

OIL TEST OF 5,000 FEET IS PROPOSED FOR PLAINVIEW

Syndicate Has Leases on 30,000 Acres Land—Figuring With Oil Companies.

It is the intention of a syndicate of Plainview citizens who have secured leases on 30,000 acres of Hale county lands, to interest a big oil development company in making a thorough test near Plainview, under a contract to drill 5,000 feet if necessary, to see what is under the surface of the earth.

This syndicate is now negotiating with three different big companies and it is possible that a contract may soon be closed, and the test started.

The syndicate wants leases on 50,000 acres, but it's slow work closing up with non-resident land owners, as so much correspondence is necessary. Local owners have signed up leases very readily.

Attended District Loan Meeting.

Elmer Sansom and Ellis Carter attended the meeting held in Amarillo Wednesday of county chairmen and workers for the Northwest Texas district in the coming Victory Loan campaign, which will begin Monday, April 21.

About fifty chairmen were present, and Frank M. Smith, of Dallas, federal district director for the loan, was present and discussed ways and means for making the coming loan a success.

The following resolution was adopted by the meeting, unanimously:

That, we the Chairmen and Sub-chairmen of the Liberty Loan Organization in this district have confidence in the ability of the Federal District Director, Frank M. Smith, and his committee in assigning the quotas for the Victory Liberty Loan, and we do hereby pledge ourselves to accept the quotas as made by him, and agree to give our entire energy and time to seeing that the quota assigned by Federal District Director, "goes over the top."

Gardner to Have Sale.

The News has printed a sale bill for an auction to be held next Thursday at the C. J. Gardner's place near East Mound school house, on the Plainview-Lockney road. The sale includes mules, cattle, implements, etc., list appearing in an advertisement on another page. W. A. Nash will be the auctioneer.

Mr. and Mrs. Gardner and their son and his wife expect to move to near Wichita, Kansas. They have numerous friends who regret to have them leave.

Have Bought Repair Shop.

W. J. Lohman, Ed Meakin and E. Barton, who moved sometime ago to Slaton to work in the railroad shops, have bought the Plainview Machine & Auto Shop, and Mr. Lohman has already taken charge of same, and his partners will move here in a few days. They are all experts in their line, and have the confidence of the people.

Eminent Geologist Here.

Major Otley, eminent geologist and the one who is said to have discovered the Beaumont oil field is here conferring with the officers and directors of the Santa Anna Oil & Gas Company which is beginning drilling on a 600-acre tract of oil land near Santa Anna.

Home Restaurant Changes Hands.

A. H. Morrison has sold the Home Restaurant and also his residence property to Robert Fairris, who has taken charge of the restaurant and will continue it at the same place. Mr. Morrison and family will move to California.

An Interesting War Collection.

Carter-Houston has arranged in one of their show windows a very interesting collection of war souvenirs, from the battlefields across the waters including helmets, shells, cartridges, shell cases, buttons, insignias, etc., both allied and German.

The Liberty School north of town gave an entertainment Monday night to secure funds to pay the balance on a liberty bond bought some time ago. Refreshments were sold from a booth and quite a nice sum raised.

Marvin Collier went to Happy this morning to get his car, which he had to leave there earlier in the week because of the snow and mud.

Eight Patriots Want Job.

The Plainview Postmastership pays \$2,600 a year salary. A successor is soon to be appointed to succeed Ben O. Sanford, who recently resigned to engage in the oil drilling business at Burkburnett. A civil service examination is to be held on April 15th, which will count for 20 points toward an appointment, the other 80 points being for business, experience, etc.—mostly etc.

Already eight local citizens are candidates for the appointment, Messrs. Earnest Spencer, who is acting postmaster, Will Stockton, E. T. Coleman, E. R. Williams, E. H. Perry, Oliver Anderson, who is clerk in the post-office, Geo. P. Droke and G. C. Keck, former postmaster under the Taft administration.

There may be other entries before the examination next week.

Dead to the World

A traveling man told the News editor of a pathetic scene he witnessed in Clarendon the fore part of the week. A soldier was brought to his home there, from service in France. His mother met him at the depot, and when he got off the train she recognized him and threw her arms about him, and begun to talk to him—but he neither saw nor heard her for he was blind, deaf and dumb, and the comrade who accompanied him said "He is absolutely dead to the world. He has lost nearly all his senses. He does not know whether he is in France or America, nor does he know anything about his trip across from there to here."

Panhandle Teacher's Meeting.

The annual meeting of the Panhandle teachers held in Canyon Friday and Saturday, was as a whole, about the most successful one ever held. The attendance was large. Many of the Hale County and Plainview teachers were present, and President H. P. Webb of this city presided.

Miss Annie Webb Blanton, state superintendent of instruction and Dr. S. H. H. Roberts, president of the New Mexico Normal University, at Las Vegas, N. M. were present and delivered some timely addresses.

Superintendent L. Fertach, of Hereford was elected president, Prof. S. E. Savage, of Amarillo, vice-president and Miss McMillan, of Canyon, secretary of the organization.

Michiganders Come to Plains.

Mr. and Mrs. Bert Johnson, two sons and wives and children, also a single son and daughter, have arrived from Washington county, Michigan, to make Hale County their home. They have shipped their household goods, farm implements, and livestock here, and will buy farms and locate on them. They are very genial and prosperous looking people, and will be welcomed into the community.

Oil Well Is Drilling.

As two-thirds of the stock in the company is held here, the following telegram from the Iowa Park field will be interesting: "Big 30 Oil Company now drilling at 550 feet; passed good oil sand at 480 feet; casing now set; expect to hit Watkins sand in few days." W. B. Davis of Running water and brother are putting down this well.

Father of Fourteen Dies.

C. H. Preston, aged 57, died at his home in the northwestern part of town Tuesday and burial was at the cemetery the following day, Rev. G. I. Brittain conducting the funeral.

He was afflicted for several years with a chronic disease.

He was married three times and was the father of fourteen children. A widow and the children survive him.

Night Business School Opens.

Prof. and Mrs. J. E. Watson of Wayland College opened a night commercial school over the City Bakery Monday, which they will conduct. The enrollment the first night was ten, and others have since joined.

Wayland Alumni Banquet Tonight.

The members of Wayland College Alumni will hold their annual banquet in the Wayland building tonight. Members from other towns and counties will be in attendance, besides the local members.

Superintendent of Knitting.

Miss Marie Gidney has been appointed superintendent of knitting for the Red Cross, and will be at the Liberty Loan Bank every Monday afternoon.

Just In A Big Shipment of Justin Boots For Cow Boys

Reliable Hand-Made Boots Made in Texas by Texans

Prices: \$19, \$20 and \$21

Richards Bros. & Collier

CHAUTAQUA WILL REFLECT RETURN OF SOLDIERS

Also Deal in Problems of Reconstruction, Which the People Must Solve

Chas. F. Horner, president of the Redpath-Horner Chautauquas, which association will hold its third annual chautauqua in Plainview May 18-23, writes to the editor of the News that he has spent most of the past two years in Washington City, where he discussed many of the nation's problems with some of our nation's leaders, and that the chautauqua program for this year will reflect the return of the soldiers with broader visions from battling for the country and world-wide democracy, and consider the reconstruction problems that are now confronting our people, for never before have the people of this land been called upon to decide so many important questions at one time.

Speaking of the program he says it will contain the following lectures and attractions:

Dr. Frank L. Loveland, the noted minister and orator. Dr. Charles E. Barker, physical adviser to Ex-President Taft during his administration. Lincoln McConnell, of whom you probably have heard as an evangelist and lecturer. Ralph Parlette, editor, author and lecturer. Bob Finch, member of the American Red Cross commission to France. Electra Platt, clever comedienne. The Victory Players with a novelty program of music. Jean McDonald, who by her impersonations, sheds optimism wherever she goes. Harold Proctor, the famous Irish tenor, with supporting artists. The Premier Concert Artists, a large company of accomplished musicians.

The Italian Bersagliere Band, composed of war veterans in uniform of their country, will be the big music feature, and lovers of the drama will be pleased with our choice of the splendid comedy drama "It Pays to Advertise" with a first class New York company of players.

John A. Martin Dead.

John A. Martin, aged 70, died near Olton Tuesday afternoon at 2 o'clock. The remains were shipped this morning by Undertaker Hatchell to May, in Brown County, for burial beside his wife who died at Olton about a month ago.

J. P. Crawford will ship ten cars of cattle to Hereford, which he recently sold to parties who live there.

O. C. Watson has been elected mayor of Clarendon, and C. R. Webster mayor of Memphis.

Movements of Soldiers and Sailors.

Relatives here have received a letter from Lieut. Bob Fletcher, saying he was being taken to the Walter Reed hospital in Washington City, which makes a specialty of fitting artificial limbs. He recently returned to this country from France, where he lost both legs while in action just before the armistice was signed.

F. L. Brown has received a letter from his son, Lieut. Carl Brown, saying he is now stationed at Melisee, France, on the eastern border close to the Alsace line. He is well.

Mrs. Wilbur Winn has received a letter from her husband, who is in France, saying he expects to soon sail for home.

Elmer Anderson was recently discharged for the hospital corps of the army. He is now in Comanche county visiting relations, and will be back in Plainview in a day or so. He was stationed at Douglas, Arizona, during the war.

Relatives here have received a message saying that Roy Bryan has arrived in New York from across seas, where he served with the 30th aero squadron. His brother, Ray, is still in France.

Sgt. Guy Rasor was recently discharged at Ft. Sill, Okla. He has returned and has his former position with the Plainview Hardware Co.

Rabbit Association Meets.

A very interesting and instructive meeting of the Rabbit Association was held Monday evening.

J. H. Beauchamp demonstrated the Flemish Giant and J. H. Stovall the New Zealand Reds from the fancy standpoint. A. A. Hatchell very ably discussed the cotton tail.

At the next regular meeting, May 5, these rabbits will be given the commercial side.

You are invited to attend any or all of these meetings and learn how to help Uncle Sam feed the allies.

Attending District School Meet.

A very large number of Plainview school boys and girls left on the 8:43 train for Lubbock, to take part in and attend the District Interscholastic Athletic Meet and Literary Concess. A number of rural students also went. The winners at the district meet will take part in the State contests to be held in Austin soon.

