GUARANTY STATE BANK IS PREPARING TO OPEN

WILL BEGIN OPERATIONS TOMORROW OR NEXT DAY IN TEMPORARY QUARTERS

The Guaranty State Bank will throw open its doors for business tomorrow or next day, as soon as the state bank examiner gets here to authorize its opening, and he is looked for on every train.

The Guaranty State Bank is opening in temporary quarters in the old Ellerd building, at the corner of Broadway and West Seventh streets, where it will do business until its modern new brick home is completed. The new building will be erected on the corner lots where the Liberty Loan bank now stands. Work will be started within a month or five weeks, as soon as the material arrives.

The new bank has a capital stock of \$50,000, and includes a number of prominent and well known citizens of the town and vicinity. Its officers are Rube J. Beard, formerly cashier of the State Bank at Littlefield, president; L. P. Barker, of Plainview, vice president, and C. D. Hensley, county judge of Lamb county, cashier.

Mr. Beard said to the News editor this morning, "We expect to bend every effort to being of service to the people of this community, and will look after the interests of the little man with the same courtesy and interest that we do with the man of larger financial standing. We feel that Plainview needs a state bank. We have adopted the guaranty feature and all of our deposits will be guaranteed by the state of Texas. Never has a depositor in a Texas state bank lost a dollar. We invite the people to call and see us in our temporary quarters."

Three Negroes Lynched

Washington, Ga., Oct. 6.—Two negroes burned at the stake, another shot to death and several whipped was the toll exacted by mobs in Lincoln county yesterday and early today for the killing of Deputy Sheriff Red Freeman and shooting a citizen who attempted to assist him in arresting Jack Gordon, a negro on a minor charge.

Jack Gordon, Freeman's assailant, and Will Brown were burned near Lincolnton early today. Brown was charged with aiding Gordon in escaping after he had shot Freeman. The third negro to lose his life, Moses Freeman, was killed yesterday because he attempted to throw the pursuers off Gordon's trail.

Boy is Seriously Injured

The 12-year-old son of Mr. and Mrs. Amos Anderson, who recently moved here and bought the Campbell place in the western part of town was seriously hurt Sunday afternoon near the home, and has since been lingering unconscious except at intervals. He was on the running board of W. R. Hall's car, and stepped off most likely backward, and fell on his head.

Mr. Hall carried him to his home a couple of hundred yards away, and medical attention was secured. He bled frightfully at the mouth and complained of the back of his head paling him. All day yesterday he was unconscious, but today has rallied several times, but after awhile relapsed. The doctors consider his condition much better and think he will recover.

Excessive Rains Continue

The Plains is now receiving a lot more rain than it needs. Since January 1st the total rainfall here has been 30.46 inches.

A heavy rain fell about Happy Union, south of town, Friday night. Sunday night 1.5 of inch of rain fell in Plainview, Monday the total fall was 1.65 inches, and last night it was .70 inch, making a total for the three days of 2.50 inches. The rain has continued at intervals today, and late this afternoon a heavy drizzle is falling.

The rain is injuring the matured row crops very greatly.

Send Chickens to Fair

Frank Dauberty has sent ten thoroughbred Banded Plymouth Rock chickens to the Dallas fair, and entered them for prizes.

FIRST BALE OF COTTON RECEIVED IN PLAINVIEW

Grown by A. H. Porter of Near Ellen —Bought by Barrier Bros Dry Goods Co.

The first bale of this season's cotton was brought in Saturday afternoon. It was grown by A. H. Porter, who lives southeast of Ellen. He had it ginned at Lockney that morning, and then brought it to Plainview.

The bale was purchased by Barrier Bros. Dry Goods Co., the price paid being 32 1-2c a pound. It weighed 532 pounds.

Mr. Porter came to Hale county from Comanche county. He has one hundred acres in cotton and it is estimated it will average one-third of a bale to the acre.

There is considerable cotton being grown in the Hale Center, Petersburg, Abernathy and Ellen sections of Hale county this year, and also fields of it here and there all over the county. It is doing well, and the only hardship is getting pickers to gather it.

This excessively wet weather will injure it some. No insects have yet yet depredated on cotton on the Plains.

Will Organize American Legion

The local returned soldiers are preparing to organize a post of the American Legion. A meeting was to have been held last night, but the rain caused it to be called off.

However, the required number of signatures for a charter have been secured, and will be sent into headquarters, and then the formal organization will take place. The charter will likely be here within a week.

It is likely that the local post will be named in honor of John C. Cooper of Hale Center, whom it is thought was the first Hale county boy to be killed in action.

Mrs. L. M. Gambrell, who has been here with her mother, Mrs. Brown, matron of Wayland college girls' dormitory, went to Amarillo yesterday to join her husband, who has become assistant pastor of the First Baptist church.

D. M. Thompson, Bradford Cox and Fred Weyle left this morning for Dallas to attend the fair.

The inside of O'Keefe Inn is being re-arranged and a lobby or waiting room made.

H. C. Von Struve Promoted

Henry C. von Struve was here Monday, visiting relatives. He had been to his home in Austin. He has been for a year American consul at Havana, Cuba, but has been promoted to be consul general at La Guaira, Venezuela, which is the seaport city of Caracas, the capital. This is indeed a very important post, and proves that the state department is pleased with Mr. Struve's work. His first place in the consular some years ago was at one of the Dutch West India islands, sixty miles from La Guaira. He left yesterday afternoon for Washington and New York from the latter place he will sail on Oct. 15 for Venezuela.

Wayland Loses to Simmons

The Wayland college football team was defeated by a score of 64 to 6 in a game with Simmons college at Abilene Saturday. The Simmons team was entirely too heavy for the Wayland bunch.

No Ferguson Organization

Saturday afternoon was the time set by the Ferguson party for the various counties of the state to form organizations. No meeting was held in Hale county, at least not in Plainview.

Sixty-Four Miles Designated

The state highway report shows there is sixty-four miles of designated highway in Hale county. Briscoe has 32 miles, Floyd 35, Crosby 47, Lubbock 98, Lamb 60, Swisher 59, Castro 29.

President Continues to Improve

Washington, Oct. 6.—President Wilson continued his progress toward recovery today, his physicians reporting that cumulative comfort of several comfortable days and nights slowly making itself felt in a gain of strength. He was kept in bed, however, and it was emphasized that he still was far from being a well man.

Today's bulletin was brief but expressed optimism on the part of the physicians.

There was no indication that the president would be permitted to resume the duties of his office at any time soon, although it was said he might be able to give attention to some official matters later in the week.

