

# THE PLAINVIEW EVENING HERALD

TWICE-A-WEEK

VOLUME 27. NUMBER 45

PLAINVIEW, TEXAS, TUESDAY, JUNE 6, 1916

## APPROVE BONDS FOR NEW HIGH SCHOOL BUILDING

TWO NEW TEACHERS ELECTED BY BOARD—SUPERINTENDENT WITH TRUSTEES.

### WHAT BUILDING CONTAINS

Bids for Construction Will Be Opened Thursday Evening at Seven-Thirty.

The bonds for the new High School Building for the Plainview Independent School District have been approved by the Attorney General's Department, and the State of Texas has waived its right to purchase. At a meeting of the board this afternoon the final signing of the bonds by R. A. Long, president of the board, and Jno. F. Sander, secretary, was authorized.

At the meeting last night Miss Ara Stafford, of Canyon, was elected to a position in the public schools. She takes the place made vacant by Miss Vinny Johnson's refusal to accept the position to which she was elected. Miss Beatrice Summers, of Monticello, Ark., was elected teacher of history in the High School, to fill the place of Prof. A. L. Tarleton. Professor J. W. Campbell, newly elected superintendent, met with the board last night, returning to Canyon this morning.

Plans for the new building were accepted some time ago, but, of course, they are contingent upon the contract for construction. Bids for the construction will be opened Thursday evening at 7:30.

M. L. Waller, of Fort Worth, is the architect. He has planned many of the finest high school buildings in the State. The front of the building extends one hundred sixteen feet and it is one hundred nine feet deep.

From the architect's plans The Herald prepares a summary of the appointments of the building. The ground floor contains a manual training room 24x48 feet; botanical laboratory 24x26; a kindergarten room 22x29; agricultural room 22x28; domestic science room 22x28; sewing room 22x29; toilet for girls 22x27, and a similar room for the boys.

The auditorium is on the first floor. It is 56x70, contains stage, dressing rooms, etc. On this floor are five class rooms 22x28 each; a chemical laboratory 22x26; a lecture room 16x22; a physical laboratory 22x26.

The corridors on each floor are 14x68. The second-floor hall contains locker space and two drinking fountains.

The base of the building is to be of dark grey brick, then in the superstructure light brick will be used, and the trimmings are of white brick. A small awning is suspended by heavy chains at the front entrance. The lines of the building are plain, dependence being placed in the color of material and design of the masonry for beauty.

## Industrial and Agricultural Survey to Begin Tuesday, 13

An agricultural and industrial survey of Hale County is to be made by members of the Young Men's Business League. W. E. Risser is chairman of the committee, of which himself, A. G. Hinn, A. C. Hatchell, J. W. Patterson, P. J. Woodriddle, J. J. Lash and H. S. Hillburn are members. The aid of some thirty persons with automobiles will be enlisted and a canvass of every farm home in the country will be made, in an effort to ascertain the rural population of the county, the number of acres in cultivation, acres in wheat, oats, alfalfa, rye, kaffir, and other grains, number of livestock and amount of poultry, etc. Tuesday, June 13, has been appointed as the day for beginning the survey.

### COUNTY AGENT GOES TO FLOYD.

Dr. R. F. Hare, county agricultural agent for Hale and Floyd Counties, left this morning for Floydada. He will spend the next two weeks there. For the past fifteen days he has been working in Hale County.

## CATTLE MAY BE DRIVEN ONLY ON CERTAIN STREETS

LIVESTOCK ON LAWNS ARE TARGET FOR CITY DADS IN PROPOSED ORDINANCE.

### AWARD DALLAS FIRM CONTRACT

Agree to Employ Resident Engineer to Supervise Construction of Sewage-Disposal Plant.

An ordinance to restrict driving cattle and other livestock through the streets of Plainview was read for the first time last night at the meeting of the City Council and referred to the ordinance committee, E. H. Humphreys and J. J. Eller. This ordinance provides that livestock may be driven only over certain streets. The measure will probably be passed at the next meeting of the council. It is proposed as a protection to the yards in the residence districts and the general appearance of the town. Many lawns have been practically destroyed by horses and cattle passing over them.

A contract was let to M. Griffin O'Neil & Sons, of Dallas, for preparing plans and specifications for the new sewage-disposal plant which is soon to be constructed. The contract will recite a remuneration of four and one-half per cent of the contract price or cost of construction of the plant. They are to furnish plans and specifications and are to guarantee that the same will be acceptable to the State Board of Health. They are now drawing plans for a sewage plant at Gainesville, and drew plans for the plant at Magnolia Heights, Houston, West Brenham, and many other Texas towns. The contract will provide that a resident engineer will be furnished, who will keep closely in touch with the construction. This man has not yet been named.

A request was made by the Wayland Baptist College that the city extend sewers to the college. This request was referred to the Committee on Public Improvements.

A contract for a storage battery for the fire truck was awarded the Garrison-Conner Electric Company.

Dr. E. F. McClendon reported on the session of the city and county health officers at Galveston. He stated that the trip and the information gathered at the school will be of much benefit to him. An expense account of \$68.05 was allowed him by the council. Current bills were allowed.

## Secretary of Young Men's Business League Resigns

Z. E. Jenkins, who a few weeks ago moved back to Plainview to accept the secretaryship of the Young Men's Business League, has resigned the office. His resignation was accepted last night by the Board of Directors of the organization.

### ARE MOVING TO PLAINVIEW.

Mr. and Mrs. T. L. Gordon and son, of Fredericksburg, Okla., arrived this morning to make Plainview their home. Frank Gordon, who lives on a farm near town, is a brother of M. Gordon.

### NO QUORUM FOR CHAMBER OF COMMERCE LAST NIGHT.

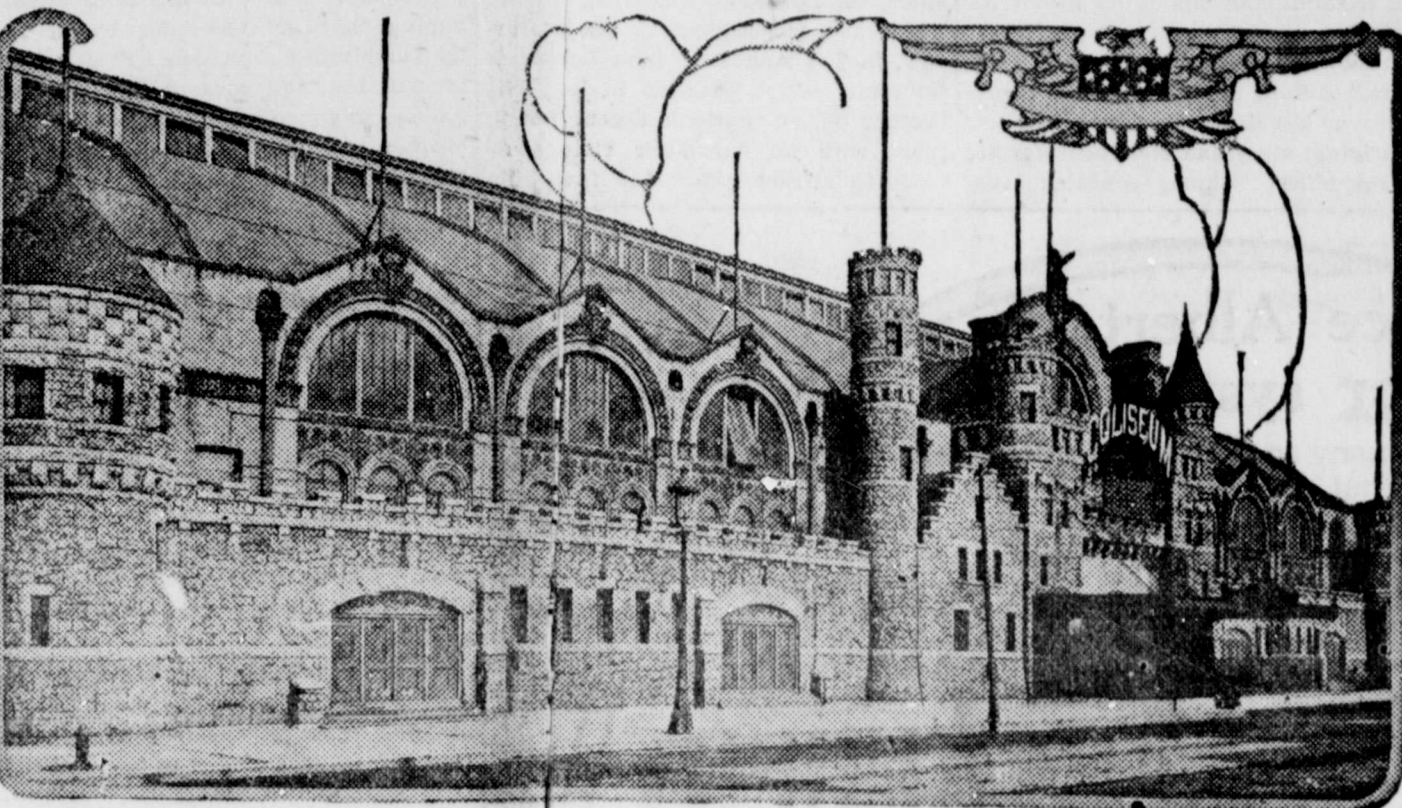

The regular meeting of the Chamber of Commerce last night was an informal session, not enough members being present to complete a quorum.

Beal Pumphrey has accepted a position with the Knight Auto Company.

### FOR A CLEAN PLAINVIEW.

- ◆ Burn all grass, weeds and limbs raked or thrown in streets or alleys as soon as dry enough.
- ◆ Store nothing in the alleys.
- ◆ It's a violation of law.
- ◆ When a cow or horse running at large gets on your lawn or destroys your flowers and you can't get the owner, call 88.
- ◆ The poundmaster will care for them.

