Plainview, Hale County, Texas, Friday, May 9, 1919

Number 103

\$2,000 AN HOUR MUST BE RAISED

ONLY ONE MORE DAY TO PUT OVER LOAN IN HALE COUNTY

At noon today Hale county locked more than \$30,000 of reaching her quota of the Victory loan bonds. This deficit must be raised by tomorrow night. That means about \$2,000 an hour must be subscribed for each business hour. Chairman Elmer Sansom says it can be done, if the people will each do his or her part.

It will take hard work and full cooperation, however, and the News believes it will be raised.

Plainview, Hale Center and Abernathy "went over the top" Wednesday. Here in Plainview the business houses were closed and many committees worked throughout the day.

On account of the continued rains not much work has been done in many of the rural school districts. Several have planned in that their districts have raised the quota, but no actual subscriptions have been turned in. Of course, some will be done tomorrow.

Mr. Sansom says everyone who possibly can must subscribe for at least one bond and those who have subscribed must try possible take more. Plainview will have to raise possibly \$25,000 more than its quota in order to put the county over. A few local citizens are willing to finance the whole amount, but are simply not able to do so.

A number of absent citizens have been wired to send in their subscriptions and several thousand dollars are expected from this source.

The Aetna Life Insurance Co., through Malone & Jackson, have again opened their plan to assist subscribers on sums of \$100 or more on a 10 per cent down and 10 per cent each month until paid. The committee expects some from this source.

The News makes a last appeal for everybody who can do so, to buy a bond before the campaign closes tomorrow night.

The following subscriptions have been received since our last report:

Plainview:	
Adams, Sadye Earl	\$ 50
Ansley, Della and Rebecca	50
Abbott, C. M.	50
Allen, Mrs. Pearl (Lockney)	50

1.67 Inches Rain Tuesday

Another heavy rain fell over the Plains Tuesday night, the precipitation being 1.67 inches. Since then the weather has been cloudy and at intervals misty. This brings the rainfall since January 1st to 12.27 inches.

This rain was not needed, as more than sufficient had already fallen. Never was there a finer season in the ground. Bumper crops of wheat, maize, kaffir, alfalfa, etc., are assured.

Congress to Meet May 19

President Wilson has called a special session of congress to convene May 19 "to receive such communications as may be made by the executive."

ELKS TO HELP IN SALVATION ARMY CAMPAIGN

Local Lodge Appoints Committees to Have Charge of Work in Hale County

The Salvation Army is to pull off a drive for funds the latter part of this month, and the Elks of the county have taken the responsibility of putting over the campaign.

The local Elks lodge will have charge of the campaign in Hale county, and Messrs. R. A. Underwood and E. B. Miller have been appointed to lead. They will appoint sub-committees.

Struck Big Oil Well

J. A. Ferguson left this morning for Santa Anna. He got a message yesterday from B. C. Holle saying that another and bigger well had been struck very close to the 600-acre tract of land of the Santa Anna Oil & Gas Association, which is owned in Plainview and of which Dr. Ferguson is president. The message said "Oil and gas struck in gas sand at 1512 feet, shooting oil all over derrick; had to close down for fear of fire. Acreage prices going up. Best well in the field."

Wayland Gets Bad Defeat

In a game of base ball here yesterday afternoon Canyon Normal team defeated Wayland college by a one-sided score.

Meeting Called for June 3

A meeting has been called of representatives from more than thirty Northwest Texas counties to be held in Amarillo Tuesday, June 3rd, for the purpose of organizing a Panhandle Chamber of Commerce. Several Plainview citizens expect to attend.

Meeting of Oil Shareholders

W. W. Kirk has called a meeting of the shareholders in the Tahoka Oil & Gas Co., to be held at the court house Saturday, to discuss matters pertaining to the company.

Will Have Summer School

Wayland college has announced it will have a summer school, beginning May 26. Indications are, so it is said, there will be a satisfactory enrollment.

Visits of the Stork

Born to Mr. and Mrs. Henry L. Greenhaw, 11 miles north east of Plainview, May 6, girl; named May.

CITY OF PLAINVIEW WILL BUY VICTORY BONDS

Several Thousand Dollars of Sinking Funds Will be Put into Government Securities

The city council at its meeting on Monday night ordered that the surplus in the city interest and sinking fund be invested in Victory bonds. This will add several thousand dollars to the county's quota.

Ordered that the building on Ash street belonging to R. C. DeLong be condemned. It is said to be in a bad state of repair and a fire menace.

Food Prices Go Up

The prices of a number of different articles of food went up in price Wednesday, on account of the peace treaty being delivered to the Germans.

Winners at Rabbit Show

About 190 rabbits were on exhibition at the semi-annual show of the Panhandle Rabbit Breeders and Fanciers association held in Plainview on Monday and Tuesday. The following are the winners:

- P. M. Bowman, 1st on doe and litter; 1st on senior buck, Rufus Reds.
- New Zealand Jr. Bucks—1st, A. A. Hatchell, 2nd, J. W. Stovall, 3rd, J. W. Stovall, 4th and 5th, J. M. England, Dallas.
- Junior doe, 3 to 5 months old—1st, J. M. England, Dallas, 2nd, J. W. Stovall, 3rd, 4th and 5th, A. A. Hatchell.
- Senior buck—1st, J. M. England, Dallas, 2nd, Mrs. E. E. Warren, 3rd, J. W. Stovall, 4th, O. T. Wilson, 5th, C. J. Covington and H. I. Holt.
- Senior doe—1st, Mrs. E. E. Warren, 2nd, J. W. Stovall, 3rd, C. J. Covington, 4th, O. T. Wilson.
- Junior does, 5 to 8 months—1st, 2nd, 3rd, A. A. Hatchell.
- Senior buck and doe, Flemish Giant—1st, F. W. Vanderpool, 1st and 2nd junior bucks, 1st and 2nd junior does.

Soldier Voting Bill Passed

The legislature has very promptly adopted the bill permitting returned soldiers to vote without a poll tax. An amendment provides for the testing of the constitutionality of the bill before the supreme court before May 24.

Moving Auto Pain Shop

E. C. Richards is moving his auto paint shop to the Woldert brick building on the southside of the square, where he will be better equipped to handle his business.

Buy a Victory Liberty Bond.

Buy a Victory Liberty Bond.

Miss Morrison Acquitted

Miss Ethel Morrison, formerly of Hale county, was acquitted in district court at Fort Worth this week on a charge of having been an accomplice in the murder of a newly born infant of Miss Stella Magness, a girl she was rooming with several months ago. Miss Morrison was freed, as there was really no case made out against her. Her defense was that she was not guilty of having caused the death of the infant, as the only part she played in the tragedy was the request of Miss Magness.

The girls were employed in Fort Worth and begun rooming together. The Magness girl gave birth to a baby, and it is alleged choked it to death. The Morrison girl was simply a victim of circumstances. Her father and other people of Hale County went to Fort Worth and stood by her in the trial. She and they returned to Hale Center yesterday morning.

Pros Should Beware

Atticus Webb of Fort Worth, head of the Anti-Saloon League of Texas and for many years an active prohibition campaigner, was here this morning. He has been at Floydada and Lockney delivering speeches in behalf of the prohibition amendment and was en route to Lubbock, where he will speak tonight.

He says the pros should awake and begin a warm campaign for prohibition, as the antis are working hard on the quiet and really believe they will win. Under the new law permitting soldiers to vote without a poll tax returned negro soldiers and many Mexicans will vote, also it makes it possible for thousands of Mexicans to be brought across the Rio Grande river and voted against prohibition. He urges that every pro go to the polls on May 24 and vote. Over confidence may lose the election.

Danish Citizen Buys Land Here

The News has just added a new subscriber whose address is Copenhagen, Denmark. He is T. H. Anderson, and until last year he lived in Moscow, Russia; but the unrest in that country made it unsafe. He and his wife were here a year or so ago visiting her sister, Mrs. J. A. Testman, and he bought a quarter-section of Hale county land; recently he bought another quarter section here. Mrs. Anderson is quite well known to the people of Plainview, having spent quite a while here.

Increased Acreage to Crops

There has been thousands of acres of sod land broken the past winter and spring in Hale county and thousands more will be broken the next few weeks, and put into cultivation. Much of the land already broken will be planted in maize, kaffir and feterita. That a tremendous yield of these row crops will be made this year is assured, and they will bring two or three million dollars into the county.

Verily, prosperity has come to the Plainview country and the short years will be forgotten.

Health Survey of State

Austin, May 7.—The health survey of the state which was provided for in a \$12,000 appropriation made by the last legislature, began in Wharton county this week. This survey will be conducted by making house to house canvasses in small representative sections of the state, and conditions found in each will be used as an index to determine health conditions of the entire state.

20,000 Text-Books Required

It is estimated that fully 20,000 text-books will be required to furnish the school children of Hale county next winter under the free text-book law. There are nearly 3,000 school children in the county and it is believed the above number will be required. County Superintendent Chas. Clements will make out a requisition for the books.

Elected Wayland Faculty

The board of trustees of Wayland college are in session here today, selecting teachers for the next term of school. E. B. Atwood, newly elected president, is here from Albuquerque, and the outside members of the board are Reva. Tubbs of Floydada and Balch of Matador.

Educational Secretary Here

Rev. T. V. Neal, secretary of the Baptist state educational board, was here yesterday conferring with the trustees of Wayland college relative to the state board taking over the indebtedness of the college, which was agreed to recently.

Hardware Men to Meet Monday

Several Plainview hardware men will attend the annual convention of the Panhandle Hardware Men's association, which will be held in Amarillo Monday.

Accepts Principal Lamar School

Prof. A. G. Harrison has accepted the principalship of Laram school for the coming year.

PEACE TREATY GIVEN TO GERMANS WEDNESDAY

GERMANY REDUCED TO MILITARY IMPOTENCE, COLONIES GONE, FRENCH ON RHINE

The treaty of peace between the 27 allied and associated powers on the one hand and Germany on the other, was handed to the German plenipotentiaries at Versailles Wednesday.

It is the longest treaty ever drawn. It totals about 80,000 words divided into fifteen main sections and represents the combined product of over a thousand experts working continually through a series of commissions for the three and a half months since January 18, the treaty printed in parallel pages of English and French which are recognized as having equal validity. It does not deal with questions affecting Austria, Bulgaria and Turkey except insofar as binding Germany to accept any agreement reached with those former allies.

Following the preamble and deposition of powers comes the covenant of the League of Nations at the first section of the treaty.

The main points in the Peace treaty follow:

Alsace and Lorraine go to France. All the bridges over the Rhine on their borders are to be in French control.

The port of Danzig is permanently internationalized and most of upper Silesia is ceded to Poland, whose independence Germany recognizes. Poland also receives the province of Posen and that portion of the province of west Prussia west of the Vistula.

Canyon Citizen Kills Self

Canyon, May 7.—Ewell Brown, aged 42, and a well-known barber of this city, shot and instantly killed himself this afternoon while out hunting. It is thought the act was committed in a fit of grief over the loss of a son in the army recently. Brown had shown signs of much grief over this and the death of a brother here several months ago. Brown shot himself with an automatic shot gun, the discharge taking effect in his head.

Brown leaves a wife and six children. He has been employed at one of the local barber shops for several years.

Increased Acreage to Crops

There has been thousands of acres of sod land broken the past winter and spring in Hale county and thousands more will be broken the next few weeks, and put into cultivation. Much of the land already broken will be planted in maize, kaffir and feterita. That a tremendous yield of these row crops will be made this year is assured, and they will bring two or three million dollars into the county.

Verily, prosperity has come to the Plainview country and the short years will be forgotten.

Health Survey of State

Austin, May 7.—The health survey of the state which was provided for in a \$12,000 appropriation made by the last legislature, began in Wharton county this week. This survey will be conducted by making house to house canvasses in small representative sections of the state, and conditions found in each will be used as an index to determine health conditions of the entire state.

20,000 Text-Books Required

It is estimated that fully 20,000 text-books will be required to furnish the school children of Hale county next winter under the free text-book law. There are nearly 3,000 school children in the county and it is believed the above number will be required. County Superintendent Chas. Clements will make out a requisition for the books.

Cut weeds and swat flies.

Italy sent her delegates back to the peace council. It seems that the "fine Italian hand" failed to feaze Uncle Woodrow.

May 15th. Pay day. Second Liberty loan. Celebrate by taking your interest coupons to the postoffice and exchange them for Thrift or War Savings stamps.

