Volume No. 14

Plainview, Hale County, Texas, Friday, August 1, 1919

Number 23

OVER \$65,000 A DAY BEING PAID FOR WHEAT

TWENTY-THREE CARS SHIPPED WEDNESDAY—MOSTLY TO GALVESTON

More than \$65,000 is now being paid out each day in Plainview for wheat. A number of threshers are working in Hale county, and marketing is in full blast, but will grow in volume until within a few days as much as \$100,000 a day will be paid to the wheat growers.

Twenty-three carloads were shipped out on the Santa Fe Wednesday. Twenty-two cars were shipped Tuesday. Each car contains about 1,250 bushels of wheat, worth over \$2,500. Most of these shipments are going to Galveston, where it will be exported most likely to Europe and Asia to feed the hungry people of the old world.

The railroads and the government are handling the wheat crop this year with more system than ever before, and whenever a carload leaves here it goes direct to some port, where elevators or ships are ready to handle it upon arrival, hence there is no congestion at terminals as prevailed in former years.

PLAINVIEW ELKS DEFEAT WELLINGTON TWO GAMES

Score 42 to 1 in Each Game—Will Play Amarillo Elks Here Sunday

The Plainview Elks defeated Wellington in two games this week on the local grounds, Tuesday and Wednesday afternoons, and in each game the score was 42 to 1. Wednesday afternoon the Wellington team made a score in the second inning and Plainview made its first score in the third; it was a tie until the fifth inning when a Plainview player knocked the ball over the fence, scoring a home run, and bringing others in. This caused Wellington to get rattled, and during that inning Plainview piled up eight scores.

The Amarillo Elks will play the local team here Sunday afternoon, and Sunday, August 10, the Ralls team will play here.

Will Manage Big Plains Farms

C. G. Shults and two daughters, Misses Ruby and Irene, and Mr. and Mrs. G. W. Roliston have arrived from Rising Star, and the Rolistons have moved to the Risser farm west of town. Mrs. Shults will arrive later.

Mr. Shults and Mr. Roliston will manage the big farms recently bought by Spencer Bros. of Cisco from Dr. Anderson, W. E. Risser, E. H. Perry and W. L. Harrington, comprising more than four sections of land near Plainview. About the first of the year Mr. Roliston will take charge of the John Pettit ranch of six or eight sections on the Lubbock county line, recently bought by Spencer Bros.

These are excellent people, and the editor of the News, who has known Mr. Shults for many years, is indeed glad to have them become citizens of Hale county.

July Rainfall 4.2 Inches

During July 4.2 inches of rain fell in Plainview, according to the local weather observer's report. For the first seven months of this year the total rainfall here was 21.16 inches.

During July the highest temperature was 95 degrees on the 11th and 15th, and the minimum was 60 degrees on the 4th. There were 26 clear days and five partly cloudy.

In July, 1911, more than ten inches of rain fell from the 7th to August 1.

Oats 105 Bushels to Acre

Lee Standifer, living south of Lockney, is said to have harvested 105 bushels of oats to the acre on his farm.

Henry Ratjen of the Providence community, northeast of Plainview, on a large tract averaged ninety-five bushels to the acre.

Congress Will Take Recess

Congress will recess from August 2 to Sept. 9. However, the senate will remain in session with the peace treaty under consideration.

Great Britain Ratifies Treaty

The British government yesterday formally ratified the peace treaty with Germany.

MRS. W. B. SHEFFY, PIONEER OF HALE COUNTY, DIES

Had Lived Here Since 1892—Leaves Husband and Seven Sons and Daughters

Mrs. W. B. Sheffy died at the family home five miles south of Plainview Tuesday morning at 8:45 o'clock. The funeral was held at the Methodist church yesterday afternoon at 4 o'clock and interment followed in Plainview cemetery.

The funeral service was held by her pastor of many years ago, Rev. G. S. Hardy of Sweetwater, and Rev. E. E. Robinson, her pastor when she passed to her reward. There was a large concourse of sorrowing friends, and the floral tributes were numerous.

She was born in Rockwall county Nov. 22, 1858, and her name was Sarah Alice Sherwood, her father being Capt. J. E. Sherwood, a captain in the Confederate army. She was married in Rockwall county Oct. 11, 1877, to W. B. Sheffy. Later they moved to Clay county. In 1892 the family moved to Hale county, settling south of town near the present home. She was the mother of twelve children, seven now living; they are Mrs. M. A. McCraw, Miss Miner Sheffy, L. F. Sheffy (teacher of history in Canyon Normal), First Lieut. Sim E. Sheffy (with the 12th U. S. infantry, stationed at Newport News, Va.), Mrs. James McHan (of Wellington), Ray and Sidney Sheffy. All of whom were present when the end came.

She was a life-long Methodist, and was a devoted Christian. One of her brothers is a Methodist preacher.

Value of an Education

Dr. Samuel Palmer Brooks has shown that less than 1 per cent of Americans are college graduates; that only one man in 150,000 without education of any kind attains distinction, while four men out of the same number possessing an elementary education achieve prominence and eighty-seven high-school graduates and 800 college graduates out of the same attain distinction.

Education, he says, will increase the earning capacity, happiness and usefulness of the farmer, as a community leader, many fold, just as the capacity and earning power of the trained minds are increased in the trades and professions of the city.

Moreover, education is atmospheric and not mechanical. All the children of all the people should be educated and their hands, as well as their heads, should be educated.

Dr. Brooks is one of the foremost educators of the South, an intelligent thinker as well as an interesting talker and he has traveled the long road. In his boyhood he picked cotton when he needed the money to pay for his tuition.

He refused to stay in the rut, he fought his way to the top and became one of the foremost citizens, as well as college presidents, of the South or West.

Control of Wires Ends

The government control and operation of the telegraph and telephone lines of the country ended last night at 12 o'clock, when the postal department handed them back to their owners. Here in Plainview there was no change in any way, and the same local managers will continue in their same positions.

The Postal Telegraph Co. this morning announced a reduction of 20 per cent on rates heretofore charged by the government. The Western Union says it cannot reduce rates. The Western Union has the only telegraph office in Plainview.

Seeking Pasturage on Plains

Cattlemen from Idaho and other states of the Northwest and North where a severe drouth prevails, are coming to the Plains of Texas seeking pasturage for their herds. Many thousands of cattle from outside the state will be pastured here the coming fall and winter. The Plains pastures and ranges are as fine as it is possible for them to be.

Twins at Aylesworth Home

A boy and a girl were born to Mr. and Mrs. David C. Aylesworth of Plainview July 28. They have been named James and Virginia.

D. S. Furneaux of Dallas was here Wednesday. He owns a large ranch and farm near Sudan.

Worry No More

The Hosiery situation has been solved for the entire family. Not with coarse heavy, ill-fitting stockings—but with smooth-gauge shapely ones.

Gordon "Round-Ticket" Stockings for the Ladies.
"Iron-Clad" Stockings for the Boys and Girls.
"Monite" Sox for the Men, Young or Old.

Here is our Guarantee:

Buy what you want, wear them when you like, if they are not worth the money, return them to us, we will refund the purchase price and thank you for your trouble.

No Questions

No Argument.

They must be worth the money.

Richards Bros. & Collier
WHERE PEOPLE WHO DRESS BEST TRADE

PLAINVIEW BOY KILLS MANY RATTLESNAKES

While Visiting on Pecos River Willis Brooks Exterminates Snakes—One With 29 Rattles

Willis Brooks returned home Monday from Sonora, where he and his parents spent a few weeks visiting. While in that section, and especially on trips in the Pecos river country west of there he killed a number of rattlesnakes, and brought their rattles back with him, which he has in a box and is showing to his friends.

One of them contains twenty-nine rattles and a button. Willis said this snake was surely a large one, longer than a man is tall. The editor of the News was born and raised in West Texas and this was the most rattles

WANTS HIGHWAY COMMISSION ABOLISHED

The Floyd county Farmers' Union has adopted resolutions demanding that the state highway commission be abolished, because it is useless, and all the automobile taxes be turned into the county where collected, to be used on the local roads.

Opens Oldsmobile Agency Here

G. M. Armstrong from Floydada, who has the agency for the sale of Oldsmobile cars in a number of counties in this section, has leased one of the Saigling buildings on the south side of the square and is opening salesrooms there.

He remembers ever having seen from a snake.

CARTER-HOUSTON'S
"A Pleasant Place to Shop"

\$35,000 IN PREMIUMS 2,000 BIRDS FOR SHOW

Second Annual South Plains Poultry Show to be Here in December

A committee is out this week soliciting the business men and citizens of Plainview for special premiums to be offered at the second annual show of the South Plains Poultry Association, to be held in Plainview in December. The committee is having better success than it anticipated, and indications are that the total premiums offered including those to come from poultry associations and other sources related to the business will reach nearly \$4,000 in value.

The premium list and other literature will soon be published and sent out to people interested in poultry raising and will be circulated not only locally but throughout the United States.

A number of special breed associations and clubs will hold their state conventions here at the show, and it is expected the number of birds on exhibition will possibly exceed 2,000.

J. M. Lipscomb has been selected as the superintendent of the show.

Soldiers are Returning

Dee Fox, who has been in service for the past thirteen months, ten of which he has been in France, has recently landed at Newport News, Va. He was sent to Camp Pike, Arkansas, to receive his discharge.

Capt. Carl Brown came in Wednesday from Fort Worth, having received his discharge from the army. He says there is nothing to the report published in the Dallas News saying he would possibly go to South America to live.

Olin Brashear returned yesterday from St. Louis, having received his discharge from the army service. He was taken last fall at a camp in Florida with influenza, and was very sick for several months with complications growing out of the disease. For the past several months he has been in a St. Louis hospital convalescing.

Will Remodel Store

The contract was let this week by J. N. Donohoo for the remodeling of the Plainview Mercantile Co. store. The room heretofore occupied by the Style Shop will be added to the store, which will give fifty feet frontage and back 120 feet. A very modern system of show windows will be installed in front, in fact the entire store will be remodeled along modern lines. Mr. Pierce says the store when finished will undoubtedly measure up to its long-time slogan of being "the prettiest dry goods store on the Plains."

Have Bought Tractors

The following persons have bought tractors and other farm machinery from Jarvis & Barber, local agents of the International Harvester Co., the past week:

E. Dowden, 15-30 Titan tractor; C. W. Sewell, 10-20 Titan tractor; L. S. Kinder, 10-20 Titan tractor, also a New Racine thresher outfit.

Will Cut Cost of Living

A dispatch from Washington says government machinery was set in motion today to relieve the high cost of living. Just what action is to be taken the dispatches do not say. One plan suggested is the reduction of the amount of currency in circulation, with a hope of deflating prices.

Chicago Race Riot Subsides

After four days and nights of rioting in which thirty-two persons were killed, eighteen being negroes, the race war in Chicago has about subsided. Ten thousand state troops have the affected district under control.

Will Get Two Trucks

County Judge Clements, Commissioner L. W. Sloneker and Frank Hart will go to Amarillo tomorrow morning to get the two army trucks apportioned to Hale county for road work. They will drive them to Plainview.

Sugar Shortage Continues

The sugar shortage in Plainview continues, as grocers are able to get only small shipments. Some grocers are clear out, and others are selling only 50c worth to a customer.

Bodie Pope of Floydada was in town Wednesday.

