TWICE-A-WEEK

VOLUME 27. NUMBER 58

PLAINVIEW, TEXAS, FRIDAY, JULY 21, 1916

4,000 ATTEND STATE FARMER'S INSTITUTE

MOST SUCCESSFUL FARMERS' MEETING EVER HELD IN THE SOUTHWEST.

DALMONT IS VICE-PRESIDENT

Plainview and Hale Center Delegations Have Good Reports to Make to Locals.

Returning this morning from the State Farmers' Institute, at Austin, the delegates from the Plainview institute bring with them reports of the various lectures and demonstrations. More than 4,000 farmers and wives attended the meeting in Austin, which is generally conceded to be one of the greatest farmers' conventions ever held in the Southwest.

Members of the Texas Home Economics Clubs, organized under the supervision of the Department of Agriculture, held their sessions simultaneously with the Farmers' Institute.

Among the delegates from Plainview to the Farmers' Institute were W. A. Nash, S. S. Sloneker, H. V. Tull, E. A. Zollicoffer, C. E. Moore and H. S. Hillburn. From Hale Center M. B. Johnson, Dr. W. R. Ferguson, H. Meister and Mr. Kiser attended.

Delegates to the Home Economics Clubs meeting from Plainview were Margaret Powell, Elzela Perdue, Ruby Lattimore, Bettie Merrell, Eva May Merrell, Alberta Howell, Zela Rightmire, Margie Saffie, Fannie Goode and Miss Rebecca Longmire, chaperon. From Hale Center were Mrs. M. B. Johnson and Mrs. E. H. Horton, chaperons; Amy Eubanks, Irma Oxford, Bengta Akeson, Rena Bell Akeson, Ruth Ferguson, Lola Underwood and Annie Kate Ferguson. Representing the Halfway club were Rose Wallace, Bertie Lee Allen, Elmira McComas and Essie Hooper. From Bellevue, Elsie Borhardt, Ethel Smith and Miss Lancaster attended. Abernathy was represented by Misses Evans and Hosier. Margaret McCage and Miss Riley were from Lakeview. Faye Martin and Myrtle Spence, respectively, represented East Mound and Westside.

The girls have good reports to make to their clubs. They enjoyed their trip, many of them never before having been in the State capital.

Many splendid lectures by experts from various schools of agriculture of the country were on the lecture programs. Although the institute was in session continuously through each day, and sectional meetings were held in the afternoon, the Plainview delegation has summaries of most of the lectures given, which they will give in the next meeting of the Farmers' Institute.

Among the lecturers were Professor R. A. Moore, of the University of Wisconsin; Professor F. B. Mumford, dean of the department of agriculture, University of Missouri; Commissioner of Agriculture Fred W. Davis; J. W. Neill, of the State Department of Agriculture; W. F. Doughty, G. S. Bruce, Judge Hiram Glass, C. M. Cureton, Dr. J. A. Kiernan, Bureau of Animal Husbandry, Washington; J. C. Hardie, Prof. Alvin Dille; E. E. Scholl and Mrs. E. M. Barrett, of the State Department of Agriculture; B. C. Tharp, plant pathologist; Dr. Frank R. Jones, of the Extension Service; and others who made addresses at the sectional meetings.

Just before the convention adjourned, Wednesday afternoon, officers for the ensuing year were elected. The Commissioner of Agriculture is ex-officio president of the institute. L. N. Dalmont, of Plainview, was unanimously elected one of the vice-presidents. J. W. Stell, of Paris, and Jim Irving, of Rising Star, were also named vice-presidents. The executive committee consists of C. M. Evans, of Bryan; M. M. Anthony, of Tahoka; Harry Jones, of Myra; Geo. A. Wanier, of DeWitt County, and J. A. Hill, of Corpus Christi.

WILL ATTEND TEXAS FARM CONGRESS AT TEXAS A. & M.

Dr. R. F. Hare, county agent for Hale and Floyd Counties, will leave tomorrow morning for Bryan, where he will attend the annual farmers' short course and county agents' meeting at the A. & M. College of Texas. Dr. Hare will be accompanied by Floyd Trowbridge, of Floyd County. An address on soils will be made by Dr. Hare.

SIXTY IRRIGATION WELLS WATERING THIRSTY CROPS

Thirty Prospectors From Northern States Are Touring Country Looking for Locations.

Thirty prospectors, from Minnesota, South Dakota, Missouri and Illinois, arrived yesterday morning to inspect the Plainview Country. This party is with the Texas Land and Development Co. In addition, there are numerous other persons with other firms.

Just now sixty or more large irrigation wells are pouring water into the ditches of farms in the Plainview country on row crops and alfalfa, and the inspiring sight of pure, clear, cold water spouting from the irrigation wells to the tune of the spitting blast of oil engines is attractive to the men from the North who depend on the overhead rain.

"The row crops are holding well," said J. W. Pipkin, general manager of the T. L. & D. Co., "but they will be needing moisture in the next few days. On our irrigated farms they are already getting it. The dry farms will need rain soon."

Wheat on the dry farms of the Texas Land and Development Company averaged about ten bushels to the acre, according to Mr. Pipkin. Representative yields on irrigated farms are those of C. S. Zimmermann, who lives south of Floco and the Demonstration Farms. Mr. Zimmermann, despite the fact that he had a hail loss of forty per cent, made twenty-seven bushels of wheat, average, on one hundred acres. On the Demonstration Farm a yield averaging forty bushels was made on forty-five acres.

COMING AUGUST 1ST.

Geo. W. Truett, the pastor of the First Baptist Church of Dallas, the greatest soul-winning preacher in the United States, will be here August 1st. No man, woman, boy or girl in a radius of one hundred miles of Plainview can afford to miss hearing this great orator. He is, in a sense, like Jesus—humble, kind and loving—yet so powerful in the service of the Master that the man of the world cannot fathom him. He preaches as but few men preach, for he lives daily at the foot of the cross. To hear him is to love him, and to love him is to love Jesus, for he clusters great truths so thick about the cross that you lose Geo. W. Truett and see Jesus.

The Baptists and citizens of Plainview do not want to enjoy this great feast alone, so we cordially invite every one to come and make Plainview his home from August 1st to the 10th and hear this great man.

Free camp grounds will be furnished; also cut rates at boarding houses. We will have a tabernacle that will seat 5,000 people and a choir stand with room for 500 singers and orchestra.

The pastor, Rev. I. E. Gates, and the 900 members of the Plainview Baptist Church request you to come and help make this the greatest meeting ever held in Texas. COMMITTEE.

BIRTHS.

Born, to Mr. and Mrs. J. W. Day, near Hale Center, July 13, a girl.

Born, to Mr. and Mrs. R. E. Houston, eight miles northeast of Plainview, July 14, a girl.

Born, to Mr. and Mrs. D. V. Taylor, July 5, at Runningwater, a boy.

Smyth Has Assurance of Next Tractor Show's Coming Here

That the 1917 National Tractor Demonstration will be held in Plainview is the belief of Col. R. P. Smyth, secretary of the Chamber of Commerce, as stated on his return from Dallas this morning. J. B. Bartholomew, president of the Avery Company and president of the tractor demonstration committee which represents the tractor manufacturers of the country, in consultation with Colonel Smyth assured him that he favored holding the next demonstration in Plainview. He has made a proposition to Colonel Smyth, which he, in turn, will take up with his organization. The committee which arranges details of the demonstration will be in session in November, at which time the place for the meet is to be announced.

The Election Return

The Herald hopes to offer its first returns on the election tomorrow night not later than eight-thirty. The judge of each voting box in the county has agreed to rush the returns of his precinct as soon as the count can be made after the polls close. Early indications on the Plainview boxes will be given immediately after the polls close. Extra telephone and messenger service will make it possible to post these on the big board which has been erected at the R. A. Long Drug Store as soon as they are received.

It will possibly be eight-thirty before any of the counties comprising the congressional and judicial districts will be heard from. Correspondents in these counties have all been instructed not to wait for one or two small outlying boxes to complete their county vote, but to rush early returns and complete later.

The Texas Election Bureau state service will begin about nine o'clock and continue until two o'clock Sunday morning. It will be resumed Sunday morning and run all day Sunday, and a final filing will be made Monday morning.

The county and district returns will be tabulated on the big bulletin board so that they may be read at a glance. These will be kept right up to the minute. The State bulletins will be strung around the R. A. Long Drug Store as they are received, and whether you are there when a bulletin is received or not, you will be able to read it later.

Everything is in readiness at the Western Union and the Southwestern Telephone offices to handle the rush of election matter as rapidly as it can be received.

Two years ago it was found impracticable to have the board out doors, because of the dust and the tearing of the paper bulletins by the wind. For this reason the board has been built indoors this year, and arrangements made to accommodate the large crowd which is expected.

COUNTY CLASS AT EL PASO HAS \$1,000 IN CASH PRIZES.

International Farm Congress, Which Meets in October, Is Leading Event of Its Kind.

Cash prizes and trophies of unusual value are offered by the International Farm Congress (the Dry-Farming Congress), which will hold its annual sessions and Exposition at El Paso in October. The Exposition is known as the International Soil-Products Exposition, and is recognized as the leading event of its kind in the world. It was held at Denver last year.

