## U. S. TROOPS CHASING OUTLAWS IN MEXICO

### WILL WIPE OUT BANDITS OPERATING IN THE BIG BEND COUNTRY

A detachment of American cavalry is in hot pursuit of bandits in Mexico, with a view of wiping out the outlaws that have been operating in the Big Bend country.

The capturing of two United States aviators by Mexican bandits and the holding of them for a ransom of \$15,000 has brought on more serious trouble with the Mexican government if something is not done to protect American subjects in that country, and that quickly.

The ransom was made up by prominent border ranchmen and sent to the place requested that the release of the aviators might be obtained without harmful results to them, but United States cavalrymen were at once set in pursuit of the bandits and the following from the Associated Press reports today that Captain Leonard Matlack of the Eighth Cavalry has captured two Mexicans believed to have been implicated in the capture of Peterson and Davis. This information was brought to the border by an American cavalry sergeant and a guard of enlisted men who returned to the Rio Grande.

After securing the release of Lieutenant Peterson Monday night, Captain Leonard Matlack escaped with Lieutenant Davis without paying the remainder of the ransom, amounting to \$6,500. Captain Matlack returned the money to H. M. Fernell, the Marfa banker, who brought the ransom to El Paso.

According to newspaper reports the United States wants the total amount of the ransom delivered to the bandits, whose trail is being pursued in Mexico by American cavalry.

Four Mexican bandits were captured by American troops in Mexico yesterday, Captain Leonard Matlack, who arrived at Marfa by airplane, reported. They were surrounded in an adobe block house that the Mexicans had constructed in a mountain pass.

The fire was returned and the blockhouse charged by the American cavalry troops.

All four of the men are known to Captain Matlack as bandits operating along the Big Bend border for years.

The two men that escaped were pursued, but the trail was lost in the mountain canyons. It is known that Jesus Rentura, leader of the outlaw band that captured Lieuts. Harold G. Peterson and Paul H. Davis, American aviators, was not among the dead.

Captain Matlack said he passed a column of 200 Carranza troops below the border yesterday.

**Soldiers Are Returning**  
Lee Cole, who recently returned from services across seas, came this morning to visit his parents, Mr. and Mrs. J. J. Cole. He has received his discharge.

Will Ratjen of the Providence community came home last week, after service in France. He has been discharged.

Mrs. Emma Thomas received a message Wednesday from Conrad Cornell, that he had arrived from overseas and had gone to Camp Dick, N. J. where he will probably be discharged in a short time.

Doc Bunch landed home Wednesday from Germany, where he served in the Second division of the American Army of Occupation. He is a brother to Mrs. Ollie Connally.

**Will Give Free Scholarship**  
At the solicitation of Mr. R. M. Crabb, of the Crabb School of Music, Miss Bertha Baur of the Cincinnati Conservatory of Music, has written to him that the Conservatory will be glad to give free tuition for a six weeks' summer session, season 1921, for the graduate from his school who makes the highest average.

**Will Erect Elevator at Ralls**  
The Harvest Queen Mills of this city has let the contract for the erection of a grain elevator at Ralls. The firm already has an elevator at Crosbyton.

**Will Issue New Directory**  
The local telephone exchange is making arrangements to issue a new phone directory soon.

**Normal Appropriation Approved**  
President J. A. Hill, of Canyon Normal, passed through Plainview this morning en route home from attending a meeting of the board of regents of state normals held at Austin.

He is much gratified that Gov. Hobby approved the appropriation bill of \$454,598 for the West Texas State Normal the coming year.

Two new buildings are allowed by the bill—\$150,000 being provided for the erection and equipment of a girls' dormitory, and \$30,000 for a new engine house. President Hill has stated that work will be started as quickly as possible on the engine house. He is going to take a little time to visit dormitories at other schools in order to get the very latest ideas in the construction of the new dormitory.

The bill as signed by the governor provides for six new teachers for the Normal—one in the mathematics department; two in the education department; one in the commercial department; one in the music department; one in the physical education department.

About \$3,500 is given for extending the sewer and water system on the Normal grounds.

President Hill and the faculty are highly pleased that Governor Hobby saw the justice and necessity of each item, as asked for by the school and passed by the legislature. The bill carried the largest appropriation ever given a Normal school in Texas.

**Rural School News**  
Miss Gertrude Terry has resigned as teacher of East Mound school on account of ill health.

Miss Hill of Canyon has been employed to teach in the Halfway school. Misses Winnie and Lorena Hodges have resigned their election as teachers in the Westside school.

Ellen and Valleyview are the only schools in the county that have so far been unable to secure teachers for the coming year's work, so the county superintendent reports.

The Ellen, Westside and Liberty districts, which recently voted bonds for the erection of brick school houses, have decided not to build this year on account of the increased cost, their bond money not being sufficient to erect buildings according to their plans. Each has a comfortable frame building, and will be able to get thru the coming school session very well, says the county superintendent.

**Floydada Buys Treasury Certificates**  
All of the Floydada school district sinking fund available has been invested in the new Registered Treasury Savings Certificates, just issued by the treasury department, each of the Floydada banks has purchased a \$1,000 Certificate in its own name and many citizens have invested in these guaranteed government securities. The sales were made by R. L. Dudgey, territorial savings adviser, who was there for a short time only last week.

**Tire Repairing Plant**  
L. W. White and son of Reno, Okla., will open a repair and retreading shop in the Woldert building on the east side of the square, with Owens Bros. garage.

**Rain Between Lubbock and Lamesa**  
J. C. Stewart returned Wednesday from a trip to Lamesa. He reported a heavy rain fell from that place to Lubbock Tuesday night. Crops are as fine as could be wished for on the South Plains.

**Visits of the Stork**  
Born to Mr. and Mrs. F. F. Hardin, Plainview, Aug. 21, girl.  
Harrison B. Mayfield, Plainview, Aug. 18, boy; named George Edward.

**District Court**  
Fredrick Soderberg vs. R. M. Ellerd, suit on contract; judgment for plaintiff.  
O. O. Reed vs. F. G. Hudgins et al, suit for commission, hung jury.

**Shepard Buys Deaton Place**  
Theo. Shepard has bought the Deaton residence property, across the street from the Presbyterian church, and will occupy it as soon as J. O. Wyckoff and family vacate.

**Nichols Buys Woolridge Place**  
Dr. E. O. Nichols has bought the residence occupied by P. J. Woolridge and family, and will occupy same soon.

## EXIT

From the mercantile realms in Plainview we now make our exit. For almost eleven years we've played it, enjoyed it, made money, some had good health, we have learned to love it, we like our customers, you have been good to us and we tried to be good to you.

### We're Out, Why

Well Barrier Bros. are good fellows. They are hustlers and know the Dry Good game. They knew of Plainview, it's splendid people and unexcelled resources, they determined to have a store in Plainview and wanted nothing short of the best.

We are out and for our successors we ask your consideration and patronage. We confidently believe you'll be treated as well as we would have treated you.

### Adieu, Exit

**Richards Bros. & Collier**  
WHERE PEOPLE WHO DIFFER BEST TRADE

### FATS DEFEAT SLIMS IN BASE BALL GAME

Score Was 5 to 3—Receipts of \$35 For Benefit of Cemetery Fund

In a five-inning game of base ball at the Lamar school park Wednesday afternoon the fat Elks defeated the slim Elks. The game was a very interesting one while it lasted.

The batteries for the fats was Carl Rosser and Bob Nichols, and for the leans L. D. Griffin and George Bennett.

The fats made five scores in the second inning and the leans three scores in the third inning.

### MR. AND MRS. ELLERD PARENTS SEVENTEEN CHILDREN

Fifteen Are Living—Largest Family Possibly on Plains—Two Sets Twins

James T. Ellerd of near Abernathy was into see the editor of the News Saturday. He remarked that he and his wife were the parents of possibly the largest family on the Plains. To them have been born seventeen children, eleven boys and six girls. Of these two have died. All the others are living near Abernathy. Four sons are married, H. C., R. J., J. T., and Arthur Ellerd, and one girl, Mrs. J. H. Benefield. They own their farms, and the Ellerd family in that community is this year cultivating

### Hale County Wheat Yields

Joe Kelleher has threshed his wheat. He had a thousand acres, and it averaged twenty-five bushels to the acre, or a total of 25,000 bushels. He has sold most all of it. Some of his wheat—that on several hundred acres, ran as high as thirty-five bushels to the acre. On two hundred acres he had a very severe hail loss in the early summer. He is one of the big wheat farmers of the county, but does not think he will put in much wheat himself the coming season, as the labor situation is so unsettled, and labor is so scarce, unsatisfactory, and wages so high. He may rent out most of his farms to others.

John C. Hooper is a town farmer, but he raised over 13,000 bushels of wheat and 4,000 bushels of oats, black emmer and barley this year. On his farms in this county he threshed 11,246 bushels of wheat off of 440 acres, an average of about twenty-eight bushels. On his Swisher county farm he will thresh 2,000 bushels from 100 acres of wheat.

L. M. Faulkner has threshed an average of nineteen bushels per acre from his 120 acres of wheat. He had a 35 per cent hail loss several months ago, which made his crop equivalent to about five bushels to the acre.

D. L. Hooper of the Halway community threshed 3,000 bushels of wheat from his farm, the average being sixteen bushels to the acre. It tested 61 to 62 pounds.

Chas. G. Brown, southwest of town averaged eighteen bushels to the acre on his sixty acres of wheat. It tested 62 1-2 pounds to the bushel, which was the highest test on the Hale Center market to the time he sold.