J. N. Jordan went to Snyder yesterday to make a bid on the construction of good roads contract. Scurry county has voted a bond issue of \$200,000, and will construct forty-one miles of hard surfaced roads two ways across the county.

Nash Again Takes Boarding House.

W. A. Nash has again taken charge of his rooming house, and will operate same as he did before he leased it some weeks ago.

Contribute to Jewish Relief.

Committees are out today canvassing for subscriptions to the Jewish relief campaign, which is being conducted all over the United States this week, in which it is the purpose to raise \$35,000,000 for the relief of the Jews and other peoples in the near East and the devastated countries of the Balkan countries.

P. B. Randolph has been named as chairman for Hale County, and he has appointed John J. Roberts, sub-chairman at Hale Center, N. C. Hix at Abernathy, Mrs. L. C. Claitor, Petersburg and Mrs. R. E. Myers, Chairman of the woman's committee in Plainview, to help raise Hale County's quota.

Every person should contribute something to this fund. The Jews have patriotically done their full part in the war, thousands of Jewish boys (some of them from Plainview) having gone into the service in defense of the country, and the Jews have subscribed toward every activity during the past two years. Hence, it is but right that all of us contribute to the relief of their kinsmen across the waters.

Hobble Skirts Cause Change.

The city administration is gallant and accommodating. Since the new and fashionable hobble skirts have become the fad with women, they have had a hard time stepping up on the sidewalk at the First National and Citizen National bank corners, and in doing so they also displayed a considerable array of silken hosiery to the gaze of the evil-minded members of the bunch of loafers that lounge thereabout. So the city has had convenient steps fixed at these corners, which is certainly an improvement and convenience.

The city had the road tractor and steel drag out several days of the past week dragging the streets, which were becoming very rough following the rains of last week.

Preparing for Poultry Show.

The South Plains Poultry Association is already making preparations for its second annual show, to be held next December, and the secretary is soliciting and securing many special premiums from poultry associations and breeders of special varieties, in other parts of the country. So far, the premiums aggregate about \$500 in value, being mostly fine stock and eggs.

Knight's Wheat is Fine.

L. A. Knight informs us that he has twenty-five hundred acres of as fine wheat as he ever saw, on his farms in this county, and estimates that he should harvest at least fifty thousand bushels. He put 3,750 acres in, but about 1,200 acres is not a good stand.

Dr. R. C. Buckner Dead.

Dr. R. C. Buckner, age 86 years, died in Dallas Tuesday. He was since 1850 a very prominent Baptist preacher of Texas. 1873 he founded Buckner orphans' home near Dallas, and since then he has cared for thousands of destitute and orphaned children. He was one of Texas' greatest and best men.

Are Logging Highway.

Messrs. W. C. Long and Geo. P. Droke left Sunday morning in a car for Las Vegas, N. M., for the purpose of logging the Ft. Worth-Plains-Las Vegas, or 3-F road. Because of the rains and heavy snow it is likely they have had much trouble.

Income Tax Agent Here.

R. C. Hogan, of Austin, of the internal revenue office, was here from Friday until Wednesday, assisting the local corporations with their federal income tax renditions.

Wheat Is Becoming Rank.

Farmers tell us that since the rains wheat is becoming very rank in growth, which is not best for it at this time of the year.

Hale Center Firm Moves.

Goodlett & Cooley, general merchants at Hale Center for several years, have moved their stock of goods to Putnam, where they will do business.

Ben Ford Turner of Goree committed suicide last week by shooting himself through the head. He had just returned from service in Camp Travis.

The local ex-Confederate Camp held its monthly meeting at the Court house Saturday afternoon.

SNOW, RAIN, HAIL, SLEET, ICE WIND, THUNDER, LIGHTNING

Eight Kinds of Weather at the Same Time Tuesday Night—Four Inch Snow.

Old timers who have been on the Plains and in West Texas since the Indians, experienced a variety of weather at the same time Tuesday night than ever before. There were eight varieties—snow, rain, sleet, hail, ice, wind, thunder and lightning, all at the same time, and it raged for several hours, covering the ground with four inches of snow, besides the hail, rain, etc.

The night was indeed a wild one, a blizzard and gale blowing that was as bad as any of the past winter. The rain was .88 inch.

The sun came out the next morning and the snow and ice soon melted, except on the north side of buildings. Thursday morning there was a light frost, and the ground was frozen.

It is likely that much fruit was killed, and all of it would have been killed, had it not been wet, and in the light of the moon.

The loss of livestock in Tuesday night's blizzard was severe in this section, and many stockmen lost cattle. It is said that John Crawford lost more than fifty calves on his ranch, which he was about to deliver to a party to whom he had sold them.

In east and north Texas and Oklahoma, there were cyclones, and about 100 persons were killed and much damage done.

Miss Mary Brazelton Is Dead.

Miss Mary Brazelton died at the home of her parents, Mr. and Mrs. D. W. McGlasson, yesterday morning at 1 o'clock.

She would have been 21 years of age next August 21, and was born in Hale County. She leaves her mother, Mrs. McGlasson, a brother, Edwin Brazelton, and a sister, Mrs. J. M. Waller, of this city. Her father died about twelve years ago. She will be buried by his side in the cemetery here. Two brothers are deceased.

She was a graduate of the high school several years ago, and also attended Wayland College, after which she spent one year in Baylor University, returning home in the early summer of 1917. She was attacked with tuberculosis, leaving in August of that year for Denver and Colorado Springs, where she spent eighteen months in a sanitarium, gradually growing weaker. In January she was brought back home, to spend the few remaining days of her young life. Her death Wednesday night was said to have been one of almost translation into the blissful regions. Just before she died she selected several hymns which she had Messrs. T. and Will Stockton sing to her before her soul took its flight to "the bourne from which no traveler has yet returned." Her death was indeed a triumph of faith.

She was one of the sweetest characters the writer has ever known, and it is indeed sad that she should be cut off just at the threshold of young womanhood. The funeral will be held at the Baptist Church this afternoon, she having been a member since childhood. Rev. R. F. Jenkins will conduct the service, and there will also be short talks by Prof. J. E. Willis, Prof. H. P. Webb, W. A. Donaldson and possibly others. The floral offerings that have been sent to the house have been especially numerous and beautiful.

I. C. Enochs Dead.

Jackson, Miss., April 8.—I. C. Enochs millionaire capitalist and philanthropist, died at his home here tonight, aged 67. Mr. Enochs was a pioneer lumberman in this section, having started in the business in 1875.

Mr. Enochs was often in Plainview and was well known here.

Several years ago he bought four leagues of Floyd county school land in Bailey county from R. M. and J. J. Ellerd, of Plainview.

STATEMENT OF OWNERSHIP

Statement of the Ownership, Management, Circulation, Etc., required by the act of congress of August 24, 1912, of The Plainview News, published twice-a-week at Plainview, Texas, for April 1st, 1919.

Publisher, Editor, Manager and Owner—J. M. Adams, Plainview, Texas.

Known bondholders or mortgagees—None, for the News owes no one anything.

Sworn to and subscribed April 6, 1919, before W. E. Armstrong, Notary Public.

J. M. ADAMS, Publisher.

The grass on the prairie is greening rapidly. There are few scenes more lovely than the Plains clay in emerald as far as the eyes can reach. It is one of the most beautiful specimens of the Great Architect's handiwork.

The president of the bunch on the northwest corner of the square says that while some of his comrades are republicans, others democrats and others socialists, and that they are also divided religiously, they are all a unit on I. W. Wism.—"I won't work."

A local oil stock salesman is of the opinion that the people are "easy" and that not only one but two suckers are born every minute. He is willing to bet that he can go out and sell a carload of "gold bricks with brass trimmings" to people of Hale county. So far he has had no takers.

Governor Hobby is opposed to multiplication of state officials and bureaus, for he has vetoed the bill which was adopted by the legislature creating a separate state banking bureau. The bill sought to make one department for banking and another for insurance. It is refreshing to see a governor really do something in behalf of economy and to the interest of the taxpayers—but Hobby is doing just such acts these days. The more swivel-chairs jerked out from under officials the better it pleases Jones, the taxpayer.

Sir Conan Doyle is responsible for some of the best detective stories ever written. Now he has announced his faith in spirit life and possesses papers which prove the survival of and communion with the dead beyond the shadow of a doubt. He has made twenty-six attempts to communicate with the dead and only two were failures. His son died in actual service in France. Now the father is in daily communication with the son in spirit land. Some people may believe such, but the editor of this Great Moral Guide of the Plains is frank to say he does not.

Canadian is both unfortunate and fortunate—unfortunate that it is to lose Frank Jamison as publisher of the Record, and fortunate in getting L. P. Loomis, late of the Slatonite. Loomis has bought the Canadian Record from Jamison, and took charge last week. We understand that Jamison has made a fortune out of the business, and now retires and will spend his time in wearing out auto tires promoting highways centering in Canadian. He is "Johnny on the spot" at that work. We wonder how long it will take Loomis to get as well acquainted with the tarantulas, fish, snakes and stars of the North Plains as he was with those of the South Plains.

William Hale Thompson was re-elected mayor of Chicago in last week's election. Every lover of tolerance and sanity rejoices at his election. The superheated "patriots" made a vicious fight against him last year and again this year because he refused to have all the socialists, pacifists and anti-Britishers in the city taken and hanged to lamp-posts. Most of the superheated "patriots" were too cowardly to shoulder guns and fight across the waters, and instead stayed here and tried to persecute every person who differed from them in how the war should be conducted. A great statesman, in speaking about a superheated "patriot," once declared "Patriotism is the last refuge of a scoundrel." There is doubtless more really genuine patriotism in Mayor Thompson's makeup than in the whole bunch that has been fighting him.

Editor W. A. Johnson of the Memphis Herald is lieutenant-governor of Texas. He is a thorough-going democrat, even to his eating, for in an editorial relative to a threat by the chefs in the big Dallas hotels that if they are not allowed to have beer and whiskey they will strike, he says: "What we need in America is more plain everyday, honest-to-God-cooks, and less chefs and booze consumers. If the Adolphus and every other German owned hotel in America was closed and the chefs all deported the country would survive. Biscuit, bacon, and turnip greens are more wholesome and result in less ruined stomachs anyway." Theirs our sentiments, only we consider corn bread much better with bacon and turnip greens than biscuit—and that's where we show up as a better democrat than Johnson. Biscuits are proper for breakfast, but they don't go well with "biled vittals."

