RATIFICATION PEACE TREATY REJECTED BY THE SENATE

MILD RESERVATIONIST REFUSE TO JOIN DEMOCRATS, THUS BLOCKING COMPROMISE

Washington, Nov. 19.—Failing after three attempts to ratify the peace treaty, the senate late tonight laid it aside, ended the special session and went home.

All compromise efforts to bring ratification failed, the three resolutions of ratification all going down by overwhelming majorities. The republican leaders, apparently despairing of bringing two thirds of the senate together for any sort of ratification, then offered a resolution to declare war with Germany at an end, which was referred to the Foreign relations committee.

Two of the three ratification votes were taken on the resolution drafted by the republican majority, containing reservations which President Wilson had told democratic senators in a letter earlier in the day would mean nullification of the treaty. On each of the votes, most of the democratic supporters of the treaty voted against ratification.

The first vote on this resolution stood 39 for to 55 against.

On the second vote, taken after several hours of parliamentary wrangle in which the democrats made vain efforts to win over some of the republican group of mild reservationists, forty-one senators voted in the affirmative and fifty one in the negative.

The third vote was on a straightout ratification without reservations which got only 38 votes to 53 opposing it. Only one republican, Senator McCumber of North Dakota, voted with the democrats in its support.

Shipped Car of Cattle

A carload of near breeding returned yesterday from Kansas City where he had been with a carload of cattle, which he marketed.

He says the farmers through Kansas are busy planting wheat. The people are very anxious about the coal strike, as the supply of coal in many towns is running very low.

Will Rue for City Marshal

P. H. Andrews informs us that he will be a candidate for city marshal in the April election. He has been night watchman for several years, and before coming here was city marshal of Stamford for six years. He is well qualified for the position.

Miss Flora Smith Marries Joe McDonald at Slaton

Miss Flora Smith, formerly of Plainview, was married Wednesday night in Slaton to Mr. Joe McDonald of that city. They passed thru here on Thursday morning's train for Kansas City, to spend their honeymoon and visit his brother.

Case Reversed and Remanded

The court of civil appeals in Amarillo Wednesday reversed and remanded the case of L. G. Pierce vs. The Santa Fe railroad. In the Hale county district court Pierce was given a verdict for damages to a shipment of cattle.

George Boswell for Assessor

Geo. Boswell has informed us that he will be a candidate for county tax assessor in the next campaign. He is well and favorably known and well qualified to fill the position.

Members Christian Church Subscribe to Campaign

Pastor W. P. Jennings of the University Christian church at Fort Worth and Pastor Ernest C. Mobley of the First Christian church of Amarillo, were here Tuesday in behalf of the state campaign for \$350,000, which includes \$190,000 for Texas Christian University, Fort Worth; \$25,000 for Midland college, Midland; \$25,000 for Carr-Burdette college, Sherman; \$35,000 for the Juliette Fowler orphanage and aged people's home in Dallas, and \$75,000 for state mission work. The campaign begun Sunday and will close in ten days.

A meeting was held at the church Tuesday night and Dr. Jennings told of the need of raising this fund. The local church's quota is \$400; of this \$250 was raised in pledges and cash, and it is hoped to raise the other.

Elder E. M. Douthit of Austin was present in behalf of the Christian Courier, the state paper of the Christian church.

Bishop Temple Will Preach Here Sunday Night

Bishop E. A. Temple of Amarillo will deliver a sermon at St. Mark's Episcopal church in this city Sunday night, at 7 o'clock. Everyone is cordially invited to attend.

PROSPECTS FOR SETTLEMENT OF STRIKE BRIGHTER

Conference of Operators and Miners Continues—Operators Concede to Wage Increase

Washington, Nov. 20.—Though operators and miners of western competitive fields remained deadlocked all day in their negotiations for a new wage scale contract, prospects for an agreement that would settle the coal strike were considered brighter tonight than at any time since the strike was called.

The operators offered to the miners representatives a flat increase of 15 cents a ton on coal mined and 20 per cent increase for day workers.

Meanwhile, the government continued to hold hands off, and Fuel Administrator Garfield took no steps openly to restrict coal consumption. President Lewis of the miners workers after the close of the long session today said he considered that the operators' proposal had "contributed nothing to the settlement of the difficulties," but at the same time indicated that miners were preparing to come down a degree in their demands for a six hour day and a sixty per cent increase.