### Official F. to C. Route Designated

Austin, Aug. 19.—The Highway Commission, which concluded its monthly meeting today, designated the route of the Florida-Colorado highway through Texas. The highway enters Texas at Orange, thence over Highway No. 3 to Houston and Richmond; thence over Highway No. 36 to Bellville, Brenham, Caldwell, Cameron, Temple, Belton, Lampasas, Goldthwaite; thence over Highway No. 7 to Brownwood and Coleman; thence to point of intersection with Highway No. 30; also on that portion of Highway No. 30 beginning at intersection with Highway No. 7 to Abilene and Sweetwater; thence on Highway No. 7 to Snyder, Post and Lubbock; thence on Highway No. 9 to Plainview, Tulia, Canyon and Amarillo; thence on Highway No. 5 to Channing, Dalhart and Texline.

nine hundred acres of row crops.

The youngest child is eight years of age and the oldest is thirty-two. There were two sets of twins. Not a child is in any way deformed. Mr. and Mrs. Ellerd are healthy and robust. He is 54 years of age. There are ten grand-children. Very often the entire clan gathers at the Ellerd home, and there is quite a gathering. Seven of the boys registered in the army draft; three were in the army, and one went to France, and is back home with an honorable discharge.

### Jones Would Reduce H. L. C.

Washington, Aug. 19.—A bill to standardize farm products, and afford a better system of marketing was introduced today by Representative Marvin Jones of Texas.

"The bill proposes to reduce the intermediate lost motion to a minimum," said Mr. Jones, "by the establishment of selling agencies, and affording a scheme of publicity through which the consumer may know what the character of food products is and where located. It is a stroke to reduce the high cost of living."

### Ellerd Sells Big Farm

Reuben M. Ellerd Wednesday night closed up a deal whereby he sold one of his farms in this county to Eastland county parties, the consideration being \$44,450.

Mr. Ellerd has made several large deals lately, in one of them disposing of the Ellerd block of business houses in this city. He informs us that he is getting ready to resume the practice of law here.

### E. E. Overly Dies at Kress

E. E. Overly, age 52 years, prominent citizen and business man of Kress died very suddenly Wednesday afternoon about 6 o'clock. He leaves a widow, two sons and a daughter. A son is coming from Iowa, and burial will take place on his arrival, most likely tomorrow.

## GOVERNMENT WILL FIGHT HIGH COST OF LIVING

### WILL APPOINT CONTROLLERS AND PRICE COMMITTEES IN EACH COUNTY

The federal government is preparing to again establish its food control system, which it maintained during the war, for the purpose of combating the high cost of living and especially profiting out profiteering. The control will also be over clothing and other necessities of life.

E. A. Peden of Houston, federal food administrator for Texas during the war, will have charge of the work in this state, and is selecting county administrators. He has asked Geo. C. Keck of Plainview to again act as food administrator in Hale county.

The first work will be the appointment of a "fair price committee," such as was used during the war. He writes that "this committee will be an extra legal body, without power to summon witnesses or fix prices. It is requested, however, to ascertain the cost prices, determine a fair margin of profit, and if retail prices are in excess of what the committee regards a fair price to have published its list of fair prices, reporting to these headquarters for review."

"The fair price committees have an additional function to that exercised during the war, in that they also provide for analysis and interpretation of prices on boots, shoes, and clothing—or the necessities of life. In selecting your committee, the names of which should be forwarded to these headquarters promptly, please select—

"One retailer of groceries; one retailer of dry goods; one representative of the producers; one representative of the housewives; one representative of labor; two or three from the public generally and one wholesaler, wherever practical. The chairman of the committee is selected from the personnel, and you are urged to sit in with the committees as the official representative of the federal food administration for Texas."

Mr. Peden says that quick action must be taken, and urges that Mr. Keck give him assurance at once of his acceptance of the work in this county.

### Truman Ellerd Shot

August 9th while traveling with Mr. and Mrs. R. M. Ellerd, en route from Plainview to the Ranger oil fields, a 22-calibre bullet came into the car, striking Truman, 15-year-old-son of Mr. Ellerd, in the lower muscles of the neck and lodging near the base of the first rib.

The investigation as to where the shot came from is still under way and no further information will be given out at this time.

He was taken to a sanitarium in Abilene, where he was for a week. He came home Monday and is now recovering from his wound.

### Says Sunflowers Are Pest

J. C. Wolverson has been butting into the affairs of the editor of the News. He suggested that we cut the sunflowers that are growing behind the News office. He avers that sunflowers are a pest and a menace to any country where they get a start, and that they ruin farms. He says many farms in Kansas have been ruined by allowing sunflowers to get a start on them. He suggests that every person cut the sunflowers about their premises and not allow them to go to seed.

### Lindsay Will Move to Amarillo

Dr. A. H. Lindsay and family will move to Amarillo. He went to that city this morning to let the contract for the erection of a residence, which they will occupy. The family has many friends here who will regret their removal from the town.

Prof. Roger A. Burgess, principal elect of the Plainview high school, has been offered the superintendency of the public school at Merkel, and will most likely resign his election in order to accept the place.

Capt. T. J. Tilson says he never saw such good prospects for the biggest yield from row crops as at present. With another rain there will be more kaffir and maize raised than the people of the Plainview country can harvest.

## Boys and Girls School Begins September 8th

Just think that is only a few days, and at this event Carter-Houston's has made every effort this season to supply your school wants. Of course you have been hearing of high prices in SHOES, but we have overcome the HIGH PRICE question by placing our orders

early. We have several thousand pairs of shoes for Boys and Girls

"At Last Year's Prices"

One Year.....\$1.50  
Six Months.....85  
Three Months.....50

Nothing could be more delightful than the Plain weather just now. The air is sunny and crisp, and the nights are cool. There is no reason for anybody not to be happy.

Andrew Carnegie said the following just before his death, and we believe it to be true: "This republic is immortal. No matter what trouble it goes through it will weather it without having its foundation shaken."

Nearly a hundred thousand dollars a day is being paid to Hale county farmers for wheat. Prosperity has arrived. Likewise a lot of new people are arriving. The Plainview country is not surpassed by any other section of the Lord's footstool.

In Nebraska farm land is selling from \$150 to \$400 an acre. Hale county lands are just as good, just as fertile, just as productive as any in Nebraska, and climatic conditions are much better here. Hale county lands sell from \$25 to \$100 an acre, but the prices are increasing rapidly and in time will be much higher than now.

Germany has a new constitution. It becomes effective this year. Legislators are to be elected by general equal ballots of men and women. Autocracy has been kicked out of Germany. Democracy has come to Germany. The cost has been stupendous, but it had to come, it seems. Entrenched power since civilization begun has had to be overthrown by the sacrificing of blood.

Another eight-cylinder, 18-carat, 21-jeweled fool is the good citizen who thinks Joe Bailey and Jim Ferguson and the bunch they represent really have the interests of the common people at heart. Capt. Tilson, in an article on another page, says their whole desire is to repeal the prohibition laws. The Captain is no spring chicken; neither can he be caught with chaff. He knows the ways of Joe and Jim.

The Lockney Beacon wants to know if the editor of the News, when he was attending the special session of the legislature, held up the politicians for enough money to build a brick office building. Nay, nay; for we spent fully a hundred dollars railroad fare and expense money more than we received for our services in the legislature. Five dollars a day don't go very far in these days of high prices. We doubt if half the members of the legislature break even during an entire term, and none of the employes do except those who live in Austin.

In the United States twelve million women are engaged in gainful occupations—many of them are widows and unmarried women who have no representation at the ballot box. Yet, Joe and Jim and their disciples in their platforms insist that the women should not be allowed to vote—that, in effect, all women "should be scourged back" to the home, as Ferguson's crowd said several years ago about the preachers being scourged back to their pulpits. These women workers have dependents; they eat, wear clothes. They must labor or starve. Why not give them the ballot to protect their rights? Can a true democrat oppose woman's suffrage?

The so-called "daylight saving law" has been repealed. Twice congress passed the repeal bill and it was vetoed by President Wilson. Tuesday the lower house passed it again over his veto by more than the required two-thirds vote, and the senate did so Wednesday. When Mr. Wilson vetoed the bill Saturday, he said he realized that the law subjects the farmers of the country to "very considerable and in some respects serious inconveniences," but that the pressing need of the country is production by industry, therefore he vetoed its repeal. Mr. Wilson should get out into the country, and mix with the farmers; he would doubtless find they are as essential to the welfare of the nation as is the laboring element. After finding out such to be the case, maybe he would then not always side with labor as against the farmers whenever their interests clash. Every Texas congressman voted to over-ride the veto; which shows that Texas congressmen know the sentiments of their constituents.

Carranza is raising cane because Uncle Sam has sent a troop of cavalry into Mexico to chase the bandits who captured the two American aviators. Looks like he would thank us for doing so. Old Whiskers does try the patience of this country! It looks as though in the interest of humanity Uncle Sam is going to have to take over Mexico and straighten out its affairs, then give it back to the Mexicans. Things can't go on for ever in that country as they have for the past six or eight years.

### UNFAIR TAXES

Texas has one of the most unfair and unequal tax systems of any state in the union. There are blow-holes all through its make-up.

H. B. Terrell is state comptroller. He points out as an evidence of inequality, that sheep in one county are assessed as low as \$1 a head for state taxes, in another county at \$2 a head and on up to \$7 a head in some counties—all the same kind of sheep.

He points out that the same variance can be found in assessments in lands and all other property.

Hence, in one county people are dug for seven times as much state tax as people are in another county.

This inequality is caused by our system of county commissioners assessing taxes as low as possible in their respective counties in order to save their constituents from paying any more state taxes than possible. One county takes property renditions at 25 per cent of its true value, another 40, another 50 and another 60, and so on, very few taking renditions on the same basis. This of course excuses unfairness.

Mr. Terrell suggests a good remedy, and we have thought so for many years. He urges that all state revenue be raised solely from taxes on "luxuries, amusements, and in other indirect ways, and that the county taxes be raised on an ad valorem basis on property within its bounds, just as they are now raised. By this means the counties would have absolutely nothing to do with state taxes. It could assess its property at any sum it might wish without affecting any other county.

