## Star Lites

By Bill Ellis

ONCE AGAIN, the mass media claims to have decided a presidential race, having for quite some time stated that the race was "all over but the shouting," and proclaiming that their candidate, Bill Clinton, has won the day.

This time they might be right, and if so, the mass media can congratulate itself on the way it has dwelled on the "downside" of President Bush's administration, having blamed Bush for everything from Hurricane Andrew to the fact that a Canadian team won the World Series.

The economy has been one of the biggest issues throughout the campaign. Economists have predicted that by early 1993 the economy would be on a definite upswing and whoever is in the oval office by that time will be the beneficiary of that good omen. However, the economic indicators had already started back up this past week with President Bush still in office.

But, just as on election day, most voters on the West Coast and in the later time zones have had to ignore such things as "exit polls" and an early concession by this same media, voters across the country still need to go out on Tuesday and cast their ballots with their own well-being in mind.

We need to hear from Middle America, and the so-called "Silent Majority" before we concede the election. After all, next Tuesday's poll is the only one that really counts.

And while Bush has taken the blame for all the country's ills, Clinton's campaign has managed to steer the focus away from his character flaws and his liberal tendencies that would quickly lose most of his support in Texas, to the point that "change" seems to be the by-word.

We wonder if change, just for the sake of changing is such a good idea.

And, as Rush Limbaugh has often observed: "If character isn't important, why isn't Ted Kennedy president?" I wonder, do we really want "Hill-Bill-ary" in the highest office and our country becoming the laughing-stock for the rest of the world's nations? Do we really want a lot of liberal judges appointed to the bench? And are we looking forward to unimaginable moral decline in our country?

These are some of the questions that voters must ask themselves prior to Tuesday's election.

The emergence (and disappearance and re-emergence) of Ross Perot in the race has muddied the water even further for the 1992 presidential race.

As we see it, Perot can only serve to draw votes from Bush, especially in such states as Texas.

Ye editor believed from the start that Perot's intentions in getting into the race was mainly to disrupt the Bush campaign, and nothing he has done during the course of the campaign has caused me to change my mind on this. In fact, his charges of this week only underscore that argument.

So, if you're prone to vote for Perot, you might as well go ahead and cast your vote for Clinton, since the most Perot could hope to do would be to throw the race into the Democratic-controlled congress.

But it's your vote--so go cast it. From the looks of things, a big turnout is expected, so you may as well get your "two cents worth" in.

## Muleshoe Entrant Wins Grid Contest

Only one contestant correctly picked 14 games, and three others named 13 winners, and that considerably narrowed the field when searching for weekly winners in the Friona Star's Football Contest for the past week.

When the smoke had cleared, Richard Orozco of Route 2, Muleshoe, claimed the weekly top cash prize of \$10.00 when he was the only contestant to pick 14 of the 16 contest games. His misses were Shallowater-New Deal and Miami-Indianapolis.

Of the three contestants who had scores of 13, Steve Gartin of HCR 1, Friona missed the Dallas-Los Angeles Raiders' tie-breaker score by only one point, to grab second place money of \$7.50.

Gartin picked the Cowboys to win, 27-13, when the actual score was 28-13--about as close as you can get. His misses were Shallowater-New Deal, Kansas City-Pittsburgh and Miami-Indianapolis.

Rodney Shelby had to settle for third place when his tie-breaker score was seven points off the mark. He picked the Cowboys to win over the Raiders, 24-10. His misses were Hart-Sudan, Kansas City-Pittsburgh and Miami-Indianapolis.

Also picking 13 games correctly was Dennis Field, but he lost out on the weekly prize money when he missed the tie-breaker score by 21 points. Field picked the Raiders to upend the Cowboys, 20-14.

Nineteen contestants had the good score of 12 for the week, finishing just one point out of the

winner's circle. These were Tim Elmore, Steve Shrode, Charlie Morgan, Bill Carter, Buford Hartwick, Terron Talley, Francisco Torres, Jerry Bentley, Myrtle Melton, Ted Procter, Junior Mariscal, Martha Clements, Jon Field, Dee King, Kevin Wiseman, Jesse Morales, Donnie McDonald, Alesia Tucker, and Mal Manchec.

Twenty-four other contestants correctly picked 11 games for the week, and another 21 had scores of ten.

In the race for grand prize, Mal Manchec of Hereford, a former Friona resident and school teacher, took over the lead with a score of 82. Shirley Steinbock of Lazbuddie is second with a score of 81.

Tied for third with scores of 80 are Dennis Field, Tom Johnson of Whiteface, Dianne Morgan, Francisco Torres and Bobby Wied.

Bill Carter and Jackie Morgan are tied with scores of 79. Seven contestants are next at 78.

Contestants are vying for the grand prize of \$100, to be awarded at the close of the annual contest. Scores of all the leading contestants may be found elsewhere in this issue.

## Boy Scouts Are United Way Agency

The Boy Scouts of America is an organization that works with young boys to teach leadership skills and self reliance. The organization has a strong commitment to God and country.

In Friona, the organization is divided into two groups. The Cub Scouts include boys that are first graders through fifth graders, and the Boy Scouts are sixth graders through their eighteen years of age. These Scouts work on various projects throughout the year and also go camping and take field trips.

Friona has the largest Cub Scout program in our district, serving 68 boys with 11 leaders. The Boy Scout troop serves eight boys with three adult leaders. These leaders donate their time and energy to make the program work.