On the occasion of the recent return of the 133rd Field Artillery to Dallas the Evening Journal issued a very unique souvenir edition. The first page was printed in three colors, and represented a flag. The red stripes were over printed in black containing a full roster of the membership of the regiment. It was one of the most progressive pieces of newspaper enterprise we have noticed in recent times. The papers sold like hot cakes to the boys, their friends and to the public.

President Wilson and the other framers of the League of Nations constitution realize that the league will not bring the millennium, yet all realize that the time has come when the nations must prepare some form of international co-operation to bar wars as long as possible—and they will of necessity have to do the best they can under the circumstances, and adopt a form that can be modified as it is tried out. Already criticism in America has caused Mr. Wilson to modify some of his views as to the League, and prepare proposals in respect to public opinion in this country.

The legislature appropriated \$350,000 to enlarge the new insane asylum at Wichita Falls. Was it in order to be able to care for the big bunch down that way that is going crazy over oil?

Among the three million who enlisted or were drafted into the American army during the war, only one has been found to be a traitor. That is certainly a fine record for loyalty and patriotism.

The Paducah Post says the oil stock business is "on the bum" in that town, and avers it can buy stock in most any of the producing wells at half the face value. It insinuates that most investors in oil stock are "blow-ed up suckers."

Hades is about to break loose in Mexico again. Gen. Blanquet, and one of the assassins of Madero, have landed in that country, with the avowed purpose of starting a revolution against Carranza.

Representative T. J. Tilson of this county has been criticised for introducing in the legislature a bill for aresurvey of the state and school lands, with a view of finding all excess, same to be sold and the funds turned into the permanent state school fund, where it belongs. We asked Col. Tilson to write an article explaining the matter, and he has done so, and same is published in this issue of the News. His explanation should satisfy anyone that the measure is a good one, both for the school fund and the owners of the land wherein excess land may be found by such a survey. Read the article.

Times have changed. In Paris the other day King Albert of Belgium went out and hunted up Col. E. M. House, from Texas, in order to have a conversation with him. In olden days men had to come to kings' thrones on their knees. The king business is practically a back number.

All we have to say is that any man who wears one of the lapel buttons with "No Beer, No Work," can't work in our office. And, we guess there are a lot of employers in the cities of the East, where so many of these buttons are being worn, now, just about like us in regard to the matter. Anyone who would wear one of these buttons should be bored for the simples. As a rule those who do wear them, are not stuck on working, anyway.

EXCESS LAND RESURVEY MEASURE IS EXPLAINED

Col. Tilson Shows It to Be of Benefit to the State and the Owner

Editor News:—Complying with your request I will give a brief outline and explanation of House Bill No. 221, introduced by myself, relative to the recovery of excess lands in Texas, principally in the Panhandle and Plains.

This bill did not affect head right surveys, preemptions or scrap lands, but only such surveys as were made under land certificates in which the state or school fund was entitled to an equal division. Parties holding these certificates (railroads and other parties) were required to survey one section for the state or school fund for everyone surveyed for themselves.

The law required that the surveying should be done on the ground, but instead much of this land was surveyed in the court houses or the state capitol. Sometimes as much as 500 sections were surveyed in a day, which would have necessitated the surveyor to have traveled 2,000 miles per day. Again, this land at this time was considered of very little value, so the surveyor would throw in a few varas or a few acres to every section, sometimes amounting to a considerable amount. The state in patenting this land only patented 640 acres to each section. So all this excess still belongs to the state or school fund and one object of this bill was to recover to the rightful party, the school fund, this land.

However, the main purpose of this bill was to quiet and forever settle the lines and titles to this land. All understand that the statute of limitation never runs against the state. So, until it is settled by some measure as this there will always be grounds for contentions and law suits and thousands of people can never know exactly where "they are at."

This bill provides for the discovery of this excess land, and gives the man who has it under fence or control the prior right to purchase it at \$1 per acre with 5 per cent interest from the date of the original purchase. The result of this measure, if it had been enacted into law, would have been first, to recover to the school fund, according to the report of the land commissioner, about 1,708,000 acres of excess land, which at \$1 per acre and interest would be probably \$6,000,000 to the school children of Texas.

But this would be the smallest of the benefits accruing from this measure. The paramount benefit would be the perfection of land titles and putting an end to harrassing and endless litigation.

Much more could be said in explanation and defense of this measure but you asked me to be brief. As I feel a very deep interest in this measure I may discuss it further before the people. T. J. TILSON.

Worldwide Campaign for Prohibition
 New York, March 30.—Plans for a worldwide prohibition campaign to counteract an alleged plan of American brewers and distillers to transfer their activities to other countries after the United States goes bone-dry, were announced here tonight at headquarters of New Era movement of the Presbyterian church.

Special emphasis, it was said, will be given to the campaign in the Orient as, according to the statement, the Presbyterian church fears that the brewers and distillers have particular designs on India, China and other countries where the Presbyterian missions have been making great headway.

The anti-liquor fight, it was said, will be waged by missionaries already in the field as well as by special agents.

In addition to the anti-liquor fight in Mexico, it was announced that the church would conduct an intensive campaign against gambling, cock-fighting and bullfighting.

Four representatives of the church, it was said, are already in Europe planning the prohibition fight there.

Murderer Commits Suicide
 Borrowing a small pen knife from Sheriff Sol Ginn with the expressed purpose of sharpening a pencil, Stonewall Jackson, alleged slayer of S. W. Thomas, postmaster and newspaperman of Aspermont on March 25, slashed his throat and severed his jugular vein early Thursday morning in the Stonewall county jail in the presence of the sheriff. The act was done so quickly that the officer could not prevent him. He died within a few minutes, no statement was made before the act was committed.

Widows in the United States outnumber the widowers three to one.

Mrs. W. R. Silvey of Clarendon has just inherited \$10,000 from the estate of her brother, Joseph K. Gwynne of New York, former secretary of the American Tobacco Co.

Selling Real Oil Property.

On the next page is a large advertisement of a unique oil proposition, that of the Pecos Co-Operative Lot-Owner Co., of which J. M. Robertson, a former Plainview citizen, is manager.

They are selling no leases nor stock, but the actual land, with tee oil found under it. The land is located near Pecos, and a big oil well has been brought in on an adjoining tract of land, and the promoters have great faith in the oil field extending under their land. The lots are being sold very rapidly, and more than half of them have been taken. Read the advertisement.

Messrs. C. A. Knupp and F. B. Gouddy have the agency for the company in Plainview, and they would be glad to explain the proposition to you.

Oil Stockholders to Meet.

There is a great deal of complaint relative to the manner in which many of the oil companies in which Plainview people own stock are being handled, and the local stockholders in several companies are preparing to take some action.

The stockholders in the Tahoka company are to meet at the court house this afternoon.

Land Settlement Amendment

Austin, April 4.—The tenant farmer and the homeless man are the problems of the old world countries and they are speedily becoming the problems of America.

Texas has had so much land that had it been properly used this state would have had no land problem for another century. But the land has been wastefully given away and today the poor man with a family who wants a home is faced with a difficult task.

Practically every homeless man has at some time made the effort to secure a home for his family. He has worked hard, saved money, and finally accumulated enough to make the first payment on a place he could call his. The first year all went well, perhaps the second year was a prosperous one; but in nearly every case the time came when a poor crop aided by sickness or other cause beyond his control made it impossible to make the payment on the home and the owner of the notes foreclosed—and the home was his no longer.

If the Hobby Land Settlement amendment to the Texas constitution shall be adopted May 24, it will be possible for the home seeker to buy improved farm homes from the state on such terms and at such rate of interest as will make it possible for him to pay the entire debt in 35 years by the payment each year of a lower interest rate than he has been accustomed in the past to pay as interest alone.—Upshur Vincent.

District Deputy G. C. C.

Robt B. Tudor of this city has been appointed district deputy grand chancellor commander of the Knights of Pythias, and has direct supervision of eleven Pythian lodges in this district. A grand lodge officer will soon come here, and he and Mr. Tudor will make a visit of inspection to each of the lodges.

Taft Forced to Walk

Detroit, April 1.—Former President Taft, who will speak at Kalamazoo tonight on the league of nations, arrived in Detroit this forenoon—"Broke." He walked the mile and a half to the city hall where Mayor Couzens cashed a check for him. "I just ran out of change," he explained to newspaper men, "and I knew the mayor had lots of it."

Swisher County Grand Jurors

The following have been drawn for the grand jury for the coming term of district court at Tulia: Robert Roussier, J. W. Skipworth, Jr., and D. M. Wood of Kress; W. T. Townsend and O. M. Dalton of Happy; John Welker of Vigo Park; J. R. McGuire, J. F. Ervin, D. B. Crawford, J. R. Ward, W. C. Cowan, W. A. Hancock, M. E. Evans, E. E. Wheeler, Clyde Cooper and H. A. Hodges of Tulia.

Will Break Much Sod-Land

On account of the heavy rains and the superb season in the ground this spring, thousands of acres of sod land will be broken in Hale county, and planted to row crops. There is surely going to be a tremendous yield of crops in the Plainview country this year, and will bring greater prosperity than ever before in the history of this section.

Herr Haensch is the Prussian minister of religion and education. He has ordered banished from all school rooms the pictures of the former emperor of Germany and the former crown prince.

 626 North Broadway PLAINVIEW, TEXAS Phone 653

Large mining claim with mining equipment now in operation, located in Arkansas, will exchange for good income property or would consider ranch, price one hundred seven-five thousand.

Have four section ranch in Castro county, owner will sell and accept good section of land near Plainview as first payment, long time on the balance.

Have some good city property in Plainview well located, owner will trade in on section of land, pay some cash.

We have some good farms we can trade for royalty in the Ranger field.

We have two good brick buildings we will exchange for land, the income on the buildings is \$250 monthly.

We have hardware and mercantile stock on the Plains, will exchange for land.

\$85 acre ranch in New Mexico, will sell, this ranch is stocked with cattle and sheep, the price is right and this is a good proposition for some one wanting ranch business.

