, Dallas, and is pastor in Van Alstyne, Texas.

Out-of-town guests included Brian and Sara Miller of Denton; Bob, Carolyn and M'Lynn Miller of Amarillo; John and Cherry Cilia of Houston; Marchita Hixson of Austin; Ron and June Sagitt of Isgitt, Texas; Brad and Rhonda Heddins of Garland; Karen Worley of Ft. Worth; Roy and Doris Johnson of Hereford; Ted Weiss of Dallas; Faye and Ben Henderson of Shreveport, Louisiana.

Also, Richard, Gail and Michelle Turner of New Braunfels, Texas; Richard Mangun of Mission, Texas; Mr. and Mrs. Harry Twidwell, Carley and Wendy Twidwell, James McCowan and Kay Goldman, all of Houston; Chris Elkins of Dallas; Ella Weeter of Borger; Gena Hankins of Clovis, N.M.; M.E. Johnson of Dallas; Michael Lappin of Chicago, Illinois; Connie and Dan Wagner of Colorado City, Colorado; Robert Catalain of Dallas and Claudia Adams of Amarillo.

Mrs. J.B. Hixson

## Happy Birthday Friona Folks.....

### Week of July 5-11

Friona residents having birthdays next week are:

July 5--Joy Osborn, Kay Sanders, Joe Osborn, Cynthia Gonzales, Jo Igo.

July 6--Max Jones, Krita Potts, Terry Copley, Doris Lange, Lance Gatlin, Patches Fleming, Bill Stephens.

July 7--Michael Grable, Kemal Tongate, Noel White, Jaclyn Peace, Teresa O'Brian, Erin Knox, David Gowens, Fermin Reyes, Rachel Pipes.

July 8--Teresa Buske, Nathan Terry, Teri Schueler, Carrie Cox, Paula Wilson, J.D. Spencer, Jr.

July 9--Christeene Mann, Jan Welch Bogard, Brent Bumpas, Jake Zerfas, Martha Slagle Rutherford, Timothy Clark, Kyle Mars, Ira Bruce Parr.

July 10--Sammy Spring, LaVon Reeve, Melody Drake, M'Kell Jarecki, Elizabeth McLellan, Teresa Brailif, Eva Brand.

July 11--Lucille Latta, Frankie Perez, Carolyn Osborn, Tiffany Osborn, John Mars, Tiffany Weatherly, Mabel DeLong.

If you or someone in your family has a birthday coming up soon, call the Friona Star at 247-2211 by Wednesday noon and report it.

# Match Three And Win.

Introducing Texas Match Up. A fun and easy-to-play game from the Texas Lottery where you have a chance to win from \$2 to \$20,000 instantly. To play, just buy an instant game ticket. Scratch off the entire play area, and if three dollar amounts match up, you win. For example, if you see three \$4 symbols, you win \$4. It's that easy. You might also make a special match: If your ticket has three "ENTRY" marks on it, you could be a contender for our weekly millionaire drawing. (See back of ticket for details.) Tickets for Texas Match Up are \$1. And they're available, along with complete information on how to play, at locations displaying the official Texas Lottery sign. For more information, call 1-800-37-LOTTO (1-800-375-6886). Play Texas Match Up. And get in the game of Texas.

## Texas Match Up, The New Instant Ticket Game.

Overall odds of winning 1 in 0.81. Must be 18 years or older to play.

## Daniel Echols Is SMU Graduate

Daniel Austin Echols graduated magna cum laude with honors and departmental distinction from Southern Methodist University at its 77th annual commencement ceremonies on May 16.

President George Bush gave the commencement address to 1,489 students and guests.

Echols, who majored in psychology with a minor in math, earned a bachelor of arts degree from SMU's Dedman College, the school of humanities and sciences.

A recipient of a five year football scholarship to SMU, he has maintained a 3.85 grade point average and has been named to the Dean's List each semester during his college career.

Academic honors he has achieved include: the 1991-92 Southwest Athletic Conference Team Award for outstanding academic and athletic development; 1991-92 Who's Who Among Students in American Universities and Colleges for outstanding merit and accomplishments; Outstanding Junior Scholar, 1990-91; Outstanding Senior Scholar, 1991-92; National

Consortium for Academics and Sport and the NCAA Foundation National Student-Athlete Day Award, 1992; and 1992 Southern Methodist University Student-Athlete 3.5 Plus Award (grade point average maintained).

As a wide receiver for the SMU Mustang football team, Daniel was selected the 1990 "Mobil Offensive Player" of the Southwest Conference football game at SMU vs. Texas A&M. He also was selected as the GTE Southwest Athletic Conference Team Award recipient for outstanding academic and athletic achievement.

During the Senior Athletic Awards Ceremony prior to graduation, Echols was presented with a SMU football ring by head coach, Tom Rossley.

In special ceremonies, Daniel was also elected into the Phi Beta Kappa National Honor Society whose purpose is to recognize and encourage scholarship, friendship and cultural interests.

