DECISION IS TO PAVE BOTH BROADWAY AND ASH STREETS

WARRANTS WILL BE ISSUED BY CITY TO COVER EXPENSE OF NEW DISTRICT

PERSONS FROM VARIOUS WALKS OF LIFE GATHER AT ASSEMBLY ROOM AND PRESENT PETITION SIGNED BY MORE THAN 500 FOR RECONSIDERATION OF MATTER.

At the citizens-councilmen assembly tonight it was unanimously decided to provide ways and means for the paving of Broadway and to allow the decision of the City Council in regard to Ash street to stand. Both streets now will be paved to the Santa Fe station, which of course, said Mayor Risser this evening, will necessitate the forming of another paving district. After hearing the report of the citizens' committee, the City Council decided to issue warrants for the paving of Broadway. The Council has been assured that the citizens will subscribe the warrants to the full amount.

The voice of the people, was the element of government introduced to help the aldermen in the solution of the entangled paving situation at a special session of the City Council last night. More than seventy-five citizens, with civic pride and the city's progress as predominating thoughts before their mind's eye, voiced the sentiment of the general public in respect to the paving question. The proposition of "Shall Ash or Broadway Be Paved" was discussed from various angles and by various citizens for more than two hours.

At the close of the citizen-councilmen session, Mayor Risser, in an effort to throw a light on the subject, appointed a committee of citizens to confer with the City Council tonight in an effort to come to some agreement in the solution of the entanglement that will be to the best interests of the city. The committee consists of the following: Judge W. C. Mathes, Dr. C. D. Welford, Dr. J. C. Anderson, R. A. Underwood, E. M. Carter, W. A. Nash, Judge G. L. Mayfield and T. Stockton.

Mayor Risser opened the citizen-councilmen general assembly by stating plainly and comprehensively the City Council's stand on the paving proposition. He said that the Council surrendered to A. E. Harp's objection to the paving assessment to save time and money in carrying the question to the courts, which Mr. Harp threatened to do before he would recognize the assessments of the city.

"When we reached the point of going to the courts," said Mayor Risser, "we thought it best to make other arrangements under the circumstances. We believed it would be to the satisfaction of the citizens of this city to abandon the original plans for the time being and pave Ash street. Mr. Harp has threatened to fight the paving on either street, but the City Council believes that the chances are worth taking on Ash street as the case in courts would be more certain for judgment in favor of the city."

Dr. J. C. Anderson, who was the first spokesman of the people to voice the general sentiment on the action of the Council, said that the change in the original plans has caused considerable discussion on the part of the citizens. "It seems to me," said Doctor Anderson, "that it would be children's play to abandon the original plans after we have gone as far as we have."

"Broadway is the natural and ideal street to be paved, if it is a question of paving either Ash or Broadway. I should like to see both streets paved, but if it is one or the other, we should not hesitate to pave the main thoroughfare because of one man's action."

"I understand that Mr. Harp is willing to make some kind of arrangement and that he is willing to recognize the assessments on the east side of the street. The city could for the present have two-thirds of the street paved and fill the other third with gravel. This plan has been adopted in some cities."

"The city should have pride enough to have its main thoroughfare paved. It's not a question of dollars and cents, but for the pride, attractiveness and civic beauty of the city," were the words of Doctor Anderson's conclusion.

W. A. Nash was the next taxpayer to voice his sentiment. He stated that Ash street had not had the proper treatment in the development of the city. "The taxpayers on the East side," said Mr. Nash, "have never

complained about the original paving plans. When Ash street was left out in the beginning, the East side taxpayers did not go out and wrangle about the treatment, but came to the support of the paving plans. "Since the City Council has faced difficulty in carrying out the original plans and has decided to pave Ash street, we do not want the Council to change its plans. Taxpayers from the East side have gathered here tonight to retain what the city has given us. We have had the worst of the argument on the East side for a long time and it is time we were getting something from the administration."

WHEAT YIELD WILL PASS FAR BEYOND EXPECTATION

Hale County Farmers, Now Harvesting, Are Realizing From Ten to Thirty Bushels an Acre.

"A million and a half bushels of wheat will be harvested within a radius of twenty-five miles of Plainview," were the words of A. G. Hinn, proprietor of the Harvest Queen Mills, when asked to make an estimate of the prospective wheat yield around Plainview. At the present market prices, the farmers around Plainview should receive more than \$3,500,000 for their wheat.

"It has been estimated that the irrigated wheat in Hale County will yield between twenty-five and forty bushels to the acre. The dry farm wheat, which is being harvested at the present, is yielding between ten and sixteen bushels to the acre. The summer fallowed wheat crops are running into the thirties."

Reports received in this city within the last few days in regard to the wheat now being harvested make it evident that the yield will be much higher than estimated a month ago.