The present system of collecting state taxes is cumbersome, unfair and costly. It should be done away with, and a more just and economical system adopted.

Most every newspaper in this part of the state has taken a knock at the editor of the News because he has invented a new and delectable drink from alfalfa, which when perfected and properly advertised will become the most popular beverage in the world. In order to prove all the good things we have said in favor of alfalfa tea (or Alf-alf-a as it will be advertised) the editor of the News intends to at once very carefully brew a large keg of it, put in the cellar where it will mellow properly, and next May will take it to the Panhandle Press Association meeting in Amarillo, and put it on tap for those who are in attendance. By doing this we will become so popular with the newspaper fraternity that they will boost us into congress—and give Alf-alf-a a million dollars worth of free advertising. We know Alf-alf-a is all we claim for it—and we are going to prove it to these scoffing and doubting Thomases

An American representative of the state department is just back from Japan. He says Japan is no war gambler, that it "is a nation of poor sports who won't fight on anything but a sure bet." Then Japan is smarter than occidental nations. The man who makes a fight that he has not a cinch on winning is a fool. The nation that makes war that it has not a lead-pipe cinch on winning is foolish. Germany played for high stakes, and she lost. She thought she had a war machine that was invincible, that was destined to rule the world—but dead things sometimes crawl off, and the kaiser lost his crown, millions of Germans lost their lives and the German people will be burdened the rest of their lives paying war indemnities. If the league of nations will help to keep war from occurring, it is a good thing for the world to have.

Gov. Bartlett of New Hampshire is either a political demagogue or a political nut. He would submit the proposition of the high cost of living and wage demands to a vote of the people. If such a system was in vogue the editor of the News would vote for blank paper and ink to be 1c a pound, advertising rates \$5 an inch and subscriptions to newspapers \$50 a year. Verily, almost every fellow has a scheme to reduce the H. C. of L., but every scheme is selfish or fantastic.

I believe in true democracy. When the people are really interested in anything their voice will be heard at the polls.—Andrew Carnegie.

Try a News Want Ad.

The employes on the railroads say they cannot live on the pay they are getting, and demand more. A statement shows freight engineers on the Pennsylvania lines are receiving \$392.35 a month, passenger engineers \$376.85, passenger conductors \$313.90, and freight conductors \$308.55. This is more than \$10 a day. This is more than the governor of Texas receives. This is more than the colonels in the army receive. The man who says he can't live on \$10 a day, have plenty of conveniences, and save money is a liar. The trouble with the railroad men is that by traitorously holding up the government at the beginning of the war, they put through their high-handed plans, and since then they have been able to bluff the administration on almost every occasion. The American people are getting tired of being dictated to by the railroad men. The worm will turn. Then the railroad men "will get what's coming to 'em."—but it won't be an increase in pay.

### JOHN IS GONE

"Hope springs eternal in the breast" of the brewers of this country. Their leaders express the belief that revulsion of feeling against prohibition can be concentrated for a repeal of the liquor statutes the brewers of the United have called a week's conference at Atlantic City beginning Sept. 23.

Evidently the brewers are drinking stronger liquor than their own concoction. They should sober up. Nationwide prohibition was ratified by forty-three state legislatures. It is in the constitution to stay.

It is not likely that any person now living will ever see the time when whiskey and beer will be soold in this man's country.

The marvel to the next generation will be why did the people of America ever permit such poison to be sold. Having booted John Barleycorn out of America, the prohibitionists are now going to kick him off the face of the earth, and have already started out to do the job.

No, the brewers, the whiskey interests, Joe Bailey and Jim Ferguson and all their forces combined will never be able to repeal prohibition. Reforms never go backward.

Henry Ford received a judgment of \$6 against the Chicago Tribune, for libeling him. The case was on trial three months and the costs amount to many thousand dollars. Henry got a million dollars worth of free advertising for it. The Tribune is one of that class of super-heated "patriots" who during the war dubbed every person, who in anyway criticised the powers that be, as an anarchist or traitor. The Tribune has been for years trying to get Uncle Sam to intervene in Mexico, and was sore because Ford blocked its efforts. One startling thing brought out in the trial is that Ford has no education, knows no history, cannot give correct definitions of some of the simplest words. He is worth more than a hundred million dollars, all built around the Ford cars. He is one of the greatest philanthropists in the world. He is an idealist, and is making the world better by his work and with his great wealth.

Because the News cannot see much chance of a democratic national victory next year, the Colorado Record wants to know if we are "sore." Not on your tintype, brother. The editor of the News does not get "sore." He may not like the way some things go politically or otherwise, and may say so in plain terms, but he never lets it ruffle his feelings or cause him to lose any sleep. He says his say and makes his fight, and then smiles and passes on to something else. He used to harbor hatred, spite and revenge in his heart, but many years of experience in the newspaper business and in contemplation of life has purified and sweetened his heart and temper and now he rarely gives reign to vicious thoughts as of old. Life is worth too much and is too short to treat one's fellow man wrongfully or unneighborly, and to bear a grudge hurts only the one who carries it in his heart.

### IN A MINOR STRAIN

The phoolosopher on the corner of the square surmises, "Every wife should have sense enough to know that a husband is a good deal like an egg; if you keep either of them in hot water very long they are bound to get hardened."

The editor of this moral guide of the Plains has noticed that a widow seems to get along nicely without a man, but a widower is always chasing anything that makes a noise like a skirt.

We understand the real trouble with the Sons of Rest who inhabit the corner of the square is, they are too busy loafing to have any time to work.

A woman has to wear a smile all

# PUBLIC SALE

## FRIDAY, AUG. 29th

At Dr. Gidney's farm 2 miles west of Court House, Plainview, I will sell at public auction, between 10:30 a. m. and 6 p. m. Friday, August 29th.

### CATTLE

14 head full-blooded Jersey Milch Cows.  
15 head of Jersey Heifers, calve this fall.  
30 head of coming two-year-old Heifers, calve in spring.  
1 four-year-old Jersey Bull, Raleigh strain from Glenwell Jersey Farm, near Kansas City.  
2 yearling Bulls, not registered.

### HORSES

1 Black Mare and Mule Colt.  
2 young Mules, coming three years old.  
1 Bay Mare, 5 years old.  
1 Bay Mare, 7 years old.  
1 Brown Mare, smooth mouth.  
1 Bay Horse, 6 years old.  
1 Bay Mare, 8 years old and her colt.  
1 Black Horse, 9 years old.  
1 set of Harness and Collars.

### IMPLEMENTS

1 McCormick Header and two barges.  
1 disc Harrow. 2 Wagons.  
1 P. & O. two-row Planter. 1 Fresno.  
1 Mower and Rake. 1 Cultivator.  
2 Sod Plows. 1 Mr. Bill Planter.  
2 Go-Devis. 2 Drag Harrows.  
1 Triple Emerson Disc Plow.  
1 Good Columbus Surrey.

A few good Duroc-Jersey Hogs.  
2 dozen White and Brown Leghorn Hens.

1 Square Piano.  
1 DeLaval No. 12 Separator.

TERMS—Up to \$10 cash. 5 per cent discount for cash over \$10, bankable notes at 10 per cent, on or before April 1st, 1920.

DINNER ON THE GROUND

S. S. DANIEL, Sales Manager  
W. A. NASH, Auctioneer

the time to keep the neighbors from reporting that she is having trouble with her husband.

A West Plainview wife says home is a place where a man goes to exhibit his temper when things go wrong for him downtown.

To educate the people is the foundation of all true progress. They will do the rest themselves.—Andrew Carnegie.

### Some Eggs! Some Tea!

The Plainview News published a story about a White Rock hen, three years of age, which made an egg laying record that is about the richest nature faking that has appeared during this golden harvest season. The hen is purported to have laid 171 eggs in 1 month, 77 eggs in one week of that month, and 16 eggs in one day of that week.

The average hen weighs about four

pounds. Sixteen eggs will weigh two pounds. Either that hen had been put in training by an alfalfa tea diet, or the editor had been drinking an alfalfa tea before he printed the article. If the hen had been trained on an alfalfa diet, then it is evident at least that the editor had been eating eggs that the hen laid, and the effect was the same.—Canadian Record

### Pays \$18,000 for a Boar

When Paul Wagner, a Nebraska farmer, paid \$10,200 for Colonel Jack, a Poland China boar, hog breeders believed a record price had been established that would stand for years. Soon after, however, a Duroc-Jersey boar brought \$10,500 in an Ohio sale.

Now the Poland Chinas have come back with two new records. William Wrigley, Jr., Lake Geneva, Wis., has paid \$15,000 at private sale for The Clansman, owned by a firm of breed-

ers of Munice, Ind. This sensational record since has been wiped out by the sale of Mabel's Jumbo, another Poland China boar, for \$18,000. H. W. Hey, Polo, Ill., was the buyer. The sale was made at auction by Halford & Hassler, Manning, Ia.

Reports of purebred sales at auction show increasingly high averages throughout the country.

It pays to advertise in The News.

# IT'S TRUE—

that Lumber and Building Material is getting scarce, and the car shortage will make it hard to get;

# BUT—

we have a full stock of everything now, and are at your service.

**FOR RENT—Two unfurnished rooms** with bath. Convenient to high school. Phone 272. 29

## DRESSES FOR HIGH SCHOOL GIRL

Choose Goods That Are Serviceable And Styles That Allow Plenty Of Freedom

(This is the first of two articles on dressing the school girl. The other on dressing the grade school girl will be published soon.—By Helen Pepper.

The mother and daughter who are planning an outfit to be worn to high school this fall should above all else not make the serious blunder of choosing elaborate materials, such as silk or Georgette crepes. Overtrimmed styles should be avoided, also. The dresses which have served for best wear during the summer should not even be worn to school under the excuse that they are worn out. They will wear out soon enough used on occasions for which they are suitable.