The United Way helps to fund these various activities and also supplies funds, which allows the group to maintain their own building to conduct meetings in. "So, with the United Way's support, we are able to turn boys into young men with positive values and clear judgment," said a spokesperson for the Scouts.

## Large Turnout Expected Tues.

A large turnout of voters is expected in Tuesday's general election. County Clerk Bonnie Warren said Thursday that the early voting totals will surpass the previous record by at least 100.

In the last presidential election, 1988, a total of 235 people voted early. The number was well over 300 as of Thursday morning, with another "early vote day" underway at Friona. Mrs. Warren said that a large number of Friona voters took advantage of the first date on October 22.

Bolstered by the presidential election, as well as congressional, local, state and district, the election has generated considerable interest.

Locally, the sheriff's race between incumbent Rex Williams and challenger Randy Gerles has

generated some interest, as well as a write-in effort by Jerry Stover against Doris Herrington in the County Tax Assessor-Collector's race.

These races are expected to make Parmer County's totals somewhat larger than average.

Polling places will be as follows: (Precinct number listed first).

101--Calvary Baptist Church, Friona; 201--Bovina EMA Building; 202--Friona Community Center; 203--Rhea Community Center; 301--Farwell Community Center; 302--Oklahoma Lane Methodist Church; 303--Bovina Ridgelea School; 401--Lazbuddie School; 402--Friona Fire Station.

The polls will be open from 7 a.m. to 7 p.m. on election day.

## United Way Campaign Begins In Friona Monday

By Marca Lynn Herring

What would Friona do without the United Way? You would see many Boy Scouts, Girl Scouts, 4-H's, and baseball kids going around town trying to raise money. They would have bake sales, car washes, selling door to door such items as popcorn, candles, and magazine subscriptions. Their dues just will not cover the expenses of upkeep on their buildings, supplies, T-shirts, trophies, etc.

The Salvation Army and Red Cross are national organizations that do much good throughout the country.

Locally, the Salvation Army helps the Ministerial Alliance with the homeless, helps pay utility bills, buys groceries, and pays hospital bills for those who don't have the resources at the time. They also provide Christmas baskets to these same people.

The Red Cross is everywhere there is a National Disaster. Some of your dollars went to help the recent hurricane victims in Florida.

Locally, the Red Cross helped furnish a home for our Lazbuddie folks who were victims of a tornado, and provided groceries until they were able to "get back on their

## Heritage Group Will Raffle Oil Painting

Tickets will be sold by the members at \$2.00 each as chances on a drawing for this painting. The drawing will be held at the Christmas Craft Bazaar in the Community Center on Saturday, November 14.

Tickets will be available from any member of the Heritage Society and also at a booth in the Community Center during the Bazaar.

Proceeds from this fund raiser will go toward the upkeep and continuing renovation of the old Santa Fe Depot Building in the City Park.

feet." They also aid the Salvation Army with transient needs.

No one knows how much the Parmer County Child Welfare Board and the Mental Health/Mental Retardation counselors from Plainview help people in our local area. These agencies are here to help with our needs which require more professional attention.

Friona "Meals On Wheels" and the Panhandle Community Services are our two newest organizations needing help. Meals on Wheels started with our local churches feeding the elderly and homebound. The good, nutritious meals are prepared at the hospital, picked up by volunteers and taken to our older friends. They pay what they can, but some-

Those in charge of the program said "Thank you, Friona, for your participation."

## Letters To The Editor

Dear Editor,

It is appalling to learn and to know that so many local people have not read our Constitution, or do not actually understand it. But this is really not surprising when you learn that some of the million dollar anchor newsmen, some Oxford and Harvard graduates, and the majority of our congressmen and senators do not know what our Constitution says. Congressmen, drawing over a million dollars in tax free salary and expense accounts should know what their obligations and responsibilities are to be a congressman.

We are governed and controlled by the Constitution, as written. The Constitution defines clearly the powers vested to each branch of our government.

All legislative powers are vested in the Congress and in Congress only, with powers to tax, to make and pass laws, and is charged with our domestic problems and with the general welfare of our country. Congress is the only ones with powers to tax, make laws and regulations. Our economy and unemployment is their problem.

The President, the administrative officer, enforces and defends the constitution, commands the armed forces and conducts our foreign policy and foreign affairs. He has no power to tax, make laws or regulations. The President can do only what the Constitution permits, and must do what it requires.

The Presidential and Vice-Presidential candidates debating the economy of our country is equivalent to a court trying an innocent person for murder and letting the real criminal go free.

If we want to solve our economic problems and put people back to work, we must elect people to Congress and to the Senate dedicated to take that responsibility. They can't blame our economic condition onto the President because he did not create it.

With a fox in the henhouse killing your chickens, you don't put in another fox to cure the problem.

Sincerely,  
G.R. LaMaster

## Concert Association Kicks Off Season

The theatrical dance company, "Dance Through Time" will be performing in the Hereford High School Auditorium, November 3, 1992, at 8 p.m.

The performance kicks off the 1992-93 season of the Hereford Community Concert Assn.

The theatrical dance company, Dance Through Time was founded in 1980 by noted dance historian and choreographer, Carol Teten.

The non-profit performing company's unique artistic mission is to research, preserve and authentically present the dances of our European and American heritage from the last 500 years. Under Ms. Teten's leadership, the company has grown from a core of two dance apprentices working out of the director's home, to a highly respected company of eight professional dancers now based in San Francisco. The Company has carefully recreated an extensive and growing repertoire of authentic and theatrical dances of the past and present.

past to new life. Dance Through Time's entertaining and accessible performances attract broad-based audiences from young children to grandparents, instilling a new respect and appreciation for the art of dance.

