## HALE COUNTY QUOTA IN VICTORY LOAN \$184,500

### AIRSHIPS, WAR TANKS, MOTION PICTURES AND OTHER SPECIAL FEATURES

A telegram has just been received announcing that Hale county's quota of the Victory Liberty Loan is \$184,500. The county's quota in the Fourth Liberty loan was \$195,500, and the county subscribed \$250,050. All those connected with the management of the present campaign are confident that the county can "go over the top."

Monday will be the anniversary of the battle of San Jacinto, which set Texas free from the domination of Mexico. Sam Houston and his small band of patriots walloped a much larger army of Mexicans.

Monday will also be the day when the campaign for the Fifth or Victory Liberty Loan campaign will start. Everything is in readiness in Hale county to start the campaign promptly and with a big lot of "go" behind it.

County Chairman Elmer Sansom said to the News editor this morning, "Everything connected with the county organization is practically complete, and the work will move off harmoniously and with enthusiasm, with optimistic determination to put over the county's quota by Saturday, April 26, which is to be Victory Day in Hale county. Of course subscriptions will be received beginning Monday morning, but we want every person to subscribe not later than Saturday." He appeals to the people to buy their full quota of bonds by that time.

Ellis Carter is the chairman for Plainview, and he said, "Saturday, April 26th has been selected as the grand rally day. When we expect to put Hale county 'over the top.' At each of the banks in Plainview booths will be provided and three booths at the Liberty Bank to take care of all subscribers. Every one is expected to come in on Registration Day, April 26th or before, and buy their bonds. All purchasers of Fourth Liberty bonds in Plainview school district who bought \$100 or more worth of bonds, will be mailed their quota as determined by the committee appointed to decide how much each should buy in order to put us over the top."

"In case anyone feels they have been assessed too much or too little, the board of equalization will meet Wednesday, April 23rd, at 2 p. m. at Liberty Bank, also Saturday, April 26th at 9 a. m. at the same place to consider claims."

### Airplanes and Tanks Coming

There will be many entertainment features during the campaign. A covey of airplanes will visit Plainview Hale Center and Abernathy, advertising the loan, but so far the date has not been received, neither has a time been set for the visit of the war tank to this county. When the date is received, the News will publish same.

"The Price of Peace," a five-reel government moving picture, taken on the battlefields and showing the actual fighting, will be shown all day and night at the Mae I theatre, and admission will be free. This is the first great picture the government has allowed since the censorship was raised.

Mrs. J. C. Anderson Sr., has been again appointed president of the Victory Loan Bank, where the headquarters will be during the campaign. Miss Marie Gidney will again be cashier, and Miss Anna Walters, secretary and stenographer.

The publicity for the campaign in Hale county is paid for by a fund contributed by the merchants, business men and professional men of Plainview. A complete list of those contributing will be published next week, with the amounts. Mr. Sansom says the need of wide publicity is as great or greater in this campaign than any of the former ones.

### Committees Appointed

The following committees have been appointed to conduct the various departments of the campaign:

Publicity Committee: T. E. Richards, chairman; E. B. Miller, J. M. Adams, Clay Barrow, J. B. Bradley, Geo. P. Droke, G. R. Scott, Bob Downey.

Speakers Committee: R. A. Underwood, chairman; P. B. Randolph, Dr. A. H. Lindsay, Dr. E. O. Nichols, Dr. J. C. Anderson, C. S. Williams, A. B. DeLoach, J. A. Eastman, E. B. Miller, J. M. Adams, L. D. Griffin, L. S. Kinder, R. C. Joiner, Chas. Clements, T.

### Hale Center is Building

Messrs. J. L. Jacobs, P. B. Randolph and the editor of the News made a trip down to Hale Center yesterday afternoon, in behalf of the Jewish relief fund. Rev. G. H. Bryant, pastor of the Methodist church, has been selected to have charge of the work of securing funds in that community, and with a committee will make a canvas beginning this morning.

Hale Center has recently done some substantial building, including several brick business houses and a large stucco office and store building by R. W. Sanders and associates. With good crops this year likely great improvements will be made in and about the town.

### Route Will Be Decided Today

The official route for the Bankhead highway through Texas will be decided at the good roads convention in Mineral Wells today. Two proposed routes are contending for the designation—one through Oklahoma, the Plains of Texas via Plainview and New Mexico via Roswell; the other from Texarkana to El Paso along the Texas & Pacific railroad. E. H. Perry of Plainview is a member of the steering committee for the northern route.

### Hale County Singing Convention

The Hale county singing convention will meet with the Prairieview class on the fourth Sunday in this month, it being April 27th. All classes are asked to be present, and bring all the books they may have that are convention books, or if the class own their books, and they are the same as the convention books, please bring them along with you as we have so many books scattered out among the different classes that we are short on books, and will need all we can get to accommodate the singers.

Every one is invited to come and bring their dinner, and enjoy the day in song service together.

I would be glad for each class in the convention to arrange some special music for the day, and as we have no program arranged ahead for this meeting, we are asking all lovers of music to meet with us and would be glad to have them take part with us in any way they can, to help make the day a pleasant and profitable one to all who attend.

The meeting will be called promptly at 10:30 a. m. So come early, and don't forget your song book, your dinner, nor the hour.

Yours in song,  
L. W. SLONEKER, President.

