FOUR MILLION DOLLARS ON DEPOSIT SHOWS PROSPERITY

LARGEST AMOUNT EVER SHOWN IN STATEMENTS OF LOCAL BANKS

The three Plainview banks have four million dollars in deposits, as shown by their statements as per call at the close of business Sept. 8. This is the greatest amount of money in the banks ever shown by statements, and indicates the prosperity of the Plainview country.

The deposits in the other banks of the county, run the total up above \$4,500,000, or more than \$2,300 for each family in the county.

The First National Bank of Plainview has \$2,439,255.20 in deposits, the greatest ever shown since its organization more than twenty years ago.

The First National Bank claims to be "the greatest country bank" in the state and its statement reflects it.

The Third National has \$1,108,532.92, its greatest showing in deposits since it begun business seven years ago. Its statement is an admirable one.

The Guaranty State Bank is indeed a baby business, but through less than eleven months old, has \$393,298.52 in deposits, its growth being phenomenal in so short a time. Its statement is especially pleasing to its officers.

Below we give the summaries of the three banks:

Deposits	
First National Bank	\$2,439,255.20
Third National Bank	1,108,532.92
Guaranty State Bank	393,298.52
Total	\$3,941,086.64
Cash and Exchange	
First National Bank	\$664,150.85
Third National Bank	229,044.31
Guaranty State Bank	131,523.20
Total	\$1,024,718.36
Loans and Discounts	
First National Bank	\$1,902,527.97
Third National Bank	1,417,610.77
Guaranty State Bank	449,200.88
Total	\$3,769,339.62
Resources	
First National Bank	\$2,691,599.65
Third National Bank	1,417,610.77
Guaranty State Bank	449,200.88
Total	\$4,558,411.30

John R. Snyder Dies
John R. Snyder died at the home of his son, P. B. Snyder, seven miles south of Plainview, Friday, of old age. The funeral was held at the Snyder home this morning at 10 o'clock, the service being conducted by Rev. J. C. Charles from Hesston, Kans. Interment followed at Plainview cemetery.

The deceased was born Oct. 26, 1831, in Pennsylvania, where his young manhood was spent. He married there in February 1862, later moving to Illinois and then to Minnesota. In the early days of Pennsylvania he hauled his farm products in wagons across the Appalachian mountains to New York City and on the return was menaced often by robbers who sought to steal the goods and money he received from his products.

He and his wife came here about twelve years ago and have since been making their home with their son.

He leaves a widow and three daughters and three sons, the daughters living in Oregon, Kansas and Alberta, Canada, and the sons in Minnesota and Indiana and here. One daughter is deceased.

He was a devoted member of the Mennonite church.

Prominent Hog Man Coming
R. E. Prewitt of Happy has been employed by M. Hutchinson of Houston to become manager of Helen Temple farm, just northwest of Plainview, and he will soon move to the farm with his family.

Mr. Prewitt is president of the Texas Duroc-Jersey association and president of the Panhandle Swine Breeders' association and also has a herd of five Duroc-Jersey hogs, which he will move to the Helen Temple.

Helen Temple has the famous Fraser herd of Durocs, possibly the greatest in the state, and Mr. Prewitt expects to again build up the herd to the best in the Southwest.

TODAY'S MARKET
Butter, lb. 50c to 60c
Hens, lb. 18c
Eggs, dozen 40c
Fryers, lb. 29c
Green hides, lb. 7c
The supply of poultry coming into Plainview is steady. Hides are lowest for years.

Judge G. S. Arnold of Robert Lee has been here this week prospecting and visiting T. B. Butler and family. He will likely move to Plainview. J. J. Caudle of Meadow, Terry county, has also been visiting the Butler family, and is contemplating moving to Plainview.

\$50,000 STOCK SUBSCRIBED FOR GRAIN ELEVATOR

Planned to Raise \$125,000—Promoters Say It Can Be Secured Soon

The subscription list for the capital stock of the proposed grain elevator to be erected in Plainview by local wheat growers and others now shows about \$50,000 subscribed.

It is proposed to raise \$120,000 in stock, and those in charge of the subscription list are optimistic that it can be secured.

It is proposed to build a modern elevator of 250,000 bushel capacity.

When more than half of the stock is subscribed, a meeting will be held and directors and officers elected.

DeLeon Families to Move Here

Two DeLeon families have bought lots in Plainview, near Wayland college and will erect homes on them and move here, so Patterson & Groves, who engineered the deals, inform us.

J. T. Collie has bought lots 5 and 6, block 90, just this side of the college, and will erect a modern brick residence.

W. B. Butler has bought two lots in block 15, three blocks from this side of the college, and will erect a five-room residence.

Mr. Collie used to be in the newspaper business in Gorman, and Mr. Butler has bought the Flack Transfer.

District Court Proceedings

Bessimer Engine Co. vs. Robert Alley, suit over an engine, verdict for plaintiff.

R. C. Walters vs. Nine McComas, suit to make injunction permanent, judgment for plaintiff.

A new trial has been granted in the case of Prudential Life Insurance Co. vs. H. S. Pearson.

The grand jury is again in session after a recess since the first week.

In county court this week J. W. Peace was given a verdict for about \$170 against J. M. Graham for commission.

Will Give Up Tennis Court

Last year several hundred dollars was raised and free tennis courts and other amusements installed on the vacant half-block on West Sixth street between Baltimore and Columbia.

