LEAGUE OF NATIONS AMENDMENTS CONSIDERED

COVENANT BEING SHAPED FOR INCLUSION IN PRELIMINARY PEACE TREATY

Paris, March 16.—Efforts are being directed today to shaping the league of nations covenant to insure its acceptance by the supreme council and win the approval of those Americans who are demanding its amendment.

Colonel House conferred with Lord Robert Cecil, Leon Bourgeois and the American delegates and reported to President Wilson. It is conceded that some of the suggested amendments can safely be adopted, for instance, those safeguarding the Monroe Doctrine and fixing conditions which will permit of the adherence of the late enemy powers.

One of the five powers has hesitated to accept a distinct impression of the right of secession from the league. The Americans are proceeding on the supposition that the covenant may be included in the peace treaty.

Foreign Minister Pichon said today that he felt it was practically impossible to include the covenant in the first treaty. The views of neutral countries which has been invited and amendments could not be disposed of, he added, before the probable early signing of the preliminaries.

The issue, the minister suggested, might be met by a declaration in the treaty of the principles underlying the league, leaving the details in abeyance. The war would be ended when the preliminaries were signed, he pointed out, but the Germans would not regain their prewar status with liberty of movements until the signing of the final treaty, pending which the blockade would be lifted only partially.

The present determination in peace conference circles is that, after the allied and associated powers have reached a complete understanding regarding the conditions to be imposed on Germany, the German delegates will be called to Versailles, but they will not be allowed to discuss the conditions, the intention of the allied and associated powers being to dictate peace.

Either the German delegates must accept the terms and sign or a state of war will continue. The general opinion here is that, in view of the internal situation in Germany, the delegates of that country will accept rather than expose the country to a graver risk and more drastic measures.

Lagow Case Again Reversed

The court of criminal appeals has again reversed the case of A. F. Lagow, who was convicted at the August term of Hale county district court last August and given two years in the pen on a charge of having passed saws to prisoners in the county jail. At a former trial he was given two years and the higher courts reversed the case. Lagow is now working down in the oil fields.

Rain in Spots

There was almost an inch of rain at Tulia and toward Happy Friday night, also a good rain from the Douthitt place near Runningwater to Olton and beyond. Wm. Britt of Petersburg was in town yesterday and said a good rain fell over in Crosby county, but there was only a sprinkle at Petersburg.

TODAY'S MARKETS

Eggs, per dozen	32c and 33c
Hens, per lb.	22c
Turkeys, per lb.	22c
Stags, per lb.	15c
Roosters, per lb.	11c
Butter fat, per lb.	56c
Butter, per lb.	40c
Hides, green 13c; dry	26c
Hogs, per lb.	15 1/4c
Maize and kaffir heads, ton	\$32.00
Maize and kaffir threshed, cwt.	\$32.10
Alfalfa, ton	\$32.00

There is practically no market for bundle and baled row crops. Very little feedstuff of any kind is now being brought in by farmers.

Legislature to Adjourn

The state legislature will adjourn for the session tomorrow.

The annual convention of the Texas Cattle Raisers' association is in session in Dallas.

George Bower Died Friday

George Bower, age 60 years and eight months, died at his home in this city Friday afternoon at 5:30 o'clock, from a complication of diseases from which he had been suffering for a couple of years.

The funeral was held at the Baptist church Sunday afternoon at 3 o'clock, of which church he was a member, and the service was conducted by Pastor R. F. Jenkins, assisted by Rev. G. I. Britain. Interment was at the cemetery beside his wife, who died of influenza in November.

The deceased was born in Beaver Dam, Wis., he was married to Alice Ferden Sept. 5, 1880, and they lived in Iowa for three years, moving to North Dakota, where the major portion of their married life was spent. About ten years ago they moved to Olton, Lamb county, for the benefit of Mrs. Bower's declining health, and a couple of years ago they bought the J. R. DeLay place and moved into Plainview.

They were parents of three children—George Bower of Galesburg, N. Dak., who arrived this morning; Mrs. Gerald S. Craig, who makes her home with them, while her husband is in France, and Elizabeth, who died ten years ago. He was a well-to-do retired farmer.

He wanted very much to live until his son-in-law, Mr. Craig, had returned from France, and but three hours before his death a cablegram came saying he expected to arrive at Newport News, Va., March 26, but Mr. Bower was unconscious at the time and did not know of it.

Thousands Dying in Near East

New York, March 16.—Thousands of men, women and children are starving to death in the Caucasus, according to the first report from Dr. James L. Barton, chairman of the commission recently sent to that region by the American commission for relief in the Near East, received at headquarters today.

"There is no bread anywhere," said the report. "The government has not a pound. There are 45,000 people in Erivan wholly without bread and the orphanages and troops all through Erivan are in terrible condition."

"There is not a dog, cat, horse, camel or any living thing in all the Igdid region. We saw refugee women stripping the flesh from a dead horse with their bare hands today."

"Another week will score 10,000 lives lost. For heaven's sake, hurry."

Will Again Publish Breeze

Bob Downey several months ago suspended the *Abernathy Breeze* in order to give his full time to operating in the oil game, "in order to get rich quickly." We are informed that he has returned to *Abernathy* and will resurrect the *Breeze*, the first issue to appear this week. Bob is a fine fellow and we hope he has made a lot of money out of oil—but we fear the worst, that he has found "oil is not gold that glitters." Anyway, we are glad to have him back in the newspaper business in Hale county.

The legislature has submitted an amendment to the state constitution to be voted on November 1920, to abolish the fee system of pay for public officials, and providing regular salaries.

County Court

L. G. Pierce vs. Santa Fe railroad, suit for damages to stock shipment, is on trial.

The jury for this week is composed of J. M. Buchanan, Jesse Neil, J. B. Ross, T. B. Phillips, G. C. Poore, J. L. Harrington, J. H. Reed, D. L. Miller, W. B. Knight, E. G. Bennett, Sam Wilks and Jesse Hamilton.

Rabbit Show Here in May

The Texas Panhandle Rabbit Breeders' association will hold a two days' rabbit show in Plainview May 5 and 6. One of the attractions of the first day will be a rabbit dinner. Program will be announced later.

Motley Excited Over Oil

Rev. G. I. Britain spent a couple of days last week over at Matador. He says the people of Motley county are greatly interested in oil prospects in that county, and a test is soon to be made.

Lubbock Defeats Road Tax

In an election held in Lubbock county March 8, to determine whether a 15c special road tax should be levied, the people voted against it by a large majority.

Satisfactory Hose for All

More troubles come from unsatisfactory hose than from any other wearing apparel. So few lines measure up to the expectations of the wearer, especially so with children's hose.

Let us help you with Guaranteed Hosiery.

"Iron Clad"

For Boys, Misses and Children

"Gordon"

Round Ticket for Ladies

Its no experiment for us—we know for we have sold them for years. Ask for the hose we guarantee.

THE PEOPLE WHO DRESS BEST TRADE

ORGANIZATION FORMED TO FIGHT PROHIBITION

Would Make the Eighteenth Amendment Inoperative—To Have Many Branches

New York, March 15.—Organization of the Association Opposed to National Prohibition was announced here tonight, with the avowed "prime purpose" of making the eighteenth amendment to the constitution "forever inoperative."

Application for incorporation under the laws of New York will be made next week, it was said. Among the incorporators will be Percival S. Hill, president of the American Tobacco Company; Joseph S. Harriman, president of the Harriman National Bank; and Michael Friedsam, president of B. Altman & Co.

No person officially connected with the organization, it was declared, has any interest, directly or indirectly, in the liquor business.

Plans for organization of branches in twenty-nine states have been laid, it was added, and nearly 800,000 persons already have applied for membership.

The membership, it was declared, stands on the principle of "personal rights and liberty" and is opposed to introduction of any bills in congress or in the state legislatures differentiating between light wines and beer and whisky.

It is as strongly opposed, the statement declared, to prohibition by constitutional amendment of the manufacture and sale of cigarettes, cough drops and chewing gum as it is to prohibition by constitutional amendment of the manufacture and sale of intoxicants.

In addition to the organization's campaign to influence public opinion "for maintenance of the standards of personal liberty" by "all lawful and proper means," the organization also proposes to disseminate information regarding the political, social and economic effect of the prohibition of the sale of alcoholic beverages, "and to oppose any movement to limit or discontinue the use of tobacco."

The organization will hold mass meetings and parades in forty-three cities on April 19, the anniversary of the firing of the first gun of the American revolution. A national convention is to be held, the announcement says, between June 1 and June 15.

Central Junior Declamation Contest

In the Central school junior declamation contest, held at the high school auditorium Friday night, Leslie Collier won first place for the boys and Ruth Barker for the girls, and will represent the school in the county contest March 22.

The apricot trees have blossomed out, and the plum and peach trees are showing their buds. Spring is almost here. Gentle Annie.

Movements of Soldiers and Sailors

Ernest Woolverton returned Monday morning from across seas, having received his discharge.

First Lieut. Fulton Murphy returned Monday from New York, having received his discharge. He has been stationed in Florida, Arkansas and New York.

Miss Amy Faulkner, formerly of Plainview, who has been serving as a Red Cross nurse in France, is due to arrive in this country from France this week, so a letter to her uncle, L. M. Faulkner, says. Miss Faulkner was a nurse in Johns Hopkins University hospital in Baltimore, and was a member of the first unit of American nurses sent to France after this country declared war on Germany.

Tilman Goldberg, who served with the 87th division in France, has a position as clerk at the Ware hotel. His home was in Memphis, Tenn., before going into service. He returned from France in January.

L. A. Knight, son of Mr. and Mrs. W. B. Knight, returned this morning having been discharged. He has been in the naval aviation service, and has seen service across seas.

J. L. Gipson of Plainview appears in the list of soldiers in the 131st artillery, which arrived at Newport News, Va., from France, last Thursday.

Lt. Bob Story, son of Rev. J. W. Story of Amarillo, is here again, having received his discharge from the army. He has been in the aviation service, and stationed at Nashville, Tenn.

Morris (better known as Shake) Murphy was due to arrive at Newport News, Va., on the steamship *Arcadia* yesterday from across seas, so his parents here learn.

Thurman H. Talley of Plainview was last week discharged from the Camp Pike, Ark., base hospital, where he was recently brought with a contingent of overseas convalescents.

Fully half-dozen soldiers came in this morning. We are glad to publish about the boys coming home, and relatives and friends of the returning soldiers and sailors will please call up the News, phone 97, and tell us about same.

Storms in Middle West

Severe storms swept portions of Missouri, Kansas and Oklahoma Saturday afternoon, a number of persons being killed and much property being destroyed. There were cloudbursts and strong winds. A million dollars in damage was done at Atchison, Kansas, also much damage at Lawrence and Salena, two people were killed and twenty-five injured at Porter, Okla., three people were killed and several injured in Kingfisher county, and a number injured here and there over the state. The storm also extended into North and East Texas.

Whenever we have a strong west wind on the Plains, there are usually cyclones and storms down in North Texas, Oklahoma and Kansas. A strong wind blew here Saturday.

Three Bank Robbers Escape

Three men held at Ballinger in connection with the robbing of the Winters State Bank last week broke jail Saturday night and made their escape in an auto which they took from a private garage. The men removed rivets in the steel ceiling, burned a wooden joist out with a red-hot poker and, going through the top of the jail, they came down the wall on a rope made from their blankets.

Sheriff Terry has received a notification from the sheriff at Ballinger, asking him to look out for them—giving their names as Walter Harris, Willis Newton and Jack Johnson, ages 26 to 29. He further says, "These are bad men; take no chances; help me catch them."

Long Well Has Come In

A message was received yesterday from A. G. Hemphill saying the R. A. Long Oil Co. well had come in at Burkburnett, and is making a good showing. A test will be given Thursday. Plainview Oil & Gas Co. well No. 2 is down 1,300 feet.