## Chicago Coliseum, Where Republicans Meet To Decide Who Will Be Party's Nominees

CHICAGO, Ill., June 5.—Representatives of the several candidates for the Presidential nomination of the Republican party are in a perplexing predicament. Having fostered sentiment in favor of Justice Hughes until they felt sure they had definitely eliminated Roosevelt, and they now fear they cannot control the Hughes boom. During the day the proportions of the boom grew beyond the expectations of the leaders.

Harmony, above all, is the desire of all the leaders. They recognize that unless the Republicans and Progressives get together the chances for success at the polls are slight. Practically all of the party chiefs are willing to admit that any candidate definitely rejected by Roosevelt could not be nominated. Many of Roosevelt's adherents believe that the Colonel should come to Chicago.

Senator Lodge, who expects to place Senator Weeks in nomination before the Republican Convention, went into a conference with George W. Perkins at Progressive headquarters. Perkins said they discussed a candidate on whom the two parties might agree. George L. Von Meyer, one of the Roosevelt leaders, also entered into the conference with Theodore Roosevelt, Jr., near by. There was a great deal of telephoning, and it was understood that Colonel Roosevelt was being informed at Oyster Bay, of the proceedings. Chairman Charles D. Hilles, of the Republican National Committee, also conferred with Perkins, but refused to discuss the conference.

Former Senator Joseph M. Dixon, of Montana, and other political associates of Roosevelt, were in adjoining rooms. Oscar L. Straus, one of the Progressive leaders, protested against

the nomination of Hughes, on the ground that it would demean the Supreme Court.

Rumors were current as to several possible coalitions. It was freely admitted that it would only be necessary for Roosevelt to endorse a third candidate to forestall well laid plans to nominate Hughes and at the same time prevent an open rupture between the Republicans and Progressives.

Efforts of the Progressive National Committee to fix the time for nominations resulted in conflicting statements as to what was actually agreed upon. On one hand, it was said that the nominations would be deferred until Saturday; on the other, it was denied that any delay had been agreed upon and that nominations were possible not later than Thursday.

## TO CONDUCT PLANT FOOD EXPERIMENT AT GARWOOD

DR. ZERBAN, REPRESENTING GERMAN KALI SYNDICATE, WILL FURNISH CHEMICALS.

### DR. R. F. HARE WILL ASSIST

Potash, Phosphoric Acid and Nitrogen Will Be Used on Test Plots.

Extensive experiments in fertilizers are to be conducted on the Garwood Farm as the result of a visit from Dr. F. W. Zerban, a representative of the German Kali Syndicate. Dr. Zerban, who is one of the five educational representatives of the big German potash-producing concerns, came to Plainview on invitation from Dr. R. F. Hare, County Agricultural Agent for Hale and Floyd Counties.

A. M. Kruger, who has charge of Garwood Farm for J. F. Garrison and associates, is an experienced truck farmer and keeps closely in touch with agricultural methods. He will prepare tracts of land for the experiments.

It is generally understood that the soil in the Plainview country contains an abundance of plant food. Lime is present in sufficient quantities. Mr. Kruger has made tests and has found that even on alfalfa no lime is needed. But no experiments have ever been made to tell conclusively whether fertilizers would pay in the Plainview country. The experiment has one purpose; namely, to definitely ascertain whether fertilizers applied to the soil will furnish enough additional plant food to increase the yield to the extent that the crops will be more profitable, and to determine what fertilizers can be used to best advantage, or, in other words, what quality may be in any particular lacking.

Several tracts will be prepared. Some will be fertilized with potassium, phosphoric acid and nitrogen. Then other tracts will be fertilized with every possible combination of the three plant foods and with each singly. If the yield is not materially increased, the conclusion will be that the plant

(Continued on Page Eight.)

## RAINS GENERAL OVER WEST TEXAS; DAMAGE BY WIND

Silverton, Claude and Kress Suffered From Sunday Night's Storm.

Twenty-two hundredths of an inch of rain fell in Plainview Sunday night. At Tullia there was a heavy downpour. Telephone lines of the Southwestern Telegraph and Telephone Company were out of commission following the severe windstorm, the toll lines into Amarillo being wrecked near Kress. Soft roadbed following the rain delayed the northbound Santa Fe Monday morning two hours, a plug being made up to precede the regular train bearing the mail.

At Claude several houses were destroyed and two persons injured.

T. L. Gordon, who was a passenger last night on the Fort Worth and Denver, says that much damage was done near Gilles by hail. Below Claude a railroad dump was washed out.

T. J. Moore, a travelling salesman, was in Silverton during the storm, which broke there about six o'clock. Two houses in the business district were torn down. Many houses were moved from their foundations and plate glass windows in stores were blown out. One man was hurt in his back and shoulders.

The damage to crops in the upper Panhandle by hail is said to be offset by the benefit of the rain to crops now growing and to row crops which will come up later.

## Y. M. B. L. Buffet Luncheon at Waller's Thursday Night

The Young Men's Business League will meet Thursday evening at 8:15 o'clock at the Waller Tailoring Company's building for a buffet luncheon.

### COUNTY COURT CONVENES.

The case of J. E. Pearson vs. S. M. Sykes has been before the County Court before Judge W. B. Lewis today. This is a suit arising over the sale of a horse, which it is alleged was "locoed."

## FEEDING IN PIG CLUBS WILL BEGIN JULY FIRST

EVERY BOY AND GIRL IN COUNTY HAS INVITATION TO BECOME MEMBER.

### DEPT. OF AGRICULTURE AIDS

Two Hale County Boys May Be Sent to Dallas With All Expenses Paid During Fair.

Through Dr. R. F. Hare, the newly appointed agricultural agent of Hale and Floyd Counties, the extension service of the United States Department of Agriculture and the Texas A. and M. College are to co-operate with the Young Men's Business League of Plainview in their pig-club work. During the past week letters have been sent out by the Y. M. B. L. and Dr. Hare to the members of the clubs, announcing that feeding will begin July 1 and that full directions on how to proceed will be furnished each member.

Affiliation with the Department of Agriculture's extension service will entitle Hale County pig clubs to send delegates to the annual encampment at the Texas State Fair, in Dallas, in October, with all their expenses paid. There are nice quarters for an encampment, and the boy or girl who feeds the best pig will get to carry it to the Fair and place it on exhibition there.

There is nothing to prevent all the boys and girls who desire from entering the contests conducted by the Texas Industrial Congress, at Dallas, many valuable prizes being offered by that body. Baylis and Lewis Sloneker and Willard White each won \$25 in gold in the Texas Industrial Congress last year. Entry must be made by July 1.

Dr. Hare will be away from Plainview for several days, having left today for Floydada, to work with the people of Floyd County. Those who desire information about the pig-club work can secure same from Geo. R. Queenberry, of Helen Temple Farm, chairman of the Y. M. B. L. pig-club committee, or other members of the

(Continued on Page Eight.)

## BRITISH CLAIM KAISER LOST EIGHTEEN VESSELS

BERLIN AND LONDON VIE WITH EACH OTHER IN DEFENDING THEIR FLEETS.

### THE GREATEST NAVAL BATTLE

Edinburgh Learns That German Fleet Consisted of a Hundred Vessels.

Following the battle on May 31 between the German high seas fleet and a fighting fleet of Great Britain, press reports have been conflicting, those coming from Great Britain minimizing the loss of their fleet, and those from Berlin claiming equally as strongly a decided victory for the Kaiser's fleet. Late press dispatches from London indicate that the estimated loss of the Germans, from British sources, is 18 warships, thus placing the German loss in excess of their own. The Admiralty has issued the following statement: "There is the strongest grounds for the belief that the British Navy in the battle with the Germans off Jutland last week had accounted for a total of eighteen German men-of-war, and that there was nothing to add to or subtract from the original announcement of the British losses."

The statement gave the German losses as two battleships, two dreadnoughts battle cruisers, four light cruisers, nine torpedo boats and a submarine.

It is generally admitted that the battle is the greatest naval battle ever fought, and that the Emperor's fleet was victorious.

EDINBURGH, June 4.—According to a story of the naval battle received here, Vice Admiral Sir David Beatty, who commanded the British cruiser squadron, had cruised many times in the vicinity of the present battlefield without luring the Germans out, but on this occasion the German seamen had an inkling something was about to happen. About 4 o'clock in the afternoon the British advance guards sighted the enemy, and soon it was apparent that the Germans were coming out in force, there being in all about 100 ships. The German squadron included at least twenty battleships and battle cruisers.

### Teutons Hug Coast.

Apart from the fact that the Germans were three times as strong as Admiral Beatty's squadron, they had the advantage of light, and adopted their favorite tactics of hugging the coast, at the same time assuring a safe retreat.

## U. S. Department of Rural Engineering Is Interested

Professor Leroy Rhodes, of the Texas Agricultural and Mechanical College, has opened an office with Dr. R. F. Hare, in the County Commissioners' Court Room. He is making an extensive survey of the irrigation project in the Plainview District, as a representative of the United States Department of Rural Engineering.

He will be here for several months. W. L. Rockwell, of San Antonio, at the head of the department's work in Texas, will probably come to Plainview during the summer, according to Professor Rhodes, and the two will make tests of the water flow from the big irrigation wells.

### ARE BUILDING ORNAMENTAL FENCE AROUND COUNTY JAIL.

"Do Not Talk With Prisoners," on a neat little sign on the lawn has not proved effective. So the court ordered the construction of an iron fence. Not that they would deprive the prisoners of the county of any pleasure—oh, no, indeed!—but flies, saws, and such other implements dear to the hearts of those in durace ville, should not tempt friends and others who might wish to console those in the county bastle. The court simply removed temptation. The fence is ornamental, and Janitor Charles Wilson says that soon a flower garden will be planted within the fence.