W. Sawyer, H. C. Randolph, A. C. Hatchell, Geo. L. Mayfield.

Transportation Committee: J. A. Testman, chairman; Robert Malone, Roy Self, Theo. Shepard, Dan Ansley, John Mathes.

Music Committee: T. Stockton, chairman; Mrs. Cora Pritchett, Mrs. E. R. Williams, R. M. Crabb.

Boy Scouts: W. J. Klingler, Asst. Scout Master, E. B. Miller, Scout Master.

County Woman's Work—Mrs. Jo. W. Wayland.

The Victory Loan issue is for 4 1-2 billion dollars. Maturity date is May 20, 1923, with option retained by the government of redeeming on June 15 or December 15, 1922, at par and accrued interest. The securities are gold notes of the United States, in two series. One series bears 4 3-4 per cent interest and is exempt from state and local taxation excepting estate and inheritance taxes, and from normal rates of income taxes. The other series bears 3 3-4 per cent interest and is exempt from all federal, state and local taxes except estate and inheritance taxes.

The Victory Loan drive will begin April 21, and will continue to May 10. The government announces that this will be the last Liberty Loan. Six months' time is given to make the final payments on the Victory Loan notes. Ten per cent must be paid in May; 10 per cent on July 15; 20 per cent in August; 20 per cent in September; 20 per cent in October, and the final payment of 20 per cent in November.

### Made Oil Investigation

Major Otley of Marietta, Okla., prominent geologist and said to be the man who located the Beaumont oil field, while here last week conferring with the officers of the Santa Anna Oil & Gas Association, of which he is official geologist, made an investigation of the L. A. Knight ranches, west of Plainview, for oil prospects. We have not learned what kind of a report he made.

## Next Week National Gingham Week In America

Before the war Ginghams were sold so cheap and there were so many inferior qualities on the market that oftentimes women gave them but little consideration.

The recent high prices of woollens and the great improvement in the manufacture of fine Ginghams, the lovely patterns that have been brought out and the pretty styles for making them has created a wide popular demand for good Ginghams. A shipment just received affords us a large

### TWO CARLOADS EGGS SHIPPED EVERY WEEK

Panhandle Produce Co. and Rucker Produce Co. Each Ship Weekly Carload

We stated last week that for several weeks a solid car load of eggs had each week been shipped out of Plainview. We should have stated that two carloads were being shipped out each week—one by Rucker Produce Co. and another by the Panhandle Produce Co., besides heavy shipments, by other produce buyers. The producers are paid more than \$4,000 for the eggs that make up each car, so more than \$8,000 is being paid out here each week for eggs, and it is helping all lines of business, too.

### Knocked Machine Gunner on Head

S. R. Irwin was here Wednesday en route to his home in Floydada, having served with the American forces in France. He was in the St. Mihiel battles, when the Americans drove the Germans out of that section, and was in many close places, one of which was when he was cut off by a German machine gun, which was about to mow him down. He managed to close in on the gunner and knocked him in the head and took the machine. He showed us a large number of photographs taken on the battle front and of camp scenes in that section.

### Gasoline Drops 2c a Gallon

Gasoline dropped 2c a gallon in Plainview yesterday, and is now selling at 25 1-2c. The Gulf Refining Co. early yesterday morning posted a drop of 2c and before night two other local companies met the new price, and this morning all the companies and filling stations followed suit. The fight among the big oil companies is on all over Texas and the South, and at Memphis, Tenn., the price is 11c. It is generally thought that the fight is a frame-up to freeze out the small refineries.

### Ellen Votes School Bonds

By a unanimous vote of 11 to 0 the patrons of Ellen district on Saturday authorized a bond issue of \$5,000, to be used in the erection of a brick school building to take the place of their old wooden one, which has become inadequate for the needs of the community. A 50c tax is also levied for school purposes.

This is indeed commendatory of the people of the district, for every school community in the county should have a good building.

### Will Build Brick School

We are informed that the patrons of Providence school district in Floyd county, adjoining Hale county, are making preparations to petition for an election to vote bonds with which to erect a good brick school building.

### ROUND ABOUT TOWN

Interesting Items Picked Up Here and There by the Editor of the News

J. F. McDonough of the Ellen community was in to see us Monday. said some damage was done by hail to wheat and alfalfa on some farms in his section during the blizzard of Tuesday night of last week. Crops are looking fine around Ellen, and the people are promised good returns for their labor this year.

Joe Martin, who is employed with a hardware firm in Happy, spent the week end here with homefolk. He reported nine inches of snow in that section Tuesday night of last week, and great loss of stock west of there toward Hereford. He also said that considerable lumber and other equipment has been received to build the derrick and start the drilling on the oil well to be drilled near Happy.

B. C. Holle has been here the past week. He is manager of the Santa Anna Oil & Gas Association, which company is owned in Plainview, and has 600 acres of leases in the heart of the Santa Anna oil fields. Most all the machinery, etc., for the first wells is on the ground, and G. B. Speed of Plainview, who is manager of the drilling operations, expects to begin drilling right away. All the big oil syndicates are developing oil properties adjacent and nearby, and already some good wells are producing oil and gas. One well has been producing 375 barrels of oil a day now for forty days. Mr. Holle's company has two drilling outfits and will put down a number of wells. Gas is already piped for fuel.

Steve Struve of the west side of the county was in town Wednesday, the first time in a long while. He says crop conditions out his way could hardly be finer. He also informs us that a fine boy came to his home March 29.

