## SCHOOL BOARD MAKES 14 FACULTY CHANGES

### SUPERINTENDENT WEBB GIVES OUT LIST OF TEACHERS SE- LECTED FOR YEAR.

## NEW COURSES ARE ADDED

### Instruction in Domestic Science and Violin to Be Part of Curriculum for This Term.

When the school bells ring on the morning of September 10 in Plainview, the students of the High School and the pupils of the Lamar School and Central School will realize a noticeable change in the personnel of the faculties of the three schools. Some of the teachers will need no introduction, but there are many, to be exact, fourteen, changes in the faculty forces of the city schools.

This year the administration of the Plainview schools will be under the supervision and direction of Prof. Henry P. Webb, who was appointed to the office of superintendent at the time of the resignation of Prof. J. W. Campbell last spring. Superintendent Webb was principal of the High School last year. He received his B. S. Degree in Education from the Valparaiso University in 1907 and attended Ouachita College for three years. Professor Webb has been engaged in educational work for more than twelve years.

### 4 New Courses Added.

This year there have been two additions to the High School curriculum, and also arrangements have been made for an accommodation have been made grade work. This last arrangement was found necessary, owing to the fact that there are a number of pupils in the northwestern part of the city. The two new courses to be offered by the High School this year are those in violin instruction and domestic science. Prof. R. M. Crabb, a member of the Wayland College faculty last year, will have charge of the course in violin and Miss Clara Hooper will be placed in supervision of the domestic science course.

The changes in the personnel of the High School faculty are many this year. Prof. E. A. Burgess will take Superintendent Webb's place as principal, and Miss Lorraine Laster will succeed Miss Lucile Kinder as instructor in Spanish. Miss Lillian Rankin will teach English and history and Mrs. Ida Hunter has been engaged to take charge of the Latin department. Prof. Lee Jones will supervise the courses in science. Miss Maxie Speer will have charge of the accommodation first grade class.

### Miss Howell Is Made Principal.

Miss Lula Howell has been appointed to fill the vacancy made by the resignation of Prof. Ralph Porter as principal of the Lamar School. Other additions to this school are Miss Melba Wiley, who will teach physiology and drawing, and Miss Josie Rosson, who will have charge of the second grade work.

There have been only two changes made in the faculty at the Central School. Miss Eloise Howard and Miss Lucy Dalton are the two new teachers. The former will have charge of the third grade and the latter will teach the second grade. Miss Murt McGilivray will teach geography in the Central School in addition to supervising the courses in music in the city schools.

The members of the faculties and the subjects they will teach, as announced by Superintendent Webb yesterday, are as follows:

### High School.

R. A. Burgess, principal, mathematics.

S. J. Woodruff, history.  
Miss Mary Bullard, English.  
Miss Lillian Rankin, English and history.

Mrs. Ida Hunter, Latin.  
Miss Lorraine Laster, Spanish.  
Miss Clara Hooper, domestic science.

Lee Jones, science.  
Mrs. Eva L. Barnes, piano.  
R. M. Crabb, violin.  
Miss Maxie Speer, grade 1.

### Central School.

Miss Myrtle Jackson, principal, mathematics.  
Mrs. Prudis Wright, history.

## Plainview Greets Returning Officers From Leon Springs

The gates of Plainview were thrown open and the spirit of welcome prevailed in the atmosphere when a throng of more than one hundred persons gathered at the Santa Fe station this morning to meet the young men returning from the Officers' Training Camp at Leon Springs.

Those who arrived here this morning were Captain Austin F. Anderson, Second Lieutenants Jennings Anderson and Ernest Fowler. Second Lieutenant Casey Hughes, who was expected on the same train, went by the northern route and will not arrive here until this afternoon.

Yesterday Lieutenants Sim E. Sheffy and Robert Brahan returned to this city from the training camp and Second Lieutenant Herbert S. Hillburn is expected to arrive here sometime next week, after visiting his parents in the southern part of the State. His brother, Second Lieutenant M. B. Hillburn, probably will not visit Plainview before returning to service.

Second Lieutenant Burke Mathes, the ninth young man of Plainview to be commissioned at Leon Springs, left here last week for the aviation training camp at Austin. He was given his furlough before the camp closed.

Monday evening the officers will be honored at a dance given by the members of the Elks Lodge at the Elks' Home.

## CITY LEAGUE IS NEW BASEBALL PLAN HERE

### BUSINESS FIRMS MAY HAVE SIX- TEAM SUNSET LEAGUE IN PLAINVIEW.

Arrangements are being made for the organization of a city league in Plainview. The plans outlined by J. M. Lipscomb, manager of the Maxwellites, are for a league of six teams representative of business firms in this city or various organizations. A schedule will be formed for the playing of games at least four times a week.

It has been announced that the barbers and the bankers have consented to organize teams for the league if it materializes into a permanent organization, and Mr. Lipscomb has stated that he will put a reorganized Maxwell team in the league. A committee of baseball enthusiasts are canvassing the business district at this time in an effort to line up some of the firms for teams to participate in the league.