Dance Through Time travels through the countries which have stood at the hub of Western culture, from Italy, France and England to 20th Century America. Mainstage and chamber performances are richly costumed from a collection of 500 authentic fashions and incorporate dialogue, song and music of the times. The Company reflects the evolving relationships between men and women and how people, throughout the centuries, have expressed themselves through movement.

The Company performs year-round in concerts, special events, master classes, lecture-demonstrations and residencies.

## Def. Driving Course Slated

Central Plains MH/MR, in cooperation with the National Safety Council and operating under Texas Safety Association license #605, will be offering a Defensive Driving Course on November 7 at 715 Main, Friona. Class will begin at 8 a.m. and end at 5 p.m.

Fee for the class is \$25 due in cash or money order only. To pre-register, you need to call the Parmer County Counseling Center at 247-3522.

Although Dance Masters through the centuries left us records of dances of their times, very few people today have the knowledge and training to decipher these dance notations. Stimulated by the prospect of enabling dances throughout time to live again, Ms. Teten formed Dance Through Time. Through years of extensive research from original sources, deciphering multiple notation systems and languages, performances were created bringing these richly textured (provocative) dances of the

In the right background is Bill Stovell of Friona.

## TCFA Meeting Is Well-Attended

Hundreds of area civic leaders and officials and government officials joined cattlemen, bankers and those from affiliated industries at the kickoff of the 25th Anniversary convention of the Texas Cattle Feeders Association last Sunday in Amarillo's Civic Center.

Sunday's events began with an overview of TCFA, using live actors and video. The presentation traced the history of TCFA from its beginning in 1967, as the cattle-feeding industry was beginning to blossom, through the price freeze, boycott and "wreck" of 1973 to today's market.

The video contained photos of the late Jack Carrothers, Friona Industries official who served as the first president of the Texas Cattle Feeders Assn., along with an interview of his widow, Betty, who now lives in Austin. "Jack would be so proud to see how far the industry has progressed, and how

strong the TCFA has become," Mrs. Carrothers said.

Also included on the video was Bill McCoy, manager of Friona's West Plains Feed Yard, spotlighted as one of the industry's typical young, energetic officials.

A large part of the presentation was devoted to expressing the impact of the cattle feeding industry on the region. It also focused on the leadership role TCFA has played in the industry, including its beef checkoff, in response to the problems of 1973.

The checkoff now is being used to fund advertising, education and other efforts. TCFA has also been a leader in developing environment, management and marketing information that has served as the template for the rest of the industry.

The TCFA now encompasses members in Texas, Oklahoma and New Mexico.

Memorial services for Ruth Lena Rushing, 72, were conducted Sunday, October 25 at the First United Methodist Church of Friona, with Rev. Don Kirklen, pastor of Redeemer Lutheran Church officiating.

Private graveside services were held Saturday, October 24 at Friona Cemetery, under the direction of Ellis-Blackwell Funeral Home.

Mrs. Rushing passed away Friday, October 23 at her daughter Janet's home near Clovis, N.M., following a lengthy illness.

Ruth Sachs was born May 16, 1920, the daughter of George and Clara Sachs, pioneer residents of the Rhea Community. She married Eric M. Rushing December 25, 1942, in Cambridge, Massachusetts, following his graduation from Naval Supply School at Harvard University. He soon was sent overseas, spending two years in North Africa.

Eric and Ruth lived in the Clovis area where their sons Eric Vance and George Ray were born. In April, 1948, the family moved to the Rushing farm west of Friona. Their three younger children, Janet Lynn, Jane Carol, and William Thomas (Billy), were born here.

The Rushings operated a dairy farm for ten years, later renting their land and opening Rushing Insurance Co., which Eric operated until his death December 2, 1975.

Mrs. Rushing was a member of Redeemer Lutheran Church of Friona.

Survivors include two sons, Eric V. Rushing and George Rushing,

both of Friona; two daughters, Janet Phipps of Clovis, N.M. and Jane Rushing to Kalona, Iowa; one brother, Melvin Sachs of Farwell and one sister, Irene Gober of Farwell.

# Christian Beware:

## Do Not Put the Economy Ahead of the Ten Commandments.

Did you know that Governor Bill Clinton.....

- \*Supports abortion on demand? (Violates Exodus 20:13, Leviticus 20:1-5)
- \*Supports the homosexual lifestyle, and wants homosexuals to have special rights? (Violates Exodus 20:14; Leviticus 20:13. See also Romans 1:26, 27)
- \*Promotes giving condoms to teenagers in public schools? (Violates Exodus 20:12, Colossians 3:5. See also Romans 1:28-32)

Bill Clinton is openly promoting rebellion against God's Laws. In our desire for change, do we really want as a president and a role model for our children a man of this character who supports this type of behavior?