In addition to the splendid offerings designed to interest individual farmer exhibitors, there are premiums hung up for collective exhibits by states, counties, districts and experimental or demonstration stations which should call forth a most lively effort in this line, and result in the staging of a line of exhibits, especially of the Southwestern states, counties and districts, which will demonstrate the advantages and illustrate the resources of this section most convincingly.

Dry-farmed products grown west of the 100th meridian, or in sections having less than 25 inches annual rainfall, will have the privilege of entering in two separate classifications. There is a special list of premiums for this class of products, not open to other competition, but the products of the dry-farmer can enter the general classes.

The best state exhibit will be awarded a silver trophy cup valued at five hundred dollars, \$200 in cash and an engraved certificate. The second best state exhibit will draw down \$150 in cash, a \$200 trophy cup and an engraved certificate. The third prize in this class is a certificate and \$100 in cash.

Nearly a thousand dollars in cash and trophies are offered in the county collective classes.

The farmer exhibiting the best half-bushel of wheat will receive \$100 in gold, in addition to the regular class prize of \$15, while the best collective exhibit by an individual farmer will win cash and trophies to the amount of nearly two hundred dollars.

The 1916 catalogue and premium list is a most interesting little book. Copies may be had free by addressing the secretary, at El Paso.

The Exposition dates are October 17 to 25, inclusive. The annual sessions of the International Dry-Farming Congress will be held October 19, 20 and 21.

TODAY'S FORT WORTH MARKET.

FORT WORTH, Texas, July 21.—HOGS—600; very slow; nothing sold. Bulk, \$9.45 to \$9.60; light \$8.90 to \$9.60; mixed, \$9.35 to \$9.55; heavy, \$9.45 to \$9.65; pigs, \$6.00 to \$7.00. CATTLE—2,000, including 200 calves; market slow. SHEEP—250; steady.

MAJOR LITTLEFIELD AT RANCH.

LITTLEFIELD, Texas, July 20.—Major Geo. W. Littlefield, of Austin, Texas, accompanied by his family and Dr. Whitfield Harral, of Dallas, is at Littlefield and the Yellow House Ranch for an indefinite stay.

and best state exhibit will draw down \$150 in cash, a \$200 trophy cup and an engraved certificate. The third prize in this class is a certificate and \$100 in cash.

'Round About Town

John A. Porter, of St. Louis, vice president of the Texas Utilities Co., arrived here yesterday on business connected with the company.

B. F. Smith, of Ruston, La., arrived Tuesday on business. Mr. Smith has 320 acres twelve miles east of Kress.

H. H. Kile, of Arlington, arrived yesterday for a visit with J. H. Lockhart and family. Mr. Kile contemplates locating here.

Professor Green, of Olton, was here yesterday on business.

W. B. Lewis spent yesterday in Canyon on business.

A. G. Hinn made a business visit to Amarillo Wednesday.

Mr. and Mrs. E. J. Cairns and little son, Bobbie, of Kent County, are visiting in the home of Mr. and Mrs. F. W. Clinkscales.

Henry Horner, Probate Judge of Chicago, was here yesterday on business.

Miss Callie Glenn is visiting friends at Spur.

Master Lloyd Bouldin, of Matador, is visiting in the home of his grandparents, Mr. and Mrs. C. L. Glenn.

Miss Lucy Glenn is visiting friends and relatives at Matador.

C. R. Hill, of Canby, Minnesota, is here on business.

Mrs. W. C. Bagwell, of Crossplains, Texas, and Miss Rellah Patterson, of De Leon, Texas, who have been the guests of Mr. and Mrs. Roger Mayhugh, returned home this morning.

Mrs. T. E. Arnold, of Abernathy, is visiting friends here this week.

Mr. and Mrs. R. A. Massey and family, of Denison, Texas, are visiting with Mr. and Mrs. W. G. Abernathy.

Mrs. Cornelius Banard, of Quay, New Mexico, who has been spending the summer with relatives here, returned home this morning.

Miss Grace Gross, of Floydada, went to Post City this morning for a few week's visit.

Mrs. E. Ridgeway, who has been visiting in Floydada, returned to her home, at Post, this morning.

Mrs. J. A. Johnson left this morning for a visit at Post, Texas.

Mrs. R. F. Bayless and children, of Lubbock, are visiting here this week. Misses Rebecca Longmire, Fannie Goode, Bettie and Eva May Merrill, Alberta Howell, Zella Rightmire, Elzella Perdue, Margaret Powell and Ruby Lattimore returned this morning from Austin, where they went as delegates to attend the Home Economics Clubs State Convention.

Miss Jewell Burrus, of Lubbock, who has been visiting in Floydada, returned home this morning.

G. A. Massee, of Floydada, was here Wednesday on business.

Mr. and Mrs. J. W. Whitehead and daughter, of Childress, were here Wednesday on business.

Miss Mary Applewhite, of Lockney, was here yesterday.

H. A. Percy, of Floco, was here yesterday.

Mr. and Mrs. J. C. Culbertson and R. D. R. L. and P. R. Goree, of Knox City, were here yesterday.

DEUTSCHLAND IS PREPARED FOR RETURN TRIP TO GERMANY

Activities About Ship Indicate She May Put to Sea at Any Time; Men Have Fears.

BALTIMORE, Md., July 19.—At 11 o'clock tonight the two spires of the German submarine, Deutschland, were taken down and the conning tower closed. Close at hand lay the tug Thomas F. Timmins, with a full head of steam up.

In the vicinity of the submarine were various launches, with agents of the Eastern Forwarding Company aboard. The watchman aboard the submarine at 11:05 o'clock hailed a launch and tried to induce the reporters to leave.

"You are interfering with our plans," the watchman said.

To all appearances the Deutschland is ready to leave at any time. Her crew and master are aboard. Among the late events that tended to confirm this belief was the stowing of more than forty tons of fuel oil on the submarine late this afternoon.

The stevedores who have been working day and night for nearly a week putting aboard the return cargo of rubber and nickel, were discharged this afternoon.

All shore leave for the crew of the Deutschland was stopped tonight.

According to stories told by friends of some of the submarine's seamen, the latter have expressed deepest anxiety over the possibility of their falling victims to the allied cruisers reported to be waiting off the cape—not from cannon, but from disabled engines through being caught in nets which they believe will be stretched for them.

"Entangled in these the submarine can not escape," a friend of the men was quoted as saying tonight. "Her engines will be crippled and it will be a slow and agonizing death to all on board. When the engines stop, the lights will go out and the air will stop. That is what the men fear. They talk of it continually while with me at night, and they ask every one to pray for them."

SOME OF THE GOOD THINGS HEARD AT STATE INSTITUTE.

That the peanut has no less than seventy products was the statement of Hon. G. S. Bruce, immigration and industrial agent of the I. & G. N. Railway, in a speech before the Farmers' Institute on the University of Texas campus. With peanut hay equal in feeding value to the best clover, with peanut meal increasing the yield of butter-fat 22 to 27 per cent in the biggest dairy in the world where the previous feed was thoroughly scootofoe, with the University of Texas Home Economics Department issuing a bulletin giving dozens of different delectable recipes for the use of the peanut on the table, the speaker pronounced peanuts a safe crop, destined to become one of the great staples of the State.

"The owner of the biggest Jersey herd in the United States, if not in the world, had a car of peanut meal forced on him," the speaker declared, "and was told he need never pay for it if it did not give perfect satisfaction; but there was a proviso that if the meal did give perfect satisfaction he was to give the mill a written statement endorsing its good qualities as a feed for dairy cattle. He has never given this endorsement in writing, but when the mill wrote asking him how he liked the feed, his answer was to order two car loads of the meal and one of the cake to be shipped at once, and he sent two wires inquiring about the shipment before it reached him, and ever since that time that he has been asked for an endorsement his answer has been another order."

"The census shows that 282,000 boys and girls in the State of Texas have grown to manhood and womanhood without knowing how to read and write—in absolute illiteracy," declared Hon. W. F. Doughty, State Superintendent of Public Instruction, to the assembled delegates of the Farmers' Institute assembled on the campus of the University.

Superintendent Doughty cited this startling statement in justification of his policy of turning the greater part of the energies of his department to the building up of the rural schools of the State. He referred to the million-dollar rural school appropriation as the greatest law ever put on the

HARE STRESSES EARLY PLOWING FOR WHEAT

JULY AND AUGUST ARE THE BEST MONTHS FOR BREAKING—RE READY WHEN RAIN COMES.

IS BAINER'S ADVICE, TOO

If Too Dry to Plow, Soil Should Be Double-Disced—Will Kill Weeds and Mulch Soil.

By R. F. HARE, County Agent. A circular has just been issued by H. M. Bainer, Agricultural Demonstrator of the Santa Fe Railroad Company, which calls the attention of the farmers to the fact that July and August are the best months to prepare the soil for wheat, and that when the land is plowed or listed deep at this season, and properly cared for afterwards, it will show a better yield than if prepared later than this date. Those of our farmers that have lived in Hale and Floyd counties for several years know Mr. Bainer and appreciate the value of his advice, which is based on a number of years' experience and close observation of agricultural conditions in the Plains region of Texas. However, the long, protracted drouth in this section has made the soil so dry and hard that in many cases it will not be practical to plow deep until after we get rain. Where this is the case it is best to double-disc the soil that is to be used for wheat the coming year, and thus prevent the growth of weeds, as well as to break up the stubble and mulch the soil to hold the moisture and catch the rains when they come.