Beal Pumphrey and Harold Hughes were visitors in Amarillo Saturday.

# The Herald's Review of the Movies

Wm. J. Bryan would doubtless endorse "Destiny," a number on The Ruby Theatre's Thursday program. It contains a powerful temperance lecture and is a rattling good picture as well. It tells the story of the struggle of a bright young man with drink. Bryant Washburn, Ruth Stonehouse and Charles J. Stine are leaders of a satisfactory cast.

"Cured" is a Billie Reeves comedy, written by Mark Swan. Carrie Reynolds, Arthur Matthews and Jack Delson are the cast.

Another one-reel comedy on this day is "Betty, the Boy and the Bird," written by Wilfred North and produced by Tefft Johnson. "The offering is fairly entertaining," says the Motion Picture News. Zena Keefe, Gerald

Gordon, Josephine Earl and Mrs. Nellie Anderson have the leading parts.

"Who's Guilty?" it attracting considerable attention wherever shown. In each installment there is a gripping problem. This is the fourth of the two-reel photo dramas which have been released by Pathe under the head title of "Who's Guilty?" "The Silent Shame" is, in its treatment of the divorce problem alone, one of the strongest of the vital "Who's Guilty?" series. The Olympic has this as its leader for Thursday.

In addition, there is "The Best Man's Bride," a Gold Seal, two-reel comedy-drama of genuinely fine type that has an original story and convinces despite improbability, which contains sus-

pense and plenty of it. Herbert Rawlinson and Framcella Billington are well equipped to take the romantic leads.

"His Neighbor's Wife" is a thoroughly laughable comedy, in which are featured Neal Burns, Ray Galagher, Billie Rhodes and Harry Rattenberry.

Crane Wilbur is to be featured in "Vengeance Is Mine," a five-reel Mutual De Luxe Feature, at The Mae I. Thursday. Crane wrote the scenario and takes the lead with Gypsy Abbott. The drama is produced by David Horsley, in Los Angeles. John Loring is Governor of a Western State. His brother is an upright, decent young chap, with no particular virtues or vices to attract either the favorable

or unfavorable attention of his brother's colleagues to him. The Governor is opposed to capital punishment. His wife becomes involved, through threats of blackmailers, who threaten to reveal to the Governor a series of instances of her earlier life. Richard intervenes. At a clandestine meeting, Clark, the blackmailer, is killed by the accidental discharge of a gun in a scuffle with Richard, who has followed the Governor's wife to the apartment. The Governor has committed himself to the policy of capital punishment. His brother is convicted of crime and sentenced to the electric chair. In heavy mental strain he goes to a hunting resort. The wife has been silent, hoping that the Governor would relent and grant a pardon. Seeing that he will not, she goes to him and explains the whole situation. The brother is pardoned and the Governor retires from politics.

"Dreamy Dud," one of Wallace A. Carlton's cartoon drawings, in one reel, will be shown at The Ruby Theatre Friday.

"The Rival Pilots" is a railroad melodrama presenting three of the most daring thrills ever pictured. One is a runaway engine demolishing a handcar, another is a daring climb by Lee Hill along a rope tied to a freight car and an automobile, and the third is Hill's miraculous rescue of a little child playing in front of his onrushing engine.

This last is liable to cause hearts to flutter and flit wildly. Henry McRae directed from a scenario by Wright Roberts, while included in the cast are L. C. Shumway and Margaret Mayburn. "Some Honeymoon" and "Artful Artists," two good comedies, keep the comedy ball rolling.

Friday is Triangle Day at The Mae I. In addition to "Between Men," a Triangle drama, there is offered on that day "Dizzy Heights and Daring Hearts," a Triangle-Keystone Comedy. A two-hundred-foot smokestack was purchased by the Keystone people especially for use in this picture. It was a landmark, having stood near Inceville for nearly a quarter of a century. It was purchased only to be destroyed in an instant by a big charge of dynamite. But it added a realism and interest to a thrilling story dealing with many spectacular flights in aeroplanes and hairbreadth escapes from sudden death.

Friday there comes to The Olympic "The Heart of Paula." The Motion Picture World carries this review, by Lynde Denig:

"As a Spanish maiden, alluringly attractive and thoroughly versed in the art of flirtation, Lenore Ulrich is admirable. Her warm beauty and emotional fervor are perfectly suited to the character of Paula Figueroa, the heroine of this Pallas Pictures drama, laid in a Mexican town supposed to be controlled by revolutionists. It is scarcely necessary to comment on the timeliness of such a story. The Mexican scenes are authentic, we are given occasional glimpses of typical Mexican characters, and the plot, if not always convincing, offers a likable combination of romance and adventure. Best of all, however, is the appearance of Miss Ulrich. At times she becomes quite irresistibly charming."

The Olympic's Saturday leader is "The Strange Case of Mary Page." The testimony of Amy Lerue, which is continued in this number, tells more

Edna Mayo in "Strange Case of Mary Page," at Olympic Saturday.

of Mary's theatrical experience and explains how Pollock came to back the company. Dan Page is then put on the stand and asked to describe the way in which he killed Pollock. His testimony is broken down by the prosecuting attorney, and he confesses that he lied to save his daughter.

Then, too, there is the "Animated Weekly," one reel of current events, and "Caught on a Skyscraper," a two-reel L-Ko Comedy, a good offering of the low comedy type," says the Motion Picture World.

"The Broken Cross," a two-reel American drama, being the story of two sisters, with Harold Lockwood as the Man in the Case, is The Mae I's first number for Saturday. In "Beaten at the Bath," a Falstaff comedy, with Arthur Cunningham and Barbara Gilroy in the leading roles, father's choice is worsted. Margery's father is determined that his daughter shall not marry an elderly banker, and Margery

# Program Mae I. Theatre

THURSDAY, JUNE 8TH.

## "Vengeance Is Mine"

A remarkable drama, in five parts, full of dramatic incidents. A play of big scenes, based on the theme of capital punishment. Shows a race in an auto against time and death, starring the popular star, CRANE WILBUR. (DE LUXE FEATURE.)

FRIDAY, JUNE 9TH.

## "Between Men"

Another one of those rare dramas—built around a big subject with a tremendous popular appeal. It is one of the swiftest, most amazingly picturesque screen dramas that has ever been offered.

## "Dizzy Heights and Daring Hearts"

A KEYSTONE COMEDY that is a scream. It's a smile, a chuckle, and then a continuous laugh, in two acts, featuring Chester Conklin.

SATURDAY, JUNE 10TH.

## "The Broken Cross"

With HAROLD LOCKWOOD and MAY ALLISON. The thrills and heart throbs of this strong Western drama brings out the best work of these splendid co-stars—amid settings of supreme beauty! A pendant—a broken cross—decides the romance of the disinherited son and winsome Red Cross nurse. Another "Flying A," two-part play that hits the high mark.

## "Beaten at the Bath"

Father's choice is worsted. It's one of those funny Falstaff comedies, with Arthur Cunningham and Barbara Gilroy in the leading roles.

## "Around the World"

He's here again! Jerry nearly furnishes a meal for the cannibals. Starring GEORGE OVEY, the funniest man in America.

MATINEE 2:15

EVENING 7:45

ADMISSION 5c and 10c

# The Mae I. Theatre

"The Photoplay House of Quality"

is equally determined that she will marry no one save Harry Congdon, a poor, young clerk. The banker father loses his watch to a thief, who rushes into a public bath. The father follows. He is tortured with the "hot room" treatment before allowed to proceed, and by that time the thief has escaped in Harry's clothes, leaving his own checked suit. Harry is arrested as the thief, but the real offender is apprehended at the same time. Harry's humiliation before his sweetheart, who is with the father, is complete. But he sues for false arrest and gets an \$800 check.

nearly furnishes a meal for cannibals.

Saturday The Ruby offers a program of variety. "The Ruse" is a clever three-part story of business and society, and will be liked. In the leading roles are Joseph Kilgour, Harry Morey and Naomi Childers.

"Freddy's Narrow Escape" is a one-reel farce. It is an amusing story of an ill-fated elopement, and the comedy complications are hilarious. William Dangman, Helen Gurney, Daisy Devere, Frank Currier and William Lytell, Jr., constitute the efficient cast.

"Tapped Wires" is number 64 of the "Hazards of Helen" Railroad Series. Robin Adair, George Robinson, Glen Gano and Franklin Hal are Miss Gibson's partners in the cast.

## OLYMPIC

"YOU KNOW THE PLACE"

THURSDAY.

### "Who's Guilty" Day

The fourth episode of this great series of life dramas, with Anna Nilsson and Tom Moore, entitled

### "THE SILENT SHAME"

In two parts.

"THE BEST MAN'S BRIDE" Herbert Rawlinson and Framcella Billington in a two part drama.

"HIS NEIGHBOR'S WIFE" Billie Rhodes in a Nestor comedy.

FRIDAY.

### Paramount Day

We present one of the world's most beautiful women,

## Lenore Ulrich

In a thrilling Spanish drama, entitled

## "THE HEART OF PAULA"

In five parts. Guaranteed to be one of the best.

SATURDAY.

### Mary Page Day

"THE PERJURY" The eighth episode of this splendid serial, with Henry Walthall and Edna Mayo. Two reels.

### "Animated Weekly"

One reel of current events.

"Caught on a Skyscraper" Gertrude Selby, May Emory and Reggie Morris in a two-part L. K. O. comedy thriller. It's a scream from start to finish.

## RUBY

"ALWAYS A GOOD SHOW"

THURSDAY.

## "DESTINY"

A three-part drama with a powerful temperance lecture. Ruth Stonehouse is featured.