Fred Weyl reports that from twenty-two acres on his farm he has realized an average of thirty bushels to the acre. Other reports of the wheat harvest are as follows: J. B. Long, 150 acres, 25 bushels; J. P. Marlin, 55 acres, 25 bushels; Joe Kelleher, 800 acres, 13 bushels; L. A. Knight, 2,800 acres, 10 bushels; Griscom Bettle, 200 acres, 20 bushels; Texas Land and Development Company, 50 acres, 20 bushels; A. R. Marshall, 145 acres, 14 bushels.

The recent rains will have a decided influence on the yield of the kaffir, maize, corn and feterita crops this year, is the report from various persons in direct connection with these crops.

Hale County Sends More Mules to Aid Army of Uncle Sam

Hearing the call of the nation for army mules, J. B. Wheeler of Hale County responded with a shipment of a carload to the St. Louis market last Saturday. This makes the third car of army mules to leave this county in the last three weeks. Watson & Son led the local livestock dealers in the hog shipments last week. They sent three cars to the Fort Worth market.

"PLAY BALL" UMPIRE TO SHOUT TOMORROW

MAXWELLS WILL OPEN SEASON AGAINST AMARILLO TEAM ON HIGH SCHOOL GROUNDS.

GAME TO START AT 3:30

Local Club Is Marching Toward Pennantville and Hopes to Gain Championship Crown.

The Fourth of July will be observed in Plainview tomorrow by the introduction of the national pastime. The enthusiastic wave of baseball will sweep down upon the city at 3:30 o'clock, when the umpire announces the batteries for the game between the local Maxwell aggregation and the invading combination from Amarillo. Baseball will be in all its glory and delight tomorrow. The ring of the Chinese tenor voice of the umpire, and the popcorn and soda shout, and the crack of the old hickory will be familiar sounds in Plainview when the curtain goes up.

The management of the local team abandoned the idea of building a ball park northwest of the Lake Plainview, owing to the fact that it would take too long to get the ground in good condition. Instead the high school grounds have been obtained and the carpenters have been busy this week constructing a fence around the ground and building a grandstand. The grandstand will have a seating capacity of 500, and it will be possible to accommodate more than 1,000 fans without crowding the field.

The Maxwell team has traveled through the season with a remarkable record up to date. It has locked arms with the best combinations in northern Texas and New Mexico and in most cases has been returned victorious. The club hopes to continue over the path toward Pennantville and to gain the championship crown in semi-professional ranks in this section of the country at the end of the season.

Manager J. M. Lipscomb announced yesterday that every effort is being made to make the opening day a success. Players who have distinguished themselves in the semi-professional ranks have been signed in order that Plainview will have a 14-carat aggregation to represent the city on the baseball map.

The line-up as announced yesterday is as follows: E. Humphries, Craig, C. Johnson, Pressley, Blakemore, pitchers; T. Johnson, F. Humphries, catchers; McDaniel, Hinds, Hale, Murphy, infielders; Strope, Craig, Wilson, outfielders.

Only .47 Rainfall Is Recorded During Thirty Days in June

Last night the first shower of the million-dollar rain promised to the Plains by the weather man fell from without the skies. The rainfall ranged from one-tenth of an inch to four inches. The heaviest rain was reported in and around Sweetwater. One-fifth of an inch fell in Plainview. The Southwestern Telephone Company reported this morning that showers were recorded at Hale Center, Kress, Canyon and Floydada, ranging from one-tenth to one-half an inch.

Since the first of the year 3.14 inches rainfall has been recorded here by Plainview's weather man, W. J. Klinger. The month of June has been made a member of the "Dry" party—only .47 of an inch rainfall being recorded during the month. Warm weather? It was only 107 on June 10 and 12.

GIVES \$15 TO RED CROSS SOCIETY.

The East Mound Sunday school contributed \$15 to the Red Cross Society last Sunday, which represents a subscription of forty-seven persons. The services Sunday were patriotic in character.

MORE THAN 135 JOIN RED CROSS CHAPTER

MASS MEETING AT METHODIST CHURCH SUNDAY NIGHT BRINGS FUNDS UP TO \$684.

9 BECOME LIFE MEMBERS

"It Is for the Sake of Humanity and Democracy," Says Dr. Ernest E. Robinson in His Talk on Service.

The Red Cross Chapter was given the support of the citizens of Plainview Sunday evening at the Methodist Church in an atmosphere filled with patriotism and Americanism. Plainview heard the story of the Angels of Mercy and came to the aid of the worthy and noble organization, that works to relieve the suffering of humanity during the time of national and international crisis. One hundred and thirty-five names were placed on the honor roll and the funds subscribed reached the \$684 mark.

The mass meeting opened with the singing of "America," and was followed by the pronouncing of the invocation by the Rev. T. B. Haynie. After the words of the Reverend Haynie, the story of the Red Cross was told to the audience.