R. C. Malone of Abilene is here visiting his sons. He says he never before saw such fine crop conditions as obtain now in the Abilene country. His wheat is simply fine, and is almost waist high. The people down that way are going to make such big crops that they will almost forget about the three years of severe drought.

### Considerable Loss of Cattle

During the blizzard of Tuesday night of last week there were considerable losses of cattle in the southwestern part of the county. We are told that Otis Trulove lost twenty-eight cows and several yearlings and calves; the cows had just been dipped that day, and were not sheltered at night. On the Hudgins ranch the loss is said to have been even heavier.

Bob Echols and family of Matador were in town Tuesday.

### PEACE CONGRESS DETAILS GIVEN BY CLEMENCEAU

#### Bolsheviki Must Cease Fighting to Get Food—Germany to Obtain Food

Premier Clemenceau, president of the peace conference, Wednesday presided over a meeting of the representatives of the various powers at war with Germany and gave them some of the details concerning the coming Versailles congress on April 25 when the German envoys will be present. It has not been disclosed whether the invitation to the Germans will be issued in the name of the council of four or of all the powers represented at the peace conference. The foreign ministers, who had under consideration certain provisions of the peace treaty, have reported to the council of ten that some of the articles have been referred back to the drafting committee, and it is understood that the remaining articles will be disposed of at the very earliest date.

The British prime minister, David Lloyd George, has presented the situation at Paris before the house of commons. In a lengthy speech he contented himself with discussing general aspects, rather than details of what the peace conference has done. He opposed intervention in Russia, declared that Bolshevism was gradually waning—breaking down under the relentless force of economic facts, deprecated attempts to sow dissension among the delegates and declared that the whole peace of the world hangs on the society of nations.

Food relief for Russia, under neutral control, has virtually been decided upon by the allied and associated powers. Reservations by the French apparently are the only obstacles in the way of immediate action, and these, according to Paris advices are expected speedily to be surmounted. The agreement to feed the Russians anticipated that the Bolsheviki must cease fighting.

With rioting still reported to be rampant in Munien and strikes continuing in numerous other parts of Germany, the workmen at Bremen, Germany, big port on the Weiser, have called a general walkout which is affecting most of the big industrial works and the street railways. Unofficial advices are that soldiers and non-commissioned officers of the German army also have threatened to strike if an order reducing their pay to a peace time basis is not rescinded.

The financial section of the allied and associated governments in conference with financiers of Holland, Denmark, Norway, Sweden and Switzerland, have concluded an arrangement to permit Germany to obtain food and raw materials and also for an adjustment of maturing credits of Germany in neutral states.

Albania is the latest state to request the peace conference for complete independence, rectification of its frontiers and the appointment of a mandatory to supervise the government.

Helgoland, Germany's extensively fortified island in the North Sea is to be dismantled and virtually destroyed by order of the council of four, according to unofficial advices.

### Movements of Soldiers and Sailors

John W. Alexander has received a letter from his son, R. Sherwin Alexander, who has been with the army in France, saying not to write to him any more, as he was about to leave for home.

Mrs. Austin Anderson has received a letter from her husband, Capt. Austin Anderson, who is stationed near Coblenz, Germany, saying he had heard from headquarters that he was to sail for America in June.

Ensign Chas. Meadows, who has been here on a furlough visiting his parents, left yesterday for New York city.

Guy Bradley arrived the fore part of the week. He was with the 89th aero squadron across waters, and has just been discharged.

### Alfalfa Cattle Co. Fails

The Alfalfa Cattle Co., of Hale county, has filed a voluntary petition in bankruptcy with the federal court in Amarillo. The company was incorporated several years ago, and has a ranch near Plainview. The first meeting of the creditors will be in Amarillo April 24.

A trustee will be appointed to wind up the affairs of the company.

Mr. Benson, the Lubbock cattleman, was here yesterday.

## AMARILLO PRESBYTERY HOLDS SUCCESSFUL MEETING HERE

### J. H. BONE ELECTED MODERATOR; GORDON LANG HEADS EDUCATION COMMITTEE

The Presbytery of Amarillo district was in session at the Presbyterian church in Plainview, Tuesday and Wednesday of this week. This is the meeting when the work of the past year is reviewed and the work of a new ecclesiastical year is mapped out and is decidedly the most important of the two held each year by this body.

The following were noted as among the ministers present: Revs. W. M. Baker, Hereford; J. H. Bone, Hale Center; F. T. Charlton, Dalhart; N. F. Grafton, Wichita Falls; Arthur B. Haynes, Canyon; G. P. Howard, Wichita Falls; J. Wood Parker, Silverton; C. E. Pitts, Miami; John T. Price, Tulsa; J. R. Sharp, Amarillo; H. McL. Smith, McLean; W. T. Swaim, Memphis; B. G. Taylor, Canadian; R. Thomsen, Amarillo.

Among the elders representing churches present were: Judge L. B. Richards and Sedgwick of Silverton; and J. A. Tarwater of Runningwater. R. W. Lemond of Hale Center.

number of unofficial visitors were here from the nearby towns.

Rev. George P. Howard, the retiring moderator, preached the opening sermon Tuesday evening. Rev. J. H. Bone was elected moderator for the succeeding six months. Rev. C. Pitts of Miami was made the permanent clerk of Presbytery and served very efficiently during this meeting. Rev. Gordon Lang, local pastor, was made chairman of the newly elected committee on general education. This committee now has charge of all the educational interests of the Presbytery except the Sunday school and Mr. Lang is a member of this committee, also.