Woman Breaks Arm

Mrs. C. C. Williams, who lives nine miles north of town, fell from a horse she was riding one day last week and dislocated the bone in her left arm.

P. A. Jones of near Silvertown had business in Plainview Wednesday.

W. W. Kirk left Wednesday in his car for a trip to Breckenridge, where he has oil interests.

SHIPPING CARLOAD DRESSED TURKEYS TO SAN FRANCISCO

Fifteen Hundred Fowls—Go in Refrigerator Express Car—Killed and Picked

The Panhandle Produce Co. is shipping a solid carload of dressed turkeys to San Francisco, for the Thanksgiving trade. A refrigerator express car will carry the shipment which will be made up of fifteen hundred turkeys.

The firm has a force of people preparing the turkeys. They are killed by having their throats slit in order to bleed them, then the feathers are picked off—and the turkey is then shipped in an iced car—without removing the entrals, head or feet.

The poultry firms of the town will likely ship from one to two cars of turkeys each week for several weeks. Most of the turkeys are of this year's growth.

The price paid the grower is 25c a pound.

The sad part of the oil business is that many many Plainviewians have invested without having gotten anything back. They are "blowed up suckers."

W. E. Boyd, Jake Burkett, Ellis Carter, Charlie Davis and Wiley Brashears were on a duck hunting beyond Lockney Tuesday. Mr. Boyd says he never before saw so many ducks as that day. They are hard to get within shooting distance of, and only thirteen were bagged by the party.

MONEY TO LOAN—Read Stewart-Patterson Co's. adv. on page 3.

Bought W. P. Lash Place
Lee Davis of Eastland county has bought the W. P. Lash home and acreage property just across the lane from the Plainview Nursery, and will occupy same with his family.

The cars containing the household goods of Mr. Davis, J. H. Sneed who bought the Buchheimer place, and L. Dooley who bought the Horne place, arrived yesterday from Eastland.

Mrs. J. J. Boston Wins

In the turkey contest put on by the Panhandle Produce Co. Saturday Mrs. J. J. Boston of near Kress won \$10 cash for bringing the largest number of turkeys (seventy five), and \$10 cash for bringing them from the greatest distance. She brought them in a large header barge.

J. C. Fuller of near Ellen won second place, bringing fifty one turkeys.

Elected High School Librarian

Miss Carrie Bier, daughter of John F. Bier, has been employed by the school board as librarian for the high school library, and has begun her work. She will make a card index system for the books. She will act as supernumerary also. Miss Carrie was a graduate of the high school in 1918, and is a very bright and able young lady.

Pioneer Cowboy of Plains

D. W. Barger of Silvertown, N. M., is here on business. He has had quite a romantic and interesting career. He was a pioneer cowboy of the Plains and worked with cattle here before the town of Plainview was located. Later he was sheriff of a county in New Mexico. Of late he has been in the Northwestern states fighting I. W. Ws.

Baby Choked By Bean

Recently the 16-month-old baby of Mr. and Mrs. W. R. McCleskey of Floydada was brought to the sanitarium in Plainview, and an incision made in the throat and a bean removed from the windpipe. The child came near suffocating before the bean could be removed.

Mr. and Mrs. McCleskey used to live in Hale Center.

Appointed Medical Examiner

Dr. E. O. Nichols has been designated as a medical examiner for the Bureau of War Risk Insurance at Plainview, for the year ending June 30, 1920. The returned soldiers who wish to renew their insurance or for another reason have to undergo an examination can see him.

New Train Schedule

It is said that the Santa Fe road will change its schedules December 1st, when the government returns the road to its owners. Station Agent Lucas has not as yet received the new schedule.

Will Play at Electra

The Plainview high school football team left this morning for Electra, near Wichita Falls, where it will play a game tomorrow afternoon with the Electra high school team.

C. H. Buttolph has just returned from Hartley county, where he had been on business, and says the oil fever is on there. Land is leasing for as high as \$7 per acre. Crews are on the ground and material is being placed to drill two wells.