1,419,386 Troops Demobilized

Washington, March 15.—Officers and men demobilized number 1,419,386, the war department announced today, 83,774 being in the commissioned grades. Discharge has been ordered for a total of 1,678,300. Officers applying for reserve commissions total 26,798.

HALE-LAMB COUNTY MEET IN PLAINVIEW SATURDAY

Many Events Will Take Place on High School Campus During the Day—Large Crowd Expected

The Hale-Lamb County Interscholastic meet will be held in Plainview on Saturday, March 22nd. A large crowd is expected and many entertaining events will take place. The following is the program for the day:

The debate will be held in the high school auditorium at 7 p. m.

The declamation contests for both junior and senior declaimers will be held in the high school auditorium from 9 to 10:30 a. m.

The spelling contest will be held in the high school auditorium from 4 to 6 p. m.

The following are the athletic events for the day:

Senior Girls' track events—
30 yard dash, 10:00 a. m.
Potato race—10:15.
60 yard dash, 10:30.

Junior Boys' track events—
100 yard dash, 11:30 a. m.
220 yard dash, 11:45.
880 yard relay, 12:00

Junior Boys' field events—
Put 8lb. shot, 1:15 p. m.
Pole vault, 1:30.
Broad jump, 1:45.

Running high jump, 2:00.
Running broad jump, 2:15.
Running hop, step and jump, 2:30.

Senior Boys' field events—
Put 12lb. shot, 1:15 p. m.
Pole vault, 1:30.
Broad jump, 1:45.

Running high jump, 2:00.
Running broad jump, 2:15.

Senior boys and girls will both have a ball throw for distance and accuracy.

Discuss throw.

Senior Boys' track events—
100 yard dash, 2:00 p. m.
220 yard dash, 2:15.
880 yard dash, 2:30.
440 yard dash, 2:45.

120 low hurdle race, 3:00.
Mile relay, 3:15.
Mile race, 3:30.

GAMES

The junior and senior girls basketball games will be played from 9 to 10:30 a. m. The junior and senior boys basketball games will be played from 10:30 to 12. All these games will be played on the high school courts.

A baseball game will be played at 3:30 p. m., if there are any contestants. Spalding's 1918-19 rules will be authority on all rulings.

An admission fee of 25c for all adults and high school children and 15c for all grade children, will be charged. This fee will be used in helping to defray the expenses of the representatives of Hale and Lamb counties in the state meet. All contestants must pay this fee.

All representatives of the various schools are urged to be on the high school grounds by 9 o'clock, March 22nd.

Floyd Has 228 Indictments

District Attorney A. C. Hatchell has returned from Floydada, where he has been in court. He says the grand jury has adjourned after a session of two weeks, in which it returned 228 indictments, 219 being for misdemeanor, such as playing poker, shooting craps and matching nickels. The felony indictments are for swindling, embezzlement, disposing of mortgaged property and similar violations.

The case of W. H. Mason, charged with murdering Elder Morris more than a year ago, has been set for trial Thursday. Mr. Hatchell will be assisted in the prosecution by Judge A. J. Fires of Childress, and the defence has Judge Kinder and A. E. Martin of Plainview, and Attorney Greenwood of Floydada.

O. O. Reed has been over at Farwell and Muleshoe the past few days. He says conditions are good over that way, and especially are crops looking good in the valley around Muleshoe. He says that valley is certainly one of the best farming sections on the Plains, as the irrigation possibilities are great, water being only ten to fifty feet deep.

Several Floydada soldier boys are in the 133rd artillery, which is due to arrive at Newport News, Va., next Thursday from France.

A CHILD GETS SICK CROSS, FEVERISH IF CONSTIPATED

LOOK AT TONGUE! THEN GIVE FRUIT LAXATIVE FOR STOMACH, LIVER, BOWELS.

"CALIFORNIA SYRUP OF FIGS" CAN'T HARM CHILDREN AND THEY LOVE IT.

Mother! Your child isn't naturally cross and peevish. See if tongue is coated; this is a sure sign the little stomach, liver and bowels need a cleansing at once.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomach-ache, diarrhoea, remember, a gentle liver and bowel cleansing should always be the first treatment given.

Nothing equals "California Syrup of Figs" for children's ills; give a teaspoonful, and in a few hours all the foul waste, sour bile and fermenting food which is clogged in the bowels passes out of the system, and you have a well and playful child again. All children love this harmless, delicious "fruit laxative," and it never fails to effect a good "inside" cleansing. Directions for babies, children of all ages and grown-ups are plainly on the bottle.

Keep it handy in your home. A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a bottle of "California Syrup of Figs," then see that it is made by the "California Fig Syrup Company."—Adv.

An Amusing Servant.

Dr. J. Wesley Pigott, Indian missionary, said in an address in Pittsburgh:

"In India you can get an excellent servant for five or six cents a day—an excellent servant and an amusing one, too.

"A stately Indian once applied to me for a place as cook. His references were good and I decided to take him.

"Hold on, though," I said; "what's your religion?"

"Beg pardon, sar," he answered in his quaint way, "I am a heathen."

"What do you mean by a heathen?" I asked.

"Beg pardon, sar, a worshiper of stocks and stones," said he.

"Dear me," said I. "I'm afraid I can't have a man like that in my service."

"Beg pardon, sar," my Indian said persuasively, "in your service work so hard no time to worship anything."

Weekly Health Talks

Where Most Sickness Begins and Ends

BY FRANKLIN DUANE, M. D.

It can be said broadly that most human ills begin in the stomach and end in the stomach. Good digestion means good health, and poor digestion means bad health. The minute your stomach fails to properly dispose of the food you eat, troubles begin to crop out in various forms. Indigestion and dyspepsia are the commonest forms, but thin, impure blood, headaches, backaches, pimples, blotches, dizziness, belching, coated tongue, weakness, poor appetite, sleeplessness, coughs, colds and bronchitis are almost as common. There is but one way to have good health, and that is to put and keep your stomach in good order. This is easy to do if you take Dr. Pierce's Golden Medical Discovery. It is a wonderful tonic and blood purifier, and is so safe to take, for it is made of roots and herbs. Dr. Pierce, of Buffalo, N. Y., stands behind this standard medicine, and it is good to know that so distinguished a physician is proud to have his name identified with it. When you take Golden Medical Discovery, you are getting the benefit of the experience of a doctor whose reputation goes all around the earth. Still more, you get a temperance medicine that contains not a drop of alcohol or narcotic of any kind. Long ago Dr. Pierce combined certain valuable vegetable ingredients—without the use of alcohol—so that these remedies always have been strictly temperance medicines. If piles are torturing you, get and use Pierce's Anodyne Pile Ointment. The quick relief it gives is hard to believe until you try it. If constipated, Dr. Pierce's Pleasant Pellets should be taken while using Anodyne Pile Ointment. Few indeed are the cases which these splendid remedies will not relieve and usually overcome. They are so good that nearly every drug store has them for sale.

Ringworm MONEY BACK Without question if Hunt's Salve falls in the treatment of Eczema, Tetter, Ringworm, Itch, etc. Don't become discouraged because other treatments failed. Hunt's Salve has relieved hundreds of such cases. You can't lose. It's our Money Back Guarantee. Try it at our risk TODAY. Price 25c. At drug stores. A. S. Richards Co., St. Louis, Mo.

HUNT'S Salve

CURRIE LEADING CANADIANS INTO GERMANY

Canadian troops, led by General Currie, marching into Germany. Alongside the road are a German soldier and his children watching with interest the Canadians' entry into Germany.

BUILD AIRSHIPS TO LIFT 280 TONS

British War Office Officials Believe Machine Is Practical.

GREAT POSSIBILITIES SEEN

Immense Craft Could Cross Atlantic and Return and Then Repeat the Journey Without Pause, Weather Permitting.

London.—A rigid airship—Zeppelin type—of 10,000,000 cubic feet capacity, or about three times as large as any yet constructed, is a practical proposition, according to war office officials. Such an airship would possess a total lifting power of about 280 tons. The structural weight, that is, the gas bags, framework, gondolas, engines, operating machinery, etc., would be not more than 80 tons, leaving 200 tons as disposable lift. Only 50 tons would be required to make room for the crew, petrol ballast, etc., leaving 150 tons commercial load which could be carried.

Such an airship could cross the Atlantic and return and then repeat the journey without a pause, if weather were favorable.

British Government Interested. Because the British empire is so far-flung, the government is encouraging development of aerial communication for both passengers and light parcels as a vital necessity. Wireless stations belting the world also will be erected quickly as possible. Before this is printed a Handley-Page machine will have flown from England to India in a test trip. This is but preliminary to permanent air traffic to Egypt, India, South Africa and Australia. Canada likewise will be linked up with the mother country.

The rigid airships which Britain now possesses can cross the Atlantic, given favorable weather. But it is the airplane that is being developed for overland routes.

Godfrey Isaacs, brother of Lord Reading, Britain's ambassador to America, is head of the Marconi Wireless Telegraph company. Isaacs is simply waiting for peace, which will remove certain restrictions, to expand British wireless stations.

Two stations will be erected "in distant parts of China. Receiving ap-

paratus will be installed on all passenger-carrying airplanes, so that messages may be sent back and forth while the flight is in progress. Hence a business passenger who may tire of the scenery or have bright ideas about his business may get in touch with his head office or assistant manager, as the case may be. Thus, as it is feasible to wireless ships of the sea, so it will be possible to wireless ships of the air.

The two new wireless stations in China will be installed with the help of airplanes. Instead of requiring several months to send machinery to

From Private to Major in 5 Months 21 Days

Reichdale, Mass.—Rising from the ranks to major in the army in a period of five months and twenty-one days was the remarkable achievement of J. H. Rogers, of this town. Previous to enlisting in the Coast Artillery Rogers was treasurer of a knife manufacturing company here.

Cashmere and the Chinese side of Siberia, locations of stations by wagon, for there are no railroads, the machinery will be taken in Handley-Page airplanes. Thus, in such ways will the distant parts of the world be linked up with modern times.

WOMAN GETS SPY

Postal Censor Caught First One in England.

Became Suspicious of Letter and Hun Later Was Run Down.

London.—How the first German spy in England after the outbreak of the world war was detected through a letter which fell into the hands of a woman postal censor has just been disclosed.

"I was suspicious of his letter when I first saw it," she declared. "The writing was in lines half an inch apart. I could discover nothing wrong, however, until I noticed a peculiar little mark, almost indistinguishable, at the bottom of a page. I could not explain it. Experiment proved that it had been made by invisible ink. The visible writing was innocent itself, but the invisible writing told of movements of ships and soldiers, of fortifications and docks. The letter wound up with: 'Tomorrow Dublin.' To Dublin the Hun went and his letter from Ireland was further evidence of his guilt. He was caught on arrival in London and his execution followed."

According to government officials, women have been far quicker in spotting spies than men, many instances being recorded in which woman's intuition has led to experiments which have produced startling results. Until recently the postal censor employed 3,800 women and 1,000 men. They were fluent in 34 languages.

LEARNED AMERICAN DANCES

Officers of the American army recently spent an afternoon teaching the prince of Wales the American dances, so that he would be able to dance at the ball given in his honor at Coblenz by the American officers of the army of occupation. His first attempt was with Miss Agnes Kahn of Baltimore, a nurse, and resulted in the prince's stepping on her toes.

GIVES EARNINGS TO WAR

Massachusetts Artist Makes Remarkable Record in Her Efforts to Help.

Concord, Mass.—During the great war just ended Miss Elizabeth Wentworth Roberts, well-known artist of this town, made a remarkable record in her efforts to help in war work. Since 1914 she has given all the money she received for her paintings to the many war relief funds. It is estimated that about \$10,000 has been so distributed by her.