Let the wheat season just passed teach us all a serious lesson about "hogging-in" our wheat, and, if necessary, make the acreage smaller, but prepare the seed bed properly for the wheat before planting.

The rains are sure to come soon, and we should be prepared for breaking or listing as soon as possible after the soil is in proper condition. When our farmers make up their minds to properly practice dry-farming methods, the necessity for which has been so clearly demonstrated this year, we will be able to make a 20- or 30-bushel wheat crop regardless of the dry spring weather that may follow.

RICH-LIER BUYER LEAVES TOMORROW FOR THE EAST.

T. E. Richards, buyer for the Rich-Lier Store, is to leave tomorrow for New York, Cleveland and other Eastern cities, where he will buy fall stock for Richards Bros. & Collier's Department Store.

MARRIAGE LICENSES ISSUED.

County Clerk B. H. Towery has issued marriage licenses to C. S. Stewart and Mrs. Myrtle Fellows, Chas. W. Davis and Miss Dorothy Brown, and G. Danvenport and Mrs. M. L. Gaylor.

statute books of Texas. He stated that it had created 1,326 standard rural schools in 173 counties of the State. "We still have left \$500,000 of this appropriation," he said, "and have only made a beginning."

The speaker's concluding statement that he was going to do everything in his power to give every boy and girl in Texas the opportunity to attend school nine months of every year was received with great applause.

Possibly the most entertaining feature provided for the State Farmers' Institute on the University of Texas campus was the moving picture of six thousand feet of film showing corn culture, put on by Zeferino Dominguez. With a canvas stretched up against the side of the Chemical Laboratory, and seats provided out in the open, thousands of farmers witnessed the production of this remarkable film, giving every detail of corn culture.

At one juncture in the lecture last night Senator Dominguez addressed the audience as follows: "You men, you farmers, gathered here on the University of Texas campus, are the men to prevent war. You raise corn and cotton, and as long as you are given a chance to do this you will keep the country at peace. In my country," the speaker continued sadly, "they are not raising corn or crops of any kind, and when they do not raise crops they raise hell, and that's what they are raising in Mexico now."

All patent with fancy strap, turn, Leather Louis XVI heel.

Clearance Prices On New Slippers

We cannot say too much regarding the quality of our shoes, which are the newest in every respect—absolutely no back numbers—and NOW the remarkable reductions. You will not only appreciate the excellent values but the service and patterns which invariably accompanies every transaction.

Jacobs Bros
THE ONE PRICE SPOT CASH STORE

DISCOURSE ON ALFALFA FIRST ON AUSTIN PROGRAM.

AUSTIN, Texas, July 17.—The headliner of the first session of the Farmers' Institute in the House of Representatives was the speech of Professor R. A. Moore, of Wisconsin, on alfalfa.

Professor Moore put his speech in the form of a message from the farmers of Wisconsin to the farmers of Texas, and then proceeded to tell the 3,000 farmers assembled how alfalfa has lifted mortgages on Wisconsin farms. He showed that alfalfa and the dairy business solved to a large extent the problem of maintaining the fertility of the soil, being especially efficient in supplying nitrogen to the soil. He said that nitrogen for fertilizer costs twenty cents a pound, but due to the fact that there were tons and tons of it in the air, the problem was rather to find some method of extracting it at a less expense. Alfalfa, he declared, is the solution. This plant, he said, took the nitrogen from the air and deposited it in the soil, so that if the farmer wants to raise bumper crops of anything he needs only to turn his alfalfa field and plant it to the crop desired. He showed that alfalfa utilized the soil to greater depth than any other farm crop, and that it had a feeding value equal to wheat-bran.

The professor succeeded in holding the attention of his hearers and arousing a great deal of enthusiasm for alfalfa. He is considered one of the great authorities on plant-breeding in the United States, and has increased the average yield of wheat in Wisconsin about five bushels to the acre. He was brought to Texas to address the Farmers' Institute through the courtesy of the University of Texas.

ALFALFA HAY REACHES TOP PRICE AT CARLSBAD.

CARLSBAD, N. M., July 14.—The price of alfalfa hay was never as high as now in July, \$13.50 being offered. Yet very little is moving at this figure, the growers being in shape to store and hold their hay till later. The yield of the first cutting for the valley was somewhat below normal, on account of the cold weather in the spring. The third cutting is now coming on, and promises well for a heavy yield.

The various field crops, like cotton, corn, tomatoes, and forage crops, are growing nicely. Owing to the continued dry weather, the demand for feed by the stockmen is growing. In consequence it is likely that much short-season forage will be planted, milo maize, fetrita, and sorghum being possible to plant until August 1st.

There are many cattle and sheep being either grazed or fed on the farms throughout the valley. The stockmen are paying good prices for pasture in order to save their cattle and sheep.

A. M. HOVE.

Mrs. J. W. Wershebe returned to her home, in Abernathy, yesterday.

WHITFIELD ITEMS.

WHITFIELD, July 19.—Miss Flora Scudder has given up her music class in this locality and will play for The Mae I. Theatre.

Rev. Smith preached here to a good-sized crowd last Sunday.

Quite a number from here attended the Singing Convention at Prairieview last Sunday.

Mr. and Mrs. I. C. Nations and Mrs. M. E. Nations and son motored to Quitaque and Flomont last Saturday

for plums, and found that there had been about 20 people to one plum there.

A number of people from here took in the Blair show Monday night, and report a fine time.

Mrs. Myrtle Nations and daughter, Florida Pullen, were guests of Mrs. Joe Barrett, in Plainview, Monday.

Wheat threshing is almost a thing of the past in this locality.

Mr. and Mrs. W. A. Bates started in their new Overland Wednesday morning for a long visit.

CARS FOR MAIL COLLECTION.

CHICAGO, Ill., July 11.—One hundred and ten more horses were forever relegated as obsolete in Government service when, on July 1, an equal number of Ford delivery cars were put in use by the Chicago post office to take care of mail collection from boxes in the outlying districts of the city. With this latest addition in motor equipment, the local office has but a very few straggling horse cars left, and these are used only for short hauls.

ABERNATHY NEWS.

ABERNATHY, July 20.—A rain would be very welcome just now. Mrs. Thompson and son, Jim, were visitors to the picnic at Tullia the first of the week. W. R. Kelly was a Plainview visitor Monday. Wallace Magee left Friday for Temple, where his father, J. B. Magee, is dangerously ill. At the last report he is unconscious and not much hope is entertained for his recovery. R. M. Hester is building a nice residence just south of the Struve home. Red Tudor has been on the sick list, but is better now. K. Carter and W. K. Dickinson were in Abernathy, from Lubbock, Tuesday. Will Landers and Louis Wimberly left Tuesday for Dallas, where they will attend the Tractor Demonstration.

We are informed that the Baptist revival meeting will begin in Abernathy Sunday, July 23. Everybody is invited to attend. The Presbyterians and Methodists will begin their co-operative meeting in Abernathy the third Sunday in August. Misses Gladys and Novie Jones, of Amarillo, are visiting their uncle, Dr. R. C. Hannah, and family. Rev. J. M. Wynne, of Cisco, has been helping the Methodists in a revival meeting at Strip, closing out Sunday night. The gospel was preached in all its fullness, and the entire community was greatly benefited. There were eighteen conversions and fourteen additions to the Methodist Church, and some will join the Baptist Church.

IRICK PERSONALS.

IRICK, July 18.—Miss Vida Mayben visited with Miss Grace Sutton Sunday. Herschel and Oliver Smith attended church at Lockney Sunday evening. Misses Nell and Ora Lee Smith spent the day with Miss Tina Jackson Sunday. Mrs. Wm. Mayben and daughter, Miss Vida, were shopping in Lockney Saturday. Elmer Wahn visited in Lockney Sunday. Misses Tina Jackson and Nell and Ora Lee Smith called on Miss Grace Sutton Sunday evening. J. E. Jackson was in Plainview on business Wednesday. A very good crowd was out to hear Brother Jacobs Sunday morning, but attendance Sunday evening was not so good, there being only twelve present. Mrs. J. E. Jackson and daughters, Tina, Jeanne and Mildred Lucille, called on Mrs. Potts last Sunday evening. Miss Flonnie Parsons left last week for a visit with friends and relatives at Dallas. Mr. and Mrs. Will Johnson and daughter, Faye, and son, Beryl, visited with Mrs. Johnson's mother and father last Sunday.

Ed Smith and son, Frank, were in Lockney Monday. Mr. and Mrs. Charles Whitman left Wednesday for Post City, where they will make their new home. Their many friends and neighbors wish them the best of success. Mr. and Mrs. J. E. Jackson were shopping in Lockney Monday. Ed Smith and son, Frank, were in Alken Tuesday. Miss Nell Smith spent Saturday with Mrs. Fred Lam. Ed Muncy visited with Oliver Smith Sunday. Miss Tina Jackson called on Misses Nell and Ora Lee Smith Friday afternoon. Miss Ora Lee Smith called on Miss Mildred Collier Thursday.

