PLAINVIEW, TEXAS, TUESDAY, JULY 24, 1917

UNCLE SAM CALLS 41 HALE COUNTIANS FOR DRAFT ARMY

RED CROSS CHAPTER BEGINS ACTUAL WORK

ELKS' HOME WILL BE HEADQUARTERS FOR MAKING OF HOSPITAL SUPPLIES.

WILL MEET IN AFTERNOONS

Mrs. Tom Carter, Chairman of Local Unit, Urges Clubs to Co-operate in Aiding National Society.

The local Red Cross Chapter will begin making hospital supplies tomorrow afternoon for the American soldiers on the Western Front who are battling against Kaiserism for the sake of humanity and civilization. The materials to be made into supplies reached Plainview yesterday and the women members of the local unit will work every afternoon of the week in order to help meet the great demand for supplies.

The members of the Elks' Lodge have given over the women's room of the Elks' Home to the local Red Cross chapter as headquarters in the making of supplies. Ten sewing machines have been placed in the room and other necessary equipment has been installed to make the room an efficient Red Cross supply room.

Mrs. Carter chairman of the local chapter, this morning said: "We have received orders from the national headquarters to make hospital garments instead of bandages as was planned originally. This change will not make any difference in the expense and will not require any more time. We have been given this class of supply work as the demand from the hospital stations in France is urgent at this hour."

It has been announced by Mrs. Carter, that most of the social clubs and study clubs have given up their regular course of work for the winter to participate in the making of Red Cross supplies. There are a few clubs that have not decided what action will be taken as yet, but those clubs if desiring to help the nation in the making of Red Cross supplies for the army, may communicate with Mrs. Carter and arrangements will be made to furnish them with the necessary instruction and material to assist in the work.

Every member of the local chapter is urged to get in touch with Mrs. Carter so that a schedule may be formed to accomplish the work of supply making. Members who do not belong to the various clubs may apply individually to the chapter in regard to arrangements to help in the work, and these persons who are not members and want to aid, also are requested to communicate with Mrs. Carter.

Only One Marriage License Issued.

A marriage license was issued yesterday by County Clerk Jo W. Wayland to Robert Ross Collins and Miss Willie Victoria Miles. Mr. Wayland says that the marriage business has taken a slump since Uncle Sam selected his citizen army last week.

Maxwell Club Wins From Hermleigh in Pitchers' Battle, 3-0

The Maxwellites calmed the invading crew from Hermleigh yesterday afternoon in a neck-to-neck baseball battle, 3 to 0. The contest was a battle between Craig and Mums, the former being more effective in the pinches. Mums struck out nineteen of the local sluggers; but the few hits he allowed were bunched with two errors that resulted in his downfall. The same two teams will play again this afternoon.

Manager J. C. Lipscomb announced this morning that arrangements have been made to bring Troop D from El Paso here next week for three games. The soldiers claim the championship of the southern part of Texas, having defeated every combination striving for semi-professional honors in that part of the country. Dollgreen, the leading pitcher of the crew, is said to be ready for big league service.

Plainview Provides Market Center Near Courthouse Square

The new city market square, on the east side of the block northeast of the Courthouse Square, is completed and ready for use. The hitch racks were installed yesterday and the grounds have been put into condition.

In the center of the square adequate space has been provided for the holding of public and market sales. On the north, south and west sides, hitching racks connected with heavy wire cable surround the square, while the east side is left open as an entrance. Also on the east side are located the public scales.

SPEAKER FULLER STARTS ACTION AGAINST GOVERNOR

Calls Extra Session of House for August 1 to Consider Subject of Impeachment.

HOUSTON, Texas, July 23.—Speaker F. O. Fuller of the Texas House this afternoon issued a call for a special session of the House to convene at Austin at noon, August 1, "to consider whether or not the House of Representatives will present a bill of impeachment against the Governor of Texas, the charges to be thereafter tried by the Texas Senate."

At the same time affidavits were made public as to how Speaker Fuller and Lieutenant Governor W. P. Hobby voted for the location of the West Texas A. and M. College, swearing that they did not vote for Abilene on either the first or second ballots. Beyond the issuance of the call and his affidavit Speaker Fuller refused to give out any further statement this afternoon. Governor Hobby also refused to further comment on the situation beyond what he had to say under oath in his affidavit.

Governor to Tell Whole Truth.

Governor James E. Ferguson when asked for a statement at his summer home at Beuna Vista, over long distance phone last night, said: "I do not care to make any statement about the statement reported to have been made by Speaker Fuller and Lieutenant Governor Hobby until I am furnished with either the original or an authenticated, certified copy of the affidavit, made and executed legally by these two gentlemen. I want to see these purported affidavits. Then I will tell the whole truth to the people of Texas about this A. and M. matter."

Speaker Fuller made the following announcement today:

"The Legislature provided for a committee to locate a West Texas A. and M. College. When the committee met three votes were announced for Abilene, when only two were cast for Abilene, according to affidavits filed. When the members of the five of the board called for a recount the Governor stood alone against it."

"Finally a statement was given out by the members of the board. That statement was based upon absolute misrepresentation by the Governor to at least two members of the committee."

(Continued on Page Six.)

Teachers' Institute Will Be Held First Week in September

The Teachers' Institute for the teachers of Hale, Floyd, Swisher, Briscoe and Lamb counties will be held in Plainview the first week in September. This was decided upon by the county judges of the five counties who assembled here last Wednesday.

Judge Charles Clements was made chairman and Ralph Porter was elected secretary. A committee of five judges was appointed to arrange a program for the institute, and it will meet next Saturday afternoon in this city to formulate the program.

The judges decided that the expenses of the visiting educators will be paid by a 2 per cent tax against the first month's salary of each teacher in the county schools.

MEN MAY VOLUNTEER FOR REGULAR SERVICE

GOVERNMENT ALLOWS EXTENSION OF TIME FOR DRAFTED CITIZENS TO ENLIST.

NEED RECRUITS FOR NAVY

Ben O. Sanford, Postmaster, Is Placed in Charge of Local Station—Sergeant O'Sullivan to New York.

Announcement was made this morning by Postmaster Ben O. Sanford that he has received word from the national War Department to the effect that drafted men may enlist voluntarily up to the time they are officially notified by the local board. This announcement changes the order issued last Thursday that at the time of the beginning of the draft selection no man drafted would be given the opportunity of enlisting in the regular army.

Mr. Sanford says that the Government is in need of bakers, men for the medical corps and the infantry. These are the only branches of the army that have not been filled to the required number. He also states that young men have the opportunity of getting into naval service before they are officially notified by the local board to appear for examinations.

When the local exemption board begins its work in notifying the men to appear before the board for physical examinations, the volunteer system will be closed to the ranks of all men who have been drafted.

"It is only a question of a few days," said Mr. Sanford this morning, "until the Government will place the official drawings in the hands of the local exemption boards and all men subject to draft will be denied the honor of enlisting in service. The opportunity and privilege has been extended to these men, as the Government believes that they now realize the seriousness of the national crisis to a greater degree."

Men who desire to enlist before the doors of voluntary service are closed to them, may apply to Mr. Sanford, who is now in direct supervision of the recruiting for the regular army, since the departure of Sergeant O'Sullivan, who was summoned to New York last Sunday. Applicants are requested to report to the postoffice, where Mr. Sanford has established Uncle Sam's recruiting station.

Miss Lena Williams, who was called to Louisville, Ky., through the illness of her sister last Tuesday, has returned to this city.

LOOK UP YOUR DRAFT NUMBER.

Men who are subject to appear before the local exemption board for examination on the first call are held responsible. If you are not notified by mail, it will be no excuse for your non-appearance. The Government has left that action in your hands. The complete list may be found on page five.

"GAS WAR" IS TAUGHT TO STUDENT OFFICERS

HERBERT S. HILBURN SAYS WORK IS PROGRAM FOR MEMBERS OF CAMP FUNSTON.

MEN TO BE POUNDED HARD

Army Leader Tells Them to Forget Civilization and Take Up Primitive Methods of Forefathers.

"We have been 'pounding' you students hard, and making efforts to get rid of the finer qualities of an advanced civilization and return for the time being to the coarser, primitive virtues of our forefathers," were the words of Colonel Martin, senior instructor at Camp Funston, says Herbert S. Hilburn in a letter to a friend here.

Mr. Hilburn states that Colonel Martin states that the nation wants fighting men and men who will go into the hardships of a campaign with cheerfulness. In a further quotation of the colonel's lecture, Mr. Hilburn says, "Why, I understand that last night some of you took off your clothes to sleep and that some of you men have brought nightclothes in your packs. These are things of civilization. Forget your baths and your night clothes. Benjamin Franklin once wrote an article showing that although it might be well to wipe the cars and nose, that bathing more often than once in every six months was harmful to health."