Just as soon as the required number of applications for membership in the league are obtained a meeting of the representatives of the teams will be held to form a playing schedule for the league.

The games will be played in the evenings and a small admission will be charged for the covering of expenses of the league and to help defray the expense incurred by the building of the Maxwell Park this season. Since the Maxwell team has disbanded for the season, there is no other way to pay the debt for the erection of the baseball park unless it would be by popular subscription, according to Mr. Lipscomb.

## Elks Will Honor Officers at Dance Next Monday Night

The officers who have returned from the Officers' Training Camp at Leon Springs will be the honored guests at a dance given by the members of the Elks Lodge at the Elks' Home next Monday evening. The officers who will be present are Captain Austin F. Anderson, Second Lieutenants Jennings Anderson, Ernest Fowler, Casey Hughes, Sim E. Sheffy, Robert Brahan and H. S. Hillburn.

### PLAINVIEW GETS MORE THAN HALF-INCH RAIN.

Up to 3 o'clock this afternoon the Government weather station had recorded fifty-six hundredths of an inch of rain since yesterday evening. Throughout the surrounding country the rainfall was heavy last night, and showers were reported from various districts this morning. Twenty hundredths fell here this afternoon.

## BOARD WILL EXAMINE TWENTY-FIVE MONDAY

### THREE CLAIMS FOR EXEMPTION ON GROUNDS OF DEPENDENCY REJECTED BY OFFICIALS.

## WILL REPORT SEPTEMBER 1

### One-Third of Registrants Accepted for National Army Are Given Mo- bilization Orders.

The members of the local exemption board have been giving their time the last few days in consideration of the exemption claims offered by men called before the board last week. Only three of the claims were not accepted by the officials.

The men who have been accepted for the service in the citizen army have been notified to the effect that they are subject to the mobilization call in September. One-third of the quota of this county will be called into service on the first day of the coming month.

County Attorney L. D. Griffin has been requested by the Government to look into all cases of exemption on the grounds of dependency. He will be the government agent here and will be required to hear and investigate all appeals.

The local exemption board has allowed the following claims on the grounds of dependency:

140—Andrew M. McMillan, Plainview.

606—William A. Harden, Plainview.

107—5 Ross White, Hale Center.

## HERMAN LEROY FARRIS BURIED WEDNESDAY.

The funeral services for Herman Leroy Farris, the son of Mr. and Mrs. S. B. Farris, were held Wednesday afternoon at the family residence. The Rev. Ernest E. Robinson, pastor of the Methodist Church, conducted the services. Burial was in the Plainview Cemetery.

## BRITISH AND FRENCH CRACK GERMAN LINE

### ALLIES MAKE BIG GAINS ON NINE- MILE FRONT NEAR YPRES.

## CHINA ENTERS WORLD WAR

### Far East Republic Is Seventeenth Nation to Join in Battle Against Central Powers.

LONDON, Aug. 16.—British and French troops, attacking on a nine-mile front east and northeast of Ypres, in Flanders, today gained all their objective except on the right flank.

The French drove the Germans from between the Yser Canal and Martjevaart and captured the bridgehead of Dreigrachten. The village of Lange-marek was carried by the British after they had taken all their first objectives in the center of the attacking line.

### Germans Fight Stubbornly.

The official statement from British headquarters in France tonight adds that the Germans fought stubbornly on Field Marshal Haig's right for the possession of the high ground north of the Menin road.

Suffering heavy losses, the Germans finally pressed the British back from the terrain they had gained early in the day.

More than 1,800 prisoners, including 38 officers, already have been counted by the Anglo-French forces. Some German guns also were taken.

### Further Gains Made.

The British have made further progress east of Loos, in the Lens area, and the total of prisoners captured there now has reached 896.

## CHINA, SEVENTEENTH ALLY, DE- CLARES WAR ON KAISER.

WASHINGTON, Aug. 14.—Official notice of China's declaration of war on Germany and Austria-Hungary was received today at the Chinese legation in cable dispatches from Peking.

China is the seventeenth nation to array itself with the entente countries against the Central Powers. The decision of the Chinese Cabinet to declare war on Germany and Austria-Hungary was reached August 2 and the action of the members of the ministry was approved by Fang Kwo-Chang, the acting President of the Republic.

## FORMER EMPEROR NICHOLAS EX- ILED TO SIBERIA.

PETROGRAD, Aug. 15.—The semi-official Russian news agency announced tonight that former Emperor Nicholas and his family were removed today from the palace at Tsarskoe-Selo and that it was reported they were being transported to Tobolsk, Siberia. Instead of the gorgeous train in which Nicholas was taken to Tsarskoe-Selo from Mohilev in March, an ordinary train composed of three sleeping cars, a dining car and several third-class coaches was sent. A second train was assigned to take the baggage and servants, 50 of whom accompanied the ex-czar and his family into exile.

## MISS LULA HOWELL IS MADE PRINCIPAL.

Miss Lula Howell was appointed to the principalship of the Lamar School to fill the vacancy made by the resignation of Prof. Ralph Porter by the Board of Trustees of the Plainview Independent Schools at a meeting in the City Hall last night. This appointment completes the personnel of the faculties for the city schools.

