HALE COUNTY DEMOCRATIC CONVENTION HARMONIOUS

NATIONAL ADMINISTRATION IS ENDORSED—DELEGATES TO STATE CONVENTION

The democratic county convention this afternoon elected delegates to the state convention, which will be held in Dallas, endorsed the Wilson administration, instructed the delegates to vote for W. P. Hobby for one of the delegates-at-large to the national convention, and endorsed R. A. Underwood of Plainview as a delegate from this district.

The convention was held in the county court room, and was well attended, all the twelve voting precincts except Center Plains, Halfway, and Westside being represented. Quite a number of women were present as delegates.

The newly elected county chairman, W. W. Kirk, presided, and J. M. Adams was secretary.

The following committees were appointed, at once retired, and began their work:

Credentials—C. D. Russell, Mrs. B. M. Johnson, J. B. Barton, Mrs. R. W. Brahan, Mrs. W. B. Martine, P. H. Andrews, Mrs. Ola Sloneker.

Resolutions—C. S. Williams, I. Z. Smith, A. S. J. Martin, J. T. Ellerd, Mrs. Tom Carter.

To nominate delegates—R. W. Brahan, A. B. Tarwater, J. C. Arnett, Miss Delta Ansley, C. G. Wendt.

The committee on credentials reported the following persons as properly accredited delegates in the convention:

Plainview, No. 1—John Sander, Mrs. E. Lee Dye, L. S. Kinder, R. W. Brahan, Mrs. W. B. Martine, P. H. Andrews, Mrs. Ola Sloneker.

Petersburg, No. 2—A. S. J. Martin, C. A. Joiner, J. W. McDaniel, I. Z. Smith, Jesse Boyd, T. J. Allen.

Happy Union, No. 3—C. G. Wendt, W. F. Nix, Lee Buchanan.

Hale Center, No. 4—W. S. Kisor, Mrs. R. F. Alley, Mrs. B. M. Johnson, W. B. Smith, Mrs. W. B. Smith, T. R. Galt, G. R. Scott, T. F. Mounts, Mrs. W. T. Lemond.

Runningwater, No. 5—A. B. Tarwater.

Bartonsite—J. J. Barton, G. F. Pool.

Abernathy—H. D. Rosser, J. W. Lemire, N. C. Nix, J. B. Jones, J. C. Arnett, W. H. Ragland, S. R. Merrell, T. B. Stone, J. J. Merrill.

Plainview, No. 10—Mrs. Tom Carter, C. S. Williams, Mrs. Geo. Saigling, W. W. Kirk, Miss Delta Ansley, L. M. Blakemore, C. D. Russell, J. L. Perdue, Mrs. R. W. O'Keefe, Mrs. Nellie Leach, J. M. Adams.

Lakeview, No. 11—J. T. Ellerd, P. L. Wimberly.

Halfway, Center Plains and Westside precincts were not represented.

The resolutions committee read its report, which was adopted, endorsing "the democratic administration under the leadership of President Wilson, both in peace and in war, and favoring its unqualified endorsement by the democratic national convention," and instructing the delegates to the state convention "to vote for no person for delegate from Texas who does not favor and support the principles and purposes expressed in this resolution."

The delegates were also instructed to vote for Gov. W. P. Hobby as one of the delegates-at-large, and R. A. Underwood for district delegate to the national convention.

Mr. Brahan proposed a resolution instructing the delegates to vote for Tom B. Love of Dallas for national committeeman, and it was adopted.

The committee suggested the following delegates to the state convention, and they were elected: Mrs. B. M. Johnson and G. R. Scott, Hale Center; W. F. Nix, Happy Union; J. J. Barton, Bartonsite; C. S. Williams, T. J. Tilson, Mrs. Tom Carter, P. B. Randolph, L. S. Kinder and R. A. Underwood, Plainview.

The convention then adjourned. The administration forces had all the delegates, and there was no opposition to anything that was proposed.

DALLAS TRADES EXCURSION COMING

The trades excursion of the Dallas Chamber of Commerce and Manufacturers' Association will visit in Plainview May 21, arriving at 10:40 and remaining an hour. The excursionists will tour West and Northwest Texas in a special train.

Henry Hagood of Amarillo is here.

Foster's Weather Bulletin

Washington.—Warm waves will reach Vancouver about May 5, 12, 16, 20 and temperatures will rise on all the Pacific slope. They will cross crest of Rockies by close of May 6, 13, 17, 21; plains sections 7, 14, 18, 22; meridian 90, great upper lakes, lower Mississippi and Ohio-Tennessee valleys 8, 15, 19, 23; great lower lakes and eastern sections of Newfoundland about May 10, 17, 21, 25. Storm waves will follow about one day behind warm waves and cool waves about one day behind storm waves.