"Remember the Lusitania," were the words of the Rev. I. E. Gates, in his explanation of Plainview's duty to the Red Cross. "Some of the American boys are going to the battlefield, and some of these same boys, away from home and mother, are going to be wounded. I want to be American enough to aid in putting a bandage around his head," continued the Reverend Gates.

He then explained the response that other cities smaller than Plainview had given to the cause. He pointed out most of the cities had given \$50 to the soldier while Plainview has only contributed \$5 or one-tenth of the amount.

He gave to the mind's eye of the audience a motto to lead us onward in the battle for democracy and humanity. The outstanding motto according to the Reverend Gates, is "Remember the Lusitania."

"It is time to rally around the flag," he said in conclusion. "We must do our part. Don't be a slacker. Give your money and put yourself on the altar of sacrifice."

Dr. L. V. Dawson spoke about the relation of the medical profession to the Red Cross Society. He said that the duty of the medical profession is to serve humanity. To give relief and to help the suffering is the connection of the medical profession to the Red Cross Society, were the words of Doctor Dawson.

"Any nation that deliberately sinks hospital ships should be wiped from the face of the earth," said Doctor Dawson. "Our boys have gone to the front with this aim. Those who cannot go to the front can give. Those who go give all."

"The Red Cross needs supplies," stated Miss Helen Nyhus, in explaining the work of the Red Cross Nurse. "The women of Plainview should be willing to give three or four hours a week to help in making these supplies to send over to the hospitals and the trenches, where a cry goes up every hour from the suffering soldiers on the field."

Miss Nyhus explained that it is not only a duty but a privilege to help in this noble and uplifting work. She emphasized the point that it would be serving humanity. She also said that a chapter was organized here because it is a more effective cog in the national machine. She pointed out that by having a chapter, help could be obtained from the auxiliaries that are to be formed in this district under the supervision of a chapter.

Her words in conclusion made a dramatic impression on the persons in the audience. "Help us out, won't you? We need every bit of your help. Disband some of your clubs and help in the nation's greatest club. Just two

WOODROW WILSON GIVES OUT RULES TO COVER ARMY DRAFT EXEMPTIONS

REGISTRATION CARDS ARE TO BE NUMBERED NUMERICALLY AND POSTED FOR PUBLIC VIEW—MEN WILL BE NOTIFIED FOR PHYSICAL EXAMINATIONS.

WASHINGTON, July 2.—Preparation for the mobilization of the first contingent, 625,000 troops, of the new national army advanced another step today, when President Wilson promulgated the regulations to govern exemptions from military service.

In the order in which they must come, there are three steps in the organization process of the national army as prescribed by Congress. These are registration, selection and exemption. The first step has been carried out and approximately 10,000,000 men between 21 and 31 year of age have been registered. The regulations issued today cover in detail the operation of the third step, exemption.

Post Lists Publicly. Upon organizing, the local boards will take over from the registration boards all registration cards, which they will number serially and list for posting to public view. Then after having been advised of the method by which the quota to be drawn from its territory (minus credits for enlistments in the national guard or in regular army) each board will prepare a list of persons designated for service in the order of their liability, post the list, give it to the press and within three days send it to each designated person by mail.

As the men so notified appear, the boards first will make a physical examination in accordance with special regulations to be provided, bearing in mind that all persons accepted by them will be re-examined by army surgeons. If the physical examination is passed successfully then comes the question of exemption.

Persons who must be exempted or discharged by the local board include:

Officers of the United States, of the states, territories and the District of Columbia; ministers of religion, students of divinity, persons in the military or naval service of the United States, subjects of Germany, all other aliens who have not taken out first papers, county of municipal officers, customs house clerks, workmen in Federal armories, arsenals and navy yards, persons in the Federal service designated by the President for exemption, pilots, merchant marine sailors, those with a status with respect to dependents, which renders their exclusion desirable (a married man with dependent wife or child, son of a dependent widow, son of dependent, aged or infirm parent or brother of dependent orphan child under 16 years of age).

Those found morally deficient and any member of any well recognized religious sect existing May 18, 1917, whose creed forbids participation in war and whose religious convictions accord with the creed, are also exempt.

Claims for exemption because of dependents may be made by the man himself, his wife or other dependents or by a third party who has personally investigated the case. A claim made by the husband must be accompanied by supporting affidavits signed by the wife and by the head of a family residing in the same territory. A claim by the wife or third party must be accompanied by two supporting affidavits signed by heads of families.

Affidavits Are Necessary.

Similar rules govern claims on the ground of other dependents, the dependents or third parties being authorized to file claims with supporting affidavits. In each case the board must be satisfied before it grants exemption or discharge that the dependents actually are supported mainly by the fruits of the man's mental or physical labor.

Local boards are required, subject to appeal, to pass upon claims for exemption or discharge within three days after the filing of affidavits. District boards must decide appeal cases. The person in question stands

within five days after the closing of proofs and their decisions are final. If the ruling of a local board is finally accepted for military service.