In speaking about the activities of the camp, the writer points out that the education process continues at Leon Springs, but he believes that the majority in camp now will be commissioned. He says that there has been more seriousness on the part of the instructors the last two weeks than at any previous time. It is considered probable that many of those commissioned will not be assigned to active duty immediately after the two weeks' furlough, which will be allowed at the close of the camp August 12, but will be sent to their respective homes, awaiting the call to duty when the citizen army is mobilized, according to Mr. Hilburn.

"We have been informed by an officer of the United States Army, who has just returned from the European battlefield, that mice and rats are allowed to live in the trenches so that the soldiers may be warned of the presence of gas, which being heavier than air, sinks to the bottom of the trenches, forcing the mice and rats to scurry for safety," continues Mr. Hilburn.

"When there is danger, the gas sentinels sound their gongs," says the writer in speaking about the gas masks, "and the gas officers order the masks to be donned by the individual soldiers. The penalty, so we have been told, for disobedience in placing the mask is death. It is claimed that three inhalations of the gas means death, probably not instantly, but within two or three days from acute bronchitis or similar disease complications. 'The air is breathed through the mouth and the nose is held closed with pinchers placed over the nostrils when

"SHORTY" WATSON'S TERRIFIC DRIVE STARTS "HIPPO" CLAN TO VICTORY

MAXWELL FIELD.—(Special Leased Wire to The Herald).—The Maxwell field, the scene of the annual Hippo-Skeleton baseball tussle, is surrounded by the most soul-stirring congregation of baseball fans in the history of the national pastime on the Plains. The gates opened at 12:30 o'clock, and an hour later the stands and bleachers were more than half filled.

The Leans, twenty-four strong, under the leadership of Z. E. Black, rested at headquarters until 3:30 o'clock this afternoon. Men of the

days gathered at the quarters to give fighting instructions.

Betting was light in the business districts and around the hotels this morning, but what money was wagered the Fats were favorites. The odds were 10 to 3 on the Fats before the game.

The Fats, led by Captain T. Stockton, trotted out on the field at 4:30 o'clock and went through a light practice like a well-oiled machine. Doctor Dawson called the captains of the two teams together at 4:59 o'clock for final instructions.

Farmers Get \$2.69 Bushel for Wheat in Plainview Now

The fact that the markets are offering \$2.69 for wheat is not sufficient to attract the farmers in and around Hale County. John Lucas, Santa Fe agent, says that the average shipments a day are around four and five cars, while it was estimated before the wheat harvest started, that the average would at least be ten cars a day.

It is believed that the farmers are storing their wheat in their bins until the market prices reach a higher mark on the grain thermometer. The wheat being shipped from here at the present time is being sent to Wichita Falls and Fort Worth.

MERCHANTS ADOPT CO-OP SYSTEM FOR DELIVERIES

New Plan Will Become Effective August 1—Four Regular Deliveries Daily.

Responding to the call of the Government in the elimination of unnecessary delivery service, the retail merchants of Plainview have adopted the co-operative delivery service as a measure of economy and at the same time maintaining reasonable delivery service throughout the city.

If it is possible to get the equipment ready by the end of this month, the Retail Merchants' Association will launch the new delivery service August 1. Just as soon as the new plan is put on a working basis, the stores that have joined in the movement will discontinue individual delivery service.

When the new system begins there will be four regular deliveries each day. These deliveries will be at 8:30 and 10:30 o'clock in the mornings and 2:30 and 5:30 o'clock in the afternoons. To insure delivery at a certain hour, the customers of the stores are required to order at least thirty minutes before any particular delivery hour. It has been decided upon by the members of the co-operative delivery system that there will be no special deliveries between or after the regular hours.

A special delivery for feed stuff will be made at 1 o'clock every afternoon, and feed will be delivered at this hour only. It also has been decided upon to have an accommodation delivery at 7 o'clock in the mornings for fresh meats to the hotels and regular boarding houses.

There will be four wagons used in the deliveries, each wagon having a regular route. It is believed that at the beginning some difficulty may be experienced in getting everything regulated, but that the system will gradually develop into one of efficiency, economy and satisfaction.

The retail business firms that have joined in the co-operative delivery service are as follows: Plainview Produce Company, G. E. Lewis, Watson's Market, J. T. Hartley & Son, L. J. Warren Pierson & Smith, Sewell Grocery Company, Boyd Grocery Company, Farmers Exchange, Cash Grocery Company, Bennett Grocery Company and the Green Market.

9 Young Men From Hale County Enlist to Defend Old Glory

Nine more young men from this county have enlisted in the regular army and navy to defend the Stars and Stripes against Kaiserism. These men were recruited by Ben O. Sanford, who has been commissioned as recruiting officer since the departure of Sergeant O'Sullivan.

The men who have enlisted and have passed the physical examinations at Amarillo are: Ira Freeman, Plainview; Sam Mason, W. L. West, L. Jay, J. W. Pierce, all of Petersburg; D. E. Hawkins, Lubbock; Robert L. Adams and Raleigh Ragsdale, Hermleigh. The foregoing have enlisted in the army, while Lynn H. Pace of this city enlisted in the navy.

PHYSICAL TEST TO BE RIGID FOR NEW ARMY

LOCAL EXEMPTION BOARD EXPECTS TO BEGIN WORK IN PLAINVIEW WITHIN FEW DAYS.

MAY EXAMINE MEN HERE SOON

Fred Pearce, Chairman, Says Non-residents Need Not Go Home—Drafted Men Held Responsible.

Special to The Herald. FORT WORTH, Texas, July 24.—It was announced this afternoon that the Hale County quota for the new citizen army to be mobilized within a short period by the National Government will be forty-one. The local exemption boards throughout the State are setting the machinery in action to examine the men for service in the new army. Texas is required to furnish 30,000 soldiers.

The men who will be chosen for the new national army on the draft will all be men—no puny persons will be accepted by the local boards for service in the army. Uncle Sam is after sturdy men for his army and he who cannot pass the rigid physical examination which will be given to every man, can content himself with joining the home guards.

To make sure that there will be no favoritism, the physical examination will be conducted by a physician with few relatives in his district. A man cannot be examined by a physician who is nearer in kin than a second cousin. No member of the board can participate in such an examination if he is closer than a second cousin to the person being examined.

The forms for the physical examination have been prepared by the surgeon general of the United States Army and they call for a rigid test. The eyes and ears are subjected to a severe examination and any outstanding physical defect is sufficient in most cases to keep the applicant out of the ranks. If the unfortunate has flat feet, he is more than likely doomed to civilian life. There is more laxity in the matter of weight and height. If you are more than six feet six inches tall, you might be useful to Uncle Sam as a wireless mast, but as a fighting man you are short, that is unless you are exceptionally fit, and the examination decides that. The heart and lungs receive a thorough inspection through the stethoscope. Persons who have smoked a great deal will find their endurance less than they expect when they are forced to hop on one foot about the room, jump up and set their heart and lungs pounding and gasping by various other devices. After all this, the physician tells them just what the trouble is, if there is any.

If a person fails to pass the physical examination, he is given a certificate to that effect, stating the cause of his rejection. If there is any doubt in the physician's mind as to the person's fitness, the benefit will be given to Uncle Sam, and the person declared fit for service. And if the examining physician finds the man unfit, another physician, properly appointed, will examine the man with reference to the first physician's diagnosis. So far, no examining blanks have been received by the board here, but they are expected daily.

Persons subject to early call by their respective exemption boards for physical examination, in the next step in selecting the first increment of the new national army, need not return to their original districts for such examinations if they will be elsewhere at the time the examinations are held. In such cases, application should be made to the board having jurisdiction over the district in which such persons registered, for a transfer to the board in whose district they will be at the time the examinations will be given and exemption claims heard.

This information was given out yesterday by Fred C. Pearce, chairman of the Hale County exemption board, in response to many inquiries on that point. Many persons, whose numbers

Community Correspondence

PRAIRIEVIEW, Texas, July 16.—A nice rain fell here this morning and was appreciated by the farmers, as the crops were in need of rain.

Mrs. P. H. Connelly has been on the sick list this week.

The Reverend Brayton of Plainview filled his regular appointment Sunday evening and brought several with him, among whom was Reverend Nichols of New Mexico, who preached a fine sermon for us.

The farmers are still thrashing in this community, but are counting on getting through this week.

Prayer meeting is held at our school house every Thursday night.