Of course the "eleventh hour" has already struck, but you still have time to buy a Victory bond, as campaign does not close until tonight. Better hurry.

The aviators who are preparing to fly from New York to London are having as hard a time getting started as we are having in getting that million dollars from our investments down in the oil region.

It is announced that the American army will now be brought home from Europe in the near future. We hope so. Germany and the other central powers are down and out, and impotent to do any harm, so every American soldier should be hurried home. We should get just as far away from the old world, with its racial and religious hatreds, selfishness, ignorance and cussedness as possible.

The Clarendon News has the questionable distinction of being one of the very few newspapers in the state that is opposed to woman's suffrage. The Clarendon contemporary clings to the old fallowid theory that to vote will destroy the self-respect of women and militate against her home work. Why should voting destroy the self-respect of woman any more than any of the business and commercial pursuits she is engaged in?

Prosperity is coming to the Plains on the back of big crops this year. A conservative business man of the town estimates that three-fourths of the farmers in the county will be able this year to pay all their indebtedness and have a surplus of money. Only those who owe a big lot on their lands or have had misfortune of some kind will be unable to pay out. That means prosperity for everybody, for in this country prosperity depends on the farmer.

Technically and theoretically speaking, socialism and anarchy are exactly the opposite—in fact the two extremes of government. Socialism believes in no law; anarchy believes in no law. Yet, a socialist can become an anarchist in the twinkling of the eye. This was evidenced by the rioting in Cleveland, Ohio, May Day, when one man was killed and many policemen and others were wounded. Of course, the majority of the socialists we have down here in Texas are really good lawabiding citizens, but their brethren in the thickly congested districts of the East, North and West are mostly foreigners, who have never become imbued with Americanism, and are really at heart bolsheviks. In America there is no excuse for revolutionary propaganda. The ballot box is where all governmental questions can and should be settled.

In Argentine Republic the farmers are receiving only 15c a bushel for their corn. In the United States corn is selling at \$1.62 on the Chicago market, and in Europe the price is likely higher. The matter of distribution of products is fully as essential as the production. The reason the farmers of the South are planning to reduce this year's acreage of cotton is because the government has curtailed the cotton market, and continues the embargo of cotton, refusing to allow cotton to be shipped to the nations of Europe, where the cotton factories are standing idle waiting for supplies of cotton in order to set to work, to give employment to idle labor and make clothing for almost naked people. While militaryism may demand that cotton be withheld from Europe, it is hard to make a Southern cotton grower see it that way—and darned if we do, either. The shadow that falls across the peace table is bolshevism—and it is a cinch that one way to minimize this Russian disease that has spread into other countries, is to give the people employment. Turn cotton loose—in the name of humanity to the world and fairness to the cotton growers.

It is said that the average rural school teachers' salary in Texas is \$410 a year; the average city teacher's salary is \$695 a year. Texas spends \$19 a year on the education of a country school child and \$49 a year on that of a city school child. Texas spends annually \$125 per child for buildings and equipment in city schools and only \$25 a year per child in rural districts. There are 6,000 "one-teacher" school houses in Texas. Hale county has the reputation of being the banner rural school county in Texas. The people in Hale county rural school districts believe in education. They are voting special taxes for school purposes and are building brick buildings and properly equipping them. Education is the thing that makes a country great.

NOT THE BANKS' BUSINESS

Here in Plainview this week we have heard the statement anent the Victory loan, "Why shouldn't the banks of the country be made to take the whole amount?"

The banks could subscribe triple and four times the total amount of \$4,500,000,000 in about ten minutes. But it would not be to the best advantage of the American people—your advantage and my advantage—to have them do that.

Subscriptions to that amount by the banks would mean the tying up of \$4,500,000,000 in ready money—money that could and ought to be used to much better purpose in the form of loans and investments for the promotion of industries.

Help your country to reorganize its industrial life after the war by doing your share, and your share, to keep the money available for the needs of industry.

If you don't wish to subscribe to the Victory loan from patriotic motives, then subscribe to it from selfish motives.

The more rapid and the more complete the revival and expansion of peace industries, the better off you will be, no matter what your occupation or your walk in life.

Subscribe primarily because it is a high privilege for every American citizen to help win the war by making the last payment of its cost in money—surely the least self-sacrificing part you can take in the great work which your country is doing for humanity.

But, if, because of some inexplicable shortness of vision, that point of view does not appeal to you, then subscribe from the less exalted motive of an intelligent realization of your own best interests.

The success of the Victory Loan is your business and mine—and not the business of the banks.

No matter what the optimists say, it is never going to be possible to make satisfactory whisky over the kitchen with a teakettle and a coil of copper pipe. Besides, few wives will stand for messing up their kitchen with any such stuff.

Director General Hines reports that the railroad deficit for the past three months is \$192,000,000, from operation by the government. Government operation is surely proving a failure—greatly increased freight rates, bad service and heavy deficits which the tax payers must pay. The government should waste no time in turning the roads back to their owners.

Oklahoma, by a vote of two to one, Tuesday defeated the proposition that the state issue fifty million dollars worth of road bonds. That is exactly what is oing to happen to the seventy-five million dollar road bond proposition that is to be voted on in Texas next November, for it hasn't as much chance to win as a singed tom-cat with its claws clipped would stand in hades.

A statue of Gov. Lawrence Sullivan Ross was unveiled on the A. & M. college grounds at College Station Monday. The parents of the editor of the News and Gov. Ross resided in Waco together in their younger days, when that was an Indian village. Ross was a brave Indian fighter, Confederate soldier, a statesman and an educator. There was never a more lovable man or one whose life was a greater inspiration to the youth of the state.

Milk producers of Milwaukee are preparing for a greatly increased business after July 1 on the theory that the ice cream cone and butter milk will in a large measure substitute for beer and other alcoholic drinks. This condition obtained in Detroit and other cities adopting prohibition. Consumption of milk increased about 25 per cent in Detroit and ice cream dealers reported an increase of 37 per cent in sales in the year of prohibition. A milk toper never lands in the ditch. He never cultivates the acquaintance of a police judge.

An index to the patriotism of the brewers and the "personal liberty" crowd, is shown by the wide distribution of lapel buttons in some of the Northern states with "No Beer, No Bonds" on them. The fellow who drinks very much beer is as a rule unable to buy government bonds.

ELECTION MAY 24TH

An election will be held in Texas May 24th to vote on four proposed constitutional amendments.

One is far statewide prohibition. At present Texas has no saloons; they were closed by statutory state prohibition. The court of criminal appeals has held it unconstitutional; the supreme court has never passed upon the question, but the attorney general is keeping the saloons closed through injunctions, which may be knocked out any time the supreme court passes on the matter. Hence, some day the people in districts that are not under local option or within the military zones may wake up and find saloons again doing business on their streets. The nationwide war prohibition law will become effective July 1st and the national prohibitory amendment will become effective January, but the liquor interests will contest the constitutionality of these measures and possibly knock them out, though it is only a 100 to 1 shot that they will do so. Hence, it is up to Texas in order to play safe to write prohibition in her constitution, and thus settle the matter for this state for all time. Pros should not be over-confident. Let every one go to the polls and vote.

Woman's suffrage is to be voted upon. Texas has a law allowing the women to vote in party primary elections. They have just as much right to vote as have men. When men say that it will wreck and ruin the country to allow their mothers, wives, sisters and daughters to vote they have a screw loose in their brainery. Wherever women vote the saloons and all bad institutions soon close up; women and children are better cared for; educational interests are bettered.

Another amendment is that proposing for the state to assist heads of families to buy farms, by extending credit providing that same be paid back in thirty years at a low rate of interest. This is a good measure and should be adopted. The state's interests are safeguarded and it will help families to own their own farm homes, and anything that encourages this is worth while.

The fourth proposed amendment seeks to increase the governor's salary from \$4,000 to \$10,000 a year. The governor of a great state should receive such salary, but when men spend from \$35,000 to \$100,000 in campaign expenses to be elected to the office, as did Ferguson five years ago and Hobby last year, the salary is a mere bagatelle, and is not the chief consideration. Under our election laws it is impossible for a man to make an active campaign for governor without spending a considerable fortune. To send out a circular letter under 1c postage to each voter in the state costs \$10,000 for the stamps alone, besides the paper and printing bills. Until the election laws of the state are changed so that a poor man may become governor, we see no reason why the salary should be raised from what it is now.

Secretary of Navy Daniels wants to sink the German fleet. The peace conference has declared other wise. It will distribute the war ships among the allies. Great Britain will receive eleven ships and thus its naval supremacy become grater and more menacing to the world. France will get nine, Italy five, and Japan five. America refused to become a party in the plan or share in the distribution. America is the only unselfish nation in the world, it seems. All the other allies are selfish, grasping and are trying to get all they can out of the war. Uncle Sam spent sixteen billion dollars outright and loaned ten billion more to the allies, sent two million soldiers, food and supplies, in order to save England, France, Italy and other allies from being whipped by the central powers. Uncle Sam saved the world, but he hardly gets a "thank you" from the measley bunch whose bacon he saved. America has ever fought for liberty and democracy. America has ever fought for humanity and righteousness. America has never fought for selfish reasons or to wrest territory from other countries or to dominate and lord it over weaker nations. America is not out for loot.

Representative Barry Miller of Dallas predicts that his county will be the banner county of the state in the majorities rolled up for constitutional prohibition and woman's suffrage. He expressed the opinion that most of the soldiers will vote for prohibition and that 95 per cent of them will vote for woman's suffrage.

OIL AND GAS LEASE BLANKS for sale at the News Office.

The women of this federal reserve banking district are taking an active part in the sale of Victory bonds. They have sold many million dollars' worth of bonds. A local citizen said yesterday, "I didn't think I was able to buy a bond, but they sent a woman to solicit my subscription, and I subscribed." Women have had a leading part in all patriotic activities during the war. Women should be allowed to vote. Texas will write woman's suffrage in her constitution May 24.

A POLITICAL CONSPIRACY

Take it from us: the liquor interests and Ferguson element are at the bottom of this "hew and cry" about letting the returned soldiers vote.

Of course practically every person in Texas wants the returned soldiers to vote, without payment of the poll tax this year, if possible, but the fact remains that comparatively few of these boys would have likely paid their poll tax if they had been in the state at taxpaying time, and fewer would have voted in the coming constitutional amendment election.

The liquor interests and Ferguson element brought the matter forward for the purpose of creating political trouble, and through sheer cussedness (of which latter quality they are chock full.)

They have put the taxpayers of the state to a great expense to hold the extraordinary session of the legislature, and likely as soon as prohibition and woman's suffrage is carried they will attack the validity of the election alleging that permitting the returned soldiers to vote without a poll tax was unconstitutional.

It will be a happy day in Texas when the liquor and vicious political elements will be completely eradicated, for they have been a curse to the state for decades.

John N. Garner has been in congress for more than twenty years. He represents the district in Southwest Texas bordering on the Rio Grande. He usually calls a spade a spade. He has observed with alarm the propaganda of the Bolsheviki and other anarchists of the United States, who pull off red flag parades and preach revolution, death and destruction. He declares this country must eradicate these anarchists. He says "I am not a stickler for the particular method of getting rid of such people, only I would be in favor of having it well and effectively accomplished." Garner is correct. The red flag and Old Glory cannot exist in the same land; one is the opposite of the other. One is for anarchy and chaos; the other for order, democracy, prosperity, happiness. The Bolsheviki and anarchists are as full of devilish meanness as an East Texas tick is of blood. They are criminally insane, and should be dealt with as such. Whenever a person is caught preaching Bolshevism and anarchy there should be some law under which he should be arrested and put in an asylum, where experts should under all modern methods give him treatment for insanity. Of course it would mean the enlarging of the insane asylums and cost a lot of money, but it would pay in the end. Aliens, of course, should be returned at once to the country from which they came.

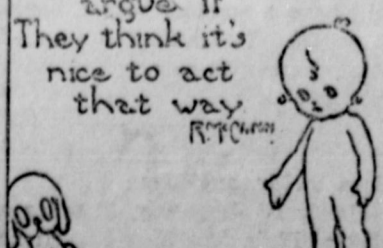

Things have seemed dull this week with the bunch on the corner. It is too much like work for some of the members to walk through mud to get to town.