The courts were made especially for the young people, but very few took occasion to use them—in fact, the proposition was a failure for this reason. The grounds must now be given up, and it is proposed to donate the paraphernalia to the public schools of the city.

Attended Funeral of Mrs. Louthan
Relatives who attended the funeral of the late Mrs. G. W. Louthan here Thursday were: Two sisters, William Lundt of Greenville, Iowa, and Mrs. Jane Davis of Lingrove, Iowa. Other relatives in attendance were Miss Grace Davis of Chicago; Thos. Davis of Lingrove, Iowa, and Thos. Williams of Wichita, Kansas.

Visits of the Stork
Born to Mr. and Mrs. A. L. Aven, Ranningwater, Sept. 13, boy.

Willie Allen, Petersburg, Aug. 27, girl.

Arthur Garland, Plainview, Sept. 5, boy; named Doll Martin.

Chas. E. Painter, Plainview, Sept. 7, girl; named Leah Jeanette.

Examine Your Flues
As the winter is approaching people will soon be putting up their heating stoves. Fred Cousineau, city fire marshal, urges that flues be thoroughly examined and repaired if necessary before the stoves are put up. Such action may save you from a destructive fire later.

Republicans Carry Maine
In the election yesterday the republicans carried Maine by a vote of two to one, the majority being the largest since 1896 on account of the women voting. The republican leaders claim the large majority is indicative of what the result in the national election will be.

Ozark Trails Convention
The Ozark Trails Association will hold its annual convention in Pittsburg, Kans., Oct. 7, 8, and 9. Possibly several Plainview people will attend.

Fair Warm Weather
The weather is now fair and warm and is fast maturing the cotton and row crops.

Dr. J. C. Anderson left this morning for Rochester, Minn., to attend a clinic in Mayo Bros. hospital. He will be away about six weeks. Mrs. Anderson and daughter, Miss Electra, left last night for Denton, where the girl will attend C. I. A., for another year. Mrs. Anderson will visit at several points down in the state before returning home.

FLORAL PARADE ON SECOND DAY OF NORTHWEST TEXAS FAIR TO BE GORGEOUS

Floats and Cars Will Be Decorated and Compete for Prizes---Canvassing Town for Rooms for Visitors

The floral parade to take place the second day of the Northwest Texas Fair, will be a very beautiful one, a veritable kalidiascope of color, and will have decorated floats and cars in line. It will undoubtedly be the greatest show of the kind ever seen in Northwest Texas, possibly the state.

The floral parade is to be held the second day of the fair at 11 a. m. The following prizes will be given:

First prize for merchants float, \$35; second prize, \$25; third prize, \$15. This division is open to all business houses from any town.

First prize for private float, \$50, (one half merchandise and one half cash); second prize, \$15; third prize, \$10. This division is open to any person anywhere.

For most comical feature in the parade, \$10. In this division any person or group of persons from anywhere can compete.

For the best lady rider, \$25, (half cash and half merchandise): In this class there must be at least four entries. Competition is open to the world.

There will be no entry fees in any of the above divisions.

Entries should be in the hands of Guy Gibbs, chairman of the parade committee, not later than the preceding Monday afternoon although this is not compulsory.

The Chamber of Commerce at its meeting Monday night discussed the housing of the visitors to the Northwest Texas Fair, and it was thought that fully 1,000 extra beds would be necessary to care for the visitors at the fair each day. The association has rented 300 extra cots, to be rented to householders in the town who will agree to provide places for visitors to sleep. A committee, the names of which appear below, was appointed to canvass the streets named and secure promises from people as to how many rooms and beds can be counted upon for the visitors. It is urged that people put beds and cots in every possible room and hallway about their houses. John Boswell, secretary of the Chamber of Commerce, is arranging a card index for people who will furnish beds, and will handle the work free of charge to everybody. Phone him how many beds you can furnish.

John Boswell—Galveston and outlying districts.

CLAUDE POWER BECOMES ACTIVE VICE PRESIDENT STATE BANK

Also Has Place on Directory—Is Very Capable Banker of Long Experience

Claude Power has become active vice president and a director in the Guaranty State Bank of Plainview.

He is a very capable banker of many years experience, and the bank is fortunate in securing his services. He came to Plainview several years ago from Hedley, where he was in a bank. For the past year and until July he was assistant cashier of the Third National Bank.

Will Entertain Distinguished Visitors
The Board of City Development has appointed the following committee to entertain distinguished guests who will be in Plainview during the fair. A number of eminent agricultural department officials, agricultural writers, officers of cattle and hog associations will attend, and they will be accorded the proper hospitality and shown about the town and country.

Committee: O. M. Unger, Joe Kelleher, Charles Saigling, C. H. Curl, L. S. Kinder, P. B. Randolph, John Lucas, R. A. Underwood, Harry Fritz, O. T. Halley, Dr. J. L. Guest, A. E. Boyd, R. H. Knoohuizen, J. M. Malone, L. M. Faulkner, J. H. Slaton, A. C. Hatchell.

Everybody Coming to Fair
John Boswell, secretary of the Plainview commercial clubs, was in Canyon last week distributing advertising matter and boosting for the fair.

He tells us that most everybody up that way intend to be here, and a number of agricultural and live stock exhibits will be entered from Randall county.

The people up the Santa Fe want a special train to take them back home after the night entertainments here.

Plainviewans on Committee
Mr. and Mrs. R. A. Underwood of Plainview have been appointed district committee members to solicit contributions to the democratic national campaign fund.