IRICK, Texas, July 23.—Several rains fell here last week, which benefited the crops, though not sufficient to satisfy their thirst. Some of the irrigation farmers are pumping water on their crops. Alfalfa is ready to cut. Wheat is all headed and some of it in and near this community is threshed.

Mr. and Mrs. J. E. Courtney, Miss Tina Jackson and Hardin Jackson were visiting in and near Painview Sunday.

Miss Mildred Collier called on Miss Mattie McCarty Wednesday afternoon.

W. K. Collier was transacting business in Plainview Saturday.

Mr. and Mrs. E. L. Wahn of Lockney visited Mrs. Wahn's parents, Mr. and Mrs. J. E. Jackson, Saturday and Sunday.

Misses Edith, Ethel, Frankie and Myrtle Smith were shopping in Lockney Saturday.

C. W. Houston and F. L. Lam were in Plainview on business last week.

Miss Earle Blanton was on the sick

list last week. W. D. Mayben and son, Terry, returned to their home in New Mexico last week.

LONE STAR, July 23.—Our farmers are busy preparing their land for wheat.

S. W. Smith filled his regular appointment here Sunday morning.

A number of our citizens have attended the chautauqua programs at Lockney.

Mrs. Tom McGuchie and sister and brother have been visiting here for a few days.

Miss Ruth Bumgardner of Sand Hill visited Miss Marie Dodson last week.

Mr. and Mrs. Johnston of New Mexico have been visiting relatives here the last few days.

Miss May Fowler of Plainview visited her parents here last week.

Mr. and Mrs. W. B. Hatchell were out in their new auto last Sunday.

Mr. and Mrs. Albert King were visiting near Plainview Sunday.

Mr. and Mrs. E. C. Dodson were the guests of Mr. and Mrs. C. A. Wofford near Lockney last Sunday evening.

Many mother's hearts have been made sad the last few days, since they have learned that their son's names appear on the first draft call.

Ethel Mahaffy is visiting relatives in New Mexico for the summer.

Elbert Rankin is speeding about in his new auto.

HALFWAY, July 22.—The showers of the last week, though not near as much rain as was needed, have helped the grass and row crops considerably. Some planting is now being done, as in many instances the first plantings

failed to come up. The heading of wheat is completed and threshing is well under way. For some reason, Brother Pilley of Olton failed to fill his appointment here this afternoon.

L. W. Thompson, of Camden, Tenn., who has been visiting his cousin, Mrs. Dave Malden, left for Memphis, Tenn., last Tuesday.

Mrs. Thomas Stanton and children of Plainview are the guests of Mrs. Stanton's parents, Mr. and Mrs. J. W. Dye.

Miss Kathleen Smith returned yesterday from a week's visit with Miss Coleen Hatcher and other friends of Plainview.

Misses Allie Hooper and Mavis Smith leave Tuesday for Austin, where they go as delegates to the "State Farmers' Institute."

Dean Aldrege of O'Donnell, who formerly lived here, is working for Frank Clark.

So far as we have learned, none of the Halfway boys who registered have been drawn.

We are grieved to report the death on last Wednesday at 3:30 o'clock of our friend and neighbor, Mr. Jesse Hamilton Wilson. Mr. Wilson was a native of Georgia, coming to Texas some sixteen or seventeen years ago, and then to Hale County last August, building a beautiful home one mile northeast of Halfway and followed in December by his family from their home in Hill County. Mr. Wilson, had he lived, would have been sixty-one years old August 27, and for years had been a consistent and conscientious member of the Primitive Baptist Church. With him when the death came, was his wife and daughter and two sons, J. F. Wilson of Hill County and Lloyd of this place and daughter-

in-law, Mrs. Jonah Wilson also of this place. One son, Bird Wilson of Hill County, after spending a week with his father, was forced to return to his family a few days before his father's death. Another son, Jonah, who belongs to the army and was stationed at Corpus Christi, did not arrive until the day after his father's death, and the other soldier son who is in Honolulu could not come. Although Mr. Wilson had been among us so short a time, he had won many warm friends, who regret his going. At his request, a cemetery was started at Halfway, his being the first body to be laid to rest therein. Rev. T. A. Dunn of Floydada conducted the funeral services. John Reed and family and Mr. Roberts of Floydada attended the funeral. J. Frank Wilson's returned to their homes in Hill County yesterday.

Really there is nothing to canning fruit and vegetables except care, cleanliness, fresh products, jars and heat.

WHAT IS CLARIFIED MILK?

Did you know that no matter how cleanly milk is handled it contains millions of germs from the cows udder? The clarifying machine centrifugally cleans the milk of all slime, germs and foreign matter. Don't give your children milk to drink that is not clarified. We are the only dairy that clarifies or uses machines for milking.

You are cordially invited to visit our dairy from 3 to 5 p. m. Look in the bottom of the bottle.

A Carload of Sample Buicks

Showing the New 1917 Models in All Their Practical Worth---Will Here This Week

Pride of ownership so universal among Buick owners, Buick prestige so widespread, can be ascribed only to the fact that Buick ownership brings complete satisfaction.

Only a real superiority not in one but in many features can account for this appeal to so many individuals with varying personal requirements.

In point of beauty, in sheer grace and distinction of design, this seven-passenger Buick "Six" is notable in any company.

Every detail of finish and appointment evidences classic artistry.

Even a casual glance reveals the superlative care taken to provide for the greatest luxury, the greatest convenience.

All Buick owners take just pride in the smooth flowing power of the Buick valve-in-head motor. This famous Buick motor and the many other features of Buick construction are recognized as standards of motor car building the world over.

HIGH TAX RATE SEEMS TO BE INEVITABLE FOR TEXAS.

A summary of appropriations which have been passed by the last Legislature and which the Special Session will probably pass has been prepared for the Dallas News by W. H. Thornton, staff correspondent to that dependable paper. Mr. Thornton's communication is of interest to students of public affairs, and we reprint it below:

"It is practically certain that the State ad valorem tax rate for the ensuing two years will go to the constitutional limit, or very close to it, unless appropriations are kept down. The maximum is 35 cents on each \$1.00 of assessed valuation. That the tax for general purposes may soar skyward was made plain in the House Committee on Appropriations by Representative Thomas, of Denton County.

"If the ad valorem tax rate is placed at 35 cents the total State tax rate would amount to 60 cents for this year, an increase of 15 cents over the tax rate for 1916-17 and 5 cents over the tax rate for 1915-16, when it was 55 cents. In each of these years the State school tax has been 20 cents, with 5 cents for pensions.

Appropriations as Proposed.

"The House Appropriations Committee has completed the judiciary, eleemosynary and educational appropriations, and is making progress with the departmental bill. A resume of proposed appropriations for the next two years follows:

Judiciary	\$2,390,061
Eleemosynary	4,842,559
Educational	7,136,847
Total	
\$14,369,467	
Total	
\$19,987,711	
"Appropriated by regular session.	
\$5,367,075.	
"Grand total for ensuing two years.	
\$24,454,786."	

"Each year the general revenue will receive approximately \$3,237,500 from Departmental (budget) 3,977,244 Mileage and per diem, special session 65,000 Contingent expenses 16,000 Deficiency allowances to come 500,000 Miscellaneous 160,000 Penitentiaries 100,000

Total \$19,987,711

"Appropriated by regular session. \$5,367,075.

"Grand total for ensuing two years. \$24,454,786."

"The grand total for the current two years was \$17,504,727, or a prospective increase of \$6,950,000. It will probably be reduced to some extent. The large increase is principally due to the heavy special appropriations of the regular session, as the tentative increase in the regular appropriations is less than \$2,000,000, and there will be some trimming there.

\$2,760,000,000 Assessed Values.

"The total assessed values of Texas are based on that figure this year. It is estimated there will be \$2,500,000 in the beginning of the new appropriation general revenue on September 1, 1917, aggregate \$2,760,000,000. All tax rates various special sources, such as occupations, gross receipts and so on. It is to be deducted from the amount to be raised by State ad valorem taxes.

"Dividing the gross appropriations for the two years, it would leave \$12,500,000 for each year. There could be the sum of the cash balance, \$2,500,000—thereby leaving \$10,000,000 net. From that can be taken the special taxes of \$3,237,500, leaving \$6,762,500 to be raised by State tax. Twenty per cent additional is required to cover cost of assessing and collecting the taxes, delinquents, duplications, etc. That would bring the actual total to be collected by State rate to \$8,016,000.

Rate of 35c on the \$100 Required.