Two Boys Seriously Hurt

Friday night while Arthur Garrett and Ben Cox, two local young men, were driving a Ford car near town, and were racing with another car, an accident happened to the Ford and it turned over a couple of times, injuring both of its occupants. Garrett got his head badly cut, an artery in his head broken and there were many bruises all over his body. Cox got one of his legs injured. They were brought to town and given medical attention, and were up and about next day, though Garrett still has bandages about his head. The car was badly damaged.

Duck Season Opens Oct. 16th

The open season for hunting wild ducks in Texas opens Oct. 15th.

STUNTS AN' THINGS

Are hard, very hard, on boys' clothes. And who ever saw a boy who isn't gloriously happy when he's doing "STUNTS?" We never did.

We figured on that when we chose our Boys' suits for fall. They're made of durable materials, stitched to stay; buttons sewn on tight; good, strong buttonholes, reinforced where the hardest wear comes; the sort of suit you'll like for your boy. Reasonable, too.

WORK BEGUN ON FOURTEENTH DECENNIAL CENSUS

Actual Enumeration of Population Will Begin January 2, and Be Finished Within Month

The census board at Washington has begun to get in preliminary reports for the fourteenth decennial census of the country. Last week the News got a blank for publishers to make out preliminary to actually making out a full report of the publishing business such as we do.

The bureau is getting all the details of the forthcoming census in shape to take it is short order following New Year's day, for the census this time will cover a greater variety of statistics than ever before.

Actual work by the enumerators in the various census districts will begin on January 2, 1920. It is expected that the population statistics of all cities and town will be gathered in approximately two weeks. Final figures for rural districts, however, can hardly be gathered in less than a month.

Ozark Trails Convention

The Ozark Trails convention, held in Roswell, adjourned Thursday night. The next convention will be held in Pittsburg, Kans. Gov. Larrazola of New Mexico made a notable good roads speech.

Col. W. H. Harvey of Monte Ne, was again elected as president of the association, through he made an effort to bring about the election of another party. The vice-presidents are as follows: S. P. Turney, Hardy, Ark.; J. I. Wolf, Burlington, Kansas; Sam Hogden, Webster Grove, Mo.; J. W. Corn, Tucumcari, N. M.; C. C. Cagle, Roswell, N. M.; W. O. Wolfinger, Hobart, Okla., and A. Dugan, Littlefield, Texas.

Judge C. H. Curl was the only Plainview citizen to attend the convention. He says Roswell gave the delegates royal entertainment and that everyone had a very pleasant time. The attendance was not large but a very interesting meeting was held. The scenic route will be continued via Plainview and the other towns as heretofore designated, but another branch of the Trails will be run northwest from Roswell to Amarillo, and possibly another through Dimmitt, Nazareth and Tulia, as President Harvey went back the latter route on a trip of inspection.

Herefords Bring Big Price

What is said to be the highest average price ever paid at a private sale for cattle of any breed was received by Jones & Dameron the past week, from Mousel Bros., of Nebraska, for thirty-four head of the famous Anxiety strain Herefords. The price exceeded \$100,000 or a little over \$3,000 a head.—Hereford Brand.

Reds Win Four Games

It seems almost sure that the Cincinnati Reds will win the world's base ball championship. They have won four of the five games so far played, and lack only one more victory to secure the pennant. Yesterday they won over the Chicago White Sox by a score of 9 to 1.

National Accident Prevention Drive

The railroads will observe "National Accident Prevention Drive" from October 18 to 31. The Santa Fe railroad has sent out notices to its employees, asking them to use every means possible that no accidents may occur.

Judge and Mrs. W. B. Lewis and Mr. and Mrs. R. M. Pence will go to Mineral Wells soon to spend the winter, and in order that the gentlemen may be close to their oil interests in the Ranger and Deadmona fields.

MARTIAL LAW DECLARED IN CHICAGO STRIKE DISTRICT

OUTBREAKS OF STEEL STRIKERS SATURDAY CAUSE CALLING OF FEDERAL TROOPS

Chicago, Oct. 6.—Declaring of martial law in the towns of Indiana Harbor and East Chicago, Ind., and the dispatching of federal troops to Gary, although no violence has occurred since Saturday, marked today's developments in the steel strike situation in the Chicago district.

Acting under authority conferred upon him by Governor Goodrich, of Indiana, Adjutant General Smith, in command of twelve companies of Indiana state troops on duty in the Indiana strike zone, tonight declared martial law in a territory embracing the towns of Indiana Harbor and East Chicago and extending for five miles in either direction from each of them.

The step was taken, General Smith said, following "indications of trouble" and after consultation with the mayors of the two towns.

A detachment of approximately 1,000 federal troops from Fort Sheridan, Ill., under the personal command of Major General Leonard Wood, took over control of the situation at Gary tonight following an appeal for aid to General Wood from Governor Goodrich. Upon arrival of the federal troops, the state units, which have been distributed over the Indiana district, were withdrawn from Gary and concentrated in Indiana Harbor and East Chicago.

State troops had been sent into the district after rioting Sunday night at Gary and Indiana Harbor. There were no disorders in either of the strike centers today, but at Gary, where the Mayor had forbidden parades or mass meetings, 2,000 strike sympathizers, headed by 200 former soldiers in uniform, paraded through the main streets of the town and held a meeting in East Side park. State troops on duty in the town made no effort to interfere with the parade or the meeting.

Outwardly the situation was quiet throughout the strike district today. There seemed to be a tense feeling and officers admitted that they fear trouble.

Steel plants throughout the district continued to operate today with varying forces of men at work. Plant officials claimed that many additional men had reported for work, but strike leaders asserted that only a few unskilled workers had gone back.

Economic Conference Begins

Washington, Oct. 6.—Representatives of the public evinced a spirited desire for action rather than oratory, at the opening session today of the industrial conference called by President Wilson. Apparently with the determination of differentiating this conference from many similar gatherings held in Washington, the public's delegates demanded that sessions be held night and day, if necessary, to establish a basis for harmonious relations between capital and labor during the present abnormal economic conditions. Bernard M. Baruch of New York, one of these delegates, was active in directing the affairs of the conference, which was considered significant, in view of his close friendship with President Wilson and his frequent visits to the white house. After the appointment of committees on nominations and rules, the conference adjourned to meet tomorrow morning.

Our tract No. 3, a one and one-half acre lease in the Nabors tract near Desdemonia is only 250 yards from the "Lucky Boy" well which came in this week and is reported a 9,000 barrel well. We will have a drill on this lease as soon as it can be put there.

No. 1 is 1-32 of the production in the Colony School well. This well has produced nearly \$200,000 worth of oil in the last five months and is still producing with the tools in the hole. When cleaned out it promises to be a big one again.

