Volume No. 14

Plainview, Hale County, Texas, Friday, April 16, 1920

Number 97

FORTY-SEVEN IN GRADUATING CLASS PLAINVIEW HIGH SCHOOL

TWENTY-NINE GIRLS, EIGHTEEN BOYS—LARGEST CLASS EVER IN SCHOOL

Forty-seven are in the graduating class of Plainview high school this year—twenty-nine girls and eighteen boys. This is the largest class of graduates in the history of the public schools of this city.

Those in the class are Kenneth Stevens, J. Q. Vencil, Mary Bain, Margaret McCabe, Eunice Page, Beulah Shelton, Orla Beebe, Stewart Goodwin, Ivey Hart, Frank Helm, Lloyd Latham, Scott Simpson, Dial Shropshire, Chas. Rushing, Mabel Davis, Texas Garrett, Mildred Graves, Coleen Hatcher, Letha Johnson, Zora Johnson, Kathleen Smith, Bernard Speed, Margaret Scott, Sam Harlan, Frederick Blockson, Allison Chambers, Jubert Clements, Newton Daniels, Leon Duncanson, Ralph Hill, Fast Miller, Agnes Bier, Agnes Coleman, Lucy Craig, Ruth James, Ruth Lipscomb, Mary Loveless, Ione Long, Eleanor McGowan, Blanche Ross, Jewell Simpson, Lelia B. Slaton, Virginia Sharp and Moody Vines.

The officers of the class are Leon Duncan, president; Lelia B. Slaton, vice president; Bernard Speed, secretary-treasurer; Kenneth Stevens, historian; Ralph Hill, poet.

The motto of the class is, "We fly with our own wings." The class colors are blue and silver. The class flower is the sweet pea.

The class under the direction of Miss Lula Goode is rehearsing a play, entitled "Son John" to be presented at the close of school.

The school will close about May 16.

The senior examination will begin this week a month earlier than those of the rest of the school, in order to give the members of the class more time for the commencement affairs.

"The Plain View," the class annual year-book, will be published as usual. J. Q. Vencil is editor-in-chief and Fred Blockson manager for the annual.

Notice to the Public

I take this method of warning the public that the traffic laws of the City of Plainview are being violated every day, and have been for some time.

Not wishing to cause any one any trouble or expense, I wish to call the attention of the public to the main features of the traffic ordinance:

- 1st. Drive to the right.
- 2nd. Keep cut out closed.
- 3rd. Signal when turning corners or stopping.
- 4th. Don't park within 15 ft. of a fire plug.
- 5th. Don't exceed the speed limits, which are ten miles per hour in the business or built up portions of the city, and fifteen miles in the residence or thinly settled parts of the city.
- 6th. Don't cut corners, drive around the posts.

Beginning Monday, the 19th of this month, any person violating any of the above mentioned rules of traffic will be dealt with accordingly.

CHARLES WILSON,
City Marshal.

Bailey Adherent Speaking Here
A. T. Cole of Clarendon is speaking at the court house this afternoon in behalf of the Bailey faction. Mr. Cole is a brother-in-law to J. W. Boswell of this city.

Capt. Simpson of Amarillo, who was billed to speak here tomorrow afternoon in behalf of Bailey, will not fill the date.

Schools Take a Holiday, Attend District Meet

The Plainview public schools have recessed today so that the students and teachers can attend the district interscholastic meet in Lubbock today and tomorrow.

A very large number of people went to Lubbock this morning on the train, also quite a number went in cars. The base ball, basket ball and tennis teams, the other athletes and those who will take part in the games and declamation contests went.

Struck Good Oil Well
Flake and Marvin Garner and associates of this city last week struck a good oil well on their holdings near Santa Anna. The well is a pumper and is good for between fifty and seventy-five barrels a day. As the company owns six hundred acres of land on which the well is located, the stockholders think they will each make a fortune. About a dozen Plainview persons are in the association.

Happy Union School Wins County Banner

Happy Union school taught by Misses Fleda and Margaret Burt won the banner for being the best rural school in Hale county this year. This school won the banner last year, being taught by the same young ladies.

The school has made an especially good showing the past year. It has thirty-eight pupils, and five have been neither absent or tardy during the year. One month there was a perfect record of attendance, not a pupil having been absent or tardy. The average attendance was 91 per cent for the year. The record for reading library books was good, thirty-four pupils having read the required number of books to get the full course credits.

The department was almost perfect. The school received quite a goodly sum of money from the state rural school fund on account of its excellent record. The school has a modern brick building. The banner will be formally presented at a meeting at the school some time soon.

Ruth Neal, age 11 years, of the Happy Union school, won the gold medal for being the best pupil in the rural schools of the county. She made an excellent record, having been neither absent or tardy. She walked over a half mile to the school in all kinds of weather. She completed the high fifth and low and high sixth grades during the year, and also read eight library books.

The awards were made at a meeting of the county board of education held at the court house Saturday. The board is composed of A. S. J. Martin, of Petersburg, Dan F. Morgan of Plainview, R. L. Hooper of Halfway, J. H. Hooker of Hiale Center and W. B. Seaman of East Mound.

The fire department was called to the Shepard Motor Co. building yesterday morning to put out a blaze caused by some gasoline catching on fire. Little damage was done.

Tilson Will Answer Bailey Man
Capt. T. J. Tilson will deliver an address at the court house Saturday afternoon, in reply to A. T. Cole, who spoke here this afternoon in behalf of Bailey. Capt. Tilson says he is going after him in good shape.

CITY PURCHASES EXCAVATOR FOR STREET IMPROVEMENT

NEW CITY MAP ORDERED MADE—NEW OFFICERS SWORN IN

The city council held a special session Tuesday night, and canvassed the returns of the recent city election and declared the results. The newly elected officials were sworn into office.

The bonds of Geo. L. Saigling as tax collector and treasurer, and that of Chas. Wilson as city marshal, were examined and approved.

The city council authorized the street committee to buy, if it thought fit, an excavator machine to use in the street work. The committee has since purchased the machine at a cost of more than \$1,200.

Col. R. P. Smyth, surveyor, was ordered to make a new city map with the boundaries as at present, including all streets and alleys, also showing in different colors the water and sewer mains and laterals.

Trick & Co. were advanced \$4,650 on their sewer extension contract to prevent them any further inconvenience in waiting for returns on \$5,000 of warrants on which money has not been received.

The report of the committee which audited the books of the outgoing officers was approved.

H. G. Cooper and Chas. H. Gooch were elected as members of the city fire department.

COUNTY BUYS EXCAVATOR FOR USE ON THE ROADS

COSTS \$1,275 AND FREIGHT—H. L. SPROTT, COURT HOUSE JANITOR

The commissioners' court at its session this week bought a Russell excavator for use in the road work of the county. It is a size A, 1b-16, 18 foot carrier, with drive chain, weights 8,000 pounds, and costs f. o. b. Minneapolis, Minn., \$1,257.00 to be paid for 90 days from date of delivery.

A contract with the Gulf Refining Co. for lubricating oil and grease for the county road machinery was approved.

Ordered that Commissioner W. N. Claxton represent Hale county as delegate to the Bankhead highway convention in Hot Springs, Ark.

H. L. Sprott was employed as janitor of the court house at \$100 a month and Mrs. Spott as matron of the rest room at \$17.50 a month.

Ordered that Commissioner Sloner proceed to open up a public road on the west side of the railroad right-of-way to the county line towards Kress.

Visits of the Stork

Born to Mr. and Mrs. A. T. Matsler, 12 miles southeast of Plainview, April 12, girl.
I. M. Cruze, Petersburg, April 11, boy; named Odell.
J. L. Howard, Hale Center, April 8, boy; named Alfred Lee.
F. H. Springer, Hale Center, April 9, boy; named Frederic Howard.

Oklahoman Buys Beard Farm

W. F. Beard has sold his farm of 158 acre at Sunshine school, near the western line of Hale county, to a Mr. Haygood from Anadarko, Okla., who will occupy it with his family.

Mr. Beard does not know where he and his family will go.

Storm Kills Many Chickens

The storm Saturday night killed many chickens.
V. L. Formway informs us that he lost about \$100 worth of fine White Leghorns.

Lamar Team Defeats Central

Monday afternoon the Lamar fifth grade team defeated the Central fifth grade team in a game of base ball the score being 10 to 5. Another game will be played soon.

Patton Sells Boarding House

C. H. Patton has sold the Patton boarding house to Mrs. Bandy from Amarillo, and he will move to his farm near town. Mrs. Bandy used to live in Plainview and is well known here.

Editor Buys Quarter-Section

The editor of the News has bought a quarter-section of land four miles south of Hale Center from E. Q. Perry. He expects to break out the land soon, summer fallow it and plant it in wheat next fall.

CHILD BURNED TO DEATH NEAR ELLEN MONDAY

ILA CLARK'S DRESS CAUGHT AFIRE WHILE POPPING CORN AT HOME

Ila, age 3 1-2 years, daughter of Mr. and Mrs. L. W. Clark, who live on the Callahan lands near Ellen, was seriously burned early Monday morning, and she died seven hours later.

She was one of the Clark triplets, and she and the other two children were popping some corn in the kitchen. Mrs. Clark stepped out in the yard to feed the chickens and in four or five minutes the three children ran out on the gallery, Ila's dress being a solid blaze. Mrs. Clark tried to put out the blaze, but she was too late, as every part of the clothing except the shoes and stockings were burned off of her, and she was terribly burned from her lower limbs to her face.

The children, it seems, had taken the popcorn into another room and had tried to pop it on the heating stove, and in some way the child's dress caught.

The funeral and interment took place at Lockney cemetery Wednesday.

The Prayer of a Man

Teach me that sixty minutes make an hour, sixteen ounces one pound, and one hundred cents a dollar. Help me to live so that I can lie down at night with clear conscience, without a gun under my pillow, and unharmed by the faces of those whom I have brought pain.

Grant that I may earn my meal ticket on the square, and that in earning it I may not stick the gaff where it does not belong.

Deafen me to the jingle of tainted money and the rustle of unholy skirts. Blind me to the faults of the other fellows, but reveal to me mine own.

Guide me so that each night when I look across the dinner table at my wife, who has been a blessing to me, I will have nothing to conceal. Keep me young enough to laugh with my children.

And when come the smell of flowers and the tread of soft steps, and the crunching of wheels out in front, make the ceremony short and the epitaph simple: "Here lies a Man."

Interesting Industrial Art Display

A very interesting industrial art display of the work of the pupils of the fifth, sixth and seventh grades of the Lamar school is being exhibited in a show window at the Plainview Mercantile Co., and indicates the training and aptness of these pupils. Miss Melba Wiley is the teacher.

Jazz Band Concert and Dance

The Elks lodge has secured the Deen River Jazz Revue of New Orleans to give a concert and dance at the lodge hall Monday night. The dance will follow a brief concert.