At the dinner at the Ware Hotel Saturday evening to Congressman Jones he said to those of us close about him that he favors scattering the big war debt over about forty years on a sinking fund basis similar to the way ordinary public bonds are provided for. He argues this plan will reduce the tax rate and give business a chance to take advantage of the great opportunities it has to capture and dominate the commerce of the world, and popularize American products. He wants the highest standard trade mark to be "Made in U. S. A." The plan seems to be a good one.

The Catholic church has at last canonized Joan of Arc as an official saint. She delivered France from

THE CHEERFUL CHERUB

I gave some burglars
all my pay
Who held me up the
other day—
I wouldn't stoop to
argue if
They think it's
nice to act
that way

Premier Concert Artists

Nine Musical Artists of highest rank, organized under the personal supervision of Chas. F. Horner, will appear both afternoon and evening of the last day of the Chautauqua.

This Company consists of six splendid soloists, supported by Piano, Flute, and Violin. The Program will be given in English.

Elaborate stage equipment accompanies these artists.

C. E. White Seed Co. Plainview, Texas

Elder A. O. Colley of Dallas, will begin a series of Gospel meetings at the Church of Christ in Plainview, the first Sunday in June, at 11 a. m. We cordially invite everybody to come and hear Brother Colley. He is one of Dallas' best preachers. He is a fine speaker, and his kind and simple way of presenting the truth is always appreciated by his audience.

J. G. Hufstедler of Amarillo, will have charge of the song service, he is one of the best leaders, and is well known here. He asks that his friends attend this meeting and help in the song service. The members of the church are in full harmony, all ready and anxious for the meeting. Will you come and be with us?

The British several centuries ago, and was burned as a witch. Intolerance, prejudice, bigotry and ignorance ruled the world in those times. These four qualities play a goodly part in directing the affairs of the world in these blazing days of the twentieth century. Sometimes one is almost prone to believe that civilization is but skin deep. While civilization is progressing slowly, it is on the upward grade and is mounting higher all the time. The world is better today than it ever was before. It will be better tomorrow than it is today.

Congressman Marvia Jones delivered an address before the lower house of the Texas Legislature Tuesday.

Bread In Sanitary Packages

We have just installed additional modern Bakery machinery, including an electric machine which wraps each loaf of bread in wax paper in a sanitary package, thus keeping it fresh, wholesome and free from all dust, germs, etc.

Housekeepers in ordering bread from grocers or butchers will please insist on having City Bakery bread--the bakery that wraps its bread in sanitary packages.

We also sell all kinds of bakery products---fancy cakes, cookies, pies, etc. Special orders are solicited. Phone us your wants.

HAS SHIPPED PORKERS FOR SIXTY ODD YEARS

This Hog King Totals 15,000 in Year's Movement of Service From Texas Ranch

The "hog king" of Texas, W. A. Watson, paid the Wichita yards a visit yesterday, and brought in several loads of cattle and porkers for the market. Mr. Watson, who lives in Hale county, ships out probably more hogs than any other main in the Lone Star state. His movement of hogs total about 15,000 a year.

It is sixty years and more since Mr. Watson began raising hogs. He was reminiscing about it while he was here.

"I began shipping before Swift became a packer," he said. "I can remember when the Chicago stock yards were new, built on piers to raise them above the level of the mud flats where the water frequently rose when there were heavy rains. All that has been filled in now, but at that time there were nothing but mud flats covered with piles of mud dug up by the craw fish, in the same places where now there are fine buildings."

Mr. Watson is optimistic over the prospects in his country.

"We have the finest part of Texas,"

he says. "Our crops never looked better."—Wichita Daily Stockman, May 6.

REAL ESTATE TRANSFERS

HALE COUNTY NEWS

BELLVIEW

May 4.—Most of the farmers are busy planting this week.

Misses Mary and Viola Denton spent Sunday with Mr. and Mrs. G. W. Yancey and family.

Mr. and Mrs. J. F. Jackson, Mr. and Mrs. Geo. Schick and family, Mrs. Joe Courtney and Miss Cora Wright were visiting Mr. and Mrs. Vernon Wright Sunday.

Misses Ruth and Bonnie Franklin were visiting Lillie Mae Cooper Saturday.

Our Sunday school is improving every Sunday. Next Sunday will be Mothers' day and all mothers are invited to be present.

Miss Lillie Mae Cooper is visiting Vida Mayben at Irick.

Several of the Bellview people attended preaching at Irick Sunday night.

Misses Edith, Ethel, Myrle and Frankie Smith, Mildred Collier, Hershel and Oliver Smith, Dewey Sparks and Hardin Jackson were calling at the Terrell home Sunday.

Mr. and Mrs. Sidney Franklin were transacting business in Plainview on Saturday.

Mrs. G. W. Yancy and Mrs. Walter Yancey, Jr., were visiting Mrs. Taylor Friday.

Tom, Alline, Kathryn and Laura Mae Terrell were visiting H. H. Tilson and family Saturday night.

Miss Hulda Borchardt is expected home soon from Plano, Texas, where she has been visiting.

Misses Leona Yancey and Pauline Keniston spent Thursday night with Bonnie Franklin.

Mr. and Mrs. Taylor, Mr. and Mrs. Walter Yancey, Jr., Myron and Leona Yancey, Mrs. E. E. Smith and daughters, Nell and Ora Lee, Tom, Kay, Alline, Kathryn and Laura Mae Terrell attended the box supper at Happy Union Saturday night.

Maurice Keniston and Clarence Johnson were visiting Terry Mayben Thursday night.

Fay Yancey and Bill Dodson arrived home Saturday from Amarillo.

Clarence Johnson and Kay Terrell were visiting the Irick school Friday.

The Bellview basket ball girls are going to play the Irick girls in a match game Friday.

Mr. and Mrs. Jim Shelton were visiting Mrs. Shelton's parents, Mr. and Mrs. J. D. Johnson Sunday.

George Blanton was visiting Clarence Johnson Sunday.

Bellview will have a pie supper Saturday night, May 10, for the purpose of raising money to pay for the piano. There will be a cake for the most popular girl, also a guess pie and a short program. Everyone is invited to come and bring a pie.

Mrs. Joe Courtney visited Mrs. Geo. Schick Friday evening.

PETERSBURG

May 4.—We are glad to report everything looking fine since the rain and hail. No damage to speak of resulted from the hail.

The new trustees for our independent school district are M. J. Gregory, A. O. Gregory, A. V. McCarty, H. A. Roberson, Mr. Montgomery at Petersburg, and Messrs. Upton and Luthrell for the north school.

Mrs. Mahagan died at her home northwest of town last Monday night. She had pneumonia and heart trouble. She was buried Tuesday at Lakeview cemetery.

Miss Constance Irason of Abernathy is visiting in the M. J. Gregory home.

The Needlecraft club met with Mrs. Knox Dendy Friday afternoon. The president, Mrs. C. A. Joiner, presided. Seventeen members were present, and five visitors. The ladies decided to meet at the cemetery Friday, May 9th, and clean up and prepare to plant a hedge. After all business was disposed of the hostess, assisted by Mrs. Matt Gregory and Miss Lillie Dendy, served refreshments.

Some of our young people attended the closing exercises of the Estacado school Friday night.

Miss Mattie Gregory is at home now, after a successful school term at Bledsoe.

Miss Gladys Hardin of Plainview is visiting here now.

Estes Martin of Clovis, N. M., was shaking hands with relatives and friends here Sunday.

Mrs. J. B. Garten has returned from a pleasant visit to Mrs. W. E. Bledsoe on the Bledsoe ranch.

A little son of Rev. Charlie Watkins is very ill with pneumonia.

Chas. Jay is in Amarillo this week on business. Miss Bessie Garten has taken his place in the store.

ANCHOR

May 6.—This community has received about four inches of rain in the past three weeks, which the farmers are taking advantage of and planting their row crops.

Art Stewart and three children of Kansas are visiting with his sister,

Mrs. W. O. Ball. W. O. Ball, wife, brother and sister visited in Abernathy Sunday.

Frank Simonton and wife were in Hale Center Sunday.

Mrs. M. H. Barrington is on the sick list this week.

Quite a crowd of Anchorites took in the airplane flight in Hale Center last Monday.

Mrs. S. E. Leckliter is spending the week with her daughter, Mrs. VOLLIE Fort at Center Plains.

Several of the young people of Anchor took in the play at Abernathy last Wednesday night and report a good play.

WESTSIDE

May 5.—The hail storm here on Thursday night did considerable damage to the wheat and other small grains.

Rev. G. I. Britain preached here Saturday night.

Singing was enjoyed at the home of R. R. Clark Sunday night.

Sunday school was well attended Sunday.

Misses Almira and Nannie McComas and Messrs. J. W. and Willard Dye from the Halway community, attended preaching here Saturday night.

Quite a number of people from this community attended the program at Halfway Wednesday night.

The Red Cross met with Mrs. John Chilton Wednesday. The following sewers were present: Mrs. Ira Hamner, supervisor; Mrs. M. C. Cornelius, Mrs. D. H. Spence, Mrs. I. A. Trobaugh, Mrs. C. O. Surratt and Misses Pauline Rueter and Bessie Branson.

Messrs. Hubert Douthit and Willie Cornelius attended the dance at the home of Tom Bostick Friday night.

M. C. Cornelius attended preaching at Olton Sunday morning.

Mrs. R. R. Clark spent several days last week visiting in Plainview.

Garth Clark returned home Sunday, after spending several months in Gregg county.

Miss Marie Rueter returned home Saturday from Spring Lake, where she spent the past week.

F. F. Wofford attended Sunday school here Sunday.

Mr. and Mrs. D. H. Spence and daughters, Misses Myrtle and Martha are shopping in Plainview today.

Misses Neta and Naomi Hooper and Lawrence Pendley of Mayfield visited in the home of D. W. Hooper Saturday night and Sunday.

PLAINVIEW

May 5.—Rain! Rain! Rain! We are surely having our part this spring. The farmers are getting behind with their planting, and the weeds, oh my! they are about to take possession.

Wheat is looking fine, with some beginning to head and is promising a large yield.

Several from this community attended the basket ball game at Providence Friday afternoon and pronounced each team good players.

W. G. Williams, chairman of the Victory Liberty loan, for this community, informs us that almost every one in the district has bought bonds and says that we will go "over the top" by several hundred dollars. Our quota is \$3,750.00.

Miss Beulah Shelton of Plainview spent the week end at home with her parents, Mr. and Mrs. T. J. Shelton.

Rev. A. B. Roberts filled his regular appointment here last Sunday morning. A basket dinner was served, and there was preaching again in the afternoon. Among those to attend preaching from other communities were Mr. and Mrs. J. H. Real of Whitfield, Mr. and Mrs. Geo. Whitfield and family from Meteor, and quite a number from Liberty.

W. G. Williams and son, J. C., made a trip to Castro county Monday to look after their ranch which they own.

Mrs. Minnie Williams of Plainview spent Saturday night and Sunday with her mother, Mrs. M. L. Lemaster.

Sunday afternoon the people of the community met at the school house and re-organized the singing class with the following officers elected: Clay Williams, president; Frank Hudgins, vice president; Mrs. Robert Hall, secretary; Mrs. Earl Raper, organist. The class will meet for practice each first and third Sunday afternoons at 3 o'clock. We extend a hearty welcome to any and all that would like to come out and enjoy an hour's singing with us.

There will be a short Mothers' Day program next Sunday, just after Sunday school.

The young people enjoyed a singing at the home of Mr. and Mrs. Frank Hudgins Sunday night.

May 7.—Well, we are getting about ready to "holler" calf-ropes about the rain. Tuesday night brought us about 2 1-2 inches more, which in our judgment was not really needed.

HALFWAY

May 7.—The Plains are getting to be somewhat like East Texas for it rains! rains! every other night, and looks as if it might rain some more.

The young folks gave Miss Terry a surprise party at the home of W.

M. Henderson Monday night. The school children rendered a nice program at the ending of their school. The play was very good, the name being "Vera's Vacation." The players knew their parts well, which helped a great deal. Several from other communities attended it.

There were two base ball games last Thursday evening. The junior boys played Mayfield junior boys, and the Halfway senior boys played the Runningwater senior boys, the scores being in favor of Mayfield juniors and Halfway seniors.

Mrs. Nine McComas attended the Woman's Federation meeting at Stamford. She reports a nice time.

Several from this community attended the sale at Mr. Dyer's place Tuesday.

Misses Almira and Nannie McComas, J. W. and Willard Dye attended church at Westside Saturday night.

Misses Sadie and Bernice Miller entertained several of their friends at their home Sunday.