We have some good income property in Plainview we wish to trade for some property in Ft. Worth or Dallas, prefer suburban home and grocery business.

We have 220 acres fine land, 80 acres cultivation, 60 acres in wheat, purchaser gets one-third of crop, price of this land \$40 an acre, located six miles Plainview, \$2,000 cash, balance one to five years' time.

320 acres land three miles Plainview, 100 acres in wheat, one-third of crop goes, this place well improved, price \$75 an acre, easy terms.

Now is the time to insure your wheat against hail. Don't cost any more now than one month from now and we expect early hail this spring.

LOTS! LOTS! LOTS!

LOTS WITH OIL UNDER THEM

So We Think. We Have Backed Up Our Think With Good Money

Read This Seriously. Save It

Read It Again Tonight--You and your Wife Together--Then Act!

OUR PROPOSITION

1. We sell no stock, no leases. We sell you a lot, 50x120, on regular street in Bright Prospect, two miles south of Pecos, the county seat of Reeves county, Texas, and make you a warranty deed to it, simply retaining the usual royalty of one-eighth (1/8) of the oil, gas or other valuable mineral developed on it. We also deed you, free, a one-ninethundredth (1-900) interest for each lot you buy in a \$60,000 oil well, herein provided, all for \$100.00. **Get that?**

2. We guarantee to set aside 80 per cent of all money paid on lots until a drilling fund of \$60,000.00 has been thus set aside.

3. As soon as the drilling fund has been secured we promise to start drilling as soon as possible, and to push the work as rapidly as energy and machinery can do it.

4. There are only 900 of these lots, and the tract is bounded on the west by a finely graveled auto highway and the tracks of the Pecos Valley Southern Railway, leading out through a finely irrigated farming community, and on to the Davis Mountains, just south of us. It is situated right in the heart of the wonderfully promising **Pecos Valley Oil Field**.

Read What the Celebrated Geologists, Quoted Below, Say About It

It is surrounded by the 150,000-acre leases held by the Sunshine Company. They spent thousands of dollars in having the entire field inspected by expert oilologists of National reputation; and then other thousands in securing leases on this immense acreage. Two weeks ago they were offered by a Kansas City Oil company two millions (\$2,000,000) of dollars for their holdings, and refused it. They are now down about 400 feet, drilling, and are putting the material on the ground to start two more drills. Last week they sold leases on 1,000 acres to a syndicate of El Paso and San Antonio capitalists, who contracted to start drilling within 60 days. **Are all these men with big money crazy?** Better get in, right in the middle of a crazy crowd like that, **who have made big money and are going after more.**

Pause, Let All the Above Soak In, Then Read On

5. Just a mile east of us a farmer is said to be

taking one or two gallons of fine lubricating oil every morning from his common water well. Two miles southeast of us is a spring, and oil collects on the eddy pools of water down the branch. Two miles south-southwest of us is a steady seep of natural oil. A mile west of us Mr. Browning, cashier of Pecos Valley State Bank, has a water well from which gas and oil escapes every morning when the pump is started. Northwest and north of us are several water wells from which oil is taken every morning. Two miles northeast of us oil came up by the side of the piles and floated off down the Pecos River—barrels of it—for several days when the T. & P. Railroad was building their steel bridges across the river. **Will this company try for this oil, which seems to be almost certainly underneath these lots? WILL WE? Read next paragraph.**

6. Two of the Company are Bank Presidents; one of them is First Vice President of a Bank, one of them is a large cattleman and capitalist; the other is the same J. M. Robertson, who took hold of the straggling, ragged suburb of Dallas known as Oak Lawn and revolutionized it in a month. Look at it now—the finest residential section of Dallas, where, if a house were to burn, the naked lot would sell for more thousands than they paid hundreds for. Ask the thousands of Dallas people who know about this. Then this: Our dependence for profit on our investment is upon our royalty in the oil produced on the property. **Our highest interest is to get oil as quickly as possible, and the biggest quantity possible. Will we go after it? WILL WE?**

7. **Finally.** To make your return as great as possible, we provide that if this initial free well finds oil in paying quantities the owners of these lots will select their own Treasurer-Manager, who will sell the oil and remit 75 per cent as dividend to the lot owners pro rata, according to number of lots owned. The other 25 per cent will make us a drilling fund, with which he will put in other wells in the middle of an 75-foot street reserved to the lot owners for that purpose, until **nine wells are added, 264 feet apart, and which will be the joint property of all the lot-owners.** Can you beat that for simple self-management of your own property?

8. **Advantages.** Your little bunch of stock—a little slip of paper—cannot be swallowed up or manipulated by a combination of big stockholders. There are lots of good stock companies. There have been some bad ones. You own your own farm, in fee.

You own your lot, you boss it. See? You lease it; you drill on it; you do not, just as you please. You have your interest in the wells provided for, and your own lot, and the oil under it is not touched, and you may go after it, or not, as you choose. Figure a little. Ten wells, 3,000 barrels each, per day, at \$2.50 per barrel, gives \$2,727,500 per year. Your interest in that would be \$3,090.00 a year on each lot you own, and you pay only \$100.00 for a lot, which is still yours, and untouched by a drill. Better **skimp** a little and get at least one lot. If you have **surplus money**, better take **five or ten lots.**

The Pecos Oil Field

Is attracting more attention than any unproven field ever did in Texas, or elsewhere. **WHY?** Because both the geological and the surface promises are better than ever in any other. The experts are all agreed.

Mr. Hagar, one of the greatest of geologists, after having described the "folds" and "uplifts" which control all the world's great fields, says of the Pecos Valley field that they are without number in this valley. If we are not right on top of one of these "folds" both nature and scientists have waved false signals—the formation is here; and the surface oil is pestering lovers of good water all the time.

Mr. Tucker, mineral expert, and especially oilologist, says: "I have walked from Pennsylvania across the country in geological work, and have walked across Texas several times making personal observations of structures. I unhesitatingly declare that Texas is destined to become the greatest producer of oil in the entire country. It contains as much oil as any other three states. It has a greater number of oil structures than any country in the world. These folds extend from the Ranger field to the Rio Grande. The greatest structures of all are in Reeves and Ward counties in the Valley of the Pecos.

There, now! He let the cat out, and we are right where it lit on all four feet. We solemnly aver that we never paid him a cent for this, nor did we ever talk to him about it. But why add words? All the U. S. Geologists, and all the private ones, agree on that.

We have told you all about it, and have offered to let you in on this safe, sane and satisfying business. If you wait, like many people did in other sections, until some well knocks a derrick into smithereens and then get sore because you are not in it, just go around behind the barn and attend to yourself—don't kick us. We offer you the safest investment ever offered you for \$100.00, and right here we quit.

We mail able lawyer's certificate that title is clear, along with your deed.

We have reserved three choice blocks—60 lots—right in the heart of the property, for the readers of this journal. If they are not taken in two weeks they will be sold elsewhere. We are advertising this week in ten big papers in Texas.

Why You Should Own Your Own Home

Because That's the Only Way You Can Have a HOME

Your HOME is where you have the right to shut yourself away from the world at any time, and no one can say you "nay,"

Your HOME is where you can keep your family safe and well and happy.

Unless you have control of the building, through ownership, you are subject to the whim of the real owner, and you no longer have a HOME but merely a shelter whose occupancy you enjoy only as long as SOME ONE ELSE PERMITS.

The HOME is the original and genuine SAFETY FIRST.

When you own your own home you know you have a refuge at all times. You take a pride in beautifying YOUR dwelling. Your children instinctively turn toward HOME against outside attractions.

Your merchant looks on you with favor, because he knows that a HOME-OWNER is permanent, that he will strive to keep his bills paid and his credit good; that his example will induce others to do likewise, thereby insuring greater communal permanence and stability.

Should reasons of business or health necessitate a change of location, you have a bankable resource to secure needed funds, which rent receipts no matter how numerous, can never afford.

In your OWN HOME you can live as you want to live without interference from any one and without considering the whims of an owner who might have very different ideas from your own.

You are your own master—you are free to do as you will—and this very independence of thought that makes you a better man, a better father and husband, and a better citizen.

ALFALFA LUMBER CO.

presided and injected discussions of vital points at various times.

Methodist Missionary Program.

The Woman's Missionary Society of the Methodist Church will meet Monday afternoon, April 14, at the church at 3 o'clock. The third program of the Centenary Movement will be given by Circle 3. Subject: "Value of Centenary Movement to the Christian Conquest of America."

J. K. Milwee has just shipped three hundred head of cattle, which he had in Missouri, to his ranch near Slide in Lynn County.

"Better Farm Buildings"

Is the Slogan for Progressive Farmers

This year it is as necessary as last that vital care should be taken in the handling of Farm Machinery.

Farmers, as a rule, have always been too prodical of their implements; working them to the limit and then driving them to the nearest fence corner and leaving them to stand exposed to wind and weather. This waste has caused tremendous annual waste of farm machinery and now when the world is hungry, it is a

Protect Your Farm Machinery

for years of future use. Every piece, when used, should be oiled, painted and properly shedded to insure its protection. Better farm buildings are therefore necessary to better farming.

If It Is a Question

of lumber of any kind, such as roofing, lime, cement, glass, paint or screens, come in and talk over your requirements with us.

Plainview District Centenary Meeting.

The Centenary Institute for the Plainview District, Methodist Church, was held at Plainview, Methodist Church on April 8, beginning at 9:30 a. m. and continuing throughout the day.

The purpose of this meeting was to lay plans and discuss methods for the promotion of the Centenary of Missions movement. This is a movement being carried on through the entire Methodist Church and has as an objective the raising of \$35,000,000 for Missions and war re-construction work. It is in the nature of a memorial fund celebrating the one-hundredth anniversary of American Methodist Missions. The quota for Plainview District is

\$60,000. This allotment was enthusiastically and unanimously accepted, and apportioned to the various charges. This fund will be raised in a big drive beginning on May 18 and closing on the 25th.

Present at the meeting on Tuesday were a large number of laymen and preachers. Their enthusiasm was unbounded and they expressed large confidence in the success of the program.

Rev. J. W. Hunt, of Abilene, and successor of Rev. H. M. Long as Conference Missionary Secretary, was present and added much to the interest. He spoke several times in a very effective way.