No. 2, we have made arrangements with the owner of the fee of the Hawk tract to exchange our three acre lease for a substantial interest in the total production of this land. We will own this interest in the five wells now drilling. Two of these wells are now 2,000 feet deep, and we will most assuredly have production within 30 days.

This with our production on the Colony well will put us on a handsome dividend basis. And then our sure shot at Desdemonia. Well we are off for the big boom sure to come.

No. 4, is a ten acre lease out of the F. E. Day tract near the Thorp & Exall shallow wells. We are now considering having this drilled on the 50-50 basis which will give us half to production.

No. 5, is a two acre lease four miles northwest of Desdemonia and near the big Lewis well. No. 6, is a two acre lease out of the L. N. Hart, in section 57, and joining the Ray tract well, which at this time is standing with oil and tool in the hole. No. 7, is 1-128 of the total production of the Tobe Morton tract, three miles southeast of Olden. The Olden district is making 28,000 barrels daily now. No. 8, a 33 acre lease adjoining the Kopley & Bright well in Taylor county, now drilling at 2500 feet. No. 9, is a 100 acre lease on the Nail ranch in Shackelford county, divided in five tracts surrounded by nine drilling wells. No. 10, is a sixty acre lease in Montague county near Nocona well and just across the Red River from the Oklahoma field and not far from Burkburnett. No. 11, is a fifty acre lease in Mills county, near promising developments. A good wildcat chance and may be a winner.

We have other valuable properties under consideration and will buy from time to time such properties as are proven or nearly so. We will never drill a well except in absolute proven territory. Get away from the beaten path of uncertainty and doubt, joining hands with men of integrity, who have made a success individually and offer you one chance in a life time. We are on safe, sure grounds. Our books and plans are open. We invite you to inspect them. Remember we only have about 25,000 more shares to offer and every mail brings subscriptions. You must act now. Fifteen minutes is a short history in the oil game.

All we have to say is, unless this continued wet weather lets up the people of the Plains will begin to grow web-footed.

The moment a man yields his judgment to popular whim, he may be compared to a ship without a rudder in a gale—he is sure to be dashed against a rock.—Andrew Jackson.

Frank A. Vanderlip, the eminent American financier, just back from Europe, predicts that it will not be long until England kicks the king off the throne and establishes a republic—most likely a socialist republic. These are bad times for kings.

The dispatches say that while there were several women in attendance at the speaking of Senator Reed in Ardmore last week, not a one cast an egg, hissed or did anything that was in any way improper. It was left to the rough-necked men in the audience to do such disgraceful acts. Yet, we are told that women are not capable of sober thinking or intelligent voting.

Now it is said that the price of sugar is destined to go to 25 or 30 cents a pound during the next year. Cuba produced a tremendous crop this year. Sandwich island sugar kings predict a bumper crop. American beet sugar growers are joyful over the prospect but the fact remains that only a fourth of the sugar consumed in America is produced under the American flag. Texas should be a producer of beet sugar. There are thousand of acres of land in the Plainview district suitable and adaptable for the cultivation of the beet. Large beet sugar interests have promised to install and operate a \$1,500,000 sugar factory at Plainview if the farmers will grow the beets.

Thos. Edison is the "wizard of the world." He began life a poor boy. He is now rich! He works from twelve to twenty hours a day. He has done more possibly than any man to make the world a pleasant place to live and work in. He is level-headed. He has nothing but contempt for agitators, I. W. W.s., socialists and all other radicals who dispise to work and are always raising hades about "down trodden labor" and demanding a short day's work. Edison has been worth more to humanity during his life than all these shirkers would in untold millenials. The man who works should be happy. He should be contented, and is more contented than the loafer. The man who is always grouching about "not getting a fair deal," or being ground down, should brace up, get a sure enough move on himself, use his brain and his muscle—and begin to climb the ladder, for there is a lot of room at the top for the fellow who has the will and determination to go to the top. "Every man should work and do his part in the world," says Mr. Edison.

Attorney General A. Mitchell Palmer has ruled that the war time prohibition act cannot be lifted until after the ratification of the peace treaty. Then the lifting will not take place at any earlier date than January 1920, for it seems that it will take several months for the senate to actually pass on the document. There are a lot of men in this country who are hoping for one last spree of several weeks before the real drouth sets in. There are owners of distilleries and liquor houses that want to get rid of their left-over stocks of liquor at high prices. It would be a national disgrace for the lid to be taken off even for a few days.

The Third Red Cross Roll Call will be made November 3rd to 11th. Every person that is a member will be asked to renew membership by the payment of \$1, and as many new members as possible will be enrolled. The Red Cross is doing a great work in the time of peace, just as it did in the time of war. Every person should encourage it by answering to this roll call.

Doubtless, viewing the strikes, race riots and lynching parties in the United States, Mexico is contemplating intervention for the purpose of restoring "law and order" in this country.

Brigadier General R. H. McDill of Dallas is commander of a regiment of the Texas National Guard, and would likely be in command of one of the first units sent into Mexico if there should be intervention. He is, figuratively speaking, "tearing his shirt" wanting intervention. He is but following in the footsteps of militarists since the beginning of governments—warriors have always wanted war and have put in a large part of their time scheming to bring it about. During peaceful times they fret and scheme. A large army contributes to war. If America should have a large war establishment it would only be a matter of time until there would be war, for the militarists, the swash-buckling officers and those who make money out of war, would conspire together and cause war. Militarism is the same sort today it was in ancient Assyria, ancient Greece, Rome and Germany of five years ago.

The King of Belgium, who is in the United States, has cut short his tour, and will be unable to visit Plainview. That's too bad. We'd really have been glad if he and the queen and the crown prince could have visited our town. We'd have had the sign on the arch at the corner of the square changed to "Welcome to Belgians," have pulled off a celebration at the bandstand, with a speech by the king. The ladies of the town would have given a pink tea in honor of the queen, while the men pulled off a "badger fight" at Overall's barn with the king as referee, followed by a keg of "Alf-alf-a" tea on tap. But, its all off—and the royal family will return to its home without experiencing real Texas Plains hospitality.

While the voting down of Senator Fall's amendments to the League of Nations treaty proves rather conclusively that the treaty has a majority in the senate, it does not prove that it has a clear two-thirds, which is required for adoption. It is generally conceded that certain reservations will be adopted in order to get the treaty ratified.

There would be lots more happiness in this world if all husbands were as polite to their own wives as they are to other men's wives.

A heap of divorces result from the fact that while you can fool a girl into marrying you, you can't keep her fooled.

Women certainly have a hard time pleasing the men. Their dresses never seem to be high enough at the neck or low enough at the bottom to suit the men.

