SILVERTON RAILROAD COMMITTEE HERE TOMORROW

WILL CONFER WITH LOCAL COMMITTEE LOOKING TO BUILDING ROAD

The prospect for building of a railroad from Plainview to Silvertown is growing brighter as the days pass.

A committee from Silvertown has been invited to come to Plainview tomorrow, Wednesday, to confer with the local railroad committee, looking toward further pushing the proposition toward a reality. After the meeting it is hoped that some very interesting news can be given out.

The local committee is composed of Messrs. E. C. Lamb, R. S. Beard, A. G. Hinn, W. A. Donaldson and W. E. Risser, met Friday afternoon and organized with Mr. Risser as chairman, and plans for carrying out the proposition. The meeting which created the committee, and to work in connection with the Silvertown committee. We understand that there is no possibility of the railroad being from Lubbock to Silvertown, via Lockney, as it would infringe on territory that is already supplied by transportation facilities, and is frowned upon by the government, as so many roads are needed into new territory. Besides, the cost of such a railroad would be too heavy for a local company.

Keck Announces for Mayor

G. C. Keck has announced as a candidate for mayor of Plainview. He has been a citizen of the Plains for many years and served as food administrator of Hale county for 16 months without being paid any fees. He also served a city councilman for four years and two years as a city clerk in his former home town in Nebraska. He was also justice of the peace of Precinct No. 1, Plainview, several years ago. He has served in other public positions, and is well qualified for the place he seeks.

Boy Caught With Car

A lad from Lockney is in the county jail, being held by Sheriff Jennings in response to a telephone message yesterday. The boy ran away from home with his father's Studebaker. Mr. Jennings picked the boy and car up at a filling station, and the lad will be held awaiting the arrival of his father today.—Canyon News.

Buys Thompson's Meat Market

J. H. Bond, formerly of Sweetwater, but who came here about a year ago, has bought the Thompson Meat Market from Tom Thompson, and has taken active charge of the business, which will henceforth be known as Bond's Market, at the same stand. Mr. Thompson will engage in the livestock buying and selling business.

Tractor Demonstration Saturday

As per announcement on another page, the Hart & Blair Oakland Sales Co. will conduct a demonstration of Emerson-Brantingham tractors on the vacant lots just south of the Pierce Oil Co. warehouse (near the railroad coal chute) Saturday.

E. B. Miller, as district deputy grand exalted ruler of the Elks lodges, left Sunday afternoon for Wichita Falls and other towns in Northwest Texas, to make inspection of the Elks lodges. He will on Thursday night institute a new lodge at Vernon, with twenty-seven old Elks and thirty-three new members who will be initiated. Upon invitation Messrs. Casey Hughes, R. C. Joiner, E. H. Bowden and J. J. Bromley of the Plainview lodge will go to Vernon to assist in the instituting of the lodge.

Eastland Family Moves Here
N. G. Phillips and family of Eastland county have moved to Plainview. He has bought the L. Dooley residence in Seth Ward, where the family will reside, also the H. C. Stovall farm six miles east of Hale Center.

Mr. Phillips owned considerable land in the Eastland oil field prior to the striking of oil. He says the oil fields is no place to raise a family so he decided to move to Plainview.

Silvertown People Consider Plainview is Logical Point

Clyde Goodman of Silvertown was in Plainview Thursday. He said to the News editor that the people of his town and community are growing more enthusiastic about getting a railroad from Plainview to Silvertown. He is sure that Silvertown will get a railroad within a short length of time, for the people are very determined to have such a line.

He and most of the others look upon Plainview as the logical point from which the road should start, and if Plainview will do her part is sure Silvertown people will do their part.

He says Plainview is losing much trade from Silvertown and the caprock country because of the bad dirt roads, and because it cost 10c a hundred pounds more to bring goods to and from Plainview than it does from Tulsa.

He said the Silvertown people who attended the banquet in Plainview Tuesday night were greatly impressed with the occasion and the generous hospitality of Plainview, also the spirit of her business men to do big things.

CITY PURCHASES \$4,100 CATERPILLER TRACTOR

WILL USE IT IN STREET WORK — IS A POWERFUL MACHINE

At its meeting last night the city council authorized the purchase of a big five-ton Holt caterpillar tractor to be used in street work. The tractor is to cost \$3,850 and \$250 guaranteed freight, making a total cost \$4,100. Mr. Hinkley, representative of the tractor company, was before the council.