IN CASE OF FIRE

To the People of Plainview:

1. You are to remember the Telephone Company will not do your talking. They make the connection only.
2. First learn the name of your street and the number of your house.
3. Report fire to operator; she will give you Fire Station; stay on line and talk to us, don't leave phone and expect the operator to do the rest, because she is not allowed to do so, as it is against rules of the telephone company. Hold to the phone; you will save time and money.
4. When you have a fire, close all doors and windows allow on one to enter because by so doing you are fanning the fire, which is all it takes to burn you up in a hurry. Call us the first thing, as we can use chemicals and avoid damage to your furniture and household goods with water.
5. Do not try to combat fire yourself; that is what we are paid for and the first five or ten minutes is the time to avoid a grave disaster. Our Number is 24 or Fire Station.
6. This is to impress on you the sooner you get connection with us the sooner we can come to your rescue.

Kindly remember these remarks as they are useful in time of need.

F. J. COUSINEAU,
Chief Fire Dept.

Benefit Game Resulted in Tie

The game of base ball played between the Elks and high school teams Tuesday afternoon, for the benefit of the high school piano fund, resulted in a tie, each team getting 7 scores.

The game was witnessed by a good-sized crowd and was very interesting. It was over the full nine innings and continued to dark. A goodly sum of money was realized.

Attend Meeting City Hall Next Tuesday Night

Every business man in town is urged to attend the meeting to be held at the city hall Tuesday night to arrange for the trade excursion to visit the towns of the Plains the 17th and 18th of May. A committee was out yesterday inviting every firm to have representative present.

CHURCH NEWS

Attended Presbyterian Dedication

Mr. and Mrs. L. F. Cobb, Mr. and Mrs. W. E. Risser and Col. R. P. Smyth attended the dedication of the Presbyterian church in Hale Center Tuesday night. It was a very successful affair. There was a supper in the basement of the church, and Mr. Cobb says it was the best ever.

H. V. Tull attended the Presbytery at Hale Center as a delegate from the local church.

A Get-Together Meeting and Get-Acquainted Social

The Bible Study class of the Methodist church will give a get-together and get-acquainted social Wednesday, April 21, at 2:30 at the church. Honors will be conferred upon the circle having the greatest number of their members present. Every member either of the auxiliary or circle is urged to be present. Failure to respond to this urgent call will mean defeat to their circle.

Epworth League Program

Sunday, April 18, at 5:15 o'clock. Subject "The Source of True Courage." Scripture reference Luke 12:4; Deut. 20:1-4; Esther 4:13-17. Discussion by leader, Miss Beulah May Henderson.

Christian Heroes:

Svetch of Daniel's Life—Nick Jordan.

Gideon as a Leader—Jack Morton.

Special Music. Come and bring some one with you. Do something worth while, for he moments are passing by.

Methodist Church

Sunday school at 9:45. Preaching at 11 a. m. and 7:30 p. m.

Baptist Church

A very profitable and enthusiastic session was had. We want every pupil and every officer and teacher in his place next Sunday at 9:45 a. m. The pastor preached to a full house at the morning hour and to a real good congregation at night, considering the blizzard. The music was exceptionally good at both services. The pastor will deliver messages of vital importance next Sunday, both morning and night, and capacity congregations are expected. Special music will be provided and a hearty welcome awaits all who come.
Harlan J. Matthews, Pastor.

Lowest Price for Liberty Bonds

The price of Liberty bonds this week dropped on the New York market to a new low price. The seconds were 87.88; thirds, 91.60; fourths, 88.06.

Joe Patterson Returns Home

Joe Patterson, who accidentally shot himself at Hale Center a couple of months ago, has recovered sufficiently and has left the sanitarium here for his home in Hermleigh.

Take Chevrolet Agency

Messrs. Hart & Blair of the Oakland Sales Agency have taken the agency for the Chevrolet cars and trucks. A number of sales of these popular cars have been made the past few days.

Mr. and Mrs. Cliff McClain went to Lubbock this morning to attend the interscholastic district meet.

Mrs. M. J. Meisenheimer and children left this morning for Hiawatha, Kans., to visit a sick relative.

HALE COUNTY REALTY IS THE BEST INVESTMENT

LIVELY DEMAND FOR RURAL PROPERTY—VALUES INCREASING RAPIDLY

There is much activity in farms and ranches in Hale county these days. Many deals are being made, as shown by the transfers made through the county clerk's office. The deeds indicate a very healthy increase in land values, also.

Many of those buying Hale county lands are from other sections, who are buying for the purpose of making their homes.

Hale county lands are giltedged properties, and if bought at a fair price can be depended upon to make good money as pure investments, for the prices are continually going up. Bought for actual homes, they represent the highest type of property, for the land is fertile, lays smooth, is susceptible to intensive cultivation and shade trees, orchards, shrubbery and flowers are easily grown, an abundance of water available, schools, churches and markets near by. There is no better section in the whole nation to make a home than in Hale county. The citizenship is the very best; society is of the highest type.

Among recent realty transfers the records show the following:

C. F. Tinger and wife to Nick Alley, section 3, block A1, east 320 acres. Consideration, \$15,675.28.

D. A. Ward to Claude Power, east one-half and northwest one-fourth of Section 10 block A1. Consideration, \$26,100.

Albert Ferguson and wife to S. J. Young, Section 35, block R, 320 acres. Consideration \$10,500.

Alfred A. Hewitt to J. H. Butler and W. A. Anthony, section 35, block A4, Southwest 160 acres. Consideration \$6,400.

F. M. McCarroll et al to F. H. Cash, section 35, block JK2, 20 acres. Consideration \$4,500.

J. W. Heard and wife to R. E. Wilson, section 15, block R, northeast 160 acres. Consideration \$5,600.

J. W. Surratt and wife to C. O. Surratt, Section 36, block O, southeast 60 acres. Consideration \$2,500.

C. O. Surratt and wife to Geo. H. Cranfield, section 36, block O, east 320 acres. Consideration \$8,852.

J. D. Webb to J. L. Firth, section 1, block C2, southwest 160 acres. Consideration \$4,500.

W. H. Kammerer and wife to C. H. Williams, section 73, block 84, 80 acres. Consideration \$3,000.

B. L. Ray and wife to J. M. Burkett, section 30, block D6, 122.7 acres. Consideration \$10,429.50.

S. G. Kays and wife to M. E. Stovell, 11 acres in P. F. Bryan Homestead survey. Consideration \$5,000.

John Conner to F. G. Eands, section 1, block A2, south 520 acres. Consideration \$25,000.

John M. Lemons to David H. Berry, section 4, block 02, SW 160 acres. \$1 and other considerations.

J. J. Roberts et al to J. H. Hohlaus, et al, lots 5, 6, 7 and 13 and 14, block 29, Hale Center, \$12,000.

L. F. Patrick and wife to J. S. Wels, northwest 160 acres of W. F. Addison survey in the southwest corner of the county. \$3,850.

Tilia Misesz to R. E. Riggs, section 8, block A4, 120 acres. Consideration \$4,800.

R. C. Scroggins and wife to B. L. Hay, lots 1 and 2, block 91, Alexander and Westmoreland addition, Plainview. Consideration, \$1,500.

A. M. Hickman to Paul Bryan, lot 1, block 20, Plainview. Consideration, 225.00.

W. M. Lawrence and wife to E. E. Weiss, lots 13 and 14, block 35, College hill addition, Plainview. Consideration \$1,000.

J. A. Choate and wife to Methodist church at Petersburg, north one-half of block 14, Ed. M. White Addition, Petersburg. Consideration \$1,500.

B. T. Hatchell and wife to Mrs. Clara B. Reed, lot 12, block 44, Plainview. Consideration \$300.

Chas. Becker and wife to E. H. Horton, lots 1, 2, and 3, block 96, Hale Center. Consideration \$1,250.

P. J. Woolridge to Plainview Gin Co, lots 2 to 12 inclusive, block 3, Nob Hill addition, Plainview. Consideration \$2,000.

R. H. Mitchell and wife to W. K. Harp, lot 9, block 1, Highland Addition, Plainview. Consideration \$1,250.

C. L. Glenn and wife to L. A. Blair, block 10 and 11, Boswell heights addition, Plainview, \$7,250.

Hale county is beginning to need rain. But it will come in time.

Bailey declares he is "in the fight to the finish." Well, he'll get finished, alrighty.

Hale county has no oil derricks, but in few weeks it will be dotted with hundreds of large new haystacks.

A substitute alcohol has been found for gasoline, but the joy-rider needn't rejoice, for the supply will soon be cornered and the price put up as high as gas.

The labor unions by their frequent strikes are proving themselves to be the very best friends of the profiteers and of old man H. C. L.

Cone Johnson says he has never been interested in the question of Bailey's eligibility for governor of Texas, but "there is no question of his eligibility for defeat."

One Bailey man said to another Bailey man on the corner of the square yesterday "walk over to the house with me and we will have a drink." "Walk!" said the other "Let's run."

It is enough to disgust an old-fashioned Southern democrat to hear the great hugh and cry Connecticut, Vermont and Rhode Island are making against "invasion of state's rights", when soldiers from those states in 1861-65 helped shoot state's rights out of Southern states. Take a fellow's liquor away from him and he sees "red".

In Missouri the democratic district conventions are passing resolutions endorsing the Wilson administration and electing delegates to the national convention in accord therewith with Senator Reed is losing out everywhere. He is leading a revolt against the democratic administration along the lines Bailey is in Texas. Missouri is repudiating Reed, just as Texas will repudiate Bailey. It is written in the sky; Texas democrats are loyal to the party and to the nation.

PROTECT THE PEOPLE

More than fifty thousand railroad switchmen and others have broken loose from their unions and are taking part in a strike, the reason for which few of them seem to know.

They have thrown several hundred thousand other workmen into idleness, as many big packeries and manufacturing plants have been forced to close down on account of the railroad tie-up. Perishable freight in large quantities is spoiling.

The leaders in this strike pride themselves on their ability to completely tie-up the food supply in Chicago and other large cities, and cause hunger and suffering among the people.

In these affected cities the price of food and fuel has advanced skyhigh, and the union laborers and poorer people are at the mercy of the profiteers.

The strike seems to be led by the more radical element, and is for political reasons more than for higher wages, etc.

How long is this country going to continue to permit strikes? How long is congress going to continue to allow strikers to bring discomfort and starvation to the innocent public?

Strikes of great bodies of men engaged in industrial or public utility trades should be absolutely prohibited by law. The people should be protected from strikes. Strikes should be outlawed, and those who take the lead or part in strikes should be punished under the unlawful conspiracy laws.

Capital and labor should be forced to arbitrate their differences before a high tribunal of the people, where

judgments should be binding upon both parties, and which should protect the public in its decisions as well as give justice to capital and labor.

SUNDAY BASE BALL

It is rumored a move will be made this summer to play games of base ball in Plainview on Sundays.

The News wishes it understood that it will oppose Sunday base ball games.

Plainview is a church town. Plainview is a school town. Plainview is a moral and religious community.

Sunday base ball does not fit in with churches, schools or the proper observance of the Lord's Day.

A huge gathering of rollicky people around a base ball diamond on Sunday afternoon; the screaming of the players, and the loud hullabaloo of the fans, is not in keeping with the Holy Sabbath.