The Rev. M. Hall, pastor of a federated church at Vernon, and himself a member of the Southern Presbyterian church, was present and cordially welcomed by the members of Presbytery. He made a strong plea to have the Presbytery meet next fall at Vernon and view the operation of a union church. The Presbytery accepted with enthusiasm.

One minister of the Presbytery, Rev. George A. Crane, pastor of the church at Chillicothe, died of influenza during the past six months. For him a touching memorial service was held. The moderator, Dr. Bone spoke of his conversion, ordination and ministry, having known his since boyhood. Rev. N. F. Grafton, who was present at the funeral spoke of the sweet character of the man as did the elder from Chillicothe.

Rev. W. T. Swaim presented the New Era movement and a review of the advance made by the churches at the evening hour Wednesday. The churches of the Presbytery have undertaken to give 100 per cent more to outside work of the denomination than ever before. Mrs. Lindsey, field secretary of the Woman's Foreign Mission Board, spoke briefly of the women's work in the church.

### Commendatory to Prof. Patty

W. E. Patty, superintendent of the Lampasas public schools for the past eight months, has declined the offer of position for another year. Prof. Patty was elected superintendent of the schools at Plainview and has accepted the position. He has rendered most efficient service in the Lampasas schools and has worked in perfect harmony with the school board and teachers. The Lampasas people regret the moving of him and his family from our little city, but wish them every success at Plainview the next term.—Lampasas Daily Leader.

### Jewish Relief Campaign Extended

The Jewish relief campaign has been extended another week. Up to yesterday more than \$450 had been raised in Hale county, and an effort is being made to increase this considerably before the campaign closes. If you have not already subscribed to this worthy cause, do so at once. P. B. Randolph is chairman.

Miss Nellie Rountree was quite painfully injured about the foot and ankle Monday morning, when a crate desk which was being taken down the stairway in the Grant building slipped from the hold of the men who were moving it, and struck her as she was going down the stairway. She is now able to be about.

### KEEP BONDS—BUY MORE

Everybody, nearly, is a bondholder, or will be when the April Victory loan drive is over. It would be fine if the bonds could remain in the hands of their original purchasers, but that seems impossible. Some people are selling bonds, and some are buying them. Within a generation, no doubt, the great mass of the bonds that remain unpaid will have drifted into the hands of the thrifty and out of the hands of the unthrifty. The unthrifty will then be paying interest to the thrifty, and will doubtless be complaining that opportunities are not equal. Within less than twenty-five years all the bond holders will double their money, and that's a lot better than all the business men or farmers will do. The sensible thing to do, of course, is to hang on to all the bonds we have and to salt down a few more in our strong box when the opportunity is offered us during the last week in April. Aside from the fact that Uncle Sam needs the money, is the undeniable fact that we need the bonds, with the feeling of security and strength that the possession of even a few government bonds gives us.

We always regret to see a fellow start off wrong. Editor Loomis, who took charge of the Canadian Record last week, unloaded a string of poetry on his subscribers in the very first issue.

The Canyon News last week was twenty-two years old. Walter Thateher, who worked in this office for several years, is its chief ramrod these days, and he is giving Randall county a good local paper.

Senator Bell of this district voted against abolishing the state department of agriculture. In doing so, we believe he voted in opposition to the wishes of his constituents. There is no need of this department. It is little more than a political machine.

The Clarksville Times gets off the following: "Most everything has advanced. It's 9 o'clock now when it used to be only 8," whereupon "State Press" of the Dallas News complains "our bills become due an hour earlier than they did." Verily this world is full of worries.

The editor of the News is in the dumps today. The tenth annual convention of the Panhandle Press association is being held in Vernon today and tomorrow, and he is unable to be there in person, though he is in spirit. This is the first session he has missed since he joined in 1913. The men and women who make up the association are as fine a body as there is in the whole world, and it is always a joy to be with them in these press meetings.

Many thousands of telephone operators in the New England states are out on a strike because Postmaster General Burleson "refuses to recognize the union." This is the first thing in some time that Mr. Burleson has done that is right. While it is alright for private individuals, firms and corporations to "recognize the union," if they want to, for the government to do so would be un-American and rank discrimination. In government employment there should be no discrimination, for the non-union man should have just the same right to a job under the government as the union. "Equal rights to all and special privileges to none" is old-fashioned American democracy.

The Associated Press dispatches tell us that the Belgians in Paris are, figuratively speaking, throwing brick bats at President Wilson, and are acting very discourteous toward all Americans, and that the French have joined them in such rudeness, because the peace council at the suggestion of Mr. Wilson voted to have the League of Nations capital at Geneva, Switzerland, instead of Brussels, in Belgium. The woof and warp of the Europeans are composed of selfishness. They are grasping, jealous, ungrateful and an all-round bad set. As long as Uncle Sam is furnishing them with free food and clothing they are tractable, but the moment he crosses any of their "aspirations" (which means their selfish desires), they are ready to rise up and shy a brick at him. Of late the Belgians and French are showing themselves up in a very sorry light. Their rudeness toward America is injuring them greatly, too.