WIN IRISH BRIDES

Many United States Sailors Marry in Ireland.

Plans for Dismantling Naval Stations Are Going Forward Rapidly.

Queenstown, Ireland.—Plans for the dismantling of the American naval stations in and around Queenstown are going forward rapidly. Time will be required to remove the base hospital at White Point and much work will be involved in removing the many big warehouses which were brought here from America and set up in record time. Other important parts of the American plant include wireless stations at Queenstown and Aglada and many hutments. American officers and men have made a deep impression on the people of Queenstown and in other parts of South Ireland, and relations generally

have been of the most cordial nature. This is proved by the fact that a number of weddings already have taken place, and more than one American sailor has promised to return for the girl he must leave behind. Queenstown has prospered greatly since the station was established here, but the people declare their regret in seeing the Americans depart is because they have become accustomed to their presence and like them for the fine young fellows they are.

Cooties Come in Letters. Wooster, O.—The tarantula which escapes from a bunch of bananas and terrorizes freight handlers or grocery clerks is going to have a rival in the news columns if a recent incident in the post office here is any indication. A large, active and hungry cootie was discovered on the wrist of a clerk handling soldiers' mail from overseas. It apparently had escaped from one of the letters.

GETS LIMIT FINE OF \$500

"Frankness Should Not Go Unrewarded," Is Comment of Court in Soaking Suspect.

Kansas City, Mo.—"Frankness should not go unrewarded," said Judge Edward Fleming of the South municipal court as he fined Claude Simpson \$500, the limit. Simpson was arrested while standing in front of a saloon by a patrolman who saw part of a "jimmy" protruding from Simpson's pocket. Simpson, who is unemployed, admitted he intended to break into the saloon. After learning his fine Simpson said he was glad he was arrested before he entered the saloon, as he then would have faced a penitentiary sentence.

"Judge," he said, "it's just as well to look on the bright side of things." "Some Pollyanna," remarked the judge.

Waterproof knapsacks made of horsehair have been invented by a Japanese army officer.

WOMEN'S PLACE IN INDUSTRY

British Bureau Makes List of Occupations for Which the Weaker Sex Shows Adaptation.

The experience of the war has shown, says the British bureau of information, that English women can readily adapt themselves to the needs of almost any calling, but at the same time certain occupations have proved more suitable for the permanent employment of female labor than others. As a result of a recent conference between organizers of trade unions, employers and others concerned with the industrial employment of women, convened by the British Association for Industrial Reconstruction, it has been recommended that a determined effort should be made to attract as large a number of people as possible into those industries which are particularly suitable for the employment of women's labor. Among the occupations mentioned in this connection are the textile industries, the boot and shoe trade, the printing and allied trades, laundry, garment making, millinery, confectionery, tobacco, stationery, work in retail shops, clerical occupations, the teaching profession and domestic science. "It has, moreover, become clear," the report adds, "that the laund, especially as regards the less heavy and more skilled processes of doing work—gardening, fruit growing, etc.—offers an expanding sphere of employment to women workers."

Wage Advance in Factories.

A report just issued by the New York state department of labor says that for the period from June, 1914, to October, 1918, the average wages of office employees in factories increased from \$19.18 per week to \$24.11, or an increase of 25 per cent. During the same period the average wages paid to all employees in factories, shops and offices combined, increased 81 per cent, as against a 73 per cent increase in the retail price of food. The report adds:

"Considering the percentages of increase in office salaries for the above period by industries, it is seen that in the stone, clay and glass industries the rise was 35 per cent; in clothing, 34 per cent; in wood manufactures, 33 per cent; in furs, leather and rubber goods, 31 per cent; in textiles, 29 per cent; in metals and machinery, 28 per cent; in chemicals, 26 per cent; in light and power, 23 per cent; and in foods, liquors and tobacco, 19 per cent."

ORGANIZATION TO FIGHT SPREAD OF BOLSHEVISM.

The American Soldiers and Sailors' Protective association, the avowed object of which is to fight the spread of bolshevism among officers and men released from the nation's service and out of work, has been formed at New York by a group of discharged army officers. Members of the committee said that there were 100,000 unemployed men in the United States looking for jobs; that 40,000 of these were in or near New York city, and that of the latter 6,000 were former officers.

May Advance Freight Rates.

Another wage increase for railroad employees of nearly \$100,000,000 has been recommended, it is understood, in a report of the railway wage board to the director general of railroads. If granted it will be awarded to the employees included in the four great railroad brotherhoods only.

This increase, it is said, when added to what has previously been granted employees of the roads under government operation will bring the total wage increases during the last year and a half up to approximately \$1,000,000,000.

In face of the further advance, and because of the greatly increased costs of operation generally, Director General Hines, in conference with his regional directors, is said to have had under serious consideration a new advance in freight rates.

Problem of Child Workers.

The extent of the dilution of labor by child workers is unknown. It must be large, especially in states where laws regarding the employment of children are lax, or laxly enforced. With the introduction into industry of women, an effort has been made to prevent the lowering of wage standards and working conditions. The woman war worker in most instances received the same wages as the man doing similar work. No such protection has been afforded children. Children doing men's work do not necessarily, or usually, receive men's pay. Consequently, the replacement of women by men may be easier than the replacement of children by men, or by women.

Labor to Help Buy Farms.

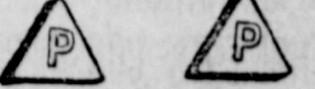

Former soldiers will be able to pay for farms in part by labor under the Oregon basin project in Park county, Wyoming, Frank L. Houx, who has just retired from the Wyoming governorship, stated in announcing that the Oregon basin project, by which he attempted to interest the federal government during his term in the governorship, is to be undertaken by private capital.

Industry's Duty. When the war department "musters them out," industry must enlist.

STOMACH ACIDITY, INDIGESTION, GAS

QUICK! EAT JUST ONE TABLET OF PAPE'S DIAEPSIN FOR INSTANT RELIEF.

When meals don't fit and you belch gas, acids and undigested food. When you feel lumps of distress in stomach, pain, flatulence, heartburn or headache. Here is instant relief—No waiting!

Just as soon as you eat a tablet of Pape's Diaepsin all the dyspepsia, indigestion and stomach distress ends. These pleasant, harmless tablets of Pape's Diaepsin never fail to make sick, upset stomachs feel fine at once, and they cost so little at drug stores. Adv.

No Red Tape.

Two ladies made a formal call on a distant acquaintance. The maid asked them to wait until she ascertained whether the person inquired for was in. Presently she tripped downstairs and announced that the lady was not at home. "One of the callers, finding that she had forgotten her cards, said to her friend, 'Let me write my name on your card.'"

"Oh, it isn't at all necessary, miss," put in the maid cheerfully. "I told her who it was."

DREADED FOR NIGHT TO COME

Texas Lady, In Pretty Bad Fix, Heard of Cardui, Tried It, And Now Says It Saved Her Life.

Chilton, Texas.—Mrs. Mary Reese, of this place, states: "Some time ago I was quite sick and suffered a great deal. I had been suffering quite awhile. . . . At times I had such severe pains in my back, across my hips and in my sides,—I was in a pretty bad fix. . . . I was so restless I dreaded for night to come.

Having heard of Cardui, I thought I'd try it. . . . I commenced to get better with my first bottle. I took six bottles of Cardui, and will tell any woman what this Cardui Home Treatment can and will do if taken according to directions. We not only feel it cured but. . . . most likely saved my life. I am able to do my work with ease and know Cardui did it."

Cardui has been found to relieve many womanly pains and ailments, and thousands of women have written to tell of the benefit it has been to them, in cases of female troubles and weakness.

Cardui is prepared from mild, medicinal ingredients, which act as a tonic and help build up health and strength in a natural manner.

Try Cardui. At druggists.—Adv.

No Umpire.

"Are you in favor of protection or free trade?" "It's a delicate question," replied Senator Sorghum. "There is a difference of opinion among my constituents as to which I really favor. And I don't propose just now to break in and try to decide any disputes."

WHY DRUGGISTS RECOMMEND SWAMP-ROOT

For many years druggists have watched with much interest the remarkable record maintained by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder medicine.

It is a physician's prescription. Swamp-Root is a strengthening medicine. It helps the kidneys, liver and bladder do the work nature intended they should do.

Swamp-Root has stood the test of years. It is sold by all druggists on its merit and it should help you. No other kidney medicine is so many friends.

Be sure to get Swamp-Root and start treatment at once. However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention this paper.—Adv.

Swiftest Dog.

The swiftest dog in the world, the borzoi, or Russian wolfhound, has made record runs that show 75 feet in a second, which would give it a speed of 4,500 feet in a minute if the pace could be kept up.

Indigestion produces disagreeable and sometimes alarming symptoms. Wright's Indian Vegetable Pills stimulate the digestive processes to function naturally. Adv.

The demise of the oldest inhabitant can usually be attributed to the fact that he was born too many years ago.

The trouble with the easy job is that the road up to it is usually long and rough.

When Your Eyes Need Care Try Murine Eye Remedy No Stinging—Just Eye Comfort. 50 cents a bottle. Write for Free Eye Book. MURINE EYE REMEDY CO., CHICAGO

WASHINGTON SIDELIGHTS

Wanted Everywhere: German Cannon or Fieldpiece

WASHINGTON.—The Congressional Record these days contains column after column of bills like the first four below. There is a national demand for captured German cannon as souvenirs of the great war.

A bill (H. R. 14169) authorizing the secretary of war to donate to the village of Tangier, on the island of Tangier, county of Accomac, state of Virginia, one German cannon or fieldpiece; to the committee on military affairs.

A bill (H. R. 14026) donating a captured German cannon or field gun and carriage to the county of Boulder, state of Colorado, for decorative and patriotic purposes; to the committee on military affairs.

A bill (H. R. 14138) authorizing the secretary of war to donate to the city of Boston, Mass., two German cannon or fieldpieces; to the committee on military affairs.

A bill (H. R. 14145) authorizing the secretary of war to donate to the Middle Tennessee State Normal school at Murfreesboro, Tenn., one German cannon or fieldpiece; to the committee on military affairs.

A bill (H. R. 14188) authorizing the secretary of war to donate German cannon or fieldpieces to towns in the state of Connecticut.

A bill (H. R. 14103) to provide for the equitable distribution of captured war devices and trophies to the states and territories of the United States and to the District of Columbia; to the committee on military affairs.

The bills show that every part of the country, from Massachusetts to California and from Minnesota to Texas, is equally interested; that every cross-roads village, county, city and state is after one or more guns and that schools and all sorts of public institutions are getting into line.

The last bill seems to indicate that the demand is so heavy that the supply will run short. It looks as if the secretary of war was planning to get out from under.

Roosevelt National Park as Memorial to "T. R."

THEODORE ROOSEVELT'S first national memorial is likely to be Roosevelt National park. The machinery of congress has been put in motion to make the necessary change in the Greater Sequoia National park bill. Senator Phelan of California, who introduced the Greater Sequoia bill last year, moved the change of name in the senate upon the suggestion of Secretary Lane of the interior department and Director Mather of the national park service. He said that Roosevelt was early identified with the West; that the liberalizing influences of western life nationalized him for his later tasks; that there was no more fitting memorial for a man of his tastes, courage, generous nature and love of the beautiful than this national park in the High Sierras. The public lands committee reported the amended bill favorably and the senate passed it. In the house the amendment was moved by Representative Elston of California and was seconded by Representative Gillett of Massachusetts.