Others who had part on the program were Rev. R. A. Stewart, of Canyon, Rev. W. H. Terry, of Hereford, Rev. H. Eascom Watts of Lockney, Mr. J. E. Swepstone, of Tulla, Rev. E. E. Robinson, of Plainview, Rev. G. S. Wyatt, of Tulla, and Rev. G. H. Bryant of Plae Center, Rev. A. L. Moore

PLACE YOUR ORDER NOW FOR CEMETERY WORK

Will your cemetery lot appear as you want it on Decoration day?

If you are planning to erect a monument in time for Decoration Day, let us help you at in the selection of a suitable design and material. There is now sufficient time to give this matter the thoughtful consideration it deserves.

Our practical experience is at your command, and our reputation is your safeguard.

South Plains Monument Co.
Plainview, Texas

W. A. Nash, Auctioneer.

Do You Want to Place a Few Dollars
Where It

Will Make You Big Money

Here's Your Chance

There Never Has Been Nor Ever Will be a
Chance Like This Again, and as Safe
as a Bank. Here it is:

THE Beaver Valley Oil & Refining Co. is incorporated under the statutes of Texas for \$60,000, the stock is all common, fully paid and non-assessable, and it owns over 12,000 acres of land in the very heart of the greatest oil fields the world has ever known, both Ranger and Burkburnett. It has one well producing now, one more to shoot any day, and three others being drilled. The company owns three standard drill outfits, and it is building a 2,000-barrel daily refinery at Cisco.

And you get in on the ground-floor and participate in all the assets the Company owns or may acquire, and all profits as well. Did you ever have a chance like this offered you? NEVER!

Remember, you are getting production in the Beaver valley. No wild cat. No hope to be incorporated, but the strongest independent oil and refining company in the state.

See their salesman at the Missouri Hotel, Plainview. He will explain everything. This is the chance of your life.

WEST SIDE.

April 9th.—The grass is beginning to get green since the recent rains. Quite a snow fell last night.

The singing last Sunday night at the home of Owen Smith was enjoyed by all who attended.

Mr. and Mrs. C. H. Scales and son, Donald, left Monday for Amarillo, where Mr. Scales is employed with the Avery Company.

Mrs. R. R. Clark and son, Mrs. Cletis Surratt and children and Miss Ella McDaniel visited in the home of Chas.

Ford at Halfway last Friday. Miss Mary Clark spent the week-end with home folks in this community.

Mr. H. W. Reuter has received word from his, Sergt. O. C. Rocklage, who has been in camp in Virginia that he

has his discharge and is now in Iowa. Prof. J. W. McDaniel spent the week end with home folks in Plainview. F. F. Wofford attended Sunday School here last Sunday.

D. H. Spence received word from his son, Walter H. Spence, who has been overseas, that he has arrived safely in this country.

Mr. and Mrs. I. A. Trobaugh and son, Henry motored to Clovis, N. M. yesterday.

M. C. Cornelius motored to Silverton yesterday.

R. R. Clark and D. H. Spence are our newly elected trustees.

HALFWAY.

April 7th.—Little J. W. Kindred of Kansas City, returned home Saturday. His uncle, Frank Helm, accompanied him.

The trustee election was held here Saturday. Messrs. C. L. Ford, J. Shropshire and E. A. Gilbert were elected.

Misses Mavis and Kathleen Smith, who are going to school at Plainview, spent the week end at home.

(Cook) Forrest C. Hoffman returned home Thursday, after being in service for several months in France. We are glad to have him with us again.

Brother Hooker filled his appointment here Saturday.

Mrs. Walker Dye, who had been visiting her mother, Mrs. Cunningham, of Plainview, returned home Saturday.

Rev. G. I. Brittain preached here Sunday morning and evening. The people of this community are always glad to hear him, so we want him to come again.

The Methodists will hold Quarterly Conference here next Saturday, the 12th, and there will be dinner on the ground. Everyone is invited to attend. There will also be preaching at 11 o'clock Sunday morning and night.

Mr. Mauldin, of Mayfield, attended the Epworth League Sunday night.

Robt. Maroney returned home last week end, after being in service in France eight months.

Visits of the Stork

Born to Mr. and Mrs. James C. Cook, Seth Ward Addition, April 4, boy; named Raymond Donald.

W. A. Miller, Runningwater, March 24th, boy; named Wilborn Acon.

G. M. Jennings, Plainview, April 4, boy; named Lee.

M. McGill, Plainview, March 31, girl; name Anna.

Relative to an item in Tuesday's News, which was partly incorrect, E. T. Coleman asks us to say that while he has acquired his property on which he used to conduct a coal and grain business, he has not as yet opened for business. He further says he appreciates the influx of orders that have been given him in person and over the phone since the News published the item above mentioned.

PERSONAL MENTION

Mrs. D. F. Sangom and little daughter, Virginia Sangom, returned Sunday from an extended visit in Fort Worth, Alvarado and Hillsboro.

Miss Lulu Beal Neal went to Lubbock this morning to attend the district interscholastic meet.

Mrs. Wiseley and child, who have been visiting her sister, Mrs. A. E. Allen, returned to their home in Slaton this morning.

Miss Gladys Speer went to Lubbock this morning to visit her sister, Mrs. L. W. Jones.

Mrs. J. J. Cole and daughter, Miss Ivy, left this morning for Galveston, to stay for a while and will then likely go to New York and spend the summer.

Mrs. T. J. Ellerd left this morning for Snyder to visit a daughter.

Mrs. Hugh Tilson and Miss Burt of Happy Union went to Lubbock this morning to attend the inter-scholastic meet.

W. E. Hicks and Geo. L. Barber, of Hereford were here yesterday.

B. C. Holle is here from Santa Anna, where he is in the oil business.

J. M. Whitley of Hillsboro and W. A. Harris of Eastland are here on business.

H. H. Kedder, of Fort Collins, Colorado, was here yesterday.

Mrs. R. B. Calhoun of Floydada, was in town Tuesday.

Mrs. C. E. McClelland and children of Dallas, have arrived in Plainview to visit Mr. and Mrs. Hugh McClelland.

Wayne Paxton returned this morning from Chicago.

Beech Cray, of South Dakota, came in this morning.

Miss Mabel Yearwood, of the Floydada school was here this morning with pupils en route to the scholastic meet in Lubbock.

Mr. and Mrs. E. W. Maloon and children of near Emzy, N. M. are here visiting her parents, Mr. and Mrs. Ellerd. He is looking after a bunch of cattle for the Ellers in New Mexico.

Fred Hurlbut was in Floydada yesterday on business.

G. L. Blanton has been called down near Wichita Falls, on account of his mother being sick.

Y. W. Holmes and family will leave this week for Comanche where they will make their home.

Rev. J. M. Harder and daughter Miss Ruby May, came in yesterday from Ft. Worth to spend a few days.

Mr. and Mrs. Joseph Hinn, of Fenimore, Wis., arrived yesterday to visit his brother and sister, C. and Miss Mary Hinn.

Miss Minnie Finch came in Tuesday from Crosbyton, where she has been employed for some time as a book-keeper. She will remain here.

Rev. and Mrs. B. F. Gassaway, of Higgins, are here visiting their son, W. H. Gassaway, on the syndicate demonstration farm. Rev. Mr. Gassaway is a superannuated Methodist preacher. In years past he was very prominent in Methodist circles.

Mrs. Riley and child left yesterday for Ranger to be with her husband, who is employed there.

Miss Maude Watson has gone to Crosbyton, where she takes a position as stenographer.

Mrs. Orville Coan and child came in yesterday from Washington City, to be at the bedside of her mother, Mrs. B. E. Mitchell.

Miss Hamilton returned yesterday to her home in Brownfield after visiting her brother Jesse Hamilton.

Mrs. L. B. Wright and child, who have been visiting her parents, Mr. and Mrs. Millwee, left yesterday for their home in Eastland.

Mrs. Howard, who has been the guest of her sister, Mrs. E. H. Bawden, left yesterday for her home in Minneapolis, Minn.

Mrs. I. B. Shelton left yesterday for Sayre, Oklahoma, for an extended visit with a son.

Mrs. Asa Frockshire and little daughter came some days ago from Harrison, in the Ozark mountains, of Arkansas, and are the guests of Mr. and Mrs. Sam McCall.

Dr. J. A. Ferguson returned yesterday from Brenham. Mrs. Ferguson was unable to come home as her health is still frail. He stopped off at Santa Anna and took a look over the 600 acre tract of oil lands, the company of which he is president is about to begin drilling on. He says there is much development in progress in the Coleman county field, and it is very promising.

Ves Hayes has returned from Nashville, Tenn., where he had been for seven months working in the government building service. He will go to Wichita Falls in a few days to work.

Mr. and Mrs. D. L. Miller and children accompanied Miss Amy Faulkner to Floydada Wednesday, where she lectured on her experiences in France.

H. L. Smith of Littlefield is here. He came yesterday from a trip to Silverton, selling stock in the Big Beaver Oil & Refining Company. He had to leave his car at Silverton on account of the heavy rains and snow.

P. B. Barber left yesterday for a business trip to Kansas City.

H. F. Meadows returned yesterday morning from a trip to Lamesa, where

A GREAT OPPORTUNITY

I have a ranch of 2177 acres, located in the northwest corner of Martin county, that I want to trade for land in this section, irrigated or unimproved. Will also take as much as five or six thousand dollars stock of merchandise as part payment. There is also 255 head of good white face cows, besides the young calves. Now is your opportunity to get a ranch. See me.—I. M. Bailey, Hale Center.

WANTED—To list from owner direct, a good section land, priced net to you. Have purchaser now. Full particulars first letter. THE JACKSBORO INVESTMENT COMPANY, Jacksboro, Texas.

To THE MEN COMING OUT of KHAKI

We Recommend These Kirschbaum Clothes

HATS off to them—the returning boys! And when the time comes to lay aside the good old uniform of O. D., nothing but the best in civilian clothes should take its place. We have them—Kirschbaum Clothes—from the

very same shops which made uniforms for thousands and thousands of American army officers. All-wool fabrics, dashing style, wearing strength, honest values. And at this store a cordial welcome and willing service, always.