These disturbances will control crop weather of North America from near May 6 to near May 26 and include the most important period of 1920. The storms to cross meridian 90 near May 15 will be more severe than usual and will cause very considerable rains in the middle Mississippi valleys and about both upper and lower great lakes. The storm to cross meridian 90 near May 23 will cause great floods in some parts of the sections mentioned for heavy rains following May 15. These will be dangerous floods.

During the weeks centering on May 15 to 25 I expect very considerable damage by hail in some of the places where hail storms sometimes occur in May. I particularly warn everybody in the west as mentioned that there is greater danger of tornadoes during these great storms. Don't go out on the lakes and ocean waters during these great storms; if you do you may never come back.

My new and improved system of forecasting makes a few changes in the May temperature line, differing somewhat from the published chart for May. Temperatures are now expected to go to the top near May 8, they fluctuate downward till May 26 and then progress upward again. No material changes in precipitation are expected in any of the sections before June 1, about which time a very important change will occur in all sections east of Rockies. A low temperature wave is expected to drift across continent May 24 to 28; another from June 2 to 6. These will carry frost further south than usual and tender plants will be in danger where killing frosts sometimes occur.

Ivey Moon of Hale Center attended the annual banquet Friday night, which was held at the Wayland hotel. Hattie Hargrove graduated from the bookkeeping department.

The school has been called upon recently for three Burrough Posting Machine operators. One of the calls was from New Mexico.

City has New Truck Driver

Chas. H. Goeth has become driver of the city fire truck, succeeding Ben Turner, who resigned.

Hale Center School Closing

The public school at Hale Center is closing this week. The baccalaureate sermon was scheduled to be delivered last Sunday by Jesse Sewell, president of Abilene Christian college; last night the graduating exercises and awarding of diplomas took place, and Dr. E. B. Atwood delivered an address.

Following are the 1920 members of the senior class: Nils Akeson, Garnett Shepard, Luther Griffin, Fannie Mae Barnes, Venus Horton, William Owens and Maurine King.

BUYS SHAFFER HOUSE

J. B. Gilliland and his son-in-law, George Lynn, have bought the Shaffer boarding house from J. M. Shaffer. They will remodel the building and use it as a rooming house.

This boarding house dates back to the early days of Plainview, and is quite a local landmark.

MOTHER'S DAY SERVICE AT THE BAPTIST CHURCH

A special Mother's Day service will be held at the Baptist church Sunday morning. Pastor H. J. Matthews will deliver an appropriate sermon. There will be a special musical program.

FIREFIGHTERS WASH PAVED STREETS

Friday night the members of the fire department used the big fire hose and gave the paved streets a needed washing.

S. E. Short and Guy M. Bailey have opened a new grocery store in the Lemond building. It will be known as the Hale Center Grocery Co.

Just before sugar took its recent sensational rise in price the editor of the News bought a year's supply. The local price is now 27c a pound.

JAUREZ CAPTURED BY REBELS

Juarez, across the river from El Paso, was captured Sunday by the Senora revolutionary forces.

PLAINVIEW MERCHANTS OFFERING BARGAIN SALES

SPECIAL SALES SHOULD DRAW PEOPLE FROM ALL OVER PLAINS

The merchants of Plainview are now holding the biggest special bargain sales ever held on the Plains. They are making special prices on practically all spring and summer goods in their stores, and great reductions are being made.

These disturbances will control crop weather of North America from near May 6 to near May 26 and include the most important period of 1920. The storms to cross meridian 90 near May 15 will be more severe than usual and will cause very considerable rains in the middle Mississippi valleys and about both upper and lower great lakes. The storm to cross meridian 90 near May 23 will cause great floods in some parts of the sections mentioned for heavy rains following May 15. These will be dangerous floods.

PEACE HATH ITS SORROWS

A woman's society, whose principal activity during the war was providing entertainment for the soldiers, was about to give a dance. One of the women who had acted as chaperon meeting a divorcee who had earnestly and strenuously thrown herself into the party and dance game, asked:

"Coming to the dance, Luella?"

"I think not," answered Luella, with a sigh.

"Why, what's the reason?" asked the surprised chaperon.

"I would have no one to dance with," said Luella.

"All our boys are back," replied the chaperon. "There are as many men as ever."

"Well," said Luella, "we could always depend on the soldiers, but who's going to make those other men attend?"