The present Sequoia National park contains 265 square miles. It was created in 1890 to preserve the big trees, Sequoia Washingtoniana, which are the oldest and largest living things on earth. The largest of them are 35 feet in diameter and are about 4,000 years old. The Greater Sequoia bill adds 1,335 square miles to the north and east, including the canyons of Kings river and Kern river, Tehlapi and Paradise valleys and the western slope and the crest of Mount Whitney (14,501), the highest point in continental United States. This is scenic area of the first class. Roosevelt National park, with 1,600 square miles, will be exceeded in size by only Mount McKinley and Yellowstone and will rank with the best of the 17 national parks.

Grand Canyon National park has been created by congress. It includes practically all of the Grand Canyon of the Colorado in Arizona, probably the greatest natural wonder of earth. This area has been a national monument since 1908 by proclamation of President Roosevelt.

Are There Secret Prisoners Hidden in Germany?

ARE there secret British, French and American prisoners in the hands of the Germans? It is evident that there are hundreds, if not thousands, of soldiers who have not been reported dead and whose absence is not explained. It may be that a commission will be appointed to search every nook and cranny of Germany.

There are three principal reasons for keeping these men in a secrecy and silence as deep as that of the grave.

In the first place the Hun never forgives and never forgets. If a soldier was rude to a German officer, that officer would go to considerable trouble to work out quite an elaborate revenge. The Hun officer would "mark" that soldiers. Thus when the time for dispersal from the prisoners' camps came about the German bully would turn the rest loose to find their way, unaided and starving, into Holland and safety, but would detain the soldier who had insulted him, and afterward secretly send the man to work in his castle or on his estate, where he could torture and degrade him at will.

The second reason hinted at by my informant is that these men whose whereabouts are such a mystery have, by reason of their special knowledge or adaptability, been put to work on undertakings the nature of which Germans want to keep secret.

Although the actual fighting is over, the trade war with Germany is only just beginning, and if any of the men in question acquired, either accidentally or otherwise, a trade secret of any value—and such a contingency is by no means an impossibility—he would be kept a prisoner in secret.

The third reason is somewhat similar. The men are being kept prisoners through the instrumentality of individual officers or men. They have gained some knowledge which, if disclosed, would end in terrible retribution for the officer or man concerned.

Marconi Hopes to Talk With Stars by Wireless

AN INVENTOR must necessarily be a man with imagination; probably the larger his invention the greater his power of imagination. Anyway, the imagination of Marconi, inventor of wireless telegraphy, is just now busy over the possibility of communicating wirelessly with the stars.

Marconi says he has often received strong signals out of the ether which seemed to come from some place outside the earth and which may conceivably have proceeded from the stars.

He also thinks waves of ether are eternal. He says that messages he sent off ten years ago are still going on through space.

This is why he hopes for communication with other stars. He says:

"Communication with intelligences on other stars may some day be possible, and as many of the planets are much older than ours, the beings who live there ought to have information for us of enormous value."

"It is silly to say the other planets are uninhabited, because they have no atmosphere or are so hot or are so different from the earth. If there were no fish in the sea, we would say life there is impossible."

"You see, one might get through some such message as two plus two equals four, and go on repeating it until the answer came back signifying yes, which would be one word."

"Mathematics must be the same throughout the physical universe. By sticking to mathematics over a number of years one might come to speech it is certainly possible."

PRESIDENT WILSON'S VISIT TO ROME

This photograph, taken during President Wilson's recent visit to Italy, shows him and Mrs. Wilson leaving the Colosseum, Rome.

JEWISH WELFARE BOARD BUSY WITH MAIL

The task of distributing the mail from overseas so that letters for the folks at home will not be held up has been undertaken by the Jewish welfare board in New York. Mrs. Ralphi Stern is in charge of the work. The photograph shows Mrs. Stern (third from left in foreground) surrounded by relatives of soldiers awaiting the distribution of mail at the clubhouse.

BELGIUM'S QUEEN IN LIEGE

Queen Elizabeth of Belgium was given an enthusiastic reception in Liege. The photograph shows her carrying flowers presented to her by her subjects.

Phonograph Astonished Natives.

The Marshall Islands are a group not far from Australia recently wrested from German control. Up to a period in the not very remote past their inhabitants followed cannibal proclivities. The late Alexander Agassiz, in the course of his ethnological studies in the South sea Islands, had an uncommonly interesting experience with the Marshall Islanders. A group of native warriors was persuaded to sing a typical war chant of the tribe. Unknown to them one of Mr. Agassiz's assistants recorded the chant on one of the early phonographs, then a new thing to civilization itself. At the end of the chant the needle was reversed, and the astonished natives listened to the strangest echo they ever heard.

Deliberately Courted Fate.

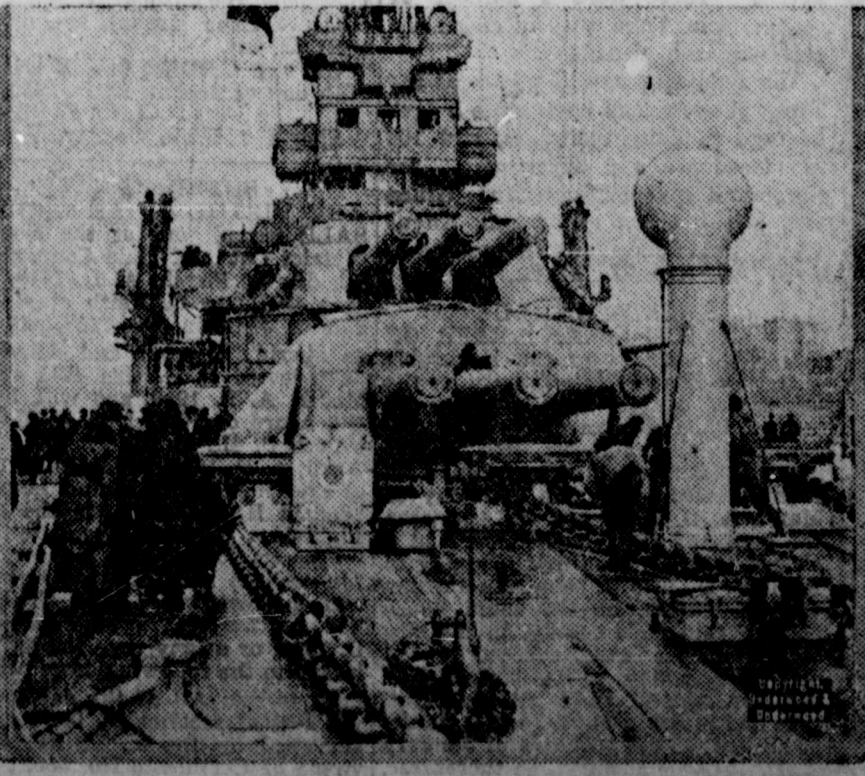

He looked a sorry sight as he limped into the insurance office. Bandages were numerous, and he walked with the aid of a crutch. "I have called to make application for the amount due on my accident policy," he said. "I fell down a long flight of stairs the other evening, and sustained damages that will disable me for some time to come." The manager gave him a firm look. "Young man," he replied. "I have investigated your case, and find that you are not entitled to anything. It could not be called an accident, for you certainly knew that the young lady's father was at home."

A Terrible Ordeal!

Gravel and Kidney Stone: Caused Intense Suffering—Doan's Brought a Quick Cure.

Edw. J. Turecek, 4332 Kichelburger Ave., St. Louis, Mo., says: "I was taken with a terrible pain across the back and every move I made, it felt like a knife being driven into my back and twisted around. It lasted about half an hour, but soon came back and with it another affliction. The kidney secretions began to pain me; the flow was scanty and burned like fire when passing. I had severe headaches and my bladder got badly inflamed, too, and I noticed little particles of gravel in the secretions. Doan's Kidney Pills had been recommended to me and I began their use. The first half box brought relief and I passed a stone the size of a pea. It was a terrible ordeal and afterwards a sandy sediment and particles of gravel settled in the urine. I got more of the pills and they cured me. The inflammation left and there was no more pain or gravel. I now sleep well, eat well and my kidneys act normally. Doan's Kidney Pills alone accomplished this wonderful cure."

"Sells it for Less"

in from Camp Travis last Friday, where he was mustered out of service. He recently returned from France, where he saw active service. Turner Stevenson, member of the Lockney State Bank, purchased this week the Rev. Burnett home place in west Lockney. Mr. Stevenson will move his family to Lockney in two weeks and occupy his new home.

The Home Demonstration agent for Floyd county is Miss Josie York, who reports for duty tomorrow, the 19th. She is employed by the commissioners' court jointly with the federal and state departments.

The Baptist church of Lockney has called Rev. Dick, of Rails, to pasture for them for full time. Rev. Dick was here Thursday arranging for a house, and making preparations to move his family to Lockney. He will take charge of the work about April 1st.—Beacon.

KRESS

March 13.—J. F. Moore was a visitor in Plainview Monday.

Mr. and Mrs. John Elliott and children, accompanied by the sister of Mr. Elliott, Mrs. E. H. Rudd, are spending this week in Fort Worth.

F. T. Skipworth was shaking hands with his many friends in Tulia Monday.

Mr. and Mrs. J. F. Todd were in Plainview on business Monday.

Frederick and Marguerette Rousser, the children of George Rousser, who is in France, have received a letter from their father. He says he does not know when he will be at home.

Miss Elva Schihagen, who has been in San Antonio for some time, where she was called to the bedside of her brother, Roger, who had the appendicitis, is now at home. She reports that Roger is getting along nicely.

Mr. and Mrs. J. F. Moore spent last Sunday visiting Mr. and Mrs. Caudle.

Mrs. G. Davenport is in Amarillo this week visiting her daughter, Mrs. Beck.

A. L. Collins has resigned his position as depot agent of this place in favor of J. M. Bude.

Mrs. W. P. Edwards was shopping in Plainview last Tuesday.

The managers and also the students of Wayland college of Plainview, entertained us all Saturday night at the Baptist church. We all enjoyed the entertainment very much. They entertained us by showing pictures of the world war, and also some Bible pictures. There were four boys there from France and the sang a quartette which we enjoyed very much. The title of the song was, "Life's Railway to Heaven." When they got through singing one of the boys yelled out "On to Berlin or Bust." I don't know why, unless it was because he was so used to saying that. They also were here during the day Sunday and several members and also the teachers of Wayland college made us some good talks, which we enjoyed very much.

The Tulia high school girls and the Kress high school girls played basket ball Monday evening. The game was a tie, neither side won.

Miss Ethlyn Edwards is teaching music again this week, after being confined to her bed for several days.

Miss Delsie Hartman was hurt at school Tuesday playing basket ball, but not seriously. She is in school again.

Mrs. F. Rousser is ill this week with typhoid fever, but is getting along very nicely. F. Rousser is also very ill.

John Elliott has received a letter from his youngest brother, who has been in France. He is now in New York in a hospital.

The pupils of the Tulia high school and Kress high school had a debate last Monday night. The subject was "Resolved, That Military Training Should be in the Schools of the United States." The affirmatives were Misses Jewelle Degge and Aileen Kerr. The negatives were Miss Frances Ramsey and Mr. George Edwards. The affirmatives won the debate. There were a number of people from Tulia that attended the exercises and debate.

The following named pupils of the Kress public school have made a high average in daily recitation, and 100 in attendance and deportment, for the month ending March 7th: Grade ten, Velma Linn; grade two, Angus Wood; grade one, Verna Skipworth.