LIBERTY NEWS.

LIBERTY, July 19.—Rev. S. J. Upton will occupy the pulpit at this place Sunday morning immediately after Sabbath School. A number of our people attended the Singing Convention at Prairieview Sunday. The next one will be with the Plainview people, the fourth Sunday in August. The windmills in "this neck of the woods" have been giving considerable trouble. Mr. and Mrs. R. E. Houston are rejoicing over a baby girl which joined them in their home Friday afternoon. It has been given the name Margaret Lucille. John Seipp and family entertained company from Floydada Sunday. Some of our people attended the picnic at Tullia Tuesday. C. C. Alexander spent Saturday night with home folks. Mr. and Mrs. C. C. Alexander's home was the scene of happiness when a crowd of lively young people gathered there about 8:30 o'clock in the evening for the purpose of celebrating Misses Ellen Geneva Seipp's and Helen C. Groff's birthday, they being the

same age. The hostess, assisted by Mrs. Herman Tumberg and Mrs. J. J. Groff, served ice cream and four kinds of cake to between thirty and forty guests. At a late hour the guests departed, wishing Misses Helen and Ellen many happy returns of the day and declaring a most enjoyable time throughout.

LONE STAR HAPPENINGS.

LONE STAR, July 19.—Rev. Crain, of Silverton, filled his regular appointment here Sunday morning. Miss Maggie Huckabee, of near Lockney, is visiting her cousins, the Misses Smith. Walter Denny has been sick the past two weeks, but is some better at this writing. Miss Suetta Fowler is visiting in Mississippi this summer. Miss Fowler will return in time to take charge of her music class at Silverton at the beginning of the public school there. Will Bradford spent Sunday at his brother-in-law's, E. G. Foster's. Mr. Hilton and daughter, of Lockney, spent Sunday at Mr. Mahaffy's. The singing at Mr. Foster's Sunday night was well attended, and good singing was enjoyed by all.

W. B. Hatchett's sister, Mrs. Jones, of Big Springs, is visiting him. Mr. Jones came, but returned Sunday to his home, leaving Mrs. Jones and children to spend some weeks here.

Alex Wyly, of Erath County, is visiting relatives here. Messrs. Hatchett's and Crostwait's families attended a fish fry at G. C. Hartman's last Saturday, and had lots of good fish and a good time in general. Mr. Estes is expected home from Dimmitt on next Sunday, to get our singing class ready for the district singing convention, which meets here on August 6th, the first Sunday in August. Cleve Hartman and family, of Providence, visited D. Mart Thomas and family Sunday. President Wilson has nominated Representative James Hay, of Madison, Va., chairman of the House Military Committee, for Judge of the United States Court of Claims. The House and Senate have agreed that more than \$1,000,000 will go to rural carriers as back pay if the proposed postal bill carries.

Remodeling

Yes! Our storage battery business and vulcanizing department have grown so rapidly that we must give more room to these departments. This will mean better and more prompt service.

Our business owes every honest effort we can put forth to our many friends who have made us.

Call on our boys in their new quarters.

A POSITIVE GUARANTEE ON ALL WORK

Remember we are the largest storage battery people in West Texas and repair any make battery.

A Wonderful Food—

Not only delicious—but there's "life" in

Grape-Nuts

Try this experiment yourself. Take some Grape-Nuts direct from the package. Hold the granules in the palm of your hand under sunlight or electric bulb. You will notice tiny shining particles of light on the granules—the starch of the grains transformed.

Then do the same with other prepared food—any other prepared food—You *don't* see these glistening particles.

"There's a Reason"

The wonderful taste—the wonderful nourishment in this great food is due to the fact that in addition to the sweetness of the whole wheat is combined the delicate flavour and food value of malted barley.

This gives Grape-Nuts two great factors that no mere wheat food can possess. The delicious zest of malted barley imparts a savor that is universally liked; and beyond that, the barley contains a digestive (not in wheat) which, with long baking, transforms the starch of these full grains into a form of sugar which shows on the golden-brown granules.

If you haven't tried Grape-Nuts food you have a treat in store. It not only appeals to the appetite but is a powerful builder for body and brain.

\$100. PER ACRE FOR A FINE FARM HOME

Almost adjoining Plainview. Yes, it's worth the money. But for immediate sale we will cut the price in the middle and hand you back several thousand dollars besides. This farm contains 320 acres of perfect land, all highly improved. Public road on three sides, close to school. It's the best buy in Texas. We want to build a great seed house in Plainview, and must raise the price required to build it. If this farm don't please you no other one will. The soil, the location, the distance and surroundings are of the best, and the price is almost too low to mention here. See us at once.

The Plainview Evening Herald

—Published Every Tuesday and Friday Evening by—
THE HERALD PUBLISHING COMPANY,
Corner Broadway and Second Sts.

HERBERT S. HILBURN, Editor E. B. MILLER, Business Manager

Entered as second class mail matter July 1, 1914, at the Post Office at Plainview, Texas, under the act of March 3, 1879

\$1.50 a Year; 75c, 6 Months. Advertising Rates on Application.

Tomorrow is election day. If you can enter the primary, vote.

A problem for Plainview to solve is to secure an auditorium and park. Of course, Plainview could get along without these things. They are not indispensable. We could live in adobe houses with earth roofs; we could do without our automobiles and carriages; we could live without schools and churches; we could do without street lights and sidewalks. None of these things is absolutely necessary. We live once. Plainview is home. We can't have the good things without putting forth a little effort. If we are to enjoy a town of civic attractiveness we must make our town that.

OUR GREATNESS IS IN POLITICS.

We deery politics. We say it needs reform. And it does. We denounce the political schemer and the professional politician. But our electoral system is not fundamentally bad. Some conditions need reform, but in the main it is on the correct basis. If it needs reform, help reform it. You can do this in no better way than by asserting your choice. Assert it repeatedly. Assert it every opportunity by your vote. And vote your convictions.

In the broad field of politics is to be found all that makes a country great. America is great today by reason of the expression of her people in the choice of her statesmen by their votes.

Don't believe all politics is distorted. It isn't. Fundamentally it is right.

If you conduct yourself in politics correctly you are increasing the per cent of clean politics. You can lower the per cent if you will.

SUBMISSION AND THE ROBERTSON LAW.

Two issues come before the people tomorrow—that of submission and that of retaining the Robertson Insurance Law. Submission is democratic. If the people, as their will is expressed by a majority vote, wish prohibition in Texas, an amendment should be enacted. If the majority do not desire this amendment, the constitution should not be amended. That's democracy pure and simple. But regardless of whether he favors or opposes a constitutional amendment, no good citizen should oppose submission. It is democratic. It is the means of finding out what the people want. It should carry. Submission is the only thing we vote on Saturday. We are not to vote on prohibition.

The Herald has expressed its views on the Robertson Law. It is in the main a good law. If there are needed changes in it time will show what they are, and they can be intelligently made. The retention of this law seems advisable. If the compulsory-investment feature is taken away from the law your law is gone. That feature is basic. As the question is stated on the ballots it is virtually a vote on whether the Robertson Law shall be abolished or maintained.

SCIENCE APPLIED ON THE FARM.

"We are no longer producing a surplus of farm products for export," is the statement of Dr. F. B. Mumford, of the University of Missouri, "but we are actually importing agricultural products. We can no longer provide new economic opportunities for our sons and daughters in a new territory. All of the land fit for occupation is occupied, in a broad sense. Progress on the farm must be made on land now secured, not in new and unexploited areas. Scientific farming is the solution for the farmer's problems, and he is working admirably with the scientists. He realizes that he cannot be a chemist himself and analyze his soil and study soil conditions from a technical standpoint. He is too busy. He cannot employ a chemist on his farm, but he can work in co-operation with the scientists who have made it a business. The man who tells you that he does not believe in scientific farming, stating that the only way to farm successfully and that all that is required is life on the farm, actual plowing and harvesting. He has no use for the book farmer. But I say to you that the scientific farmer of today is revolutionizing the industry. He has the solution of our farm problems. Men have the experience of time from Adam down, but more progress has been made in the past few years through scientific farming than through the scores of centuries which have preceded."

HIDEBOUND PARTISANS.

The Wichita Beacon sees The Dallas News as one of the least prejudiced papers of the Southwest. It probably intends a compliment when it says: "The Dallas News is not so hidebound in its Democracy as the general run of Texas papers. It frankly admits that Charles Evans Hughes has one of the most interesting grandsons in the country."—Plainview Herald.

The News hopes its Democracy isn't hidebound. Indeed, there have been some to accuse The News of not being Democratic at all. Some have called it Republican, some mugwump, some Socialistic—and in the years aforesaid it was not infrequently said to be Populist. In any case The News hopes it may never become so slavish to party or so subservient to an individual that it shall blind itself to the right in order to bind itself to prejudice or expediency. That newspaper which, having readers, deliberately aligns itself with what it esteems to be wrong because it is for the moment popular deserves little at the hands of its sincerer patrons. To reserve to itself the right of decision, and to make decision in the light of conscience and love of country, is the duty of every organ of opinion. The opportunist in journalism, the demagogue in the editorial

chair, has no more to recommend him than has the opportunist or the demagogue in public office.—State Press in Dallas News.