## "Betty, The Boy and The Bird"

A one-reel Vitagraph comedy with Zena Keefe and Gerald Gordon.

## "Cured"

Billy Reeves in a Lubin comedy.

FRIDAY.

## "THE RIVAL PILOTS"

A two-part railroad thriller, with some of the greatest dare-devil stunts ever seen in a photoplay. Lee Hill and Mina Cunard are featured.

## "Dreamy Bud Lost at Sea"

A one-reel cartoon comedy by Wallace A. Carlson.

## "SOME HONEYMOON"

A Nestor comedy with Billie Rhodes.

## "ARTFUL ARTISTS"

Bud Duncan and Ethel Teare in a Kalem comedy.

SATURDAY.

## "Hazards of Helen" Day

## "TAPPED WIRES"

Helen Rose Gibson in a one reel railroad thriller. A little more thrilling than usual.

## "THE RUSE"

A three-part story of business and society, with Harry Morey and Naomi Childers.

## "Freddy's Narrow Escape"

Wm. Dangman and Daisy Devere in a one-part Vitagraph comedy.

## Slip a few Prince Albert smokes into your system!

You've heard many an earful about the Prince Albert patented process that cuts out bite and parch and lets you smoke your fill without a comeback! Stake your bank roll that it proves out every hour of the day.

Prince Albert has always been sold without coupons or premiums. We prefer to give quality!

There's sport smoking a pipe or rolling your own, but you know that you've got to have the right tobacco! We tell you Prince Albert will bang the doors wide open for you to come in on a good time firing up every little so often, without a regret!

# PRINCE ALBERT

the national joy smoke

You'll feel like your smoke past has been wasted and will be sorry you cannot back up for a fresh start.

You swing on this say-so like it was a tip to a thousand-dollar bill! It's worth that in happiness and contentment to you, to every man who knows what can be gotten out of a chummy jimmy pipe or a makin's cigarette with Prince Albert for "packing"!

R. J. REYNOLDS TOBACCO CO.  
Winston-Salem, N. C.

This is the reverse side of the tidy red tin

THE Prince Albert tidy red tin, and in fact, every Prince Albert package, has a real message to you on its reverse side. You'll read:—Process Patented July 30th, 1907. That means that the United States Government has granted a patent on the process by which Prince Albert is made. And by which tongue bite and throat parch are cut out! Everywhere tobacco is sold you'll find Prince Albert awaiting you in tippy red bags, 5c; tidy red tins, 10c; handsome pound and half-pound tin humidors and in that clever crystal-glass humidior, with sponge-moistener top, that keeps the tobacco in such fine condition—always!

"Daddy, I jus' got to have

# Grape-Nuts

No wonder children are fond of Grape-Nuts food. Its crisp, attractive form and delicious barley sweetness appeal wonderfully to the child's taste.

Grape-Nuts is made of Nature's finest food grains—wheat and barley. It is ready to eat direct from the sealed packet—convenient, economical, easy to digest, richly nourishing—the most perfect cereal food ever devised.

But above all, this food makes children sturdy and helps them to get big A's in their studies. For bounding health and vitality every boy and girl should have a daily ration of Grape-Nuts with cream or good rich milk.

"There's a Reason"

**Community Correspondence**

**RUNNINGWATER BOYS PLAY KRESS GAME OF BASEBALL.**

RUNNINGWATER, Texas, June 1.—The Runningwater school closed here Friday. The diplomas were awarded on Thursday night. A basket dinner was served Friday. Then in the afternoon two baseball games were played. Runningwater won both games. A play, entitled "Poppin' the Quester," was given that night.

Miss Lois Foley, of Halfway, has been the guest of Miss Gladys Knight from Thursday to Monday.

Some of our people have been attending the Chautauqua in Plainview the past week.

Mrs. H. O. Phillips left Friday evening to visit her mother, at Petersburg.

The Runningwater boys will play Kress this evening in a baseball game at Kress.

Mr. and Mrs. Jim Helm, of Halfway, visited Mr. and Mrs. B. V. Fruin Friday evening.

W. W. Edmondson and daughter, Altie, and Mr. McMaster went to New Mexico Tuesday to visit the former's daughters who live out there.

**PROFESSOR STOVALL WILL TEACH HALE CENTER SCHOOL.**

LAKEVIEW, May 28.—There is some complaint going up from the populace for the need of rain.

Children's Day at the Methodist Church at Strip Sunday was well attended. The program by the children was well rendered and appreciated.

The young people had singing Sunday afternoon at Tex Smith's.

Mr. and Mrs. Stoval had a few of the married folks at their house Monday evening.

Herschel Rosser and wife, who have been in Dallas for several months, have returned home.

J. T. Lowery and others were in Bailey County a few days ago on business.

Cecil Craig and Mr. Tedford made a business trip to Bailey County this week.

The young people enjoyed an old-fashioned candy breaking at the home of J. T. Ellerd, at Lakeview, Friday evening.

Mrs. G. P. Wirtz is reported quite sick.

Mrs. A. Tanders and Mrs. Frank Wirtz were visitors at Petersburg last Wednesday.

The county seat was visited last week by quite a number of Lakeview people who were attending the Chautauqua program.

Will Pearce was in Amarillo a few days last week.

Miss Clara Jones is visiting in Lubbock.

Arthur Ellerd, of Happy Union, was visiting home folks the last of the week.

Professor A. L. Tarlton and wife, of Plainview, will teach the Lakeview school next year.

Professor D. H. Stovall was elected to teach the school at Hale Center for the term of 1916-17.

Mrs. H. E. McCabe, who has taught in the Lakeview School for two years, has also been elected to teach at Hale Center.

DON EMMETT.

**HOLDING REVIVAL MEETING IN MT. VERNON COMMUNITY.**

MOUNT VERNON, June 1.—Miss Roxie Range has returned to her home, in Mesquite, Texas, after a week's visit with Miss Gladys Thomas. Miss Range will return in the fall to take up her duties as teacher at Liberty school.

The farmers are about up with their planting until it rains. The haying season has just begun.

There were several dances given this week. They were all well attended.

There were only a few out to the Mothers' Club meeting Friday. We hope to have more present at the next meeting.

Rev. J. B. Adams preached to an attentive crowd Sunday afternoon. He was accompanied by Brother Daniels and Brother Billberry, of Plainview.

Mount Vernon is coming to the front with her Sunday School work.

Rev. C. F. Longstreet preached Sunday night to a full house.

Mrs. Walker and children, from Kent County, are visiting her father, Mr. Ferguson.

Mrs. Nix Harp visited Miss Fred Day Sunday.

Mrs. Fred Wilkerson spent Thursday with Mrs. Ebeling.

Rev. C. R. Smith will help Rev. C. F. Longstreet with a revival at Mount Vernon this week. Everyone is invited to attend these services, which begin at 8:30 o'clock.

Mr. Wright and son, Vernon, have just returned from a trip to New Mexico.

Keith Catto was out from town Monday.

Mr. and Mrs. W. T. Haines visited Mr. and Mrs. Walter Crowley Tuesday afternoon.

Our meeting is progressing in inter-

est and numbers each night.

Miss Margie Saffle was out from town Wednesday.

There will be dinner on the ground Sunday.

**LIBERTY SOCIAL CLUB.**

The Liberty Social Club met Thursday, June 1, with Mrs. T. H. Hickman. We had as our visitors Miss Alberta Howell, of south of Plainview; Mrs. C. B. Barr, of Plainview; Mrs. C. B. Anderson and Misses Ellen, Dora and Frances Seipp.

An enjoyable afternoon was the result.

The hostess served a delicious two-course luncheon.

The members and visitors numbered sixteen persons.

After some time in social conversation and fancy work, the ladies departed until the next meeting, which will be with Mrs. L. L. Wheeler.

—Contributed.

**MUCH INTEREST SHOWN IN MT. VERNON REVIVAL MEETING.**

MOUNT VERNON, June 5.—It looks like rain, and the farmers are wishing for it.

Mrs. Span and children, of Kress, have been visiting her mother, west of town.

There have been big crowds attending the meeting the past week. There was dinner on the ground Sunday. Every one enjoyed it very much.

Mr. Lee and Virgil Dodson, of Plainview, have been attending the meeting.

Miss Ethel Tyler has returned home from her school, in Iowa.

W. T. Haines has purchased a new Ford.

Mr. and Mrs. Span and Mr. and Mrs. Jim Cox called on Mr. and Mrs. K. I. Thomas.

Hugh Fox was a pleasant caller at the Wright home.

**TULIA PERSONAL NEWS.**

Professor Ralph Porter, of Plainview, is visiting his parents.

E. Y. Brown and mother, Mrs. J. A. Brown, of Plainview were visiting friends here Wednesday.

Misses Mabel Wright, Lorna and Allie Hutchinson, of Plainview, attended the commencement exercises here last week, and were guests at the home of W. R. Foster.

Dennis Zimmerman and family, E. Keim, wife and two sons, Lee and Arno, visited at the home of O. J. Lady, near Plainview, last Sunday.

Miss Gertrude Overall came up from Plainview Tuesday for a few days' visit with her many friends here.

J. C. LaPrade and wife and Misses Mary and Nell Tomlinson attended the "Melting Pot" at the Plainview Chautauqua last Friday evening.

Mr. and Mrs. Hooper, R. C. Asbury and family, Miss Minnie Cooper and Messrs. S. E. Moine, C. D. Battels and Ray Jordan and Rev. J. R. Sharp were among the number from Tulla who attended "The Melting Pot," one of the Chautauqua numbers, at Plainview last Friday evening.

S. E. West, W. H. Donaldson and Lon Sweeney were in Amarillo on "Decoration Day," May 30th.

Mrs. W. H. Donaldson and Miss Ita Hood were in Plainview last week attending the Chautauqua.