The weather being so bad there was not anyone at the party at Mr. and Mrs. Boon's Friday night.

The building committee is perfecting the plans and getting everything ready to commence work on the new church just as soon as they get the deed to the land and the roads will permit hauling loads over them.

RUNNINGWATER

May 7.—As I haven't seen any news from our little burg in quite a while will proceed to give a few of the latest happenings.

Farmers are very busy trying to get their planting done, though it is very wet to plow.

A part of our neighborhood was visited by a very destructive hail on Thursday night. Gardens were ruined, wheat damaged and turkeys and chickens killed.

E. B. Morton has sold his beautiful country home to Mr. Cumbest, from Grayson county. They moved in last week. Mr. Morton's family have moved in one of the houses on Dr. L. C. Wayland's farm, temporarily. We hope they will decide to remain in our neighborhood as we would miss them very much.

Guy Morton's family will move this week to the John Dyer farm.

Cecile Morton visited Coila Eakin Sunday.

Jim Dear visited home folks near Kress Sunday.

We will have a special program Mothers' day at the church in the afternoon. Everybody is invited.

We appreciate the efforts the News makes to get the papers to rural subscribers on [Saturday]. Farmers are busy folks and if they don't get their county paper so they can read it on Sunday they don't usually read it much. We enjoy all the paper, but especially the editorials and newsy letters from the rural communities.

PARLETT'S LECTURES HAVE STRONG APPEAL

Famous Lecturer Has Spoken in Nearly Every State in the Union to Thousands

Ralph Parlette's two big lectures are the "University of Hard Knocks" and the "Big Business of Living." Ralph Parlette is a man worth knowing. Every time he touches your life he does you good. He is a man worth hearing, because his talks are interesting and have a constructive influence with all listeners. His lectures are printed and bought and read by thousands of people, because they are worth buying and reading.

The Lyceum Magazine, of which Parlette is editor, reflects his personality to a large extent. The influence which he has exerted through this publication has had an important influence in keeping the Chautauqua and Lyceum up to a high standard. Parlette goes back to many communities year after year. He can always repeat.

His lectures always impress people with the fact that they are responsible for their successes and failures. Parlette says that people shake up or rattle down in this world, largely because of their own actions. He says that the big people do not stay down and the little folks do not stay at the top and that we all eventually adjust ourselves to the places we should occupy.

Parlette impresses his hearers with the fact that if they wish to go to the top they should prepare themselves for bigger places and they can get them. His lectures are interesting because they thrill with that human interest so appealing to every conversation. He is one of the biggest lecturers in America today and has achieved his prominence largely through his faithfulness to his philosophy of life. Parlette's lectures are humorous. An hour spent hearing him means many hours of happy reflections.

G. F. Fornway sold two pigs the other day in Plainview for \$53.10. They weighed 295 pounds each and he received 18c a pound from a local buyer.

BUY YOUR REPAIRS NOW

On account of the heavy wheat crop that will be raised in the United States this year, and the consequent heavy demand for all harvesting tools; it is going to be very hard, later, to get prompt shipment of repairs. We urge that you go over your binders, headers, mowers and rakes, making a list of all parts needed to put them in first class condition and get them AT ONCE. Don't wait until the rush starts and then expect to get the repairs you want without delay.

Donohoo-Ware Hardware Co.

Mrs. Lottie M. Bowen Marries
Mrs. Lottie M. Bowen, who lived in Plainview several years ago, and who has many friends here, was married April 16 at St. Joseph, Mo., to Mr. H. I. Emmitt, a successful hardware merchant and farmer of Conway, Iowa, where they will make their home. She moved from Plainview to Canyon and last year to Clearfield, Iowa.

Elks to Have Open House
The Elks will hold an open house for members of the order and their families Wednesday, May 28th.

G. C. Keck, J. J. Bromley and Mason Dillingham have been appointed as a special committee to assist the regular social committee.

Lubbock-Tulsa Couple Marries Here
Miss Ruth Shively of Tulsa, Okla., and Mr. A. S. Harper of Lubbock were married in Plainview Tuesday of last week. By appointment they met here, went to the Methodist parsonage, where Dr. E. E. Robinson performed the ceremony. They went to Lubbock to make their home.

Children's Party
Jane Miller was hostess to a number of little friends at the home of her parents, Mr. and Mrs. E. B. Miller, Tuesday afternoon. The children had a jolly good time playing, after which refreshments were served.

Valedictorian and Salutatorian
Miss Mary Diggs is valedictorian and Miss Fannie Goode, salutatorian of this year's graduating class of Plainview high school.

Box Supper Nets \$195
At Happy Union School
A very successful box supper was held Saturday night at Happy Union school house, south of Plainview. The sum of \$195 was realized from the auctioning of boxes, T. J. Vines being the auctioneer, and he did his work well. The funds will be used toward buying a piano and seating the school auditorium. A very interesting school program was also rendered.

Were Married in Amarillo
Mr. Ernest J. Hebert and Miss Aletha Freeman were married in Amarillo last Friday, at the court house. She is the daughter of Mr. and Mrs. M. Freeman, former residents of Plainview, but now living in Hobart, Okla. She has been an operator in the telephone exchange here. He is connected with the Quick Service auto station.

Hale County Chapter American Red Cross
The following telegram expresses the stand taken by the Hale county chapter in regard to the recent meeting for War Veterans held in San Antonio.

St. Louis, Mo., April 16, 1919
Mrs. Tom Carter, Chairman A. R. C. Plainview, Texas.

Thanks for your letter of March 14, enclosing Adjutant General's call for meeting and newspaper clippings. You are especially instructed in view of fact that this office is not now officially aware of this meeting and that attendance at this meeting would tend to bind the Red Cross to principles and purposes over which the Red Cross itself would have no control. It is not desirable for you to send delegates to San Antonio meeting.
ALFRED FAIRBANKS.

Another letter received from headquarters follows:

St. Louis, Mo., May, 1919.
My dear Mrs. Nichols:
I am in receipt of your letter of April 25 giving a complete report of the work done by the Hale county juniors.

We are very proud of your juniors and hope that you will express our appreciation to them and to your co-workers in the Junior Red Cross who have made their achievement possible.

Cordially yours,
MRS. LAURA C. KROEGER,
Director, Junior Membership.
Mrs. Nichols who is chairman of the Hale county juniors had sent in the following final report for the year 1918:

23 schools organized.
2,200 pupils in schools.
\$1,542.56 collected.
3810 garments made.
Mrs. Nichols asks that all junior auxiliaries send money on hand to the secretary of Hale county chapter as all funds are now consolidated and sent on to the Division Headquarters at St. Louis.

Mrs. Nichols also wishes to express her thanks to the mothers of the juniors for the kindly work they gave in the work.

Regarding the work now being done by the branches and auxiliaries it must be understood that all work must be finished by May 15. All left

over work must also be finished and all materials brought in by that date. The chapter is responsible for all materials and work and it is only through the help of the branches and auxiliaries that this responsibility can be met. They have been faithful in the past, we know they will be in the present.

The pupils of Prof. R. M. Crabb will give a piano and violin recital in Wayland College auditorium, Saturday evening, May 17th, at 8 o'clock.

On Monday evening, May 12th at the high school auditorium, beginning at 8 o'clock, the intermediate pupils of Mrs. Eva L. Barnes and Miss Richbourg will give a joint music and expression recital. All are cordially invited.

Two Thousand Dollars An Hour Must Be Raised Tomorrow

In Order to Complete Hale County's Quota

That is a big job, but the people of the county can and must do it. It is a Patriotic Duty, and Hale county people are patriots. It would be a reflection on every man, woman and child in Plainview and Hale county to "fall down" on the Victory Liberty Loan quota.

If everyone will do something—take one or more bonds—the task will be accomplished. If you "fall down" on your part you should not expect your neighbor to do his and your's, too—maybe he is doing all he can, anyway.

So lets everyone put his shoulder to the wheel for the next few hours and "go over the top."

A GREAT OPPORTUNITY
I have a ranch of 2177 acres, located in the northwest corner of Martin county, that I want to trade for land in this section, irrigated or unimproved. Will also take as much as five or six thousand dollars stock of merchandise as part payment. There is also 255 head of good white face cows, besides the young calves. Now is your opportunity to get a ranch. See me.—I. M. Bailey, Hale Center.

MONEY

Plainview Needs New Homes

Material and labor are as low priced as they are going to be, with every prospect of further advances.

Build Now

We will lend you the money. Easy terms, the best options in Texas and money ready the day title is complete.

Terms

We will allow you one to ten years time. Option to pay off as many notes each year as you are able. No such terms have ever been offered in Plainview. Get our plan at once. Its interesting.

If your present indebtedness on monthly payments is troublesome see our annual plan.

Buy Victory Liberty Bonds and Help Hale County Go "Over the Top"

ROUND ABOUT TOWN

Interesting Items Picked Up Here and There by the Editor of the News

The publicity for the Victory loan has been admirably handled this time at less cost than in most any of the previous loan campaigns. The head of the publicity committee is Mr. T. E. Richards, and he put the matter over. Nearly every business man in the town subscribed to a common publicity fund, and the cost was thus not burdensome to any particular firm or individual.

A "trained animal" tented show exhibited here Wednesday night. A large crowd was out despite the inclemency of the weather. The mud was deep about the tent, the show was sorry, and those who attended should be bored for the simple. The fact that the writer was among those on the front row of seats should not in the least mitigate the punishment.

Rev. J. W. Hunt is pastor of St. Paul's Methodist church in Abilene, possibly the largest Methodist congregation in the Northwest Texas conference. He is now campaigning in behalf of the Centenary Movement, in which Southern Methodism intends to raise thirty-five million dollars, as a part of a fund four times that amount which Methodism throughout the world is raising for mission and educational purposes. Rev. Mr. Hunt delivered a very impressive and eloquent discourse at the Methodist church in Plainview Sunday morning. It was indeed a gem of oratory.

Rev. Mr. Hunt is a Plains product. His youth was spent in the lower edge of Hale county, near Estacado, where he lived in a dugout, went to school in a half-dugout and later became a cowpuncher and lived in cow camps. He knows and loves the Plains and can weave poesies of rhetoric in telling of the magic and beauty of the wide sweep of the prairies. Later he became a preacher and was for a while pastor of the Methodist church in Plainview, when the town was small; (somebody has said that he was for a time editor of the Plainview News). He became a greater force in his church, served as pastor of larger churches, was president of Stamford College for several years, and is now a sure enough leader among his people. The people of Hale county have followed the rise of Mr. Hunt with pride. He is of the

kind of material of which bishops are made.

Already we hear complaints of "too much rain," "wish the rain would stop," etc. The editor of the News sprouted in West Texas; he grew to manhood in West Texas; for eight years he has been publishing this Great Moral Guide in Northwest Texas. He has seen lots more crops ruined by lack of rain than by too much rain. It may rain, and rain, and rain, until all the frogs are drowned and the oldest inhabitant is as web-footed as a duck—but you will never hear us chirp about "too much rain." Let 'er rain. Big crops always follow good rains.

FOR SALE—A snap—My home place in East Plainview, 2 1-2 acres land, two houses, one nine room, two story, other four rooms, out houses, windmill and other improvements, fruit trees. Terms.—J. W. Winn. 101-2f

PERSONAL MENTION

S. C. Ross has ben down in Burk Burnett oil fields this week.

W. C. Pope, deputy revenue collector, was here Tuesday and that night held a meeting with the business men of the town, and explained the working of the new luxuries tax law.

Mrs. George Sasser of Hereford has been here visiting Mrs. W. E. Anthony, but left this morning for her home.

J. F. Garrison came in this morning from Fort Worth, to spend a few days here attending to business matters.

C. V. Bryson left this morning for a trip to Comanche.

Mr. and Mrs. H. C. McIntyre expect to return home soon from Mineral Wells, where they have been since early fall.

Mrs. Hines, who has been here visiting her daughter, Mrs. Jake Burkett, left this morning for her home in Mountain Air, N. M.

Mr. and Mrs. W. C. Maione left this morning for Dallas.

D. B. Perkins and family have moved from Route B, to Littleton, a suburb of Denver, Colo.

M. Freeman and family have moved to Hobart, Okla., to make home.

Mrs. J. J. Bromley returned Thursday afternoon from a visit of several months with her brother in Phoenix, Arizona. Mr. Bromley met her in Lubbock.

D. W. McGlasson returned Thursday morning from a visit of two weeks in Waco. His daughter, Miss Ida, who visited relatives there for several months, returned with him.