The American journalists, at least those who doubtless represent certain interests, have resumed their job of doing everything possible to work our people into a frenzy of prejudice against Japan, and the Japanese jingo writers are putting in overtime feeding their people on stories showing America as a menace that is secretly getting ready to spring upon Japan. Had the great war not come on it is very likely that by this time these jingo writers, and the selfish interests which use them as catspaws, would have had America and Japan in a war. Every feature story published under big black headlines has subsequently been proven to be false or a mountain made from a molehill. America of course wants to live at peace with Japan, and Japan cannot afford to attempt a war against such a powerful nation as America. A lot of American and Nipponese writers should be chloroformed.

### LET'S NOT BE QUITTERS

The Fifth or Victory Liberty loan campaign will begin Monday. It will be for \$4,500,000,000, and Hale county's quota will be between \$150,000 and \$175,000, likely. This is \$15 to \$17.50 for each person in the county.

America has won the war; it was our tremendous forces of soldiers and the tremendous resources behind them that caused the central empires to crumble and give up the fight. America won the prize; now she must protect it. She won the war; now she must finish the job, and Hale county must do her full part in helping to finish the job.

Billions of dollars was spent last fall before the armistice was signed, and Uncle Sam of course has to pay all the bills incurred. He will do so.

Millions of soldiers have been brought back from across seas or sent home from the camps, and this has been at a great expense. Hundreds of thousands of the boys are still across seas, and they have to be supported, and then brought back home. It is our duty to bring them back. It is our duty to go down in our jeans and loan Uncle Sam the money to bring them back.

If every person will do something—if each person who can will buy at least one bond, and if one person cannot buy a bond then let the whole family join together and buy one—it won't take very much from each person in the county to exceed the quota.

As an investment there is nothing safer or better than liberty bonds. They are the prime security of the entire world. The interest is paid every six months, and a bond is a "nest egg" that cannot be surpassed. So, to sum the whole matter up: It is a patriotic duty to buy gilt-edge securities, and just because the war is over is no reason why people should refuse to buy these bonds.

Let's not be quitters. Buy your bonds the first day, and at least before Saturday, April 26th, for that is the day Hale county is going "over the top."

The editor of the News intends to raise a squash this year that weighs a hundred pounds. Chas. Wilson has given us a few seed from a squash he raised last year weighing eighty pounds, and if he can grow one that weighs that much we know we can raise one of a hundred pounds.

One of the bunch on the northwest corner of the square declares he has no conscientious scruples against work, and would gladly shed his coat and go to laboring, but is afraid if he should do so he might knock some returned soldier out of a job.

The big crops in the Plainview country this year are going to be the cause for a grand rush of people from East and Central Texas and other sections of this country next summer and fall. They will buy lands and locate.

Seth B. Holman has sold a half-interest in the Hereford Brand to Walter R. Steckman, who has been an employee in the office.

### About People You Know

Rev. I. E. Gates, formerly of Plainview, but now pastor of the First Baptist church of San Antonio, has just closed a very successful revival at the First Baptist church in Waco.

J. C. Jones, who with his wife, has spent the winter in Mineral Wells, writes us that they have gone to Fort Worth for a short visit and will then return to their home in Plainview.

Dr. J. E. Nunn, who has been ill for several days, was taken violently ill Sunday morning. For a time his condition was very serious, though at this time he is much improved and attending physicians feel sure that he will be up within a short time.—Amarillo News.

Mr. and Mrs. E. P. Norwood, formerly of Plainview, write to us that they have moved from Greenville to Paris.

L. H. Rosser recently bought the Ben Ansley residence property on West Seventh street, and he and his wife now occupy it.

### LIFE AFTER DEATH— AN EASTER SERMON

"Except the Grain Fall in the Earth and Die, It Cannot Bring Forth Fruit."

Perhaps because the power of rising from death is in man so integral a part of his nature he uses it familiarly without surprise, never quite realizing its God-quality. From his daily deaths of trouble and struggle, from the deaths of goals he cannot reach, the deaths of gladness and love, of hopes that die with each sunset, he is reclaimed a thousand times. He cannot really die, for all the seeming deaths that daily attend him. They fall into the ground and die. He rises, raised by the power of life in him, and new hopes, new works he bring forth. To set this life-power to eternal thing is hard for him, being within a material world of his own creation. He has lost the intensity of desire for two things which kept that early group humbly apart and fed it with profound wisdom—the desire of eternal love and a simple, uncompromising will to see the truth.

He feels so strong a life-power within him now that he is impelled to create his own lesser truth, wondering then at his dissatisfaction.

It is not so much belief as perception that he lacks—a looking in the wrong direction with eyes dulled by dwelling on material objects. When the brightest day comes for celebrating the Risen Spirit, he goes to the laden churches, rejoicing in the flower-beauty that surges into bloom for the feast and in the massed choral singing of anthems. Surely he is sincere; thus loving, thus praising, thus entering into the service which the priests and people hold? With less keenness of sight, however, for the pure spiritual proving of the truth than those few were blest with who long ago, at the earliest Easter, after long sorrow and waiting, saw the real resurrection, yet perceived the greater spiritual one through it.

But he knows it is in the churches that he will find the mystery of the new flower that is to rise. It is always there, to be realized at each kneeling, to be sown anew in each heart, to give fostering care, to brood over and bless the soil of the heart while waiting, to tell over and over again at every time the questioning heart is lifted up to it that what the mystery of life can do for the lesser grain it is bound to do by an ever truer measure of the same law for the spiritual growth.

One can turn better, after that realization, to the full springtide and feel even gladder than nature, knowing the touch of the eternal flower within.