### But what about the economy?

Yes, we are in tough economic times, but God forbid that we sell out our most sacred beliefs for the hope of financial gain. Furthermore, how can we expect God to bless our economy if we plummet down a path of immorality? (Deut. 28)

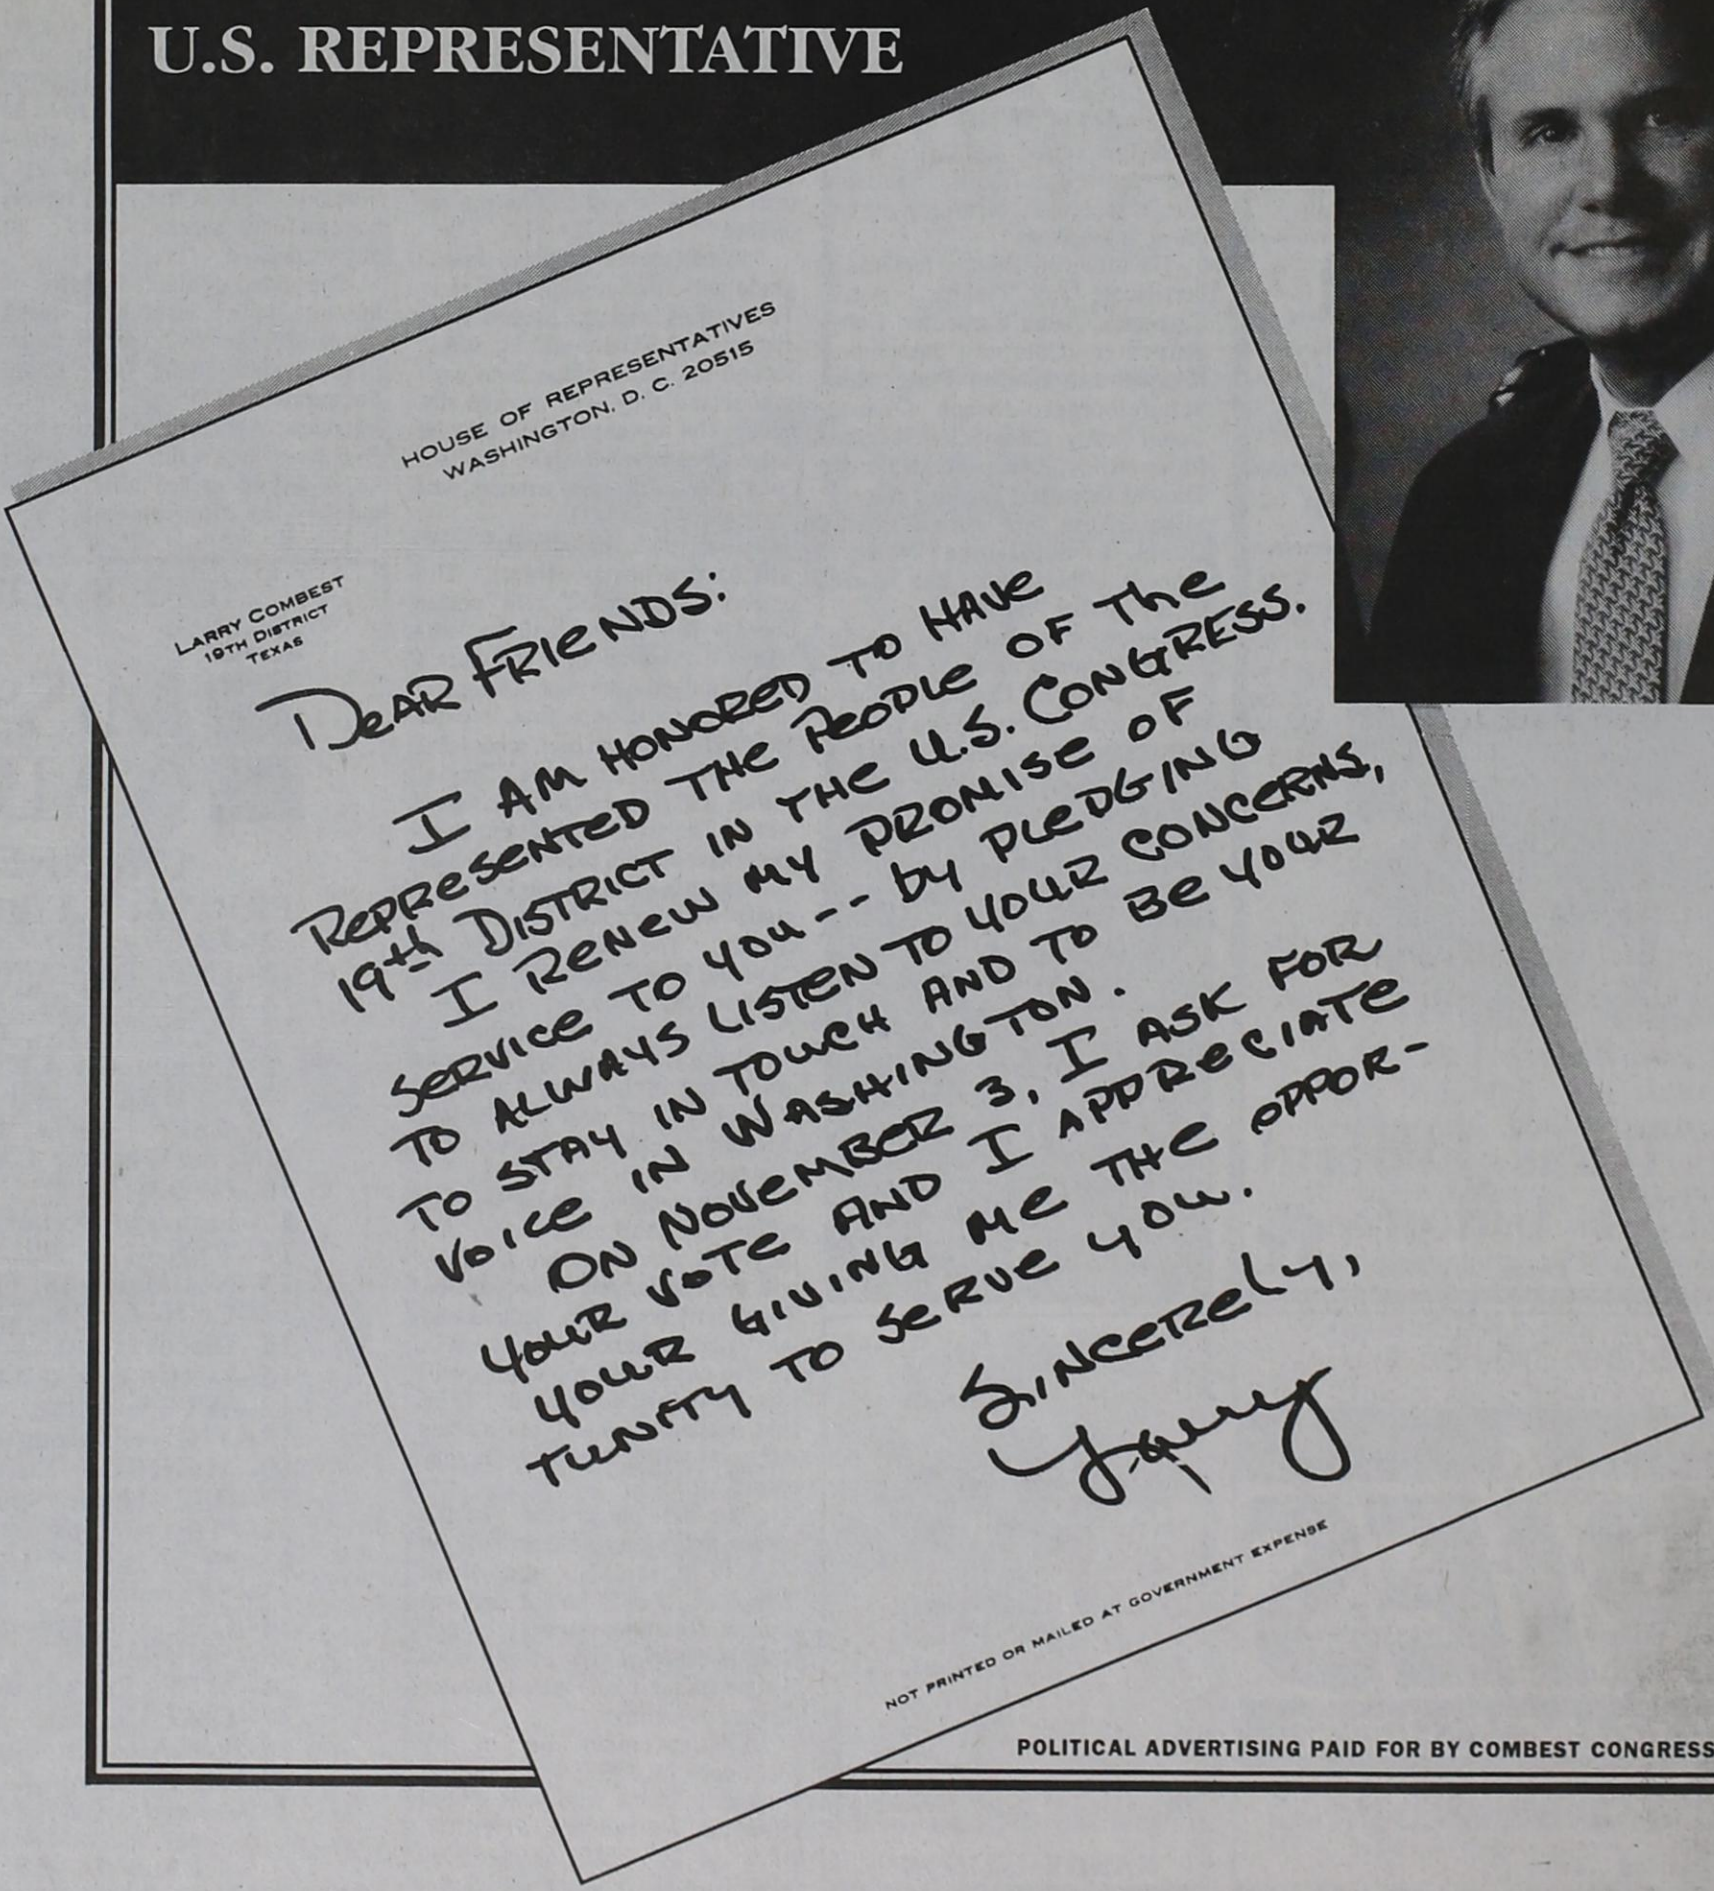

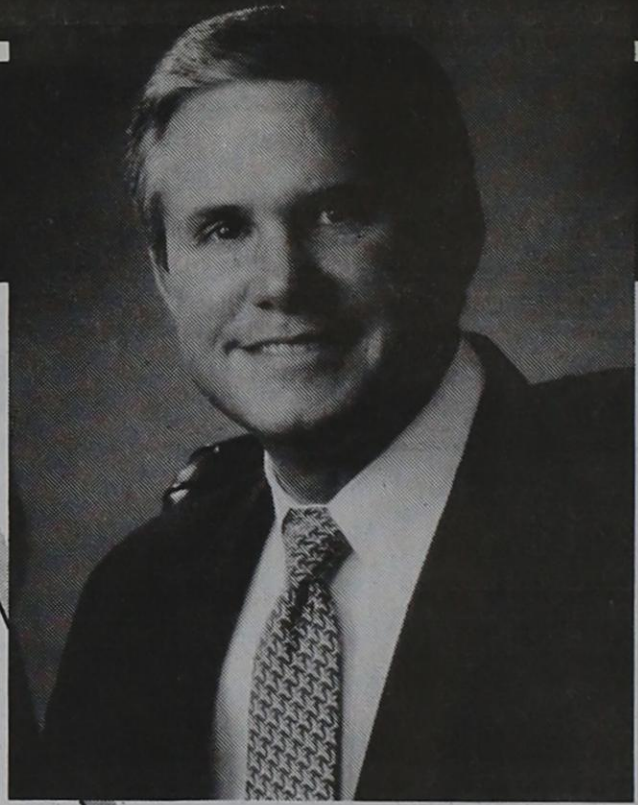

The Bible warns us to not follow another man in his sin, nor help him promote sin--lest God chasten us. (See Deuteronomy 13, Jeremiah 23, Proverbs 4:14; 11:21; 16:5; 1 Timothy 5:22)

### How then can we vote for Bill Clinton?

# Pumpkin Pie Recipes

**BY CARLA MCKEOWN**  
As the green leaves of summer change into autumn's golden hues, the vegetables we've eaten for the past several months are replaced with different garden bounty. Fall and winter are my favorite seasons. I love the briskness in the air and the festiveness of the holidays.  
Just as the watermelon with its bright green rind and juicy red flesh personifies summer, the pumpkin's thick orange skin and hearty meat exemplifies fall. Although pumpkin can be used to flavor everything from soup to bread to sandwiches, pumpkin pie is one of the traditional symbols of fall.  
Fresh pumpkin can be cooked several ways and used in place of canned pumpkin in all recipes.