MORE THAN 100 BUSHELS OATS TO ACRE HARVESTED

HUGH TULL HARVESTS 2,942 BUSHELS FROM TWENTY-NINE ACRES

One hundred and one bushels of oats to the acre is a new record for Hale county, but that is what Hugh V. Tull, who lives just east of Plainview, averaged on twenty-nine acres. The total was 2,942 bushels, or an average of more than 101 bushels. Mr. Tull's 120 acres of wheat averaged between thirty and thirty-two bushels to the acre.

Joe Leach, whose farm is northeast of Plainview, averaged a fraction more than one hundred bushels to the acre on his oats crop.

R. Dennis of near Runningwater averaged thirty bushels to the acre on his winter wheat and twenty on his spring wheat.

The News has reported some fine average yields of wheat and oats as the farmers finish their threshing. We would be glad to have such data from farmers, as it is interesting reading.

Plains Roads are Best

Dr. and Mrs. J. F. Rupe and Mr. and Mrs. R. A. Nolan of Smithville, Mo., thirty miles from Kansas City, are here in a car. Dr. Rupe says the roads on the Plains are the best they saw en route, as those in Missouri and Oklahoma are very bad.

Dr. Rupe has owned a quarter-section of land near Olton for eight years, and this is the first time he has seen it. He is pleased with his investment.

They will leave today for their home.

Mrs. Barber's Father Dies

D. F. Ewing, father of Mrs. P. B. Barber of this city, died at his home in Canton, Ohio, Tuesday night. Burial was at Mt. Vernon, Ohio. Mrs. Barber was unable to attend the funeral.

The deceased was about seventy years of age, and was known in Plainview, having visited here twice, the last time last summer. He leaves three daughters, one of whom lives in Louisiana and the other in West Virginia.

Sewell Grocery Co. to Move

As per an adv. on another page, the Sewell Grocery Co. announces it will move into the quarters in the Grant building formerly occupied by Hammer Dry Goods Co. and R. & H. Millinery Co.

The vacated building is owned by Carter-Houston Dry Goods Co. and it is rumored that possibly they will move the frame building and erect a brick one in its stead and add it to their present store floor space.

Cut Your Weeds

The weeds are certainly holding sway in many parts of Plainview. Property owners should cut the weeds on their premises, and especially on vacant lots. There is an ordinance providing a penalty for failure to cut weeds.

Eggs Remain High Priced.

Eggs are still selling on the local market at 27c a dozen, which is indeed high for this time of the year. Poultry and eggs are bringing many thousands of dollars into Hale county each week.

Governor Hobby signed the bill requiring producers of oil and gas to keep records of their production, the amount of money derived from stock sales and their promotion expenses. In addition, the new law requires the books of the company be kept available for inspection by the railroad commission and persons interested in the affairs of the company. According to the authors of this law, it will afford protection to all legitimate industries and undertakings and drive from the state fakers and frauds.

Russian troops who are battling to rescue their country from Lenine and Trotzky are said to be bare-footed and without rifles. If so, Lenine and Trotzky have a long lease on power. A soldier without a gun is about as useless as a wagon without wheels.

P. W. Walker of Littlefield was here Tuesday.

There are 251,118 automobiles in Texas—a car to eighteen people.

Anyway, we are glad we didn't own any stock in a corkscrew factory when the "drouth" struck the country.

The trouble these days in some men is, if they have to pay a few cents more for an article than they use to, they want to at once overturn the entire government.

More than a hundred bushels of oats an acre is being threshed on some Hale county fields. No wonder the aquatic fowl is honking high on the Plains this year. He has a honk a-coming.

We are an optimist enough to really believe that some day, everything will work out right for everybody, and editors will get their just dues and not have to work more than twelve or fifteen hours a day.

The harvest is nearly over, the bunch on the corner of the square is gradually growing to its usual strength, members are coming out of hiding places where they went when it looked like everybody was going to have to go to work in the fields.

Peaches that bring the growers 50c a bushel down in the state cost the consumers on the Plains \$2.50 to \$3. This is but one of many instances where there is a lot of people who have to be fed between the producer and the consumer. Maybe this is one reason why the cost of living is so high.

It is so hot down in Central and North Texas that eggs can be cooked if put on pavements. How we do pity those poor, perspiring people. Out here on the Plains the cool breezes blow, and the nights are so cool that quilts are necessary. Life on the Plains is the life for me.

The price of lard, compounds and other fats is going sky-high. The reason is given that Europeans are almost devoid of fats and need much more such products than America can spare, hence the price is going toward the skies. These days it is not hard to find an excuse to raise the price of anything. This aeroplaning will stop some day, for it cannot go on at the present rate always; then things will topple.

The senate should refuse to ratify the treaty whereby the United States agrees to at once come to the aid of France if she is ever again attacked by Germany "without cause." That is an entangling alliance that for an American president to have agreed to it was enough to cause George Washington to turn over in his grave. We are already mixed up too much in old world affairs for our national good.

Pat M. Neff of Waco, has shed his hat into the ring as a candidate for governor. He is a native Texan, a graduate of the State University, formerly speaker of the house of representatives, leader of the grand lodge Knights of Pythias, a prohibitionist, and one of the most eloquent orators in the state. The editor of the News heard him deliver a Fourth or July oration at the State University recently, and knows him to be "some" speaker. Mr. Neff is an able man, also a good one.

Ben Smith edits the Lockney Beacon. Some of the articles he writes are good, some of them are rotten, and some of them are good and rotten. In this latter class is to be put his knock at the editor of the News, a recent article in this paper telling of the coming great non-intoxicating but refreshing beverage—alfalfa tea. He intimates that alfalfa tea is worse than intoxicating liquor, and has a bunch of fight covered up in it. Not so, if made right, and of Hale county alfalfa. If properly brewed, alfalfa tea is more delicious than buttermilk, more refreshing than lemonade, more bracing than wine and more exhilarating than whiskey, yet is not the least intoxicating. People in future years alfalfa tea is almost sure to supplant all other beverages, and millions of gallons of it will be drunk. It will put the Plains and all other alfalfa-growing districts on the map sure enough.

Hale county is the land of opportunity. Hale county is the land for the ambitious, the industrious and the thrifty. There are many farmers in Hale county this year who will make more money from their crops than their farms cost them. There are thousands of acres of uncultivated land in Hale county, as fertile as the birds ever flew over. There are more than a half-million acres of land in Hale county, and there should be a family on every half, quarter and eighth-section of it. Hale county has a few more than ten thousand people. It should have fifty thousand people within its borders. Such a population could be easily supported.

HIGHER TAXES

A new high record in state taxes is to prevail this year. It will be a total of 75c on each \$100 worth of assessed property, divided as follows: Ad valorem for general purposes 35c, for schools and free text-books 35c, for Confederate pensions 5c. The total last year was 55c. In 1908 under Campbell's administration it was only 4c ad valorem.

In addition to this there are county and city and local school taxes, also a legion of different federal and war taxes. Verily, a goodly part of a person's income these days goes out as taxes.

But, we cannot have the government paternally guiding and circumscribing our lives at every turn from the time we are born until we are planted beneath the sod, unless we pay for it.

There is one thing certain, everything we get out of the government we first must put it there before we take it out.

It is getting so that we look to the government for everything. "Let the government do it" is the slogan these days. When the government does anything you may depend upon it that costs more than if an individual did it.

So, so long as you favor the government wet-nursing everybody and everything, you should not grouch about paying high taxes.

High taxes have come to stay. Put that into your pipe, brother and smoke.

Hale county's crops this year will sell for ten million dollars. That is approximately \$1,000 for every man, woman and child in the county. Few if any counties in the United States will make such a record this year, or have in past years. If this money is properly conserved it will develop the county, and insure us against hard times for many years to come. Don't spend it in wild-cat speculation or in extravagancies, brethren; hold onto a part of it for the inevitable short years and old age.

Down at Waco some of Bob Henry's crowd has gone into the courts to attack the constitutionality of the law permitting the women to vote in the democratic primaries. Why keep on kicking against women voting? It is throwing away time that could be much more profitably spent hoeing cotton and gathering crops. Women will be voting in all the states of the union within a few months. Southern democrats by their action in opposing equal suffrage are but making it possible for a national victory in many years to come.

Senator McNealus of Dallas says he will run for lieutenant-governor next year. The women vote in Texas primaries, and they will get Mc's scalp, for they consider he turned traitor on the suffrage question. He was for ratification, until a few days before the special session, when after Joe Bailey wrote a letter against ratification, he switched and worked and voted against it. Mc believes Joe set the sun, moon and stars in their orbits, and controls their course. McNealus is the stormy petrel of the senate; he is the wild Irishman of the body, and wants to have a personal fight with members who do not agree with him. His extreme age has saved him from a number of first class whippings down at Austin. He has about as much chance of being elected lieutenant-governor as has the editor of the News, and we are not going to run. The present incumbent, W. A. Johnson of Memphis, is giving the state good service and is serving his first term; is of the Northwest, and merits another term if he desires it. Mrs. Reppert, Mrs. Mahoney and Mrs. John Davis of Dallas can be depended upon to use rolling pins on McNealus' political cranium. They told the editor of the News three weeks ago in Austin that they were going after him in earnest, and from the glint in their eyes they meant what they said.

The allies have informed Hungary that she must kick out her Bolshevik government if she expects them to allow her to have food. Food is very scarce in that country, hence the Bolshevik is going to get kicked out. When the stomach aches a person will do most anything to assuage the aching.

The Chico Review says the word "decent" has no connection with the Texas legislature. The Review is in error. The legislature is made up of as decent, genial, able and representative a body of men as you could well gather together from the different avocations of the state. Many of them have their faults and weaknesses, it is true; possibly some of them are crooked, but not so with the larger per cent. We really believe that practically every man in the legislature feels the duty that devolves upon him, and tries to live up to that duty. Practically every one of them, has the state's interests at heart. Everyone of them has his district's interest at heart above everything else, and in trying to look after his district's interest he often runs athwart the interests of the state. It is an error and unfair to reflect on the honor and integrity of the members of the legislature as a whole. The editor of the News recently hobnobbed with them for three weeks, and had a lot of false notions anent legislators dispelled thereby.

MEXICO MUST HAVE PEACE

President Wilson is sending Ambassador Fletcher back to the City of Mexico to tell Carranza with emphasis that he and his country must turn over a new leaf; that American lives and property must be safeguarded, and that reparation must be made for what has already been done to Americans.

It is rumored that a new and stronger policy has been adopted by this country in its dealings with Mexico. That Fletcher's demands will be in the nature of an ultimatum, which if not complied with at once by Carranza the United States will at once send a large army of soldiers into Mexico and warships will take possession of her ports. This is not necessarily war, it is said, but merely occupation until the Mexicans can settle their revolutionary troubles, and bring peace and law and order to the country.

Mexico and Carranza have indeed been trying on the patience of the United States. Any other country but this would have given Mexico a spanking long ago and would have pulled all of Carranza's whiskers out by the roots, for he is but a big lot of gall and fuss.

American interests, in fact civilization, demands that peace come in Mexico. The United States is the policeman and guardian of the western hemisphere, and the world looks to us to make Mexico behave. An easy policy has been tried; persuasion has been tried; friendliness and helpfulness has been tried—but none of these means has done any good. Now, a firm policy—one of the rod, if needs be—should be used. The sooner Mexico, and Carranza, are informed in the shape of an ultimatum the better it will be for Mexico, the United States and the world.