Nothing is more appropriate for the high school girl's fall wardrobe than frocks of gingham, preferably in the darker patterns. Most girls will have one or two lighter gingham or tissue gingham dresses which have been worn during the summer, and these can supplement the heavier, darker wash frocks early in the season.

So many attractive plaids and fast colors in attractive patterns can be bought now that each high school girl can have two or three pretty, neat dresses to wear during the whole fall season. In most localities heavy gingham can be worn until Christmas, and it is always more satisfactory than the dress of woolen material. Whether the girl requires two or three such frocks depends on her ability to keep a dress clean.

Tucks and buttons are used so extensively now that practically no trimming is needed on the school dress. Attractive combinations of plaid and plain color material can make sufficient trimming for any dress. If white organdie or pique are used for collars or cuffs they should be detachable, even though that means adjusting them each time the dress is laundered. If attached to the dress they soon become faded and discolored from the colored gingham.

Nothing is more attractive or practicable to supplement the gingham frocks for the high school girl than regulation middie blouses or navy, deit blue or natural linen color twill. The white blouses with navy collars are pretty, but become soiled so soon that those of color are much more serviceable. Such blouses may be worn with a plain serge skirt during the entire winter. With a wash skirt in the fall they make an attractive suit.

Wise mothers will not permit their high school daughters to copy the prevalent styles for grownups, whether they are becoming and suitable or not. When women are wearing long, narrow skirts it is often difficult to convince the high school miss that she does not look well in similar costumes, but the mother should always insist the school clothes be made for comfort rather than after the ultra modish grown-up styles. A 16-year-old girl should have perfect freedom of motion and not be hampered by narrow skirts or tight, uncomfortable garments of any variety.

In families where most of the fall and winter sewing is done before the school year begins the woolen dress will probably be made now too. It is economy to fit the high school girl with two serge frocks in the fall, rather than have her wear one incessantly from the time they are put on until it is completely worn out, and then have to replace it with another. Two pretty dark dresses of woolen material, worn alternately, will last longer and give a better dressed appearance than allowing one to wear out before it is replaced. The dresses can be cleaned frequently and will not be ruined by perspiration.

Styles for the serge dresses are also simple and the middie blouse or Peter Thompson suit is in good taste for the school girl.

Even if it takes considerable persuasion, the mother should insist that her high school daughter's school shoes are flatheeled and reasonably broad. Highheeled shoes are not only in poor taste for the school girl, but are actually injurious to the health, according to the best physicians.

**DANDY HOME AT BARGAIN—**Modern, well-built, stucco residence, well located about mile from court house, eight lots, living room, dining room, two bed rooms, kitchen, pantry, sleeping porch, large closets, comfortable galleries, fire place, garage, orchard with all kinds of bearing fruit trees, shrubbery, flowers and vines, windmill and well, outhouses, garden, etc., in fact one of the nicest homes in the town. Will sell at real bargain, and give terms to proper party. This is the best opportunity you will have to get a good home at such a low price. Call at News office.

**SAVE ONE-FIFTH—We are selling** our present stock of refrigerators, while it lasts, at 20 per cent discount. Buy now and save money.—Garner Bros.

# Is the Tractor Practicable for the Small Farm?

That's a question many a farmer in the South Plains is asking himself. It is not a question to guess about. Experiments are expensive. A tractor WILL pay on the SMALL farm. It has been demonstrated. E. Dowden, who has operated farms in the Plainview country since this section has been agricultural says in an interview that a tractor and harvester and thresher will pay for itself on two hundred acres of wheat.

The modern method of harvesting saves eight dollars an acre on the cost of harvesting wheat.

You are independent of the thresher operator. No more bonuses for the man who owns his own outfit. No more drudgery boarding a bunch of harvest hands. Two men and a hauler harvested Mr. Dowden's crop. We would like for anyone who is interested in a tractor to talk with him. He uses a Titan 10-20.

**JARVIS & BARBER**  
International Heavy Line Distributors

A plain, attractive sweater for use in the fall and spring and a serviceable heavy coat for the winter season are the only wraps which a school girl needs. These garments should not only be chosen for their wearing qualities, but for the style and cut. The high school girl quite rightly wants things that are in style. The fact that a garment should be serviceable is no reason why it should be frumpy, old fashioned and unattractive. In most homes, where the mother does her own sewing, the high school girl can easily help with the making of her own clothes. A girl will enjoy learning to sew much more when she is helping with some garment that is to be her own. She can learn just as much and will be considerably more painstaking if working on her own school dresses than if she is put to work hemming dish towels or doing the much disliked plain sewing. The high school girl's outfit need not be expensive, but must be simply made, in girlish styles and not over-trimmed if it is in good taste and serviceable.

## A FUEL PROBLEM

If 8 pounds Simon Pure Niggerhead Nut Coal costing 4 cents cooks one meal, how many meals will that pile of coal near Liberty Loan Bank cook.  
Nearest correct answer gets the coal free.

# WATSON'S PRACTICAL BUSINESS COLLEGE PLAINVIEW, TEXAS

The only College that carries insurance to protect  
its students against loss, in case of death of owner

MRS. J. E. WATSON  
Acting Vice President and Secretary

Our courses are the most up-to-date in the country. ARISTOS SHORTHAND can be learned in one-third less time than any other system the world has ever known.

Our **Bookkeeping, Banking, Touch Typewriting** and **Telegraph** courses are the most practical and complete of any offered. They will prepare the student to do the most exacting work.

Ask some of Plainview's best bookkeepers and stenographers about our different courses. We herewith furnish a partial list, ask any one of them: Mrs. W. L. Braddy, with Jacobs Bros.; Miss Kathleen Beauchamp, with Richrds Bros.

& Collier; Miss Daisy Carver, with Rucker Produce Co.; Miss Lou Ella Moon, with Reinken's Store; Miss Lillian Sloneker, Assistant County Clerk; Miss Aline Dalmont, with Third National Bank; Miss Jessie Prosser, with Roadmaster's Office, Santa Fe; Mrs. R. H. McGee, with Dr. J. H. Wayland; Frank Armstrong, with Knight Auto Co.; Miss Opal Thomas, with Texas Land & Development Co.; Miss Bessie Caldwell, with Plainview Creamery; Miss Gertrude Overall, with Waller Tailoring Co.; Miss Anna Walters, with Carter-Houston Dry Goods Co.; Miss Louise Duckwall, with Herald Pub-

lishing Company; Miss Minnie Finch, with Texas Utilities Co.; Miss Della Ansley, with Lash Realty Co.; Miss Mary Bryan, with Williams & Russell, Lawyers; Foy Pennington, with Long-Harp Drug Co. There are others we do not recall just now.

Our graduates are to be found everywhere always on top.

If you want a good **Position**, if you want to get in the line of promotion, then enroll with us at once. Catalogue free. Telephone, write or better still, visit the college. Telephone numbers 22 and 298.

## NIGHT AND DAY SCHOOL LOCATED IN THE HEART OF THE BUSINESS DISTRICT WE SUCCESSFULLY TEACH BY MAIL

The News is glad to publish social items and when you or your neighbors, club, society or lodge have any kind of a social, please write out an item about it or phone 97 or 552.

### Miss Vara Harkey Will Wed California Man

A marriage license was issued today to Mr. H. O. Hunton of Pasadena, Calif., and Miss Vara Harkey. Miss Harkey is a well-known music teacher of Plainview, and Mr. Hunton owns a fruit farm near Pasadena, where they will make their home. He owns a farm northeast of Plainview, and they will remain here until the harvest is over.

### Week-End House Party at G. M. Schick Home

Mrs. George M. Schick in the Bellview community was hostess at a week-end house party, complimenting Misses Adamae and Leona McKinney, and Mr. Edwin M. Yegger, a young attorney of Memphis, Tenn., who has been visiting his sister, Mrs. J. W. Stansel.

### Rev. and Mrs. C. M. Haddick Celebrate Wedding Anniversary

Rev. and Mrs. Clyde M. Haddick celebrated the first wedding anniversary Sunday.

The following were present and participated in the joy and refreshments of the day: Mr. and Mrs. T. J. Tilson and Mrs. W. W. Kurfes of Bellview community; Mrs. Ida Tilson and Mr. and Mrs. Glen Tilson and Mr. and Mrs. M. C. Sitton of the Midway community; Mr. and Mrs. A. H. Porter and family, Rev. J. R. Smelser and family of Ellen community. The guests consisted of about thirty persons.

Dinner was served, also refreshments in the afternoon. Some special music was rendered by Misses Clara, Mabel and Mr. Grady Porter, after which the guests engaged in singing some hymns, which recalled childhood's happy days.

Rev. and Mrs. Haddick received many compliments and good wishes for the years that shall follow.

### Plainview People Touring Southern California

Mr. and Mrs. E. C. Hunter and C. C. Green of Plainview, were visitors on August 15 at the big exhibit of

Southern California products maintained free to the public in the Los Angeles Chamber of Commerce. They also attended the lectures and moving pictures that are a part of the daily program. The exhibit is the largest of any in the country maintained by a commercial organization. Before returning home, Mr. and Mrs. Hunter and Mr. Green expect to visit several of the many other places of interest in Southern California.

### Is Opening Dancing School

Miss Dillman of Denver, Colo., is opening a dancing studio in the building just north of the Ellerd block. She has taught dancing classes recently in Amarillo and Clovis.

### Miss Thelma McLean Entertains With Lawn Party

Miss Thelma McLean entertained with a lawn party at the home of Mr. and Mrs. W. E. Boyd Saturday evening. The lawn was lighted with Japanese lanterns, and tables were placed for games of forty-two, which were enjoyed by a number of her young friends. The refreshments were ice cream and cake.

### Marriage License Issued To Lorenzo Couple

A marriage license was issued here Tuesday to William Berkeley Dillard and Miss Mary Frances Brown. Both parties live at Lorenzo, so we are informed.