J. E. Swebston and wife attended the Friday night number—"The Melting Pot"—of the Chautauqua at Plainview last week.

J. D. Vaughn went to Plainview Monday to look after business matters.

—Tulla Herald.

**HALE CENTER PERSONAL NEWS.**

Dr. O. I. Cook was a business visitor in Plainview Thursday.

The Quick Service Garage has opened for business, in the building just south of the Record office. Rev. B. H. Oxford is the owner of the garage and Mr. J. L. Jetton is the competent mechanic in charge. A general line of automobile and tire repairing will be done.

Rev. J. A. Sweeney and family, of Lockney, spent a portion of this week in Hale Center visiting their many friends. Rev. Sweeney was formerly pastor of the Methodist Church here, and he and his excellent wife are certainly loved and respected by our people.

T. E. Wall bought Wednesday, of J. L. Harrington, lot No. 9, block 82. Consideration, \$150.00. This lot joins Mr. Wall's garage on the east. Mr. Wall will make an extension of his garage on this lot, and says that he will make ample provision to better take care of his growing business and also better be able to transact every branch of the garage and automobile repairing work.

Judge and Mrs. C. H. Curl, of Littlefield, passed through Hale Center Tuesday morning en route home from Plainview.

**CHASES WOLF IN OVERLAND.**

This tale of a wolf and an Overland comes from Sealy, Texas. It happened in this fashion: Mr. and Mrs. W. J. Newcom, with a party of friends, were driving over their ranch, six miles from town, when they saw a red wolf running across the pasture. Mr. Newcom was driving the car and gave chase. The wolf had a good start when discovered, but Mr. Newcom and his Overland gained on him steadily. After a run of about two miles across the prairie he came within shooting distance, and, letting go of his wheel, Mr. Newcom took his shotgun from Mrs. Newcom's hand and opened fire, bringing down the animal on the third shot. The body of the wolf was placed on the running board and brought to Sealy. It is one of the largest wolves ever killed in that district. He weighed 54 pounds, and was a beautiful specimen of his kind.

**PEE GEE RE-NU-LAC**  
"WORKS WONDERS"

HERBERT S. HILBURN, Editor E. B. MILLER, Business Manager

Entered as second class mail matter July 1, 1914, at the Post Office at Plainview, Texas, under the act of March 3, 1879

\$1.50 a Year; 75c, 6 Months. Advertising Rates on Application.

### EXPERIMENTS ARE ON INTEREST.

The investigations of the agricultural chemist in studying the fertilizer requirements for different crops, the value of different forms of plant food and their effect on the quality of the crop, are valuable to the practical farmer. It is true that development in theories are rapid, due to the great number of persons interested in science. The layman cannot keep closely in touch with the newest developments; in fact, the majority of the class have not had the advantage of study and research. But when a theory has been demonstrated and the details of application of certain methods worked out, then it is adaptable to the needs of the practical man, who has not time to make the experiment himself, or who lacks the technical knowledge. This is just the service the specialists of the United States Department of Agriculture offer.

Hale County is fortunate in having Dr. Hare, an experienced chemist and agriculturist, to act as an intermediary between the farmers and stockmen and the Department.

It is a significant fact that the great corporations are beginning to realize that scientific methods applied will increase crop yields, will make for better quality and for higher profits. Their business depends on the producing class, and whenever they can aid the producers they indirectly aid themselves. The large harvester manufacturers have specialists who are studying crop needs. The only benefit they can expect is indirect. The packers are studying feeding and are disseminating information and giving the results of their experiments. They can hope for nothing more than an indirect benefit in the sale of products. This same principle brings Dr. Zerban to the Plainview country. The experiments which will be conducted at Garwood farm are not era-marking, nor are they startling. It is a matter of fact that many expect that negative results will be obtained—that is to say, that it will be found that the fertilizers in question are not needed on the majority of South Plains farms. But, if the experiments should prove conclusively that the application of potassium salts, of phosphoric acid, or of nitrogen, or of a combination of the plant foods in question would be profitable, no doubt it would increase profits on many Hale County farms. If it should be demonstrated that they are not needed, in general, it would be satisfying to our producers.

### ABOUT A PERMANENT CHAUTAUQUA ORGANIZATION.

The move to build an auditorium suitable for a Chautauqua is a commendable one. There is need of a municipal auditorium in Plainview. The churches of the town have been imposed upon for public entertainments of various kinds, musical and artists' concerts, etc. There is no place adequate for the needs of the Hale County Fair.

The Herald believes it speaks the sentiment of the people of Plainview when it states that a Chautauqua is desired. What can add more to the permanency of the Chautauqua than an adequate auditorium? The uncomfortable seats at the tent are still an unpleasant memory to many. How much more delightful would be the entertainment if all the people were comfortably seated!

Dollar for dollar, Plainview might not get back everything invested in a Chautauqua. As a matter of fact, she is not trying to make the Chautauqua an investment, returns from which will be money. Education is not wanted merely for the additional earning capacity it affords the individual. That's a small consideration. However, it must not be forgotten that the Chautauqua offers the people of the trade territory around Plainview an opportunity of hearing artists of merit, and at nominal cost. The people of Plainview should be anxious to do everything possible for the out-of-town patrons of our businesses. We should be anxious to do everything possible for the cultural and educational development of the citizenship of Plainview.

"A Chautauqua takes money out of Plainview" has been heard. Of course it does. But we send money out of Plainview for sugar, for clothing and for other things which we need in our every-day life that are not manufactured here. If we get value received for our money, what's the odds?

The man who is making Plainview his home ought to do everything in his power to make it a desirable town in which to live. If he does not bring cultural and educational advantages to Plainview, he will be without them. The man who is making his temporary home and is here just for the dollars he can collect will not be much interested in any public enterprise, unless he can see some special benefit accruing to him without an expenditure of either effort or money.

And the Chautauqua Association of Plainview should not be limited merely to those men who signed the contract which brought the 1916 Chautauqua to Plainview, but should include every one who is interested in the educational and cultural development of the city.

### HEALTH AND CITIZENSHIP.

The defective citizen of today is oft-times the unhealthy child of yesterday. The defective child of today is often the criminal of tomorrow. There is a growing sense of social solidarity and of general responsibility for whatever consequences naturally follow conditions which society allows to exist. On the sociological side it is found that the criminal is largely a product of vicious social conditions; on the biological side the criminal suffers from defective heredity. The criminal class is very largely feeble minded or subnormal in mental capacity. Members of the famous Jukes family, which has been traced for several generations by Dugdale, as a rule possess vicious or criminal instincts. Seven hundred and nine out of 1,200 descendants were traced, of whom 280 had received public support, 140 were criminals and offenders serving in all 140 years in prison, and a large proportion were licentious and nervously diseased. Mental deficiency is probably the chief cause of delinquency, according to Charles Goring, of London, who has completed a study of 3,000 convicts of English prisons. There is a close relation between mental and physical condition.—(From The Plainview Evening Herald in The Dallas Evening Journal, June 2.)

Mrs. Guy Baker, of Canyon, is visiting friends here. She will later go to Conway, Ark., for a visit.

Guy Fowler is now associated with his father in the Temple of Economy, having resigned his position with the Plainview Mercantile Company.

Mrs. R. E. Cochran and child returned today from an extended visit with relatives in Kansas.

R. L. Moon, of Petersburg, was here Thursday.

Miss Ruth Hancock, of Keytesville, Mo., is the guest of M. C. Hancock.

Mrs. D. L. Miller and children are visiting in Texarkana.

Joe Carter and Bill Lewis left yesterday for Pampa, where they are employed in the building for which J. B. Maxey has the contract.

Jim Carpenter left yesterday morning for Amarillo.

H. B. Cogdell returned yesterday morning from Hale Center, where he spent the week-end.

Miss Lillie Garrison and Mrs. Cagle, of Matador, were here this morning en route to Canyon, where they will attend the West Texas State Normal.

D. R. McVicker returned Saturday from a two weeks' visit in Sumnerville County.

Mrs. F. P. Powell has as her guests for several weeks her sisters, Mrs. Maude Wilson and Miss Mattie Middleton, of Waxahachie. Miss Middleton is of the editorial staff of the Waxahachie Daily Light, and Mrs. Wilson, who has visited in Plainview before, is supervisor of music in the Sweetwater Public Schools.

Judge T. D. Webb came down from Kress this morning.

Rev. J. H. Bone, of Hale Center, was here this morning en route home from Amarillo.

Rev. O. L. Halley returned this morning from Sweetwater.

Paul P. Steed, of Post City, was here this morning en route to Clarendon.

W. A. Jennings, sheriff of Randall County, motored down from Canyon Saturday and spent the week end with Mr. and Mrs. Richard Redfern and family.

Mrs. Corinne Hunt, matron of Wayland Baptist College girls' dormitory, left Friday morning for Hope, N. M., where she will spend her vacation.

Miss Lorina Wade is visiting a brother in Quanah.

Miss Edith Martin, who has been here in the interest of a series of artists' concerts for the winter, left Saturday morning for Snyder.

### NOLAN COUNTY COURT HOUSE TO BE SOLD AT AUCTION.

The old court house at Sweetwater, Nolan County, is to be sold soon at public auction. A new \$100,000 building is to replace the old structure.

### BIRTHS.

Born, to Mr. and Mrs. John M. Teague, May 30, a boy.

BOY WANTED—A bright, active, truthful boy wanted for work at THE HERALD.

Rev. G. I. Brittain preached at Olton Sunday.

### IMPROVING PARK AT LAKE.

An ornamental gate of lattice work has been constructed to the park at Lake Plainview.