**SEARCH FOR GRAVES
 OF AMERICAN HEROES**

Four Thousand Men on Solemn Mission to Identify Bodies Killed in Battle

In the American Battle Area, Mar. 24.—Four thousand men of the A. E. F. are now engaged in the registration of and search for the graves of Americans who died in battle.

The work of seeking the resting places of American heroes is being undertaken by the section of graves registration, which is directing its efforts so as to be able to designate the grave of every American should congress authorize the return of the bodies of the fallen.

Tireless search for identification tags marks the daily task of the men of the graves registration section. They set out on their solemn mission equipped with pick, shovel and gas masks. Sometimes they pry down into ground for the identity of the dead warrior; some times they ferret into the recesses of discarded dugouts and some times they clear away the brush of the forest to find some trace of the victims of battle.

Each cemetery, where Americans have been buried, is fully plotted on maps. The graves registration service is now extending every energy to complete the burying, marking, recording and classification of the heroic Americans.

Will Parole Enemy Aliens
 Washington, March 28.—Attorney General Palmer, disclosing today that about 4,000 enemy aliens were interned during the war, said paroles would be granted to some 600 of the harmless class, others would be repatriated, and 900 dangerous persons would be held indefinitely, including about 200 professed members of the I. W. W. or anarchistic organizations, whose cases would be deferred to the Department of Labor with a view to their deportation.

Nearly all of the 4,000 interned are men, and half of them are merchant seamen, whose ships sought refuge in American ports. About 1,800 of the seamen and 500 other Germans regarded as dangerous have made application for repatriation and the department of justice expects that arrangements will be made soon through the state department for sending them back to Germany.

The Childress Chamber of Commerce is compiling a county Honor Roll of the boys of the county who served in any military service during the recent war.

WILL PERMIT SOLDIERS TO RECORD DISCHARGES FREE

County Clerk Has Ordered Book to Comply With New Law of Registry

The commissioners court of Hale county has ordered a record and has made arrangements for the discharged soldiers to record their papers, according to County Judge Clements. The law providing for the keeping of a record by the counties for the purpose of permitting the recording of soldiers' discharges was passed by the legislature just adjourned and came at the request of the soldiers over the state generally who were loath to part with the only evidence possessed by them of their honorable discharge from the army.

The first order regarding the payment of the \$60 bonus to men discharged from the service required that they send their discharge papers with application for the bonus and a number of the men would not part with the papers preferring rather to do without the bonus. This order has been changed and now the officials at Washington will accept a "true copy," certified to by the nearest recruiting officer. This latter order is of little advantage to the soldier who does not reside close to a recruiting office as is the case with the men in this county. A number of them are waiting until they can record their papers and the county officials will make efforts to accommodate them as soon as possible. The law provides that the recording of the papers will not cost the discharged men anything, the fees to be paid by the county.

Tulia Boy Gets D. S. Medal
 The following dispatch is taken from the Dallas News, of Wednesday, April 2nd:

"Corporal Jack Jordan, Machine Gun company, Fifth United States Marine Corps (A. S. No. 118717). For extraordinary heroism in action near St. Etienne, members of their gun crews had become casualties Corporal Jordan and another soldier advanced with the gun through heavy artillery and machine gun fire to an advanced position, and put up their gun in action in support of the infantry. They remained in this position after the infantry had retired and until their ammunition was exhausted. Home address, Mrs. Lillie Jordan, mother, General Delivery, Tulia, Texas."

Women Voters of America
 According to the national woman's party leaders twenty-six states in which women have presidential suffrage control four-fifths of the electoral college, over half the senate, 45 per cent of the house and almost half the votes in party convention.

Wyoming, Colorado, Utah, Idaho, Washington, California, Kansas, Arizona, Oregon, Alaska, Montana, Nevada, New York, Michigan, Oklahoma, Illinois, Nebraska, Rhode Island, North Dakota, Vermont, Wisconsin, and South Dakota have full suffrage. Indiana, Maine and Minnesota have presidential suffrage.

Arkansas and Texas have primary suffrage.

Kentucky, Minnesota, New Hampshire, Mississippi, Massachusetts, Connecticut, Iowa, Ohio, Delaware, Louisiana, Wisconsin and New Mexico have school and tax suffrage.

Americans are reminded by the national woman party managers that since the election of 1916 eleven states have extended presidential suffrage to their women citizens and that in the presidential election of 1920 12,500,000 women will be entitled to cast their votes.

Women of America re-elected Woodrow Wilson. Women of America will hold balance of power in the presidential balloting in the year 1920. They may do more than that. They may decide the contest and name the presidential winner.

Human Fiend Was Sentenced
 Mrs. Naomi V. Campbell, head of the undenominational home for children at Marietta, Ga., was sentenced to serve two years on the state farm on conviction of two charges of cruelty to inmates of the institution. She caused a 4-year-old child to be placed against a hot grate as punishment, and she whipped another child of the same age, later removing the child's clothing and rubbing salt and pepper into the raw wounds. Five indictments are pending against her husband, C. C. Campbell, for cruelty to the children.

Confederate Pensions Increased
 Austin, April 1.—A Confederate pension apportionment of \$23 per quarter for the next two quarters was announced by Comptroller Terrell today. This is the largest apportionment for this purpose that the state has ever made.

The apportionment just made is based on an estimate of 16,500 pensioners and the total payment for the next two quarters will be \$768,400.

The comptroller expects the next apportionment, which will be made in December, to be \$25.

Politics and Economics

Now is a good time to read the story of Government by politics—and you can take it from any newspaper of any party, printed anywhere in the country. Then take home this sentence contained in a recent report to the Merchants Association of New York on "Government Ownership and Operation of Public Utilities." Here it is: "The cause of inefficient management and excessive cost when governments undertake economic activities is simple. All the activities of any government are necessarily carried on by political machinery and that machinery is wholly unsuited to the economic field."

"The fields of politics and economics are dissimilar and separate. The field of politics (meaning thereby the art of government) is mainly the regulation of conduct and the protection of rights. The field of economics is the production and utilization of material things. The principles, the methods and the machinery of political administration are wholly different from those of economic activities and not adapted or adaptable to the latter."

...Canyon Man Electrocutted.
 Arthur Shehorn, age 27, for two years employee of the Canyon Power Company, was electrocuted Monday morning, while working with live wires in West Canyon. Death came instantly.

The wires carrying the electric current to the city were cut that morning in order to move the Methodist church past them. The trucks upon which the church was resting broke down and Mr. Shehorn climbed on electric light post to reconnect the wires until the church was ready to move again. Mr. Arnold, manager of the light plant, offered to connect the wires but Mr. Shehorn insisted there was no danger. Mr. Arnold was preparing to return to town when he noticed the young man was hanging rigid to the wires. He called to

him and receiving no answer he immediately phoned the plant to shut down. When he returned to the spot the current had released the man and he had fallen to the ground.

Mr. Shehorn leaves a wife and three children.

The Panhandle Swine Breeders' association, at its convention in Childress last week, heard addresses by many speakers on subjects relative to the raising and marketing of hogs. The next convention will be held in Canyon. R. E. Prewitt of Happy was elected president, and Earl Lewis of Childress, secretary.

yet

Chesterfields satisfy.

And YET Chesterfields are mild!

Don't lose that little word "YET." For other cigarettes may satisfy and still other cigarettes may be mild. But Chesterfields are the only cigarettes that satisfy and YET are mild.

Chesterfields are the only mild cigarettes that let you know you are smoking—that hit the "smoke-spot"—that "satisfy"!

It's the blend—a blend of the finest Turkish and Domestic tobaccos. And the blend can't be copied. So if you want "mild" plus "satisfy," you want Chesterfields—and you want them today.

VINOL MAKES WEAK WOMEN STRONG

Positive—Convincing Proof

We publish the formula of Vinol to prove convincingly that it has the power to create strength.

It contains Cod Liver and Beef Peptones, Iron and Manganese Peptones, Iron and Ammonium Citrate, Lime and Soda Glycerophosphates, Casein.

Any woman who buys a bottle of Vinol for a weak, run-down, nervous condition and finds after giving it a fair trial it did not help her, will have her money returned.

You see, there is no guess work about Vinol. Its formula proves there is nothing like it for all weak, run-down, overworked, nervous men and women and for feeble old people and delicate children. Try it once and be convinced.

GIRLS! LEMON JUICE IS A SKIN WHITENER

How to make a creamy beauty lotion for a few cents

The juice of two fresh lemons strained into a bottle containing three ounces of orchard white makes a whole quart of the most remarkable lemon skin beautifier at about the cost one must pay for a small jar of the ordinary cold creams. Care should be taken to strain the lemon juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan and is the ideal skin softener, whitener and beautifier.

Just try it! Get three ounces of orchard white at any drug store and two lemons from the grocer and make up a quart of this sweet fragrant lemon lotion and massage it daily into the face, neck, arms and hands.

Mrs. C. L. Attaway died Wednesday April 2, at her home in the Nazareth community. She was 40 years of age. The family moved to the Plains two years ago from Cottle county.

Several persons in Happy are sick with influenza.

Keep Well

Do not allow the poisons of undigested food to accumulate in your bowels, where they are absorbed into your system. Indigestion, constipation, headache, bad blood, and numerous other troubles are bound to follow. Keep your system clean, as thousands of others do, by taking an occasional dose of the old, reliable, vegetable, family liver medicine.

Theford's

Black-Draught

Mrs. W. F. Pickle, of Rising Fawn, Ga., writes: "We have used Theford's Black-Draught as a family medicine. My mother-in-law could not take calomel as it seemed too strong for her, so she used Black-Draught as a mild laxative and liver regulator. We use it in the family and believe it is the best medicine for the liver made." Try it. Insist on the genuine—Theford's. 25c a package. E-75

HOPE AND FAITH

Hope thou in God.—Psalms. Godlessness means hopelessness. The darker the night, the brighter glows the star of hope.

The fact that one never ceases to hope implies that right must and does triumph over wrong, good over evil and love over hate. If this were not so, why should one hope when the clouds lower and danger seems to lurk in every corner? Without a belief in the omnipotence of God we should have little reason to hope. He who "spake as never man spake" said, "Have faith in God," and in proportion to our faith in Him we are hopeful. Without faith in Him who "made all that was made" there is no foundation upon which to base our hope, for when one loses faith in God he hasn't any in his fellow-man, and when this becomes his condition he is not far from hopelessness and despair.