### Marguerite Luna Celebrates Her Eighth Birthday

Marguerite Luna was eight years of age Friday, and her mother, Mrs. W. B. Luna, gave her a party, to which was invited a number of her little friends. The party was on the lawn, and the amusements were children's games and story-telling. Ice cream and cake were served.

The guest list included Wilma Bailey, R. C. Jordan, Richard Morehead, Cecil Rushing, Lucien Morehead, Juanita Anthony, Marguerite Blockson, Rebecca Williams, Augusta McCallon, Maxine McCallon, Pauline Harp, of Abernathy; Nina Frances Banks and Adrian Banks of Snyder; Emmitt White, Ellis White, Jessie Lindsay, Alene Jacobs, Juanita Stephens, Juanita White, Naomi Blockson, Virginia Wayland, Josephine Wayland, Edna Ruth Cochrane, Helen Brown, Nelson Lindsay, Madeline Deacon, Dorothy Louise Deacon, Vernie Thompson, Margaret Shelton, Frances Louise Stockton, Joan Lloyd, Dorothy Jane Morehead, Louella

### Lamb and Alardila Slaton.

### Rev. Gordon Lang and Family Return from Vacation

Rev. and Mrs. Gordon Lang and children returned Tuesday from a trip of a month in their car to Eldorado Springs, Mo., for the benefit of his health. They made a circuitous trip, the mileage aggregating about 2,000 miles.

Mr. Lang says his health is greatly improved.

There is a New Premium sewing machine at the Red Cross rooms. Nobody seems to know whose it is. Owner will please call and get it.

### They Bring Good Results

The News want ads bring results. This is demonstrated every day. Of late we have been quite successful in selling several tracts of land and town property. Last week a want ad sold a residence in Plainview that had been listed with land agents for a long time.

No matter what you have to sell, trade, rent, if you have lost anything, or you wish to give notice to the public about, it will pay you to use the News Want columns.

The News has a larger Plainview and Hale county circulation than any other newspaper published. The News is read by the people of the Plainview country—that is the reason it pays to advertise in the News.

Frank Norfleet, Jim and Holland Phillips and Otto Johnson returned yesterday morning from Kansas City, where they went with a shipment of cattle.

Try a News Want Ad.

## WANT COLUMN

FOR SALE—Good six-room house, 5 acres land, improvements. Four acres in good maize, 1 mile north of city limits. Reasonably priced, three equal payments, 1-3 cash.—Address Box 5. 29-2t

FOR SALE—19 sections leased land, well watered, good grass. 3 sections for sale with it. Possession at once. For particulars see G.-C. Electric Co.

lege. He will teach "Religious Education."

V. H. Horton and son, Wm., Edward Nichols, Albert Bruce and Ben-ning VanDeventer of Gainesville are here visiting W. N. McDonald and family.

B. H. Black of Pecos has been here this week visiting his daughter, Mrs. Richard Brown. He is selling stock in an oil company that is operating at Pecos.

Milo Dodge left yesterday for Albany, Wis., to attend the "Old Home Week" celebration. He has not been back to that place for more than thirty years.

Miss Ida Leach, who has been here visiting her parents, Mr. and Mrs. H. Leach, left this afternoon for her duties in a government department in Washington.

Miss Velma Griffith was here last week enroute to Lockney to visit her parents. She has been employed in a government department in Washington for the past year.

C. B. Reeves went to Kansas City the fore part of the week to get his father, who is ninety years of age, and is sick, and bring him home. They are expected in today.

Miss Iva Cole was here this week visiting friends. She is now employe of the Southwestern Telephone Co. in Wichita Falls. She left yesterday for Ranger to visit her parents.

Mr. and Mrs. Lee Crow of the Bartonsite community have sold their farm near Bartonsite to John Wilkins and expect to move to California as soon as crops are harvested.

Miss Zenda Hanna of Childress is the guest of Miss Leota Guest. Dr. and Mrs. Guest and the two girls went to Pleasant Valley in Floyd county today to attend the barbecue.

Mrs. Mason Dillingham went to Happy yesterday afternoon to visit relatives and bring home here little son. Mrs. Fisher, who has been here at, returned to her home in Happy.

M. Carraway of Childress was here yesterday and went to Lubbock to see about engineering the street paving job. He was one of the engineers that laid out the street paving in Plainview.

Mrs. L. A. Mershon and daughter of Walters, Okla., who have been visiting her sister, Mrs. J. K. Pace, and Mrs. B. G. Hatch of Temple, Okla., aunt of Mrs. Pace, left Thursday afternoon for their homes.

Mr. and Mrs. Droke and son of the Wells-Fargo Co. express office are off on a vacation, and are visiting relatives at Crowell and Hamlin. Mr. Purdam, messenger on the Floydada branch, is in charge of the office.

Mr. and Mrs. J. P. Smith will arrive from Austin in a day or so, and he will become salesman in the Plainview Mercantile Co. store. Several years ago they lived in Plainview. He is a brother of Rev. S. W. Smith.

L. M. Frogge, who has been city salesman for Nobles Bros., wholesale grocers, for a number of years, has resigned and will go to Tulsa, Okla., to make his home. He has many friends here who will regret his departure.

### INTERESTING ITEMS PICKED UP HERE AND THERE BY THE EDITOR OF THE NEWS

"Pole" Smith of Arizona has been here this week visiting. He was a pioneer citizen of Hale county, and left here in 1891, when Plainview had a population of less than 200, hence he is surprised to find such a modern city of 6,000 people.

C. L. Glenn and daughter, Miss Lucy, of Matador were here yesterday, visiting friends. They formerly lived here. Mr. Glenn is now agent for the federal land bank in Motley, Floyd and Dickens counties, and is also in the real estate and insurance business. He avers the crops below the caprock are much better than those about Plainview.

R. A. Baldwin of Slaton was here yesterday, en route to Floyd county to make a speech at a picnic. He is a candidate for the legislature from the 122nd district, to succeed Judge Bledsoe, who was recently elected to the state senate. He is the only candidate who has so far announced. The special election will be held Aug. 30. Mr. Baldwin is a lawyer and at one time was a citizen of Plainview.

Judge Otis Trulove of Amarillo was here today. He owns a big ranch and farms in the lower part of the county. He has been on the Plains too long to be justified in prophesying about the weather, but he is a very bold man, and rarely fears consequences. Just as he got on the train to go home, he said to the editor of the News, "It is going to rain within the next twenty-four hours. You can depend upon what I am saying." We will wait and see whether he is a good rain prognosticator.

### Public Sales

J. D. R. Bass of Kress was here Wednesday having the News print some bills for a public sale which he and J. H. Hamilton will hold at Kress Saturday, August 30, at 1 p. m. C. F. Sjogren will be the auctioneer. Some live stock, also farm implements, household goods and an automobile will be included in the sale.

A public sale will be held at Dr. Gidney's farm, two miles west of the court house, Friday, August 29th, beginning at 10:30 a. m. A list of the cattle, horses, farm implements, etc., to be sold appears on another page. W. A. Nash will be the auctioneer and S. S. Daniel, sales manager.

John B. Pope, Jr., and associates have asked for and been granted a charter for a state bank at Plainview. This will make the fourth bank at Plainview. John B. Pope, Jr., was born in this county out at the old Shoe Bar Ranch headquarters, his father being manager of that property for a number of years.—Memphis Herald.

It pays to advertise in The News.

**JOE AND JIM ARE WORKING FOR LIQUOR INTERESTS**

**Capt. Tilson Discards Platforms of Bailey and Ferguson's "Personal Liberty" Parties**

**Editor News:**

After weeks and months of violent agitation and travail the mountain has brought forth; and behold a less than a mouse was the result. From the perspiration and fuss expended by Bailey and Ferguson over the awful debilitated condition of the democratic party, some people were led to believe that the Fort Worth convention might be epochal in our history, but as the Dallas News truthfully says, "It was not even interesting."

One of these doctors said the party was afflicted with autocracy; the other said it was socialism—two widely antagonistic diseases. Yet, they both prescribed practically the same medicine. Now, you know that the medicine that will produce healthy socialism will kill autocracy and vice versa.

My honest conviction is that both Bailey and Ferguson, being in sympathy with the brewing, saloon and whiskey interests, have but one object in view and that is to counteract and destroy the progress that prohibition has made both in the state and nation.

It is not state rights about which they are so materially concerned, except the hope they may indulge of undoing and destroying the prohibitory liquor legislation, which the country now enjoys.

They knew that the state and nation have for a long time been co-operating together in educational affairs, the general government contributing thousands of dollars for this purpose. Millions of dollars are being expended by the general government in co-operation with the state for the construction of good roads. The same co-operation is practiced in the health, quarantine and other departments to the great interest and benefit of both parties and the people generally. Neither one of these doctors has been heard to proclaim against these policies, but Mr. Ferguson actually encouraged them while he was governor.

It is not woman's suffrage per se that they so seriously object to, but they know that if the women are allowed to vote it further sounds the everlasting and eternal death knell to their personal liberty and anti-prohibition dream.

These men know there is not a democrat, or another liberty loving man or woman in our country, but what would shed the last drop of blood in their bodies in defense of "free speech," and they declare, and they are equally strong for a free press, free schools and freedom of religious worship, and they are equally antagonistic to a union of church and state as proposed and practiced by the Roman Catholic hierarchy wherever and whenever it gets sufficient power and authority. But if they mean that we must have a law to prohibit ministers of the gospel and advocates of morality, participating in the politics and political campaigns of our country, then we want to say to them that their demands are unreasonable and undemocratic, and they have no business in the democratic party, and they had just as well understand that the true liberty-loving democrats are not going to be caught in their "personal liberty" and anti-prohibition meshes.

Another plank in their platform upon which they propose to organize a new party is their opposition to the "initiative and referendum" and yet in their very next breath they demand that all constitutional amendments be referred to the people to vote upon.

Destroy the initiative and referendum, as we now have it, and you destroy the right and privilege of the people to say to their representatives what character of legislation they desire; you deprive the people of passing upon great and important measures and amendments which materially affect them and the dearest interests of their state.