WILL USE RIFLES OF VETERANS

Rifles that were actually used by United States marines against the Huns in France at Belleau wood, Soissons, St. Mihel, Champagne or in the Argonne will be issued to recruits who never saw a fight when the big job just begun at the marine corps depot of supplies at Chicago is finished.

All the rifles used by marines in France have been turned in at the depot to be refinished and repaired. So well did their bearers care for them that most of them can be used again.

When they come out of the gunshop as good as new they will be issued to recruits, who will be inspired by the knowledge that they carry the same rifles that were used in the world war.

HAD THE WRONG PAGE

A young miss of seven, who has memorized from numerous readings her portions of her Chatterbox, pretends to be able to read. One evening she was seated upon the lap of a guest affecting to read one of her favorite passages relating to dolls. She was proceeding with great enthusiasm for several moments when the guest interrupted her by saying: "But my dear child, I don't see anything about dolls on that page."

"I know it," she said promptly and sheepishly. "I was reading on the wrong page." Then, turning several pages, "It's over here."

Mr. and Mrs. Alexander of the Panama Canal zone are expected this week on their wedding tour. They both have been living at Colon, but she was a Pennsylvania girl.

About a year ago Mr. Alexander was here and bought 246 acres of Hale county land for \$20 an acre. A few days ago E. C. Lamb sold it for him for \$45 an acre.

FOR SALE—5 room house, close in, west part of town, city water, lights, equipped with electric range that will go with house, nice orchard, good garage. Price \$4,750. \$2,250 cash will handle this proposition.—H. B. Adams, Phone 97, or call at News office.

Mr. and Mrs. J. W. McDaniel of Petersburg recently returned from a visit with relatives at Naylor, Mo.

Houston's FIFTEENTH ANNIVERSARY SALE

We want to make 1920 the "most" banner year of our business record. There are a number among our satisfied customers as nearly as possible every person in this trade a distance from Plainview and there is a reason for this. The quality, selection and advertising of them. We realize that it is necessary to make a price inducement to get those people a vast number of good customers at home, because they find here what they want at the among the people near at hand. Hence this might be called a "good will sale." Third, merchandise we are selling will be some higher and cost us more money to replace them than what we are selling them for. You could call this a new for us. So we call this our Fifteenth Anniversary Sale.

The lines of spring and summer merchandise have been scarcely touched—"Everything Is Included."

Better get ready to paint your
houses, barns and fences when the
spring winds quit blowing.

We still insist that the world's
most needed invention is a machine
to keep a person from putting his
foot in his mouth every time he opens
it.

Many Plains farmers are buying
tractors. Of all sections where a
tractor can be successfully and profitably
operated on the farm, this is it.

The Childress Post declares that
gambling is very prevalent in that
town. Why don't Editor Thomas get
the bunch into a game of stud poker,
clean 'em out and force 'em to leave
town?

In some of the cities of the state
the school teachers are organizing
and joining the labor unions, doubtless
for the purpose of striking at
the beck and call of the union officers
and walking delegates. Any school
teacher who joins a union should
have his or her certificate cancelled.
The News is favorable to legislation
looking to increased salaries, but if
this union movement becomes prevalent
we will fight any proposition that
seeks to increase or give any relief
whatever to school teachers; and
thousands of other Texans will do
likewise. No public official or employee
should be permitted to become
a member of organized labor.

Government statistics show there
is now only sixty million gallons of
whiskey in the United States, and it
is being diminished at a rapid rate, so
that within the not far off future it
will have gone to be with the dodo
and other things that were but are
no more. In "the good old days" the
normal consumption of whiskey was
a hundred million gallons a year.
Intoxicating liquor did not fit into
modern industry; neither did it jibe
with decency, morality, education or
religion—it is a degrader of people—
hence, it had to go. Except in a few
localities and here and there a thir-
sty individual, few people want John
Barleycorn resurrected. The new
generation has its mind on higher
things, and does not give any mind to
liquor. Yes, John has gone to
hades, and will never come back.

Adverse to High-Priced Secretary
We understand the city council is
adverse to employing a high-priced
secretary for the Board of City De-
velopment, but some of the mem-
bers think it best to employ a steno-
grapher, who, with the head of the
Board can take care of the cor-
respondence relative to Commercial club
matters.

The News has urged this plan for
more than a year, and hopes it will
be adopted.

Mrs. Lee Crawford of Winkelman,
Ariz., arrived today to visit relatives
at Bartonsite.