SHERIFF'S SALE

NOTICE OF ELECTION
 THE STATE OF TEXAS,
 County of Hale,
 Notice is hereby given that an election will be held on the 12th day of April, 1919, at Ellen School House, in Common School District No. 24 of this County, as established by order of the Commissioners' Court of this County, of date the 11th day of May 1914, which is recorded in Book 2, page 428, of the minutes of said Court and re-established and re-defined by order of the County Board of School Trustees of Hale County, Texas, of date the 18th day of April, 1918, which is recorded in "Record of School Districts" Vol. 1, page 11, of Hale County, Texas, to determine whether or not a majority of the legally qualified property taxpaying voters of that district desire the issuance of bonds on the faith and credit of said common school district in the amount of \$5,000.00, the bonds to be of the denomination of \$1,000.00 each, numbered consecutively from one to five both inclusive, payable forty years from their date, and bearing five per cent interest per annum, payable annually on April 10th of each year, to provide funds to be ex-

pendent in payment of accounts legally contracted in constructing and equipping a public free school building of brick material in and for said Common School District, and to determine whether the Commissioners' Court of this County shall be authorized to levy, assess and collect annually while said bonds or any of them are outstanding, a tax upon all taxable property within said district sufficient to pay the current interest on said bonds and provide a sinking fund sufficient to pay the principal

at maturity.
 All persons who are legally qualified voters of this State and County and who are resident property taxpayers in said district shall be entitled to vote at said election.
 Said election was ordered by the County Judge of this County by order made on the 7th day of March, 1919, and this notice is given in pursuance of said order.
 Dated the 10th day of March, 1919.
 J. C. TERRY,
 Sheriff Hale County, Texas.

PLAINVIEW, TEXAS

CHURCHES

Centenary Program at the Methodist Church

The Woman's Missionary Society of the Methodist church met in the church parlor yesterday afternoon, in a most excellent meeting. The subject for the lesson was "Making Democracy Safe," and it was well and ably handled by those on the program.

Mrs. Mattie Spake was the Centenary Task; Mrs. E. E. Robinson on "Woman's Part in the Centenary;" Mrs. L. L. Dye on "Making Democracy Safe;" Mrs. Chas. Vincent on "Christianity the Only Hope of the World;" Mrs. Marshal Phelps on "An Unsafe Democracy." Besides these excellent, earnest, heartfelt talks was a solo by Mrs. Cora E. Pritchett and a musical reading by Mrs. R. E. Cochrane, both numbers being accompanied by Mrs. Tom Carter.

There was a splendid attendance, but not half as large as there should have been, did the women of the church but realize what they are missing in these Centenary programs, that are being given. If the women of the church would but awake to the opportunities of the year 1919 and the necessity for faithful, zealous, prayerful lives during this reconstruction period. To we, who are attending these meetings, the importance of this great task is beginning to be realized and, we believe we are being aroused to a new meaning of the phrase "Christian Brotherhood of Man."

The next Centenary program will be given by Circle No. 3, and every woman of the church is urged to be present and we are sure you will be benefitted by coming.

There will be no meeting at the church next Monday afternoon as it will be circle week.

Circle No. 1 will meet Monday afternoon with Mrs. Jack Leslie. No. 2 will meet Friday afternoon with Mrs. W. H. Dickinson. Circle No. 3 will meet Monday afternoon with Mrs. C. E. Lamb. Circle No. 4 Thursday afternoon with Mrs. James Pickert.

Holiness Meeting Was Interesting

The series of services of five days under the auspices of the Nazarene church, held at the First Christian church, closed Sunday night.

The addresses were by C. W. Ruth of Indianapolis, Ind., C. H. Babcock, of Los Angeles, Calif., and Jos. Owen of Boaz, Ala., and the song services were led by Prof. Arthur Johnson of Akron, Ohio.

Those who attended say the addresses were among the ablest ever delivered in the city. The visitors left Monday for Oklahoma City, to hold a five days' meeting.

Methodists Plan Drive for \$35,000,000 April 13 to 20

Presiding Elder A. L. Moore returned Thursday from Clarendon, where he attended a meeting of leaders from the Northwest Texas Conference in the interest of the Centenary. The date for the Centenary

drive, by means of which the Southern Methodist church plans to secure \$35,000,000 for an enlarged missionary and educational program, has been set for April 13-20.

There was doubt in the minds of some of the conference leaders as to whether or not the Northwest Texas conference was in position to undertake the drive at this time. However, it was decided to take up the work at the time set for the entire church. The money is to be paid in five years.

Stereopticon Lecture at Church

Rev. W. E. Lyon, presiding elder of the Lubbock district, will give a stereopticon lecture on the Oriental countries and Latin America at the Methodist church Wednesday night, beginning at 7 o'clock. No admission will be charged.

TULIA

March 14.—Miss Halley Hutchison visited with friends in Plainview the first of the week.

Rudy Hendrix arrived Thursday from Newport News, Virginia, where he has been working in the ship yards for several months. He visited with relatives in Amarillo, while en route home.

Mr. and Mrs. R. A. Underwood and Mr. and Mrs. A. B. Martin and their children of Plainview, were in Tulia the first of the week, the guests of Mr. and Mrs. Ira L. Tucker.

Miss Pearl Bridgeman of Kress was in Tulia Sunday and Monday visiting at the home of Judge and Mrs. W. F. Hendrix.

Elder A. P. Johnson was taken Wednesday with an attack of paralysis. His friends have been giving him their careful attention.

Y. W. Holmes and W. A. Donaldson of Plainview, were looking after business here Thursday.

Judge W. F. Hendrix returned last Thursday from Sayre, Okla., where he attended the funeral of his brother, Judge John C. Hendrix.

Mrs. Fred Anderson has received a valuable souvenir from her son, G. E. Randolph, who is serving in the 23rd Engineers, American Expeditionary Forces. The souvenir is a French 77-m shell, and is most artistically decorated. It is all brass and is about twelve inches long.

Little Leroy Carver, son of Mr. and Mrs. W. J. Carver, of Vigo Park, accidentally fell into a tub of boiling water last Wednesday, and received very painful, though not serious, burns.

Miss Zola Puff and Mr. John McCoy Burton, of Washington, were married in Tulia Monday afternoon, at 2 o'clock at the Presbyterian manse, Rev. John T. Price officiating. The bride is the daughter of Mr. and Mrs. C. C. Poff.

George Whitfield Smith died Sunday evening at 6 o'clock at his residence in north Tulia. Funeral services were conducted Monday afternoon, at 2 o'clock, at the residence, by Rev. John T. Price, the Presbyterian pastor. Mr. Smith was 83 years, four months and 14 days old at his death. He leaves a widow, four sons, and three daughters, a number of grandchildren.—Herald.

Roy Lipscomb has opened an auto garage in the Hamilton tin shop building, and has named it the Post-office Garage.

PERSONAL MENTION

Ben Ansley of Amarillo was in Saturday on business.

Lee Shropshire and J. A. Peret returned Saturday from the Burkburnett oil fields. J. W. Grant returned Sunday night.

Miss Lena Maude Smith returned Monday morning from a visit with a sister in Canyon and a cousin in Tulia.

Miss Standefer of the telephone exchange left Sunday morning for San Angelo to visit.

Miss Lois Hatcher, who is teaching school at Ralls, was here Saturday visiting Miss Mary Wayland.

Misses Billy Slaughter and Ruth Seale of Floydada were guests last week of Miss Gilbert Moore.

Mrs. Mollie Hill left Friday night for Arlington to visit a sister.

Mr. and Mrs. E. U. Walter of Blackwell, Okla., have been here the past week visiting their son, R. C. Walter and family. They have been spending the winter in California, and are on their way back home.

Miss Jessie Nyhus, Red Cross nurse at Camp Pike, Ark., arrived Saturday to visit her sister, Mrs. E. E. Monzingo of near Runningwater. She will accompany her grandmother, Mrs. Ole Nyhus, to LaCrosse, Wis., in a few days.

Mr. and Mrs. Rush returned Saturday to their home in Lubbock, after visiting her sister, Mrs. Jesse Hamilton, and Mrs. Austin Anderson.

Mrs. C. L. Glenn returned last week to her home in Matador, after visiting her daughter here.

W. R. Simmons, Chas. Calhoun and A. T. Ogg came in Sunday from the Ranger oil fields.

I. B. Broyles left Sunday for the Iowa Park and Burkburnett oil fields and after a few days there will go to DeLeon, where he has an office.

Gamaliel Graham went to Lamesa yesterday to attend to a case in court.

Bouglas Burns of Tulia spent yesterday here on business.

Messrs. Clark and d Hammett of Eastland county were here the latter part of the week looking at Hale county lands with a view of buying.

Sam H. Webb of Dimmitt had business here yesterday.

Judge A. J. Fires of Childress was here today, en route to court in Floydada.

E. L. Harwell of Putnam, Callahan county, had business here yesterday. Eugene DeBogory of Dallas was here yesterday. He represented Taylor county in the legislature of two years ago, and raised a storm at Abilene by voting against Ferguson in the impeachment investigation. He later became a major in the Texas National Guard.

Mrs. R. F. Stewart is visiting relatives in McLennan county.

J. C. Edwards of east of Abernathy is in town today. He says his section needs rain.

E. H. Humphreys and family and Mr. and Mrs. Varsley of Roswell, motored to Amarillo Saturday.

Mr. and Mrs. J. D. Hunter and Mr. and Mrs. E. J. Witt of Amarillo spent Sunday and Sunday night here.

Geo. W. Briggs of Lubbock was here Saturday, in behalf of the West Texas Chamber of Commerce.

Clyde Payne of Sweetwater and L. C. Simpson of Abilene, had business here Saturday.

J. W. Ely and family of Matador were in Plainview Saturday.

Mrs. W. F. Terry was in Amarillo Saturday.

Rev. J. W. Saffles has gone down to the Burkburnett oil fields.

Mrs. B. A. Langford was registered at the Amarillo hotel Monday.

Lester Smith of Lockney is in town today.

Mrs. W. S. Posey of Lubbock is here visiting her daughter, Mrs. E. O. Nichols.

Miss Myrtle Palmer, trained nurse, went to Abernathy this morning.

Mrs. G. J. Lindsay of Comanche is here visiting her parents, Mr. and Mrs. L. H. Sloneker.

Mrs. R. H. Cooper of Lubbock is expected up today to visit her sister, Mrs. Wilbur Winn, and mother, Mrs. Turner.

Miss Nell Holland left this morning for her school at O'Donnell, after spending several days with her parents, Mr. and Mrs. O. Holland.

Mrs. Edwards, who has been visiting her sister, Mrs. S. I. Newton, left this morning for her home in Henrietta. Mrs. Newton went with her and will visit a son in Seymour.

Mrs. Ben O. Sanford and child left Monday morning for Wichita Falls, to be with Mr. Sanford, who owns and is operating a well drilling outfit in the Burkburnett oil field.

Mr. and Mrs. Tom Shafer and child spent the week-end with her relatives in Tulia.

Mrs. Will Watson went to Lamesa yesterday to visit an aunt for a few days.

Miss Esther Mayfield of Canyon Normal spent the week end with her father, Geo. L. Mayfield.

Mr. and Mrs. Harrison Mayfield of Lubbock spent the week end with his father, Geo. L. Mayfield.

Rev. M. D. Hill has bought two lots from A. L. Maupin adjoining the

WOMEN'S SOCIETY

Presbyterian Women Honor Mrs. Holmes with Farewell

The Presbyterian Missionary Society gave a farewell reception at the home of Mrs. J. W. Richards yesterday afternoon, as a farewell to Mrs. Y. W. Holmes, who has been the president of the society for a number of years. The Holmes family is soon to move to Comanche.

There was a short business session of the society, after which there was a program. Miss McCurdy gave selections on the piano, Mrs. George Wilson sang. The house was decorated in green potted plants and ferns in keeping with St. Patrick's Day.

About forty ladies called during the afternoon, and they were served with whipped cream and cake. The favors were springs of apricot blossoms with green ribbon. The affair was a very enjoyable one.

Box Supper at Midway

Miss Devereaux, teacher of Midway school, asks us to say that there will be a box supper at the school Friday night, to raise money to buy an organ.