Mr. and Mrs. Robt. B. Tudor returned yesterday from a trip to Bristol and Johnson City, Tenn., in their car. They went early last summer with Dr. and Mrs. L. E. Dye, who returned some days ago. The Tudors were on the road back in their car for more than a month.

Mrs. L. A. Matlock and daughter, Miss Dot, returned Wednesday from a visit with her daughter, Miss Hattie, in Los Angeles, Calif.

Mrs. W. W. Jones, who has been here visiting friends, left this morning for Panhandle, where she will visit, and then go to her home in Corsicana, where she is in the Odd Fellows' Home.

Mr. and Mrs. James Hamilton of Lockney and Mr. Myers of Amarillo have been here visiting Dr. Ross and family, their cousins.

Mrs. A. H. Morrison and family left this morning for Corporal, Kans., where they will make their home. Mr. Morrison had gone on before.

J. I. Kendrick of Amarillo was in Plainview Monday on business.

Mr. and Mrs. J. S. Hamilton returned this morning from a visit of ten days to Grandfield, Okla. He was sick the entire time he was away.

MEXICO MUST RELEASE CONSUL JENKINS AT ONCE

OFFICIAL ACTION PROMPTED BY SECOND ARREST OF CONSUL AGENT

Washington, Nov. 20.—Mexico was warned today by the American government that any further molestation of William O. Jenkins, the American consular agent at Pueblo, who recently was kidnapped by bandits, would "seriously affect the relations between the United States and Mexico, for which the government of Mexico must assume sole responsibility."

Coupled with the warning was a demand for the immediate release of the consular agent, who was re-arrested Tuesday.

Official reports that Jenkins had been again imprisoned at Pueblo reached the state department today from the American embassy at Mexico City, who was authorized to transmit a note.

Jenkins was first arrested early this month on the charge of collusion with the bandits who took him from his home at Pueblo October 1, but he was released after remaining in the penitentiary two hours.

He was restricted to his home, however, and Tuesday was re-arrested on complaint that he had threatened persons who had given evidence on which the state authorities acted in first taking him into custody.

East Texan Buys Home

F. F. Farrier of Panola, in East Texas, has bought from C. M. Cornelius, the brick residence known as the Dr. Barnes place, just north of Wayland college, paying \$10,000 cash for it. He will soon move to it with his family. W. R. Hall engineered the deal.

Here to Erect Bank Building

J. B. Maxey came in from Wichita Falls Wednesday to make arrangements to begin work on the new bank building for the Guaranty State Bank. He expects to begin putting material on the ground soon.

T. and Alva Donohoe and John Forsier of Mt. Air, N. M., were here yesterday.

George W. Schroder of Rogers, Bell county, has been here this week on business.

Marvin Garner returned yesterday morning from Canyon, where he had been to visit his parents. He reported that they had sold their ranch in Randall county.

The only trouble with the million dollars income we are to get from our interests in the oil region is—it is so all-fired long "in coming."

The senate having refused to ratify the peace treaty, who not put it up to a vote of the people of the country? We believe they would ratify it.

Gov.-elect Edwards of New Jersey declares he will use all his power to nullify the national prohibition law in his state. Yet, he would likely want to fight if somebody were to call him an anarchist.

Far be it from us to do anything against the local telephone company, but if we are ever sent to jail for using intense profanity while waiting for a connection, when we get out we are going to make somebody think the Bolsheviks have struck town.

The prohibition campaign has started in England. Already prohibition speakers have been assaulted. This was the plan used by the liquor men against prohibition speakers in Texas twenty-five years ago—now there is not a saloon in the state or nation. John Barleycorn is a ruffian; ruffians always lose out.

Senator McKellar of Tennessee has introduced a bill in congress to deport all the anarchists, Bolsheviks and preachers of revolution to an island in the Philippine group. Wouldn't life on an island with all these criminally insane folk be a personification of Dante's Inferno with a few dozen Greek hades thrown in for good measure! Doubtless before many days passed they would get to fighting and kill each other—and thus get rid of themselves. A good idea—if enough ships are placed about the island to prevent any escaping.

Gompers declares he is "tied to no party," which means that he has broken with President Wilson and the democratic party. If so, there are millions of democrats who should rejoice. The favor of him and his bunch has been a black spot that it will take time for the party to wash out. Labor has lost much of the public confidence and sympathy it formerly enjoyed from public opinion.