That fire whistle is blowing right
regularly lately—fortunately none
of the fires have been big or serious.
We believe that everyone should
cooperate with the fire department in
every way possible and reduce to a
minimum the risk and danger. You
should use the same care in providing
wholesome food for the members of
your family—its good health insur-
ance to do so. We buy our groceries
with care and feel that we can be of
assistance in providing pure foods
for the family table.

And speaking of health insurance
now that summer is coming you will
need ice and you will need to be sure
the foods you buy are of a quality
which will not only protect the mem-
bers of the family, but will give
them strength and vitality for the
world's business. As we say above
we keep these things in mind in buying
supplies which we expect to re-
sell to you.

Days like these few late hot ones
mean that more and more picnics and
moonlight rides will be in order and
what's a picnic or moonlight party
without the "eats." We can supply
lunch goods that will complete
the pleasure of your outing. Let us
try—if you do you will come back
the next time for more.

Cream won't keep so well from now
on so we urge you to bring it in more
often. We take sour cream, too, but
prefer the fresh and if you will get
in the habit of bringing in what you
have every time that you come to
town it will be better for both of us.
The butter fat test and the check
will come up promptly on your deliv-
ery to us.

No bowel trouble, no peeping chicks
hanging around to make the others
sick when you hatch them from vig-
orous stock and give the right feed
from the start to the finish—such
food is the Purina Chick Feed. The
use of it means healthy, vigorous,
happy chicks—and it means more
eggs in the egg basket next winter.

Of course, many of the hens are
going broody now and the egg yield
is slowing up a bit. We guess we
are like other folks, when things
begin to get a little scarce that is
just the time that we want it most.
That's the way we are now about
eggs—we want more and we are al-
ways willing to pay you the top
market price promptly. If you want
it in trade, alright, if in cash our
checks are still good at the bank.

Don't forget the Trades Excursion
—those should be three big red let-
ter days in the history of Plainview
and the towns to be visited. For
three days, May 18, 19 and 20 Plain-
view will have to stand the test of
showing its appreciation of the pat-
ronage of those who live in this
trade territory. Every business firm
and every office should be represented
on that trip. Of course you are going—we just suggest that you keep
the dates before you and begin to
get ready.

Fresh vegetables and fruits are
still coming—every day brings a new
item or two and we ask that you
keep in touch with us so you may
know what is being offered for the
day.

City Council Met Last Night
H. A. Preston was given the con-
tract for a year as city scavenger,
and will be allowed to charge 75¢ for
cleaning private privies, \$1.50 for
public privies, and \$5 for carrying off
and burying horses and cows.

The salary of H. A. Turner, en-
gineer on the caterpillar tractor, was
raised from \$110 to \$125 a month.

The salary of P. H. Andrews as
night watchman was increased from
\$85 to \$100 a month.

The city health officer reported
one case of diphtheria in town.

Ordered that \$100 be advanced to
the Junior Chamber of Commerce
band out of the City Board of Devel-
opment funds.

School Children Enjoy Picnic

Misses Lacy Dalton and Effie Mur-

It's all very well to take
some dealer's word about a
tire—if you know *who he is*
and his *object* in selling it
to you.

Our object in selling U. S.
Tires is to have you come
back for more—and be glad

that we sold them to you.

III

U. S. Tires have a record
behind them.

They are built by the peo-

HANDS, ARMS, LIMBS ASLEEP

And Was Run-Down, Weak and
Nervous, Says Florida Lady.
Five Bottles of Cardui
Made Her Well.

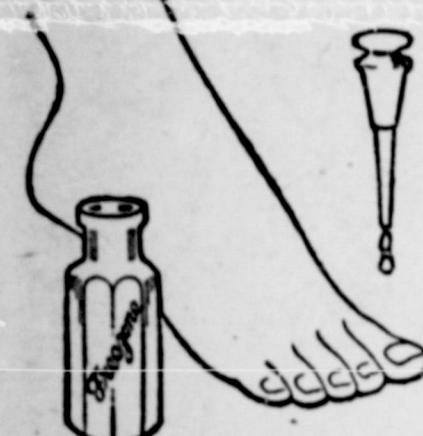

Kathleen, Fla.—Mrs. Dallas Prine, of this place, says: "After the birth of my last child... I got very much run-down and weakened, so much that I could hardly do anything at all. I was so awfully nervous that I could scarcely endure the least noise. My condition was getting worse all the time..."