### NOTICE.

A meeting of the members of the Plainview Cemetery Association is called for Wednesday, June 14, three o'clock p. m., at the City Hall.

Mrs. Otis Trulove, of Amarillo, was here Saturday en route to Sweetwater.

Rev. J. M. Harder filled his regular appointment at Post City Sunday.

## SOCIETY

Telephone Number 72

### ANNOUNCEMENT.

All of the librarians are urgently requested to meet with the Library Committee tomorrow afternoon at four o'clock, in the Public Library, at the City Hall.

### RUTH TOWERY HOSTESS FOR GIRLS' HOME ECONOMICS CLUB.

The Ninth Grade Home Economics Club of the Plainview High School met this morning with Miss Ruth Towery. There were only eleven members present. "Menus" was the lesson studied and discussed.

The next meeting will be with Miss Mabel Scudder, on Tuesday morning, June 13th.

BLANCHE REDDELL  
Press Reporter.

A. E. Cousineau, of Laredo; Mrs. Lula Johnson, of Miami, and Mrs. W. T. Wisley, of Slaton, are the guests of their brother, Fred Cousineau, having arrived this morning.

F. G. Hudgins, of Abernathy, was here Friday on business.

### MILDRED PENRY HONORED.

Miss Martha McClendon was hostess to a number of friends at a going-away party, with Miss Mildred Penry as guest of honor.

Rugs and cushions were arranged on the lawn, which was lighted with Japanese lanterns. Marshmallows were toasted over a bed of coals, and music and games were amusement for the guests until a late hour.

Ice cream and cake were served by the hostess.

### C. W. B. M. MEETS WITH MRS. LASH

The C. W. B. M. met yesterday afternoon with Mrs. J. J. Lash. The program was one of interest. The subject studied was "Our Work in Africa and the Negro Fields of the United States."

Mrs. H. C. Randolph read a paper on the above subjects. Mrs. J. B. Scott delighted the guests and members with a reading, and Mrs. W. T. Bowen read a missionary letter.

The next meeting of the C. W. B. M. will be with Mrs. J. F. Garrison.

### COMMITTEES OF CITY FEDERATION OF CLUBS.

The following committee members have been appointed by the City Federation of Clubs:

**Legislative Committee:** Mrs. E. Graham, chairman; Mrs. L. T. Mayhugh, Miss Harrington, Mrs. E. T. Coleman, Mrs. Fred Brown, Mrs. Charles Flack and Mrs. B. L. Spencer.  
**Social Committee:** Miss Rebecca Longmire, chairman; Mrs. J. J. Lash, Mrs. C. C. Gidney, Mrs. W. A. Todd, Mrs. Tom Carter, Mrs. J. J. Bromley and Miss May Kinder.

**Civic Improvement Committee:** Mrs. T. P. Whittis, chairman; Mrs. O. B. Jackson, Mrs. J. W. Day, Mrs. E. B. Miller, Mrs. R. W. Brahan, Miss Celestine Harp and Miss Josie Rosson.

**Finance Committee:** Mrs. J. W. Pipkin, chairman; Mrs. A. B. Martin, Mrs. W. A. Morter, Mrs. T. Hammond, Mrs. L. L. Dye, Mrs. E. C. Hunter and Miss Nelle Sanson.

**Better Schools Committee:** Mrs. F. P. Powell, chairman; Mrs. Dave Collier, Mrs. Jo Fowler, Mrs. L. D. Rucker, Mrs. R. B. Tudor, Mrs. Jo Wayland and Miss Treadway.

**Program Committee:** Mrs. C. W. Tandy, chairman; Mrs. H. C. Randolph, Miss Lena Williams, Mrs. Faris Frye, Mrs. Lena Williams, Katherine Powell and Beulah Posten.

**Building Committee:** Mrs. Jo Barrett, chairman; Mrs. R. S. Stewart, Mrs. Meadow, Mrs. Marshall Phelps, Mrs. B. H. Towery, and Miss Mary

### Williams.

**Library Committee:** From the Mystic Club, Mrs. L. A. Knight and Mrs. T. P. Whittis; from the Civic League, Mrs. L. L. Dye and Mrs. F. P. Powell; from the Central Mothers' Club, Miss Rebecca Longmire and Mrs. T. Hammond; from the Lamar Mothers' Club, Mrs. R. B. Tudor and Mrs. W. B. Martine; from the Browning Club, Miss Lena Williams and Mrs. Dave Collier; from the Travel Study Club, Mrs. J. W. Pipkin and Miss Pauline Milwee; from the "As You Like It" Club, Mrs. J. J. Lash and Mrs. Charles Saigling.

During the summer months the book room will not be open on Saturday afternoons. The usual hours will be observed on Tuesdays and Fridays.

### HONORING MARGARET POWELL.

Yesterday afternoon Miss Bethenia Burgess made a very charming hostess for a delightful logia party at the Mission, given in honor of Miss Margaret Powell, of Plainview. Later the guests were entertained at the Chocolate Shop. Those in the party were Misses Margaret Powell, Leta Roberts, Lee Wolflin, Cornelia Wilflin, Mary Meador, Frances Charles, Mary Masters, Mary Hopkins, Maida Works, Burkella Wells, Beulah Witt, Louise Bartlett, Mabel Holland, Edith Ratliff, Charlotte Miller, Louise Murphy, Edna Kirk, Josephine Curtis, Doris Nobles, Dorothy Lowndes, Nellie Bell, Louise Claybrook, Adrienne Stallings, Louise LeNeve, Ora Trulove and Olive Thompson. — Amarillo Daily News.

### ASCENSION SERVICES HELD BY KNIGHTS TEMPLAR SUNDAY.

Sunday morning at the First Presbyterian Church the pastor, Rev. T. B. Haynie, preached the annual ascension day sermon to the members of the Plainview Commandery, K. T., No. 53. Many friends of members of the order attended the services.

### LOONEY WILL SPEAK HERE.

Attorney General of Texas B. F. Looney will be in Plainview Thursday, June 8, to address the voters of Hale County. It is anticipated that Mr. Looney will have some interesting things to present, there having arisen some unusual circumstances during his tenure of office.

L. M. Froge is in Albany, Ky., on a vacation trip.

Leader—Nora White.

### TO ATTEND NORMAL.

Professor H. P. Webb, Misses Ina Jordan, Spath, Carrie Pace and Sanderson were among those who left yesterday morning for Canyon to attend the summer session of the West Texas State Normal.

Mrs. Mary Dalmont Zillman left yesterday for her home, in Nara Visa, New Mexico, after a visit with her parents, Mr. and Mrs. L. N. Dalmont.

Miss Gertrude Conner, of Floydada, was here this morning en route to Canyon City to attend the summer session of the West Texas State Normal.

Mr. and Mrs. J. M. Shafer returned Sunday from an extended visit with relatives and friends in Stephenville and Fort Worth. Mrs. Shafer's health is somewhat improved, though she is not yet strong.

J. B. Maxey came in yesterday morning from Pampa, where he has been supervising the construction of a large office building.

Miss Estalou Harp left yesterday morning for Fort Worth and Dallas, where she will visit with relatives.

Rev. A. B. Roberts returned yesterday from Post City, where he has been assisting in a revival meeting.

Grace Thatcher returned yesterday morning from Amarillo, where she went to attend the graduating recital in voice of her brother, Charles, in Amarillo.

J. C. Eirring is at Mineral Wells for his health.

Mrs. Paul Hunsaker is visiting relatives in San Angelo.

J. M. Adams, of the Plainview News, and his daughter, Sadye Earle, left Sunday for El Paso to attend the Texas Press Association.

Mrs. Lane, of Cisco, is the guest of Rev. and Mrs. M. S. Leveridge.

Mr. and Mrs. W. A. Kelley have returned to their home, in Amarillo, after a visit with friends and relatives in Plainview.

Rev. B. H. Oxford, of Hale Center, was in Plainview today on business.

Miss Anne Breslin, of Fort Smith, Ark., is the guest of Mrs. M. F. Rook and Miss Lillie Ellerd.

Arley Baker, of Lockney, was a business visitor in Plainview Friday.

A. C. Daves, of Matador, was here on business Saturday.

W. R. McCluskey, of Spring Lake, was here Saturday.

Mr. and Mrs. Nick Alley were up from Hale Center Saturday.

Mr. and Mrs. J. E. Swepton, of Tulia, spent the week end in Plainview.

Judge J. E. Lancaster was in Hale Center yesterday on business.

C. C. Wyatt, of Colorado, was here Saturday on business.

T. J. Dunbar, of Memphis, had business here Saturday.

R. A. Dunbar, of Kerville, was a business visitor here Saturday.

Dr. F. W. Zerkman, of New Orleans, La., was here Saturday and Sunday visiting friends and attending to business.

Lesley R. Gray, of Canyon, was here Sunday.

Wm. Gunther, of San Antonio, was registered at the Hotel Ware yesterday.

B. B. Greenwood, of Floydada, was here yesterday on business.

J. W. Campbell, of Canyon, was a business visitor in Plainview yesterday.

Mr. and Mrs. R. L. Gray, of Gail, were here yesterday.

W. G. Fly, of Amarillo, was among the travelling men in the city yesterday.

Wade Holman, of Amarillo, was here yesterday.

J. T. Palmer, of the Southwestern Telegraph and Telephone Company, was down from Amarillo on business yesterday.

Rev. and Mrs. A. L. Moore left Saturday morning for Sweetwater, where they will attend the Woman's Missionary Conference of the Northwest Texas Conference, M. E. Church, So.

Mrs. Gable Betts-Burton, who formerly lived in Plainview, was here Saturday en route to Sweetwater to attend the Woman's Missionary Conference of the Northwest Texas Conference.

Jasper Ellerd left this morning for the Ellerd ranch.