"WISH I WAS IN DIXIE"

To yesterday morning twenty-nine persons had been killed and hundreds wounded in Chicago in race riots between the whites and negroes which have been in progress there all this week. It was started Sunday by a negro boy drifting over into the white section of a swimming beach on the lake front, whereupon he was set upon by some whites and killed. Negroes have been riding the streets in certain sections of the city in cars shooting indiscriminately into crowds of white people; whites have been doing the same thing, shooting at negroes. Men and women of both races have been assaulted on the streets. The police were powerless to stop the rioting, and the governor sent 7,000 state troops into the district.

Of course, those taking part in the riots are nothing less than hoodlums, black and white, and deserve no mercy at the hands of the courts. They are chock full of criminal cunning, and seek such conditions as this to give vent to their murderous proclivities.

The negro is having a hard time in the North these days, and doubtless most of them wish they were back in Dixie, where the white people do not allow the negroes any social equality nor call them "mister," but treat them fairly and humanely so long as they keep their places, and when one of them commits crime he alone is punished and there is no wholesale killing of other negroes.

The North sowed the wind; now she is reaping the cyclone. The South is right on the so-called negro question.

President Wilson will start about August 15th on a speaking tour of the country, advocating ratification of the league of nations covenant without change. He will go as far as the Pacific coast and may visit Texas. The covenant is being discussed in the senate, and it now seems that it will be adopted only after certain reservations are included in the ratification.

Announcing THE 1920 MODELS K Series

QUALITY has been the foremost consideration in the construction of the 1920 Model K Series. An established standard of Buick construction that for years has given the Buick Valve-in-Head Motor Car a reputation of superiority.

Upon such a foundation of strength, durability, and value has the 1920 Buick Series been designed and manufactured.

An inspection of the new line will reveal improvements and refinements that are sure to please the most exacting purchaser.

Prices of the New Buick Series	
Model K-Six-44 Three-Passenger Roadster	\$1495
Model K-Six-45 Five-Passenger Touring Car	1495
Model K-Six-46 Touring Coupe	2085
Model K-Six-47 Five-Passenger Touring Sedan	2255

Model K-Six-50 Seven-Passenger Sedan	2695

F. O. B. Flint, Michigan

McCLELLAND-SELF BUICK CO. BUICK DISTRIBUTORS

"In the Heart of Auto Row" Phone 17 Plainview, Texas

It is proposed to ask the people of Hale county to authorize a bond issue of a million dollars for road improvements, in order to secure \$200,000 aid from the federal highway funds. We doubt very seriously if the people will vote such a large bond issue.

IN A MINOR STRAIN

Down at Dallas the other day a woman swindled a prominent oil man out of \$60,000 on a fake lease. My, she must have been a smooth one to swindle an oil man out of that much.

In a few days the Plains water-melons and cantaloupes will begin to ripen. Then life will become one grand, sweet eat and eat.

The only things that have lately declined in price are postage stamps and phonograph records. Therefore, we can write more letters and listen to more "canned" music.

No married man should brag about his self-control. He lost control of himself the day he got married.

A married man's idea of extravagance is hiring a taxi when you are going anywhere with your own wife.

All we have to say is, when a woman has chased shirts up and down a washboard for a number of years she is not to be blamed for turning Bolshevik and believing in the total depravity of husbands.

If Mr. I. Doolittle, of Allentown, Pa., lived in Plainview, he would doubtless be a member of the bunch that holds forth on the corner of the square.

Wm. D. Haywood, head of the I. W. W. in this country, has been released from federal penitentiary on a heavy bond pending his appeal. He says the I. W. W. did not oppose the war with Germany, never committed murder or violence. Bill should tell his story to the marines. The strikes, destruction of supplies, crops, ammunition by the I. W. W. disproves his statement anent loyalty to America in the war. The destruction of property disproves his statement that the I. W. W. did not commit violence. The blood of Gov. Steunenberg of Idaho, of twenty-three non-union miners who were blown up one day in Victor, Colo., and of scores of other

er persons whose lives were snuffed out at the secret orders of Haywood and his crowd in various activities of that organization cry out against Haywood's statement that the I. W. W. has never committed murder. Wherever Haywood has gone during the past sixteen years—among the gold miners of Colorado, the copper miners of Idaho, the factory workers of the New England states, the iron miners of Michigan, and other places—murder and destruction of property has invariably followed. Until now he has gloried in the murder and destruction his organization has com-

THE CHEERFUL CHERUB

I like to go to Texas and talk of Art Although I act as stupid as a goose I hear so many clever epigrams That I can store away for future use.

Worship of the golden calf by the children of Israel in the wilderness was no more idolatrous than the worship of the golden eagle of today.

Most thoughtful parents of this age—and there are still some—have an ever growing problem on their hands in teaching their children to render due respect to their elders. The tendency is, these days, to allow children the privilege of disrespect in the home, therefore, it is hard to teach them to respect others when nothing is exacted on behalf of the parents. It is a matter worthy of the immediate attention of every father and mother—immediate and continued attention.—Clarendon News.

George Miller went to Amalillo yesterday to bring back on Oldsmobile car.

**BAILEY'S MOVEMENTS
PROVE OF INTEREST**

Members of Congress and Other Officials Watching Happenings in Texas

Washington, July 29.—Texans in Washington regarded with interest the report of the proposed formation of the People's Democratic party by former Senator Bailey at a meeting to be held in Fort Worth Aug. 14, and were considering the probable effect upon the party organization as it applies to the nomination of candidates to congress. Members of the delegation in the house declined to be quoted, and while some of them were inclined to view the situation with amusement, others expressed an apprehension that the movement might secure considerable headway.

It is known that the former senator's plan involve what is denominated as the swing-back to the ancient principles of the party, and the expected hope that it would bring to the standard of the new party the conservatives of both the present leading parties, and that the movement would not be confined to state lines. Already there is similar movement in Mississippi headed by former Senator Vardaman, who was defeated for re-election, and one in Georgia dominated by former Senator Hardwick, who suffered a similar fate at the polls last year. In the latter two instances the work is based pretty much upon opposition to practically everything the Wilson administration has attempted to accomplish.

The effort of former Senator Bailey, while it might sooner or later become harmonized with the opposing movements in other states, is spoken of here as including grounds more vital to the existence of democracy itself, in that the tendency of the times has been to veer away from the milestones upon which the party was founded, notably as regards woman suffrage and prohibition, wherein the rights of states have been disregarded. It is said that those behind the Texas movement believe it will draw support from both the old parties and hope is entertained that differences may be harmonized on the general issues sufficiently to bring it about.

The prediction is that notwithstanding Senator Bailey's frequently declared intention to leave politics alone he will be pressed into service as a candidate for the senate.

Mrs. Lockie Janes of near Abernathy were here Thursday.

Largest in History

According to an Associated Press correspondent the Southwest harvest, the largest in history, has been completed. Higher wages than ever before have been paid and there was little radical agitation. An army numbering at times 125,000 men advanced with harvest from Texas and Southern Oklahoma through Kansas and into Nebraska, earning an average of 60 cents an hour. College students and returned soldiers predominated among the harvesters. There were some instances of wages reaching \$15 a day, due to peculiar local conditions and we are told that at the critical period of the harvest farmers here and there became panicky and bid wages up to 80 cents an hour. Texas, Oklahoma, Kansas and Nebraska harvested bumper wheat crops. Farmers of these four states are promised bountiful corn crops. There is work for all. There is prosperity for all. There is hope for all.

Plainview Man Appointed Tutor
Austin, July 29.—Earl Sparks, of Plainview, has been appointed tutor in the school of economics and sociology at the University of Texas for next year. Two other tutors will be appointed. Mr. Sparks will receive his bachelor of arts degree in the university at the summer school commencement in August.

Only graduate students of high standing are eligible for this position, the duties of which are grading papers and conducting quiz sections in the large classes in economics and sociology.

Prominent Lubbock Citizen Dies
Lubbock, Texas, July 29.—R. D. Benson, a prominent ranchman of this county, died suddenly at his ranch home twelve miles northeast of this city Monday afternoon. He had been helping brand cattle, and complaining of being sick, he went to the house. A physician was called from Lubbock, but before he arrived Mr. Benson had passed away. The cause of his death is given as acute indigestion. Mr. Benson was one of the best known ranchmen of this section and was for a long time a resident of Fort Worth.

Since the embargo on gold was lifted on June 9 a total of approximately \$93,000,000 has been exported to South America, Europe, and the Far East. South America has taken \$53,250,000, Spain \$24,000,000, and \$13,500,000 has been taken for shipment to Japan.

SURPLUS ARMY FOODS WILL BE SOLD TO PUBLIC

Postmasters Over Nation to Act as Agents and Will Take Orders From Purchasers

Washington, D. C., July 29.—Through the postmasters of the country the war department will offer tomorrow direct to consumers its present available supply of surplus foodstuffs amounting to approximately 341,000,000 pounds. This surplus consisting of canned vegetables and meats, is expected to be sold within a week at prices representing the cost to the government plus postage.

Arrangements for the sale of the foodstuffs, directed by a resolution passed yesterday by the house were made today at a conference held by Secretary Baker with post office department officials.

Secretary Baker said a price list covering the entire available surplus would be prepared at once. This list would be sent out to each of the 54,000 postmasters of the country and to every rural route carrier.

The postmasters and carriers will act as government salesmen, informing interested consumers of the prices and methods of sale and taking orders for the foodstuffs.

Suffrage Wins in Arkansas
Little Rock, Ark.—Both houses of the Arkansas legislature Monday ratified the federal suffrage amendment. In the senate the vote was 29 to 2 and in the house it was 76 to 19. Arkansas is the twelfth state to ratify the proposed amendment and the second of the Southern states to take this action.

Atlanta, Ga.—The Georgia legislature refused to ratify the Susan B. Anthony amendment to the federal constitution. The house Thursday rejected the amendment 132 to 24. The senate earlier in the day voted 39 to 19 against it.

Many Wounded Americans in France
Hostilities ceased several months ago, but there are still several thousand American doughboys in the military hospitals of France, most of them too ill to stand the journey home. The hospital center at Nantes is one of the largest remaining in France, and contains between 1,000 and 1,500 patients. The way in which the men pass their time and the efforts put forth to make their lot more comfortable and bearable are typical of those at other places.

**J. J. LASH
REAL ESTATE CO.**

**Have Moved Four Doors North
708 N. Broadway New Ellerd Bldg.
Phone 653. Plainview, Texas
J. J. LASH W. A. MORTER**

For Sale—320 acres of land, located between Hale Center and Abernathy, two room house, well and mill, fenced and cross fenced, good sheds, 200 acres under cultivation. Owner wants to sell and don't need the money. Price \$30.00 an acre, \$2,000 cash, and the balance one to ten years time. Sell that wheat and come in and look at this farm.

1,600 acre ranch, fine land, located southwest of Plainview, Texas, owner needs money and will sell if bought at once at \$15.00 an acre, \$5,000 cash, and the balance easy terms. Would consider some good land close in as part pay but must have some cash.

For Sale—65 acres of land northwest of Plainview, no improvements, price \$16.00 an acre, four hundred cash and balance easy terms.

640 acres near Runningwater, Texas, not far from railroad, price \$22.00 an acre, small cash payment and balance easy terms, better buy this land and put it in wheat and it will pay for itself next year.

For sale—1,760 acre ranch, near Hale Center, well improved, one of the most complete ranches on the Plains. If you are interested come in and talk it over.

For Sale—Residence and two lots, \$200 cash, balance monthly. Price \$1,300.

For exchange—320 acres of fine land, four miles of Stratford on the North Plains, some wheat in same vicinity made over fifty bushels to the acre this year. Owner of this land wants land near Plainview, and will give a good deal or would sell this land with small payment down, balance easy.