Sunday base ball games are an insidious challenge of Christianity by the Devil, and a direct insult to every member of the church in the town.

We don't want to force people to go to church, but we do insist that the Lord's Day be respected.

Baseball is a good game and for week days it is alright, and should be encouraged.

We appeal to those who want Sunday base ball to not precipitate a fight on the subject. If such a fight is brought on there can be but one result—the church people will win out, just as they always do. Such a fight would only cause hard feelings on the part of some people. So why not let the matter drop and thus not stir up a lot of local trouble?

JOE'S PATRIOTISM QUESTIONED

Joe Bailey said in a speech in El Paso last week "I belong to that number who believe that we ought not to have entered this war, but when we entered it, I kept my peace, I shut my mouth. But now the war is over and I feel that I can give utterance to those sentiments which were swelling in my heart in those days."

Why did not Bailey do as real Americans who at first opposed this country getting into the war, did after it did get into it? They made patriotic speeches, bought liberty bonds, contributed to the Red Cross, and other war activities, and did everything in their power to help win the war.

There is no record of Bailey ever having bought a liberty bond, contributed to the Red Cross, Salvation Army or Y. M. C. A., or having made a single patriotic speech during the entire war. Every time he said anything it was carping criticism.

Constructive criticism is good, but carping criticism does nothing but tear down, and offers nothing good.

The Bailey campaign is nothing but a long grouch, and does not offer a single constructive idea.

You bet this is a fine town. But how often do you tell others so?

Statistics show that the cost to the United States in the war with Spain was \$21.65 per man per day, while in the war with Germany it was \$9.40.

Despite the high price of building material and labor, the sound of the trowel and the saw is continually heard in Plainview. The town continues to build. There is a steady and substantial growth. That is the kind of growth that counts.

All democrats, both men and women, should begin to get ready to attend the presidential precinct primaries to be held in every voting precinct in Hale county, Saturday, May 1st, at 2 p. m.

"It's all over but the shouting." The democratic convention in North Carolina last week endorsed woman's suffrage, and the legislature will be called into special session and ratify the amendment, thus a Southern democratic state will be the thirty-sixth and necessary state to put the amendment into operation. Carry the news to Joe, Bob, Jim and the liquor bunch.

They say that Alf-alfa Tea is the stuff, that it is the only thing ever discovered that will reduce for the moment the high-cost of living.—Beacon

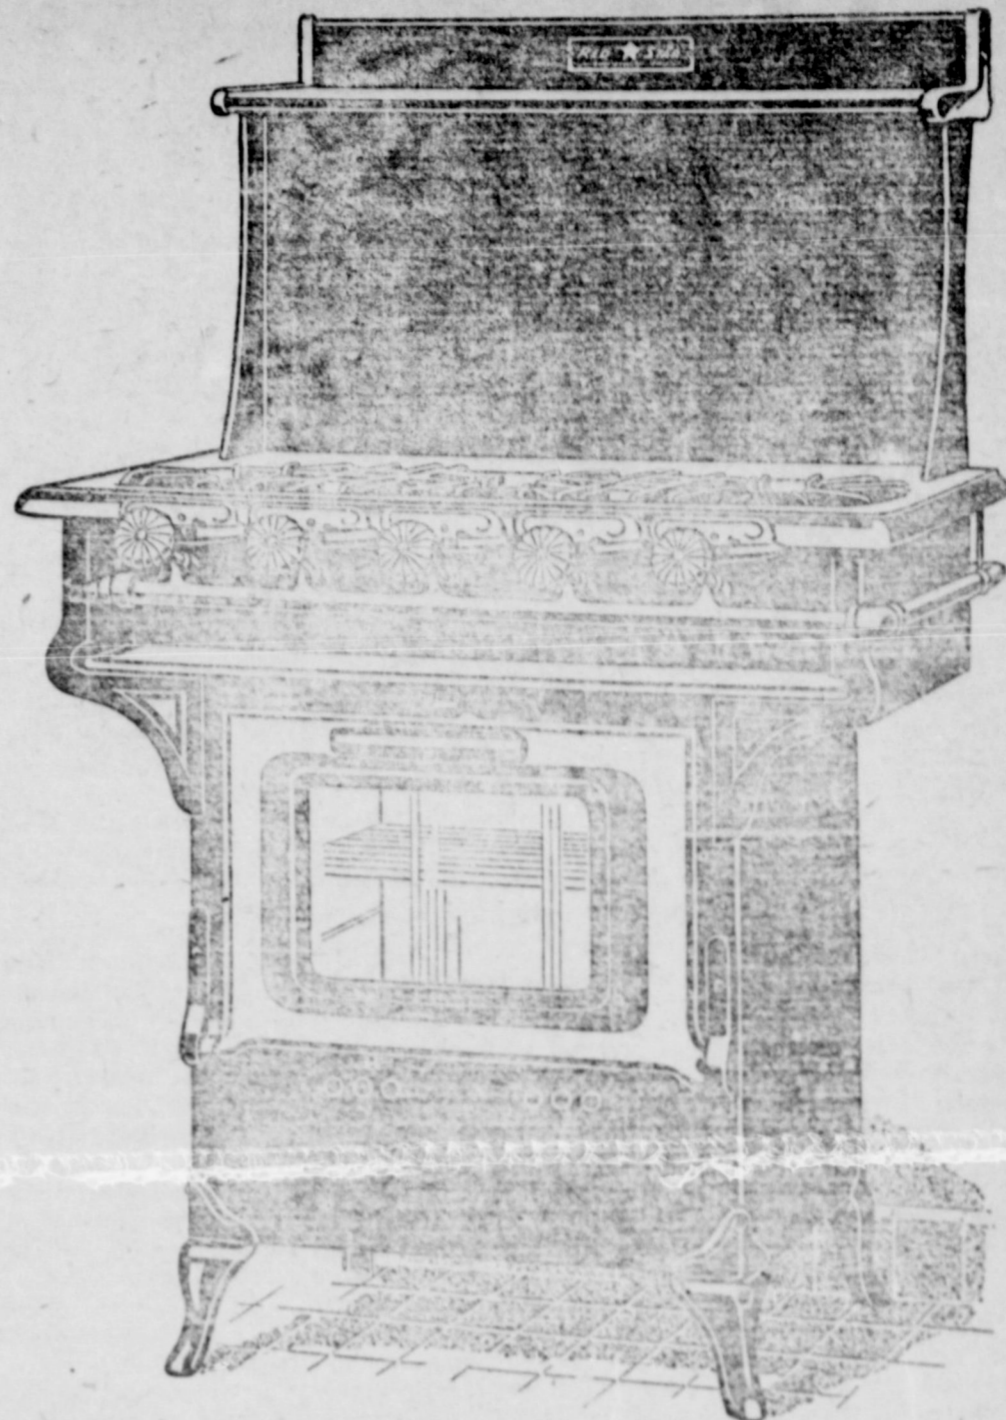

That's the time! A person full to the gills of Alf-alfa Tea don't care whether there is high cost of living or low cost of living, for he is happy, satisfied, at peace with mankind and loves everybody. A beverage that puts a person in such an exalted frame of mind, with no bad aftermath is a boon to the world, you'll have to agree. Every editor at the Panhandle Press meeting in Amarillo next week will be convinced that all we have claimed for Alf-alfa is true, and then some.

Senator LaFollette, who was so brutally persecuted during the war because of some of his speeches, has

(Continued on Page 7)

RED STAR VAPOR OIL STOVE

Works Like Gas

Is the most modern oil stove made. It produces a heat equal to a gas burner. It gives the best service, is economical, sanitary, simple to operate, its oven bakes perfectly, and the Red Star is made to last many years' hard usage. It roasts, bakes and fries—for its heat is easily regulated. The Red Star is handsome in design, and made in a number of sizes and styles. Burns kerosene, gasoline or distillate.

A BANKRUPT

May be such from choice, but in most instances he is a victim of circumstance. It is true in most instances that NEGLECT, caused him to be THE VICTIM OF CIRCUMSTANCE and it is also true THAT EVERY MAN IS THE MAKER OF HIS OWN DESTINY. There is a time in every man's life WHICH IF TAKEN AT THE HIGH TIME, leads to SUCCESS.

NOW is the time to insure that wheat crop and protect all the expense and labor which have gone into it. Will you neglect, as the man referred to above, or will you act now and insure? Decision put into action in small things has been the stepping stones to success by all who have achieved much.

INSURANCE in all its branches: FIRE, LIGHTNING, TORNADO, HAIL and LIFE. May we serve you.

PERRY & CRAM Real Estate

When considering the question of buying a farm, consider where values have gone all over the central states. In Iowa, Illinois, Ohio, Indiana, values have shot up to \$300 to \$600 per acre. Those farms will not bring in production a dollar more per acre than our best farms, provided the same intelligent work, and the same energy is applied to our farms. We have as good markets, as good educational facilities, as good churches, a better citizenship and a far better climate. You must reach the conclusion that it is only a matter of time until our lands will be worth as much as those of the central states. Values have never receded in Hale county, no matter what the conditions, but have steadily advanced. Our wheat crop is practically assured. The farmers who have sold out at the big prices in the central states, and hundreds from the oil fields will be coming in here this summer to buy lands. If you expect to buy, get busy and get what you want soon.

Below we give a few samples of lands and homes that we have for sale. If you do not find in this list what appeals to you, get in touch with us and tell us what you want. We can supply you if any one can.

Farms and Ranches

- For \$25.00 Per Acre**
320 acres, unimproved, choice land, southwest of Plainview.
- For \$42.50 Per Acre**
160 acres in Whitfield neighborhood. 3 room house; 100 ft. of sheds; 1500 bushel granary; 100 acres in wheat.
- For \$85.00 Per Acre**
320 acre farm, no lakes, a perfect half-section, 280 acres in cultivation, 160 acres fine wheat, 38 acres fine oats, balance already listed and ready for planting. All well fenced, 5 room house, barn, sheds, etc. ALL CROPS AND IMMEDIATE POSSESSION. About \$16,000 cash, balance time.
- For \$47.00 Per Acre**
640 acres, east of Kress, 320 in cultivation, 320 in wheat and oats; 4 room house, 6 acres, for 7500 bushels of grain, barn, chicken house, etc; 3 or 4 acres of lake. Farm rented, get 1-3.
- For \$25.00 Per Acre**
A 5,000 acre ranch, one of the best improved in all West Texas. About 15,000 acres leased land goes with ranch. Nothing better. Unimproved lands near selling at \$30 to \$35 per acre.
- For \$26.50 Per Acre**
160 acres, 10 miles northwest of Hale Center. A perfect quarter. SNAP.
- For \$65.00 Per Acre**
160 acres, 1-2 miles from Hale Center, good 4 room house, shed, stables. Nearly all in cultivation. Mostly in wheat. Farm rented. Reasonable terms.
- For \$85.00 per Acre**
320 acres, 1 mile from town, 280 in cultivation, 230 in wheat. No lakes. 9 room house, large barn, stock sheds and machine sheds. Farm all fenced and cross fenced with woven wire. IMMEDIATE POSSESSION AND ALL CROPS. This is a peach.