The machine will be shipped right away. It is a powerful machine and capable of doing a great deal of road work in a small amount of time.

Combination Harvester-Threshers

Last week P. B. Barber of the firm of Jarvis & Barber, agents for tractors and heavy farm machinery, informed us that his firm had already sold twenty McCormick Combination Harvester and Thresher outfits to wheat farmers of the Plainview country. They expect to place a number of others in this section before the harvesting season begins.

Last summer E. Dowden used a combination outfit, and harvested, threshed and put his wheat in the granary at 5c a bushel, while the cost to farmers using the old-fashioned harvester and thresher separate ranged from 45c to 55c a bushel.

Messrs. Jarvis & Barber have data on many such records, as these combination outfits are used extensively in the big wheat sections of northwest. They say that two men can run an outfit. It heads the grain, and puts the straw back on the land, where it becomes a good fertilizer.

Messrs. Jarvis & Barber have 1,500 acres of wheat near Plainview, and they have ordered three outfits to harvest it.

40c a Bushel Above Market Price for Your Wheat If You Act at Once

The McCormick 12-ft. Combination Harvester and Thresher, equipped with a wagon loader and operated by two men will cut and thresh 35 acres a day. It will do this at a total cost of not to exceed \$1.80 per acre, which includes depreciation on machinery.

With This Machine You Will Be Able To

- 1st. Cut your labor to a minimum.
- 2nd. Do away with your twine bill.
- 3rd. Eliminate all shocking.
- 4th. Save all waste and expense of threshing.
- 5th. Put your straw back on the ground.
- 6th. Prepare your ground 30 or 40 days earlier for your next crop.
- 7th. Save from 30c to 45c per bushel on your wheat.

This machine is not an experiment as it has been in operation for ten years and is made and guaranteed by the International Harvester Company which has been making farm machinery for the last 88 years.

This machine was operated last year in Hale county by E. Dowden. His letter in regard to the work of this machine will be found elsewhere in this paper. The figures which he gives in his letter were the same as those turned into and allowed by the income tax collector, and included 25 per cent depreciation on his machinery.

This advertisement will not appear again and all orders for this machine must be in the factory not later than April 15th. SEE AT ONCE—

KRESS
 March 12.—The Farmers' State Bank, according to its published statement, has \$120,281.88 on deposit. Kress is having quite a few improvements at present. J. F. Moore & Co. are installing a Burrough's bookkeeping machine. They also

have put in some new lights. The ladies of the Methodist Missionary Society have bought lumber and are going to build a smoke house at the Methodist parsonage.

Chas. Webb, who has been visiting relatives in East Texas, returned home Tuesday.

W. D. Knight received a telegram from his brother, who lives in East Texas, stating that his brother was very ill with appendicitis. Mr. and Mrs. Knight left Tuesday for his bedside.

The Baptist Ladies' Aid Society met Tuesday afternoon at the home of Mrs. Vinson. The ladies present were: Mesdames Evans, Miles, Vaughn, Elam, DeLong, Reeves, Longmire, G. Davenport, Vinson and Miss Bertha Childress. The meeting was very interesting and all enjoyed being present very much.

Reports were made on what has been made up for the Baptist par-

sonage—there has been collected nearly \$50.00.

We also understand that the Methodist Ladies' Missionary Society met Tuesday afternoon at the home of Mrs. Davis. The ladies present were: Mesdames J. A. Hamilton, C. Sanders, T. J. Sanders, Caudle, Whitlow, Tracy, Meyer, Adkisson, DeBus, and the hosts, Rev. and Mrs. Davis. This meeting was also very interesting. Talks were made by Mrs. Caudle and Rev. Davis. Rev. Davis has made a request that all the ladies of all churches be present at the Methodist church next Tuesday afternoon, Mar. 16th. He is going to make a talk in the interest of the protracted meeting which is soon to begin.

Mr. and Mrs. W. R. Schihaegen are the proud parents of a fine boy, born Saturday, March 6th. At this writing both mother and babe are doing nicely.

Mrs. DeBus of Lockney, is visiting in the home of her granddaughter, Mrs. M. E. Degge.