For exchange—Two brick buildings on best street in Plainview. Owner wants some good land on the Plains. These buildings are bringing in \$250 every month.

For exchange—fine house and six acre tract in west part of Plainview. Owner will exchange for some good land and pay difference in cash. If you want to sell that farm and want a good home and balance in hard cash come in. Owner might consider large home if the price is right and pay cash difference.

For exchange for 160 acres of land, good Buick Six Auto, one thousand dollars in Oil Stock in the Burk Burnett field, one thousand in cash to put in as first payment. Might consider 320 acres.

We have several nice residences for sale on easy terms, we make Abstracts, write all kinds of insurance, make loans, rent houses and lease farms and exchange that you don't want for what you want.

J. J. Lash Real Estate Co.

GOING TO

MOVE

We take this opportunity to announce to our friends and customers that about Monday, August 4th, we will be installed in our new home in the store room formerly occupied by the Hamner Dry Goods Co., in the Grant Building.

This store will give us much more room and an opportunity to make better display of our stock of Staple and Fancy Groceries.

We have appreciated the patronage of our many friends in the Plainview territory and we trust that with our added facilities for service in our new location that those who have been our customers will find additional incentive for staying with us, and we also hope that many whom we have not been serving will be interested in our plans for their convenience and service and will give us at least a month's trial business. We believe that you will continue with us if you are willing to give us a trial.

In our new home we will add to our present stocks and plan to give Plainview a live, up-to-date grocery.

Sewell Grocery Co.

FRUITS ARE NEEDED IN DIET OF CHILD

Children Also Require Vegetables For Proper Bodily Development

Both vegetables and fruits supply the body with iron, lime and other mineral matter, and some protein and body fuel as well as mild acids, says the Bureau of Child Welfare of the United States Department of Child Welfare. They are particularly necessary in the diet of children. They should be served at least once a day, as they help to keep the bowels in good condition. Vegetables may be used as flavoring for soups and stews, may be added to milk and meat stews or served with meat gravy. If gravy is used, do not have it too fat nor make it with scorched fat.

Young children may be given the young and tender parts of celery and lettuce, a satisfactory way of serving them being in the form of sandwiches. For this purpose salt slightly and chop or cut the celery into small pieces.

Wash all vegetables with great care, whether served raw or cooked. Scrub large vegetables, such as potatoes and carrots, with a brush. Greens should be washed leaf by leaf under running water, or in a large amount of water, until free from grit and visible dirt. In the latter case any sand which clings to them is likely to sink. To prevent it from again getting on the vegetables lift them from the water instead of pouring the water off.

Serve most vegetables when cooked as a separate dish, either steamed, boiled, baked or stewed. If the supply of fresh vegetables is not generous, then use with the juice in which they are cooked, as far as possible, or put it into soups or stews.

Experience has shown that vegetables, particularly green vegetables, are at their best when cooked until tender, but not until completely wilted. Spinach requires from 20 to 30 minutes' cooking.

Vegetables may be served either quite simply seasoned with salt or with a little milk, cream, or butter, to improve or vary the flavor. Oil may be used to dress greens instead of butter. These simple methods are better for children than complicated ones like frying or scalloping. For the smallest children, chop finely such vegetables as greens, and if the tougher portions of other vegetables, such as the skins of green peas, are found to disagree with a child, re-

move them by putting the cooked vegetable through a sieve. Do not give small children such vegetables as raw radishes or cucumbers, which might easily be swallowed in large pieces and not digest well.

Fruits are also very important in the child's diet. They supply mild acids, and they are important for their flavor, for their laxative effects, and no doubt for other reasons. This laxative effect is well recognized in the very general use of prunes, orange juice, and apples. Fruits, like the vegetables, have mineral elements which the body requires. Serve fruits in some form at least once a day. In general, follow the same rule as for vegetables in deciding in what form they should be served.

Fruit juices and the pulp of cooked fruit, baked apples and pears, and stewed prunes, for example, are safest for children. Whether the skins are given depends partly on the age and health of the child and partly on the way the fruit is prepared. If the skins are very tender, they are not likely to cause trouble, except with very young children. When apples and pears are baked the skins can be made tender by frequent basting.

Mexico and Her Creditors

French financiers in 1914 loaned \$30,000,000 to General Huerta, who succeeded Diaz as military dictator of Mexico. Huerta died in an American prison. Carranza refuses to pay interest on the French debt. Now the French financiers are clamoring for their coin. France needs the money. She has a war debt that is staggering to the minds of the ablest financiers of the world. Great Britain has claims against Mexico. Italy has claims against Mexico. Citizens of the United States have piled up claims against Mexico. Uncle Sam has a big job of his own on his hands. He is the author of the Monroe Doctrine, the big brother of Mexico and the pan-American republics. In the long run Mexico will be compelled to pay.

Attempts to Take Life

Onie Turner, a prisoner in the Potter county jail, made an unsuccessful attempt last night to end his life. Turner was transferred to the Potter county jail some time ago from Randall county and is being held on a charge of murder and for lunacy. Amarillo News, July 30.

Attorneys W. W. Kirk and C. D. Russell went to Amarillo Wednesday afternoon.

REAL ESTATE TRANSFERS

C. C. Slaughter to E. J. Campion, section 11, block O-2, 160 acres; consideration, cancellation of obligation. J. O. Jones and wife to W. B. Jones section 8, block CK; consideration \$5,750.

H. W. Knupp and wife to R. M. and Roy Irick, lots 6 and 7, Boswell Heights Addition, Plainview; consideration, \$10.00.

Cow Puncher Kills Seven Bandits

Bob Carter, writing from Big Bend, Texas, on July 6, gives the following account of an exploit of a former JA puncher:

"Hayes Bobbins, an old JA cowboy who is well known in Armstrong county and at Clarendon, took a New York oil man down in the Big Bend country recently to look at some oil leases near the border. On their return trip seven Mexicans held them up expecting to rob the oil man. Hayes stopped the car and the battle began, the oil man said, Hayes using an automatic Colts and the Mexicans using rifles. Hayes killed six of them with the first six shots and had punctured the seventh twice when Rangers appeared and captured him. He died from his wounds in a few minutes. Hayes was slightly wounded and the car was damaged some from Mexican bullets."—Claude News.

His Other Side

Henry Ford, the humanitarian, has been given an inning. He built the great Ford hospital in Detroit at a cost of \$4,000,000 and turned it over to the government. He established a refuge for Belgians in 1914 and still maintains it. He pays little attention to his income or what is done with it, at least not in detail. He is interested in birds and works for legislation for their preservation. He is the pal of Thomas A. Edison and John A. Burroughs, the most noted of American naturalists and when the Tribune trial is over he will spend his vacation with these two wonderful Americans. When you weigh a man's defects do not overlook his virtues or strong points.

SOCIETY

Mrs. Richards is Given Farewell Party

Complimentary to Mrs. J. W. Richards, Mrs. George Saigling was at home Tuesday afternoon to the ladies of the Presbyterian church. There were interesting games and other amusements. Also Mrs. George Wilson rendered several vocal selections, and Mrs. C. H. Curl gave a reading. At the close of the afternoon punch was served, and at the table toasts were given to the honoree. Mrs. J. H. Abney responded with a very clever original toast and presented Mrs. Richards with a bag and stick with which to commence her wanderings—as the family is soon to leave Plainview, for Dublin, to make their home, and in the bag was a shower of handkerchiefs, which all the guests had brought.

Miss Marie Gidney Hostess to Wednesday Bridge Club

Miss Marie Gidney was hostess Wednesday afternoon to the Wednesday Bridge club. In addition to the members she had as her special guests Mrs. A. C. McClelland, Mrs. C. W. Cory of Tulsa, Okla., Misses Josephine Settoon of Louisiana, Irene Lamb and Dell Speed. The afternoon was enjoyably spent in playing bridge, and refreshments were served.

Mrs. R. C. Ayers Entertains For Sister

Mrs. R. C. Ayers gave a pretty bridge party Thursday afternoon honoring her sister, Miss Ida May Hall of Sherman, who is her guest. Nassurtians were used in the decorations. Punch was served while the games of bridge were in progress and at the close of afternoon there was a salad course. The guest list included Mesdames P. J. Woodriddle, E. F. Sansom, E. Bawden, Charles Saigling, F. W. Clinkscales, E. L. Dye, W. Holbrooks, R. R. Field, Wallace Settoon, P. B. Barker, Casey Hughes, Robert Malone, P. B. Barber, N. E. Barrett, L. A. Knight, Wade Holman, W. J. Lloyd, Theo Shepard, Jim Anderson, May Kinder Smith, Misses Kathleen Joiner, Marie Gidney, Lucile Kinder, Irene Lamb, Nell Sansom, Josephine Settoon of Louisiana, Brooks of Oklahoma City, Mrs. J. J. Roberts of Hale Center, Mrs. Walter Barrett of Los Angeles, Calif.

Showers and Parties For Bride-to-Be

Miss Elizabeth Leach will become the bride of Mr. Harry Phelps tomorrow morning at 10:30 o'clock at the home of her parents, Mr. and Mrs. J. H. Leach, at their farm home northwest of town, cards having been issued to the ceremony, which will be performed by Dr. E. E. Robinson. The groom-to-be is the son of Mr. and Mrs. G. M. Phelps, and has been making his home in Lubbock for some time, where the couple expects to reside.

The bride-to-be has been the recipient of several ante-nuptial social affairs the past week, attesting her popularity.

Monday afternoon from 4 to 6 o'clock Mesdames E. Y. Brown and E. L. Doland honored her with a miscellaneous shower at the Doland home. Yellow and white was the color scheme and Shasta daisies were used. On the dining table there was a fish pond, around which the gifts were arranged. The afternoon was enjoyably spent in playing forty-two, and at the close cake and cream in yellow and white were served to the eighteen guests.

Wednesday afternoon Mrs. Cora Pritchett-O'Keefe, aunt of the groom, and Mrs. Frank Daugherty, gave a kitchen shower for Miss Leach at the O'Keefe home, entertaining a number of friends. The decorations were in pink and white. At an appropriate time into the rooms came Little Misses Dorothy and Frances Daugherty drawing a small wagon on which was seated Joe Anna Lloyd with presents for the bride-to-be consisting of many necessary articles for the kitchen, which will be one of the most important places about the house for one Harry Phelps. Ice cream and cake was served.

Miss Sybil Roberts gave a shower yesterday afternoon to Miss Leach, the bride-to-be, a which a number of friends were present, and enjoyed a very pleasant social hour.

R. L. Slaughter, Jr., and Miss Katherine Earnest Marry

R. L. Slaughter, Jr., of El Paso, and Miss Katherine Earnest of Littlefield were married in Lubbock Monday night, by Rev. J. B. Cole. They left that night for El Paso.

Both parties are well known in Plainview, the bride having lived here several years ago. Mr. Slaughter is an heir to the Slaughter ranches.

Nelson Lindsay Celebrates His Tenth Birthday

Mrs. A. H. Lindsay gave a party

Wednesday afternoon from 5:30 to 7:30, that being her son, Nelson's, tenth birthday anniversary. About forty children were guests and they played games on the lawn, and there was music on a Victrola. At the close Mrs. Lindsay assisted by Misses Ruby Barrow and Luella Moon and Mrs. W. E. Armstrong served a picnic luncheon on the lawn. Nelson received many presents from his friends.