A COMING CATTLE BOOM.

New York Commercial: Farmers should prepare for peace in Europe by raising all the prime cattle and hogs they can feed. The prospects of a tremendous demand at the end of the war have been discussed repeatedly in these columns. Added to what has been already printed, a special press correspondent located in Germany, who is regarded as reliable and well posted, says that if the war were to end this year Germany must import five million beef cattle and four million pigs annually for four years to restore the normal supply.

The Department of Agriculture reports an increase in the number of cattle in the United States in spite of the unusual consumption, which shows that stock raisers have done something. Farmers in the Eastern and Southern States should secure their share of this trade. Nothing is certain in this world, but the nearest thing to a commercial certainty is that cattle and hogs will command remunerative prices for five years to come, and that the supply of prime

beef cattle will not outrun the demand in ten years, no matter how much energy is displayed in breeding them. Millions of soldiers are learning to eat meat as they never did before, and they will be added to the regular consumers of large quantities of strong food when they return to their homes. This war will change other things besides the maps of Europe and Africa, and the greatest change will be in the habits and ambitions of the common people who are now bearing the brunt of the conflict. They will wear more woolen clothing, eat more meat, do more work, and demand a real voice in the government of their countries, all of which will help the trade of the United States if our farmers, manufacturers and exporters prepare in time.

If Germany's requirements after the war are as great as is estimated, lack of shipping facilities and scarcity of cattle will prolong the period of restoration, for it seems impossible that the Americas can spare five million head of cattle a year for that market. This makes cattle raising safer. Russia has no surplus upon which German can draw; in fact, Russia is scarcely self-supporting as far as cattle are concerned, having only 53,000,000 head for a population of 180,000,000. Denmark and Holland have been drained of all cattle and hogs that can be spared, and France and the British Isles have depleted their flocks and herds to such a degree that they will try to replenish them abroad. The United States, Canada, Argentina and Chile will be able to sell all the high-grade cattle they can raise for many years to come. Our farmers have been the greatest gainers by this war, and, unlike the manufacturers of arms and ammunition, peace will not spoil their markets, but, on the contrary, will enlarge them.

CITATION BY PUBLICATION.

THE STATE OF TEXAS,
To the Sheriff or any Constable of Hale County—GREETING:

YOU ARE HEREBY COMMANDED, That you summon, by making Publication of this Citation in some newspaper published in the County of Hale, if there be a newspaper published therein, but if not, then in any newspaper published in the 64th Judicial District; but if there be no newspaper published in said judicial district, then in a newspaper published in the nearest district to said 64th Judicial District, for four weeks previous to the return day hereof, S. P. Ellett, whose residence is unknown, to be and appear before the Honorable District Court, at the next regular term thereof, to be holden in the County of Hale, at the Court House thereof, in Plainview, Texas, on the 7th day of August, 1916, then and there to answer a Petition filed in said Court, on the 6th day of July, A. D. 1916, in a suit numbered on the docket of said Court No. 1233, wherein Arrah L. Williams is plaintiff and S. P. Ellett is defendant. The nature of the plaintiff's demand being as follows, to-wit:

THE STATE OF TEXAS,
COUNTY OF HALE.

In District Court of Hale County, Texas, August Term, A. D. 1916.

To the Honorable Judge of said Court:

Now comes your petitioner, Arrah L. Williams, a feme sole, who resides in Hale County, Texas, hereinafter styled plaintiff, complaining of S. P. Ellett, who is a transient person and whose residence is unknown to this plaintiff, hereinafter styled defendant, and for cause of action represents and shows to the court as follows, to-wit: That plaintiff and defendant were formerly husband and wife; that on the 5th day of August, 1914, a valid divorce decree was entered by the District Court of Hale County, Texas, dissolving the marriage relation theretofore existing between them; that on or about the 1st day of September, 1914, plaintiff was lawfully seized and possessed of the following described land and premises, situated in Hale County, Texas, holding and claiming the same in fee simple, to-wit:

All the N. W. 1/4 of the S. E. 1/4 of Sec. No. 16, Blk. JK-3, Cert. 3-380, issued to G. C. & S. F. Ry. Co., more particularly described in deed from J. T. Graves and wife to plaintiff recorded in vol. 34, p. 84, Hale County deed records, to which reference is here made for a better description. Also

The E. 1/2 of the S. W. quarter of Block 87, Alexander & Westmoreland addition to the town of Plainview, said county and state, less ten feet along north side of said quarter reserved for alley, more particularly described in deed from C. L. Gilbert and wife to plaintiff, recorded in Hale County deed record vol. 23, p. 552, to which reference is here made for a better description.

That on the day and year last aforesaid, the defendant unlawfully entered upon said premises and ejected plaintiff therefrom and unlawfully withheld from her the possession thereof, to her damages in the sum of one hundred dollars; plaintiff further says that prior to the last-mentioned date, plaintiff and defendant, while permanently separated, entered into a separation agreement and the above-described land was purchased with the proceeds

of other property received by her in said agreement, and that said property is and has always been since its acquisition her separate estate, purchased with her own money for her sole and separate use at a time when she and defendant were permanently separated, and that she claims said property as her separate estate and has always so claimed it, and that defendant does not now and has never had or held any interest in same; that said property was not mentioned in said decree, and that having been acquired prior to the dissolution of the said marriage relations, without any disposition of same in said decree clouds plaintiff's title; that plaintiff claims said land and premises from and under a regular chain of valid transfers and deeds from the sovereignty of the soil, and as her separate property, and that the exact nature of defendant's claim is unknown to this plaintiff, but she alleges same constitutes a cloud upon her title.

Wherefore premises considered plaintiff prays that defendant be cited to appear and answer herein and that on final hearing hereof that she have judgment cancelling all claim of defendant to said land and that it be adjudged to be her own separate estate free and clear from any claim of defendant, for costs of suit and for such other and further relief, both general and special, as in law or equity she may be entitled to.

MARTIN, KINDER,

RUSSELL & ZIMMERMANN,
Attorneys for Plaintiff.
HEREIN FAIL NOT, And have you before said Court, on the said first day of the next term thereof, this Writ, with your endorsement thereon, showing how you have executed the same. Given under my hand and seal of said Court, at office in Plainview, Texas, this, the 6th day of July, A. D. 1916.
B. H. TOWERY,
Clerk District Court,
Hale County, Texas.

ANNOUNCEMENTS.

The members and friends of the Methodist Church are cordially invited to a "Get-Acquainted and Fellowship Social" to be held on the church lawn Monday evening, July 24, from 8 to 10 o'clock. All members and friends of the church are urged to be present.

BENEVOLENT LEAGUE NOTES.

The Benevolent League held their regular monthly meeting Wednesday afternoon. They planned an outing for the mothers and children of Plainview who would not otherwise have an outing during the summer. The ladies of the league ask that people who can lend cars for service on that day to please notify the league at once. Friday, July 28th, was the day set for the outing.

The first Monday in August will be "tag day."

The league is now helping several persons who haven't means of support. They report that they are busy most of the time on one case or another.

"5 W'S" WITH MOLLIE GOODE.

The "5 W's" met Wednesday afternoon with Miss Mollie Goode.

The first hour was pleasantly spent in fancy work; then tennis proved a pleasant diversion.

The hostess served a delightful luncheon, and then a number of special musical selections furnished delightful entertainment.

The next meeting of the club will be with Miss Otella Graham.

MISS LAURA MASTIN TO WED IN EARLY FALL.

Mr. and Mrs. Alexander Erskine Mastin announce the marriage of their daughter, Laura Mae, to Riner Sayer Wright, of Cincinnati, Ohio, the marriage to be solemnized in the early fall.—Huntsville, Mercury, Huntsville, Alabama.

Miss Mastin visited with her aunt, Mrs. R. W. Brahan, last summer, and her many friends here will be interested to hear of the announcement of her marriage.

MRS. H. M. BURCH AND MRS. WALLACE SETTOON HOSTESSES.

In honor of Miss Mildred Buchheimer, who is to be married August 2 to E. L. Doland, was given a surprise shower Wednesday afternoon by Mrs. Hugh Burch and Mrs. Wallace Settoon, at the Burch home.

The rooms were made beautiful in pink and green. Roses and butterflies were artistically used in the decorations, and pink candles made a soft and beautiful glow throughout the rooms.

In the dining room, Misses Lucile Kinder and Margaret Gardner presided at the punch bowl.

Music was contributed by Mrs. Cora Pritchett, Mrs. T. B. Carter, Miss Vera Newton and Mrs. Peyton Randolph.

As Mrs. Randolph played, little Virginia Sanson entered the guest room, where Miss Buchheimer was seated in a large chair decorated with butterflies. Virginia carried a large white bell and left it at the feet of the bride-to-be. Then came Randolph C. Reed drawing a little express wagon loaded with gifts, with Jo Day as driver. As he neared the chair on which Miss Buchheimer was sitting, he raised his bow and arrow and shot the top from the bell, and a white dove fluttered from out the bell into the room, drawing gifts from the bell into sight, which were attached to him by pink and white ribbons.