It does seem that Belgium of all countries in the world should be sick of war. But, she is fussing and threatening to break with Holland over a small strip of land that has been under that country since 1832. It is evident the devil hasn't been chained as yet.

If most of us only knew how little we know there wouldn't be so much loose conversation spilled.

Weather Forecasts

"Billie" Hart, the Eagle Pass Weather prophet, ventures the following as reliable predictions for the current month of October, 1919:

October 2 to 4, heavy rains, thunder and lightning. West Central, South Central and Southwest Texas, San Antonio and Eagle Pass; rain and hail storm at El Paso; rain Southeast Texas gulf coast, Houston and North and Northwest Texas, October 7 and 8, rains, followed by norther, Southwest Texas, Eagle Pass, North Texas and gulf coast, Corpus Christi. October 11 and 12, rain followed by cold norther, South Central Texas, San Antonio, Southeast Texas gulf coast, Houston and Central and North Texas. October 13, fair and cold. October 14 and 15, fair. October 16, local rain South Central Texas. October 17 to 20, fair. October 21 and 22, local rain North Texas, Southeast Texas, gulf coast, Houston. October 23 to 26, local rain Northwest Texas. October 27 to 31, fair.

LUBBOCK

Oct. 2.—Lubbock contributed nearly \$2,000 to the coast storm sufferers.

L. P. Adair, formerly a printer in the Avalanche office, committed suicide by drowning himself at Fort Worth. He leaves a family in New Mexico. He was known in Plainview.

Twelve young ladies and three young men, comprising the Clovis band, stopped over here a few hours Wednesday en route to Floydada, where they have an engagement to furnish music for the Floyd County fair.—Avalanche.

Miss Layton Hinson and Paul Bedingfield of Ralls were married Wednesday.

PROPERTY AND POLL TAXES NOW DUE

Men and Women Who Desire to Vote Next Year Must Pay Their Taxes by February 1st

Payment of 1919 state and county taxes and 1920 poll taxes was begun Wednesday, Oct. 1. Payments will be rather slow until about Jan. 1st, when the great annual rush will begin, as all poll taxes in order to vote during the year, and property taxes to save the penalties must be paid before midnight January 31st.

It is likely almost double the number of poll tax receipts will be issued than any previous year, as the women and returned soldiers will swell the number.

In order to vote in next year's primaries it is necessary that women must secure poll tax receipts before January 31st, by payment of \$1.75 state and county, and if in the city limits \$1 more. It is likely that the national suffrage amendment will be a law before next fall's presidential election, hence it behooves every woman to secure poll tax receipts.

Exemptions are extended to all who have reached their twenty-first birthday since Jan. 1, 1919, and all who were 60 years old before Jan. 1, 1919.

LOCKNEY

Oct. 3.—The Lockney banks lead Floyd county in bank deposits as shown by the call of the comptroller September 12. The Lockney banks show a deposit of \$697,884.75. The Floydada banks \$657,286.86. Outside of Floyd county our banks are ahead of those of Hereford, which only show a deposit of \$685,871.56.

Burton Thornton will move to Plainview, where he and his family will make their home. He becomes manager of the old Cobb elevator, which has recently been purchased by the Floyd County Elevator Co.

Mrs. W. C. Reeves, of Lockney, is opening a new millinery in Floydada in the Ellis Racket store on northwest corner of square.

Arthur Baker, proprietor of the Lockney Auto Co., informs the Beacon that he has purchased lots for the erection of a brick garage on West Locust street, where the old hotel stood. He secured a fifty foot front with two hundred feet long. He says he will erect a brick building on these lots early next spring.

He has secured one of the best locations in Lockney for the garage business.

Mrs. Dexter Wells was operated on at Plainview last Saturday afternoon for appendicitis. She stood the operation fine, and is reported getting along nicely.

L. C. McDonald, of Floydada, who went two weeks ago to East Texas for local farmers in an effort to get negroes or white laborers for Floyd county farmers, returned home Saturday unsuccessful. While there is little cotton to pick in the county where he went, Mr. McDonald said, laborers in that section do not want to come this distance to work. A few of the negroes are shipping out, however, to Central Texas points, he said. Floyd county has probably not over 50 per cent of the number of farm laborers it needs during the next 90 days, and with the failure to get help from either the east or the west, every indication points to a waste in the fields of part of the cotton or forage crop or both. Many farmers who have been planning to seed their maize, however, are binding instead and will thresh and market as opportunity permits.

The three churches of Lockney took up a collection Sunday which was given to the storm sufferers of Corpus Christi and vicinity. The total amount collected and forwarded to these people was \$126.75. The churches contributing were the Baptist, Methodist and the First Christian church. In addition to the above sum the Lockney branch American Red Cross sent \$100 to the people of Corpus Christi. Thus Lockney contributed to this worthy cause \$226.75.

Wednesday of this week was clean up day in Lockney, and according to our Mayor's proclamation, the town closed up from 12 to 4 p. m., and everybody turned out and helped to clean the town. The school had a half holiday and the forenoon was devoted to clean up by the children of the town.

Woods, who has been under indictment for burning a house in the southwest part of town, across the railroad, in Lockney, was tried this week and given a sentence of four years in the penitentiary. Woods burnt the property for insurance.

Mrs. Malinda Jane Randolph, wife of John Wesley Randolph, died at the home of her son, H. C. Randolph, of the east part of the county, Wednesday, October 1st. She was born in North Tennessee, December 27, 1832, age 87 years, nine months and three days.—Beacon.

Mrs. Narcisse Y. Burns of Houston will celebrate her 113th birthday Nov. 29.

ROUND ABOUT TOWN

Interesting Items Picked Up Here and There by the Editor of the News

Roy Davis left last night for his home at Howe, Grayson county. He has been here sowing wheat on his farm near East Mound. He and his family will move to Plainview, if he can find a suitable place to live in. He says about forty families from his immediate vicinity have moved to Hale county or own land here and are making preparations to move.

Dr. J. A. Ferguson returned Saturday from Santa Anna, where he had been for several weeks looking after the oil well in which he and other Plainview people are interested. The well is being underreamed preparatory to drilling in. He left Sunday for Santa Anna, to be present when the well is brought in, which will be some time this week. If it is a good well it means riches to a number of Plainview citizens, as the lease holdings include six hundred acres.

As to Butter Weights

Editor News:

I saw in a recent issue of your paper that they are going to do some more "investigating." This time, as usual, the farmer is to be the "goat." I refer to the investigation of butter weights. They seem to think we manufacture the forms that we mold our butter in. I put all the butter in my molds that they will possibly hold and then pile some on top for good measure and where one of my molds come under the regulation number of ounces a half dozen weighs from one to three ounces more than a pound. I asked our groceryman if there was any law against buying one that weighed more than a pound and he said if there was he hadn't heard of it.