City Property

ANNOUNCEMENT

We have purchased the Post Office Garage across the street from the Post Office, and will continue the business under the same name and at the same stand.

We will continue to do Maxwell service repair work and will carry a full line of Maxwell parts and supplies. We will do work on any and all makes of cars.

We will also push the Portage Tires and tubes because we believe them to be as good as any thing offered on the market.

Mr. Tom Lipscomb will remain with us as one of our mechanics and with his assistance we will soon be acquainted with local Maxwell cars and their owners. We wish to be of real service to you and invite your visit and your patronage.

We appreciate the patronage given Mr. Roy Lipscomb, former owner, and will make every effort to serve you as well as he has, and in addition will try to always improve the service.

We guarantee our work and service.

Post Office Garage

Asher & McKee, Props.

Back With You Again

The sale of my grocery store did not go through and I am back at the old stand doing business as formerly, and ask all my old friends and customers to remember me with their grocery business. I have a complete line of groceries, and I give the best of service.

L. J. Warren Grocery Co.

Planting Cotton Seed

We have arranged for a large quantity of acclimated Mabine and Barnett's planting seed—the best variety for this country—which will sell at reasonable price.

A most successful Floyd county cotton raiser says:

"Bed your land only once, plant shallow a bushel per acre, plow shallow and often.

There will be a big demand. Fill your requirements early. We will appreciate your orders.

Plainview Grain Company

"HOME OF MY OWN" IS EVERYONE'S WISH

O. S. Marden Tells How the Natural Desire of Men May Be Realized

Most of us have thought of that subject at one time or another. Much has been written about it in these columns, and elsewhere, but whenever we see that phrase it arrests our attention. In his most interesting book on "Thrift", Mr. O. S. Marden has devoted a whole chapter to this vital subject gleaned the following:

"In the heart of the average young person lies the desire to possess a home of his own. Unfortunately, most people fail to see the obstacle that lies in the way of their achieving this worthy desire. 'A home of my own!' Around this cluster many sweet dreams of fireside joys, but we start wrong in our quest.

"With small salaries and limited incomes, how often young men spend extravagantly in their courtship days. In their youthful ardor they send the object of their devotion expensive bouquets, costly flowers in winter, and hire automobiles for theater and opera when lower-priced vehicles would answer. All these things keep back the young man who wants to establish a home of his own. He is not starting right. It gives a wrong impression to his future wife.

"The temptations to spend on every hand are so alluring that it is very difficult for a young man of ordinary self-control to resist them and save his money. It is very easy, especially in a large city, with all its allurements to spend one's loose change for dinners at expensive restaurants and hotels, and all sorts of indulgences. These are the things that go far to prevent the accumulation of that first thousand dollars which is so important in the foundation for all one's future success and happiness.

"If you really want to make your dreams come true you will enter into a compact with yourself to save a certain amount every week out of your salary. It is a great thing always to have some object in view.

"Is there anything more pathetic than to see so many men and women who have reached middle life or later with no home or money, nothing saved for a rainy day, not only without prospects, but many of them without occupation? Parents are often to blame for much of this unfortunate condition, because they did not early inculcate into their children the principles of economy, did not establish in their early careers the habit of thrift.

"I know of no other habit quite like that of the early formed habit of thrift not the stingy, squeezing, holding-on habit, but the habit of wise administration of your money and your domestic affairs. A provident wife can establish such a system of household thrift that, combined with her husband's efforts, the family budget will take on remarkably large proportions and, within a short time, the possessions of a home of their own may become an established fact.

"In criticism of our American housewives it has been said over and over again that a French housewife would feed a family on what an average family throws away. Years ago a great economist, Edward Atkinson, said that in the United States the waste from bad cooking alone was over a thousand million dollars a year. Our wastefulness and extravagance have gone on increasing in every direction. Never before in history of the world has the subject of economy and the necessity for thrift been so universally emphasized as today. Never before in this country has the word economy been so persistently dinned into our ears through the press, through poster, through the pulpit, through pamphlets, through lectures in every possible way."

on the 6th April 1920 to \$54,354.22. The said Trust Property may be inspected in the office of the trustee at any time prior to the date of the sale.

Terms and Conditions of the Sale. No bid will be received from any bidder who shall not have deposited with the trustee the sum of \$1,000 in cash or a certified check on a national bank or trust company acceptable to the trustee as a pledge that he will make good his bid in case of acceptance. In case any bidder shall fail to make good his bid or shall fail to comply with the terms of sale, then, at the option of the trustee, the deposit made by such bidder shall be applied toward the payment of the expense of and resale and the making good of any deficiency or loss in case such property shall subsequently be sold at a price less than that bid at the prior sale, the trustee reserving all legal rights against such bidder. The deposits of unsuccessful bidders will be returned to them when the property has been struck down. Upon acceptance of any bid the deposit of the bidder shall be applied toward the purchase price.

The holders of the said notes or any of them or the trustee on behalf of all the noteholders shall have the right to purchase the said trust property upon equal terms with other persons and the purchaser shall be entitled to be allowed as paid in or towards satisfaction of the purchase money such sums as shall be

52¢

How would YOU like a raise like this?

FIRST NATIONAL BANK
Pay to the order of Rev. N.E. Pastor
Only Fifty Two Cents
Each Church Member

—and for 34 Years Work

THAT is the kind of increase in salary the minister has received. His living expenses have risen just as fast and as far as yours.

But he is paid on the average just 52 cents more per church member than he was paid 34 years ago.

The Minister Never Fails You

Every officer of the Government with a war message to deliver appealed to the ministers first of all.

But 80% of the ministers receive less income than government economists figure as a minimum for the support of an average family.

When hospitals need money they enlist the support of the ministers—and receive it.

But when sickness visits the minister or the members of his family they must be treated in a charity ward. His pay is less than a day laborer's.

8 out of every 10 ministers receive less than \$20 a week—about half the pay of a mechanic.

We Pay Him Half the Wages of a Mechanic

And of these pitifully inadequate salaries, how much do you contribute? Nothing if you are outside the church; an average of less than 3c a day if you are a church member.

All of us share in the benefits of Christian ministers to the community. They marry us; bury us; baptize our children; visit us when we are sick. In their hands is the spiritual training of the youth.

We Are All Profiteers at Their Expense

Part of the Interchurch World program is this—a living wage for every minister of Jesus Christ; an efficient plant, and a chance to do a big man's job.

If you want better preachers, help to pay the preachers better. It's the best investment for your community—and for your children—that you can ever make.

INTERCHURCH WORLD MOVEMENT

HANDS, ARMS, LIMBS ASLEEP

And Was Run-Down, Weak and Nervous, Says Florida Lady. Five Bottles of Cardui Made Her Well.

Kathleen, Fla.—Mrs. Dallas Price, of this place, says: "After the birth of my last child... I got very much run-down and weakened, so much that I could hardly do anything at all. I was so awfully nervous that I could scarcely endure the least noise. My condition was getting worse all the time... I knew I must have some relief or I would soon be in the bed and in a serious condition for I felt so badly and was so nervous and weak I could hardly live. My husband asked Dr. Doan's Kidney Pills and began using them. In a short time I was relieved of the pain and my kidneys began acting regularly. I haven't used any medicine since as the cure Doan's gave me has been permanent."

You can feel safe in giving Cardui a thorough trial for your troubles. It is a safe, no harmful or habit-forming drug. It is composed of mild, vegetable and medicinal ingredients with no harmful effects. Thousands of women have testified, particularly written, telling of the relief Cardui has done them. It will help you, too. Try it.

"DIAMOND DYE" OLD GARMENTS LIKE NEW

Woman can dye faded, shabby woolen apparel, whether wool, silk, cotton or mixed goods to any color, new, by following simple directions on each package of "Diamond Dyes."

near Westside has a very productive Duroc-Jersey cow. Saturday she gave birth to a litter of fourteen pigs.

THAT MORNING LAMENESS

If you are lame every morning, and suffer urinary ills, there must be a cause. Often it's weak kidneys. To strengthen the weakened kidneys and avert more serious troubles, use Doan's Kidney Pills. You can rely on Plainview testimony.

E. J. Smith, farmer, Plainview, says: "Some years ago I was troubled with my back and kidneys and had to use a kidney remedy. My back was sore and lame and ached a good bit of the time. It seemed to bother me mostly when I stooped over. Sharp pains would shoot through my back and up through my shoulders. Mornings when I first got up my back was so sore and lame I could hardly straighten up. I also suffered from dizzy spells. My kidneys were weak and irregular in action and I had to get up often at night. I heard about Doan's Kidney Pills and began using them. In a short time I was relieved of the pain and my kidneys began acting regularly. I haven't used any medicine since as the cure Doan's gave me has been permanent."

SCOTT & BOWNE MAKERS OF SCOTT'S EMULSION

SEE NO MORAL LAW

Prussians Naturally Cruel—Civilization Has Bad Effect.

Code Provides That Success Justifies Any Means the State Would Choose to Employ.

Goethe said, "The Prussian is by nature cruel; civilization will make him ferocious." Goethe was prophetic—civilization, as far as it can affect the Prussian, has made him ferocious, and conceit has rendered him invulnerable to reform, writes Augustus Thomas of the Vigilantes. Through scores of years congenital megalomania has been craftily fed and augmented by official and philosophical and literary and religious reiteration of German greatness until the idea has become national hypnosis.

This treatment has left the Pan-German imagination with only a captive flexibility of the dachshund variety, so near the ground that it seems to have been born under a bureau. Present Pan-Germany cannot see with its arrested spiritual development that its kaiser, as Emerson said of Napoleon is doomed to ultimate defeat, because he is fighting against the moral law of the universe.

They don't recognize moral law. They can't even see it; a dense materialism has covered their organs of spiritual perception.

It is their philosophy that success justifies any means the state may employ; that the foulest methods are sterilized and made sweet by victory. They believe themselves divinely appointed in this world to put "Deutschland uber alles."

That conquest is good title. That if you seize and take away the property of an individual or an untraded nation you can then arrest and deport the workmen for the crime of larceny.

That if you first take the people's food until they cry for bread, you may then lessen the demand by carrying their young and able-bodied women into emulous and unreporting silence.

That the heinous laws of "spurious versality" make Prussia the residuary legatee.

That it is amusing to submerge a U-boat when captured merchant sailors are locked outside upon the deck.

That chloride gas is a proper weapon if the wind is blowing towards France but that it is contrary to international law if it is blowing toward Germany.

That they may cruelly a Canadian if they take him captive but that if he captures them the cry of "Kamerad" puts him on his honor.

That to break bread with a man is the highest tribute to his assassination, and that an ambassador's honorable exemption from police visitation makes him an ideal "fence."

America must be made to renege this code. She must be shown the map of Frederick the Great and then its black encroachment upon the surrounding nations that one by one have been "annihilated."

She must learn that it is the Prussian instinct not to visit, but to overrun; to extend a military greeting with the left hand and with the right hand to spread the gangrene of bribery and betrayal, occupation and indemnity.

Alaska's Great Frost Depth.

