AN APPRECIATION

The year 1919 is passing-nearly gone. It has easily been the most successful year in our business career. It has brought us a gratifying degree of increased business and expansion, for which we are indebted to our many friends and customers. We wish to thank these friends for their hearty co-operation and good will, and to wish for them much prosperity and success, during 1920 and in the years to come.

FATS FOR ENERGY It's all too true that many children have a dislike for animal fats, yet the same children will readily take and relish

SCOTTS

This choice is instinctive and is linked up with the fact that Scott's is assimilated when other forms of fat are a disturbing element. Give your boy and girl plenty of energizing and warmth-imparting Scott's Emulsion. It will build them up! 20 The Norwegian cod-liver oil used in Scott's Emulsion is super-refined in our own American Laboratories. Its purity and quality is unsurpassed. Scott & Bowne, Bloomfield, N.J. 19-33

RESULTS TELL

There Can Be No Doubt About the **Results** in **Plainview**

Results tell the tale. All doubt is removed. The testimony of a Plainview citi-

Can easily be investigated. What better proof can be had? D. M. Garrison, carpenter, Plainiew, says: "At times my back gets out of whack and causes me a lot of trouble. My back becomes weak and lame and aches a good bit of the time. Mornings it is stiff and lame when I first get up. My kidneys also become weak and irregular in action. When I have felt any of these symptoms coming on I have commenced using Doan's Kidney Pills and they have never failed to give me instant relief and fix my kidneys up in fine shape. It only takes a short use of Doan's Kidney Pills to relieve me of the attacks." Price 60c, at all dealers. Don't imply ask for a kidney remedy-get

BREAKS A COLD IN JUST A FEW HOURS

"Pape's Cold Compound" instantly relieves stuffiness and distress

Don't stay stuffed-up. Quit blowng and snuffing! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken usually breaks up a severe cold and ends all grippe misery. The very first dose opens your logged-up nostrils and the air passages of the head; stops nose running; relieves the headache, dullness, feverishness, sneezing, soreness and Patton House stiffness.

-United States

Ask Any Doughboy Who Was "Over There"

and he will tell you that American railroads are the best in the world.

He saw the foreign roads - in England and France, the best in Europe - and in other Continental countries - and he knows.

The part railroads have played in the development of the United States is beyond measure.

American railroads have achieved high standards of public service by far-sighted and courageous investment of capital, and by the constant striving of managers and men for rewards for work well done.

We have the best railroads in the world - we must continue to have the best.

But they must grow.

To the \$20,000,000,000 now invested in our railroads, there will have to be added in the next few years, to keep pace with the nation's business, billions more for additional tracks, stations and terminals, cars and engines, electric power houses and trains, automatic signals, safety devices, the elimination of grade crossings - and for reconstruction and engineering economies that will reduce the cost of transportation.

To attract to the railroads in the future the investment funds of many thrifty citizens, the directing genius of the most capable builders and managers, and the skill and loyalty of the best workmen - in competition with other industries bidding for capital, managers and men - the railroad industry must hold out fair rewards to capital, to managers and to the men

American railroads will continue to set world standards and adequately serve the Nation's needs if they continue to be built and operated on the American principle of rewards for work well done.