Delicious sherbet and angel food cake were served as refreshments. The hostesses were assisted in serving by Mrs. Robert Malone and Misses Lucile Kinder and Margaret Gardner. Mrs. Pritchett sang after the serving of refreshments.

FOR THE BRIDE-ELECT.

Mr. and Mrs. T. B. Carter entertained Tuesday evening, at their home, with an elaborate five-course dinner, honoring Miss Mildred Buchheimer and E. L. Doland, whose approaching marriage has been announced.

The colors of pink and white were prettily carried out. In the center of the table was placed a pink candelabrum, and up and down the table were placed small brass candle holders with pink and white candles, and pink and white ribbon hung from the candelabrum to each tiny light. The rooms were made fragrant and beautiful with pink and white sweet peas. In the ice course the color motif was carried out.

Those present were Mr. and Mrs. Wallace Settoon, Mr. and Mrs. Robert Malone, Misses Joe Keck and Mildred Buchheimer, and Messrs. Ellis Carter and E. L. Doland.

MRS. McCORMACK ENTERTAINS.

A delightful hospitality was extended to the Thursday Bridge Club and a number of invited guests by Mrs. Charles McCormack, at her home, on Broadway, yesterday afternoon.

Ferns were placed about the rooms, transforming them into a bower of greenery. The rooms also bore decorations of roses and Shasta daisies. The plan of the party was one of unusual prettiness, and gave delightful entertainment. Bridge and "42" made the time most pleasant. In the games of Bridge Mrs. J. J. Lash won high score for the club, and for the guests Mrs. Wallace Settoon was the fortunate player. Mrs. W. E. Armstrong and Miss Evelyn McMillan won high place in the "42" games.

At the close of the games an ice course was served. In the center of the ice brick cherry ice cream was frozen in the form of the hearts, diamonds and clubs.

Those present other than the club members were Mesdames L. A. Knight, Ben F. Smith, Robert Malone, George Saigling, Wallace Settoon, Hugh Burch, A. M. McMillan, J. L. Vaughn, A. Van Howeling, Geo. B. Doubleday, F. W. Clinkscales, E. J. Cairns, of Kent, Texas; J. O. Wyckoff, R. W. Otto, J. C. Anderson, H. W. Harrel, R. B. Tudor, R. F. Hare, Clint Shepard, Dick Bryan, W. A. Todd, E. Graham, L. G. Wilson, B. O. Sanford, J. W. Willis and Mrs. Barron, of Chicago; Misses Evelyn MacMillan, of Franklin, Texas; Lucile Kinder, Ethel Williams, Lena Williams and Wilma Magee, of Austin, Texas.

BROWN-DAVIS.

At the home of Mr. and Mrs. G. G. Gilliland, Tuesday evening Miss Dorothy Brown and Chas. W. Davis were married by Justice of the Peace Earl C. Keck.

Miss Brown is the daughter of Rev. and Mrs. W. H. Brown, of Dallas. Mr. Davis for several years has been with the Elk Barber Shop, in Plainview.

PRESBYTERIAN LADIES' AID ADDS TO TREASURY BY SOCIAL.

A church social and ice cream supper was given Tuesday night at the Presbyterian Church, on the lawn. It was given under the auspices of the Ladies' Aid, and twenty dollars was added to the aid fund as a result.

Mrs. M. A. Cope and son left this morning for Fort Worth for a visit there.

Mr. and Mrs. J. T. Phillips, of San Benito, were here yesterday.

Miss Ethel Tyler left this morning for Council Wolf, Idaho, where she has accepted a position as teacher in a school there.

Mrs. S. T. Bishop, of Floydada, left Wednesday for Gatesville to visit relatives.

Miss Dorothy Matlock went to Amarillo Wednesday. She will visit there for a few days and then go to Dallas for a visit. She will also visit in Wichita, Kansas, before returning home.

Miss Iona White, of Amarillo, who has been visiting with Miss Dorothy Matlock, returned home Wednesday.

Oliver Raper left Wednesday for Jacksboro for a visit with friends.

Mr. and Mrs. Fred Lemons and baby returned from Gainesville Wednesday, where they have been visiting with Mr. Lemons' parents.

Mrs. N. E. Knight and daughter, Miss Vona Knight, left Wednesday for Goldthwaite, Texas, to visit for a few weeks with friends and relatives.

Mrs. M. A. Loveless came in Wednesday from Hillsboro for a visit with her son, W. E. Loveless.

Miss Quisenberry, of Waco, came in Wednesday for a visit with her grandparents, Mr. and Mrs. C. V. Quisenberry.

Pollard Smith returned Wednesday from Austin.

Mrs. H. R. Tarwater, of Runningwater, left Wednesday morning for Knoxville, Tenn., for an extended visit.

Mrs. A. M. Crozier, of Olton, left Wednesday for a visit to various points in North Carolina.

Mrs. Hugh Bryson, of Tyler, came in yesterday to visit in the home of her father, L. G. Satterwhite.

Miss Willie Young returned Wednesday from Roscoe, where she has been visiting for the past week.

Mrs. A. G. Keene, who has been visiting here, returned to her home, in San Angelo, this morning.

Mr. and Mrs. H. E. Skaggs and family returned from Gainesville yesterday. They had been in Gainesville several weeks for Mrs. Skaggs' health.

Mrs. Alice Coulter, of Tulla, was in Plainview Wednesday for a visit with her daughter, Mrs. A. L. Tarleton.

Mrs. E. H. Whitaker, of Lockney, who has been visiting with her mother, of Gall, returned home yesterday.

LIBERTY SOCIAL CLUB.

The Liberty Social Club met Thursday afternoon, July 13th, with Mrs. C. E. Moore. Owing to it being such a busy time, a small number was present. Nevertheless, a pleasant sociable afternoon was the result.

Two kinds of cake, lemonade and ice cream were served by the hostesses and her daughter, Mrs. C. B. Barr, of Plainview.

The next meeting will be with Mrs. Herman Tumberg, July 27th.

SECRETARY.

WICHITA STOCK MARKET.

WICHITA, Kans., July 18.—Local receipts of killing steers was moderate on the opening this week, but with unfavorable reports from Northern points trading on all classes of butcher cattle was done on a 10 to 15 cents lower basis. Offerings of steers consisted mostly of ordinary medium-weight grass cattle and several shipments of plain lightweight Oklahomas, there being no good corn-fed or choice heavy grass steers offered. Choice fed steers selling from \$9.00 to \$9.75; some good heavy cattle fed on grass from \$8.50 to \$9.00; good heavyweight grass cattle from \$8.00 to \$8.50; good 1,100 to 1,200-pound cattle from \$7.50 to \$8.25; medium kind from \$7.00 to \$7.50; bulk of the lightweight grassers from \$6.50 to \$7.00.

Choice butcher stuff met with a fair demand, but medium kinds were slow sellers at prices 25 cents lower than last week. A few fancy cows sold up to \$6.50, with the bulk of the best heavy fat cows from \$5.50 to \$6.00; medium butcher cows \$5.00 to \$5.50; canners and cutters \$4.00 to \$4.75; grass bulls up to \$6.00, with the bulk of the bologna bulls from \$5.00 to \$5.50.

Continued dry weather and liberal receipts of stockers and feeders at all points caused another 15 to 25 cents slump on this class. A few choice-quality steers selling up to \$7.00, with the bulk of the best native cattle from \$6.25 to \$6.50; medium kinds \$5.75 to \$6.25; off colors and cutbacks from \$4.75 to \$5.25; stock heifers from \$5.75 to \$6.50, depending on quality and weight.

We advise shippers to be careful of these plain stockers and half-fat butcher stuff in case the weather continues dry, as you can look for a continued decline on that class of stuff.

The hog market ruled a big nickel higher today, and we had a top here of \$9.75. Good to choice heavies are selling from \$9.65 to \$9.75; good to choice mediums \$9.60 to \$9.70; fair to good mediums \$9.55 to \$9.65; good to choice light \$9.50 to \$9.65; fair light mixed \$9.25 to \$9.45; pigs \$8.00 to \$8.75; roughs and stags \$8.50 to \$9.25.

The Shoe Sale Continues

Richards Bros. & Collier
WHERE PEOPLE WHO DRESS BEST TRADE

OBITUARY.

In memory of baby Clarence R. Pennington, born November 1, 1913; died July 9, 1916.

How sad our hearts were made on July 9, when the angels came and took from our home and arms our sweet, precious little Clarence R.! We feel that truly a dear little sunbeam has left us, to shine forevermore in heaven, where sad partings are no more.

How sad to know that we shall never hear the little footsteps and the prattle from the dear baby lips again! But God wants and deserves the best, and has taken him from us and transplanted the precious flower in God's garden above.

No more can we see that sweet little smile he had for every one, though the sweet, baby sayings shall linger in our hearts. How we feel that heaven will be nearer and dearer to all of us for this sweet little life that is now waiting to welcome us when God calls!