The depth of permanently frozen soil in polar and subpolar regions is a subject of perennial interest, concerning which few data are available. In numerous excavations made in placer mining in Alaska the ground is permanently frozen to great depths, beginning 18 inches or 2 feet below the surface.

In the Klondike, according to the geological survey, the alluvium is frozen to a depth of about 200 feet. At Fairbanks permanent ground frost has been found at many places to a depth of more than 200 feet, and the deepest shaft there penetrated 318 feet of frozen alluvium. In Seward peninsula many holes in permanently frozen alluvium are more than 75 feet deep and one is nearly 200 feet deep.

On the other hand, some ground in this region is not frozen, for reasons not understood. According to Dr. A. H. Brooks, when the moss is stripped from the soil the ground thaws, and with open cut mining or cultivation the upper level of permanent ground frost seems gradually to descend. It is therefore believed that the ground frost is a survival of a climate colder than the present one and is preserved by the nonconducting mat of moss and other vegetation.—Scientific American.

Concerning Sponges.

Sponges are animals with power to eat and digest. They begin their life as tiny eel-like creatures and have a short, free life in the sea, after which they fasten themselves to a rock and begin to develop. They grow into all sorts of shapes. Some branch out in all directions like fingers, and are called mermaid's gloves. There are fan-like sponges, treelike sponges and cup-like sponges. There are sponges that form a carpet over the rocks, and sponges called by the fishermen "sea nests," because they look like birds' nests.

Will Help Some.

Patience—What's become of your brother? Patience—Which one? "The one who sings." "Oh, he's gone over to help the allies." "Oh, then, he's stopped singing, has he?"

A Year's Abuse In 7 Days

All Light Car Road Records Smashed

At Indianapolis recently an Overland 4 stock car was driven 5,452 miles continuously in seven days and nights, over frozen country roads.

This is an average of 778 miles per day—more than the distance between Toledo and New York City. This is another tribute to the cushioning effect of Triplex Springs and the quality of material in Overland 4.

Peace & Lewis, Local Agents, Plainview

\$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Catarrh being generally influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Cure is taken internally and acts through the blood on the mucous surfaces of the system thereby destroying the foundation of the disease, giving the patient strength by building up the constitution, and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Cure that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J. CHENEY & CO., Toledo, Ohio. Sold by all Druggists.

DODSON TELLS THE HORROR OF CALOMEL

You Don't Need to Sicken, Grip, or Saliyate Yourself to Start Liver

you need vile, dangerous calomel to start liver and bowels. Here's my guarantee! Ask your druggist for a bottle of Dodson's Liver Tonic and take a spoonful tonight. If it doesn't start your liver and straighten you right up better than calomel and without griping or making you sick I want you to go back to the store and get your money. Take calomel today and tomorrow you will feel weak and sick and nauseated. Don't lose a day. Take a spoonful of harmless, vegetable Dodson's Liver Tonic tonight and wake up feeling splendid. It is perfectly harmless, so give it to your children any time. It can't salivate.

J. C. Rawlings is here shaking hands with friends. Jimmie tells us that he is now farming and ranching near Lubbock, and has a large flock of sheep that he is looking after. He expects this year to plant a big acreage of cotton.

ASPIRIN FOR HEADACHE

Name "Bayer" is on Genuine Aspirin—say Bayer

Insist on "Bayer Tablets of Aspirin" in a "Bayer package," containing proper directions for Headache, Colds, Pain, Neuralgia, Lumbago, and Rheumatism. Name "Bayer" means genuine Aspirin prescribed by physicians for nineteen years. Handy tin boxes of 12 tablets cost few cents. Aspirin is the mark of Bayer Manufacture of Monacette-Aspirin of Salicylic acid.

Mrs. Ella Price of Lubbock was here Saturday.

It's dollars to doughnuts—

no man ever smoked a better cigarette at any price!

CAMELS quality, and their expert blend of choice Turkish and choice Domestic tobaccos hand you a cigarette that will satisfy every smoke desire you ever expressed. You will prefer this Camel blend to either kind smoked straight!

Camels mellow-mildness will certainly appeal to you. The "body" is all there, and that smoothness! It's a delight!

Go the limit with Camels! They will not tire your taste. And, they leave no unpleasant cigarette aftertaste nor unpleasant cigarette odor!

Just compare Camels with any cigarette in the world at any price!

Camels are sold everywhere in scientifically sealed packages of 20 cigarettes for 20 cents; or ten packages (200 cigarettes) in a glassine paper-covered carton. We strongly recommend this carton for the home or office supply or when you travel.

Store News

Last issue we were just too busy to have our chat with you and we missed it and hope that you did. We really wanted to talk with you but couldn't get to it. We believe that you will find pleasure and benefit in reading these talks—if you do we will feel well pleased.

Surely those nasty Saturdays have gone for good. It's been hard for our country friends to get to town but when they finally find the time to get here we certainly want to see them. We have missed your cream, your eggs and your good patronage.

How about that cream—we want more and more. You just can't hand us too much. We want all that you can get. We want fresh cream, sour cream, rotten cream—just any old sort of cream so's it cream. And the best of it all is the fact that we give you a prompt test and a prompt check for the highest possible market price.

Speaking of chickens—the kind that lay eggs—we want those eggs and in order to get them to lay more we suggest that you feed the Purina Feeds for which we have the distribution. This line of feeds contains not only a feed that will produce the eggs but another that grows the chicks quickly and raises them to vigor and health. It's the best possible bet in the successful raising of poultry.

Had you learned that the Junior Chamber of Commerce is planning a trades excursion? It's a fine thing—every merchant and professional man should plan now to take the trip May 17th and 18th, get in touch with the folks of this territory for better friendship and better business, and take a needed outing. It will do you good to meet the other merchants of your own town as well as those of other South Plains cities.

The appetizing garden sals from New Mexico and South Texas is coming in. You will find that with it we will be able to vary your menu delightfully. Phone us each morning to see what has come in.

Dig up the garden hose, that rake and hoe and get busy with the garden plans. It's none too early—course, we may have a few cool days but early garden is practically past danger. We want to figure in those plans by furnishing you with the sort of seeds "that get up and grow."

Whenever it's staple of fancy groceries you are wanting that are a bit

OCIETY

Home Economic Club

The Home Economic club met Tuesday afternoon with Mrs. R. A. Underwood. The study for the afternoon was led by Mrs. Geo. Wilson. At the business session the following officers were elected for the ensuing club year: Mrs. Guy Fowler, pres.; Mrs. Claude Power, vice president; Mrs. D. T. Jones, secretary-treasurer; Mrs. Geo. Wilson, parliamentarian; Mrs. C. D. Wofford, reporter. Delegates elected to the County Federation which meets next Saturday at Hale Center were Mrs. R. A. Underwood and Mrs. A. B. Martin.

The next meeting will be with Mrs. R. G. Gibbs, Tuesday, April 27th, with Mrs. Guy Fowler as leader.

Celebrates Tenth Birthday

Helen Hill celebrated her tenth birthday anniversary at the home of her mother, Mrs. R. E. Hill, Friday afternoon. The children played games and had a good time. A cake with ten candles was cut, and ice cream and cake were served.

"The Rose Maiden" to be Presented Last of May

Mrs. Arilla Peterson announces the Choral club will present "The Rose Maiden," a musical cantata, about May 20. Just after public school closes and before the chautauqua begins. Rehearsals are now in progress at the Methodist church on Monday nights.

Mrs. Geo. Wyckoff; Bride, Honored by Mrs. Saigling

Mrs. Chas. Saigling honored Mrs. George Wyckoff, the bride of last week, with a "bride's" luncheon Wednesday afternoon.

As the guests arrived they were given favors of yellow and white nosegays. The decorations of the rooms were in yellow and white, also.

The afternoon was spent playing bridge and at an appropriate time, a messenger boy arrived at the door with a box for Mrs. Wyckoff, and it was when opened found to contain many miscellaneous dainty and useful articles, the gifts of the guests. In the games Mrs. T. O. Collier and Mrs. Hugh M. Burch tied for high score. Ice cream with large yellow hearts on it were served.

Westside Forty-Two Club Elects Officers

The organization of the Westside 42 club was completed at the home of Mr and Mrs. Marvin Garner Wednesday evening. After the adoption of the constitution the following officers were elected: C. H. Curl, pres.; R. A. Underwood, vice pres.; W. J. Klinger, secretary and treasurer; Mrs. C. H. Curl, press reporter; Mrs. L. C. Wayland, official score puncher.

The club meets the first and third Thursday evenings of each month.

After the business session the games proceeded and Dr. Wofford and Mr. Anthony tied for high score for the members and Mrs. Flake Garner won high score for the guests.

The following members were present: Messrs. and Mesdames G. C. Keck, Earl Keck, C. H. Curl, Marvin Garner, W. J. Klinger, E. C. Lamb, C. D. Wofford, L. C. Wayland, R. A. Underwood, W. B. Anthony and Miss Lula Blair Neal. The guests were Mrs. Neal from New Mexico, and Mrs. Flake Garner, Mr. and Mrs. Mack Garner of Canyon.

The hostess served delicious refreshments.

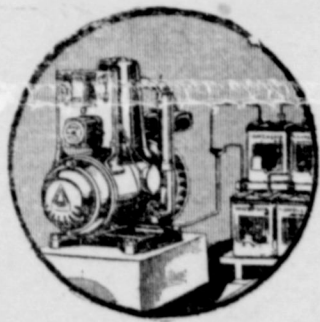

The club started out with a bright future. The crowd is a very congenial one, and they all look forward to many pleasant evenings like the one spent with Mr. and Mrs. Garner.

County Federation to Meet in Hale Center

The County Federation of Women's clubs will hold its semi-annual meeting at the Presbyterian church in Hale Center Saturday, April 24.

Mrs. A. L. Talley and children left yesterday morning for an extended visit with relatives in Snyder and amerson.

Did The Cotton Boll Worm Ever Do You Any Good?

You know it has harmed you but could it benefit you in any way

It Can Benefit You Now

As a result of the ravages of the boll worm last year we have been enabled to buy a nice clean stock of just the kind and grades of merchandise you are accustomed to using, at a **material reduction from original cost.** Much of this stock consisted of new goods just received.

We will offer this stock to the people of Plainview and Hale county on the basis of purchase price instead of market value. There is a wide difference between the two we assure you.

In addition we have stocked up with new goods from the best market and as a result of favoring circumstances procured some exceptional reductions from regular spring prices.

BARGAINS

Every item in the stock of merchandise moved here will be offered at **special price**—we pass the benefit of our lucky purchase on to you.

Plainview Girls at the College of Industrial Arts
 Berton, Texas, April 12—Plainview girls are attending the College of Industrial Arts in Berton, Texas. The college has always stood for higher education for boys and girls. There are few educational institutions in the state that do not have Plainview representatives in the student body. The College of Industrial Arts has a large number this year, there being sixteen girls in the college from Hale county. Ten of the sixteen are from Plainview. There are representatives in the Freshman, Sophomore and Senior classes. Misses Electra Anderson, Clara Craig, Fannie Goode, and Belle Ann Vencil are Freshmen, taking courses in the Household Arts department; Misses Ruth Neal and Martha McClendon, also Freshmen, are taking work in the regular Literary department; and Miss Erma Leach, Freshman, has chosen the Reading Course in all colleges activities.