Mrs. Steaver, who has been visiting I. A. Wubanks, left yesterday morning for her home in Dallas.

Mr. and Mrs. Walker Smith came down from Amarillo Monday to visit relatives.

Mrs. N. N. Bailey went to Tahoka the fore part of the week to visit relatives.

Mr. and Mrs. J. W. Patterson returned Wednesday from Cisco, where they have been for several months, while he has been attending to oil interests in that and the Jacksboro fields. His parents will arrive this week from Cisco to make this place their home, having traded their residence in Cisco to J. E. Penick for his home here.

Dr. C. V. Cannon recently returned from a stay since last fall in California, but has gone to Lovington, N. M., to visit a daughter.

Miss Anna Irick left this morning for Dallas, to be away for a few days.

Mrs. A. M. Choat of Houston came in this morning to visit her parents, Mr. and Mrs. A. H. Gifford, south of town.

Miss Alba Ray Smith of Tulia returned home this morning after visiting Miss Lula Goode.

Mrs. O. L. Allen and children left Wednesday morning for Brownfield, to visit her mother.

D. M. Garrison returned Tuesday from a stay of some time in Coleman.

W. B. Davis was here this week visiting his family on Runningwater. He is drilling a well down in the Wichita oil field.

Rev. J. P. Hardesty, pastor of the Silverton Baptist church, was here Thursday on business. He will leave Monday for Atlanta, Ga., to attend the Southern Baptist convention.

J. J. Roberts of Hale Center is attending to business in Amarillo. He went yesterday morning.

Rev. J. H. Bone and I. M. Bailey of Hale Center were here yesterday.

L. G. Wilson returned this morning from the Burk Burnett oil fields.

J. B. Nance left this morning for the Burk Burnett oil fields.

J. H. Reagan of Floydada was here yesterday.

H. B. Perkins of Dimmitt was in Plainview yesterday.

T. B. Duggan was up from Lubbock Wednesday.

John Hartwell and J. J. Wyeman of Bovina were here Wednesday.

Dr. and Mrs. C. C. Gidney are expected home tonight from New York and Washington.

Already we hear complaints of "too much rain," "wish the rain would stop," etc. The editor of the News sprouted in West Texas; he grew to manhood in West Texas; for eight years he has been publishing this Great Moral Guide in Northwest Texas. He has seen lots more crops ruined by lack of rain than by too much rain. It may rain, and rain, and rain, until all the frogs are drowned and the oldest inhabitant is as web-footed as a duck—but you will never hear us chirp about "too much rain." Let 'er rain. Big crops always follow good rains.

CHURCHES

Next Sunday "Mother's Day"

Next Sunday will be "Mother's Day," and most of the local churches and Sunday schools will observe the occasion in some way.

First Methodist Church

Sunday school at 9:45 a. m. High school baccalaureate sermon at 11 a. m.

8 p. m. Brother J. E. Swepston will speak. Splendid music for both services.

League at 7 p. m. A cordial welcome to all.

Epworth League

The Epworth League at the Methodist church Sunday afternoon at 7 o'clock will be led by Miss Ruth Neil. The meeting will be a special service for Mothers' Day, and there will be several interesting talks and special songs.

The mothers and fathers are urged to be present.

Program for Circle No. 4

The following program has been prepared for the meeting of Circle No. 4 of the Methodist Women at the church next Monday afternoon at 3 o'clock:

Echo meeting of the Woman's Missionary Council held at Memphis, Tenn.

Subject: "The New Challenge of Faith."

Hymn—"Ode For a Thousand Tongues to Sing."

Bible Lesson—Ps. 2:8.—Mrs. John Vaughn.

Prayer—That the greatest enthusiasm, most devoted service, a sacrificial giving may characterize the Eight day Centenary Drive.—Mrs. E. E. Robinson.

Extracts from the President's Message.—Mrs. Mathes.

Instrumental solo.—Mrs. T. B. Carter.

A titling talk.—Mrs. Mayhugh. Condensed report of Council officers and chart talk.—Mrs. H. A. Wofford.

Snap shots from the Council.—Mrs. S. J. Jackson.

Vocal solo—Miss Ada Clark. "What the Centenary Will Mean Five Years From Now."—Miss Pack.

Reading—Mary Pritchett. Hymn—"Rescue the Perishing."

Convocation of Episcopal Churchmen at Abilene

The ninth annual convocation of the Episcopal church in the district of North Texas, will meet this year in Abilene on May 11, 12 and 13.

This will be a very important meeting, for the world is upon the threshold of a new era, and the Episcopal church must do her part for the progress and well-being of society. There will come before this convocation, measures for the extension of the Gospel, the strengthening of Christian ideals, the promotion of Christian education and the advancement of social welfare.

The Right Reverend Clinton S. Quinn, of Houston, Bishop of Texas, will preach morning and evening on Sunday.

On Monday night a representative of the General Board of Missions will tell about the nation-wide campaign which the Episcopal church is inaugurating, which will enlist every organization in the church, with the material, intellectual, and spiritual resources of its membership, and which should result in stimulating the spiritual life not only of Episcopalians, but of all Christians.

The Woman's Auxiliary, which is the Woman's Missions Society of the Episcopal church, will hold its annual meeting on the days of Convocation.

Mrs. Clinton S. Quinn, of Houston, and Miss Minnie Taylor of Waco, will address the auxiliary on subjects of particular interest.

The Right Reverend Edward A. Temple, of Amarillo, Bishop of North Texas, will preside over the House of Convocation, and Mrs. E. G. Batjer, of Abilene, District President, will preside over the meetings of the Woman's Auxiliary.

REV. G. C. RAFTER, Secretary of Convocation.

The Presbyterian Ladies Aid will hold a market at Paxton & Oswald's store, Saturday, May 10th. Dressed chickens, cakes, pies, etc., will be on sale. 103-1t-c

Palms for Boy Scouts

Scoutmaster E. B. Miller has received twenty-one palms from the federal treasury department, to be awarded to the Boy Scouts, one palm for each \$100 worth of war savings stamps sold.

The following Scouts are entitled to palms: Jaster Rosser, 8; Frederick Blockson, 3; Albert Johnson, 3; Charlie Pierce, 3; Lester James, Howard Towery and Shirley Pack, 1 each.

Bernice Bowlin Wins Medal

At the recent state interscholastic meet in Austin Miss Bernice Bowlin of Plainview schools won second place on high school essay, class A. The trophy is a silver medal, which has been received. The medal has a lone star on it, with "University Interscholastic League, 1919, state meeting. Bernice Bowlin, class A, high school, second place."

Miss Bernice is to be congratulated upon winning the prize.

Shriners Go to Amarillo

Messrs. L. F. Cobb, A. H. Lindsay, R. A. Underwood, Roy Frye, J. A. Testman and Berryman went to Amarillo this morning to assist in the organization of the Panhandle Shriners club.

W. A. Watson returned this morning from a trip to Wichita and Kansas City.

**CITATION BY PUBLICATION
THE STATE OF TEXAS**
To the sheriff or Any Constable of
Hale County—GREETING:
**YOU ARE HEREBY COMMAND-
ED,** That you summon, by making
Publication of this Citation in some
newspaper published in the County
of Lamb, if there be a newspaper pub-
lished therein, but if not, then in the
nearest County where a newspaper is
published once each week for four
consecutive weeks previous to the re-
turn day hereof, August Anders,
whose residence is unknown, to be
and appear before the Hon. District
Court, at the next regular term
thereof, to be held in the County
of Lamb at the court house thereof,
in Olton, on the first Monday in June,
1919, same being the 2nd day of June,
1919, then and there to answer a
petition filed in said court, on the 7th
day of May, A. D. 1919, in a suit
numbered on the docket of said court
No. 53, wherein Frances E. Cooke is
plaintiff, and August Anders is de-
fendant. The nature of the plaintiff's
demand being as follows, to-wit:
**IN THE DISTRICT COURT OF
LAMB COUNTY, JUNE TERM, 1919
THE STATE OF TEXAS**
County of Lamb
To the Honorable R. C. Joiner, Judge
of the District Court in and for said
County:

Now comes Frances E. Cooke here-
in styled plaintiff, complaining of
August Anders, hereinafter styled
defendant, and for cause of complai-
nt, states to the Court as follows, to-wit:
That the plaintiff resides in the
county of Jackson and state of Miss-
ouri, and that the residence of the de-
fendant, August Anders is unknown
to the plaintiff.

That heretofore, to-wit, on the
18th day of March, 1916, one George
W. Littlefield, made, executed and de-
livered to the defendant, Anders, his
certain deed of conveyance, of that
date, duly acknowledged according to
the laws of the state of Texas, where-
in the said Littlefield conveyed to said
Anders, more or less, three, league
660, containing 494.1 acres of land,
situated in Lamb county, state of
Texas, and as a part of the considera-
tion for said conveyance, the said
August Anders made, executed and de-
livered his ten certain vendor's lien
notes, each for the sum of Three Hun-
dred and Eighty Eight Dollars and
Twenty Cents (\$388.20), each bear-
ing interest from May 1st, 1916 until
maturity at the rate of six per cent
per annum, the interest being payable
annually as it accrues, on the first
day of March in each year, and pro-
viding that either of said notes could
be paid in full at any time prior to its
maturity, which said notes were pay-
able on March first, 1917, 1918, 1919,
1920, 1921, 1922, 1923, 1924, 1925 and
1926, respectively, and each of said
notes containing the provision that if
default shall be made in the payment
of said note or any installment of
interest thereon when due, then, at
the option of the legal holder there-
of, the whole of said note, principal
and accrued interest and all notes
secured by the said Anders to the
said George W. Littlefield in part
payment for said land shall, at once,
become due and payable, and provid-
ing further that if said note shall be
placed in the hands of an attorney for
collection or be established or proven
in any court, then the further sum
of ten per cent of the principal and
interest then due thereon shall be
paid as an attorney's fee, each pay-
able to the order of said George W.
Littlefield and signed by said August
Anders, and each of said notes provid-
ing that the principal and interest
not paid when due to bear interest
from date until paid at the rate of
ten per cent per annum.

Whereby the said August Anders
in law became bound to pay to the
order of the said George W. Little-
field, said sums of money in said
notes mentioned, principal, interest
and attorneys fees, but to pay the
same, or any part thereof, the said
defendant Anders has wholly failed
and refused, and still fails and refuses
so to do.

That thereafter and prior to the
maturity of said ten notes or any
one of them, the said George W. Lit-
tlefield, by his endorsement on each
of said notes, transferred the same,
without recourse on him, and for a
valuable consideration, to the order
of R. C. Rawlings, and that said
Rawlings, for a valuable considera-
tion and prior to the maturity of
either of said ten notes, transferred
the same, the first two of the said
above described notes, by delivering
to plaintiff, and notes number eight
to ten by delivery and his endorse-
ment thereon to the plaintiff, where-
by the defendant, Anders, became
liable and in law promised and bound
to pay plaintiff the sums of money
in said ten notes mentioned, togeth-
er with the principal, interest and
attorneys fees as therein recited, but
to pay plaintiff the same or any part
thereof, the said defendant has wholly
failed and refused, and still fails and
refuses so to do, to plaintiff's damage
in the sum of Six Thousand (\$6,000)
Dollars.

That in said deed from the said
George W. Littlefield to the said de-
fendant, Anders, above mentioned, an
express vendor's lien was reserved to
secure the payment of said ten notes,
principal, interest and attorneys fees,
as above described, and on the same
day, the defendant, Anders, made,
executed and delivered to Arthur P.
Duggan, Trustee, his certain deed of
trust, conveying the above described
land to the said Arthur P. Duggan
in trust to secure the payment of the
above described ten notes, which deed
of trust was duly acknowledged as
required by law and duly recorded
on the 30th day of January, 1917, in
the Mortgage Records of Lamb county,
Texas, in volume five, page 137;
which deed of trust contained, among
other provisions, the following:

"In case of failure or default
in the payment of said promissory
notes, together with the interest
thereon accrued, according to their
terms and face, at the maturity of
the same, then in such event said
Arthur P. Duggan is, by these pres-
ents fully authorized and empowered
and he is made his special duty, at
the request of said George W. Lit-
tlefield or other legal holders of said
notes, at any time made after the
maturity of said promissory notes,
to sell the above described property to

RALPH PARLETTE ASKS:
Are you shaking up or down?
Take an inventory of your-
self.
Are you bigger today than
yesterday?
Will you be bigger tomor-
row?
Are you competent to hold a
better place?
Are you a cannon or an air
gun in the game of life?
These are some of the things
Parlette talks about the first
night of the Chautauqua.