Outside of the refusal of the board to grant permission to the staging of the minstrel show at the High School Auditorium, the remainder of the evening was given over to the transaction of the routine business of the administration of the city schools.

## MRS. M. G. ALLEN DIES.

Mrs. M. G. Allen, 40 years old, died at the family residence at 7 o'clock this morning at Halfway. The funeral services, conducted by Brother Upton, will be held late this afternoon.

Mrs. Allen is survived by four sons and five daughters and Mr. Allen. Burial will be in the Runningwater Cemetery.

## 4 Firms Contract for New Buildings to Be Constructed

R. M. Ellerd, who has made arrangements to build seven new brick store buildings on the northeast corner of Broadway and Seventh streets, announced this morning that the erection of the buildings will begin just as soon as the excavation work is completed.

According to Mr. Ellerd, five of the seven store buildings have been contracted for already. The Texas Land and Development Company has contracted for the corner building for a term of five years, beginning December 1. Two of the buildings will be rented to Garner Brothers for their furniture business. The furniture store will have fronting on both the streets. The Western Union will occupy one of the buildings on Seventh Street, and the Wells Fargo Express Company will have one of the buildings on the south side.

Mr. Ellerd stated that the erection of the new buildings is an undertaking of his own, and that he is not associated with any other persons in their erection.

## MARRIAGE LICENSE ISSUED.

County Clerk J. W. Wayland issued a marriage license today to Arthur A. Baggett and Miss Veda Angel.

## GARRISON AFFAIR IS STILL BEFORE COURT

### CASE MAY GO INTO HANDS OF JURY TOMORROW—CIVIL DOCKET NEXT WEEK.

The case of the State vs. J. C. Garrison on the charge of swindling in connection with the Lockney State Bank, has been before the District Court since last Wednesday morning, and the court was still in session at a late hour this afternoon, hearing the arguments of the defense. It is believed generally that the case will go into the hands of the jury sometime tomorrow.

Several arrests have been made in connection with the returns of the grand jury, all of the cases being for misdemeanor, and will be taken up by the County Court in the September term. Those having been arrested, but are now out on bond, are on the grounds of gambling.

Next week the jury civil cases will be brought before the District Court. The jury civil cases will continue into the fourth week of the court and the fifth week will be given over to the consideration of the proceedings returned by the grand jury.

The attorneys for the defense in the Garrison case are H. G. Randolph, W. C. Mathes and L. C. Penry of Fort Worth. A. B. Martin and Dennis Zimmermann of Tulsa are assisting District Attorney A. C. Hatchell.

## Z. E. Black Resigns From Secretaryship of Business League

Z. E. Black, secretary of the Young Men's Business League, has given his resignation to the executive committee of the league. Mr. Black has accepted a position on the editorial staff of the Dallas News, and will leave this city next Sunday to assume his new duties in newspaperdom.

## BATTING NELSON IS COMING TO PLAINVIEW.

Battling Nelson, at one time the greatest of lightweights, will make his appearance in this city September 20. This announcement was made today by Dave Jarrett, advance agent for the Yankee-Robinson Show, who is in this city making arrangements for the show to make its appearance here on that day.

## James B. Reed Accepts Position Here.

James B. Reed arrived in Plainview yesterday to accept a position as bookkeeper at the Citizens National Bank. Mr. Reed comes from Collin County.

## RED CROSS CHAPTER IS IN NEED OF HELP

### LOCAL UNIT WANTS MORE WOMEN TO AID IN MAKING HOS- PITAL SUPPLIES.

## ORGANIZES TWO AUXILIARIES

### Mrs. Tom Carter, Chairman, Installs Officers of Organizations at Liberty and Woodrow.

"Help Wanted." Those are the two words decorating the placard that hangs over the entrance way of the local Red Cross headquarters at the Elks' Home. The work on hand for the members of the local chapter to accomplish for the national society has become so extensive that it has overtaxed the supply of workers actively engaged in the making of Red Cross supplies.

The announcement was made yesterday afternoon that all members of the organization who were not affiliated with any club that has undertaken the making of hospital supplies, should get into communication with the officers of the chapter and contract individually to help in the Red Cross work. The officers are eager to have every member of the chapter engaged in productive work, whether a member of a club or not.

Mrs. Tom Carter, chairman of the local chapter, stated yesterday that the national headquarters ordered the local chapter to begin knitting work as soon as possible. She says that it is the hope of the chapter to have every woman who can find time to devote herself to knitting report and arrange with the chapter to undertake some of the assigned work. Mrs. Carter pointed out that there is a scarcity of labor at the workroom, and that the sooner the women arranged a schedule to help in the making of supplies, the easier it will be for Plainview to meet the requirements of the national society.

Auxiliaries were organized yesterday at Liberty and Woodrow. These auxiliaries will work under the supervision of the local chapter and will begin Red Cross work just as soon as the material for the hospital supplies is received by the organizations. At both places the auxiliaries were perfected as recognized organizations and officers for the year were elected.