T. Hammond and family have moved into town for the school year.

Plains Well Flowing
Water Like Artesian Well Near Olton Suddenly Begins Flowing After Eight Years As Pumper

Mr. Crozier, mail carrier between Plainview and Olton, tells us of a well on Wm. Wicker's place, near Olton, which is now flowing water.

The well is seventy feet deep, was drilled eight years ago, and is equipped with a windmill and pump. Several weeks ago water began flowing from it, and when the windmill is not running the water flows out. The well is on level ground. He says it is the first flowing well he has ever heard of on the Plains.

Childress Exhibitors Are Coming
Several Childress hog breeders will have entries at the Poland China and Duroc Jersey shows at the Northwest Texas fair to be held in Plainview, Sept. 27 to Oct. 1, inclusive. It is reported that some of the Childress farmers are going to enter wheat for the \$800 cash prizes offered in the wheat show. The \$200 cash first prize for the best bushel of winter wheat and the \$200 cash first prize for the best ten pounds of cotton lint is proving attractive to the farmers all over Northwest Texas.—Childress Index.

Housing the Fair Crowds
Plainview will have the biggest crowds during the fair that the town has ever accommodated. With an acute housing situation it is going to be difficult for all the visitors to be taken care of. It behooves the citizens of the town, in the interest of the city, to be planning now to make room in the homes for the visitors. Soon a concerted canvass of the town will probably be made to secure rooms. Begin now to "figure" where you will put your guest for all available room in the city will be needed.

Dentists to Hold Convention
The annual West Texas Dental convention will be held in Amarillo Sept. 16, 17 and 18, with Dr. C. D. Wofford, president, of Plainview, presiding. Most of the local dentists will attend.

Confederates Elect New Officers
John Pelham Camp, U. C. V. met Saturday and elected the following new officers: J. F. Neal, commander; J. O. Brown, first lieutenant; I. C. Thomas, adjutant.

Swisher Has 4,388 People
The census shows Swisher county has 4,388 people, an increase of 376. Tulsa has 1,189 people.

Miss McGillivray, who has been visiting her sister, Mrs. Dan Morgan, left Saturday for her home in Dallas, where she is in charge of the woman's division of the war savings stamp bureau of the federal reserve bank.

Glenny Green, the popular bank clerk, left Monday for a visit in Hale Center, Abernathy, Lubbock, Idalou, Lorenzo, Ralls, Crosbyton and other points on the Plains where there interesting girls. He expects to return soon.

Miss Ruth Upton left Monday for Fort Worth, to become a student in Texas Woman's college. He father, Rev. S. J. Upton, accompanied her.

Prof. and Mrs. A. G. Harrison went to Abernathy Saturday where they will teach in the public school. He is the principal of the school.

Mrs. J. L. Craig and daughters, Misses Clara and Lucy, and Miss Mabel Cornelius, left Sunday for Denton, where the girls will attend C. I. A.

Mr. and Mrs. M. Hutchinson and children left Sunday for their home in Houston, after spending the summer here, on Helen Temple farm, which they own.

Mrs. Thurman of Crystal City, N. M., came in Sunday to visit her brother, Dr. J. A. Ferguson, for a few days while en route home from a trip to Central Texas.

D. L. Hooper, who has been in Denver, Colo., for his health, has gone to Wellington, Texas, where he has accepted a position with a drug company.—Hereford Brand.

Mr. and Mrs. Slobaugh, who moved to Clovis, N. M., several years ago, moved back to Plainview last week, and will again occupy their home north of the railroad on the Seth Ward road.

J. E. McGinnis and family arrived Saturday from Hamilton, to make Plainview their home. They own a farm in the country and have bought the J. L. Dorsett residence in town, which they now occupy.

PLAINVIEW MAY SOON GET FREE CITY MAIL DELIVERY

POSTMASTER STOCKTON THINKS IT CAN NOW BE SECURED IF PUSHED

At its meeting last night the Chamber of Commerce discussed matters pertaining to the coming Northwest Texas Fair, and especially the housing and feeding of the visitors who will come by the thousands. A large committee was appointed the names of its members appearing in another column, to canvass the town, and secure promises to furnish rooms and meals, and to complete the work by Friday at noon.

Postmaster Stockton was before the meeting and said he had again made application for free city delivery of mail, and thought that it would be granted this time. The built up part of the town is adequate, so are the cement sidewalks except a little gap here and there which have been ordered laid by the council. The rule is that where a town has less than ten thousand population its postal receipts must be above \$10,000 a year, and as Plainview's receipts are above \$30,000 a year this provision is amply satisfied. A committee was appointed.

Postmaster Stockton, A. E. Boyd and E. B. Miller were appointed to push the matter through to success.

It was decided that the members of the Chamber of Commerce give all of their time to promoting the interests of the fair, after then other matters will be considered.

Work Begins on Produce Building
J. B. Maxey was in Amarillo Friday and secured the contract for the erection of the Merchants' Produce Co. storage plant in Plainview, and work was to have begun yesterday.

The building, so Mr. Maxey informs us, will be constructed of steel and cement, and be quite a large modern plant, for the storage and handling of poultry and country produce. It will cost about \$25,000, and it is hoped to complete it in from ninety to 120 days.

Ten cars of gravel, one of cement, and one of steel have already been shipped, the steel and cement from the company's larger plant under construction in Amarillo.