Wandering amid the old myths, filled with their beauty and their deathless attachment to life, one feels always under the shadow of ended things, upon the verge where all reality has gone down in darkness. The lasting and perfect poetry of these myths lingers like gorgeous sunken sunsets. As the latest comer among them many may class the great Christian story of the resurrection. It is indeed a great myth, a superlative myth in the real meaning of the word as a narrative founded on a remote event. But the singular, lone truth it symbolizes like a direct shaft of light separates it from darkness of the myths forever.

They taught the underworld, where the shades moved in a half life or pale regret conscious of lost joy, without hope. A mournful idea of immortality that satisfied no heart and from which the great thinkers of that age reached out in vain for light.

That light appears in the great simple law. "Except the grain fall in the earth and die it cannot bring forth fruit."

### Paid Interest on Liberty Bonds

Uncle Sam paid out more than \$3,000,000 in interest on Fourth Liberty loan bonds, Tuesday, April 15, to persons residing in the Eleventh Federal Reserve district, which consists of Texas, the Northern half of Louisiana, the Southern half of New Mexico and eight counties in Oklahoma.

Quite a nice sum was paid Tuesday to Hale county citizens who hold Liberty bonds, as interest on same. This money should if possible, be re-invested in the initial payment on Victory bonds, and thus compounded. These interest coupons will come in mighty nice every six months, and the man that lays up a few government bonds will always be glad he has done so.

When the list opens next Monday be one of the first to make your subscription for Victory bonds.

Scoutmaster Miller has received the awards for the members of Plainview troop Boy Scouts, given for their work in selling bonds in the Fourth campaign last fall. Eugene Wilmeth won a medal for selling bonds to twenty-five or more people, and Chas. Pierce, Fred Blocksom and Fay Sawyer received bars to be attached to medals won in former bond campaigns.

# HAIL! HAIL!

MR. WHEAT FARMER:

Did the HAIL STORM of last week remind you of the importance of protecting yourself against loss of your grain crop by HAIL? Do you know that five minutes of any day from now until harvest is ample time to destroy your entire crop and with it the results of your years labor, not counting your ability to meet your financial obligations promptly when due?

## Here's Some Good News

In addition to the several big old storm tried companies which have been writing hail insurance through this office for many years, continuing to protect the farmer and paying their losses PROMPTLY IN CASH, we this week have secured the agency over this territory for a company with over 30 millions of assets and general headquarters at Amarillo, Texas. This means to YOU at least TWENTY-FOUR HOURS is the time required to get your insurance in force and perhaps days in the settlement of your losses. This company, like our others, will pay SPOT CASH AND PAY QUICK for all their losses. We are very glad indeed to offer you this additional service. If you have not fully insured your crop it will pay YOU to see us quick. Our service costs YOU no more than the other kind.

Yours respectfully,

MALONE & JACKSON, Agents,

Grant Building

## AMERICA'S IMMORTALS

### Official Citation

NEIBOUR, THOMAS O., (98595) Private, Co. M,  
167th Infantry.

FOR conspicuous gallantry and intrepidity above and beyond the call of duty in action against the enemy near Landres-et-St. Georges, France, 16 October, 1918.

When this objective had just been gained after bitter fighting, and the summit of that strong bulwark in the Kriemhilde Stellung was being organized, Private Neibour was sent out on patrol with his automatic rifle squad to enfilade enemy machine-gun nests. As he gained the ridge he set up his automatic rifle and was directly wounded in both legs by fire from a hostile machine gun. The advance wave of the enemy troops counter-attacking had about gained the ridge, and although practically cut off and surrounded, the remainder of his detachment being killed or wounded, this gallant soldier kept his automatic rifle in operation to such effect that by his own efforts and by fire from the skirmish line of his company, at least one hundred yards in his rear, the attack was checked. Four of the enemy attacked Private Neibour at close quarters. These he killed. Private Neibour captured eleven prisoners at the point of his pistol and, although painfully wounded, brought them back to our lines. The counter-attack in full force was arrested to a large extent by the single efforts of this soldier, whose heroic exploits took place against the skyline in full view of his entire battalion. Home Address: J. C. Neibour, Father, Sugar City, Idaho.

## PETERSBURG

April 16.—People in this community are busy sowing alfalfa and getting the land ready for the row crops. With such a fine season in the ground the prospects for good yield is promising. Mrs. Lon Fletcher and daughter, Emma Jane, have joined Mr. Fletcher at Wichita Falls, and will make that place their home. Dr. Menyard of Lorenzo has visited out town several times lately with a view of locating. If he decides to come here, he will be welcome. Dennis White, a soldier boy from Fort Bliss, is on a furlough now, and he is spending the time in the home of his father, Rev. H. A. White. The many friends of Wm. Lee Noble of Estacado regret the loss of his house and its contents by fire Friday night, and showed their sympathy be generous donations. The death of Mrs. J. E. Rainey, nee Miss Maggie McDuff, caused sorrow here where she once lived and was a favorite. Her funeral and burial was attended by her sisters, Mrs. Roy Sells and Mrs. Cole, at Crosbyton, recently. Fred Weise and Roy McDaniel visited Plainview Sunday. Mrs. Warren is very ill at her home north of town. She is suffering with tuberculosis. Mrs. Shaddock from South Texas is a guest in the home of her daughter, Mrs. R. C. Hannah. Miss Jessie Mae Goodner took Mrs. Roy Sells' place in the school during her absence. J. J. Willis spent a few days here last week. He owns a farm near town. Easter services will be held by the M. E. and Presbyterian Sunday school at their place of worship. Herman Weise and family and Mrs. Clyde Barnes were in Plainview Tuesday.