To cook fresh pumpkin, cut the pumpkin lengthwise into sections and remove the seeds and fibrous strings. Wash the sections, cut them into smaller pieces and peel off the skin. Place the pumpkin into a large pot and just cover with water. Add a teaspoon of salt and boil for 30 minutes or until the pumpkin is tender when pierced with a fork. Drain and mash the pumpkin.

Small, unpeeled pumpkin pieces also can be baked on a large cookie sheet, shell side up at 425 degrees for about an hour. When the meat is tender, scrape it from the shell and mash. Sliced peeled pumpkin also can be cooked in a microwave oven for 7 to 10 minutes or until tender.

Pumpkin pies can be baked in advance and frozen. To freeze pumpkin pies, wrap the entire pie in foil and place it in a plastic freezer bag; squeeze the bag to remove any excess air, and place

flat in the freezer.  
Keep these tips in mind when baking the following pumpkin pies. (Note: a basic pastry shell recipe follows the pie recipes.)

\* To make one teaspoon of pumpkin pie spice, mix 1/2 teaspoon ground cinnamon, 1/4 teaspoon nutmeg and 1/4 teaspoon ground ginger. Cinnamon and nutmeg also can be combined and used in place of pumpkin pie spice.

\* Avoid a soggy pie crust by coating the pie plate with melted margarine or beaten egg white before placing the crust in the dish.

\* Ensure a crispy crust by placing the unbaked pastry shell in a pre-heated 425 degree oven for six minutes. Then spoon in the filling and bake according to directions.