The Kress Glee Club gave a box supper at the school auditorium last Friday night. There was a large crowd present, and the total that the boxes brought was \$172. The proceeds go to the interest of the school. There was splendid music and singing, which was enjoyed by everyone present. The "Kress String Band" delivered the music, and the members of the Glee club delivered the singing.

J. P. Linn was called Tuesday to Eastland, to attend the funeral of his brother-in-law, Oscar Morrison, who was sick for only a few days with the flu. Mr. Morrison is well known in Kress and everyone was very sorry to hear of his death. At this writing Mr. Linn has not returned home.

W. E. Morris of Eastland, was in Kress last week on business.

C. C. McGlasson was in Plainview the first of the week, having some dental work done.

Store Talk

Unlike many of the other prize fighters we can come back, even if it is just in the matter of these little chats with you. We enjoy them as we hope that you do, except that we are so busy that it is very hard for us to find time to write. We appreciate your reading them and hope that you may find them interesting.

You know the old mummies and the wise old doctors use to say that sick folks that lived till spring would generally get well or live until another winter. That meant that the change in temperatures and food would bring new life. Even well folks enjoy the change and begin to plan the garden early. We want to supply you with the necessary seed this year. They are the kind that "Get Up and Grow."

We haven't stopped buying cream at all, in fact we are buying more and more, and in fact again we are buying all that we can get and wishing that we could get more. Do you know that many folks more than pay their grocery bills with their cream checks. With such steady and good market as we afford you you can't afford not to milk cows and bring us the cream. You get your test right here in Plainview and your check is made out promptly.

Field seeds are peculiar things, like some folks they have to be acclimated and then to do their best they have to be cleaned and re-cleaned. But when you get the right kind and mix them with this fine soil, golden sunshine and pure water you can certainly expect the results. That's the kind that we offer you for your 1920 crops.

You do get tired of the same old thing to eat don't you?—and this time of the year it seems harder than ever to get just what you want. We really try to help vary your menus. Every time that a new product is offered in a can, in a box, or any other way, if it has merit, we stock it. That means that you will always find here an appealing assortment of good groceries.

In all our rush we don't fail to keep an eye on Cliff over at Gibb's Cash Grocery, for he is out after the scalp of the Plainview Produce Company, in the matter of sales and the old man can't afford to let the kid put one over on him. Now if you just can't stand it to trade at the Plainview Produce then help Cliff show us up.

There've been quite a few recent grocery changes in Plainview, but the old reliable keeps right on doing business on the north side of the square. In fact we believe that when we say to a man that we can take your eggs, his butter, his cream, his chickens, and lots of his other produce and give him top prices that he is glad to turn around and save a few dollars by buying his groceries from us.

Don't neglect Purina Feeds in the bill of fare of your breeding stock or your baby chicks. This is the time of year when you succeed or fail in the poultry business and the feed determines to a large extent which it will be. We have the several kinds of Purina Feeds.

If you like the way we do business come back to do more trading. If you don't like it please tell us for we are always trying to do better.

ANCHOR

March 15.—This community was blessed with a nice shower Thursday night of last week, which was fine on the wheat which is looking good.

The farmers are very busy hauling their grain to market, getting it off their hands, preparing to start another crop.

Mrs. S. E. Leckliter and daughter, Edith, with Mrs. W. W. White and Helen Walker motored to Plainview Saturday.

Mr. and Mrs. E. A. Shackelford gave a birthday party Wednesday night in honor of their daughter, Virgie, being her 17th birthday.

Mr. and Mrs. Frank Simonton were in Plainview Saturday on business.

Rev. Hooker of Hale Center filled his regular appointment at our school house Sunday. Quite a good crowd being present.

Glad to report little Edmon Shackelford, who was so badly burned on the school ground by setting fire to some grass in the fall, is now so he can walk and is again in school.

All the sick in our community are able to be up and going.

KRESS

March 12.—Miss Jewell Tracy of Oklahoma, who has been here for some time visiting her brother, Harry Tracy, returned to her home Sunday. Miss Tracy has many friends in Kress, who regret very much to see her leave.

Mr. Rindle and family of Johnson county, came to Kress Tuesday. They will make their future home here. Mrs. Rindle is a niece of J. F. Moore. We are glad to have Mr. Rindle and family among us.

Lee Houser of Amarillo, who is with the Burrill's Lumber Machine Co., was in Kress Monday in the interest of his company.