## ANCHOR

April 15.—This community was visited last Tuesday night with a severe rain, hail, sleet and snow storm which caused a heavy loss to live stock, that had no shelter. Farmers are beginning to do some planting. There is a fine season and prospects of a fine crop. There was but little wheat sown in this community as we had no moisture for fall sowing, so we will furnish other grain for the farmers that have the wheat. Mrs. Carrie Haslet has been on the sick list the past week, but is reported better—the disease being heart trouble. S. B. King and T. D. Pearce spent Saturday night and Sunday with home folk in Hale Center, returning Monday to complete their work on our new high way. Henry Erlevine of Pond Creek, Okla., arrived last week to visit with his brother-in-laws, Frank Simonton and W. O. Ball. The three left for Tahoka yesterday to look after the latter's oil interests. Mr. Erlevine intends investing in oil stock there also. Mrs. Nana King left Thursday for her home in Clovis, N. M. Miss Ollie Bell Thomason, who is teaching at Mayfield, is taking quite an interest in our Sunday school and singings of late, and we appreciate all the help we can get. Mr. and Mrs. J. C. Leckler and daughter, Mrs. Maggie Parris, visited their daughter, Mr. and Mrs. Vollie Fort at Center Plains, the first of the week. The young folks of the community are practicing on a play to be given the next night of school. Our singing was held at the home of W. R. Fesal Sunday night with a goodly attendance. Quite a number of the Anchorites were in Plainview Saturday shopping. We feel the need of a genuine dry goods store in Hale Center. We are hoping some good man will come in and help us.

## ABERNATHY

April 10.—Joe Ramsey is delegate from the Abernathy camp and Tom Allen from the Petersburg camp at the W. O. W. convention at Dallas. Mrs. T. E. Arnold and children left today for Allen, Okla., where Mr. Arnold has employment. J. B. Rhodes became sick Sunday night and was carried to a Lubbock Sanitarium Tuesday, where he submitted to an operation, sixteen inches of small intestine being removed. He is in a critical condition at this time, and members of the family are with him. Geo. Tannehill went to Lubbock Monday and was accompanied home by his son who had three of his toes amputated, after having them caught in the cogs of a twin windmill. The young man is rapidly improving. Arthur Landers is at home on a

## TULIA

April 11.—At the annual meeting of the Young Men's Business League of Tulia, held Monday evening, the following officers for the year were elected: J. E. Swepston, president; W. A. Graham, vice president; Meade F. Griffin, secretary; H. G. Ware, treasurer.

Miss Eula Scott entertained six of her girl friends at her home Friday. A delicious dinner was served to the girls and the afternoon was very pleasantly spent. Miss Etta Sue Smith entertained the seven girls at

night with a "slumber party" and a lovely breakfast was served Saturday morning which was enjoyed by all. The next day being Saturday they all went to Plainview to see the ball game between Wayland college and Tulia. Those present were Misses Della Cochran, Golda Warren, Bertha Bell McClendon, Etta Sue Smith, Julia Clark and Bonnie Dale Stringer. Mrs. E. E. Frye entertained the members of the Needlecraft club on Thursday afternoon. During the business session Mesdames Horace Townsend and J. C. LaPrade's resignations were granted and Mesdames J. M. Simpson and A. L. Hawkins were received as members. Delicious ice cream and cake were served. The next meeting will be with Mrs. Fred Anderson.

The school board has elected Prof. F. E. Savage as superintendent of the Tulia schools. He is now principal of the Johnson Street school in Amarillo.

Mrs. Will Wileman went to Plainview Tuesday for a visit at the home of Mr. and Mrs. Avent, near that place.

Miss Lula Goode, formerly a teacher in Tulia schools, visited with her many friends here Saturday and Sunday, returning to her home in Plainview the first day of the week.

At the school election Saturday, all the old members of the board, whose time then expired were re-elected. The members of the board who were re-elected were: Messrs. W. C. Dinwiddie, A. W. Sternberg, and T. F. Gilliland. The personnel of the other members of our school board are R. C. Asberry, J. L. Cantrell, E. E. Baker and Dennis Zimmermann.—Herald.

## Drilling Resumed at Tahoka.

The many local stockholders in the Tahoka oil company have received notices, dated last week, saying that a new drilling crew had been secured and actual drilling would be resumed April 16, and the well would be drilled to a depth of 3,500 feet if necessary.

The man who never makes a mistake is usually not accomplishing much.

## A Tribute to Mary Brazelton

Rev. W. C. Carver of Wayland college had intended to deliver an address at the funeral of Miss Mary Brazelton, but was unable to do so, and sent the following letter to Pastor R. F. Jenkins, which was read at the funeral service:

"Dear Brother Pastor:—If health would at all permit, I would be present at this sad hour to say what herein I write. Yea, much more would I say. But this brief will convey to you and the bereaved family the deep regard and high esteem held for Miss Mary Brazelton, whose life and deeds you this day commemorate and revere.