## CHEESE TOPPED PUMPKIN PIE

10-inch unbaked pastry shell  
1 1/2 cups canned or cooked and mashed fresh pumpkin  
1 teaspoon vanilla  
1 teaspoon pumpkin pie spice  
1 cup sugar  
1/2 teaspoon salt  
1/2 teaspoon ground ginger  
2 eggs, slightly beaten  
1 1/4 cups evaporated milk  
8-ounce package cream cheese, softened

1/4 cup sugar  
1 teaspoon vanilla  
Dash of salt  
2 eggs  
Combine pumpkin, 1 teaspoon vanilla, spice, 1 cup sugar, 1/2 teaspoon salt and ginger. Add 2 beaten eggs and evaporated milk; mix thoroughly. Pour the mixture into the unbaked pastry shell. With an electric mixer, cream cheese, 1/4 cup sugar, 1 teaspoon vanilla and dash of salt. Beat in eggs, one at a time. Pour the mixture over the

center of the pumpkin mixture. Bake at 400 degrees for 35 to 40 minutes or until a knife inserted off-center comes out clean. Chill. Makes 8 to 10 servings.

## OLD-FASHIONED PUMPKIN PIE

3 cups pumpkin puree  
1 1/2 cups sugar  
4 eggs, well beaten  
3 tablespoons cornstarch  
1 teaspoon ground ginger  
1/2 teaspoon salt  
1 teaspoon vanilla  
1 teaspoon butter flavoring  
1 teaspoon ground cinnamon  
2 8-inch pastry shells

In a large bowl, combine pumpkin, sugar and cornstarch. Fold in eggs, flavorings and spices. Pour the mixture into two 8-inch unbaked pastry shells. Bake at 425 degrees for 10 minutes. Reduce heat to 350 degrees and bake for an additional 30 minutes or until the pies are set in the center.