Jim Tracy of Oklahoma, is here visiting his brother.

Miss Claris Williams of near Auburn school, spent Saturday here, visiting her friend, Miss Ruth Meyer.

Miss Ruth Overly, who is teaching the Auburn school, spent Saturday and Sunday with home folks.

Miss Mabel Vaughn, who is teaching school east of here, spent Saturday and Sunday with home folks.

Mrs. Fina Moore and Miss Gladys Boney were shopping in Plainview Monday.

Templeton-Penry

Miss Minnie Lois Penry and Mr. M. F. Templeton were married in this city Saturday night. He is a farmer and lives on one of the syndicate farms east of town. She came from East Texas recently to visit Mr. Reed and family, relatives, who live west of Plainview.

Prof. J. E. Willis of Wayland college has bought the Biffle residence property in Seth Ward addition.

Dr. C. D. Wofford is in Dallas taking a post graduate course in dentistry.

New Suits, Dresses and Coats In a Delightful Collection of Styles

There's a charm about these new suits and coats, perhaps it is due to the fact that painstaking attention is given to every detail of tailoring. Perhaps it is the welcome newness each radiates—little differences that are as gladdening as Spring flowers, soft breeze and blue skies. At any rate it is interesting to see the number which are being chosen daily for

Delphian Club Studying Roman Literature

The Delphian club met with Miss Effie Murphy Saturday afternoon. The subject of discussion was "Roman Literature" and Miss Alma Armstrong was leader.

There were twenty members present.

The club will meet next on March 27 with Mrs. O. B. Jackson. The subject will be "The Age of Cicero," and "The Age of Augustus," under Roman Literature.

Mrs. E. M. Carter will be the leader, and her assistants will be Mrs. Ed Morehead, Misses Edith Duke and Alma Armstrong.

Miss Gertrude Overall and Mr. R. A. Siler Marry

Miss Gertrude Overall and Mr. R. A. Siler were married yesterday afternoon at 1 o'clock at the home of the bride's parents, Mr. and Mrs. J. L. Overall, in the northwest part of town, Rev. E. B. Atwood performing the ceremony. They left on the 2:15 train for Dallas, where they will make their home.

The bride is a well known young lady, having been raised in Plainview, and has many friends. The groom has until recently been connected with the Waller Tailoring Co.

Baptist Ladies' Circle, C. Plan New Church Building

The Baptist ladies of Circle C met yesterday afternoon. After the bible lesson a short business session was held, and it was voted to put their bond into a fund on a new church building.

Fourteen members and five visitors were present, and the collection for the afternoon was \$18.05. After the business session there was a very enjoyable social hour, and refreshments were served.

The next meeting will be April 12 with Mrs. Albert Allen.

Rehearsals Begin for Cantata "The Rose Maiden"

The rehearsals for the musicale cantata, "The Rose Maiden," were begun last night under the direction of Mrs. Arilla Peterson. A choral club of many members will give the recital in May.

There were thirty in attendance and all were enthusiastic over the beautiful choruses.

More voices are needed and Mrs. Peterson will be glad to have those come in who have true natural voices.

The club meets every Monday night in the northeast corner room of the Methodist church at 7 o'clock for rehearsals.

Parent-Teachers' Association

The Parent-Teachers' association will meet at the high school Friday at 2:30. There will be a program consisting of selections by the pupils of Miss Julia Clark and a lecture by Mrs. R. T. "ADS MUST KEEP BUSINESS HOURS," SAYS BASKIN

"There is no case on record of a merchant who has tried advertising, tried it right, and then quit."

This statement was made by Salem N. Baskin, advertising manager of the House of Kuppenheimer, at the recent convention of the West Virginia Retail Clothiers' Association.

"Many merchants have tried advertising and quit in disgust. They found that it did not pay. Such an experience may be likened to the experience of the anaemic young man who was counseled by his doctor to leave the city and inhale the invigorating crisp air of the mountains. The young man went to the mountains and, noticing no change in his condition after the first day, returned to the city, satisfied that he had given the doctor's suggestion a fair trial, and then he had failed."

"Advertising does not pay unless it is advertising in the fullest sense of the word."

"Do not think of your occasional advertising, disconnected, unrelated, as 100 per cent. advertising."

"Your advertising must function just as regularly and just as systematically as the opening and closing of your store, with as much attention to the details as you lavish on your windows."