Miss Hazel Sewell has selected work from different departments which she is termed a Special course. Miss Zola Campbell, a Sophomore in the Household Arts Department, is majoring in Domestic Art. Miss Clara Belle Hooper, Senior in the Household Arts department, will receive her degree in June. These girls are all members of the Plainview Club, which was organized for the purpose of bringing the home girls in close touch with each other while away at College. All the girls from Plainview joined the Y. W. C. A. and the Athletic association early in the school year. They are also members of either the Chaparral or the Mary Eleanor Brackenridge Literary Society. Plainview should be proud of such a large representation at the college, for each girl is making a good record and is prominent in all colleges activities.

Money Is Getting Tight

ASK YOUR BANKER. He will tell you. We are yet able to take care of all your loan needs, if you will act at once, giving you long time in which to pay, good rate of interest, PAYABLE ON OR BEFORE. Allow you to select your own interest paying period and only pay interest from the time your money is paid. No inspection charges or for examination of title, and no extra commissions. No red tape. Money ready when title is ready. Immediate inspection and best of service.

Don't wait till you are up against it before you come and make application. It is entirely possible that within a short time there will be no loan money available, and if there is, the rate will be very high. This is a very critical time. Presidential election year, strikes, I. W. W. and the papers carry notice of THREATENED REVOLUTION in our own homeland by the Reds. Better arrange with us for a ten year loan putting your obligations out of your way till times get back to normal. Act now. We invite you to come in and talk over any unusual financial difficulty. Our services are at your command.

Patterson & Groves

We have only a few left and if you are needing a mill see us before they are all gone for it will be sometime before another car arrives.

Ask the man that owns one what he thinks of them. See mill in action at

McAdams Lumber Co.

Baptists Won't Get Grounds
On account of some of the members of the Canyon Rod and Gun Club being opposed to the sale, the Plains Baptists cannot buy the grounds in Palo Duro canyon near Canyon which it had hoped to convert into an annual campmeeting ground and park. However, it has been offered to the Baptists for this year.

The people of Canyon are raising

money to buy grounds adjoining and offer to the Baptists for the purpose.

Sonora Secedes from Mexico
Hades has broken out again in Mexico. The state of Sonora, which lies just south of Arizona, has seceded from the government and set itself up as a separate republic. The Mexican government will attempt by force of arms to overthrow it.

WHOLE WORLD DRY WITHIN TEN YEARS

Dr. Banks' Prediction and He Tells of Effect On Manhood of the World

"The entire world will be dry within ten years" prophesied Dr. Lous Albert Banks, famous theologian and author, in an address Wednesday night at the Methodist church. Dr. Banks came to Plainview under the auspices of the Anti-Saloon League of America.

Dr. Banks made a vivid impression on his hearers when he described the alleged intention of brewers in America to foist their business on China and India. "America and the world will be engulfed in a yellow peril before a thousand years have passed if the minds of these Mongolians are brutalized by liquor made by American brewers," said the speaker.

He gave his reason for this prophecy that German's brutality was due to the sodden condition of her people. "Germany was the most drunken nation the world has ever known," the minister declared. He then gave a scientific explanation of how liquor develops the brutal in man at the expense of the gentle. He said the higher cells in the brain where lay the seat of the chivalrous, noble, gentle qualities of man were burned up by alcohol, and that as these brain cells perished the lower cells, which governed the sensual, vicious and vile in man were developed.

The minister declared that every great scientist in the world deplored the liquor traffic. "Luther Burbank, the great scientist living as far as producing new breeds is concerned, foresees a race of throughbred men in the United States since liquor has been put out," said the speaker.

Dr. Banks briefly told of the suffering that liquor drinking has caused, and asked his audience if any of them wished to be guilty of having failed to try to prevent such an evil falling on these helpless peoples of China, India and Africa.

He paid tribute to all organizations that have enlisted in the fight against the saloon, but declared that the fight would never have been won had not these organizations united and fought together under one banner, which in this case was the banner of the Anti-Saloon League.

"We can defeat the brewers with their millions and make whole world dry in ten years if Christian people and the forces of righteous work in harmony," said Dr. Banks. Dramatically describing the horrors wrought by the saloon in this country, pointing out the stand of science against the evil, and prophesying the depravity of the yellow race and the consequent danger to the world in the event that the brewers succeed in what is said to be their avowed intention, the speaker closed with an appeal for financial aid to carry on the fight.

Dr. Banks is an eminent preacher and lecturer, and the author of many books. A good-sized audience heard him, and they report him to be one of the best speakers ever heard in the town.

ANCHOR

Mr. Editor, what this part of the county needs most is a good rain to stop this sand from blowing and ruining our wheat. We had a very high wind Saturday with a hail storm at night, also a high wind Sunday straight from the North and very cold with plenty of ice that night.

We have given up all hopes of having any early fruit this year on account of the heavy freezes of this and the past month.

Quite a number of the young people of Anchor attended the party given at the home of Mr. and Mrs. J. F. Norfleet Saturday night. All report having had a good time.

Anchor was well represented Saturday at the Hale Center trades day, though the wind did blow.

W. R. Fesal and wife took their daughter, Isabel, who has been suffering from tonsillitis to Hale Center Saturday and had her tonsils clipped and adenoids removed. The patient is doing nicely.

Mrs. Frank Simonton and Mrs. W. O. Baul were in Hale Center shopping Monday.

Mrs. S. E. Leckliter and son, Jas. A., were in Hale Center Monday on business.

Ina Pearl Yates of Hale Center spent the week end with Edith Leckliter at the later's home.

Mrs. W. W. White is spending a few days with Mrs. Fred Springer of near Mayfield.

Leona White and her cousin, Leander King and wife spent the week end in Lubbock visiting friends and relatives.

Mrs. G. E. Parris of Norfleet was visiting her mother, Mrs. S. E. Leckliter, Monday.

The farmers are very busy preparing their ground for the coming crops. Some are planting their corn. The high wind Sunday tore the W. H. Walker wind mill to pieces, and played havoc with feed ricks.

What Hale County Users Think of the Cletrac

Bartonsite, Texas, April 2, 1920.

Mr. C. B. Powell,
Plainview, Texas.

Dear sir:

In reply to your inquiry regarding the work I am doing with my Cletrac bought of you in the winter, will say I have sodded 35 acres of land, disced 40 acres with one tandem harrow, doing the harrowing in one day of ten hours, and have hauled grain to town 12,000 pounds a trip.

I have used about fifteen gallons of kerosene and one-half gallon of lubricating oil. My boy drives the machine and has had practically no trouble with it in any manner. I am highly pleased with the Cletrac and expect to buy another one this summer for I feel sure that I can entirely do away with my horses on the farm.

I would not consider an offer of \$2,000 and do away with the Cletrac.

Yours truly,
J. S. DUGGAN.

Watson's Business College News

The following students entered school this week: Bryan Bybee, of Lockney; Wendell Young, Chillicothe.

Miss Bonnie Boswell re-entered school Thursday. Her home is at Sterling City.

Bailey Hankins graduates this week and will probably accept a position the first part of next week at Amarillo.

Fritz Schacht, Eppie Long and Lloyd Hartley graduate from the bookkeeping department today.

Miss Lucile Bryan has accepted her former position with Williams & Martin. For the past few months she has been employed by a firm in Abilene.

Miss Maulina Boswell accepted a position this week with Claude B. Hurlbut & Co.

Miss Mary Johnstone has been doing stenographic work for several different parties this week.

The new Burroughs Posting Machine was installed this week, and the number of students have begun their course on this modern office appliance.

This machine together with the dictaphone system places Watson's Business College second to none in the state.

Silas Wilkins, formerly foreman of the Santa Fe roundhouse in Slaton, shot and killed his wife and committed suicide in Denver Saturday, in the presence of their four children. The couple had quarreled over money matters.

G. M. Ramsey of Spur was in town yesterday.

LAST BOOM IN WICHITA FALL IS NOTHING COMPARED TO THE ONE COMING NOW, THE OPINION OF ALL

Every day brings fresh developments for Wichita Falls. New wells, bigger and better than ever before are coming in every day. All is excitement and preparation for the big boom.

While living in Plainview, a few months ago, I learned that many of the people there wished to buy rooming houses here. Get into it now. Take advantage of the present low prices and get in on the inevitable higher ones. I have some rooming houses listed now that are clearing from a hundred to ten hundred dollars monthly. I have both the property and the leases for sale, also some splendid lots, business and residence property. The best business buy in Wichita Falls: It is a restaurant, with an income of from two hundred and fifty to three hundred dollars a day. The owner must sell at once for personal reasons.

Write or phone me at once for these will not keep. If there is anything along these lines that you are looking for write me and it will be a pleasure for me to find me and it will be a pleasure for me to find

NELL J. SMITH

16 1-2 hands high, 17 inch front bone, 21 inch rib bone, 35 inches from tip to tip. Will make the season at my place four miles north of Hale Center on Plainview road. Call and see him. We will show you Nigger, one of his gets 15 hands high, eleven months old. \$15 to insure live colt. Not responsible for accidents.

G. A. LOUHAN, Hale Center

W. M. McClung and family have county, where he will truck farm and moved to Indian Creek in Brown raise poultry.

Senator McNary of Oregon has introduced a resolution for the investigation of the present high prices of shoes. There is a story going the rounds in the city of Washington that a senator who was asked by a retailer \$20 for a pair of shoes wrote the manufacturer asking what it cost him to market them. The reply said that the retailer who asked \$20 for them had paid the manufacturer \$8 for them. The federal food administration agent in New York is quoted as saying that shoes that retailed there at \$9 last fall and \$10.50 this spring cost the manufacturer last fall only \$4.36 and this spring \$5.48.

THE STORY OF SMOCKS

The story of smocks is long already—and it is to be continued. Their popularity grows and has not reached its peak; hence designers are giving a great deal of attention to varying and elaborating this graceful garment. Just now crepe de chine and crepe georgette are oftenest employed for making the smock, either of them providing a suitable background for rich color effects and beautiful stitching done in silk or yarn or beads. Hand painting, outlined with silk floss, has made its appearance among the latest embellishments.

The smock shown here is a dark blue crepe de chine. About the bottom there is a border of embroidered grapes and leaves. In several colors. The neck is outlined with an embroidered band which is repeated at each side over the shoulders.

Will Plant 150 Acres Cotton

H. H. Stucky, located on Helen Temple farm, is a cotton farmer, and informs us that he will plant 150 acres to the fleecy staple this year. He is glad a modern gin is to be erected in Plainview.

Expert Soil Bacteriologists Here

T. J. Bolding and H. M. Blon, expert soil bacteriologists and agents for seed bacteria, have been here and placed an order with W. Holbrook, manager of the Texas Land & Development Co., for a few hundred million alfalfa bacteria, which will be used by the syndicate on its upland alfalfa, and if the experiment succeeds use of the bacteria will be extended.