No more can we take thee "in our arms and call thee "our baby," but God knows best, and we bow in humble submission to His holy will. How we wonder why God called you from us when you were such a comfort and blessing in the home! How sad our hearts are and how empty mother's arms! But God wants the fairest flowers, and saw in thee, little Clarence R., a very rare flower, so He called you home.

"There is a reaper whose name is Death,
He cuts with a sickle keen;
He reaps the bearded grain at a breath,
And the flowers that grow between."
ONE WHO LOVED HIM.

Motor News of General Interest

NOTES ON TRACTOR DEMONSTRATION AT DALLAS THIS WEEK.

The value of the equipment on the tractor-demonstration grounds is estimated at \$500,000.

The demonstration field is more than 1,200 acres in area, yet there are so many tractors entered that the public plowing demonstration has to be limited to two hours each day, or all the land would be plowed before the demonstration is over. Between 300 and 400 acres were plowed yesterday in less than two hours.

The demonstration is being staged at a cost of approximately \$250,000 to the manufacturers. It is predicted that it will result in \$500,000 worth of orders during the week, and that 250,000 tractors will be sold in Texas by 1920 as a direct result of this educational work.

LaMonte Daniels, general manager of the Texas Harvester Company, is the originator of a scheme of which he is very proud. He took one of that company's tractors and hitched it to a train of three farm wagons, which are being used to carry visitors to and from the demonstration field. Several hundred people received free rides yesterday afternoon, and a large crowd was carried to the private demonstration field of the company in this manner yesterday morning.

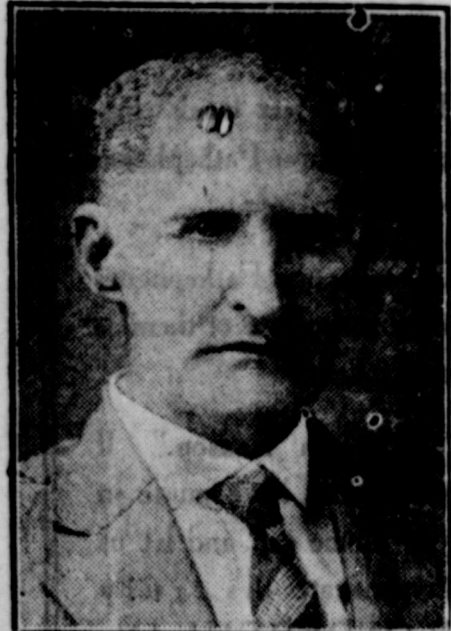

The Hart-Parr Tractor Company, of Charles City, Iowa, has thirty-five men on the demonstration field. They are in charge of S. H. Ralston, manager of demonstrations. Mr. Ralston has attended every demonstration of this kind since they were originated, three years ago, and he said yesterday that he has never seen greater interest or a finer display of farm power machinery than is being shown at the Dallas demonstration. C. M. Smith is the Dallas manager for this company. He is putting on a big force of salesmen in anticipation of the rush of business that will follow the demonstration.

Miss Gladys Dickinson, of LeRoy, Kans., is the only woman tractor driver among the several hundred experts on the grounds. Clad in becoming khaki uniform, she drove one of the Sattley Bull Tractor Company's engines in the public demonstration yesterday afternoon. She travels with the exhibit, and has been driving tractors for three years.

W. R. Herdener, field manager for the John Deere Plow Company, Moline, Ill., is very proud of the record made in the demonstration yesterday afternoon by the Moline light tractor disk plows, which were pulled in the demonstration by the Avery, Allis-Chalmers and Kinnard-Haines tractors.

500 ewes and 400 lambs for sale
H. D. ROSSER, Abernathy, Tex. tf

Judge B. Frank Buie

Of Canyon, Randall County, Texas, Candidate for Associate Justice Court Civil Appeals, Seventh Supreme Judicial District,

was born and reared at Cerulean Springs, Trigg County, Kentucky, represented that county in the Legislature one term, practiced law at Hopkinsville, Ky., two years, then in 1881, moved to Jones County, Texas, and practiced law in that and surrounding counties till 1898, except two years he was County Judge of that county, then located at Canyon, Randall County, Texas, where his entire time and thoughts have been devoted to the practice of civil law, and if elected, will give his entire time and thoughts to his duties as Associate Justice of said Court. He is a life-time Democrat, but if elected, will not as judge, know any political party, or creed, but will, as Judge, follow the law, which is a rule of action and no respecter of persons. He desires the Democrats of his District July 22nd to select the best qualified man for its nominee; let the result fall on whom it may.

(Political advertisement.)

New Dallas Agency.
The Denning Tractor Company, of Cedar Rapids, Iowa, is the first manufacturer to announce the establishment of a Dallas agency as a result of the Dallas demonstration. L. L. Lewis, vice president of the company, who is in charge of the exhibit here, announced that he has closed a deal with the Frawley Motor Company, of Dallas, to act as Texas agents for his company. The contract calls for sales in excess of \$95,000 worth of merchandise.

The Electric Wheel Company, of Quincy, Ill., was kept out of the public demonstration yesterday afternoon by the non-arrival of its plows. They were received later in the afternoon, and the company will enter one of its engines in the demonstration this afternoon. The exhibit, consisting of three 12-25-horsepower engines, is in charge of A. N. Calkins, L. G. Hall and H. F. Stinnits.

Among the interesting exhibits at the grounds is the chassis of the Wallis Cub tractor, which made its famous cross-country run of over 1,000 miles from Cleveland, Ohio, to Fremont, Neb. This tractor made the run in thirty-four days, arriving nine days ahead of its schedule, and on top of that established a new plowing record of three acres in seventy-seven minutes. The J. I. Case Plow Works are

selling agents for this tractor, George W. Pierce, local manager. Factory representatives on the grounds are Earl L. Woods, manager of tractor sales; C. G. Howell, advertising manager, and Clem W. Michaels, chief of the experimental division.

J. E. Johnson, secretary-treasurer of the Waterloo Gasoline Engine Company, Waterloo, Iowa, arrived yesterday. He was delighted at the showing made on the first day and at the attendance. He is an advocate of deep plowing, and his company's engines in the demonstration carried twenty-six-inch disks and cut over nine inches deep, although the rules only called for seven inches.

2,500 Autos Enter Grounds.
More than 2,500 automobiles entered the tractor grounds yesterday, according to the official count kept by the watchman at the entrance. Hundreds of cars were parked during the entire day on the south side of the field, and many more were driven to the demonstration field. The signs and numbers on the cars showed that they came from cities and towns throughout Texas, Oklahoma, Arkansas and Louisiana.

J. W. Willis returned this morning from a visit with his father, at Franklin, Texas.

A. H. Morrison left this morning for Blackwell, Okla., in response to a message stating that his brother there is dead.

Food Value of Milk

One quart of milk is equal in value to:

| | |
|--------------------------------|-----|
| 3-4 pound lean beef at 20c | 18c |
| 3 pounds fresh cod fish at 12c | 36c |
| 2 pounds chicken at 20c | 40c |
| 1 pint oysters at 30c | 30c |
| 4-5 pound loin of pork at 23c | 18c |
| 3-5 pound ham at 30c | 18c |
| Average | 27c |

It can be seen from the above tabulation that when a consumer pays ten cents for a quart of milk he is getting an amount of food for which he would have to pay twenty-seven cents if his money were spent on beef, chicken, fish, oysters, or pork. Milk at ten cents a quart is therefore a real bargain.

Firestone

Smooth Tread and Non-Skid TIRES

Highest In Quality—
Not Highest In Price

SPECIALIZED production improves quality and cuts cost. There is no arguing with that Industrial Law.

And that is why Firestone Tires beat competition in quality and meet competition in price.

Firestones are built by post-graduates in tire making. Tire authorities, crack foremen, extra good workmen, logically land in the Firestone Family of Specialists—

America's Largest and Leading Organization Devoted Only to Tire and Rim Service

Their greater knowledge, experience and skill gives you the extra quality, extra mileage.

Their greater efficiency saves you on the price.

And the largest exclusive tire factory, envied by the whole industry for its advanced facilities and scientific methods, saves you more on the price.

Make our advantage in production your advantage in buying.

Get the multiplied mileage of Firestone quality at the low cost of Firestone efficiency and volume.

All good dealers sell Firestones to their most experienced trade

We are gradually adding to our plant. Our latest addition is an ACETYLENE WELDING PLANT

IN CHARGE OF W. J. LOHMAN

This new department will take care of all kinds of welding of automobiles, engines and other broken machinery or parts. We invite the farmers especially to bring us their work.

Recently we announced our new

VULCANIZING DEPARTMENT

in charge of Morey McGlasson. These new departments and our completely equipped machine shop, together with our other new features give us the most modern and best equipped garage and workshop on the Plains.

JUDGE FISHER A WINNER.

As manager of Judge Fisher's campaign, I have visited the largest voting counties in the 7th Supreme District, and I find that Judge Fisher has a strong following everywhere.