So there you are. Who is going to "investigate" the loss to the farmer where he sells over weight? Evidently they never milked a bunch of cows in fly time.—Mrs. Jno. Eakin, Runningwater, Texas.

Mrs. Narcisse Y. Burns of Houston will celebrate her 113th birthday Nov. 29.

FOUND—About 240 head of sheep came to my place Oct. 2. Owner please come and get them.—O. O. Borchardt, one mile south of Sansom's ranch.

HALE CENTER

Oct. 6.—Mrs. Mattie Taylor returned to her home in Archer county last Friday, after a visit with her niece, Mrs. C. B. Shepard and family.

J. H. Bone and R. W. Lemond were Floydada visitors Friday.

J. L. Moore returned from Roswell Friday.

Mr. and Mrs. H. S. Cline attended the Ozark Trails convention in Roswell last week.

M. J. Ewalt has had some improvements made on his property in the east part of town. It will be occupied by J. E. Marshall and family.

Miss Vera Marshall was over from Muleshoe the first of last week.

Nominees for Red Cross executive committee for 1919-20 are Mrs. B. M. Johnson, Mrs. W. T. Lemond, Miss Tilla Akeson, Ed Gentry and Silas Maggard. The election and annual Red Cross meeting for the Hale Center branch will be held Oct. 15. It is important that all members attend this meeting.

The Federated Missionary Society held a very interesting meeting at the Baptist church Monday afternoon.

Rev. G. H. Bryant was called to Cleburne last Wednesday by the illness of his daughter, Grace. He brought the young lady home and we are glad to report her condition greatly improved.

Miss Estella King, who has been quite ill the past two weeks, is reported convalescent.

Harry Austin went to Amarillo Saturday afternoon.

Rev. and Mrs. J. H. Bone left on Sunday night for Dallas and Waxahachie.

The Mothers' club met Friday afternoon. A very interesting and profitable meeting is reported.

Miss Gertrude Hooker, who has a position in a Silverton bank, came over Saturday, to visit the home-folks and see her brother, who recently returned home from the U. S. army service.

Miss Allie Reed, who is teaching at Halfway, spent the week end with homefolks.

Mr. and Mrs. Hawk, formerly residents of Hale county, but now of Iowa, are visiting M. S. Hudson and other friends.

R. F. Alley was displaying the Hale Center community advantages to a party of Iowans last week.

HALE CENTER

Oct. 3.—The Methodist church is being repainted, which adds greatly to its appearance.

Mrs. J. R. Burson and Mr. and Mrs. Bland Burson of Silverton, spent a few days here visiting Miss Abbie Burson.

Mrs. Ola Legg and little son of Abernathy were here Wednesday, guests of her brother, Roger Pinson.

T. E. Wall and little son, Ralph, have returned home from an extended visit in South Carolina.

Mrs. Frank Sherman and children are visiting relatives in Blackwell.

Grady Burson of Silverton, visited his sister, Miss Burson, here the first of the week.

Miss Katherine McCabe who is a student at Wayland College, visited home folks here over Sunday.

STYLES IN SEPARATE SKIRTS

Separate skirts, like suit skirts, have grown wider, the new fall model measuring from a yard and a half to two yards in width and from five to seven inches from the ground. When they are not plain, tucks and plaits are introduced as a trimming. Tiers of plaited flounces set in at each side achieve the wide hip effects indicated in styles for fall. Pockets are set in, not on, the skirt and girdles, made of the fabric, are wide and soft, as shown in the picture above.

Serge and other dependable suitings are used in skirts for utility wear and these cloths are made up in the plainest models. The French skirts, even when made of suitings, are fancier than those designed in America. They will be copied for dressy wear, in silks and satins.

Texas Baptists Take on Another Million Dollars

Not satisfied with a quota of \$16,000,000 in the Baptist \$75,000,000 campaign, Baptists of Texas have voluntarily increased the sum they will raise during Victory Week, Nov. 30 to Dec. 7, to \$17,000,000. This increase in the sum they propose to raise is made possible by a gift of \$150,000 from R. E. Burt, a layman of Houston, \$50,000 from another layman, and the prospect of other large gifts from wealthy men.

J. H. Anderson of Knoxville, Tenn., chairman of the commission that is directing the Baptist \$75,000,000 campaign, has made a contribution of \$200,000 to the campaign and at the same time gave \$50,000 for the erection of a new church in his home city. Of his gift to the campaign \$50,000 will go to Carson-Newman college at Jefferson City, while the remaining \$150,000 will be apportioned among the several interests of the denomination fostered by the campaign.

Mr. Anderson is president of the Baptist State convention of Tennessee as well as chairman of the Laymen's Missionary Movement in his state. He is the second Tennessee layman to give \$200,000 to the campaign, the first being A. E. Jennings, of Memphis.

Baptist Sunday School Elects Officers for Fear

The Baptist Sunday school held its annual election of officers Wednesday night, electing T. W. Sawyer as superintendent to succeed T. E. Richards, who has filled that position for many years, but has gone for the winter.

Other officers elected are assistant superintendent, C. A. Pierce; supervisor of classification, J. B. Reed; general secretary, Claude Power; assistants general secretary, Fay Sawyer and D. W. McGlasson; treasurer, H. J. Dillingham; choirister, Judson Covington; assistant choirister, Delbert Jones; pianist, Miss Lula Malone; assistant pianist, Miss Pope; superintendent of home department, Mrs. E. E. Clifton Barrier, manager of the Barrier Bros. Dry Goods Co. at Brownfield, is here today visiting his brother, R. B. Barrier.

Mrs. E. L. Dye, Mrs. R. C. Joiner and daughter, Miss Kathleen, left Saturday for Kansas City, to visit friends for a few days.

Mrs. Hubbard and child, who have been visiting her parents, Mr. and Mrs. J. W. Boswell, returned Saturday to their home in Dallas.

Mrs. Largent and baby of Merkel, who have been visiting her parents, Rev. and Mrs. J. W. Saffles, left Sunday for Dallas to attend the fair.

Wm. E. Halsell of Kansas City, owner of the big Halsell ranches in Lamb county, was here Saturday en route home from a visit to the ranch.

Miss Utha Strawn of Tulsa was brought here Friday morning, and underwent a surgical operation at Plainview Sanitarium for appendicitis.

A. F. Tolbert of near Waco was here last week prospecting. He bought a farm near Plainview and expects to move with his family to it.

Miss L. Houston, who recently returned from El Paso, has a position as saleswoman in Plainview Mercantile Co. She is very popular with the people.