District Boards' Duty. In passing on claims for exemption on the grounds of employment in necessary industrial and agricultural occupations, the district boards must be convinced that the particular enterprise affording such employment actually is necessary to the maintenance of the military establishment or national interest during the emergency.

Later the President may from time to time designate certain industries or classes of industries that are necessary and the district boards will be so notified. It will be the duty of each board, however, to ascertain the available labor supply for such industries outside of men called for military service and to take the result into consideration in determining such things.

Certificates of exemption will not necessarily be permanent. They may be revoked with changing conditions or may be granted only for prescribed periods.

CITIES WILL INVESTIGATE ACTION OF A. & M. BOARD

Snyder, Haskell, Sweetwater and Other Places Want Members to Reconsider Decision on Location.

SWEETWATER, Texas, July 1.—A mass meeting of West Texas towns has been called at Sweetwater for Thursday to consider the recent action of the locating committee of the West Texas College, at which time a definite future program will be arranged. Thomas F. Hodge of Sweetwater said Sunday.

Haskell Calls Mass Meeting.

HASKELL, Texas, June 30.—The entire citizenship of this city was shocked on hearing of the charges that the votes giving Abilene the West Texas Agricultural and Mechanical College were not according to statements made by three members of the board. Bruce W. Bryant, manager of the campaign, left immediately for Austin. A mass meeting has been called to meet tomorrow morning.

Snyder Awaits Full Report.

SNYDER, Texas, June 30.—The citizens of Snyder do not consider the Agricultural and Mechanical College for West Texas yet located. They are awaiting the return from Austin of the locating committee for consultation as to the course they will pursue.

Mayor Risser Signs City Bonds Issued for Street Paving

Forty bonds issued by the city for the purpose of paving the main streets were signed today by Mayor W. E. Risser and Secretary B. L. Spencer. The bonds are each for the denomination of \$1,000, aggregating the sum of \$40,000. The feature of the bond is that the city reserves the right to redeem the bond at any time after ten years by paying principal and accrued interest. They will be sent to the Attorney General tomorrow, where the seal of Texas will be attached to them. The bonds then will be sent to the subscribers.

Mayor Risser this morning said that the paving of Austin street district will be completed within this week.

ELKS TO GIVE DANCE TONIGHT.

The Elks' Lodge of Plainview will hold a Fourth of July dance at the Elks' home tonight. The Jesse orchestra from Amarillo will furnish the music for the evening.

DALLAS, Texas, July 3.—Preparing to entertain a million and a quarter persons during the 1917 State Fair of Texas, October 13-25, the management of this colossal educational institution is sparing no expense or time in making this year's exposition the most noteworthy in the thirty-two years' history of the Fair. Premiums in every department have been increased and many additional facilities have been constructed for the 1917 exposition. The premier outdoor attraction will be "The War of Nations," recognized as the most magnificent fire-works display ever created. Based on patriotic lines, this mammoth display of pyrotechnics faithfully portrays the spectacular side of the war in blood-soaked Europe and is highly educational and entertaining. Singers Midgets, thirty-four in number, will head the Coliseum bill of nine feature numbers. The Midgets are acknowledged to be the greatest attraction that has ever been obtained for the State Fair Coliseum.

WANTED—Light farm or ranch work, man of 28 years; out from Georgia with asthma. Good education. Do best to please and work very reasonable. H. S. PARKER, Nash House. It-pd.

CITATION BY PUBLICATION.

THE STATE OF TEXAS,
To the Sheriff or any Constable of Hale County—GREETING:
YOU ARE HEREBY COMMANDED, That you summon, by making Publication of this Citation in some newspaper published in your county, if there be a newspaper published there-

in, but if not, then in the nearest county where a newspaper is published, once each week for four consecutive weeks previous to the return day thereof, W. J. Stevens and E. F. Graham, whose residence is unknown, to be and appear before the Honorable District Court, at the next regular term thereof, to be holden in the County of Hale, at the Court House thereof, in Plainview, Hale County, Texas, on the first Monday in August, 1917, being the 6th day of August, A. D. 1917, then and there to answer a Petition filed in said Court, on the 26th day of June, A. D. 1917, in a suit numbered on the docket of said Court No. 1551, wherein J. C. Jones is plaintiff and W. J. Stevens and E. F. Graham are defendants. The nature of the plaintiff's demand being as follows, to-wit:

That on or about the 19th day of June, 1917, the plaintiff, J. C. Jones, was lawfully seized and possessed of the lots and premises hereinafter described, holding the same in fee simple; that on or about the said date the defendants, W. J. Stevens and E. F. Graham, unlawfully entered upon and dispossessed plaintiff thereof, and now withhold from the plaintiff the possession thereof, to his damage in the sum of \$7,000.00; that the lots and premises so entered upon and now withheld from the plaintiff by the defendants is all of lot No. 8 and the south one-half of lot No. 7, in Block No. 56, in the original town of Plainview, in Hale County, Texas. That plaintiff, claiming the said lots and premises under a deed duly registered, has had peaceful, continuous and adverse possession of the same, using the same and paying taxes due thereon, for a period of

more than five years prior to the 19th day of June, 1917; that plaintiff is holding title to said lots under a deed from J. J. Oxford and wife, Mary Oxford, and under an unbroken chain of title from the State of Texas; that the defendant W. J. Stevens has no legal title, but is claiming an interest in said lots under a deed from J. M. Presler and wife, and the said Presler and wife claim under an alleged patent; that

the said E. F. Graham has no rightful interest in and to said title to said lots, but is claiming the same under a deed from Tilghman Graham, his attorney in fact, to Mrs. S. C. Graham. Plaintiff prays that defendant be cited to appear according to law, and that he have judgment for the title and for restitution, for costs and damages and for other relief in law and in equity. HEREIN FAIL NOT, And have you

before said Court, on the said first day of the next term thereof, this writ with your endorsement thereon, showing how you have executed the same. Given under my hand and seal of

said Court, at office in Plainview the 26th day of June, A. D. 1917. JO W. WAYLAND, Clerk District Court, Hale County, Tex.

IT takes about 5 gallons of O. V. B. Paint for two coats on the average 7-room house. This spread value is due to careful selection and fine grinding of pigment. It makes your cost very reasonable. Besides, you'll find the paint wear you want in

"All That's Best in a Paint"

Whatever the age or condition of your house, O. V. B. Paint doesn't take long to pay for itself several times over because of its durability. It increases the value of the house with its fresh, bright, protective coat of metal. No adulterants—no cheap ingredients—but a firm weather-resisting surface that's possible only with pure lead and zinc, uniformly mixed by machinery.

Come in today. Let's figure together. Let our color suggestions and cards help you plan your color combinations.

\$50,000 Maxwell Contest Finishes Whirlwind Week

Here, and all over the United States and Canada, Maxwell owners tried to beat the one gallon mileage records made since June 16—the contest closed Saturday, June 30—interest and enthusiasm mounted daily—Red Tank runs made here.

The great \$50,000 gasoline economy contest for Maxwell owners is over.

With each of the contestants, as the rules require, there were three official observers, who certified the result.

Liberty Bonds were the prizes.

SPLENDID RECORDS MADE BY LOCAL MAXWELL OWNERS

Here are the records:

Dr. C. B. Barr got 32.1 miles on one gallon of gasoline.

W. E. Winfield got 31.2 miles.

W. E. Loveless got 28.7 miles.

G. S. Burt got 31.2 miles.

Each contestant used the red one gallon gasoline tank, which the rules require and which we furnished free.

These were the greatest sporting events of the kind that have taken ever place here.

Keep your eye on Maxwell cars.

They're making history.

They can do as much for you. Why don't you buy a Maxwell now.

MILADY DESIGNS VARIOUS STYLES FOR HER MOTOR RIDES.

Army models for extra coats are very popular, and in their varied styles are becoming to stout as well as thin women. One in leaf green tricotine has the full, deep-set sleeve and very high convertible collar. The seams are piped with a black and white silk braid and the buttons are black with a white rim. The coat is lined with silk with green half-line stripes. The hat is a Russian turban trimmed with black and white braid medallions. Another good model is in gray novelty wool with triple short capes, collar and cuffs of old blue cloth. The coat is lined with blue satin and the buttons are of gray metal. The slipper pockets at the sides show just a glint of blue lining. A gray stitched cloth hat with blue and gray fancy goes with the coat.

Linon dusters are used for touring this year in the natural color, their only trimming being large, dark smoked pearl buttons. The models are full-belted ones with roomy sleeves. The sleeves have the straps to tighten them to keep out dust, and the convertible collar to button up high if it is needed. Patch pockets and stitched hems add the only really new note. Soft stitched hats to match are sometimes worn.

Men seems to like the white linen, silk or pongee dust coat. The models very little from season to season, but are especially loose and comfortable this year. A new cap is in white flannel, with a large green and blue cross plaid. The cap also may be had with a brown and tan overplaid. Black and white silk caps also are very pretty with the white coats.

Parasols of navy blue or white satin have six-inch borders of the allied colors in stripes. The parasols are striking and very attractive in appearance. Leather handles or handles of natural wood painted may be chosen. The parasols are in the flat, many-ribbed model.

Canopied willow baskets painted black and then adorned with gayly painted flowers, are ready for the small dog. They have a down pillow or mattress the color of the flowers and some have a blanket to match.

Another traveling convenience for those who have a small dog is the food and water bowl and biscuit container, all in one case.