Reads Like a Dime Novel
The chapters in the case of the homicide of Judge Burton at Crosbyton, seem to be contained regularly. Cates, the murderer, is still in jail pending a hearing on his appeal from a ninety-nine year sentence. The widow of Burton Cates will leave her property to Letta. The will was contested in the courts by Mrs. Burton's sister and the will was set aside, and the property will go to the rightful heirs. This is probably the first case in the history of a man murdering another to secure his wife, being under sentence for first degree murder and then going into court to secure the dead man's property, as the paragon and heir of the widow.

Confederates to Meet
The Confederate Veterans of Camp Plainview No. 1548, are invited to attend a call meeting at the corner of Baltimore and 11th Streets, No. 213, Saturday, the 18th, inst., at 3 p. m.

JOHN FREEMAN NEAL, Commandant.

Public Auction Sales
Auctioneer T. J. Allen will hold a sale of Jersey cows for Messrs. McCall and Kitchen at Lorenzo Friday.

Box Supper at Plainview
There will be a box supper for the benefit of the school at Plainview school house next Friday night.

S. L. McMillan and family of Sulphur Springs, have been here the past week prospecting, and may locate. They are in their car. He was here last fall and was greatly impressed with the country, and has since been reading about it in the News. He says crops in Northeast Texas are not at all good this year.

Rev. and Mrs. Gordon Lang were here Saturday. They live at Canyon, where she will have a position at teacher in the normal. He is traveling as advance agent for the Horner chautauqua and lyceum bureau.

Misses Mary, Maggie, Annie and Esther Preston, and their brother, Lloyd, went to Plainview Monday to attend Wayland college. Miss Mary will not attend the school, but will serve as housekeeper for her sisters in that city.—Tahoka News.

Mrs. J. P. Crawford is in Mineral Wells with her father who is very sick. She spent the summer in the Colorado mountains and was en route home when she received the message telling of his illness and went there from Amarillo.

The Northwest Texas Fair in Plainview Sept. 27 to Oct. 1, inclusive, will be the greatest show of the kind ever held in this half of the state. Read of the numerous attractions in the large advertisement published on page six.

AMERICA.

My country! 'tis of thee,
Sweet land of liberty, ...
Of thee I sing;
Land where my fathers died!
Land of the Pilgrim's pride!
From ev'ry mountain side,
Let freedom ring.

My native country thee,
Land of the noble free,
Thy name I love;
I love thy rocks and rills
Thy woods and templ'd hills
My heart with rapture thrills
Like that above.

Let music swell the breeze,
And ring from all the trees
Sweet freedom's song;
Let mortal tongues awake;
Let all that breathe partake;
Let rocks their silence break,
The sound prolong.

Our fathers' God! to thee,
Author of liberty,
To thee we sing;
Long may our land be bright
With freedom's holy light;
Protect us by thy might,
Great God, our King!

—Join the excursion to the Rio Grande Valley every Monday night.

J. M. COFFEY, General Agent. W. E. Stewart Land Co.

ganic law, which cemented the fortunes of thirteen struggling colonies into anation that has widened its boundaries from ocean to ocean and increased its population from three to 195 million people—now the greatest and freest country the sun ever shown upon.

The constitution is not ironclad, for it is elastic enough to meet the needs of the progressive generations, and where needful it is capable of being amended to suit great problems that come up for solution, though only nineteen amendments have been engrafted upon it in more than a century and a quarter.

The constitution of the United States is the beacon light to not only Americans but to the world. Long may it live to bless mankind!

ALL SHOULD GO DOWN

In another column is an article from Washington, telling of the reduction of prices of farm products, which showed a decrease of 10.6 per cent in prices paid farmers for their principal farm products and livestock.

The News has many times declared that the farmer was to be made the goat in any lowering of prices—and our prophecy is coming true.

Wages and the price of manufactured goods are going up all the time. Railroad freight rates in August were increased 35 per cent, and the farmer has to pay the greater part of this increase by deducting the increase on the farm products he sells and paying the extra price on the manufactured things he buys.

Manufacturers, middlemen and retailers demand higher prices than even the present schedules. Hundreds of thousands of railroad workers, factory hands and miners are now out on strikes for increased wages over the present high wages.

The government prohibition boat is grant such increased wages every time the unions ask it, not the full increase as demanded every time, but heavy increases just the same.

The government is using its power to reduce the prices of food products, which means it is doing what it can to reduce prices paid to farmers.

The stock raisers are also suffering from reduced prices. The average price of live stock now only 1.2 per cent more than ten years. Wages and manufactured products have increased from four to twenty times what they were ten years ago. Freight rates have doubled and trebled.

The farmers and stockmen are receiving the hot end of the poker.

When the prices of farm and ranch products are reduced wages and the price of every manufactured product should be reduced in proportion. If the farmer and stock raiser get low prices for his products and labor, manufacturers and dealers continue to receive high prices the farmer and stockman is being robbed.

The only way to meet the situation is for the farmer and stockman to reduce production to a point where the laborer and manufacturer is starved into giving a square deal.

All food comes from the farm and ranch. The farmer and stockman have the whip handle in hand and can use it if needs be.

The producer should raise his own living at home, just what he and his family can produce, and sell only the surplus. The farmer who does this will win over the interests that are preying upon him.

The farmer and ranchman should have a square deal—something they are not now getting.