## Motor News of General Interest

### GOOD ROADS HELP AUTO SALES; AUTOS HELP GOOD ROADS.

The unprecedented demand for motor cars, that is responsible for many automobile factories working day and night, is attributed in a measure to the work accomplished by good roads advocates during the past few years. In turn, the automobile itself is accountable for many good road movements. The two are closely linked.

"The awakening of public interest to the importance of good roads has done more toward facilitating the sale of automobiles than probably any other one thing since the advent of the 'self-starter,'" says John N. Willys, president of The Willys-Overland Company.

"Show me any section of a state or county where the roads recently have been put in proper shape for driving and I'll show you a number of automobile dealers nearby who have increased their business.

"The best salesman in the world cannot sell a car if the prospective purchaser lives in a locality that is literally surrounded by muddy and impassable roads. All arguments as to why he should purchase a car, whether it be for recreation or for business, fall flat if on the very first trip he has to wallow through a sea of mud.

"The improvement of ten or fifteen miles of roadway offer the greatest inducement in the world to invest in motor cars."

Probably no class of men in any business or profession have done more toward furthering the good-roads movement than have the automobile dealers themselves. To them good roads are as much of a necessity as they are to the car owners in their respective territories. If the highways that lead to their salesrooms are neglected, their business suffers in consequence. The average motorist will travel twenty miles over a good road in preference to driving two miles over a poor one.

Is it any wonder that the big majority of automobile dealers are staunch supporters of all good-roads movements, whether these measures be of national character or of local nature?

"In the case of the Overland," continued Mr. Willys, "we encourage this kind of work among our dealers as much as possible. With 5,000 of them scattered throughout the country, they form a Good Roads Boosters' organization that is in itself a power, for it helps keep alive and growing the spirit that has been responsible for much of the good-roads work accomplished during the past year or two."

### SAXON SIX AVERAGED OVER TWENTY MILES TO GALLON.

If the present contests among motor-car owners for economy records keep up, the suggestion has been made that a set of rules for the game be formulated. This season, as never before, gasoline mileage is the favorite topic of the automobile fan, and it is no longer necessary for the motor car companies to have tests. The owners are doing the testing.

This spring several reports from owners have been received unsolicited by the Saxon Motor Car Company. They come from all parts of the country and bear a single message:

"The Saxon 'Six' averages better than 20 miles on a single gallon of gasoline."

William Coy, of San Francisco, kept a record of the mileage of his car and also of its gasoline consumption during the months that he was conducting a jitney service for visitors to the Panama-Pacific Exposition. He traveled more than 11,000 miles, in all kinds of weather, and his average mileage was better than 20 on one gallon of fuel.

Out in Hagemon, Iowa, they had a little economy contest. It was just a local affair, and various makes of cars were included in the list. C. W. Holt, driving a Saxon Six, made a record of 41 miles on two gallons of gasoline, as his consumption was measured by the judges.

Way up in Maine, where the snow covers the fence tops in the winter time, A. B. Borden used his Saxon during January to get through the drifts. His gasoline bill and speedometer proved that he obtained 23 miles for every gallon.

With such records in bad weather the Saxon officials are looking for some new marks with the coming of the fine days. They are confident that any Saxon can average better than 20 miles to the gallon, and they are expecting to have a volume of reports confirming this from Saxon owners.

### HUDSON SUPER-SIX CLIMBS PARKER HILL IN BOSTON.

"Day by day the Hudson Super-Six adds to the list of its feats," says T. B. Carter, distributor for the South Plains.

"Its most recent demonstration of prowess as a climber of the country's steepest hills was given in Boston the

other day. The Super-Six was driven up Parker Avenue to the summit of Parker Hill on high gear, carrying one passenger. This test was not staged, but was a casual one made in the course of a demonstration of the car to a man who was negotiating to buy one and wanted to see what it could do. The hill in question is regarded by motorists as a particularly steep one, and is rarely traveled on high gear. There was never any question about the ability of the Super-Six to do the trick. It went at its task in the most willing manner, and increased its speed as it climbed the steepest part of the hill. Passengers remarked when the summit was reached: "This demonstration means a lot. This Hudson Super-Six is some car to perform a stiff hill climb like this and do it with such convincing ease." It seems superfluous to add that one more order was added to the growing list."

### AUTOMOBILE TOUR IS A VALUABLE EDUCATION.

To fully appreciate the great educational value of the motor car, one has but to listen to accounts of tours made by the motorists.

Travel, aside from its genuine pleasure, is one of the most important factors in a person's mental development. That is generally agreed, but when some speak of traveling they can't get foreign countries out of their mind, notwithstanding there are very few Americans who have seen the beauties and grandeur of America.

Every owner of an automobile for pleasure is in a strange country, nine times out of ten, when he motors 100 miles away from his place of residence, and in returning to his home he has the decided advantage of returning by any one of the several different routes, any one of which is a new country to him.

Railroads, telegraph, telephone, news-

papers, maps and magazines have contributed immeasurably to the intelligence, progressiveness and prosperity of the people of the United States, but the automobile carries the owner a step farther and enables him to visit with his neighbors in the next county, town or state at will, by any route he chooses.

The automobile is giving the average American a liberal, first-hand education, acquainting him with the wonders of his own country, which are bound to awaken in his patriotic zeal that makes for both a happier and more useful citizen.

### 24.8 MILES ON ONE GALLON OF GAS; MADE 88 STOPS.

A novel test, demonstrating the efficiency of an Overland Model 75, was made at Keokuk, Iowa, recently, when an Overland traveled 24.8 miles on one gallon of gasoline. On this test the car made 88 stops. The test was made by a baker's delivery wagon, and the car was driven on its regular route. The test was made by the driver for the bakery company, accompanied by one of the men from the Overland garage in that city.

### MERKLE HITS SIGN.

Fred Merkle, who gained fame years ago as the man who failed to touch second, again made the keystone sack play a big part in a recent feat at the Polo Grounds. Several days ago Merkle hit a two-bagger which struck the C. T. Silver sign at the Polo grounds. This sign contains a message that a new car will be given to the player who hits the sign. As a result, Merkle was called into C. T. Silver's office the other day and presented with a \$1,145 six-cylinder Overland, with a specially designed body, including extra levers, head lights, wire wheels, seat covers, etc.

E. E. ROOS, Proprietor

# ANNOUNCEMENT THE 1917 MAXWELL IS HERE

Call in and see the new improvements. "SHE'S A BEAR."

Before buying, it is essential that you know the two costs of an automobile—the first cost of the car itself and the after cost of running it. Both are extremely low in the Maxwell.

Never forget the Maxwell's recent world's non-stop record of 22,023 miles.

Under the terrific strain of that great non-stop endurance run, trying for a mileage and endurance record, no attempt was made to economize gasoline, oil or tires.

|                                 |       |        |
|---------------------------------|-------|--------|
| Miles without a motor stop      | - - - | 22,023 |
| Average miles per day (44 days) | - - - | 500.6  |
| Miles per gallon of gasoline    | - - - | 21.88  |
| Miles per gallon of oil         | - - - | 400    |
| Average mile per tire           | - - - | 9,871  |

No car in the world has ever equaled this combination of non-stop and low-cost records before.

A word of warning—it is not wise to wait too long. The demand for Maxwells is growing so that in a very short time the factory output, tremendous as it is now, will not be able to meet the demand. If you wait too long, you might be forced to content yourself with some other make of car which, first and last, will cost you much more than the Maxwell.

ROOMERS WANTED. Phone 341. 4t.

KANSAS CITY STOCK MARKET IN DETAIL.

KANSAS CITY STOCK YARDS, June 2.—The cattle market has taken a peculiar turn this week, steers 50 to 75 cents higher in many cases, while on medium and common cattle the tendency is lower. Packers are making secret plans to get the better of each other on all good cattle likely to arrive, one of the big buyers today quaranteeing to buy a train of choice Westerns "higher than anybody in the world" if he be permitted to get a chance at them. Natives sold at \$10.80 this week, and prime cattle would bring \$11.00 next Monday if that price is asked for them. At the same time the desire exists to cheapen cost, and middle- and low-grade cattle have already begun to slip, as is customary with the start of the grass cattle run. Common cattle have been selling above their merits heretofore, and a readjustment of values on a more equitable basis is in process of being enforced. Several shipments of quarantine cattle have arrived this week, some from the North Texas field, selling at \$7.50 to \$8.75, some good South Texas grass and cake steers at \$8.15 to \$8.50, and low-grade Oklahoma grass cattle at \$6.60 to \$7.00. Stockers and feeders are off half a dollar, cheap kinds more, range now largely \$7.25 to \$8.50, good-bred steers available around \$7.75, stock cows and heifers mostly \$6.90 to \$8.00. Hogs are about 30 cents lower this week, and the market has a weak look. Receipts at all the markets are heavier than heretofore, the increased supply natural at this date, and lower prices are logical. The best hogs are receding slowly, while low-grades are losing more rapidly, the price spread considerably wider than a week ago, some hogs showing signs of grass. The supply is 5,000 today, top \$9.55, bulk \$9.20 to \$9.50. The market has already been carried pretty far from the high point of \$10.05, reached in May, and there is small chance now for it to regain the loss, according to the prophets. Order buying increased a little

this week, giving the market a boost yesterday for a while, but packers are in a bearish mood, and the close has been weak every day since Monday.

Sheep and lambs touched low spot Tuesday, and clipped lambs are about 50 cents higher since then, some good natives today at \$11.75. Texas clipped wethers are also 25 to 50 cents above the low spot, some selling yesterday at \$7.75, choice ones worth possibly \$8.00. Goats are 15 to 25 cents higher than the low time, killers around \$5.40, Angora brushers \$5.10 to \$5.30, Mexican brushers \$4.00 to \$4.75. Receipts this week are 33,000 head, including 10,000 goats. J. A. RICKART, Market Correspondent.