Meeting of County Federation of Women's Clubs

The County Federation of Women's clubs will hold a business meeting at the Presbyterian church on Tuesday afternoon, March 25th, beginning at 2 o'clock. All clubs affiliated with the federation are urged to send a delegate. Business of vital importance to all the clubs will come before the meeting.

Campaign for Clothing for Destitute European People

Mrs. R. E. Myers has been appointed as chairman to conduct the campaign of March 24 to 31, for the gathering of clothing and other necessary articles for the destitute peoples of Europe. She informs us that as the needs of these people are so great, she trusts the people of Hale county will respond liberally, and gather up all cast-off garments, etc., and bring them in.

Every kind of garment is needed, for all ages, and both sexes, and also piece goods of light, warm fabrics, canton flannels and other kinds of cloth. European women will make garments for new born babies. Also bed clothing, sheeting, blankets and quilts, pillow cases, all kinds of woolen goods, shoes of all kinds are needed. Garments should be of strong and durable goods.

Do not send ball dresses, flimsy dresses, high hats, derby hats, straw hats, trimming for hats, feathers, umbrellas, mattresses, clocks, glassware, toys, collars, neck ties, shoe trees, crutches, canes, parasols, pillows, crockery, rugs and carpets.

The drive will begin Monday, Mar. 24th, and will positively end at 5 o'clock Monday afternoon, March 31.

Those who will contribute clothing, etc., to this campaign will kindly bring same to the Red Cross headquarters in the little bank building at the corner of Broadway and Seventh streets.

Lamar Mothers' Club

The Mothers' club of Lamar school met Friday afternoon, with an attendance of fifty-seven mothers of children of the school. Miss Josie Rossen's room won the picture for the month, on account of having the most mothers present.

An interesting program was rendered.

Lamar School Declamation

The Lamar school in Plainview held its declamation contest Friday afternoon at 2 o'clock, to select representatives for the county contests next Saturday. Lucile Stoddard won first place for the girls, Dora Nan Bryan, second, Helen Martin, third. Sterling Rosser won first for the boys; Howard Stovall, second; Robert Tull, third.

Those who took part in the contest were: Louie McMurray, How-Maupin home, and will build a residence on same some time later.

Mrs. R. L. Boswell, sister of J. W. Boswell, left this morning for her home in Sterling City. She had been here for five years.

J. W. Willis returned this morning from the Ranger oil fields.

J. J. Cole returned this morning from a stay of two months in the Burkburnett oil fields.

A. C. Miller returned Monday from a business trip to Abilene.

John Dalrymple returned this morning from Clarendon, where he had been to figure on the contract to install the street paving to be done there.

Mrs. A. H. Lindsay, J. C. Anderson and E. O. Nichols went to Amarillo to attend the meeting of the Panhandle Medical society today. Dr. C. C. Gidney will go to Amarillo tomorrow.

FREE

We are offering to give with each dollar's worth of the following toilet articles a Palmolive "week-end package" of toilet articles or a Nyals cook book. You can select the dollar's worth from the following list—all one kind or assorted.

- Nyals Dental Paste,
- Lily Dental Paste,
- Anza Complexion Powder,
- Grecian Girl Complexion Powder,
- De Lux Vanishing Cream,
- Imogene Face Cream,
- Grecian Girl Face Cream,

What if You Can't Get a New Car in 1919?

817,000 cars were "scrapped" in 1917

"Mother, the old car certainly deserves the best we can do for it!"

"Surely our old friend Car ought to have a new Eveready battery to carry it through the long year ahead. It will be little enough for all he has done for us.

"We can't any of us afford to gamble on whether the car will stand up to the work in 1919, and its got to. So I move, Mother, that we get an Eveready right now—it's guaranteed for a year and a half—and I'll bet the whole family will second the motion. The Eveready Service Station has just the size we need for the car, and they're mighty decent people at testing the battery and keeping it up to the mark.

"Make it unanimous—don't let the old car think we are pikers."

SOUTH PLAINS BATTERY CO.
New Ellerd Building

We test and repair all makes of batteries. **EVEREADY** Our repair work is fully guaranteed

Now Ready

Cabbage Plants and White Bermuda Onion Sets.

All other plants will be ready between April 15 and May 1.

WELL-FILLED ICEHOUSE MEANS SUMMER SAFETY

Sour Milk and a Bitter Man—He Tried to Run a Dairy Without Ice.

LAST CALL FOR ICE HARVESTING

Fairly Safe Storage May Be Secured in Cellar, or Some Other Convenient Nook.

LIBERAL USE OF SAWDUST

Many Other Advantages Besides Keeping Milk Cool During Heated Term—There Appears to Be No Justification for Neglect.

Probably the greatest advantage from having a farm ice house properly filled is that the milk may always be kept cool. But there are a score of other advantages not to be ignored. Some of them pertain to things that may be classed as—summer luxuries?—no, summer necessities. Ice cream, iced tea, lemonade, buttermilk, iced watermelons, iced cantaloupes, iced fruits—every one of them an item in the summer diet that can be regarded as contributions to the health, happiness and prosperity of the family. Unless there is natural ice in the farm ice house, they are rarely to be had. Even if the head of the family is perfectly willing to bear the expense of buying artificial ice, the time is sure to come—in most cases, it comes frequently—when there is not time to get the ice out from town, times when everybody is busy in the harvest or hay field and when the familiar but disheartening plea of "let it wait till tomorrow" is heard and must be heeded.

Ice Relieves Suffering.

Indeed, it can be heeded with some degree of patience when the ice would mean only a more palatable dessert for dinner. But, on one of those hot harvest days, one of the men is brought in overheated from the field, or one of the children becomes suddenly ill of something that an ice pack would go a long way toward relieving. Such things seem to occur just at those times when the icebox is empty—and the need is so urgent that there is no time for going to town for ice. Unnecessary suffering is the inevitable result—inevitable except when there is on the farm an ice house filled from the pond or stream during the winter.

The harvesting of ice is so simple a matter that there appears no justification for its neglect by those who live in natural ice regions. Yet, the fact remains that many such do neglect it. Even for those who have not a regularly constructed ice house, there are possibilities. Ice may be stored and kept with a fair degree of success in the cellar, a corner of the woodshed, in any one of a score of nooks, to be found about every farmstead. Such storage places cannot be recommended for permanent use. They entail a much heavier loss by melting than do properly constructed houses. But, with the proper use of sawdust, planing-mill shavings or other cheap insulator, they can be made to keep ice through the summer. The United States department of agriculture goes so far as to say that, where ice is abundant and the cost of gathering it low, storage in makeshift places may be more economical than the building of scientifically constructed houses, and does not hesitate to recommend it as an expedient to serve until there is time for the construction of the right sort of house.

Thick Cakes Not Essential.

Of course, if the ice is to be available for next summer, there is no time for constructing houses now. This is nearly the last call for filling the houses already built—and for making use of such expedients as are possible

on farms where there is no ice house. The mild character of the early part of the winter, of course, has made the potential supply of ice less than usual, but the actual supply—much greater than will be gathered—is adequate for all needs. It is not necessary that ice be of any particular thickness. Six-inch ice is desirable, but it is not essential. Four-inch or even three-inch ice will serve every purpose that thicker ice could be made to serve. And it does not require weather very cold and long-continued to put a three or four-inch coat over the pond.

The department of agriculture recommends neighborly co-operation in ice harvesting. Two, three, or more families joining forces and using the same pond or stream, if convenient, can do the work much more easily and expeditiously than the working force of one farm alone ordinarily can do it. Also, when done by two or more families jointly, ice harvesting partakes of the nature of a picnic and the work is done without anybody thinking of it as a disagreeable task.

The cutting of ice is a very simple operation. The method recommended by the department of agriculture is to mark off the pond in rectangular figures of convenient size, then to saw out a strip from shore to shore and force it under the ice, leaving an open channel to the bank. Pieces as large as can be handled are then sawed out on either side, pulled ashore by men with ice hooks or by a horse on the bank, then loaded on the wagon or sled.

The method of storing varies. If the ice is to be stored in a properly constructed ice house with commercial insulation, little packing is needed. If a house not equipped with commercial insulation, or some other makeshift storage space is used, the ground should be covered with 12 inches of sawdust or planing-mill shavings before the ice is put in. A 12-inch space should be left between the ice and the walls and should be tightly filled in with sawdust or shavings, and a covering of 18 inches of sawdust or shavings should be placed over the ice.

Planing-mill shavings are preferable to sawdust, being more absorbent and not so much inclined to pack. Whether sawdust or shavings are used, care must be taken that the material is thoroughly dry.

ISN'T IT DISAGREEABLE TO HEAR—

Your best customer's patient complaint, "The milk was sour again yesterday."

The milk inspector's judicial declaration, "Your bacterial count is too high."

The factory manager's peremptory decision, "I can't make good butter out of this cream and I can't make good cheese out of this milk."

If they are disagreeable, don't listen to them. You don't have to.

The bacterial count is high, the milk is sour, the quality of butter and cheese is poor often because the milk or cream wasn't kept cool because there was no ice available, and there was no ice available because you let all of it melt where it froze instead of gathering it and putting it in your ice house.

Fill the ice house full of natural ice from the pond or stream. That will help to stop the disagreeable things that people say about your milk and cream.

Provide Farm Buildings.

It will be the part of good farming to provide the necessary buildings. As soon as labor can be had and building materials secured it will pay to shelter stock and save crops.

A Bird in the Hand

(Special Information Service, United States Department of Agriculture.)
MORE EGGS AND MEAT MARK TIMELY HATCHING

Start the Incubator Several Weeks Earlier and Raise More Profitable Chicks.

EARLY HATCHING OF IMPORTANCE

Fowls Realize Full Benefits From Propitious and Longer Growing Season.

FOSTERS EARLIER MATURITY

Hatch in Time for Best Broiler Markets and Also Produce Pullets Ready to Lay When Hens Want Needed Rest.

Fable is transforming into fact. It has been customary in allegorical statement only to allude to the hen that lays the golden eggs. In view of the present prices of eggs and poultry, it begins to look as if the age of the golden eggs had arrived. With marketing conditions for poultry products better than ever before, with a stabilized demand for quality products, and with prospects of larger amounts of feeds being available as a result of the cessation of war, there is every incentive for the poultryman's best efforts.

A fundamental factor which makes for greater success with hens is to hatch early. The early chick catches the worm both in the garden and in the economies of poultry production. The poultryman who aspires to beat the calendar and to hatch several weeks earlier than the cut-and-dried practice gains an advantage which permits him to market quality cockerels at less cost and greater profit much in advance of his associates who are remiss in lighting their incubators or setting their hens. Chicks thrive and develop rapidly during the early days of spring; the early hatched fowls thus realize full benefits from the propitious and longer growing season.

Why to Hatch Early.

The early hatch spells sure profits, other conditions being equal, because it fosters the earlier maturity and egg production of the pullets; it induces a stream of eggs at the season when eggs are highest in price; it gives the chicks a chance to develop into strong healthy birds before hot weather sets in; it provides a supply of wage earning pullets to replace the old hens in the flock as soon as the latter birds begin to develop star-boarder characteristics; it produces chicks which are robust and rugged and better able to withstand the attacks of lice and disease; it means early cockerels for market when the supply is scant and the price correspondingly attractive.

Hens take a three months' vacation every fall during the molting season while they don new plumage. When the hens are idle, the stream of eggs ceases unless early hatched pullets are ready to substitute for the older fowl as egg-producers. As fall and winter eggs are always in demand at profitable prices, early hatching returns rapid dividends where the pullets are geared up for active service when the hens begin their rest.

Less Disease Among Robust Pullets.

Where lice attack the flock, the smaller, weaker chickens are first to succumb. Lice are worse during warm than cold weather and hence the early hatched chicks are less exposed to such pests while still very young. Furthermore, immature pullets are subject to colds during the fall and are likely to spread colds throughout the entire flock. To remedy this difficulty, hatch early and have the pullets reasonably well matured when they are placed in winter quarters.