Returned Soldier Marries Miss Pullen of Near Whitfield

Miss Florida Pullen and Mr. Frank Yearwood were married Saturday at the Methodist parsonage in Lockney, Rev. Bascom Watts performing the ceremony. The groom recently returned from service in France with the American army, where he took part in actual fighting and was wounded and gassed. The bride is the daughter of Mrs. I. C. Nations of near Whitfield. They are both popular young people. They will make their home on a farm in that community.

Entertained With Forty-Two For Lamesa Guest

Miss Ophelia Dorwood of Lamesa was the honoree at a party given by her cousin, Miss Elodia Graves, Saturday night. There were four tables for the games of forty-two, which furnished the entertainment for the evening. Light refreshments were served to the following guests: Misses Gladys Finch, Elma Cobb, Florine Long, Thelma Murphy, Ila Counts, Lucy Craig, Mavis Smith, and Ophelia Dorwood, and Messrs. Coy Myers, Robert McDaniels, Carvey Groves, Hamilton Luna, Mark Gallaway, George Keys and Lee Lockhart.

CHURCHES

Plainview District Epworth League Conference

The fourth annual session of the Plainview district Epworth League conference met in Hale Center July 30, at 10 a. m. The president being unable to attend, A. L. Moore, the presiding elder of the district, presided and conducted the devotional, after which the following program was carried out.

Suitable words of welcome were extended by David Bates, the president of the Hale Center chapter, after which the presiding officer responded in a happy way.

Miss Ruth Moore of Kress in speaking to the subject, "The League as a source of future leaders for church work," stressed the importance of early preparation and the uplifting influences of keeping the ideals and needs of the world constantly before the young people.

Rev. M. D. Hill showed how the League influences young people in making life decisions. Miss Lula Watts of Kress read a splendid paper on the "League as a school for the study of God's Word," showing that Bible information imports inspiration and that Leaguers that study the Bible are more efficient in the local chapter and church.

Miss Beatrice Goss of Tulia gave a missionary paper on our duty to the American negro, in this discussion, she gave the important Bible teaching that Christ died for all nations, and that we have a duty and mission to perform toward his race.

There were some general discussions that called forth those who were not on the program and this added to the already great interest aroused by the leaders. After announcements, the conference adjourned to meet at 2 p. m.

The Hale Center chapter through the members of the church served a very fine dinner on the ground, also, luncheon at the evening hour. The fellowship was delightful.

The afternoon program proved very interesting and was begun promptly at 2 p. m.

Miss Martha Brotherton of Lockney gave a very fine talk on "The Practical Demonstrations of the Missionary Spirit Through the League."

Mrs. J. E. Swepston of Tulia discussed in a very illuminating way the characteristics of the junior period and their proper development. L. A. Temple of Tulia made some important points on "How Can I Help the League to be More Efficient."

Ezekiel Brotherton of Lockney led in the discussion of "How Can the League Help the Pastor." General discussion of this topic resulted in much good.

Misses Vera Terry of Hale Center and Montgomery of Vigo Park made some very important points and suggestions as to how the pastor can help the League.

Then the reports from the Leagues over the district were called and heard with much interest and encouragement. These reports showed that there are many splendid young people in the district, who are seeking to carry out the work of the Kingdom of God.

The following officers were elected

International Harvester Co.

Has Taken Over The

Texas Harvester Co. and P. & O. Machinery Co.

and is now doing business in Texas on the largest scale ever attempted by a farm machinery company. We are agents for their machinery in the Plainview country, and want to demonstrate to you the economy of using motor-drawn farm implements.

You can now see on our farm, 6 miles northeast of Plainview, in actual operation

Three 10-20 Titan Tractors, Each Pulling an 8-foot Tandem Disc Harrow, and One 8-16 International Tractor Pulling a 7-foot Tandem Harrow.

Come out and see them actually doing the work—for that is the best way to judge a tractor or any other machinery, and you can see just how it would do on your own farm. Ask all the questions you wish to—we want you to know all about our machinery.

Prices are as follows:

10-20 Titan Tractor	\$1,125
8-16 International Tractor	\$995
15-30 Titan Tractor	\$2,100
7 foot Tandem Disc Harrow	\$200
8 foot Tandem Disc Harrow	\$220
10 foot Tandem Disc Harrow	\$245

The above prices are F. O. B. Plainview.

J. J. Ellerd Building

for the next year: President, L. A. Temple, Tulia; vice president, Mrs. Prosser, Plainview; secretary, David Bates, Hale Center; treasurer, Ezekiel Brotherton, Lockney; Era agent, Miss Ruth Moore, Kress.

Tulia was selected as the place of meeting next year.

Bro. W. E. Lyon, presiding elder of the Lubbock district, was introduced to the conference. Having completed the program the conference adjourned to meet at 8:45 p. m.

After the devotional at the evening hour, Bro. Lyon was introduced and he gave his stereopticon lecture on "What Methodism is Doing in Africa," which was very interesting and profitable from every standpoint for the Leagues are carrying "The African Special."

Resolutions were offered by the young people thanking Rev. A. L. Moore, the presiding elder of the district, for the organizing of the district league and for his help in building up such a splendid district organization.

Resolutions were read and adopted thanking the people of Hale Center for such royal entertainment, after which the conference adjourned.

Christian Revival Will Be Held at Lockney

Elder Chas. Nichols from Central Texas, assisted by Singer Hufstetler of Amarillo, will begin a revival at the Christian church in Lockney August 10.

Placed 115 Orphan Children in Homes Last Year

Rev. W. A. Nicholas of Abilene, who is connected with the Texas Children's Home Society of Fort Worth, was here yesterday. He is making Amarillo his headquarters this summer. He informed the editor of the News that last year his institution placed 115 orphaned children in good Christian homes.

Library Board to Meet

The public library board will meet at the library next Wednesday afternoon at 4 o'clock.

Miss Dora Bell has begun a class in sewing in the basement of the Presbyterian church, with thirty students.

Gone are the old days when a man who had ten or twelve thousand dol-

Misses Fannie and Elizabeth Goode returned Tuesday from a visit with relatives in Dallas and San Antonio.

Dr. E. M. Harp has returned from a stay of some time at Sweetwater, near which place he has a ranch.

F. A. Phillips left this morning for his home in Panama, Neb., after looking after his two farms in this county.

Mr. Maddox, who is in the oil business at Wichita Falls, was here yesterday. He used to work for Carter-Houston.

Mrs. J. L. Harrington and daughter, Miss Ollie Maude, also Miss Amy Moore of Hale Center were here Wednesday.

Mr. and Mrs. Dan Lydick and two children of Fort Worth will arrive Saturday morning to visit the Sansom families.

Mrs. Howell and children of Snyder, who have been visiting the Elder families, left Thursday morning for their home.

Lieut. Sim Sheffy, who came to be at his mother's bedside, will leave Sunday for Newport News, Va., to join his command.

Mrs. C. D. Hill and daughter of Grandview, Johnson county, arrived this morning to visit W. H. Crowley and family near town.

Miss Helen Barnett returned on Thursday afternoon from Lubbock, where she had been visiting her sister, Mrs. H. P. Webb.

L. R. Grimes of Pasadena, Calif., who has been here for several weeks looking after his farm, will leave

Sunday for Pennsylvania.

Mrs. A. H. Reed of Hale Center was taken yesterday to a sanitarium in Lubbock for the purpose of undergoing a surgical operation.

Mrs. O. R. Grogan, who came from California to visit her sister, Mrs. W. C. Ooley near Providence, left Thursday for Fort Worth.

Mr. and Mrs. H. L. Grammar came in Wednesday from Mart. He was recently discharged, after having served across the seas with the army.

Mrs. Ode Thomas will return tomorrow from Kansas City and Chicago, where she has been buying millinery goods for Carter-Houston's store.

John M. Gist of Odessa was here Wednesday. He says no general rains have fallen in Ector county and he is needing rain on parts of his big ranch.

Mr. and Mrs. G. L. Blanton, who moved to Newcastle, Young county, several months ago, have returned to Plainview to make this their home again.

Thad, Ruth and Benjamin Ansley, children of Ben Ansley, have been visiting relatives here, and returned Thursday afternoon to their home in Amarillo.

Mr. Stewart and son of Claude were here yesterday, to get a residence in order to move to Plainview so that his children can attend Wayland college.

Mr. and Mrs. J. W. Goodnight and daughter, Miss Wilma, of Holland, arrived Tuesday to visit the family of R. J. Goode. Mrs. Goodnight is a sister of Mrs. Goode.

Mrs. A. B. Martin and little son have gone to the mountains of Colorado. They were accompanied by her brother, Mr. Marshall and wife of Whitesboro, who were her guests.

Mrs. Wm. Britt and daughter, Gladys, of Petersburg, took the train here Wednesday afternoon for Cove Springs, Okla., where they will attend a re-union of the Parker family.

Miss Opal Thomas spent the fore part of the week here visiting her mother, Mrs. Emma Thomas, and returned to Amarillo Thursday, where she is a stenographer in the offices of the gas company.

B. M. Johnson of Hale Center has returned home after spending a few days in the Plainview sanitarium. He and Mrs. Johnson will leave soon for a trip of several weeks to their old home in Iowa.

Mr. and Mrs. I. N. Brooks and children returned Monday from a visit of several weeks with relatives at Sonora. While there they spent much time fishing, and report abundant supplies of the finny tribe were caught.

W. M. Bryson of Brady came in this morning to look after the harvesting on his farm near Plainview. He says crop conditions are very fine in that section of the state this year, and the people are getting over the severe drouth conditions that prevailed for three years.

HIAE COUNTY HAPPENNINGS

PETERSBURG

July 30.—We did not get very much of the rain that visited the Plains this week. Threshing is progressing well and the crops are looking good.

Mrs. Herman Wiese and daughter, Frances, have returned from Iowa.

I. H. Terry has been in town several days looking after an insurance company's interest.

Grandma Davis returned Sunday morning from Tulia; where she had made a two weeks' visit with her daughter, Mrs. Robert Stephens.

R. Q. Davis and family, Mrs. J. B. Gartin and Roy spent Sunday in Lorenzo visiting Mrs. McDaniel.

Mrs. Ora Legg and son, Eugene, from Abernathy and Miss Maude Pinson from Buchanan, N. M., were guests in the L. C. Claiborne home Wednesday.

Little Lillian Allen has typhoid fever in the home of her father, T. J. Allen. We hope she soon recovers.

Roger Pinson, a Hale county boy, who was in active service in France, during the war, was here Wednesday. He looks well and is busy getting located in the drug business again.

Mrs. Wm. Britt and Miss Gladys leave today for Oklahoma, to visit relatives.

Bruce Hannah and her mother, and John Hegi Jr., spent Sunday afternoon in Abernathy.

J. W. Allen and family attended the 5th Sunday meeting at Happy Union and reported a good time.

E. B. Shankle and family attended services at Bledsoe Sunday. Dinner was served on the ground and a good time was spent with those fine people there.

July 31.—We have been having some showers, which is very helpful to the row crops.

Foster Henderson spent from Friday until Sunday with his brother, H. L. Henderson, who is depot agent at Justiceburg.

Several from this community attended the show at Plainview Tuesday night.

The presiding elder, Rev. A. L. Moore, preached here Sunday night.

Mr. and Mrs. Young Harberson of Hooper attended church here Sunday night.

The district conference of the Epworth League which met at Hale Center was well represented from this place.

W. M. Henderson's family attended the singing convention at Ellen Sunday.

Miss Malzie Wilson is the guest of Miss Vera Terry at Hale Center this week.

Billie Bickett, who is at work near Hale Center, and Miss Mildred Emerson of that place, attended church here Sunday night.