"Do you think you could do much business if your windows were attractively displayed and made an appeal about one day out of seven or about one day every two weeks?"

"Do you think that your valuable window space, a reason for your high rent, could show a return commensurate with its cost if the windows were not used consistently and efficiently?"

"Do not play with advertising, and do not let advertising attack you for an expenditure at odd and uncertain intervals. Employ advertising as you would a salesman in your store, and keep it busy. Know what your advertising for the year will cost you, and know that far from saving, you are losing money when you conserve a dollar of that appropriation."—Amarillo News.

The spirit of progressiveness has crept into Abernathy. Keep your eye on Abernathy.

Now that the railroads have returned to private ownership the political target of the republicans has been greatly reduced. By the way! Have you noticed that all trains are now on time?

It is evident that considerable interest is being taken in affiliating our school with the University of Texas. One of our subscribers wrote an article last week in regard to the improvement of school matters, and already with one day's work, half of the amount required for improvement has been subscribed. This work is being done by the ladies. Women are so much more closely connected with the children that it appears that they should have a voice in the school government. It is the hope that two of the women citizens of Abernathy will be placed on the school board this year.

With the Sick

T. M. Brown underwent a serious operation in Lubbock last week. His condition is reported to be very grave. Miss Thelma Jones is doing nicely, and is expected home in a few days.

Herman Schulz and R. S. Crowl of Madison, Wis., arrived at Abernathy, Sunday. They will spend the week in this vicinity. Mr. Schulz and Mr. Crowl are interested in the South Plains Colonization Co. of this town.

Mr. and Mrs. C. C. Pearson of Lubbock visited their brother, Howard Pearson at Abernathy, Sunday.

Elbert Overton has gone to Holliday, to join Mr. Goodman, who has been there for some time looking after the Abernathy interests in the Iowa Park oil field.

Mrs. Herral, who has been ill for a number of weeks, has returned from the sanitarium at Lubbock, and will visit her daughter, who is in school at Abilene, for an indefinite period of time as soon as she is able to travel.

RAISING \$700 FOR SCHOOL LABORATORY AND LIBRARY

Community Club Will Equip School For More Efficient Work

The ladies of the Community club began their campaign for the raising of a fund to equip the school with laboratory and library so as to make affiliation possible.

The first day of the campaign netted \$450.00. The work will be continued through the week and until the full amount of \$700.00 is subscribed.

The people of the community are responding generously to this fund, and they should do so, as it means a great deal to our school.

Will Erect Brick School

P. L. Wimberley, secretary of the Lakeview school district, east of Abernathy, is having plans prepared for the erection of a nice brick two-story school building. The district some time ago voted \$10,000 in bonds to erect the building, but the plans under consideration indicate that an additional \$2,000 will be needed, and the people of the community say they will raise the additional amount, in order to have the building.

Advocates Better Dairy Cattle

The J. H. Vanderslice sale of grade dairy cows, held Monday, March 8th, was very satisfactory, and well attended.

Mr. Vanderslice is one of the advocates of developing this country from the dairy cow standpoint. With any assurance of interest and co-operation from the farmers of the community, he may become an importer of registered dairy stock.

Castles Purchases Caldwell Home

J. O. Castles has purchased the home of W. W. Caldwell on the north side of town, and will take possession the early part of the week. It is understood the Caldwells will go to some watering place for the benefit of Mrs. Caldwell's health.

Mr. Stone Erecting New Home

T. B. Stone, proprietor of the cotton gin, is erecting a new home just north of the gin.

Mr. Cloutier, who was called by the illness of his wife. Mr. Cloutier resides on Mrs. Shaw's place southeast of town.

Messrs. W. E. Bledsoe and S. R. Merrill have returned from the stock show at Fort Worth. They report a pleasant trip and a good show.

FULL SCHOLASTIC CENSUS COUNT MEANS MUCH

It is of the greatest importance that every child within the age limits of 7 to 17 years be enumerated in the state scholastic census, according to County Superintendent Charles Clements, who has sent out the supplies required to enable the school trustees of the various districts to make their reports for the number of children within their jurisdiction.

The reason for the emphasis placed on the need for a full count, according to Mr. Clements, is that the amount of state free school money prorated to each district is in proportion to the number reported in the school census. The count will be conducted throughout the county, and the whole month of March is allowed for its completion.