Mrs. T. Hammond was elected chairman of the Liberty Auxiliary, and Mrs. C. O. Makinson was elected vice-chairman. Mrs. E. Y. Brown was selected as secretary and Mrs. W. H. Barrow was made treasurer. In accordance to an order sent out by the national society, a knitting committee was selected. Mrs. M. D. Leach was made chairman of this committee.

Mrs. T. H. Hickman was made chairman of the Liberty Auxiliary and Mrs. J. F. Garsting was elected as vice-chairman. The other officers elected were as follows: Secretary, Mrs. H. G. Tumberg; treasurer, Mrs. E. J. Johnson, and chairman of the knitting committee, Mrs. A. E. Tumberg.

In response to an appeal sent out by the national headquarters of the Red Cross Society, the membership committee of the local chapter will launch another membership drive. It has been stated that there is room for several hundred more names on the honor roll of the Red Cross Chapter, and that it is not only a duty for every American to become a member of the organization, but a privilege.

The business district will be canvassed next week for new members by the persons serving on the membership committee. An effort will be made to raise the membership of the local chapter up to the standard required by the national society. The fact pointed out by a member of the membership committee yesterday was that the local chapter must have more members if the units expect to keep in the race in helping the nation during the hour of national distress.

Every afternoon many of the members gather at the headquarters of the chapter to make the sewing machines hum in the making of hospital supplies. Within a short time a shipment of the garments and supplies made by the Hale County Red Cross Chapter will be sent to Washington to be transported to somewhere in France. The officers are anxious that

### WILL DEPICT WAR IN STATE FAIR DISPLAY.

War tanks in action, troops engaging in trench warfare and possibly army aviators whirling through the air in mimic battle, are some of the educational and interesting attractions promised by the Council of National Defense in the United States Liberty exhibit to be placed at the State Fair of Texas, October 13-28.

The program agreed upon and partially worked out for the State Fair of Texas and other large fairs of the country is the first in history in which the Government has taken an active part. Realizing the benefit these exhibitions can be, particularly at this time, the Government has determined to take full advantage of the opportunities offered, and the exhibits will be built upon plans in keeping with other gigantic preparations being made as war-time measures.

From the viewpoint of arousing interest and attracting attention, the exhibits to be placed here by the Army and Navy Departments will undoubtedly lead all others. In these will be exhibited and demonstrated the implements, equipment and methods of war of modern times. Not only will this list include the weapons and paraphernalia of the United States troops, but the display will embrace the weapons of offense and defense which American troops will be forced to combat when they take the field against the central powers.

The army exhibit will consist of two divisions. One showing the equipment of soldiers for the fighting front will be housed in the Educational Building. The other division might be termed the field demonstration, as it will be out of doors and will demonstrate actual conditions on the battle front.

The navy exhibit will probably be in connection with the army exhibit within doors, and together these two departments will show practically every type of equipment known to modern war. Submarine, warship and war-plane models of great value, monster guns capable of hurling tons of metal for many miles, machine guns, rifles, helmets, gas masks, shoes, uniforms, rations, modes of transportation, tents and other shelters, and, in fact, equipment of all forms and varieties incident to actual war will be shown. Experienced men who have seen actual service will accompany these exhibits, that each article may be fully explained and their uses made known.

#### Will Duplicate Battle Fronts.

The outdoor division of the army exhibit calls for a duplication of scenes on the French battle fronts. Actual trenches will be dug, barb-wire entanglements will be thrown up and artillery will be placed exactly as would be the case were the ground being prepared for real fighting instead of the mimic struggles which will demonstrate the actions of soldiers in battle. This "battlefield" will occupy not less than an acre of ground, and, if proper arrangements can be made, much more space than this will be set aside for the purpose.

War moving pictures will also be a feature of the display. Special arrangements have been made by the Defense Council to secure the latest and most notable moving pictures of actual scenes in the war zone. These will be exhibited in connection with the Government displays. Accompanying these views will be service men who have fought at the front and who have first-hand knowledge of conditions thrown on the screen by the camera. One of the largest moving-picture producing concerns of the

world has been commissioned to secure and arrange these views.

The United States Government has two objects in putting on so elaborate a program at the fairs of the country. In the first place, it is pointed out, these exhibits will help to increase the interest of the American people in the war and in the problems which must be solved. In the second place, the exhibits will furnish to thousands of mothers, fathers, brothers and sisters who have relatives or friends in the service information they wish concerning conditions under which their loved ones are serving their country and the weapons which they are using in their battle for democracy and humanity.