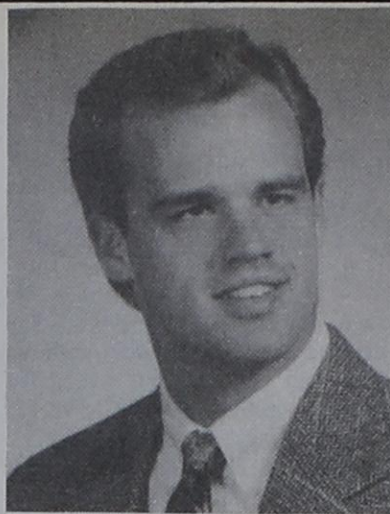

Other clubs and memberships Daniel has been a part of are the Golden Key National Honor

Society, Alpha Lambda Delta Honor Society, Kappa Mu Epsilon Math membership, Psi Chi Y, associate member of Highland Park United Methodist Church, Sunday School and Campus Group. Echols was also a member of SMU's Fellowship of Christian Athletes and the United Methodist Student Ministries.

During his stay at SMU, Daniel received a fellowship to Stony Brook University, New York to be a research assistant studying sleeping disorders. As part of the Mustang Football team, he also spent time with other players visiting children at the Scottish Rites Hospital in Dallas.

Recently, Daniel was accepted into the ministry with the United Methodist Church denomination. He received his "License to Preach" at Baker University in Baldwin, Kansas, on June 19 after completing a two week training course on being a local pastor.

He was appointed to two

DANIEL ECHOLS

churches in Everest and Robinson, Kansas. His first worship service was June 21. He has been accepted into St. Paul School of Theology in Kansas City, Missouri, where he will begin seminary this fall. He will begin work on a Master of Divinity Degree.

### —YOUR EYES—

#### Disposable Contact Lenses

Recycling is all well enough for newspapers and soda bottles, but for many people there are good medical reasons to opt for disposable contact lenses that never have to be cleaned or disinfected. The lenses are worn continually for a prescribed length of time -- generally a week -- then thrown away and replaced with a new pair of sterile lenses.

The advantage: protein deposits don't have a chance to build up on the lenses, which affords greater eye health safety to the sensitive lens wearer. In addition, some patients prefer the convenience of not having to periodically clean and disinfect the lenses.

Disposable lenses come packed in saline solution for instant insertion, though it is advisable to put a few drops of wetting solution in the eyes in the morning and before retiring at night.

Disposable contacts may not be for everyone. Check with your optometrist to discover whether they're right for you.

## FINANCIAL F.O.C.U.S

BY IKE STEVENS  
Edward D. Jones & Co.  
(See Related Adv. Below)

### Rising Costs Demand Rising Income

Comparing fixed-income investments to equity investments is much like comparing apples to oranges. Neither is better than the other, and each serves a unique purpose.

With that said, consider inflation, an economic fact that has been, and will probably continue to be, with us for many years. Inflation is rising prices. Faced with rising prices, investors must either seek more income or accept a lower standard of living.

While you are employed, your income generally increases with inflation. When you retire, however, more income comes from Social Security, a pension or individual investments. Historically, those who have funded their retirement with fixed-income investments such as certificates of deposit, fixed annuities or bonds have seen the buying power of that income dwindle with inflation.

The good news about fixed-income investments is that they generally begin with more income. Any fluctuation of principal is not as apparent as with stocks or other equity investments. The bad news is that the income does not grow with inflation, and the principal, when returned, is worth less in terms of buying power. What is the alternative?

Ownership of carefully selected common stocks or mutual funds has proved better able to withstand inflation. Although fixed-income investments may temporarily provide higher income, in the long run investors generally suffer a loss unless their portfolio includes equities or other investments that have the potential to preserve purchasing power.

For example, consider a hypo-

thetical investment made in 1976 of \$200,000 in an eight percent bond. Each year you would receive \$16,000 in interest. But, what happens to the purchasing power of that income? The cost of living has increased 141 percent. What a dollar bought in 1976 costs \$2.41 today. Of course, the \$200,000 nest egg is still there, but that also buys less than half of what it once did.

On the other hand, look at the results of the same \$200,000 hypothetically invested in a diversified portfolio of common stocks as measured by the Standard & Poor's 500 index. For needed income, assume a withdrawal of six percent each year based on the value of the account at the end of the previous year. For example, your first withdrawal would have been \$12,000 (200,000 x .06 = 12,000), somewhat less than the \$16,000 paid from the fixed-income investment. Your six percent income withdrawals would have been: 1980, \$11,697; 1985, \$17,313; 1990, \$33,374.

During this period (1976-1990), the equity investment would have paid out \$252,126 in income compared to \$240,000 from the eight percent fixed-income investment. In addition, the value of the equity investment would have grown to \$505,002, while the fixed-income nest egg remained stable at \$200,000.

Of course, with ownership of common stocks or equity mutual funds, there are no guarantees. If, however, you believe that prices will continue to rise and that you will need more money in the future to offset those rising prices, then you must consider investments that offer the opportunity to meet those needs. Historically, equity investments have served that purpose.

### ONE LESS THING TO WORRY ABOUT.

Look into Long-Term Care Insurance from Edward D. Jones & Co.

At Edward D. Jones & Co., we understand the importance of building financial security and know you don't want to take chances with your hard-earned savings.