His famous lecture, "The
University of Hard Knocks"
has inspired thousands of people
to become bigger. His lecture
is seasoned with characteristic
Parlette humor and you can't
find a dull moment from start
to finish.

Patton House
Opposite Overall's Barn
Meals 35c Beds 25c and 35c
C. H. PATTON, Prop.

the highest bidder for cash, at public
outcry in front of the court house
door of said Lamb county on the
first Tuesday of any month, between
the hours of 10 o'clock A. M. and 4
o'clock P. M., first giving notice of
the time, place and terms of sale
for at least twenty days successively
next before the day of sale, by post-
ing up written or printed notices of
such sale at three public places in
the County of Lamb, State of Texas,
one of which shall be at the court
house door of said county and by giv-
ing of such other notices as is or may
be required by law and after such
sale as aforesaid, to make to the
purchaser or purchasers thereof a
good and sufficient deed in law to the
property so sold, with the usual cov-
enants and warrants and to receive
the proceeds of said sale and the
same to apply to the payment of said
notes and interest thereon accrued
and the expenses of executing said
trust, including five per cent commis-
sion to said Trustee, holding the re-
mainder thereof subject to the order
of said defendant, Anders."

And the said Arthur P. Duggan,
Trustee, having declined to execute
said trust, and having disclaimed any
right, title or interest in said land
above described, the plaintiff here
now invokes the jurisdiction of the
District Court of Lamb county.
Wherefore, premises considered,
the plaintiff prays that the defendant
be duly cited by publication as re-
quired by law and that, upon hearing
hereof, plaintiff have his judgment
against said defendant, Anders, for
the full sum now due, principal, in-
terest and attorneys fees, due upon
said notes, and all costs of court, and
for a foreclosure of his vendor's lien
upon the above described property,
as evidenced by said deed and said
deed of trust, and that said property
be ordered sold and the proceeds
thereof applied to the payment of
said debt, principal, interest, attor-
neys fees and costs of court and for
such other and further relief as in
law and equity he may be entitled to.

NOTICE OF ESTRAY

THE STATE OF TEXAS
County of Hale
Taken up by J. E. Stewart and Es-
trayed before E. A. Young, Justice
of the Peace Precinct No. 1, Hale
county: One White Face cow about
seven years old and weighs about
800 pounds, marked with upper and
under slope in each ear, branded with
small c and o on the left side and c
on left thigh.
Appraised at Fifty (\$50) Dollars.
The owner of said stock is requested
to come forward, prove property, pay
charges, and take same away, or it
will be dealt with as the law directs.
Given under my hand and official
seal this 6th day of May, A. D. 1919.
Jo. W. WAYLAND,
County Clerk Hale County, Texas.

Her Essay On Men
A little Western girl had to write
a composition on men. This is it:
"Men are what women marry. They
drink and smoke and swear. They
don't go to church like women do.
Both men and women sprang from
monkeys, but women sprang farther."

Cause of Headache
By knowing the cause, a disease
may often be avoided. This is particu-
larly true of headache. The most
common cause of headache is a dis-
ordered stomach or constipation,
which may be corrected by taking a
few doses of Chamberlain's Tablets.
Try it. Many others have obtained
permanent relief by taking these Ta-
blets. They are easy to take and mild
and gentle in effect.

**AMERICA FOSTERING
JUGO-SLAV NATIONS**

**Entity of Slavic Homeland Is Con-
tended for by All Com-
munities**

Belgrade, Serbia.—There has been
an American invasion of Jugo Slav
territory. In every city from Dur-
azzo, in Albania, to Strumitza, in
Serbia, and reaching from Belgrade
to Zagreb, the jewel of Jugo Slavia,
American Red Cross officers, physi-
cians and nurses, and representatives
of the Food Administration and of
the army, may be seen. All are en-
gaged in the big task of feeding and
clothing the people in the areas which
have suffered most by the war. The
United States has been likened to a
bountiful mother caring for a flock
of small children—the children being
the many Balkan countries compris-
ing what one day is expected to be-
come greater Jugo Slavia.

At a hundred points in Serbia,
Montenegro, Albania, Bosnia, Her-
zegovina and Croatia the American
Red Cross is generosity. Food,
clothing, shoes and medicines are be-
ing distributed to the destitute. Amer-
ican physicians and nurses are caring
for the sick and wounded. By their
work and their example these Amer-
icans are inoculating in the Slav new
ideas of thrift, self-help, cleanliness
and honesty which must have a last-
ing influence.

The population of these countries
is composed of many diverse races.
The individual ambitions of the dif-
ferent Slav countries have been sacri-
ficed in a desire to keep Italy from
obtaining Dalmatia or any part of
the Eastern Adriatic Coast. The eyes
of all are turned to America, which
they regard as the greatest sponsor
for the unity and integrity of the
Slavic Nations.

(Continued from 1st Page)

The Saare coal basin is tempo-
rarily internationalized. The coal mines
go to France.

Germany recognizes the total in-
dependence of German-Austria and
Czecho-Slovakia.

Germany's colonies are taken
from her by the clause in which she
renounces all her territorial and polit-
ical rights outside Europe. The
League of Nations will work out the
mandatory system for governing
these colonies.

Belgium is conditionally given the
Malmedy and Eupen districts of
Prussia bordering on Belgium, with
the opportunity to be given the in-
habitants to protest. The League
of Nations has the final decision.

Luxemburg is set free from the
German custom union. All conces-
sions and territory in China must be
renounced. Shantung is ceded to
Japan. Germany recognizes the
French in Morocco and the British
protectorate over Egypt.

German troops and authorities
must evacuate Schleswig-Holstein
north of the Kiel canal within ten
days after peace. A commission will
be appointed to supervise a vote of
self-determination in the territory
and the districts wishing to join Den-
mark will be ceded by Germany.

Helgoland must be demolished,
and by German labor; the Kiel canal
must be opened to all nations.

The German cables in dispute are
surrendered.

Germany may not have an army
of more than 100,000 men and can-
not resort to conscription.

She must raze all her forts for
fifty kilometers east of the Rhine and
is almost entirely prohibited from
producing war material. Violations
of the fifty kilometer zone restriction
will be considered an act of war.

Only six capital ships of not more
than 10,000 tons each are allowed
Germany for her navy. She is per-
mitted six light cruisers, 12 destroy-
ers and 12 torpedo boats in addition
to six battleships, but no submarines.

All civilian damages are to be re-
imbursed by Germany, her initial pay-
ment to be 20,000,000 marks with
subsequent payments to be secured
by bonds. She must replace ton for
ton, handing over a great part of her
mercantile tonnage and turning out
new construction for the purpose. She
must also devote her economic re-
sources to rebuilding the devastated
regions.

Parts of Germany will be occupied
on a diminishing scale until repara-
tion is made.

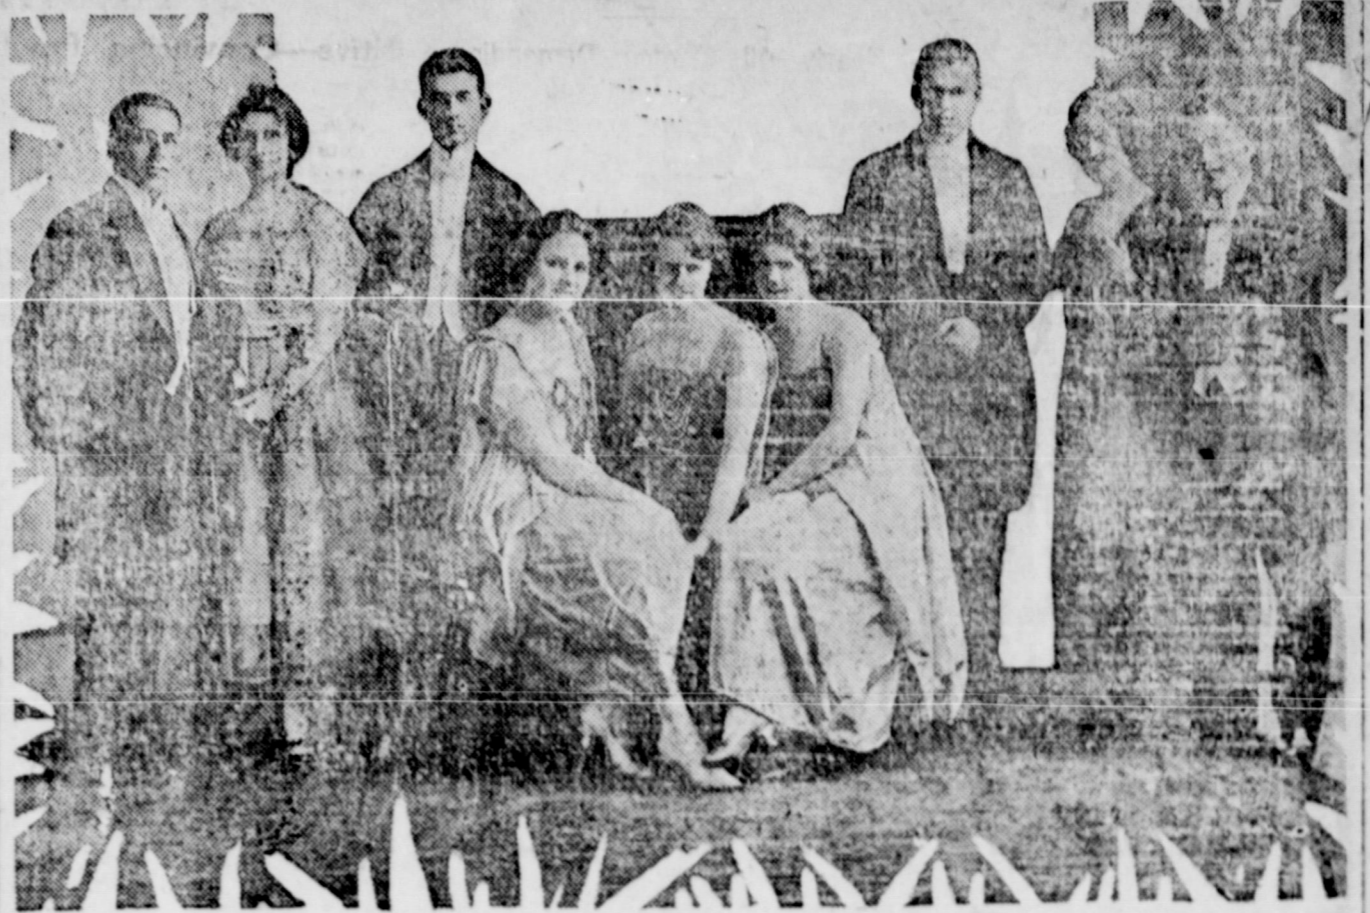

Germany must agree to the trial
of former Emperor William by an
international court and the trial of
others of her subjects of violations
of the laws and customs of war.

The allies and Germany accept the
League of Nations, Germany, how-
ever, accepting only in principle and
not as a member.

All treaties and agreements with
Bolshevik Russia must be abrogated
as well as the treaty of Bucharest
with Rumania.

German prisoners of war are to be
repatriated, but the allies will hold
German officers as hostages for Ger-
man's accused of crimes.

Plainview Chautauqua Begins May 18th

PREMIER CONCERT ARTISTS
Will give a program of vocal and instrumental music at the Chautauqua. Everyone is an accomplished musician, organized under the personal supervision of Chas. F. Horner.

**MARKETING OF WHEAT CROP
WILL BE BIG PROBLEM**

Washington, May 8.—With a wheat
crop of more than 1,000,000,000 bu-
shels in prospect in the United States
this season, the greatest crop the
country has ever produced, need for
greater efforts by the farmers and
elevator companies to market and
store the grain with the least possi-
ble loss and congestion of traffic is
impressed upon the production and
handling of the crop.

In a statement from the Bureau of
Markets of the United States Depart-
ment of Agriculture, attention is cal-
led to the marketing problem. The
department urges that every possible
measure be employed to insure safe
storage and handling of the crop.
Last year, with a crop of about 900,
000,000 bushels, the rushing of grain
immediately to market after harvest
caused congestion. The wheat "backed
up" after terminal elevators were full
and congestion on the railroads and
at all country elevators followed.