As more cockerels are produced than are needed for breeding purposes it is imperative that the surplus stock be rapidly marketed and sold as broilers and springers at early ages. The demand for such chickens is best early in the season when the price is at its peak and, on this account, the young males should be hatched early,

forced and fattened for these special markets.

Hot Weather Hard On Chicks.

Severely hot weather is hard on little chicks. Constant care and attention are essential to carry the young birds through the first six weeks without loss, particularly if the weather is hot and oppressive during this period. It is highly important that chicks shall have passed the danger point before summer is on full force. This necessitates that the chicks be early rather than late-hatched.

Unless pullets are hatched early, matured and well settled in their winter quarters before cold weather sets in, it is difficult to get them to lay. Generally it takes from six and one-half to eight months for pullets of the general purpose breeds including the Plymouth Rock, Rhode Island Red, Wyandotte and Orpington varieties to mature and start laying. Hatched early in the season they will have ample time to mature.

Early hatching one season will make it easier to hatch early the following year. Early hatched pullets begin to lay in the fall and winter and by the time early spring comes will usually have produced a considerable number of eggs and many of them will show a desire to sit. If on the other hand, the pullets are hatched late, they do not begin to lay until late winter or early spring and consequently are not likely to be broody when it is time to start hatching. Early hatching leads to early laying and early laying develops early broodiness, completing a cycle which should be the roundrobin aspiration of every progressive poultryman.

EARLY HATCH IS URGED

Early Hatching Means:
More chicks raised.
Less trouble from lice and disease.

A longer growing season.
Better grown chicks.
Higher prices for cockerel broilers.

Chicks mature enough to withstand summer heat.
Well-matured, early-laying pullets.

Pullets supply eggs while hens are molting.
Egg plenty at season of high prices.

Early pullets that become broody sooner, the following spring.

Poultry Studies Wide in Scope.

In its efforts to encourage the broad development of poultry raising in the United States, the bureau of animal industry of the United States department of agriculture is conducting investigations to establish the best methods of raising many varieties of fowls. The present scope of the work includes not only the feeding, breeding, and care of ordinary poultry, but also the raising of pigeons, squabs, guineas, turkeys, and many other birds, including ostriches. The flesh of squabs, turkeys, guineas, geese and ducks makes a pleasing variety in the diet, and with wild fowls now becoming less available, it is important that a sufficient number of domestic birds be raised to keep the market constantly supplied. The problem now is chiefly one of farm production, which requires expert knowledge if adequate supplies are to be continued.

Peak Prices for Broilers.

It is economical practice to mature and fatten fowls for early market, as usually the peak prices are paid for such pre-seasoned broilers and springers. Early hatching is a prerequisite for the production of market-apping cockerels. The early chicks are favored by a long, propitious growing season relatively free from dangers of disease and lice. They accomplish the most rapid gains and attain market conditions in record time several weeks earlier, and gain the time. Start the incubator to get the additional profits.

13 Dollars—13 Cents

When Swift & Company paid, say,—13 dollars per hundredweight for live beef cattle last year, the profit was only 13 cents! In other words, if we had paid \$13.13, we would have made no profit.

Or, if we had received a quarter of a cent per pound less for dressed beef we would have made no profit.

It is doubtful whether any other business is run on so close a margin of profit.

This is bringing the producer and the consumer pretty close together—which should be the object of any industry turning raw material into a useful form.

This remarkable showing is due to enormous volume, perfected facilities (packing plants strategically located, branch houses, refrigerator cars, etc.), and an army of men and women chosen and trained to do their special work.

This, and many other points of interest, are found in the Swift & Company Year Book for 1919, just published which is brought out for the public as well as for the 25,000 Swift & Company shareholders.

The Year Book also represents the packer's side of the Federal Trade Commission investigation, upon which Congress is asked to base action against the industry.

Many who have never heard the packer's side are sending for the Year Book.

Would you like one? Merely mail your name and address to the Chicago office and the book will come to you.

Union Stock Yards, Chicago

Joffre the Silent.

"I carry no literary baggage." This confession of Marshal Joffre sums up his inconspicuous habit. He lutes words. Not long after his great victory on the Marne he consented to receive a party of war correspondents. They looked forward eagerly to columns of copy. Joffre uttered 65 words and then said, "Good morning."

Grove's Tasteless Chill Tonic restores vitality and energy by purifying and enriching the blood. For Chills, Malaria, Fever, Anemia, Indigestion, Headache, Etc. Price 50c.

Beaten at the Start.

A fellow said to a famous sprinter: "I'll race you and beat you if you'll let me choose the course and give me a yard's start."
"Fifty dollars to one that you don't," said the sprinter, confidently. "Name your course."
"Up a ladder," said the challenger.

The River of Life

Say what you will of whatever part of the human anatomy you please, the river of life is the BLOOD. It is either the swift running stream of health or the germ-laden channel of disease, one or the other.

The new remedy for the blood is

RICH-TONE, The Famous Tonic

the kind that freshens and quickens the circulation, energizes the good corpuscle that fights the battles of life for the sick.

RICH-TONE, The Famous Tonic

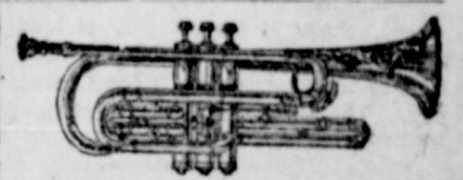

is unlike any other known remedy. It works differently, it reaches in an thorough and down till it penetrates to the seat of the disease and springs at its very throat of the cause of it.

It's the only remedy that does this. And doing this it gets results and effect cures that no other can.

Mr. Wimsitt says: "I bought two bottles of Rich-Tone for my mother. She thinks it is the finest tonic. She has used many other kinds, but nothing has helped her like Rich-Tone."

Tell your druggist this is the kind you want and that you won't have any other. He's got it; if he hasn't make him get it; he'll get it for you. Only \$1.00 per bottle.

Located.
"What's become of the old-fashioned man who used to push a perambulator about the streets?"
"I saw him the other day."
"What was he doing?"
"He was cranking his flivver while his wife held the twins."—Birmingham Age-Herald.

Between Battles.
One of our boys was talking with one of the Frenchies in the trenches. He asked the French soldier where he lived. The Frenchman pointed the direction and mentioned a village nearby. When asked if he went home often he replied: "About twice a week." "Oh," said the American lad, "then you commute on the war, don't you?"

Wife's Cigars Welcome.
"Tomorrow's my birthday and I shall get the usual very welcome box of cigars from my wife."
"Welcome? Huh! I'll bet you throw them away."
"Not much I don't. I give them to my friends. They remember the horror, and later when I offer them a cigar that's really good they pass. I tell you my wife's gift is dozens of dollars in my pocket every year."—Boston Transcript.

A woman always loves those who admire her, but she doesn't always love those she admires.

A lawyer draws up a will in such a way that he can see a second fee when it is contested.

Just a Little Smile

His Wife's Fault.
"This man says you owe him money, Sam," said the judge.
"Dat's right, Judge, I does."
"Well, why don't you pay him?"
"Why, I hain't got nothin' to pay him wiv, Judge."
"Well, why haven't you?"
"To tell the bones' truf, Judge, I speets my wife haws felled down on de job!"

Her Language.
Mrs. Nicker—Mrs. Gabbat's conversation is very diverting. I understand.
Mrs. Nocker—Oh, indeed, it is; she gets switched off her subject every minute or so.

HAD HIS MEASURE.
Knicker—Fudger must have a very vindictive disposition. When he once begins a quarrel he never will give up.
Backer—That's not vindictiveness; it's stingsiness. He hates to give up anything.

Persistent.
Truth crushed to earth will rise again. An act exceedingly rash. For scarcely has she done so when she gets another smash.

A Suggestion.
The Officer—Here, you said you were a painter and could rig up some camouflage to hold the enemy back. What have you done?
The Private—I've made one of the best signs I ever painted. It reads: "No Trespassing in four different languages."

Out.
Dignified Old Gentleman—Young fellow, you should always stop to count ten before you strike another person.
Mickey the Mauler—Awgwan with that other-chock stuff, uncle; by that time the referee'd be countin' ten over me prostrate form.

A Rigorous Sentiment.
"Birds of a feather flock together," said the ready-made philosopher.
"Yes," rejoined Three Finger Sam. "But there's some tar going with the feathers due on a few of the birds flocking around here."

A Proper One.
Nicker—Now that poor old Teapner is gone we've got to put a suitable epitaph on his tombstone. What do you suggest?
Bocker—That's easy. Just put on "He Jaet," but be sure to inclose the "He" in parentheses.

Yet to Come.
Little Clarence (after a season of profound cogitation)—Paw-uh!
Mr. Collipiers—Well, my son?
Little Clarence—Paw, why don't women wear whiskers on their hats?

Paying for Votes.
Two political candidates were discussing the coming local election.
"What did the audience say when you told them you had never paid a dollar for a vote?" queried one.
"A few cheered, but the majority seemed to lose interest," returned the other.—The Line Gauge.

Soaked Again.
Sapsleigh—Since I met you I have had but one thought.
Miss Tright—Even that is more than I gave you credit for.

The Point.
She—What was that smash in the hall as you came in which woke me up?
He—I guess it was the night falling, my dear.
She—It was more like the day breaking.

Too Rude.
"What on earth made you sing 'Trust Him Not' for that man?"
"Why not?"
"Because everybody knows he never pays his debts."

RECIPE FOR GRAY HAIR.

To half pint of water add 1 oz. Bay Rum, a small box of Barbo Compound, and 3/4 oz. of glycerine. Any druggist can put this up or you can mix it at home at very little cost. Full directions for making and use come in each box of Barbo Compound. It will gradually darken streaked, faded gray hair, and make it soft and glossy. It will not color the scalp, is not sticky or greasy, and does not rub off.—Adv.

Strict Scrutiny.
A young soldier in a barrack room not having much time to dress for guard, had cleaned his boots very well in front but scarcely at all behind. A comrade noticed this and said: "Why don't you clean the backs of your boots, George?"
"Oh," said George, hurriedly pulling on his cap and hurrying out, "a good soldier never looks behind." However, he was reprimanded by the adjutant, and a few days afterward his friend, noticing a difference in his boots, said to him:
"I thought a good soldier never looks behind, George?"
"No," was the reply, "but the adjutant does."

BOSCHEE'S SYRUP
Why use ordinary cough remedies when Boschee's Syrup has been used so successfully for fifty-one years in all parts of the United States for coughs, bronchitis, colds settled in the throat, especially lung troubles? It gives the patient a good night's rest, free from coughing, with easy expectoration in the morning, gives nature a chance to soothe the inflamed parts, throw off the disease, helping the patient to regain his health. Made in America and sold for more than half a century.—Adv.

He Was Excused.
The talesman had wriggled and wriggled, and finally the judge lost patience.
"Do you mean to state on oath that you don't think you have sufficient intelligence to render a just verdict on the evidence?" he shouted.
"Not exactly that, Judge," said the talesman; "but the fact is that for the last ten years my mind has been made up for me by my wife and mother-in-law, and, as I understand this jury stunt, I shall not be allowed to communicate with them."
"Excused!" cried the judge. "I'm a married man myself."

INFLUENZA—
Do not neglect an aching, Grippy cold—it may develop into Influenza.
Take CAPUDINE at once. It's liquid—Quick relief. Trial bottle 10c—two doses. Larger sizes also.—Adv.

Pat's Whereabouts.
In a small village in Ireland the mother of a soldier met the village priest, who asked her if she had had bad news. "Sure, I have," she said. "Pat has been killed." "Oh, I am very sorry," said the priest. "Did you receive word from the war office?"
"No," she said, "I received word from himself." The priest looked perplexed, and said: "But how is that?"
"Sure," she said, "here is the letter; read it for yourself." The letter said: "Dear Mother—I am now in the Holy Land."