Again, they say "We believe in a written constitution." Well, haven't we got a written constitution? "And a faithful obedience to all of its provisions." Well, isn't the present democratic party thoroughly wedded to that principle?

Ask Mr. Ferguson, whom they impeached and removed from office for violating some of these written constitutional provisions.

Again, they "denounce the growing extravagance of government, state national and municipal," and very correctly, too, and against this extravagance I have been fighting for over thirty years. The way to remedy this is not by a new party, but by electing men to congress and to your legislature, who are in favor of the principle.

Of course, all democrats favor the efficient regulation of railroads and are opposed to socialism.

As to "The League of Nations" this is one of the greatest, most complex

# Notice of Removal

We have moved our sales and service station from the Campbell Building on Ash Street to the building recently vacated by the Carter Motor Co. in Auto Row on Austin Street.

The change will give us a better work shop and a better floor on which to show our cars.

Of course it has been difficult to get delivery on our three cars, the

## Hupmobile, Chandler and Cleveland

but we generally have a few cars ready for demonstration and at practically all times have some real bargains in used cars.

If you want a new car of any of these makes we advise that you get your orders in promptly that we may be able to protect you on deliveries as soon as we can get more cars.

We appreciate the business you have given us in our old location and trust that you will let us continue to serve you in our new location.

Phone 113

**Watson Business College Notes**

Miss Eppie Long enrolled for a full business course Monday of this week.

Miss Wilhelmina Harrington re-entered this week, and Miss Nell Rountree made arrangements to re-enter Monday of next week. Mrs. Bigham, who has been attending the night school, changed to the day school.

Ben Mead, who has been attending college, has moved to Kansas City and will finish his course by correspondence.

Miss McClain has accepted a position with Peace & Lewis. Miss Minnie Bell Wolverton has accepted a position with Williams & Martin, lawyers. Miss Bettie Merrell has accepted a position with W. W. Kirk, lawyer. Miss Bessie Mae Fowler has accepted a position with Lawyer Baird. Miss Lura Miller has accepted a position with the Plainview Mutual Insurance Co.

Mrs. Shaw of Lockney was at the college this week and made arrangements for her daughter to enter school soon.

We have recently engaged room and board for a number of young men and women who will enter college about Sept. 1st.

Miss Irma Leach visited the college this week. She informs us that Miss Ida Leach, her sister, has returned to Washington City, after a short vacation. Miss Ida was one of our best students and she has made a record in her work at Washington.

C. V. Bryson was a pleasant visitor at the college this week. He always encourages us. Come again.

Mr. Watson announced to the student body this week that he had taken out an insurance policy to take care of un-earned tuition of students who might be in attendance at his death. We hope he will live many years and carry on his good work, but think this is very thoughtful, and unique business proposition on the part of Mr. Watson and his associates.

**Twelve Cars Cattle Shipped**  
Holland Phillips last week shipped six cars of cattle, Jim Phillips four cars and Frank Norfleet two cars of cattle to Kansas City, which they sold.

## Store Talk

Have you seen those aluminum sets in our windows? Aluminum in your kitchen is like Sterling in your dining room. We want to give you one of these sets in appreciation of your trade. Ask us about it. Of course if you just can't see your way clear to trade with us then we can sell you one of these sets at a very low figure.

You'd think surely that the price on eggs would go down, but they just don't, and thereby hangs a tale. If Purina Chicken Chowder doesn't make your hens lay then they are roosters. Better take advantage of these high priced eggs and get more. The Chowder doesn't cost much for what you get out of it.

In the first place we sell you groceries at the lowest possible prices when we go further than that to show our appreciation by giving you a set of aluminum ware free.

About that Light Crust Flour—we know its merits and could talk them to you all day but you can never fully appreciate it unless you give it a thorough try-out. It makes delicious cake, biscuits and bread equally well for it is a blend that does the work. Let us send you a sack.

camping we don't want to unduly urge you to do so. Our interest in your camping trip is to see that you are provided with the sort of food that will make your trip a success. We know that we can do this and ask you to figure with us.

Most of our patrons have already discovered that our service is superior but we want the rest of you to know that our deliveries are prompt, our selections accurate, our prices right, our quality top notch, and our adjustments—if adjustments are necessary, are courteous and prompt.

We almost overlooked that cream business—and yet we are so afraid you will overlook it that we remind you of it every week. We can use every drop of cream you can supply, sweet or sour, it makes no difference. We make the test here and you get your checks promptly.

Pretty soon it will be a bumper crop on top of that whale of a wheat crop. We want to stock up that pantry in order that the farm workers will have all they can eat while the good work is going on.

**Gibbs' Cash Grocery**  
Phone 337

and difficult questions that ever confronted the American people, or the world, for that matter. There are some features in connection with it that I very heartily approve, while there are others that I dislike. But, I have confidence in the wisdom and patriotism of the men who are to determine this question that they will act for the best interest of the American people; and I shall leave it at that.

Before I close I want to denounce as vicious, maliciously false and unwarranted reflection upon the intelligence, morality and good sense of the people of Texas, a statement made by Mr. Bailey, when he said "the people of South Texas would vote for a rascal for office if he was an anti, rather than a pro, and the people of North Texas would vote for a fool if he was a pro, rather than an anti." My honest opinion is that neither one of these factions would vote for that kind of a man if they knew it, but of course they might be deceived, as good people often are.

With your permission, I will discuss, in another article, the woman suffrage question as it now agitates and concerns our people.

T. J. TILSON.

The British fleet has sunk several Russian Bolshevik warships in the harbor of Kronstadt, and the allied guns are now trained on the city, which is burning.

**EXHIBIT WILL REPRESENT RESOURCES OF WEST TEXAS**

Staple Products of Farm, Also Orchard and Garden—Showing of Oil and Minerals

Chester C. Crowell, publicity manager of the West Texas Chamber of Commerce, was in Plainview a few days ago. He will have charge of the large and carefully selected West Texas agricultural exhibits to be shown at the great national exposition in the Middle West this fall. These exhibits represent not only staple crops such as the grains and cotton, but fruits, melons and other perishables, and a comprehensive oil and mineral exhibit. The exhibit will be renewed from week to week and kept up to the highest standards for each great fair.

In addition to the exhibits Mr. Crowell takes with him a large assortment of photographs, some of which are fourteen feet long, showing scenes in West Texas. These will be part of the exhibit. He also takes several reels of motion pictures showing harvest scenes, cities and towns, and some of the oil fields. It is expected that these will prove very popular on account of the national interest in the West Texas oil development.

The exhibits will be shown first at the Indiana State Fair in Indianapolis Sept. 1-6. This fair has an attend-

**Patton House**

C. H. PATTON, Prop.  
Opposite Overall's Barn  
Meals 35c Beds 25c and 50c

ance of 600,000, and is held in an interurban center, accessible to thousands of expert dairy farmers, who can be interested in West Texas.

From Indianapolis the exhibits will be taken to Louisville to the Kentucky State Fair, which has an annual attendance of 500,000. The date for this fair are September 8-13.

The Tennessee State Fair at Nashville September 15-19 is the next to be visited. Its attendance averages over 500,000. It is the second largest fair held in the South, and Tennessee has given to Texas many progressive farmers and business men.

The closing exposition to be visited is the International Soil Products Exposition at Kansas City September 24-Oct. 4. This exposition has always been very popular with West Texas exhibitors. Its annual attendance is 1,500,000 people from all parts of the Middle West, Northwest and Southwest. The International Dry Farming Congress is held in connection with this exposition.

About the only fads a mother can afford to indulge in these high-cost days are washing, mending and cooking.

# Free Proof To You

Not One Penny Will RICH-TONE Cost You, if it Doesn't Prove of Genuine Worth in YOUR CASE

You are to be the judge—try this famous tonic—if it doesn't bring you new energy, a splendid appetite, restful sleep, peaceful and quiet nerves—if it doesn't destroy that tired feeling and build you up, then Rich-Tone will be free to you, it will not cost you anything—NOT ONE PENNY.

YOU OWE IT TO YOURSELF to try this marvelous remedy. YOU OWE IT TO YOUR FAMILY AND FRIENDS to be strong, well, happy, bright of eye, brisk of step, ruddy of cheek, able to go about your work with a smile on your lips!

On each bottle is plainly printed, "Money cheerfully refunded if not entirely satisfactory," and your own local druggist will let you try Rich-Tone on this money-back guarantee.

One user says: "I was run down after a bad case of 'flu.' Was in bed four months and under the care of five doctors, had nervous prostration and could not sleep and ate very little. I got a bottle of your wonderful tonic, Rich-Tone, and am now eating three times a day and I sure sleep sound. I can't say enough for your wonderful tonic, Rich-Tone. It is worth its weight in gold. It has saved me \$50 or \$60 as I was going to Mineral Wells, but I do not need to go now, thanks to Rich-Tone."

Rich-Tone makes more red corpuscles, enriching and purifying the blood. It contains all of the elements that are needed most in maintaining strength and vigor. Rich-Tone rests the tired nerves, restores appetite, induces healthful sleep—it gives you all those things which mean energy and well-being. Get a bottle to-day on our money-back guarantee. Sold locally by Dye Drug Co.

## Catarrh Cannot Be Cured

WHILE LOCAL APPLICATIONS may be made, Catarrh is a local disease, greatly influenced by constitutional conditions, and in order to cure it you must take an internal remedy. Hall's Catarrh Cure is taken internally and acts thru the blood on the mucous surfaces of the system. Hall's Catarrh Cure was prescribed by one of the best physicians in this country for years. It is composed of some of the best tonics known, combined with some of the best blood purifiers. The perfect combination of the ingredients in Hall's Catarrh Cure is what produces such wonderful results in catarrhal conditions. Send for testimonials, free. F. J. CHENEY & CO., Prop., Toledo, O. All Druggists.