It is claimed that these tiny bugs, which come in sealed bottles, spread out over the alfalfa field, taking hold of the roots and multiplying by the billions, fertilize and cause the crop to yield much more than that not treated to the bacteria.

One nice thing about being poor is that you know that your estate isn't going to pay a lot of high-priced lawyers to discover that you were insane when you made your will.

CHURCHES

Methodist Women Will Meet Monday Afternoon.

The Woman's Missionary Society of the Methodist church will meet on Monday at 2:30 at the church, and will study Persia, Arabia, Turkey, Syria and Egypt, the fifth chapter in "The Crusade of Compassion."

London—Mrs. O. B. Jackson.
Persia—Mrs. Tom Carter.
Arabia—Mrs. J. A. Peret.
Turkey-Syria—Mrs. L. C. Wayland.
Egypt—Mrs. J. C. Hooper.

Presbytery to Meet in Hale Center

Amarillo Presbytery will meet in Hale Center, Tuesday, April 19, at 8:50 a. m.

Opening sermon to be preached by Rev. C. W. Yates of Seymour.

The plan of entertainment is to serve dinner and supper in the basement of the church.

The church will be dedicated Tuesday evening with sermon by Dr. Thomsen of Amarillo. Special music, dedicatory service, conducted by pastor, and prayer by Dr. Grafton, of Wichita Falls.

J. H. Bone, Pastor.

Bishop Temple Will Attend Conference in London

Bishop Edward A. Temple of Amarillo, bishop of the Episcopal churches for this diocese, will attend the Lambeth Conference, which will be held in London during July and August, ending the seventh of the latter month. He and his family will sail from New York, June 26, arriving in England early in July. Bishop Temple visits Plainview several times each year.

LOCKNEY

April 9—J. H. Gruver has sold his business in Lockney to Messrs. C. L. Cowart and C. C. Miller, who have taken charge. The business will be conducted at the present stand. Mr. Gruver is retiring to his ranch on the North Plains.

Joe Anderson has sold his half section of land east of Lockney known as the old Wash Nichols place, to J. B. Rutledge of Spur. Consideration \$24,960.

J. D. H. Hatcher sold this week his half section of improved land 4 miles east of Lockney, known as the old Ramsey place to W. E. Meador of Floydida. Consideration \$66 per acre. Mr. Meador buys this property for a permanent home.

Messrs. B. A. Queen and Less Hutchinson have sold their interest in the Lockney Garage to a Mr. Taylor and associates of Mitchell county.

R. C. Scott, of Floydida was appointed county chairman for Floyd county of the Democratic party at the meeting of the county executive committee.

J. L. Dagley has traded his tin shop and Lockney property to parties in Arkansas for a farm, and will move to that state to make his home.

Theo Griffith went to Plainview last Monday to visit his brother Daff, who is in the sanitarium at that place.

Mrs. Ben F. Smith and son, Albert, left Saturday for Austin to visit their son and brother, Lester, who is in the State University.

Ben Whitfill and son, Ed, returned the latter part of last week from Dallas where they purchased one of the most modern gin outfits ever brought to the Plains country. Their new plant will cost them \$30,000.

The Christian church people have re-seated and re-arranged the college auditorium, which makes a great improvement in the appearance of the building, besides adding to the convenience of those attending the church.

The trustee election last Saturday for the Lockney independent school district resulted in the election of S. A. Henry, E. P. Thompson and Mrs. C. L. Cowart to serve the people the next term on the school board.

Mrs. W. R. Sams was taken to Plainview Tuesday where he underwent an operation for appendicitis. She stood the operation fine, and is reported recovering rapidly.

Quite an extraordinary scene was witnessed on our streets Tuesday when Mr. T. R. Fuston of Turkey and others delivered to E. P. Thompson & Son, 200 bales of cotton. A number of trucks were used to bring the cotton to Lockney. The loaded trucks were parked in front of the Lockney State Bank where a picture was made of them—Beacon.

Pull to Street Curbs

Fire Chief Fred Cousineau asks us a request people when the fire alarm sounds to pull their cars to the street curbs when the fire truck starts along a street. This is the law, besides the fire truck should be given right-of-way, in order that it may get to the fire as soon as possible.

The Floyd county grand jury returned twenty-seven indictments, seven being felonies.

A Timely Help

The face is often the first to betray a decline in strength. When you feel rundown and your face is colorless, the need for

SCOTT'S EMULSION

is plainly evident. Those who have tried Scott's know its power to strengthen the body, enrich the blood and put the color back in the face. Don't be pale-faced—take Scott's Emulsion.

The Norwegian cod-liver oil used in Scott's Emulsion is super-refined in our own American Laboratories. Its purity and quality is unsurpassed. Scott & Bowne, Bloomfield, N. J. 19-25

Lift off Corns!

Doesn't hurt a bit and Freezone costs only a few cents.

With your fingers! You can lift off any hard corn, soft corn, or corn between the toes, and the hard calluses from bottom of feet.

A tiny bottle of "Freezone" costs little at any drug store; apply a few drops upon the corn or callus. Instantly it stops hurting, they shortly lift that bothersome corn or callus right off, root and all, without one bit of pain or soreness. Truly, No humbug.

REAL ESTATE LOANS

ON

Business and Residence Property

We are prepared to make loans for The United Savings Bank, of Detroit, Mich., on their well known monthly payment "On or Before" plan, for the purpose of buying, building or improving your business or residence property.

The loans are made on such terms that any one able to pay reasonable rent can take care of these loans.

The loans are made on a very simple plan of one hundred monthly payments and each payment carrying also the interest for the monthly period.

The scale below based on \$1,000.00 better illustrates the wisdom and convenience of the plan:

Monthly Payments	Int. & Prin. Pd. During Year.	Total Int. Pd. During Year.
1st Year \$17.00	\$120.00	\$84.00
2nd Year \$16.12	\$100.00	\$73.44
3rd Year \$15.22	\$120.00	\$62.64
4th Year \$14.34	\$120.00	\$52.08
5th Year \$13.44	\$120.00	\$41.28
6th Year \$12.56	\$120.00	\$30.16
7th Year \$11.68	\$120.00	\$20.16
8th Year \$10.68	\$120.00	\$ 9.36
1-3 of 9th Year \$10.20	\$ 40.00	\$..80
Total Principal	\$1,000.00	\$374.48

From this you can see that out of 100 monthly payments the greatest being \$17 and reducing to the small sum of \$10.20 you have paid back the entire mortgage at a cost of only \$374.48 interest.

In the loan you reduce your principal 1 per cent of the total each month, thus making it very easy to calculate your amount paid.

Hale County Singing Convention

The Hale county singing convention which met at Halfway the 4th Sunday in March, was a great success.

A large crowd was present and the singing and the sumptuous dinner, provided by the people of Halfway, were enjoyed by all.

A collection amounting to \$6.44 was taken for the purpose of ordering some new song books for the convention. A committee was appointed to select and order the new books, consisting of Messrs. Earl Raper, L. W. Stoneker, chairman, P. D. Windsor, Charlie Smith and Gordon Hanson. We hope to have them for the next convention which will meet at Prairieview, the fifth Sunday in May.

I have requested all classes several times to send in their programs to me at least a month before convention time, so they might be published. As they have been slow in complying with these requests, I shall this time appoint a committee to arrange a program which will be published at an early date; Earl Raper, Prairieview, L. W. Stoneker, Happy Union, Charlie Smith, Halfway, Mrs. Morrie, Liberty, Clayde Haddick, Bellview, R. M. Peace, Plainview.

I do not know anyone to appoint from the other communities, but would be glad for any of them who can attend to send in their programs.

The book committee will meet at the court house Saturday afternoon, April 24th at 2:30 to select the new books. Be there without fail.

CLAY WILLIAMS, President.

Young Man Convicted of Forgery

J. W. Teal, a recently returned service man in France, plead guilty Wednesday in district court to passing a forged instrument at the First National Bank here in the early part of February and was assessed a sentence of two years and six months by a jury in district court.

According to his statement the instrument passed was an \$800 check to which was signed the name of W. N. Jones, and for which the bank issued a cashier's check.—Floydada Hesperian.

Easter Blizzard in Kansas

Mr. and Mrs. J. H. Reai recently went to Glen Elder, Kans, just south of the Nebraska line, to visit a daughter. They write to us that they were detained there longer than they intended to stay on account of the heavy snow storms of Easter.

They enclosed a clipping from the Glen Elder paper, in which it tells of the blinding storm through which no one could see but a few feet, and that there were drifts fifteen feet deep. Roads were impassable and train traffic stopped. Old residents remember such a storm in April 1893.

Most People Live In Country

Washington, April 10.—Census experts believe that the 1920 census will show that despite the rush of country residents to the cities, there are still about four million more country people than city dwellers in the United States.

The census will also show, they think, the fallacy of the belief widely held, that the rural districts of the United States are decreasing in population.

The experts believe the 1920 census will show about 108,500,000 people in the United States.

Hog Breeders Form Association

The Floyd County Pure Bred Hog association was recently organized at Floydada. J. E. Lee, of Lockney, was elected president, T. S. McGee, vice president, J. I. Hammonds, Floydada, secretary-treasurer, and these with R. Ivey Thomas, of Lockney, and B. B. Gulley, of Floydada, a board of directors.

Recognizing the fact that we, the people, are careless of our speech, the school teachers, club women, newspapers and other educators of Los Angeles, lately set aside a week for the purpose of correcting some of the common errors which find their way into general conversation. Thousands of printed slips were distributed, showing that one should say, "I did it" instead of "I done it"; "none is" instead of "none are", etc. Pledges to devote ten minutes a day with the grammar and dictionary for a year were taken.

TURKS FIRE UPON PLAINVIEW YOUNG MAN

Paul Snyder Tells of the Armenian Massacres by the Turks In January

Mr. and Mrs. B. P. Snyder have received a long letter from their son, Paul Snyder, who is a quarter-master with the Y. M. C. A. which is working with the American Commission of Relief for the near East, in Armenia, Turkey, telling of his experiences and narrow escapes during the Armenian massacres by the Turks in January. The letter was written from Marash, Turkey, Jan. 20th.

The day before, Jan. 19, which is the Armenians Christmas Day, he and Dr. Crathern, head of the Y. M. C. A., a French officer and his Ar-Miss Shultz, an Armenian merchant Miss Shultz an Armenian merchant and a courier, accompanied by a patrol of the French Algerian cavalry, started out to the relief of eighteen French wagons that had become stuck in the mud.

Paul was driving the car, and while skirting a mountain, the seven in the car heard many shots and alarmingly near. They thought they were to have the privilege of seeing a battle, and for protection they took a small silk American flag which Paul had in his pocket and fastened it to the windshield, and as no American car had been molested they thought they were safe. In rounding a curve in the mountain road they found evidences of fighting and trouble with the French wagons, and later they came in plain view of the Algerian cavalymen riding white horses and wearing flaming red cloaks and caps as they were shooting at the hidden Turks scattered among the bushes and rocks. Soon the Turks began firing at Paul's car, and Miss Schultz was thrown to the floor of the car and a rug put over her, the passengers in the rear of the car flattened themselves in the car. Dr. Crathern began to wave frantically the American flag, and Paul started his car away from the place at a rapid rate of speed.