Ben Jordan left Thursday for Boulder, Colo., where he went to enter the civil engineering department of the Colorado State University as a student.

Neil Overall came in Monday to visit his parents, Mr. and Mrs. J. L. Overall. He travels for the Westinghouse Electric Co., with headquarters in Ohio.

Mrs. W. H. Haines, Miss Frona Johnson, J. J. Rushing and J. B. Nance returned Saturday from the Eastland oil fields, where they had been to look after interests.

J. Kinkaid of Sistersville, W. Va., is here. Mrs. Kinkaid is the daughter and heir of the late Eph Wells, whose estate includes one of the largest tracts of land in Hale county.

G. W. Brooks left Sunday with his aged mother for Giddings, where she will spend the winter. He returned this morning, saying that rain had fallen from Brownwood this way.

J. Byron Green of Texico, N. M., was here last week visiting his daughter, and left Saturday for Mineral Wells to spend awhile for his health. He is a son-in-law of J. G. Hamilton, former county treasurer.

Lieut. and Mrs. Sim Sheffy came in last week from Vermont, where they were recently married. They are spending a few days with his father, W. B. Sheffy, south of town, and will then go to California to make their home.

R. J. Tilma of Otley, Iowa, is here visiting A. VanHoweling and looking after a tract of land he owns four miles south of Hale Center. He

bought the land eleven years ago, and has not seen it but once since then. It has increased greatly in value in this time, though it has never been put under cultivation.

Show Falls to Show

"The Only Girl," which was the first attraction scheduled to be put on in Plainview by Chas. F. Horner of Chautauqua fame in a series of dramatic performance, did not show Friday night. The company was here but on account of the stage not being large enough, so the excuse was given, it was decided not to put on the show. Local people who claim to know say that there must have been some other reason, for the company could have used the stage if it really had wished to do so.

The local people connected with arranging to bring the series here, have since paid back the money of all persons who bought tickets.

LORENZO

Oct. 3.—Misses Ethel and Zena Mae Powers and Claude Daniel, U. O. Watson and Lorraine Quinn spent an enjoyable day in the home of A. M. Anderson at Plainview, Sunday.

Jeff Moore has returned to his home here after several months of service with the U. S. army in France.

John and Austin Fullingin of Estacado community left Sunday for Canyon where they will attend the West Texas State Normal again this term.

The meeting which is being conducted at the tabernacle by Evangelist C. D. Crouch is attracting considerable interest.

W. A. Ferguson and Irl Robertson left Monday for South Texas in the hope of securing negroes to help in the cotton fields. The crop for more hands becomes louder with each day and we are told by prominent land owners and farmers that it is not a question of high wages but a question of saving their crops. A great many farmers will realize a bale, and over to the acre and the cotton is now opening faster than it can possibly be gathered under the present shortage of labor.—Enterprise.

GRACEFUL TAILORED SUIT

If you aspire to look slender, select a suit with a coat that has artful lines and long, narrow panels at the back. Like this one. Its cuffs, collar and panels are bound with silk braid and it is a marvel of fine tailoring.

Mr. and Mrs. Mary Bier, Mr. and Mrs. Ross have arrived from GreenCastle, Mo., to make this their home. The former two are brother and sister of John F. Bier, carrier on motor route B.

A Blue Serge Suit

so well tailored to your own measure that friends can't resist asking

Who's Your Tailor?

is a blue serge worth having, you'll admit. Our celebrated Chicago tailors

Ford
THE UNIVERSAL CAR

Ford cars are important, servants everywhere. They help the family enjoy life, bring the pleasures and advantages of town within reach of the farmer and give practical service every day in country and town. They require a minimum of attention; anyone can run the Ford and care for it, but it is better to have repairs and replacements taken care of by those who are familiar with the work and have the tools, the genuine materials, and skilled men to do the work promptly. We pledge Ford owners the reliable Ford service with real Ford parts and standard Ford prices.

Charged With Theft from Bank

Leslie Dotson, son of D. A. Dotson, formerly of this city, was arrested the latter part of last week at Amarillo charged with theft of \$3,100 from the Blak Water Valley National Bank, of Muleshoe. The theft is said to have been made about the first of August.

Mr. Dotson, we understand, was tried for theft last year at Abilene, and received a suspended sentence of two years. He also was released on a two year suspended sentence at Clovis, some time back, following a trial for theft.—Lubbock Avalanche.

MANY MOTOR CARS BOUGHT THIS YEAR

52,530 Automobiles and Trucks Were Bought in Texas in Eight and One-Half Months

Austin, Sept. 27.—From Jan. 1st, 1918 to Jan. 1st, 1919 there were 251,118 motor vehicles registered by the state highway department. For the year of 1919, up to Sept. 17, licenses have been issued to 303,648 motor vehicles, a difference of 52,530 for eight and one-half months in 1919, as against the whole year of 1918. These figures include pleasure cars, trucks of all kinds, etc., however, they do not include the registration of some 436 trucks and automobiles received from the government and recently distributed by the state highway department.

At the present rate there will be a much greater increase during the next three months. Labor and material conditions are so unsettled that the factories are unable to meet the demand for automobiles and trucks or the above figures would be greatly increased. A little study of this matter will give one some idea of what may be expected in the way of an increase in the number of automobiles in Texas after things become normal and the factories are able to meet the demand.

TULIA

Oct. 3.—The Masons of Tulia and the Swisher County Chapter A. R. C., have each sent \$100 to the relief of the storm sufferers on the Texas coast.

Harry Gromer, a student in Wayland Baptist college in Plainview, spent last Saturday and Sunday with his parents, Mr. and Mrs. Fred Gromer.

Mrs. Henry Shafer, Mr. and Mrs. Fred Gromer, Mrs. C. Hanneberg and daughter, Miss Florence, spent last Wednesday and Thursday in Plainview, the guests of relatives and friends.

News was received in Tulia Wednesday morning from Mr. Foster Klous that his father, Louis Klous, had died Tuesday, in Republic City, Kans. Foster had been called to attend the bedside of his father. Burial was had Friday afternoon in the cemetery at Watson, Mo. Mr. Klous was one of Swisher county's worthy citizens and good farmers. He had lived here for ten years.

A. Schaeffer has sold his interest in the Olympic picture theatre to Mr. W. E. Stoddard. Mr. Stoddard assumed his interest Wednesday.

W. A. Stoddard and family have recently moved to Swisher county from Hale county. Mr. Stoddard has bought the J. C. Cowan farm, east of Tulia. Mr. Stoddard is a thrifty farmer and stock raiser.