A San Antonio girl has won a prize for being the prettiest girl in the United States. It is evident that no Plainview girl was in the race.

Gov. Cox declares that prohibition is a dead issue. He also says that he voted the dry ticket in Ohio elections. He is right about prohibition being a settled issue. It is in the constitution, and will never be repealed. No matter who is elected president, the law will be enforced. John Barleycorn is down and out. The new and progressive age has no place for liquor.

TULIA

Sept. 9.—At the home of the bride's parents, Mr. and Mrs. G. A. Hall, Miss Ruth Hall and Mr. Floyd McConnell were quietly married on Thursday afternoon, September 9th. Rev. T. C. Wilhite officiating.

Mr. and Mrs. Douglas Burns left Tuesday for Colorado, Texas, where they will spend a few days visiting with Mr. Burns' parents and other relatives and friends.

Mrs. Williams and Miss Velma Shelley were operated on Tuesday at the Plainview sanitarium for appendicitis. At last reports the ladies were recovering as rapidly as could be expected. —Herald.

New Santa Fe Division Agent W. E. Goodloe of Trinidad, Colorado, has been appointed division freight agent of the Santa Fe with headquarters at Amarillo, to succeed C. C. Dana, transferred to Chicago. Mr. Goodloe's appointment was effective September 1.

Delighted With Colorado Country Miss Noble Page writes to us from Canyon City, Colo., a card saying she is delighted as "this is the most wonderful country I ever had the pleasure of seeing." The Page family will make that place their home.

J. H. Minor of Olney, Young county, has bought the Hugh Speed quarter-section farm, five miles northwest of Plainview, and he will occupy the place with his family.

The Plainview News

Published Tuesday and Friday at Plainview, Hale County, Texas.

J. M. ADAMS, Editor and Owner

Entered as second-class matter, May 23, 1906 at the Postoffice at Plainview, Texas, under the Act of Congress of March 3, 1879.

Subscription Rates

One Year	\$2.50
Six Months	\$1.35
Three Months	.75

"The melancholy days have come, the saddest of the year"—to the small boy. Public school opened yesterday.

The city government needs money very badly. Why not levy an occupation tax against those loafing on the corner of the square?

On account of the increased price of print paper some of the Northwestern country weekly newspapers have raised their subscription to \$4 a year. Yet, the News furnishes a paper twice a week for only \$2.50 a year.

Plainview is a town of pretty modern homes, imposing churches, good schools, paved streets and the highest class of citizenship to be found anywhere. It is a very admirable place to live and raise a family under the best environments.

In South Carolina the watermelon crop is so abundant the market is glutted and the farmers are giving them to persons who will come and get them. Wish we had the time and money to make a trip to that good old state.

CONSTITUTION DAY

Friday, Sept. 17th, will be "Constitution Day", that being the anniversary of the adoption of the United States constitution, which is the greatest charter of ordered freedom the world has ever known.

While the day will not likely be generally celebrated, it should be, for the people should be more familiar with the provisions of this wonderful document, which is the sheet anchor of our liberties, as a people.

There are those who would tear to pieces the onstitution and trample in the dust the "Star Spangled Banner", alleging that the constitution is burdensome and unfair and that the flag is not the flag of the free. But, those who say such things are devilishly crazy, and not competent to know right from wrong, for the greatest statesmen and thinkers of the past 135 years have acclaimed it the "greatest document ever penned by the hand of fallible man". To urge that it be supplanted by anarchy and chaos as it prevails in Soviet Russia is prima facie evidence that the one who urges such is a fool.

Those were smart, great, patriotic, and good men who drafted this or-

METHODS OF TREATING WHEAT FOR SMUT

Farmers Will Profit Greatly by Inoculating Seed Before Planting—Two Methods

Capt. Winfield Holbrooks, manager of the Texas Land & Development Co. and head of the agricultural committee of the Plainview Board of City Development, declares that this year the wheat growers of the Plainview country suffered great loss on account of smut affecting their wheat. In some farms the loss was fully 50 per cent.

He urges that they inoculate their seed before planting, as the treatment is not costly and is sure to pay profitable dividends. Capt. Holbrooks has handed in the following for publication:

W. H. Darrow, county agricultural agent of Floyd county, who has recently been appointed supervisor of the San Antonio district, on account of his success in agricultural extension work, advises that farmers follow carefully the government instructions for treating wheat against smut, unless they have a method which is known from personal experience to be effective.

Wet Method of Using Formaldehyde to Treat Seed Wheat

Sprinkle seed until thoroughly moist with solution of 1 pint of formaldehyde to 40 gallons of water, shoveling over repeatedly to distribute moisture evenly. Forty gallons will treat 60 bushels. Shovel into a pile and cover with sacks, canvas or blankets for two hours or over night. Dry by spreading in thin layer and stirring occasionally with rake. Seed may be sown when dry enough to run freely through drill, setting the drill to sow about 2 pecks more per acre, to allow for swollen condition of grain. If to be stored for several days or longer, dry thoroughly. Disinfect sacks bin and drill, to prevent re-infection.

Dry Method of Using Formaldehyde to Treat Seed Wheat

Mix one pint of formaldehyde with one pint of water and use in small hand sprayer. Atomizer sprayers can be purchased for fifty to seventy five cents. Spray the solution on grain as this is being shoveled over, holding sprayer close to grain and taking care that the mist is well distributed. One stroke of the sprayer gives enough mist for each shovelful of grain. One quart of solution will treat fifty bushels. When all grain is treated, shovel into pile, and carefully cover for five hours as directed under the wet method. The grain may be sown immediately after the treatment, or allowed to air thoroughly and stored in disinfected sacks or bins until needed. For further information address the United States Department of Agriculture, Washington, D. C., or your state agricultural colleges.