"On the assessed valuation of \$2,

760,000 this would mean a tax rate of 35 cents. It is estimated that the \$2,500,000 cash balance on September 1, 1918, would not be in existence on September 1, 1919, which would mean that the State tax rate in 1918-19 would have to be fixed so as to raise \$10,516,000. The maximum of 35 cents would produce but about \$9,630,000. It is claimed that it will be necessary to have a rate above 30 cents this year in order to provide a cash balance to start with on September 1, 1919. In that way the maximum can be made to meet the appropriations in prospect for the next two years."

GOVERNMENT TELLS HOW TO USE COTTAGE CHEESE.

Cottage cheese is richer in protein than most meats and is very much cheaper. Every pound contains more than three ounces of protein, the chief material for body building. It is also a valuable source of energy, though not so high as foods with more fat. It follows that its value in this respect can be greatly increased by serving it with cream, as is so commonly done.

Cottage cheese alone is an appetizing and nutritious dish. It may also be served with sweet or sour cream, and some people add a little sugar, or chives, chopped onion, or caraway

seed. The following recipes illustrate a number of ways in which cottage cheese may be served.

Cottage Cheese With Preserves and Jellies.

Pour over cottage cheese any fruit preserves, such as strawberries, figs or cherries. Serve with bread or crackers. If preferred, cottage-cheese balls may be served separately and eaten with the preserves. A very dainty dish may be made by dropping a bit of jelly into a nest of the cottage cheese.

Cottage-Cheese Salad.

Mix thoroughly one pound of cheese, one and one-half tablespoonfuls of cream, one tablespoonful of chopped parsley and salt to taste. First, fill a rectangular tin mold with cold water to chill and wet the surface; line the bottom with waxed paper, then pack in three layers, putting two or three parallel strips of pimento between layers. Cover with waxed paper and set in a cool place until ready to serve; then run a knife around the sides and invert the mold. Cut in slices and serve on lettuce leaves with French dressing and wafers. Minced olives may be used instead of the parsley, and chopped nuts also may be added.

To Save is to Serve

The Women of America May Lend Tremendous Aid In These Turbulent Times

Simply by exercising the woman's prerogative—by acting in her natural capacity as the censor, and sponser, and dispenser of her own household.

By installing in your home the greatest of time-savers and money-savers. By employing the power of electricity as the greatest help of the age.

"DO IT ELECTRICALLY"—yourself—save time—save effort. Let electric service do your work—more easily, more readily—more economically.

The woman who cooks, cleans, sews, washes or irons electrically, has her work simplified. Thus she saves time to serve her household as well as a Nation.

ELECTRIC WIRING—We are in position to thoroughly and competently wire your home or business building. Get in touch with us.

Announcement To Our Friends and Patrons

All steel products continue to advance in price. We are just as anxious as you are to have you get the farm machinery that you will need at the least cost and therefore urge you to place your orders for your needs before we are compelled to increase prices.

Present markets are so unsettled that we expect to order only a sufficient number of grain drills and row binders to fill such orders as may be placed with us before August 1st. We cannot insure delivery or guarantee price after that date. You are therefore urged to get your orders to us promptly.

We thank you for past patronage and solicit your future business.

**UNCLE SAM'S THRIFT
THOUGHT FOR TODAY.**

Use Every Drop of Milk.
Don't throw away left-over skim milk, says the United States Department of Agriculture. It is a nutritious food and every drop of it should be used. One way to utilize it is to make milk-vegetable soups.

Milk-Vegetable Soups.
To each 2 cupfuls of milk use 1 tablespoonful of flour, 1 tablespoon of butter, 1/2 of a cupful of a thoroughly cooked vegetable, finely chopped, mashed or put through a sieve, and salt to taste. Thicken the milk with the flour as for milk gravy and add the other ingredients.

Practically any vegetable except tomatoes may be used with the other ingredients as stated. If tomatoes are used, a little soda should be added to them to prevent the milk from curdling.

GIVING THE BEES ROOM.

Many beekeepers make a serious mistake in failing to give their bees enough storage room on time. The addition of this room at just the right time for the storage of the season's crop requires good judgment and an intimate knowledge of the nectar resources of the particular locality and season. Very few persons realize that in many localities the entire season's crop of surplus honey is gathered and stored within a period of a few weeks. It is exceedingly important during these few weeks that the progress of the work in the supers be watched closely and additional room be given as rapidly as the bees can use it.

The usual procedure by the inexperienced beekeeper is to put on a super of 25 to 50 pounds capacity during the early spring and give the subject no further thought until late summer or autumn. If the super is found to be full of honey at that time, it is

removed and probably an empty one put in its place. In many cases this empty super is given long after there is any possibility of any further storage of honey during the season and if comb-honey is being produced the sections and foundations are ruined for further use by being on the hives during the time when no honey is being stored.

During a poor season a single super for each colony may furnish an abundance of room for the storage of the entire crop of honey, but, during a good season, if additional supers are not given as needed, the major portion of the crop is lost to the beekeeper simply from lack of storage space.

In comb-honey production, the standard supers contain when filled only about 25 pounds of honey. During a rapid honey flow such as occurs some seasons, especially in the Northern States, sufficient progress is frequently made in each newly added super to justify the addition of another every three or four days. With such a honey flow several supers may be completely filled with honey before any of it is ripened and sealed and the hive may have therefore as many as 5 or 6 supers at one time. Under such conditions, if the bees are compelled to ripen and seal the honey in the first super before a second one is given, most of the possible honey crop is lost to the beekeeper, the bees being compelled either to swarm or to loaf during the height of the storing season. Such an abundant honey flow does not by any means occur every year, but when it does occur the beekeeper should be prepared to take full advantage of the opportunity.

Bees need so little attention during the greater portion of the year that it is difficult for the inexperienced beekeeper to realize that for the best results almost daily attention is needed during the few days or weeks known among beekeepers as the honey flow. A more complete discussion of this subject is given in Farmers' Bulletin No. 593, Comb Honey, which may be obtained on request from the United States Department of Agriculture.

CREDIT AND CROP CULTIVATION.

By CLARENCE OUSLEY, Director.

To Bankers, Merchants, and Farmers:

A large acreage of corn has been planted in Texas, and because of the press of work on cotton the cultivation of corn is being postponed. An Extension worker of the Agricultural and Mechanical College reports that out of forty farmers interviewed by him last week four had cultivated their corn three times; seven had been able to cultivate twice, and ten more had given it one cultivation. Nineteen had been so busy with cotton that they had had no time to cultivate their corn at all.

This is the same old story of corn culture in Texas. More corn and cotton is planted than can be cultivated, and corn, the feed crop, is neglected for cotton, the money crop.

In order that crops now planted may be cultivated frequently and thoroughly it may be necessary for many farmers to use their credit to employ labor. The more unfavorable the season the more necessary it becomes to cultivate large areas quickly. Many young men on the farms will have enlisted in the army and their places on the home farm must be filled with hired labor.

In view of this situation, I am suggesting to bankers and merchants that they be as liberal as prudence will permit in extending credit to farmers to employ labor and purchase improved machinery to cultivate and harvest crops.

I suggest to farmers that it will be

more profitable to borrow money to cultivate crops when cultivation is needed than to delay until the regular force can do the work. For the same reason the purchase of improved machinery and implements is desirable, as the supply of farm labor must diminish as the war progresses. Farmers who find themselves unable to give their crops the prompt and thorough cultivation necessary to produce maximum yields should confer with their banker or merchant friends without delay and obtain the financial assistance necessary to operate their farms as efficiently as possible.

BEAUTY HINT.

A mother once sent this somewhat satirical note to the teacher of her small son:

"Pardon me for calling your attention to the fact that you have pulled Johnnie's right ear until it is getting longer than the other. Please pull his left ear for a while, and oblige his mother."—Holland's.

HIS PRICE.

While Bobby was visiting at a neighbor's the cook gave him a piece of bread with butter on it.

"Thank you," said Bobby.

"That's it; I like to hear little boys say 'Thank you,'" remarked the cook. "Well, if you want to hear me say it again," rejoined he, "just put some jam on it."—Holland's.

A quart of canned peaches or tomatoes on the shelf is worth a bushel rotting on the ground.

O.V.B.
OUR VERY BEST
PAINT
Why We Sell It:

Because it's a paint that you will buy again after the first time. The more durable a paint is, the longer it looks well. To paint with O. V. B. "all that's best in a paint," means just the difference between paying for paint troubles and avoiding them. O. V. B.'s pure lead and zinc, pure colors and dryers, pure linseed oil, are uniformly mixed in high power mills. The mixture sets into a **SOLID COAT OF METAL** on your house. This is why O. V. B. paint outwears ordinary adulterated paint.

We want YOU to KNOW O. V. B. BEFORE you paint. Come in today, if you can. Let our color cards and suggestions help pick out your shade combinations.