One shot struck the steering wheel, broke one of its spokes, passed through the wheel and about six inches from his left arm. A bullet also went through one of the side-curtains, and two struck the springs of the car. He said "We were under fire for fully a mile. And while the bullets were whining past and knocking up angry little spurts of dust in front of the car, believe me, I was glad that I kept my truck in good shape and that it responded so splendidly."

They returned to Barzejek and found the entire village deserted, with the exception of four persons, who begged to be taken in the car. It was impossible however, as the car was so heavily loaded that some of the party had to walk at times. At night they were back in Marash and sat down at a fine dinner being the wedding anniversary of Dr. and Mrs. Wilson, and all the missionaries were present.

The next day, he says "What Sherman said about war, is true, hell broke loose there, but that is a chapter in itself; see my next letter."

"Must now stop and see what the bombardment is doing for the enemy. The future is charged with uncertainty."

On the 25th he added there had been five days of war in Marash.

Sawyer Pleased With Florida

T. W. Sawyer and family recently moved to Florida, locating at Orlando, one of the beauty spots of the East Coast. He has taken the sales agency for the Texan automobiles. He writes, under date of April 4 to us as follows:

"I have bought a home here, it is a beautiful town; especially the homes and streets; large trees overlap the streets, making very beautiful drive ways. Orange and grape fruit trees are loaded with fine fruit. The price of large grape fruits if purchased from street vendors is from one to two cents each, oranges three cents each, large bananas 25c per dozen, but other things are just about the same as in Plainview. To walk down the shady streets and smell the orange blossoms, also hundreds of other flowers and hear the songs of hundreds of birds, is very attractive and pleasant to a Texan from the Plains. Come to see me and then you will know."

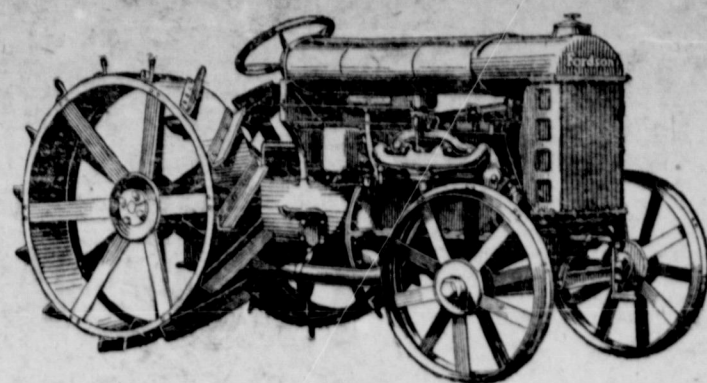

\$145,000 Worth Steers Sold

Frank Corn, Crosby county cattleman, sold 1,450 head of four year old steers to Kansas parties last week for a consideration of \$145,000, or \$110 per head. Delivery will be made at Post May 1st.

The "young men's ticket" won in the city election in Floydada. R. E. Fry was elected mayor; Lee Montague, F. M. Butler, A. C. Goen, O. P. Rutledge and Roy Snodgrass, aldermen.

Mme. Schuman-Heink, the famous contralto, will sing in Amarillo, May 7.

Fordson Tractors are manufactured by the Ford Motor Company and sold in almost every city, town and village in every country on the globe. They are the one best bet in the tractor world today. They are light in weight, economical in every way, including price. They are worth one hundred cents on the dollar on any farm and will save many times its price to the owner the first year. We have them on many of the best farms in Hale and adjoining counties, and any owner we offer as reference.

The following owners of Fordsons have purchased their tractors through our Plainview house—ask them what they think of the performance of the Fordson:

MAKE 500,000 FORDS IN HALF YEAR

Company Expects to Make More Than One Million Yearly—New Blast Furnace

When the first six months of the Ford Motor Company fiscal year ended January 31st, more than half a million of the sturdy little Fords had left the factory to join their three and a half million brothers and sisters on the world's highways. And Ford officials express confidence in their ability to turn loose the other half million by July 31st, when their year ends.

However, they say that a million a year is far from the ultimate in motor car manufacturing; and that with the completion of the Blast Furnaces and Body plants which Henry Ford is now building in Detroit, the yearly output capacity is bound to assume larger dimensions. The present capacity is 1,200,000.

The Blast furnace project on which Mr. Ford has been working for the past three years will enable the Ford Company to make Ford parts direct from the iron ore instead of buying the iron ingots and then melting them before making into parts. At the present time there are approximately 15,000 men engaged at the Blast furnaces and in the new body plant. But it is quite probable that that number will be more than doubled once the steel

mills—which will be the largest in America—begin to operate. Ford men do not attempt to place any estimate on what the production of cars will be in the future, but point to the fact that they have not been able to supply the demand for the past ten years and that at the present time there are some 230,000 unfilled orders on file.

About People You Know

Mrs. Leon D. Bowen and Mrs. Ross D. Rogers entertained a few friends with a line party to the Grand theatre Thursday afternoon. After seeing Margarita Fisher in "The Dangerous Talent" and the 1920 Revue, the party enjoyed a delicious ice course at Salter-Lindsay drug store, the booths received being decorated with carnations and ferns.—Amarillo News.

Childress Woman Kills Husband

Childress, April 12.—Charles Levi, a machinist in the local railway shops, was shot and killed there late this afternoon. His wife surrendered to the officers.

A man should not let his head get swelled so often that he gets round-shouldered from carrying the blame thing around.

Sam Cates, who shot and killed Judge Benton at Crosbyton, will have once the steel a habeas corpus hearing April 19.

Prepare For Promotion

In the old days, a bookkeeper was a mere jooter-down of figures. He toiled long hours over masses of numbers that had no real meaning to him in their relation to the business. His only interest was to make two separate groups of figures equal the same thing. Often, he couldn't get a "balance" except after repeated trials.

The bookkeeper was the office drudge.

But business school education has changed this condition. Today the educated bookkeeper has been elevated to a plane of high importance. By his ability to obtain and interpret the figure facts of a business, he has become a factor of vital importance in modern business management.

Watson's Business College can fit you to be a bookkeeper of the new type. To make our training even more effective and to fit our students for positions where they will be asked to take charge of mechanical accounting systems, we have installed a

Burroughs Bookkeeping Machine

This combined course in bookkeeping and machine figure work will make you a master of figures rather than a slave to them.

There is a steadily increasing demand from banks and progressive business houses for men and women equipped to handle machine bookkeeping.

Our instruction gives you a marked advantage in the hot race for promotion.

Watson's Practical Business College

"come back" in Wisconsin. In the republican presidential primaries last week his candidates for delegates swept practically every district in the state. In Chicago, Mayor Wm. H. Thompson, who was so harshly denounced as a German sympathizer, overwhelmingly triumphed in the election of his aldermanic ticket. These and other incidents, show there is a re-action among the people. They now see that there was an organized effort in those days to destroy any person who stood out for true Americanism as against the autocracy of the war machine. Right always prevails in the end.

WOMAN'S PLACE

In his speech in El Paso Bailey declared unequivocally against woman's suffrage, no matter how it might be obtained. He said "woman's place is in the home."

Possibly her place is in the home, but there are twelve million women wage workers in America. There are millions of women who work on farms. Hundreds of thousands of women teach school. Millions of women took a leading part in the war activities, both here at home and with the American forces under French skies. It can be said of woman nowadays just as the Savior said of a woman nineteen hundred years ago—"She hath done what she could."

Yes, the best place for woman is in the home, and millions of them are there, rearing children to be good and useful citizens—making the hearthstone the sheet-anchor of civilization and christianity. But, in these days they cannot all be in the home. A woman's place is out in the big world earning bread for themselves, their children, their parents and other loved ones—yes, doing work that must be done. Millions of them are out in the world doing work—as teachers, nurses, and so on—that only woman can do best.

Why not, then, let these women vote? Why should any man, especially a Southern man, think for a moment that the women have less interest in the weal of government than have men? Why should any Texan, think that the touch of a woman will defile the ballot, when he knows full well that woman hallows every other thing she touches?

You can depend upon it that woman almost invariably votes for good laws, laws that make her community, her state and her country a better place to live in. She always votes for the interest of her children, her husband—those nearest and dearest to her and when this is done God doubtless utters that blessed benediction, "Thou good and faithful servant."

IN A MINOR STRAIN

The only time a man tells a girl the truth when he is courting her is when he states that he is unworthy of her.

Another pest is the boob that uses six and eight-cylinder words to express one-cylinder ideas.

You may not believe it. But light-housekeeping is responsible for some mighty heavy cooking.

If the Lord answered all of our prayers we would all be wasting tons of stuff that we could not use.

Every man is a natural born fool and needs a guardian. That is why Nature makes him fall in love with a woman and marry her.

Smile! A smile is no more expensive than a frown.

PRESS COMMENT

Editor J. M. Adams of Plainview has quit the race for the legislature. He says he never wanted the office but in an evil hour his friends got him into the race. Adams would have made a good man in the legislature, but knowing the sacrifice it would have meant to him, we don't blame him for getting out.—Canyon News.

Our splendid friend, Jess Adams, of the Plainview News, announces his withdrawal from the representative race. Capt. Tilson, the present representative, will make the race in the place of Mr. Adams. In announcing his withdrawal Editor Adams says that he made the announcement on the spur of the moment and as a result of a night-mare, and that he had regretted his step ever since. He says that he had often said that he wanted written on his tombstone when he had passed over the Great Divide, "Here lies a man who never ran for office and never wanted to."

The Bencon is glad to hear of the withdrawal of Jess from this race, minute that he would not win his race, but we hated to see a good newspaper man go so far astray and be spoiled in the making of a politician that we have ever doubted for a man. Jesse's calling, like ours, is the print shop. We along with him expect to live the remainder of our

The New Edison

"The Phonograph with a Soul"
So perfect a realism is achieved by the NEW EDISON that its RE-CREATION of an artist's art cannot be distinguished from the artist's living art.

Talking machines do not and cannot sustain this vital test.

We are equipped to give you the Realism Test.

This is a test by which you can determine whether the NEW EDISON gives you the same emotions and pleasure as listening to the living artists.

We want you to make the REALISM TEST, it is a pleasant experience.

We have a remarkably complete line of NEW EDISON'S and you can find just the style you want.

No one will appreciate your business more than we.

PLAINVIEW, TEXAS

days in newspaper harness, and when the end comes with expect to pass out with the smell of printer's ink in our nostrils. We wouldn't sacrifice our individuality, our independence in politics, and in every other question of a moral and religious status for the office of United States senator. We congratulate Editor Adams in his wise decision and are truly glad to know that he is to remain with us newspaper boys in this great game of newspaper making, of making and unmaking politicians, the exposure of shams and frauds, and in the moral and material uplift of this great nation known as the Push-and-Pull of Texas.—Lockney Bacon

BOYS' SUITS