He is strong with the rank and file of the people;

He is in sympathy with the common people, because he has come up through hardships and toil;

He is not the candidate of any particular class or special interest;

If he is elected, his decisions will be according to the law and the facts, and not influenced by prejudice, policy or spite;

He has never served as an attorney of the big corporations, nor is he backed by a bunch of corporation attorneys;

One member of the present Court of Appeals at Amarillo is doing all he can to elect a certain candidate. Do you want a self-perpetuating Court or do you want a court chosen by the people? If you vote for W. D. Fisher, your

vote will count.

Let the people rule!

W. A. PALMER, Canadian, Texas. 2t.

The Telephone Saved a Life. When one of our men was badly injured by the threshing machine we telephoned the doctor, who told us how to patch the man up. The doctor then started for our place in a hurry. When he arrived the man was pretty weak, and without the doctor's advice the results might have proved serious. Thanks to the telephone, the man pulled through. Every farm should have Bell Telephone connection. Write our nearest Manager for information. The Southwestern Telegraph & Telephone Company.

\$100 Reward, \$100. The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, O. Sold by all Druggists, 75c. Take Hall's Family Pills for constipation.

THE KANSAS CITY STOCK MARKET IN DETAIL.

KANSAS CITY STOCK YARDS, July 17.—The cattle market gained 10 to 25 cents last week, after touching the low spot late Tuesday and Wednesday. This encouraged loading for today to some extent, although the break the first days of the week was hard to accept. Receipts today are 19,000 head, and the market uneven, steady to 15 cents lower. A good shower about noon put some firmness into the situation.

Beef Steers.

No strictly prime cattle were here, conditions not looking promising last week. Pretty good Missouri corn-and-grass steers sold at \$9.25 to \$10.00. Kansas shipped freely, and good wintered steers sold at \$8.25 to \$9.00, second and third grade steers \$7.00 to \$8.00, weights up to 1,150 pounds in these classes. Oklahoma and Kansas-grazed Texas steers brought up this spring sold down to \$6.25. In the quarantine division only 37 cars arrived, and sales were 10 cents lower. Average quality was not very good, best North Texas fed steers here at \$8.25, though better ones would sell up to \$8.50, medium steers around \$7.75, Oklahoma grass steers \$5.75 to \$7.25. Butcher grades sold only a shade lower, top yearlings mixed \$9.75, straight heifers \$9.50, from Nebraska, top heavy cows \$7.75, grass cows \$6.00 to \$6.50, some good White Face grass cows at \$7.00, veal calves \$8.00 to \$11.00, bulls \$5.75 to \$7.25.

Stockers and Feeders.

Prices closed last week at the low point of the summer, although there were signs of a better trade this week. All the yard traders are back in the harness, after their summer absence.

UGH! CALOMEL MAKES YOU DEADLY SICK

Stop Using Dangerous Drug Before It Sallivates You! It's Horrible!

You're bilious, sluggish, constipated and straighten you right up better than calomel and without griping or making you sick I want you to go back to the store and get your money. Take calomel today, and tomorrow and believe you need vile, dangerous calomel to start your liver and clean your bowels.

Here's my guarantee! Ask your druggist for a 50-cent bottle of Dodson's Liver Tonic, and take a spoonful tonight. If it doesn't start your liver you will feel weak and sick and nauseated. Don't lose a day's work. Take a spoonful of harmless, vegetable Dodson's Liver Tonic tonight and wake up feeling great. It's perfectly harmless, so give it to your children any time it can't salivate, so let them eat anything afterwards. -Adv

Drives Out Malaria, Builds Up System The Old Standard general strengthening tonic, GROVE'S TASTELESS CHILL TONIC, drives out Malaria, enriches the blood, and builds up the system. A true tonic. For adults and children. 50c.

Lax-Fos, A Mild, Effective Laxative & Liver Tonic Does Not Grip nor Disturb the Stomach. In addition to other properties, Lax-Fos contains Cascara in acceptable form, a stimulating Laxative and Tonic. Lax-Fos acts effectively and does not grip nor disturb stomach. At the same time, it aids digestion, arouses the liver and secretions and restores the healthy functions. 50c.

and bidding today was more spirited, sales steady to weak. A good rain here at noon helped the situation, as it came easily, and gave hopes that the dry spell was broken elsewhere. Common to fair stock steers sell at \$6.00 to \$6.50, good ones \$7.00 to \$7.50, best ones \$7.50 to \$7.75, feeders \$7.25 to \$8.00.

Hogs.

Receipts were 9,000, market steady to 5 cents lower, top \$9.85, bulk \$9.55 to \$9.80, lights up to \$9.70. The market opened with threat of a 10-cent decline, but good orders materialized.

and most of the sales were less than 5 cents lower. Receipts are not burdensome anywhere, and there are no indications of a heavy supply soon, although prices have declined slightly though distant points are contributing hogs regularly. For these reasons, although prices have declined slightly during the past week, faith in future strength in the market remains.

Sheep and Lambs.

After a week of strength, lambs broke badly today, sales 25 to 40 cents lower. Two shipments of Idaho lambs brought \$10.30, which is the top

in Omaha today. Natives brought \$10.25 today, Idaho yearlings \$7.85 to \$7.90, Texas wethers and yearlings late last week \$7.70. There is an extraordinary demand for breeding stock, some three to six-year-old black face native breeders, 105 pounds average, selling up to \$8.75 last Friday. Good Western breeders bring around \$7.50, and feeding lambs up to \$8.75. J. A. RICKART, Market Correspondent.

Dr. J. W. Grant left this morning for Amarillo on a short business visit.

Your Favorite Music Rendered Perfectly

With the Playerphone you may use disc records of any make. The Playerphone is especially built to render perfect interpretations from every disc record.

It is made to meet a demand for an instrument that does not limit the owner to merely the records made by one firm. Best of all Playerphones are far less expensive than similiar cabinet instruments whose powers are limited to just one make of records.

No change of equipment is necessary for playing all different makes of records. To play Hill & Dale records, such as Edison and Pathe, the producer only has to be reversed and a Playerphone jewel point or sapphire ball inserted.

As to appearance the Playerphone is an ornament to the most richly furnished home. Examine those on display and hear them play your favorite pieces.

AN INSTRUMENT WITHIN YOUR REACH There is no need of waiting longer to have the best music in your home. Every musical pleasure is now within your reach. You can obtain attractive terms in buying a Playerphone.

In construction and materials the Playerphone is unexcelled. Each model is finished in the finest veneered mahogany or quarter sawed oak. The tone modifier is regulated from outside the cabinet, doing away with the old-fashioned doors and shutters. The tone chamber is constructed of the highest quality violin wood so as to amplify and interpret perfectly every inflection of sound.

ELECTRIC OPERATION—No Extra Charge Merely by moving the tone arm into position for playing starts the motor. In those models which are equipped with electric motors no extra charge is made. The best and newest conveniences have all been incorporated. The cover has an automatic catch, locking it at any height. The spring motors used play several records without rewinding. Every refinement tending toward ease of operation and improvement of the tone has been made a part of the Playerphone.

Prices Range from \$50 to \$225 LONG-HARP DRUG CO. Phone 161

SALE CLOSING MONDAY NIGHT, JULY 31st

GREAT MID-SEASON SALE

SALE CLOSING MONDAY NIGHT, JULY 31st

WANTED

The most insidious and destructive element with which a merchant, big or little, has to deal is the unvoiced complaint.
 If a customer has fault to find and says so, the question simplifies itself to the point of easy solution. The merchant may make restitution, adjust the wrong, and fortify himself against a recurrence by some improvement.
 But if the complaint is unvoiced he is offered no chance to adjust the wrong or improve the system. Unless good fortune attends and he finds out the difficulty himself, the same mistake may occur again and again.
 Constructive criticism is always welcomed by any man who is striving diligently to improve—even the right kind of agitation is valuable to the business which is building a foundation upon the bed-rock of service.
 We welcome criticism—moreover we are always deeply grateful to the man or woman who with a just complaint gives us opportunity to right the matter and to safeguard this store against such a mistake again.
 No man is a paragon—no business perfect—but only by learning our faults can we lessen them.
 So we hope when this store makes a mistake you will let us know. Don't do yourself an injustice, and us an injury, by letting your silence take the form of the "unvoiced complaint."

NEW GOODS

We are pleased to announce that the early productions of Dame Fashion's vogue for fall, 1916, are now arriving daily, and it is very interesting to note the smart changes and decided departures in style lines from those of last fall. Each one seems prettier than the other, if possible, for the variety of colors in vivid tones of the new season makes each one of them a real inspiration.
 Among some of the smart conceptions of new styles that we have received are a large part of our "Queen Quality" Boots for fall. Some of the high tops are of apricot, while the bottoms are of a rich shade of African Brown; the heels are well spiked, while the toes continue to the pointed. Other shapes claim their place in a variety of colors, and soap Kid Boots are shown with novelty trimmings.
 A huge shipment of new Middle Blouses, all in the newest ideas, are now on display, while Wash Skirts in wool and smart creations in Dress Skirts are assembled in our Ready-to-wear Department. Other immense stocks of Piece Goods are being placed in stock to fill all depleted lines.
 Those desiring New Fall Merchandise may now buy them in the 7 final days of may now buy such in the 7 final days of our sale at reduced prices. While the reductions will not be as effective as those mentioned on Summer Merchandise, we will make interesting prices on all new goods while the sale lasts.