This resulted in embargoes on fur-
ther shipments until the terminals
could be cleared. Fortunately the
winter was an "open" one or the loss
occasioned by lack of storage would
have been heavy. The department
further called attention to the situa-
tion prevailing in North Dakota in
the winter of 1915-16, following pro-
duction in that state of 150,000,000
bushels. Owing to a congestion of
elevators at country stations, due to
inability of the railroads to move the
wheat as fast as the farmers hauled
it, platforms were constructed and
thousands of bushels of wheat were
piled in the open.

Stacking is a partial solution to the
congestion problem, which every far-
mer can apply, says the department's
statement. Furthermore, he is like-
ly to be a gainer in the practice, for
wheat that sweats in the stack, except
during an unusually dry harvest, will
be of better quality than if thrashed
from the shock. If stacked at once
after the harvest the farmer may con-
veniently store his crop at con-
venience. There is a further advan-
tage, says the Bureau of Markets,
that the wheat will not deteriorate
from rains as it would in the shock.

Each farmer in the Eleventh Fed-
eral War Savings District is being
urged to plant a "thrift acre" as a
part of the 1919 Savings Campaign,
to cultivate it intensively and put
the money he receives from it in
War Savings Stamps.

Ford
THE UNIVERSAL CAR

Ford cars have become such a world
utility that it would almost seem as
if every family ought to have its Ford
car. Runabout, Touring Car, Coupe,
Sedan, (the two latter have enclosed
bodies), and the Truck Chassis, have
really become a part and parcel of
human life. You want one because
its service will be profitable for you.
We solicit your order at once because,
while production is limited, it will be
first come, first supplied.

A FAMILY MEDICINE

In Her Mother's Home, Says This Georgia Lady, Regarding Black-Draught. Relief From Head-ache, Malaria, Chills, Etc.

Ringgold, Ga.—Mrs. Chas. Gaston of this place, writes: "I am a user of Theodor's Black-Draught; in fact, it was one of our family medicines. Also in my mother's home, when I was a child. When any of us children complained of headache, usually caused by constipation, she gave us a dose of Black-Draught, which would rectify the trouble. Often in the Spring, we would have malaria and chills, or troubles of this kind, we would take Black-Draught pretty regular until the liver acted well, and we would soon be up and around again. We would not be without it, for it certainly has saved us lots of doctor bills. Just a dose of Black-Draught when not so well saves a lot of days in bed."

Theodor's Black-Draught has been in use for many years in the treatment of stomach, liver and bowel troubles, and the popularity which it now enjoys is proof of its merit.

If your liver is not doing its duty, you will suffer from such disagreeable symptoms as headache, biliousness, constipation, indigestion, etc., and unless something is done, serious trouble may result.

Theodor's Black-Draught has been found a valuable remedy for those troubles. It is purely vegetable, and acts in a prompt and natural way, regulating the liver to its proper functions and cleansing the bowels of impurities. Try it. Inset on Theodor's the original and genuine. E 78

The Texas Wonder for kidney and bladder troubles, gravel, diabetes, weak and lame back, rheumatism and regularities of the kidneys and bladder in both men and women. If not sold by your druggist, will be sent by mail on receipt of \$1.25. One small bottle is two months' treatment, and often cures. Send for sworn testimonials. Dr. E. W. Hall, 2926 Olive St., St. Louis, Mo. Sold by druggists.—Adv.

Liberty has struck Turkey. The harem has been abolished, and the women have discharged the veil, and now go about the streets with bare faces.

Catarrhal Deafness Cannot Be Cured
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed, you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced and the tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Cure acts thru the blood on the mucous surfaces of the system. We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Cure. Circulars free. All Druggists, 75c.
F. J. CHENEY & CO. Toledo, O.

LABOR UNREST ALARMS ENGLAND

Nearly All Trades Demanding Either Higher Wages or Shorter Hours, or Both.

BEER ISSUE AGAIN REVIVED

Dock Workers Complain of the Quality of Beverage and Shortage of Supply—Unions Strong and Well Organized.

London.—The industrial unrest prevalent throughout the country is causing serious anxiety, not only to large employers of labor, but even to conservative labor leaders. The labor leaders taking this attitude include J. H. Thomas, general secretary of the Railwaymen's union, who warned a meeting of postal workers who were demanding a 42-hour week, more holidays and curtailment of night work, that "the industrial and economic position of this country gives cause for alarm."

Demand Shorter Hours.
The postal workers are only one of many trade unions which are demanding shorter hours with the present or better pay. Up to this time the demands of the miners have been embodied in the resolutions of the Southport Miners' Federation, who demanded that the government demobilize all miners in the army and that wages other than war wages be advanced 30 per cent.

The attitude of the miners has caused the most comment, as coal and its price more directly affect the public. It is estimated that to grant a 30 per cent increase in wages would mean the price of coal up at least a dollar a ton.

In addition to the miners, the shipbuilders on the Clyde and in other centers are agitating for a 40-hour week, with daily wages of £1. The men engaged in the same industry in Belfast threaten to throw down their tools unless they get a 44-hour week. The carpenters throughout the United Kingdom are asking for a 47-hour week, and the iron molders, who recently got 47 hours, are threatening to strike unless this is lowered to 44 hours.

May Go to Extremes.
The dock laborers are putting forth a demand for 44 hours for day workers and 41 hours for night workers. They are also much agitated over the shortage of beer and the poor quality of that beverage, and during the week there has been much shacking, particularly at Liverpool, from the cause. There has been a temporary shortage of beer at some shipping points due to the strike of brewery employees, who also complain of long hours.

All these unions are strong numerically and well organized, and from the tone of speeches at their meetings the members apparently are prepared to go to extremes in their efforts to have conditions of labor improved along the lines laid down in their resolutions.

There also have been minor troubles in the labor world. One of these affected the crew of the liner Adriatic. The sailing of that vessel for New York with a full list of American passengers has been delayed several days, and there is yet no indication of a settlement.

CONVICTED MAN OVERLOOKED

Stays Home for More Than a Year After Sentence Before Being Taken to "Pen."

Cleveland, Ohio.—Rosario Spinnello for more than a year has been supposed to be serving a term in the penitentiary for manslaughter. And all during that time he has been at his home with his wife and seven children—either there or at his work in a factory here. The authorities merely neglected to come and get him. He did not attempt to evade the serving of his sentence. But he was not going to go to the police and insist on it. He did not even dodge policemen who knew he had been convicted, he says. The crime was committed more than two years ago. For a year the case was in the courts. Then the appellate court sustained the verdict and ordered the sentence executed. But papers ordering his arrest, giving the police official information of the decision of the appellate court, were stuck in a pigeonhole somewhere and it was not until the middle of January that they came to light and the police went to Spinnello's home and took him away to jail.

Mourning as Dead.

New Castle, Pa.—James Smith, a native of this county, mourned dead for thirty-five years, is alive and well in South Africa, according to a letter received by a relative here. Smith, after roving around the world, reached South Africa while the Boer war was in progress. He settled there on the return of peace.

Chops Wood at 83.

Marion, Ohio.—Isaac Staley, eighty-three, claims to be the champion strong man of his age in the state. Every day at his home in Marysville he chops twelve cross-ties—a hard day's work for a man fifty years younger. "Hard outdoor work is the secret of long life," he says.

VINOL CREATES STRENGTH

Positive—Convincing Proof
It is all very well to make claims, but can they be proven? We publish the formula of Vinol to prove the statements we make about it.

• Cod Liver and Beef Peptones, Iron and Manganese Peptones, Iron and Ammonium Citrate, Lime and Soda Glycero-phosphate, Casein.

Any doctor will tell you that the ingredients of Vinol as published above, combine the very elements needed to make strength.

All weak, run-down, overworked nervous men and women may prove this at our expense.

There is nothing like Vinol to restore strength and vitality to feeble old people, delicate children and all persons who need more strength.

Try it. If you are not entirely satisfied, we will return your money without question; that proves our fairness and your protection.

Long-Harp Drug Company

LEMONS MAKE SKIN WHITE, SOFT, CLEAR

Make this beauty lotion for a few cents and see for yourself

What girl or woman hasn't heard of lemon juice to remove complexion blemishes; to whiten the skin and to bring out the roses, the freshness and the hidden beauty? But lemon juice alone is acid, therefore irritating, and should be mixed with orchard white this way: Strain through a fine cloth the juice of two fresh lemons into a bottle containing about three ounces of orchard white, then shake well and you have a whole quarter pint of skin and complexion lotion at about the cost one usually pays for a small jar of ordinary cold cream. Be sure to strain the lemon juice so no pulp gets into the bottle, then this lotion will remain pure and fresh for months. When applied daily to the face, neck, arms and hands it should help to bleach, clear, smoothen and beautify the skin.

Any druggist will supply three ounces or orchard white at very little cost and the grocer has the lemons.

CALOMEL SALIVATES AND MAKES YOU SICK

Acts like dynamite on a sluggish liver and you lose a day's work

There's no reason why a person should take sickening, salivating calomel when a few cents buys a large bottle of Dodson's Liver-Tone—a perfect substitute for calomel.

It is a pleasant, vegetable liquid which will start your liver just as surely as calomel, but it doesn't make you sick and can not salivate.

Children and grown folks can take Dodson's Liver-Tone, because it is perfectly harmless.

Calomel is a dangerous drug. It is mercury and attacks your bones. Take a dose of nasty calomel today and you will feel weak, sick and nauseated tomorrow. Don't lose a day's work. Take a spoonful of Dodson's Liver-Tone instead and you will wake up feeling great. No more biliousness, constipation, sluggishness, head ache, coated tongue or sour stomach. Your druggist says if you don't find Dodson's Liver-Tone acts better than horrible calomel your money is waiting for you.

ALASKA ACTIVE IN THE WAR

Twelve Per Cent of Total White Population in Service of Country.

Juneau, Alaska.—Twelve per cent of Alaska's total white population is, or has been, in the country's war service, according to an estimate based on official registration figures made by Capt. J. J. Finnegan, executive draft officer.

During the operation of the selective service law, 6,572 Alaskans registered for military service. Men between the ages of twenty-one and thirty-one numbered 2,525, who either enlisted or were inducted into the service. This figure alone, said Captain Finnegan, would represent 10 per cent of the territory's white population. In addition, several hundred more men under or over those ages volunteered.

Orders for 87 more inductions, already sent out, were canceled because of the signing of the armistice.

Two Days' Courtship Ends in 2-Hour Wedding.

Cleveland, O.—A two-day courtship resulted in a two-hour marriage, according to a bill for divorce filed here by Mrs. Florence E. Epple, aged seventeen. She was married in January, 1917, but "realized her mistake" two hours after the ceremony, the bill states.

J. C. and W. R. Williams of Enid, Okla., are here on business.

SYSTEM IS FRAMED TO COMBAT DROUTH YEARS

A. & M. Would Plant Sturdy Crops In West Texas Farming Districts

College Station, Texas, May 3.—The effects of the farming and live stock industry of West Texas and some other portions of the State produced by the recurring drouths in those sections can be largely overcome through the observance of certain fundamental principles which have been put through the test of both observation and experimental test, declares a report by the agronomy committee of the plant industry council of A. & M. College, of which A. B. Conner, agronomist and vice director of the Texas Agricultural Experiment Station, is the chairman.

Rainfall records at various points in the western half of the state covering a long period of time indicate periodic fluctuations in the precipitation, and previous records show that these periodic fluctuations in moisture supply continue with more or less frequency.

In the hope of being of some service to the farmers and stockmen of that section in overcoming this situation the College and its several divisions have given considerable study to the proposition and carried on special research, as well as observation work, looking to ascertaining the best methods of farming and ranching to combat the results that have followed previous drouths, and have formulated what the college workers believe is a safe and sane farming and ranching program for that portion of the state.

Briefly stated, this program calls for the consistent use of drouth-resistant crops, even in those years when there is an appearance of abundant moisture, the regulations of operations by the supply of fall moisture, early and thorough preparation of the soil, clean tillage of the ground, the creation of reserves of food and feed supplies, giving special attention to types of live stock best suited to meet those conditions, and the limitation of the herds to such an extent as will not only conserve the stored feed supply, but the pastures as well.

In the development of these several suggestions the plant industry council recommends the following:

"The consistent use of drouth-resistant crops in West Texas is one of the most vital considerations in remedying the situation there and overcoming the ill effects of the fluctuations in the moisture supply. By the consistent use of drouth-resistant crops is meant the continued use of these crops from year to year, regardless of favorable years which may allow of the making of other crops not drouth-resistant. In other words, the consistent use of drouth-resistant crops, varieties and strains in this territory, is a conservative and safe scheme of farming as regards the crop best suited.