THIS IS A REAL PROFIT

Our Challenge: Most in Satisfying

REGARDLESS of the almost daily advance of merchandise, we, as usual, are going to anticipate this great MONEY-SAVING EVENT from year to year. It has always been a sacrifice, for nearly every article quoted in this sale is priced much cheaper than we are going to place on sale every article in our large stock. Remember, now, every BRAND NEW—and sacrificed to such an extent you will, as it were, forget that you are DELIVER THE GOODS, and when we advertise a sale it means THROUGHS OF BUYERS those who are strangers to our way of doing things, we want to impress upon you that passing away. THE SALE BEGINS JULY 7TH. Be on hand when the door opens, MERCHANDISE that will stand the test of the most careful buyers.

This is a real PROFIT-SHARING occasion. Be sure and come to the store offering you wonderful values. May we ask that you help us to distribute each day's

DON'T LEAVE US IN DARKNESS.

Congratulations, Abilene!
That's the manner in which the hearts of Hale Countians would feel if it were not for this misfortunate confusion that has developed over the result of the second ballot.

There seems to be some mistake or some misunderstanding. Three of the members, Lieutenant-Governor Hobby, Speaker Fuller and Commissioner of Agriculture Davis all deny that they voted for Abilene, which makes it appear as if only two votes were given to that city.

We wanted the West Texas A. and M. College, and we fought hard for it until the very last minute. We were not selfish in our motives, but we entertained the solitary idea that Hale County was the place for the location of the new agricultural and mechanical college. We stood firm on our convictions.

When the news flashed over the wires last Friday that we had lost the fight—that Hale County had been knocked out, in what we believed was a fair fight—we did not grumble and did not cry. It is true that our dreams were shattered, but we are of the West and able to withstand the shock.

According to what three of the members of the board have stated in regard to their ballots, we are now in a world of confusion. We don't know whether to believe one report or the other. We hope that the situation will be untangled, and that some solution is given that will at least wipe away any doubt about fraud.

Hale County is not sounding the anvil chorus, but Hale County does want to see the situation in a different light. We pledge ourselves to co-operate with any city in West Texas that obtains the college, whether it is Abilene or some other city. We want to help in making the college a vital factor in the development of West Texas.

For the sake of the honorable names of members of the board, we hope that the members will come out before the eyes of the people of Texas and explain the situation and not leave us in darkness, where the shadow of suspicion grows.

THE CHURCHES ARE NOT SLACKERS.

Do the churches of today sit down in sullenness and despair because of the battle cry rings over this country? Not for a minute! The churches are not slackers; they are behind the President, and have joined in the fight to save humanity.

Sunday in Plainview was a true and patriotic expression of the service the churches are to the nation in this hour of distress. The ministers in Plainview responded to the call of the national government in preaching a sermon on food conservation. Then, Sunday

night, the churches of this city joined hands and again rendered national service by holding a Red Cross mass meeting.

The churches are living, breathing and growing every hour. They are the very hearts of Christianity and humanity. They have answered the call in an effort to establish justice and secure liberty. They have impeached the Kaiser, in the name of civilization, which he has dishonored and outraged. The churches stand for Christianity, humanity, civilization and democracy. These things will the churches of this land fight for, and fight hard.

Banner Is Presented to Sunshine School for Year's Progress

The presentation exercises of the banner awarded by the Hale County Board of Education to the Sunshine School last month for the school that made the most progress in the way of improvements in Hale County last year were held last Sunday. Several addresses were made during the day. Dave Hamner, T. W. Sawyer, G. E. Lewis and Judge Charles Clements were among the visitors and took part in the program. A dinner was served at the noon hour.

or three hours a week, and you can do so much good for the suffering and tattered youth in the trenches somewhere in France. For humanity's sake, help the Red Cross."

"Membership and What It Means" was the subject of Judge R. C. Joiner's address. He spoke of the organization and the obligations of member. He pointed out that the Red Cross Chapter is an international organization, and that Thomas Woodrow Wilson, the President of the American nation, is at the helm of the society. In the end he explained the various classes of membership.

"The compound word Red Cross is significant to me," said the Rev. Ernest E. Robinson in speaking of service.

WONDERFUL STUFF! LIFT OUT YOUR CORNS. Apply a Few Drops, Then Lift Corns or Calluses Off With Fingers—No Pain.

No humbug! Any corn, whether hard, soft or between the toes, will loosen right up and lift out, without a particle of pain or soreness. This drug is called freezone, and is a compound of ether discovered by a Cincinnati man.

Ask at any drug store for a small bottle of freezone, which will cost but a trifle, but is sufficient to rid one's feet of every corn or callus.

Put a few drops directly upon any tender, aching corn or callus. Instantly the soreness disappears and shortly the corn or callus will loosen and can be lifted off with the fingers.

This drug freezone doesn't eat out the corns or calluses, but shrivels them without even irritating the surrounding skin.

Just think! No pain at all; no soreness or smarting when applying it or afterwards. If your druggist don't have freezone have him order it for you.—Adv.