## LITE PUMPKIN-ORANGE PIE

Non-stick cooking spray  
1/4 cup gingersnap cookie crumbs  
1 envelope unflavored gelatin  
1/2 cup cold water  
1/4 cup orange juice  
1 8-ounce neufchatel cheese, softened

1 cup canned pumpkin or cooked and mashed fresh pumpkin  
6 packets low calorie sweetener  
1 teaspoon ground ginger  
1/4 teaspoon ground nutmeg  
1/8 teaspoon ground cloves  
2 1.4-ounce envelopes whipped topping mix  
1 cup cold milk  
1 teaspoon vanilla extract  
Coat an 8-inch springform pan with non-stick cooking spray. Sprinkle the pan with gingersnap cookie crumbs. Soften the gelatin in the cold water, and stir over low heat until dissolved. Add orange juice. Gradually add the orange juice/gelatin mixture to the neufchatel cheese, mixing until well-blended. Add pumpkin, sweetener and spices; mix well. Prepare topping mix according to package directions, using 1 cup milk and 1 teaspoon vanilla. Fold the whipped topping into the pumpkin mixture. Pour over cookie crumbs. Chill until firm.

## SUGAR-FREE PUMPKIN PIE

1 9-inch pastry shell  
2 cups canned pumpkin or cooked and mashed fresh pumpkin  
1/2 teaspoon salt  
1/2 teaspoon ground ginger  
1/4 teaspoon nutmeg  
3/4 cup honey  
1 1/4 teaspoon ground cinnamon  
1/4 teaspoon ground cloves  
3 eggs, slightly beaten  
12-ounce can evaporated milk

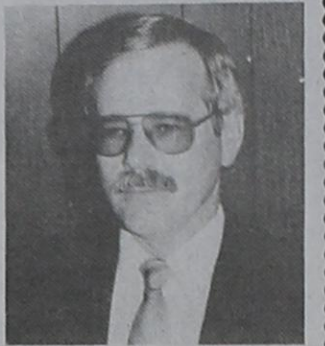

In large bowl, combine pumpkin, honey, salt and spices; mix well. Add eggs; blend well. Gradually add evaporated milk, beating on low speed of mixer until well blended. Pour the mixture into the pastry shell. Bake at 425 degrees for 15 minutes. Reduce oven temperature to 350 degrees and continue baking for 45 to 55 minutes or until a knife inserted near the center of the pie comes out clean. Makes 8 servings.

## BASIC PASTRY SHELL

1 cup flour  
1/3 cup vegetable shortening  
1/2 teaspoon salt  
2 tablespoons cold water  
Sift flour and salt into a bowl. Cut in the shortening. Add the water, a little at a time. Mix the dough with a fork until the dough can be gathered into a ball. Roll out the dough on a lightly floured board or between two sheets of wax paper. Makes 1 9-inch pastry shell.

## Facts About The **BIBLE** BY JOHN LEHTI

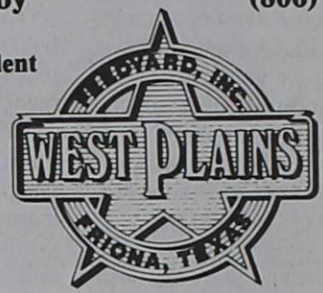

### THE JUDGES OF ISRAEL

BEFORE THE ADVENT OF KINGS THE LEADERS AMONG THE ISRAELITES WERE JUDGES. THESE WERE THE HEROES WHO GUIDED AND GUARDED THE PEOPLE FROM THEIR MANY ENEMIES. THERE WAS OTHNIEL OF JUDAH, DELIVERER OF ISRAEL FROM THE MESOPOTAMIANS, AND EHUD, WHO EXPELLED THE MOABITES AND AMMONITES, AND BARAK, WHO LED NAPHTHALI AND ZEBULUN TO VICTORY AGAINST THE CANAANITES. ALL TOLD THERE WERE TWELVE OF THEM. THE PERIOD OF THE JUDGES HAS BEEN CALLED ISRAEL'S IRON AGE. IT WAS, TO SAY THE LEAST, A CRUEL AND BLOODY ERA. IN FACT, IT CAN BE SURMISED THAT A STATE OF ANARCHY EXISTED WHEN ONE REALIZES THAT MOST OF THE TALES OF THESE JUDGES WERE PREFACED BY THE STATEMENT, "IN THOSE DAYS THERE WAS NO KING IN ISRAEL, BUT EVERY MAN DID WHAT WAS RIGHT IN HIS OWN EYES." ALSO, THESE JUDGES DID NOT FORM AN UNBROKEN SUCCESSION OF RULERS, BUT APPEARED SPORADICALLY. THEY WERE OFTEN LOCAL HEROES WHOSE COURAGEOUS DEEDS SPREAD BY WORD OF MOUTH ONLY IN THEIR LOCAL DISTRICTS. FOR INSTANCE, SHAMGAR, DESTROYER OF SIX HUNDRED PHILISTINES, WAS NOT KNOWN THROUGHOUT ALL THE TRIBES ALTHOUGH HE HAS BEEN RATED A SAVIOR OF ALL ISRAEL.

# Wildcats Romp Past Chieftains By 68-20

For a time Friday night, it appeared that the Chieftains could make a game of it against visiting Littlefield.

But every time their fans thought Friona had gotten in position to challenge, Littlefield's Rene Espinoza (number 37) would rip off another long scoring run, to put the Chieftains a little farther back.

Friona held the football for 6:34 of clock time on a nice drive late in the second quarter, to get on the scoreboard. Blair Burney's pass to Brian Herring with 14 seconds left in the quarter made the score 14-6, and lifted the Chieftains' spirits.

Then Espinoza took the kickoff and sped 85 yards up the middle as the quarter ended, and Littlefield had gone ahead, 22-6, just like that.

Espinoza had raced 73 yards on Littlefield's first play from scrimmage to give the Wildcats a 6-0 early lead. He scored four times in the game, gaining 218 yards on 18 carries besides the kickoff return.