THE UPRIGHT SEMINOLES

The government, through Indian Commissioner Cato Sells of Texas, has placed the small remnant of Seminole Indians on a reservation in the edge of the Florida Everglades. An eminent woman who has worked among these Indians declares "The Seminole brave is the most upright man in the world. He is altogether moral, and never lies, cheats, steals, or breaks his word."

Every person should so conduct his life that these laudable attributes could be applied to him.
Every person should be upright.
Every person should be moral.
No person should lie.
No person should cheat.
No person should steal.
No person should break his word.
For his promise should be as binding as his bond.

The mystery of the ages has been why do all people not live such upright lives as will square exactly with the moral laws of the Bible, for everyone agrees that such a life always pays in the end.

The things persons get through dishonesty rarely, if ever, do them any good—usually they prove a curse.

Falsehood always reacts with a vengeance on the liar.

The person who violates the moral laws always suffers.

The "thou shalt nots" of the Decalogue are just as binding, just as important just as right in these times as they were when handed by Almighty God to Moses amid the thunderings and smoke of Mt. Sinai thirty-five centuries ago—and happy is that person who lives according to them.

If there were no other reason, the editor of this great moral guide of the Plains, if he were left a widower, would never remarry, for heaven could hardly be really heaven or safe for a man with two wives claiming him.

Old-fashioned common sense is needed these days as much as at any time in the history of civilization.

The News intends to increase its advertising rates January 1st, and is considering increasing its subscription price. Print paper now costs at the mills more than three times what it cost four years ago; ink is about twice as high, and postage is from 50 to 500 per cent higher than when the war started; labor, machinery and everything else that goes into the printing business has greatly increased. It is not a theory that confronts the publishers—it's a critical situation, and those who do not increase prices will simply be forced out of business.

REAPING THE WHIRLWIND

The large industrial companies are now reaping what they sowed years ago. Back in the nineties the laboring people and general public of this country urged more stringent immigration laws, so as to shut out most of the low foreigners that were flocking to the United States, but the large employers of labor insisted on liberal immigration rules and were powerful enough to block stringent legislation. The foreigners came from the ceething hot-beds of Europe at the rate of a million a year, and it is these foreigners who are causing so much trouble now. They are ignorant of our American institutions, anarchistic, and are easily dominated by vicious labor leaders. It is not the American workers who are raising so much hades—but the foreigners.

Sixty per cent of the steel strikers cannot speak the English language. When the vote on the strike was taken, nearly every American-born workman voted not to strike, and almost every foreign-born worker voted to strike—and the strike was called.

Practically every coal miner is a foreigner, hence it is easy for Lewis and his staff to dominate them.

Very near every I. W. W., Bolshevik and anarchist that is causing trouble in this country has an unpronounceable name, and came from the infected districts of Europe.

It would be a blessing if the bars were put up against every country in Europe and Asia for many years, until we get the foreign poison-weed out of our country or assimilate them into good Americans.

This is going to be a mild winter, for the East Texas crackers have noted that the squirrels are not storing away as many nuts this fall as usual, and the hair on 'possums is very light.

The Atlanta Constitution prints an editorial on "Our Idle Power." Wonder if it has heard of the bunch on the northwest corner of the square? All we have to say is, if its idle its not power. Plainview has entirely too much of that sort of power. Power is something that keeps in motion—and don't stand on the street for hours at a time.

In order to reduce the high cost of church work and economize in presiding elders, the Northwest Texas Methodist conference has reduced the number of number of presiding elders in the district from eleven to nine.

Up North they are palavering and bellyaching around about "collective bargaining," "direct action," "recognition of the union," and forty-seven dozen other things. Here on the Plains the people are busy, prosperous and happy. Come to the Plains.

Congress has appropriated funds to send an "oil expert" to Texas. This is a waste of money. There are thousands of oil experts already in Texas, quite a number of them living in Plainview.

The recent vote on proposed constitutional amendments proved that the people are strongly opposed to increasing taxes. The legislature, commissioners' courts and city councils should take the instruction given.

Our idea of "a calm and heavenly frame" is to be right in this old town quietly sipping Alf-alf-a tea.