Whenever You Need a General Tonic Take Grove's The Old Standard Grove's Tasteless chill Tonic is equally valuable as a General Tonic because it contains the well known tonic properties of QUININE and IRON. It acts on the Liver, Drives out Malaria, Enriches the Blood and Builds up the Whole System. 50 cents.

EVER SALIVATED BY CALOMEL? HORRIBLE!

Calomel is Quicksilver and Acts Like Dynamite on Your Liver.

Calomel loses you a day! You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashes into your bile like dynamite, cramping and sickening you. Calomel attacks the bones, and should never be put into your system.

When you feel bilious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel, just remember that your druggist sells for 50 cents a large bottle of perfectly harmless and doesn't gripe. Dodson's Liver Tone, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without stirring up your inside, and can no salivate.

Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tone straightens you right up and you feel great. Give it to the children, because it is perfectly harmless and doesn't gripe.

CITATION BY PUBLICATION.

THE STATE OF TEXAS, To the Sheriff or any Constable of Hale County—GREETING:

YOU ARE HEREBY COMMANDED, That you summon, by making Publication of this Citation in some newspaper published in the County of Hale, if there be a newspaper published therein, but if not, then in the nearest county where a newspaper is published, once in each week for four consecutive weeks previous to the return day hereof, F. G. Hill, whose residence is unknown, to be and appear before the Honorable District Court, at the next regular term thereof, to be holden in the County of Hale, at the Court House thereof, in Plainview, Texas, on the 6th day of August, 1917, then and there to answer a Petition filed in said Court, on the 27th day of June, A. D. 1917, in a suit numbered on the docket of said Court No. 1552, wherein Mrs.

Mollie Hill is plaintiff and F. G. Hill is defendant. The nature of the plaintiff's demand being as follows, to-wit: THE STATE OF TEXAS, County of Hale.

In the District Court of Hale County, Texas, August Term, A. D. 1917. To the Honorable R. C. Joiner, Judge of said Court:

Now comes Mrs. Mollie Hill, hereinafter called plaintiff, who resides in Hale County, Texas, complaining of F. G. Hill, hereinafter called defendant, whose residence is unknown, and for some cause for divorce says:

1st. That on or about the 4th day of July, A. D. 1900, this plaintiff was duly and legally married to defendant in Hale County, Texas, and continued to live with him until about the 20th day of June, A. D. 1909.

2nd. That plaintiff has been an actual bona fide inhabitant of the State of Texas for a period of twelve months, and has resided in Hale County, where this suit is brought, for a period of six months next preceding the filing thereof, having become a resident of Hale County about the year 1891, and has resided in Hale County nearly all the time since.

3rd. That at all times, while living with the said defendant after their said marriage plaintiff conducted herself with propriety, doing her duties as a wife, and at all times treated her said husband with kindness and forbearance, and has not been guilty of any act bringing about or causing the hereinafter acts of the defendant.

4th. Plaintiff would further show to the court that on or about the 20th day of June, A. D. 1909, defendant deserted your petitioner, and with the intention of finally separating himself from your petitioner and with the intention of living apart from her, voluntarily and with his own accord, and without any fault upon the part of your petitioner, and since said time, which is more than three years, has lived apart from your petitioner, and has wholly neglected your petitioner and their girl, Mabel, and has wholly failed and refused to contribute to their support.

5th. And plaintiff would further show to the court that during the time of their living together as man and wife there was born to them a girl, Mabel, who is now about fifteen years of age, that this plaintiff has the care,

custody, and education of said child since the time that the defendant deserted her, and that this plaintiff is now in business which enables her to continue the education of said child, that by reason of the premises plaintiff avers that it is right for her to have the care, custody and education of said child, and that it is just and right for this court to so award.

Wherefore, plaintiff prays that defendant be cited by publication to answer this petition; and that on final hearing plaintiff have judgment dissolving the marriage between plaintiff and defendant; and that plaintiff have the care, custody and education of said child of said marriage; and for such other and further relief as the court may think proper and right or as the plaintiff may be entitled to.

HEREIN FAIL NOT. And have you before said Court, on the said first day of the next term thereof, this Writ, with your endorsement thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office in Plainview, Texas, this 28th day of June, A. D. 1917. JO W. WAYLAND, (SEAL) Clerk District Court, 4t-Fri. Hale County, Texas.

LEMON JUICE IS FRECKLE REMOVER.

Girls! Make This Cheap Beauty Lotion to Clear and Whiten Your Skin.

Squeeze the juice of two lemons into a bottle containing three ounces of orchard white, shake well, and you have a quarter pint of the best freckle and tan lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of orchard white for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles and blemishes disappear and how clear, soft and white the skin becomes. Yes! it is harmless.—Adv.