Moon & Snyder
Petersburg, Texas

Smith Form-a-Truck
\$350
F.O.B. CHICAGO

Saves Expense—Pays for Itself

The saving you can make by getting rid of extra horses will pay for Smith Form-a-Truck, and the low cost of operating Smith Form-a-Truck after you have bought it will put real dollars into your pockets steadily.

You can take 25c out of every dollar you are spending for hauling now and figure that this will pay the cost of hauling with Smith Form-a-Truck.

You can plan to go to market with your crops or live stock on the days when the prices are the highest, and add still more to the amount of money Smith Form-a-Truck will save you.

You can figure 12 to 15 miles per gallon of gasoline—5,000 to 8,000 miles per set of tires, and know just about what Smith Form-a-Truck really costs to run. These are the records that are being established by farmers.

In addition to this saving, you can figure three hours out of every four that you spend on the road driving horses, and call this time saved. Spend it with your family at doing farm work.

Any way you look at it, it is worth something to you.

And count on the fact that snow storms, bad weather or muddy roads will not tie up your hauling when you use Smith Form-a-Truck.

At every day you drove to town with Smith Form-a-Truck you would find from \$5 to \$8 extra in your pocket when you got back, yet would not hesitate a minute in buying. This is what Smith Form-a-Truck really does, only it does it in the saving it effects, counted up at the end of the year.

Use Any One of Six Chassis

Using any one of six chassis, Smith Form-a-Truck combines with Ford, Ford, Maxwell, Dodge Bros., Buick, Chevrolet or Overland wheels to make a full guaranteed one-ton truck. It gives you real truck construction that will stand up under the hardest hauling you could ever do.

When You Are in Town Drop in

When you are in town drop in and see Smith Form-a-Truck. It will pay you.

E. N. EGGE AUTO COMPANY

**See these New Ideas
In Car Building**

The Mitchell embodies many ideas which are novel, as yet, in a car.

They mean more complete equipment, greater strength, and added beauty. They mean extra comfort, convenience and economy. So no one should decide on a new car without knowing them.

This is to urge that you judge these new standards before buying a high-grade car.

THE BASIC PRINCIPLE

For 14 years the Mitchell manufacturing policy has been guided by John W. Bate.

The first object was factory efficiency. That is, to build the complete car—chassis and body—in a model factory at a minimum labor cost.

Millions of dollars have been spent to that end in this factory and equipment. Now in this modern factory, covering 45 acres, we are building an

extra-grade car for less than we believe anyone else could build it.

The evidence is not all in Mitchell prices. They are lower than any comparable cars. But much of this saving goes into features which nearly all cars omit.

THIS IS OUR 19th CAR

The latest Mitchell—built in two sizes—is the 19th model built under Mr. Bate. It is the final result of more than 700 improvements.

We have watched 70,000 Mitchell cars on the road to gain new ideas for this one. Mr. Bate spent the year 1913 in Europe to study new engineering standards. And the designers of the Mitchell on show today examined 257 new models to combine all the known attractions.

So the latest Mitchells embody all we know, and all anyone knows, to make an ideal car.

THE CHIEF DISTINCTIONS

Our costliest extra is 100 per cent

over-strength. That is twice our former margin of safety. And the purpose is a lifetime car.

There are 31 features, like a power tire pump, which nearly all cars omit.

There is unusual luxury. In the past year alone we have added one-fourth to the cost of body attractions. There is extra-grade leather, neat-fixed finish, and countless dainty touches. There are handles on the windshield for entering the car, a light in the tonneau, a locked compartment for valuables, etc.

TWO SIZES—TWO PRICES

We are now building two sizes, so more motor car buyers can enjoy all the Mitchell advantages. So you get a Mitchell lifetime car from \$1250 up.

All these unique features are essential to the utmost in a car. Go see them. See how our idea of strength, beauty and equipment differ from the rest.

MITCHELL—a roomy 7-passenger Six, with 127-inch wheelbase and a highly developed 48-horsepower motor.
Four-Passenger Roadster, \$1560 Sedan, \$2240. Cabriolet, \$1800. Coupe, \$2060.
Also Town Car and Limousine

MITCHELL SIXES
IN TWO SIZES

MITCHELL JUNIOR—a 5-passenger Six on similar lines, with 120-inch wheelbase and a 40-horsepower motor. 1-4-inch smaller bore.
All prices f. o. b. Racine.

Government Health Department Warns Against Fourth of July Accidents.

WASHINGTON, D. C., July 3.—In the early period of the European War, many cases of lockjaw or tetanus developed in the wounded of the allied armies. This disease is caused by a bacillus which is often found in garden soil, street dust, and in the earth in the vicinity of stables. In order to cause tetanus, the germ must lodge in a wound and find suitable conditions for its growth.

Wounded men are now given injections of the serum against tetanus as a routine procedure to prevent this dreaded disease. The use of the anti-toxin caused a prompt reduction in the number of cases, and the control of tetanus in the armies can be justly cited as one of the ways in which science is helping valor to win the war.

Fourth of July injuries, especially from blank cartridges, are apt to be followed by lockjaw if they are not promptly and properly treated. It seems wise to warn all parents that wounds from toy pistols, firecrackers, and firearms are always dangerous, and all persons hurt in this way, even though the injury appears trivial, should be taken at once to a competent physician for treatment, especially to ascertain if the serum should be injected.

Pickle or brine suitable vegetables in crocks.
 Make your hoe this summer keep your can opener busy next winter.

TO THE PEOPLE OF PLAINVIEW:

You have all no doubt read about the government asking the merchants, who deliver merchandise to cut out as much delivery expense as is possible and asking that they place in operation a co-operative delivery system so as to release as many men and vehicles for other work that will be necessary to win the war. We, the undersigned, have organized a system that we hope will be satisfactory to our customers and ourselves.

THERE WILL BE FOUR REGULAR DELIVERIES EACH DAY
 8:30 a. m., 10:30 a. m., 2:30 p. m. and 5:30 p. m.

We will make one special delivery each day for feedstuff only at 1:00 p. m., and feed will be delivered only on this hour. We will make one special delivery at 7:00 a. m. for fresh meats to the hotels and regular boarding house trade only. Each wagon will have a regular route for all time and may take a few days to get this regulated. To insure delivery at a certain hour our customers will have to get the order in early enough to give us time to get it up at least thirty minutes before delivery hour, otherwise the order will have to wait for the next delivery hour. There will be no special deliveries between or after regular hours. The government asks us to make only one delivery each day but we want to give our customers the best service possible and at the beginning will make four deliveries each day.

Where this plan has been tried both customers and merchants are well pleased with it and we ask that our customers help us to make it a success as in the end we will all be benefited.

If it be possible to get the equipment ready this system will be started July 30th.

"Germany Wants War" reads a headline in a Texas paper. We may say that the "Sammies" will see that Germany gets what it wants before the sun sets on many more days.

MORE FAITH IN FARMERS THAN SPECULATORS.

Word has been flashed over the nation that the farmer who holds his wheat instead of sending it to the market is a "slacker." He has been hailed as unpatriotic and called a grafter. Where the news originated we do not know. We are suspicious of the market dealers who had planned to reap a fortune off the war crops of this land, and who have been disappointed.

Let's be fair with the farmer. He is patriotic. He demonstrated that fact by responding to the call of the nation for war crops. It was not a response to make a fortune, but a hope of serving the nation during the hour of national crisis.

Why is the farmer holding his grain? Well, the circumstances of the past justify his action. He realizes there is something wrong with the economies of the commercial conditions in the land. He knows that another hand between the farmer and the consumer has reaped the profits. The farmer has been the "goat" long enough.

Why is the farmer called upon to dispose of his wheat at this hour? We presume for the sake of the market grafters on Wall street. It's good economies for the farmer to turn his wheat over to the market dealers at pre-war prices, and then go to the clothing store and pay the war price of \$8 for shoes. The farmer should not complain about selling his grain at little or nothing and then pay \$160 or \$175 for binders that were sold for less than \$100 before the war. All of this the market man would have the farmer believe.

But the farmer is not a philanthropist. He is an earnest toiler of the soil. He has spent eight months plowing, fertilizing, seeding, harvesting, threshing, cleaning and bagging in addition to shouldering the risk and worry. Let it be said now, that if there is a profit to be made on wheat, then let the man who is entitled to the profit have it.

If the government needs the wheat on the market, then let the Government hit the "hogs" of the market. Let the unproductive agencies of the nation be eliminated in the transfer of the wheat from the farmer to the consumer. Guarantee the farmer fairness in his purchase of the necessities of life and the farmer will not be found wanting in patriotism. Until then we prefer to see the farmer hold the grain. We have more confidence in the American farmer than we have in the market men on Wall street. All the farmer asks is a square deal. He is as patriotic as any class of people in the land. He is doing a patriotic deed in keeping the grain out of the hands of the speculators on Wall street.