Mrs. Meade F. Griffin returned to her home Saturday afternoon from Plainview. About two weeks ago Mrs. Griffin underwent a severe operation in the sanitarium in that city. She is rapidly regaining her accustomed good health.—Herald.

Panhandle Towns Moving

Ochiltree and Gray are moving just as rapidly as they can to the new town of Pettyton, and Hansford is preparing to get on wheels to move to Spearman. LaKemp has already gone to Booker and the new towns up the line are flourishing. Follett got hers first in the removal of Ivanhoe to the railroad and the map of the whole northwest country has been changed with a few months.—Shattuck Monitor.

Receipts at the port of Galveston for the past fiscal year exceeded receipts at any other port in the United States, and constituted almost one-third of the total cotton receipts of all ports, says the Galveston News in its annual trade edition of Oct. 1. Gross cotton receipts at the port of Galveston are given as 2,037,873 bales. Galveston has continued to hold its own as the greatest cotton exporting port of the world. England, as usual, took the greatest amount of cotton, namely 956,041 bales, at a valuation of \$164,530,250. At this time about 1,000,000 bales of cotton can be housed at Galveston at a given time, and when facilities now under construction are completed this fall the total capacity of local concentration facilities will be increased to 1,100,000 bales placed on end. Almost 10,000,000 bushels of wheat were exported from Galveston during the past year. The total value of all domestic exports is given as almost \$300,000,000. The total value of imports is given as more than \$19,000,000. It is estimated that about 500,000 people visited Galveston during the past summer season, and preparations are under way for a prosperous winter season.

Funding of the interest on the financial obligations of the allied countries to the United States has been agreed upon. Under the agreement made between the United States and Great Britain, France, Italy, Belgium and other countries receiving war loans from this government, the 5 per cent interest on the obligation

MR. PROGRESSIVE FARMER

April, 1883, I started Farm and Ranch. I believed then, although the number in Texas was not very numerous, that the progressive farmers and livestock breeders would patronize a read farm and livestock paper, serving faithfully their interests at all times. I was not disappointed in my conclusions.

Many who became subscribers with that first issue have continued to read Farm and Ranch without missing a number. I value very highly their continued loyalty and faith in Farm and Ranch, and leave it to them, and to the many who have since become patrons and friends, to say if I have kept faithfully my promise to make the paper a powerful, consistent supporter of the best interests of the people whose patronage I have asked for and received.

Farm and Ranch was, at first, published only once a month, later twice a month. Now it is a big illustrated weekly. It has been, at all times clean, interesting, instructive and reliable. In these I know I have not at any time failed.

Now, after thirty-seven years, always personally on the job, it is my ambition to have very man in Texas who has faith in farming in its different branches become a subscriber to Farm and Ranch.

Send me your subscription, and if, after reading Farm and Ranch each week for three full months you are not satisfied that you are getting even more than full value for the subscription price, write me and I will return the full amount immediately. You who do not know Farm and

Ranch, I refer to your neighbor who is already a subscriber.

On my proposition—your money's worth or every cent of your money returned—I ask your subscription.

The subscription price of Farm and Ranch is two (\$2) dollars for three years—156 copies. No subscription is taken for a less amount of time.

Please send your subscription direct to

Yours faithfully,
FRANK P. HOLLAND, Publisher,
Dallas, Texas.

P. S.—I want a responsible, active representative in every locality. Write me for my special proposition.

WILSON'S WORDS CLEAR UP DOUBT

CALIFORNIA THROWS OVER ITS LEADER, JOHNSON, AND RALLIES TO LEAGUE.

WEST GIVES HIM OVATION

All Doubtful Features of Pact Are Explained Away By President, and Former Doubters Hasten to Give Him Their Support.

(By Independent News Bureau, formerly Mt. Clemens News Bureau.)

Aboard President Wilson's Special Train—A continuous ovation along the Pacific coast and then on his eastward way back toward the capital was given to President Wilson as he came toward the end of his month daylong speaking tour in behalf of the League of Nations. California, particularly the delightful city of Los Angeles, went wild in its enthusiasm for him and his advocacy of the League, and it was in that state, perhaps, that he did his most successful missionary work. Hiram Johnson, California's former governor, now her United States senator, and considered by her as the most likely Republican candidate for the presidency in 1920, had before the arrival of President Wilson, convinced a great number of citizens that the League as at present formulated was not a good thing. He had told them that the United States, because of it, would be drawn into every petty European quarrel; he argued that we would lose our sovereignty by joining with the European nations. He had blamed the president for assenting to the possession by Japan of the Peninsula of Shan Tung in China.

BUREAU CHANGES NAME

The Mount Clemens News Bureau, which has been furnishing reports on President Wilson's tour in behalf of the League of Nations to 5,500 papers, has adopted a new name and will hereafter be known as The Independent News Bureau.

But Mr. Wilson, with clear logic and with compelling eloquence, answered to the entire satisfaction of California's people every objection which Senator Johnson had made to the League. And thousands of the state's citizens deserted the Johnson standard immediately and rallied to the support of the president. More than that, they came forward and said, "We were against you, Mr. President, but you have cleared everything up and now we are with you heart and soul." Still more than that, they let Senator Johnson know that they were no longer with him and that they disapproved of the speaking tour which he himself was making in opposition to the League and so powerful was the volume of public opinion which reached him, that the senator almost immediately abandoned his tour. The Shan Tung question, because of the anti-Japanese feeling which undoubtedly exists along the Pacific coast was the most serious which the president had to answer. He explained to the people that he had been powerless to prevent the rich peninsula from being given to Japan. England and France, through a secret treaty, had promised it to Japan for entering the war and remaining in it. That treaty had to be carried out. Anyway it was not China that was losing Shan Tung, but Germany, which had seized the territory from China in 1915 and held it ever since. Japan had promised, the president explained, to return Shan Tung as soon as the peace treaty was ratified and it was only through the ratification of the treaty with the League of Nations inclusion, that China could ever expect to get her former property back. And she surely would get it back, he declared, through the ratification of the League. Therefore, through the same instrumentality no other nation could again prey upon the "Great, patient, diligent, but helpless kingdom." As to our being drawn into any European conflict. The president pointed out that no direct action such as the sending of troops to any part of the world to maintain or restore order could be taken by the Council of the League without a unanimous vote of the council members, therefore our vote could at once negative any such proposition as sending our soldiers where we did not want them sent. Besides, Mr. Wilson argued, "If you have to quench a fire in California you don't send for the fire department of Utah." But, he argued, there probably never will be another war, if the League is established, for the members promise either to arbitrate their difference and accept the decision of the arbitrator, lay the differences for discussion and publication before the Council of the League for a period of six months, and then, if possible, accept the council's advice. That failing, they agree to refrain from war for a further period of three months and nine months of "cooling off," the president contended, would prevent any armed conflict. These clear explanations satisfied every reasonable hearer and destroyed the "Bugaboos" which Senator Johnson and others had raised against the League. Through rugged Nevada into Utah, the land of Mormons, the president swept to find that those fine people were heartily with him for the League and a permanent peace.