I knew I must have some relief or I would soon be in the bed and in a serious condition for I felt so badly and was so nervous and weak I could hardly live. My husband asked Dr. [redacted] about my taking Cardui. He said, 'It's good medicine, and good for that trouble', so he got me 5 bottles... After about the second bottle I felt greatly improved... before taking it my limbs and hands and arms would go to sleep. After taking it, however, this poor circulation disappeared. My strength came back to me and I was soon on the road to health. After the use of about 5 bottles, I could do all my house-work and attend to my six children besides."

You can feel safe in giving Cardui a thorough trial for your troubles. It contains no harmful or habit-forming drugs, but is composed of mild, vegetable, medicinal ingredients with no bad after-effects. Thousands of women have voluntarily written, telling of the good Cardui has done them. Should help you, too. Try it.

Lift off Corns!

Doesn't hurt a bit and Freezone costs only a few cents.

With your fingers! You can lift off any hard corn, soft corn, or corn between the toes, and the hard calluses from bottom of feet.

A tiny bottle of "Freezone" costs little at any drug store; apply a few drops upon the corn or callus. Instantly it stops hurting, they shortly lift that bothersome corn or callus right off, root and all, without one bit of pain or soreness. Truly. No humbug.

GAINESVILLE IS AGAINST BAILEY

Home Precinct Refuses to Elect Him
Delegate to County
Convention

Gainesville, May 1.—His home ward overwhelmingly defeated former Senator J. W. Bailey in the convention of Gainesville precinct No. 1 this afternoon. Every ward in Gainesville also went against him.

Mr. Bailey himself attended the Precinct 1 meeting and actively participated as leader of his side. Geo. H. Culp and W. O. Davis led the other. The convention refused to send to the county convention a delegation headed by J. W. Bailey and instead elected a delegation headed by Geo. H. Culp.

The convention adopted by an overwhelming viva voce vote resolutions indorsing the Wilson administration and instructing the county convention to send only friends of the Wilson administration to the state convention.

As an amendment to this resolution Mr. Bailey offered his "Fort Worth principles" as an addition to

ANOTHER PLAINVIEW CASE

It Proves That There's A Way Out
for Many Suffering Plainview Folks

Just another report of a case in Plainview. Another typical case. Kidney ailments relieved in Plainview with Doan's Kidney Pills.

S. B. Farris, retired farmer, Plainview, says: "Last winter my back began to give me some trouble. It was sore and lame and ached most all the time. It bothered me mostly when I had to stoop over as sharp and aching pains would shoot through my back and shoulders and mornings when I first got up my back was so lame and stiff I could hardly straighten. I felt tired and worn out and had dizzy spells. I also suffered from headaches. My kidneys were weak and kidney secretions were scanty in passage and bothered me a great deal. I saw Doan's Kidney Pills advertised and bought some from R. A. Long's Drug Store. One box of Doan's cured me of the trouble. I recommend Doan's Kidney Pills highly to all my friends."

FIFTEENTH ANN

OUR BUSINESS has been exceptionally good this year--but we are not satisfied. There are many reasons for this sale: first, we want to extend our trade over this territory and beyond it. Every day we sell goodly bills of merchandise to customers who live at a distance from us. The advantages of our store justify them in coming a great distance, yet we want to sell to more people than ever before. Therefore, this might be called a "trade extension sale"; second, we have a large stock of merchandise on hand and we would like to reduce these stocks, regardless of the facts that many lines of the merchandise are still in demand. It happens, however, to be the fifteenth year of fifteen years of successful growth in this line of business in Plainview.

We have enormous stocks of merchandise on hand and we would like to reduce these stocks, regardless of the facts that many lines of the merchandise are still in demand. It happens, however, to be the fifteenth year of fifteen years of successful growth in this line of business in Plainview.

At the height of the spring and summer season comes this enormous sale at a time when some

RED STAR VAPOR OIL STOVE Works Like Gas

Is the most modern oil stove made. It produces a heat equal to a gas burner. It gives the best service, is economical, sanitary, simple to operate, its oven bakes perfectly, and the Red Star is made to last many years' hard usage. It roasts, bakes and fries—for its heat is easily regulated. The Red Star is handsome in design, and made in a number of sizes and styles. Burns kerosene, gasoline or distillate.