The ages of the children to be included, are determined thus: All children born on or before September 1, 1902, will be omitted from the census as being too old to come within the terms of the law on the subject, while all children born on or after September 1, 1913, are excluded from the count as being too young.

"The age of the child on September 1, 1920, operates throughout the session of 1920-21," declared Judge Clements yesterday. "You understand that students from 7 to 21 are allowed to go to school, but only those 7 to 17, inclusive, may be counted for the purpose of determining the amount of free school money to be received."

Tilson Will Speak at Lockney

Representative T. J. Tilson will speak at Lockney Saturday afternoon at 2 o'clock, in defense of the democratic administration. The people of that town and vicinity are urged to hear him, as his address will be interesting.

Bailey Reiterates Opposition

In a speech at Dallas Thursday night J. W. Bailey reiterated his charges against the democratic administration, and his opposition to prohibition, anman's suffrage and the League of Nations.

A H. S. Masquerade Party

The high school students participated in a masquerade party at the school building Friday evening. A good time was had by all who attended.

Will Elect New Officers

The Community club will meet Friday, March 19th, at the school house auditorium. Election of new officers is in order, and general re-organization for the new year.

Raisin Coffee Cake

3 cups flour, 5 tablespoonfuls sugar, 1 egg, 1 1/4 teaspoonful salt, 4 teaspoonfuls baking powder, 1-2 to 3-4 cupful milk, 3 tablespoonfuls shortening, 1-2 cupful chopped nuts. 1 cupful raisins.

Sift the dry ingredients together; add melted shortening, sugar and beaten egg; mix thoroughly and add to the dry ingredients; add milk sufficient to make a soft dough; roll out lightly about 1-2 inch thick; divide into two long strips of dough and twist together to form a ring; put into greased pan and sprinkle with a little sugar and nuts; allow to rise in pan fifteen minutes and bake in moderate oven twenty to twenty-five minutes. This is delicious served hot for breakfast or luncheon with honey or marmalade.

There was some discussion before Christmas in Abernathy of a primary nursing course under the direction of the Red Cross. A course of lectures and practical demonstrations in nursing, learning the first principles of hygiene and sanitation, and their relation to illness, the prevention of disease and illness—the care of the sick. Realizing the need of knowledge and caution, with the ever recurring epidemics of contagious diseases, especially among the school children, and for the last two winters, the so often fatal influenza. It seems that all this, merely proves that it is well worth the time spent on these courses. The physicians duty is to make us well when sick, but it is the wife's and mother's duty to keep us well. We can write to the county Red Cross headquarters for information, and if the women of Abernathy will become interested and get together, we can have a home nursing course I am sure.

**In the Women's Corner,
But to be Read by Men**

I wonder if the men realize just how hard a woman's work really is! These countless little tasks, and the countless little tasks, and the merchants in all parts of the country have been quick to realize the need and value of labor saving and time saving machinery. Electricity has revolutionized the labor situation in the home. With the many electric appliances now obtainable a housewife can reduce her kitchen drudgery to a half time proposition. While the initial expense is a little greater than ordinary household equipment don't think oh! Mr. Farmer that it is worth it? You supply your needs and wants but how about your wives and mothers? Won't you just think what it would mean to them to have household conveniences—don't you think that they deserve them? On farms and ranches where voltage cannot be procured from city powers, a small gas engine together with a dynamo large enough to generate a current of 110 volts can be installed quite cheaply. There are several manufacturers who put out a combination farm lighting system that can be installed at a minimum expense. These systems furnish the required power to successfully operate all standard appliances such as electric washing machines, irons and churns, as well as separators, small cooking devices that may be used right on the table. Don't wait for your wife's birthday or Christmas to come around. That is not what you do when you need a piece of machinery to help you with your work.

Jones for a Small Army

When the house last week had up the army bill, Congressman Marvin Jones of this district introduced an amendment to reduce the army to 205,000 men, but it failed. The bill for an army of 316,280 men and officers prevailed by a 3 to 1 vote.

HALE CENTER

March 15.—Miss Luia Crouch returned from Amarillo Monday where she had spent the week end with her sister.

Harvey McGuire came in from Anson Sunday night and has accepted a position with Goodlett & Cooley.