Lieut.-Gov. W. A. Johnson of Memphis will be a candidate for a second term. Johnson deserves reelection. His ten years in the senate, two years as its presiding officer, fit him to serve the people better than any other man who may seek the office.

A Plains sheep grower a few days ago paid \$60.00 for an all-wool suit of clothes. Thinking of how high the price was, he got to figuring and found that at current prices the sheepman received about \$1.80 for the wool in the suit. The \$58.20 went to labor, manufacturer, middlemen, transportation and the retailer. He has come to the firm conclusion that there was rank profiteering somewhere between the grower and the ultimate consumer—but doubtless each one accused can prove an alibi.

William Woldorf Astor died in England a few days ago, but his death caused few tears in America, even if he did own fifty millions of dollars' worth of property in this country. He was an American and scion of the great Astor family whose father laid the foundation for the fortune by skinning skunks and trading in furs. William Waldorf Astor.

Mrs. Wiley Brashears Entertains Baptist Young Married Women

Monday afternoon at 3 o'clock at her home, Mrs. Wiley Brashear was hostess to the newly organized circle of the Baptist Ladies Aid, composed of the young married ladies of the church. In the absence of the Counselor, Mrs. Ivey, Mrs. T. D. Lipscomb conducted the devotional exercises for the afternoon.

A short business session was then held, the main feature of which was a discussion as to the name of this circle. By a unanimous vote of the ladies it was decided to name the circle for "Mother" Jones, the oldest and most beloved member of the church.

A social hour was then enjoyed at which time the hostess assisted by Mrs. Roy Lipscomb, served delicious sandwiches, cake and hot chocolate.

Blues Entertained by Reds At Methodist Church

The blues under the captaincy of Mrs. E. F. McClendon, won over the reds, with C. D. Wofford as captain, in a membership contest for the Methodist Sunday school, and last night the reds entertained the blues at the church, a very large number being present.

There was an interesting musical program, and an enjoyable social period, after which refreshments were served.

Continued from Page 3) tor many years ago was the republican congressional nominee in New York but was defeated by a big majority by the son of a poor contractor who was the Tammany nominee. Then it was in his disgust that Astor moved to England, declaring "America is not a fit place for a gentleman." He became an expatriate, renounced his birthright and his allegiance to Old Glory and became an full-fledged citizen of England. He bought a chain of English newspapers. He aped royalty, and a year or two ago, after a long wait was made a lord by the king—this being his ambition. He will deserve the contempt in which he is held in America.

TAX OUT OF EXISTENCE

It now seems that President Wilson will, upon ratification of the peace treaty with Germany, declare war-time prohibition null, and thus allow the worst sections of the country a grand spree and debauch of a few weeks before the constitutional amendment becomes effective the middle of January.

No good purpose can be served by permitting this final spree—but such harm can come of it.

In behalf of the public weal of society, some method should be adopted by congress to hold down the lid tight until the final drouth sets in.

A good way would be to put a heavy and prohibitive tax on every sale of liquor—say \$1,000 a bottle, with heavy penalty for anyone who sells without first paying the tax.

The News believes in ridding the country of every I. W. W., Bobbevist and anarchist. It is willing to pay taxes to provide ships for deporting these who are aliens; to build prisons and asylums for those who are natives; to erect gallows for the execution of those who commit murder. But the News is opposed to mob lynching I. W. Ws. or anybody else. The News is for law and order—and believes in the severest punishment for those who kill people or destroy property. The I. W. W. is against all law; he believes in "direct action;" he believes in taking the law into his own hands. The mob believes and practices the same thing; so what better is the mob than the I. W. W.? Mobs will never break up I. W. Wism—that must be done by good lawabiding citizens, who believe in law and order, and do not combat with lawlessness with lawlessness.

Andres Garcia has been fired by Carranza as Mexican consul general at El Paso, because "he remained calmly seated" at the banquet several weeks ago when Gov. Hobby made a sensational speech urging intervention. The editor of the News knows Senor Garcia, and was his guest for a trip into Juarez several years ago. He is a genial fellow, and has considerable ability.

We understand that when Editor Smith of the Lockney Beacon read in the newspapers that a Kentucky distiller proposes to give a five-gallon jug of liquor to every family in the country, he at once wrote out and sent in applications for a jug for each Ben Smith, B. F. Smith, Benj. F. Smith, B. Smith and F. Smith.