Rev. G. I. Britain preached here Sunday evening.

There is some sickness in this community at this writing.

W. H. Kaylor and W. M. Henderson attended Methodist quarterly conference at Olton Saturday.

W. W. Pinkerton, Ed Sevier and boys went down in the brakes and got some wild plums last week.

Rev. G. H. Bryant, pastor of the Methodist church at Hale Center, passed through here yesterday morning, en route to Clarendon.

There are 251,118 automobiles in Texas—a car to eighteen people.

TEXAS RANKS FIFTH IN MEN SENT TO WAR

Country Men Superior to Dwellers And Native to All Foreign, Report Shows

Only four states had more men in the American army than did Texas during the war with Germany. This fact is shown in a "statistical summary" issued by the War Department, through Colonel Leonard P. Ayres, chief of the statistical branch of the general staff.

New York, Pennsylvania, Illinois, Ohio and Texas, in the order named, furnished the most men for the war. New York leads the list with 367,864, or 9.79 per cent of the army. From Texas came 161,065, or 3.61 per cent. Ohio, just ahead of Texas, is credited with 200,293 men.

Texas is among the group of middle western states whose drafted men showed the highest standard of physical condition. The poorest physical condition was found in New York, all the New England States, and some of the Western states.

where many invalids had gone for their health.

The healthiest states, judged by the test of highest percentage of drafted men who were physically fit, were Texas, Oklahoma, New Mexico, Arkansas, Kansas, Nebraska, Iowa, Minnesota, North and South Dakota, Wyoming and Kentucky. The best physical conditions were found in the agricultural states; the lowest in industrial states. Native-born were superior, physically, to foreign-born; whites to negroes; country boys to city boys. The difference in physical condition was so great that from 100,000 registrants, the first classes would yield an infantry regiment or men more than could be found in the second classes.

Allies Owe Us \$9,615,000,000

Washington.—The United States now holds \$9,615,400,927.65 worth of I. O. U.s. of the Allies. The total was reached Saturday when a new loan was made to France for \$157,549,000. France alone now owes the United States \$3,010,926,800, the Treasury Department announces.

Service to Customers

It has always been our policy to help customers save money, avoid waste and get complete satisfaction in the purchase of all kinds of building material. When they tell us their plans we tell them how to buy economically and what to use. When their plans are indefinite, we frequently make suggestions that suit the need.

Our Customers Are Friends

because we are friends to them first, last and all the time. With a high quality for a fair price guaranteed, profits take care of themselves. Come in and get acquainted

Do You Own Your Home?
If Not, Why Not?

WISCONSIN HEN LAYS SIXTEEN EGGS IN ONE DAY

Can a hen, can any hen—no matter how peppy and ambitious—lay thirteen eggs without getting off the nest, all in one day? Don't all speak at once. Many people who said things exactly like those you are now tempted to say have come to regard a well-known hen of West Salem, Wisconsin, "with awe and reverence." They came to scoff, and remained to admit that Gus Rhodes' White Rock hen was some hen, as it were. She—it is not fitting to speak of such a biddy as "it"—she has been called "The Machine Gun Pullet," or "The Magazine Hen." Affidavits are on file as to her prowess, and she is honored in her own country of West Salem, no matter what a crude outside world may think of her accomplishments. Her claim to the egg-laying championship of the world is advanced in this wise by the La Crosse (Wisconsin) Tribune and Leader-Press:

With a record of 151 eggs in one month and 77 of these produced in a single week, a three-year-old White Rock hen owned by Gus Rhodes, prosperous La Crosse valley farmer, living one mile east of West Salem, Wis., claims the egg-laying championship of the world.

Poultrymen who scoffed at the story when Mr. Rhodes first announced that he was getting from three to six eggs per day from one hen, and others who have visited the farm during the last week and watched the hen perform on the nest have ceased to laugh when this White Rock's achievements are mentioned. In all seriousness they are willing to take oath that the hen is "delivering the goods" exactly as represented.

At first questioning the record of the hen's laying proclivities during the month of May, when it was kept by Mrs. Rhodes, the skeptics, some of whom were on the premises when the hen last Monday laid sixteen eggs in a period of ten hours, now regard the remarkable chicken with a feeling of awe and reverence.

And after J. H. Benson, La Crosse poultry fancier, who went to the Rhodes farm and camped in the barn with the chicken for two days, appeared in the office of County Judge John Brindley and made affidavit that he saw the hen lay thirteen of these sixteen eggs in one sitting of four hours, without stopping to eat, drink or even cackle, the skeptics are willing to accept as a verity the daily egg-laying record submitted by Mr. Rhodes since Mrs. White Rock set out to establish a new world's record. Here it is:

May 3, four eggs; May 4, three; May 5, four; May 6, five; May 7, six; May 8, four; May 9, three.

The hen layed no more eggs until May 20, when she started in with five. Her record for the balance of the month follows: May 20, five; May 21, none; May 22, six; May 23, four; May 24, seven; May 25, four; May 26, nine; May 27, nine; May 28, eleven; May 29, ten; May 30, fourteen; May 31, fourteen; June 1, one; June 2, sixteen; June 3, eleven; June 4, one.

Mrs. White Rock is an exclusive hen. From the first day when she started in her record egg-laying career, she has refused to lay unless admitted to the barn.

Mr. Rhodes' attention was first attracted to the hen in April, when on several days at noon he found the bird hovering around the barn door awaiting a chance to enter the building when the horses were put in for the noon-day feeding.

And each day that the hen was admitted to the barn, he found in the evening from two to six eggs in the manger. But there never was more than one hen in the building. Right there Mrs. White Rock began to get famous.

"Still I was afraid to tell my neighbors, for I knew they would laugh and I could hardly believe it myself," said Mr. Rhodes. "To be sure we were right I began to watch the hen. When I saw her lay three or four eggs at one sitting I knew the time had come to begin to do a little crowing myself, and I told my neighbors and people in the village and invited them to come and see for themselves.

"J. H. Benson came out from La Crosse early last Sunday and watched the hen constantly all day. There were hundreds of persons here during the day, and I suppose the excitement had its effect for the hen only laid one egg. Mr. Benson decided to stay over night and watch the hen another day. And he certainly watched her. When the hen clambered into the nest finally, Monday, Benson sat down in a rocking chair in the barn near by and never took his eyes off the nest until the chicken finally arose four hours later and hopped down onto the barn floor.

"Mr. Benson found the hen had laid in this one sitting fourteen eggs. Later in the day she laid two more eggs, but Benson was gone. He went to the village to tell about it, I guess. He didn't return to the farm."

This White Rock hen is a large bird, but not of unusual size, although her posterior quarters are larger than found on any other chicken in

a large flock on the farm. She is fat and docile, a voracious eater when off the nest, and consumes a large amount of grain. Mr. Rhodes believes the hen is three years old, although he is not positive on this score.

The eggs laid by this hen are of normal size, have full hard shells and single yolks. A number of the eggs have been used for setting purposes under other hens, and all have been found to be fertile.

CULTIVATE THE HABIT OF SENDING IN NEWS

One of the things that ought to become fixed habits in every household in Plainview and Hale county is that of sending the News the news items which you may know of, telling us of your news and any neighbor-

hood items which might be of interest to yourself, your neighbor or your friends.

Every lodge, church body or social organization should have some representative who will look promptly and carefully after its news reporting. If you think some organization has better news service than your own, it is probably because that organization looks after such matters better. Write your items and send them in when possible. You can telephone them, but please don't ask that long lists of names be taken over telephone, as it not only requires much time, but usually errors occur in lists.

Above all, be early. Never wait until publication day to send an item in that can be sent in before.

The News telephone number is 97. Residence phone 552. Fix it in your mind.

Do the pennies count? If you do not think so just hand them to us. The extra cent put on letter postage during our participation in the war yielded the government the tidy sum of \$110,000,000.

Free Proof To You

Not One Penny Will RICH-TONE Cost You, if it Doesn't Prove of Genuine Worth in YOUR CASE

You are to be the judge—try this famous tonic—if it doesn't bring to you new energy, a splendid appetite, restful sleep, peaceful and quiet nerves—if it doesn't destroy that tired feeling and build you up, then Rich-Tone will be free to you, it will not cost you anything—NOT ONE PENNY.

YOU OWE IT TO YOURSELF to try this marvelous remedy. YOU OWE IT TO YOUR FAMILY AND FRIENDS to be strong, well, happy, bright of eye, brisk of step, ruddy of cheek, able to go about your work with a smile on your lips! On each bottle is plainly printed, "Money cheerfully refunded if not entirely satisfactory," and your own local druggist will let you try Rich-Tone on this money-back guarantee.

One user says: "I was run down after a bad case of flu." Was in bed four months and under the care of five doctors, had nervous prostration and could not sleep and ate very little. I got a bottle of your wonderful tonic, Rich-Tone, and am now eating three times a day and I am sure sleep sound. I can't say enough for your wonderful tonic, Rich-Tone. It is worth its weight in gold. It has saved me \$50 or \$60 as I was going to Mineral Wells, but I do not need to go now, thanks to Rich-Tone.

Rich-Tone makes more red corpuscles, enriching and purifying the blood. It contains all of the elements that are needed most in maintaining strength and vigor. Rich-Tone rests the tired nerves, restores appetite, induces healthful sleep—it gives you all those things which mean energy and well-being. Get a bottle to-day on our money-back guarantee. Sold locally by Dye Drug Co.

Catarrh Cannot Be Cured with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a local disease, growing in the mucous membrane of the bladder, and in order to cure it you must take an internal remedy. Hall's Catarrh Cure is taken internally and acts through the blood on the mucous surfaces of the system. Hall's Catarrh Cure was prescribed by one of the best physicians in this country for years. It is composed of some of the best tonics known, combined with some of the best blood purifiers. The perfect combination of the ingredients in Hall's Catarrh Cure is what produces such wonderful results in catarrhal conditions. Sent for information free. F. J. CHENEY & Co., Props., Toledo, O. All Druggists. Hall's Family Pills for constipation.

Chamberlain's Colic, Cholera, and Diarrhoea Remedy Every family without exception should keep this preparation at hand during the hot summer months. Chamberlain's Colic, Cholera, and Diarrhoea Remedy is worth many times what it costs when needed and almost certain to be needed before the summer is over. It has no superior for the purposes for which it is intended. Buy it now. Obtainable everywhere.

Why Suffer?

Mrs. J. A. Cox, of Alderson, W. Va., writes: "My daughter . . . suffered terribly. She could not turn in bed . . . the doctors gave her up, and we brought her home to die. She had suffered so much at . . . time. Having heard of Cardui, we got for her."

OVER-EATING

is the root of nearly all digestive evils. If your digestion is weak or out of kilter, better eat less and use

KI-MOIDS

the new aid to better digestion. Pleasant to take—effective. Let Ki-moids help straighten out your digestive troubles.

MADE BY SCOTT & BOWNE, MAKERS OF SCOTT'S EMULSION

QUESTIONNAIRE

ANSWERS WHICH WILL SOLVE PERPLEXING PROBLEMS OF THIS RECONSTRUCTION ERA.

Query.—The government has launched an educational campaign to encourage building in order to put more men to work. Would not a similar movement to show how the old structures can be best and most economically repaired and made good as new also help?

Answer.—It is learned that such a plan is in effect and is linked directly with the Washington propaganda.

Industry must be turned back from works of war to the ways of peace. Employment must be found, in the meanwhile, for those whose occupation has been interrupted. There is no real surplus of labor in the United States. Rather there is a shortage, which would be acute if normal conditions were already restored, and one step towards restoring them will come with resumption of repair work.