#### PEACE TO ALL NATIONS.

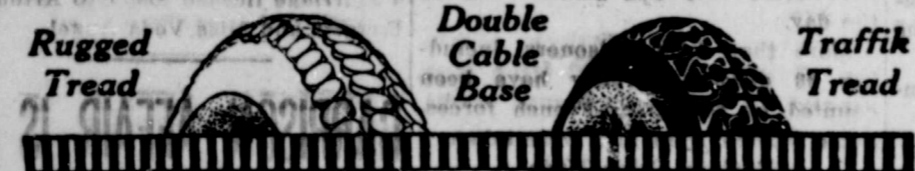

"The sooner we stop this crime against civilization the sooner shall we stop the sacrifice of American lives and the loss of American treasure, and the sooner shall we be able to re-establish liberty, peace and justice throughout the world."—William G. McAloo, Secretary of the Treasury.

#### 30 PER CENT OF DRAFTED MEN TO ENTRAIN SEPTEMBER 5.

WASHINGTON, Aug. 13.—The entire 687,000 men composing the first increment of the army draft forces will be under training early in October. Under orders issued today the first thirty per cent of the quota of each district will begin entrainment for cantonments September 5, the next thirty per cent September 15, and another 30 per cent September 30. The remaining ten per cent will be mobilized as soon after that date as possible.

Mr. and Mrs. S. W. Meharg have had as their guests Mr. and Mrs. J. H. Meharg of Italy. They returned home last Wednesday.

## FEDERAL TIRES

Tread design perhaps has little influence on your choice of tires. Yet efficient skid prevention is a big advantage.

Federal Rugged (white) and Traffik (black) non-skid treads were not designed for good looks, but for good traction and safety. And they are genuinely efficient.

They embody the best tire construction that a great plant and years of experience can produce. Equip your car with these "Extra Service" Tires. They cost much less per season.

### Don't Overheat Your Battery

In summer, when you're not using your lights a great deal and when the motor starts easily and quickly—be careful that you do not overfeed your battery.

Overfeeding means overheating, and continued overheating means the ruin of the battery.

When you're touring, or running your machine a great deal, take the battery's temperature occasionally, and if it is getting up to 100° and over—burn all the lights until it has cooled down.

Or if you haven't a thermometer, let us take your battery's temperature.

Next time you're near, come in—our battery experts will be glad to explain overheating thoroughly. Ask for the Willard Booklet—"Are You Overheating Your Battery."

**COMMUNITY PACKING HOUSES  
HELP TO SOLVE LABOR PROB-  
LEMS AND GIVE BETTER  
RESULTS.**

Community apple-packing houses are likely to solve the problem of labor in handling, in a short period, the increasing apple crop of the Pacific Northwest. The success of the centralized packing plants in 1916, not previously tried to any considerable extent in this region, was indicated by the wide adoption of this plan last season, when perhaps one-fourth of the crop in Oregon and Washington was packed in community houses. Investigations of the new enterprise last season conducted by specialists of the Bureau of Markets in the United States Department of Agriculture, and now published in a preliminary report, make available for interested organizations and individuals, suggestions as to best methods of constructing, equipping, and operating such packing plants.

**Advantages of Community Packing.**

The advantages of the community over the individual or ranch plan of packing, according to the specialists, are better and more uniform grading and packing, obtaining experienced labor more readily and using inexperienced labor more effectively, using expensive labor-saving equipment such as sizing machines and gravity conveyors, which the small grower could not afford, and the simplifying and facilitating of inspection work.

**Method Not Yet Perfected.**

The community packing-house scheme is new and consequently an unperfected phase of the apple industry. Although the idea was widely employed last year, its adaptations were largely experimental. Investigations by department specialists was undertaken to sift from the various plans tried the best and most economical method of handling apples through all the operations of picking, hauling from the orchard, receiving at the packing house, grading, sizing, packing, storing, and loading on the cars. Sixty packing houses at or near Spokane, North Yakima, Wenatchee, Cashmere, Entiat, Pateros, Brewster, Okanogan, Omak, and Walla Walla, Wash. and Hood River and Medford, Ore., were included in the study. Of these 60 houses, 33 were operated as community houses, 7 were operated by dealers somewhat on the community plan, and 20 were ranch houses. Individual or ranch packing houses and operators were included in the investigation so that the efficiency and economy of the two systems might be compared.

**Tanlac Makes Her Well and Strong  
After Fifteen Years of  
Suffering.**

"Tanlac has made a well woman of me after I had suffered for fifteen years had had gotten to the point where I didn't believe I could possibly live much longer," was the remarkable statement made a few days ago by Mrs. Lottie Swofford, wife of H. H. Swofford, the popular salesman for the Jewel Tea Company, and living at the St. Charles Hotel, Galveston, Texas.

"Yes, it's true," continued Mrs. Swofford. "I have gained seventeen pounds on Tanlac and I am stronger and feel better than I have since I can remember. Every since I was a child I have suffered terribly with catarrh of the stomach and I don't believe anybody could have been in a worse condition than I was for the past few years. I suffered constantly with the most awful pains in my stomach and nearly all over my body, and I had such terrible headaches that sometimes I almost went distracted.

"My food soured on my stomach and formed gas that would get around my heart and smother me so I could hardly breathe and my heart would flutter and palpitate until I almost thought it would jump out. I got to where I didn't hardly eat enough to keep a bird alive, but even that little would come right back in my throat undigested and last my stomach got into such a condition that it wouldn't even retain raw eggs and I had to live on beef tea alone.