Dr. Frederick Vining Fisher of New York and California is touring Texas in the interest of the United American organization. "We are sitting on a volcano," he thundered before an audience in Dallas last week. Dr. Fisher is unduly excited. There is no volcano—only an ant hill with a torch on it. Nine-tenths of the American people are patriotic, level-headed and contented; it is only a comparatively few who are acting like fools. The great body of Americans are getting tired of this foolishness, and are going to remedy it soon. The newspapers give undue prominence to the act of the radicals, and this encourages others to do fool-stunts. Times are going to get back to normal within a few months. Peace and industry always win out.

Of the democratic possibilities for the presidential nomination it seems that Wm. G. McAdoo stands head and shoulders above all others. He is capable of taking hold of the reins of government, and conducting it over the road that it to be traveled during the next several years.

The churches and benevolent institutions of the state are deriving hundreds of thousands of dollars from contributions from members and friends, who "have struck it rich" in the oil fields. That is an admirable way to dispose of such money, and is a thank offering worth while. The person who does not use some of his money to make this a happier and better world is a misfit in present day civilization and Christianity. There is no place for the skinflint or the tightwad.

One reason of high prices is too doggone many people are "playing hooky" from their jobs.

Dr. Oldfield, famous English doctor, says you can live 105 years if you will live on dandelion leaves, grapes, milk and honey. Cornuro, famous Italian, lived to 104 on red wine, meat, fish, fruit, etc. It is our opinion that a person could live 150 years on a well-balanced ration of meat, fish, vegetables and fruit if he drank Alf-alf-a tea three times a day.

IN A MINOR STRAIN

Speaking of old times, a local citizen who "used to take a little," said the other day: "You can learn more about a man by taking ten drinks with him than you can by going to church with him for ten years."

Never waste your time giving a man advice until you first find out what kind of advice the man wants.

Any time you are in doubt as to just what your wife thinks of you, get her mad and you will not be long in doubt.

Some men spend money to develop their memories. And other men would give a whole lot to be able to forget things.

Old Noah sure could have saved the world a heap of trouble if he had only put his foot on the Redbug when it was crawling up the gang plank into the Ark.

Senator James Clayton McNealus, editor of the Dallas Democrat, is sore because the people of Texas voted against a convention to form a new constitution, and will become a candidate for lieutenant-governor in order to campaign the state. McNealus is a misfit in the state senate—a number of senators will tell you so. He will never be lieutenant-governor—Mrs. Mahoney, Mrs. Reppert, Mrs. Davis and other well-known women suffragist leaders will stand to his side with a vengeance, for they told the editor of this great moral and political guide of the Plains so in the capitol last June when McNealus, who has posed as a friend of suffrage, betrayed the cause and worked and voted against ratification.

Organized labor is seeking to supplant the old democratic slogan of "let the people rule" by substitution "let the unions rule."

Possibly two thousand bales of cotton will be raised in Hale county this year. Counting the seed, it will bring a half-million dollars, and means prosperity to the cotton growers. Cotton does as well on the Plains as in the so-called "cotton counties" down in the state.

The recent elections did not give much encouragement to the republican boast of winning in next year's election.

Miss Leta Warren, local anti society editor of the Clarendon News and one of the most talented and popular young ladies of the Panhandle press, was married last week to Earl Beck, a business man of Dalhart.

ALF-ALF-A TEA GAINING PRESTIGE

Speaking of the proposal of a Kentucky distiller who has millions of gallons of whiskey left on his hands, to send a five gallon jug to each editor of the country, the McLean News says:

"This is hardly necessary in the case of Panhandle editors, since the gentleman over at Plainview has invented the decoction known as alf-alfa tea. Just what alfalfa tea is made out of, besides alfalfa, we have not been able to learn. That it has the kick cannot be doubted. Witness the effect of it on Editor Jones of the Silverton Star, as well as on the inventor. Moreover, alfalfa tea is gaining prestige among those brethren of the quill who refrained from indulgence in stimulants when they could not get anything so good. Ed Carlock, a churchman and enthusiastic prohibitionist, seems to have sampled the new drink with gratifying results. Witness the following from his Paducah Post:

"A lot of fellows doubted the duck story told by the Post last week about a wild duck swimming around on Main Street. But we gave you some authority, and in addition can now state that the boys who killed it had it cooked at the restaurant and ate it for dinner."