Government restrictions, imposed by the necessities of the war program, have for many months past retarded or altogether prevented construction, improvement and repairs. These restrictions are now off, and there is scarcely a town, a city, a factory, a dwelling or a farm that does not reveal a crying need for prompt attention. Nothing delays such instant action except the feeling that prices are high for the time being and may be lower.

That is not logical. No matter what it costs to repair, the cost is less than the cost of neglect. No matter what the cost of paint, the wind and the weather will collect a higher bill in deterioration and decay.

Query.—What do you think of paint as an investment, aside from the appearance it lends? Does it really PAY to paint a house regularly, say, every three or four years?

Answer.—Good paint properly applied when needed is the best thing in making a house last long and well. A house worth \$2,500 can be protected at a cost of about \$125. In 60 years that house will need about 15 paintings, the total cost of which will be \$1,875. Left without paint, such a house would fall into complete ruin in 30 years. So taking 60 years as a basis for our figures we find that with paint a home will last that time in good condition and will cost, plus paint, \$4,375. Without paint the house would have to be rebuilt at the end of 30 years and would be ready for another complete renovation when the sixtieth year arrived. Cost, without paint, \$5,000 for a home ready to fall to pieces. Does regular painting pay? As the old Dutch adage says:

PAINT PAYS FOR ITSELF

Query.—I have a quantity of old paint on hand. Can I use it for the first coat in repainting my barn?

Answer.—On no account should old paint which has become fat be used for priming either old or new work. Old paint in that condition is best used on a fence, brickwork or stonework. If you value your barn sufficiently to paint it, do it the justice of a good job.

U. S. invents Anti-Rust "Dope"

Incident in the war, the government has faced the problem that has so long proved baffling to commercial concerns of protecting iron and steel from rust. In an attempt to solve this federal specialists have perfected various forms of protective coatings. In this connection it may be pertinent to ask whether commercial uses will not be found also for the so-called "dopes" which the government has invented to be applied to airplane wings and which are possessed of valuable weather-resisting and fireproof qualities.

EFFECT OF COLOR UPON THE DURABILITY OF PAINT.

Property owners who may have under consideration the painting of dwellings and other structures should remember that more durable results are obtained when tinted paints are used. Permanent coloring materials which have been ground by machine into a high grade white paint base have the effect of preventing "chalking" and "checking," two defects which are often observed when white paints are used.

Clumsy Birds.

"How clumsily birds fly," said a boy scout, eyeing the birds flapping their way home. The audacity of this criticism from a youngster staggered me (writes a correspondent); but, by Jove, he was right. High overhead, higher than one ever saw a bird, an airplane dived musically in its effortless, imperial way against the sunset, through the fleeces of clouds and looping in sheer ecstasy of perfect command of power, swept down to earth in great, glorious curves. That was the twelve-year-old boy's criterion of flying. Hence his almost plying contempt for birds with their flurry and visible output of energy. This lad and his contemporaries know nothing of the wonder with which men for untold generations have watched and envied the birds flying in the air. School children criticize the flight of the swallow, for they have grown up with airplanes, which are as little marvelous to them as a railway engine.—London Daily Chronicle.

Inherited Talents.

The Dumas, father and son, form a splendid example of inherited talents. Alexandre Dumas, called Dumas pere, the great French romantic novelist, was a strange embodiment of the mental and physical characteristics of his grandparents. He was a grandson of the Marquis Alexandre Davy de la Palleterie and a negress, both of Haiti; his father, Alexandre Davy de la Palleterie Dumas, was for a time a general under Napoleon.

The son, Alexandre Dumas, was one of the most distinguished of modern French dramatists. Born in Paris in 1824, he was a prolific writer of romantic and chivalric passion. His "La Dame aux Camelias," which was dramatized in 1857, was one of the plays in which the divine Sarah scored her greatest success.

Constipation and Indigestion

"I have used Chamberlain's Tablets and can say they are the best I have ever used for constipation and indigestion. My wife also used them for indigestion and they did her good," writes Eugene S. Knight, Wilmington, N. C. Chamberlain's Tablets are mild and gentle in their action. Give them a trial. You are certain to be pleased with the agreeable laxative effect which they produce. Obtainable everywhere.

Prices on many staple domestic cotton goods advanced last week to the highest prices quoted since the civil war and far above the government fixed level of last year. In the face of this the net change of the price of cotton was a decline of 45 to 75 points but spots were not unchanged. Now why should the price of the raw product decline and the price of the finished product advance?

Taking Big Chances

It is a great risk to travel with a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, as this preparation cannot be obtained on the trains or steamships. Attacks of bowel complaint are often sudden and very severe, and everyone should go prepared for them. Obtainable everywhere.

LEMON JUICE IS FRECKLE REMOVER

Girls! Make this cheap beauty lotion to clear and whiten your skin

Squeeze the juice of two lemons into a bottle containing three ounces of orchard white, shake well, and you have a quartet pint of the best freckle and tan lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of orchard white for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles and blemishes disappear and how clear, soft and white the skin becomes. Yes! It is harmless.

CALOMEL SALIVATES AND MAKES YOU SICK

Acts like dynamite on a sluggish liver and you lose a day's work

There's no reason why a person should take sickening, salivating calomel when a few cents buys a large bottle of Dodson's Liver-Tone—a perfect substitute for calomel.

It is a pleasant, vegetable liquid which will start your liver just as surely as calomel, but it doesn't make you sick and can not salivate.

Children and grown folks can take Dodson's Liver-Tone, because it is perfectly harmless.

Calomel is a dangerous drug. It is mercury and attacks your bones. Take a dose of nasty calomel today and you will feel weak, sick and nauseated tomorrow. Don't lose a day's work. Take a spoonful of Dodson's Liver-Tone instead and you will wake up feeling great. No more biliousness, constipation, sluggishness, headache, coated tongue or sour stomach. Your druggist says if you don't find Dodson's Liver-Tone acts better than horrible calomel your money is waiting for you.

FOR SALE—House blocking, and 2 x 6 lumber at a low price, just the material you need to frame a canopy.—Texas Land & Development Co.

CHILDREN NO EXCEPTION

In Plainview as Elsewhere Youth and Age Suffer Alike From Kidney Weakness

Is your child weak, frail and pale? No control over the kidneys' action? Kidney weakness is a serious thing. Far too serious to overlook. It may mean a life of sickness. Profit by Plainview experience. Use Doan's Kidney Pills. Endorsed by Plainview parents. Read this Plainview mother's endorsement:

Mrs. A. Manger, says: "My little boy ten years of age had kidney complaint for three or four years. I had to keep him in the house most all the time. He complained of his back aching and was tired and didn't want to do anything. At times he was nervous and his kidneys were certainly in bad shape. Often he would have to get up two or three times during the night to pass the kidney secretions which were painful and then again the passages would be scanty. The doctor advised me to try Doan's Kidney Pills and I bought two boxes from The R. A. Long Drug Store. They gave him great relief and excellent results." Obtainable everywhere. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

Biliousness and Stomach Trouble

"Two years ago I suffered from frequent attacks of stomach trouble and biliousness," writes Miss Emma Verbrake, Lima, Ohio. "I could eat very little food that agreed with me and I became so dizzy and sick at my stomach at times that I had to take hold of something to keep from falling. Seeing Chamberlain's Tablets advertised, I decided to try them. I improved rapidly." Obtainable everywhere.

Since Jan. 1 there has been unusual activity in the southern cotton-milling industry, plans having been announced for many thousands of spindles and looms to be installed by new organizations or added by existing companies. This activity has been especially noticeable during April, May and June, ending the first half of the year. It has resulted in reports to the Manufacturers' Record of 133,942 spindles and 906 looms to be installed for new and enlarging plants in the textile industry of the South.

A Texas Wonder

The Texas Wonder for kidney and bladder troubles, gravel, diabetes, weak and lame back, rheumatism and regularities of the kidneys and bladder in both men and women. If not sold by your druggist, will be sent by mail on receipt of \$1.25. One small bottle is two months' treatment, and often cures. Send for sworn testimonials. Dr. E. W. Hall, 2226 Olive St., St. Louis, Mo. Sold by druggists. —Adv.

CITATION BY PUBLICATION

To the Sheriff or any Constable of Hale County—Greeting: YOU ARE HEREBY COMMANDED, That you summon, by making publication of this citation in some newspaper published in the County of Hale if there be a newspaper published therein, but if not, then in the nearest county where a newspaper is published once each week for four consecutive weeks previous to the return day hereof, J. A. Towler, whose residence is unknown, to and appear before the Hon. District Court, at the regular term thereof, to be holden in the County of Hale, at the court house thereof, in Plainview on the 4th day of August,

LIFT OFF CORNS!

Apply few drops then lift sore, touchy corns off with fingers

Doesn't hurt a bit! Drop a little Freezone on an aching corn, instantly that corn stops hurting, then you lift it right off. Yes, magic! A tiny bottle of Freezone costs but a few cents at any drug store, but is sufficient to remove every hard corn, soft corn, or corn between toes, and the calluses, without soreness or irritation. Freezone is the sensational discovery of a Cincinnati genius. It is wonderful.

"BAYER CROSS" ON ASPIRIN

Always Ask for Genuine "Bayer Tablets of Aspirin"

Only Aspirin Tablets with the safety "Bayer Cross" on them are genuine "Bayer Tablets of Aspirin," owned and made by Americans and proved safe by millions of people. Unknown quantities of fraudulent Aspirin Tablets were sold recently by a Brooklyn dealer which proved to be composed mostly of Talcum Powder. "Bayer Tablets of Aspirin" should always be asked for. Then look for the safety "Bayer Cross" on the package and on each tablet. Accept nothing else! Proper directions and dosage in each Bayer package.

Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidester of Salicylicacid.

A. D. 1919, then and there to answer a petition filed in said court, on the 2nd day of July, A. D. 1919, in a suit numbered on the docket of said court No. 1717, wherein H. C. Horton is plaintiff, and J. A. Towler is defendant. The nature of the plaintiff's demand being as follows, to-wit:

That heretofore, to-wit on the 21st day of June, 1918, the plaintiff, by his deed, of that date, duly executed and acknowledged, conveyed to the defendant, Lots numbers five and six in Block number sixty-seven, in College Hill Addition to the town of Plainview, in Hale County, Texas, for and in consideration of three hundred dollars, cash, and the further consideration of two notes, numbered one and two, bearing even date with said deed, each for the sum of two hundred and fifty dollars, the first due and payable January 1st, 1919, and the second due and payable January 1st, 1920, which said notes were payable to the order of plaintiff and signed by the defendant, and bearing interest at the rate of eight per cent per annum, interest payable from date until maturity at eight per cent, which notes showed the retention of a vendor's lien upon the above described property to secure the payment thereof, and further said notes providing that all past due interest on said notes should be paid at maturity thereof until paid, at the contained the further clauses and provisions that the failure to pay either of said notes, or any installment of interest thereon, when due, shall, at the election of the holder of them or any of them, mature all of said notes, and providing further that if default is made in the payment of said notes at maturity and they, or either of them, are placed in the hands of an attorney for collection, or if collected by legal proceedings, to pay ten per cent additional on the principal and interest due thereon as collection fees.

Whereby the defendant became bound and in law promised to pay the plaintiff the sums of money in said notes specified according to their face, tenor and effect, but to pay the same or any part thereof, the defendant has wholly failed and refused and still fails and refuses to do, to plaintiff's damage in the sum of \$1,600.00.