Happiness has ever been the goal of humanity, and the experience of the ages has shown that it can not be attained from material possessions nor from material thought, for in such there is no hope. They are most happy who are nearest to God, and they are nearest to Him who are most obedient to Him, and who follow most closely the example of Him who said, "I do always those things that please Him." He who is obedient has faith and hope. He believes that God will fulfill the promises He has made, and he realizes most the wisdom of the admonition, "Trust in the Lord with all thine heart, and lean not upon thine own understanding," for "their sorrows shall be multiplied that hasten after another God."

Because of the perversity of human nature it seems to be necessary that many of us suffer sorrow and affliction in order that we may realize what it means to hope and to "Have faith in God." Certainly it is those who have come out of great tribulation who can say with sincerity, "I was glad when they said unto me, let us go into the house of the Lord," for they have experienced the truth of the statement that "He hath not despised, nor abhorred the affliction of the afflicted, but when he cried unto him he heard." So it is such as these who can say, "They that know Thy name will put their trust in thee, for thou, Lord, hast not forsaken them that seek Thee." It seems to be man's earthly nature not to go to God for help until all other resources, so-called, have been resorted to. He waits until his distresses become so terrible that his condition appears hopeless before he is willing to get off his high horse of materialism and egotism, vanity and pride, and cry unto the Lord as did the Apostle, "Lord, save me." Psalmist, "Fools, because of their transgressions, are afflicted; then they cry unto the Lord in their trouble, and he saveth them out of their distresses."

Thus it is that those who have suffered and sorrowed, who have been down in the valley of darkness and despair and who have been saved from their distress through Divine interposition, can say with rejoicing, "Blessed be the Lord God of Israel, from everlasting to everlasting, Amen and Amen." They feel as did the great Apostle to the Gentiles when he said, "Eye hath not seen, nor ear heard, neither have entered into the heart of man the things which God hath prepared for them that love Him." They have their hope made strong by their experiences, for it is by these they realize God's ever-presence. And it is thus that they, too, are "persuaded that neither death, nor life, nor angels, nor principalities, nor powers, nor things present, nor things to come, nor height, nor depth, nor any other creature, shall be able to separate us from the love of God, which is in Christ Jesus our Lord. They know that the power which suspended the sun in the heavens which hung the moon upon the dark cheek of night, which scooped out the depths of the ocean, which piled up the mountains, which "stretched out the north over the empty place and hung the earth upon nothing," is still with us. They know that the love which said, "Neither do I condemn thee, go and sin no more," which said of the poor Magdalen, who washed the Master's feet with her tears and wiped them with the hairs of her head, "She hath done what she could," which healed the sick, cleansed the lepers, raised the dead and fed the hungry multitudes, is still "an ever present help in trouble."

They know that the needs of the people of today are supplied by the same God who caused the waters to gush from the flinty rock, who sent the flocks of quail, who caused manna to rain from heaven, who increased the stock of oil and meal for the widow, who took money from the fish's mouth with which to pay tribute, is the same now as He was when He who demonstrated these things said, "Seek ye first the kingdom of God"

If I Were a Farmer

If I were a farmer I would keep at hand a few reliable medicines for minor ailments that are not so serious as to require the attention of a physician, such as Chamberlain's Colic and Diarrhoea Remedy for bowel complaints.

Chamberlain's Cough Remedy for coughs, colds and croup.

Chamberlain's Liniment for sprains, bruises and rheumatic pains.

Chamberlain's Tablets for stomach troubles, biliousness and constipation.

By having these articles at hand it would often save the trouble of a trip to town in the busiest season or in the night, and would enable me to treat slight ailments as soon as they appear, and thereby avoid the more serious diseases that so often follow.

A Texas Wonder

The Texas Wonder for kidney and bladder troubles, gravel, diabetes, weak and lame back, rheumatism and regularities of the kidneys and bladder in both men and women. If not sold by your druggist, will be sent by mail on receipt of \$1.25. One small bottle is two months' treatment, and often cures. Send for sworn testimonials. Dr. E. W. Hall, 2926 Olive St., St. Louis, Mo. Sold by druggists.—Adv.

J. D. Gamble has been elected mayor of Canyon. An entire new board of aldermen was elected.

CALOMEL SALIVATES AND MAKES YOU SICK

Acts like dynamite on a sluggish liver and you lose a day's work

There's no reason why a person should take sickening, salivating calomel when a few cents buys a large bottle of Dodson's Live-Tone—a perfect substitute for calomel.

It is a pleasant, vegetable liquid which will start your liver just as surely as calomel, but it doesn't make you sick and can not salivate.

Children and grown folks can take Dodson's Liver Tone, because it is perfectly harmless.

Calomel is a dangerous drug. It is mercury and attacks your bones. Take a dose of nasty calomel today and you will feel weak, sick and nauseated tomorrow. Don't lose a day's work. Take a spoonful of Dodson's Liver Tone instead and you will wake up feeling great. No more biliousness, constipation, sluggishness, head ache, coated tongue or sour stomach. Your druggist says if you don't find Dodson's Liver Tone acts better than horrible calomel your money is waiting for you.

TEXAS IS STATE OF GREAT MAGNITUDE

There are five counties in Texas that have a larger farm land area than the total area of the state of Delaware.

| | Acres |
|---------------------------|-----------|
| Delaware, total land area | 1,257,600 |
| Brewster county | 1,406,000 |
| Crockett county | 1,267,000 |
| Edwards county | 1,349,000 |
| El Paso county | 2,316,000 |
| Pecos county | 2,160,000 |

The tillable lands of Texas are larger in area than a total of the states bordering on the Atlantic ocean from Maine to North Carolina.

| | Acres |
|--|-------------|
| Texas farm land area | 112,435,000 |
| Maine, New Hampshire, Massachusetts, Rhode Island, Connecticut, New Jersey, New York, Delaware, Maryland, Virginia, combined | 102,527,000 |

Too Many Organizations

Tom Finty, Jr., is editor of the Dallas Evening Journal and staff editor of the Dallas News. He is one of the best writers in Texas. He always "hits the nail on the head." In an article published a few days ago, he says there are entirely too many "uplift organizations" with paid secretaries and organizers—whose sole business seems to be to fleece the liberal public and draw their salaries. The war caused these organizations to multiply greatly, and the paid secretaries are adverse to giving up their jobs and salaries, even if the war is over, and are concocting various and sundry schemes to continue their "work."

The following excerpt is taken from Mr. Finty's article mentioned above:

"The greatest ill of the world today, in my opinion, is that it is over-organized, that it is pestered almost to death by professional trouble hunters and Mr. Fixits. Taking advantage of the situation, they are at this time camouflaging their pet schemes and endeavoring to put them over under the guise of 'readjustment' and 'reconstruction.' It is my belief that the world would readjust readily if it were left alone for a spell; that mental intoxication would vanish if everybody would just stop talking about fifteen minutes; that reconstruction would take care of itself if we would start lots of construction. I say this, although I do not wish to be considered an optimist.

"We are told that we must do this, that and the other thing or else we will have a reign of Bolshevism and various other calamities. I have no love for Bolshevism, neither do I believe that this country stands in serious danger of it, but I do say that the country would better risk Bolshevism than tamely to submit to the proffered remedies, preventatives, alternatives and substitutes.

"The principal trouble with this country is that it is being saved to death by persons who earn their livelihood at saving and reforming; by persons who toil not, neither do they spin anything save yarns. They increase unrest by advertising and exaggerating unrest. They tell us that social unrest is due to the fact that men and women get starvation wages in this country, when they are repulsed by the facts, then they say that the unrest is due to inequitable division of the fruits of labor and of property.

"This isn't largely true, either. There are mighty few persons in this country who are working for starvation wages. Practically everybody gets enough to live comfortably. Nor do I believe it true that those whose incomes and possessions are small are dissatisfied simply because of the fact that others get and have more. I do believe, however, that some of the persons of wealth excite dissatisfaction by flaunting their wealth, by flashing their rolls and by assuming a vere de vere attitude toward persons who have smaller incomes and possessions. Here really is a sore, the seriousness of which is increased by reason of the fact that the professional Mr. Fixits rub it until it becomes inflamed.

"It is not true, however, that persons of small incomes and means want a leveling process whereby all will be poor. Upon the contrary, the aspiration is for a leveling process whereby all may be rich; or, rather the individual aspiration is for wealth for himself. Witness the oil game. The large number of persons of small means who invested in stock, leases, royalties, etc., do not want to destroy oil multi-millionaires; instead they want themselves to get rich—to get rich quick."

Among the charters filed last week was that of Lubbock Sanitarium Co., Lubbock; capital stock \$100,000. Incorporators A. R. Ponton, J. T. Hutchinson and O. F. Peebler.

For Bilious Troubles

To promote a healthy action of the liver and correct the disorders caused by biliousness, Chamberlain's Tablets are excellent. Try them and see how quickly they give you a relish for your food and banish that dull and stupid feeling.

"The end of an Imperfect Day"

"Nervous Headache"

Nervous headache is the result of a run down weakened nervous system. You feel out of sorts—everything seems wrong—food disagrees with the tired stomach—you can't sleep and have a constant case of "the blues."

Rev. Geo. Haffelmann of New Cumberland, Pa., tells how he was cured after he had almost given up hope.

"Five or six years ago I became greatly worried on account of the condition of my nerves. I was prostrated and suffered so much I thought I would never be well again. I used one bottle of DR. MILES' NERVINE and began to improve from the first. I then used it until it completely cured me. It is without doubt the greatest nerve remedy ever discovered."

If you are troubled with a nervous affliction, you will find the first bottle of DR. MILES' NERVINE will bring relief. It is non-alcoholic and contains no injurious drugs—a safe, dependable and efficient family medicine. Ask your druggist about it.