## Summer Complaint

During the hot weather of the summer months some member of almost every family is likely to be troubled with an unnatural looseness of the bowels, and it is of the greatest importance that this be treated promptly, which can only be done when the medicine is kept on hand. Mrs. F. E. Scott, Scottville, N. Y., states, "I had a severe case of Cholera, Colic and Diarrhoea Remedy as much as five years ago. At that time I had a severe attack of summer complaint and was suffering intense pain. One dose relieved me. Other members of my family have since used it with like results."

The trouble with the fellow who tries to be better than other people is that he always acts that way.

## COULD HARDLY STAND ALONE

Terrible Suffering From Headache, Sideache, Backache, and Weakness, Relieved by Cardui, Says This Texas Lady.

Gonzales, Tex.—Mrs. Minnie Philpot, of this place, writes: "Five years ago I was taken with a pain in my left side. It was right under my left rib. It would commence with an aching and extend up into my left shoulder and on down into my back. By that time the pain would be so severe I would have to take to bed, and suffered usually about three days... I suffered this way for three years, and got to be a mere skeleton and was so weak I could hardly stand alone. Was not able to go anywhere and had to let my house work go... I suffer awful with a pain in my back and had the headache all the time. I was unable to do a thing. My life was a misery, my stomach got in an awful condition, caused from taking so much medicine. I suffered so much pain. I had just about given up all hopes of our getting anything to help me.

One day a Birthday Almanac was thrown in my yard. After reading its testimonials I decided to try Cardui, and am so thankful that I did, for I began to improve when on the second bottle... I am now a well woman and feeling fine and the cure has been permanent for it has been two years since my awful bad health. I will always praise and recommend Cardui." Try Cardui today. E 78

## KEEP IT SWEET

MADE BY SCOTT & BOWNE MAKERS OF SCOTT'S EMULSION

**WHITFIELD**  
Aug. 20.—Miss Willie Mae Bramlet returned from Canyon Normal Monday.  
Rev. White and Britain closed their meeting Sunday night at the Baptist church.  
Mr. Ganaway left Saturday night for East Texas to look after some business matters for his mother.  
Mr. and Mrs. Wheeler of Argona, Kans., are visiting at the Real home.  
Mr. and Mrs. Steve Williams and Steve's two sisters, went to Canyon Monday on business.  
Miss Hazel Ooley came home Saturday to spend a few weeks with her parents.  
R. B. Mercer and wife of Lockney were in our midst last week visiting.

## Should Summer Fallow

For ten years the Scientific Farmer has urged upon the farmers of the semi-arid west the necessity of summer fallow to insure a steady income from the land. We must admit the fact that the annual rainfall is not sufficient to produce annual crops unless something is done to store the moisture from one year to another. This is an abnormal year. A season like this may not come for half a century—and yet it may. What the farmers of the semi-arid west must do is to prepare for the worst. They must take out insurance in the shape of stored moisture. And let it be understood that the soil is the best reservoir in which to store one year's moisture for the use of the next years crop.

The year 1919 will be a great lesson to those who have been inclined to take chances. The gambler will always lose in the end. The farmer must play safe to win—and playing safe with the weather means summer tillage. Crop half the land and summer fallow the other half. And this does not mean just allowing the land to remain idle. It must be plowed at the proper time and cultivated to keep down all weed growth and to maintain a soil mulch to prevent evaporation from the surface. No crust must be allowed to remain after a rain for a crust means a loss of moisture.

The drought in the northwest may not be wholly without benefits to those who are willing to profit from experience. — Campbell's Scientific Farmer.

## How To Know A Bad Egg

The absolutely fresh egg held against the light shows a distinctive pinkish glow of goodness. Let that egg, however, remain out in the sun or in the summer heat for a little time, and within a day or two it begins to show "blood," a tiny series of little blood vessels forming around the embryo of the chick; or the heat may cause the yolk to go toward the top and shift easily, which characterizes it as a "light floater."

Again, the yolk may mix with the white and make a "white rot," a condition also revealed by the candle. The final stage is the "black rot," where no light at all can be seen through the egg. The egg has now reached the explosive stage, which makes it the favorite missile of the average boy. There is, however, another type of bad egg which most people would think good for food. The yolk is a firm golden ball and the white is clear liquid. But the white has a greenish color—and the green indicates that the egg is full of bacteria—it is a "green white egg."

## Negro Was A Negro In Army

Several Panhandle newspapers stated last week in discussing the race riots that negroes were treated as equals of the whites in the army. The editors are mistaken in this statement. They were not; no more than they are in civilian life. But the negro coming back to America is posing as if he were treated as an equal. In France the negro was highly entertained by a certain class of civilians who were after his money, and that may have something to do with his present attitude. But in the army the negro was a negro, just as he is on American soil.—Canyon News.

## Experts To Examine Salt Lakes

The Geological Survey at Washington will send an expert to the Texas Plains to make an examination of what are locally known as the salt lakes in Lynn, Terry and Gaines counties, as a result of a request filed last week by Representative Marvin Jones, and owners of the properties. The lakes are said to possess 20 per cent potash, a commodity, now greatly needed in demand for fertilizing purposes, as well as other products of the saline order. Samples of the deposits were left with the survey for an analysis. Belief was expressed by Mr. Jones that the deposits are of such extent and percentage as to insure development of a large industry for the Plains section.

C. A. Phillips, W. J. Arrington, V. A. Lester, Ethert A. Renfrow and Dr. Frank Nugent of Paducah were here Wednesday.

**Population of American Cities**  
Gotham is the chief financial center of the world. Gotham has the largest population of any of the world capitals. An eastern contemporary says the population of New York city on July 1, according to a survey by the Newspapers' Feature Bureau, was 6,244,616, as compared with 4,766,883 in 1910, an increase of 31 per cent. Of the total, 120,138 are listed as negroes. The whites of native parentage are given as 1,206,926; of foreign parentage, 2,384,384, and of foreign birth, 2,525,292.

According to the survey the sexes are almost evenly divided. The number of males is given as 3,121,051 and are females as 3,123,565. The city has 1,878,211 males of voting age and 333,912 illiterates more than 10 years old. There are 1,337,283 families.

The twenty largest cities in the country, with New York leading, are given as Chicago, with a population of 3,059,396; Philadelphia, 1,936,260; Cleveland, 936,300; Detroit, 936,300; Boston, 830,625; St. Louis, 824,435; Baltimore, 726,030; Pittsburg, 667,381; Los Angeles, 574,556; San Francisco, 555,882; Buffalo, 516,932; Milwaukee, 504,707; Cincinnati, 472,688; New Orleans, 440,797; Washington, 430,390; Minneapolis, 421,971; Newark, 416,963; Seattle, 395,323; Rochester, 349,938.

## Carnegie Tax \$144,181,000?

Cleveland, O.—The inheritance tax on Andrew Carnegie's estate of 500 million dollars will be \$144,181,000, it was estimated here last week by T. E. Peckinpaugh, Cleveland office of the United States Revenue Department.

This figure includes the federal inheritance tax of \$124,181,000 and the New York state tax of 20 million dollars. The estimate is based on the premise that no bequests have been made to charitable or educational institutions.

## Buy Planes Instead of Cars

New York.—The American public within the next twelve months will be putting in orders for aerial runabouts, touring machines and limousines with the same avidity that gas wagons were ordered a decade ago. Capt. Charles J. Glidden, United States air service, predicts.

Glidden said airplanes would come into general use even more rapidly than did the motor car. Federal, state and municipal fields should be established along every route in the country, he concluded.

Love is what makes a girl sit and hold a man's hand for hours and listen to what he says just as if he was saying something.

**PRINCE ALBERT**  
the national joy smoke

**SAY, you'll have a streak of smokeluck that'll put pep-in-your-smokemotor, all right, if you'll ring-in with a jimmy pipe or cigarette papers and nail some Prince Albert for packing!**

Just between ourselves, you never will wise-up to high-spot-smoke-joy until you can call a pipe by its first name, then, to hit the peak-of-pleasure you land square on that two-fisted-man-tobacco, Prince Albert!

Well, sir, you'll be so all-fired happy you'll want to get a photograph of yourself breezing up the pike with your smokethrottle wide open! *Talk about smoke-sport!*

Quality makes Prince Albert so appealing all along the smoke line. Men who never before could smoke a pipe and men who've smoked pipes for years all testify to the delight it hands out! *P. A. can't bite or parch!* Both are cut out by our exclusive patented process!

Right now while the going's good you get out your old jimmy pipe or the papers and land on some P. A. for what has your particular smokeappetite!

You buy Prince Albert everywhere tobacco is sold. Tippy red bags, tidy red tins, handsome pound and half pound tin humidors—and that classy, practical pound crystal glass humidor with sponge moisture top that keeps the tobacco in such perfect condition.

R. J. Reynolds Tobacco Company, Winston-Salem, N. C.

A woman was fined \$50 for telling a judge to go to the devil. Serves her right. Women should learn that they can't talk to judges the way they talk to their husbands.

## EVER SALIVATED BY CALOMEL! HORRIBLE

Calomel is quicksilver and acts like dynamite on your liver

Calomel loses you a day! You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashes into your mile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

When you feel bilious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel just remember that your druggist sells for a few cents a large bottle of Dodson's Liver Tone, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without stirring you up inside, and can not salivate.

Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tone straightens you right up and you feel great. Give it to the children because it is perfectly harmless and doesn't gripe.

## ANOTHER PLAINVIEW CASE

It Proves That There's A Way Out for Many Suffering Plainview Folks

Just another report of a case in Plainview. Another typical case. Kidney ailments relieved in Plainview with Doan's Kidney Pills.