That by reason of the default of the defendant in the payment of said note number one when the same became due and unpaid on the 1st day of January, 1919, he said plaintiff declared both of said notes due and here and now declares same due and unpaid.

That by reason of the failure of said defendant to pay said notes or either of them or any part thereof, the plaintiff has been compelled to employ an attorney, to-wit, H. C. Randolph, to bring this suit to collect same and has agreed and contracted with said Randolph to pay him a sum of money equal to the sum of ten per cent upon the principal and interest due upon said two notes as his fee for his services in this suit, wherefore, premises considered, plaintiff prays that the de-

pendant be duly cited by publication as required by law to appear and answer herein and that upon hearing hereof, the plaintiff has his judgment for his debt, principal, interest and attorneys fees and all costs of court, and for a foreclosure of his vendor's lien upon the above described premises and that this court issue an order of sale ordering the sale of said above described premises and the proceeds thereof to be applied upon the payment of this judgment and for such other and further relief as in law and equity the plaintiff may be entitled to.

HEREIN FAIL NOT, And have you before said court, on the said first day of the next term thereof, this writ, with your endorsement thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office in Plainview, Texas, this, the 2nd day of July, A. D. 1919.

Jo. W. WAYLAND, Clerk District Court, Hale County, Texas.

CITATION BY PUBLICATION

THE STATE OF TEXAS, To the Sheriff or any Constable of Hale County—GREETING.

YOU ARE HEREBY COMMANDED, That you summon, by making publication of this citation in some newspaper published in the County of Hale, if there be a newspaper published therein, but if not, then in the nearest county where a newspaper is published, once each week for four consecutive weeks previous to the return day hereof, T. C. Reade and the unknown heirs of said T. C. Reade, Bertha R. Fike and W. P. Fike, and the unknown heirs of Edith Reade and Ella Dodge Reade, and George R. White and Sarah White, and the unknown heirs of said George R. White and Sarah White, and Jerome S. Carr and Martha Carr, and Victor L. Scott, and the unknown heirs of said Victor L. Scott, whose residence is unknown, to be and appear before the Hon. District Court at the next regular term thereof, to be holden in the County of Hale, at the court house thereof, in Plainview, on the 4th day of August, 1919, then and there to answer a petition filed in said court on the 26th day of June, A. D. 1919, in a suit numbered on the docket of said court No. 1714 wherein Mrs. Lizzie B. Morris is plaintiff and T. C. Reade, and the unknown heirs of said T. C. Reade, Bertha R. Fike and W. P. Fike, and the unknown heirs of Bertha R. Fike and W. P. Fike, and the unknown heirs of Edith Reade and Ella Dodge Reade, and George R. White and Sarah White, and the unknown heirs of said George R. White and Sarah White, and Jerome S. Carr and Martha Carr, and Victor L. Scott, and the unknown heirs of said Victor L. Scott are defendants, the nature of the plaintiff's demand being as follows, to-wit:

That on the 1st day of June, 1919, the plaintiff was lawfully seized and possessed of the tracts of land hereinafter described, situated in the said county of Hale and State of Texas, holding the same in fee simple.

That on the day and year last aforesaid, the defendants entered upon said premises and ejected plaintiff therefrom and unlawfully withheld from plaintiff the possession thereof, to her damage in the sum of \$500.00. That the premises so entered upon and unlawfully withheld by the defendants from the plaintiff are situated in Hale county, Texas, and are bounded and described as follows, to-wit:

1st tract; being the west one half of survey No. 37 in block D-6, certificate No. 1178, E. L. & R. Ry. Co. containing 186 acres of land, the same being all of the said west one half of said survey No. 37 out of conflict with Block N on the south thereof.

2nd tract; being all of survey No. 53 in Block A-1, certificate No. 226. Wherefore, plaintiff prays that the defendants be duly cited by publication to answer this petition and that on the trial of this cause, plaintiff have judgment for the restitution of the above described premises and for her damages, and for costs of suit.

Second Count. Plaintiff further prays that she and those whose estate she has claimed, the same under deeds duly recorded, has had peaceable and adverse possession of the lands and tenements above described in count No. 1 hereof, cultivating, using and enjoying the same and paying all taxes due thereon, for a period of more than five years next before the commencement of this suit, and this she is ready to verify.

Wherefore, premises considered, plaintiff prays that the defendants be duly cited by publication, as prayed for in count No. 1, and that she have her judgment for the title and possession of said land, and for costs of court, and for such other and further relief as in law and equity she may be entitled to.

Third Count. The plaintiff further prays, claiming to have good and lawful right and title to the land and tenements described in count No. 1, has held peaceable and adverse possession of the same, cultivating, using and enjoying the same for a period of more than ten years next before the commencement of this suit, and this she is ready to verify.

Wherefore, premises considered, plaintiff prays that the defendants be duly cited by publication as required by law, and that upon trial hereof, she have judgment for the title and possession of said land, all costs of court, and for such other and further relief as she may be entitled to.

HEREIN FAIL NOT, And have you before said court, on the said first day of the next term thereof, this writ, with your endorsement thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office in Plainview, Texas, this, the 26th day of June, A. D. 1919.

Jo. W. WAYLAND, Clerk District Court, Hale County, Texas. 17-4t

Store Talk

We suggested Karo last week but this week we urge you to use it as a splendid substitute during the present sugar shortage. The sweetening qualities of Karo will give the desired effect and will go farther than sugar.

One thing we like is to have a friend come in and say, "there ode four or five of us in the party and we plan to get away on an outing for a few days and we want you to fix us up with a satisfying grub box." We know what that party wants and we know that we have the lunch goods and the good old bacon that makes the trip a complete success. Let us supply your party on that outing.

Speaking of increased interest in poultry—there will be more still when all of you find that by paying a little bit more for Purina Feeds than you would pay for greatly inferior feeds you can very considerably increase the growth and laying of your chickens. We sell the feed and we buy the eggs and the chickens—friers or otherwise.

And now that the rains have practically insured a bumper row crop—the Plainview country is indeed coming into its own and those of us who have been careful in the expenditure of money can open up a bit and we can have the dainty things to eat that we didn't feel that we could well afford before. Remember the fancy groceries we sell are marked as close as are our staples.

This should be a great cream season—with so much good grass and such heavy crops of suitable milk foods. We urge you to make every effort to increase your supply of cream and to bring your entire output to us. We test it here and you get your checks promptly.

Health insurance bears a very low rate if you get the persistent habit of buying your edibles from either of our two stores.

HOW CLEOPATRA'S NEEDLE WAS SAVED

New Process Invented to Preserve Surface of Monolith in Central Park.

HIEROGLYPHS OBLITERATED.

Rigors of Western Climate Caused Khedive's Gift to Disintegrate. Painting Ancient Obelisk With Special Preparation Stopped Decay—Ruined Portions Restored.

New Yorkers awoke one morning to find in their breakfast headlines the news that a zealous park employee had discovered signs of disintegration on the surface of the city's most treasured antique—Cleopatra's Needle. Photographs revealed that the monolith was peeling, large pieces of sandstone having fallen from the tall shaft, carrying with them part of the prized hieroglyphs.

London's twin sister of Cleopatra's Needle was reported as resting comfortably and enduringly on the banks of the Thames, and the rival port wondered whether a preparation would be found to stay the attacks of their harsher climate.

Such a preparation was soon forthcoming. A new paint combination as a preservative for stone was invented

THE OBELISK.

The Obelisk was a gift to the City of New York by the Khedive of Egypt.

Lieutenant Commander Goring, U. S. N., after a three years' effort, obtained possession of it and moved it to its present position, at an expense of nearly \$100,000. It was finally swung into position at noon, January 22, 1881.

The height of this monument, from base to tip, is 69 feet, 2 inches. The measurement of the base, square through its axis, is 7 feet, 3/4 inches. The entire weight of the monolith is 219 1/2 tons.

Since it was quarried near the torrid zone, it has traversed the entire length of Egypt, most of that of the Mediterranean Sea and the width of the Atlantic Ocean—a distance of 6,400 miles—proving itself a first rate material for use whose age has exceeded thirty-five centuries. In the course of its existence it has seen Pharaoh and his host going to their destruction in the Red Sea; Shishak marching to the conquest of Jerusalem; Cambyses despoiling the land; Herodotus, Plato and other Greek students engaged in pursuit of Egyptian lore; Alexander the Great and a host of Roman sovereigns and Christian struggles at Jerusalem; all the long line of Moslem rulers since Caliph Omar, and now, leaving altogether its native land, it stands looking up at the million dwellers in this metropolis whose site was unknown to the Eastern world at a time when the Obelisk had been in existence for two thousand years.

by Dr. William Kuckro, chemist of the Metropolitan Museum of Art. Many years previous coating with paraffin had been tried, but the application had not entirely accomplished its purpose. The new painting process, however, proved a success. Disintegration was halted and the damaged parts restored. New York breathed easily again.

PAINT PROTECTION AND ITS ECONOMY.

The preservation of structural materials, which may be obtained through the application of paint, constitutes a most vital means of furthering the conservation of our natural resources. It is, moreover, the most economical method of sustaining the appearance and general upkeep of any community.

A structure coated with sheets of India rubber would not be as well protected from decay as a structure coated with a good oil paint. This is due to the fact that a sheet of rubber is not so durable or as waterproof as a thin dried film of paint. The latter material when applied dries to a continuous elastic film containing finely divided particles of metallic, wear resisting pigments. A square foot of such a film upon a wooden surface costs less than a penny, yet it will beautify and protect a dollar's worth of surface for many years. This is a low rate of insurance.

Dwellings, barns, outbuildings, sheds, posts, fences, stock enclosures, wagons, implements, windmills and other structures, whether of wood, iron or cement, should be preserved, through the use of paint, from rapid decay. High grade paint may be used successfully for all such purposes. Colored paints will be found the most serviceable, the coloring matter in the paint adding from two to three years to the life of the coating.

NOT AT ALL EAGER TO GO

Old Jeff Had No Desire Whatever to Be Translated From His Comfortable Cabin.

It is commonly supposed that negroes fearing death will make all sorts of promises because of their dread of future punishment. But Prof. Ulrich B. Phillips in "American Negro Slavery," tells the story of at least one old hard-headed fellow who steadfastly resisted the hypnotic suggestion of the preacher, and even repudiated glorification on his deathbed. A Louisiana physician recounted to Professor Phillips the final episode in the career of "Old Uncle Caleb," who had long been a-dying. "Before his departure, Jeff, the negro preacher, gathered his sable flock of saints and sinners around the bed. He read a chapter and prayed, after which they sang a hymn. Uncle Caleb lay motionless with closed eyes and gave no sign. Jeff approached and took his hand. "Uncle Caleb," he said earnestly, "de doctor

says you are dying, and all de bred-derin has come in for to see you fo' de las' time. And now, Uncle Caleb, dey wants to Lear from your own mouf de precious words, dat yo feels prepared to meet yo God, and is ready an' willin' to go." Old Uncle Caleb opened his eyes suddenly and in a very irritable tone, rebuffed the pious functionary in the following unexpected manner: "Jeff, don't talk yo nonsense to me. You Jess knows dat I ain't ready to go and dat I ain't prepared to meet nobody . . . dis ole cabin suits me monstrosly well!" And so he died.

Since Jan. 1 there has been unusual activity in the southern cotton-milling industry, plans having been announced for many thousands of spindles and looms to be installed by new organizations or added by existing companies. This activity has been especially noticeable during April, May and June, ending the first half of the year. It has resulted in re-