CITATION BY PUBLICATION

THE STATE OF TEXAS,
In the County Court, June Term, A.D. 1920.
To the Sheriff or any Constable of Hale County—Greeting:
YOU ARE HEREBY COMMANDED, that by making publication of this Citation in some newspaper published in the County of Hale for ~~until out of~~ ¹⁹²⁰ ~~and~~ ¹⁹²⁰ days hereof, you summon the heirs of J. C. Curtis, deceased, and their heirs and legal representatives, whose residence is unknown, to be and appear before the County Court to be holden in and for the County of Hale, at the court house thereof, in the city of Plainview, on the 1st Monday in June, 1920, same being June 7th, 1920, there and then to answer the petition filed in said Court on the 12th day of April, 1920, wherein Mrs. Moreen May Turney, joined by her husband, G. C. Turney; Glenn Lee Curtis, Robert C. Curtis, and John Roy Curtis, by his next friend Mrs. Zula Lee Kinard, are Plaintiffs, and J. C. Curtis, the heirs of J. C. Curtis deceased, and their heirs and legal representatives, are Defendants, the File Number of said suit being No. 749, and the nature of Plaintiffs' demand being in substance, an action for adjudication of heirship, wherein plaintiffs allege that J. C. Curtis, grantee in a deed from Mrs. Parthenia M. Curtis, dated the 19th day of June, 1918, recorded in Vol. 43 pages 589-590 Hale County Deed Records, to the following described land: Situated in Hale County, Texas, being a part of survey of 640 acres patented to W. J. Curtis, Asse of H. P. SOME TELEPHONE FACTS

IT COSTS MORE to furnish Telephone Service today than it did a few years ago.

THE COST OF ALL MATERIALS AND LABOR has increased in the past few years, but telephone rates have remained fixed. IT IS NOW IMPERATIVE THAT TELEPHONE RATES BE SLIGHTLY INCREASED IN ORDER TO MEET THE CHANGED CONDITIONS.

We have not been earning anything like a reasonable return and we must increase the rate to our patrons to a point where we can earn a small return on the investment.

The new rate will not yield a reasonable return, but it is imperative that we increase the rate to a point where we will not suffer a loss. The readjustment of telephone rates, however, is nothing like that in other lines, proportionately, but they will enable us to survive and properly fulfill our obligations to the public.

IN CASE OF FIRE

To the People of Plainview:

1. You are to remember the Telephone Company will not do your talking. They make the connection only.

2. First learn the name of your street and the number of your house.

3. Report fire to operator; she will give you Fire Station; stay on line and talk to us, don't leave phone and expect the operator to do the rest, because she is not allowed to do so, as it is against rules of the telephone company. Hold to the phone; you will save time and money.

4. When you have a fire, close all doors and windows allow on one to enter because by so doing you are fanning the fire, which is all it takes to burn you up in a hurry. Call us the first thing, as we can use chemicals and avoid damage to your furniture and household goods with water.

5. Do not try to combat fire yourself; that is what we are paid for and the first five or ten minutes is the time to avoid a grave disaster. Our Number is 24 or Fire Station.

6. This is to impress on you the sooner you get connection with us the sooner we can come to your rescue.

Kindly remember these remarks as they are useful in time of need.

All that we do ask of you is that you ask the man who owns a Cletrac what his tractor is doing for him. You know him—You

Plainview, Texas April 20, 1920.

Mr. C. B. Powell,
Plainview, Texas,
Dear Sir:

As per your request made in our personal conversation at your office, I am giving you an account of my experience with the Cletrac which I bought of the Monroe Hardware Co., Monroe, La.

I have a farm in Morehouse Parish, La. in the Mississippi Delta. I raise cotton, cane and corn principally.

The Cletrac was bought for general work on the farm. I have used it for harrowing, wood sawing, driving a 24" grist mill and baling hay.

I have had no trouble whatever with it, tho I had had no previous experience with tractors.

I think the Cletrac is one of the greatest machines a man could have on his farm on account of its being adapted to all kinds of work under most any conditions.

Down South of where I live there are great numbers of the Cletrac in service and I learned through conversations with owners of these machines that they were giving the very best of service and entire satisfaction.

I am glad to give this information for the reason that I see this country, on account of its great possibilities, will use great numbers of tractors in the future and the one I came here, primarily, for my health, it is more than likely that I will leave here with the fixed purpose of returning. If I were just twenty-five years old, I know I would. If I can do the people of this country a good turn by recommending a tractor, that by experience, I have found good, I am glad to do it.

Yours very truly,
T. O. Files.

Plainview, Texas April 20, 1920.

Mr. C. B. Powell,
Plainview, Texas,
Dear Sir:

It is with some pleasure that I answer your inquiry regarding the little Cletrac my father and I bought of you last August.

As you know this Cletrac was the first one you sold at Plainview. We had heard so many say that the tracks would soon wear out, it made us a little doubtful. We took your word for it tho, and took the little Cletrac, believing it was what we needed. We put it to work breaking stubble and sod. We broke 100 acres, then disced it, disced about 320 acres more and drilled our wheat in the 420 acres.