"The supply of fall moisture should and does have much to do with the favorableness of the succeeding crop year. Farmers should observe this truth and gauge their planting operations in the fall and in the succeeding spring accordingly. It is a proven fact that some grain should not be planted in Western Texas without a supply of fall moisture. Such observations as the above will give to the farmer additional safeguard against failure.

"Early and thorough preparation of the soil is considered of highest importance to care, in general, for the moisture from time to time, and then this early preparation not only allows the soil to take in such rain as may come in torrents, but thorough preparation will retain a great amount of water for use the succeeding season. An early and well prepared soil affords the best opportunity for the accumulation of plant foods for the early use of the plants.

"Experiments have shown the absolute necessity of practically clean tillage if the maximum crop yield is to be assured.

"The storage of supplies of reserve food and feed in years of plenty is very fundamental to the continued profitable operations of this section. This reserve food and feed supply should include:

"(a) Roughage. In the form of hay and fodder or in the form of silage this roughage is abundant in favorable years. The climate is ideal for the curing of hay and the section is well suited to the pit silo. From the standpoint of the outlay of money, therefore, it would seem that with an abundance of material at practically no cost in favorable years an ideal condition for storing that the reserve supply of roughage could easily be secured.

"(b) Concentrates. The production of some form of concentrates in favorable years is desirable. Storage of these could well be practiced for a time. Insect problems might be encountered, but these could be handled.

"(c) Gardens for Home Use. The general use of the home garden is

Famous Health Resort Treatment at Home

Nervous and Run-Down People Can Now Obtain Relief Without Going to Health Resort.

People used to travel to a popular health resort when they were nervous, thin, weak, run-down and felt tired all the time. There they found a physician whose fame had spread far and wide for the remarkable success that he had in treating just that kind of people.

And the secret of his success was a tonic that he prepared for his patients according to his own formula, which taken according to his directions gained for him his popularity.

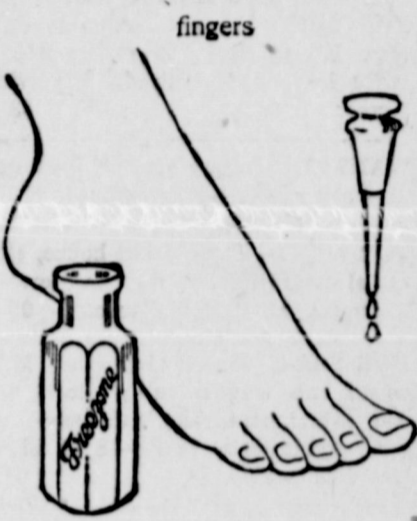

This same tonic is now obtainable by the public generally under the name of RICH-TONE with full directions on each bottle. If you suffer from bad health and need a building tonic, you need not travel to the health resort for you can take this treatment at home. One well known lady who was under the care of three eminent physicians, and who had been in a sanitarium on several occasions and had been operated on without benefitting her general health, found it necessary to take only one bottle of Rich-Tone to find full relief.

There is POWER and PUNCH in GOOD HEALTH—it means a bright eye, alert look—snappy gait—that radiant step—that general make-good appearance so different from the men of one on the ragged edge of a declining constitution.

Men and women who wish to gain vigor and strength should commence this famous health resort treatment at once. It's only a dollar at

LIFT OFF CORNS!

Apply few drops then lift sore, touchy corns off with

Doesn't hurt a bit! Drop a little Freezone on an aching corn, instantly that corn stops hurting, then you lift it right out. Yes, magic!

A tiny bottle of Freezone costs but a few cents at any drug store, but is sufficient to remove every hard corn, soft corn, or corn between toes, and the calluses, without soreness or irritation.

Freezone is the sensational discovery of a Cincinnati genius. It is wonderful.

not only to provide green vegetables for the present, but to prepare an abundance of canned and dried vegetables for future use.

"(d) The Use of Poultry. Butter and Milk on the Farm. Without much difficulty some poultry and a few good milk cows will help materially in tiding over the adverse years.

"The type of live stock used in this connection would differ somewhat from those used in sections where the rainfall is abundant. Hence the tendency toward not overstocking with animals that can consume only concentrates is an advantage.

"The number of live stock employed on the farms and ranches of this section should be such as to not only conserve the supply of stored food and feed, but look to the conservation of the pastures as well."

Members of the plant industry council believe this program is sufficiently simple and inexpensive to bring it within reach of all who have been affected by the drouthy conditions which it is hoped to relieve in part and sufficiently practical to be productive of very helpful results. No untried theories are advocated in this policy and nothing is suggested that requires any great outlay of money. Practical experience covering many years serves to demonstrate the correctness of the program set forth, and while the suggestions are presented in only outline form the representatives of the college and its several divisions will be glad to render any further assistance in this connection to individual farmers or ranchmen who have special problems to deal with if they will but write to the college and state what their problem is.

For a Sprained Ankle
As soon as possible after the injury is received get a bottle of Chamberlain's Liniment and follow the plain printed directions which accompany the bottle.

The Ralls Banner says ten thousand acres of new land has been put into cultivation in that vicinity this year.

About Rheumatism
Rheumatism causes more pain and suffering than any other disease, for the reason that it is the most common of all ills, and it is certainly gratifying to sufferers to know that there is a remedy that will afford relief, and make rest and sleep possible. It is called Chamberlain's Liniment.

Citation on Application for Probate of Will

THE STATE OF TEXAS

To the Sheriff or any Constable of Hale County, greeting:

You are hereby commanded to cause to be published once each week for a period of ten days before the return day hereof, in a newspaper of general circulation, which has been continuously and regularly published for a period of not less than one year in said Hale County, a copy of the following notice:

THE STATE OF TEXAS

To all persons interested in the Estate of George Bower, deceased, C. H. Curl has filed in the County Court of Hale County, an application for the Probate of the last Will and Testament of said George Bower, deceased, filed with said application, and for Letters Testamentary, which will be heard at the next term of said Court, commencing on the First Monday in June, A. D. 1919, the same being the 2nd day of June, A. D. 1919, at the court house thereof, in Plainview, Texas, at which time all persons interested in said Estate may appear and contest said application, should they desire to do so.

Herein fail not, but have you before said Court on the said first day of the next term thereof this Writ, with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said Court, at office in Plainview, Texas, this the 22nd day of April, A. D. 1919.
Jo. W. WAYLAND,
Clerk County Court Hale County, Texas.

THE STATE OF TEXAS

To all persons interested in the Estate of J. T. Williams, deceased, Fred S. Williams has filed in the County Court of Hale County, an application for the Probate of the last Will and Testament of said J. T. Williams, deceased, filed with said application, and for Letters Testamentary, which will be heard at the next term of said Court, commencing on the first Monday in June, A. D. 1919, the same being the 2nd day of June, A. D. 1919, at the court house thereof, in Plainview, Texas, at which time all persons interested in said Estate may appear and contest said application, should they desire to do so.

Herein fail not, but have you before said Court on the said first day of the next term thereof this Writ, with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said Court, at office in Plainview, Texas, this the 22nd day of April, A. D. 1919.
Jo. W. WAYLAND,
Clerk County Court Hale County, Texas.

OF LOCAL INTEREST

Some People We Know, and We Will Profit by Hearing About Them

This is purely a local event. It took place in Plainview. Not in some faraway place.

You are asked to investigate it. Asked to believe a citizen's word. To confirm a citizen's statement. Any article that is endorsed at home is more worthy of confidence.

Than one you know nothing about, Endorsed by unknown people.

W. J. Mitchell, carpenter and contractor, Walnut St., Plainview, says: "My back was lame and ached steadily and when I bent down I could hardly straighten up. The first time I used Doan's Kidney Pills they relieved me and now whenever I get that way, I procure Doan's Kidney Pills at Long's Drug Store, and I have the same good results. I can also highly recommend Doan's Kidney Pills for children with weak kidneys, as they cured one of the family afflicted in this way."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Mitchell had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

Do You Enjoy Life?

Aman in good physical condition is almost certain to enjoy life, while the bilious and dyspeptic are despondent, do not enjoy their meals and feel miserable a good share of the time. This ill feeling is nearly always unnecessary. A few doses of Chamberlain's Tablets to tone up the stomach, improve the digestion, regulate the bowels is all that is needed. Try it.

The attorney general holds that counties in Texas have no authority to issue bonds to construct "dirt roads." They must be of a more permanent nature.

HEALTHFUL ADVICE

During the aftermath of influenza or any other prostrating illness, the logical tonic is

SCOTT'S EMULSION

which enriches the blood and strengthens the whole body, via nourishment. If you would renew your strength—try Scott's.

Scott & Bowne, Bloomfield, N. J.

WANTED—Green and dry hides—D. Rucker Produce Co.

MEAT PRODUCTION IS MUCH INCREASED

United States Produced Over 20,000,000,000 Pounds During the Year 1918

Washington.—American dressed meat production including lard, amounted in 1918 to 20,129,800,000 pounds—a quantity never before approached in magnitude by the live stock industry of this or any other country. The corresponding figure for 1917 was 16,317,300,000 pounds.

Three-fourths of this enormous increase was in pork and one-fourth was in beef.

The meat surplus in 1918 was so great that extra export demands made little impression on it, although 1918 export shipments of meat and lard nearly doubled the figure for 1917 figures—rising from slightly less than one and three-fourth billion pounds—and these figures do not include shipments to American military forces abroad.

The aggregate consumption of dressed meat and lard in the United States was approximately fourteen and a half billion pounds, but in 1918 it rose to seventeen and one-quarter billion pounds. This means, after allowing for increase in population, and addition of twenty-three pounds for every man, woman and child in the country—despite the food conservation campaign which in 1917 caused consumption to decline considerably.

"While the people as a whole through their stinence averted the immediate crisis, it was the farmer who was the really big factor in the ultimate situation," says the Bureau of Animal Industry, United States Department of Agriculture. "The producer, of course, was expected to do his part, but he did it with such powerful effect that in a single year the meat shortage was turned into a pronounced surplus. Thus in 1918 there was not only meat enough to supply all foreign demands compatible with the restricted shipping facilities, but a greatly enlarged quantity was available for the home consumption.

"To be sure, it cost the farmer more, much more, to feed his animals and get them to market. Likewise all other steps from producer to consumer became more costly, hence the high prices. But the unprecedented prosperity of the people as a whole enabled them to afford the increased cost. In fact, laboring people probably consumed more meat during the past year than in any war times.

"The total number of cattle slaughtered in 1918 is estimated at 15,750,400, as against 13,723,900 in 1917. Their average weights were practically the same for both years, and the beef produced from them was 6,686,000,000 pounds in 1917 and 7,641,000,000 pounds in 1918. This was a remarkable achievement, as it hardly would have been credited that beef growers could increase their production a billion pounds in one year.

"The hog matures quickly. Therefore a much more rapid increase would be looked for than was the case with cattle. Even so, the results for 1918 can be described only as stupendous. The hogs marketed in 1918 numbered 68,854,700, as against 57,483,800 in 1917. Furthermore, the average weight was nine and a half pounds more per hog in 1918. Thus when the animals are turned into pork and lard we have a total production of 11,225,664,000 pounds in 1918, as against 8,478,289,000 pounds in 1917, an increase of 2,747,355,000 pounds, of 32.4 per cent, nearly one-third.

Striking increases in exports are also shown by the bureau. Beef shipments abroad in 1918 were 94 per cent more than in 1917—the chief 1918 items being 514,000,000 pounds of fresh beef and 141,000,000 pounds of canned beef. Exports of pork and lard in 1918 amounted to 2,279,287,030, which was 71.7 per cent more than the quantity sent abroad in 1917.

The bureau shows that in the aggregate more meat by far is eaten in the United States than in any other country in the world, although some sparsely settled countries raising much meat have a larger per capita consumption. It also says that there is room in the United States for a great expansion in the use of mutton and lamb.

WANTED—Men and women to take orders among friends and neighbors for the genuine guaranteed hosiery, full line for men, women and children. Eliminates darning. We pay 50c an hour spare time or \$24 a week for full time. Experience unnecessary. Write International Stocking Mills, Norris-town, Pa. 98

LOST—Black horse mule, about 15 hands, three inches high, four years old, white spot over kidneys, has halter and short rope on. \$10 to have brought to my place, near Halfway.—Jim Helm, Runningwater.