Ivy Moon is now a bonafide citizen of Hale Center, having moved his parents into the property he recently purchased from Mrs. Webb.

Mr. W. C. Sears and family have moved into the Harp property, recently vacated by W. C. Grigsby and family.

O. C. Sanders returned from Fort Worth Thursday. He reports the Fat Stock show as a grand success, but Fort Worth unable to take care of the visitors.

Sunday noon when Agent Marshall returned to the depot, he found some one had been trespassing. He called G. R. Scott and they soon found the culprits, two young men about eighteen years of age, who stated they were from Philadelphia. They had entered the depot through a window and had taken a gun, search light and a number of tickets. The young men were taken to Plainview and lodged in the county jail.

The Thomas Elmore Lucey entertainment drew a large crowd Saturday night and all were well pleased with the program. He gave a chalk talk and a splendid reading Sunday night also. We should have more entertainments of this character.

The Delphian club met with Mrs. O. C. Sanders Thursday afternoon. The following officers were elected: President, Mrs. O. C. Sanders; vice president, Mrs. W. L. Porter; secretary-treasurer, Mrs. J. F. Triplett. In honor of the new member, Mrs. J. F. Triplett, the hostess served light refreshments. The next meeting will be March 25th with Mrs. Silas Maggard.

The Needlework club had a very pleasant meeting at the home of Mrs. M. S. Hudson, southeast of town last Wednesday afternoon.

Mr. and Mrs. J. J. Roberts and son left Thursday night for an indefinite stay in Dallas.

The Dramatic club gave their play "For the ove of Johnny" again Friday night. The auditorium was packed with a very appreciative audience. The proceeds of the evening amounted to \$120.

Wheat Raisers

The McCormick 12-foot combination Harvester and Thresher is being offered for sale to farmers in Hale county. This machine worked successfully last year in Hale County as evidenced by the following letter from E. Dowden. Dowden's wheat averaged 22 bushels to the acre which made the difference in the two ways of handling the crop approximately 40 cents per bushel.

March 8, 1920.

International Harvester Co.
Amarillo, Texas.

Gentlemen:

As per your request of January 19, sent from your Chicago office, I can say that with my experience with your Harvester and Thresher machine last season, I favor the Harvester and Thresher, away above the usual method of handling our wheat crop.

Last season I had 420 acres of wheat of which I cut 120 acres with the McCormick 12-foot binder, pulling same with a 10-20 Titan. That field cost \$10.50 per acre. That included of course the cutting, tying and threshing by the independent crew. At \$.25 a bushel and using two of my regular monthly hands at \$50.00 a month and board made the total expense of this field as mentioned above, \$10.50 per acre.

The balance of the 300 acres I cut with your Harvester and Thresher, running two crews, two men each. Commencing at 3 a. m. and quitting at 2 a. m. they averaged 35 acres each day. I allowed the men \$7.50 per day, calculated their board, and figured the fuel and lubricating oil and keeping strict book accounts, I figured \$1.77 per acre, the wheat delivered in the bin.

I can further state that we were not tied up ten minutes at any time during the entire season and I am satisfied that the machine is ready to go back to work this harvest without a dollar's cost for repairs. I had careful mechanics a hold of the machine and splendid service from Jarvis and Barber, your agents in Plainview.

Afterward I sold the machine for the same dollars that I gave for it and have ordered another for the coming harvest.

Yours very truly,
E. DOWDEN.

In past years the farmers were able to order machinery 30 days before they needed it and the factories were reasonably sure of making deliveries. Last year there was a decided shortage and it is even worse now.

The International Harvester Co. dealers have asked for 10,000 combination Harvesters and Threshers. The McCormick and Deering factories were able to make 6,500 providing no labor troubles occur between now and wheat harvest. The Amarillo branch house has asked for 300 machines for this territory and they will be shipped when orders are turned in for that amount. In order that the branch house may secure competent service now for this section and that the factory may make shipment it is necessary that all orders be sent in at once. Twenty-two of these machines have already been sold in Hale County for this year. In order that you may not be delayed see Jarvis & Barber, salesmen for Donohoo-Ware Hardware Co.—Adv.

FOR SALE—Coronel Sewing Machine, in good running shape. Can be seen at H. B. Adams' residence, 613 Date Street.

I AM in a position to handle vendor's I. n. notes payable on or before.—C. K. Shelton.