The man who nicknamed the I. W. W. organization the "I Won't Work" clique knew what he was talking about, if the conclusions are to be drawn from the happenings in the Arizona mining district.

GOOD-BY, GOOD LUCK, GOD BLESS YOU!

Good-by, good luck, God bless you! These are the words that will come from the lips of mothers, sisters, wives and sweethearts within a few months. The realization of the world war has now found its mark in the homes of the American people. The draft selection last week was the first dramatic story to be told to the Americans who have not until this time realized the seriousness of the national crisis.

In days to come when the citizen soldiers will leave their homes to journey o'er the seas in defense of democracy and civilization, hearts will be heavy with the grief of separation. There will be tugging at the heart strings. There will be tears overflowing the eyes.

It has been difficult and nearly impossible for the people of the West to realize that war existed up until a few days ago, but from now on the hand of the God of War is going to cast a shadow over the brilliant horizon which is so familiar to all of us. When the stirring notes of the Star-Spangled Banner are heard as the young men clamber aboard the trains to journey to the land where all is a curtain of fire, we will know the story. We will understand that our nation is at war; we will know that a crisis hangs over the land.

And all that we can say when that day comes is, "Good-by, good luck, God bless you!"

Numbers seem to be carrying more news than words in the papers the last few days.

Something exploded. It's your move again, Governor.

SPEAKER FULLER STARTS ACTION AGAINST GOVERNOR.

(Continued from Page One.)

who would not otherwise have signed. If the Governor was not guilty of fraud in the original meeting to locate this school, his acts in refusing to reconvene the committee are a fraud upon the people of Texas and upon the committee.

"During the investigation by the Legislature of the Governor's acts, he testified that he would refund the money to the state which he had taken without lawful authority, in case the court so decided. He has failed to do so.

"The people of this state have a right to have their university maintained, the West Texas A. & M. located without a suspicion of fraud or corruption, their treasury protected by their representatives and their laws honestly enforced without fear or favor.

Will Meet August 1.

"Owing to the seriousness of charges that are here made and other charges which I am assured will be filed, as the presiding officer of the House of Representatives, I hereby call the House of Representatives to meet in session in its hall in Austin, Texas, on the first day of August, 1917, at 12 o'clock, noon, to consider whether or not the House of Representatives will present a bill of impeachment against the Governor of Texas; the charges to be thereafter tried by the Texas Senate."

Judge and Mrs. C. H. Curl of Littlefield were visitors here last week.

PHYSICAL TEST TO BE RIGID FOR NEW ARMY.

(Continued from Page One.)

are near the top of the list, have gone elsewhere or will be out of the city for some time at about the time they should appear for examination. Many are in distant states.

Thus, if a person who registered in Dallas is now living in Plainview, or if he will be in New York, or some other distant point at the time he probably would be called for examination, he should make application to the Dallas board for a transfer to the board having jurisdiction over the section in which he is located at the present. Such application for transfers will be granted as soon as the local boards receive a supply of the proper printed forms furnished by the War Department for making transfers.

H. Sheon of Llano, who has been visiting his father, J. E. Sheon of this city, left for his home last Saturday.

Miss Ruby Ballard, who has been the guest of Miss Ruth Harder, returned to

THE STATE OF TEXAS.

To the Sheriff or Any Constable of Hale County—GREETING:

YOU ARE HEREBY COMMANDED That you summon, by making publication of this Citation in some newspaper published in your county, if there be a newspaper published therein, but if not, then in the nearest county where a newspaper is published, once each week for four consecutive weeks previous to the return day hereof.

Mrs. J. C. Newman, Gladys O. Newman, Emma Gertrude Newman and Virginia Low Newman, who are non-residents of this State, and H. B. Pack, who is absent from the State, to be and appear before the District Court of Hale County, Texas, at the next regular term thereof, to be held at the Court House of said Hale County, Texas, in Plainview, Texas, on the 6th day of August, 1917, then and there to answer a petition filed in said Court on the 1st day of June, 1917, in a suit numbered on the docket of said Court No. 1542, wherein E. C. Hunter is plaintiff and Lois Pack, H. B. Pack, H. G. Pack, D. S. Pack, Mrs. J. C. Newman, Gladys O. Newman, Emma Gertrude Newman and Virginia Low Newman are defendants.

Plaintiff's cause of action being a suit in Trespass to Try Title to Lot Number Twelve in Block Number Twelve in the Town of Plainview, Hale County, Texas, to recover the title and possession of said lot, to establish and declare a certain deed made by C. E. McClelland conveying said lot to J. H. Buntin, Trustee for J. N. Doohoo, Homer Pack, J. C. Newman, J. M. Graham, J. L. Vaughn, G. S. Hardy and W. B. Sheffey, dated April 4th, 1908, recorded in Deed Records of Hale County, Texas, Volume 15, Page 612, to be a trust for the use and benefit of the Methodist Episcopal Church, South, at Plainview, Texas; and to remove the cloud cast by such deed on plaintiff's title to said lot and to quiet plaintiff's title to said lot.

HEREIN FAIL NOT, and have you before said Court on the first day of the next regular term thereof, this WRIT, with your return endorsed thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office, in Plainview, this 1st day of May, 1917.

JO W. WAYLAND,
Clerk, District Court,
Hale County, Texas.

WANTED—An able-bodied middle-aged lady to do general house work, care for children, for widower. Address B. M., care of Herald.

CITATION BY PUBLICATION.

THE STATE OF TEXAS,
To the Sheriff or any Constable of Hale County—GREETING:

YOU ARE HEREBY COMMANDED. That you summon, by making Publication of this Citation in some newspaper published in your county, if there be a newspaper published therein, but if not, then in the nearest county where a newspaper is published, once each week for four consecutive weeks previous to the return day thereof, W. J. Stevens and E. F. Graham, whose residence is unknown, to be and appear before the Honorable District Court, at the next regular term thereof, to be held in the County of Hale, at the Court House thereof, in Plainview, Hale County, Texas, on the first Monday in August, 1917, being the 6th day of August, A. D. 1917, then and there to answer a Petition filed in said Court, on the 26th day of June, A. D. 1917, in a suit numbered on the docket of said Court No. 1551, wherein J. C. Jones is plaintiff and W. J. Stevens and E. F. Graham are defendants. The nature of the plaintiff's demand being as follows, to-wit:

That on or about the 19th day of June, 1917, the plaintiff, J. C. Jones, was lawfully seized and possessed of the lots and premises hereinafter described, holding the same in fee simple; that on or about the said date the defendants, W. J. Stevens and E. F. Graham, unlawfully entered upon and dispossessed plaintiff thereof, and now withhold from the plaintiff the possession thereof, to his damage in the sum of \$7,000.00; that the lots and premises so entered upon and now withheld from the plaintiff by the defendants is all of lot No. 8 and the south one-half of lot No. 7, in Block No. 56, in the original town of Plainview, in Hale County, Texas. That plaintiff, claiming the said lots and premises under a deed duly registered, has had peaceful, continuous and adverse possession of the same, using the same and paying taxes due thereon, for a period of more than five years prior to the 19th day of June, 1917; that plaintiff is holding title to said lots under a deed from J. J. Oxford and wife, Mary Oxford, and under an unbroken chain of title from the State of Texas; that the defendant W. J. Stevens has no legal title, but is claiming an interest in said lots under a deed from J. M. Presler

and wife, and the said Presler and wife claim under an alleged patent; that HEREIN FAIL NOT, and have you before said Court, on the said first day of the next term thereof, this WRIT, with your endorsement thereon, showing how you have executed the same. Given under my hand and seal of said Court, at office in Plainview, this 26th day of June, A. D. 1917.

TWO HONORED AT ONE BIRTHDAY PARTY.

Mrs. Hanley Wasson entertained Wednesday afternoon in honor of the fourth birthday of her niece, Helen Fay Garner, and the sixth birthday of Marguerite Waller, daughter of Mr. and Mrs. J. M. Waller. Games were played on the lawn of the beautiful suburban home of Mrs. Wasson's north of Plainview.

Two birthday cakes covered with the required number of birthday candles were cut and served with ice cream. Mrs. Wasson was assisted in serving of the refreshments by Mrs. J. M. Waller and Mrs. Flake Garner.