Cold Days Require Coal. Why is it that some folks always delay their coal buying and the installing of their stoves until the last minute when every member of the family has run the risk of serious cold or pneumonia and until all of the coal and stove dealers are so busy they cannot give the best service? Surely the wise man will not be caught in a blizzard with his coal supply not yet laid in. We have the supply of coal, we have the prompt service, and the prices are lower now than they will be when winter gets here. Isn't it good health insurance, isn't it good business, isn't it the sensible thing to do to place your order now? Just phone us at 162 and we will do the rest. ALLEN & BONNER

tive of the Ash street delegation, said that he was glad of the city's action in deciding to pave Ash street. He pointed out that Ash street was the main street in the way of traffic, and said that he could see no reason why the Council should go back to Broadway in preference to Ash after having made the change. J. M. Adams followed Mr. Overall with similar arguments for the City Council to carry out the Ash street paving.

An explanation of the petition presented to the City Council was made by E. B. Miller. He stated that the petition had been circulated in an effort to get the City Council to reconsider the paving proposition and to provide ways and means to have Broadway paved. He pointed out that the petition had not been circulated either as an attack on Mr. Harp or on the City Council.

The petition presented was signed by some 500 or 600 representative citizens, and according to various persons, represented the general sentiment of the citizens. The statement was made that the paving issued might not have carried had it not been understood that Broadway was to be paved to the Santa Fe station.

Mayor Risser than suggested the idea of the city issuing certificates for the pavement on Broadway and to permit the action taken by the City Council on Ash street to stand. He pointed out that if the people really desired to have Broadway paved to the Santa Fe station, he believed that they would subscribe to the certificates and as-

sume the financial responsibility until the city was in a position to take over the obligations.

Dr. C. D. Wofford then spoke a few minutes about the general sentiment. He said that he was in favor of paying both streets, but if it was a question of paving one or the other, then the city should carry out the general sentiment of the citizens and pave Broadway. That Broadway was the main thoroughfare to the heart of the city was emphasized by Doctor Wofford.

"I believe we are off the subject," said Judge J. C. Mathes, after a minute of silence from oratory had prevailed within the assembly room. "If you can find a way out of it you'll

pave Broadway. Should the Council fail to solve the matter, then it should call the people. We are all for Plainview. I'm not fighting Ash street, but I believe in giving the people an opportunity to get behind the Council and help solve the problem that concerns the general welfare of the whole city." The meeting came to a conclusion, when the councilmen instructed the Mayor to appoint a citizens' committee to confer with the Council in respect to providing ways and means for paving Broadway.

NOTICE TO WATER USERS.

Sections 21 and 23 of the rules of the water department reads as follows: "Section 21. The following is the established meter rates: The city will have a minimum monthly charge of one dollar (\$1.00), for which the consumer is allowed three thousand (3,000) gallons of water. All in excess of 3,000 gallons per month will be charged for at the following prices per thousand gallons: The first 10,000 gallons used per month, 15c per 1,000 gallons. All excess over 10,000 gallons used per month will be charged for at the rate of 10c per 1,000 gallons. Provided: that for the purpose of encouraging consumers to establish and maintain lawns, trees, flowers, etc., to beautify their premises, and thereby help to beautify the city, there is hereby established the following rates and under the following conditions: The consumer wishing to avail himself of the benefits of this clause must so signify to the City Secretary at the beginning of the quarter, and pay for three months in advance the sum of two dollars per month, for which the consumer will be allowed 20,000 gallons per month, and all excess, if any, will be charged for at the rate of 10c per 1,000 gallons; and provided further that this rate shall not apply on water for any other purpose than private residences, and parks.

"Section 23. All water users failing or refusing to pay all charges against them within thirty days after the beginning of the quarter (each quarter shall begin as follows: First Quarter shall begin January 1st; Second Quarter, April 1st; Third Quarter, July 1st; Fourth Quarter, October 1st, of each year) will have a penalty of 10 per cent added to their bill for cost of collection; and unless bills shall have been paid within 45 days after the beginning of the quarter, their supply will be discontinued, and water will not be supplied again until all charges together with 50c, to reimburse the city for the expense of turning water off and on again, shall have been paid. All bills to be paid to the City Secretary, at his office in the City Hall."

The Department is in immediate need of funds to defray necessary and urgent expenses, and this is to give delinquent users notice that Section No. 23 will be enforced, and they are requested to settle all delinquent bills at once and avoid the inconvenience and expense of discontinuing their service.

Give Your Battery a Cool Drink

Your battery gets as thirsty as you do this hot weather—and it doesn't take long to make a thirsty battery a dead one. Fill it with distilled water once a week—as often as you take a hydrometer test. If you haven't pure water, or don't want the trouble of filling your battery yourself—we'll do it for you. Willard Service is good for any battery—whether it gives it a thorough overhauling, or merely fills and tests it. And if your battery needs repairs it provides a rental battery for your use whatever the make or model of your car. Drop in next time you're down this way—and if you haven't one already—get a Willard Service Card that entitles you to free semi-monthly testing.