"I came to know her first in the school room. I knew her character ere I knew her name. The tone of her voice, the clearness of her eye, the brightness of her countenance, her graceful bearing, her courteous manner, were but the revelation of an extraordinary personality. She combined the dignity of womanhood with the simplicity of childhood in a most marvelous way. She was a most painstaking student, a daughter of rare intelligence. Her education consisted not alone in knowledge acquired, but in culture incarnated. Her budding life was a prophecy of the highest ideal of Christian culture.

"Her name—Mary. How befitting! A charm to her character, while in turn the character shed luster on the name. I write it down, not as an incantation, but as a simple statement of the truth, that a more interesting life, a more charming personality, it has never been mine to know.

"With the passing days, I found myself planning for her as for a daughter. It was, that she should continue her education in a high institution, and graduating therefrom, she was to return to Wayland as a teacher in the institution she first learned to love. This was my plan. I told it to her. She responded with a fervor born of high purpose. But alas! Our Lord willed it otherwise. Her education is to be continued in the University of Heaven. She is to teach in the new Jerusalem.

"She suffered much. Even during her school days, she was a sufferer. None would have known it, however, but for her fragile form. As a heroine, she refused to yield, as an optimist, she would smile away her pain.

"She died like she lived. Looking across, she saw the better life, and with Christian fortitude she took the hand of Jesus and stepped across, to inherit the hope prepared for those who serve and suffer for our blessed Christ. This step she took at the dawning of the morning of April tenth. It was to her the dawn of eternal day.

"My beloved pastor, will you say to her dear mother, that she has blessed the world in the gift of this lovely daughter, and to Brother McGlasson that he has proven himself worthy of all honor by his love and loyalty to his heart's adopted child.

"I know you Brother pastor, how deep are your sympathies, how responsive your heart, to the sad suffering. Let me in this hour of grief, join you in heart, interest and prayer for all these who mourn the going of this young life—their daughter—our sister—Heaven's fair child."

## Resolutions from Wayland College

Whereas, God in His love has taken from us our beloved pupil and schoolmate, Mary L. Braselton, it is fitting that the faculty and student body of Wayland College express these resolutions of respect and sympathy on the homegoing of one who was ever a friend of this institution.

Mary was loyal to her college, devoted to her friends, and an inspiration to her teachers. Her sunny disposition, her winning smile, her pleasing personality endeared her to all hearts; while her excellent mental ability, her spirit of helpfulness and above all her beautiful Christian character has left an imprint that cannot be erased. The rare grace of her noble womanhood was the fruitage of her personal surrender to the highest ideals and the unflinching faith in Him, who directed her will. Her life was a benediction and her death a glorious triumph.

In this bereavement we can but express for her mother and all the sorrowing relatives our sincerest sympathy and commend them to the Father whom she so dearly loved and so faithfully served.

Be it resolved, that a copy of this tribute be furnished the family and preserved in the record of the college.—Thelma Reeves, Lenna V. C. Chas. R. Smith, R. Anna Dickerson, Committee. April 14, 1919.

## Resolutions of Respect

Whereas, God in His Almighty wisdom has seen fit to remove from our midst our beloved sister, Mary L. Braselton, and whereas, it is with heartfelt bereavement she will miss from the sessions of our lodge, we wish to extend our heartfelt sympathy to the bereaved family, and admonish them to look forward to the meeting of their beloved one in the Council of the Righteous, where God's own will some day be gathered. Resolved, that a copy of this reso-

### PLAINVIEW GRAIN CO.

### A GREAT OPPORTUNITY

I have a ranch of 2177 acres, located in the northwest corner of Martin county, that I want to trade for land in this section, irrigated or unimproved. Will also take as much as five or six thousand dollars stock of merchandise as part payment. There is also 255 head of good white face cows, besides the young calves. Now is your opportunity to get a ranch. See me.—I. M. Bailey, Hale Center.

## Easter Footwear

### New Spring Footwear for Ladies

We have been having very extensive business this week in our Shoe department, which we attribute to our nobby styles and popular prices.

The deliveries on our pumps and oxfords have not been as fast as we would have liked, but during the past few days the belated shipments have been coming in.

Our exclusive footwear for the ladies are made by Krippendorff-Dittman expressly for Jacobs Bros., and you will find the style and fit superior, but the wearing qualities will bring you back.

Our prices on pretty oxfords and pumps, \$4.50 to \$9.75, are much lower in comparison, and you will appreciate our careful fitting.

## Bostonian Shoes and Oxfords for Men

This famous shoe sold all over the country, and in Plainview at our store, will meet all the requirements that you may demand.

In all sizes, shapes and shades at prices marked to sell—\$6.50 to \$10.50. Other good shoes \$4.50 up.

## Cyclones! Windstorms

The ever recurring CYCLONE has come and left in its path a large area in Eastern Texas death and destruction. Over 100 human lives and millions of dollars worth of property are gone. Have you read the reports and seen the pictures printed in the daily papers regarding this cyclone? And the destruction wrought by it? If not it will interest you to secure copies of current issues and read about it. Unfortunately very little tornado insurance was carried in that section because those people like some of our people on the Plains thought that their particular country "Don't have Cyclones." Did you ever hear that expression? Did you ever use it? Do you know that the cyclone, like influenza, is no respecter of persons or sections of country. Is your property insured against cyclones and wind storms? If not we recommend that you see us BEFORE THE STORM. Afterwards will be TOO LATE. We know how to write this business and have the best facilities on earth for taking care of your interests.

Yours respectfully,  
MALONE & JACKSON, Agents.  
Grant Building  
Plainview, Texas.