Carter Glass has resigned as secretary of the treasury to accept the appointment of U. S. Senator from Virginia to succeed Senator Martin who died last week.

When You Take Cold

With the average man a cold is a serious matter and should not be trifled with, as some of the most dangerous diseases start with a common cold. Take Chamberlain's Cough Remedy and get rid of your cold as soon as possible. You are not experimenting when you use this remedy, as it has been in use for many years and has an established reputation. It contains no opium or other narcotic. Obtainable everywhere.

A man's best pal is his smoke

"Let's take it easy for a while"

—Chas. Field

A CIGARETTE that invites you to enjoy a smoke as you never have before—that's Chesterfield.

Not merely fine tobaccos, mind you, though we use the finest of Turkish and Domestic leaf, but an exclusive blending method that brings out hidden flavors—flavors that others have failed to find.

That's why Chesterfields are different. That's why they satisfy. And this method is a closely guarded secret. That's why none but Chesterfields can satisfy.

And Chesterfields reach you in prime shape for smoking always—because every separate package is wrapped in moisture-proof glassine paper.

NASTY COLDS ARE RELIEVED AT ONCE

"Pape's Cold Compound" then breaks up a cold in a few hours

Don't stay stuffed-up! Quit blowing and snuffing! A dose of Pape's Cold Compound" taken every two hours until three doses are taken usually breaks up a severe cold and ends all gripe misery.

The very first dose opens your clogged-up nostrils and the air passages of the head; stops nose running; relieves the headache, dullness, feverishness, sneezing, soreness and stiffness.

"Pape's Cold Compound" is the quickest, surest relief known and costs only a few cents at drug stores. It acts without assistance, tastes nice, contains no quinine—insist upon Pape's!

BACK BAD TODAY?

Backache is usually kidney-ache and makes you dull, nervous and tired. Use Doan's Kidney Pills for weak kidneys—the remedy recommended by your friends and neighbors.

Mrs. C. S. Busby, Plainview, says: "I have used Doan's Kidney Pills off and on for sometime when in need of a kidney remedy. My back ached at times and when I stooped over to pick up anything sharp pains would shoot through my back and up through my shoulders. My back was also weak and lame. When suffering from these attacks I can't lift anything. My kidneys also get out of order. These attacks coming on I use Doan's Kidney Pills and a few doses of this medicine never fail to fix my kidneys up and put me in good shape. I know Doan's Kidney Pills are a good kidney remedy."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Busby had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

As Dead as the Dodo

Every druggist in town—your druggist and everybody's druggist has noticed a great falling off in the sale of calomel. They all give the same reason. Dodson's Liver Tone is taking its place.

"Calomel is dangerous and people know it, while Dodson's Liver Tone is perfectly safe and gives better results," said a prominent local druggist.

Take "Dodson's Liver Tone" Instead!

Dodson's Liver Tone is personally guaranteed by every druggist who sells it. A large bottle costs but a few cents, and if it fails to give easy relief in every case of liver sluggishness and constipation, you have only to ask for your money back.

Dodson's Liver Tone is a pleasant-tasting, purely vegetable remedy, harmless to all ages.

Take a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe or cause inconvenience all the next day like violent calomel. Take a dose of calomel today and tomorrow you will feel weak, sick and nauseated. Don't lose a day's work! Take Dodson's Liver Tone instead and feel fine, full of vigor and ambition.

How Catarrh is Contracted

Mothers are sometimes so thoughtless as to neglect the colds which their children contract. The inflammation of the mucus membrane, at first acute, becomes chronic and the child has chronic catarrh, a disease that is seldom cured and that may prove a life's burden. Many persons who have this loathsome disease will remember having had frequent colds at a time it was contracted. A little forethought, a bottle of Chamberlain's Cough Remedy judiciously used and all this trouble might have been avoided. Obtainable everywhere.

For a Muddy Complexion

Take Chamberlain's Tablets and adopt a diet of vegetables and cereals. Take out door exercise daily and your complexion will be greatly improved within a few months. Try it. Obtainable everywhere.