ANNOUNCEMENTS

The Herald is authorized to announce the candidacy of the following men for the political offices designated, subject to the action of the Democratic Primaries, July 22, 1916:

- For Representative: T. J. TILSON.
For District Attorney: AUSTIN C. HATCHELL, GEO. L. MAYFIELD.

TRY IT! SUBSTITUTE FOR NASTY CALOMEL

Starts Your Liver Without Making Every Druggist in town—your drug-You Sick and Can Not Sallivate.

Every druggist in town—your druggist and everybody's druggist—has noticed a great falling off in the sale of calomel. They all give the same reason—Dodson's Liver Tone is taking its place.

Calomel is dangerous and people know it, while Dodson's Liver Tone is perfectly safe and gives better results," said a prominent local druggist. Dodson's Liver Tone is personally guaranteed by every druggist who sells it. A large bottle costs 50 cents, and if it fails to give easy relief in every case of liver sluggishness and constipation, you have only to ask for your money back.

IMPORTANCE OF HEALTHY KIDNEYS.

Plainview Readers Should Learn to Keep the Kidneys Well.

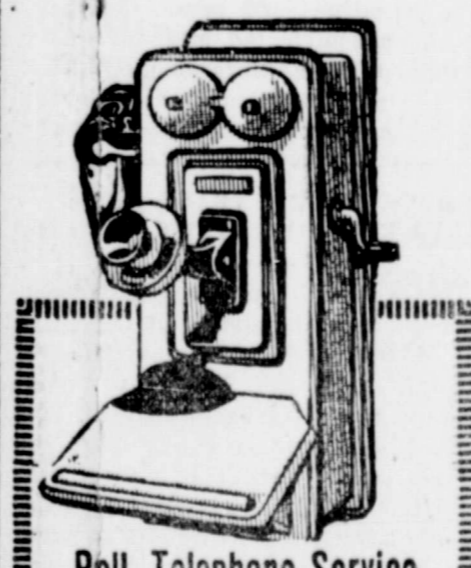

The kidneys have a big work to do. All the blood in the body is coursing through the kidneys constantly to be freed of poisonous matter. It is a heavy enough task when the kidneys are well, but a cold, chill, fever or some thoughtless exposure is likely to irritate, inflame and congest the kidneys and interrupt the purifying work.

Mrs. S. G. Mitchell, Tulla, Texas, says: "One of my family was afflicted with a lame back that made it almost impossible for him to attend to his work. Doan's Kidney Pills cured him, although other medicines had failed."

## JUNE BRIDES AND FURNITURE

They just naturally go together during the month of June—brides and dainty house-furnishings. The many young fellows of Plainview and vicinity will attend to getting the brides and we have attended to getting the furniture.

Just last week we received a nice shipment of

### Extension Tables

### Buffets and Serving Tables

### Dining and Living Room Chairs

### Rockers and Library Tables

Then we have a splendid showing of Shirt Waist Boxes, Bed Sets and the many other necessities for housekeeping. But most of all, the first, last and most useful thing in the home of the young bride, the one thing that will bring more real happiness than any other convenience will be her

### Hoosier Kitchen Cabinet

Without a Hoosier her home will never be entirely equipped for domestic service.

Will Supply Your Home Needs

## Three Members of Company L Are on Detached Service at Marfa, Tex.

Special to The Herald by Mail.

SANDERSON, Texas, June 2.—The sixth day encamped at Sanderson, Texas, finds the members of Company L, of the 4th Texas Infantry, reconciling themselves to the clock-work patrol duty and the regular routine of camp life.

The town of Sanderson, where the company is encamped for the present, is located on the Southern Pacific Railroad midway between San Antonio and El Paso and eighteen miles from the border. The population of the town is made up of Americans and Mexicans, numbering about 400 each. The immediate town is located on a fringe of mountains ranging in height from three to five hundred feet.

The 4th Regiment, of which Company L is one of the constituent companies, which up until six days ago was stationed at Camp Wilson, near Fort Sam Houston, is now scattered in squads and companies along the line of the Southern Pacific Railroad from Sanderson to Sierra Blanca, with Regimental Headquarters at Marfa. Every town of any importance and every bridge of any size west of Del Rio is guarded by a squad or company of soldiers. Contrary to the general opinion elsewhere, the Southern Pacific Railroad is referred to as the border in this country. The Rio Grande, of course, is the geographical border, but for all practical purposes the Southern Pacific Railroad, which parallels the river at a distance of from one to fifty miles, except in Brewster and Presidio Counties, is considered the border. The country between the river and the Southern Pacific is very rough and is covered by large ranches and is very sparsely settled, rendering it of little importance, from a protection standpoint, as compared with the settlement dotted along the line of the only railroad traversing this section of the State.

The schedule of drills followed by the different companies while stationed at Camp Wilson has been replaced by actual patrol duty at their respective stations. Orders from Regimental Headquarters directing the commanding officer of Company L to patrol the streets and outskirts of Sanderson with twenty sentries at night and keep a scouting party of five in the mountains during the day, is the general schedule under which the members of Company L are working.

The American citizens of Sanderson have been very courteous to the boys, extending every consideration at their hands to offer. For weeks before the arrival of the soldiers here, or, to be exact, since the raids at Marathon and Glenn Springs, the American citizens of Sanderson have kept guards stationed at the most important posts of the town and surrounding country. However, for ten days before the arrival of Company L, Lieutenant Kirk was stationed here with sixteen men from the 77th Coast Artillery Corps. Since the arrival of the soldiers, the citizens of the town have been relieved of guard duty, and consequently they are very courteous. The American women, too, have remembered the boys with magazines and papers to read and have contributed pies and cakes to supplement the Government rations, the conspicuous feature of the latter being the painful sameness—bacon,

### REMOVE STREET TRASH CANS TO KEEP THE CITY SANITARY.

This week all trash cans have been removed from the streets of the business district of Plainview, by order of Mayor W. E. Risser. It had been found that the cans have not been used, but rather disabused. Fruit parings, banana stalks, and other refuse was being dumped into the cans, upstairs tenants have found the cans to be convenient receptacles for cuspidors, and otherwise the cans were proving unsanitary.

There is an ordinance on the city's books which provides a penalty for storing trash, receptacles of any kind, rubbish, etc., in the alleys. All of the councilmen are agreed that the law should be enforced. In the interest of a clean, sanitary Plainview, Mayor Risser has ordered several alleys to be cleaned up. This will necessitate the removal of certain coal bins, sloop barrels, etc., in the business district in alleys outside the property lines and infringing on the public alleys.

### LITTLEFIELD SCHOOL CLOSURE A VERY SUCCESSFUL TERM.

LITTLEFIELD, Texas, June 3.—School closed here last night, after a most successful nine months' free school term. A most enjoyable entertainment by the children marked the closing event. This school has been classed as a High School by the Department of Education. A fourth teacher has been added for next term. The teachers elected are E. B. Brown, principal; Miss Eikel, domestic science; Miss Pearl E. Farris, intermediate; Miss Lewis M. Etchison, primary.

bread, beans and coffee. On the other hand, the Mexicans of the town are very indifferent, usually replying "No savy" to every question propounded.

Three members of the company are on detached service, Conrad C. Cornell and Joe L. Workman being with the Supply Company at Marfa and Bain McCarrroll with the Headquarters Company at the same station. Victor Miranda, of the Hospital Corps, is on detached service with Company L, to care for the physical complaints of the members of the company.

In the main, the members of the company are faring fine, the chief complaints being the extremely hot days and uncomfortably cold nights, a striking characteristic of a desert country.

### Cold Nights a Joke, Says Owens.

Earl Gray Owens returned yesterday morning from Sanderson, where he has been with Company L, Fourth Regiment, Texas National Guard. He has been granted a ten-day furlough that he might be with his mother, Mrs. J. F. Owens, who is in very poor health. Earl Gray stated, when asked about

the cold nights, which a correspondent at Sanderson mentions in this issue of The Herald, that it is all a joke. The first nights at Sanderson were cool, but now the nights are excessively hot and uncomfortable.

The fellows are all in good spirits and are in fine health.

It is probable, according to Earl Gray, that recruiting officers will be sent to Plainview to fill out the company.

### TO CONDUCT PLANT FOOD EXPERIMENT AT GARWOOD.

(Continued from Page One.)  
foods are not wanting, and if profitable increase is shown it can be easily told what combination has proved the most valuable.

The German Kali Syndicate will furnish the fertilizers for the experiments free of cost. Dr. Zerban takes the position that he is just as ready to accept negative as positive results. If the experiments show that fertilizers can be profitably used, he will have opened a field for the products of the mine; in this hope he has been employed to make investigations in co-operation with responsible and capable individuals throughout the South.

Just at this time potash, which will

be used, costs about \$500 a ton, and cannot be secured from the big German mine, on account of war conditions, but the company will buy the potash from operators of other sources of supply.

The big German mines at Strassfurt are owned and operated by the German Government. Dr. Zerban is a citizen of Germany.

### FEEDING IN PIG CLUBS WILL BEGIN JULY FIRST.

(Continued from Page One.)  
committee, P. J. Wooldridge at the Wooldridge Lumber Yard, L. D. Rucker at the Rucker Produce Company's place, or H. S. Hilburn at The Herald office.

"Every boy and girl in Hale County is invited to become a member of the club," said Dr. Hare this morning. "I am receiving almost every day requests for information."

If there is a boy or girl in the county who wants to feed a pig under the direction of the two organizations, he or she should report to one of the members of the committee or to Dr. Hare. If any want a pig and will agree to care for one, the Y. M. B. L. will see that he is provided with one.