Former Advertising Manager of Wanamaker's, Philadelphia

One of the finest little jokes we men have in stock is about the curiosity of women and cats.

We smile indulgently at our wives and sisters and mothers. We wag our finger at them and tell them in our ponderous humor, "Look out, my dear, 'Curiosity killed the cat.'" And we do not seem to realize that if it weren't for curiosity we, in this twentieth century, would still be living like pigs and dying like flies.

Here are some of the things curiosity:

Archimedes prying up a stone with a stick was curious at the ease with which he moved a great weight. He discovered the law of the lever, which has made possible most of the mechanical wonders of the present day.

Galileo, curious about the rising of the sun and the movements of the stars, discovered that the world was not flat.

Newton was curious about the apple that fell. Watt about the cover of his mother's teakettle. Harvey about our blood. Pasteur about the elements of our blood. Howe about the tedious stitching and mending of patient women. And so on down the endless list of famous names!

And yet we laugh at the curious mothers of such curious men.

Curiosity? Why a man ought to be ashamed to wag his finger at the most idle curiosity in the world.

You people who are reading this paper now are simply curious. You women who turn to your advertising to find out where to go before you begin your shopping would probably spend many times more money than you had to if you were not curious.

Don't waste a moment's thought on the banter of men. Read your advertising, satisfy your curiosity, see the merchandise that appeals to you. Do not hesitate because the name of some advertiser is new. Let your curiosity have its fullest play.

It is time we laid this curiosity joke to rest.

Heaven help the son of the woman who isn't curious.

BURNS & PIERCE, Proprietors

KRESS

Oct. 2.—The Farmers State Bank of Kress had \$101,901.11 on deposit as per statement of Sept. 12.

Quite a number from Kress attended "Victory Fair" in Tulia last Friday and Saturday. Kress was highly honored at this fair. Elliott Rudd, aged 10, won three blue ribbons on his registered short horn calf—baby beef. He also won a red and blue ribbon on his pig and more than all he won a free trip to the Dallas fair. He is contemplating going to this and we are sure he will enjoy himself. Ernest Skipworth won a prize on his pig, and also James Williams won a prize on his pig. Little Frances Louise Rudd, daughter of Mr. and Mrs. Everett Rudd, won the second prize on being the best looking baby, and little Jessie Maxine Skipworth, daughter of Mr. and Mrs. J. W. Skipworth, Jr., won the second prize on being the healthiest baby.

We regret to report Nellie Milton on the sick list. There is quite a number of sick people in and around Kress. Seems as though an epidemic is going through the country.

Mrs. Cooper, of Tulsa, Okla., was in Kress the first part of the week visiting her sister, Mrs. M. E. Degge. She has gone to Lockney to visit with her father and mother, Mr. and Mrs. Blankenship. She will also visit in Kress again before going home and will be accompanied by another sister.

J. F. Moore, one of our progressive

merchants, is having some carpenter work done on his store.

Several additions and improvements are being made to our town—the school children are putting up tennis courts, basket ball courts, base ball diamond and other things too numerous to mention, for the interest of our school and town. Some of the good people are preparing for a public library, and the cleaning up is still going on.

Quite a number of young people were entertained at the Kress hotel Saturday night by Mr. and Mrs. Curtis Skipworth. All present report a nice time.

Miss Lorene Askey of White Deer, is in the home of her grand parents, Mr. and Mrs. Askey, this week.

DeLong was in Plainview on business Friday.

Mrs. Miles spent the latter part of last week here visiting in the home of Mr. and Mrs. C. R. DeLong. She left Sunday and is now at the home of her daughter, Mrs. W. P. Evans, near Kress.

Misses Pauline and Netty Lynn Harrison are staying in the home of their grandparents, Mr. and Mrs. Askey, going to school.

Mr. Rush and family have moved to Kress to send the children to school.

Rev. Watts, our Methodist pastor, held his regular appointment in Happy Sunday.

We regret to report Elmer Hartman on the sick list. He is confined

to his bed with typhoid fever.

The brother of J. P. Linn left last week after an extended visit here. Miss Edna Adkisson has accepted a position with the Kress telephone company.

Rev. Watts spent the first of the week in Lockney visiting his son of that place.

Mrs. Beck of Amarillo, is visiting her mother, Mrs. G. Davenport.

Mrs. Miller returned home Monday after an extended visit with her parents, Mr. and Mrs. Gregg.

The senior Epworth League met Sunday at 7 o'clock at the Methodist church with Mrs. Curtis Sanders as leader. The League is growing in interest as well as in numbers. The contest is still "raging" and every one is invited to attend.

Mr. Behrens of Center Plains community, is in Kansas City this week on business.

Ed Adkisson of Tulia spent Sunday at the home of his parents, Mr. and Mrs. W. G. Adkisson.

The Baptist Ladies' Aid Society met Tuesday afternoon at the home of Mrs. E. H. Rudd, led by Mrs. C. R. DeLong. The members present were Messes DeLong, Longmire, Rudd, Ray, Vaughn, Vinson. Visitors present were Mrs. Elliott, Mrs. Jones, Mrs. Ray, Miss Noya and Edna Adkisson and Miss Henrietta Meyer. One new member from the Aid—Mrs. G. Davenport. Refreshments served and all present report a splendid time.

A "Glee Club" was organized Sunday afternoon at the home of Mrs. J. W. Elliott, Mrs. C. C. McGlasson was appointed director and Miss Ethelyn Edwards as pianist. The aim of the club is to have entertainments and the funds are to be put in the improvements of the town. They met at the school auditorium Tuesday night and practiced singing. Everybody is invited to join and attend.

Dr. E. H. Rudd and H. C. Keating are near Hart this week on the Elliott and Rudd ranch.

Word has been received from Mrs. Opal Hocker, formerly of Kress, now of Los Angeles, Calif. She likes her new home fine and says that the forest fires have been so bad that they drafted men to fight them, and the fog of the ashes were so bad in Los Angeles that one in that town could hardly breathe. But they have them under control.

We understand that Mr. and Mrs. Everett Rudd are to move to Arlington soon, to make their home.

Control of all stock in the Ford Motor company has been obtained by Henry Ford and his son, Edsell Henry and Edsell are said to have in their possession \$25,000,000. 20 years ago Henry Ford was a wage earner and received a salary of \$21 per week. This is the land of opportunity.