S. B. Farris, retired farmer, Plainview, says: "Last winter my back began to give me some trouble. It was sore and lame and ached most all the time. It bothered me mostly when I had to stoop over as sharp and aching pains would shoot through my back and shoulders and mornings when I first got up my back was so lame and stiff I could hardly straighten. I felt tired and worn out and had dizzy spells. I also suffered from headaches. My kidneys were weak and kidney secretions were scanty in passage and bothered me a great deal. I saw Doan's Kidney Pills advertised and bought some from R. A. Long's Drug Store. One box of Doan's cured me of the trouble. I recommend Doan's Kidney Pills highly to all my friends." 60c. at all dealers. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

## "FAKE" ASPIRIN WAS TALCUM

Therefore Insist Upon Genuine "Bayer Tablets of Aspirin"

Millions of fraudulent Aspirin Tablets were sold by a Brooklyn manufacturer which later proved to be composed mainly of Talcum Powder. "Bayer Tablets of Aspirin" the true, genuine, American made and American owned Tablets are marked with the safety "Bayer Cross."

Ask for and then insist upon "Bayer Tablets of Aspirin" and always buy them in the original Bayer package which contains proper directions and dosage.

Aspirin is the trade mark of Bayer Manufacture of Monaceticacidester of Salicylicacid.

## LEMONS MAKE SKIN WHITE, SOFT, CLEAR

Make this beauty lotion for a few cents and see for yourself

What girl or woman hasn't heard of lemon juice to remove complexion blemishes; to whiten the skin and to bring out the roses, the freshness and the hidden beauty? But lemon juice alone is acid, therefore irritating, and should be mixed with orchard white this way: Strain through a fine cloth the juice of two fresh lemons into a bottle containing about three ounces of orchard white, then shake well and you have a whole quarter pint of skin and complexion lotion at about the cost one usually pays for a small jar of ordinary cold cream. Be sure to strain the lemon juice so no pulp gets into the bottle, then this lotion will remain pure and fresh for months. When applied daily to the face, neck, arms and hands it should help to bleach, clear, smoothen and beautify the skin.

Any druggist will supply three ounces of orchard white at very little cost and the grocer has the lemons.

## Chronic Constipation

It is by no means an easy matter to cure this disease, but it can be done in most instances by taking Chamberlain's Tablets and complying with the plain printed directions that accompany each package.

Serious forest fires are again raging in Montana and Idaho.

## Stomach and Liver Troubles

No end of misery and actual suffering is caused by disorders of the stomach and liver, and may be avoided by the use of Chamberlain's Tablets. Give them a trial. They only cost a quarter.

## LIFT CORNS OR CALLUSES OFF

Doesn't hurt! Lift any corn or callus off with fingers

Don't suffer! A tiny bottle of Freezone costs but a few cents at any drug store. Apply a few drops on the corns, calluses and "hard skin" on bottom of feet, then lift them off.

When Freezone removes corn from the toes or calluses from the bottom of feet, the skin beneath is left pink and healthy and never sore, tender or irritated.

## A Texas Wonder

The Texas Wonder for kidney and bladder troubles, gravel, diabetes, weak and lame back, rheumatism and regularities of the kidneys and bladder in both men and women. If not sold by your druggist, will be sent by mail on receipt of \$1.25. One small bottle is two months' treatment, and often cures. Send for sworn testimonials. Dr. E. W. Hall, 2926 Olive St., St. Louis, Mo. Sold by druggists. —Adv.

President Wilson has informed the senators that delaying ratification of the peace treaty is keeping the world upset.

## Ask Anyone Who Has Used It

There are families who always aim to keep a bottle of Chamberlain's Colic and Diarrhoea Remedy in the house for use in case it is needed. And that it is not only a great remedy but saves them no end of trouble. As to its reliability, ask anyone who has used it.

Barry Miller of Dallas will likely be appointed U. S. district judge to succeed Judge R. L. Botts of Austin, who has resigned.

## Normal Weight

Perhaps you are worried because your child does not pick up in weight? Better try

## Scott's Emulsion

and watch how it helps make a thin child grow and put on weight. There is nothing quite so strengthening as Scott's Emulsion for a child of any

Scott & Bowne, Bloomfield, N. J. 19-8

# CHURCHES

## The Big Tent Meeting

The big tent meeting is attracting large crowds and the interest is deepening with each service. Evangelist Kendall, who is doing the preaching, holds his crowds from the first. His preaching is pointed and with great power. Souls are seeking and a number of people have been blessed, and the Christian people have been wonderfully helped. If you want to hear some old time preaching, come to the big brown tent. Three great services Sunday, 11:00, 2:30 and 8:15.

## Revival at Methodist Church Is Growing in Interest

The revival at the Methodist church in which Evangelist Freeman is assisting Pastor Robinson, continues to grow in interest. There have been several conversions, and the church membership is being revived. The song services are under the direction of Mr. and Mrs. Powell of Greenville.

Services have been held down town a day or so this week. Also there is much work being done throughout the town.

The revival will continue, with services at 10 a. m. and 8:15 p. m. each day. Sunday afternoon there will be a service for men only.

## St. Mark's Episcopal Church

Services next Sunday at 8:30 with a sermon by Archdeacon Garner.

A kind invitation is extended to all.

## Presbyterian Services

Rev. Gordon Lang, having returned from his vacation, will occupy his pulpit at the Presbyterian church Sunday morning and night. The night services will begin at 8:15. Sunday school at 9:45.

## Baptist Revival at Bartonsite

Rev. G. B. Airhart, formerly pastor of the Baptist church at Hale Center, has been holding a revival at Bartonsite the past week.

## Baptist Activities

Rev. G. I. Britain is assisting Rev. J. M. Rankin in a Baptist revival which was begun last night at Bledsoe, seven miles from Petersburg, in the edge of Lubbock county.

Rev. Britain will begin a revival at Runningwater the first Sunday in September.

The Staked Plains Baptist association will hold its annual meeting at Hale Center, beginning Tuesday, Sept. 16—Rev. J. B. Cole of Crosbyton is moderator of the association.

Mr. Cole recently moved from Lubbock to Crosbyton, to become pastor of the Baptist church there.

## Baptist Standard Editor

### Preached in Plainview

C. C. Routh of Dallas, editor of the Baptist Standard, the Baptist state paper, and Mrs. Routh came in Wednesday and will remain until tomorrow. He preached at the Baptist church Wednesday night, and will possibly preach here again Sunday night. He will preach in Amarillo Sunday morning.

## Evangelist Freeman Will

### Lecture to Men Only

Evangelist R. B. Freeman, who is conducting the revival at the Methodist church, will deliver a lecture to men only at the church Sunday afternoon at 3:30 o'clock. His subject will

be "Elements of Manhood." It is said to be a very able and interesting address.

## Twelve Cars Cattle Shipped

Holland Phillips last week shipped six cars of cattle, Jim Phillips four cars and Frank Norfleet two cars of cattle to Kansas City, which they sold.

The British fleet has sunk several Russian Bolshevik warships in the harbor of Kronstadt, and the allied guns are now trained on the city, which is burning.

The trouble with the fellow who tries to be better than other people is that he always acts that way.

## SHERIFF'S SALE

THE STATE OF TEXAS  
County of Hale

By virtue of an order of sale issued out of the Honorable District Court of Deaf Smith county, on the 21st day of July, 1919, by the Clerk thereof, in the case of First State Bank and Trust Co., of Hereford, Texas, versus A. T. Howell & Mary W. Howell, No. 1171, and to me, as sheriff, directed and delivered, I will proceed to sell within the hours prescribed by law for Sheriff's sales, on the first Monday in September, A. D. 1919, it being the 1st day of said month, at the Murray place, 10 miles west of Abernathy, in Hale County, the following described property, to-wit:

1 bay horse (stallion), 7 or 8 years old, about 16 hands high; 1 bay mare about 14 years old, about 15 1-2 hands high, branded left thigh; 1 gray mare about 13 years old, about 15 hands high; 1 bay mare about 10 years old, about 15 hands high; 1 bay horse 4 years old, about 15 1-2 hands high; 1 gray mare about 4 years old, about 15 hands high; 1 sorrel mare 3 years old, about 14 hands high; 2 colts.

Levied on as the property of A. T. Howell and Mary W. Howell to satisfy a judgment amounting to \$5,177.00 and cost of suit in favor of The First State Bank and Trust Co. of Hereford. Given under my hand, this 18th day of August, 1919.

J. C. TERRY,  
Sheriff Hale County, Texas.  
By W. M. Jeffus, Deputy.

# Crabb School of Music

R. M. CRABB, Director  
Plainview, Texas

A School for the Beginner as Well as  
The Advanced Pupil

## To Old As Well As New Pupils

I desire to announce to all students of music that I have established a splendidly equipped Studio of Music in the High School convenient to town as well as out-of-town pupils.

My every effort with the pupil will be painstaking careful instruction, no superficial instructions, but practical as well as from an artistic standpoint.

I desire only those pupils who have an ambition to succeed. Careless, indifferent attendance on the part of the pupil will not be tolerated. Success can only be attained by regular attendance and systematic practice.

Those who study violin or any orchestral instrument are entitled to orchestral rehearsals once a week as soon as they are advanced sufficiently far to take part with extra charge.

All students who will enter for a course of any instrument should register as early as possible as I will limit my number.

Courses in Piano, Violin, Cornet and Other Wind Instruments, Theory, Harmony, Musical History and Orchestra. Teacher's Course including Public School Music—This course includes: 1. Sight Reading. 2. Rythm. 3. Ear Training. 4. Harmony, History of Music, Chorus Conducting, Management of High School Orchestra.

The Ford Motor Company have instructed us to sell the genuine Ford Parts to any and every reliable Garage who will pledge their use in the repair of Ford cars. The genuine Ford Parts are absolutely necessary to the owned of Ford cars that he may get full service from his car. We carry them and so, we hope, in a short time will every reliable Garage. We solicit your service business because we have the Ford Methods, the Ford Parts, the Ford Mechanics and the Ford prices. Incidentally would be glad to get your order for one or more Ford cars.

Barker & Winn