The guests were: Helen Fay Garner, Marguerite Waller, W. F. Garner, Murray Waller, Ella Marie Waller, Raymond Kerr, Irene and E. B. Howard, Wasson Shelton, Lela Jane Quisenberry, Francis and Joe Hancock, Lizzie Mae Wasson, Lucille and Charley Lanford, Christine Irick, Ella Beth and Wilna Lee Byers.

HIGHLAND CLUB IS FIRST TO MAKE RED CROSS SUPPLIES.

The Highland Club will meet Thursday afternoon at the Elks' Home to begin its work in the making of Red Cross supplies. The work done by this club on that day will be the first undertaken by any organization in this city. The making of hospital garments will be the first class of supplies to be made under the auspices of the local chapter. All the members are requested to be present to help in the work.

NATIONAL HONOR GUARD WILL MEET THURSDAY.

The Girls' National Honor Guard will meet at 4 o'clock next Thursday afternoon at the Presbyterian Church. The regular work of first-aid courses will be studied, and probably some practical work will be given in the making of bandages.

TRAVEL STUDY CLUB TAKES UP RED CROSS WORK.

A call meeting of the Travel Study Club was held Wednesday, July 18, at which time it was voted to abandon the study of English History this year and take up the Red Cross work.

Three new members were voted into the club. They were Mrs. Grady Pipkin, Mrs. C. R. Houston and Mrs. C. E. Craig.

The club will meet Saturday, July 28, to make further arrangements and begin class work.

ENTERTAINS IN HONOR OF CALIFORNIA GUESTS.

Mrs. Thomas Abraham was the hostess last Wednesday afternoon at a six o'clock dinner in the honor of her cousins, Mr. and Mrs. William Henry Layne of Los Angeles, Cal., at her home on Boswell Heights.

Covers were laid for the guests of honor and Mr. and Mrs. R. J. Goode, Mr. and Mrs. Ellis Carter, Miss Mollie and Miss Fannie Goode, Miss Lucile Abraham, Jones Goode and Goode Abraham.

The "Willing Workers," a Sunday school class of boys and girls of the Christian Church, held an evening picnic at Lake Plainview last week. An hour was spent in the playing of games, and at sunset a supper was served. Mrs. Joe W. Carter, teacher of the class, was chaperon.

DELEGATES LEAVE FOR STATE CONVENTIONS AT AUSTIN.

More than twenty delegates left here today to attend the annual conventions of the Girls' Home Economics Clubs of Texas and the Prairie Camp Fire Girls at Austin this week. Members of the Boys' Pig Club also left here to attend the state convention at Austin.

Those who left for Austin were: Ruth Harrison and Mary Bryan, delegates from Hale County for the Home Economics Club; Mayne Lou Hill, delegate from here to the Prairie Camp Fire Girls' Convention; Marjory Marshall and Yulonda Markinson, delegates from the Country Club; and Carrie Pace, Carrie Bier, Erna Leach and Irene Thomas as visitors to the conventions.

Dr. and Mrs. J. C. Anderson and daughter and Mr. and Mrs. E. E. Roos returned yesterday from a motor and outing trip through the mountains in Colorado.

Mrs. M. P. Garner will return tomorrow morning from Hereford, where she was called last week through the sickness of her mother.

Miss Vana Harkey, who has been on a summer trip to Washington, has returned to this city.

Miss Marjory Marshall left this morning for Austin, where she will attend the annual convention of the Girls' Home Economics Clubs of Texas.

Mrs. R. A. Tally, who has been visiting friends at Floydada and Lockney, left this morning for her home, in New Mexico.

Miss Beulah Shelton and Miss Louis Leach left today for Austin to attend the convention of the Girls' Home Economics Clubs.

Mrs. Mora Tracy, who has been visiting friends and relatives in Plainview the last two months, returned to her home in Missouri this morning.

Miss Pauline Hawkins and Miss Effie Ziegler, who have been visiting friends near Plainview, left today for their homes in Oklahoma City.

Mr. and Mrs. George Keeley of Amarillo, who have been the guests of friends near Plainview the last two weeks, left this morning for their home.

Mrs. R. C. Raligh and daughter Ethel left this morning to attend the convention of the Girls' Home Economics Clubs at Austin.

Sergeant O'Sullivan left yesterday morning for New York, where he will enter active service in the regular army. He has been in charge of the recruiting station here.

Mr. and Mrs. L. C. Roster of Canyon, who have been visiting Mrs. Roster's sister at Floydada, returned to their home yesterday.

The Churches

Epworth League.

The Epworth League will meet at 7:30 o'clock Sunday evening at the First Methodist Church.

The program for the evening is as follows:
 Song Congregation
 Scripture Isaiah 53
 Solo Miss Lizzie Mae Rook
 Reading Mildred Vaughn
 Piano Solo Josephine Wayland
 Address E. C. Lamb
 Solo Miss Ada Clark
 Reading Miss Ruth Harrison
 Song Congregation
 Benediction.

Baptist Church.

Sunday school will begin at 9:45 o'clock under the direction of Superintendent T. E. Richards. The morning preaching services are to be held at 11 o'clock and the evening services at 8:30 o'clock. The Men's League will meet at 3 o'clock in the afternoon.

Program.

Subject: "For What Purpose Do I Come to Church?"

A general discussion will be held on this subject.

Evangelistic meetings will be held all this week under the big canvas tent at 10 o'clock in the mornings and 8:30 o'clock in the evenings. Every person is invited to take part in these services.

THE REV. I. E. GATES, Pastor.

The Reverend Carney Raps Saloons.

The Rev. John Carney spoke this morning at the regular Baptist revival services on "Liquor Traffic Must Go." He made an emphatic address against the existence of the saloon business in democratic America.

MRS. E. B. MILLER'S FATHER DIES.

Word was received here Sunday morning by Mrs. E. B. Miller to the effect that her father, E. A. Bannister, 54 years old, died at his home in Lamar, Colo., last Sunday. Mr. Bannister was a pioneer resident of that part of the country and was well known throughout Colorado. Funeral services were held Monday at Lamar.

DEFENDANT AWARDED VERDICT.

The county court gave a verdict in favor of the defendant Monday afternoon in the case of Dr. S. J. Underwood against J. M. Gist for collections on an alleged unpaid contract for some farm work. This morning the court heard the case of H. T. Akers against the A. T. & S. F. Railroad for damages in a stock shipment. No verdict had been rendered by the court late this afternoon.

W. N. Baker to Respond to Welcome at Reporters' Convention.

William N. Baker, court stenographer, left today for Oklahoma City, where he will respond to the welcome address at the annual convention of the Southwestern Shorthand and Reporters' Association. The convention will be in session Thursday, Friday and Saturday, and delegates from Texas, Kansas, Arkansas, Missouri, New Mexico and Colorado will attend.

ONLY THREE CARS OF STOCK LEAVE COUNTY LAST WEEK.

Stock shipments are as limited as wheat shipments, according to John Lucas, Santa Fe agent. Last week only three cars were shipped from Plainview. Clint Shepard exported one car of mules to the Fort Worth market, and Watson & Son shipped one car of hogs and one car of market cattle to Kansas City.

Miss Ida Leach left last Friday for Denver, Colo., where she will visit her sister, Miss Lizzie Leach.

Charles Stephenson, foreman of the Herald mechanical department, spent Sunday in Amarillo.

Mrs. George Gouley has gone to Quincy, Ky., where she will visit relatives the remainder of the summer.

EXCAVATION WORK BEGINS FOR NEW BUILDINGS.

The excavation work for the new business buildings to be erected by John Ellerd and Reuben Ellerd on Broadway and Seventh streets started yesterday morning. The material for the construction of the seven brick stores has been ordered and is expected here about the latter part of next week. The construction of the buildings is under the supervision of W. R. Simmons.

FOR SALE—15-30 Runley Oil Pull Tractor. In good running condition, ready for service. Will sell at a bargain. Inquire of R. S. BLAKEMORE, Plainview, or C. S. CLARK, Runningwater. 2t-pd.

Honor Guard Girls Make 40 Bandages for Army in France

Forty bandages were made yesterday afternoon by the members of the Girls' National Honor Guard at their regular meeting at the Presbyterian Church. The bandages were made according to the instructions given out by the Red Cross Society and the Medical Society of the national Government. Each bandage is of regulation size, being two and one-half inches in width.

It was announced after the meeting that the bandages will be sent to the headquarters of the Girls' National Honor Guard division of the Panhandle district, where they will be dispatched to the hospital headquarters in France. The local unit will continue to make bandages and other supplies at their regular meetings to furnish the Government with surgical supplies in caring for the American soldiers.

Miss Roseleigh Culpepper of Lockney left today for a visit in Amarillo.

"GAS WAR" IS TAUGHT TO STUDENT OFFICERS.