HALE CENTER

Sept. 10.—Miss Lora Baker of Quitaque, is visiting her parents, Mr. and Mrs. A. J. Baker.

Lowell Short is again in his former place with the McAdams Lumber Co. Mrs. Pearl Chorn who has been a guest of Mr. and Mrs. G. H. James, left Tuesday for her home in Scurry county.

J. A. Ragle of Cone, Crosby county, has bought the Grade place north of town and will take possession Jan. 1. He will keep posted on events through the Record.

The following young people of Hale Center will soon leave for Canyon, to attend the West Texas State Normal: Misses Mona and Venus Horton, Fannie Mae Barnes, Ernestine and Beth King, and F. E. Norfleet.

Miss Vera Terry left Wednesday morning for Tyler, where she has accepted a position as teacher of English in the public school.

Misses Ernestine and Beth King entertained at their country home last Saturday for Luther Griffin. Following the amusement features, refreshments of fruit salad and cake were served. The following were present: Misses Inez Bouler, Fannie Mae Barnes, Mona, Venus and Gladys Horton. Messrs. H. A. Lynch, Claude Scroggins, Leon Powell, Claude Wall, Marion and Luther Griffin. —Record.

T. Hammond and family have moved into town for the school year.

Arrested for Transporting Tequilla

Fifty-two quarts of tequilla, valued at \$1,040 and a big Chandler touring car are now possessions of the law, while Ralph H. Nicholson of Amarillo, and Jno. S. Richardson, of El Paso, languish in the county jail here charged with having intoxicating liquor in their possession, as the result of the heaviest booze haul in this county since the advent of the prohibition law, according to the Clovis, N. M., Journal of September 9, which gives the report in full, thus:

Nicholson and Richardson fell into the meshes of the law by way of tracks into a cane field five miles north of here. The tracks led to a cache where the booze was hidden and a tip to the sheriff's office led to the arrests.—Amarillo Tribune.

FOR SALE

Twenty-six inch steel Case Separator, only used one season, all belts complete, everything ready to go. Also Twelve-twenty Emerson Tractor, only used a short time. This will make a dandy outfit to thresh that maize crop.

Get in touch with me quick if you want it. Would make terms to responsible parties.

Miss Rosa May Archibald and child, who has been visiting her mother, Mrs. J. L. Vaughn, left Saturday night for their home in Durant, Okla.

Prof. Earl Sparks left today to attend Harvard University, Boston, Mass.

SOCIETY

Shower for Miss Esther Upton, Bride-to-Be at Mrs. Huston's

Saturday afternoon between three and five o'clock, Mrs. R. E. Huston honored Miss Esther Upton, a bride-to-be, with a shower at her home in Seth Ward Addition. The rooms were decorated in flowers, carrying out the color scheme of red and white.

When the guests had assembled a message was sent to call Miss Esther to the telephone, which she unsuspectingly came to answer. In order to get the message to the bride-to-be was instructed to follow a string, which wound about the room, about furniture and under doors. At the end of the string she found a collection of useful and beautiful gifts, which consisted of aluminum and silverware, table linens, towels, glassware, crochet and tatting. These many gifts testify to the esteem in this worthy young lady is held. After a pleasant social hour the hostess served a delicious ice course with two kinds of cake.

Those present were: Mesdames V. L. Formway, Hugh Tatum, R. H. Germany, Will Garraway, E. E. Freeman and children, Lee Rushing, J. C. Woolverton, J. O. Dueising, E. C. Fullingim, Charley Brown, S. S. Sloneker, Mrs. S. J. Upton, and Mrs. W. H. White of Lockney, also Misses Katherine Willis, Bessie Terry, Carrie and Agnes Bier, Vera White, Loubeth King, Beulah Duensing and the hostess.

Ernest Clarence Ebeling and Miss Harriet Evelyn Marquadt marry. Miss Harriet Evelyn Marquadt became the bride of Mr. Ernest Clarence Ebeling. The ceremony took place at the home of the bride's sister, Mrs. J. A. Loring, in West Plainview. Rev. Hubert Bullock performed the ceremony. The couple left on their honeymoon for Temple, where the groom's sister lives. They returned this morning and will make their home here.

They are very popular young people, and have a host of friends who wish them much happiness and prosperity.

Girls' Auxiliary

The Girl's Auxiliary of the Baptist church met with Helen Looper Friday afternoon, at 4 o'clock. There were twelve girls present. The meeting opened with a song after which a program was rendered on Christian Education.

Twenty-five dollars was subscribed towards paying for the silver ware of Wayland college. While Victrola music was enjoyed, delightful refreshments of dainty sandwiches and iced tea were served.

Prof. Lovelady Marries

Prof. Bert E. Lovelady, principal of Plainview high school last year, was married Sept. 1st at McKinney to Miss Rachel Doggett. They will make their home in Richmond, Texas.

Plainview Young People Marry in Tulia

Miss Pearl Lane and Mr. Otis Buchanan, of Plainview, were married in Tulia last Saturday night, September 4th, at 10 o'clock, at the Methodist parsonage. Pastor T. C. Wilhite, in his usual pleasing manner, spoke the words which united the lives of these young people.