A Texas Wonder

The Texas Wonder for kidney and bladder troubles, gravel, diabetes, weak and lame back, rheumatism and regularities of the kidneys and bladder in both men and women. If not sold by your druggist, will be sent by mail on receipt of \$1.25. One small bottle is two months' treatment, and often cures. Send for sworn testimonials. Dr. E. W. Hall, 2926 Olive St., St. Louis, Mo. Sold by druggists. —Adv.

Despondency

When you feel discouraged and despondent do not give up but take a dose of Chamberlain's Tablets and you are almost certain to feel all right within a day or two. Despondency is very often due to indigestion and biliousness, for which these tablets are especially valuable. Obtainable everywhere.

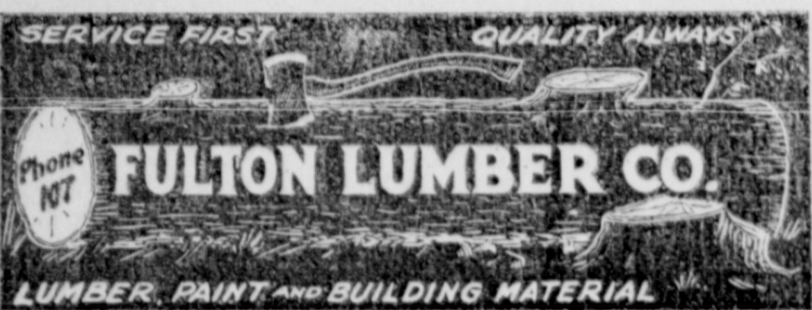

Buy Beaver Board that is BEAVER BOARD

You want better walls and ceilings, in your new home, in present waste space, or to replace cracked plaster and dingy wallpaper. So you ask for Beaver Board, the original wallboard, that has been building better walls and ceilings for a dozen years.

But do you know that inferior wallboards are often sold as Beaver Board? They may look like Beaver Board, feel like Beaver Board, and even claim to be as good as Beaver Board.

But they can't give Beaver Board results.

Be sure to get what you ask for. The Beaver trademark on the back of every panel of genuine Beaver Board is there for your protection. Look for it.

"Good Hearts for Bad Lungs"

Austin, Texas, Nov. 18.—The federal government is offering free medical treatment and \$3 per day for maintenance for every Texas soldier boy who contracted tuberculosis in the army and is now in need of hospital treatment. The only thing necessary to have Texas boys treated in Texas, in the grand old Texas climate, is for Texans to give freely to the fund now being raised by the Benevolent War Risk Society for the erection of hospital buildings at Carlsbad, where climatic conditions are ideal for the treatment of tubercular patients.

The federal government has no available hospital space in Texas, and no other hospitals are available at this time for the treatment of tubercular soldiers. The federal government at the present time is sending Texas boys to places such as Alexandria, La., where the climate is undesirable. Thus the government is offering them hospital accommodations, but it is up to Texans to keep the boys at home amid loved ones, where they can have the benefit of the wonderful western climate and where the federal government will provide every comfort, convenience and attention.

"Texans should give liberally during the week from November 19th to 26th," said Gov. W. P. Hobby, who is President of the Benevolent War Risk Society. "It is a most worthy cause and all heart strings should be touched. The full sum of \$500,000, must be raised at once, as disease will not wait. There are over 4,000 Texas soldiers afflicted with tuberculosis, of which number there are several hundred who must be hospitalized at once if the disease is to be arrested."

Girls Hike Cross Country

Harriet Rogers and Ruth Kerr, two pretty misses of San Diego, California, have been in the city for the past two days. They are hiking from the Pacific coast to Philadelphia. They stated yesterday that they left the coast November 3. They have no schedule to make, however, and are taking their time and enjoying the scenery in their cross-country stroll.

Misses Rogers and Kerr attracted quite a bit of attention while on the streets of Amarillo. They were dressed in men's clothing and wore high top lace boots. The amount of baggage they carried was very limited, as a change of clothing in a cross-country hike, where the walking of railroads is required, would be quite unnecessary. They were, however, very neatly dressed when they paid a visit to the News office.

These young ladies have acquired quite a bit of fame for similar feats they have accomplished in the past. —Amarillo News, Nov. 18.