(Continued from Page One.)

The mask is put into use. Through a rubber tube the air is sucked from a tank or can filled with charcoal and five layers of chemicals, which filter and purify it. Three of the chemical layers are sufficient to neutralize any gas now known and that the other two additional layers are kept in emergency to neutralize any other gas that may be concocted by the Teutons in the future.

"Last week we had a hike of several miles, leaving Camp Funston at noon and hiking through the reservation to the Lewis Ranch and then to the Oppenheim Ranch, where we camped for the night. We were acting as the advance guard, one regiment, for the Fifteenth Provisional Division, opposing a force equal to our own. Pitching tents and cooking our suppers individually, we were established in bivouac by 8 o'clock. The outposts were formed, holding the hills to the west of the ranch house. Our battalion was in support and about 3 o'clock in the morning we were aroused noiselessly and informed the enemy, represented by men in the service with their shirts turned wrong side out so that the white lining was visible, were attacking our outguards.

"We pushed quickly forward at a rapid walk to the outguards and took positions deployed as skirmishers along the line of outguards, crawling over the roughest hills I ever saw on our stomachs and simulating firing. After an excellent breakfast (each man had one ration for the trip, consisting of hard tack, coffee enough for three large cups, sugar, and one potato and one-third pound of bacon for the three meals), we held a conference on the problem and at noon, having policed the grounds, were ready to hike back. Colonel Martin was roundly applauded, when he told us that when we

Did They Draw Your Number?

If so, and you join the ranks and go to Europe you will need an

Army Transport Trunk

We have them, regulation sizes, color, finish, etc. The prices are

\$7.50, \$10.00 and \$17.50

If you do not enlist and want an automobile trunk these will decide the question, when you look them over.

Richards Bros. & Collier
 WHERE PEOPLE WHO DRESS BEST TRAVEL

See our narrow window on Broadway

got to our barracks we could have all the time between the time of arrival and 6 o'clock to bathe and get ready for regimental parade; for each man knew just how far it was to the barracks and how much time he would have to prepare his mess kit and equipment for inspection and get ready for regimental parade. To say that the heavy rain which came just after we had returned and just in time to preclude that parade was pleasing to the fellows, is expressing the sentiments of the regiment loosely," says Mr. Hilburn in conclusion.

SALE OR NO SALE

What difference does it make so long as we give you the best prices.

Confidentially I'll tell you it will be long time before you will have a chance to buy at these prices again.

UGH! CALOMEL MAKES YOU DEATHLY SICK

Stop Using Dangerous Drug Before It Salivates You! It's Horrible!

and straighten you right up better than calomel and without griping or making you sick I want you to go back to the store and get your money.

Take calomel today, and tomorrow and believe you need vile, dangerous calomel to start your liver and clean your bowels.

Here's my guarantee! Ask your druggist for a 50-cent bottle of Dodson's Liver Tonic, and take a spoonful tonight. If it doesn't start your liver you will feel weak and sick and nauseated. Don't lose a day's work. Take a spoonful of harmless, vegetable Dodson's Liver Tonic tonight and wake up feeling great. It's perfectly harmless, so give it to your children any time. It can't salivate, so let them eat any-

CLIP THIS AND PIN ON WIFE'S DRESSER.

Cincinnati Man Tells How to Shrive Up Corns or Calluses So They Lift Off With Fingers.

Ouch! ? ? ? ! This kind of rough talk will be heard less here in town if people troubled with corns will follow the simple advice of this Cincinnati authority, who claims that a few drops of a drug called freezone when applied to a tender, aching corn or hardened callus stops soreness at once, and soon the corn or callus dries up and lifts right off without pain.

He says freezone dries immediately and never inflames or even irritates the surrounding skin. A small bottle of freezone will cost very little at any drug store, but will positively remove every hard or soft corn or callus from one's feet. Millions of American women will welcome this announcement since the inauguration of the high heels. If your druggist doesn't have freezone, tell him to order a small bottle for you.—Adv.

L. A. KEEL, Architect. Office at Falton Lumber Co. Phone 107. House Phone, 423.

GIRLS! LEMON JUICE IS SKIN WHITENER.

How to Make a Creamy Beauty Lotion for a Few Cents.

The juice of two fresh lemons strained into a bottle containing three ounces of orchard white makes a whole quarter pint of the most remarkable lemon skin beautifier at about the cost one must pay for a small jar of the ordinary cold creams. Care should be taken to strain the lemon juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan and is the ideal skin softener, whitener and beautifier.

Just try it! Get three ounces of orchard white at any drug store and two lemons from the grocer and make up a quarter pint of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands.—Adv.

CITATION BY PUBLICATION.

THE STATE OF TEXAS, To the Sheriff or any Constable of Hale County—GREETING:

YOU ARE HEREBY COMMANDED, That you summon, by making Publication of this Citation in some newspaper published in the County of Hale, if there be a newspaper published therein, but if not, then in the nearest county where a newspaper is published, once in each week for four consecutive weeks previous to the return day hereof, F. G. Hill, whose residence is unknown, to be and appear before the Honorable District Court, at the next regular term thereof, to be holden in the County of Hale, at the Court House thereof, in Plainview, Texas, on the 6th day of August, 1917, then and there to answer a Petition filed in said Court, on the 27th day of June, A. D. 1917, in a suit numbered on the docket of said Court No. 1552, wherein Mrs. Mollie Hill is plaintiff and F. G. Hill is defendant. The nature of the plaintiff's demand being as follows, to-wit:

THE STATE OF TEXAS, County of Hale.

In the District Court of Hale County, Texas, August Term, A. D. 1917. To the Honorable R. C. Joiner, Judge of said Court:

Now comes Mrs. Mollie Hill, hereinafter called plaintiff, who resides in Hale County, Texas, complaining of F. G. Hill, hereinafter called defendant, whose residence is unknown, and for some cause for divorce says:

1st. That on or about the 4th day of July, A. D. 1900, this plaintiff was duly and legally married to defendant in Hale County, Texas, and continued to live with him until about the 20th day of June, A. D. 1909.

2nd. That plaintiff has been an actual bona fide inhabitant of the State of Texas for a period of twelve months, and has resided in Hale County, where this suit is brought, for a period of six months next preceding the filing thereof, having become a resident of Hale County about the year 1891, and has resided in Hale County nearly all the time since.

3rd. That at all times, while living with the said defendant after their said marriage plaintiff conducted herself with propriety, doing her duties as a wife, and at all times treated her said husband with kindness and forbearance, and has not been guilty of any act bringing about or causing the hereinafter acts of the defendant.

4th. Plaintiff would further show to the court that on or about the 20th day of June, A. D. 1909, defendant deserted your petitioner, and with the intention of finally separating himself from your petitioner and with the intention of living apart from her, voluntarily and with his own accord, and without any fault upon the part of your petitioner, and since said time, which is more than three years, has lived apart from your petitioner and has wholly neglected your petitioner and their girl, Mabel, and has wholly failed and refused to contribute to their support.

5th. And plaintiff would further show to the court that during the time of their living together as man and

wife there was born to them a girl, Mabel, who is now about fifteen years of age, that this plaintiff has the care, custody, and education of said child since the time that the defendant deserted her, and that this plaintiff is now in business which enables her to continue the education of said child, that by reason of the premises plaintiff avers that it is right for her to have the care, custody and education of said child, and that it is just and right for this court to so award.

Wherefore, plaintiff prays that defendant be cited by publication to answer this petition; and that on final hearing plaintiff have judgment dissolving the marriage between plaintiff and defendant; and that plaintiff have the care, custody and education of said child of said marriage; and for such other and further relief as the court may think proper and right or as the plaintiff may be entitled to.

HEREIN FAIL NOT, And have you before said Court, on the said first day of the next term thereof, this Writ, with your endorsement thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office in Plainview, Texas, this the 28th day of June, A. D. 1917. JO W. WAYLAND, (SEAL) Clerk District Court, 41-Fri. Hale County, Texas.

Your Palm Beach Suit WILL BE Laundered and given that BRAND NEW look if taken to THE PLAINVIEW LAUNDRY CO.

Cold Days Require Coal Why is it that some folks always delay their coal buying and the installing of their stoves until the last minute when every member of the family has run the risk of serious cold or pneumonia and until all of the coal and stove dealers are so busy they cannot give the best service? Surely the wise man will not be caught in a blizzard with his coal supply not yet laid in. We have the supply of coal, we have the prompt service, and the prices are lower now than they will be when winter gets here. Isn't it good health insurance, isn't it good business, isn't it the sensible thing to do to place your order now? Just phone us at 162 and we will do the rest. ALLEN & BONNER