Mr. and Mrs. Buchanan left immediately after the ceremony for a short visit in Amarillo.—Tulia Herald.

Mystic Club

The first meeting of the Mystic club was held at the club room, on Sept. 11th.

Mrs. Kinder being absent from the city, Mrs. Dye, first vice president, presided.

A very interesting meeting and a splendid program was led by Mrs. Woodridge.

Short sketches of early writers were rendered as follows:

Capt. John Smith—Mrs. Putnam, Cotton Mather—Mrs. Meharg, Benjamin Franklin—Mrs. E. Graham.

Jonathan Edwards—Open discussion by club.

The club will meet at 2 o'clock 2nd and 4th Saturdays in each month.

Former Plainviewan Marries

Mrs. Lois Frye and Mr. Douglas Burns were married in Amarillo Monday, August 30th. After a short bridal trip they returned to Tulia, and are now comfortably domiciled in their elegant home in West Tulia.

The bride has lived in Tulia for a number of years, and her pleasing manners and graces have won our people as her friends.

Mr. Burns is the general manager of Burns & Pierce's Dry Goods emporium in Tulia. He has been a citizen of our city for about two years. By his energy and business methods he has built up a splendid patronage, and all our people respect and honor him.—Tulia Herald.

Mr. Burns was a citizen of Plainview several years ago, being a member of the firm of Burns & Pierce.

Parent-Teachers' Association

The Parent-Teachers' Association will hold their first regular meeting Friday afternoon, Sept. 17, at 3 o'clock, at the High School building.

All parents interested in better schools for Plainview are urged to be present. Important business will be transacted.

tral school, will deliver a short address. A musical number will be given by Miss Quinby, teacher of music in high school.

All mothers of the Central school pupils are urged to be present as the Mothers' club will be re-organized.

Moon-Smith

Mr. Harry Moon and Miss Alta Smith were married August 26th, at Colorado Springs, Colo.

Mr. Moon is proprietor of the Moon Dry Goods Co., of this city, and is an exemplary young man. The bride is a daughter of Mr. and Mrs. W. D. Smith of Canyon, Texas, and formerly taught music at Petersburg.

Mr. and Mrs. Moon spent their honeymoon in sightseeing, visiting Seven Falls, Pike's Peak and Denver, Colorado.—Hale Center Record.

Home Economics Club

The Home Economics club met this afternoon at the home of Mrs. R. A. Underwood. It was an open session and various games were enjoyed, the "Fishing Band" proving the most interesting.

One number on the program rendered was an interesting talk by Mrs. E. Graham, mother of the club, and another the vocal solos by Mrs. Geo. Wilson and Mrs. Matt Cram. The hostess served a salad course.

Miss Esther Mae Upton to Marry Harvey Lee Pace.

Cards are out for the wedding of Miss Esther Mae Upton and Mr. Harvey Lee Pace, at the home of her parents, Rev. and Mrs. S. J. Upton, in Seth Ward addition, Wednesday, Sept. 22.

Mrs. Ansley, Sr., and daughter, Miss Della, returned Wednesday from Mills, N. M., where they have been visiting Sam Ansley and family.

Mrs. Kiner and child, who have been visiting her sister, Mrs. Fred Crawford, for several weeks, left yesterday for their home in Houston.

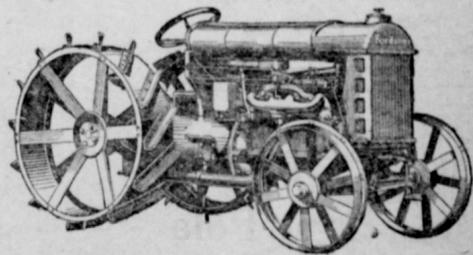

J. H. Lutrick and F. G. Hudgins of Abernathy are here today.

Rev. G. I. Britain returned Saturday from several weeks spent in Fort Worth with his wife, who suffered a stroke of paralysis. He reports she is greatly improved.

EVERYBODY'S GOING OVER TO LUBBOCK NEXT WEEK

There is at least one time in the year when all people of all sections of the South Plains can meet for educational, amusement and business purpose and that is what happens at the

Panhandle-Southplains Fair

Lubbock, Sept., 23-25

Reduced rates can be obtained on the Santa Fe to Lubbock.

This year the fair is much larger; the capitalization has been increased and a large corporation formed which has built large buildings to house the agricultural, mechanical, arts and industrial displays.

There Will Be Plenty of Amusements

Airplanes, flying stunts, throughout the entire three days; merry-go-rounds will be running, the bright lights of the Carnivals and shows will be flashing, the bands will play and beautiful displays of fire works will feature the attractions at the fair grounds at night, and goat roping, baseball, and football and speaking will furnish much of the attractions during the day.

In Fact You Cannot Afford to Miss It

Ask your local agent about reduced rates to Lubbock.

DESTRUCTIVE STORM VISITS BRISCOE COUNTY

A very destructive rain, hail and wind storm visited this section of the Plains last Sunday night, passing west and south of town, carrying destruction in its wake. In places it acted like a cyclone and the heavy hail accompanying it did terrible damage.