The little Cletrac did the work fine, used very little gas and oil. The upkeep was very little and in fact the only repair done on it was the result of carelessness. The tracks and all other parts of the machine are in good shape and the machine is as good as it was the day we began as far as I can see.

I feel I can conscientiously say that the Cletrac has proven to be everything you claimed for it. It will list and relist; it will pull a load over soft plowed ground as well as on hard soil and in one particular instance I did a job with it that I do not believe any other type tractor would do. I pulled a tandem disc harrow crosswise on listed land with high ridges, leaving the land level and ready to drill.

Yours very truly,
T. C. Blakemore.

Tulsa, Texas, April 14, 1920

Mr. C. B. Powell,
Plainview, Texas,
Dear Sir:

As per your request I am herewith relating to you the experience I am having with the Cletrac which was purchased from you some two months ago, by Mr. F. W. Clinkscales.

I have operated this machine on Mr. Clinkscales farm in the East edge of Swisher County, constantly since he has owned it, breaking sod. I am pulling a four disc Oliver plow, working about nine to ten hours per day. I take a ten gallon can of Solar oil to the field each da which lasts all day and am using about a quart to a half gallon of lube oil.

I have no trouble of any character. The machine is easy to operate and is a strong puller.

One of the jobs I have done with this machine was to pull an eight foot tandem disc harrow weighted down with about six hundred pounds through the broken sod land.

I can say that the machine is absolutely O. K. and I would recommend it to any one wishing to buy a tractor.

Yours very truly,
J. R. McFadden.

Having read these letters, if there are yet questions you would like to ask we are at your service to answer or to demonstrate—or we feel sure that any of the above owners would be glad to tell you more.

have confidence in him—you can see his tractor working and he can tell you what to expect of one on your own farm. That's fair isn't it? Just listen to what some of your neighbors and acquaintances in Hale County, in Texas and in the Southwest think of their Cletracs. These letters give you their very words:

Lockney, Texas, April 15, 1920

Mr. C. B. Powell,
Plainview, Texas,
Dear Sir:

In regard to the questions you have asked me regarding the Cletrac tractor which I bought thru your agents at Lockney, will say, as follows:

I bought this machine in February. I used it first in discing and drilling in 110 acres of oats, using a seven foot tandem disc harrow and a twelve hoe drill, pulling both at the same time. I used in doing this job, 110 gallons of distillate and two gallons of gas and about five gallons of lubricating oil. I also disced fifty acres of stubble, using same disc but weighted down.

I have not had the opportunity of using my machine in listing or relisting or pulling a thresher but I have seen it do all these things and it does it with all ease, doing the Lister work better, faster and more economically than can be done with horses.

I have hauled grain to the elevator at Aiken, a distance of eight miles, pulling four wagons loaded 15,630 pounds net weight of grain. In making this trip I had to cross the draw, I untrailed at the sand in the draw but pulled the hill with all four wagons with ease.

I have lived in Floyd County twenty-nine years; I have seen many kinds of tractors used for all purposes for which they were suited; I have owned another type of tractor myself; I therefore feel competent to judge of the efficiency and suitableness of a tractor for the farmers of the plains. It is my unqualified opinion that the Cletrac is the most practical, the most economical and the most efficient tractor that a man can buy and the only one that I know anything about that will come as near doing everything that a farmer has to do.

Yours very truly,
Homer Howard.

Barton Site, Texas, April 14, 1920

Mr. C. B. Powell,
Plainview, Texas,
Dear Sir:

I have used my Cletrac only in pulling an eight foot tandem disc. Am well pleased with the work it does. I can easily disc 25 acres a day. It is easily handled and is more economical on gas and oil than I expected. I can plow garden or orchard or any place that you can with one horse.

Yours very truly,
H. R. Carr.

Barton Site, Texas, April 2, 1920

Mr. C. B. Powell,
Plainview, Texas,
Dear Sir:

In reply to your inquiry regarding the work I am doing with my Cletrac bought of you in the winter, will say I have sodded 25 acres of land, discing 40 acres with one eight foot tandem harrow, doing the harrowing in one day of ten hours, and have hauled grain to town, 12,000 pounds to a trip. I have used about 15 gallons of coal oil and one-half gallon lube oil. My boy drives the machine and has had practically no trouble with it in any manner. I am highly pleased with the Cletrac and expect to buy another one this summer for I feel sure that I can entirely do away with my horses on the farm. I would not consider an offer of \$2,000.00 and do without the Cletrac.