"I was so weak that I couldn't walk across the room and when I tried to walk I would get so dizzy I would fall, and would have to be lifted around from place to place. I was as nervous as I could be and the slightest sound would make me jump and tremble all over, and I gradually went down in weight until I only weighed eighty-five pounds. I was an absolute wreck, and didn't see how I could possibly ever get well. I tried everything I could find, but I didn't get one bit of relief, and goodness only knows where I would be now if it hadn't been for Tanlac.

"I began taking this medicine as a sort of last resort, and I couldn't tell at first whether it was doing me good or not, but I stuck to Tanlac, determined to give it a thorough trial. Well, sir, when I was on my fourth bottle I began to notice an improvement, and from that time on I kept

getting better, and now, after taking eight bottles, I feel as well as I ever felt in my life. I never dreamed or dared to hope that I would feel as well as I do now and I can't begin to tell you how grateful I am.

"All my troubles are gone and my nerves are as steady as iron. I eat just anything I want and nothing gives me a minute's trouble, and I now weigh one hundred and two pounds. I sleep splendidly and feel strong and full of energy all the time. Why, it's no effort at all for me to walk from here to the beach and back, and that's a distance of two miles, and I feel so fine I just can't help telling everybody about Tanlac. My husband thinks it's the greatest medicine that was ever made, and he tells all his customers how it brought back my health when

nothing else would even help me. I am glad to give this statement and I hope that lots of other suffering people will read it and get relief like I did."

Tanlac is sold in Plainview by Long-Harp Drug Co., and in Hale Center by Hale Center Drug Co.

**Clothes for Men of Affairs**

There are many men built like the one in the picture. There are others who belong to the opposite extreme. Some are short; others are tall, erect; or head forward; many of them believing that the only way to get clothes that fit is to have them tailored to measure.

That's costly and uncertain, these days.

Hart Schaffner & Marx clothes are here ready and there's a fit for every man.

These makers use nothing but the finest all-wool fabrics in their clothes. We have conservative models for men who like them, and younger models for middle aged men who prefer to look as young as they feel. Take your choice. You can have your money back if you are not satisfied.

We make a specialty of fitting "hard to fit" men in shirts and underwear—sleeves just the right length; no binding or drawing under the arms—the prices are as easy as the garments feel on you—and that's mighty easy.

**BE REASONABLE**

Growling and abusive condemnation never made a fellow quit drinking or smoking or gambling. To tell a man that he is an ass because he doesn't agree with you, won't make him change his opinion. In fact, he's apt to think that the man who calls names belongs more in the donkey category than a man who reasons. And he's right. Abuse isn't argument.

Persuasiveness is the article that brings sales. Smile when you tell a man that don't agree with him. Try to show him by reason that he's wrong. Finally, if he refuses to come to your belief, don't end up by abusing him. Two can play at that sorry game.

Be reasonable. It makes little difference whether you are a Rooseveltian or a Wilsonian, you can manifest the reasonableness of logical arguments and sensible chatter. Men differ in opinions just the same as men differ in tastes. All are not made alike. What your friend may believe in you may not. But be reasonable and have respect for his opinion.

The Kaiser's desired place in the sun is taking the form of a Teutonic optical illusion since the "Sammies have landed in the land of France.

**WELCOME! OFFICERS!**

Greetings! Officers of the American army We are glad to have you in our midst, and while you are here the city is yours. We cherish and appreciate your association and companionship. We honor your accomplishments and achievements. We are proud of your determination to help the American nation during the hour of national crisis.

When we anticipated your arrival in Plainview, we were inclined to believe that we may see khaki uniforms filled with self-conceit or egotism. We were wrong in our anticipation—absolutely wrong. Instead of egotism and self-conceit, we glanced upon good-natured and benignant young men of America. We were struck with the spirit of democracy and friendliness that prevailed. We congratulate you upon your unquestionable refinement as soldiers. We honor you for your dexterity and your aspirations. We appreciate your visit.

The spirit of welcomeness and friendliness prevails in your home town. Captain Austin F. Anderson, Second Lieutenants Casey Hughes, Jennings Anderson, Earnest Fowler, Sim E. Eheffy, Burke Mathes, Herbert Hilburn, M. B. Hilburn and Robert Brahan we want to shake your hands. You have reflected honor and credit on your home town. All of us glorify ourselves in having you as our guests. The city is yours.

**With The Home Economics Clubs**

Shreveport, La., Aug. 13, 1917.  
Dearest Club Girls:

I am just starting on a continuation of my trip, begun a few days ago, but must get off your club letter. I am driving, together with my daughter, Miss Lucile Parks, to Washington, D. C., by auto. I am making this trip to study conditions and to gather information that will help me to plan a good year's work for my beloved Texas girls. I will try to send you your regular weekly letters, however. You must not neglect to can something of the season's products, for you are to be judged later on your efficiency along those lines. You have plenty of back lessons to work on, so don't be idle for want of lessons. Your year's work will be along different lines, but you will be glad you have studied your club lessons.