DR. MILES' NERVINE

HELP THE KIDNEYS

Plainview Readers Are Learning the Way

It's the little kidney ills—The lame, weak or aching back—The unnoticed urinary disorders—That may lead to dropsy and Bright's disease. When the kidneys are weak, Help them with Doan's Kidney Pills, A remedy especially for weak kidneys. Doan's have been used in kidney troubles for 50 years. Endorsed by 50,000 people—endorsed at home. Proof in a Plainview citizen's statement. Mrs. Chas. Flack, 203 Cottage St., says: "I have used Doan's Kidney Pills off and on with good results. When my back is weak or lame and my kidneys act irregularly, I get a box of Doan's Kidney Pills at Long's Drug Store. They never fail to relieve me in a short time. Others of my family have also taken Doan's with good results." Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Flack had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

Rate Up 50 Per Cent

Chicago, March 26.—More than a million members of the Modern Woodmen of America had their rates increased today to meet the abnormal death losses resulting from the influenza epidemic, which caused a reduction in the beneficiary funds of the order from \$12,000,000 to \$700,000.

On the present membership the increase is a flat advance of 50 per cent and all new members joining hereafter will have to pay materially increased rates. Even this increase is said to be not a strictly adequate rate but it was as far as the membership could be induced to go at this time. This action was taken today at a special meeting of the head camp of the order after three days stormy debate.

Finds Cost of Living High

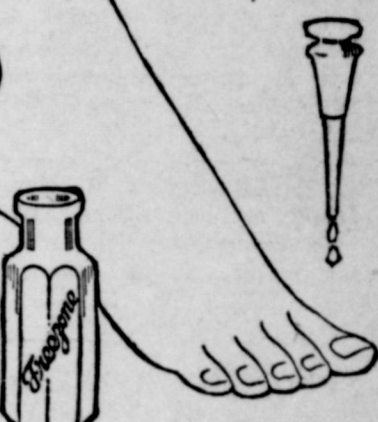

Omaha, Neb., March 31.—F. M. Brown, a former inmate of the Nebraska penitentiary, found the high cost of living too much for him. He was recently paroled. Yesterday he arrived at the prison from St. Louis and pleaded with the warden to take him and allow him to serve the remainder of his sentence. He is 68 years old and was sentenced from Omaha to serve three years for writing a check in excess of his funds in the bank.

Do You Sleep Well?

To be at his best a man must have sound, refreshing sleep. When wakeful and restless at night he is in no condition for work or business during the day. Wakefulness is often caused by indigestion and constipation, and is quickly relieved by Chamberlain's Tablets. Try a dose of these tablets and see how much better you feel with a clear head and good digestion.

LIFT OFF CORNS!

Apply few drops then lift sore, touchy corns off with fingers

Doesn't hurt a bit! Drop a little Freezone on an aching corn, instantly that corn stops hurting, then you lift it right out. Yes, magic!

A tiny bottle of Freezone costs but a few cents at any drug store, but is sufficient to remove every hard corn, soft corn, or corn between toes, and the calluses, without soreness or irritation.

Freezone is the sensational discovery of a Cincinnati genius. It is wonderful.

NOTICE OF ESTRAY

THE STATE OF TEXAS
County of Hale,
TAKEN UP by C. E. Lock and estrayed before E. A. Young, Justice of the Peace Precinct No. 1, Hale county: One red cow, 4 years old, branded 7 on left hip, crop off left ear, also one white face, 4 year old cow, branded LEM on left side, mark underbit left ear, swallow fork in right ear. Appraised at Fifty Dollars. The owner of said stock is requested to come forward, prove property, pay charges, and take the same away or it will be dealt with as the law directs. Given under my hand and official seal, this 4th day of April, A. D. 1919. Jo. W. WAYLAND, County Clerk, Hale County, Texas.

The county judge of Hall county has issued a warning that all land owners must get rid of prairie dogs.

Comfort of Body

Many children and adults are constant sufferers from sore hands and feet and are susceptible to every chill and sudden climatic change. There is definite help in

SCOTT'S EMULSION

which furnishes fuel to warm the body, helps make pure, red blood and maintain the system in a state of robustness, so that the buffeting winds or the sudden chill of evening are enjoyed rather than feared. For comfort of body and buoyant health, take Scott's Emulsion.

Scott & Bowne, Bloomfield, N. Y. 18-19

WANTED—Pasturage for about 60 rams.—Sansom & Son. 91-tf

MOTORISTS NOW STUDY THE WEIGHT OF CARS

Importance of Balance in Cutting Up-keep Expense Better Understood by Purchasers.

"The general education of the public regarding the importance of the weight and balance of an automobile in relation to the cost of upkeep is suiting in more attention being paid to these details of design," Mr. Aiva Hooper, of the Hooper & Son Motor Company said today.

"One of the first questions the average prospects now asks regarding a car is, 'What is its weight?' The reason is that buyers have come to realize that the mileage they get from tires—and that means the money that must be spent for tires during the life of a car—rests upon the weight of the machine. Also it takes more fuel to pull a large car than it does a car of lighter weight.

"The apparent interests that have been aroused on these important questions is shown by the number of owners of larger cars who have turned to the Essex, the very latest product of the automobile designer's art. The weight of the Essex is 2,450 lbs "dry" and 2,650 lbs. when filled with water, oil and gasoline. For a car of the size and performance of the Essex this is an extremely low weight.

"But low weight alone is not enough. If it has been obtained at the sacrifice of strength the result is quick depreciation and short life. In the Essex, however, low weight has been obtained by perfection of design, the result of years of refinement. This, added to the highest quality of materials which are used, and skilled workmanship, gives a sturdiness which assures long life and freedom from repairs.

"Almost as important as weight of a car is its balance. This means the correct distribution of the weight on the four wheels. If the Essex was put on a scale it would be found that the weight on each wheel was approximately the same. This equalizes the wear on the tires and assures perfect traction, thus eliminating much of the dangerous tendency to skid found in larger cars.

"Attention to these details has resulted in the performances which have made the Essex the motoring sensation of the year."

ANCHOR.

April 8.—This community is receiving another rain this morning after a two days high wind and sandstorm, which dried the ground out considerably.

Miss Nani King, of Clovis, N. M., came in Friday for a short stay with her parents, Mr. and Mrs. Frank White.

Mrs. Carrie Hazlett, of Seattle, Washington, is here visiting her sister Mrs. W. O. Ball, and also her son, Wallace Stewart, of near Hale Center.

S. B. King and T. B. Pearce, of Hale Center are doing some road work in this community this week.

E. A. Shackelford, Benson Brothers, and W. Walker have been very busy the past week setting back and building fences along our new highway along by Anchor school building.

Mr. and Mrs. W. O. Ball and Mrs. Carrie Hazlett made a trip to Plainview Monday.

Quite a number of Anchorites took in the auction sale Saturday at the closing out of the Goodlett & Cooley Store at Hale Center and received bar.

The patrons of Anchor School met with the teachers and school Monday afternoon and set out trees. The ladies served cake and lemonade. The afternoon passed all too soon.

There was a large crowd out at Sunday School Sunday though it was a stormy day.

The farmers are all smiles over the fine rains. Some are discing, some listing, some breaking sod, getting ready for planting as soon as the time arrives.

NOTICE OF ELECTION THE STATE OF TEXAS,

County of Hale,
Notice is hereby given that an election will be held on the 12th day of April, 1919, at Ellen School House, in Common School District No. 24 of this County, as established by order of the Commissioners' Court of this County, of date the 11th day of May 1914, which is recorded in Book 2, page 428, of the minutes of said Court and re-established and re-defined by order of the County Board of School Trustees of Hale County, Texas, of date the 18th day of April, 1918, which is recorded in "Record of School Districts" Vol. 1, page 11, of Hale County, Texas, to determine whether or not a majority of the legally qualified property taxpaying voters of that district desire the issuance of bonds on the faith and credit of said common school district in the amount of \$5,000.00, the bonds to be of the denomination of \$1,000.00 each, numbered consecutively from one to five both inclusive, payable forty years from their date, and bearing five per cent interest, per annum, payable annually on April 10th of each year, to provide funds to be expended in payment of accounts legally contracted in constructing and equipping a public free school building of brick material in and for said

ANNOUNCEMENT

If you own a motor car and have had to have repairs made in Plainview you naturally know which mechanics you would rather trust with your work.

This advertisement is to convey the announcement that—

W. J. Lohman—E. Barton—Ed Meakin

are the mechanics who have taken charge of the Plainview Machine & Auto Shop, located in the rear of the garage and machine shop building now occupied by the Conner-Mathes Battery Co., in Auto Row.

We believe the mere announcement is sufficient for those who know of the work of these men. If you have never had them work out your car troubles naturally you do not know of their work.

To those of you who know them and their work we invite your continued patronage. To those who are not acquainted with them and their work we urge you to give them the single trial which will permit them to demonstrate.

Plainview Machine and Auto Shop
Phone 16 "In Auto Row"

Common School District, and to determine whether the Commissioners' Court of this County shall be authorized to levy, assess and collect annually while said bonds or any of them are outstanding, a tax upon all taxable property within said district sufficient to pay the current interest on said bonds and provide a sinking fund sufficient to pay the principal at maturity.

All persons who are legally qualified voters of this State and County and who are resident property taxpayers in said district shall be entitled to vote at said election.

Said election was ordered by the County Judge of this County by order made on the 7th day of March, 1919, and this notice is given in pursuance of said order.

Dated the 10th day of March, 1919.
J. C. TERRY,
Sheriff Hale County, Texas.

Card of Thanks.

Mrs. J. D. McGown and children wish to thank their many friends and neighbors for their kindness and sympathy during the illness and death of husband and father. Also for the beautiful floral offerings.

MRS. J. D. MCGOWN,
LEE MCGOWN,
ELEANOR MCGOWN,
REXFORD MCGOWN.

I have a few real bargains in Littlefield farms. Only a few left of the real sacrifices. Some good ranches at low figures.—C. H. Curl. 2t

The Red Jiffy Wagon Is On the Job

Have you seen the "Red Devil" running loose on the streets? —there's a reason for its being here. Whenever you see it on its way just consider it as important as the fire truck or an ambulance for it means that somebody is in trouble and the Red Wagon is the tire doctor that will cure the illness.

This Red Wagon was inaugurated for your convenience. It is equipped to help you, as a motorist, in your tire troubles. The service it renders is a genuinely FREE SERVICE. All you have to do is to get to a phone and call 73—the Red Wagon and a competent tire trouble man will be there as quickly as the wheels of the Red Wagon will move. There will be no charge.

Naturally we hope that our friends will appreciate this service to the extent that when the tire shop repair is necessary that they will always have in mind--