Yours very truly,
J. S. Dugan.

Gentlemen:

I am writing you in regards to the two Cleveland tractors that I now have and have had in use for the past two months, doing exclusively HEAVY HAULING and wish to say they are giving me perfect satisfaction.

In my hauling I am using several large trucks including one five ton truck. Two months ago I decided to put on one Cleveland tractor and only run it one week before I decided to put on the second one.

I carry from seven to nine tons with these tractors by using either a large trailer or two regular horse drawn wagons (this is load drawn by each tractor). I make one trip per day to the oil field with the tractors carrying from three to four times as much with each tractor as I do with one large truck, therefore, they net me from two to three times as much per day with one-half as much expense as my trucks are costing.

With reference to moving rigs, I have moved several "Star Machines" with these tractors without difficulty.

Gentlemen:

ATTENTION MR. THOMAS:
Replies to your inquiry of recent date asking for an expression as to the headway we are making with our CLETRAC recently purchased from you for the City of Athens.

We have dispensed six miles with your machine and are doing approximately twice the amount of work we were able to turn out with the mules. And in some instances we have done work with the CLETRAC that could not have been accomplished with mules, grading in heavy Bermuda grass sod, using our 7 1/2 foot road grader.

In addition to the accomplishment of more than twice the amount of work with the CLETRAC that we were handling with mules, we are saving \$11.00 per day in cost of operation.

Yours very truly,

E. A. Landman,
Mayor, City of Athens, Texas.

Mineral Wells, Texas, Sept. 3rd, 1919.

Kibbe Tractor & Implement Co.,

Gentlemen:

Replies to your inquiry as to the success we are having with the Cleveland Tractor recently purchased from you by this city, will say, after a two month's trial, that I think this is ONE OF THE GREATEST little pieces of mechanism ever invented.

Due to the fact that we are situated in the heart of the oil belt we are subject to an unusually heavy traffic, not found generally over this country. We have a designated route for this heavy traffic through town which does not permit traveling paved streets.

Prior to purchasing this Tractor we graded this road, nearly two miles in length, at a cost for ten days work with teams, of \$1,015 (high cost due to the fact that we pay \$12.00 per day for teams). We later graded this road with our tractor in four days, at a cost of less than \$100.00.

This road is constantly being cut up due to the class of traffic and naturally takes longer to put in condition than an ordinary road.

In making a demonstration grading trip on the three miles of gravel road leading east from town to the Parker County line I made two round trips in four hours with this machine, covering a total distance of twelve miles and putting this road into the prime condition at a cost, including labor, of less than \$10.00.

Trusting this letter will be of service to you and hoping you will always count me a CLEVELAND BOOSTER, I am,

Very truly yours,

William W. McLendon,
City Engineer.

Dear Sir:

Regarding the Cletrac Tractor I bought from you on June 15, after having had quite a bit of experience with tractors, I find that the Cletrac is the most adaptable and economical tractor on the market.

I pulled a seven foot binder, which is only a half load, and cut 100 acres of grain with only 80 gallons of gasoline.

I have done all sorts of belt work and have done more and better plowing than any of the several different makes of tractors, of the same size in my community, in the same length of time, and when I buy an additional tractor, I am sure it will be a Cletrac.

Yours truly,

Mr. Milton Cox,
Care Kibbe Tractor & Implement Co.,
Dallas, Texas.

Dear Sir:

Your letter received and I wish to express my thoughts about the Cleveland Tractor which my father bought in August, last 1919. At first when I started to work with the Cleveland I wish to say that it was the first of any motor I had ever run. I plowed 200 acres of land, then I went over 120 acres with a three section harrow, and then over 100 acres with a tandem disc, this finished the work at home so Father got some outside land for me to disc. I was only 10 days at work, when I finished I had gone over 259 acres which I was getting \$1.50 per acre. I averaged 25 9-10 acres per day and in all made the sum of \$388.50. The longest day's expense was: gas \$5.06 and about 75c for the cup grease motor oil. I used mobile oil B and A and 2 gallons, \$1.50. I filled up and drained my clarifier three times daily.

Gas \$5.06, Mobile Oil \$1.50, Cup Grease 75c, Total \$7.31, Expense per day.

Talking about tractors, I wish to say the Cleveland fills the bill for the farmers. If they give them half a chance you will get good results. The last day I plowed, I plowed 17 acres between sums. Hoping you success with the Cleveland, and hope every owner of one is as well pleased as Father and I.

Very truly yours,

Charlie L. Garner.