I saw Mr. Roemer as I passed through Dallas and he asked to be remembered to the State Department of Agriculture club girls.

The crops and the country are lovely from Waco to Dallas, especially in Ellis County. From Dallas to Shreveport the highways are flanked on either side by wonderful forests of huge trees. I think East Texas is beautiful.

Will write you again next week. With lots of love,

Cordially,

MRS. J. L. LANDRUM,

Organizer and Supervisor of Home Economics Clubs, State Department of Agriculture.

**OLD SOLDIERS REORGANIZE.**

The local camp of the United Confederate Veterans was re-organized last week at the courthouse. The following officers were elected: Captain, C. W. Tandy; first lieutenant, H. S. Pearson; second lieutenant, L. H. Rosser; adjutant, J. G. Hamilton; and chaplain, A. B. Roberts.

The charter members present were F. M. Wells, H. W. Harrel, J. P. Thompson, J. L. Boswell, J. C. Jones, L. H. Rosser, C. W. Tandy, J. G. Hamilton, G. J. Miller, R. A. Barrow, H. S. Pearson, W. C. Crawford, A. B. Roberts, J. E. Fitzgerald, W. B. Alexander, J. M. Jordan, R. A. Watson, J. R. Martin, J. H. Roberts and A. J. Bell.

The camp will meet the first Saturday in each month, and at each meeting talks will be made by the old soldiers. They have all gone on record as supporters of the American nation during this national crisis, and many of them say that they cherish the hope that they may again see service.

**EXTRA SPECIAL**

**FOR SATURDAY, AUGUST 18 ONLY**

In our big profit sharing contest, in which we have offered five magnificent prizes to those who will work for us by bringing in new trade, we have decided to make an extra special vote offer for Saturday, August 18th, noly.

On that day we will give 100 votes for each 25c cash purchase, and 500 votes for each \$1.00 cash purchase.

Our contest is progressing nicely but no contestant is so far advanced but what a little work on the part of a new contestant would place that person in the lead. This special day offer gives the new ones a chance to get started and the ones who are already in to increase their leads. Tell your friends you are working for that beautiful Bungalow Player Piano and that you will appreciate having them make their purchases on this special day.

Then there are the merchandise books which have extra vote values. These little books may be purchased here or from the candidates. The coupons in them are good any time for any merchandise. Candidates who sell these books, or friends of candidates who purchase them, will greatly benefit in extra votes obtained. When the tickets are used they are good the same as cash for votes in addition to the heavy extra votes given when the books are purchased.

You are urged to get in close touch with the contest manager and see how a little extra work in selling merchandise books will help your standing in the contest.

This contest is not intended to get rid of a lot of old stock. Every purchase of any kind of goods at any time gives someone credit in votes.

## SERVICES OF WOMEN NEEDED BY RED CROSS CHAPTER.

The latest news the Government has sent to all American homes is that drafted men will be mobilized for the defense of the American nation, beginning September 1. These young men have been called upon to do their bit in the hour of national crisis.

The Government has called upon the American women to serve during the hour of darkness. It has not drafted the women, but trusts in the women to do their bit. One piece of work the nation has turned over to the women is the making of hospital supplies for use on the battlefield, where the struggle for life and death is raging every minute.

The local Red Cross Chapter is in need of help. It wants women to help in the work. An invitation has been extended to every woman in this city to come and give her services. Every afternoon, from 2 o'clock to 6 o'clock, the door of the Elks' Home is open to those who want to help in Red Cross work.

Mrs. O. M. Unger left this week to visit relatives and friends in Ohio.

## A Special Exhibition of the New Mechanical Bookkeeper at THE THIRD NATIONAL BANK

A cordial invitation is extended to you to come into this bank and inspect the wonderful Burroughs Bookkeeping Machine which we have just installed. This "bookkeeper with brains of steel" that cannot make a mistake is on exhibition in our banking room.

We want you to see just how this machine operates—how it adds, subtracts and figures balances without an error. Our bookkeepers will show you exactly how our books are posted by machinery. The demonstration will be both interesting and instructive. Samples of the work will be distributed to everyone present.

This machine has been installed for the purpose of giving added protection to our depositors. We urge you to call and become acquainted with this improved method of handling your account.

**ALL FEEDS WILL BE HIGH.**

"War times make unusual conditions. A year ago a \$2 minimum on wheat would have been an unheard-of condition. Today it is a reality. And when we consider the well known sympathetic tendency of prices on interchangeable commodities, what must we expect of alfalfa?"

"If crop conditions were normal, prices would be high. But with a short crop (the Government report to the contrary notwithstanding) due to frost in Nebraska and drouth in Kansas, Oklahoma and New Mexico, prices are bound to reach abnormal levels."

"Today we find the hay market swamped with receipts of alfalfa, and every car snapped up at daily advancing prices. There were 1,050 cars of hay sold on one market during the month of June, 1917, as against 408 in June, 1916, and up to July 24, 1917, 1,200 cars have been marketed, as against 673 for July, 1916, a gain of over 100 per cent. And yet, in spite of these unusual offerings, market prices continue steadily to advance."