Shave With Cuticura Soap
And double your razor efficiency as well as promote skin purity, skin comfort and skin health. No mug, no slimy soap, no germs, no waste, no irritation even when shaved twice daily. One soap for all uses—shaving, bathing and shampooing.—Adv.

Quite So.
"They say Jorkins has a dry wit."
"It must be; there is no spirit in it."
Hair grows thin on many a father's head.

I am Sincere! Stop Calomel! I Guarantee Dodson's

Listen to me! Calomel sickens and day's work. If bilious, constipated, headachy read my guarantee.

Listen up your sluggish liver! Feel fine and cheerful; make your work a pleasure; be vigorous and full of ambition. But take no nasty, dangerous calomel, because it makes you sick and you may lose a day's work.
Calomel is mercury or quicksilver, which causes necrosis of the bones. Calomel crashes into sour bile like dynamite, breaking it up. That's when you feel that awful nausea and cramping.
Listen to me! If you want to enjoy the nicest, gentlest liver and bowel cleansing you ever experienced, just take a spoonful of harmless Dodson's Liver Tonic tonight. Your druggist or dealer sells you a bottle of Dodson's Liver Tonic for a few cents under my

personal money-back guarantee that each spoonful will clean your sluggish liver better than a dose of nasty calomel and that it won't make you sick.
Dodson's Liver Tonic is real liver medicine. You'll know it next morning, because you will wake up feeling fine, your liver will be working; headache and dizziness gone; stomach will be sweet and bowels regular.
Dodson's Liver Tonic is entirely vegetable, therefore harmless and can not salivate. Give it to your children. Millions of people are using Dodson's Liver Tonic instead of dangerous calomel now. Your druggist will tell you that the sale of calomel is almost stopped entirely here.—Adv.

WINTERSMITH'S CHILL TONIC

SOLD FOR 50 YEARS.

For MALARIA, CHILLS and FEVER. ALSO A FINE GENERAL STRENGTHENING TONIC. Sold by All Drug Stores.

Painful End.
"Jimmie," said Aunt Nell, "I saw you reading very intently last night. Did the story end happily?"
"Naw," said Jimmie, "it was Diamond Dick, and pa came in and caught me just as I was finishin' the last chapter."

State of Ohio, City of Toledo, Lucas County—
Frank J. Cheney makes oath that he is senior partner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, County and State aforesaid, and that said firm will pay the sum of ONE HUNDRED DOLLARS for any case of Catarrh that cannot be cured by the use of HALL'S CATARRH MEDICINE.
FRANK J. CHENEY.
Sworn to before me and subscribed in my presence, this 6th day of December, A. D. 1906.
(Seal) A. W. Gleason, Notary Public.
HALL'S CATARRH MEDICINE is taken internally and acts through the Blood on the Mucous Surfaces of the System. Druggists, 75c. Testimonials free.
F. J. Cheney & Co., Toledo, Ohio.

Signs of It.
"This looks like a baby squall coming up," "I wouldn't be surprised the way the boat is rocking."
Yes, Herbert, there is more than one brand of smokeless powder that is dangerous to mankind.

Man Is the Great Listener.
Girls with ugly ears cover them with little knots of hair, but man's ears must stand out before the world and take what is coming to them.—Toledo Blade.

HAARLEM OIL CAPSULES IF YOUR BACK ACHES

Do you feel tired and "worn-out"? Are you nervous and irritable? Don't sleep well at night? Have a "dragged out" unrested feeling when you get up in the morning? Dizzy spells? Bilious? Bad taste in the mouth, backache, pain or soreness in the loins, and abdomen? Severe distress when urinating, bloody, cloudy urine or sediment? All these indicate gravel or stone in the bladder, or that the poisonous microbes, which are always in your system, have attacked your kidneys.
You should use GOLD MEDAL Haarlem Oil Capsules immediately. The oil soaks gently into the walls and lining of the kidneys, and the little poisonous animal germs, which are causing the inflammation, are immediately attacked and chased out of your system without inconvenience or pain.

Don't ignore the "little pains and aches," especially backaches. They may be little now but there is no telling how soon a dangerous or fatal disease of which they are the forerunners may show itself. Go after the cause of that backache at once, or you may find yourself in the grip of an incurable disease.
Do not delay a minute. Go to your druggist and insist on his supplying you with a box of GOLD MEDAL Haarlem Oil Capsules. In 24 hours you will feel renewed health and vigor. After you have cured yourself, continue to take one or two Capsules each day so as to keep in first-class condition, and ward off the danger of future attacks. Money refunded if they do not help you. Ask for the original imported GOLD MEDAL brand, and thus be sure of getting the genuine.—Adv.

Baby Wakes Up Smiling after its food has been digested as it should be, which is best done by giving **MRS. WINSLOW'S SYRUP**
The Infants' and Children's Regulator
Thousands of wise mothers know from actual experience that there is nothing better than this remarkable remedy for overcoming constipation, diarrhoea, feverishness and other baby troubles. This purely vegetable preparation is absolutely harmless—contains no opiates, narcotics, alcohol or other harmful ingredients.
If your baby is fretful, cries, or gives other symptoms of not being well, give Mrs. Winslow's Syrup and note the bounding health and happy smiles that follow.

"CASCARETS"

They Gently Clean the Liver and Bowels, and Stop Headache, Colds, Sour Stomach, Bad Breath

Enjoy Life! Take Cascarets and Wake Up Feeling Fit and Fine—Best Laxative for Men, Women, Children—Harmless—Never Gripe

Tired Nervous Mothers

Should Profit by the Experience of These Two Women

Buffalo, N. Y.—"I am the mother of four children, and for nearly three years I suffered from a female trouble with pains in my back and side, and a general weakness. I had professional attendance most of that time but did not seem to get well. As a last resort I decided to try Lydia E. Pinkham's Vegetable Compound which I had seen advertised in the newspapers, and in two weeks noticed a marked improvement. I continued its use and am now free from pain and able to do all my household work."—Mrs. B. B. ZIELINSKA, 202 Weiss Street, Buffalo, N. Y.

Portland, Ind.—"I had a displacement and suffered so badly from it at times I could not be on my feet at all. I was all run down and so weak I could not do my housework, was nervous and could not lie down at night. I took treatments from a physician but they did not help me. My Aunt recommended Lydia E. Pinkham's Vegetable Compound. I tried it and now I am strong and well again and do my own work and I give Lydia E. Pinkham's Compound the credit."—Mrs. JOSEPHINE KIMBLE, 935 West Race Street, Portland, Ind.

a visitor in town Wednesday.
Mesdames M. K. Alley and Nick
Alley returned from Mineral Wells
last week.

J. A. Beason and family are now
at home on the farm recently pur-
chased from A. L. Kellar.

S. E. Muggleton of Bartonsite was
a business visitor in our town Friday.

R. W. Lemond, wife and son, How-
ard started to Mineral Wells Thurs-
day. They are making the trip in
their car.

Ernest Sherman, James McKauhan
and Henry Monday have moved their
families to Nolan county this past
week.

The sad news of the death of Mr.
Nick Nittler at a sanitarium in Lub-
bock, was received here Sunday af-
ternoon. The body was taken to the
old home in Iowa for interment.

W. H. Gibson moved back to the
farm Saturday. They have occupied
the Hooper property this winter.

J. N. Reed moved into town Sat-
urday. He has a place on the sec-
tion.

Mr. and Mrs. B. M. Johnson en-
tertained friends to a six o'clock din-
ner Friday, March 14th. Covers
were laid for sixteen and a most de-
licious turkey dinner served. After
dinner tables were arranged for "84"
and a merry social time was enjoy-
ed. Those who partook of the hospi-
tality of these good people were Dr.
and Mrs. R. W. Sanders, Mr. and Mrs.
W. N. Claxton, Mr. and Mrs. M. S.
Hudson, Mr. and Mrs. Nick Alley, Mr.
and Mrs. J. F. Triplett, Mr. and Mrs.
W. C. Grigsby and two children and
Mr. and Mrs. W. T. Lemond. Before
the evening was over it was learned
this date was the 25th anniversary of
the marriage of the host and hostess.
At a late hour the guests departed
wishing Mr. and Mrs. Johnson many
more years of happy married life,
and thanking them for the warm hospi-
tality extended them on this occa-
sion.

We are glad to report Eugene Shep-
ard convalescing.

PETERSBURG

March 17.—The sand storms are
quite frequent lately, but we will for-
get about them when the pleasant
summer days are here.

Rev. Chas. Joiner exchanged pul-
pits with the pastor of the Matador
Baptist church Sunday and a nice
crowd attended services here.

Lewis and Bert Jay, two of our
discharged soldier boys, have taken
charge of the road machinery, and
propose to do their duty to the Hale
county public roads.

J. C. Boyd, has returned from the
Lubbock sanitarium, where he had
his tonsils removed.

The play at Bledsoe school house
Friday night, was a decided success.
The neat sum of \$50.00 was realized.

The box supper at the Baptist
church here was well attended Sat-
urday night. About \$50.00 was taken
in, which will be used to purchase a
carpet for the church.

The Needlecraft club was re-organi-
zed Thursday afternoon at the home
of Mrs. L. C. Claitor. The following
officers were elected: President, Mrs.
Chas. Joiner; vice president, Mrs.
Hannah; secretary, Miss Bessie Gar-
tin; treasurer, Mrs. L. S. Claitor. The
club will meet March 28th with
Mrs. Wm. Britt.

Fred Weisse was a visitor to Aber-
nathy Sunday.

Clarence Luse and Miss Inez Webb
were married recently. They are at
home to their friends in the Frank
Baird home, where they will reside.

Quite a number of people have
colds and coughs here now.

Mrs. C. D. Hughes has been sick
for several days but is better now.

RUNNINGWATER

March 17.—Miss Clara Hunt was
in Plainview Saturday.

Mr. Edmonson and son were in
Plainview Friday.

Eddie Duvall was in Kress the lat-
ter part of the week.

Sunday school was well attended
Sunday. The weather is better, and
no influenza, consequently the people
are looking forward to Sunday's en-
joyment.

Celeste Watson is in school again
this week.

The Civic club has changed the date
of the play and box supper. It will
be March 28th, on Friday night, in-
stead of March 21st.

The following program will be
rendered:

Girls chorus—Several selections.
Play—"A Poor Married Man," a
farce comedy in three acts, by Walter
Ben Hare.

WHO'S WHO

- Professor John B. Wise, age 27,
A Poor Married Man.
- Dr. Matthew Graham, age 54, a
County Physician.
- Billy Blake, age 20, A Popular Col-
lege Boy.
- Jupiter Jackson, age 23, A Black
Trump.
- Mrs. Iona Ford, age 48, Some Moth-
er-in-Law.
- Zoie, age 20, Her Charming Daugh-
ter.
- June Graham, age 18, A Little
Freshman.
- Rosalind Wilson, age 19, A Col-

**How About
A New Auto Top?**

Nothing will improve the appearance of your car quite
so much as a NEW TOP—built as we build them and
fitted to the car as we fit them. Our top service is
earning us a host of friends, because the work is GOOD
and the prices are LOW.

If your top is damaged, there is a way to fix it, and we
know that way. Curtains made to order.

Expert Auto Painting

There is no finer paint shop in the county than ours.
Your car, painted here, will look practically as fine and
new as it did the day it left the factory, because the
way we paint cars is with the same care that the fac-
tory does it.

Ask about our service—and find out how reasonable it
will cost to have us put your car in "tip-top" condition.
"Quick service" is our motto, too.

Jesse DeLaho Auto Top & Paint Co.