It wrenched G. B. Mayfield's large barn from the sills, moving one end of it several feet, notwithstanding it was in the side of a hill seven feet on one side. He had several sheds torn down and the shed at Rock Creek school house were torn down. The storm passed on in a southeasterly course destroying many crops. Among those hit the worse we learn of is P. A. Jones, crops all a total loss except some on the Roundtree place; Prentic Richards, crops total loss, windmill torn down, as was also the case with W. T. Roberts; J. R. Steele, heavy crop loss, one mill torn down; J. S. Lightsey, heavy crop loss; R. M. Guffy, mill torn down, other losses; the Skeens had heavy crop loss, also Clarence Sheets, R. E. Brookshier, I. M. Mills, D. N. McGavock and others in that community. T. D. Wallace was one of the heaviest losers southeast of town while many others there lost heavily. Many of the farmers we have not heard from as to their loss.

P. A. Jones was possibly the heaviest loser and he estimates his loss at not less than \$7000. Very little of the losses in this storm was covered by insurance. Many estimated the rainfall from 10 to 12 inches, and old timers say Rock Creek was higher than before in 30 years.—Silverton Star, Sept. 10.

REAL ESTATE TRANSFERS

Fannie McClonahon Abney to Chas. Frigdon, lots 5 and 6, block 17, consideration, \$6,000.

Emma Dyer to L. V. Martin, east 1-2 of lots number 9 and 10, block 1, consideration \$1,100.

LOCKNEY

Sept. 10.—Evangelist Horace Busby and Austin Taylor, of Fort Worth, Texas, will begin a series of meetings at the College September 17th, to continue over two Sundays.

The Farmers Co-Operative Elevator of Lockney has a new manager, Mr. L. A. Mabry of Fort Worth, who takes the place of Mr. A. J. White, who resigned on account of his health.

The Lockney Kindergarten opened at the Christian college building last Monday, with an enrollment of 23.

Miss Cochran of Chicago, an experienced kindergarten teacher, has been employed and is in charge of the work.

A serious hail storm visited communities Northeast and Southeast of Lockney the latter part of last week, doing much damage to cotton and feed stuff.

Miss Ella Ratjen of the Providence community has accepted a position with the First National Bank as stenographer.

Last Sunday at the public school auditorium there was a double wedding, in which Mr. Guy Sams and Miss Pauline Sims, and Mr. Bob Reeves and Miss Lottie Blount were united in holy bonds of wedlock. Rev. H. Bascom Watts officiating.—Beecon.

Reads Like a Dime Novel

The chapters in the case of the homicide of Judge Burton at Crosbyton, seem to be contained regularly. Cates, the murderer, is still in jail pending a hearing on his appeal from a ninety-nine year sentence. The widow of Burton left will leaving her property to Cates. The will was contested in the courts by Mrs. Burton's sister and the will was set aside, and the property will go to the rightful heirs. This is probably the first case in the history of a man murdering another to secure his wife, being under sentence for first degree murder and then going into court to secure the dead man's property, as the paragon and heir of the widow.

Hog Grinds Own Feed

C. S. McCurdy, of the Idalou community, in the county recently shipped a car of seventy hogs that averaged 205 pounds each. These hogs were fed out on maize within last sixty days and ran from seven to ten months old. A novel appliance was employed for grinding the feed for these animals in the form of an apparatus consisting of an endless belt which served as the floor of the chute or pen. One of the animals was confined in this chute and trained to operate the belt which transmitted the power to a shaft which operated the feed grinder.—Lubbock Avalanche.

SILVERTON

Mrs. Jim Smithee has bought the Dr. Crawford residence at the north end of Main Street, where she will make her home.

Mrs. Sam Brown and children of Plainview visited at the home of Mrs. Fred Biffe last week.

Bob Clary and wife came in Tuesday on their way home from Plainview, where Bob has been playing on a ball nine this summer.—Star.

REAL BARGAINS IN CARS

We have for sale three real bargains—two of them new cars directly from the factory but slightly damaged in shipment and one dandy good Buick thoroughly worked over.

One of the new cars is a

Buick K 44, Roadster

The other new one is a

K 45, Five Passenger Buick Touring Car

The used car that has been thoroughly overhauled is a Buick H 45, 1919 model, 5 passenger touring car.

Don't fail to get busy in looking over these cars.

McClelland Buick Co.

Purina ingredients put feathers on fast

Unless a hen obtains abundant elements during the moult to make feathers, she will draw on her system, impoverishing the blood, nerves and muscles. This prolongs the moult and leaves the hen in such poor condition that she may not lay until Spring. Feathers are largely protein. Begin now to feed

Purina Chicken Chowder

—high in feather and egg elements—

A scientific, high-protein feed, balanced to be fed in equal weight with Purina Scratch Feed. These two together form the perfect ration for moulting and laying hens. Purina Chicken Chowder is not a tonic, but a pure feed containing granulated meat, alfalfa flour, wheat bran, wheat middlings, linseed meal, etc.—high protein concentrates.

More Egg-money This Winter

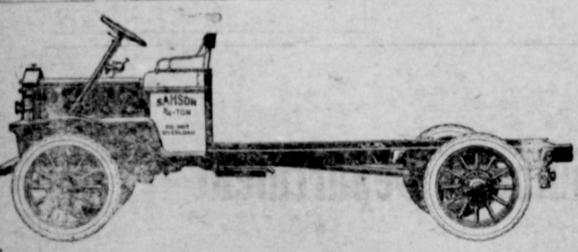

Purina Chicken Chowder fed now means a plentiful crop this winter. Their extra egg cost will come back many times over in extra eggs.