"The alfalfa mills of the West were forced, by the unprecedented demand for meal for immediate shipment, to start off at least two months before their accustomed time."

"In the Panhandle and in parts of New Mexico, the large cattlemen are paying as high as \$30 per acre for 30 days' pasture on alfalfa land. This is caused by the lack of sufficient rainfall to produce grass on the range. There is no record of this happening in any former year."

"With these few facts before us, is it any wonder that the farmers are asking such high prices for their hay? And can anyone tell where the top will be?"

"Still, in spite of all this, alfalfa millers contend that alfalfa meal and the mixed feeds made from it are the cheapest stock feeds on the market. With high-priced wheat, the demand for oats for human food will be greatly increased during cold weather. A sharp advance in price is a certainty."

"In short, we believe that the buyers may as well reconcile themselves to a season of high raw material prices. He will be a wise feed manufacturer who accepts this condition as inevitable and uses his surplus energy to 'sell' the consumers on mixed-feed value."—Trade Letter.

*There's more to this cigarette than taste*

You bet! Because Chesterfields, besides pleasing the taste, have stepped in with a brand-new kind of enjoyment for smokers—

Chesterfields hit the smoke-spot, they let you know you are smoking—they "Satisfy"!

And yet, they're MILD!

The blend is what does it—the new blend of pure, natural Imported and Domestic tobaccos. And the blend can't be copied.

Next time, if you want that new "Satisfy" feeling, say Chesterfields.

CITATION ON APPLICATION FOR PROBATE OF WILL.

THE STATE OF TEXAS To the Sheriff or any Constable of Hale County, Greeting:

YOU ARE HEREBY COMMANDED to cause to be published once each week for a period of ten days before the return day hereof in a newspaper of general circulation, which has been continuously and regularly published for a period of not less than nine years in said Hale County, a copy of the following notice:

THE STATE OF TEXAS

To all persons interested in the Estate of Jas. T. Phelps, deceased, Marshall Phelps has filed in the County Court of Hale County, an application for the Probate of the last Will and Testament of said Jas. T. Phelps, deceased, filed with said application, and for Letters Testamentary of the estate of Jas. T. Phelps, deceased, which will be heard at the next term of said Court, commencing on the first

Monday in September, A. D. 1917, the same being the 3rd day of September, A. D. 1917, at the Court House thereof, in Plainview, at which time all persons interested in said Estate may appear and contest said application, should they desire to do so.

HEREIN FAIL NOT, but have you before said Court on the said first day of the next term thereof this writ, with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said Court, at office in Plainview, Texas, this 8th day of AUGUST, A. D. 1917.

How about building that implement house to protect your machinery? They have cost you too much good money to allow them to remain out of doors this winter. Don't say lumber is too high, the little additional cost in advance of lumber, you will not notice it. Cold Days Require Coal

Why is it that some folks always delay their coal buying and the installing of their stoves until the last minute when every member of the family has run the risk of serious cold or pneumonia and until all of the coal and stove dealers are so busy they cannot give the best service? Surely the wise man will not be caught in a blizzard with his coal supply not yet laid in.

We have the supply of coal, we have the prompt service, and the prices are lower now than they will be when winter gets here. Isn't it good health insurance, isn't it good business, isn't it the sensible thing to do to place your order now?

Just phone us at 162 and we will do the rest.

MORNING SESSION OF SINGING CONVENTION TO BE GIVEN OVER TO VISITORS.

The program committee of the Hale County Singing Convention has decided that there shall be no program published for this month's meeting, August 26. The meeting will be called at 10 o'clock in the morning of the convention day and will open with songs led by the various leaders of the classes.

The program committee has made this change in the program in order that more time may be allowed the visiting singers, who have consented to appear here on that day. In the afternoon a special program will be arranged by the committee which will include contest singing between all the different classes of the county.

The announcement was made today that a rally and get-together meeting will be held at the Church of Christ next Tuesday night. Every class is urged by the program committee to

Herbert Brenon PRESENTS FLORENCE REED IN 'THE ETERNAL SIN'

SELZNICK PICTURES

Herbert Brenon's second Selznick-Pictures production. "The Eternal Sin" is a masterpiece of beauty. With a gorgeous setting, one of the most sensational stories ever placed upon the screen or the stage is told. The central character is Lucretia Borgia, who is regarded by some historians as the worst woman the world has ever known. In "The Eternal Sin" another side of her character is shown, and it develops that she had as great capacity for love and devotion as she had for hatred and revenge. The manner in which in her attempts to avenge herself upon certain bitter enemies, she places the person she loves in most dire peril, and brings about a tremendous tragedy, is one of the greatest stories ever told by that master of literature Victor Hugo. Florence Reed will be seen as Lucretia, other members of the distinguished cast are Wm. E. Shay, Richard Barthelmess, Alexander K. Shannon and many more film favorites.

In addition to this big picture will be another of those interesting Pathe News.