A few weeks ago, Espinoza was playing defense for the Wildcats, but was moved to offense after teammate Anthony Goodson became a victim of the no-pass, no-play rule. For his efforts last Friday, Espinoza was named "Player of the Week" by the Lubbock Avalanche-Journal.

On the Friona touchdown drive, accomplished against a tough Wildcat defense, the Chieftains survived three fourth down plays. Burney passed 15 yards to Harvey Martinez on one of those instances.

Another time, Littlefield was guilty of a personal foul when the Chieftains had punted, and then sophomore quarterback Jay Belcher raced 17 yards to the Wildcat seven on a fourth down from the Littlefield 25.

Littlefield scored two second-quarter touchdowns to take a 37-6 lead with only 48 seconds left in the first half.

But after the kickoff Friona came up with a big play of their own. Burney pump-faked, then hit a streaking Herring just past midfield. He covered the rest of the distance untouched for the touchdown. Burney hit Britt Conklin for two points and a 37-14 halftime score.

The Burney to Herring pass play covered 77 yards. That was just two yards shy of a Joe Malouf to Rod Owen 79-yard play against River Road in 1979--the longest pass and run play in at least 30 years at FHS.

Coming back to start the second half, the Chiefs surprised the 'Cats with an onside kick, recovering at the Littlefield 46.

Friona proceeded to drive 46 yards in six plays. The big gainer was a 30-yard pass from Burney to Chris Hanna. That brought Friona within 17 points of the 'Cats at 37-20.

But it also was Friona's last hurrah of the night. Littlefield went on to score 31 unanswered points.

They still had first-team members in the game late as they stretched their lead to 60-20 with 5:49 to play.

Some bad mistakes by Friona led to all 15 of the Wildcats' 15 fourth-quarter points.

Amazingly, Friona rolled up 311 total yards in the game, including a near-record 243 yards passing. That was just six yards shy of the number of yards Burney passed for against Tahoka last season, a school record. Herring caught six passes for 128 yards, just seven yards less than he had in 1991 in the Tahoka game.

## FHS Duo Tops Area Pass Stats

Friona quarterback Blair Burney solidified his ranking as the area's top passer in class 3A with his 243-yard performance against Littlefield last week.

Burney tops the list of passers with 1175 yards to 1006 for Prater of Tulsa.

Receiver Brian Herring moved into the lead in the receiving department with 506 yards on 38 catches. Harvey Martinez, with 209 yards on 19 catches, ranks sixth on the list.

## Long-term Bond Investors Understand Market Fluctuation

Facing a decline in income on Certificates of Deposit (CDs) and other conventional bank investments, many investors are seeking higher income in quality government or corporate bonds and mutual funds that invest in these securities. Historically, high-quality, fixed-income investments such as these have offered a steady, reliable source of income.

Unlike traditional savings, however, your principal investment, although returned in full at maturity, can fluctuate during the life of the investment. At any given time, your investment could be worth more or less than the amount you originally paid. To most investors, this is acceptable if the income continues uninterrupted. After all, most investments--homes, rental property, common stocks, etc.--are subject to market fluctuations.

The factor that has the most influence on the market value of fixed-income investments is current interest rates. For example, if you invest \$10,000 in a bond that pays 8 per cent, or \$800 income each year, and interest rates change so that new bonds pay \$900, your bond becomes less valuable. Investors are willing to pay less for a bond that provides \$800 interest than they are for a bond that pays \$900. The good news is that if rates drop to 7 per cent, or \$700 per year, on new bonds, your investment becomes more valuable. This is a typical market reaction to

changes in interest rates.

The same scenario applies to mutual funds whose portfolios consist of many different bonds. The fluctuations are less obvious, however, because funds own many bonds of different maturities and interest payments, each reacting differently to interest-rate changes.

Table A shows how income and market value can fluctuate on a mutual-fund portfolio of high-quality bonds. The illustration assumes that \$100,000 was invested into the portfolio on January 1, 1975, and all the income was taken in cash. Note that as interest income increases, the market value of the portfolio decreases. For example, on December 31, 1982, when the income was \$11,213, an all-time high, the value of the portfolio dropped to \$78,854, an all-time low. Conversely, on December 31, 1991, when the income was \$8,758, very close to the original 1975 income, the market value of the portfolio was \$101,897, slightly more than the original investment.

Finally, see how the annual income from this bond portfolio closely follows the fluctuations of short-term CD rates. Typically, a fund can maintain a higher payout than the CDs because the bond portfolio consist of a wide range of maturities, giving it more predictability than highly volatile short-term interest rates.

Long-term investors who understand how interest rates affect the market value of high-quality bonds generally enjoy the monthly income enough to overlook the market fluctuation of their principal.

TABLE A

| Date     | Initial Investment | Annual Income Dividends | 6-Month CD Rates* | Total Portfolio Value |

## YOUR EYES

### Reading Problems

The youngster who has difficulty learning to read--or who just doesn't like to--often has a vision-related problem. Even the child who scores 20/20 on a school vision test may have problems with the near visual skills that are vital for reading.

The optometrist has the special skills to determine exactly what's wrong and to correct it. Testing may discover, for instance, that the child cannot focus on small print. Others may habitually hold a book too close to the eyes or too far away. Dyslexia, in which letters seemed turned about or twisted, may be the problem.

If a vision-related problem is uncovered, the optometrist may treat it with corrective lenses, vision training or a combination of both. A personalized program will be established for the child in which he or she can learn or re-learn the necessary vision skills.

Best of all, the child who learns to see better learns to read better--and enjoy it!
